

WEST VIRGINIA BLUE BOOK

1954

Compiled and Edited by
J. HOWARD MYERS, Clerk of the Senate
Charleston, West Virginia

JARRETT PRINTING COMPANY, CHARLESTON, W. VA.

Foreword

In compiling the usual information for the Blue Book, we try each year to add interesting and useful new material for its users.

In this Volume 38, will be found the second and final report from "Sims' Index to Land Grants in West Virginia", the first part of which was in Volume 37.

Lists of Assistant Prosecuting Attorneys, legal filing systems in the various Circuit Clerks' offices, and a complete list of all the Governors of West Virginia, will also be found this year.

Descriptive matter, along with a picture in color of the new West Virginia Turnpike, should be of interest to many. A new index to the section on Clubs and Organizations should make it more usable. We are indebted to the Conservation Commission and the Industrial and Publicity Commission, for the preparation of a conservation map appearing in the back of this volume. It is hoped that these and other new material might add to the usefulness of the Blue Book.

Our thanks to all of the contributors who so kindly furnished us with material, and particularly to the State, County and City officials who have taken such pains and trouble to assist us in compiling this new Volume 38 of the West Virginia Blue Book.

Sincerely,

J. HOWARD MYERS.

DEPARTMENT OF EMPLOYMENT SECURITY

CABELL S. DAVIS, Director

Fourth Floor, East Wing, Capitol

Salary of Director: \$8,000 per year. Appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor.

Advisory Council: \$25 per day for each day actually served in discharge of duties, also necessary expenses. Six members appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor. Two members represent employer interests, two employee interests and two the interests of the general public. Meets first Monday in January, April, July and October. Limit of 30 day's service in any year.

Board of Review: \$5,550 per year each. Three members appointed by Governor, with advice and consent of Senate. Term: Six years. Nonpartisan. Governor designates chairman.

Purpose is to promote social and economic security by reducing, as far as possible, the hazards of unemployment. Through compulsory system of unemployment reserves, it provides measures of security to families of unemployed persons and guards against menace to health, morals and welfare arising from unemployment. To fulfill these purposes the Department pays weekly unemployment benefits to workers who are unemployed due to lack of work and who are in the labor market. The funds for payment of benefits are derived from a pay roll tax paid by West Virginia employers under the terms of the Social Security Act.

Council serves as advisory body to Director. Board of Review hears and determines disputed claims, appoints examiners, organizes appeal tribunals and exercises such additional powers as may be necessary for the proper conduct of a system of administrative review of disputed claims.

DEPARTMENT OF PUBLIC SAFETY

(West Virginia State Police)

R. W. BOYLES, Superintendent

Ground Floor, Main Unit, Capitol

Salary of Superintendent: \$7,000 per year. Appointed by Governor, with advice and consent of the Senate, for a term of four years.

Board of Commissioners: \$10 per diem for days actually served in discharge of duties and expenses; consists of two members, bipartisan, appointed by the Governor, by and with consent of the Senate for a term of two years.

Retirement Board: Consists of the Attorney General, the State Treasurer, the Superintendent, and two members in active service of the department, elected by vote of members, who serve without compensation.

The Department of Public Safety is a state police department with state-wide general police power, created in 1919 to preserve the peace, protect life and property, prevent crime and apprehend criminals. With at least one detachment in each county and a large fleet of two-way radio equipped vehicles, the state police handle a large share of the investigation of major crime and apprehension of dangerous criminals, and take primary responsibility for patrolling the highways, enforcing the traffic laws and preventing motor vehicle accidents, besides many miscellaneous services in the public interest, including duty at the scene of emergencies, riots or disasters.

The Board of Commissioners hears charges filed against any officer or member of the department, including the Superintendent, or appeals of charges filed against officers or members with the Superintendent if the Superintendent fails to suspend or dismiss any officer or member after such charges are filed.

The Retirement Board has power to make, revise and terminate awards from the Department Death, Disability and Retirement Fund to retired or disabled members, or to beneficiaries of deceased members.

The President having taken the chair, and a quorum being present the journal of the preceding day shall be read, to the end that any mistake may be corrected that may have been made in the entries.

2. The presiding officer of the Senate may call a member to the chair who shall exercise his functions for the time being, but no member by virtue of such appointment, shall preside for a longer period than three days.

3. The presiding officer of the Senate shall have the regulation of such parts of the Capitol and of its passage as are, or may be, set apart for the use of the Senate, its officers and committees.

Admittance to Senate Chamber

4. No person except members of the House of Delegates, the heads of the executive departments, the governor's private secretary, ex-members of the legislature, judges of the supreme court of appeals, circuit courts and of other courts of record, representatives of the press duly accredited to the Committee on Rules, and legislative attaches engaged in the proper discharge of their duties, shall be admitted within the Senate chamber while the Senate is in session. No person, not a member of the Senate, shall, while within the chamber when the Senate is in session, seek in any manner whatsoever to influence the vote or opinion of any Senator on any subject of legislative consideration, under penalty of disbarment from the chamber for the remainder of the legislative session. No attache of the Senate shall, at any time, engage in such activity, under penalty of immediate dismissal of the Committee on Rules.

Duties of the Clerk—Official Journal

5. The Journal of the Senate shall be daily drawn up by the Clerk and shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. After the printed Journal has been approved and fully marked for corrections, the type from which it was printed shall be changed in accordance therewith, and from the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal. In addition thereto ten copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof signed by the President and Clerk of the Senate certifying that the same is the official Journal of the Senate. They shall be bound in flexible binding and bear the imprint on the back, "Official Journal of the Senate of West Virginia," with designation of regular or extra session and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the House of Delegates.

6. The Clerk of the Senate shall not suffer any records or papers to be taken from the table, or out of his custody, by any person except a chairman of a committee but he may deliver any bill or paper, directed to be printed, to the printer of the Senate, or to any member of the Senate on taking his receipt for the same.

7. The Clerks of the Senate and House of Delegates may interchange messages between the hours of adjournment and that of meeting on the following day, so that said message may be read immediately after the usual order of the day.

Powers of the Senate Over Its Members

8. A majority of the Senators shall be necessary to proceed to business; two members may adjourn, and three members may order a call of the Senate, send for absentees, and make any order for their censure or discharge. On a call of the Senate, the doors shall not be closed against any member until his name shall have been twice called.

9. In case of less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

10. No Senator shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Privileges and Elections, and reported to the Senate, unless by order of the President of the Senate.

11. The Senate may punish its own members for disorderly behavior, and with the concurrence of two-thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., art 6, sec. 25.)

12. The Senate may punish by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its officers in the discharge of their duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., art. 6, sec. 26.)

Privileges of Members

13. Every member, when speaking, shall stand in his own place, and address the President and when he has finished, take his seat.

14. Every member within the Senate chamber, when a question is put, shall vote unless he is immediately and particularly interested therein, or the Senate excuse him. All motions to excuse a member from voting must be made before the Senate divides or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason why, in his opinion, it ought to be adopted.

15. If a member be called to order, for words spoken in debate, the person calling him to order shall repeat the words excepted to, and they shall be taken down in writing at the Clerk's table; and no member shall be held to answer, or be subject to the censure of the Senate for words spoken in debate, if any member has spoken, or other business has intervened after the words spoken and before exceptions to them have been taken.

Roll Calls

16. No member of the Senate, or other person except the Clerk and his assistants, shall visit or remain by the Clerk's table while the yeas and nays are being called or counted.

17. No member shall speak more than twice upon the same subject, without leave of the Senate; nor more than once until every member choosing to speak shall have spoken.

18. While the President is reporting or putting a question, none shall entertain private discourse, read, stand up, walk into, out of, or across the Senate Chamber.

19. No question shall be debated until it has been propounded by the Chair, and then the mover shall have the right to explain his views, in preference to any other member.

20. While the President is putting the question, any member who has **not** spoken before to the matter may speak to the question before the negative is **put**.

21. During any debate, any Senator, though he has spoken to the matter, may arise and speak to the orders of the Senate, if they be transgressed, in case the President does not; but if the President stands up at any time, he is first to be heard.

Absence Without Leave

33. Each bill shall be prepared in triplicate, signed by the member or members (not to exceed two) by whom it is to be introduced and be filed with the Clerk not later than two o'clock P. M. of the Legislative day next preceding its introduction. The original copy shall be the official bill for the use of the Clerk, committees and for the permanent files; the second for printing or copying; and the third for the use of the press and the public.

Each bill shall be numbered, edited and corrected as to form by the Clerk and reported by him to the Senate on the next Legislative day, under the fifth order of business. In case of urgency, on motion for leave agreed to by a majority of the members present, if a quorum, a member may introduce a bill from the floor.

Bills to Be Read on Three Separate Days

34. All bills originating in the Senate shall be read on three separate days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays, on each bill, this rule be dispensed with.—(Const., art. 6, sec. 29.)

Title of Bills

35. In the title of all bills to amend chapters or sections of the Code, or acts passed since the Code was adopted, the several committees to whom they are referred, or by whom they originated, shall insert the subject matter of the chapter.

36. All engrossed bills shall be fully and distinctly read when put upon their passage.—(Const., art. 6, sec. 29.)

Reference to Committees

40. All bills passed by and reported from the House of Delegates shall be read by their titles and referred to the appropriate committees unless the Senate otherwise directs. They shall then be proceeded with in the same manner as Senate bills. All bills introduced on leave shall be read by their titles and referred to the appropriate committee without printing, and shall be treated in committee as resolutions of inquiry, and if the committee report a bill different from one introduced such bill shall be received and treated by the Senate as the original bill, and shall be read a first time and printed, unless in any of the aforesaid cases the Senate shall direct otherwise.

41. On each reading of the bill the Clerk shall state whether it is the first, second or third reading of such bill.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be re-printed, and shall be the engrossed bill. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill. All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over the Joint Committee on Enrolled Bills. In the case of a House bill on second reading if the same be amended, the amendment, or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

Messages

Passage of Bills and Joint Resolutions

45. When a bill or joint resolution is put upon its passage, the President shall propound the question, "Shall the bill (or joint resolution as the case may be) pass?" On the passage of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on the second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

Motions

46. When a question is pending, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone the question to a different day, to commit, to amend, or to postpone indefinitely, which several motions shall have precedence in the order in which they are herein arranged.

47. On the first reading of a bill, a motion to reject the bill shall be in order.

Adverse Report by Committee

48. If a committee shall have reported adversely to a bill, the President, immediately after the report of said committee is read shall put the question: "Shall the bill be rejected?", which question shall have precedence over all motions, except a motion to adjourn.

Reconsideration of Vote

49. The question being once determined must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order to reconsider any vote only within two legislative days next after the one upon which such vote was taken. A motion to reconsider shall be in order only when made by a Senator who voted with the prevailing side, and when the vote was not taken by yeas and nays all Senators will be conclusively presumed to have voted with the prevailing side.

50. When motions are made for reference of the same subject to a select committee, and to a standing committee, the question in reference to the standing committee shall be first put.

Division of the Question

51. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

52. In filling the blanks, the largest sum and longest time shall be first put.

Previous Question

53. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

Yeas and Nays

54. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order, excepting, however, the name of the President, which shall be called last.

55. The yeas and nays on any question shall, at the desire of one-tenth of the members present, be entered on the Journal and any member may enter any protest on the Journal upon the determination of any question. After the yeas and nays shall have been taken, and before they are counted or entered on the Journal, the Clerk shall read over the names of those who voted in the affirmative and those who voted in the negative, at which time any member shall have the right to correct any mistake committed in enrolling his name.

56. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question of agreeing to the bill or joint resolution, as amended shall be again voted on by yeas and nays in the Senate, and the

result entered upon its Journal. In all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 6, sec. 31.)

57. In all elections of officers which may take place in the Senate the vote of a majority of all the members elected to the Senate shall be necessary.

58. In all elections of officers which may take place in the Senate the vote shall be *viva voce*, and be entered upon the Journal.—(Const., art. 6, sec. 44.)

Executive Session

59. When nominations shall be made in writing by the Governor to the Senate, a future day shall be assigned, unless the Senate unanimously direct otherwise, for taking them into consideration.

60. When acting on the nominations of the Governor, the Senate shall be cleared of all persons except the Clerk, his assistants, the Sergeant-at-Arms and Doorkeeper, and all such officers shall be sworn to secrecy.

61. All confidential communications made by the Governor to the Senate and all proceedings thereon, shall be by the members thereof kept secret until the Senate shall, by unanimous affirmative vote of the members present, remove the injunction of secrecy. When an executive session of the Senate has been dissolved, the result of its action upon any executive nomination considered therein shall be forthwith certified to the Governor in a formal communication signed by the President and attested by the Clerk.

62. All information and remarks touching the character or qualification of any person nominated by the Governor to office shall be kept secret. The legislative proceedings and the executive proceedings of the Senate shall be kept and recorded in separate books.

Constitutional Amendment

63. When an amendment to be proposed to the Constitution is under consideration, the concurrence of two-thirds of the members elected to the Senate shall not be requisite to decide any question for amendments, or extending to the merits, being short of the final question.

Adjournment

64. When the Senate adjourns each day, it shall stand adjourned to 2 o'clock P. M., the next day, unless the Senate otherwise direct.

65. When the Senate adjourns each day, every member shall keep his seat until the President leaves the Chair.

Parliamentary Practice

66. In all cases not provided for by the Rules of the Senate or the Joint Rules of the Senate and House of Delegates, the Senate shall be governed by the practice in the House of Representatives of the United States.

Suspension of Rule

67. No standing rule or order of the Senate shall be rescinded without one day's notice being given of the motion therefor and no rule shall be suspended except by a vote of two-thirds of all the members of the Senate present.

Withdrawal of Bills from Committee

68. Any bill, resolution or business may, by a vote of the majority of the members present, be withdrawn from the committee to which it had been referred or be taken from the table, and placed upon the regular or special calendar of the Senate in such order of business as the Senate may direct.

RULES OF THE HOUSE OF DELEGATES

(Regular Session, 1953)

INTRODUCTORY

Membership of the House

By an act of the Legislature (Ch. 166, Acts of 1951, Regular Session) the House of Delegates shall consist of one hundred members. The membership is apportioned to the counties according to the population, but giving each county one delegate. Delegates are elected for a term of two years.

Qualifications

No person shall be a delegate who has not for one year next preceding his election, been a resident within the district or county from which he is elected, and if a Delegate remove from the district or county for which he was elected, his seat shall be thereby vacated. (Const., Art. VI, Sec. 12.)

No person holding a lucrative office under this state, the United States, or any foreign government; no member of Congress; no person who is a salaried officer of any railroad company, or who is sheriff, constable, or clerk of any court of record, shall be eligible to a seat in the Legislature. (Const., Art. VI, Sec. 13.)

No person who has been, or hereafter shall be convicted of bribery, perjury, or other infamous crimes shall be eligible to a seat in the Legislature. No person who may have collected or been entrusted with public money, whether State, county, township, district or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in this State, until he shall have duly accounted for and paid over such money according to law. (Const., Art. VI, Sec. 14.)

No Senator or Delegate, during the time for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected. (Const., Art. VI, Sec. 15.)

Oaths

Members of the House of Delegates, before they enter upon their duties, shall take and subscribe to the following oaths or affirmation: "I do solemnly swear (of affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Delegate according to the best of my ability, and that I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Delegate, on any bill, resolution or appropriation, or for any act I may do or perform as Delegate." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall receive and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State. (Const., Art. VI, Sec. 16.)

Privileged from Civil Arrest

Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place.—(Const., Art. VI, Sec. 17.)

The members of the Legislature shall each receive for his services the sum of five hundred dollars per annum and ten cents for each mile traveled in going to and returning from the seat of government by the most direct route. The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of two dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatsoever.—(Const., Art. VI, Sec. 33.)

Members' salaries are paid on the third Wednesday in January of each year.

Resignation and Filling of Vacancies

Resignations of members of the House should be made to the Speaker, Governor and chairman of the executive committee of the party of which the member belongs in the county from which he was elected.

Vacancies in the House are filled by an appointment by the Governor, in each instance from a list of three qualified persons submitted by the county party executive committee. (Ch. 3, Art. 10, Sec. 6 of the Code.)

Organization of the House

The Legislature shall assemble at the seat of government on the second Wednesday of January in each odd-numbered year. While neither the constitution or statute sets the hour for convening, the custom has been for each house to convene at twelve o'clock noon. The constitution says, "The oldest Delegate present shall call the House to Order at the beginning of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and taken his seat." (Const., Art. VI, Sec. 35.) Custom has made it the duty of the Clerk of the previous House to call the House to order and call the oldest Delegate present to the chair.

The session is then opened with prayer, following which the Clerk reads a list of the members as certified by the Secretary of State, and all notices of contested elections. The roll is then called to ascertain those present. The next step in the organization is the administering of the oath of office to the members.

With the conclusion of the above formalities the House is ready to proceed to the election of a Speaker. After this election, the election of other officers, i. e., Clerk, Sergeant-at-Arms and Doorkeeper shall be the next order of business. The election of all officers shall be by *viva voce* vote.

It is then in order to provide by resolution for the adoption of rules to govern the procedure of the House and for informing the Senate that the House is organized. Upon being likewise informed of the organization of the Senate both houses, by resolution, shall raise a joint committee to visit upon the Governor to inform him that they are organized and that they are in readiness to hear his biennial message.

However, at the session of the Legislature following each general election at which a governor, and other state officials are elected, immediately following the organization of the two houses, they shall meet in joint assembly in the hall of the House of Delegates, when the Speaker, before proceeding to any other business, shall open and publish the election returns in the presence of a majority of each house of the Legislature.—(Const., Art. VII, Sec. 3.)

The message of the Governor is usually delivered in person by the Governor before both houses of the Legislature, assembled in joint assembly. When the Governor desires to deliver his message to the joint assembly, it shall be proper to provide by resolution for the convening of a joint session of the two houses.

ELECTION AND DUTIES OF OFFICERS

Officers and Their Compensation

1. The House, at the commencement of each Legislature, shall elect a Speaker, Clerk, Sergeant-at-Arms, and Doorkeeper. All officers, except the Speaker, shall receive such compensation as the House may determine.

Vote to Be Viva Voce

2. In the election of officers by the House, the vote shall be given *viva voce*, and a majority of the whole number of votes given, a quorum being present, shall be necessary to elect. If, upon any vote, there is no election, the person having the lowest number of votes shall be dropped, and any votes thereafter given to such person shall not be taken into the counting to affect the result in any way. When two or more members arise at the same time, he shall name the one entitled to the floor.

Questions of Order

6. The Speaker shall decide all questions of order subject to an appeal to the House when demanded by any ten members. He may speak to questions of order in preference to other members, and may make the concluding speech on any appeal from his decision, notwithstanding, he may have before spoken on the question; but no other members shall speak more than once on such appeal without leave of the House.

In all such cases the members present may take such measures to prevent a repetition of such misconduct, either by the infliction of censure or such other penalty, as may be authorized by law, on the parties thus offending, as the House may deem best.

Every Member to Vote

25. Every member present when a question is put, or when his name is called, shall vote unless he is immediately and particularly interested therein, or the House excuses him. A motion to excuse a member from voting must be made before the House divides, or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason therefor.

Members Shall Be in Place When Voting

26. While the yeas and nays are being taken every member shall be in his seat, and during the session of the House no person other than a member shall occupy the chair of a member.

Quorum

27. A majority of all the members elected to the House shall be necessary to proceed to business; seven members may adjourn, and ten members may order a call of the House, send for absentees, and make any order for their censure or discharge. On a call of the House, the doors shall not be closed against any member until his name shall have been called twice.

When Less Than Quorum Present

28. In case a number less than a quorum of the House shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for nonattendance shall be made as the House, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund of the House. This rule shall apply to the first meeting of the House, at the legal time of meeting, as well as to each day of the session after the hour has arrived to which the House stood adjourned.

Taking Members Into Custody

29. No member of the House shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections and Privileges, and reported to the House of Delegates, unless by order of the Speaker of the House of Delegates.

31. The House of Delegates may punish, by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its proceedings, or any of its officers in the discharge of his duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., Art 6, Sec. 25.)

ORDER AND DECORUM IN DEBATE

Recognition and Decorum

32. When a member is about to speak in debate or deliver any matter to the House, he shall rise in his place and respectfully address the presiding officer as "MR. SPEAKER," and, upon being recognized, shall proceed, confining himself to the question under debate, avoiding all personalities and indecorous or disrespectful language.

When a member arises and addresses the Chair, the Speaker may recognize him by name; but no member in debate shall designate another by name.

Recognition by the Chair

33. When two or more members shall rise at the same time, the Speaker shall name the one who is to speak first, and his decision shall be final and not open to debate or appeal. However, in all other cases the member who shall rise first and address the Chair shall be first recognized.

Mover of Question to Have Preference in Debate

34. No question shall be debated until it has been propounded by the Speaker, and then the mover of the question shall have the right to open and close the debate thereon.

Member Out of Order

35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted, with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

Calling to Order for Words Spoken in Debate

36. If a member be called to order for words spoken in debate, the person calling him to order shall repeat the words excepted to and they shall be taken down at the Clerk's table. And no member shall be held to answer, or be subjected to the censure of the House, for words spoken in debate, if any other member has spoken or other business has intervened after the words were spoken and before the exception to them was taken.

Decorum During Debate

37. While the Speaker is putting the question, ascertaining the result, or addressing the House, no one shall walk out of or across the House; and when a member is speaking, no one shall engage in conversation or pass between him and the Speaker.

Limitation on Debate

38. No member shall speak except in his place, and not more than twice on a question, except by leave of the House. And if a question be pending at the time of an adjournment and is renewed on the succeeding day, no member who shall have spoken twice on the preceding day shall be permitted again to speak without leave of the House. The House by majority vote may limit debate on any question.

Members Not to Be Disturbed While Speaking

39. No one shall disturb or interrupt a member who is speaking, without his permission, except to call to order if he be transgressing the rules.

Speaking Before Negative Is Put

40. When the Speaker is putting the question, any member who has not spoken before to the matter may speak to the question before the negative is put.

PUTTING QUESTIONS AND VOTING

Putting Question; Division

41. All questions shall be put distinctly in this form, to-wit: "*As many as are in favor* [as the question may be] say '*Aye*,'" and after the affirmative vote is expressed, "*As many as are opposed* say '*No*.'" If the Speaker be in doubt as to the result, or if a division is called for by any member, the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterward those in the negative. The count may be made by the Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained

the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by not less than nine members of the House prior to the announcement of the decision by the Speaker.

Yeas and Nays

42. On the passage of every bill and joint resolution, and when the yeas and nays on any question are called for by one-tenth of those present, the Speaker shall direct a yea and nay vote to be taken, and every member present shall vote, unless excused. On all roll-calls, when the voting machine is not used, before the result is announced, the Clerk shall read to the House the names of those who voted in the affirmative or in the negative, whichever is the smaller number, and announce the names of those absent and not voting, at which time any member may correct a mistake committed in taking down his vote. The result shall then be announced, and the yeas and nays entered on the Journal, but if the House so orders, the announcement of the result and the entry of the yeas and nays upon the Journal may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced. The Journal shall also show those absent and not voting.

When the yeas and nays are called for by a member on any question, the Speaker shall hold this demand in abeyance until debate has closed upon the question under consideration, or until the previous question has been moved and sustained, and if sustained by one-tenth of the members present, the yeas and nays shall be taken.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the name of the Speaker shall be called last.

Pairs

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

Division of Question

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

Calling of Yeas and Nays

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

Tie Vote Loses Question

46. In all cases when the House is equally divided, the question shall be lost.

Verification of Vote

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no

member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

Explanation of Vote

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

When Members Not to Vote

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

Voting by Machine

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question, "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, insofar as applicable, shall apply to taking votes by means of the voting machine.

MOTIONS

Stating the Question

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

Form of Motion

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:
1. To adjourn.
 2. To lay on the table.
 3. For the previous question.
 4. To postpone to a day certain.
 5. To go into a Committee of the Whole on the pending question immediately.
 6. To commit to a Committee of the Whole.
 7. To commit to a Standing Committee.
 8. To commit to a Select Committee.
 9. To amend.
 10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

Motions Not Debatable

55. The following motions shall be decided without debate, and shall not be amended:

1. To adjourn.
2. To fix the time to which the House shall adjourn.
3. To lay on the table.

6. To recess.

58. A motion to reconsider any question may be made by any member who voted with the majority, or in case of a tie vote, by any member. This motion shall be made on the same or next succeeding legislative day of the House. Such a motion, if seconded, shall take precedence of all other questions, except the consideration of a conference report or a motion to adjourn, and unless by motion postponed until some future time shall be acted upon at once. A motion to reconsider shall not be withdrawn without leave of the House, and if the House decides to reconsider, any member may thereafter call the subject up for consideration. A motion to reconsider a question, having been put and lost, shall not be renewed.

Debate on Motions to Reconsider

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

Reconsideration of Question Requiring More Than Majority Vote

60. When a majority of members present vote in the affirmative on any question, but the question be lost because it is one in which the concurrence of a greater number than a majority of a quorum is necessary to an affirmative decision, any member may move for a reconsideration.

Effect of Motion to Table

61. A motion to lay on the table shall only have the effect of disposing of the matter temporarily, and may be taken from the table at any time after the eighth order of business has been passed.

Motion Must Be Germane

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

Previous Question

63. When any question is before the House, any member being in order and having the floor may move the previous question, but such motion to be put must be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "*Is the motion sustained?*" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "*Shall the main question be now put?*" If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

MEETING OF THE HOUSE

Time of Meeting

Printing of Bills

99. The Clerk shall have all bills printed that are ordered to second reading, and such other bills as the House may order printed.

Recommitment of Bills

100. A bill may be recommitted at any time before it passes. Should such recommitment take place after engrossment, and an amendment be reported, the bill shall be placed on second reading when reported back.

Reading Bills

101. Before any bill is read by the Clerk, he shall state to the House whether it is on first, second or third reading.

Bills to Have Three Readings

102. No bill shall become a law until it has been fully and distinctly read on three different days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays on each bill, this rule be dispensed with. Upon any bill there may be a motion to dispense with the Constitutional rule, in order that the bill may be read twice or three times on the same day, and upon the first or second reading of any bill there may be a motion to dispense with the constitutional rule in order that the bill may, upon such reading, be read by its title: *Provided*, That in all cases there shall be three readings on each bill, and that an engrossed bill shall be fully and distinctly read. (See Const., Art. 6, Sec. 29.)

Bills—First Reading

103. The first reading of a bill shall be for information; and if opposition be made to it, the question shall be, "*Shall the bill be rejected?*" If no opposition be made, or if the question to reject be lost, it shall be regarded as ordered to its second reading, unless the House otherwise specially directs. On the first reading of a bill, it may at any stage of the reading be rejected on motion.

Bills—Second Reading

104. No bill shall be put upon its second reading until the same shall have been printed and delivered to the members of the House at least one day previous to such reading, unless in case of emergency.

Amending and Engrossing Bills

105. On the second reading of a bill on the demand of any two members, it shall be read section by section for amendment, and when the amendments as may be moved are disposed of, the question, unless the House otherwise order, shall

be, if a House bill, "*Shall the bill be engrossed and ordered to the third reading?*" If a House bill shall be ordered to its engrossment and third reading, and amendments have been made thereto, the type from which the bill was originally printed shall be changed to conform with the amendments. The bill shall then be reprinted and shall be the engrossed bill, and shall be designated as such. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed on as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

Time Bills to Go Into Effect

106. In the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after its passage; and if said motion be adopted by a vote of two-thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill. (See Const., Art. 6, Sec. 30.)

Senate Bills

107. Senate bills passed by the Senate and reported to the House shall be referred to the appropriate committee unless the House otherwise directs. After this they shall be treated in the same manner as House bills.

RESOLUTIONS

108. Resolutions shall be of three classes, as follows:

(1) *Joint Resolutions*: All proposed amendments to the Constitution shall take the form of a joint resolution which shall be subject to the rules which govern the proceedings on bills, except that it shall be read on three several days, and, to be adopted, must on its third reading be agreed to by a two-thirds vote of the members elected to the House. (Const., Art. 14, Sec. 2.) When a proposed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[NOTE: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committee, for raising a joint assembly and other inferior and incidental purposes of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in triplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

Action on Resolutions

110. All joint resolutions shall be referred to the appropriate committee, and when any other resolution is presented, containing no reference of the subject thereto to a committee, it shall lie over for one day, to come up under the ninth order of business unless a majority of the House orders otherwise.

PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

AMENDMENTS

Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

Must Be Germane

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

Time for Offering

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

Reading and Stating

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

By Striking Out Enacting Clause

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

Amendment to an Amendment

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

Amendment to Have Precedence Over Substitute

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

Motion to Amend to Have Precedence Over One to Strike Out

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

Filling Blanks

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

No Amendment by Way of Rider

121. No amendment by way of rider shall be received to any bill after engrossment.

Agreeing to Senate Amendments

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary. (Const., Art 7, Sec. 31.)

Amendment by Section

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

Amending Titles

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

Amendments to Senate Bills

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing the same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate Amendment?*" But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

Amendments to Be Printed in Journal

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

Speaking on Amendments

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

JOURNAL

Clerk to Keep

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

Approval and Correction

129. When the Journal has been read to the end that any mistake made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection be made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

Printing Official Copies

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof, certifying that the same is the official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

Inserting Motions in Journal

132. Every written motion made to the House shall be inserted in the Journal with the name of the member making it, unless it be withdrawn on the same day it is submitted.

CHANGE OR SUSPENSION OF RULES

Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[NOTE: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two-thirds of the members present. Unless there be a unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[NOTE: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit, *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[NOTE: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

Upon their arrival the Sergeant-at-Arms

The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate have assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for state officers, held on the day of The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon his right, and the other members of the Senate and officers thereof to take seats assigned to them, and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House; and when completed and estimated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall, and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary consequential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

Messages Between the Houses

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the Clerk of one house may communicate a message to the Clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

The President of the Senate and the Speaker of the House shall be *ex officio* members of the committee and co-chairmen thereof. The committee shall begin its work as soon as practicable after the adjournment *sine die* of the regular session of the Legislature.

It shall be the duty of the committee to study and survey generally matters of government and finance and to make a report on its studies and findings, its expenditures and such recommendations as it may deem proper, to succeeding extraordinary and regular sessions of the Legislature; and such committee is hereby vested with power and authority to employ technical and clerical assistants, compel the attendance and testimony of witnesses, the production of books, records, documents and other papers, and shall be vested with and authorized to exercise all power and authority granted such committees by the statutes and Constitution of the State of West Virginia. The offices of the committee shall be maintained at the capitol building in Charleston, West Virginia.

It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

Printing Enrolled Bills

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, two hundred copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve of these copies shall be on seven and one-fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. 15. Enrolled Bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead, and they shall require all bills and joint resolutions before such authentication to be free from interlineations or erasures and destroy any previous enrollments containing any interlineations or erasures. 17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

Action of Governor on Bills

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become a law without his approval," and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the reconsideration and passage of said bill, and sign the same.

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such a bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

20. The following shall always be printed in the Journal of each house:

22. Permission to use, other than for statutory purposes, either Legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House as the case may be. During Legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purpose whatsoever.

Resolutions

23. Resolutions requiring concurrent action may originate in either house, and shall be of two kinds, namely:

Concurrent Resolutions: Such resolutions shall be used for all purposes not covered by joint resolution as defined above.

Section Four

CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident; that all men are created equal, that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among them, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation.

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every state of these oppressions we have petitioned for redress in the most humble terms: our repeated petitions have been answered only by repeated injuries. A prince, whose character, is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people,

Nor have we been wanting in attention to our British brethren, We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and holds them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are, and of right out to be, free and independent States: that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

Dividing the population of every Delegate District, and of every county not included in a Delegate District, by the ratio thus ascertained, there shall be assigned to each a number of Delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional Delegates necessary to make up the number of which the House is to consist, shall then be assigned to those Delegate Districts, and counties not included in a Delegate District, which would otherwise have the largest fractions unrepresented; but every Delegate District and county not included in a Delegate District shall be entitled to at least one Delegate.

Designation of Delegate Districts

8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first Delegate District, and elect three Delegates; Ritchie and Calhoun the second, and elect two Delegates; Barbour, Harrison and Taylor the third, and elect one Delegate; Randolph and Tucker the fourth, and elect one Delegate; Nicholas, Clay and Webster the fifth, and elect one Delegate; McDowell and Wyoming the sixth, and elect one Delegate.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has eleven Delegates.]

Arrangement of Senatorial and Delegate Districts

10. The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. Sub-Section A

Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter mentioned.

Sub-Section B

First: Within ten days after the convening of the Legislature, unless such time shall be extended by the Legislature for the session at which the budget is to be submitted, the Board of Public Works, which shall consist of the Governor, Secretary of State, Auditor, Treasurer, Attorney General, Superintendent of Free Schools and Commissioner of Agriculture, shall submit to the Legislature two budgets, one for each of the ensuing fiscal years. Each budget shall contain a complete plan for proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Board of Public Works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second: Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) for the Legislature as certified to the Board of Public Works in the manner hereinafter provided; (2) for the Executive Department; (3) for the judicial department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of the public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

Third: The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The Board of Public Works shall deliver to the presiding officer of each House the budgets and a bill for all proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Board of Public Works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officers of both Houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

Fourth: The governor and such representatives of the boards, officers and commissions of the State expending or applying for State's money as have been designated by the Board of Public Works for this purpose, shall have the

right, and when requested by either House of the Legislature it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C—Supplementary Appropriation Bills

Neither House shall consider other appropriations until the budget bill has been finally acted upon by both Houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each House by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Sub-Section D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The Board of Public Works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The estimates for the legislative department, certified by the presiding officer of each House, of the judiciary, as provided by law, certified by the Auditor, and for the public schools, as provided by law, shall be transmitted to the Board of Public Works, in such form and at such times as it shall direct, and shall be included in the budget.

The Board of Public Works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings, it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, except amendments thereto heretofore made and ratified by the people, the provisions of this section shall prevail. But nothing herein shall be construed as prevent-

ing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

Motor Fuel and Motor Vehicle Revenue

52. Revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes, and all other revenue derived from motor vehicles or motor fuels shall, after the deduction of statutory refunds and cost of administration and collection authorized by legislative appropriation, be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways, and also the payment of the interest and principal on all road bonds heretofore issued or which may be hereafter issued for the construction, reconstruction or improvement of public highways, and the payment of obligations incurred in the construction, reconstruction, repair and maintenance of public highways.

Forest lands embraced in any such contract may be exempted from all taxation or be taxed in such manner, including the imposition of a severance tax or charge as trees are harvested, as the Legislature may from time to time provide. But any tax measure by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

[This section was proposed by House Joint Resolution No. 7, (Acts, Regular Session, 1945, p. 640) and ratified at the General Election November 5, 1946. Vote on the amendment: For ratification, 179,150; Against ratification, 148,104; Majority, 31,046.]

In case of a vacancy, during the recess of the Senate, in any office which is not elective, the Governor shall, by appointment, fill such vacancy, until the next meeting of the Senate, when he shall make a nomination for such office, and the person so nominated, when confirmed by the Senate (a majority of all the Senators elected concurring by yeas and nays) shall hold his office during the remainder of the term, and until his successor shall be appointed and qualified. No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall such person be appointed to the same office during the recess of the Senate.

If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the House in which it originated, which House shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such reconsideration,

a majority of the members elected to that House agree to pass the bill, it shall be sent, together with the objections to the other House, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that House, it shall become a law, notwithstanding the objections of the Governor. But in all such cases, the vote of each House shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State within five days after such adjournment, or become a law.

Whenever a vacancy shall occur in the office of Governor before the first three years of the term shall have expired, a new election for Governor shall take place to fill the vacancy.

[The amendment to this section was proposed by House Joint Resolution of February 15, 1901 (Acts 1901, p. 460) and ratified at the general election in 1902. [This section, prior to amendment, read as follows: "The Governor shall receive for his services a salary of twenty-seven hundred dollars per annum and no additional emolument, allowance or perquisite shall be paid or made to him, on any account. Land Books—Taxes

6. It shall be the duty of every owner of land, or of an undivided interest therein, to have such land, or such undivided interest therein entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with taxes legally levied thereon and pay the same. When, for any five successive years, the owner of any tract of land, or undivided interest therein, shall not have been charged on such land books with State, county and district taxes thereon, then, by operation hereof, the land, or undivided interest therein, shall be forfeited and the title vested in the State. **But** if, for any one or more of such five years, the owner of such land, or of any undivided interest therein, shall have been charged with State, county, and district taxes on any part of such land, such part thereof, or undivided interest therein, shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein, at the time of the forfeiture thereof, who

shall then be, an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest, charged on such land books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein, for the year one thousand eight hundred sixty-three, and every year thereafter, with interest at the rate of ten per centum per annum, and pay all taxes and interest thereon for such years, and thereby redeem the land or interest therein: *Provided, That such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited.*

[This section, prior to its amendment, read as follows: "It shall be the duty of every owner of land to have it entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with the taxes thereon, and pay the same. When for any five successive years after the year 1869, the owner of any tract of land containing one thousand acres or more, shall not have been charged on such books with State tax on said land, then by operation hereof, the land shall be forfeited and the title thereto vested in the State. But if, for any one or more of such five years, the owner shall have been charged with State tax on any part of the land, such part thereof shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest charged on such books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein for the year 1863, and every year thereafter with interest at the rate of ten per centum per annum; and pay all taxes and interest thereon for all such years and thereby redeem the land or interest therein: *Provided, Such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited.*"

The amendment as set forth above was proposed by House Joint Resolution No. 4, adopted January 22, 1934 (Acts Second Ex. Sess. 1933, p. 583) and was ratified at the general election in 1934. Vote on the amendment: For ratification, 257,090; against ratification, 177,796; majority, 79,294.]

WEST VIRGINIA CHILDREN'S HOME

Elkins

Superintendent: Dee B. Gainer. Financial Secretary: Myrtle C. Gainer. Inmates: 50.

The West Virginia Children's Home for orphan and neglected Children, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an appropriation was allotted for an additional unit. The two-story brick structure is located on a 20-acre tract of ground. A modern dairy barn constructed of brick, and a chicken house are located on the Home site and a two-room school building with two teachers, one of whom is the principal, is operated on the County Unit plan. A large open air swimming pool attracts every child to its waters during the three months of operation. In addition to the ground site of the Home, there is a 127-acre farm used for grazing. The purpose of the Home is to train the children between the ages of six to fourteen years, in domestic work, until they can be placed in foster homes. Provisions are made for the children to remain in the Home until they reach the age of 21 years. Religious training is provided by the ministerial and social service students of Davis-Elkins College. All dairy products and summer vegetables consumed, are raised on the Home site and farm. The sanitary conditions of the Home are excellent and the health of the children is very good.

WEST VIRGINIA COLORED CHILDREN'S HOME

Huntington

Superintendent: Roscoe A. Swann. Financial Secretary: Arminta M. Miller.
Inmates: 40.

West Virginia Colored Children's Home, located in the City of Huntington, was incorporated in 1900 as West Virginia Normal and Industrial School for Colored Orphans. Purchased by the State in 1911, at which time the name was changed to West Virginia Colored Orphan's Home. For some years the institution was supported by private contributions raised by the general manager and friends and by income from the boarding hall and farm. In 1903 the Legislature made a yearly appropriation of \$1,500 and in 1910 this was raised to \$3,000, and now the institution is entirely supported by the State of West Virginia. The purpose of this institution is to provide for Colored orphans and neglected children between the ages of six to sixteen and such other children of like age that may be surrendered by the Department of Public Assistance or court order to be kept, maintained, educated and trained until they can be placed in foster homes, returned to their own homes or released at the proper age to adequately care for themselves. High school graduates may attend any State College if the Department of Public Assistance, the colleges attended, or other interested organizations help them.

The operating program of this institution provides for the total development of the total child to effective citizenship.

**WEST VIRGINIA HOME FOR AGED AND INFIRM
COLORED MEN AND WOMEN****McKendree**

Superintendent: G. W. Coats. Financial Secretary: Ruth W. Anderson. Inmates: 97.

The West Virginia Home for Aged and Infirm Colored Men and Women now located at McKendree, Fayette County, was established in Charleston by an Act of the Legislature in 1923. The Home was first located in Charleston, Kanawha County. In 1928 it was moved to Huntington. In September 1941, the institution was moved to its present site at McKendree, Fayette County. This location is three miles below Prince on the Chesapeake and Ohio Railroad and fifteen miles from Beckley.

The Home is under competent management and every effort is made to produce a part of the vegetables, poultry and eggs needed.

A new dining room for the patients has been erected and equipped with new furniture and fixtures. This makes a total of two dining rooms which take care of the ambulatory patients. There is also a new dining room for the employees.

The kitchen has been completely overhauled and rearranged. It is equipped with electric stoves, dishwasher, food mixer and grinder, a coffee urn and a potato peeler. The two large walk-in refrigerators have been overhauled and equipped with new motors for better refrigeration.

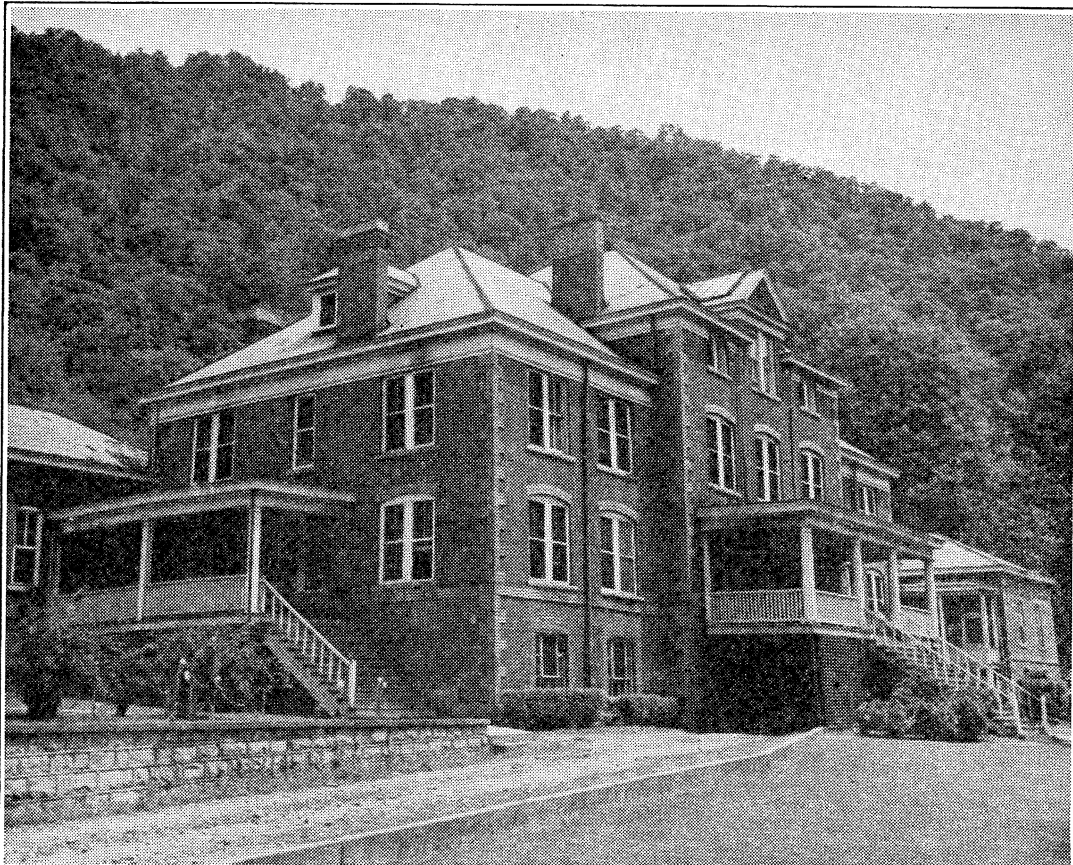

The entire heating system has been converted from coal to fuel oil. A chlorinating system has been installed to purify water for the Home, the source of which is a mountain stream.

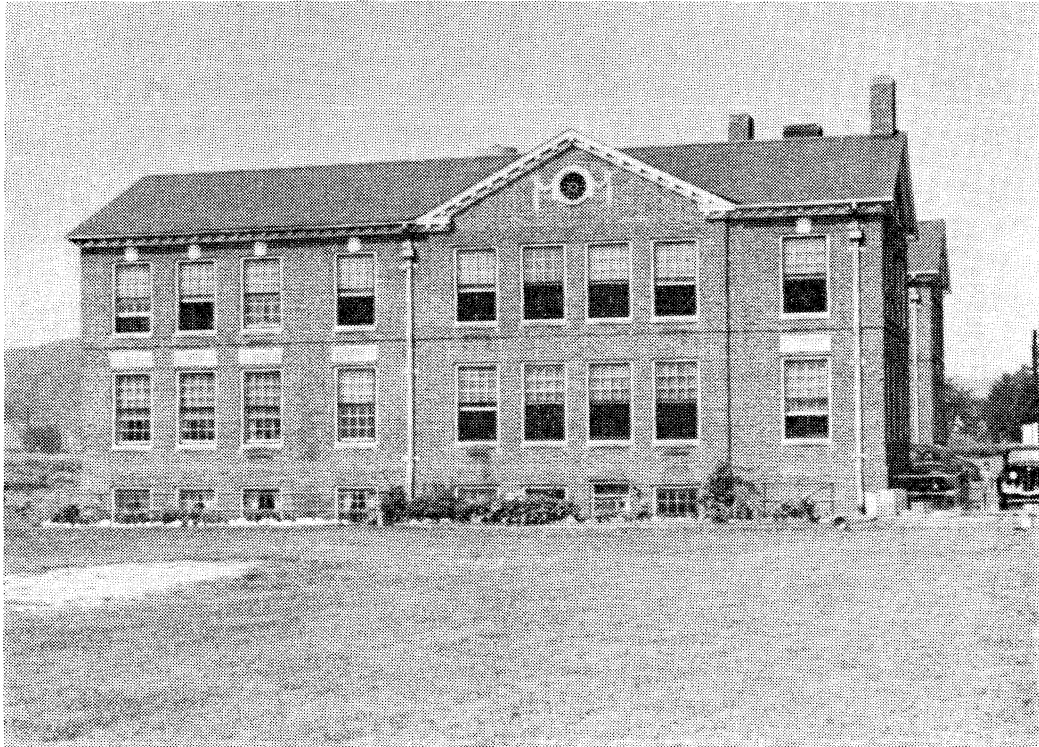

A Dental Clinic is maintained for the patients. Most of the bathrooms have had new fixtures installed and all have been repaired and remodeled. Additional storage space has been provided to take care of food-stuffs and supplies.

The management is responsible for three and one-half miles of powerline which connects the institution with the main Appalachian powerline at Thayer.

The more recent improvements at the Home include the drilling of a two hundred and eighty foot well to augment the water supply, the installation of an oil furnace in the Farmhouse, and the removal of two old porches which have been replaced by a forty-five by twelve foot room of limestone blocks. This new space enlarges the sick ward, furnishes a large double bathroom, a utility room and office space for the nurses.

The Home now has a population of ninety-seven. The personnel includes the superintendent, secretary, physician, dentist, two nurses, matron, chef and two assistants, two laundresses, two orderlies, utilityman and a farmer.

WEST VIRGINIA TRAINING SCHOOL

St. Marys

Superintendent: Harry R. Riggs. Inmates: 181.

West Virginia Training School, located three miles north of St. Marys, on State Route 2, was established in 1921 by an act of the Legislature. The farm contains 694 acres and is an ideal location for the institution. The purpose of the institution is the treatment, training and readjustment of mentally defective children. Because of the limited capacity of the institution, admissions are restricted to boys and girls between the ages of 7 and 14, inclusive.

The new unit is used to house the boys. The girls occupy the original unit. The boys and girls are completely separated. A central heating plant supplies heat for both units. This plant is large enough to take care of future buildings.

WEST VIRGINIA INDUSTRIAL HOME FOR GIRLS

Industrial

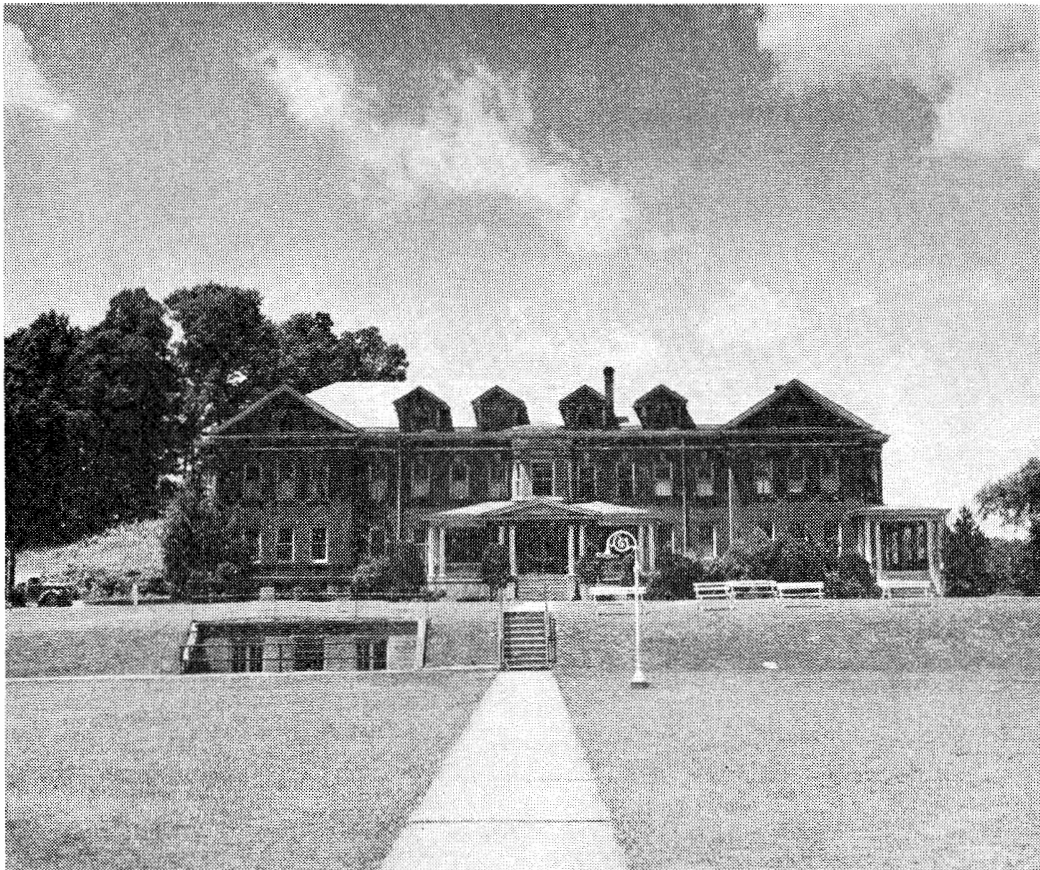

Superintendent: Mrs. Alma Straight Weinberg. Business Manager: Mrs. Corinne C. Whiting. Capacity: 200. Enrollment: 172.

West Virginia Industrial Home for Girls is located one mile west of Salem, on U. S. Route 50. It was established by an act of the Legislature on February 18, 1897 and formally opened May 5, 1899. It is built on a 72-acre tract of which 38 acres were donated by the citizens of Salem.

From Jones Cottage, the first building, the plant has grown to include the following: McCullough Cottage in 1905; Silver Hall Cottage in 1914; Sutton Cottage in 1928; and Ava Stanard Cottage in 1942. The girls receive standard elementary and accredited first class high school training in the very fine and well planned school program. Classes are offered from the first grade through the twelfth grade. The school is under the close supervision of the State Department of Education, Harrison County School officials, and Salem College. The staff includes full-time recreation director to direct the well rounded physical education and recreation program.

The girls receive domestic training by actual practice in the cottages where they live. They also receive religious training with chapel services conducted by a minister each Sunday. A program of rehabilitation is being carried out through the carefully planned work of the school, the dormitories in which the girls live, and the administration of the institution.

WEST VIRGINIA INDUSTRIAL HOME FOR COLORED GIRLS

Huntington

Superintendent: Mary E. Brooks. Secretary: Marion E. Brannon. Enrollment: 24.

The year of 1954 marks the twenty-eighth anniversary of the formal opening of the West Virginia Industrial Home for Colored Girls, located in Huntington. By an act of the 1921 Legislature, the institution was initiated for the purpose of caring for, training, and for the rehabilitation of delinquent Negro girls, committed to its care through the Juvenile Courts of the State.

The Home, erected at a cost of \$95,000, is located five miles east of the City of Huntington; is situated on a plot of rolling land ideal in its physical aspects, attractive and adaptable for the purpose for which it was instituted.

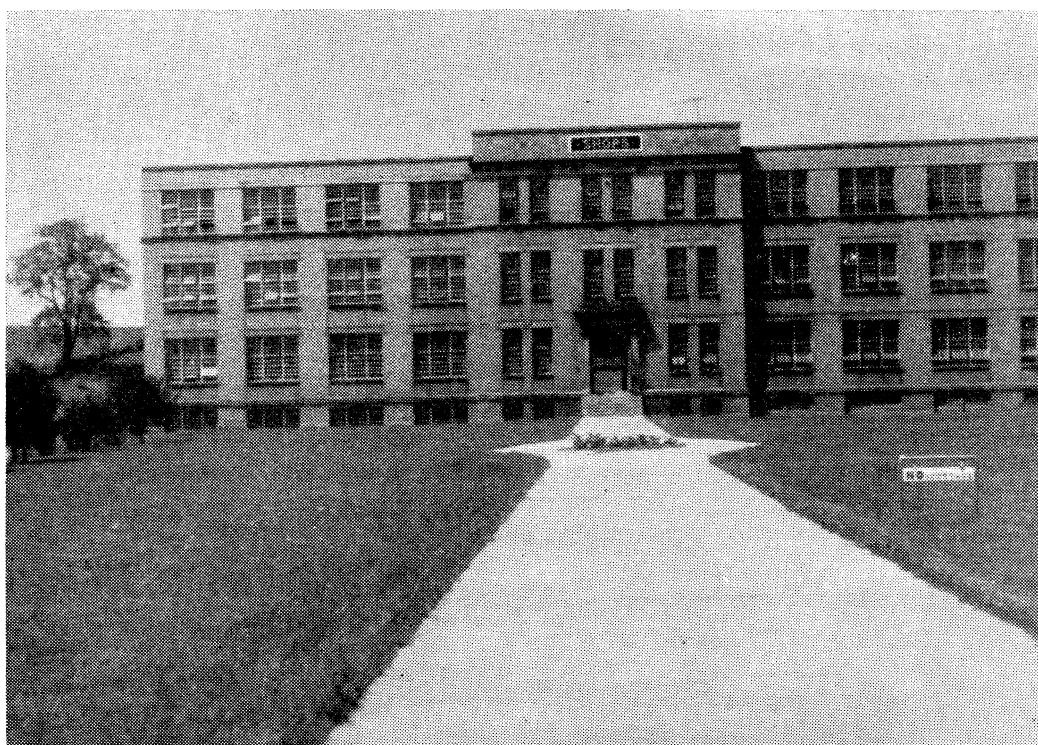

Wholesome living, fair-play and good sportsmanship are emphasized in daily training. The standard elementary grades are taught in the school; no facilities for high school are provided by the State; however, groups have attended high school locally by special arrangement. Seven girls were graduated at the close of the current school term. For the past three years, twenty-eight girls completed the elementary grades, ten enrolled in high school, and three are attending college.

Religious services are held each Sunday under the leadership of young people from a community church. Their instructions on this phase of life is a fixed part in the institutional program and provides a valuable medium in rehabilitation.

WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS**Pruntytown**

Superintendent: Jesse E. Riley. Financial Secretary: Rufus L. Yost. Enrollment: 255.

West Virginia Industrial School for Boys is located at Pruntytown, two miles west of Grafton, on U. S. Route 50. It was established by an act of Legislature in 1889 and was formally opened July 21, 1891. In addition to the principal school buildings which are located on the main campus, consisting of approximately 50 acres, the school owns and operates a farm of approximately 1,900 acres, on which there are located numerous modern farm buildings. The boys who work on the farm are taught the most modern methods of farming with the use of motorized up-to-date equipment. Fifty registered Brown Swiss dairy cows afford an opportunity to a limited number of boys to learn first hand the management of a dairy. The school also has an approved herd of Hereford cattle for beef, as well as turkeys, chickens and berkshire hogs. In the field of vocational trades the following are offered: Painting, plumbing, barbering tailoring, printing, laundering, wood-working, canning, auto mechanics and carpentry. An elementary and junior high school are maintained on approved State Standards for the benefit of all the boys. Those under sixteen years of age are required to attend the Academic School for a term of nine months each year. A well-planned recreation and physical education program operates under the supervision of qualified men. A new physical education building with an inside swimming pool is now under construction. A social service department classifies each boy upon his reception, presents him for parole, and maintains liaison between County and State authorities. As much as possible the boys are segregated in cottages according to age and seriousness of the offense for which committed. An honor system has been set up for the benefit of the boys and it is working well. There is an active Boy Scout Troop and two 4-H clubs. The Little Mirror, a monthly publication, is published by the class in printing. A full-time Chaplain trained for his work offers religious instruction in the Academic School and holds a weekly religious service for the boys. He also performs work in the field of counseling.

WEST VIRGINIA INDUSTRIAL SCHOOL FOR COLORED BOYS

Lakin

Superintendent: Ellsworth H. Harpole. Enrollment: 70.

The West Virginia Industrial School for Colored Boys, located at Lakin in Mason County, was established by an act of the Legislature in 1921, and was placed in operation in 1924. Its legally expressed function is to care for, train, and educate neglected, dependent, and delinquent Negro boys.

This Institution is a phase of the Correctional program of the State of West Virginia, and at present is being used as an experimental unit in an attempt to discover new and effective techniques in treating delinquency at the institutional level. The small enrollment, yearly population average of (70) seventy boys makes it ideal for experimental work.

The Lakin school has a six-year approved high school and offers vocational training in cooking, plumbing, automobile mechanics, shoe repairing and barbering. The West Virginia Industrial School for Colored Boys is a member of the West Virginia High School Athletic Union.

PENAL

WEST VIRGINIA PENITENTIARY

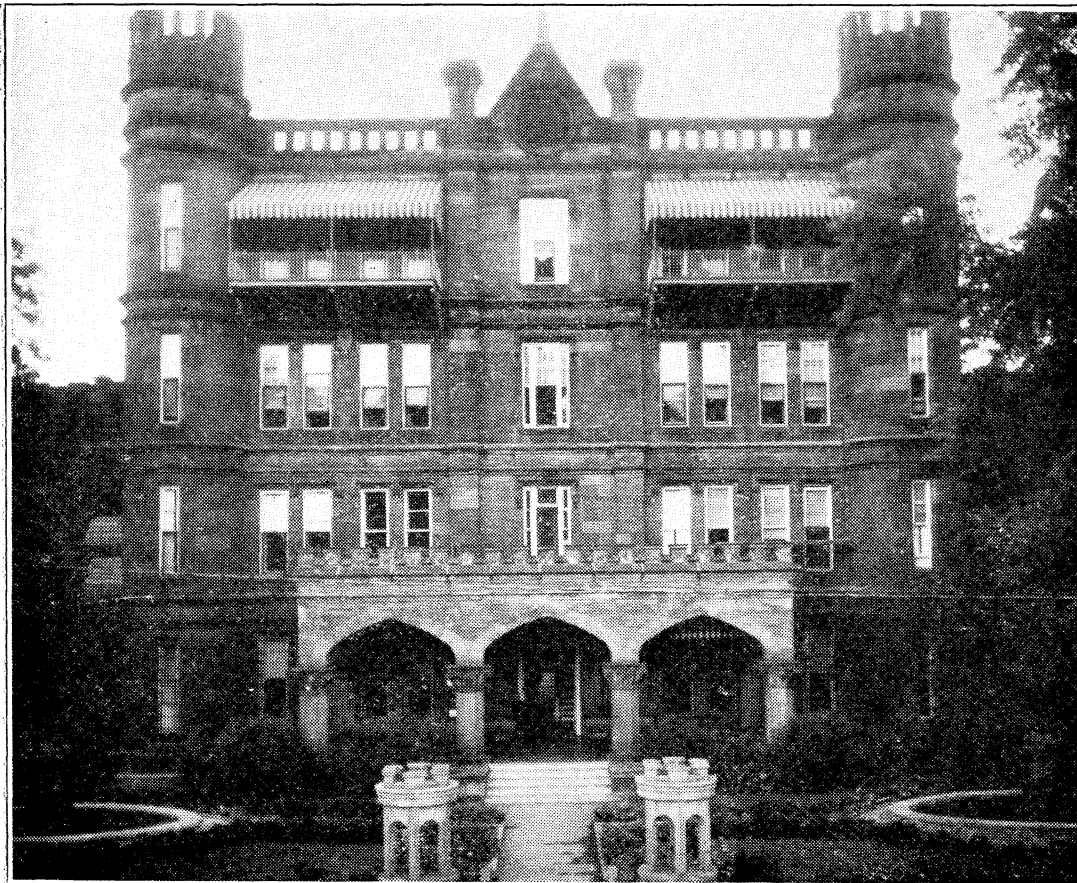

Moundsville

Warden: Orel J. Skeen. Business Manager: W. J. Murphy. Inmates: 1,713. Prisoners assigned to road camps and other institutions: 461. Total: 2,174.

West Virginia Penitentiary, located in the City of Moundsville, just off State Route 2, was established in 1866 by an act of the Legislature. The Penitentiary itself is a six-acre enclosure on a ten-acre tract of land surrounded by a solid wall of hand-cut sandstone, 675 x 395 feet, 24 feet high, 7 feet wide at base, tapering to 28 inches at top, on which is a stone walk-way 42 inches wide. Aimed at reducing the hazards of involuntary idleness, several prison industries have been developed through authority of the 1939 Legislature. These shops are now making commodities for which there is a constant demand in the prison and other state institutions. None of the products manufactured are being sold on the open market. Also contributing greatly to relief of idleness is utilization of prisoners on road construction projects. The 1947 Legislature authorized separate management and control of the West Virginia Medium Security Prison at Huttonsville. The West Virginia State Prison for Women has been established at Pence Springs; therefore, all female inmates have been transferred to the new institution.

A new prison honor camp has been established outside the prison walls, with facilities for housing 200 trusty inmates, thus relieving overcrowded conditions.

In recent years a vocational and educational program has been established. Prison inmates may now acquire a High School Equivalency Diploma, and receive training in a number of vocations.

MEDIUM SECURITY PRISON

Huttonsville

Warden: Ira E. Briers. Business Manager: H. B. Walsh. Inmates: 500.

The Medium Security Prison is located on a farm near Huttonsville and is 18 miles south of Elkins on U. S. Routes 219 and 250. It was established by an act of the Legislature in 1937 and was designed to relieve over-crowding at the West Virginia Penitentiary and at the same time aid in the rehabilitation of prisoners. The majority of the inmates are employed in general farm work but many are employed in other vocational trades. They are quartered in modernly equipped dormitories in which there are no cells. The farm consists of 5,000 acres of which approximately 2,000 acres is suitable for cultivation and pasture. The farm products produced are in excess of the needs of the institution and are sold to other state institutions. The 1947 session of the Legislature separated the Medium Security Prison Farm from the West Virginia Penitentiary and established it as a separate institution. All provisions of the law applicable to the Penitentiary are in effect, except that criminal proceedings against inmates of this institution are brought in the Circuit Court of Randolph County.

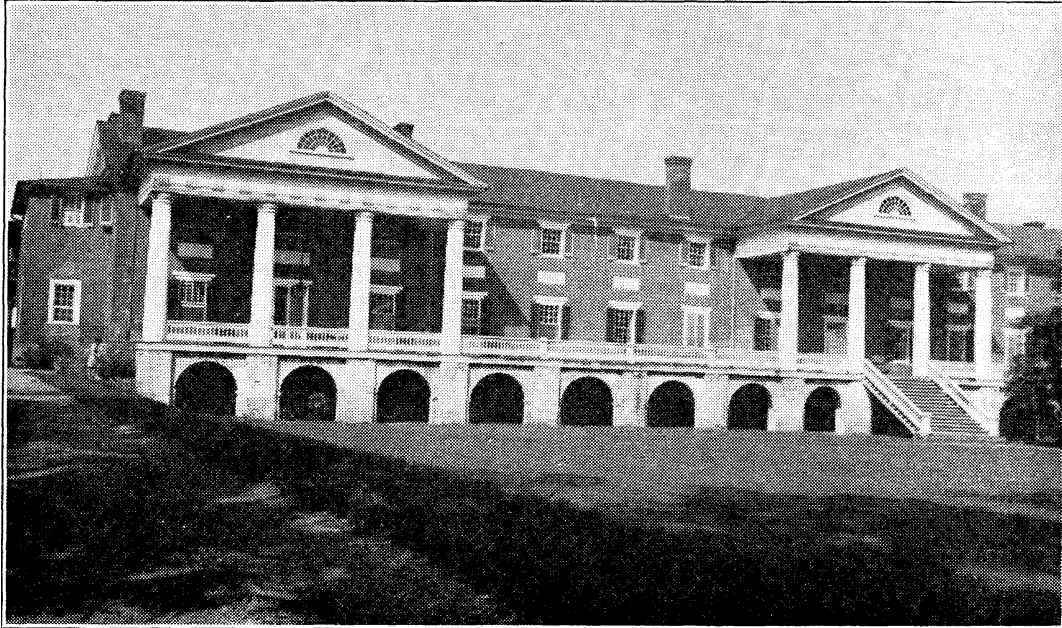

WEST VIRGINIA STATE PRISON FOR WOMEN**Pence Springs**

Superintendent: Mrs. Mabel T. Sims. Financial Secretary: Mrs. Betty D. Carneal. Capacity: 130 inmates. Present population: 82.

Established by an act of the Legislature in 1947, the West Virginia State Prison for Women is located at Pence Springs, Summers County, near the City of Hinton. Situated on an 84-acre tract, the physical plant consists of the prison proper, which includes one large main building housing the inmates, women employees, offices, infirmary, security unit of solitary, recreation room, freezing and cooler lockers and class rooms; one smaller building containing the cannery in the basement with modern fixtures for the mass production of canned and frozen foods. On the main floor is an auditorium with a seating capacity of one hundred and movie projector equipment for the showing of 16 mm films each week and on all holidays. Also, on the main floor are the sewing machines and looms for weaving. Garments are made for the use of our institution and on a contract basis for other state institutions. Classes in weaving are taught and articles sold to keep this craft in progress. Also inaugurated in the past year is a modern jewelry craft shop whereby a unique process lumps of coal are turned into beautiful pieces of costume jewelry. The name used for this new BLAC DIAMOND JEWELRY is in the process of being copyrighted. In addition to these two buildings, there is a cottage for the superintendent, a duplex to house the farm supervisor's family and guests of the institution, with a separate and private apartment for the financial secretary; a chicken house, with several hundred chickens, and a sewage disposal plant unit. The larger percentage of the 84 acres is taken up in river bottom land, where farming is done on a large scale, supplying the institution with produce in the summer and canned goods as well as frozen vegetables and fruits for the winter months. Farming and the crafts are utilized for the relief of idleness in addition to giving those vocational training where it is necessary. Tennis and badminton equipment are available in addition to soft and baseball. A complete program of rehabilitation is carried out in this institution and all inmates are on their honor from the day of admission. As a means of public relations our inmates started serving civic and church dinners to nearby organizations through the use of their commissary funds, which has paid good dividends. The inmate choir and sextette are now much in demand and make public appearances almost weekly, which has become one of the best means of acquainting the average citizen of West Virginia with our modern work in penology.

The 1953 Legislature approved the purchase of surrounding property which has been purchased as ordered with some money left over for the fencing of this new property and the repair of a cottage located on it which will be used as an honor cottage to house eight to ten inmates during their last year of incarceration. Some ground has already been cleared and planted this year and more will be added to the farm land as soon as possible. Plans are under way for a large fish pool which will be stocked with fish to supply the institution and to provide summer recreation for those who care to fish.

The oldest and largest building, which was completed in 1833, was designed by Thomas Jefferson and so named in his honor.

BERKELEY SPRINGS SANITARIUM

Berkeley Springs

Superintendent: Gracen B. Heare.

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736. The 1939 Legislature authorized the Board of Control to lease this institution and grounds to private interests to encourage restoration of the spa to the position of national importance that it held from the time of President Washington until the Civil War. The temperature of the spring water is 74.3 degrees and is invariable, and is said to be helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel and boarding house facilities.

DENMAR SANITARIUM
(Negro Tuberculosis)

Denmar

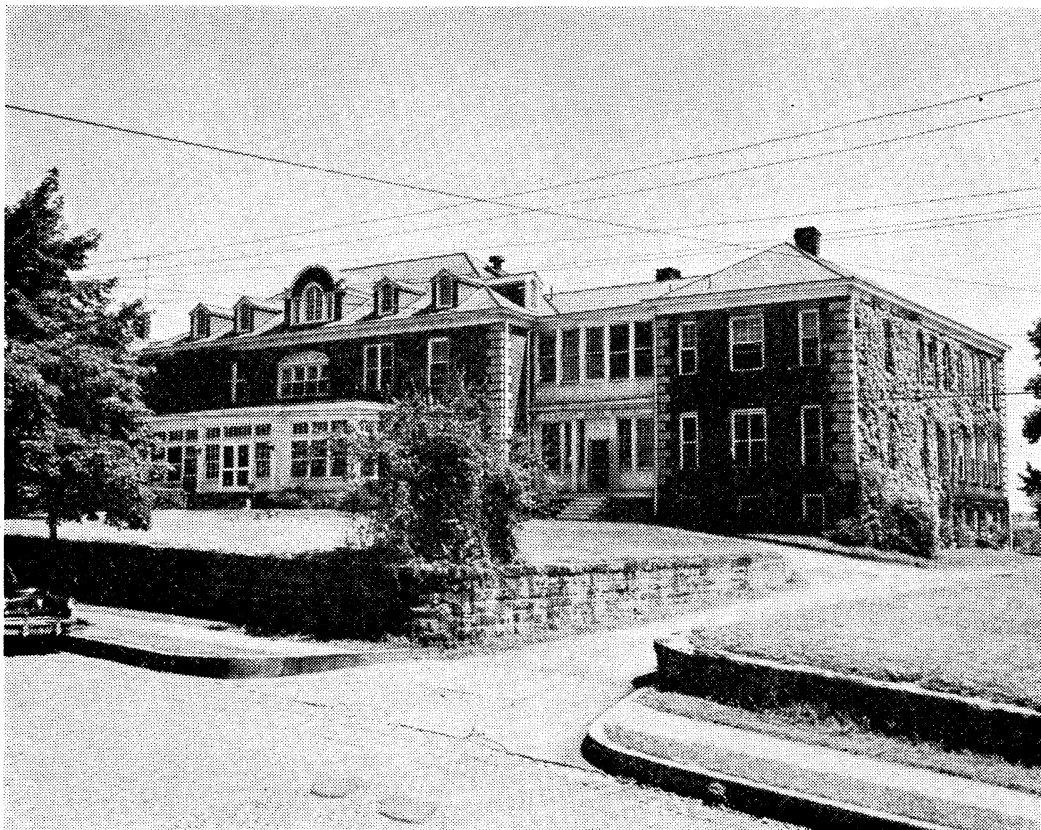

Superintendent (Acting): H. T. Elliott, M.D. Business Manager: Ralph G. Brooks. Patients: 130; Female 78, Male 52.

The hospital is healthfully situated on a 185-acre tract of land at about 2,200 feet above sea level on an eminence overlooking the Greenbrier River in the Allegheny Mountains. Present hospital building has a bed capacity of 240 beds making it one of the largest of its type for Negroes in the United States.

FAIRMONT EMERGENCY HOSPITAL
(Surgical)
Fairmont

Superintendent: Philip Johnson, M. D., F. A. C. S. Financial Secretary: Belma Keiser. Patients: 68.

Fairmont Emergency Hospital was established in 1899 for the purpose of treating, free of charge, persons injured at their usual occupations. The hospital accepts surgical and maternity pay cases and is the surgical clinic for the Industrial School for Boys at Pruntytown, the Industrial School for Girls at Salem, the West Virginia Training School at St. Marys, the Industrial School for Colored Boys at Lakin, and the Children's Home at Elkins, as well as all other cases from the various State Institutions needing hospitalization and surgery. No charge whatever is made for these cases. The work of the current year at regular hospital prices represents more than the total cost of the operation of the institution. The purpose of the institution at present, as outlined by the West Virginia Board of Control, is rapid service surgical rehabilitation. The hospital is fully approved by the American College of Surgeons.

HOPMONT SANITARIUM
(Tuberculosis)

HUNTINGTON STATE HOSPITAL
(Mental)**Huntington**

Superintendent: Dr. Hiram W. Davis. Business Manager: Homer E. Peyton.
Patients: 1,350.

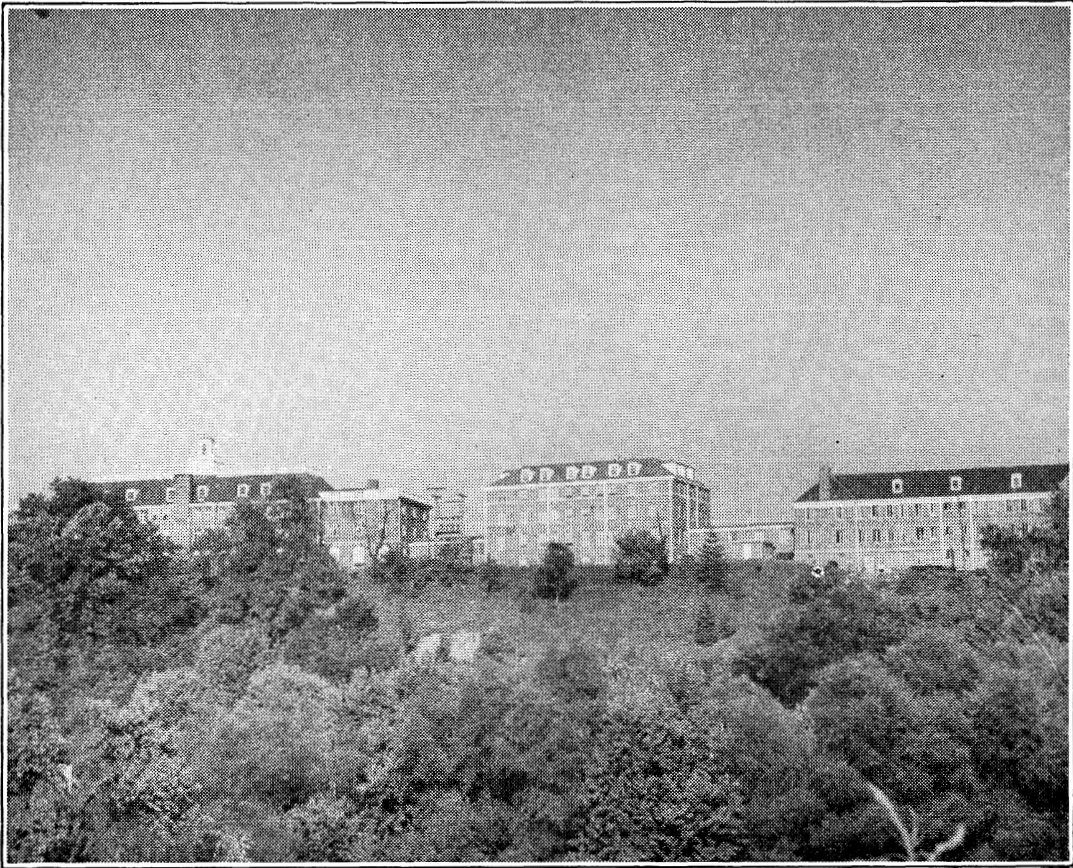

Huntington State Hospital, located in the City of Huntington, was established in 1897 by an act of the Legislature as a Home for Incurables. The name of the institution was changed in 1901 to the West Virginia Asylum and in 1916 to Huntington State Hospital.

The hospital is devoted to the care and treatment of nervous and mental illnesses of children and adults including the epileptic and the feeble-minded. The hospital receives both legally committed patients and voluntary patients. The prevailing types of treatment for the mentally ill are administered.

The present plant is comprised of six buildings for patients, an administration building, quarters for employees, residence for the superintendent, main kitchen, shops, power house, laundry, and a building for occupational therapy and recreation. There are 16 main buildings and four small utility buildings. An infirmary building designed for the care and treatment of the physically ill patients is equipped with such facilities as operating rooms, sterilizing equipment, laboratory, X-ray, physiotherapy, and dental equipment. The grounds, 35 acres in extent, are well shaded by several hundred virgin trees with numerous shrubs and recent plantings.

The hospital farm, consisting of 698 acres, is located on the Guyandotte River, a mile southeast of Barboursville and is served by State Route No. 10. The farm is devoted to the purposes of providing poultry, eggs, pork, and milk for the patients at Huntington State Hospital. A registered herd of Holstein milk cows is maintained.

BARBOURVILLE STATE HOSPITAL

(Mental)

Barbourville

Superintendent: Weaver B. Rogers, M. D. Physicians: Raymond H. Curry, M. D. and W. D. Bourn, M. D. Business Manager: Curtis S. Wilson. Number of Patients: 398.

The Barbourville State Hospital, located at Barbourville, Cabell County, and reached by U. S. Route 60, was opened January 20, 1942. The hospital was originally called Barbourville Unit of Weston State Hospital. The 1947 Legislature changed the name to Barbourville Unit of Huntington State Hospital, and the 1949 Legislature established it as Barbourville State Hospital. The State in 1941 purchased 23.76 acres of land and the two buildings which were formerly used as dormitories for Morris Harvey College, and patients were moved into the hospital as soon as each section was reconditioned and equipped. On August 1, 1942, the hospital had a population of 270 patients, its capacity at that time. Additional space has been provided through renovation of one of the buildings until the hospital had facilities for 315 patients. The 1947 Legislature made an appropriation for an Administration Building and a Storage Building. These two buildings have been completed and are now in use. The 1949 Legislature made an additional appropriation for construction of a modern laundry building and for renovation of the old buildings, and upon completion of the renovation and the additional space provided by the removal of the administrative offices from one of the dormitories to the new Administration Building, it has a capacity of 402 beds.

LAKIN STATE HOSPITAL

(Mental)

Lakin

Superintendent: S. O. Johnson, M. D. Business Manager: L. W. Hemmons.
Number of patients: 502.

This institution is located in Mason County, nine miles north of Point Pleasant on State Route 62. It was founded by an act of the Legislature in 1923 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders.

There are two main ward buildings of three stories each, one housing male and the other female patients. Other fireproof structures include a two-story office building, hospital cannery, a recently constructed modern dormitory for female workers, heating plant, duplex for physicians and a new medical center which is presently being used for short term in-hospital study diagnoses and treatment and also for out-patient services. In addition, there are on the immediate hospital grounds, six frame reconditioned structures in which certain allied functions of the hospital such as laundry, canteen, recreational hall and work shops, are conducted.

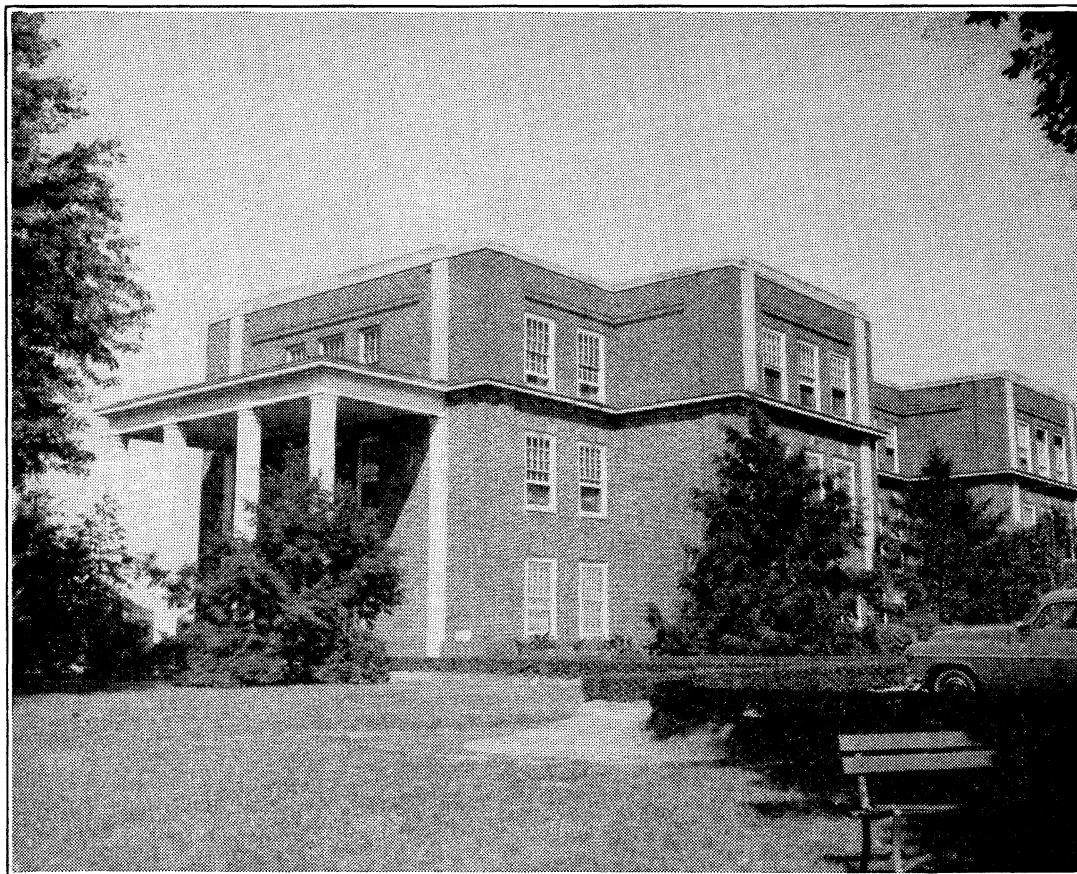

The new Medical Center permits a total population of 502. An increase of 50 additional patient beds will be had when the construction of a home for male workers, who presently live in the men's building, is completed. Plans for the construction of this building are now under way.

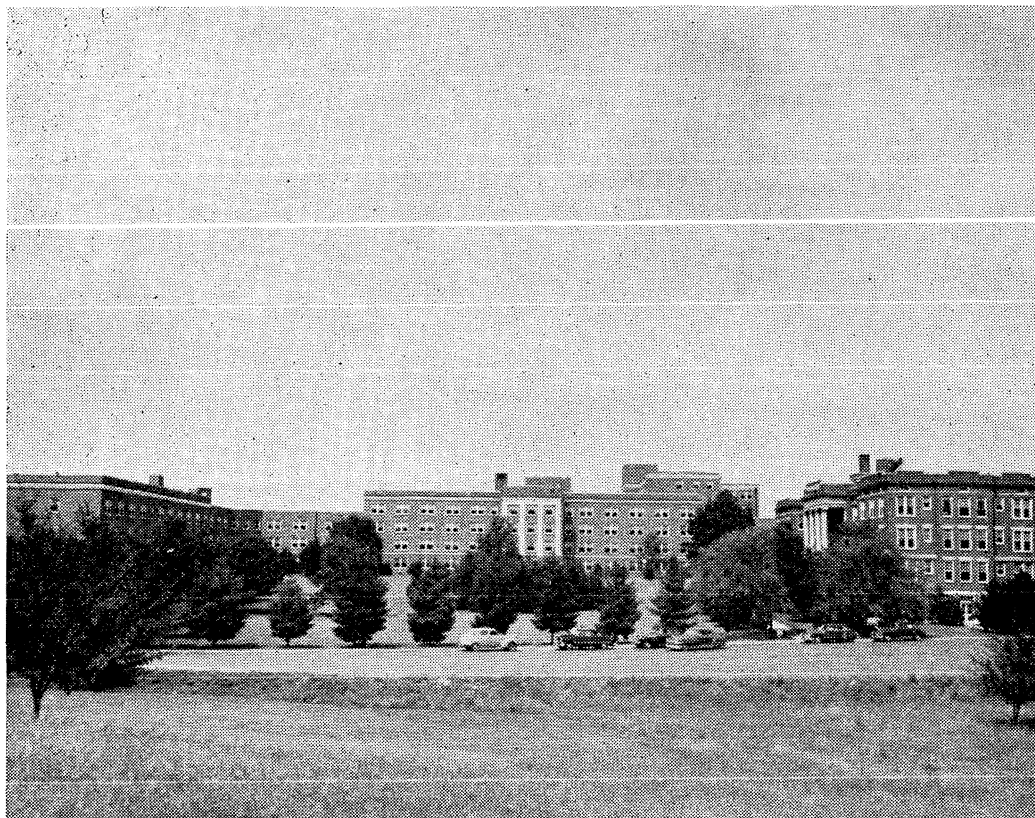

The hospital has been fully approved by the American College of Surgeons, is a member of the American Psychiatric Association, the National Hospital Association and the West Virginia Hospital Association, and received the "Hospital of the Year" award, a national recognition in 1952, by the American Psychiatric Association and for four years, 1951, 1952, 1953, and 1954, a psychiatric aide of our hospital has been cited for excellency in the care of mentally handicapped patients.

Significant strides along the lines of reorganization and reform have been made. This has resulted from the interest and coordinated efforts of higher calibre workers and has been reflected in more scientific treatment and rehabilitation programs, reduced mortality and a large and consistent release of improved patients to their homes and occupations.

Persistent attempts have been and are still being followed through to secure and maintain community understanding, support and interest. Our out-patient services, mental hygiene clinic services, hospital auxiliaries and our participation in community civic activities have proved most effective in morale building and have tended to enhance more wholesome hospital-community relations.

Most of the accepted methods of treatment including psychosurgery, electroconvulsive therapies, insulin shock therapy, psychotherapy, individual and group therapy, occupational therapy, recreational therapy and music therapy in addition to indicated drug therapies, are utilized to advantage in an effort to make the institution a treatment hospital rather than an institution of custodial care.

PINECREST SANITARIUM
(Tuberculosis)

Beckley

Superintendent: H. S. Edwards, M. D. Business Manager: George W. Ballard.

Pinecrest Sanitarium, located in Raleigh County at Beckley, was authorized by an act of the Legislature in 1927 and formally opened March 18, 1930. At that time the sanitarium was known as Rutherford Sanitarium but at the session of the 1934 Legislature was changed to Pinecrest Sanitarium.

Pinecrest Sanitarium is located just outside the city limits of Beckley on Federal Routes 19-21 and State Highway 3-41 with hourly bus service connecting with the city and the Atlantic Greyhound bus lines, also with the C. & O. Railway in Beckley and Prince.

The sanitarium has a fifty-acre campus, and a 250-acre farm, which is modernly equipped for farming, and a dairy herd of 140 Guernsey cows supplying milk for the institution, also a large number of hogs supply pork and pork products, all consumed by the institution. Pinecrest Sanitarium is composed of four modern fireproof units all connected under one roof, with 650 beds for patients, a modern fireproof nurses' home, four modern dwellings for staff physicians, seven cottages for employees, a central heating plant, dairy barn, hog barn, laundry and numerous outside buildings.

The hospital is approved by the Medical Council on Education of the American Medical Association and the American College of Surgeons. Various departments of the hospital fulfill the standard requirements of these organizations.

Patients admitted to Pinecrest Sanitarium are assigned to individual physicians who carry out therapeutic procedures that are recommended by the entire staff. In this manner, the patient is given the benefit of consultation by the entire medical staff. The Pinecrest Staff is composed of a Superintendent, Medical Director, six full-time physicians, two X-ray technicians and two laboratory technicians, with ample office employees.

The ambulatory patients have the privilege of being entertained in the modern auditorium, by moving pictures and plays produced by local talent. They also take their meals cafeteria in a spacious dining room. The Sanitarium is modern in every respect, with the most modern equipment available for the treatment of tuberculosis, both surgical and medicinal. A full-time college graduate teaches vocational rehabilitation, and trained medical social workers are employed full-time. The Sanitarium has the services of a full-time Chaplain and assistant.

SPENCER STATE HOSPITAL
(Mental)**Spencer**

Superintendent: Isaac C. East, M. D. Business Manager: B. E. Holswade.
Patients: 1,050.

The Spencer State Hospital property consists of 180 acres located in Roane County, one-fourth mile from the City of Spencer. The hospital was authorized by an act of the Legislature on May 7, 1887 and was formally opened July 18, 1893. The hospital, which was established to relieve the over-crowding at Weston State Hospital, was originally designated as the Second Hospital for Insane.

This hospital is maintained for the treatment of mental and nervous disorders, including epilepsy, mental deficiency, alcoholism and drug addiction.

Volunteer patients may be received in the main hospital and in the Clinic division by signing an application form for admission at the hospital and by payment of prescribed fees. Most of the modern methods of treatment are available, including electro-convulsive therapy, individual and group psychotherapy, occupational therapy, recreational therapy, hydrotherapy and neurosurgery.

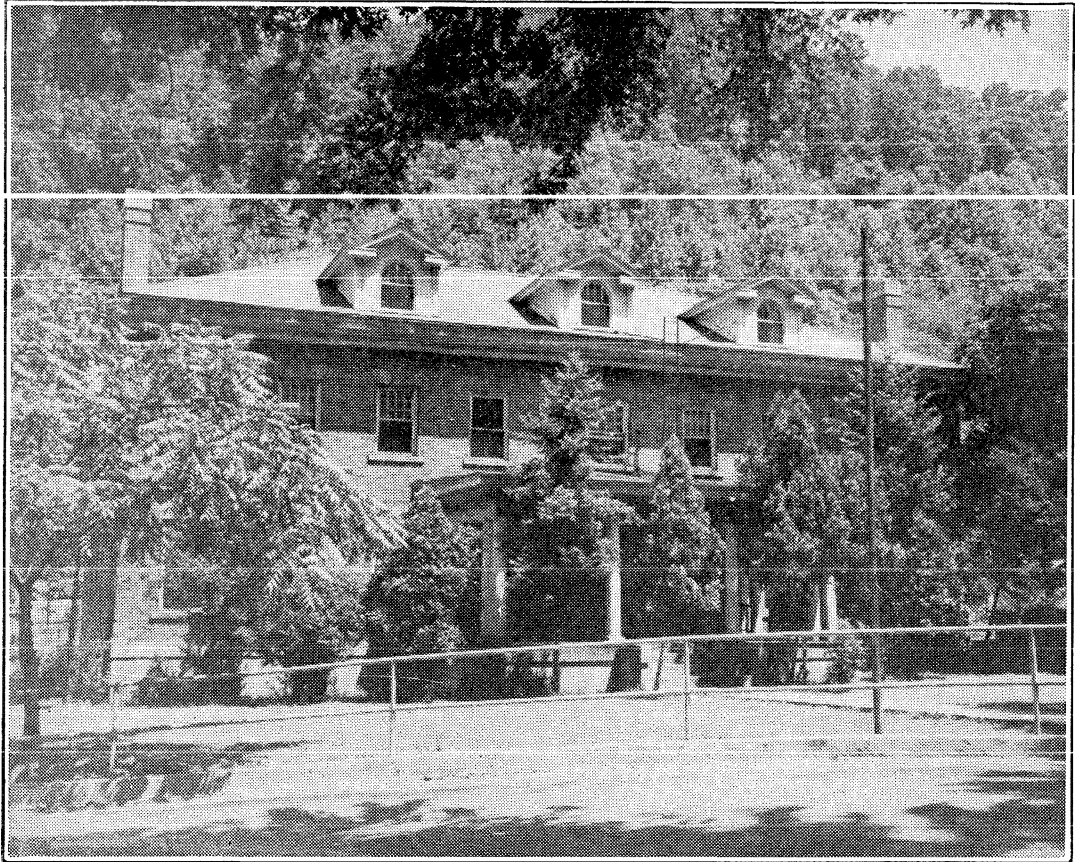

An 87-bed Clinic building, one of the finest of its type in the country, was opened in 1952. The utilization of the three wards in the old Clinic building as a Men's Reception Ward, a Women's Reception Ward and an Infirmary Ward has greatly improved the treatment facilities. The hospital maintains a well equipped Clinical Laboratory and X-Ray Department.

Recent additions to the staff are a Dietitian, Psychologist, Beautician, part-time Dentist and a part-time Chiropodist. During the last year there has been a considerable increase in activity in the Occupational Therapy Department. A new hospital Library is near completion.

Volunteer groups from the City of Spencer have added tremendously to the Occupational Therapy and Recreational Therapy program. This hospital is most grateful for the help rendered to many patients by these fine citizens who have done so much to improve our community relations.

A project of fireproofing and remodeling the entire Women's Division of the hospital is now in progress. The institution is now a member of the West Virginia Hospital Association and the American Hospital Association.

WELCH EMERGENCY HOSPITAL

(Surgical)

Welch

Superintendent: Irvine Saunders, M. D. Financial Secretary: Lucille L. Fallin.

Welch Emergency Hospital, located in the City of Welch, was established in 1899, on a three-acre tract given to the State by J. J. Sperry for this purpose. Its particular service was to the miners in that region, but now takes care of a large part of the charity cases of Southern West Virginia. The patient load has increased, the average daily census now being 106 patients. An accredited training school for nurses had been maintained in connection with the hospital since 1914, but was discontinued January 1, 1944. Improvements made during the past year include the installation of two new rooms with connecting bathroom on the second floor and the installation of a new elevator.

WESTON STATE HOSPITAL

(Mental)

Weston

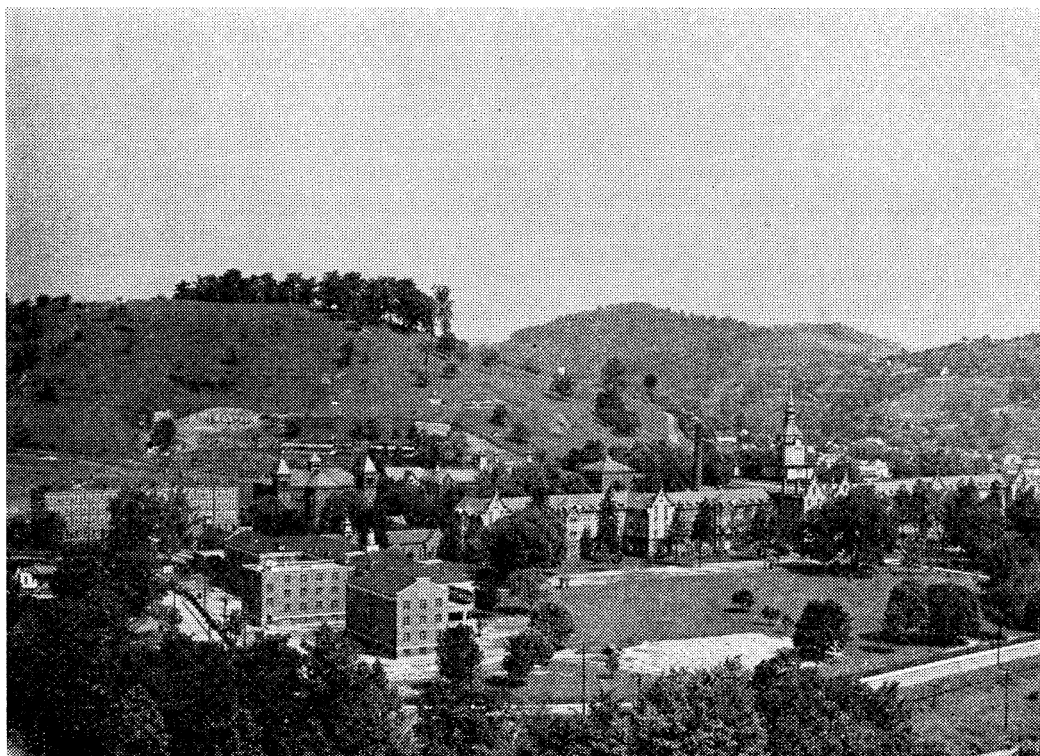

Superintendent: H. Sinclair Tait, M. D., C. M. Business Manager: Robert E. Alfred. Patients: 2,180.

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864. The hospital has grown from an initial capacity of 35 patients to 2,180.

The hospital is maintained and equipped to provide adequate treatment for all types of mental and nervous illnesses, both voluntary and court committed; in addition, all mentally ill tubercular patients in the entire State are cared for in a specially constructed building which now houses 279 patients. A surgical section has been added whereby all types of tubercular surgery are provided. In addition, a modern specially constructed building has been erected to take care of all criminally insane in the State. A 106-bed neuropsychiatric clinic building is in operation and the hospital is equipped to provide all types of treatment, including psychotherapy, hydrotherapy, occupational and recreational therapies, electroshock therapy and psychosurgery. The facilities consist of laboratory, general surgery, X-ray, social service and psychology departments, and an active out-patient clinic. A new personnel building has recently been opened and two new constructions to house patients are soon to replace old buildings which have outlived their usefulness. Plans are underway for the construction of an auditorium and recreation hall and a new medical treatment building. Recently a beautician and chiropodist have been added to the staff. The medical staff is augmented by a group of medical and surgical consultants in the various specialties. The hospital is a member of the American Hospital Association, the American College of Surgeons and the West Virginia Hospital Association.

A registered herd of Holstein and Guernsey cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in the modern pasteurizing plant and fully approved by the State Board of Health.

The buildings and outlying farms occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide excellent recreational facilities for the patients.

FEDERAL REFORMATORY FOR WOMEN

Alderson

Warden: Nina Kinsella

Associate Warden: Margaret C. Jones

Chief Clerk: Earl H. Saunders

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 500. There are fifteen buildings housing inmates, a hospital, administration building, a garment shop, laundry, dressmaking and arts, school building and

auditorium, home economics department, crafts, cannery, storehouse, shops and an extensive farm with modern dairy, piggery and truck gardens. The Enabling Act specified that each inmate should be given training that would fit her to be self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program of cleanliness, industry and education in citizenship. Classification and casework is highly developed to provide for adequate training within the institution and proper placement in jobs after release.

GOVERNOR'S COMMITTEE

On Employment of the Physically Handicapped

**Office of Chairman, Room 616, State Office Building,
112 California Avenue, Charleston 5**

The Governor's Committee is affiliated with the President's Committee on Employment of the Physically Handicapped, and promotes programs in the interest of handicapped persons seeking employment opportunities within the state.

Federal, State and private agencies, whose activities are coordinated in serving handicapped persons and disabled veterans, cooperate fully in effecting

programs such as "National Employ the Physically Handicapped Week", High School Essay Contests (pertaining to the handicapped); Awards of Merit and Outstanding Service; Physicians' Awards; Handicapped Employer Awards; high school poster contests; and community planning for handicapped groups.

Participating actively are the following agencies: Veterans Administration, Department of Veterans Affairs, organized labor, Division Vocational Rehabilitation, Department Employment Security, State Executive Department, veterans organizations, and the Veterans Employment Service.

The Governor appoints the Committee's Chairman and individual members, recommended by local community committees, are either reappointed or newly appointed each year by the Executive Head.

Membership includes representatives of the above named agencies and others from industry, civic, medical ministerial, women, veterans, fraternal, and other groups throughout the state.

The committee is a non-dues paying organization and at times when finances are necessary for contest prizes the required amounts are secured from generous employers who have been responsible for so many successful programs.

The Governor's Committee attempts to secure an outstanding and well known speaker for its annual meeting, usually held in September, and prior to NEPH Week, at which time all members are notified and invited to attend.

Congress has determined that the first full week in each October shall be observed as "National Employ the Physically Handicapped Week" throughout the Nation. This week's observance is intended to be a reminder to those employers who remain reluctant in employing handicapped workers. National, state and local media of press, radio and television have carried the message of the handicapped in an excellent coverage of the various programs.

MILITARY

WEST VIRGINIA NATIONAL GUARD

(Corrected to September 1, 1954)

WILLIAM C. MARLAND, *Governor*
Commander-in-Chief

CHARLES R. FOX, *Brigadier General*
The Adjutant General

The West Virginia National Guard is authorized and governed by Article I, Chapter 15, of the West Virginia Code and is constituted as both State and Federal force by authority of the National Defense Act approved June 3, 1916, as amended to January 1, 1945, inclusive. The National Guard is a reserve component of the Army of the United States and is composed of officers and enlisted men who volunteer for duty and are qualified in accordance with Federal and State regulations governing same. In time of peace, the National Guard is a State force, controlled by the Adjutant General as a principal military representative of the Commander-in-Chief. The Adjutant General issues, in the name of the Governor, all orders to the National Guard, disburses funds appropriated by the State Legislature for this purpose and acts as Chief of Staff for the Commander-in-Chief. In the event of war, insurrection, rebellion, invasion, tumult or a case of imminent danger of said events, or in the event of public disaster, the Governor has the power to order the West Virginia National Guard or any part thereof, into the active service of the State and to cause them to perform such duty as he shall deem proper. The National Guard is equipped and paid by the Federal Government, but must meet certain organizational and training standards to qualify for Federal recognition. When Congress declares a national emergency and authorizes the use of armed forces requiring troops in excess of those in the Regular Army, the President of the United States may order the National Guard into the active military service of the United States. Initial enlistments in the National Guard are for a period of three years with reenlistments authorized for either one or three years.

OFFICIAL MUNICIPAL REGISTER

(Corrected to October 1, 1954)

CLASS I, II AND III CITIES

Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Salem—Harrison County

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway Route No. 23 pass through it. It is the birthplace of Congressman Jennings Randolph and the great writer, Granville Davison Hall, author of *Daughter of the Elm*, *The Rending of Virginia*, and many other historical books.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 48 stars arranged in six horizontal and eight vertical rows, each star with one point upward. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission. The proportions of the Flag as prescribed by Executive Order of President Taft, October 29, 1912, are as follows:

Hoist (width) of flag.....	1.
Fly (length) of flag.....	1.9
Hoist (width) of union.....	7/13
Fly (length) of union.....	0.76
Width of each stripe.....	1/13
Diameter of star.....	0.0616

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

(See 1953 Blue Book)

STATE FLOWER

Rhododendron maximum, West Virginia's floral emblem, was designated the State Flower by joint resolution of the Legislature on January 23, 1903. This was during the administration of Governor Albert Blakeslee White.

Sometimes called "big laurel," rhododendron maximum is a shrub of the heath family, noted for big beautiful blossoms and evergreen foliage. It has large dark green leaves and clusters of pale pink or white blossoms delicately spotted with red or yellow. At all proper times and places it is displayed as the State Flower.

STATE BIRD AND TREE

The brilliantly costumed cardinal and the majestic sugar maple are the state bird and tree of West Virginia.

These were officially declared state emblems by a legislative committee of five on June 18, 1949, after tabulating votes cast by public school children, college students and representatives of civic, sportsmen and bird study groups. Both the bird and the tree are found in virtually all parts of the State.

WEST VIRGINIA STATE FLAG

*DIVISION OF AUGUSTA AND FREDERICK COUNTIES

Edgar B. Sims, State Auditor

In 1777 Rockingham county was created from Augusta, beginning in the Blue Ridge and running northwest across the Shenandoah Valley, North Mountain and the Middle Fork of the South Branch (7 miles above Franklin), to the top of the Allegheny. That part of Rockingham now West Virginia territory extended from this line northeast almost to Upper Tract. A part of this area was added to Pendleton in 1787.

In 1777 Augusta was divided by a line beginning on the north side of North mountain opposite the upper end of Sweedland hill, thence a direct course to the mouth of Seneca, to the top of the Allegheny; thence along the mountain to the Hampshire line. All the area northward of this line was added to Hampshire.

In 1784 Harrison was created from Monongalia, beginning at John Goff's ford at the Maryland line, near the artificial lake north of Aurora; thence by a straight line to the head of Big Sandy and down the creek to Tygart river; thence down the river to the mouth of West Fork and up the same to the mouth of Bingamon; thence to the Ohio county line on the ridge between the waters of Ohio and Monongahela rivers. All the area south of this line and south of Ohio county was Harrison. Randolph county was formed from (1786); Wood formed from (1798). In 1800 the northern line of Harrison was moved from Bingamon creek to Buffalo creek; thence up said creek to the forks (Mannington); thence up the ridge between Pyles and Buffalo creeks to the Ohio line. In 1802 the "Buchannon Settlement" was restored to Harrison from Randolph. In 1804 all of the head waters of Middle Island creek (now Doddridge) was transferred from Ohio county to Harrison. Lewis formed from (1816); part of Marion (1842); part of Ritchie and Barbour (1843); part of Taylor (1844); part of Doddridge (1845); and a section added to Taylor (1863).

In 1785 Hardy county was formed from Hampshire, beginning on the North Branch of the Potomac opposite the mouth of Savage river; thence a direct course of Myre's Mill on New Creek; thence in a direct course to John Lewis' Mill on Patterson creek; thence to the top of High Knob; thence to the gap of Short Arse Mountain where the North river runs through; thence along the road passing the upper end of Henry Fry's plantation on Cacapon, to the top of North mountain, to the intersection of Hampshire and Shenandoah. All that part of Hampshire south of this line was Hardy. A small section of Hardy was restored to Hampshire in 1787. Part of Pendleton formed from (1787); Grant formed from (1866).

In 1786 Randolph county was formed from Harrison, beginning at the mouth of Sandy, of Tygart river, and running to the mouth of Buchannon river; thence, including all waters of Buchannon river, to the top of (Point) mountain; thence down the dividing ridge between Elk, West Fork and Little Kanawha, to the Greenbrier line (near Servia, now Braxton county); thence with the Greenbrier line to the top of the ridge dividing the waters of Greenbrier and Gauley. This was the southeast area of Harrison. Part of Randolph restored to Harrison (1802); part of Nicholas formed from (1818-1820); part to Lewis (1818); part of Pocahontas (1821); part added to Preston (1828-1838); part of Barbour formed from (1834); part added to Braxton (1849); part of Upshur formed from (1851); Tucker formed from (1856); part of Webster formed from (1860); part added to Upshur (1865).

In 1787 Pendleton was formed from Augusta, Hardy and Rockingham beginning at the Rockingham line on North Mountain opposite Charles Wilson's on South Fork; thence direct to Clay Lick on North Fork; thence to the top of Allegheny and along the same and the east side of the Greenbrier waters to the southwest fountain of the South Branch; thence between waters of James river and South Branch along the ridge to North Mountain and with the same to the beginning. In 1790 when Bath was formed from Augusta, the head waters of Bull and Cow Pasture rivers, not included in Bath, were added to Pendleton. In 1796 a part of Bath was added to Pendleton, beginning on the Allegheny, thence to the lower end of Slaven's Plantation on the Greenbrier (near Durbin); thence to Dunwiddie's on the Jackson, (Vanderpool); thence crossing Bull Pasture, leaving Edward Stewart in Bath county; thence to Stewart's Gap on the Cow Pasture (Williamsville); thence to the mountain between the Cow and Calf Pasture; thence northeasterly along said mountain to the Pendleton line. (See Deed Book 3, Page 7, Pendleton County). Part of Pocahontas formed from (1821); part of Highland formed from (1847). The two sections taken from Pendleton (1821-1847) restored the original Pendleton line.

In 1788 Kanawha was formed from Greenbrier and Montgomery, beginning at the mouth of Great Sandy (south bank), in Montgomery county (Kenova); thence up Great Sandy and Tug to the Cumberland mountains (now Mingo county, at Wharnccliffe); thence northeast to the Great Kanawha, crossing at the end of Gauley mountain (Alloy); thence with said mountain between Elk and Gauley to the Harrison line, on Birch river; thence with same to the Ohio river (Murrayville), and down the Ohio, including the islands, to the beginning. In 1795 the Greenbrier-Kanawha line was moved east to the mouth of Gauley and

1950 CENSUS OF POPULATION

(As prepared by Bureau of the Census, U. S. Department Commerce)

POPULATION OF WEST VIRGINIA, APRIL 1, 1950

(This is the fifth of a series of reports presenting final population figures for selected areas in each State. In this series, reports are numbered alphabetically by States. Additional reports will be issued as final figures for other States become available).

The total population of West Virginia on April 1, 1950, was 2,005,552, according to final figures for the State released today by Roy V. Peel, Director, Bureau of the Census, Department of Commerce. During the previous 10 years, the population of the State increased by 103,578, or 5.4 percent, over the 1,901,974 inhabitants enumerated in 1940. Among the States, West Virginia ranked twenty-ninth in population. The present population of West Virginia is about 4½ times as large as its population 80 years ago when it was first separately enumerated in a Federal census.

West Virginia has always been a State with the preponderance of its population living in rural territory. According to the new urban definition, West Virginia had an urban population of 698,324 and a rural population of 1,307,228. The urban population comprised 34.8 percent of the total population of the State.

Between 1940 and 1950, 27 of West Virginia's 55 counties gained population and 28 lost population. Of the counties which lost population, all but 2 were predominantly rural, and 19 had no urban population at all. The counties of West Virginia ranged in size from Wirt with a population of 5,119 to Kanawha with a population of 239,629.

West Virginia had a total of 214 incorporated places and 77 unincorporated places of 1,000 inhabitants or more. These places ranged in size from Montrose town with a population of 79 to Huntington city with a population of 86,353. The 214 incorporated places contained 802,827 inhabitants, or 40.0 percent of the total population of the State. Of these places 55 had 2,500 inhabitants or more and a combined population of 644,443. The population of the 7 unincorporated places of 2,500 or more was 29,506, and the combined population of the 70 smaller unincorporated places was 103,154.

Under the urban definition established for use in the 1950 Census, urban territory has been defined to comprise (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns, and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. All other territory is classified as rural. According to the definition used in previous censuses, urban territory was designated as all incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not incorporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules. Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1950 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas

and in unincorporated places of 2,500 or more is classified as urban according to the new definition. Consequently, the special rules of the old definition are no longer necessary.

According to the new urban definition, the 1950 urban population of West Virginia included the following components: (1) The 644,443 inhabitants of the 55 incorporated places of 2,500 or more; (2) the 29,506 inhabitants of the 7 specially delineated unincorporated places of 2,500 or more; (3) the 24,375 persons living in the incorporated places under 2,500 and unincorporated territory in the urban fringes of Charleston, Wheeling, and Huntington. Since the first element comprises the urban population under the old urban definition, the aggregate population of the remaining elements—53,881—represents the net gain in the West Virginia urban population which resulted from the change in definition.

Check or money order in the amount of the total cost must be enclosed with application. Application blanks may be obtained by writing to the address noted.

U. S. DEPARTMENT OF AGRICULTURE

Forest Service

Monongahela National Forest

Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for cooperation by states with the United States in the protection of watersheds of navigable streams. In West Virginia, the national forest was established mainly for flood protection in the Ohio and Potomac River valleys. It is one of a system of nearly 150 national forests and the only national forest wholly in West Virginia.

In administration, the public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,673,747 acres of which 805,903 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are five ranger districts, each in charge of a district ranger.

Counties in the National Forest, and their current acreage in National Forest ownership are:

Grant	14,126	Pocahontas	276,847
Greenbrier	98,843	Preston	3,891
Nicholas	23,434	Randolph	170,193
Pendleton	60,170	Tucker	93,702
Webster.....	64,697		

The public forest is administered in cooperation with several conservation agencies, including the West Virginia Conservation Commission. By law, twenty-five percent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties.

At Parsons is one of the largest forest tree nurseries east of the Mississippi River. It is under permit to the West Virginia Conservation Commission.

FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish. Fishing in any of these streams does not necessarily indicate that the Conservation Commission promises the limit of fish to each fisherman. This is intended merely as a guide.

DEPTH AVAILABLE FOR NAVIGATION

(Data furnished by the War Department)

Ohio River—Improvement of the Ohio River, as authorized by Congress in the River and Harbor Act of June 25, 1910, provides for a channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The system of locks and dams throughout the river provides a navigable depth of 9 feet at ordinary river stage. New dams of modern design have been completed near Hogsett, West Virginia, (Gallipolis Locks and Dams), at Montgomery Island, 32 miles below Pittsburgh, Pennsylvania, and at Emsworth Locks, 6.2 miles below Pittsburgh, Pennsylvania.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by 13 locks and dams to afford slack-water navigation for its entire length from Pittsburgh, Pennsylvania, to one mile above Fairmont, a distance of 128 miles. The project is approximately complete and the controlling depth between Pittsburgh, Pennsylvania, and Lock 11 (Uffington, West Virginia) 104.95 miles above the mouth is 9 feet and above Lock 11, 7 feet to the upper limits of the project.

Kanawha River, West Virginia—The existing project provides for the construction of 3 modern dams on the Kanawha River, with twin locks at London, Marmet and Winfield, and the Gallipolis locks and dam on the Ohio River, near Hogsett, West Virginia, to furnish a 9-foot navigable depth from the Ohio to a point 90.57 miles above the mouth. The dams at London and Marmet were completed in 1934, and the Winfield dam in 1937. The Gallipolis locks and dam were completed in October, 1937, thus making available a channel depth of 9 feet from the mouth of the river to the head of navigation.

Big Sandy River, West Virginia and Kentucky, including Levisa and Tug Forks—Under the existing project, 3 locks and dams were constructed on the main river, and one lock and dam were constructed each on Levisa Fork and Tug Fork. Only the lower lock and dam on the main river is in operation at the present time to provide slack-water depth of 6 feet from the Ohio River to a point about 7 miles above the mouth. The remaining two structures on the main river have movable dams which are placed in use only at such times as the needs of navigation require. The Levisa Fork Lock and Dam No. 1 and the Tug Fork Lock and Dam No. 1 have not been operated for several years.

Tygart River Reservoir—The Tygart River Dam, located on the Tygart River, 2¼ miles upstream from Grafton, as authorized by the Public Works Administration January 11, 1934, and approved by Congress in the River and Harbor Act of August 30, 1935, provides for a dam 1,880 feet long and 207 feet high for the storage of 290,000-acre tract of water to control floods and aid navigation in the Monongahela River. The dam has been completed and is now in operation as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania, and the upper Ohio Valley generally.

Bluestone Reservoir Project—This project, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress under the Flood Control Act of 1936. Construction of the project was begun early in 1942; however, the work was suspended in 1944 because of the war emergency. Construction was resumed in January 1946, and has been prosecuted steadily to the present advanced stage of project completion. The project is expected to cost about thirty million dollars when completed late in 1950. The dam will be 165 feet high and 2,061.5 feet long. The reservoir will have a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the reservoir will vary about 5 feet, with a minimum pool of 7.8 miles in length and 1,020 acres in area that will utilize about 11,000 acre-feet of the total reservoir capacity. The remaining reservoir capacity will be reserved for impoundment of flood flows as required for flood control.

Little Kanawha River, West Virginia—The existing project provides for 5 locks with fixed dams, to give a navigable depth of 4 feet from the mouth of the river to Creston, a distance of 48 miles. Under this project one lock and dam was constructed and 4 were purchased from the Little Kanawha Navigation Company. Only the lower lock and dam is in operation at the present time to provide a slack water depth of 4 feet from the Ohio River to a point about 14 miles above the mouth. The remaining structures are placed in use only at such times as the needs of navigation require.

HEALTH DEPARTMENT

The State Department of Health continues to profit by moving into the new State Office Building Unit No. 3 in February, 1952. This event marked the first time in approximately twenty years that all of the programs of the Department were under the same roof.

The physical arrangement of the offices has done much to build a stronger esprit de corps and a smoother liaison in the work of the department. For the first time in many years there is a genuine feeling of unity and a sympathetic appreciation of the diversified department functions by the various bureaus and divisions. Coordination and supplementation of efforts among the various segments of the program has been greatly facilitated. It is much more convenient for division and bureau directors to plan together; to personally discuss their programs with and obtain guidance from the State Director of Health. The Public Health Program always has been, and must always remain, a teamwork proposition. Working in close proximity has done much to make the present operation of the State Health Department realize this fundamental tenet.

The Conference-Room-Library has been a most valuable facility. Here, according to the public health laws of the State, the quarterly meetings of the State Board of Health, Medical Licensing Board, Hospital Construction Advisory Council, and others hold meetings. The setting is conducive to productive work, effecting an economy in time, greatly appreciated by the board members who give so generously of already crowded schedules, and has expedited the work of these indispensable groups. The regular monthly department staff meetings and the quarterly combined state and local staff meetings are held here. In-service training meetings, seminars, previews of films and joint bureau and/or division committee meetings use the facility. The State Director of Health serves on various advisory boards and committees. These groups and other departments of State Government also use the room for official business.

The department library is now a reality. Formerly these materials were distributed among the various bureau and division offices. The Conference Room-Library has made it possible to bring the materials together in one place where they are available to all members of the staff for use in research and study. In due time, as the number of books and reference material is increased, the library will prove to be an important archive for all workers in public health.

The State Hygienic Laboratory is now comfortably and efficiently housed in a new modern facility located at 151 Twelfth Avenue, South Charleston, West Virginia. Construction of the new laboratory was begun May 18, 1953, and was completed and dedicated on June 26, 1954. West Virginia now has a Public Health Laboratory which will compare favorably with any other such facility in the United States.

The effort to stimulate the formation of community health councils instituted in the Spring of 1952 with an addition to the staff of a Health Education Consultant has proven worth while. We now have twenty-eight local health councils, or health sections within community councils, operating in twenty-three of the fifty-five counties. The encouraging development is that several of the organizations are in rural areas. It is generally agreed that public health makes its greatest progress when representative citizens in a community come together to identify health problems, and then implement programs to solve them. The community health council idea is making rapid strides in the nation and this direction in the work of the Department is consistent with sound public health thinking.

The Department's composite budget, comprised of Federal, State and local funds, amounted to \$2,274,199 in the fiscal year beginning July 1, 1953, and ending June 30, 1954. This represented a per capita distribution of \$1.14, which is considerably below the accepted national minimum of \$2.00. Of the total budget 25 percent came from Federal grants-in-aid, 36 percent from State appropria-

tions and 39 percent from local agencies such as county courts, boards of education and municipalities. During the 1954 fiscal year the Department continued to lose professional and technical personnel due to an inadequate budget, which makes it impossible to compete with other health agencies and private industry in retaining the services of qualified persons to maintain the State's most valuable asset, a healthy citizenry.

During the calendar year 1953 there were 46,652 live births recorded in West Virginia. This is the second time since 1936 that fewer than 50,000 resident births have been recorded. There were 16,685 deaths recorded during the year. The ten leading causes of death for West Virginia are: 1. Heart Disease 5,687; 2. Cancer 2,186; 3. Vascular Lesions 1,949; 4. Accidents (all forms) 1,282; 5. Pneumonia and Influenza 735; 6. Tuberculosis (all forms) 274; 7. Premature Birth 248; 8. Arteriosclerosis 313; 9. Nephritis and Nephrosis 274; 10. Congenital Malformations 285.

The state public health laboratory in general takes up where the local hospital and commercial laboratory stops. The kinds of service offered by most local laboratories in West Virginia, and elsewhere, are usually limited to those which are not so expensive as to prevent the local laboratory from conducting them at a profit in moderate volume, those which are safe for the average working conditions, and those which can be paid for by the patient. The state's public health laboratory strives to aid the local laboratory to achieve or retain accuracy and efficiency in its work by offering consultation, teaching, periodic evaluations, and reference services; to supply the needs for the individual patient which the local laboratory does not fulfill; to carry out examinations required to determine sanitation of water, milk, and food supplies, swimming pools and the like; and to provide biologicals for the prevention of disease. The services of the Hygienic Laboratory are free. They are used regularly by every local health department and practically every public or private medical care agency (including the private physician) in West Virginia.

The Bureau of Dental Health devotes most of its time and efforts to programs which will improve the dental health status of the children of the state. However, many of the dental health measures advocated will also be of benefit to the adult population. Greatest emphasis has been placed upon obtaining broader use of measures which have been proven to prevent tooth decay. Assistance is provided to schools in their health education programs and communities in their efforts to initiate good dental health projects. Technical and financial assistance is provided to 13 part-time clinics, which provide dental care for indigent children. Surveys are made to determine the dental health status of the population. Evaluation of the information assists in planning better dental programs and in determining the progress being made toward improving dental health.

The Division of Cancer Control is aimed at the prevention of the disease and reducing the mortality rate by early diagnosis and treatment. During the first ten months of fiscal year 1953-54 there were 1,089 residents of West Virginia with cancer symptoms who received financial assistance for diagnosis and treatment. At the end of the ten months the funds were exhausted making it impossible to accept new applications during the months of May and June.

We have now accumulated on our case register a total of 963 clinically diagnosed cases of Heart Disease. A surprisingly large number of these cases are under the age of 40, suggesting that many cases seen may be the result of congenital or Rheumatic Heart Disease. In future years, a more intensive follow-up program for the purposes of possible treatment and rehabilitation should be initiated in this group of patients. It has already been shown, in a study made the previous years, that two-thirds of this group of patients, not now capable of employment, could be successfully rehabilitated.

Over 99,000 X-rays for the detection of tuberculosis were provided for adults in West Virginia. Three X-ray units provided the service in 42 counties. Clinical follow-up or referral to private physicians of suspects for tuberculosis, identified in mass surveys, resulted in detection of 1,161 new cases.

The venereal disease control program is emphasizing selective blood testing in high prevalence areas as a case-finding technique. This type of case finding

does not discover infectious cases but it is saving the State a tremendous amount in discovering chronic syphilis and giving adequate treatment which will prevent many persons from later becoming institutional cases. The Prevention and Control Center, located in the Kanawha-Charleston Health Department, and several clinics throughout the State are available for diagnosis, treatment, contact interviewing and investigation techniques in the control of infectious venereal diseases.

The Bureau of Industrial Hygiene, in addition to its already overwhelming task of evaluating exposure of West Virginia workers to toxic dusts, gases, fumes and other materials, in cooperation with the West Virginia Turnpike Commission, consulting and contracting engineers, made weekly studies of all dust and fume problems concerned with the driving of a vehicular tunnel of the West Virginia Turnpike, making recommendations for controls or corrections when needed.

One of the basic functions of public health is environmental sanitation. Through the Division of Sanitary Engineering the Department provides control, consultation, promotional and supervisory activities in such fields as water supply, sewerage, milk sanitation, food sanitation, swimming pools, refuse disposal and insect and rodent control.

The program of the Division of Maternal and Child Health is concerned with the physical, mental, and emotional health of children and pregnant women. For many years, infant and child care has received more emphasis in this state than maternal care. However, the increasingly large body of information pointing up the role of the mother's health and nutritional status in the production of such conditions as prematurity and congenital malformations, makes it imperative that more emphasis be placed, in the future, on prenatal care.

The services of the Bureau of Nutrition are designed for all the people. Types of services are consultation services, orientation and in-service training, direct service of clinics, planning for nutrition activities and coordination of activities with other agencies. Nutrition bulletins, films, and exhibits also carry the nutrition story to the population.

During the fiscal year 1953-54 there were 125 hospitals and related institutions approved and granted licenses to operate by the Bureau of Hospitals and Medical Care. Under the Hill-Burton Act five new facilities were constructed and opened during the same year. Four of these are general hospitals which provide 351 additional hospital beds for the people of our State.

The State Committee of Barbers and Beauticians conducted examinations for 115 applicants. There were issued 143 certificates of registration and 88 registrations for junior barbers and beauticians. Inspections of 2,326 barber and beauty shops were made in the interest of sanitary conditions and facilities.

The Bureau of Public Health Nursing promotes the organization of generalized public health nursing services. The Bureau continues its program of recruitment of nursing personnel; orientation of newly employed nurses to the field of public health nursing; and giving continued guidance and supervision of nurses working in local health departments. The staff of the Bureau offers nursing consultation and guidance to nurses working in industry; nurses employed by local boards of education, working exclusively with the school-age child; and hospital nursing personnel in care of the premature infant. Staff members offer consultation to and work closely with faculty in some of the Schools of Nursing throughout the state, and assist with providing some observation for nursing students in public health nursing in selected local health departments. The Bureau of Public Health Nursing works continuously with other health agencies for better coordination of community resources for improvement of nursing services to the family.

The work of the Bureau of Public Health Education is interpretive in nature, and the results are not immediately tangible. This service was provided mainly through office interviews, field visits, working with committees, and serving on programs and conference panels. The areas receiving most attention included community organization, the processes and techniques of public health, education and public relations, editorial and layout assistance for publications and exhibits, school health programs, production and effective use of health education materials.

² The American Library Association's proposed minimum requirements for listing as a county library have been applied by the West Virginia Library Commission in classifying county libraries in West Virginia: 1. (a) Gives service to all or the major portion of a county or (b) Operates under a county, or regional library law. 2. Receives at least 10 cents per capita income or \$5,000 whichever is larger. (In computing income the actual appropriations plus rentals, fines, etc., are included.) 3. Circulates at least 2 books per capita. 4. Gives direct book services to rural people through the medium of branches, stations, bookmobiles, etc. **"Libraries must meet three of the four qualifications and must meet 1 and 4."**

** Approximate expenditure in county by West Virginia Library Commission (this year).

**PUBLIC LIBRARIES (Tax Supported)
Giving Partial County Service**

OIL AND GAS DEVELOPMENTS, 1953

By R. C. Tucker, Assistant State Geologist, Morgantown, W. Va.

ABSTRACTS

The total number of wells drilled in West Virginia in 1953 reported to February 11, 1954, was 712, an increase of 11, or 1.57 per cent. Permits to drill or deepen totaled 712, or 58 more than in 1952, or an increase of 8.87 per cent. Abandoned during the year were 211 gas wells and 340 oil wells, or a total of 551 wells. Wells completed were: gas, 451; oil, 50; oil and gas, 24; storage, brine, water injection, and pressure wells, 43; dry holes, 144; total, 712. Compared with 1952, gas wells decreased 4, or 0.89 per cent; oil wells decreased 10, or 16.67 per cent; oil and gas wells decreased 3, or 11.11 per cent; storage and other wells increased 17, or 65.38 per cent; dry holes increased 11, or 8.27 per cent. Depth of wells completed ranged from 345 to 8,508 feet, compared with 75 to 8,175 feet in 1952. Total footage drilled (1,959,449 feet) decreased 85,372 feet, or 4.66 per cent under 1952 (2,044,821 feet). The average depth of wells (2,738 feet) decreased 179 feet, or 6.14 per cent. The total initial daily open flow of the gas wells was 393,780 MCF, a decrease of 17,362 MCF, or 4.22 per cent. The size of the gas wells ranged from 12 to 22,247 MCF, compared with 10 to 19,000 MCF in 1952. The total daily initial oil was 598 $\frac{1}{4}$ barrels, 183 $\frac{3}{4}$ barrels less than in 1952, or 23.50 per cent. The size of the oil wells ranged from $\frac{3}{4}$ barrel to 90 barrels daily, compared with $\frac{1}{4}$ to 80 barrels in 1952. The number of wells drilling or unreported if completed at the end of the year was 269, 4 more than in 1952, an increase of 1.51 per cent. Letters were sent to 171 operators regarding 331 wells not reported. Replies were received from 93 operators regarding 226 wells, leaving 78 operators unheard from regarding 105 wells. The average size of gas wells was 850 MCF, compared with 878 MCF in 1952, or a 3.19 per cent decrease. The average size of the oil wells was 9.2 barrels, compared with 10.7 barrels in 1952, a decrease of 14 per cent. Preliminary estimates of production for 1953: gas, 180,000,000 MCF, compared with 172,300,000 MCF estimated for 1952, or an increase of 4.4 per cent; oil, 3,000,000 barrels, an increase of 399,000 barrels over the 1952 estimate, or 15.3 percent, due mainly to water flooding. The estimated number of producing wells at the end of 1953: gas, 13,769; oil, 12,955. Table gives statistics by counties.

**COLLECTION OF REVENUE, BUSINESS AND OCCUPATION
TAX AND TRANSPORTATION PRIVILEGE TAX**

West Virginia has imposed since 1921 a Business and Occupation Tax in some form. This tax has been known erroneously as the "Gross Sales Tax," a designation which has included the privilege tax imposed on certain carrier corporations by the terms of Article 12-A, Chapter XI of the Code of West Virginia, as well as the Business and Occupation Tax imposed by the terms of Article 13 of said Chapter XI. Collections by virtue of these two tax laws are deposited to the credit of the general revenue fund of the State, and constitute the largest single source of the State's general revenue raised by so-called "indirect" taxation.

These taxes are license taxes imposed for the privilege of engaging in business in West Virginia. The amount of tax to be paid is usually measured by the amount of gross income received before the deduction of any expense whatsoever. Under the production and manufacturing classifications of the Business and Occupation Tax Law the measure of the tax is the value of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided, the proceeds of sale are indicative of the true value of the article. Every person in business is subject to the tax and if more than one person engages in a single activity or transaction, as in the case of the contractor and subcontractor, each must pay the tax on his entire income regardless of the tax paid by the other.

Business activities under Article 13 are classed and taxed as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place or sale or the fact that deliveries are made to points outside the State.

Coal	On each \$100.00 value, \$1.30
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag.....	On each 100.00 value, 3.90
Natural gas (exemptions include deduction of \$5,000 annually)	On each 100.00 value, 7.80
Limestone or sandstone quarried or mined; and timber	On each 100.00 value, 1.95
Other natural resource products.....	On each 100.00 value, 2.60

B. Manufacturing. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 39 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property, Other Than at Wholesale. The rate, 50 cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating or other expenses, or losses.

C. (2) Business of Selling Tangible Property at Wholesale. The rate, 19½ cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating, or other expenses, or losses.

D. Public Service or Utility Business. The rates set out below apply against the gross income of the business without deduction of cost of operation, expenses or losses of any kind.

Street Interurban and Electric Railways.....	On each \$100.00 value, \$1.30
--	--------------------------------

Electric Light and Power Companies (sales and demand charges, domestic purposes and commercial lighting)	On each 100.00 value,	5.20
Water Companies.....	On each 100.00 value,	4.00
Electric Light and Power Companies (all other sales and demand charges):		
Natural Gas Companies: Toll Bridges.....	On each 100.00 value,	3.90
Other Public Utilities—(Except telegraph and telephone companies, railways and other transportation companies)	On each 100.00 value,	2.60

E. Contracting Business. The rate, \$2.00 on each \$100.00 value, applies against the gross income of the business. The term "gross income" is defined as meaning total receipts of the business without deduction for the cost of labor or material, operating, or other expenses, or losses.

G. Amusement Business. The rate, 65 cents on each \$100.00 value, applies against the gross income of the business, "gross income" being defined as including the total receipts without any deduction on account of the cost of operation, or other expenses, or losses.

H. Service Business or Calling Not Otherwise Specifically Taxed. The rate, \$1.00 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

I. Rents, Royalties, Fees and Interest from the Use of Real or Personal Property of Corporations or Associations Only. The rate, \$1.00 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

Business activities under Article 12-A are classed and taxed as follows:

A. Motor Vehicle Carriers, Railroad Car Corporations, Express Corporations or Companies. \$1.50 on each \$100.00 of gross intra-state income, and \$1.50 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

B. (1) Telephone Corporations. \$2.75 on each \$100.00 of gross intra-state income and \$2.75 on each \$100.00 or pro-rated (to determine part derived from West Virginia business) net income from all business.

(2) Telegraph Corporations. \$5.00 on each \$100.00 of gross intra-state income and \$3.50 on each \$100.00 pro-rated (to determine part derived from West Virginia business) net income from all business.

C. Pipe Line Corporations. \$1.50 on each \$100.00 of gross intra-state income (effective July 1, 1953—prior to that date \$3.50) and \$3.50 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

D. Persons or Corporations, Operating Steamboats or Other Floating Property. \$2.50 on each \$100.00 of gross intra-state income.

E. Railroad Corporations. 50 cents on each \$100.00 of assessed value of all property within the State of West Virginia, and \$4.00 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

To the normal rates imposed by Article 12-A there is added, in all cases, a surtax of 30 percent of the normal tax.

Annual exemption of \$50.00 and an additional credit of 10 percent of the tax due after deduction of said exemption is provided under both the Business and Occupation and Transportation Privilege Tax Statutes.

Authorized agents of municipalities having a Gross Sales Tax Ordinance are permitted to inspect and make copies of returns filed with the State Tax Commissioner upon the written request of the Mayors of such municipalities.

TEACHERS RETIREMENT BOARD

The 1953 session of the legislature enacted some amendments to the Teacher Retirement Act which are exceedingly important to the thirty thousand active members of the State Teachers Retirement System. The most important of these changes were as follows: (1) increase in monthly retirement contributions from five to six percent, not to exceed one hundred eighty-four dollars annually, with no monthly limit; (2) the additional contributions mentioned in (1) will be matched by the state; (3) effective July 1, 1953, retired teachers, paid after that date, received an additional benefit of one dollar a month times the total service of the teacher, this benefit, being financed by annual supplementary fees paid equally by members and the state. The additional one percent contributed by each member pays his supplementary fee which shall not exceed twenty dollars per year, and shall not exceed one-sixth of his total annual contributions. When members withdraw from membership the supplementary fees are not refunded; all other contributions are refunded. A member who has withdrawn from membership may regain his former membership rights (including eligibility for the supplementary benefit of one dollar per month times total service) by refunding the contributions withdrawn by him, plus interest at the rate of six percent per annum.

During 1953-54 the retirement board paid benefits to two thousand one hundred and five retired public school and state college personnel. Total benefits paid were \$2,162,994.31, the average annual benefit being \$1,027.55. In 1952-53 the average payment was \$625.73, the increase being 64.2 percent. In other words, the 1953 amendments providing for increased contributions by members and by the state had the beneficent effect of increasing retirement benefits 64.2 percent. In 1952-53 the average monthly payment to annuitants was \$52.14; in 1953-54 it was \$86.62, the increased payment per month being \$34.48. This is indeed a wonderful improvement, attained in one session of the legislature. As far as progressive teacher retirement legislation is concerned, the 1953 session ranks next in accomplishment to the session of 1941 during which the Teacher Retirement Act was enacted.

WEST VIRGINIA TURNPIKE

Courtesy, West Virginia Turnpike Commission

The West Virginia Turnpike, financed with private subscription to which only toll revenues are pledged, and built to modern standards heretofore considered impossible in this rugged terrain, was completed and officially opened to the public on November 8, 1954. It is destined to become a vital transportation and communication link in southern West Virginia. It is the first link in what will ultimately be a great system of toll roads extending from the Great Lakes section south to the State of Florida, connecting the regional areas along its line with great centers of industry, commerce and markets for trade.

Although the actual construction of the Turnpike was not started until September 1, 1952, the act providing for the construction of the Turnpike was actually passed in 1947. The members of the West Virginia Turnpike Commission were appointed in 1949, and immediately set the wheels in motion for an intensive study of the traffic in West Virginia to determine the most financially feasible and best route for the Turnpike. The Commission arranged with Bear, Stearns & Company and Byrne & Phelps, both of New York, to provide risk capital for the preliminary study and financing of the Turnpike, and also retained the competent firm of Howard, Needles, Tammen and Bergendoff, which was the consultant engineering firm on the New Jersey, Colorado and Maine Turnpikes, to study and make a report as to the feasibility of the construction of a Turnpike in West Virginia. After sixteen months of intensive study, the report was rendered on November 1, 1951, and included a detailed estimate of projected traffic and revenue prepared by the nationally known traffic survey firm of Coverdale & Colpitts, which termed the project practicable. This traffic survey of the entire State of West Virginia demonstrated that the heaviest movement of traffic was from the Capital City of Charleston to Princeton in Mercer County, which, of course, dictated the construction of the road in this section first; both for service and from a financial feasibility point of view.

As a result of the engineering surveys and studies and the detailed estimate of projected traffic and revenue prepared by Coverdale & Colpitts, bonds in the amount of \$96,000,000 were issued in April of 1952.

From the time the construction began the Commission and its engineers were faced with a multitude of problems, many of which seemed almost insurmountable. Due to unforeseen circumstances, it became necessary in 1954 to float an additional bond issue in the amount of \$37,000,000.

Ground breaking ceremonies were held on August 29, 1952, and actual construction of the Turnpike was started immediately thereafter.

As originally visualized, the Turnpike was to be a super-highway with multiple lanes in each direction, separated by a safety island. Unfortunately, traffic surveys disclosed that the estimated amount of traffic did not warrant the construction of such an expressway. Therefore, it was determined that the only feasible course of action was to construct the proposed four-lane highway in stages, adding two lanes as soon as it proved to be financially practical. Opposition to such a plan resulted in court litigation. However, the Federal District Court ruled that the Commission was complying with the Turnpike Act. In essence, the Court said that not only was the Commission correct in constructing a four-lane turnpike in stages, but it must proceed with the construction of the initial stage immediately, and then proceed with the construction of the second stage as soon as economically possible. After the Court's decision was rendered, the Turnpike

Commission and its engineers had to re-evaluate the construction program in order to be absolutely certain that every provision necessary was being made for ultimate dualization so that there could be no question but that the directive of the Court could be complied with, and that the entire road could later be four-laned.

Although construction was delayed by this litigation, the shadow cast upon the legality of its construction was removed. Those financially interested in the project were reassured by the Court of the legality of their investment. It also will prevent any future litigation in this connection against the Commission or the bond holders.

Despite the fact that the Turnpike of necessity is being constructed in stages, nevertheless, to use the term, "two-lane highway" in connection with the West Virginia Turnpike is highly distorted and misleading. This expressway consists of two main traffic lanes of Portland Cement concrete, each of which is twelve feet in width. Each twelve foot concrete lane is flanked by a nine foot heavy duty asphalt lane, thus assuring the traveler of a minimum of a forty-two foot paved highway from Charleston to Princeton. However, in addition to the forty-two foot paved highway, there is the added advantage and safety of paved "creeper" lanes of Portland Cement concrete twelve feet in width, which have been added to accommodate slower moving traffic, so that faster vehicles may continue at their established rate of speed. So, it is readily apparent that our expressway has been designed with features to assure uniformity of speed with safety, which will prove beneficial to all classes of traffic. It has no grade inter-sections, no traffic lights, and no left turns.

The Portland Cement concrete is nine inches in depth, and has no "mechanical joints," thus eliminating the "bumping" experienced on other similar pavements. According to the engineers, the base under the concrete is "as fine as you will find anywhere." It consists of fourteen inches of crushed rock and a one-inch cushion of sand, upon which the nine-inch concrete is poured. The Consulting Engineers state that with this type of support, the road will be unyielding.

Bridges crossing are thirty feet wide from curb to curb which is sufficient for two lanes of traffic, even when a motor vehicle is forced to stop on the side. The grades exceed three per cent in only a few stretches, and the maximum is five per cent. The sharpest curves have a radius of one thousand feet. The Turnpike is not intended as a speedway, and safety has been a paramount consideration of the engineers. At the interchanges, only righthand turns are permitted, so that the vehicle can enter or leave the traffic stream without causing other vehicles to reduce their speed. Guard rails are erected wherever embankments exceed ten feet in height.

Designed for sixty-mile an hour travel, the road is continually patrolled by a Turnpike Police detachment of West Virginia State Police. The police not only control the speed of the Turnpike motorists, but are continually on the alert to aid in bringing prompt aid to those having mechanical or other automobile breakdown. A raised hood on a vehicle parked on the shoulder of the Turnpike signifies to the trooper that the motorist is in need of assistance. It is the aim of the Turnpike Police to be of service to all motorists.

The engineers have kept in mind at all times future dualization of the Turnpike, and have already obtained real estate right of ways along over 99% of the entire route. Wherever waste material was available, it has been moved into widened embankments to facilitate dualization. Also, the slopes and deep rock cuts were designed in such a manner that the completion of the grades at the time of dualization can be accomplished at a reasonable cost, and with moderate interruption to traffic. Complete dualization was effected at interchanges and service areas. This was done to minimize traffic disruption and excessive costs at the time future dualization is undertaken.

The Turnpike is 88 miles in length and has 76 bridges, an average of almost a bridge per mile. There are three major bridges which have been named for Major Charles (Chuck) Yeager of Hamlin, and for two West Virginia Congres-

sional Medal of Honor winners, Staff Sergeant Stanley Bender of Scarbro, and Sergeant Cornelius H. Charlton (deceased) of East Gulf.

The tunnel which cost nearly \$5,000,000 is the most challenging construction on the entire Turnpike. It has been appropriately named the Memorial Tunnel in honor of all of those who have served or are now serving in the Armed Forces of our Country.

Starting at an elevation of 600 feet at the Charleston interchange the Turnpike climbs an average of 43 feet per mile to 3,200 feet atop Flat Top Mountain, then descends to an elevation of 2,100 feet at Princeton.

There are six interchanges on the Turnpike, at Princeton, Beckley, Mossy, Chelyan, Kanawha City and Charleston.

There are three service areas, at Bluestone, Beckley, and Morton, where are located the Glass House Restaurants which are operated by The Interstate Company. There are service station facilities at these points also, operated by the Standard Oil Company.

The 88 miles of the West Virginia Turnpike shortens the present driving distance between Princeton and Charleston by 22 miles, with a time saving of approximately one hour and forty-seven minutes.

It is estimated that forty per cent of the vehicles using the Turnpike will be trucks, which will provide eighty per cent of the total revenues. It will indeed spare long distance and local truckers the constant shifting and tortuously slow speed that makes mountain driving so irksome. In fact, many truckers have consistently by-passed our State because of the difficult mountainous terrain, particularly in the Beckley to Princeton area.

The economic potential of the Turnpike is unlimited. It will relieve overworked free roads of through travelers, whose only object is to get to some point beyond West Virginia without making any contribution to the welfare of the State; thus permitting local traffic better access to local businesses, which, in time, will show substantial improvement to these enterprises.

Even of greater effect in these times of dwindling employment and family income will be the fact that many areas can be opened for potential industrial development now that good adequate highway facilities are available. There are innumerable sites along the Turnpike which are capable of industrial development, particularly for small industry, such as electronics, plastics, textiles and woodworking. These areas have boundless reserves of intelligent and competent people, who are unafraid of hard work and are ready, willing and able to adapt to new industries and methods in a manner that will promptly convince even the most hardened and demanding executive that the Mountain State is good for his business.

The enhancement and attractiveness of the Turnpike to the State's evergrowing tourist traffic must surely receive its due. For scenic beauty, the Turnpike offers vistas of unmatched parallel even on roads specifically dedicated to tourist travel.

There can be little doubt that this great constructive enterprise will in time share equally the high place held by West Virginia's outstanding natural beauty and resources.

The Turnpike has been constructed with the interest of the traveling public uppermost in mind, and will provide for them the safest, fastest and best route to travel in our great Mountain State.
