## INTRODUCTION

This issue of the "Hand Book" presents a complete revision of the "Official Register Division," devoted to counties, districts and municipalities, with additional matter covering the assessment of public utilities for 1922 and 1923 and the assessed valuation of all property in West Virginia, by counties, for the same years.

The Judicial, Legislative, Political and Miscellaneous divisions have also been thoroughly revised and contain much new matter of general interest.

From an historical standpoint the most attractive feature of the book is its "Military History Division," covering over two hundred pages, prepared from the official World War records of the Federal and State governments by Boyd B. Stutler, late Regimental Personnel Sergeant of the 314th Field Artillery. Mr. Stutler is an overseas veteran and was specially selected for the work assigned him because of his newspaper and military experience. The "Military History Division" represents months of arduous labor, and the author's comrades in the war, and the relatives and friends of many who made the "last sacrifice" will greatly appreciate the painstaking care that is evident in every line of his work.

JOHN T. HARRIS.

Charleston, October 1, 1923.

## COMPARATIVE TABLE OF OLD AND NEW AREAS OF WEST VIRGINIA COUNTIES

[NOTE—In former issues of the Hand Book the land area, in 1910, of West Virginia Counties, was shown by figures furnished by the United States Government. The work of our State Geological Survey, in co-operation with the United States Geological Survey, has disclosed many discrepancies, as shown in the table below. The first column is the old figures; the second column the Survey's figures.]

## STATE LAW LIBRARY

## J. A. JACKSON, State Law Librarian

The West Virginia state library, consisting of law books and legal periodicals only, is situated on the second floor of the capitol annex.

The library is in charge of the state librarian, appointed by the Supreme Court.

The books of the library consist of text books purchased, and reports of other states as well as many foreign countries, all except text books coming in by exchange for West Virginia reports provided for by the state librarian, as consecutive volumes of the reports of West Virginia and elsewhere are published.

The state librarian, from West Virginia reports furnished him by the secretary of state, supplies all judges of courts, state officers and some of the other law libraries of the state, each a copy of these reports.

The law governing the state librarian provides that the library shall be open to the judges of the supreme court and the clerks, judges of the United States and circuit courts, state officers, and members and officers of the legislature during the session of that body.

It is also provided that no other person shall be permitted to remove any book or paper from the place where the library is kept.

The law further provides that no book or paper shall be taken from the library until the person authorized to take the same shall sign a receipt therefor in a book to be kept by the state librarian for that purpose.

A provision is also made, that "other persons than those prescribed above may be permitted to use the said library at the place where it is kept."

**RULES OF PRACTICE  
IN THE SUPREME COURT OF APPEALS OF WEST VIRGINIA.**

**In Effect September 1, 1923**

**PRELIMINARY—Bills of Exceptions**

1. **Office and Contents.** It is the office of a bill of exceptions to point out errors committed by the court during the progress of the trial. The bill or bills should contain only a concise statement of the facts necessary to present the points intended to be relied on as grounds of error, or only so much of the evidence as may appear necessary to present fairly the rulings of the court to which exceptions are taken. No bill of exceptions should contain matter irrelevant or unnecessary to the presentation of the question intended to be raised.

2. **Points Must be Clearly Stated.** It is the duty of the exceptor to see that the points and objections on which he relies are correctly and clearly stated, so as to show plainly that an erroneous ruling was made to his prejudice, and he should not leave that fact to appear merely by inference or conjecture.

3. **Rulings on Evidence or Instruction.** An exception to the admission or rejection of evidence or to the granting or refusal of instructions to the jury, should state only so much of the evidence or facts proven as may be necessary to show the relevancy or irrelevancy of such evidence or the pertinency or impertinency of such instruction. The judge of the trial court should require all unnecessary matter to be stricken out before signing a bill of exceptions.

**RULE 1—Petitions**

1. **Must Assign Errors—Not Argue the Case.** A petition for an appeal or writ of error may briefly state the case and must assign errors, naming the particular decrees or judgments complained of and the date of their rendition, and in the prayer of the petition it should be stated whether or no a supersedeas is desired; but the case is not to be argued in the petition. A separate note of argument, setting forth the points and authorities relied on, shall be submitted with the petition, and will be considered by the court, but such note is not to be considered as a part of the petition or to be printed with it. A note of argument may be filed in opposition to such petition.

2. **Certificate of Counsel.** The petition must be accompanied by the certificate of some attorney duly qualified to practice in this court that in his opinion the decree or judgment complained of ought to be reviewed.

3. **Names of Parties to be Summoned.** It is also recommended to counsel presenting petitions, that they furnish to the clerk a memorandum of the names of parties to be summoned to answer the appeal or writ of error.

4. **Status of Question or Questions Certified.** No question or questions shall be certified under the provisions of section one of chapter one hundred and thirty-five of the Code, as amended by chapter sixty-nine of the Acts of the Legislature of 1915, until after decision thereof by the trial court, and such decision shall be certified with the question or questions.

5. **Form of Certificate for Cases Certified.** The certificate of all questions arising upon the sufficiency of summons or return of service, or as to the sufficiency of a pleading, certified pursuant to section one of chapter one hundred and thirty-five of the Code, as amended by chapter sixty-nine of the Acts of the Legislature of 1915, shall be in form or effect following:

In the Circuit Court of \_\_\_\_\_ County: A. B. v. C. D. In assumpsit (Debt, etc., or In Equity, as the case may be).

To the Supreme Court of Appeals of West Virginia:

The Circuit Court of said County, of its own motion (or on the joint application of the parties to said suit, as the fact may be) hereby certifies to the said Supreme Court of Appeals, that on the summons (return thereon, or on the declaration, plea, bill, answer, or other pleading, as the case may be) of the plaintiff \_\_\_\_\_ (or the defendant \_\_\_\_\_, as the case may be) the following points of law or fact, have been made: (Here set forth by number the several grounds of any motion to quash, correct, amend, strike out, exclude, or grounds of demurrer, etc., that may have been interposed to such summons, return or pleading.)

A certified copy of said summons (return, or pleadings, as the case may be, or so much thereof as may be necessary to present the point made against it), and of the affidavits, documents, etc., filed in support thereof (if any), on which the judgment of your honors is desired, together with a copy of the court's decision upon such question or questions is (or, are) herewith presented.

Given under my hand this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.

\_\_\_\_\_  
Judge of the Circuit Court

**RULE II—Docketing and Process**

1. **Notice to Court Below and Summons.** When an appeal or writ of error has been awarded, it shall be the duty of the clerk to notify the clerk of the court below of the fact of such allowance and of the penalty of the bond necessary to give effect to such appeal or writ of error when such bond is required, and the clerk of this court shall thereupon docket the case and issue process in accordance with the order of the court, summoning all parties other than the petitioner or petitioners.

2. **Non-resident Parties.** Whenever it is necessary that a non-resident party should be summoned to answer an appeal or writ of error, or have notice for any other purpose, order of publication may be had in the manner prescribed by law, which order shall be published once a week for four successive weeks in some newspaper published at the seat of government.

**RULE III—Printing the Record**

1. **Dismissal for Failure to Print.** If the appellant or plaintiff in error, except in cases of felony, shall fail to deposit with the clerk of this court within six months after the case has been docketed herein, a sum sufficient to pay for printing the transcript of the record, or shall fail to have the transcript of the record printed and eighteen copies thereof filed in the clerk's office within six months after the case has been docketed in this court, the appeal or writ of error shall be dismissed.

2. **How Procured.** To procure such dismissal, the appellee or defendant in error must serve upon the opposite party, within reasonable time, a written notice that he will, on a day specified, move the court to dismiss the case, and set forth in such notice the grounds of the said motion. The motion may be made on any day when the court is open whether in regular or special term.

3. **Costs.** But if, when the motion is made the record has been already printed or the cost of such printing deposited with the clerk and no actual delay in the hearing of the cause has resulted from the failure to print the record or make such deposit within the six months allowed by law, the dismissal will be without costs, otherwise costs will be awarded against the party in default.

4. **Renewal.** An appeal or writ of error dismissed in accordance with this rule may be renewed upon presenting a new petition reciting the fact of the former petition and allowance and dismissal and referring to the assignments of error contained in the former petition, if the same be presented within one year from the date of the decree or judgment appealed from, and new process will be ordered and a new bond must be given.

**RULE IV—Argument Docket**

1. **How Arranged.** Sixty days before the first day of each regular term, or of any special term at which an argument docket may be ordered, the clerk shall prepare a list of the cases then ready and matured, and distribute the printed lists to counsel of record in each case.

2. **Docketing of Cases Certified.** At the time of preparing the docket of any regular or of any special term, the clerk shall also make a docket of all cases certified for decision pursuant to section one, of chapter one hundred and thirty-five of the Code, as amended by chapter sixty-nine of the Acts of the Legislature of 1915, which shall be given precedence over all other cases, and next after cases upon original jurisdiction begun in the Supreme Court of Appeals.

3. **Agreement to Docket for Hearing.** By written agreement of counsel and consent of the Court, or, in vacation, of the president thereof, cases may be placed upon the argument docket for any regular or special term after the docket therefor has been prepared and distributed.

4. **Copy of Bond.** No case in which an appeal or supersedeas bond is required shall be placed upon the argument docket until the clerk shall have received a duly attested copy of such bond.

5. **Appellee May Expedite Hearing.** An appellee or defendant in error desiring to expedite the hearing of his case may have the record printed at his own expense and the cost of such printing will, when the case is decided be taxed among the costs incurred by such appellee or defendant in error, provided the appellant or plaintiff in error does not dismiss his appeal before hearing.

6. **Felony Cases.** When a writ of error has been allowed in the case of a party convicted of a felony, the clerk shall cause the record to be printed with all convenient dispatch, and the case will be called for hearing at the next regular term of court, wherever it may be held, without notice or consent being required, provided the record has been printed sixty days before the hearing.

7. **Cases Certified.** The record of cases certified for decision pursuant to section one of chapter one hundred and thirty-five of the Code, need not be printed, unless by order of the court; and without further notice the cases will be called for hearing at the next regular or special term for which they are docketed pursuant to section two hereof.

8. **Postponement of Docket.** The court will postpone, on its own motion, any docket or portion thereof to a day or days later in the term than that or those for which it has been set for hearing, or to a later term, regular or special, whenever, in its opinion, the public interests require such action; and, in such case, the clerk will give notice of the postponement to the attorneys of record of all parties interested.

## RULE V—Briefs

1. **Time of Filing.** In any case on appeal or writ of error, the counsel for the appellant or plaintiff in error at least thirty days, and counsel for the appellee or defendant in error, at least ten days, before a case is called for hearing shall file with the clerk of this Court not less than fifteen copies of a printed brief, one of which copies shall upon request, be furnished to each of the counsel engaged upon the opposite side. Each brief shall show the name or names of the persons on whose behalf it is filed. All reply and supplemental briefs, shall be filed at least five days before a case is called for hearing, and no brief shall be filed later unless by consent of counsel. It is also desired by the court that counsel upon each side will furnish promptly to counsel on the opposing side their respective briefs as soon as printed, but their doing so will not obviate the requirement of this rule as to filing copies in the office of the clerk, and it is recommended that the printed brief shall correspond in size of page with the printed record, and bear the same docket number.

2. **Form and Contents of Appellant's Brief.** The brief of appellant shall contain a short and clear statement disclosing:

First—The kind of action or suit, and a closely condensed statement, without argument or quotation of evidence, of all facts necessary to determination of the points in controversy.

Second—What the issues were and how raised.

Third—How the issues were decided and what the judgment or decree was.

Fourth—The errors relied upon for reversal.

Fifth—A concise statement of so much of the record as fully presents every error and exception relied on, referring to the pages of the record. If the insufficiency of the evidence to sustain the verdict or finding, in fact or law, is assigned, the statement shall contain a condensed recital of the evidence in narrative form so as to present the substance clearly and concisely. The statement will be taken to be accurate and sufficient for a full understanding of the questions presented for decision, unless the opposite party in his brief shall make the necessary corrections or additions.

Following this statement, the brief shall contain, under a separate heading of each error relied on, separately numbered propositions or points, stated concisely, and without argument or elaboration, together with the authorities relied on in support of them; and in citing cases, the names of the parties must be given, with the book and page where reported. No alleged error or point, not contained in this statement of points, shall be raised afterwards, either by reply brief, or in oral or printed argument, or on petition for rehearing, but the court, at its option, may notice a plain error not assigned or specified.

3. **Form and Contents of Appellee's Brief.** The brief of appellee on the assignment of errors shall point out any omissions or inaccuracies in appellant's statement of the record and shall contain, a short and clear statement of the propositions by which counsel seek to meet the alleged errors and sustain the judgment or decree, or by which such errors are obviated. Following this statement, the brief shall contain the points and authorities relied on in like manner as required in the appellant's brief. The brief of appellee on cross-errors shall be prepared in the manner required in the case of appellant's brief. The brief of appellant, in answer to the cross-assignment of errors, shall be prepared in the manner required of appellees in answer to the assignment of errors. Reply briefs shall be prepared in like manner to answer briefs.

4. **Argument.** The briefs of any party may be followed by an argument in support of such briefs which shall be distinct therefrom, but shall be bound with the same. The argument shall be confined to discussion and elaboration of the points contained in the briefs. The names of counsel shall be affixed to all briefs filed by them.

5. **Non-Compliance—Effect of.** The court on its own motion may refuse to allow submission of any case until the briefs of the party demanding it, complying with this rule in respect to form and contents, shall have been filed, and may also strike out on submission, briefs not complying therewith.

6. **Control of Case.** Either party whose brief has been filed in compliance with the rule may insist upon a hearing when the case is regularly called although no brief shall have been filed by the opposite party, and when one party has complied with the rule and the other has not, the party complying with the rule may have the case either submitted or continued at his option. If one of the parties omits to file such brief at or before the hearing, he cannot be heard, but the case may be submitted or heard *ex parte* upon the argument of one counsel only for the party by whom the brief has been duly filed.

7. **Continuance for Non-Compliance—No Briefs After Submission.** If no printed brief has been filed by either party within the time prescribed by this rule, the case will be continued when called, unless both parties are present in court, by counsel, with their respective briefs, and consent to submit the case with or without oral argument, or file an agreement in writing to submit, but in no case can briefs be filed after the case is submitted.

8. **Submission in Absence of Counsel.** It is not always necessary for counsel to appear in court in person in order to have a case submitted for judgment by the court; when the party desiring the submission of a case has filed his brief in compliance with the rule, he may by written request addressed to the court or to the clerk have his case submitted when called.

9. **Cases Certified—Motions to Dismiss, etc.—How Submitted.** All cases certified for decision pursuant to the last paragraph of section one of chapter one hundred and thirty-five of the Code, as amended by chapter sixty-nine of the Acts of the Legislature of 1915, shall be submitted on typewritten or printed briefs, or arguments,

filed in the clerk's office at least five days before the case is set for hearing, and on oral argument, if desired by counsel or required by the Court. And this rule as to briefs and oral arguments shall apply to all motions to dismiss, affirm, modify or reverse, made pursuant to section twenty-six of said chapter one hundred and thirty-five of the Code, as amended by said chapter sixty-nine of the Acts of the Legislature of 1915.

#### RULE VI—Calling the Docket

1. **When Commenced.** On the second day of each regular term the court will commence to call the cases then ready for hearing in the order in which they stand upon the printed list, and will proceed from day to day in the same order until all of the cases have been called.

2. **How Many Cases to be Called.** Not more than ten cases shall be considered liable to be called on any one day, including the one, if any, that may be under argument. No case shall be taken up out of the order of the docket except when briefs have been filed on both sides and the parties consent to submit the case without oral argument.

3. **Set for Hearing.** No case shall be set for hearing on any other day than those assigned to the circuit from which the case comes unless it be such as from its peculiar character or the mandate of the law may be regarded as a privileged case.

4. **Exceptional Cases.** Cases of general public interest or of peculiar hardship may be heard at a special term according to the provisions of section 13 of chapter 156, Acts of 1882, under such conditions and regulations as may be consented to by the parties or as the court may prescribe.

5. **Agreement of Counsel.** All agreements of counsel in regard to any case or matter pending in court shall be reduced to writing, signed by counsel and delivered to the clerk.

6. **Re-argument.** Whenever the court desires further argument in any case which has been argued and submitted, it will fix a day therefor, and cause notice of the time and place, as well as of the subject or branch of the case, on which argument is desired to be given to counsel.

#### RULE VII—Certiorari

1. **How Obtained.** No certiorari for diminution of the record shall be awarded unless a motion therefor shall be made in writing, stating the facts on which the motion is founded, and all motions for such certiorari should be made at the earliest period possible after the diminution is discovered, either in regular or special term.

2. **When to be Printed.** If the necessity for such certiorari is caused by the failure of the appellant or plaintiff in error to have enough of the record brought up to present fairly both sides of all errors complained of by him, it shall be his duty to have the additional record printed, or in default thereof, his appeal or writ of error may be dismissed; otherwise such additional record shall be printed at the expense of the party asking for the certiorari, but when, in either case, the additional record brought up does not exceed ten pages of manuscript, it need not be printed unless so ordered by the court.

#### RULE VIII—Motions and Affidavits

1. **Must be in Writing.** All motions, except motions of course, made to the court, shall be reduced to writing and shall contain a brief statement of the facts and objects of the motion. A motion to dismiss, affirm, modify or reverse, made pursuant to section 26 of chapter one hundred and thirty-five of the code, as amended by chapter sixty-nine of the Acts of the Legislature of 1915, shall state the points on which it is based, and notice thereof stating such grounds shall be served on the opposite party or parties and returned to the clerk's office at least thirty days before the day to which the notice is returnable.

2. **Notice to be Given.** No affidavit shall be read in support of or in opposition to any motion hereafter made to the court unless reasonable notice be given to the opposite party or his attorney of the time and place of taking the same, or good cause be shown why such notice has not been given and every motion, which is not a motion of course, shall be supported by affidavit.

#### RULE IX—Oral Argument

1. **How Many May be Heard.** Only two counsel shall be heard on each side in the argument of any case unless by special leave of court, and the counsel for the appellant or the plaintiff in error shall be entitled to open and conclude the argument.

2. **Time Allowed.** Forty-five minutes only shall be allowed to the appellant or plaintiff in error for the opening and conclusion, and thirty minutes to the appellee or defendant in error for his reply, but by special leave of the court granted before the argument begins, a longer time may be allowed to each side. The time allowed may be apportioned between the counsel on the same side at their discretion. But in all cases a fair opening of the case shall be made by the party entitled to the opening and concluding arguments.

3. **Who to be Deemed Counsel.** The attorneys of the respective parties in the court below shall be deemed to be the attorneys of the same parties in this court until others have been retained and have notified the clerk of this court of that fact.

4. **Record.** In no case is it proper or necessary to consume the time allowed for argument by reading the record to the court, but counsel may refer thereto and state what they consider as proven by any exhibit or deposition on which they rely.

5. **Commissioner's Report.** No oral argument will be permitted upon exceptions to a commissioner's report except upon pure questions of law and without reference to details of evidence.

#### RULE X--Cross Assignment of Error

1. **When to be Considered.** In any appeal or writ of error, if error is perceived against the appellee or defendant in error, the court will consider the whole record as being before it, and will reverse the proceedings, either in whole or in part, and in the same manner as it would were the appellee or defendant in error to assign errors and bring the case before the court, unless such error be waived by the party prejudiced thereby, which waiver shall be considered as a release of all error committed against him. It is, however, advisable for the appellee or defendant in error, if he is of opinion that there is error in the record to his prejudice, to call attention to the same by a formal counter-assignment of error filed at the hearing of the case, or by pointing out and complaining of the same in his brief.

#### RULE XI--Abandoned Cases

1. **When to be Dismissed.** When a case has been called for argument at four successive regular terms, and upon the call at the fourth term neither party is prepared to argue the same, the case shall be considered as abandoned and shall be dismissed at the costs of the appellant or plaintiff in error unless sufficient cause be shown for further continuance.

2. **Reinstatement.** No appeal or writ of error which shall have been dismissed or abated by the court, shall be reinstated or revived after the close of the next regular term after such dismissal or abatement.

#### RULE XII--Rehearing

1. **How Obtained.** All petitions for rehearing must be filed not later than thirty days from the date of the decision complained of therein, and no petition for a rehearing will be entertained by the court in any case unless the reasons therefor are printed and filed with the petition. No oral arguments will be permitted upon any application for a rehearing. When a rehearing is allowed, the court may fix the time for re-argument and re-submission, notice of which shall be given by the clerk to the attorneys of record, but, in case it fails to fix such time the clerk shall enter the case upon the docket as if it had never been heard.

#### RULE XIII--Index to Records

1. **Must be Indexed.** In making transcripts of records for appeal and writs of error, the clerks of any court making such transcript, shall annex thereto, a complete index, giving pages of the record on which its chief component parts are to be found, including the pages where the deposition of each witness appears in such record.

#### RULE XIV--Officers of Court

1. **Accounts.** The officers attending this court and receiving an allowance per diem therefor, shall, at the end of each term, furnish an account of the number of days so employed, verifying their accounts by affidavit, and orders of allowance will then be made by the court and certified to the Auditor of State, but such accounts will not be considered or allowed before the close of the term.

#### RULE XV--Reports

1. **Arguments to be Omitted.** In publishing the opinions of this court, the reporter shall not publish the arguments of counsel, but he shall report the names of counsel on each side, and when the counsel on the side adverse to the decision of the court shall furnish to him the points and authorities relied on, clearly and briefly stated, he may publish in the report such points and authorities; but in no case shall such points and authorities occupy more than one page of the printed report unless express authority therefor be given by the court.

#### RULE XVI--Original Papers

1. **Not to be Withdrawn.** No transcript of record, petition or other original paper or opinion of the court, shall be withdrawn from the custody of the clerk of this court unless upon motion made in court for this purpose and upon order of court permitting such withdrawal, except as provided in section 10, chapter 157, Acts of 1882.

## STATUTE, ORDERS AND RULES RELATING TO ADMISSION TO PRACTICE LAW.

### I—STATUTES

(West Virginia Code, Chapter 119, Sections 1 and 2)

1. Any person desiring to obtain a license to practice law in the courts of the State must appear before the county court of the county in which he has resided for the last preceding year and prove to the satisfaction of such court that he is a person of good moral character, that he is twenty-one years of age, that he has resided in such county for one year next preceding the date of his appearance; and upon such proof being made, the court shall make and enter an order on its record accordingly. The supreme court of appeals shall prescribe and publish rules and regulations for the examination of all applicants for admission to practice law, which shall include the period of study and degree of preparation required of applicants previous to being admitted, as well as to the method of examination, whether by the court or otherwise. And the supreme court of appeals may upon the production of a duly certified copy of the order of the county court, hereinbefore mentioned, and upon being satisfied that the applicant has shown upon an examination, conducted in accordance with such rules and regulations, that he is qualified to practice law in the courts of this State, and upon being further satisfied that such rules and regulations have been complied with in all respects, grant such applicant a license to practice law in the courts of this State, and such license shall show upon its face that all the provisions of this section and of the said rules have been complied with: provided, that any person who shall produce a duly certified copy of such order of any county court of this State, and also a diploma of graduation from the law school of the West Virginia University, shall upon presentation thereof in any of the courts of this State be entitled to practice in any and all courts of this State, and the order so admitting him shall state the facts pertaining to the same. Every applicant for the examination required by this section shall pay a fee of five dollars, to be applied to the payment of the costs and charges of conducting said examination. (Acts 1901, c. 62.)

2. Any person duly authorized and practicing as counsellor or attorney at law in any state or territory of the United States, or in the District of Columbia, may practice as such in the courts of this State, as a visiting attorney upon producing before the courts in which he intends to practice satisfactory evidence of his being so authorized. But this section shall not be construed as allowing such counsellor or attorney to practice law in this State, as a resident counsellor or attorney on a license granted by another state, or territory, or by the District of Columbia. A counsellor or attorney at law licensed to practice as such under the laws of another state, territory or the District of Columbia, who shall desire to practice law in this State as a resident counsellor or attorney therein shall, before attempting to practice law in this State, after he becomes a resident thereof, submit to the same examination and be licensed and admitted under the same rules and regulations including proof of good character, as are now required of persons seeking to be licensed under the laws of this State. But nothing in this act contained shall be construed as affecting the rights or status of lawyers admitted to practice in this State, at or before the time this act takes effect. (Acts 1915, c. 82.)

### II—ORDER OF COURT

The following order was made and entered by the Supreme Court of Appeals, on February 16, 1920\*:

Until otherwise provided, it is ordered, under Chapter 119, section 1, of the Code, as follows:

1. Persons hereafter applying for license to practice law in this State under the provisions of section 1 of chapter 119 of the Code must satisfy the following requirements as to period of study and degree of preparation,

(A). A preliminary academic education equivalent to that required for graduation from a high school of the first class in West Virginia, which may be evidenced by a diploma of graduation from such a high school or by a certificate showing equivalent credits from any other school whose credits would be accepted for admission to West Virginia University, or by passing an examination on equivalent subjects. (See pages 7 to 11.)

\*This order makes no substantial change in the requirements as to period of law study and degree of academic preparation fixed by the Court in its order of May 6, 1915,

†"High Schools of the first class" are those so classified by the Department of Free Schools and include "high schools offering courses of study covering four years of not less than thirty-six weeks each," etc. See Acts 1914, chap. 2, sec. 82.

(B). Three years of diligent law study as a student in the office of, and under the direction of, a member of the bar of this State (or another state), or as a resident student in an approved law school, evidenced by a certificate to the State Board of Law Examiners by the attorney under whom, or the head of the law school at which, such study was pursued, showing in detail the work done. In interpreting the above requirement, not less than ten months, exclusive of vacations, shall constitute one year of office study, and not less than eight months, exclusive of vacations, shall constitute one year of law school study. (See page 11.)

2. The following members of the Bar of the State shall be constituted the State Board of Law Examiners namely, \*Henry Craig Jones, John O. Henson, Robert S. Spilman, Joseph M. Sanders, and James W. Ewing. They may select a competent Secretary from their own number or from the outside.

The said Board shall have power to make all needful rules and regulations for the conduct of the examination and shall make such examination equivalent in scope to that required for graduation from law schools which are members of the Association of American Law Schools. The Board shall issue a written certificate to each person who passes such examination.

### III—GENERAL INFORMATION

#### 4. Effect of Three Successive Failures.

No applicant who passes only one Group shall be allowed to retain his credit for the Group passed unless he pass the other Group not later than the third examination held thereafter.

Any candidate who fails on both Groups in three examinations will not be permitted to take a further examination until he shall have filed with the Secretary of the Board an additional, detailed certificate of law study showing that since his last examination he has diligently pursued the study of law for a period of not less than eight calendar months if a resident student in an approved law school or ten months if a student in the office of and under the supervision of a member of the bar.

#### 5. Academic Preparation Required Preliminary to Law Study.

For the information of persons who desire to study law and are not graduates of high schools of the first class, or do not have equivalent credits from other accredited schools, the following statement has been prepared with the assistance of the State Supervisor of High Schools.

\*On July 20, 1921, J. W. Vandervort was appointed to succeed Henry Craig Jones, resigned.

The order of the Supreme Court of Appeals (see page 4) requires that all persons who study law shall have graduated from a high school of the first class (four-year course) before commencing law study or shall show the academic equivalent of such graduation either by credits from recognized schools or by examination.

A high school of the first class in West Virginia must require at least 10 units covering four years of high school study for graduation. A unit in any subject represents the amount of work that is done in a standard high school in a year of 36 weeks with 5 recitation periods of 45 minutes each per week. In courses requiring laboratory work from two to three hours of laboratory work is the equivalent of one hour of recitation, according to the amount of outside preparation required in connection with such work.

Sixteen units must be offered to satisfy the requirement of the order of the Supreme Court of Appeals. Four and one-half of these units are prescribed; the remaining eleven and one-half may be selected by the candidate from a total of forty-three and one-half elective units. The required and elective units are as follows:

The work contemplated in each subject should be of the same nature, character and thoroughness as that carried on in standard high schools in West Virginia. More definite information as to the subject matter which should be mastered in each course may be secured upon inquiry at any standard high school. Satisfactory work in science, particularly in Physics, Chemistry and Biology, cannot be done without laboratory facilities.

If the candidate is a graduate of a high school of the first class before commencing the study of law his diploma will be accepted as sufficient evidence of compliance with the order of the Supreme Court of Appeals. If the candidate is not a graduate of a high school of the first class, but has graduated from or has attended a high school

of the second or third class or some other high school, preparatory school, normal school, or college, evidence of the work completed should be certified to the State Board of Law Examiners before the study of law is commenced on blanks furnished by the Secretary of the Board on request. Upon submitting such certificate the candidate will be promptly informed whether his academic preparation is sufficient, and, if not, in what respects and to what extent it is deficient.

The order of the Supreme Court of Appeals contemplates that the academic preparation be completed before the study of law is commenced. The academic preparation must be completed first in order to comply with the requirement of the order that it be a "preliminary academic education."

The names of text-books now in use in any high school and other information as to high school requirements may be obtained from the Department of Free Schools, Charleston.

The assistance of a competent tutor is recommended for those who make private preparation looking to the taking of examinations on academic subjects. More can be accomplished with such assistance than by unaided private effort, which may be in some instances misdirected. Persons with experience as teachers in classified high schools are best qualified to render such assistance. Approval by the Board of the person selected as tutor is desirable.

If a special examination is necessary to show the academic equivalent of high-school graduation, it should be taken, if possible, before law study is commenced and must, in any event, be taken prior to admission to the law examination and before an examiner designated by the Board. Such examination before any person not previously designated by the Board to examine the particular applicant concerned will not be recognized.

Certification of academic credit should be made on blanks supplied by the Secretary of the Board of Law Examiners.

#### 6. Character and Period of Law Study.

Credit will be given only for study carried on as a resident student in an approved law school or as a student in the office of and under the supervision of a member of the bar. No credit will be given for law study carried on by correspondence, or privately outside of a law office, or when merely supervised by a member of the bar while the applicant is engaged in outside occupation.

Certificates from lawyers who have directed the study of applicants in their offices must show in detail the character, nature, and extent of the instruction given. Blanks for this purpose are supplied by the Secretary of the Board. Full time credit will not be given for office study if joined with outside activities.

Law office and law school study may be added to make the required time.

#### 7. License to Practice.

A certificate is issued by the examiners to each person who successfully passes the entire examination. This certificate when delivered to William B. Mathews, Clerk of the Supreme Court of Appeals, Charleston, W. Va., together with a certified copy of the order of the County Court, provided for in ch. 119, s. 1 of the Code (see page 3) and payment of a fee of \$2.50, entitles the applicant to a license, engrossed on parchment, to practice law in the courts of West Virginia. If parchment is not desired no fee is charged. It is not necessary to appear in person before the Supreme Court of Appeals in order to have such law license issued, but it is necessary in order to be admitted to practice in any particular court that the applicant appear and take the prescribed oath.

#### 8. Application for Admission to Bar Examination.

Application for admission to the bar examination should be made on a blank prescribed by the Board for that purpose and filed with the Secretary of the Board at least two weeks before the date of the examination which the candidate desires to take.

#### 9. Certificates of Academic Preparation and Law Study.

Certificates showing the required preliminary academic education and the three years of required law study shall accompany or precede the application for admission to the examination. The preliminary academic preparation may be evidenced by a certificate executed by the principal of the high school of the first class from which the applicant graduated, stating the fact and date of graduation or by a duly executed certificate showing graduation from an institution of higher rank. If the candidate is not a graduate of a high school of the first class or of an institution of higher rank, his preliminary academic education should be certified on a form prescribed by the Board which may be obtained upon application to the Secretary. (See pages 10 and 11.)

Study in the office of and under the supervision of a member of the bar must be certified to by the lawyer under whom such study was pursued, using a blank prescribed by the Board for that purpose, which may be secured upon application to the Secretary of the Board.

Study as a resident student in an approved law school must be certified to by the dean or secretary of such school, stating the number of calendar months the candidate was in actual attendance, whether the candidate was regularly graduated from such school and the average number of hours of class-room instruction per week carried by the candidate during the period he was in residence.

Each certificate should be mailed direct to the Secretary of the Board by the person executing such certificate. Diplomas should not be mailed to the Secretary and need not be presented. Certificates are preserved in the files of the Board.

**10. Law Degree from West Virginia University Admits to Bar.**

Any person who received the degree of Bachelor of Laws from West Virginia University is admitted to the bar without examination under ch. 119, s. 1 of the West Virginia Code. (See page 3.) The holder of such a degree may present himself with his diploma and the certificate of the County Court, provided for in ch. 119, s. 1 (see page 3) to any Circuit Court in the State, and on motion will be admitted to practice law in that court. It is not necessary to present his credentials to the Supreme Court of Appeals in order to be permitted to practice in the Circuit Courts of West Virginia.

**11. Requirements for Admission of Persons Licensed to Practice in other States.**

Any person duly licensed to practice in another State or in the District of Columbia and who desires to be licensed as a resident practitioner in West Virginia must first establish a residence in the State, but such residence need not have been maintained for any definite period preceding an application for admission to the bar examination. After such residence has been established, admission to the next regular bar examination may be secured upon filing with the Secretary of the Board the regular, written application for admission to the bar examination, using the form specified by the Board, accompanied by a duly certified copy of such applicant's license to practice in another jurisdiction. Such applicant is not required to satisfy the preliminary, academic and law study requirements specified in the order of the Supreme Court of Appeals, printed on page 4, but he must give the information relating to his previous academic preparation and law study called for in the application blank.

## THE STATE LEGISLATURE.

Under the constitution of West Virginia the legislative power is vested in a Senate and House of Delegates. The term of a member of the Senate is four years and of a member of the House of Delegates two years, their terms commencing the first day of December succeeding their election on the Tuesday after the first Monday in November.

The State is divided into fifteen senatorial districts, and the Senate is composed of thirty members, or two from each district, one-half of whom are elected at each biennial election for a term of four years.

The House of Delegates is composed of ninety-four members, who are elected biennially. Each county has its representative. There are no delegate districts. Under the act of the legislature passed on the 15th day of February, 1915, the following re-apportionment of members of the house was made:

To the counties of Barbour, Boone, Brooke, Calhoun, Clay, Doddridge, Gilmer, Grant, Hampshire, Hancock, Hardy, Jefferson, Lewis, Lincoln, Logan, Mineral, Mingo, Monroe, Morgan, Nicholas, Pendleton, Pleasants, Pocahontas, Putnam, Ritchie, Summers, Taylor, Tucker, Tyler, Upshur, Webster, Wirt and Wyoming, one delegate each.

To the counties of Berkeley, Braxton, Greenbrier, Jackson, Marshall, Mason, Monongalia, Preston, Raleigh, Randolph, Roane, Wayne and Wetzell, two delegates each.

To the counties of Marion, Mercer and Wood, three delegates each.

To the counties of Cabell, Fayette, Harrison, McDowell and Ohio, four delegates each.

To the county of Kanawha, six delegates.

The legislature convenes in regular session, at Charleston, on the second Wednesday in January in the odd numbered years. This is a constitutional provision. Under the amendment of Section 22 of Article VI of the Constitution, ratified by the people at the general election of November, 1920, it is provided: "All sessions of the legislature, other than extraordinary sessions, shall continue for a period of not exceeding fifteen days from date of convening, during which time no bills shall be passed or rejected, unless the same shall be necessary to provide for a public emergency, shall be especially recommended by the governor and passed by a vote of four-fifths of the members elected to each house; whereupon a recess of both houses must be taken until the Wednesday after the second Monday of March following. On reassembling of the legislature no bill shall be introduced in either house without a vote of three-fourths of all the members elected to each house taken by yeas and nays. The regular session shall not continue longer than forty-five days after re-convening, without the concurrence of two-thirds of the members elected to each house."

Since 1872, and up to the time the present legislature was chosen, the compensation of members was four dollars per day during the session (Sundays included), with mileage at the rate of ten cents per mile, and the presiding officers of the two houses each received two dollars per day additional. Section 33 of Article VI of the Constitution was also

amended at the general election of 1920 and now reads as follows: "The members of the legislature shall each receive for his services the sum of five hundred dollars per annum and ten cents for each mile traveled in going to and returning from the seat of government by the most direct route. The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of two dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided, shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatever."

At the opening of each regular session the Senate proceeds to the election of a President, Clerk, Sergeant-at-Arms and Doorkeeper; the House of Delegates to the election of a Speaker, Clerk, Sergeant-at-Arms and Doorkeeper. The compensation of all the officials, other than that of the presiding officers, is fixed by the legislature.

#### RECENT LEGISLATIVE HISTORY.

Pursuant to the provision of the Constitution the legislature assembled in biennial session, in the city of Charleston, on Wednesday, the 10th day of January, 1923. The Senate met in the circuit court room and the House of Delegates in the intermediary court room, at the court house of Kanawha County.

An organization of the two houses was promptly effected and the work of the session actively entered into. A few bills of an emergency nature—communicated by the governor—were considered and enacted into law. During the initial, or fifteen-day session, 1,066 bills were introduced in the two houses. Of this number, 428 were introduced in the Senate and 638 in the House of Delegates, all of them except the emergency measures to be considered at the adjourned session. Most of the bills were ordered to be printed by the clerks of the two houses during the period between the initial and adjourned sessions.

On January 24th—at the expiration of fifteen days—the Legislature took a recess until Wednesday, March 14th, 1923.

At the end of the constitutional recess period—that is to say, on the 14th day of March—the Legislature re-assembled, the Senate occupying the council chamber on the third floor of the Charleston city building, and the House of Delegates the intermediary court room in the Kanawha County court house. The two bodies continued their work for the constitutional period of forty-five days, passing 146 bills. That period expired on Friday, April 27th, without the enactment of the budget or general appropriation bill; whereupon Governor Ephraim F. Morgan sent the following proclamation to the Legislature:

United States of America  
State of West Virginia  
Executive Department

A PROCLAMATION  
(By the Governor)

Whereas, Sub-Section D, of Section 51 of Article Six, of the Constitution provides, among other things, that:

"If the 'Budget Bill' shall not have been finally acted upon by the legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill."

Therefore, in compliance with, and by virtue of the authority conferred upon me by said provision of the Constitution,

I, Ephraim F. Morgan, Governor of West Virginia, do hereby extend this present session of the legislature for a period of ten days, from this date, or such portion of said period as may be necessary, for the passage of said "Budget Bill," and "Supplementary Appropriation Bills."

In Testimony Whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed.

Done at the Capitol, in the city of Charleston, this, the twenty-seventh day of April, one thousand nine hundred and twenty-three, and in the sixtieth year of the State.

By the Governor:

[Seal]

EPHRAIM F. MORGAN.

Houston G. Young  
Secretary of State.

On the night of April 27th the Legislature adjourned until Tuesday, May 1st, when it again re-assembled to consider the budget bill. The two houses failing to agree upon the measure within the ten days' limit contained in the proclamation of the Governor, on the 7th day of May the executive sent the following communication to the Legislature, followed by a proclamation again extending the session for a period of ten days:

State of West Virginia  
Executive Department  
Charleston.

May 7, 1923.

*To the Members of the West Virginia Legislature:*

When the regular session of your honorable body terminated at midnight on April 27, 1923, by constitutional limitation, I was convinced that it became my duty under paragraph one of sub-section D of Article six of the Constitution of West Virginia to extend your session for such period of time as in my opinion I believed necessary for the passage of the budget bill. The provision of the constitution referred to reads as follows:

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment,

be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Accordingly I extended the regular session for a period of ten days, or such part of said period as might be necessary for the consideration of the matter designated by the Constitution of West Virginia. It is needless for me to say that it was my firm conviction that prompt action on the budget would be taken in compliance with that constitutional mandate and that final consideration would be completed before the expiration of the maximum time that was allotted.

It is also unnecessary for me to remind you that under the terms of the Constitution the governor shall recommend such measures as he deems expedient for the consideration of the legislature, and that under section 7 of article 7 of that instrument he "May, on extraordinary occasions, convene at his own instance, the legislature; but when so convened it shall enter upon no business except that stated in the proclamation by which it was called together." If the governor fails to include what others may consider proper subjects for legislation it is the executive who is responsible and he must and will accept that responsibility.

Therefore, when the Legislature had failed at the expiration of the regular session to pass the budget bill, the executive had but two options, either to extend the regular session for the passage of the budget bill, or to convoke your honorable body in extraordinary session for such purposes as the executive would designate in his call. I chose to extend the session because the constitutional provision seemed to warrant that course.

Frankness compels me to say that if I had called your honorable body into extraordinary session ten days ago when the regular session was extended under the more compelling view of the Constitution, I would have been constrained to limit your and the cost of the session, because in my opinion there is no other question which the public welfare or safety requires you to consider at this time.

There has been considered in the House of Delegates during the last week of the extended session a resolution requesting the executive to call an extraordinary session of the Legislature to meet some time between the present and June 30, 1923, to consider a new taxation system for the state; a budget for the ensuing biennial period; the question of building a new capitol and legislation governing the employment and compensation of clerical help for the executive and legislative departments of the state.

I do not believe a new system of taxation is necessary at this time. Since the convening of your honorable body in January last we have found that the large increase in the present revenue laws of the state, due to the general improvement in business conditions, will be sufficient during the ensuing biennium to provide for the current demands of the state and provide for the expansion of our state institutions. This increased yield of revenue, based on the experience of the first quarter of this year, as now estimated by the tax commissioner, will amount to from \$750,000 to \$1,250,000 annually.

In the matter of building a new capitol, I believe it not only possible but desirable for your honorable body to make provision for this expenditure in the budget which you have been requested to consider. I have no objection if the legislature wishes to hold in abeyance the erection of a new capitol build-

ing until later, but I desire to go on record before your body in requesting provision for the construction of office buildings on the new capitol site which will be adequate for the needs of the state. The present temporary capitol is a fire-trap, erected in violation of the building ordinances of the city and for temporary purposes only. If you fail to make provision at this time for the construction of adequate buildings to house the various offices of the state government and calamity again visits the state capitol, I want it understood that such neglect did not arise from the remissness of the executive in failing to make to the legislature the recommendations that the Constitution prescribes shall be his duty.

It has been suggested that there should be legislation amending the Acts of 1882, designating the number and fixing the compensation of employes in the legislative and executive branches of the state government. The futility of your efforts to reach an agreement in this matter I believe was fully demonstrated in the regular session. Your two houses are agreed that the Act of 1882 in designating the number and fixing the compensation of clerks and assistants is wholly inadequate to meet the present needs of the state. In previous sessions there has been an inability of the legislature to agree upon amendments. For forty years the successive legislatures have provided for adequate assistance for the legislature and for clerical assistance in the executive departments by legislative appropriation, repealing by implication at least, the Act of 1882. I am advised that at the recent regular session one of the branches of your honorable body unanimously supported a measure that would permit each house to designate the number and fix the compensation of its employes. The other house by divided vote insisted upon the designation of the number and the amount of compensation paid to each individual. A situation very similar arose in the 1917 session of the legislature, but the Act of 1882 was not amended and an agreement was reached on the appropriation bill. I believe this legislature can reach a similar agreement. The record has been made in both houses on this matter, and I believe both houses should be content to stand on the record made. It is a matter of such minor importance to the people of the state as a whole that it should not be permitted to imperil the enactment of an adequate budget bill providing for the current needs of the state and making provision for the maintenance of our state institutions.

Inasmuch, then, as you have authority to do under the budget bill, what some of you desire to do by special act, namely to repeal the Act of 1882 by implication at least, and provide for adequate assistance in the various elective and appointive offices, I do not feel that the executive would be justified in presenting this matter for your consideration as a special measure, especially since the same opportunity is afforded when considering the budget bill.

I have believed it the duty of the executive to remain within constitutional limitations in his relations with other branches of the government. Article 5 of the Constitution declares that the "Legislative, Executive and Judicial Departments shall be separate and distinct, so that neither shall exercise the powers belonging to either of the others." As your governor I have been content to exercise the powers of the executive. Accordingly, I have recommended measures for your consideration, but I have studiously refrained from attempting to coerce the legislative branch to secure the enactment of such measures as I have deemed prudent to recommend.

In these days when high wages are paid in every industry, when the cost of living is high in the city of Charleston, I would regret very much to see reduced the compensation of efficient clerks and attaches in the several departments of the state government. Many of them are men and women of remarkable efficiency in their work and have held their positions as a result of their efficiency rather than through political prestige.

Without intent to intrude the personal, I would advise your honorable body that I have at all times suggested to all appointive officers who hold office through executive appointment, the imperative necessity of economy in the conduct of public affairs. It may be fair to add that the office I now hold by vote of the electorate of this state is being conducted at a lesser cost than has been expended for a number of years. Those who were elected with me in the various executive departments of the state have given me assurance that they will continue to operate their departments at the lowest possible cost to the taxpayers consistent with economy and efficiency.

Another matter which I considered in extending the session of the legislature at this time in preference to holding an extraordinary session at a later date was the question of expense and the imposition of hardship on your several members. I realize full well that those of our citizens who come to the legislature do so at a sacrifice. You are required to surrender temporarily the duties of an active life. I have felt that if you would enact a budget bill while you were here the state would save the mileage that necessarily would have to be paid in the event you were re-assembled and that the members would be saved within a few weeks another interruption in their private and business affairs that would entail needless and additional sacrifice.

It may be suggested that the Constitution provides for only one extension of the regular session of the legislature, for the purpose of considering and passing the budget bill. The extension is to insure the passage of the budget bill and the manifest purpose of this provision of the Constitution should not be defeated by the failure of the executive to extend the session a sufficient period of time or on account of the inaction of the legislature during the period of extension.

I regret that it may be necessary to further extend this session, but as I view the situation under the Constitution and the solemn and sacred provisions of that charter, I have no alternative.

There is a duty for you to perform. There is a necessity for making appropriations for the support of the state and our institutions which can not be avoided. The budget is the life blood of the state. There can be no sovereignty without it.

We are now confronted with a situation where thousands of our citizens, in every county of the state, acting in response to the solemn mandate of the courts, responded for jury and witness service in our courts, under compensation fixed by statute, who have been unable to collect their lawful fees because the existing appropriations were inadequate. Surely the legislature will not consent for this condition to continue.

The enforcement of law and maintenance of order, the statutory provisions for the supervision of health and conditions in mines and factories under which men and women labor for their livelihood, the care of those unfortunate wards in our charitable institutions, the provision for our schools and colleges and the enforcement of all regulatory measures in the various departments provided by statutes created by preceding legislatures,

await your decision. I trust that it will not be delayed, that you will consider the demands of a great and growing state, that economy rather than parsimony will prevail and that your agreed judgment will command the wholesome and abiding respect of our citizens at home and observers abroad.

Let me assure you that whatever assistance I can give will be cheerfully extended.

Very respectfully,  
 EPHRAIM F. MORGAN,  
 Governor.

United States of America  
 State of West Virginia  
 Executive Department

A PROCLAMATION  
 (By the Governor)

Whereas, Sub-section D, of section 51 of article six, of the Constitution provides, among other things, that:

"If the 'Budget Bill' shall not have been finally acted upon by the legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill."

Whereas, In compliance with said provision of the Constitution, I, as Governor of West Virginia, did on the 27th day of April, 1923, that being the last day of the 1923 regular session of the legislature, by proclamation extend the session of the legislature for a period of ten days, or such portion of said period as might be necessary for the passage of said "Budget Bill" and Supplementary Appropriation Bill; and

Whereas, The legislature has not passed said "Budget Bill" and Supplementary Appropriation Bill, and it has become necessary that a further extension of the legislature be had for the consideration and passage of said bills;

Therefore, in compliance with, and by virtue of the authority conferred upon me by said provision of the Constitution,

I, Ephraim F. Morgan, Governor of West Virginia, do hereby extend this present session of the legislature for a period of ten days from this date, or such portion of said period as may be necessary, for the passage of said "Budget Bill" and Supplementary Appropriation Bill.

In Testimony Whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed.

Done at the Capitol, in the city of Charleston, this the seventh day of May, one thousand nine hundred and twenty-three, and in the sixtieth year of the state.

[Seal]

EPHRAIM F. MORGAN.

By the Governor:

Houston G. Young,  
 Secretary of State.

The second ten-day extension period expiring without the legislature reaching an agreement on the budget bill, on the 17th day of May the governor issued another proclamation, this time extending the session

until the 30th day of June, or to such time prior to that date as might be necessary for the legislature to complete its work by the passage of the budget or general appropriation bill. The third proclamation was as follows:

United States of America  
State of West Virginia  
Executive Department

A PROCLAMATION  
(By the Governor)

Whereas, Sub-Section D, of section 51 of article six, of the Constitution provides, among other things, that:

"If the 'Budget Bill' shall not have been finally acted upon by the legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill."

Whereas, in compliance with said provision of the Constitution, I, as Governor of West Virginia, did on the twenty-seventh day of April, one thousand nine hundred and twenty-three, that being the last day of the one thousand nine hundred and twenty-three regular session of the legislature, by proclamation extend the session of the legislature for a period of ten days, or such portion of said period as might be necessary for the passage of said "Budget Bill" and Supplementary Appropriation Bill, and said bills not having been passed by the legislature during said period of extension, a further extension of the legislature was proclaimed for an additional period of ten days, or such portion of said period as might be necessary for the passage of said "Budget Bill" and Supplementary Appropriation Bill; and

Whereas, The legislature has not passed said "Budget Bill" and Supplementary Appropriation, as required by the Constitution to do, and it has become necessary that a further extension of the legislature be had for the consideration and passage of said bills:

Therefore, in compliance with, and by virtue of the authority conferred upon me by said provision of the Constitution,

I, Ephraim F. Morgan, Governor of West Virginia, do hereby further extend this present session of the legislature until the thirtieth day of June, one thousand nine hundred and twenty-three, or such portion of said period as may be necessary for the passage of said "Budget Bill" and Supplementary Appropriation Bill.

In Testimony Whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed.

Done at the Capitol, in the city of Charleston, this the seventeenth day of May, one thousand nine hundred and twenty-three, and in the sixtieth year of the state.

[Seal] By the Governor:                    EPHRAIM F. MORGAN.  
Houston G. Young,  
Secretary of State.

Under the last foregoing proclamation the legislature continued in session until Monday, May 21st, on which day it adjourned until Monday, June 4th. Re-assembling on the latter date it remained in session until

Thursday, June 14th, when the two houses agreed upon and passed the budget or general appropriation bill and then adjourned *sine die*.

#### Necrology

On February 28th, 1922—the sixty-sixth anniversary of his birth—Senator John N. Shackelford, a hold-over Senator from the Tenth District, died at his home in the town of Glenville, Gilmer County, after a lingering illness. Hon. Robert F. Kidd, of the same county, was elected in November, 1922, to fill the unexpired term.

On the 10th day of April, 1923, in the midst of the busy work of the adjourned session, the Senate was greatly shocked by a sudden and fatal illness that befell Hon. Reuben Perry Shinn, of Ripley, Jackson County, one of the Senators from the Fourth District. While actively engaged in committee work he was suddenly stricken with apoplexy and died a few hours later in one of the Charleston hospitals, never regaining consciousness. A committee of the Senate and the Sergeant-at-Arms accompanied the remains to the late Senator's home in Ripley.

Under a resolution of the Senate a joint service was held on Monday, April 23rd, in memory of Senators Shackelford and Shinn, at which appropriate addresses were delivered by several members of the Senate.

1. The President having taken the chair, and a quorum being present the Journal of the preceding day shall be read, to the end that any mistake may be corrected that may have been made in the entries.

2. The President may call a member to the chair, who shall exercise its functions for the time; but no member by virtue of such appointment shall preside for a longer period than three days.

3. The presiding officer of the Senate shall have the regulation of such parts of the Capitol and of its passages as are, or may be set apart for the use of the Senate, its officers and committees.

4. No person except members of the House of Delegates, their clerks, the heads of the executive departments, the Governor's private secretary, ex-members of the Legislature, Judges of the Supreme Court of Appeals, and Circuit Court Judges shall be admitted within the Senate Chamber.

## DUTIES OF THE CLERK

5. The Journal of the Senate shall be daily drawn up by the Clerk and after being examined by the President shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. After the printed Journal has been approved and fully marked for corrections the type from which it was printed shall be changed in accordance therewith, and from the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal. In addition thereto ten copies shall be printed on 6x9 heavyweight bond paper, with blank lines at the end of each day's proceedings for the signature of the President and the Clerk, and these shall be the official Journals of the Senate. They shall be bound in flexible bindings and bear the imprint on the back, "Official Journal of the Senate of West Virginia," with designation of regular or extra session and the year. 9. In case a less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

12. The Senate may punish by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its officers in the discharge of their duties; or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., art. 6, sec. 26.)

15. If a member be called to order, for words spoken in debate, the person calling him to order shall repeat the words excepted to, and they shall be taken down in writing at the Clerk's table; and no member shall be held to answer, or be subject to the censure of the Senate for words spoken in debate, if any member has spoken, or other business has intervened after the words spoken and before exceptions to them have been taken.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be reprinted, and shall be the engrossed bill. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill. All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over to the Joint Committee on Passed Bills, otherwise known as the Joint Committee on Enrolled Bills. In the case of a House bill on second reading, if the same be amended by the Senate and passed as amended, the amendment or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all the amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

#### PETITIONS

44. No petition of a private nature, having been once rejected, shall be acted on a second time, unless it be supported by new evidence, nor shall any such petition, after a third rejection, be again acted upon.

45. No petition shall be received claiming a sum of money or praying the settlement of unliquidated accounts, unless it be accompanied with a certificate of disallowance from the Executive or Auditor, containing the reason why it was rejected. But this order shall extend to no person applying for a pension.

46. When any petition, or bill founded on one, is rejected, such petition shall not be withdrawn, but the petitioner or member presenting the petition, or any member from the county or corporation in which the petitioner resides, may, with leave, withdraw any document filed therewith, and a list of all documents so withdrawn shall be preserved by the Clerk. All petitions not finally acted on may, with the accompanying documents, be in like manner withdrawn after the expiration of the session at which they were presented.

47. No petition shall be read in the Senate unless particularly required by some member, but every member presenting one shall announce the name of the petitioner and the nature of the application, and that, in his opinion, no similar application had been previously made by the same petitioner. He shall also endorse on the back of his petition his own name, as a pledge that it is drawn in respectful language, whereupon it shall be delivered to the Clerk, by whom it shall be laid before the proper committee.

#### MESSAGES

48. Messages may be introduced in any stage of business except when a question is being put by the presiding officer, while the yeas and nays are being called by the Clerk, or while the ballots are being counted.

#### MOTIONS

49. When a bill or joint resolution is put upon its passage, the President shall propound the question, "Shall the bill (or joint resolution as the case may be) pass?" On the passage of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on a second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

50. When the question is pending, no motion shall be received but to adjourn, for the previous question, to lie on the table, to postpone indefinitely, to adjourn the question to a different day, to commit or amend, which several motions shall have precedence in the order in which they are herein arranged.

51. On the first reading of the bill, no motion shall be in order except a motion to reject the bill, and if the committee shall have reported adversely to the bill, the President, immediately after its first reading, shall propound the question: "Shall the bill be rejected?" When the Senate refuses to reject the bill the question shall be: "Shall the bill be ordered to its second reading?" This question shall be duly put by the chair and acted upon by the Senate.

52. The question, being once determined, must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order for any member voting with the prevailing side to move a reconsideration of the same within two succeeding business days.

53. When motions are made for reference of the same subject to a select committee, and a standing committee, the question in reference to the standing committee shall be first put.

#### DIVISION OF THE QUESTION

54. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

55. In filling up blanks, the largest sum and the longest time shall be first put.

#### PREVIOUS QUESTION

56. There shall be a motion for the previous question, which being ordered by a majority of members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions or may be made to embrace all authorized motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether an appeal or otherwise, without debate.

#### YEAS AND NAYS

57. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order.

58. The yeas and nays on any question shall at the desire of one-tenth of the members present, be entered on the Journal, and any member may enter any protest on the Journal upon the determination of any question. After the yeas and nays shall have been taken, and before they are counted or entered on the Journal, the Clerk shall read over the names of those who voted in the affirmative and those who voted in the negative, at which time any member shall have the right to correct any mistake committed in enrolling his name.

59. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question on agreeing to the bill or joint resolution, as amended, shall be again voted on by yeas and nays in the Senate, and the result entered upon its Journal; in all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 7, sec. 31.)

60. In all elections of officers which may take place in the Senate the vote shall be *viva voce*, and be entered upon the Journal.—(Const., art. 6, sec. 44.)

#### EXECUTIVE SESSION

61. When nominations shall be made in writing by the Governor to the Senate, a future day shall be assigned, unless the Senate unanimously direct otherwise, for taking them into consideration.

62. When acting on the nominations of the Governor, the Senate shall be cleared of all persons except the Clerk, his assistants, the Sergeant-at-Arms and Doorkeeper, and all such officers shall be sworn to secrecy.

63. All confidential communications made by the Governor to the Senate, and all proceedings thereon, shall be by the members thereof kept secret until the Senate shall, by the unanimous affirmative vote of the members present, remove the injunction of secrecy.

64. All information and remarks touching the character or qualifications of any person nominated by the Governor to office, shall be kept secret. The Legislative proceedings and the executive proceedings of the Senate shall be kept and recorded in separate books.

## CONSTITUTIONAL AMENDMENT

65. When an amendment to be proposed to the Constitution is under consideration, the concurrence of two-thirds of the members elected to the Senate shall not be requisite to decide any question for amendments, or extending to the merits, being short of the final question.

## ADJOURNMENT

66. When the Senate adjourns each day, it shall stand adjourned to 2 o'clock p. m. the next day, unless the Senate otherwise direct.

67. When the Senate adjourns each day, every member shall keep his seat until the President leaves the chair.

## PARLIAMENTARY PRACTICE

68. The Rules of Parliamentary Practice comprised in "A Manual of General Parliamentary Law, with Suggestions for General Rules," by Thos. B. Reed, shall govern the Senate in all cases not provided for by the rules of the Senate or in the Joint Rules of the Senate and House of Delegates. In any case not governed by the said manual of said rules, the Senate shall be governed by the practice in the Congress of the United States.

69. No standing rule or order of the Senate shall be rescinded or changed without one day's notice being given of the motion therefor; and no rule shall be suspended except by a vote of two-thirds of all the members of the Senate present.

RULES OF THE HOUSE OF DELEGATES

(Adopted January 17, 1923.)

ABSENCE FROM THE HOUSE

1. No member shall absent himself from the service of the House unless he have leave, or be sick and unable to attend; but any member who conscientiously believes that the seventh day of the week ought to be observed as a Sabbath shall be excused from attending upon the House on that day.

ADJOURNMENT

(a) Motion to adjourn, and to fix time to which the House shall adjourn always in order.—*Rule 65.*

(b) Motion to adjourn put without debate.—*Rule 66.*

AMENDMENT OF RULES

(a) One day's notice required.—*Rule 56.*

AMENDMENTS

2. No motion on a subject different from that under consideration shall be admitted under color of amendment.

3. A motion to amend a pending amendment may be received, but until it is disposed of, no other motion to amend will be in order. But, pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

4. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

5. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

6. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they are nominated.

7. No amendment by way of rider shall be received to any bill after engrossment.

8. After commitment of a bill, and report thereof to the House, it may be amended; but the amendment (if any) reported by the committee, shall be disposed of before any other amendment is considered, unless it be an amendment to an amendment.

9. When a House bill or House joint resolution shall be amended by the Senate, the question on agreement to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary.—(Const., art. 7, sec. 31.)

(a) When bill recommitted and amended, question shall again be put on the engrossment of the bill.—*Rule 13.*

(b) Reading of bill for amendment on second reading.—*Rule 19.*

(c) If a motion to strike out certain words be lost, it shall not preclude a motion to strike out part of the same words or a motion to amend, or strike out and insert.—*Rule 45.*

NOTE—Laying on the table a motion to amend the Journal, does not carry the Journal with it.

APPEALS

Debate upon, limited.—*Rule 88.*

May be demanded by one-tenth of members.—*Rule 95.*

BALLOTS

No ballot permitted.—*Rule 48.*

## BILLS

10. Bills may be introduced by any member on leave being granted, or by any standing committee of the House at the session of the legislature beginning on the second Wednesday in January, but bills can only be introduced at the session of such legislature beginning on the Wednesday after the second Monday in March in the manner set out in section 22 of article 6 of the Constitution as amended.

11. All bills introduced by motion for leave shall be referred to the appropriate committee without printing and all such bills shall be treated in committee as resolutions of inquiry, and if the committee report a bill different from the one so introduced, such bill shall be received and treated by the House as the original bill.

12. Before any bill is read by the Clerk, he shall state to the House whether it is on its first, second or third reading.

13. A bill may be recommitted at any time before its passage. Should such recommitment take place after its engrossment, and an amendment be reported and agreed to by the House, the question shall be again put on the engrossment of the bill.

14. No bill shall become a law until it has been fully and distinctly read on three different days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays on each bill, this rule be dispensed with. Upon any bill there may be a motion to dispense with the constitutional rule, in order that the bill may be read twice or three times on the same day, and upon the first or second reading of any bill, there may be a motion to dispense with the constitutional rule, in order that the bill, may, upon such reading, be read by its title. *Provided*, in all cases, that there be three readings of each bill, and that an engrossed bill shall be fully and distinctly read.—(Const., art. 6, sec. 29.)

15. On the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after passage; and if said motion be adopted by a vote of two-thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill.—(Const., art. 6, sec. 30.)

All bills reported from the Senate shall be referred to the appropriate committee on the first reading.

17. On the first reading of a bill, it may at any stage of the reading be rejected on motion. If the committee to which the bill was referred shall have reported adversely to the bill, the Speaker shall, immediately after the same is reported by its title, propound the question, "Shall the bill be rejected?"

If a House bill should be ordered to its engrossment and third reading and amendments have been made thereto, the type from which the bill was originally printed shall be changed to conform with the amendment. The bill shall then be reprinted and shall be the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall

be jacketed and endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Passed Bills, otherwise known as the Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed as amended, the amendment or amendments shall be noted in full on slips of paper in type-writing and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

## THE SOLDIERY OF WEST VIRGINIA IN THE WAR WITH GERMANY

The preservation of military records is the due of the soldiery of every state and of the nation. To this end a section of the present edition of the West Virginia Hand Book and Manual is devoted to the publication of a complete roster of the two regiments of National Guard taken into the service of the United States in the war with Germany; a classified list of the soldiers from West Virginia who died while in service, whether in battle on foreign soil or in camp and cantonment at home; a roster of West Virginia nurses in service at home and abroad, and a compilation of citations and list of decorations awarded West Virginians for meritorious and gallant service by the government of the United States and by foreign governments.

The importance of early publication of the military records has been demonstrated in the past, the records of the soldiery of the new State of West Virginia in the Civil War can be cited as a striking example. Practically the only official record of the State's participation in that great conflict was made in the reports for the years 1863, 1864 and 1865 by Brigadier General Francis P. Pierpont, the first Adjutant General of West Virginia. Limited editions of the reports were published and distributed to public officials, county officers and interested persons. These reports are now so scarce that the late Hon. Virgil A. Lewis, State Historian and Archivist, writing in 1910, states that he had seen but three copies of the report for 1863; four copies of that for 1864, and three copies for that of 1865. The published records are now available to few except those who consult the records on file in the office of the Adjutant General and the State Department of Archives and History.

Recognizing the fact that unless such records were compiled and published they would soon be lost to the general public, the Legislature at its 1919 session adopted Senate Concurrent Resolution No. 3, providing for the compilation and preservation of a list of names of West Virginia soldiers and sailors who served in the late war with Germany. The resolution follows:

"Whereas, in the successful prosecution of the recent war against Germany for the maintenance of civilization, more than sixty thousand of the brave and courageous men of West Virginia—the flower of our manhood—entered the military service of the nation, prepared to give their lives, if necessary, on land and sea that freedom might live and the national honor of our government upheld, and

"Whereas, it is the duty of the State of West Virginia to preserve the names of these loyal and patriotic sons who were in the service, and those who made the supreme sacrifice in the camps and cantonments, on the sea and on the soil of our allies, and

"Whereas, it has been shown by past experience that unless these records are compiled without delay they are never made available, as has been demonstrated in previous wars in which our state and nation have engaged, therefore be it

"Resolved by the Senate of West Virginia, the House of Delegates concurring therein:

"First: That a complete compilation of the records, by counties, be made, showing the names and addresses of all West Virginia soldiers and sailors who participated in the war with Germany, or who were in the military service during that period.

"Second: That a complete compilation be made of the names of all West Virginia soldiers and sailors who died or were killed or injured in that war; and be it further

"Resolved, that the compilation thus prepared be published in an edition of the "West Virginia Hand Book and Manual and Official Register" and that the expense of such compilation be paid from an appropriation to be hereafter made.

No appropriation was made to carry the resolution into effect, but at that time the records on file were so meager as to make it almost impossible to compile a correct list of the soldiers and sailors or more than one-half of the names on the casualty list. However, a section of the 1919 edition of the Hand Book was devoted to "West Virginia in the War", in which the work of the home service section, the organizations for war work at home, was fully and completely reviewed. Lack of definite and authentic records, which the War Department had not yet had time to furnish, prevented more than a brief review of the military activities. A State casualty list was included, compiled from the best sources available, but no attempt was made to publish a list of the West Virginia service men.

In December, 1919, a book of more than one thousand pages, "Record of Draft Law Operation, List of Boards and Men", was issued from the office of the Governor, listing the 45,355 West Virginians who entered the service under the Selective Service Act. Unfortunately the greater part of the edition was burned in the fire which destroyed the State Capitol before distribution could be made. Approximately 60,000 West Virginians were in service during the war period, 45,355 under the selective service act, leaving more than 14,000 whose service has not been acknowledged by publication of names or service. A complete roster of the two regiments of National Guard furnished by West Virginia is published in this section, including all who were in service in the regiments from the time they were called into Federal service on March 28 and April 2, 1917, until drafted into the United States Army on August 5, 1917, and it is hoped that a compilation of the names of those who volunteered for service in the army, navy and Marine Corps will be made available for future editions of this book.

#### THE WEST VIRGINIA NATIONAL GUARD

From 1889 until the draft into the United States service, August 5, 1917, the National Guard of West Virginia consisted of the 1st and 2nd Regiments of Infantry and the prescribed staff corps and depart-

ments. Several of the then existing companies of the 2nd Regiment were called into the service of the United States in the Spanish-American War in 1898, and after demobilization had re-organized, taking their old names and old places in the regiment.

On June 2, 1916, by Presidential proclamation, the 2nd West Virginia was called into the United States service for duty on the Mexican border, and after remaining in the State mobilization camp at Kanawha City, near Charleston, until the middle of October, was sent to Fort Sam Houston, San Antonio, Texas, where it remained until it was returned to the State and mustered out on March 24, 1917. At the time the 2nd was called the 1st Regiment volunteered their services, but were not called. Both regiments were extended Federal recognition under the act of congress approved June 3, 1916.

The 1st West Virginia was called into United States service March 28, 1917, to protect property believed to be in danger because of the break between the Government of the United States and the Imperial German Government. On April 2, 1917, the 2nd Regiment was called into service for the same reason, and on July 15th the enlisted National Guard Reserve was also called. Both regiments remained on duty within the State until August 1, 1917, the 1st Regiment having its headquarters at Camp Cornwell at Fairmont and the 2nd Regiment at Kanawha City. The two regiments were sent to Camp Shelby, at Hattiesburg, Mississippi, where they were re-organized and became units of the 38th Division. The 1st West Virginia was divided, the 113th Ammunition Train and other units being formed from its personnel. The 2nd West Virginia became the 150th Infantry.

When mustered into the Federal Service on August 5, 1917, the strength of the regiments were as follows: 1st Regiment, 58 officers; 1,618 enlisted men. 2nd Regiment, 58 officers; 2, 011 enlisted men.

#### GENERAL CASUALTY LIST

The casualty list published in the 1919 Hand Book was compiled from the meager records at hand and from the published reports in the newspapers, and was as nearly correct as it could be made at that time. The list was later found to contain many errors and listed only about one-half the men of West Virginia who had fallen in battle or died from other causes in service. Later a general casualty list was issued by the Adjutant General, revised to January 1, 1922. Since that time a number of corrections have been made by the War Department. A complete re-arrangement of the list has been made, including all corrections to September 25, 1913, and the list now published is as nearly correct as it is possible to make it from the records available.

In addition to the general list under "Killed in Action", "Died of Wounds", "Died of Disease and other Causes, Overseas" and "Died of Disease and Other Causes in United States", a list by counties has been compiled and is printed immediately following the general list.

The State's Honor Roll of service men who made the supreme sacrifice contains 1,809 names, of whom 570 were killed in action; 194 died of wounds received in action; 357 died of disease and other causes overseas, and 688 died of disease and other causes in the United States.

#### WEST VIRGINIA NURSES

A roster containing the names of 177 West Virginia nurses who served in the Army Nurse Corps at home and abroad is included in this section. The list does not include the nurses who served the American Red Cross, Y. M. C. A., or other welfare organizations who served the soldiers on the lines and in the home sector. The list was recently furnished the Adjutant General by the War Department at Washington and is believed to be approximately correct.

## Military Cross

**CLINTON, JAMES B.**, First Lieutenant, Medical Corps, U. S. Army, attached to 1st Cambridgeshire Regiment, British Expeditionary Forces. Awarded Military Cross and Bar. Military Cross awarded in List No. 27, 1918, British War Office: "For most conspicuous gallantry and devotion to duty at Vocrazeville from the 25th to the 28th of April, 1918, whilst regimental medical officer continuously evacuating and attending to wounded under very heavy shell fire. He also, in the absence of stretcher bearers, crossed a road swept by machine-gun fire and enemy barrage and attended to a wounded man in the open. While attending to this man two stretcher bearers carrying a wounded man were wounded by a shell. He brought in all four himself. Later, during the operations when our first line had been pushed back and the enemy were within a few yards of the aid post he personally organized the removal of nine stretcher cases, and himself assisted to carry the last stretcher. He showed the greatest coolness and gallantry throughout the whole of the operations." Bar to Military Cross was awarded in List No. 35, January 31, 1919, British War Office: "For conspicuous gallantry and devotion to duty near Epehy on September 18, 1918. Lieutenant Clinton established his aid post close up to the assembly position in order to be able to render aid at the earliest moment. His aid post was under heavy artillery fire all the morning and during the night 18-19th September, 1918, the only protection consisting of sheets of corrugated iron. In spite of the heavy fire this officer worked incessantly through the period. The casualties were unfortunately heavy and in addition there was a large number of wounded of other regiments which were lying out in front of the village. Lieutenant Clinton organized stretcher parties under heavy fire and by the night the whole area in front of the village was cleared of wounded. But for the example set by him under fire and the courage he displayed it would have been impossible for them to have been cleared that night and his actions undoubtedly saved many lives." Under heavy shell fire he dressed and evacuated wounded in the open. Was twice slightly wounded (contusions, back) by shrapnel fragments and worked on until utterly exhausted.  Finance Officer—JOHN B. HOILMAN, Bluefield  
 Chaplain—REV. HARRY A. SWAN, Charleston

The American Legion in West Virginia had its beginning at a meeting held in Charleston on May 3, 1919, pursuant to a call issued by Lieutenant Colonel Jackson Arnold, of Weston, representing the Paris Caucus. This meeting selected delegates to the St. Louis Caucus held on the 8th, 9th and 10th of May, 1919, where a permanent organization was effected with Jackson Arnold, Commander, and Charles McCamic, Adjutant. This action was confirmed at the first State Convention held in Charleston on October 15 and 16th, 1919, and they were regularly elected to hold office until the end of the fiscal year, November 11, 1919.

The American Legion is an organization of American veterans of the War with Germany. It is non-partisan and non-political. Any soldier, sailor or marine who served honorably between April 6, 1917, and November 11, 1918, and any woman who was regularly enlisted or commissioned in the army, navy or marine corps during the above period, is eligible to membership. Its objects are "to uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community; State and nation; to combat the autocracy of both the classes and the masses, to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by devotion to mutual helpfulness."
