# Foreword

While there has been no radical departure from the usual form of the West Virginia Blue Book, especial care has been exercised to make this Volume thirty-two for 1948, useful and accurate.

Through the courtesy of the State Road Commission, it is again possible to include in this issue a full size West Virginia road map for the convenience of the users of this Book.

Our thanks go, also, to the West Virginia Chamber of Commerce for permission to use information compiled in their offices.

To all other contributors and particularly the County Clerks of the various counties of the State, we owe our deep appreciation for their very gracious aid.

J. HOWARD MYERS

# STATE BOARDS AND COMMISSIONS

## GENERAL PROVISIONS

Under Chapter 30, Article I, Code 1931, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of \$20, unless a different fee is especially provided by law. Each board is allowed to charge \$5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked, has the right of appeal from the action of the board to the Circuit Court of the county in which he resides.

Unless otherwise specified, members of boards are allowed \$10 per day for each day actually spent in attending sessions of the board or of its committees and in necessary travel, and are entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

Each board is required to make a report annually to the Governor on or before the first day of January, and the secretary of each board is required to prepare and maintain a complete roster of all persons licensed or registered by it.

### Duties of the Clerk—Official Journal

5. The Journal of the Senate shall be daily drawn up by the Clerk and shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. In case a less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

30. When the Senate shall resolve itself into the Committee of the Whole, the President shall leave the chair and appoint a chairman to preside in the Committee.

31. The Committee of the Whole shall consider and report on such subjects as may be committed to it by the Senate. The rules of the Senate shall be observed in the Committee of the Whole, so far as they are applicable, except the rule limiting the time of speaking, concerning the previous question, and taking the yeas and nays. The proceedings in the Committee of the Whole shall not be recorded on the Journal of the Senate, except so far as reported to the Senate by the chairman of the committee.

### **Order of Business**

32. The order of business of the Senate shall be:
- I. To read the Journal.
  - II. To dispose of Communications from the House of Delegates and the Executive.
  - III. To receive reports from Standing Committees.
  - IV. To receive reports from Select Committees.
  - V. To receive bills, resolutions, motions and petitions.
  - VI. To act upon unfinished business of the preceding day, and resolutions lying over from the previous day, and no resolution shall lose its place on the calendar by not being acted upon on the day following that on which it was offered.
  - VII. Senate and House Bills on third reading.
  - VIII. Senate and House Bills on second reading.
  - IX. Senate and House Bills on first reading.
  - X. Miscellaneous business.

### **Introduction of Bills**

33. Each bill shall be prepared in triplicate, signed by the member or members (not to exceed two) by whom it is to be introduced and be filed with the Clerk not later than two o'clock P. M. of the Legislative day next preceding its introduction. The original copy shall be the official bill for the use of the Clerk, committees and for the permanent files; the second for printing or copying; and the third for the use of the press and the public.

Each bill shall be numbered, edited and corrected as to form by the Clerk and reported by him to the Senate on the next Legislative day, under the fifth order of business. In case of urgency, on motion for leave agreed to by a majority of the members present, if a quorum, a member may introduce a bill from the floor.

### **Bills to be Read on Three Separate Days**

34. All bills originating in the Senate shall be read on three separate days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays, on each bill, this rule be dispensed with.—(Const., art. 6, sec. 29.)

### **Title of Bills**

35. In the title of all bills to amend chapters or sections of the Code, or acts passed since the Code was adopted, the several committees to whom they are referred, or by whom they originated, shall insert the subject matter of the chapter.

36. All engrossed bills shall be fully and distinctly read when put upon their passage.—(Const., art. 6, sec. 29.)

### **Consideration of Bills**

### **Appropriation Bills**

39. Bills making appropriations for the pay of members and officers of the Legislature, and for salaries for officers of the government, shall contain no provision on any other subject.—(Const., art. 6, sec. 42.)

### **Reference to Committees**

40. All bills passed by and reported from the House of Delegates shall be read by their titles and referred to the appropriate committees unless the Senate otherwise directs. They shall then be proceeded with in the same manner as Senate bills. All bills introduced on leave shall be read by their titles and referred to the appropriate committee without printing, and shall be treated in committee as resolutions of inquiry, and if the committee report a bill different from one introduced such bill shall be received and treated by the Senate as the original bill, and shall be read a first time and printed, unless in any of the aforesaid cases the Senate shall direct otherwise.

41. On each reading of the bill the Clerk shall state whether it is the first, second or third reading of such bill.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be re-printed, and shall be the engrossed bill. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill.

All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over the Joint Committee on Enrolled Bills. In the case of a House bill on second reading if the same be amended, the amendment, or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

### Messages

44. Messages may be introduced in any stage of business except when a question is being put by the presiding officer, while the yeas and nays are being called by the Clerk, or while the ballots are being counted.

### Passage of Bills and Joint Resolutions

45. When a bill or joint resolution is put upon its passage, the President shall propound the question, "Shall the bill (or joint resolution as the case may be) pass?" On the passage of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on the second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

### Motions

46. When a question is pending, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone the question to a different day, to commit, to amend, or to postpone indefinitely, which several motions shall have precedence in the order in which they are herein arranged.

47. On the first reading of a bill, a motion to reject the bill shall be in order.

### Adverse Report by Committee

48. If a committee shall have reported adversely to a bill, the President, immediately after the report of said committee is read shall put the question: "Shall the bill be rejected?", which question shall have precedence over all motions, except a motion to adjourn.

### Reconsideration of Vote

49. The question being once determined must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order to reconsider any vote only within two legislative days next after the one upon which such vote was taken. A motion to reconsider shall be in order only when made by a Senator who voted with the prevailing side, and when the vote was not taken by yeas and nays all Senators will be conclusively presumed to have voted with the prevailing side.

50. When motions are made for reference of the same subject to a select committee, and to a standing committee, the question in reference to the standing committee shall be first put.

### Division of the Question

51. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert

a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

52. In filling the blanks, the largest sum and longest time shall be first put.

### Previous Question

53. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

### Yeas and Nays

54. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order, excepting, however, the name of the President, which shall be called last.

55. The yeas and nays on any question shall, at the desire of one-tenth of the members present, be entered on the Journal and any member may enter any protest on the Journal upon the determination of any question. After the yeas and nays shall have been taken, and before they are counted or entered on the Journal, the Clerk shall read over the names of those who voted in the affirmative and those who voted in the negative, at which time any member shall have the right to correct any mistake committed in enrolling his name.

56. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question on agreeing to the bill or joint resolution, as amended shall be again voted on by yeas and nays in the Senate, and the result entered upon its Journal. In all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 6, sec. 31.)

57. In all elections of officers which may take place in the Senate the vote of a majority of all the members elected to the Senate shall be necessary.

58. In all elections of officers which may take place in the Senate the vote shall be *viva voce*, and be entered upon the Journal.—(Const., art. 6, sec. 44.)

### Executive Session

59. When nominations shall be made in writing by the Governor to the Senate, a future day shall be assigned, unless the Senate unanimously direct otherwise, for taking them into consideration.

60. When acting on the nominations of the Governor, the Senate shall be cleared of all persons except the Clerk, his assistants, the Sergeant-at-Arms and Doorkeeper, and all such officers shall be sworn to secrecy.

61. All confidential communications made by the Governor to the Senate and all proceedings thereon, shall be by the members thereof kept secret until the Senate shall, by unanimous affirmative vote of the members present, remove the injunction of secrecy. When an executive session of the Senate has been dissolved, the result of its action upon any executive nomination considered therein shall be forthwith certified to the Governor in a formal communication signed by the President and attested by the Clerk.

62. All information and remarks touching the character or qualification of any person nominated by the Governor to office shall be kept secret. The legislative proceedings and the executive proceedings of the Senate shall be kept and recorded in separate books.

### **Constitutional Amendment**

63. When an amendment to be proposed to the Constitution is under consideration, the concurrence of two-thirds of the members elected to the Senate shall not be requisite to decide any question for amendments, or extending to the merits, being short of the final question.

### **Adjournment**

64. When the Senate adjourns each day, it shall stand adjourned to 2 o'clock P. M., the next day, unless the Senate otherwise direct.

65. When the Senate adjourns each day, every member shall keep his seat until the President leaves the Chair.

### **Parliamentary Practice**

66. In all cases not provided for by the Rules of the Senate or the Joint Rules of the Senate and House of Delegates, the Senate shall be governed by the practice in the House of Representatives of the United States.

### **Suspension of Rule**

67. No standing rule or order of the Senate shall be rescinded without one day's notice being given of the motion therefor and no rule shall be suspended except by a vote of two-thirds of all the members of the Senate present.

### **Withdrawal of Bills from Committee**

68. Any bill, resolution or business may, by a vote of the majority of the members present, be withdrawn from the committee to which it had been referred or be taken from the table, and placed upon the regular or special calendar of the Senate in such order of business as the Senate may direct.

No Senator or Delegate, during the time for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected. (Const., Art. VI, Sec. 15.)

### Oaths

Members of the House of Delegates, before they enter upon their duties, shall take and subscribe to the following oaths or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Delegate according to the best of my ability, and that I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Delegate, on any bill, resolution or appropriation, or for any act I may do or perform as Delegate." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall receive and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State. (Const., Art. VI, Sec. 16.)

### Privileged from Civil Arrest

Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place.—(Const., Art. VI, Sec. 17.)

### Compensation

The members of the Legislature shall each receive for his services the sum of five hundred dollars per annum and ten cents for each mile traveled in going to and returning from the seat of government by the most direct route. The Speaker

of the House of Delegates and the President of the Senate shall each receive an additional compensation of two dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatsoever.—(Const., Art. VI, Sec. 33.)

Members' salaries are paid on the third Wednesday in January of each year.

### Resignation and Filling of Vacancies

Resignations of members of the House should be made to the Speaker, Governor and chairman of the executive committee of the party of which the member belongs in the county from which he was elected.

Vacancies in the House are filled by an appointment by the Governor, in each instance from a list of three qualified persons submitted by the county party executive committee. (Ch. 3, Art. 10, Sec. 6 of the Code.)

### Organization of the House

The Legislature shall assemble at the seat of government on the second Wednesday of January in each odd-numbered year. While neither the constitution or statute sets the hour for convening, the custom has been for each house to convene at twelve o'clock noon. The constitution says, "The oldest Delegate present shall call the House to Order at the beginning of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and taken his seat." (Const., Art. VI, Sec. 34.) Custom has made it the duty of the Clerk of the previous House to call the House to order and call the oldest Delegate present to the chair.

The session is then opened with prayer, following which the Clerk reads a list of the members as certified by the Secretary of State, and all notices of contested elections. The roll is then called to ascertain those present. The next step in the organization is the administering of the oath of office to the members.

With the conclusion of the above formalities the House is ready to proceed to the election of a Speaker. After this election, the election of other officers, i. e., Clerk, Sergeant-at-Arms and Doorkeeper shall be the next order of business. The election of all officers shall be by *viva voce* vote.

It is then in order to provide by resolution for the adoption of rules to govern the procedure of the House and for informing the Senate that the House is organized. Upon being likewise informed of the organization of the Senate both houses, by resolution, shall raise a joint committee to visit upon the Governor to inform him that they are organized and that they are in readiness to hear his biennial message.

However, at the session of the Legislature following each general election at which a governor, and other state officials are elected, immediately following the organization of the two houses, they shall meet in joint assembly in the hall of the House of Delegates, when the Speaker, before proceeding to any other business, shall open and publish the election returns in the presence of a majority of each house of the Legislature.—(Const., Art. VII, Sec. 3.)

The message of the Governor is usually delivered in person by the Governor before both houses of the Legislature, assembled in joint assembly. When the Governor desires to deliver his message to the joint assembly, it shall be proper to provide by resolution for the convening of a joint session of the two houses.

## ELECTION AND DUTIES OF OFFICERS

### Officers and Their Compensation

1. The House, at the commencement of each Legislature, shall elect a Speaker, Clerk, Sergeant-at-Arms, and Doorkeeper. All officers, except the Speaker, shall receive such compensation as the House may determine.

### Vote to be Viva Voce

2. In the election of officers by the House, the vote shall be given *viva voce*, and a majority of the whole number of votes given, a quorum being present, shall be necessary to elect. If, upon any vote, there be no election, the person having the lowest number of votes shall be dropped, and any votes thereafter given to such person shall not be taken into the counting to affect the result in any way. In debate, the Speaker shall prevent personal reflections and confine members to the question under discussion, but he shall not engage in any debate, or propose his opinion on any question without first calling some other member to the chair. When two or more members arise at the same time, he shall name the one entitled to the floor.

### Questions of Order

6. The Speaker shall decide all questions of order subject to an appeal to the House when demanded by any ten members. He may speak to questions of order in preference to other members, and may make the concluding speech on any appeal from his decision, notwithstanding, he may have before spoken on the question; but no other members shall speak more than once on such appeal without leave of the House.

In case a number less than a quorum of the House shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for nonattendance shall be made as the House, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund of the House. This rule shall apply to the first meeting of the House, at the legal time of meeting, as well as to each day of the session after the hour has arrived to which the House stood adjourned.

### **Taking Members Into Custody**

29. No member of the House shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections and Privileges, and reported to the House of Delegates, unless by order of the Speaker of the House of Delegates.

### **Punishment of Members**

30. The House of Delegates may punish its own members for disorderly behavior, and, with the concurrence of two-thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., Art. 6, Sec. 25.)

### **Providing for Undisturbed Transaction of Business**

31. The House of Delegates may punish, by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its proceedings, or any of its officers in the discharge of his duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., Art. 6, Sec. 25.)

## **ORDER AND DECORUM IN DEBATE**

### **Recognition and Decorum**

32. When a member is about to speak in debate or deliver any matter to the House, he shall rise in his place and respectfully address the presiding officer as "MR. SPEAKER," and, upon being recognized, shall proceed, confining himself to the question under debate, avoiding all personalities and indecorous or disrespectful language.

When a member arises and addresses the Chair, the Speaker may recognize him by name; but no member in debate shall designate another by name.

### **Recognition by the Chair**

33. When two or more members shall rise at the same time, the Speaker shall name the one who is to speak first, and his decision shall be final and not open to debate or appeal. However, in all other cases the member who shall rise first and address the Chair shall be first recognized.

### **Mover of Question to Have Preference in Debate**

34. No question shall be debated until it has been propounded by the Speaker, and then the mover of the question shall have the right to open and close the debate thereon.

### **Member Out of Order**

35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted, with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

### **Calling to Order for Words Spoken in Debate**

36. If a member be called to order for words spoken in debate, the person calling him to order shall repeat the words excepted to and they shall be taken down at the Clerk's table. And no member shall be held to answer, or be subjected to the censure of the House, for words spoken in debate, if any other member has spoken or other business has intervened after the words were spoken and before the exception to them was taken.

### **Decorum During Debate**

37. While the Speaker is putting the question, ascertaining the result, or addressing the House, no one shall walk out of or across the House; and when a member is speaking, no one shall engage in conversation or pass between him and the Speaker.

### **Limitation on Debate**

38. No member shall speak except in his place, and not more than twice on a question, except by leave of the House. And if a question be pending at the time of an adjournment and is renewed on the succeeding day, no member who shall have spoken twice on the preceding day shall be permitted again to speak without leave of the House. The House by majority vote may limit debate on any question.

### **Members Not to be Disturbed While Speaking**

39. No one shall disturb or interrupt a member who is speaking, without his permission, except to call to order if he be transgressing the rules.

### **Speaking Before Negative is Put**

40. When the Speaker is putting the question, any member who has not spoken before to the matter may speak to the question before the negative is put.

## **PUTTING QUESTIONS AND VOTING**

### **Putting Question; Division**

41. All questions shall be put distinctly in this form, to-wit: "*As many as are in favor* [as the question may be] *say 'Aye'*," and after the affirmative vote is expressed, "*As many as are opposed say 'No'*." If the Speaker be in doubt as to the result, or if a division is called for by any member, the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterward those in the negative. The count may be made by the

Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by not less than nine members of the House prior to the announcement of the decision by the Speaker.

### **Yeas and Nays**

42. On the passage of every bill and joint resolution, and when the yeas and nays on any question are called for by one-tenth of those present, the Speaker shall direct a yea and nay vote to be taken, and every member present shall vote, unless excused. On all roll-calls, when the voting machine is not used, before the result is announced, the Clerk shall read to the House the names of those who voted in the affirmative or in the negative, whichever is the smaller number, and announce the names of those absent and not voting, at which time any member may correct a mistake committed in taking down his vote. The result shall then be announced, and the yeas and nays entered on the Journal, but if the House so orders, the announcement of the result and the entry of the yeas and nays upon the Journal may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced. The Journal shall also show those absent and not voting.

When the yeas and nays are called for by a member on any question, the Speaker shall hold this demand in abeyance until debate has closed upon the question under consideration, or until the previous question has been moved and sustained, and if sustained by one-tenth of the members present, the yeas and nays shall be taken.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the name of the Speaker shall be called last.

### **Pairs**

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

### **Division of Question**

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

### **Calling of Yeas and Nays**

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

### **Tie Vote Loses Question**

46. In all cases when the House is equally divided, the question shall be lost.

### **Verification of Vote**

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

### **Explanation of Vote**

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

### **When Members Not to Vote**

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

### **Voting by Machine**

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question, "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, insofar as applicable, shall apply to taking votes by means of the voting machine.

## **MOTIONS**

### **Stating the Question**

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

### **Form of Motion**

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

### Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

### Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:

1. To adjourn.
2. To lay on the table.
3. For the previous question.
4. To postpone to a day certain.
5. To go into a Committee of the Whole on the pending question immediately.
6. To commit to a Committee of the Whole.
7. To commit to a Standing Committee.
8. To commit to a Select Committee.
9. To amend.
10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

### Motion to Adjourn

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

### Motions Not Debatable

55. The following motions shall be decided without debate, and shall not be amended:

1. To adjourn.
2. To fix the time to which the House shall adjourn.
3. To lay on the table.

This motion shall be made on the same or next succeeding legislative day of the House. **Such a motion**, if seconded, shall take precedence of all other questions, except the consideration of a conference report or a motion to adjourn, and unless by motion postponed until some future time shall be acted upon at once. A motion

to reconsider shall not be withdrawn without leave of the House, and if the House decides to reconsider, any member may thereafter call the subject up for consideration. A motion to reconsider a question, having been put and lost, shall not be renewed.

### **Debate on Motions to Reconsider**

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

### **Motion Must Be Germane**

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

### **Previous Question**

63. When any question is before the House, any member, being in order and having the floor may move the previous question, but such motion to be put must be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "*Is the motion sustained?*" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "*Shall the main question be now put?*" If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

### **Amending and Engrossing Bills**

105. On the second reading of a bill on the demand of any two members, it shall be read section by section for amendment, and when the amendments as may be moved are disposed of, the question, unless the House otherwise order, shall be, if a House bill, "*Shall the bill be engrossed and ordered to the third reading?*" If a House bill shall be ordered to its engrossment and third reading, and amendments have been made thereto, the type from which the bill was originally printed shall be changed to conform with the amendments. The bill shall then be reprinted and shall be the engrossed bill, and shall be designated as such. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed on as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

### **Time Bills To Go Into Effect**

106. In the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after its passage; and if said motion be adopted by a vote of two-thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill. (See Const., Art. 6, Sec. 30.)

### **Senate Bills**

107. Senate bills passed by the Senate and reported to the House shall be referred to the appropriate committee unless the House otherwise directs. After this they shall be treated in the same manner as House bills.

## **RESOLUTIONS**

108. Resolutions shall be of three classes, as follows:

(1) *Joint Resolutions*: All proposed amendments to the Constitution shall take the form of a joint resolution which shall be subject to the rules which govern the proceedings on bills, except that it shall be read on three several days, and, to be adopted, must on its third reading be agreed to by a two-thirds vote of the members elected to the House. (Const., Art. 14, Sec. 2.) When a pro-

posed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[NOTE: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committees, for raising a joint assembly and other inferior and incidental purposes of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

### Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in triplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

### Action on Resolutions

110. All joint resolutions shall be referred to the appropriate committee, and when any other resolution is presented, containing no reference of the subject thereof to a committee, it shall lie over for one day, to come up under the ninth order of business unless a majority of the House orders otherwise.

## PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

## AMENDMENTS

### Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

### **Must Be Germane**

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

### **Time For Offering**

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

### **Reading and Stating**

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

### **By Striking Out Enacting Clause**

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

### **Amendment to an Amendment**

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

### **Amendment to Have Precedence Over Substitute**

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

### **Motion to Amend to Have Precedence Over One to Strike Out**

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

### **Filling Blanks**

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

### **No Amendment by Way of Rider**

121. No amendment by way of rider shall be received to any bill after engrossment.

### **Agreeing to Senate Amendments**

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary. (Const., Art. 7, Sec. 31.)

### **Amendment by Section**

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

### **Amending Titles**

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

### **Amendments to Senate Bills**

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing the same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate Amendment?*" But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

### **Amendments to Be Printed in Journal**

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

### **Speaking on Amendments**

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

## **JOURNAL**

### **Clerk to Keep**

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

### **Approval and Correction**

129. When the Journal has been read to the end that any mistake made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection be made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

### **Printing Official Copies**

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof, certifying that the same is the official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They

shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

### Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

### Inserting Motions in Journal

132. Every written motion made to the House shall be inserted in the Journal with the name of the member making it, unless it be withdrawn on the same day it is submitted.

## CHANGE OR SUSPENSION OF RULES

### Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[NOTE: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

### Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two-thirds of the members present. Unless there be a unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[NOTE: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

### Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit, *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[NOTE: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

## JOINT RULES OF THE SENATE AND HOUSE OF DELEGATES

### Joint Assembly

1. Whenever there shall be a joint assembly of the two houses, a brief account of the proceedings shall be entered upon the Journal of each house, except in the joint assembly for counting votes for state officers.

[NOTE: It is the custom to hold joint assemblies in the House Chamber and they are presided over by the Speaker. In such sessions the Clerk of the House acts as Clerk, assisted by the Clerk of the Senate. The President of the Senate is given a seat to the right of the Speaker and seats are arranged for the members of the Senate.]

### Joint Assembly to Open and Publish Election Returns

2. As soon as the Senate, being organized, is informed that the House of Delegates is ready to proceed, as provided by section three of article seven of the Constitution, to open and publish the returns of the elections for state officers, the Senate, preceded by its President and other officers, shall repair in a body to the hall of the House of Delegates. Upon their arrival the Sergeant-at-Arms of the House of Delegates shall announce the presence of the Senate. The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate have assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for state officers, held on the ..... day of ..... The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon his right, and the other members of the Senate and officers thereof to take seats assigned to them, and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House; and when completed and estimated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall, and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

### Disagreement and Conference

3. Whenever a measure of one house is amended in the other and the house in which it originated shall refuse to concur in the amendment, the house amending the measure may either insist or recede therefrom. But when a

measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary consequential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

#### **Messages Between the Houses**

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the Clerk of one house may communicate a message to the Clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

#### **Introduction of Bills**

5. No bill, other than an appropriation bill, shall be introduced in either house after the fiftieth day of the session unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill, and adopted by a two-thirds vote of all the members of each house present and voting.

#### **One House to Notify Other of Rejection of Bill**

6. When a bill or resolution passed in one house is rejected in the other, notice thereof shall be sent to the house in which the same shall have been passed.

#### **Record of Bills**

7. The Clerks of the two houses shall keep separate records or registers, in which shall be recorded every action taken by the Senate and House on each bill and resolution.

(2) *Committee on Joint Rules*—To consist of the presiding officers and two members of each house, to be appointed by the presiding officers.

(3) *Joint Committee on Government and Finance*.—The Joint Committee on Government and Finance shall consist of five members of the Senate and five members of the House of Delegates, of which not more than three of each House shall be members of the same political party, four of the members of the Senate committee shall be appointed by the President of the Senate and four of the members of the House committee shall be appointed by the Speaker of the House. The President of the Senate and the Speaker of the House shall be *ex officio* members of the committee and co-chairmen thereof. The committee shall begin its work as soon as practicable after the adjournment *sine die* of the regular session of the Legislature.

It shall be the duty of the committee to study and survey generally matters of government and finance and to make a report on its studies and findings, its expenditures and such recommendations as it may deem proper, to succeeding extraordinary and regular sessions of the Legislature; and such committee is hereby vested with power and authority to employ technical and clerical assistants, compel the attendance and testimony of witnesses, the production of books, records, documents and other papers, and shall be vested with and authorized to exercise all power and authority granted such committees by the statutes and Constitution of the State of West Virginia. The offices of the committee shall be maintained at the capitol building in Charleston, West Virginia.

The expenses of the committee shall be paid from the contingent fund of the Senate and contingent fund of the House of Delegates in equal amounts. The members of the committee shall receive no remuneration for their services other than actual expenses incurred in the discharge of their duties hereunder as approved by the committee.

(4) Such other joint committees as may be provided for by concurrent resolution. A bill or resolution referred to a joint committee may be recalled from such committee by the House in which it originated.

### Engrossed Bills to Be Filed With Clerk of House

12. All engrossed bills passed by, and joint and concurrent resolutions adopted by both houses shall be filed with the Clerk of the House to be kept with the rolls of the Legislature and to be used by him in printing and publishing the acts of the Legislature.

### Joint Committee on Enrolled Bills

13. The Joint Committee on Enrolled Bills shall consist of five members of the Senate and five members of the House of Delegates, to be appointed by the presiding officer of each house, whose duty it shall be to compare carefully all bills and joint resolutions passed by both houses, with the enrollment thereof, and to correct any errors or omissions they may discover and to make reports to their respective houses from time to time, of the correctly enrolled bills or joint resolutions. It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

### **Printing Enrolled Bills**

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, two hundred copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve of these copies shall be on seven and one-fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. From these copies all judges shall be furnished enrolled bills as provided for in section fourteen, article one, chapter four of the code.

### **Authentication of Enrolled Bills**

15. Enrolled Bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead, and they shall require all bills and joint resolutions before such authentication to be free from interlineations or erasures and destroy any previous enrollments containing any interlineations or erasures. A certificate, showing in which house the bill originated and when it takes effect, signed by the clerks of the two houses, shall be endorsed on the bill. After enrolled bills and joint resolutions are authenticated as aforesaid, they shall be signed by the Speaker of the House and by the President of the Senate.

### **Presenting Bills to Governor**

16. After a bill shall have thus been signed in each house, it shall be presented by the said committee to the Governor, for his approval. The said committee shall report the day of presentation to the Governor, which time shall be entered on the Journal of each house.

### **Record of Enrolled Bills**

17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented, and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

### **Action of Governor on Bills**

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become a law without his approval," and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the reconsideration and passage of said bill, and sign the same.

### **Joint Meetings of Committees**

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the Chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

### **What Shall Be Printed in the Journal**

20. The following shall always be printed in the Journal of each house:

- (a) Messages from the Governor and messages from the other house, the titles of all bills and the title and text of all resolutions.

- (c) A true and accurate account of the proceedings of each house.

### **Manner of Printing the Journal and Bills**

21. In printing the daily Journal of the proceedings of each house there shall be printed at the top of each page, except the first, the date of the Journal and on the last page of each day's Journal shall be printed the calendar for the next day.

At the top of the first page of each bill, preceding the title and number thereof, there shall be printed the name of the person by whom, or the committee by which, it was introduced and the date of introduction; and at the top of each page, except the first, shall be printed the number of the bill.

### **Use of Legislative Halls and Offices**

22. Permission to use, other than for statutory purposes, either Legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House as the case may be. During legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purpose whatsoever.

*Section Four*

CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

# THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS  
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident: that all men are created equal, that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every state of these oppressions we have petitioned for redress in the most humble terms: our repeated petitions have been answered only by repeated injuries. A prince, whose character is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and holds them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are, and of right ought to be, free and independent States: that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be, totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

(Signed) JOHN HANCOCK.

[All of the territory of West Virginia was taken from the Commonwealth of Virginia and in the first constitution forty-four of the above named counties were designated as forming the State of West Virginia, and in addition the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should the constitution be adopted by a vote of the people of the districts comprising the counties. The districts adopted the constitution and these six counties became a part of the State.

The remaining five counties were created by acts of the legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County, from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871; and Mingo County, from Logan County, on February 23, 1895.]

[The Senate is now composed of thirty-two, and the House of Delegates of ninety-four members.]

### **Senators and Delegates—Terms of Office**

3. Senators shall be elected for the term of four years, and Delegates for the term of two years. The Senators first elected shall divide themselves into two classes, one Senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years, and the second for four years, so that after the first election, one-half of the Senators shall be elected biennially.

### **Division of State Into Senatorial Districts**

4. For the election of Senators, the State shall be divided into twelve Senatorial districts which number shall not be diminished, but may be increased as hereinafter provided. Every district shall elect two Senators, but where the district is composed of more than one county, both shall not be chosen from the same county. The districts shall be compact formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the Senatorial Districts, so far as may be necessary to make them conform to the foregoing provision.

[There are now sixteen senatorial districts, as provided by Acts of 1937, Ch. 128.]

### Senatorial Districts Designated

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has eight Delegates.]

### **Arrangement of Senatorial and Delegate Districts**

The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. Vote on the amendment: For ratification, 51,405; against ratification, 26,651; majority, 24,754.

estimate of the appropriations: (1) for the Legislature as certified to the Board of Public Works in the manner hereinafter provided; (2) for the Executive Department; (3) for the judicial department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of the public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

*Third:* The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The Board of Public Works shall deliver to the presiding officer of each House the budgets and a bill for all proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Board of Public Works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officers of both Houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

### **Sub-Section C—Supplementary Appropriation Bills**

Neither House shall consider other appropriations until the budget bill has been finally acted upon by both Houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each House by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

### Sub-Section D—General Provisions

*First:* If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

*Second:* The Board of Public Works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The Board of Public Works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings, it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

*Third:* The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

*Fourth:* In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, except amendments thereto heretofore made and ratified by the people, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

### Motor Fuel and Motor Vehicle Revenue

52. Revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes, and all other revenue derived from motor vehicles or motor fuels shall, after the deduction of statutory refunds and cost of administration and collection authorized by legislative appropriation, be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways, and also the payment of the interest and principal on all road bonds heretofore issued or which may be hereafter issued for the construction, reconstruction or improvement of public highways, and the payment of obligations incurred in the construction, reconstruction, repair and maintenance of public highways.

But any tax measured by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

If, after such reconsideration, a majority of the members elected to that House agree to pass the bill, it shall be sent, together with the objections to the other House, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that House, it shall become a law, notwithstanding the objections of the Governor. But in all such cases, the vote of each House shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State within five days after such adjournment, or become a law.

### Waste and Unappropriated Lands

4. All lands in this State, waste and unappropriated, or heretofore or hereafter for any cause forfeited, or treated as forfeited, or escheated to the State of Virginia, or this State, or purchased by either and become irredeemable, not redeemed, released, transferred or otherwise disposed of, the title whereto shall remain in this State till such sale as is hereinafter mentioned, be made, shall by proceedings in the circuit court of the county in which the lands, or a part thereof, are situated, be sold to the highest bidder.

### Former Owner's Privilege

5. The former owner of any such land shall be entitled to receive the excess of the sum for which the land may be sold over the taxes charged and chargeable thereon, or which, if the land had not been forfeited, would have been charged or chargeable thereon, since the formation of this State, with interest at the rate of twelve per centum per annum, and the costs of the proceedings, if his claim be filed in the circuit court that decrees the sale within two years thereafter.

### Land Books—Taxes

6. It shall be the duty of every owner of land, or of an undivided interest therein, to have such land, or such undivided interest therein entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with taxes legally levied thereon and pay the same. When, for any five successive years, the owner of any tract of land, or undivided interest therein, shall not have been charged on such land books with State, county and district taxes thereon, then, by operation hereof, the land, or undivided interest therein, shall be forfeited and title vested in the State. But if, for any one or more of such five years, the owner of such land, or of any undivided interest therein, shall have been charged with State, county, and district taxes on any part of such land, such part thereof, or undivided interest therein, shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein, at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest, charged on such land books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein, for the year one thousand eight hundred sixty-three, and every year thereafter, with interest at the rate of ten per centum per annum, and pay all taxes and interest thereon for such years, and thereby redeem the land or interest therein: *Provided*, That such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited.

[This section, prior to its amendment, read as follows: "It shall be the duty of every owner of land to have it entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with the taxes thereon, and pay the same. When for any five successive years after the year 1869, the owner of any tract of land containing one thousand acres or more, shall not have been charged on such books with State tax on said land, then by operation hereof, the land shall be forfeited and the title thereto vested in the State. But if, for any one or more of such five years, the owner shall have been charged with State tax on any part of the land, such part thereof shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest charged on such books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein for the year 1863, and every year thereafter with interest at the rate of ten per centum per annum; and pay all taxes and interest thereon for all such years and thereby redeem the land or interest therein: *Provided*, Such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited."

The amendment as set forth above was proposed by House Joint Resolution No. 4, adopted January 22, 1934 (Acts Second Ex. Sess. 1933, p. 583) and was ratified at the general election in 1934. Vote on the amendment: For ratification, 257,090; against ratification, 177,796; majority, 79,294.]

## WEST VIRGINIA CHILDREN'S HOME

### Elkins

*Superintendent: Dee B. Gainer. Financial Secretary: Myrtle C. Gainer. Inmates: 80.*

The West Virginia Children's Home is located in Elkins. It was established by an act of the Legislature in 1899, and formally opened in 1911, to serve as a Home for orphan and neglected boys and girls. In 1935 an appropriation was allotted for an additional unit. The site upon which the two-story brick building is located, contains a 20-acre tract of ground facing Heavner Avenue. In addition to the ground site for the Home, there is a 127-acre farm used for grazing. A modern dairy barn and chicken houses are located on the Home site and a two-room school building with two teachers, one of whom is the principal, is operated on the County Unit plan. The purpose of the Home is to keep, train, educate and maintain the children between the ages of six to fourteen years, until they can be placed in foster homes. Religious training is provided, and every boy and girl who can do anything is given some job in the Home or on the farm. The sanitary conditions of the Home are excellent and the health of the children is very good. All meats, milk poultry products and our summer vegetables are raised on the Home site and farm.

## WEST VIRGINIA COLORED CHILDREN'S HOME

### Huntington

*Superintendent: David L. Hays. Inmates: 42.*

West Virginia Colored Children's Home, located in the City of Huntington, was incorporated in 1900 as West Virginia Normal and Industrial School for Colored Orphans. Purchased by the State in 1911 at which time the name was changed to West Virginia Colored Orphan's Home. For some years the institution was supported by private contributions raised by the general manager and friends and by income from the boarding hall and farm. In 1903 the Legislature made a yearly appropriation of \$1,500 and in 1910 this was raised to \$3,000. The purpose of this institution is to provide for Negro orphans and neglected children under the age of 16 and such other children of like age that may be surrendered by their parents in case the latter be invalid, to be kept, maintained, educated and trained until they can be placed in foster homes. The operating program of this institution provides for the total development of the total child to effective citizenship. Provisions have been made for pupils in the institution completing high school work to attend West Virginia State College or Bluefield State College.

**WEST VIRGINIA HOME FOR AGED AND INFIRM  
COLORED MEN AND WOMEN**

**McKendree**

*Superintendent: George W. Coats. Financial Secretary: Rosetta H. Reed. Physician: A. D. Belton, M. D. Dentist: Dr. Norman L. Collins. Nurse: Mary E. Davis.*

The West Virginia Home for Aged and Infirm Colored Men and Women, now located at McKendree in Fayette County, three and a half miles north of Prince, and 15 miles north of Beckley, on the Chesapeake and Ohio Railroad, was established by an act of the Legislature in 1923. The institution was established in Charleston, and in December 1928, was moved to Huntington. Over-crowded conditions and other reasons made it necessary to move the institution again, and on September 13, 1941, it was moved to McKendree, and is now occupying the buildings and grounds of what formerly was McKendree Emergency Hospital. There is sufficient accommodation for 100 inmates. Purpose is to furnish home and comfort for the aged, feeble, infirm and impaired physical condition, as the case may be, of those without means to support themselves, and who have no relatives, friends or organization upon whom, or which, to depend for care and support. Religious and social programs are provided and those physically able are given odd jobs in and around the institution. The home is maintained by the State, with each County or Department of Public Assistance paying a monthly fee for each person it sends to the home.

A separate cottage for segregating the small boys of the Institution has been provided and work has been started on a large scale cottage building program which will provide six cottages housing from twenty to thirty boys each. This will make possible the segregation of the remainder of the population according to age and according to seriousness of the offense for which committed.

## WEST VIRGINIA INDUSTRIAL SCHOOL FOR COLORED BOYS

### Lakin

*Superintendent: Ellsworth H. Harpole. Enrollment: 55.*

The manner in which people live and conduct themselves reflects their immediate and remote background. Any attempt at social rehabilitation must take these immediate and remote factors into consideration by setting up machinery which will offset detrimental social influences, revive one's religious and social concepts, and raise one's moral outlook. To this end, we have adopted as our motto, "Correction Through Education," and hope that through our efforts, boys committed here may eventually return to their respective homes and communities and live respectful, resourceful and fruitful lives.

West Virginia Industrial School for Colored Boys, located ten miles north of Point Pleasant, on State Route 62, was established in 1921 by an act of the Legislature. It is a correctional institution for delinquent Negro boys. Together with a six-grade elementary and six-year high school, the institution offers vocational courses in cooking, barbering, auto mechanics, woodwork, plumbing, and tailoring.

Many improvements have been effected at the institution over the past two years. These improvements include a swimming pool 81 x 40 feet, a new trades building which houses the auto mechanics, barbering, and tailoring units, indoor and outdoor basketball facilities, indoor and outdoor boxing facilities, tennis court, swings, high bars, indoor and outdoor volleyball facilities, and an improved baseball diamond. We compete with high schools throughout the State in our interscholastic program of basketball and football. Farm activities are confined to 4-H Club work in gardening, and poultry and swine raising.

The Penitentiary itself is a six-acre enclosure on a ten-acre tract of land surrounded by a solid wall of hand-cut sandstone, 675 by 395 feet, 24 feet high, 7 feet wide at base, tapering to 28 inches at top, on which is a stone walk-way 42 inches wide. Aimed at reducing the hazards of involuntary idleness, several prison industries have been developed through authority of the 1939 Legislature. These shops are now making commodities for which there is a constant demand in the prison and other state institutions. None of the products manufactured are being sold on the open market. Also contributing greatly to relief of idleness is utilization of prisoners on road construction projects. The 1947 Legislature authorized separate management and control of the West Virginia Medium Security Prison at Huttonsville. The West Virginia State Prison for Women has been established at Pence Springs, therefore, all female inmates have been transferred to the new institution.

All provisions of the law applicable to the Penitentiary are in effect, except that criminal proceedings against inmates of this institution are brought in the Circuit Court of Randolph County.

## FEDERAL REFORMATORY FOR WOMEN

### Alderson

*Warden:* Miss Helen Hironimus

*Associate Warden:* Miss Margaret C. Jones

*Administrative Supervisor:* Richard Hendricks

The Federal Reformatory for Women is situated amidst the foothills of the Allegheny Mountains in Summers, Monroe and Greenbrier Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal prisoners in the United States and the insular possessions and has a capacity of 500. There are fifteen buildings housing inmates, a Hospital, Administration Building, Laundry, School Building and Auditorium, Storehouse, Shops and an extensive farm with modern dairy, piggery and truck gardens. The Enabling Act specified that each inmate should be given training that would fit her to be self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program of cleanliness, industry and education in citizenship. Classification and casework is highly developed to provide for adequate training within the institution and proper placement in jobs after release.

## UNITED STATES SAVINGS BONDS DIVISION FOR WEST VIRGINIA

**UNITED STATES TREASURY DEPARTMENT**  
**Office of State Director: 105 Federal Building**  
**Telephone Capitol 37-677, Charleston 1**

### State Administrative Staff

<i>State Director:</i> Bernard S. Payne.....	Charleston
<i>Deputy State Director:</i> Robert C. Fashbaugh.....	Charleston
<i>Secretary-Office Manager:</i> Lena Kinzel.....	Charleston
<i>Clerk-Typist:</i> Marie B. Havnar.....	Charleston

The United States Savings Bonds Division for West Virginia, successor to the Treasury Department's wartime financing organizations in the State—West Virginia War Savings Staff and West Virginia War Finance Committee—came into being on January 1, 1946, following the successful termination of the Victory Loan drive, in which the State's army of Bond volunteers achieved an all-time high sales performance of 233 per cent of assigned quota.

Establishment of the Treasury's peacetime Savings Bonds organization was mainly one of consolidating the wartime gains made in the habits of thrift by insuring availability of Savings Bonds and Stamps at as many outlets as possible, and encouraging their purchase by the continuance of the methods so successfully employed during the war.

The United States Savings Bonds Division is a part of the office of the Secretary of the Treasury. National Director is Vernon L. Clark, of Des Moines, Iowa. State organizations are headed by state directors. Director for West Virginia is Bernard S. Payne, of Charleston, who became identified with the War Savings Staff as Deputy Manager in May, 1942, later being named executive manager of the West Virginia War Finance Committee. Prior to his affiliation with the Bond program, he was engaged in newspaper work in Columbus, Ohio, Welch and Williamson.

Following the retirement from the "firing line" of the hundreds of patriotic West Virginians who gave unstintingly of their time and talents to the war financing effort, State Advisory Committee was formulated in February 1946, "to provide every volunteer who so desired a further opportunity for public service." The Committee is composed of approximately one hundred prominent citizens representing business, banking, industry, the church, education, labor, the press, radio, professions, and civic and social organizations. At the request of the Honorable Fred M. Vinson, then Secretary of the Treasury, A. C. Spurr, President of the Monongahela Power Company, of Fairmont, who served as State Chairman of the West Virginia War Finance Committee, accepted the state chairmanship of the advisory committee.

The U. S. Savings Bonds program provides for the financial security of the individual and is of the utmost importance to the national economy. Widespread ownership of Savings Bonds helps effect wide distribution of the national debt, spreads maturities by cutting down the large floating and short-term debt, helps reduce the amount of the debt held by banks and the Federal Reserve System, stabilizes purchasing power, and aids in leveling the peaks and valleys of business.

Regular and systematic purchases are made possible through Payroll Savings Plans where people work, and a Bond-A-Month Plan offered by banks to customers with checking accounts.

Three securities comprise the Treasury Department's peacetime Savings Bonds program. They are: Series E, a ten-year appreciation bond bearing interest of 2.9%, compounded semi-annually, when held to maturity; Series F, a twelve-year appreciation bond with a yield of 2.53% if held to maturity; and Series G, a twelve-year current income bond with a yield of 2.5% each year, semi-annually, by Treasury check.

Sales of U. S. Savings Bonds in West Virginia in 1946 totaled \$62,475,844, of which \$45,187,492, or 72%, was in Series E Bonds to individuals. A study by the Division of Research and Statistics of the Treasury Department revealed that the best sales performances in the nation in 1946 were turned in by the District of Columbia, West Virginia and eleven middle-western farm states.

Sales in 1947 amounted to \$62,567,625, a slight increase over the previous year's sales which in the face of rising living costs and many other adverse factors represented a remarkable achievement. Purchases of Series E Bonds by individuals accounted for 71 percent of the total. On the basis of sales performance against quota, West Virginia tied with Illinois for 12th place in the nation in 1947. Sales for the first seven months of 1948 totaled \$41,588,909.

In 1859 John Brown, the Kansas abolitionist, and a party of followers seized this little engine house which at the time was serving as a government arsenal at Harpers Ferry, West Virginia. The "fort" was dismantled in 1892 and shipped to the Columbian Exposition at Chicago. It was later returned to Harpers Ferry, where it is now being used as a museum on the campus of Storer College.

## WEST VIRGINIA NATIONAL GUARD

(Corrected to September 1, 1948)

CLARENCE W. MEADOWS, *Governor*  
*Commander-in-Chief*

CHARLES R. FOX, *Brigadier General*  
*The Adjutant General*

The West Virginia National Guard is authorized and governed by Article I, Chapter 15, of the West Virginia Code and is constituted as both State and Federal force by authority of the National Defense Act approved 3 June 1916, as amended to January 1, 1945, inclusive. The National Guard is a reserve component of the Army of the United States and is composed of officers and enlisted men who volunteer for duty and are qualified in accordance with Federal and State regulations governing same. In time of peace, the National Guard is a State force, controlled by the Adjutant General as a principal military representative of the Commander-in-Chief. The Adjutant General issues, in the name of the Governor, all orders to the National Guard, disburses funds appropriated by the State Legislature for this purpose and acts as Chief of Staff for the Commander-in-Chief. In the event of war, insurrection, rebellion, invasion, tumult or a case of imminent danger of said events, or in the event of public disaster, the Governor has power to order the West Virginia National Guard or any part thereof, into the active service of the State and to cause them to perform such duty as he shall deem proper. The National Guard is equipped and paid by the Federal Government, but must meet certain organizational and training standards to qualify for Federal recognition. When Congress declares a national emergency and authorizes the use of armed forces requiring troops in excess of those in the Regular Army, the President of the United States may order the National Guard into the active military service of the United States. Initial enlistments in the National Guard are for a period of three years with reenlistments authorized for either one or three years.

# OFFICIAL MUNICIPAL REGISTER

(Corrected to September 1, 1948)

## CLASS I, II AND III CITIES

Under the provisions of Chapter 56, Acts of the Legislature, regular session, 1939, municipal corporations are classified by population as follows: (1) Population in excess of 50,000, Class I city; population more than 10,000 and not more than 50,000, Class II city; and population more than 2,000 and not more than 10,000, Class III city. Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Population is determined on the basis of the last preceding census taken under the authority of the Congress of the United States or the Legislature of West Virginia. Census of 1940 is used as basis in determining class of cities listed in Register.

### Salem—Harrison County

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio river at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway No. 43 pass through it. It is the birthplace of Congressman Jennings Randolph and the great

## CAPITOL BUILDING

West Virginia's Capitol Building, one of the most beautiful in the nation, was completed in February, 1932, at a cost of \$9,491,180.03.

Made up of three wings, the main one of which faces the Great Kanawha River, the building covers 16 acres of ground and has 333 rooms. Floor space is 535,000 square feet. The Building contains 10,300,000 cubic feet. Exterior of the building is Indiana buff limestone and interior is Imperial Danby Vermont marble. Nearly 5,000 tons of steel went into the construction. The dome is 300 feet high.

Other interesting facts about the building are:

Chandelier in dome weighs 4,000 pounds, has 15,000 candle power, and is suspended 180 feet above floor by a gold chain 54 feet long.

Rug in Governor's reception room weighs 1,809 pounds and measures 26 by 60 feet.

Chandeliers in House and Senate chambers each are made up of 10,000 separate pieces of rock crystal.

Bronze doors on porticos weigh 2,800 pounds each.

## WEST VIRGINIA STATE FLAG

The present design for the West Virginia State Flag was adopted by the Legislature on March 7, 1929. The proportions are the same as those of the United States ensign.

The field is pure white, upon the center of which is emblazoned in proper colors the coat-of-arms of the State, upon which appears the date of the admission of West Virginia into the Union and the motto, "*Montani Semper Liberi.*"

Above the coat-of-arms of the State of West Virginia there is a ribbon lettered "State of West Virginia," and a wreath of *rhododendron maximum* in proper colors is arranged appropriately around the lower part thereof. The field of pure white is bordered by a strip of blue on four sides.

A picturesque bend of the Shenandoah River near historic Charles Town, West Virginia. The wide northern tip of the Shenandoah Valley stretches in the distance to the Allegheny mountain range. This scene can be viewed by motorists from a roadside lookout area on State Route 9.

# AERONAUTICS

Improvements in transportation facilities have been accompanied throughout world history by far-reaching changes in the political, economic, and social standards. Sailing ships resulted in explorations for new trade routes, which created new markets and brought exchanges of ideas and conflicts between peoples. The railroad in the United States encouraged the expansion and development of a vast nation and brought the forty-eight states within a four-day reach of one another. The automobile made possible inter-city bus traffic and private automobile traffic over routes previously untouched by rail. Automobile safety education became a major need before educators realized it, and thus far has been inadequately presented to the American public.

Now the airplane makes possible travel in a medium that knows no physical barriers; a four-day train trip is reduced to a seven-hour flight; a five-day ocean voyage is reduced to a ten-hour flight. Air Travel for business and pleasure will increase, and a great expansion of commercial transportation and private flying is certain.

In West Virginia alone and from one airport (Kanawha Airport) there are some forty flights daily making connections to all parts of the United States and foreign countries. As of April 1, 1948, West Virginia was accredited with 1,604 private pilots, 1,228 commercial pilots and 6 airline transport pilots. Records further show that there are now 680 aircraft registered in the State.

American education and State education has a definite responsibility in the aviation program. It must prepare youth to understand the social significance of the airplane, to participate in the development of air commerce and private flying, and to meet the social, economic, and political complexities of the Air Age.

Air Age Education in the elementary schools should give children basic understandings of the airplane and how it may be used to help them, knowledge of the main parts of the airplane, the types of aircraft, how the plane flies, its public and private uses, and an introduction to the use of the airplane in relationship with our world neighbors.

The airplane has raised questions of a scientific nature in the minds of elementary students which they demand be satisfactorily answered. The importance of the teacher's attitude toward these questions cannot be overestimated. In some cases the child and the community are more aware of aviation than the teacher. It is important that the teacher be interested and well informed in order to meet the needs of the child.

Children of different grade levels are likely to present Air Age questions which should be given discriminating thought. Such local occurrences as a hurricane or hailstorm present a learning situation in weather. Children will ask why and how an airplane flies, why a pilot must have oxygen at high altitudes, how an aviator finds his way over uncharted waters and how fast we may fly to foreign lands.

On the initiative of the teacher, aviation materials may be used to good advantage in supplying interest for work in arithmetic skills, spelling, reading, vocabulary study and purposes of remedial work. The uses and functions of various maps, charts, and globes may also be taught, for the geography of the world of air travel is not the geography of yesterday's textbook.

When we allow education in this Air Age to become a program of action, we will have world peace. If we do this soon enough, we will prevent the great atomic or cosmic cataclysm. There is one thing certain: If we do nothing, our children will not only fail in the Air Age, but many of them will perish.

West Virginia's mountain highways are flanked in early summer by masses of rhododendron blossoms. From early June until August this flowering shrub furnishes magnificent displays of color ranging from pure white to pink and dark purple in all sections of the Mountain State. A view from Stuart Memorial Drive in Monongahela National Forest, above, is typical of the spectacles of distant mountains and rhododendron beds offered to visitors.

## FISHING STREAMS AND SPECIES

(Compiled by B. D. Wills, Hatcheries Supervisor, Conservation Commission)

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish. Fishing in any of these streams does not necessarily indicate that the Conservation Commission promises the limit of fish to each fisherman. This is intended merely as a guide.

## DEPTH AVAILABLE FOR NAVIGATION

(Data furnished by the War Department)

**Ohio River**—Improvement of the Ohio River, as authorized by Congress in the River and Harbor Act of June 25, 1910, provides for a channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The system of locks and dams throughout the river provides a navigable depth of 9 feet at ordinary river stage. New dams of modern design have been completed near Hogsett, West Virginia, (Gallipolis Locks and Dam).

at Montgomery Island, 32 miles below Pittsburgh, Pennsylvania, and at Emsworth Locks, 6.2 miles below Pittsburgh, Pennsylvania.

**Monongahela River, West Virginia and Pennsylvania**—The existing project provides for improvement of the river by 13 locks and dams to afford slack-water navigation for its entire length from Pittsburgh, Pennsylvania, to one mile above Fairmont, a distance of 128 miles. The project is approximately complete and the controlling depth between Pittsburgh and Point Marion, Pennsylvania, 90.6 miles above the mouth is 9 feet, and above Point Marion 7 feet to the upper limits of the project.

**Kanawha River, West Virginia**—The existing project provides for the construction of 3 modern dams on the Kanawha River, with twin locks at London, Marmet and Winfield, and the Gallipolis locks and dam on the Ohio River, near Hogsett, West Virginia, to furnish a 9-foot navigable depth from the Ohio to a point 90.57 miles above the mouth. The dams at London and Marmet were completed in 1934, and the Winfield dam in 1937. The Gallipolis locks and dam were completed in October, 1937, thus making available a channel depth of 9 feet from the mouth of the river to the head of navigation.

**Big Sandy River, West Virginia and Kentucky, including Levisa and Tug Forks**—Under the existing project, 3 locks and dams were constructed on the main river, and one lock and dam were constructed each on Levisa Fork and Tug Fork. Only the lower lock and dam on the main river is in operation at the present time to provide a slack-water depth of 6 feet from the Ohio River to a point about 7 miles above the mouth. The remaining two structures on the main river have movable dams which are placed in use only at such times as the needs of navigation require. The Levisa Fork Lock and Dam No. 1 and the Tug Fork Lock and Dam No. 1 have not been operated for several years.

**Tygart River Reservoir**—The Tygart River Dam, located on the Tygart River, 2¼ miles upstream from Grafton, as authorized by the Public Works Administration January 11, 1934, and approved by Congress in the River and Harbor Act of August 30, 1935, provides for a dam 1,880 feet long and 207 feet high for the storage of 290,000-acre tract of water to control floods and aid navigation in the Monongahela River. The dam has been completed and is now in operation as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania, and the upper Ohio Valley generally.

**Bluestone Reservoir Project**—This project, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress under the Flood Control Act of 1936. Construction of the project was begun early in 1942; however, the work was suspended in 1944 because of the war emergency. Construction was resumed in January 1946, and has been prosecuted steadily to the present advanced stage of project completion. The project is expected to cost about thirty million dollars when completed late in 1950. The dam will be 165 feet high and 2,061.5 feet long. The reservoir will have a capacity of 631,000-acre feet to serve a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the reservoir will vary about 5 feet, with a minimum pool of 7.8 miles in length and 1,020 acres in area that will utilize about 11,000 acre-feet of the total reservoir capacity. The remaining reservoir capacity will be reserved for impoundment of flood flows as required for flood control.

**Little Kanawha River, West Virginia**—The existing project provides for 5 locks with fixed dams, to give a navigable depth of 4 feet from the mouth of the river to Creston, a distance of 48 miles. Under this project one lock and dam was constructed and 4 were purchased from the Little Kanawha Navigation Company. Only the lower lock and dam is in operation at the present time to provide a slack water depth of 4 feet from the Ohio River to a point about 14 miles above the mouth. The remaining structures are placed in use only at such times as the needs of navigation require.

# TRADE AND INDUSTRIAL TRENDS IN WEST VIRGINIA

(Prepared by the Research Staff, West Virginia Chamber of Commerce)

Statistics recording the pace of West Virginia business activity for the first half of the calendar year 1948 are preponderantly favorable. Every competent worker genuinely seeking employment is engaged, and aggregate wage payments for the first half of the year are \$51 million above those of the first 6 months of 1947 although coal miners lost more than \$40 million in pay during the March-April strike. For the first time in the State's history, the gross income of West Virginia's population is exceeding a \$2 billion annual rate.

Building construction in West Virginia is making the most spectacular performance of any of the State's business indicators. For the first 6 months of 1948, construction contracts awarded in the State totalled \$63 million, or only \$6 million less than those for the entire year of 1947. This \$63 million of contracts in the first half of 1948 is nearly \$19 million more than the total for the first half of 1946, the previous record year, and if the present rate of building holds to the end of 1948, the aggregate for the calendar year will substantially exceed \$100 million or \$16 million more than the record total of \$84 million in 1946. While these figures may be somewhat misleading because of inflated unit costs, the physical volume of post-war construction is nevertheless encouraging. Building permits (mostly residential) granted in the State's 22 largest cities in the first half of 1948 gained 51.5% over the comparable period of 1947, this half-year total of \$22 million being more than the total for the entire year 1946.

Electrical energy production in West Virginia (always a good index of industrial activity) rose almost three-quarters of a billion KWH in 1947 over the 1946 figure, and this 1947 volume was more than one hundred million KWH greater than ever before produced in the State. Production of electrical energy in the first six months of 1948 is up 6.4% over the like period of 1947, and the State is well on its way to establishing another all-time high in 1948. It is notable, however, that less than 3% of the State's bituminous coal output was used for power production in 1947.

Employment and wages generally reached new high levels in West Virginia during 1947, and the number of gainfully employed persons was equal to one in three of the entire population. The number of workers in the coal mining industry during the first half of 1948 was nevertheless greater on the basis of monthly averages than in 1947, although the average monthly wages were less due to the strike which occurred in the Spring of 1948. In the iron and steel industry, the average number of workers employed each month in the first half of 1948 was less than the 12-month average for 1947 but the average monthly wages paid were more. The same pattern prevailed in the glass and chemical industries. In the oil and gas industry, however, both the average number of workers and the average wages paid during the first 6 months of 1948 were above the monthly averages in 1947, most of the gain being accounted for in the production of natural gas because of increasing demands for this fuel, not only in West Virginia but in neighboring industrial and population centers, have greatly spurred the explorations of new fields as well as drilling to deeper sands in old West Virginia fields. Oil production in the State during 1947 was at a lower ebb than in any year of the past half century, and while production in the first half of 1948 was 5.5% greater than in the first half of 1947, the near exhaustion of the old fields and dwindling reserves discourage the expensive drilling now required.

Employment and payroll levels in the lumber industry in the first 6 months of 1948 were above those of 1946, but were considerably less than in 1947 when lumber production in West Virginia attained a peak reached only twice in the past 23 years. Shortages, particularly of labor, prevent capacity production from the State's forests and sawmills, output in the first half of this year being 23% below that of the like period in 1947, a loss of no less than 72 million board feet.

As compared to the first half of 1947, sales of 774 West Virginia retail stores for 6 months of 1948 were up 12%; checking transactions of the 89 largest commercial banks increased 17%; sales of ordinary life insurance increased 11.6%, and the receipts of the State's 24 largest post offices gained 11.4%.

# STATE DEPARTMENT OF HEALTH

The highest birth rate on record for West Virginia was established in 1947 when 54,170 births, exclusive of stillbirths, were recorded. This gave a rate of 29.3 live births per 1,000 population. The previous high rate of 28.4 per 1,000 population was established in 1925.

Of the total number of live births, 59 per cent were born in hospitals and an additional 37.9 per cent were born at home attended by physicians. This left only 3.1 per cent attended by midwives and other or unknown attendants. The number of births occurring in hospitals has increased from 6,336 in 1937, when only 15 per cent occurred in hospitals, to 31,983 during 1947.

In order that mortality statistics for West Virginia be consistent and comparable with those of other states, assignment of the primary causes of death are made according to the Manual of the International List of Causes of Death and Joint Causes of Death. During 1947, the total number of deaths in West Virginia was 17,188, an increase of 6.8 per cent over the 16,084 deaths in 1946. The death rate for 1947 was 9.3 per 1,000 population as compared to 8.9 for the previous year.

Three-fourths of all deaths in 1947 were the result of the ten leading causes of death. Heart disease, still by far the greatest killer, caused 4,470 deaths. This was the greatest number recorded in any one year from this cause.

In 1947, cancer mortality continued its upward trend with 1,947 deaths and a rate of 105.3 deaths per 100,000 population. It ranked second only to diseases of the heart and was the cause of one out of every nine deaths.

The ten leading causes of death for 1947 were:

Diseases of the Heart.....	4,470
Cancer and Other Tumors.....	1,947
Cerebral Hemorrhage.....	1,542
Accidents (except Motor Vehicle).....	1,099
Pneumonia and Influenza.....	1,013
Nephritis .....	944
Premature Birth.....	734
Tuberculosis .....	681
Diabetes .....	403
Motor Vehicle Accidents.....	399

Of all deaths, the greatest number occurred among persons 65 years and older, with a total of 7,793 deaths. The age group 55 through 64 years accounted for 2,515 deaths and ranked second, while infants under one year of age ranked third in the greatest number of deaths. Fourth, was the age group 45-54 years, with 1,722 deaths, and 1,079 persons died between the ages of 35 to 44 years.

The death rate for infants under one year of age was lower in 1947 than in any previous year for which records have been kept. The total number of infant deaths was 2,091 with a rate of 38.6 deaths per 1,000 live births. This may be compared with the previous low record of 1946 when there were 1,969 deaths and an infant death rate of 40.9 per 1,000 live births. The leading causes of death in this age group were premature birth, congenital malformation, diseases of the respiratory system and injury at birth, respectively.

In 1947, there were 1,414 infants who died before they reached one month of age. This total was slightly higher than in 1945 and 1946. However, the neonatal death rate in 1947 was 26.1 deaths per 1,000 live births and was the lowest rate recorded. Premature birth continued to lead all other conditions and diseases as a cause of death among newborn infants, followed by birth injury, congenital malformation and diseases of the respiratory system, respectively.

Deaths from diseases and conditions of pregnancy and childbirth caused 83 maternal deaths in 1947 with a death rate of 1.5 per 1,000 live births. Hemorrhage of childbirth was responsible for the largest number of deaths, followed by infection during childbirth and toxemia, respectively.
