Advisory Council: \$25 per day for each day actually served in discharge of duties, also necessary expenses. Six members appointed by Governor, by and with advice and consent of Senate. Purpose is to promote social and economic security by reducing, as far as possible, the hazards of unemployment. Through compulsory system of unemployment reserves, it provides measures of security to families of unemployed persons and guards against menace to health, morals and welfare arising from unemployment. To fulfill these purposes the Department pays weekly unemployment benefits to workers who are unemployed due to lack of work and who are in the labor market. The funds for payment of benefits are derived from a payroll tax paid by West Virginia employers under the terms of the Social Security Act.

Council serves as advisory body to Director. Board of Review hears and determines disputed claims, appoints examiners, organizes appeal tribunals and exercises such additional powers as may be necessary for the proper conduct of a system of administrative review of disputed claims.

The President having taken the chair and a quorum being present, the Journal of the preceding day shall be read, to the end that any mistake may be corrected that may have been made in the entries.

2. The presiding officer of the Senate may call a member to the chair who shall exercise his functions for the time being, but no member by virtue of such appointment, shall preside for a longer period than three days.

3. The presiding officer of the Senate shall have the regulation of such parts of the Capitol and of its passage as are, or may be, set apart for the use of the Senate, its officers and committees.

Admittance to Senate Chamber

4. No person except members of the House of Delegates, former members of the West Virginia Legislature, duly accredited representatives of the press, radio and television, and legislative attaches engaged in the proper discharge of their duties, shall be admitted within the Senate chamber while the Senate is in session. All introduction of guests shall be made in recess of the Senate. The rear or east balcony of the Senate chamber shall be reserved for guests of the members of the Senate, and admission thereto shall be by pass signed by the President of the Senate and the member seeking admission of said guest. No person, not a member of the Senate, shall, while within the chamber when the Senate is in session, seek in any manner whatsoever to influence the vote or opinion of any senator on any subject of legislative consideration, under penalty of disbarment from the chamber for the remainder of the legislative session. No attaché of the Senate shall, at any time, engage in such activity, under penalty of immediate dismissal by the Committee on Rules.

Duties of the Clerk—Official Journal

5. The Journal of the Senate shall be daily drawn up by the Clerk and shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. After the printed Journal has been approved and fully marked for corrections, the type from which it was printed shall be changed in accordance therewith, and from the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal. In addition thereto ten copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof signed by the President and Clerk of the Senate certifying that the same is the official Journal of the Senate. They shall be bound in flexible binding and bear the imprint on the back, "Official Journal of the Senate of West Virginia", with designation of regular or extra session and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the House of Delegates.

6. The Clerk of the Senate shall not suffer any records or papers to be taken from the table, or out of his custody, by any person except a chairman of a committee; but he may deliver any bill or paper, directed to be printed, to the printer of the Senate, or to any member of the Senate, on taking his receipt for the same.

7. The Clerks of the Senate and House of Delegates may interchange messages between the hours of adjournment and that of meeting on the following day, so that said message may be read immediately after the usual order of the day.

Powers of the Senate Over Its Members

8. A majority of the Senators shall be necessary to proceed to business; two members may adjourn, and three members may order a call of the Senate, send for absentees, and make any order for their censure or discharge. On a call of the Senate, the doors shall not be closed against any member until his name shall have been twice called.

9. In case a less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

10. No Senator shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Privileges and Elections, and reported to the Senate, unless by order of the President of the Senate.

11. The Senate may punish its own members for disorderly behavior, and with the concurrence of two thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., art. 6, sec. 25.)

12. The Senate may punish by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its officers in the discharge of their duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., art. 6, sec. 26.)

Privileges of Members

13. Every member, when speaking, shall stand in his own place, and address the President; and when he has finished, take his seat.

14. Every member within the Senate chamber, when a question is put, shall vote unless he is immediately and particularly interested therein, or the Senate excuse him. All motions to excuse a member from voting must be made before the Senate divides or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason why, in his opinion, it ought to be adopted.

15. M. of the legislative day next preceding its introduction. The original copy shall be the official bill for the use of the Clerk, Committees and for the permanent files; the second for printing or copying; and the third for the use of the press and the public.

Each bill shall be numbered, edited and corrected as to form by the Clerk and reported by him to the Senate on the next legislative day, under the fifth order of business. In case of urgency, on motion for leave agreed to by a majority of the members present, if a quorum, a member may introduce a bill from the floor.

Bills to Be Read on Three Separate Days

34. All bills originating in the Senate shall be read on three separate days, unless in case of urgency, by a vote of four fifths of the members present, taken by yeas and nays, on each bill, this rule be dispensed with.—(Const., art. 6, sec. 29.)

Title of Bills

35. In the title of all bills to amend chapters or sections of the Code, or acts passed since the Code was adopted, the several committees to whom they are referred, or by whom they originated, shall insert the subject matter of the chapter.

36. All engrossed bills shall be fully and distinctly read when put upon their passage.—(Const., art. 6, sec. 29.)

Reference to Committees

40. All bills passed by and reported from the House of Delegates shall be read by their titles and referred to the appropriate committees unless the Senate otherwise directs. They shall then be proceeded with in the same manner as Senate bills. All bills introduced on leave shall be read by their titles and referred to the appropriate committee without printing, and shall be treated in committee as resolutions of inquiry; and if the committee report a bill different from the one introduced such bill shall be received and treated by the Senate as the original bill, and shall be read a first time and printed, unless in any of the aforesaid cases the Senate shall direct otherwise.

41. On each reading of the bill the Clerk shall state whether it is the first, second or third reading of such bill.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be re-printed, and shall be the engrossed bill. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill. All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a House bill on second reading if the same be amended, the amendment or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

Passage of Bills and Joint Resolutions

45. When a bill or joint resolution is put upon its passage, the President shall propound the question, "Shall the bill (or joint resolution, as the case may be) pass?" On the passage of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on the second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

Motions

46. When a question is pending, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone the question to a different day, to commit, to amend, or to postpone indefinitely, which several motions shall have precedence in the order in which they are herein arranged.

47. On the first reading of a bill, a motion to reject the bill shall be in order.

Adverse Report by Committee

48. If a committee shall have reported adversely to a bill, the President, immediately after the report of said committee is read shall put the question: "Shall the bill be rejected?", which question shall have precedence over all motions, except a motion to adjourn.

Reconsideration of Vote

49. The question being once determined must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order to reconsider any vote only within two legislative days next after the one upon which such vote was taken. A motion to reconsider shall be in order only when made by a Senator who voted with the prevailing side, and when the vote was not taken by yeas and nays all Senators will be conclusively presumed to have voted with the prevailing side.

50. When motions are made for reference of the same subject to a select committee, and to a standing committee, the question in reference to the standing committee shall be first put.

Division of the Question

51. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

52. In filling the blanks, the largest sum and longest time shall be first put.

Previous Question

53. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

Yeas and Nays

54. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order, excepting, however, the name of the President, which shall be called last.

55. The yeas and nays on any question shall, at the desire of one tenth of the members present, be entered on the Journal and any member may enter

any protest on the Journal upon the determination of any question. After the yeas and nays shall have been taken, and before they are counted or entered on the Journal, the Clerk shall read over the names of those who voted in the affirmative and those who voted in the negative, at which time any member shall have the right to correct any mistake committed in enrolling his name.

56. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question of agreeing to the bill or joint resolution, as amended, shall be again voted on by yeas and nays in the Senate, and the result entered upon its Journal. In all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 6, sec. 31.)

57. In all elections of officers which may take place in the Senate the vote of a majority of all the members elected to the Senate shall be necessary.

58. In all elections of officers which may take place in the Senate the vote shall be *viva voce* , and be entered upon the Journal.—(Const., art. 6, sec. 44.)

Executive Session

59. When nominations shall be made in writing by the Governor to the Senate a future day shall be assigned, unless the Senate unanimously direct otherwise, for taking them into consideration.

60. When acting on the nominations of the Governor, the Senate shall be cleared of all persons except the Clerk, his assistants, the Sergeant-at-Arms and Doorkeeper, and all such officers shall be sworn to secrecy.

61. All confidential communications made by the Governor to the Senate and all proceedings thereon, shall be by the members thereof kept secret until the Senate shall, by unanimous affirmative vote of the members present, remove the injunction of secrecy. When an executive session of the Senate has been dissolved, the result of its action upon any executive nomination considered therein shall be forthwith certified to the Governor in a formal communication signed by the President and attested by the Clerk.

62. All information and remarks touching the character or qualification of any person nominated by the Governor to office shall be kept secret. The legislative proceedings and the executive proceedings of the Senate shall be kept and recorded in separate books.

Constitutional Amendment

63. When an amendment to be proposed to the Constitution is under consideration, the concurrence of two thirds of the members elected to the Senate shall not be requisite to decide any question for amendments, or extending to the merits, being short of the final question.

Adjournment

64. When the Senate adjourns each day, it shall stand adjourned to 2 o'clock P. M., the next day, unless the Senate otherwise direct.

65. When the Senate adjourns each day, every member shall keep his seat until the President leaves the Chair.

Parliamentary Practice

66. In all cases not provided for by the Rules of the Senate or the Joint Rules of the Senate and House of Delegates, the Senate shall be governed by the practice in the House of Representatives of the United States.

Suspension of Rule

67. No standing rule or order of the Senate shall be rescinded without one day's notice being given of the motion therefor and no rule shall be suspended except by a vote of two thirds of all the members of the Senate present.

Withdrawal of Bills from Committee

68. Any bill, resolution or business may, by a vote of the majority of the members present, be withdrawn from the committee to which it had been referred or be taken from the table, and placed upon the regular or special calendar of the Senate in such order of business as the Senate may direct.

RULES OF THE HOUSE OF DELEGATES

(Const., Art. VI, Sec. 14.)

No Senator or Delegate, during the time for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected. (Const., Art. VI, Sec. 15.)

Oaths

Members of the House of Delegates, before they enter upon their duties, shall take and subscribe to the following oaths or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Delegate according to the best of my ability, and that I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Delegate, on any bill, resolution or appropriation, or for any act I may do or perform as Delegate." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall receive and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State. (Const., Art. VI, Sec. 16.)

Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place. (Const., Art. VI, Sec. 17.)

The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of five dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatsoever. (Const., Art. VI, Sec. 33.)

Members' salaries are paid on the third Wednesday in January of each year.

Resignation and Filling of Vacancies

Resignations of members of the House should be made to the Speaker, Governor and chairman of the executive committee of the party of which the member belongs in the county from which he was elected.

Vacancies in the House are filled by an appointment by the Governor, in each instance from a list of three qualified persons submitted by the county party executive committee. (Ch. 3, Art. 10, Sec. 6 of the Code.)

Organization of the House

The Legislature shall assemble at the seat of government on the second Wednesday of January in each year. At the sessions held in odd-numbered years officers are elected for two-year terms. While neither the Constitution nor statute sets the hour for convening, the custom has been for each house to convene at twelve o'clock noon. The Constitution says, "The oldest Delegate present shall call the House to Order at the beginning of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and taken his seat." (Const., Art. VI, Sec. 24.) Custom has made it the duty of the Clerk of the previous House to call the House to order and call the oldest Delegate present to the chair to preside until a Speaker is elected.

The session is then opened with prayer, following which the Clerk reads a list of the members as certified by the Secretary of State, and all notices of contested elections. The roll is then called to ascertain those present. The next step in the organization is the administering of the oath of office to the members.

With the conclusion of the above formalities the House is ready to proceed to the election of a Speaker. After this election, the election of other officers, i. e., Clerk, Sergeant-at-Arms and Doorkeeper shall be the next order of business. The election of all officers shall be by *viva voce* vote.

It is then in order to provide by resolution for the adoption of rules to govern the procedure of the House and for informing the Senate that the House is organized. Upon being likewise informed of the organization of the Senate, both houses, by resolution, shall raise a joint committee to visit upon the Governor to inform him that they are organized and that they are in readiness to receive any message or communication he may desire to present.

However, at the session of the Legislature following each general election at which a governor, and other state officials are elected, immediately following the organization of the two houses, they shall meet in joint assembly in the hall of the House of Delegates, when the speaker, before proceeding to any other bus-

ness, shall open and publish the election returns in the presence of a majority of each house of the Legislature. (Const., Art. VII, Sec. 3.)

The message of the Governor is usually delivered in person by the Governor before both houses of the Legislature, assembled in joint assembly. When the Governor desires to deliver his message to the joint assembly, it shall be proper to provide by resolution for the convening of a joint session of the two houses.

ELECTION AND DUTIES OF OFFICERS

Officers and Their Compensation

1. The House, at the commencement of each Legislature, shall elect a Speaker, Clerk, Sergeant-at-Arms, and Doorkeeper. All officers, except the Speaker, shall receive such compensation as the House may determine.

Vote to be Viva Voce

2. In the election of officers by the House, the vote shall be given *viva voce*, and a majority of the whole number of votes given, a quorum being present, shall be necessary to elect. If, upon any vote, there be no election, the person having the lowest number of votes shall be dropped, and any votes thereafter given to such person shall not be taken into the counting to affect the result in any way. In debate, the Speaker shall prevent personal reflections and confine members to the question under discussion, but he shall not engage in any debate, or propose his opinion on any question without first calling some other member to the chair. When two or more members arise at the same time, he shall name the one entitled to the floor.

Questions of Order

6. The Speaker shall decide all questions of order subject to an appeal to the House when demanded by any ten members. He may speak to questions of order in preference to other members, and may make the concluding speech on any appeal from his decision, notwithstanding, he may have before spoken on the question; but no other members shall speak more than once on such appeal without leave of the House.

In all such cases the members present may take such measures to prevent a repetition of such misconduct, either by the infliction of censure or such other penalty, as may be authorized by law, on the parties thus offending, as the House may deem best.

8. The Speaker may designate by an appointment in writing entered upon the Journal of the House, any member to perform the duties of the chair for a period not exceeding three consecutive legislative days, but for no longer period, except by special consent of the House, and the member so designated shall be during the time for which he is designated, vested with all the powers and duties conferred by these rules, or by law, upon the Speaker. The Speaker shall have the right to call any member to the chair to perform the duties of Speaker but such substitution shall not exceed beyond an adjournment.

Appointment of Attaches

9. The Speaker shall as soon as practicable after being authorized, appoint for the House such committee clerks, stenographers, pages and other attaches and employees as the House may by resolution direct, and may, at his discretion, remove any person so appointed and appoint another in his stead. He may also appoint, without resolution, a private secretary and a stenographer to himself. He shall appoint an official Chaplain whose duty it shall be to be present at the convening of each day's session for the purpose of opening the session with prayer.

Appointment of Committees

10. The Speaker shall appoint all committees, except where the House shall otherwise order. In appointing standing committees he shall designate the chairman and vice chairman of same. In the absence of the chairman of a committee the vice chairman shall preside. When the House authorizes the appointment of a committee the Speaker may wait until the next legislative day to make the appointment.

Vote of the Speaker

14. In all cases of a call of the yeas and nays, the Speaker shall vote, unless excused; in other cases he shall not be required to vote unless the House is equally divided, or unless his vote, if given to the minority, will make the division equal and in case of such equal division the question shall be lost. When the yeas and nays are taken the Speaker's name shall be called last.

Examination of Journal

15. It shall be the duty of the Speaker to examine the Journal of the House, daily, before it is read and cause all errors and omissions therein to be corrected.

16. The Clerk shall have charge and supervision of all the clerical business of the House. He shall perform the duties imposed on him by law and the rules of the House. He shall have charge of the Clerk's desk and shall see that no one is permitted therein except himself and those assisting him.

Duties of Clerk

17. It shall be the Clerk's duty to read to the House all papers ordered to be read; to call the roll and note and report the absentees, when a call of the House is ordered; to call the roll and note the answers of members, when a question is taken by yeas and nays; to assist, under the direction of the Speaker, in taking the count when any vote of the House is taken; to notify committees of their appointment and the business referred to them; to superintend the execution of all printing ordered by the House, and to report to the Speaker, to be submitted to the House, every failure of the printer to execute the same properly and promptly. Every Member to Vote

25. Every member present when a question is put, or when his name is called, shall vote unless he is immediately and particularly interested therein, or the House excuses him. A motion to excuse a member from voting must be made before the House divides, or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason therefor.

Members Shall Be in Places When Voting

26. While the yeas and nays are being taken every member shall be in his seat, and during the session of the House no person other than a member shall occupy the chair of a member.

Quorum

27. A majority of all the members elected to the House shall be necessary to proceed to business; seven members may adjourn, and ten members may order a call of the House, send for absentees, and make any order for their censure or discharge. On a call of the House, the doors shall not be closed against any member until his name shall have been called twice.

When Less Than Quorum Present

28. In case a number less than a quorum of the House shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for nonattendance shall be made as the House, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund of the House. This rule shall apply to the first meeting of the House, at the legal time of meeting, as well as to each day of the session after the hour has arrived to which the House stood adjourned.

Taking Members Into Custody

29. No member of the House shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections and Privileges, and reported to the House of Delegates, unless by order of the Speaker of the House of Delegates.

Providing for Undisturbed Transaction of Business

31. The House of Delegates may punish, by imprisonment, any person not a member for disrespectful behavior in its presence; for obstructing any of its proceedings, or any of its officers in the discharge of his duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session. (Const., Art. 6, Sec. 26.)

ORDER AND DECORUM IN DEBATE

Recognition and Decorum

32. When a member is about to speak in debate or deliver any matter to the House, he shall rise in his place and respectfully address the presiding officer as "MR. SPEAKER," and, upon being recognized, shall proceed, confining himself to the question under debate, avoiding all personalities and indecorous or disrespectful language.

When a member arises and addresses the Chair, the Speaker may recognize him by name; but no member in debate shall designate another by name.

Recognition by the Chair

33. When two or more members shall rise at the same time, the Speaker shall name the one who is to speak first, and his decision shall be final and not open to debate or appeal. However, in all other cases the member who shall rise first and address the Chair shall be first recognized.

Mover of Question to Have Preference in Debate

34. No question shall be debated until it has been propounded by the Speaker, and then the mover of the question shall have the right to open and close the debate thereon.

Member Out of Order

35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted, with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair

shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

Calling to Order for Words Spoken in Debate

36. If a member be called to order for words spoken in debate, the person calling him to order shall repeat the words excepted to and they shall be taken down at the Clerk's table. And no member shall be held to answer, or be subjected to the censure of the House, for words spoken in debate, if any other member has spoken or other business has intervened after the words were spoken and before the exception to them was taken.

Decorum During Debate

37. While the Speaker is putting a question, ascertaining the result, or addressing the House, no one shall walk out of or across the House; and when a member is speaking, no one shall engage in conversation or pass between him and the Speaker.

Limitation on Debate

38. No member shall speak except in his place, and not more than twice on a question, except by leave of the House. And if a question be pending at the time of an adjournment and is renewed on the succeeding day, no member who shall have spoken twice on the preceding day shall be permitted again to speak without leave of the House. The House by majority vote may limit debate on any question.

Members Not to Be Disturbed While Speaking

39. No one shall disturb or interrupt a member who is speaking, without his permission, except to call to order if he be transgressing the rules.

Speaking Before Negative Is Put

40. When the Speaker is putting the question any member who has not spoken before to the matter may speak to the question before the negative is put.

PUTTING QUESTIONS AND VOTING

Putting Questions; Division

41. All questions shall be put distinctly in this form, to-wit: "*As many as are in favor* [as the question may be] *say 'Aye'*," and after the affirmative vote is expressed, "*As many as are opposed say 'No'*." If the Speaker be in doubt as to the result, or if a division is called for by any member the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterwards those in the negative. The count may be made by the Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by not less than nine members of the House prior to the announcement of the decision by the Speaker.

Yeas and Nays

42. On the passage of every bill and joint resolution, and when the yeas and nays on any question are called for by one-tenth of those present, the Speaker shall direct a yea and nay vote to be taken, and every member present shall vote, unless excused. On all roll calls, when the voting machine is not used, before the result is announced, the Clerk shall read to the House the names of those who voted in the affirmative or in the negative, whichever is the smaller number, and announce the names of those absent and not voting, at which time

any member may correct a mistake committed in taking down his vote. The result shall then be announced, and the yeas and nays entered on the Journal, but if the House so orders, the announcement of the result and the entry of the yeas and nays upon the Journal may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced. The Journal shall also show those absent and not voting.

When the yeas and nays are called for by a member on any question, the Speaker shall hold this demand in abeyance until debate has closed upon the question under consideration, or until the previous question has been moved and sustained, and if sustained by one-tenth of the members present, the yeas and nays shall be taken.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the name of the Speaker shall be called last.

Pairs

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

Division of Question

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

Calling of Yeas and Nays

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

Tie Vote Loses Question

46. In all cases when the House is equally divided, the question shall be lost.

Verification of Vote

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

Explanation of Vote

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

When Members Not to Vote

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

Voting by Machine

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question, "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, in so far as applicable, shall apply to taking votes by means of the voting machine.

MOTIONS

Stating the Question

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

Form of Motion

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:

1. To adjourn.
2. To lay on the table.
3. For the previous question.
4. To postpone to a day certain.
5. To go into a Committee of the Whole on the pending question immediately.
6. To commit to a Committee of the Whole.
7. To commit to a Standing Committee.
8. To commit to a Select Committee.
9. To amend.
10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

Motion to Adjourn

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

Motions Not Debatable

55. The following motions shall not be decided without debate, and shall not be amended:

1. To adjourn.
2. To fix the time to which the House shall adjourn.
3. To lay on the table.
4. For the previous question.
5. To suspend the constitutional rule requiring bills to be read on three several days.
6. To recess.

Motions Not in Order

56. No motion directing the appropriation or payment of money shall be in order.

Effect of Indefinite Postponement

57. When a question is postponed indefinitely, it shall not be again acted on during the session.

Motion to Reconsider

58. A motion to reconsider any question may be made by any member who voted with the majority, or in case of a tie vote, by any member. This motion shall be made on the same or next succeeding legislative day of the House. Such a motion, if seconded, shall take precedence of all other questions, except the consideration of a conference report or a motion to adjourn, and unless by motion postponed until some future time shall be acted upon at once. A motion to reconsider shall not be withdrawn without leave of the House, and if the House decides to reconsider, any member may thereafter call the subject up for consideration. A motion to reconsider a question, having been put and lost, shall not be renewed.

Debate on Motions to Reconsider

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

Reconsideration of Question Requiring More Than Majority Vote

60. When a majority of members present vote in the affirmative on any question, but the question be lost because it is one in which the concurrence of a greater number than a majority of a quorum is necessary to an affirmative decision, any member may move for a reconsideration.

Effect of Motion to Table

61. A motion to lay on the table shall only have the effect of disposing of the matter temporarily, and may be taken from the table at any time after the eighth order of business has been passed.

Motion Must Be Germane

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

Previous Questions

63. When any question is before the House, any member being in order and having the floor may move the previous question, but such motion to be put must

be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "Is the motion sustained?" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "Shall the main question be now put?" If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

MEETING OF THE HOUSE

Time of Meeting

64. The House shall meet every day, except Sunday, unless it shall be otherwise directed by special order, precisely at the hour to which it shall have adjourned at its last sitting; but if no hour were fixed at such sitting, then at two o'clock P. M.

69. Local bills shall be placed upon a special calendar to be known as the Local Bill Calendar, and on Friday of each week, after the ninth order of business is passed, shall be taken up and disposed of before any other business is acted upon: *Provided*, That this rule shall not prohibit the consideration of local bills at such times as the House may determine after the last Friday within the constitutional duration of the regular session of the Legislature.

Reference to Committees

95. Bills introduced by any member, on motion for leave, or by any standing committee, shall be read by their titles and referred to the appropriate committee without printing, and all such bills shall be treated in committee as resolutions of inquiry. If the committee report a bill different from one so introduced, either by amendment or substitution, such bill shall be received and treated by the House as the original bill, and the committee report and Journal of the House shall show that the bill was either amended or substituted in committee.

What Bills to Contain

96. Bills proposing laws or changes in laws shall consist of a title, beginning with the words "A BILL TO," and contain a brief statement of the object of the proposed measure, and if it amends or changes a law, a reference to the law proposed to be changed. The bill proper shall begin with the enacting clause, "*Be it enacted by the Legislature of West Virginia,*" and state at large the measure proposed.

Bill Not to Embrace More Than One Object

97. No bill shall embrace more than one object, and that shall be stated in the title, and no law shall be revived or amended by reference to its title only; but the law revived, or the section amended, shall be inserted at large in the new act. (See Const., Art. 6, Sec. 30.)

Reporting Bills From Committee

98. When a bill is reported from committee with the recommendation that it do pass, it shall be placed on the calendar for the succeeding day and come up on first reading unless the House by action otherwise directs. If on the calendar when referred, it shall be replaced on the reading from which it was taken.

If a bill be reported favorably with amendments, the report and Journal shall so show, and when the bill reaches second reading the committee amendments shall be acted upon before other amendments are offered, except amendments to the committee amendments.

If a committee to which a bill has been referred reports that the same ought not to pass, the Speaker shall immediately propound the question, "*Shall the bill be rejected?*" If this question is decided in the negative, the bill shall be disposed of in the same manner as if reported favorably.

Printing of Bills

99. The Clerk shall have all bills printed that are ordered to second reading, and such other bills as the House may order printed.

Recommitment of Bills

100. A bill may be recommitted at any time before it passes. Should such recommitment take place after its engrossment, and an amendment be reported, the bill shall be placed on second reading when reported back.

Reading Bills

101. Before any bill is read by the Clerk, he shall state to the House whether it is on first, second or third reading.

Bills to Have Three Readings

102. No bill shall become a law until it has been fully and distinctly read on three different days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays on each bill, this rule be dispensed

with. Upon any bill there may be a motion to dispense with the Constitutional rule, in order that the bill may be read twice or three times on the same day, and upon the first or second reading of any bill there may be a motion to dispense with the constitutional rule in order that the bill may, upon such reading, be read by its title: *Provided*, That in all cases there shall be three readings on each bill, and that an engrossed bill shall be fully and distinctly read. (See Const., Art. 6, Sec. 29.)

Bills—First Reading

103. The first reading of a bill shall be for information; and if opposition be made to it, the question shall be, "*Shall the bill be rejected?*" If no opposition be made, or if the question to reject be lost, it shall be regarded as ordered to its second reading, unless the House otherwise specially directs. On the first reading of a bill, it may at any stage of the reading be rejected on motion.

Bills—Second Reading

104. No bill shall be put upon its second reading until the same shall have been printed and delivered to the members of the House at least one day previous to such reading, unless in case of emergency.

Amending and Engrossing Bills

105. On the second reading of a bill on the demand of any two members, it shall be read section by section for amendment, and when the amendments as may be moved are disposed of, the question, unless the House otherwise order, shall be, if a House bill, "*Shall the bill be engrossed and ordered to the third reading?*" If a House bill shall be ordered to its engrossment and third reading, and amendments have been made thereto, the type from which the bill was originally printed shall be changed to conform with the amendments. The bill shall then be reprinted and shall be the engrossed bill, and shall be designated as such. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed on as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

Time Bills to Go Into Effect

106. In the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after its passage; and if said motion be adopted by a vote of two-thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill. (See Const., Art. 6, Sec. 30.)

Senate Bills

107. Senate bills passed by the Senate and reported to the House shall be referred to the appropriate committee unless the House otherwise directs. After this they shall be treated in the same manner as House bills.

RESOLUTIONS

108. Resolutions shall be of three classes, as follows:

(1) *Joint Resolutions*: All proposed amendments to the Constitution shall take the form of a joint resolution, which shall be subject to the rules which govern the proceedings on bills, except that it shall be read on three several days,

and, to be adopted, must on its third reading be agreed to by a two-thirds vote of the members elected to the House. (Const., Art. 14, Sec. 2.) When a proposed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[Note: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committees, for raising a joint assembly and other inferior and incidental purposes of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in triplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

Action on Resolutions

110. All joint resolutions shall be referred to the appropriate committee, and all other resolutions introduced shall lie over one day and come up under the ninth order of business the following legislative day.

PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

AMENDMENTS

Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

Must Be Germane

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

Time for Offering

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

Reading and Stating

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

By Striking Out Enacting Clause

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

Amendment to an Amendment

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

Amendment to Have Precedence Over Substitute

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

Motion to Amend to Have Precedence Over One to Strike Out

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

Filling Blanks

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

No Amendment by Way of Rider

121. No amendment by way of rider shall be received to any bill after engrossment.

Agreeing to Senate Amendments

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary. (Const., Art. 6, Sec. 31.)

Amendment by Section

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

Amending Titles

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

Amendments to Senate Bills

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate Amendment?*" But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

Amendments to Be Printed in Journal

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

Speaking on Amendments

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

JOURNAL

Clerk to Keep

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

Approval and Correction

129. When the Journal has been read to the end that any mistakes made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection is made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

Printing Official Copies

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6x9 heavy weight bond paper, with a certificate at the end thereof, certifying that the same is the official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

Form and Content of Journal

132. The Journal shall be kept and published in minute form so as to show a running account of all proceedings and actions taken. Every written motion, unless it be withdrawn on the same day submitted and before action has been taken thereon, and such other material and matters required by these rules and the joint rules of the Senate and House shall be printed in the Journal. No remarks of members, speeches, newspaper editorials and articles, or other material shall

be printed in the daily Journal, except explanations of votes as provided by these rules and such portions of remarks as may be necessary for the record in instances where a member may be called to order for words spoken in debate.

The Clerk shall keep and publish an Appendix to the bound and official Journals of each session of the House. There shall be included in the Appendix all remarks of members and other material ordered printed by the House.

An address or remarks by a member made on the floor of the House may be printed in the Appendix with the consent of the House only on the request of the member making such address or remarks.

CHANGE OR SUSPENSION OF RULES

Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[Note: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two-thirds of the members present. Unless there be a unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[Note: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit, *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[Note: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

Lobbying in the House Chamber

137. No person engaged in lobbying shall be permitted upon the floor of the House at any time while the House is in session, and if any person while within

the Chamber when the House is in session attempts in any manner whatsoever to influence the vote or opinion of any member upon any subject of legislative consideration, he shall be removed from the Chamber and be debarred therefrom during the remainder of the session. Any attache who shall, at any time, engage in such activity shall be subject to immediate dismissal.

News Correspondents and Reporters

138. (a) Any person accorded the privilege of the press gallery or press table must be a news correspondent or reporter for a newspaper, a radio or television station, or of a recognized press association, who is not engaged in any department of state government, or in any other business; and no more than one representative of each shall be admitted to the press table or press gallery at one time.

(b) All applications for admission to the press gallery or press table must be made to the Speaker. Such applications shall state the name and location of the newspaper, news association, radio or television station, and be signed by the applicant. The Speaker may request the news representatives to establish a committee on accreditation of applicants, and he shall consider recommendations made by such committee.

(c) The Speaker shall verify statements made in such application, and if the application is approved by him, he shall issue a correspondent's card, signed by him.

(d) The correspondents shall not visit the members in their seats during the session of the House, and shall abide by such rules and regulations as may be adopted by the Rules Committee of the House.

(e) The card issued by the Speaker must be presented when required by any Sergeant-at-Arms. It shall not be transferrable. The transfer or loan of such card to any one shall be followed by its cancellation and the withdrawal of all its privileges from the correspondent so offending.

(f) The gallery or press tables allotted to news correspondents shall be for their exclusive use, and persons not holding correspondents' cards shall not be entitled to admission thereto.

Lounging Prohibited in the Hall of the House

139. It shall be the duty of the Sergeant-at-Arms to prevent all persons not connected with the Legislature from assembling in the halls at any time when the House is not in session for the purpose of lounging or loafing. For the purpose of enforcing this rule, the Sergeant-at-Arms or his assistants shall be in attendance at all times, and the persistent neglect or disregard of this rule shall be cause for dismissal by the Speaker, or removal.

Peddling Prohibited

140. No person shall be permitted to hawk, peddle or offer for sale any article of traffic at any time within the hall of the House; and it shall be the duty of the Sergeant-at-Arms to strictly enforce this rule.

Regulating Use of Halls

141. The Speaker shall have power to regulate the use of the halls and stairways of the part of the Capitol building used by the House for refreshments and like purposes when the Legislature is in session.

142. The Speaker or Clerk shall have authority to administer any oaths required by the business of the House.

143. The janitors appointed for or assigned to the House shall, under direction of the Speaker, have care of the House chamber, committee rooms and halls of the House and keep the same in a neat and proper condition at all times.

JOINT RULES OF THE SENATE AND HOUSE OF DELEGATES

Joint Assembly

1. Whenever there shall be a joint assembly of the two houses, a brief account of the proceedings shall be entered upon the Journal of each house, except in the joint assembly for counting votes for state officers.

[NOTE: It is the custom to hold joint assemblies in the House Chamber and they are presided over by the Speaker. In such sessions the Clerk of the House acts as Clerk, assisted by the Clerk of the Senate. The President of the Senate is given a seat to the right of the Speaker and seats are arranged for the members of the Senate.]

Joint Assembly to Open and Publish Election Returns

2. As soon as the Senate, being organized, is informed that the House of Delegates is ready to proceed, as provided by section three of article seven of the Constitution, to open and publish the returns of the elections for state officers, the Senate, preceded by its President and other officers, shall repair in a body to the hall of the House of Delegates. Upon their arrival the Sergeant-at-Arms of the House of Delegates shall announce the presence of the Senate. The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate has assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for state officers, held on the _____ day of _____. The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon the right, and the other members of the Senate and officers thereof to take seats assigned to them; and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House, and when completed and tabulated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall, and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

Disagreement and Conference

3. Whenever a measure of one house is amended in the other and the house in which it originated shall refuse to concur in the amendment, the house amending the measure may either insist or recede therefrom. But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary conse-

quential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

Messages Between the Houses

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the clerk of one house may communicate a message to the clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

Introduction of Bills

5. No bill, other than an appropriation bill, shall be introduced in either house after the fiftieth day of a regular session held in odd-numbered years unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill, and adopted by a two-thirds vote of all the members of each house present and voting.

During regular sessions held in even-numbered years, no bill, other than the annual budget bill and bills coming within the purview of a proclamation issued by the Governor in accordance with the provisions of section twenty-two, article six, of the State Constitution, shall be filed for introduction or be introduced in either house unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill and adopted by a two-thirds vote of all the members elected to each house.

When permission is requested to introduce a bill under the provisions hereof, triplicate copies of such bill shall accompany the resolution when filed for introduction or introduced.

One House to Notify Other of Rejection of Bill

6. When a bill or resolution passed in one house is rejected in the other, notice thereof shall be sent to the house in which the same shall have been passed.

Record of Bills

7. The clerks of the two houses shall keep separate records or registers, in which shall be recorded every action taken by the Senate and House on each bill and resolution.

Clerks to Endorse Bills

8. The clerks of the two houses shall endorse on each bill a statement of any action taken by their respective bodies.

Notice to Be in Writing

9. Notice to either house of the action of the other shall be in writing, signed by the clerk of the house giving such notice.

Each House to Have Control of Own Printing

10. Each house may order the printing of bills, resolutions, reports, and other documents without the consent of the other.

Joint Committees

11. Joint standing committees of the Senate and House shall be appointed as follows:

(1) *Joint Committee on Enrolled Bills*—To consist of five members from each house.

(2) *Committee on Joint Rules*—To consist of the presiding officers and two members of each house, to be appointed by the presiding officers.

(3) *Joint Committee on Government and Finance*—The Joint Committee on Government and Finance shall consist of five members of the Senate and five members of the House of Delegates, of which not more than three of each house shall be members of the same political party; four of the members of the Senate committee shall be appointed by the President of the Senate and four of the members of the House committee shall be appointed by the Speaker of the House. The President of the Senate and the Speaker of the House shall be *ex officio* members of the committee and co-chairmen thereof. The committee shall begin its work as soon as practicable after the adjournment *sine die* of the regular session of the Legislature.

It shall be the duty of the committee to study and survey generally matters of government and finance and to make a report on its studies and findings, its expenditures and such recommendations as it may deem proper, to succeeding extraordinary and regular sessions of the Legislature; and such committee is hereby vested with power and authority to employ technical and clerical assistance, compel the attendance and testimony of witnesses, the production of books, records, documents and other papers, and shall be vested with and authorized to exercise all powers and authority granted such committees by the statutes and Constitution of the State of West Virginia. The offices of the committee shall be maintained at the capitol building in Charleston, West Virginia.

The expenses of the committee shall be paid from the contingent fund of the Senate and contingent fund of the House of Delegates in equal amounts. The members of the committee shall receive no remuneration for their services, other than actual expenses incurred in the discharge of their duties hereunder as approved by the committee.

(4) Such other joint committees as may be provided for by concurrent resolution. A bill or resolution referred to a joint committee may be recalled from such committee by the house in which it originated.

Engrossed Bills to Be Filed With Clerk of House

12. All engrossed bills passed by, and joint and concurrent resolutions adopted by, both houses shall be filed with the Clerk of the House to be kept with the rolls of the Legislature and to be used by him in printing and publishing the acts of the Legislature.

Joint Committee on Enrolled Bills

13. The Joint Committee on Enrolled Bills shall consist of five members of the Senate and five members of the House of Delegates, to be appointed by the presiding officer of each house, whose duty it shall be to compare carefully all bills and joint resolutions passed by both houses, with the enrollment thereof, and to correct any errors or omissions they may discover and to make reports to their respective houses from time to time, of the correctly enrolled bills or joint resolutions. It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

Printing Enrolled Bills

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may

not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, two hundred copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve of these copies shall be on seven and one-fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. From these copies all judges shall be furnished enrolled bills as provided for in section fourteen, article one, chapter four of the code.

Authentication of Enrolled Bills

15. Enrolled bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead; and they shall require all bills and joint resolutions before such authentication to be free from interlineations or erasures and destroy any previous enrollment containing any interlineations or erasures. A certificate, showing in which house the bill originated and when it takes effect, signed by the clerks of the two houses, shall be endorsed on the bill. After enrolled bills and joint resolutions are authenticated as aforesaid, they shall be signed by the Speaker of the House and by the President of the Senate.

Presenting Bills to Governor

16. After a bill shall have been signed in each house, it shall be presented by the said committee to the Governor, for his approval. The said committee shall report the day of presentation to the Governor, which time shall be entered on the Journal of each house.

Record of Enrolled Bills

17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

Action of Governor on Bills

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become a law without his approval", and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the recommendation and passage of said bill, and sign the same.

Joint Meetings of Committees

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

What Shall Be Printed in the Journal

20. The following shall always be printed in the Journal of each house:
- (a) Messages from the Governor and messages from the other house, the titles of all bills and the title and text of all resolutions.
 - (b) Every vote taken by yeas and nays in each house; and a brief statement of the contents of each petition, memorial, or paper presented to each house.
 - (e) A true and accurate account of the proceedings of each house.

Manner of Printing the Journal and Bills

21. In printing the daily Journal of the proceedings of each house there shall be printed at the top of each page, except the first, the date of the Journal; and on the last page of each day's Journal, shall be printed the calendar for the next day.

At the top of the first page of each bill, preceding the title and number thereof, there shall be printed the name of the person by whom, or the committee by which, it was introduced and the date of introduction; and at the top of each page, except the first, shall be printed the number of the bill.

Use of Legislative Halls and Offices

22. Permission to use, other than for statutory purposes, either legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House, as the case may be. During legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purposes whatsoever.

Resolutions

23. Resolutions requiring concurrent action may originate in either house, and shall be of two kinds, namely:

Joint Resolutions: These resolutions shall be used for proposing amendments to the State Constitution and for ratifying amendments to the Federal Constitution. Joint resolutions shall be adopted as provided in section two, article fourteen of the Constitution.

Concurrent Resolutions: Such resolutions shall be used for all purposes not covered by joint resolution as defined above.

Suspension of Joint Rules

24. No Joint Rule shall be suspended, except by a two-thirds vote of each house; and unless there be unanimous consent, such vote shall be taken by yeas and nays.

THE WEST VIRGINIA STATE BAR (Integrated)

Offices: State Capitol—Telephone DI 6-8414

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is now \$15.00 for members who have been admitted to practice for more than five years, and \$10.00 for members who have been admitted to practice for not more than five years.

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to im-

prove the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal profession; and to encourage cordial relations among its members. A principal duty of the State Bar is to uphold the standards of professional ethics and to diligently and vigilantly investigate and prosecute violations of these standards.

The State Bar is governed by a Board of Governors, consisting of all officers, except the secretary-treasurer, as *ex officio* members, and sixteen Governors, one Governor being elected by the members of the Bar by a secret mail ballot in each of the sixteen State Bar Districts. Section Four

CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident; that all men are created equal, that they are endowed by their creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes on us without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions we have petitioned for redress in the most humble terms. Our repeated petitions have been answered only by repeated injury. A prince, whose character, is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Now have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are and of right ought to be, free and independent States: that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

ARTICLE I

Relations to the Government of the United States

1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

2. The Government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved by the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure

4. For the election of representatives to congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

1. The territory of the following counties, formerly parts of the Commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[All of the territory of West Virginia was taken from the Commonwealth of Virginia and in the first constitution forty-four of the above named counties were designated as forming the State of West Virginia, and in addition the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should the constitution be adopted by a vote of the people of the districts comprising the counties. The districts adopted the constitution and these six counties became a part of the State.

The remaining five counties were created by acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871; and Mingo County, from Logan County, on February 23, 1895.]

5. Every person elected or appointed to any office, before proceeding to exercise the authority, or discharge the duties thereof, shall make oath or affirmation that he will support the Constitution of the United States and the Constitution of this State, and that he will faithfully discharge the duties of his said office to the best of his skill and judgment; and no other oath, declaration, or test shall be required as a qualification, unless herein otherwise provided.

Provisions for Removal of Officials

6. All officers elected or appointed under this Constitution, may, unless in cases herein otherwise provided for, be removed from office for official misconduct, incompetence, neglect of duty, or gross immorality, in such manner as may be prescribed by general laws, and unless so removed they shall continue to discharge the duties of their respective offices until their successors are elected, or appointed and qualified.

[The amendment of this section was proposed by joint resolution of February 21, 1883, Acts 1883, p. 137, and ratified at the next election. The original section provided that the general election should be held on "the second Tuesday of October," and the change was made in order that the election of State officers would fall on the same day as the presidential election. As a consequential amendment the term of office of members of the Legislature was made to begin on the first day of December instead of the first day of November, as in the original article.]

Further Provisions Regarding State's Officers and Agents

8. The Legislature, in cases not provided for in this Constitution, shall prescribe, by general laws, the terms of office, powers, duties and compensation of all public officers and agents, and the manner in which they shall be elected, appointed and removed.

9. Any officer of the State may be impeached for maladministration, corruption, incompetency, gross immorality, neglect of duty, or any high crime or misdemeanor. The House of Delegates shall have the sole power of impeachment. The Senate shall have the sole power to try impeachments and no person shall be convicted without the concurrence of two thirds of the members elected thereto. When sitting as a court of impeachment, the President of the Supreme Court of Appeals, or, if from any cause it be improper for him to act, then any other judge of that court, to be designated by it, shall preside; and the Senators shall be on oath or affirmation, to do justice according to law and evidence. Judgment in cases of impeachment, shall not extend further than to removal from office, and disqualification to hold any office of honor, trust or profit, under the State; but the party convicted shall be liable to indictment, trial, judgment, and punishment according to law. The Senate may sit during the recess of the Legislature for the trial of impeachments.

Fighting of Duels Prohibited

10. Any citizen of this State, who shall, after the adoption of this Constitution, either in, or out of the State fight a duel with deadly weapons, or send or accept a challenge so to do, or who shall act as a second or knowingly aid or assist in such duel, shall, ever thereafter, be incapable of holding any office of honor, trust or profit in this State.

[The amendment of this section was proposed by joint resolution of February 22, 1901, Acts 1901, p. 472, and adopted at the next election. The original section read as follows: "No citizen shall ever be denied or refused the right or privilege of voting at an election, because his name is not, or has not been registered or listed as a qualified voter."]

ARTICLE V

Division of Powers

1. The Legislative, Executive and Judicial Departments shall be separate and distinct, so that neither shall exercise the powers properly belonging to either of the others; nor shall any person exercise the powers of more than one of them at the same time, except that justices of the peace shall be eligible to the Legislature.

ARTICLE VI

Legislature

1. The legislative power shall be vested in a Senate and House of Delegates. The style of their Acts shall be, "Be it enacted by the Legislature of West Virginia."

Composition of Senate and House of Delegates

2. The Senate shall be composed of twenty-four, and the House of Delegates of sixty-five members subject to be increased according to the provisions hereinafter contained.

[The Senate is now composed of thirty-two, and the House of Delegates of one hundred members.]

Senators and Delegates—Term of Office

3. Senators shall be elected for the term of four years, and Delegates for the term of two years. The Senators first elected, shall divide themselves into two classes, one Senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years and the second for four years, so that after the first election, one half of the Senators shall be elected biennially.

Division of State Into Senatorial Districts

4. For the election of Senators, the State shall be divided into twelve Senatorial districts, which number shall not be diminished, but may be increased as hereinafter provided. Every district shall elect two Senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The district shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the Senatorial Districts, so far as may be necessary to make them conform to the foregoing provision.

[There are now sixteen senatorial districts, as provided by Acts of 1937, ch. 128.]

Senatorial Districts Designated

5. Until the Senatorial Districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first Senatorial District; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

[By the provisions of the reapportionment act of 1937, (Acts 1937, ch. 128) the number of Senatorial Districts was increased to sixteen, the number of Senators to thirty-two, and the counties rearranged in the various districts.]

Provisions for Delegate Representation

6. For the election of Delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall at each apportionment, be attached to some contiguous county or counties, to form a delegate District.

[By the provisions of the Acts of 1901, ch. 10, the House of Delegates consisted of eighty-six members, each county having at least one member. From 1916 to 1952, the House of Delegates consisted of ninety-four members. The House of Delegates now consists of one hundred members. See ch. 166, p. 666, Acts of the Legislature, 1951, Regular Session.]

After Census, Delegate Apportionment

7. After every census the Delegates shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the House is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate District, and of every county not in-

cluded in a Delegate District, by the ratio thus ascertained, there shall be assigned to each a number of Delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional Delegates necessary to make up the number of which the House is to consist, shall then be assigned to those Delegate Districts, and counties not included in a Delegate District, which would otherwise have the largest fractions unrepresented; but every Delegate District and county not included in a Delegate District, shall be entitled to at least one Delegate.

Designation of Delegate Districts

8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first Delegate District, and elect three Delegates; Ritchie and Calhoun, the second, and elect two Delegates; Barbour, Harrison and Taylor the third, and elect one Delegate; Randolph and Tucker, the fourth, and elect one Delegate; Nicholas, Clay and Webster, the fifth, and elect one Delegate; McDowell and Wyoming, the sixth, and elect one Delegate.

[There are now no Delegate Districts, each county having at least one member.]

Further Apportionments

9. Until a new apportionment shall be declared, the apportionment of Delegates to the counties not included in Delegate Districts, and to Barbour, Harrison and Taylor counties, embraced in such district, shall be as follows:

To Barbour, Boone, Braxton, Brooke, Cabell, Doddridge, Fayette, Hampshire, Hancock, Jackson, Lewis, Logan, Greenbrier, Monroe, Mercer, Mineral, Morgan, Grant, Hardy, Lincoln, Pendleton, Putnam, Roane, Gilmer, Taylor, Tyler, Upshur, Wayne, Wetzel, Wirt, Pocahontas, Summers and Raleigh counties one Delegate each.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has eleven delegates. For the present apportionment, see chapter 166, Acts of the Legislature, 1951, Regular Session].

Arrangement of Senatorial and Delegate Districts

10. The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such Districts shall be altered, and Delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State

11. Additional territory may be admitted into, and become part of this State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

Senators and Delegates Required to be Residents of District

No person who may have collected or been entrusted with public money, whether State, county, township, district, or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in the State, until he shall have duly accounted for and paid over such money according to law.

Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

Oath of Senators and Delegates

16. Members of the Legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability"; and they shall also take this further oath, to wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person for any vote or influence I may give or withhold, as Senator (or Delegate), on any bill, resolution, or appropriation, or for any act I may do or perform as Senator (or Delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

Members of Legislature Privileged from Civil Arrest

17. Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place.

During any thirty-day session the Legislature shall consider no other business than the annual budget bill, except such as may be stated in a proclamation issued by the Governor at least ten days prior to the convening of the session, or such business as may be stated by the Legislature on its own motion in a concurrent resolution adopted by a two-thirds vote of the members elected to each house. All regular sessions may be extended by the concurrence of two thirds of the members elected to each house.

30. No act hereafter passed shall embrace more than one object, and that shall be expressed in the title. But if any object shall be embraced in an act which is not so expressed, the act shall be void only as to so much thereof as shall not be so expressed, and no law shall be revived, or amended, by reference to its title only; but the law revived, or the section amended, shall be inserted at large, in the new act. And no act of the Legislature, except such as may be passed at the first session under the Constitution, shall take

[This section originally read as follows: "Laws may be passed regulating or prohibiting the sale of intoxicating liquors within the limits of this State." Under Senate Joint Resolution No. 6 (Acts 1911, p. 289), ratified at the general election in 1912, it was amended to read: "On and after the first day of July, one thousand nine hundred fourteen, the manufacture, sale and keeping for sale of malt, vinous or spiritous liquors, wine, porter, ale, beer or any intoxicating drink, mixture or preparation of like nature, except as hereinafter provided, are hereby prohibited in this State: *Provided, however*, That the manufacture and sale and keeping for sale of such liquors for medicinal, pharmaceutical, mechanical, sacramental and scientific purposes, and the manufacture and sale of denatured alcohol for industrial purposes may be permitted under such regulations as the Legislature may prescribe. 49. The Legislature shall pass such laws as may be necessary to protect the property of married women from the debts, liabilities and control of their husbands.

The Budget System

51. The Legislature shall not appropriate any money out of the treasury except in accordance with the following provisions:

Sub-Section A

Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter mentioned.

Sub-Section B

First: Within ten days after the convening of the Legislature, unless such time shall be extended by the Legislature for the sessions at which the budget is to be submitted, the board of public works, which shall consist of the Governor, Secretary of State, Auditor, Treasurer, Attorney General, Superintendent of Free Schools and Commissioner of Agriculture, shall submit to the Legislature, *two budgets, one for each of the ensuing fiscal years: Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) The revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the board of public works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second: Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) For the Legislature as certified to the board of public works in the manner hereinafter provided; (2) for the executive department; (3) for the judiciary department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

Third: The second part shall be designated "General Appropriations", and shall include all other estimates of appropriations.

The board of public works shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The board of public works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officer of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the Governor.

*This provision has been modified by the amendment of section eighteen of this article, requiring an annual budget.

Fourth: The Governor and such representatives of the boards, officers and commissions of the State expending or applying for State's money as have been designated by the board of public works for this purpose, shall have the right, and when requested by either house of the Legislature it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C—Supplementary Appropriation Bills

Neither house shall consider other appropriations until the budget bill has been finally acted upon by both houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein, a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each house by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Sub-Section D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The board of public works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The estimates for the legislative department, certified by the presiding officer of each house, of the judiciary, as provided by law, certified by the Auditor, and for the public schools, as provided by law, shall be transmitted to the board of public works, in such form and at such times as it shall direct, and shall be included in the budget.

The board of public works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitutions, except amendments thereto heretofore made and ratified by the people, the provisions of this

[This section—added to Article VI—was authorized to be submitted by Senate Joint Resolution No. 1, adopted May 23, 1917 (Acts 1917, p. 69 ex. sess.) and was ratified by a vote of the people at the general election held on the fifth day of November, 1918, as an amendment to the Constitution known as "The Budget Amendment." Vote on the amendment: For ratification, 51,405; Against ratification, 26,651; Majority, 24,754.]

section shall prevail. But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

Motor Fuel and Motor Vehicle Revenue

52. Revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes, and all other revenue derived from motor vehicles or motor fuels shall after the deduction of statutory refunds and cost of administration and collection authorized by legislative appropriation, be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways, and also the payment of the interest and principal on all road bonds heretofore issued or which may be hereafter issued for the construction, reconstruction or improvement of public highways, and the payment of obligations incurred in the construction, reconstruction, repair and maintenance of public highways.

53. The Legislature may by general law define and classify forest lands and provide for cooperation by contract between the State and the owner in the planting, protection, and harvesting thereof. Forest lands embraced in any such contract may be exempted from all taxation or be taxed in such manner, including the imposition of a severance tax or charge as trees are harvested, as the Legislature may from time to time provide. But any tax measured by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

[The amendment of this section was proposed by Joint Resolution of February 15, 1901 (Acts 1901, p. 460), and ratified at the general election in 1902. The effect of the amendment was to strike out the following at the end of the original section: "The Secretary of State shall be appointed by the Governor, by and with the advice and consent of the Senate, and shall continue in office, unless sooner removed, until the expiration of the official term of the Governor by whom he shall have been appointed." In case of a vacancy, during the recess of the Senate, in any office which is not elective, the Governor shall, by appointment, fill such vacancy, until the next meeting of the Senate, when he shall make a nomination for such office and the person so nominated, when confirmed by the Senate, (a majority of all the Senators elected concurring by yeas and nays) shall hold his office during the remainder of the term, and until his successor shall be appointed and qualified. No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall such person be appointed to the same office during the recess of the Senate.

How Bills Become Laws

14. Every bill passed by the Legislature shall, before it becomes a law, be presented to the Governor. If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the house in which it originated, which house shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such consideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise, be reconsidered,

and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the Governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State, within five days after such adjournment, or become a law.

Any item or items so disapproved shall be void, unless re-passed by a majority of each house according to the rules and limitations prescribed in the preceding section in reference to other bills.

The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all monies received or disbursed by them respectively, from all sources, and for every service performed, and make a semi-annual report thereof to the Governor under oath or affirmation, and any officer who shall wilfully make a false report shall be deemed guilty of perjury."]

In the first amendment of this section, proposed by House Joint Resolution No. 5 (Acts, Regular Session, 1901, p. 460) and ratified at the general election 1902, the only change in the original section was the insertion of the words "Secretary of State" in the first line, and by substitution of the word "prescribed" for the word "provided" in the eighth line.

Under Senate Joint Resolution No. 1 (Acts, Regular Session, 1957, p. 837), and ratified at the general election November 4, 1958, the section was again amended to read as given in the text. Vote on the amendment: For ratification, 230,879; Against ratification, 206,201; Majority, 24,678.]

8379TH AIR FORCE RESERVE RECOVERY GROUP

United States Air Force

Rhodes and MacCorkle Avenues, SW, South Charleston

The 8379th Air Force Reserve Recovery Group administers to and supports three Air Force Reserve Recovery Squadrons and one Air Reserve Squadron within West Virginia. Their mission is that of supporting aircraft disposal, aircraft recovery, and reconstitution of Air Force residual resources within their assigned area. These units, in a ready posture, will be capable of supporting Continental United States command requirements for dispersal during periods of increased tension or national emergency. In the event active forces elect to disperse aircraft at preselected bases, these units will support this dispersal to the maximum extent possible. In war, many aircraft may not be able to land at their own bases or preplanned alternates. In order to recover these and other aircraft, these units will man predesignated airfields.

Unit locations and organizational commanders are as follows:

U. S. ARMY ENGINEER DISTRICT, HUNTINGTON CORPS OF ENGINEERS

502 Eighth Street, Huntington 1, West Virginia

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the eastern Panhandle, which is in the Potomac River Basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River Basin in West Virginia downstream from Capatina in Marshall County. The Pittsburgh District encompasses the upstream remainder of the Ohio River Basin including the Basin of the Monongahela River. The Potomac River Basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in the entire State of West Virginia rests with the U. S. Army Engineer District, Louisville, Kentucky, Corps of Engineers.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and four navigation structures on the Monongahela River. Operation of the navigation structures on Little Kanawha and Big Sandy Rivers for commercial navigation has been discontinued. Navigation is not a feature of the Potomac River located in West Virginia.

Improvement of the navigation facilities includes construction of modern high lift structures to replace existing obsolete dams. On the Ohio River two of these structures are complete. Greenup Locks and Dam, Greenup, Kentucky replaced Locks and Dams 27, 28, 29 and 30. New Cumberland Locks and Dam, New Cumberland, West Virginia, replaced Locks and Dams 7, 8 and 9. Other navigation structures now under construction on the Ohio River are: Pike Island Locks and Dam, Wheeling, West Virginia, which will replace existing Locks and Dams 10 and 11; Belleville Locks and Dam, Belleville, West Virginia, which will replace Locks and Dams 18, 19 and 20; Captain Anthony Meldahl Locks and Dam, Chilo, Ohio, which will replace existing Locks and Dams 31, 32, 33 and 34; Markland Locks and Dam, Markland, Indiana, which will replace existing Locks and Dams 35, 36, 37, 38 and 39. Partial reconstruction and additional improvements of Mc-Alpine Locks and Dam, Louisville, Kentucky, are in progress. West Virginia will benefit from the construction of these modern navigation improvements on the Ohio River.

Modernization of the obsolescent Monongahela River navigation structures in the upper reaches of the waterway is also currently in progress. Hildebrand Lock and Dam and modification of Dam 8 have been completed. Those navigation structures now under construction on the Monongahela River are: Opekiska Lock and Dam, which will replace existing Locks and Dams 14 and 15 and Maxwell Locks and Dam, which, when integrated with reconstruction of Dam 4, will replace Locks and Dams 5 and 6.

Flood control reservoirs within the State constructed by the Corps of Engineers are Bluestone Reservoir on New River, near Hinton; Sutton Reservoir on Elk River near Sutton; and Tygart Reservoir on Tygart River near Grafton. Summersville Dam and Reservoir on Gauley River is under construction. Others are authorized by Congress and will be constructed as funds are appropriated.

Floodwalls completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W. Va.-Cumberland, Md. (one project) and Elkins, and one is under construction at Williamson. Channel improvement projects have been completed on Brush Creek at Princeton, West Virginia, and on Meadow River at East Rainelle. Several completed snagging and clearing channel improvement projects have reduced or alleviated flood damage along the smaller tributaries of the main rivers within the State.

UNITED STATES MARINE CORPS

United States Marine Corps activities in West Virginia include five organized reserve companies with a total authorized strength of 582 officers and men, and a regular Marine Corps recruiting station in South Charleston with sub-Offices located in eight major West Virginia cities.

All of the state's present Marine reserve units were organized during and after the Korean conflict. There were two Marine Reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June 1950.

Each reserve unit has a staff of regular Marine officers and enlisted men to instruct, support and advise. This staff is called the Inspector-Instructor staff.

Marine reserve units are an active part in any community. They are always ready for parades, color guards, funeral details, and other civic functions where military personnel can be of service.

The annual "Toys for Tots" campaign is one of the proudest achievements of each Reserve unit. The Marine reserves collect, repair and distribute toys to thousands of children in West Virginia, and the total for the nation last year was in excess of 5,000,000 toys.

FEDERAL REFORMATORY FOR WOMEN

Alderson

Warden: Gladys V. Bowman
Associate Warden (Treatment): Virginia McLaughlin
Associate Warden (Business): William H. McGinnis
Superintendent of Industries: Marjorie Porterfield

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 600. There are fifteen buildings housing inmates, a hospital, administration building, a garment factory, laundry, vocational shops building, school building and auditorium, home economics department, cannery, storehouse, shops and an extensive farm with modern dairy and truck gardens. The Enabling Act specified that each inmate should be given training that would fit her to be self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program of cleanliness, industry and education in citizenship. Classification and casework are highly developed to provide for adequate training within the institution and proper placement in jobs after release.

GOVERNOR'S COMMITTEE

On Employment of the Physically Handicapped

Office of Executive Secretary, Room 615, State Office Building

112 California Avenue, Charleston 5

The Governor's Committee is affiliated with the President's Committee on Employment of the Handicapped, and promotes programs in the interest of handicapped persons seeking employment opportunities within the state.

Federal, State and private agencies, whose activities are coordinated in serving handicapped persons and disabled veterans, cooperate fully in effecting programs such as "National Employ the Physically Handicapped Week," High School Essay Contests (pertaining to the handicapped); Award of Merit and Outstanding Service; Physicians' awards; Handicapped Employer Awards; high school poster contests; and community planning for handicapped groups.

Participating actively are the following agencies: Veterans Administration, Department of Veterans Affairs, organized labor, Division Vocational Rehabilitation, Department Employment Security, State Executive Department, veterans organizations, and the Veterans Employment Service.

The Committee Chairman serves at the will and pleasure of the Governor. Individual members recommended by local community committees are either reappointed or newly appointed each year by the Chief Executive.

West Virginia has one of the largest state committees in the nation and its members are representative of Federal, State and municipal government, industry, labor, civic, veterans, fraternal, medical, ministerial, women, and other groups throughout the state.

The committee is a non-dues paying organization and at times when finances are necessary for contest prizes the required amounts are secured from generous employers who have been responsible for so many successful programs.

Congress has determined that the first full week in each October shall be observed as "National Employ the Physically Handicapped Week" throughout the Nation. This week's observance is intended to be a reminder to those employers who remain reluctant in employing handicapped workers. National, state and local media of press, radio and television have carried the message of the handicapped in an excellent coverage of the various programs.

WEST VIRGINIA CHILDREN'S HOME

Elkins

Superintendent: Glenn W. Gainer. Financial Secretary: Martha H. Gainer.
Children: 53.

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an additional unit was built to the two-story brick structure located on the 20-acre tract of land, located on Heavner Avenue. The purpose of the Home is to provide for orphan and neglected children, between the ages of 6 to 14 years, although they can remain here until they are 21 years of age. Children are admitted to the Home either by a Court order or the Department of Public Assistance to be kept, maintained, educated and trained until they can return to their former homes or placed in foster homes. In addition to the 20 acres of the Home campus, the institution owns 10 acres of farm land located on Leading Creek and 117 acres known as the Darby Memorial Farm, situated at the head of Woolwine Hollow. This acreage furnishes vegetables and grazing for beef cattle and grain for hogs. There are 25 head of cattle and 42 head of hogs, on the Homes farm. At the present time a two-room school is operated on the Home Campus by the Board of Education where the children attend until they complete the 7th grade, after which they complete their education in the Junior and Senior High Schools in the city of Elkins. The Home provides all school supplies and other educational aids in keeping with the best educational standards. Religious training is provided by the local churches, and the children attend Church and Sunday School of their choice. The Home provides a group singing once a week for all the children and four of the children are taking voice lessons. They also take part in the various Youth activities provided by the local churches. The boys and girls belong to the Girl Scouts, Boy Scouts and Cub Scouts, which provides many activities the year around. The Home Campus is provided with modern playground equipment, including an open air swimming pool.

WEST VIRGINIA TRAINING SCHOOL

St. Marys

Superintendent: Colin A. Anderson, M.D. Resident Children: 400.

The West Virginia Training School is situated four miles north of St. Marys, at Spring Run on State Route 2, in Pleasants County. It was established in 1921 by an act of the Legislature. The property consists of 694 acres, part of which is under cultivation. The School is operated for the purpose of providing complete care for mentally deficient and retarded children. The aims of the School are to promote happiness, self-reliance, socialization, vocational training, and to attempt to equip those children who are able to return to community life.

Medical and psychiatric care is offered along with classes of an educational and vocational nature. A full time physiotherapist is now on the staff, working in an equipped physiotherapy ward. A Home Economics unit is in full operation for the purpose of giving the girls instruction in running a normal house with modern kitchen appliances. Occupational therapy classes are planned to develop potential skills, and are graded and diversified in an endeavor to reveal any latent abilities. The children produce lovely articles in these classes, and they have won numerous awards in open competition throughout the state.

The School works in close cooperation with the State Division of Vocational Rehabilitation, through whom direct job placements are made, or courses of special training at the Vocational Rehabilitation Center at Dunbar are arranged.

It is recognized that some children are unable to benefit from a training program, and for these custodial care is provided, always with a view to increasing their comfort and safety, as well as promoting some degree of self care and independence.

A large recreation hall provides facilities for indoor games, and with ample staging for concerts and programs by the children themselves. Three school buses are available, and the children are taken to outside community activities and to local Churches. A school choir is in training. In 1961 a Charter was granted for a Boy Scout Troop. Supervised outdoor playground activities are also available, and there is a picnic area with tables and other facilities on the hillside above the school.

Located on the School grounds are: an Administration Building including school rooms, other class rooms, and a large visitors' room; a children's Cottage Ward; one large Dormitory Building housing also a Dispensary and small Infirmary; a Staff Apartment building of twenty-seven rooms; a new Laundry Building with the most up-to-date equipment. A purebred dairy herd will be purchased and a modern milk processing plant is in course of erection. A 60' x 30' swimming pool and a beauty shop are in the late planning stages.

The School has a staff of 156.

The Administration Building also built in 1942, includes offices and visiting rooms on the first floor. Living quarters for the Superintendent, Business Manager, with guest rooms comprise the second floor. The plant also includes the school building erected in 1915, which is called the Johnston School, with a very modern gymnasium completed in 1951. A large four-temperature storage building was completed in 1953. The Home also has its own clinic.

The girls receive standard elementary and accredited first class high school training in the very fine and well planned school program. Classes are offered from the first grade through the twelfth grade. The school is under the close supervision of the State Department of Education. The high school has operated as a first class high school since 1937. Some of the courses offered are food, clothing, nutrition, home planning, English, journalism, library training, mathematics, business training, art, music, physical education, history, civics, sociology, biology and geography. A program of rehabilitation is being carried out through the carefully planned work of the school, in the dormitories in which the girls live, and the administration of the institution.

WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS

Grafton

Superintendent: William T. Flanagan. Assistant Superintendent: Samuel T. Humphreys. Business Manager: James Facemire. Enrollment: 277.

The West Virginia Industrial School for Boys is located at Pruntytown, three miles west of Grafton on U. S. Route 50. It was established by an Act of the Legislature in 1889 and formally opened July 21, 1891. In addition to the principal buildings, which are located on the main campus consisting of approximately 55 acres, the school owns and operates a farm of approximately 1,900 acres on which are located a considerable number of farm buildings. The boys work on the farm during the farming season at which time emphasis is placed on the training value of such a program, directed toward improving work habits and maintaining discipline standards. For use at the School a dairy herd of registered cows is maintained on the farm and the milk is pasteurized in the modern pasteurization plant of the institution.

The school now has a vocational rehabilitation training program consisting of four certified vocational instructors for full time vocational instruction in the fields of industrial arts, simple mechanics, welding and electricity. As funds become available, this highly important phase of the program is to be expanded. In addition to this, there are training units in shoe repairing and baking. The school also maintains the following units in which the boys receive a certain amount of training. Painting, plumbing, printing, laundering, woodwork, canning, auto mechanics and carpentry. The academic school is operated on approved state standards and contains grades one through ten. In compliance with the state law, those under sixteen years of age are required to attend academic school for a term of nine months each year. A well planned recreation and physical education program operates under the supervision of competent men. Football, basketball (indoor and outdoor), baseball, softball, volleyball and horseshoe pitching form the backbone of this program.

A Social Service Department classifies each boy upon his reception, presents him for parole and/or discharge at the proper time and maintains liaison between County and State Authorities. In most instances, the boys are placed in cottages according to their age or size or both. An Honor System has been established as a stimulant to good behavior and achievement for the boys and it is working well. There is a 4-H Club and arrangements have made it possible for the forming of a Boy Scout Troop. A Drum and Bugle Corps, consisting of approximately 40 boys, is in operation and appears at many parades and festivals throughout the year. A full-time Chaplain, especially trained for this work, offers classes in religious education in the academic school and holds weekly religious services for the boys, and carries on a program of counseling and guidance.

The 1949 Legislature made an additional appropriation for construction of a modern laundry building and for renovation of the old buildings, and upon completion of the renovation and the additional space provided by the removal of the administrative offices from one of the dormitories to the new Administration Building, it has a capacity of 402 beds.

The 1957 Legislature appropriated \$100,000 for construction and furnishing of a Male Employees Dormitory.

BERKELEY SPRINGS SANITARIUM

Berkeley Springs

Superintendent: Gracen B. Heare.

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736, and prior to that, American Indians, who were subject to rheumatism knew of its medical qualities and called it the "healing waters." It was the first health and pleasure resort in the colonies. The temperature of the spring water is 74.3 degrees and is invariable, and is helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool with modern dressing facilities and sunbathing, and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel and boarding house facilities.

At no time in the more than two hundred and twenty-five years of resort history, which included patronage of George Washington and Lord Fairfax, were the famous springs so well equipped to treat patients or accommodate the vacationist, as they are today.

Huntington State Hospital, located in the City of Huntington, was established in 1897 by an act of the Legislature as a Home for Incurables. The name of the institution was changed in 1901 to the West Virginia Asylum and in 1916 to Huntington State Hospital.

The Hospital is devoted to the treatment of mental illness. The Hospital receives both voluntary and legally committed patients, and the prevailing types of treatment are administered. Those charged with minor law violations from the districts served by this Hospital are studied psychiatrically for the Courts.

The physical plant includes six ward buildings for patients, two of these being original buildings, an administration building; two buildings used for quarters for employees (one of these being the original administration building), residence for the superintendent; three residences for physicians a short distance from the hospital grounds; power house; laundry; building for occupational therapy and recreation; main kitchen; shops for maintenance in the basement of one ward building. An in-resident Psychiatric affiliation program has been started for student nurses. We now have students from the Wheeling Hospital affiliated here. A Psychiatric Nurses' program is also being conducted for student nurses from Marshall University.

Vocational Rehabilitation Division has a pilot program established at Huntington State Hospital for the retaining of those who have been mentally ill.

A Hospital Farm, consisting of 698 acres plus other leased lands, is located on the Guyandotte River a mile southeast of Barboursville, and is served by State Route 10. The farm is devoted to providing poultry, eggs, pork and milk to the hospital. A registered herd of Holstein milk cows is maintained.

LAKIN STATE HOSPITAL (Mental)

Lakin

Superintendent: Kathryn A. Rainbow, M.D. Business Manager: Lenzy G. Austin. Number of patients: 502.

Lakin State Hospital was founded by an act of the Legislature in 1919 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders; however, the staff and patient population have been integrated since 1954. Presently, the institution is the district hospital for Mason, Jackson, Wood, and Putnam counties.

The physical lay-out of Lakin State Hospital on the immediate grounds consists of the following: two main buildings of three stories each, one housing male and the other female patients. Other fireproof structures include a two-story office building, a cannery, two recently constructed modern employee dormitories, a heating plant, a duplex for physicians and a Medical Center which is presently being used for private voluntary admissions, short term in-hospital study, diagnosis and treatment and for out-patient services. Also recently constructed is a new building which houses the kitchen, dining areas for both patients and employees, offices for ancillary personnel, library, canteen, class room, etc. In addition, there are, on the immediate hospital grounds, five frame reconditioned structures in which certain allied functions of the hospital such as laundry, recreation, and work shops are conducted.

In 1957 the former Boys' Industrial School was acquired by Lakin State Hospital. The main building and dwelling houses have been converted into apartments for employees, and the gymnasium is used for patient and employee recreational activities. The Lakin, West Virginia, Post Office is also still located on these grounds.

The hospital is a member of the Mental Hospital Institute of the American Psychiatric Association and in 1952 received the Hospital of the Year Award, a national recognition by the American Psychiatric Association. For the past eleven years, a Psychiatric Aide of the Year has been cited for excellency in the care of mentally ill patients. This, too, is a national recognition by the American Psychiatric Association.

Most of the accepted methods of treatment including electro-convulsive therapy, insulin coma therapy, occupational therapy, Music therapy, recreational therapy, Psychotherapy, Educational therapy, and Vocational Rehabilitation, in addition to full utilization of the tranquilizing drugs, are employed to advantage in an effort to make the institution a treatment hospital rather than an institution of custodial care. The type of treatment the patient receives is determined on an individual basis.

Patients admitted to Pinecrest Sanitarium are assigned to individual physicians who carry out therapeutic procedures that are recommended by the entire staff. In this manner, the patient is given the benefit of consultation by the entire medical staff. The Pinecrest staff is composed of a Superintendent, Assistant Superintendent, Thoracic Surgeon, five full-time physicians, two X-ray technicians and two laboratory technicians, with ample office employees.

The ambulatory patients have the privilege of being entertained in the modern auditorium by moving pictures and plays produced by local talent. They also take their meals cafeteria in a spacious dining room. SPENCER STATE HOSPITAL (Mental)

Spencer

Superintendent: E. A. Litsinger, M.D. Business Manager: Victor N. Goldberg.

The Spencer State Hospital is located in the city of Spencer, Roane County. It was authorized by an act of the Legislature in May 1887 and formally opened in 1893.

The hospital proper is located on a tract of land comprised of 180 acres, a portion of which is devoted to a large dairy farm which provides a constant supply of fresh milk for the hospital. The farm also supports a large number of hogs which supplies pork and pork products for the use of the institution. An additional 295 acres is located about two miles from the hospital in an area known as Trotter Lake and it serves as a recreational area for the patients as well as a water shed for a dam that impounds approximately 25,000,000 gallons of water.

The hospital's bed capacity is 1,030 and the population averages around 1,000 patients. The hospital staff is composed of seven physicians, all of whom have had at least five years experience and special training courses in psychiatry. There is a very active and well trained social service department and an active nursing staff which includes six registered nurses and two practical nurses. The hospital also provides dental treatment and has a modern high speed dental unit. The physically ill are treated in a separate medical department with the newest methods available. Electrocardiogram, laboratory and modern X-ray unit helps in the treatment and diagnoses of these patients.

The Spencer State Hospital adopted the open door policy and at the present time 76% of our patients reside on open wards. There are no mechanical restraints employed at the hospital. All forms of psychiatric treatment, such as psychotherapy, electro-convulsive therapy, chemotherapy and an active occupational and recreational therapies are utilized at the hospital. A new program, a class in remotivation for patients, has been in effect for a year which has added a great deal to the hospital's therapeutic success.

The hospital serves eight counties (Pleasants, Wirt, Calhoun, Roane, Clay, Kanawha, Fayette and Boone) which have a total population of approximately 400,000. In addition to the legally committed patients, the hospital also admits persons who make a voluntary application for admission.

The hospital is indebted to volunteer groups made up of citizens from Roane County and the City of Spencer, who have greatly assisted in the expansion of the Occupational Therapy and Recreational Programs.

WELCH EMERGENCY HOSPITAL (Surgical)

Welch

Superintendent: Kenneth N. Byrne, M.D. Financial Secretary: Miss Carole Arnold.

Welch Emergency Hospital, located in the City of Welch, was established in 1899, on a three-acre tract given to the state by J. J. Sperry for this purpose. Its particular service was to the miners in that region, but now takes care of a large part of the charity cases of Southern West Virginia. The patient load has increased, the average daily census now being 116 patients.

There has been extensive remodeling of kitchen and three dining rooms, X-ray, and laboratory. The hospital now has an obstetrical room fully equipped, (666 deliveries last year); 17,481 patients were treated in the out-patient department which maintains a 97 per cent occupancy.

WESTON STATE HOSPITAL

(Mental)

Weston

Superintendent: Neil M. McFadyen, M.D. Business Manager: John H. Cranford, Jr. Patients: 2,300.

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864. The hospital has grown from an initial capacity of 35 patients to 2,325.

The hospital is maintained and equipped to provide adequate treatment for all types of mental and nervous illness, both voluntarily and court committed; in addition, all mentally ill tubercular patients in the entire state are cared for in a specially constructed building. A surgical section has been added whereby all types of tubercular surgery are provided. In addition, a modern specially constructed building has been erected to take care of all criminally insane in the State. A 107-bed neuropsychiatric clinic building is in operation and the hospital is equipped to provide various types of treatment, including psychotherapy, occupational and recreational therapies and electro-shock therapy. The facilities consist of laboratory, X-ray, social services and psychology departments. A personnel building has been constructed and two other buildings constructed to house patients which replace old buildings which have outlived their usefulness. The staff includes a chiropodist, beautician and barber. On May 20, 1955, a section of the male wards was designated as the West Virginia Soldiers' Home and is administered by the medical hospital staff, all war veterans being admitted here for treatment.

A registered herd of Holstein cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in a modern, pasteurized plant fully approved by the State Board of Health. A coal mine at the western end of the farm operated by the Hospital furnishes coal for the four boilers in the power plant which supplies the heating, hot water and steam requirements for the Institution.

The building and outlying farms occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide excellent recreational facilities for the patients.

Salem—Harrison County

(Magisterial District: Tenmile).

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio

River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway route No. 23 pass through it. It is the birthplace of United States Senator Jennings Randolph and the great writer, Granville Davison Hall, author of *Daughter of the Elm*. The *Rendering of Virginia*, and many other historical books.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunter's rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

Fountain and Parking Area, Washington Street Entrance.

STATE CAPITOL

West Virginia's Capitol Building, one of the world's beautiful examples of Italian Renaissance architecture, stands on the north bank of the historic Great Kanawha River in the capital city of Charleston. Its golden dome, rising 300 feet, is a landmark visible both day and night from a number of distant points in the city.

Completed in 1932 at a cost of nearly \$10,000,000, the building was designed by Cass Gilbert, an architect of international prominence.

The huge U-shaped structure consists of a main unit and two wings which are situated on 16 acres of ground. There are 333 rooms and a total floor space of 535,000 square feet. Unlike the exterior of Indiana buff limestone, the interior is laid with Imperial Danby Vermont marble.

In the rotunda is a two-ton crystal chandelier which has 15,000 candle power. It is suspended 180 feet above the floor by a gold chain 54 feet long. Sparkling chandeliers in the House and Senate chambers are made of 10,000 separate pieces of rock crystal.

A specially-prepared paint, "Governor's Blue," covers the walls of the outer reception room of the governor's suite, the show room of the Capitol. A Lt. Turquoise rug, 27x74 feet and weighing 1,996 pounds, carpets the floor.

Directly beneath the executive suite is the State Museum containing numerous exhibits to illustrate the history, science and social conditions of early West Virginia.

STATE BIRD

Resplendent in his plumage of scarlet, the Cardinal was made West Virginia's official bird by concurrent resolution of the 1949 legislature. The male of the species is a rich scarlet with a mask and shading of black, while the young and female are somewhat less brilliant. The cardinal measures approximately eight inches in length and ranges from New York State to the Gulf States and as far West as Oklahoma. His scientific name is *Richmondia cardinalis cardinalis*.

STATE FLOWER

The *Rhododendron maximum*, or "big laurel," was designated the official floral emblem of the Mountain State at the suggestion of Governor Albert Blakeslee White on January 23, 1903. It is a shrub of the heath family, and is distinctive for its large evergreen leaves and delicately impressive pale pink or white bloom, mottled with either red or yellow flecks. The big laurel is a mountaineer through and through, preferring as it does the upland climate of the Appalachian and Allegheny ranges.

STATE TREE

The Sugar Maple, or *Acer saccharum* as it is known scientifically, abounds in West Virginia. It produces an excellent wood for furniture construction, lighter and stronger than oak. West Virginia Sugar Maples also produce much of the maple syrup for which Vermont is famous. A single tree is 70-120 feet high and produces two to three pounds of sugar when "sugared off." It has a five-lobed leaf and produces a small wing-shaped seed pod.

STATE ANIMAL

The Black Bear . . . *Euarctos americanus* actually, he is strongly tinted with brown. His habitat in West Virginia has been reduced to approximately 12 counties in the Eastern Mountain Region, though he still roams freely through 36 states and Canada. Either one or two cubs (rarely three) are born at a time, weighing about eight ounces each. The adult reaches an average maximum weight of 250 pounds, though they have been known to attain 650 pounds.

DESCRIPTION OF THE STATE

West Virginia became a State in 1863 after separating from Virginia at the time of the Civil War. It is bounded on the north by Ohio, Pennsylvania and Maryland; on the south by Virginia and Kentucky; and on the west by Kentucky and Ohio. West Virginia has been termed "the most northern southern state, and the most eastern western state, the most western eastern state and the most southern northern state."

It is essentially mountainous, the Appalachian Range having several spurs therein. Its western parts drain into the Ohio River and its eastern portions drain into the Potomac.

The climate is moderate.

West Virginia is the largest coal-producing State in the Union. Reported production 1883-1961—6,577,390,267 short tons with estimated recoverable reserve 59,633,732,900 short tons. The State ranks high in the production of petroleum, natural gas, iron ore, iron and steel products, glass and glass ware, chemicals and chemical products. The Kanawha Valley is recognized as the Nation's chemical center.

West Virginia produces more hardwood than any other State; excepting Arkansas, and has vast timber wealth, including yellow poplar, birch, ash, oak, spruce, hemlock and walnut. Chief agricultural products are wheat, corn, oats, hay, potatoes, tobacco, apples, peaches, plums and grapes.

Although it is believed that some white settlers crossed the Potomac and located on or near the site of Shepherdstown as early as 1719, Morgan Morgan is credited with being the first white man to build a permanent home in this State, near Bunker Hill, Berkeley County in 1726. Out of the groups of French and English settlers and the struggle between them, came the French and Indian War, and the first armed conflict on West Virginia soil. Dunmore's war followed, in which the pioneers took part, and the battle of Point Pleasant, most important on record for West Virginians, was hailed as the first battle of the Revolution. That battle took place at the mouth of the Great Kanawha River in 1774. In the Revolutionary War that followed, no region sent more men to the East under Washington and his sub-commanders, or did more valiant defense of the "back door" of the embryonic United States, than did the men from West Virginia.

The Civil War, which brought about the separation of western Virginia from the mother State, saw the men of West Virginia in the middle of the fighting. The first battle of the conflict between the States was fought at Philippi, in Barbour County, and the famous John Brown "Insurrection" took place at Harpers Ferry. The State provided leaders on both sides. General Thomas J. ("Stonewall") Jackson, brilliant Confederate leader and the most prominent West Virginian of them all, hailed from Lewis County, while the State contributed to the Union Generals Lightburn, Kelley and Harris.

The State's mountains, forests and streams offer attractive recreational facilities. White Sulphur Springs, in Greenbrier County, is world famous.

Institutions of learning in the State are West Virginia University, Marshall University, Potomac State College of West Virginia University, Bluefield State College, Concord College, Fairmont State College, Glenville State College, Shepherd College, West Liberty State College, West Virginia Institute of Technology, West Virginia State Schools for the Deaf and Blind and West Virginia State College. Principal private and denominational colleges are: Alderson-Broadus College, Beckley College, Bethany College, Davis and Elkins College, De Sales Heights Visitation Academy, Linsly Military Institute, Greenbrier College, Greenbrier Military School, Morris Harvey College, Mont De Chantal Visitation Academy, Salem College, West Virginia Wesleyan College and Wheeling College.

DEPARTMENT OF COMMERCE

In the year since its inception, the Department of Commerce has not only accepted and fulfilled its assigned responsibilities but, as the demand increased, it has taken on and carried out additional activities not anticipated or spelled out in the legislative measure which created it.

*Private investment in new tourist accommodation facilities reached an all-time high of over \$12 million in the 12-month period ending June 30, 1962.

*An unprecedented number of communities launched intensive advertising and promotion programs, including publication of a record number of brochures.

*The state's hard-hit coal mining areas found a "new lease on life" by developing tourist attractions around existing, new and abandoned coal mining operations.

*West Virginia's first comprehensive travel survey—a study designed to lead to the state's first master plan of development for tourist attractions—was launched June 1, 1962 as a joint venture with the West Virginia University Center for Resource Development.

*For the first time, the glass industry in the state formed a unified front to finance and produce a brochure and conduct tours aimed at attracting tourists to visit such hand-blown glass-producing operations.

*Community enterprise, cooperation and willingness to establish new tourist information centers was displayed at an unparalleled rate. At the start of the fiscal year, July 1, 1961, West Virginia had only one Tourist Information Center. By June 30, 1962, it had eight such centers operating with at least five more scheduled to go into operation by July 1, 1963.

*The federal government displayed its interest in developing West Virginia as an outdoor recreation reservoir and center for the eastern half of the nation by approving such projects as a \$25,000 grant for a development study for the spacious and beautiful New River Gorge area of the state.

*In the areas of increasing West Virginia's share of the federal procurement dollar and attracting and assisting new industries to locate in the state. Governor Barron's Liaison Office in Washington, D. C., brought more than 3,000 jobs and \$42 million to the Mountain State in the first year of its operation.

*The Planning and Research Division reported that 42 of the 50 counties in the state designated as redevelopment areas by the Area Redevelopment Administration submitted Overall Economic Developing Programs for review and 30 of these were approved in the first year of the department's operation.

*Some 23 municipalities and seven counties, representing planning program costs totaling \$634,000, launched development activities. More than half of these projects were approved by the federal government during the fiscal year.

*The Emergency Employment Program and the Aid to Dependent Children Program employed a total of over 16,000 men in the state during the first year of operation under the administration of the department. During the latter months of the program, the average monthly employment figure was 12,000 persons. Under the combined program, the department initiated programs with the following organizations: (1) nine state agencies with facilities in all counties;

(2) county courts in 22 counties; (3) county boards of education in 45 counties; and, municipal projects in 118 cities.

*The Disaster Recovery Agency—under the supervision of the department—submitted to the federal Office of Emergency Planning 17 state project applications covering claims totaling \$1,452,163.85 in the seven-county area centered in Kanawha County, resulting from the disastrous flash floods of July, 1961. The OEP officially approved 15 applications covering claims of \$1,192,182.65. Advance funds of \$977,154.77 were received in the 12-month period. Of this, advance funds of \$871,071.11 were disbursed to various applicants during the period.

*Some 34 new industrial plants have located in 27 West Virginia cities and towns during the past 10 months. These have provided 4,300 new jobs and over \$19 million in new payrolls. Over \$17 million is being spent by new plant builders for materials, construction, laborers, taxes and the like to help West Virginia grow.

*In the same 10-month period, 27 industrial firms sent representatives to 27 West Virginia communities to investigate them as potential locations for new industrial plants. During the same time, 24 cities and towns in other parts of the country were visited by members of the Industrial Development Division staff who made 59 calls on representatives of industrial firms to solicit and stimulate their interests in locating new operations in West Virginia.

When the 1961 West Virginia Legislature created the Industrial Development Authority, it opened a new era in the state's economic structure. The appropriation of a \$2,000,000 revolving fund to provide financial help in the form of loans to aid in the establishment of new businesses and industries in critical economic areas has proved to be a valuable asset to West Virginia's industrial development program.

By the end of fiscal 1961-62, four industrial loans had been made by the Authority and final action on a number of others was pending. These loans represented more than \$347,000. They were approved for the Harrison Industrial Development Corporation, Ohio Valley Industrial and Business Development Corporation, Tug Valley Industrial Corporation, and Webster Business Development Corporation. Of the four completed loans, one organization had already begun repayment by the end of the fiscal year.

The 1962 Legislature amended the original IDA statute to include loans for machinery and equipment purchases as well as for building construction and ground purchases. This expansion was deemed necessary to provide a more flexible program and to allow a wider range of local participation.

A new interest in local industrial development has been generated by the Authority, and projected figures indicate that applications for industrial loans through IDA will more than double in the coming fiscal year.

DEPTH AVAILABLE FOR NAVIGATION

(Data furnished by the War Department and the
U. S. Army Corps of Engineers, Huntington)

Ohio River—Improvement of the Ohio River, as authorized by Congress in the River and Harbor Act of June 25, 1910, provides for a channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The system of locks and dams throughout the river provides a navigable depth of 9 feet at ordinary river stage. New dams of modern design have been completed near Hogsett, West Virginia, (Gallipolis Locks and Dams), at Montgomery Island, 32 miles below Pittsburgh, Pennsylvania, and at Emsworth Locks, 6.2 miles below Pittsburgh, Pennsylvania.

Extension of the Ohio River navigation system presently includes three high lift dams on the Kanawha River and four navigation structures on the Monongahela River. Greenup Locks and Dam, Greenup, Kentucky, replaced Locks and Dams 27, 28, 29 and 30. New Cumberland Locks and Dam, New Cumberland, replaced Locks and Dams 7, 8 and 9. Other navigation structures now under construction on the Ohio River are: Pike Island Locks and Dam, Wheeling, replacing existing Locks and Dams 10 and 11. Belleville Locks and Dam, Belleville, replacing Locks and Dams 18, 19 and 20; Captain Anthony Meldahl Locks and Dam, Chilo, Ohio, replacing existing Locks and Dams 31, 32, 33 and 34; Markland Locks and Dam, Markland, Indiana, replacing existing Locks and

Dams 35, 36, 37, 38 and 39. Reconstruction and improvements of McAlpine Locks and Dam, Louisville, Kentucky, are in progress. West Virginia will benefit from the construction of these modern navigation improvements on the Ohio River.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by 13 locks and dams to afford slack-water navigation for its entire length from Pittsburgh, Pennsylvania, to one mile above Fairmont, a distance of 128 miles. The project is approximately complete and the controlling depth between Pittsburgh, Pennsylvania, and Lock 11 (Uffington, West Virginia) 104.95 miles above the mouth is 9 feet and above Lock 11, 7 feet to the upper limits of the project.

Modernization of the Monongahela River navigation structures in the upper reaches of the waterway is currently in progress. Hildebrand Lock and Dam and modification of Dam 8 have been completed. Those navigation structures now under construction are: Opekiska Lock and Dam, which will replace existing Locks and Dams 14 and 15 and Maxwell Locks and Dam, which, when integrated with reconstruction of Dam 4, will replace Locks and Dams 5 and 6.

Kanawha River, West Virginia—Three high lift dams on the Kanawha River, with twin locks at London, Marmet and Winfield, and Gallipolis locks and dam on the Ohio River, near Hogsett, West Virginia, furnish a 9-foot navigable depth from the Ohio to a point 90.57 miles above the mouth. The dams at London and Marmet were completed in 1934, and the Winfield dam in 1937. The Gallipolis locks and dam were completed in October, 1937, thus making available a channel depth of 9 feet from the mouth of the river to the head of navigation.

Big Sandy River, West Virginia and Kentucky, including Levisa and Tug Forks—Under the existing project, 3 locks and dams were constructed on the main river, and one lock and dam were constructed each on Levisa Fork and Tug Fork. Only the lower lock and dam on the main river is in operation at the present time to provide slack-water depth of 6 feet from the Ohio River to a point about 7 miles above the mouth. The remaining two structures on the main river have movable dams which are placed in use only at such times as the needs of navigation require. The Levisa Fork Lock and Dam No. 1 and the Tug Fork Lock and Dam No. 1 have not been operated for several years. Operation of the navigation structures has been discontinued.

Tygart River Reservoir—The Tygart River Dam, located on the Tygart River, $2\frac{1}{4}$ miles upstream from Grafton, as authorized by the Public Works Administration January 11, 1934, and approved by Congress in the River and Harbor Act of August 30, 1935, provides for a dam 1,880 feet long and 207 feet high for the storage of 290,000-acre tract of water to control floods and aid navigation in the Monongahela River. The dam is in operation as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania, and the upper Ohio Valley generally.

Bluestone Reservoir Project—This project, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress under the Flood Control Act of 1936. Construction of the project was begun early in 1942; however, the work was suspended in 1944 because of the war emergency. Construction was resumed in January 1946, is completed. The dam is 165 feet high and 2,061.5 feet long. The reservoir has a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square-miles. During periods of low and normal flows in New River, the elevation of the reservoir varies about 5 feet, with a minimum pool of 7.8 miles in length and 1,020 acres in area that utilizes about 11,000 acre-feet of the total reservoir capacity. The remaining reservoir capacity will be reserved for impoundment of flood flows as required for flood control.

Little Kanawha River, West Virginia—Five locks with fixed dams gave a navigable depth of 4 feet from the mouth of the river to Creston, a distance of 48 miles. One lock and dam was constructed and 4 were purchased from the Little Kanawha Navigation Company. Only the lower lock and dam is in operation at the present time to provide a slack water depth of 4 feet from the Ohio River to a point about 14 miles above the mouth. The remaining structures are placed in use only at such times as the needs of navigation require.

Operation of the navigation structures on Little Kanawha for commercial navigation has been discontinued.

U S. DEPARTMENT OF AGRICULTURE

Forest Service

Monongahela National Forest

Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of about 150 national forests and the only national forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,641,981 acres of which 805,668 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are six ranger districts, each in charge of a district ranger.

Counties in the National Forest, and their current acreage in National Forest ownership are:

Grant	14,126	Pocahontas	276,840
Greenbrier	98,643	Preston	3,891
Nicholas	23,434	Randolph	170,263
Pendleton	60,170	Tucker	93,702
	Webster	64,697	

The public forest is administered in cooperation with several conservation agencies, including the West Virginia Department of Natural Resources. Twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for schools (80%) and roads (20%).

At Parsons is one of the largest forest tree nurseries east of the Mississippi River. It is used by the West Virginia Department of Natural Resources.

FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish. Fishing in any of these streams does not necessarily indicate that the Conservation Commission promises the limit of fish to each fisherman. This is intended merely as a guide.

POTOMAC PANORAMA

OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA IN 1961¹

R. C. TUCKER²
Morgantown, West Virginia

ABSTRACT

The total number of wells drilled in West Virginia in 1961, reported to April 1, 1962, was 1,389, an increase of 173, or 14.23%. Permits to drill or deepen issued by the Oil and Gas Division of The West Virginia Department of Mines totaled 1,532, an increase of 183, or 13.57%. 94 permits to drill were cancelled during the year.

Abandoned during the year were 117 gas wells and 114 oil wells, or a total of 231 wells. These abandonments are all wells drilled before permits were required (May, 1929). No information as to the exact number of abandonments of wells drilled since May, 1929, is available as these wells are abandoned under original drilling permit numbers. Wells completed were: gas, 809; oil 59; oil and gas wells, 296; storage, water-injection, brine, rock salt, and pressure wells, 65; dry holes, 160; total 1,389. Compared with 1960, gas wells increased 15, or 1.89%; oil wells increased 10, or 2.04%; oil and gas wells increased 112, or 61.54%; storage and other wells increased 16, or 32.65%; dry holes increased 18, or 12.68%, the percentage of dry holes to total completions being 11.52%. Depth of wells ranged from 250 to 10,805 ft., compared with 370 to 13,121 in 1960. Total footage drilled was 3,447,723 ft., an increase of 538,906 ft., or 18.53% over 1960 (2,908,817 ft.). The average depth of wells (2,482 ft.) increased 90 ft. over the 1960 average (2,392 ft.), or 3.76%. The total initial daily open flow of the gas wells was 1,271,312 MCF, an increase of 287,890 MCF, or 29.27% over the 1960 total (983,422 MCF). The size of the gas wells ranged from 5 to 20,850 MCF compared with 10 to 28,400 MCF in 1960. The total daily initial oil was 9,478½ bbls., an increase of 5,361 bbls. over 1960 (4,117½ bbls.) or 130.20%. The size of the oil wells ranged from ½ to 400 bbls., compared with ½ to 300 bbls. in 1960. The number of wells drilling or unreported if completed at the end of the year was 656, 127 more than in 1960, or an increase of 24.01%.

Since we receive drilling and scout reports from several major companies the status of practically every drilling well was known. Only 150 letters were sent to the operators whose wells were at completion depth or testing after fracture—replies were received from about one-third of the operators. It is believed that total completions will be greater than herein reported as also the production since many wells were reported as testing after fracture. The total initial gas production after fracture is generally several times the production before fracture. Several hundred wells were fractured during the year. The West Virginia University collects information concerning fracturing of wells and issues an annual report showing details for each of the wells fractured.

The average size of gas wells was 1,328 MCF compared with 1,111 MCF in 1960, an increase of 217 MCF or 19.53%. In calculating this average the number of gas wells was increased by half of the number of oil and gas wells (148) or 957 wells. The average size of oil wells was 45.8 bbls. compared with 29 bbls. in 1960, an increase of 16.8 bbls., or 57.93%. One-half the oil and gas wells (148) was added to the 59 oil wells (or a total of 207) in calculating this average.

Preliminary estimates of production for 1961: gas, 248,400,000 MCF, compared with 207,000,000 MCF in 1960; an increase of 41,400,000 MCF or 20%; oil 2,760,000 bbls., an increase of 460,000 bbls. over the 1960 estimate (2,300,000 bbls.) or 20%. The estimated number of producing wells at the end of 1961: gas, 17,325; oil, 12,762. The table of operations gives statistics by counties.

The table of oil and gas operations in West Virginia by counties in 1961 gives the pertinent facts regarding results. Comparison totals for the preceding 4 years are also shown in the bottom 4 lines of the table.

Permits to drill or deepen issued by the State Department of Mines totaled 1,532, or 183 more than in 1960, an increase of 13.57%. There were 94 cancellations of drilling permits during the year.

Abandonments of gas wells during the year (wells drilled before May, 1929) totaled 117, compared with 200 in 1960.

Abandonments of oil wells during the year (wells drilled prior to May, 1929) totaled 114, compared with 212 in 1960.

15 more gas wells, 10 more oil wells, 114 more oil and gas wells, 16 more storage *et al.* wells, and 18 more dry holes were completed in 1961 than in 1960.

In 1961, the percentages were: gas wells, 58.24%; oil wells 4.25%; oil and gas wells, 21.31%; storage *et al.* wells, 4.68%; and dry holes 11.52%. If the storage *et al.* wells are left out of the total completions (1,389 minus 65 = 1,324 wells) the percentages would be: gas wells, 61.10%; oil wells, 4.46%; oil and gas wells, 22.36%; and dry holes, 12.08%.

Total completions were 1,389 as against 1,216 in 1960, an increase of 173 or 14.23%. Lewis County, with 218 completions, topped the list of completions by counties, followed by Ritchie 176, Doddridge 141, and Gilmer 122. These 4 counties accounted for 657 completions, or 47.3% of the total completions.

117 gas wells (those drilled before May 1929) were abandoned during the year, while 114 oil wells were abandoned in 1961. The number by counties has been listed previously. No information as to exact number of abandonments of wells drilled since May, 1929 is available as these wells are abandoned under the original drilling permit numbers. Of the wells uncompleted or unreported if completed at the end of the year, 259, or 39.48% were from 3 counties, Doddridge, Lewis, and Ritchie.

Drilling depths ranged from 250 to 10,805 ft., as against 370 to 13,121 ft. in 1960.

The total footage drilled (3,447,723 ft.) increased 538,906 ft. over the 1960 total (2,908,817 ft.), or 18.53%. The total footage drilled does not include any footage for wells tabulated as drilling. The actual footage drilled would be slightly less than given if the original depth of wells deepened were known and subtracted from the total given. For comparative purposes, footage for deeper drilling would be nearly the same from year to year. The average depth (2,482 ft.) is 90 ft. more than in 1960 (2,392 ft.), or 3.76%.

The total initial daily open flow of gas wells was 1,271,312 MCF, an increase of 287,890 MCF over the 1960 total, or 29.27% over the 1960 total (983,422 MCF).

The range in size of the gas wells was from 5 to 20,850 MCF compared with 10 to 28,400 MCF in 1960.

The average size of the gas wells was 1,328 MCF compared with 1,111 MCF in 1960, an increase of 217 MCF or 19.53%.

The total daily initial oil was 9,478½ bbls., an increase of 5,361 bbls. over 1960 (4,117½ bbls.), or 130.20%.

The range in size of the oil wells was ½ to 400 bbls. daily, compared with ½ to 300 bbls. in 1960.

The average size of the oil wells was 45.8 bbls. compared with 29 bbls. in 1960, an increase of 16.8 bbls. or 57.93%.

In calculating the average size of the wells, half of the total number of oil and gas wells (½ of 296 = 148) (fifth column in table) was added to the total gas wells and total oil wells as given in the third and fourth columns of the table.

At the end of the year, 656 wells were drilling or unreported if completed. This was 127 more than in 1960, an increase of 24.01%.

Six counties (Doddridge, Gilmer, Kanawha, Lewis, Ritchie, and Upshur) had a daily open flow of 841,797 MCF or 66.21% of the total for the state.

Five counties (Clay, Doddridge, Gilmer, Lewis, and Ritchie) had daily initial oil of 8,083½ bbls., or 85.28% of the total for the state.

Preliminary estimates of production for 1960: gas, 248,400,000 MCF, compared with 207,000,000 MCF in 1960, an increase of 41,400,000 MCF or 20%; oil, 2,760,000 bbls., an increase of 460,000 bbls. over the 1960 estimate (2,300,000 bbls.), or 20%.

The estimated number of producing wells at the end of 1961: gas 17,325; oil 12,762. The number might be reduced somewhat if the number of wells abandoned under drilling permit numbers (drilled since May, 1929) were known.

Several wells drilling are to be storage wells, in Marshall, Putnam, Roane, Tucker, and Upshur Counties.

Forty-five wells were drilled to the Oriskany Sand or deeper horizons in 1961 with a few still drilling.

Several Devonian Shale gas wells were drilled in the southwestern part of the state.

Many new wells and several old ones were fractured with generally favorable results. Studies are now being made by the West Virginia University on declines in production after fracturing.

Secondary recovery operations for oil are continuing in the state.

Several Benson Sand gas wells were completed in 1961 in Barbour, Lewis, and Upshur Counties.

Many major companies are taking an active interest in West Virginia. The Phillips Petroleum Company well in Marion County is reported now drilling below 15,000 ft. and is nearing the basement.

ANALYSIS OF RECEIPTS AND EXPENDITURES

DENZIL L. GAINER, STATE AUDITOR

Section I—Summary

Revenues collected for the operation of state government are deposited into various funds as provided by statute and the constitution. Many of these funds are dedicated for specific purposes and are carried in separate accounts and expended only for the purposes authorized by law. These include the General School Fund, State Road Fund, Federal Funds, and various others designated as Special Revenue Funds. Approximately 55 per cent of all revenues collected during the 1961-62 fiscal year are within this group of dedicated funds. All revenues not dedicated for specific purposes are deposited into the General Revenue Fund from which the Legislature makes appropriations for the operation of the various departments, schools and institutions.

Total revenues collected for the fiscal year ended June 30, 1962, amounted to 327 million dollars as compared to 286 million for the previous fiscal year, an increase of some 41 million dollars. This is summarized as follows:

	(Millions of Dollars)	
	Increase	Decrease
General Revenue Fund	32.2	
State Road Fund		7.7
General School Fund	2.2	
Federal Funds	12.3	
Special Revenue Funds	2.2	
Totals	48.9	7.7

For details of increases and decreases within the various funds, see statement of "Comparison of Net Receipts".

COLLECTION OF REVENUE, BUSINESS AND OCCUPATION TAX AND TRANSPORTATION PRIVILEGE TAX

West Virginia has imposed since 1921 a Business and Occupation Tax in some form. This tax has been known erroneously as the "Gross Sales Tax," a designation which has included the privilege tax imposed on certain carrier corporations by the terms of Article 12-A, Chapter XI of the Code of West Virginia, as well as the Business and Occupation Tax imposed by the terms of Article 13 of said Chapter XI. Collections by virtue of these two tax laws are deposited to the credit of the general revenue fund of the State, and constitute the largest single source of the State's general revenue raised by so-called "indirect" taxation.

These taxes are license taxes imposed for the privilege of engaging in business in West Virginia. The amount of tax to be paid is usually measured by the amount of gross income received before the deduction of any expense whatsoever. Under the production and manufacturing classifications of the Business and Occupation Tax Law the measure of the tax is the value of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided, the proceeds of sale are indicative of the true value of the article. Every person in business is subject to the tax and if more than one person engages in a single activity or transaction, as in the case of the contractor and subcontractor, each must pay the tax measured by his entire income regardless of the tax paid by the other.

Business activities under Article 13 are classed and taxed as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal	On each \$100.00 value, \$1.35
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag	On each 100.00 value, 3.95
Natural gas (exemptions include deduction of \$5,000 annually)	On each 100.00 value, 7.85
Limestone or sandstone quarried or mined; and timber	On each 100.00 value, 2.00
Other natural resource products	On each 100.00 value, 2.60

B. Manufacturing. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 40 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property, Other Than at Wholesale. The rate, 50 cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating or other expenses, or losses.

C. (2) Business of Selling Tangible Property at Wholesale. The rate, 25 cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating, or other expenses, or losses.

D. Public Service or Utility Business. The rates set out below apply against the gross income of the business without deduction of cost of operation, expenses or losses of any kind.

Street Interurban and Electric Railways	On each \$100.00 value, \$1.30
Electric Light and Power Companies (sales and demand charges, domestic purposes and commercial lighting)	On each 100.00 value, 5.20
Water Companies	On each 100.00 value, 4.00

Electric Light and Power Companies (all other sales and demand charges):	On each 100.00 value,	3.90
Natural Gas Companies: Toll Bridges	On each 100.00 value,	3.90
Other Public Utilities—(Except telegraph and telephone companies, railways and other transportation companies)	On each 100.00 value,	2.60

E. Contracting Business. The rate, \$2.60 on each \$100.00 value, applies against the gross income of the business. The term "gross income" is defined as meaning total receipts of the business without deduction for the cost of labor or material, operating, or other expenses, or losses.

G. Amusement Business. The rate, 65 cents on each \$100.00 value, applies against the gross income of the business, "gross income" being defined as including the total receipts without any deduction on account of the cost of operation, or other expenses, or losses.

H. Service Business or Calling Not Otherwise Specifically Taxed. The rate, \$1.05 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

I. Business of Furnishing Property for Hire. The rate, \$1.05 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost or operation, taxes, losses or other expenses.

J. Small Loan Business. The rate, \$1.05 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

Business activities under Article 12-A are classed and taxed as follows:

A. Motor Vehicle Carriers, Railroad Car Corporations, Express Corporations or Companies. \$1.50 on each \$100.00 of gross intra-state income, and \$1.50 on each \$100.00 or pro-rated (to determine part derived from West Virginia business) net income from all business.

B. (1) Telephone Corporations. \$2.75 on each \$100.00 of gross intra-state income and \$2.75 on each \$100.00 or pro-rated (to determine part derived from West Virginia business) net income from all business.

(2) Telegraph Corporations. \$5.00 on each \$100.00 of gross intra-state income and \$5.00 on each \$100.00 pro-rated (to determine part derived from West Virginia business) net income from all business.

C. Pipe Line Corporations. \$1.50 on each \$100.00 of gross intra-state income (effective July 1, 1953—prior to that date \$3.50) and \$3.50 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

D. Persons or Corporations, Operating Airlines, Steamboats or Other Floating Property, \$3.00 on each \$100.00 of gross intra-state income and \$3.00 on each \$100.00 pro-rated (to determine part derived from West Virginia business) net income from all business.

E. Railroad Corporations, 50 cents on each \$100.00 of assessed value of all property within the State of West Virginia, and \$4.00 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

To the normal rates imposed by Article 12-A there is added, in all cases, a surtax of 30 per cent of the normal tax.

Annual exemption of \$50.00 of the tax due is provided under both the Business and Occupation and Transportation Privilege Tax Statutes.

Authorized agents of municipalities having a Gross Sales Tax Ordinance are permitted to inspect and make copies of returns filed with the State Tax Commissioner upon the written request of the Mayors of such municipalities.

WEST VIRGINIA UNIVERSITY MEDICAL SCHOOL

Shortly after World War II, the West Virginia State Medical Association, together with the State's dentists, nurses, pharmacists and others, brought forcefully to the attention of the Legislature the need for a modern Medical Center in the Mountain State.

At that time, President Irvin Stewart of the University publicly asserted that unless a sound and continuing method of financing the project could be found, which would not impose further drains on an already inadequately financed university, West Virginia University could not accept the new responsibility.

Convinced of the soundness of this reasoning, the 1951 Legislature passed, on March 9, 1951, HB 268, the soft drinks tax.

The dedicated tax allowed immediate planning. Therefore, in the summer of 1951, a building committee was selected, consultants employed, discussions with health professions educators around the state initiated, and a contract for an overall site plan made.

C. E. Silling and Associates of Charleston, W. Va. were hired as chief architects.

In December, 1952, 17 months after financial approval for the Center was obtained, construction started on the heating plant—first unit to be built in the Center complex.

Construction cost for it and equipment totaled \$1,424,538.

Meanwhile, plans were finalized for the teaching laboratories and classrooms building—or what is known today as the Basic Sciences Building.

Construction for this unit—comprising 555,000 square feet of floor space in a five-story building—was begun in the summer of 1954 and completed and ready for occupancy in the summer of 1957. The cost of this building was \$13,782,625, including fixed equipment.

The hospital, built in the form of an offset cross and attached to the Basic Sciences Building, has 12 floors, eight of which have patient beds. There are a total of 522 beds, 563,000 square feet of floor space, and the cost was \$15,897,777, including fixed equipment. Construction began in the summer of 1957 and was completed in January, 1960.

The hospital opened in August, 1960 and the first class of third-year medical students enrolled the next month. Thus 9 years elapsed between the passage of the enabling legislation, which triggered definitive planning, and completion of construction.

In the 9 years, total net income from the soft drinks tax amounted to \$28,755,321. On two occasions, the construction costs outstripped the income, necessitating additional legislative appropriations from general funds totaling \$2.8 million.

Federal contribution to this program, in the form of Hill-Burton funds, and a Health Facilities Grant, has amounted to \$2.8 million. Hence, of the total project cost of \$31 million, all but \$5.6 million has come from the soft drinks tax.

Educational programs at the Medical Center train West Virginians for these health professions: medicine and medical technology, dentistry and dental hygiene, nursing and pharmacy.

In addition, there are graduate programs offered in such fields as biochemistry, microbiology, pharmacology, bacteriology and others.

Programs planned include those for X-ray technicians, physical therapists and dieticians.
