3 and process by which to negotiate lower price for construction work when all bids received
4 exceed the maximum budgeted amount; establishing ability to make negotiated award to
5 lowest responsive and responsible bidder when there are multiple bidders; and setting

ARTICLE 22. GOVERNMENT CONSTRUCTION CONTRACTS.

§5-22-4. Negotiation when all bids exceed budgeted amount.

1 (a) The state and its subdivisions may establish a maximum budgeted amount available

8 and responsible bidder, that entity may negotiate the price for a noncompetitive award or the
9 specifications for a noncompetitive award based solely on the original purpose of the solicitation.

10 (2) If there is more than one bidder, the contracting public entity may negotiate with the
11 lowest bidder, determined in writing to be responsive and responsible, based on criteria contained
12 in the bid solicitation.

13 (b) The provisions of this section expire and shall have no force and effect after December
14 31, 2028.
