DEPARTMENT OF EMPLOYMENT SECURITY**CLEMENT R. BASSETT, Commissioner****State Office Building No. 2, 112 California Avenue**

Salary of Commissioner: \$16,000 per year. Appointed by Governor, by and with advice and consent of Senate. Term: Four years, runs concurrently with Governor.

Advisory Council: \$35 per day for each day actually served in discharge of duties, also necessary expenses. Nine members appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor. Three members represent employer interests, three employee interests and three the interests of the general public. Meets first Monday in January, April, July and October. Limit of 30 days' service in any year.

Board of Review: \$9,000 per year each. Three members appointed by Governor, with advice and consent of Senate. Term: Four years, runs concurrently with Governor. Nonpartisan. Governor designates chairman.

Purpose is to promote social and economic security by reducing, as far as possible, the hazards of unemployment. Through compulsory system of unemployment reserves, it provides measures of security to families of unemployed persons and guards against menace to health, morals and welfare arising from unemployment. To fulfill these purposes the Department pays weekly unemployment benefits to workers who are unemployed due to lack of work and who are in the labor market. The funds for payment of benefits are derived from a payroll tax paid by West Virginia employers under the terms of the Social Security Act.

Council serves as advisory body to Commissioner. Board of Review hears and determines disputed claims, appoints examiners, organizes appeal tribunals and exercises such additional powers as may be necessary for the proper conduct of a system of administrative review of disputed claims.

CLEMENT R. BASSETT, (D), of Welch, was born at Welch, on March 15, 1921; son of Eli A. Bassett and Najla (Khoury) Bassett; education received in the McDowell County public schools, West Virginia University (A.B. degree 1941), and the University of Michigan Law School (LL.B. degree 1948); married to former Mary Elizabeth Peak of Long Island, Virginia; two children—Mary Anne and Margaret Lucile; Presbyterian; Mason, Scottish Rite Bodies, Shriner, The American Legion, Kappa Sigma, Phi Beta Kappa, Phi Alpha Delta, West Virginia State Bar, Reserve Officers Association and Air Force Association; served on active duty, United States Army Air Force, 1942-45, two and one-half years of which was overseas with the 8th Air Force; member, United States Air Force Reserves (Major); Attorney-Examiner with Federal Trade Commission in Chicago, 1948-1953; Trial Examiner with the Public Service Commission of West Virginia, 1954-1957; Assistant Attorney General, State of West Virginia, 1957-1961; appointed Director of Employment Security by Governor W. The Governor's Committee on Crime, Delinquency and Corrections was appointed by the Governor to develop a state-wide program to meet the problems of law enforcement, administration of justice, delinquency and corrections in West Virginia. In selecting the members of this committee, the Governor sought people who, by their education, experience and activities, have evidenced a sincere interest in local problems of crime prevention, control and rehabilitation of offenders. The Committee is assessing crime in the state—where it is, how much there is, and what crime and its control are costing the state. A study is being done on the attitude of the citizen toward crime and law enforcement.

The needs of the police and the cost of raising standards to desired levels by the application of law enforcement science and technology are being determined. Delays in court, unnecessary incarceration pending trials, abuse of the warrant processes, and the effectiveness of the part-time prosecutorial official are being studied. Attention is also focused on the West Virginia delinquent and his plight, with particular emphasis on preventing recidivism. A survey of the state's correctional system, including the jails, is underway—hopefully to find an answer to the rising recidivism rate among the criminal population.

The Committee will submit to the Governor a comprehensive statewide proposal pinpointing the major problems in the various areas covered. It will recommend specific programs for change and recommend priorities.

The Governor's Committee work closely follows the format of the President's Commission of Law Enforcement and Criminal Justice. The findings of the President's Commission are used, insofar as they have an application to West Virginia's crime problem.

As it becomes expedient, specific programs are initiated. Recently, the West Virginia Law Enforcement Officers Minimum Standards Project began operation. The state-wide Auto Theft Prevention Campaign, a continuing community effort, is in progress. Here the goal is to enlist the motorist to reduce the incidence of a major criminal offense which is increasing annually—auto theft.

In the development stage are programs to establish a Research and Training Center in corrections at West Virginia University and a Police Science Academic program at West Virginia State College. The academic program will lead to a two-year Associate Degree and a four-year Bachelor's Degree in Police Science.

The Governor's Committee program is supported in part by a grant from the Office of Law Enforcement Assistance of the Justice Department. The Committee was also the recipient of a grant from the Justice Department to fund the Law Enforcement Officers Minimum Standards Project. Hopefully, federal funds will be forthcoming soon to support the correctional training program and the police science academic proposal. Application is also on file for money to fund a project supplementing the Minimum Standards Project. The President has asked Congress to pass the "Law Enforcement and Criminal Justice Assistance Act", and if this becomes law, federal funds will be available for supporting programs in all the areas in which the Governor's Committee is working.

GOVERNOR'S COMPREHENSIVE EDUCATION PLANNING COMMITTEE

In July, 1967, Governor Hulett C. Smith appointed the Comprehensive Education Planning Committee. The committee is composed of citizens from government, labor, business, professional and civic organizations, and other interest groups. This committee is developing a comprehensive plan for education by correlating and coordinating individual planning projects into a single cohesive unit which reflects established goals and priorities. Resource materials and individual planning projects prepared by the Department of Education in conjunction with the State Planning Office of the Department of Commerce will provide the framework for implementing comprehensive planning.

When this plan is completed, it will embrace all levels of education and will define immediate as well as projected objectives for the improvement of education in West Virginia. The primary aim of this project is to integrate the academic and occupational preparation of all individuals into a total educational structure which reflects the needs of this State.

This committee is also charged with the responsibility of translating this plan into a program for action. It has set as its initial goal the presentation of the comprehensive plan to the 1969 West Virginia Legislature.

The Bureau is developing a comprehensive highway safety plan, will oversee the implementation of this plan, allocate federal funds made available for safety programs to state and local governmental units, develop cost estimates, and evaluate methods used to implement various highway safety programs, in accordance with the provisions of P. L. 89-564, The Highway Safety Act of 1966, and The National Highway Safety Standards, issued by the U. S. Department of Transportation, June 27, 1967. Currently 13 standards have been issued affecting, Periodic Motor Vehicle Inspection, Motor Vehicle Registration, Motorcycle Safety, Driver Education, Driver Licensing, Codes and Laws, Traffic Courts, Alcohol in Relation to Highway Safety, Identification and Surveillance of Accident Locations, Traffic Records, Emergency Medical Services, Highway Design, Construction and Maintenance, and Traffic Control Devices.

The Law Enforcement Officers Minimum Standards Project is designed to upgrade law enforcement in West Virginia and provide the people of this state with more effective and efficient police protection. The Governor's Police Advisory Commission established under the Minimum Standards Project is charged with the responsibility of developing a state-wide system of law enforcement personnel recruitment, including entrance qualifications, training, working conditions and salaries.

West Virginia has about 1,600 law enforcement officers at the municipal, county and state levels. Salaries and working conditions at all levels vary greatly. There are presently no state minimum personnel selection and training standards. In addition, there are no guidelines to suggest the quantity or quality of recruit and in-service training.

This project embraces all levels of law enforcement and it is intended to develop a plan that would include the following:

- (a) The content and operation of appropriate initial recruit and in-service training.
- (b) Minimum educational, physical, mental standards of eligibility.
- (c) Minimum working conditions and salaries.
- (d) The administration of the training and standards program.

This program is designed to relieve those departments who are unable to take advantage of existing training programs because of the shortage of personnel or lack of adequate financial resources.

THE WEST VIRGINIA STATE BAR (Integrated)

Offices: State Capitol—Telephone 346-8414

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is now \$20.00 for members who have been admitted to practice for more than five years, and \$10.00 for members who have been admitted to practice for not more than five years.

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to improve the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal profession; and to encourage cordial relations among its members. It is its declared purpose to give effect to pertinent rules of the Supreme Court of Appeals, and to perform the functions expressed in its Constitution and By-Laws. A principal duty of the State Bar is to uphold the standards of professional ethics and to diligently and vigilantly investigate and prosecute violations of these standards.

The State Bar is governed by a Board of Governors, consisting of all officers, except the secretary-treasurer, as *ex officio* members, and sixteen Governors, one Governor being elected by the members of the Bar by a secret mail ballot in each of the sixteen State Bar Districts. Officers are a president, chairman of the board, first vice president, second vice president and secretary-treasurer.

CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident; that all men are created equal, that they are endowed by their creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes on us without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions we have petitioned for redress in the most humble terms. Our repeated petitions have been answered only by repeated injury. A prince, whose character, is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and holds them, as we hold the rest of mankind enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are and of right ought to be, free and independent States; that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

ARTICLE I

1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

2. The Government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved by the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure

For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

1. The territory of the following counties, formerly parts of the Commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[All of the territory of West Virginia was taken from the Commonwealth of Virginia and in the first constitution forty-four of the above named counties were designated as forming the State of West Virginia, and in addition the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should the constitution be adopted by a vote of the people of the districts comprising the counties. The districts adopted the constitution and these six counties became a part of the State.

The remaining five counties were created by acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871; and Mingo County, from Logan County, on February 23, 1895.]

When vacancies occur prior to any general election, they shall be filled by appointments, in such manner as may be prescribed herein, or by general law, which appointments shall expire at such time after the next general election as the person so elected to fill such vacancy shall be qualified.

[The amendment of this section was proposed by joint resolution of February 21, 1883, Acts 1883, p. 137, and ratified at the next election. The original section provided that the general election should be held on "the second Tuesday of October," and the change was made in order that the election of State officers would fall on the same day as the presidential election. As a consequential amendment the term of office of members of the Legislature was made to begin on the first day of December instead of the first day of November, as in the original article.]

Further Provisions Regarding State's Officers and Agents

8. The Legislature, in cases not provided for in this Constitution, shall prescribe, by general laws, the terms of office, powers, duties and compensation of all public officers and agents, and the manner in which they shall be elected, appointed and removed.

Judgment in cases of impeachment, shall not extend further than to removal from office, and disqualification to hold any office of honor, trust or profit, under the State; but the party convicted shall be liable to indictment, trial, judgment, and punishment according to law. The Senate may sit during the recess of the Legislature for the trial of impeachments.

Safeguards for Ballots

11. The Legislature shall prescribe the manner of conducting and making returns of elections, and of determining contested election; and shall pass such laws as may be necessary and proper to prevent intimidation, disorder or violence at the polls, and corruption or fraud in voting, counting the vote, ascertaining or declaring the result, or fraud in any manner upon the ballot.

[The amendment of this section was proposed by joint resolution of February 22, 1901, Acts 1901, p. 472, and adopted at the next election. ARTICLE V

Division of Powers

1. The Legislative, Executive and Judicial Departments shall be separate and distinct, so that neither shall exercise the powers properly belonging to either of the others; nor shall any person exercise the powers of more than one of them at the same time, except that justices of the peace shall be eligible to the Legislature.

ARTICLE VI

Legislature

1. The legislative power shall be vested in a Senate and House of Delegates. The style of their Acts shall be, "Be it enacted by the Legislature of West Virginia."

Composition of Senate and House of Delegates

2. The Senate shall be composed of twenty-four, and the House of Delegates of sixty-five members subject to be increased according to the provisions hereinafter contained.

[The Senate is now composed of thirty-four, and the House of Delegates of one hundred members.]

Senators and Delegates—Term of Office

3. Senators shall be elected for the term of four years, and Delegates for the term of two years. The Senators first elected, shall divide themselves into two classes, one Senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years and the second for four years, so that after the first election, one half of the Senators shall be elected biennially.

Division of State Into Senatorial Districts

4. For the election of Senators, the State shall be divided into twelve Senatorial districts, which number shall not be diminished, but may be increased as herein-after provided. Every district shall elect two Senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The district shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the Senatorial Districts, so far as may be necessary to make them conform to the foregoing provision.

[There are now seventeen senatorial districts, as provided by Chapter 1, Acts, 1st Extraordinary Session, 1964 (Code, Ch. 1, Art. 2)]

Senatorial Districts Designated

5. Until the Senatorial Districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first Senatorial District; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

[By the provisions of the reapportionment act of 1937, (Acts 1937, ch. 128) the number of Senatorial Districts was increased to sixteen, the number of Senators to thirty-two, and the counties rearranged in the various districts.]

[Under the reapportionment act of 1964, Acts, Ch. 1, 1st Extraordinary Session, 1964, (Code, Ch. 1, Art. 2), the number of senatorial districts was fixed at seventeen. The County of Kanawha embraces two districts, the eighth and the seventeenth. The other fifty-four counties are arranged into sixteen districts, each consisting of two or more counties.]

Provisions for Delegate Representation

6. For the election of Delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall at each apportionment, be attached to some contiguous county or counties, to form a delegate District.

[By the provisions of the Acts of 1901, ch. 10, the House of Delegates consisted of eighty-six members, each county having at least one member. From 1916 to 1952, the House of Delegates consisted of ninety-four members. In 1951, the membership was increased to one-hundred members with each county continuing to have at least one member. Under Ch. 1, Acts 1st Extraordinary Session, 1964, the membership was again fixed at one-hundred, but seven delegate districts were established, embracing fifteen counties, and allotted a total of nine delegates.]

After Census, Delegate Apportionment

7. After every census the Delegate shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the House is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate District, and of every county not included in a Dele-

gate District, by the ratio thus ascertained, there shall be assigned to each a number of Delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional Delegates necessary to make up the number of which the House is to consist, shall then be assigned to those Delegate Districts, and counties not included in a Delegate District, which would otherwise have the largest fractions unrepresented; but every Delegate District and county not included in a Delegate District, shall be entitled to at least one Delegate.

Designation of Delegate Districts

8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first Delegate District, and elect three Delegates; Ritchie and Calhoun, the second, and elect two Delegates; Barbour, Harrison and Taylor the third, and elect one Delegate; Randolph and Tucker, the fourth, and elect one Delegate; Nicholas, Clay and Webster, the fifth, and elect one Delegate; McDowell and Wyoming, the sixth, and elect one Delegate.

[There are now seven Delegate Districts, each county having at least one member.]

Further Apportionments

9. Until a new apportionment shall be declared, the apportionment of Delegates to the counties not included in Delegate Districts, and to Barbour, Harrison and Taylor counties, embraced in such district, shall be as follows:

To Barbour, Boone, Braxton, Brooke, Cabell, Doddridge, Fayette, Hampshire, Hancock, Jackson, Lewis, Logan, Greenbrier, Monroe, Mercer, Mineral, Morgan, Grant, Hardy, Lincoln, Pendleton, Putnam, Roane, Gilmer, Taylor, Tyler, Upshur, Wayne, Wetzel, Wirt, Pocahontas, Summers and Raleigh counties one Delegate each.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has fourteen delegates. For the present apportionment, see chapter 1, Acts of the Legislature, 1st Extraordinary Session, 1964.]

Arrangement of Senatorial and Delegate Districts

10. The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such Districts shall be altered, and Delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State

11. Additional territory may be admitted into, and become part of the State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

Senators and Delegates Required to be Residents of District

12. No person shall be a Senator or Delegate who has not for one year next preceding his election, been a resident within the District or County from which he is elected; and if a Senator or Delegate remove from the District or County for which he was elected, his seat shall be thereby vacated.

No person who may have collected or been entrusted with public money, whether State, county, township, district, or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in the State, until he shall have duly accounted for and paid over such money according to law.

Senators and Delegates Not to Hold Civil Office for Profit

15. No Senator or Delegate, during the term for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

Oath of Senators and Delegates

16. Members of the Legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability"; and they shall also take this further oath, to wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person for any vote or influence I may give or withhold, as Senator (or Delegate), on any bill, resolution, or appropriation, or for any act I may do or perform as Senator (or Delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

***Length of Legislative Session**

22. The regular session of the Legislature held in the year one thousand nine hundred fifty-five and every second year thereafter shall not exceed sixty days, and the regular session held in the year one thousand nine hundred fifty-six and every second year thereafter shall not exceed thirty days. During any thirty-day session, the Legislature shall consider no other business than the annual budget bill, except such as may be stated in a proclamation issued by the Governor at least ten days prior to the convening of the session, or such business as may be stated by the Legislature on its own motion in a concurrent resolution adopted by a two-thirds vote of the members elected to each house. All regular sessions may be extended by the concurrence of two thirds of the members elected to each house.

Concerning Adjournment

23. Neither house shall, during the session, adjourn for more than three days, without the consent of the other. Nor shall either, without such consent, adjourn to any other place than that in which the Legislature is sitting.

*[This section originally read as follows: "No session of the Legislature, after the first, shall continue longer than forty-five days, without the concurrence of two thirds of the members elected to each house."

The Budget System

51. The Legislature shall not appropriate any money out of the treasury except in accordance with the following provisions:

Sub-Section A

Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter mentioned.

Sub-Section B

First: Within ten days after the convening of the Legislature, unless such time shall be extended by the Legislature for the sessions at which the budget is to be submitted, the board of public works, which shall consist of the Governor, Secretary of State, Auditor, Treasurer, Attorney General, Superintendent of Free Schools and Commissioner of Agriculture, shall submit to the Legislature, *two budgets, one for each of the ensuing fiscal years: Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) The revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the board of public works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second: Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) For the Legislature as certified to the board of public works in the manner hereinafter provided; (2) for the executive department; (3) for the judiciary department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

Third: The second part shall be designated "General Appropriations", and shall include all other estimates of appropriations.

The board of public works shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The board of public works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officer of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the Governor.

*This provision has been modified by the amendment of section eighteen of this article, requiring an annual budget.

Fourth: The Governor and such representatives of the boards, officers and commissions of the State expending or applying for State's money as have been designated by the board of public works for this purpose, shall have the right, and when requested by either house of the Legislature it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C—Supplementary Appropriation Bills

Neither house shall consider other appropriations until the budget bill has been finally acted upon by both houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein, a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each house by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Sub-Section D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The board of public works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The board of public works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitutions, except amendments thereto heretofore made and ratified by the people, the provisions of this

[This section—added to Article VI—was authorized to be submitted by Senate Joint Resolution No. 1, adopted May 23, 1917 (Acts 1917, p. 69 ex. sess.) and was ratified by a vote of the people at the general election held on the fifth day of November, 1918, as an amendment to the Constitution known as "The Budget Amendment." But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

53. The Legislature may by general law define and classify forest lands and provide for cooperation by contract between the State and the owner in the planting, protection, and harvesting thereof. Forest lands embraced in any such contract may be exempted from all taxation or be taxed in such manner, including the imposition of a severance tax or charge as trees are harvested, as the Legislature may from time to time provide. But any tax measured by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

Elkins

Superintendent: William T. Flanagan. Financial Secretary: Opal Flanagan. Children: 64.

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an additional unit was built to the two-story brick structure located on the 20-acre tract of land, located on Heavner Avenue. The purpose of the Home is to provide for orphan and neglected children, between the ages of 6 to 14 years, although they can remain here until they are 21 years of age. Children are admitted to the Home either by a court order or the Department of Public Assistance to be kept, maintained, educated and trained until they can return to their former homes or placed in foster homes. In addition to the 20 acres of the Home campus, the institution owns 10 acres of farm land located on Leading Creek and 117 acres known as the Darby Memorial Farm, situated at the head of Woolwine Hollow. This acreage furnishes vegetables and grazing for beef cattle and grain for hogs. There are 30 head of cattle and 42 head of hogs, on the Home's farm. At the present time a two-room school is operated on the Home Campus by the Board of Education where the children attend until they complete the 7th grade, after which they complete their education in the Junior and Senior High Schools in the city of Elkins. The Home provides all school supplies and other educational aids in keeping with the best educational standards. Religious training is provided by the local churches, and the children attend Church and Sunday School of their choice. The Home provides a group singing once a week for all the children. They also take part in the various Youth activities provided by the local churches. The Home Campus is provided with modern playground equipment, including an open air swimming pool.

COLIN ANDERSON CENTER

St. Marys

Acting Superintendent: E. E. Mazon, M.D. Business Manager: W. J. Murphy. Total Number of Patients: 544.

The Colin Anderson Center is located four miles north of St. Marys, on State Route 2, in Pleasants County. It was established in 1921, by an act of the Legislature, as the West Virginia Training School. A 1965 Legislative act changed the name of the institution to the Colin Anderson Center, in honor of the late Dr. Anderson, who served as Superintendent, with dedication and devotion, from 1958 until his death in 1964.

The property consists of 694 acres, part of which is under cultivation. A dairy herd is maintained and provides the hospital with an abundant supply of high grade milk, processed in a modern pasteurization plant, fully approved by the State Board of Health.

The Center is operated for the purpose of providing complete care for mentally deficient and retarded children. The aims of the Center are to promote happiness, self-reliance, socialization, vocational training, and to attempt to equip those children who are able to return to community life.

An ungraded special education program is available to the children beginning at the nursery school level. The school is organized on the same basis as the public schools. All children who can benefit from school are enrolled in classes. Audio-visual aids and field trips supplement classroom instruction. An extensive recreation and physical education program is also available to the children. Day-camping and swimming are among the many activities offered. The education and recreational programs are correlated. Approximately one-half of the children are enrolled in Special Education and over one-half in recreation. Teacher training workshops are held during the summer months. West Virginia colleges are favorable to sending student teachers here for training. A corps of Volunteer Workers from surrounding communities offer their services daily. Tours are conducted on the first and third Thursdays of each month from 1 to 3 p.m.

Occupational therapy classes are planned to develop potential skills, and are graded and diversified in an endeavor to reveal any latent abilities. A Vocational

Rehabilitation Unit was established at the Center in January 1965. Children are also accepted for training courses at the Rehabilitation Center at Institute. It is recognized that some children are unable to benefit from a training program, and for these, custodial care is provided, always with a view to increasing their comfort and safety, as well as promoting some degree of self-care and independence.

A large recreation hall provides facilities for indoor games and has a stage for the presentation of the children's programs and for programs given by community groups. Three school buses are available to take the children to outside community activities. In 1964 a charter was granted for a Boy Scout Troop and a Brownie Troop has been organized by a volunteer group. In use during the summer months are a swimming pool 60' x 30' and a wading pool 75' x 45' for the smaller children.

Located on the grounds are: an Administration and Ancillary Service Building which includes a Beauty Shop and a Barber Shop; two Cottage Wards; a large Dormitory building; a Staff Apartment Building; a modern laundry and a Crib Ward Building. The Crib Ward has 200 beds divided into ten and twenty bed wards. It is air conditioned and has two solaria which have solar glass to filter out ultra violet lights. This building contains x-ray, electrocardiograph and electroencephalogram departments, a dental unit and laboratory. There are also two infirmaries of ten beds each; examination and treatment rooms, and physiotherapy department. The Center has a staff of 368.

For use at the School a dairy herd of registered cows is maintained on the farm and the milk is pasteurized and homogenized in the modern plant of the institution.

The school now has a vocational rehabilitation training program consisting of certified vocational instructors for full time vocational instruction in the fields of industrial arts, auto mechanics, welding and electricity. As funds become available, this highly important phase of the program is to be expanded. In addition to this, there are training units in shoe repairing and baking. The school also maintains the following units in which the boys receive a certain amount of training. Painting, plumbing, printing, laundering, woodwork, canning, auto mechanics and carpentry. The academic school is operated on approved state standards and contains grades one through 12. In compliance with the state law, those under sixteen years of age are required to attend academic school for a term of nine months each year. A well planned recreation and physical education program operates under the supervision of competent men. Football, basketball, (indoor and outdoor), baseball, softball, volleyball, swimming and horseshoe pitching form the backbone of this program.

A Social Service Department classifies each boy upon his reception, presents him for parole and/or discharge at the proper time and maintains liaison between County and State Authorities. In most instances, the boys are placed in cottages according to their age or size or both. An Honor System has been established as a stimulant to good behavior and achievement for the boys and it is working well. A Drum and Bugle Corps, consisting of approximately 40 boys, is in operation and appears at many parades and festivals throughout the year, and there is now an active Boy Scout Troop. A full-time Chaplain, especially trained for this work, offers classes in religious education in the academic school and holds weekly religious services for the boys. A program of counseling and guidance is an integral part of the treatment program and is carried on through both individual and group therapy.

PENAL

WEST VIRGINIA PENITENTIARY

Moundsville

Warden: O. C. Boles, Deputy Warden: Ira M. Coiner, Business Manager: J. H. Wilson.

As of May 1, 1967, the inmate population of the West Virginia Penitentiary was 780. There are 150 inmates known as honor men, who during the day work outside the confinements of the prison. These men are employed in the operation of the farm, garage, industry warehouse, mine and sawmill. There are 200 inmates employed in Industry producing paint, tobacco, soap, clothing, license plates, mattresses and printing.

All the commodities manufactured at the institution are for sale to state agencies, county and city governments. Prison produced goods are never sold on the open market, nor out of the state.

The Penitentiary is located on a ten-acre plot of ground with six acres enclosed by a 24 foot high cut stone wall. There are 1,384 cells available, therefore, an individual cell for each inmate.

MEDIUM SECURITY PRISON

Huttonsville

Warden: Frank B. King. Business Manager: H. B. Walsh. Inmates: 600.

The Medium Security Prison is located on a farm near Huttonsville and is 18 miles south of Elkins on U. S. Routes 219 and 250. It was established by an act of the Legislature in 1937 and was designed to relieve over-crowding at the West Virginia Penitentiary and at the same time aid in the rehabilitation of prisoners. The majority of the inmates are employed in general farm work but many are employed in other vocational trades. They are quartered in modernly equipped dormitories in which there are no cells. The farm consists of 5,000 acres of which approximately 2,000 acres are suitable for cultivation and pasture. The farm products produced are in excess of the needs of the institution and are sold to other state institutions. Much of the foods grown on the farm is canned in the very modern equipped cannery. The 1947 session of the Legislature separated the Medium Security Prison Farm from the West Virginia Penitentiary and established it as a separate institution. All provisions of the law applicable to the Penitentiary are in effect, except that criminal proceedings against inmates of this institution are brought in the Circuit Court of Randolph County.

WEST VIRGINIA STATE PRISON FOR WOMEN

Pence Springs

Superintendent: June R. Bailey. Financial Secretary: Mrs. Mary K. Lawrence. Capacity: 60. Present Population: 24.

The West Virginia State Prison for Women was established by an Act of the West Virginia Legislature in 1947. Prior to that time women who were sentenced in West Virginia were housed in one wing of the State Penitentiary at Moundsville. The Prison is located at Pence Springs, Summers County, on Route No. 3 fifteen miles east of the city of Hinton.

The Prison is situated on 205.6 acre tract of land which consists of well kept grounds, fifty acres of fertile farm land and several acres of woodland. The main building is well suited for its present use. It is a large three story red brick with full sized basement and attic. The first floor has spacious living room, staff and resident dining rooms, kitchen, business offices, commissary and sewing room. The second and third floors consist of resident rooms, hospital unit, quarantine

unit, security unit, and officers quarters. The basement has a large room which is used for sewing and crafts and other sections which are used for laundry, walk-in freezer, photography room, and quarters for the male officers on duty. Near the main building is the Chapel and assembly room. The assembly room is furnished with an electric organ and eighty individual chairs. In the basement is a well equipped cannery for the mass production of canned and frozen foods. Outside the security fence is the Superintendent's four-room cottage and a Duplex which has a furnished apartment for the Financial Secretary and an apartment for guests of the institution. There is also a garage, storage and farm equipment building and piggery on the grounds.

The sewing and craft department is used for vocational training. Many garments are made for institutional use and classes are taught in weaving. Rugs are woven for resident rooms, as well as many pieces of linen and upholstery material. The residents are taught the art of cooking and serving through the food service and the laundry assignments prepares many girls for work in home or commercial laundries.

A complete program is carried out with visiting ministers three times a month. Several interested Church and laymen groups have visited the institution and conducted services. The Sunday School conducted by the residents is well attended.

HOSPITALS AND SANITARIUMS

ANDREW S. ROWAN MEMORIAL HOME

Sweet Springs

Superintendent: George H. Guy, M.D. Business Manager: L. N. Reed.

The Andrew S. Rowan Memorial Home for aged men and women was established by an act of the Legislature in 1945 and opened to guests July 1, of the same year.

This Institution is located at Sweet Springs, Monroe County, in the heart of the Blue Grass Section, on State Route No. 3 midway between Union and White Sulphur Springs.

There are many historical facts and traditions connected with the buildings and grounds. The oldest and largest building was completed in 1833 and is of the Thomas Jefferson design and named in his honor. A ninety-six bed annexation to this building has recently been completed in 1958. There are six hundred ninety acres including two hundred twenty-five of farm, and pasture lands and approximately thirty buildings. The dormitory used for men has undergone quite extensive repairs and alterations. A sprinkler system has been installed in the buildings even though some of the buildings are already fire proof. An excellent herd of registered Holstein cows is kept on the farm which supplies the guests with a bountiful supply of milk. The milk plant is one of the best to be found in this county.

Guests are admitted through the Department of Public Assistance, Voluntary pay or by transfer from other State Institutions and must have attained the age of sixty-five years.

BARBOURSVILLE STATE HOSPITAL

(Mental)

Barboursville

Superintendent: Gaston P. deLemos, Acting (Part time). Physicians: Dr. Rogelio G. Pena, M.D., Milda Sprogis, M.D., Raymond H. Curry, M.D., and W.D. Bourn, M.D. Business Manager: John Queen. Number of Patients: 358.

The Barboursville State Hospital, located at Barboursville, Cabell County, and reached by U. S. Route 60, was opened January 20, 1942. The hospital was originally called Barboursville Unit of Weston State Hospital. The 1947 Legislature

changed the name to Barboursville Unit of Huntington State Hospital, and the 1949 Legislature, established it as Barboursville State Hospital. The State in 1941 purchased 23.76 acres of land and the two buildings which were formerly used as dormitories for Morris Harvey College, and patients were moved into the hospital as soon as each section was reconditioned and equipped. On August 1, 1942, the hospital had a population of 270 patients, its capacity at that time. Additional space has been provided through renovation of one of the buildings until the hospital had facilities for 315 patients. The 1947 Legislature made an appropriation for an Administration Building and a Storage Building. These two buildings have been completed and are now in use. The 1949 Legislature made an additional appropriation for construction of a modern laundry building and for renovation of the old buildings, and upon completion of the renovation and the additional space provided by the removal of the administrative offices from one of the dormitories to the new Administration Building, it has a capacity of 368 beds.

The 1957 Legislature appropriated \$100,000 for construction and furnishing of a Male Employees Dormitory. In 1964 this building was converted into a Patients' Self Government Ward.

BERKELEY SPRINGS SANITARIUM

Berkeley Springs

Superintendent: Henry C. Lawyer.

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736, and prior to that, American Indians, who were subject to rheumatism knew of its medicinal qualities and called it the "healing waters." It was the first health and pleasure resort in the colonies. The temperature of the spring water is 74.3 degrees and is invariable, and is helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool with modern dressing facilities and sunbathing, and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel, motel and restaurant facilities.

At no time in the more than two hundred and twenty-five years of resort history, which included patronage of George Washington and Lord Fairfax, were the famous springs so well equipped to treat patients or accommodate the vacationist, as they are today.

FAIRMONT EMERGENCY HOSPITAL**(Surgical)****Fairmont**

Superintendent: Philip Johnson, M.D., F.A.C.S., F.I.C.S., F.I.M.A. Business Manager: Ernest Berle. Patients: 68.

Fairmont Emergency Hospital was established in 1899 for the purpose of treating persons injured in their usual occupations. The hospital accepts surgical and maternity pay cases and is the surgical clinic for the Industrial School for Boys at Pruntytown, the Industrial School for Girls at Salem, the West Virginia Training School at St. Marys, the Children's Home at Elkins, the Medium Security Prison at Huttonsville, the Spencer State Hospital at Spencer, the Weston State Hospital at Weston, the Barboursville State Hospital at Barboursville, the Forestry Camp at Davis, Lakin State Hospital at Lakin and from the West Virginia Penitentiary at Moundsville. No charge whatsoever is made for these cases. The work of the current year at regular hospital prices represents more than the total cost of the operation of the institution. The purpose of the institution at present is rapid service surgical rehabilitation.

HOPEMONT STATE HOSPITAL**Hopemont**

Superintendent: Hilton C. Rocha, M.D. Business Manager: Vacancy. Capacity: 322.

Hopemont State Hospital on a 600-acre tract of land, formerly known as Hopemont Sanitarium, is located at Hopemont, near Terra Alta, in Preston County and was founded in 1913 as a tuberculosis hospital. In 1965 legislation was enacted to change the name of the hospital and convert it to an institution for both chronically ill and aged and infirm.

The institution consists of four fireproof hospital units under one roof. Also, Conley Hospital, a separate unit, is used to hospitalize tuberculous prisoners under maximum security regulations. Other units of the hospital consist of residences, nurses' home, main dining hall, post office and laundry.

A registered Holstein herd is maintained to provide pasteurized and homogenized milk for the institution, and a piggery provides pork.

HUNTINGTON STATE HOSPITAL**Huntington**

Superintendent: Gaston de Lemos, M.D. Assistant Superintendent: Eugene Darby. Business Manager: Julius C. Fry. Total number of patients: 1100.

Huntington State Hospital is located in the City of Huntington, having been established by an act of the Legislature in 1897, thus being the second oldest mental hospital in the State of West Virginia.

The Hospital is maintained and equipped to provide adequate, modern treatment for all types of mental and nervous illness (voluntary, involuntary and court referred), within a ten county jurisdiction, covering the southwestern area of the State. The physical plant includes an administration building, four ward buildings, three of which are modern and updated, the last one being one of the original structures, slated for replacement in the near future. In addition there are facilities for the laundry, power house, main kitchen, maintenance shops, occupational therapy, recreational therapy and vocational rehabilitation. Medico-Surgical services are available in one of the buildings for those patients suffering from acute medical and surgical problems, attended by the hospital permanent

staff and by six consultant-specialists from the City of Huntington. In addition to medical and surgical beds, the service includes a modern pharmacy (staffed by a full-time registered pharmacist), a clinical and X-ray laboratory, and electrocardiography facilities.

The medico-psychiatric staff is assisted by professionals in the fields of psychology, social service, psychiatric nursing, alcoholism, recreational therapy, occupational therapy, industrial therapy and rehabilitation—in the treatment of all problems pertaining to mental illness and emotional disturbances, including alcoholism and childhood behavior. Simultaneously, Huntington State Hospital provides a day care program through its Day Care Center, for those patients living within daily traveling distance and who can benefit from partial hospitalization. A Rehabilitation Center complements the above treatment programs.

Huntington State Hospital is the only State Institution with a residential psychiatric affiliation program for student nurses, which is utilized by Wheeling and Parkersburg Schools of Nursing, as well as a non-residential program of affiliation for Marshall University and Morris Harvey College Schools of Nursing.

The Hospital conducts In-Service Training Programs for psychiatric aides, psychiatric nurses, physicians and other professional and sub-professional members of the hospital staff.

The Hospital maintains and operates a farm consisting of 698 acres, located on the Guyandotte River a mile southwest of Barboursville, where a registered herd of Holstein cows and of hogs are maintained, thus providing the hospital with pork and an adequate supply of high-grade milk, processed in a pasteurizing plant fully approved by the State Board of Health.

LAKIN STATE HOSPITAL

(Mental)

Lakin

Superintendent: K. N. Byrne, M.D.. Business Manager: Ward F. Webb. Number of patients: 439.

Lakin State Hospital was founded by an act of the Legislature in 1919 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders; however, the staff and patient population have been integrated since 1954. Presently, the institution is the district hospital for Mason, Jackson, Wood and Putnam counties.

The physical lay-out of Lakin State Hospital on the immediate grounds consists of the following: Building A and Building B, both three story brick structures which houses male and female patients respectively. The Treatment Center for Emotionally Disturbed Children is located in Building C, which also has administrative office areas, laboratory and X-ray unit, and central supply. Recently constructed is a new building which houses the kitchen, dining area for patients, offices for ancillary personnel, library, canteen, conference room, etc. In addition, there are, on the immediate hospital grounds, five frame reconditioned structures in which certain allied functions of the hospital such as laundry, recreation, and work shops are conducted.

In 1957 the former Boys' Industrial School was acquired by Lakin State Hospital. The main building and the dwelling houses have been converted into apartments for employees, farm and mechanical shops. The spacious gymnasium now being renovated is used for both patient therapy and employee recreational activities. The Lakin Post Office is also located on these grounds.

The hospital is a member of the Mental Hospital Institute of the American Psychiatric Association and in 1952 received its gold medal for achievement—which is a national award. For eleven years, a Psychiatric Aide of the Year was cited for excellency in the care of mentally ill patients. This, too, was a national recognition by the American Psychiatric Association, until its discontinuance in 1963.

A rehabilitation center is located on the hospital grounds in what was formerly the male employees' dormitory. In this building are the remedial and special education classrooms, beauty parlor, homemaking unit, manual arts shop and offices for related personnel.

Most of the accepted methods of diagnosis and treatment are utilized including clinical observation, social service, psychological testing, neurological and electroencephalography as indicated, occupational therapy, music therapy, recreational therapy, psychotherapy, educational therapy, and vocational rehabilitation, in addition to full utilization of the tranquilizing drugs, in an effort to maintain the institution as a treatment hospital rather than an institution for custodial care.

PINECREST SANITARIUM**(Tuberculosis)****Beckley**

Superintendent: H. S. Edwards, M.D. Business Manager: Roy J. Virden.

Pinecrest Sanitarium, located in Raleigh County at Beckley, was authorized by an act of the Legislature in 1927 and formally opened March 18, 1930. At that time the sanitarium was known as Rutherford Sanitarium but at the session of the 1934 Legislature was changed to Pinecrest Sanitarium.

Pinecrest Sanitarium is located just outside the city limits of Beckley on Federal Routes 19-21 and State Highways 3-41 with thirty-minute bus service connecting with the city and the Atlantic Greyhound bus lines, also with the C. & O. Railway in Beckley and Prince.

The sanitarium has a fifty-acre campus, and a 250-acre farm, which is modernly equipped for farming, and a dairy herd of 95 Holstein cows supplying milk for the institution, also a large number of hogs supply pork and pork products, all consumed by the institution. Pinecrest Sanitarium is composed of four modern fireproof units all connected under one roof, with 621 beds for patients, a modern fireproof nurses' home, five modern dwellings for staff physicians, seven cottages for employees, a central heating plant, dairy barn, hog barn, laundry and numerous outside buildings.

Patients admitted to Pinecrest Sanitarium are assigned to individual physicians who carry out therapeutic procedures that are recommended by the entire staff. In this manner, the patient is given the benefit of consultation by the entire medical staff. The Pinecrest staff is composed of a Superintendent, Assistant Superintendent, Thoracic Surgeon, six full-time physicians, two X-ray technicians and two laboratory technicians, with ample office employees.

The ambulatory patients have the privilege of being entertained in the modern auditorium by moving pictures and plays produced by local talent. The Sanitarium is modern in every respect, with the most modern equipment available for the treatment of tuberculosis, both surgical and medical. A recreational director and trained medical social workers are employed full-time. The Sanitarium has the services of a full-time Chaplain and assistant.

SPENCER STATE HOSPITAL**(Mental)****Spencer**

Acting Superintendent: Leslie J. Borbely, M.D. Business Manager: Paul W. Martin.

The Spencer State Hospital is located in the city of Spencer, Roane County. It was authorized by an act of the Legislature in May 1887 and formally opened in 1893.

The hospital proper is located on a tract of land comprised of 180 acres. The farm supports a large number of hogs which supplies pork and pork products for the use of the institution. An additional 295 acres is located about two miles from the hospital in an area known as Trotter Lake and it serves as a recreational area for the patients as well as a water shed for the dam that impounds approximately 25,000,000 gallons of water.

The hospital's bed capacity is 1,030 and the population averages around 1,000 patients. The hospital staff is composed of 14 physicians, all of whom have had at least five years experience and special training courses in psychiatry. There is a very active and well trained social service department and an active nursing staff which includes 12 registered nurses and 3 practical nurses. The hospital also provides dental treatment for each patient. At present there are 2 dentists employed by the hospital, one takes care of newly admitted patients and the other takes care of the chronic wards. The physically ill are treated in a separate medical department with the newest methods available. Electrocardiogram, laboratory and modern X-ray unit helps in the treatment and diagnosis of these patients.

The Spencer State Hospital adopted the open door policy and at the present time 76% of our patients reside on open wards. There are no mechanical restraints employed at the hospital. All forms of psychiatric treatment, such as psychotherapy, electro-convulsive therapy, chemotherapy and an active occupational and recreational therapies are utilized at the hospital. There are several group therapies conducted both for alcoholics and mentally ill patients.

The hospital serves eight counties (Pleasants, Wirt, Calhoun, Roane, Clay, Kanawha, Fayette and Boone) which have a total population of approximately 400,000. Most of the admissions to the hospital are voluntary but emergency, court, and involuntary commitments are also admitted.

The hospital is greatly indebted to volunteer groups made up of citizens from Roane County, City of Spencer and adjoining counties, who have assisted in the expansion of Occupational Therapy and Recreational Programs.

In January 1964, a special program was initiated at this institution which incorporates the concept of group orientation in a comprehensive intensive alcohol treatment unit. A trained team consisting of members representing all disciplines, at all levels, from a psychiatrist who is the director and active participant, to and including psychiatric aides, constitutes the therapeutic community principle with regard to the leadership personnel. The patient becomes a member of a group, each of whom interact freely on a very personal basis with one another, which helps to develop interpersonal skills in meaningful communication. This unit is the first of its kind to operate in the State of West Virginia. Since January, 1965, this unit has been strengthened by additional personnel provided by funds supplied by a Federal Hospital Improvement Project Grant amounting to over \$350,000.00 over a four year period.

Because of the eminent success of the above mentioned principles of social psychiatry with alcoholics, we are applying these principles to an overall treatment program throughout the hospital. A similar program for emotionally disturbed children and most of our patients at the time of admission is being activated. Our chief purpose being shorter stay in hospital, more intensive treatment, prevention of regression, further upgrading of patients and ultimate reduction of overcrowding. A 45-bed unit facility to take care of Medicare cases has been approved and is in operation.

WELCH EMERGENCY HOSPITAL

(Surgical)

Welch

Superintendent: Dr. Jorge Ribeiro, M.D.

Welch Emergency Hospital, located in the City of Welch, was established in 1899 on a three-acre tract given to the State by J. J. Sperry for this purpose. At that time was the only hospital in the city. Now it takes care of a large part of surgical and obstetrical cases of Southern West Virginia the load increasing progressively every month.

In the past year nurse stations were placed on the first floor. A complete remodeling of dining room and kitchen has been completed and also application of a sprinkler system as required by fire regulations. The operating room is being remodeled at present, including central air conditioning system.

During 1966, 21,944 patients were treated at Welch Emergency Hospital and 595 babies were delivered.

WESTON STATE HOSPITAL

(Mental)

Weston

Superintendent: Jaime Lazaro, M.D. (Acting). Business Manager: Charles L. Lamb. Patients: 1,950.

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864. The hospital has grown from an initial capacity of 35 patients to 1,600.

The hospital is maintained and equipped to provide adequate treatment for all types of mental and nervous illness, both voluntarily and court committed. The hospital plant includes several buildings, one of which is specially constructed to take care of the criminally insane in the state. A section of the main building has been isolated from the rest of the hospital and is designated as the West Virginia Soldiers' Home and this is administered by the hospital staff. All male war veterans are admitted here for treatment. The hospital is equipped

to provide a wide variety of treatment, including psychotherapy, chemical therapies, group psychotherapy, cultural enrichment, occupational and recreational therapies, and electroshock therapy. The facilities consist of psychiatry, general medicine, social service, psychology, nursing, dentistry, x-ray, pathology and clinical laboratory, electroencephalography, and a blood bank. There is an In-Service Training program for psychiatric aides and training of psychologists, social workers, and medical students is carried out in conjunction with West Virginia University and local colleges.

There is a vocational Rehabilitation Center on the grounds and a Half-Way House for the training and rehabilitation of the mentally ill.

The hospital has positions for 715 employees, including 17 physicians, 17 nurses, 14 social workers, 8 psychologists, and 4 psychological assistants. The hospital also has a dentist, a registered dietitian, a chiroprapist, and a pharmacist. The consulting staff consists of specialists and general physicians as well as professors and instructors from the schools. There are two chaplains at the hospital and other members of the clergy are welcome to visit patients. The hospital has had a VISTA program for the past two years and the volunteer services include 65 service groups of various kinds plus individual volunteers who contribute in a number of areas to the services of the hospital.

A registered herd of Holstein cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in a modern, pasteurization plant fully approved by the State Board of Health.

The building and outlying farms occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide excellent recreational facilities for the patients.

WEST VIRGINIA REHABILITATION CENTER AND WORKSHOP

Institute

William R. Phelps, Administrator. James W. Wagner, Assistant Administrator.

The West Virginia Rehabilitation Center is a facility designed to prepare physically and mentally disabled adults for employment and is an integral part of the Division of Vocational Rehabilitation. The Center is located 3.5 miles west of Charleston on West Virginia Route 25 at Institute. Its thirty-five acre campus adjoins that of West Virginia State College. It was first established in 1955 in buildings formerly occupied by the West Virginia School for the Negro Deaf and Blind. The original buildings, made available to the Division of Vocational Rehabilitation upon integration of the state's two schools for the deaf and blind, have been extensively altered and improved to make them suitable for use by disabled of all types. As presently constituted, the Center is housed in 11—several interlocking—fireproof brick buildings with covered walkways.

The Center is multidisability, accepting all types of handicapped clients as long as there is reasonable assurance of eventual return to employment. A sixty bed nursing unit makes it possible to accept the paraplegic, quadriplegic, and hemiplegic who in the early stages of rehabilitation require help with activities of daily living. Through intensive physical therapy and self-help training, such individuals are able to progress to the point where living in a dormitory and engagement in vocational training is possible.

The Center has dormitory space for 223 male and 165 female clients for a total resident capacity of 388. In the development of the Center, it was anticipated that a number of disabled citizens in the adjacent communities of Dunbar, St. Albans, Nitro, and Charleston would be served on a commuter basis. This foresightedness in planning for the commuter enables the Center to provide all available services to 25 to 30 additional handicapped persons.

Services provided to the disabled by the Center are designed to improve employment capabilities of the disabled. These may be grouped into four major classifications.

Vocational evaluation includes an assessment of medical, psychological, social, and vocational factors affecting ability to obtain and hold employment. It is accomplished during a two to four week period of residence at the Center. Medical evidence attesting to the nature of the disability is required as a part of the pre-admission workup. This is supplemented by examination by the Center

Medical Director and by consultants in orthopedics, psychiatry, neurology, ophthalmology, and internal medicine where indicated.

Center staff psychologists evaluate information accompanying client on admission and does such additional psychological studies as indicated. Highly trained social workers make an assessment through interviews and group work techniques of the social factors influencing the client's potential for work. Vocational counselors provide information about job requirements and assist the client in matching his capabilities to requirements of jobs.

Information from all these sources is correlated and compared in weekly staff meetings. As a result of sharing of information in these staff meetings, additional techniques may be suggested to gain added insight into the client's potentiality. These may include assignment to work evaluation unit for job sample testing, job tryout in training programs of the Center and in business concerns within the community, and extended periods of prevocational training either in special classes or in the Sheltered Workshop.

Vocational training offered at the Center is designed to meet the needs of disabled persons with a minimum of duplication of training offered in public vocational schools or private colleges. Courses are intensive and practical, designed to enable the client to qualify for entry into positions in vocational fields in as short a time as practical. Remedial education programs are offered to assist the individual having added handicaps of poor reading or computational ability.

Formally organized courses are offered in: stenography, junior accounting, clerk-typist, PBX operation, transcription, sewing, upholstery, electrical appliance repair, radio-TV service, auto mechanics, auto body repair, offset printing, service station attendant, drafting, horticulture, and nurse aides. On-the-job training is provided in building maintenance, janitorial service, maid work, cooking and baking, and kitchen helper. Courses vary from four months to a year or more in length of time.

Rehabilitation treatment is the term applied to a variety of services designed to distinguish these from purely medical treatment. It includes: (1) nursing unit service to improve self-care capability; (2) physical and occupational therapy to improve the level of functioning; (3) pre-prosthetic therapy, limb fitting, and training in the use of the appliance after fitting; and (4) speech and auditory training.

Sheltered employment—a sheltered workshop with a staff of thirteen, a potential for employment of 100 disabled individuals is the fourth major service. The workshop provides reality testing of the individual's capacity to adjust to work situations. The workshop aids in the development of appropriate work habits and work tolerance. Contracts are negotiated in competition with private industry and rigid cost accounting of production is done to insure that all possible costs of providing work experience are covered. The major objective, however, is provision of work experience to disabled workers rather than monetary profit.

The major source of referral for Center services is the agency's network of five district and 13 branch offices. Direct referrals are accepted from Workmen's Compensation, Veterans' Administration, Crippled Children's Division, and a limited number of private paying cases. A very limited number of referrals are accepted from the vocational rehabilitation agencies of adjoining states.

Services are provided by a staff of 140 professional and service personnel. The Center's total State and Federal budget for fiscal 1967 was over \$1.1 million.

REHABILITATION HOUSES

Huntington

The West Virginia Division of Vocational Rehabilitation operates two Rehabilitation Houses in a quiet residential section of Huntington for the benefit of discharged mental patients. The homes—which are often referred to as "Halfway Houses"—are intended to ease the abrupt transition between the state mental

institution and the patient's home community. Only patients who have previously been treated at a state mental institution are eligible to receive services from the two homes.

Since the houses were established in 1960, 284 patients have received services with only 50 readmitted to Huntington State or other hospitals for further treatment.

Both houses are three-story brick homes—nicely furnished with attractive surroundings. The House for Women can accommodate twelve residents and two houseparents. The House for Men has a capacity of 15, including houseparents.

All of the patients who are sent to the houses are assigned household duties and are encouraged to accept gainful employment in the community. Home-cooked meals and an active recreation program, both within the houses and the community, help to make life pleasant for the former patients. All are on self-medication and are visited once each week by a physician from Huntington State Hospital.

Vocational training or re-training is provided to those who show a need for it. This may be offered through the State Rehabilitation Center, local trade schools, colleges, or through local business firms which are willing to provide on-the-job instruction. Successful job placement of the Rehabilitation House resident is the ultimate goal of all rehabilitation efforts. This is probably the biggest step for the ex-patient in his return to community living.

Weston

In January of 1966, the Division opened a Rehabilitation House at Weston State Hospital. This facility has a capacity of 40 and is located on the grounds of the hospital.

A total of 106 have received services during the first 18 months of the Weston Rehabilitation House.

U. S. ARMY ENGINEER DISTRICT, HUNTINGTON CORPS OF ENGINEERS

502 Eighth Street, Huntington, West Virginia 25721

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the eastern Panhandle, which is in the Potomac River Basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River Basin in West Virginia downstream from New Martinsville in Wetzel County. The Pittsburgh District encompasses the upstream remainder of the Ohio River Basin including the Basin of the Monongahela River. The Potomac River Basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in the entire State of West Virginia rests with the U. S. Army Engineer District, Louisville, Kentucky, Corps of Engineers.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and four navigation structures on the Monongahela River. Operation of the former Federal navigation projects on the Little Kanawha and Big Sandy Rivers for commercial navigation has been discontinued and the properties transferred to State or local interests. Navigation is not a feature of the Potomac River located in West Virginia.

Improvement of the navigation facilities on the Ohio River includes construction of modern high lift structures to replace existing obsolete dams. Six of these structures are complete. Greenup Locks and Dam, Greenup, Kentucky, replaced Locks and Dams 27 and 28 in West Virginia, 29 and 30 in Kentucky. New Cumberland Locks and Dam, New Cumberland, West Virginia, replaced Locks and Dams 7, 8 and 9 in West Virginia. Pike Island Locks and Dam, Wheeling, replaced Locks and Dams 10 and 11 in West Virginia. Others completed are Markland Locks and Dam, Markland, Indiana, McAlpine Locks and Dam, Louisville, Kentucky, and Captain Anthony Meldahl Locks and Dam, Chilo, Ohio. Other navigation structures now under construction on the Ohio River in West Virginia are: Belleville Locks and Dam, Belleville, West Virginia, which will replace Locks and Dams 18, 19 and 20; Racine Locks and Dam, Letart, West Virginia, which will replace existing Locks and Dams 21, 22 and 23; Hannibal Locks and Dam, New Martinsville, West Virginia, which will replace Locks and Dams 12, 13 and 14; and Willow Island Locks and Dam, Waverly, West Virginia, which will replace Locks and Dams 15, 16 and 17. West Virginia will benefit from the construction of these modern navigation improvements on the Ohio River.

Modernization of the obsolescent Monongahela River navigation structures in the upper reaches of the waterway is also currently in progress. Hildebrand Lock and Dam and modification of Dam 8, recently completed, together with Morgantown Lock and Dam completed in 1950, improve the upper river in West Virginia. The remaining navigation structure now under construction on the Monongahela River is Opekiska Lock and Dam replacing existing Locks and Dams 14 and 15. Maxwell Lock and Dam, integrated with reconstruction of Dam 4, improves the middle Monongahela River in Pennsylvania.

Flood control reservoirs within the State constructed by the Corps of Engineers are Bluestone Reservoir on New River near Hinton; Sutton Reservoir on Elk River near Sutton; Tygart Reservoir on Tygart River near Grafton; and Summersville Reservoir on Gauley near Summersville. East Lynn Reservoir on Twelvepole Creek near East Lynn and R. D. Bailey Reservoir (formerly Justice) on Guyandot River are under construction. Other reservoirs in the design stage are: Beech Fork Reservoir on Twelvepole Creek; Burnsville Reservoir on Little Kanawha River; and Rowlesburg Reservoir on Cheat River near Rowlesburg.

Local protection projects completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W. Va.-Cumberland, Md. (one project), Elkins, and Williamson. Channel improvement projects have been completed on Brush Creek at Princeton and on Meadow River at East Rainelle. Several completed small flood control projects and snagging and clearing projects have reduced or alleviated flood damage along the smaller tributaries of the main rivers within the State.

UNITED STATES MARINE CORPS

United States Marine Corps activities in West Virginia include one organized reserve company with a total authorized strength of 108 officers and men, and a regular Marine Corps recruiting station in South Charleston with sub-offices located in six major West Virginia cities; Bristol, Virginia and Pikeville, Kentucky.

The present Marine reserve units were organized during and after the Korean conflict. There were two Marine Reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June 1950.

Each reserve unit has a staff of regular Marine officers and enlisted men to instruct, support and advise. This staff is called the Inspector-Instructor Staff.

Marine reserve units are an active part in any community. They are always ready for parades, color guards, funeral details, and other civic functions where military personnel can be of service.

The annual "Toys for Tots" campaign is one of the proudest achievements of each Reserve unit. The Marine reserves collect repair and distribute toys to thousands of children in West Virginia, and the total for the nation last year was in excess of 5,000,000 toys.

A breakdown of the state's Marine reserve company is as follows:

FEDERAL REFORMATORY FOR WOMEN**Alderson**

Warden: Gladys V. Bowman

Executive Associate Warden: Virginia McLaughlin

Superintendent of Industries: Marjorie Porterfield

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 600. There are fifteen buildings housing inmates, two separate housing units for youth and juvenile offenders, a hospital, administration building, a garment factory, laundry, vocational shops building, school building, chapel and audi-

torium, storehouse, and shops. The Enabling Act specified that each inmate should be given training that would fit her to be self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program geared to changing attitude and creating new and constructive goals. Classification and casework are highly developed to provide for adequate training within the institution and proper placement in jobs after release.

GOVERNOR'S COMMITTEE

On Employment of the Handicapped

Office of Executive Secretary, Room 615, State Office Building

112 California Avenue, Charleston 25305

The Governor's Committee is affiliated with the President's Committee on Employment of the Handicapped, and promotes programs in the interest of handicapped persons seeking employment opportunities within the state.

Federal, State and private agencies, whose activities are coordinated in serving handicapped persons and disabled veterans, cooperate fully in effecting programs such as “National Employ the Physically Handicapped Week.” High School Research Contests (pertaining to the handicapped); Award of Merit and Outstanding Service; Physician's awards; Handicapped Employer Awards; high school poster contests; and community planning for handicapped groups.

Participating actively are the following agencies: Veterans Administration, Department of Veterans Affairs, organized labor, Division of Vocational Rehabilitation, Department Employment Security, State Executive Department, veterans organizations, and the Veterans Employment Service.

The Committee Chairman serves at the will and pleasure of the Governor. Individual members recommended by local community committees are either reappointed or newly appointed each year by the Chief Executive.

Members of the West Virginia Committee represent Federal, State and Municipal government, industry, labor, civic, veterans, fraternal, medical, ministerial, women, and other groups throughout the state.

The committee is a non-dues paying organization and at times when finances are necessary for contest prizes the required amounts are secured from generous employers who have been responsible for so many successful programs.

Congress has determined that the first full week in each October shall be observed as "National Employ the Physically Handicapped Week" throughout the Nation. This week's observance is intended to be a reminder to those employers who remain reluctant in employing handicapped workers. National, state and local media of press, radio and television have carried the message of the handicapped in an excellent coverage of the various programs.

RANDOLPH

Randolph County was formed from Harrison in 1787 and included all of the present county of Tucker, all of Barbour east of the river, all of Upshur east of Buckhannon River, and a considerable portion of Pocahontas and Webster. It lost territory in 1821 when Pocahontas was formed; again in 1843 when Barbour came into existence, and in 1851 it gave up some of its territory to Upshur and five years later 350 square miles were cut off to form Tucker; and in 1860 Webster took a strip; and after all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The white man's home on the waters of the Monongahela, within West Virginia, was first planted in Randolph. In this county occurred the first Indian massacre in the State. From that beginning, the county has been an historical center down to the present.

First 4-H Camp in the World held in this county.

Kumbrabow State Forest and part of the Monongahela National Forest are located in this county.

Fossil Tree Park, in which are found large numbers of fossilized trees, is

located a short distance west of Elkins. Southeast of Huttonsville, on White Mountain (elevation over 4,000 feet), the federal forces maintained the highest fortified camp in the War Between the States.

OFFICIAL MUNICIPAL REGISTER

(Corrected to September 1, 1967)

CLASS I, II AND III CITIES

Under the provisions of Chapter 56, Acts of the Legislature, regular session, 1939, municipal corporations are classified by population as follows: Population in excess of 50,000, Class I city; population more than 10,000 and not more than 50,000, Class II city; and population more than 2,000 and not more than 10,000, Class III city. Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Population is determined on the basis of the last preceding census taken under the authority of the Congress of the United States or the Legislature of West Virginia. Census of 1960 is used as basis in determining class of cities listed in Registrar.

The information contained in bold type below the various cities has been compiled from an extensive survey by the Legislative Interim Committee concerning the Municipal Code.

Salem—Harrison County

(Magisterial District: Tenmile).

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Rail-

road and the George Washington highway and state highway route No. 23 pass through it. It is the birthplace of United States Senator Jennings Randolph and the great writer, Granville Davison Hall, author of *Daughter of the Elm*, *The Rending of Virginia*, and many other historical books.

Wheeling—Ohio County

(Magisterial Districts: Center, Clay, Madison, Union, Washington, Webster, Richland, Ritchie and Triadelphia).

County seat. Settled in 1769 by Ebenezer Zane and followers. Name derived from Indian word, "Wheelin," which name was used for years prior to the Zane settlement to designate the creek which bisects the city. In 1793 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry." Here was fought in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

Wheeling was the state's capital until 1870 and again from 1875 to 1880 when the government was moved to Charleston.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

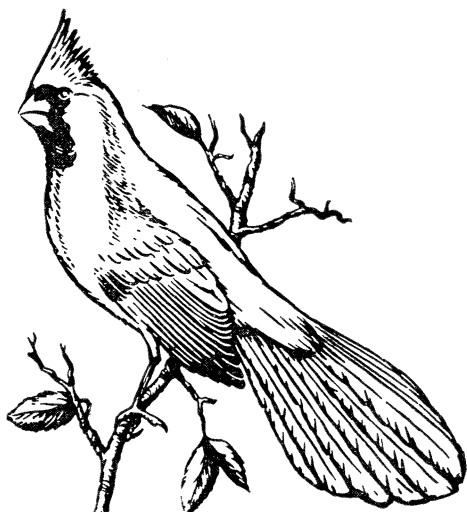

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunter's rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

STATE BIRD

Resplendent in his plumage of scarlet, the Cardinal was made West Virginia's official bird by concurrent resolution of the 1949 legislature. The male of the species is a rich scarlet with a mask and shading of black, while the young and female are somewhat less brilliant. The cardinal measures approximately eight inches in length and ranges from New York State to the Gulf States and as far West as Oklahoma. His scientific name is *Richmondena cardinalis cardinalis*.

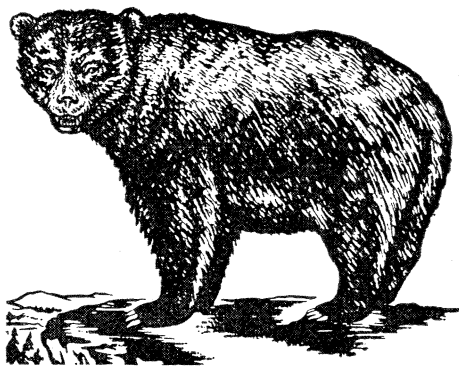

STATE FLOWER

The *Rhododendron maximum*, or "big laurel," was designated the official floral emblem of the Mountain State at the suggestion of Governor Albert Blakeslee White on January 23, 1903. It is a shrub of the heath family, and is distinctive for its large evergreen leaves and delicately impressive pale pink or white bloom, mottled with either red or yellow flecks. The big laurel is a mountaineer through and through, preferring as it does the upland climate of the Appalachian and Allegheny ranges.

STATE TREE

The Sugar Maple, or *Acer saccharum* as it is known scientifically, abounds in West Virginia and was made West Virginia's official tree by concurrent resolution of the 1949 Legislature. It produces an excellent wood for furniture construction, lighter and stronger than oak. West Virginia Sugar Maples also produce much of the maple syrup for which Vermont is famous. A single tree is 70-120 feet high and produces two to three pounds of sugar when "sugared off." It has a five-lobed leaf and produces a small wing-shaped seed pod.

STATE ANIMAL

The Black Bear . . . *Euarctos americanus* actually, he is strongly tinted with brown. His habitat in West Virginia has been reduced to approximately 12 counties in the Eastern Mountain Region, though he still roams freely through 36 states and Canada. Either one or two cubs (rarely three) are born at a time, weighing about eight ounces each. The adult reaches an average maximum weight of 250 pounds, though they have been known to attain 650 pounds.

INTERESTING FACTS ABOUT THE CAPITOL

Architect—Cass Gilbert.

Completed—February, 1932.

Cost—\$9,491,180.03.

Ground occupied—16 acres.

Legislative chambers—Second floor, main unit.

Floor space—535,000 square feet.

Outside walls—Buff Indian limestone; 314 cubic feet, or over 700 carloads.

Interior—Main unit, Imperial Danby Vermont marble; wings, Tennessee marble.

Floors—White Vermont marble and Italian travertine.

Steel construction—4,640 tons, or 160 carloads.

Dome—Painted gold and blue; interior height from ground floor to bottom of lantern, 233' 9"; exterior height from ground floor to top of eagle, 293' 1" (the National Capitol's exterior height is 5' 7½" shorter); interior diameter, 70' 6"; exterior diameter, 74' 6".

Chandelier in dome—Imported crystal; weight, two tons; 15,000 candle power; 179' 9" from floor; gold chain, 54 feet long; lowered by hand winch at a set speed, requiring 3½ hours to lower and 4½ to return to stationary position.

Chandeliers in House and Senate chambers—10,000 separate pieces of imported rock crystal.

Rug in Governor's reception room—27 by 72 feet; weight one ton.

Columns in foyers—Solid marble; 34 tons each.

Columns in porticos—86 tons each.

Statues on grounds—West lawn, Stonewall Jackson, executed in bronze by Sir Moses Ezekiel in Rome. Ezekiel was educated at Virginia Military Institute, and was a member of the honor guard at Jackson's burial; Union Mountaineer, bronze by Henry K. Bush-Brown; southwest corner, Union soldier.

Liberty Bell replica—North steps; presented to the State as a commendation for 1950 Savings Bond drive; exact in size and tone.

Carvings in halls leading to entrances of Senate and House Chambers symbolize facets of the State's history and progress.

Greek and Roman gods carved on entrances to the three units personify such assets as agriculture, wisdom, commerce, etc.

Cass Gilbert, designer of the Capitol, describes it as follows:

"The building is classic in style and what might be correctly termed as Renaissance; the architectural forms are Roman with the single exception of the Doric vestibule at the ground floor of the river side of the building.

"The porticos and colonnades of the exterior are distinctly Roman, the main porticos being of Roman Corinthian order, which was, of course, indirectly derived from the Greek precedent, and the other porticos or colonnades are of modified Roman Doric type. The exterior of the dome closely follows the Roman precedent, although I know of none as high in proportion among Roman examples."

There were approximately 212,000 visitors to the Capitol during 1967.

GOVERNORS OF THE MOUNTAIN STATE

West Virginia has had 15 Democratic governors, 12 Republican and one Independent.

Daniel D. T. Farnsworth, (R) Upshur County, served the shortest term, six days. As president of the Senate, he succeeded Arthur I. Boreman, February 26, 1869, upon the latter's election to the U. S. Senate. He left office, March 4, 1869, when the governor-elect, William Erskine Stevenson, (R) Wood County, was inaugurated.

John Jeremiah Jacob, (D) Hampshire County, served the longest term, six years, from March 4, 1871, to March 3, 1877. During his first term, governors were elected for two years and could succeed themselves. As an Independent, he was elected a second term of four years under the new Constitution of 1872.

STATE MUSEUM

Located in the State Capitol, directly under the executive suite, the State Museum is probably the best known of West Virginia's Museums. Under the direction of the State's historian and archivist, the museum is illustrative of the history and science of the State and the social conditions and life of its people, past and present.

The Museum is open daily for the convenience of visitors, and a total of 138,248 visitors registered for the year 1967.

WEST VIRGINIA DEPARTMENT ARCHIVES AND HISTORY

(By James L. Hupp, Ph.D., State Historian and Archivist)

This department is located in the State Capitol Building. It was established by an Act of the Legislature in 1905. The need for such a department was first officially expressed by Governor George W. Atkinson in his State of the State Address to the Legislature January 9, 1901. Governor Albert B. White in both of his State of the State Addresses, January 14, 1903 and January 9, 1905 to the Legislature, voiced this sentiment and early in the 1905 session a bill providing for the establishment of a Bureau of Archives and History originated in the Senate and before the session closed it had passed both houses and had become a law.

From the time of the creation of the department in 1905, its responsibilities have been spelled out quite specifically by law. The act created an Archives Department for the collection of all valuable papers and documents relating to the settlement of the State, to the period of the reorganized government of Virginia, and to the erection and formation of West Virginia out of the territory of the Mother State; the collection of biographical material pertaining to important men; the collection of public records, state papers, and documents of the legislative, executive and judicial departments, and reports of all state officials, board of regents, and directors of state institutions—charitable, penal and otherwise—from June 20, 1863. Annual additions are made to these records. The original records of West Virginia Federal soldiers and a collection of Confederate muster rolls of the Civil War make up one of the department's valuable acquisitions.

Just recently more than 1,000 rolls of microfilm have been added. All the information that could be found on Confederate soldiers of Virginia and West Virginia are on these films. Still in the department are over 6,000 unclaimed medals of the 26,099 that were struck in 1866, through action of the Legislature, to honor the Federal soldiers that served during the Civil War in West Virginia units. The unclaimed medals are available for distribution to descendants and/or relatives of these soldiers upon request. This department is charged with the classification and preservation of all the state archives; past, present and future.

The act also provided for an Historical Department, into the library of which are collected books, pamphlets, papers and other works of history, biography, genealogy and other subjects usually found in such collections, together with the works of West Virginia authors and others as will properly compose the bibliography of the State. The genealogical section of West Virginians and the surrounding states has become a very popular section not only here in West Virginia but throughout the United States.

As the third entity, the act provided for a Museum Department which was to be illustrative of the history and science of the State; and the social conditions and life of its people, past and present. The act also stated that the Museum have in its custody the old battle and regimental flags borne by West Virginia soldiers in the Civil War.

Since 1905 the department has had a phenomenal growth and it really performs the functions of a State Library as that term is used in nearly all the other states in the Union. Besides having collected an almost complete file of the Archives of West Virginia one of the finest collections of printed Archives of Virginia has been assembled and has made available and easily accessible these early records of the State. It is a depository for the publications of the United States Government. Very fine collections of the records of the activities of the Methodist and Baptist Churches in West Virginia are deposited for preservation and all other churches and organizations of the State are urged to see that their records are placed on file for use by the researchers of the future.

The Historical Department now contains nearly all of the printed volumes relating to the history of the State and many volumes on the history of the other states and of the country in general. Files of the publications of all the important historical societies and the leading historical magazines are to be found here.

This department has published WEST VIRGINIA HISTORY, a quarterly magazine, since 1939. Most of the historical magazines on file are obtained in exchange for our West Virginia History quarterly.

Through a W.P.A. writers project during the depression period in the thirties, most of the county records of the State were copied. These include births, deaths, marriages, wills and some tax records. Copies of these are on file in the library.

It is estimated that the library, at the present time, contains over 150,000 volumes. These are consulted constantly, for the most part, not only on matters of historic and general information but in legislative reference work. Efficient and accurate research work on the history of the State is nearly impossible without recourse to these collections.

The newspaper section contains nearly all the state newspapers. These, of course, are accessible to the public and are consulted daily. Twelve of the West Virginia daily newspapers are regularly microfilmed. A program is being worked out to have all West Virginia newspapers, both daily and weekly, microfilmed. These rolls of film will be of great value to the historians of the future. Some of the papers of the department files are the only copies in existence.

The library also has census records of Virginia and West Virginia from 1810 to 1870 and West Virginia 1880. In addition to these records it has the Draper manuscripts, Federal Register, some dissertations and theses, family histories and vital statistics on microfilm.

The State Museum is crowded to its capacity with appropriate curios, artifacts, and relics of all sorts. It has a remarkable collection of implements used by the mound builders and Indians, relics of the wars and pioneer days, mounted specimens of birds and animals native to the State, minerals and petrifications, old documents and papers, battle flags of the Civil War, World Wars I and II, and the valuable Neff Collection of Philippine curios. During the past year, 1966, 107,199 visitors registered at the museum to view the collections. This was an all-time high. This was almost 25,000 more than the record of 82,403 set for the Centennial Year of 1963. All 50 states and 67 foreign countries were represented in last year's total.

Including the 9089 who took advantage of the services rendered by the library, the Department of Archives and History served 116,288 individuals during the calendar year 1966.

The West Virginia Centennial Commission turned over to the Department of Archives and History its correspondence and other materials for preservation and such future use that they might serve. Among the materials received were the left over bronze and silver medallions and copies of the Centennial Book, "A Banner In The Hills" by Dr. George Ellis Moore. At least 20 copies of all printed materials were among the materials received.

Another responsibility of the Department of Archives and History was established by the State Legislature when it passed House Bill No. 185, March 14, 1953 which reads in part as follows:

"It shall be the duty of each state official in the executive department of the State, board, commission and agency of the state, and the president or superintendent of each state institution to furnish the Department of Archives and History with a sufficient number of all printed State papers, public records, reports, documents and pamphlets, printed at State Expense, by the respective officials, board commission, agency and institutions to supply the library of every State institution of higher learning with two copies of each such publication. The State Historian and Archivist shall cause two of each such publication to be sent to each state institution of higher learning to be deposited in the library thereof."

A record is kept of all the publications received from each agency and twice a year we publish and send out to other states and abroad "Check-Lists of the State Publications."

The State Legislature at its 1967 Session created and established within the Department of Archives and History a division of historic road markers, stating that the State Historian and Archivist shall be ex-officio the director of the division, and declared:

(a) That the State of West Virginia, being richly endowed in historic achievement, should erect and maintain adequate and appropriate historic markers along its roads and highways to point out to tourists and identify for future generations the important role played by the State in the development of the United States of America.

(b) That since in past years several hundred historic road markers have been placed along the highways of the State, many of which have only recently been repaired and renovated, it is necessary to create an agency authorized and empowered to preserve and maintain such markers and to place such additional markers at appropriate places as shall be determined fitting and appropriate.

In addition to serving as indicated up to now the State Historian and Archivist serves as Executive Secretary of the State Historical Society and Secretary-Treasurer of the Antiquities Commission.

DEPARTMENT OF COMMERCE

ADMINISTRATIVE

In virtually every endeavor, the West Virginia Department of Commerce, which completed its sixth year of operation on June 30, 1967, eminently reflects the continuing economic growth of West Virginia.

Industrial and Travel Development attained new objectives; planning services were broadened in scope and accomplishment; and new units, such as the Appalachian and Economic Development Offices were designed to better serve West Virginia. The Department's efforts clearly document the progress report of the Mountain State.

Under the leadership of Angus E. Peyton, who became Commissioner of the Department on September 1, 1965, and his assistants—Deputy Commissioner Lawrence E. Spears, whose appointment became effective January 1, 1967; Administrative Assistant Robert B. Moran and Market Development Director Norman L. Fagan—the Department expanded its goals and set a new course toward achievement.

The Department of Commerce vigorously reflects the new spirit of enthusiasm and devotion to making West Virginia a better place to live, work and play.

INDUSTRIAL DEVELOPMENT

Working with industry and local planning units, the Industrial Development Division and its Director, Fielding H. Lewis, developed new records in many major categories. During fiscal year 1966-67 the State benefited from 121 new and expanded industries. Coal mines have continued a substantial overall development program, and taking into account only those operations investing a Million Dollars or more, fiscal year 1966-67 recorded further economic growth through the start of construction of 16 new mines and five expansions.

Of particular interest is the fact that eleven (out of 73) expansions were made by companies that initially located in West Virginia in the past six years since the Department of Commerce came into being. West Virginia's industrial growth reached the Billion Dollar mark in a single fiscal period for the second consecutive year.

The Science and Technology Unit, headed by Allen T. Peyton, Jr., has among its objectives the transfer of knowledge from federally financed and other research to West Virginia business, commerce and industrial establishments. This Unit also maintains contacts with institutions of higher learning and participates with them in conducting technical seminars for business owners and managers. The same Unit lends assistance to West Virginia businesses in obtaining a better share of procurements by federal agencies, and prime contractors and subcontractors.

INDUSTRIAL DEVELOPMENT AUTHORITY

The West Virginia Industrial Development Authority, established by legislative enactment in 1961, has continued during this fiscal year to be a vital factor in the State's economic growth and development. During the 12-month period ending June 30, 1967, the Industrial Development Authority Board approved a total of five loans totalling \$298,642.00 for new and expanding industries. Based upon estimates supplied by the applicants, payrolls for these industries are projected to a total annual amount in excess of \$3,800,000.00 and potential employment of 933 workers.

Commissioner Angus E. Peyton serves as Chairman of the Industrial Development Authority Board which is composed of leading industrial and financial businessmen of West Virginia. Two changes in the composition of the IDA Board have occurred since June, 1966. T. R. Samsell, Director of the Department of Natural Resources, replaced former Director R. P. McDonough, and Morris W. Smith replaced former Commissioner Carl B. Early. James P. Bazzle was appointed to the post of Executive Director to supervise the business affairs of the Authority.

TRAVEL DEVELOPMENT DIVISION

By all measures, the past year was an outstanding one for the Travel Development Division, under Director Curtis C. Jones. Cooperating with travel clubs, tour operators, travel industry representatives, public utilities, news media and allied organizations, the Travel Development Division took part in many vital developments in promoting tourism.

Retail sales in West Virginia's travel industry rose to a new record high of \$436 million—an increase of \$19 million over the previous year. Over \$10-million worth of new developments opened their doors for the travel industry. One new lodge and restaurant facility—Hawks Nest State Park—was added to the West Virginia park system. Construction is underway for three additional State Park complexes and are expected to be in operation for the 1969 season.

A total of 2,203,571 pieces of travel promotional literature was distributed during the year. The Division provided 218 publishers of books and magazines, outdoor writers, travel agencies and automobile clubs with travel information on West Virginia.

PLANNING AND RESEARCH DIVISION

Under the direction of Ralph L. Hottel, the Planning and Research Division has grown phenomenally during the past fiscal year. With a new federal grant of \$112,715, matched by \$38,030 in State services, the Community Advisory Service, which was created by Commissioner Angus E. Peyton in December of 1965, at the direction of Governor Hulett C. Smith, achieved approval to continue for the next fiscal year.

During the past fiscal year, the Community Advisory Service assisted, visited and corresponded with 87 municipalities and 47 counties in an effort to aid those local governments with the various aspects of their planning programs. Also, 15 new "701" Urban Planning Assistance projects gained approval, involving 22 municipalities and 13 counties across the State.

Twenty-four communities and seven counties have completed comprehensive development plans under the federal "701" program, which is administered by this Division. Currently, 21 communities and 26 counties are preparing comprehensive programs and six applications have been submitted to the federal government and are awaiting approval.

In order to better educate localities to the planning process, numerous publications were designed, prepared and published to disseminate planning information to local planning and citizen groups. Significant among these publications are the "701" Procedural Guide, Planning a Better Community, Economic Outlook and The Advisor, a bimonthly publication designed to keep city and county planning groups advised on the latest developments in the planning process. The Planning and Research Division also publishes the West Virginia Manufacturing Directory, a basic tool for the economic improvement of the State.

The Outdoor Recreation Section has provided consultive services to a number of communities and counties which are in the process of formulating comprehensive recreation plans. The Section has also met with numerous communities and counties to explain the mechanics of qualifying for a grant from the U. S. Land and Water Conservation Fund and to review local projects.

APPALACHIAN AND ECONOMIC DEVELOPMENT OFFICES

The two major grant-in-aid programs enacted by Congress (the Appalachian Regional Development Act and the Public Works and Economic Development Act) have enabled the establishment of a Federal-State Programs Office to implement provisions of new Federal Legislation to the communities of West Virginia.

In January, 1966, Section 302 of the Appalachian Regional Development Act was utilized in establishing the West Virginia Appalachian Development Office, a special project unit created by Governor Smith and assigned to the West Virginia Department of Commerce for implementation of the provisions of the Appalachian Program.

The West Virginia Economic Development Office was created on April 1, 1967, utilizing funds made available under the Public Works and Economic Development Act of 1965.

The establishment of both the West Virginia Appalachian and Economic Development Offices represented the first attempt by the State of West Virginia to take advantage on a coordinated basis of new legislation designed to emphasize regional development programs. Regional development offices have been established to provide information and technical assistance to local communities and county governments.

The Appalachian Development Office and the Economic Development Office have nine field offices in Hurricane, Huntington, Parkersburg, Wheeling, Clarksburg (pending), Martinsburg, Elkins, Summersville and Beckley. This has enabled the State of West Virginia to provide field service in each of the nine development regions to answer special problems and to promote economic, educational and social development.

SPECIAL PROJECTS

The prime emphasis of the Special Projects Division, which is headed by Mrs. Louise Miragliotta, Coordinator, centers upon the Governor's Progress Corps. The organization continued orientation meetings, selected new county chairmen and stressed in all its efforts cooperation between State and local agencies. There are now more than 90,000 Progress Corps members pledged to promote West Virginia. The overall goal of the Corps is to keep members, both within and outside the State, informed of the attributes and potentials of West Virginia so they all may take pride in serving the Mountain State as good will ambassadors.

WASHINGTON LIAISON OFFICE

The West Virginia Liaison Office in Washington, D. C., had an active fiscal year. Its interest in export matters and the formation of the third West Virginia World Trade Mission highlighted the special projects of this Division. J. Henry Barbour, Director of the Washington Office, organized the mission, prepared the advance scheduling in Europe and finally served as mission director during the trip in September. This trade mission, industry organized and government approved, was paid for entirely by the members. The World Trade Mission stressed four objectives: export sales, tourist promotion, industrial development and area redevelopment.

INLAND WATERWAYS—FEDERAL

(Data furnished by the Department of the Army)

Ohio River—Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 25 June 1910, provides for a minimum channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures including the Gallipolis Locks and Dam near Apple Grove.

The Ohio River modernization and replacement program as now planned and under way will reduce the total navigation projects to 19, providing larger locks and deeper pools. New projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in June 1964 between Kentucky, West Virginia and Ohio, a proposed third lock for the Gallipolis project, the Racine Locks and Dam under construction near Letart, the Belleville Locks and Dam under construction at Belleville, the Willow Island Locks and Dam under construction at Willow Island, the Hannibal Locks and Dam under construction at New Martinsville, the Pike Island Locks and Dam completed in September 1965 at Wheeling, and the New Cumberland Locks and Dam completed in September 1961 near New Cumberland.

Kanawha River, West Virginia—Three high-lift dams on the Kanawha River and the Gallipolis Dam on the Ohio River provide a minimum channel depth of 9 feet on the Kanawha River for 91 miles from the mouth to Deep Water. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam in the Ohio River in 1937 as part of the Kanawha River improvement.

Sutton Reservoir—The Sutton Reservoir, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Sealing of mine workings at the site was begun in 1949, but work on the dam was not started until 1956.

Construction of the project was completed in January 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The reservoir has a total capacity of 265,300 acre-feet and controls a drainage area of 537 square miles. A minimum pool 5.9 miles in length, with a surface area of 270 acres and a capacity of 4,100 acre-feet, is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres and storage of 60,100 acre-feet, is maintained for low-flow augmentation and recreation. The remaining reservoir capacity is utilized for flood control storage.

Tygart River Dam—The Tygart River Dam, located on the Tygart River 2.25 miles upstream of Grafton, West Virginia, was authorized by the Public Works Administration January 11, 1934 and approved by Congress in the River and Harbor Act of August 30, 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the river bed. The structure provides for the gross controlled storage of 287,700 acre-feet of water and is operated as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania and the upper Ohio River Valley. In addition to flood control, Tygart Lake provides for low water discharge regulation annually, by the gradual release of stored spring flood waters during the summer-fall period to assure a river flow of 340 cubic feet per second at Lock and Dam 8, Monongahela River. The storage of 100,000 acre-feet of water is allotted for this purpose.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by nine (9) locks and dams to afford slackwater navigation for its entire length from Pittsburgh, Pennsylvania to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is 9 feet and the navigable width varies from 250 feet in the upper reaches to practically the full width of the river at its mouth.

Modernization of the Monongahela River navigation structures in the upper reaches of the waterway in West Virginia is approximately complete. Morgantown, Hildebrand and Opekiska Locks and Dams and modification of Dam 8 have been completed. Proposed replacements for existing Lock 8 and Lock and Dam 7 are now being investigated.

Buckhannon Local Protection Project—The project, located on the Buckhannon River in the heart of the City of Buckhannon, Upshur County, West Virginia, was authorized by the Flood Control Act of 1962. Construction was initiated in July 1967 and the project is scheduled for completion early in 1969. The improvement will be about 4.6 miles long and consist of deepening, widening and uniformly aligning the river channel, combined with an enlargement of an existing channel cutoff at the upper end of the improvement. Appurtenant work will consist of utility adjustment, bridge foundation protection and channel side slope and disposal area protection. When completed, the project will provide a substantial reduction in flood damages by a flood height reduction of about three feet.

Rowlesburg Lake—The Rowlesburg Lake was authorized by the Flood Control Act of 1965 for the purposes of flood control, water quality control, hydroelectric power production and recreation. The project will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the Monongahela and Ohio Rivers; to provide storage for hydroelectric power; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the Cheat River, a tributary of the Monongahela River, at the upstream limits of the Town of Rowlesburg in Preston County. The lake full pool will extend upstream to the City of Parsons in Tucker County. As authorized, the dam would be a rock fill structure, 1,620 feet long and 265 feet above stream bed, with a pumped storage installation to produce hydroelectric peaking power.

The maximum summer pool elevation for water quality control, hydroelectric power production and recreation will be 1,601 feet above mean sea level with a surface area of 7,175 acres. Gross storage would be 831,700 acre-feet at the lake full elevation of 1,632.

FLOOD CONTROL RESERVOIRS—FEDERAL

(Data furnished by the Department of the Army)

Bluestone Reservoir—The Bluestone Reservoir, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress in the Flood Control Act of 1936. Construction of the project was begun early in 1942, suspended in 1944 because of the war emergency, resumed in 1946, and completed in June 1952. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The reservoir has a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the reservoir varies about 3 feet, with a minimum pool 9.5 miles in length and 1,800 acres in area that utilizes about 30,900 acre-feet of the total reservoir capacity. The remaining reservoir capacity is reserved for impoundment of flood flows as required for flood control.

Summersville Reservoir—The Summersville Reservoir, located on Gauley River, near Summersville, was started in 1960 and is nearing completion. The dam is a rock-fill type, with a maximum height of 357 feet and a top length of 2,280 feet. It will provide a maximum capacity of 390,800 acre feet of storage for flood water of which 163,400 acre feet may be used for low flow augmentation in the Kanawha River in summer. The reservoir will be operated as a unit of a coordinated reservoir system for flood protection in the Gauley, Kanawha, and Ohio River Valleys.

BLOOMINGTON RESERVOIR

The Bloomington Reservoir Project was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River Basin. The damsite is located in Mineral County, West Virginia, and Garrett County, Maryland, on the North Branch Potomac River about 8 miles upstream from the mouth of Savage River. The dam will be rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,130 feet. The reservoir will have a capacity of 128,000 acre-feet and will control a drainage area of 263 square miles. The project will provide low flow augmentation, flood control, and recreation. Construction will be initiated shortly after funds are made available by Congress, provided the States of Maryland, Virginia, and West Virginia and the District of Columbia meet the requirements for local cooperation as set forth in the authorizing act.

LOCAL FLOOD PROTECTION PROJECTS

Bayard, West Virginia—The project is located on the North Branch Potomac River and was constructed under authority of Section 205 of the Flood Control Act of 1962. The protection works consist of approximately 2,000 feet of channel improvements, 1,200 feet of levees, 283 feet of concrete retaining walls, drainage structures, and the reconstruction of the highway bridge carrying West Virginia Route 90 over Buffalo Creek. The project was completed in 1964.

Blaine, West Virginia and Kitzmiller, Maryland—The project is located on the North Branch Potomac River and was constructed under authority of Section 205 of the Flood Control Act of 1962. The protection works for these communities consist of 4,700 feet of channel improvement, 5,800 feet of levees, 30 feet of retaining wall, and drainage structures. The project was completed in 1964.

Ridgeley, West Virginia, and Cumberland, Maryland—Ridgeley, in Mineral County, is located on the south bank of the North Branch Potomac River, opposite the city of Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on the North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities, eight pressure conduits totaling 11,200 feet in length, and an industrial water-supply dam. Three highway bridges and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on the North Branch Potomac River was completed in 1964.

DRIVER IMPROVEMENT PROGRAM

(Point System)

West Virginia's Driver Improvement Program, as administered by the Department of Motor Vehicles, is designed to eliminate the chronically careless driver from the state's highway system.

Under the program "points" are assigned to those convicted of various moving traffic violations. Conviction notices are forwarded to the Department of Motor Vehicles, which maintains each individual's driving record and statistics.

An operator receiving a total of 6 points is sent a warning letter by the Department, outlining the need for more careful driving. Individuals reaching the 9 to 12 point level are required to appear before a Department Reviewing Officer, at which time the most serious cases are subject to suspension of their operator's privileges.

Forest Service

Monongahela National Forest

Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of about 150 national forests and the only national forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,642,177 acres of which 808,096 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are six ranger districts, each in charge of a district ranger.

Counties in the National Forest and their current acreage in National Forest ownership are:

Grant	14,575	Pocahontas	277,768
Greenbrier	99,349	Preston	3,891
Nicholas	23,434	Randolph	171,003
Pendleton	60,290	Tucker	93,059
		Webster	64,727

The public forest is administered in cooperation with several conservation agencies, including the West Virginia Department of Natural Resources. Twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for schools (80%) and roads (20%).

FERNOW EXPERIMENTAL STATION

Research Center Leader: George R. Trimble, Jr. Elkins
 3,640 acres of forest dedicated to research in growing and logging hardwood timber. Experiments are conducted in frequency and amount of cutting and their effect on water production, future timber and financial returns, also to illustrate good techniques of equipment and road location.

FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish. Fishing in any of these streams does not necessarily indicate that the Department of Natural Resources promises the limit of fish to each fisherman. This is intended merely as a guide.

INCREASED DRILLING ACTIVITY IN 1966

There was a slight increase in oil and gas drilling activity in the state in 1966 as compared with 1965. A recent summary of drilling prepared by the West Virginia Geological and Economic Survey shows that 1,207 wells were drilled last year, 41 more than in 1965.

The breakdown of wells (with 1965 wells in parentheses) is: oil, 214 (125); gas, 620 (660); combined oil and gas, 176 (207); dry, 147 (141); and storage and other miscellaneous, 50 (33). Total footage drilled during 1966 was slightly over 3 million feet. Over 3.6 million barrels of oil and 212 billion cubic feet of gas were produced, both slightly higher than in 1965.

Roane county led in number of wells drilled with 210, followed by Doddridge and Ritchie (102 each), Gilmer (91), Barbour and Upshur (71 each), Lewis (67), and Calhoun (64).

Five areas of activity in the state were of particular interest: (1) in Roane county, Walton district, drilling for oil in the Big Injun sand (Middle Mississippian age) accounted for the large

increase in oil well completions; (2) in south-western Kanawha county several large gas wells were completed in the Newburg sand (Upper Silurian); (3) in several north-central counties, particularly Barbour and Upshur, drilling for gas in the Riley-Benson sands (Upper Devonian) continued to be very active; (4) in southern Monongalia county there were eight successful gas wells in the Onondaga Limestone-Oriskany Sandstone interval (Lower Devonian); (5) along the Hampshire and Hardy counties boundary in eastern West Virginia several new Oriskany wells were completed, including the largest recorded gas well in the state (90 million cubic feet).

There were 80 exploratory (wildcat) tests, of which 51 were successful. Most (42) were gas wells. Important new gas discoveries were made in Hardy, Harrison, Mineral, and Preston counties.

Seventy-six deep wells were drilled in 1966—57 were completed in the Oriskany and 19 in Silurian formations, primarily Newburg sand.

Section I—Summary

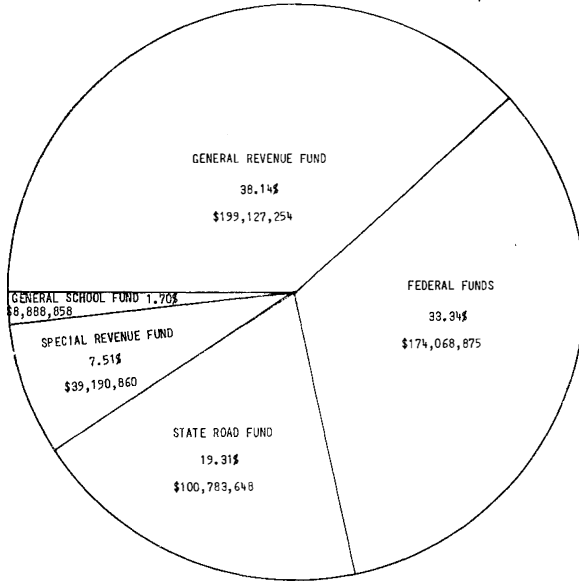

Revenues collected for the operation of state government are deposited into various funds as provided by statute and the constitution. Many of these funds are dedicated for specific purposes and are carried in separate accounts and expended only for the purposes authorized by law. These include the General School Fund, State Road Fund, Federal Funds, and various other designated as Special Revenue Funds. Approximately 62 per cent of all revenues collected during the 1966-67 fiscal year are within this group of dedicated funds. All revenues not dedicated for specific purposes are deposited into the General Revenue Fund from which the Legislature makes appropriations for the operation of the various departments, schools and institutions.

Total revenues collected for the fiscal year ended June 30, 1967, amount to \$22.0 million dollars as compared to 479.2 million for the previous fiscal year, an increase of some 42.8 million dollars. This is summarized as follows:

TAX DEPARTMENT
COLLECTION OF REVENUE
COLLECTION OF BUSINESS AND OCCUPATION TAX,
CARRIER INCOME TAX, AND CORPORATE
NET INCOME TAX

The Business and Occupation Tax, Chapter 11, Article 13, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in business in West Virginia. The tax is measured by the application of rates against values of products, gross proceeds of sales, or gross income according to the classification of the business activity in which the taxpayer is engaged. Despite the commonly applied erroneous name, "Gross Sales Tax", it is not a sales tax. Neither is it a transaction tax in the sense that once it is paid on a particular article or service or activity it need not again be paid. It is not, strictly speaking, an income tax, although in most instances, the gross income is the *measure* of the tax. Under the production and manufacturing classifications the measure of the tax is the *value* of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided the proceeds of sale are indicative of the true value of the article. If more than one person engages in a single activity or transaction, as in the case of the contractor and sub-contractor, each must pay a tax measured by his entire income regardless of the tax paid by the other.

The business classifications under the Business and Occupation Tax Law are as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal	\$1.35 per \$100.00
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag	\$3.95 per \$100.00
Natural gas (exemptions include deduction of \$5,000 annually) ...	\$7.85 per \$100.00
Limestone or sandstone quarried or mined; and timber	\$2.00 per \$100.00
Other natural resource products	\$2.60 per \$100.00

B. Manufacturing, Compounding or Preparing for Sale. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 80 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property at Retail. There is levied a tax of 50 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

(2) Business of Selling Tangible Property at Wholesale. There is levied a tax of 25 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

D. Public Service or Utility Business. The tax rates set forth hereinbelow are levied on the gross income of the following businesses:

Street Interurban and Electric Railways	\$1.30 per \$100.00
Electric Light and Power Companies (sales) and demand charges, domestic purposes and commercial lighting	\$5.20 per \$100.00
Water Companies	\$4.00 per \$100.00
Electric Light and Power Companies (all other sales and demand charges):	\$3.90 per \$100.00
Natural Gas Companies; Toll Bridges	\$3.90 per \$100.00
Other Public Utilities—(Except telegraph and telephone com- panies, railways and other transportation companies)	\$2.60 per \$100.00

E. Contracting. There is levied a tax of \$2.00 on each \$100.00 of gross income, as defined by the statute, for this type of business.

G. Amusement. There is levied a tax of 65 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

H. Service Business or Calling Not Otherwise Specifically Taxed. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

I. Business of Furnishing Property for Hire. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

J. Small Loan and Industrial Loan. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

An annual exemption of \$50.00 is provided under the Business and Occupation Tax Law for each person, as defined by the statute, engaged in business in the state.

The West Virginia Carrier Income Tax ch. 11, art. 12A, West Virginia Code of 1931 as amended, is an annual tax on incomes of certain carriers. This article repealed the former "privilege tax on certain carrier corporations" and is imposed on every motor vehicle carrier operating on the public highways of this State and every railroad car carrier, railroad carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft, for the transportation of passengers or freight, doing business in the State. The law provides that the foregoing taxpayers shall pay to the State an annual tax for each calendar year. This tax shall be equal to the gross income from all business beginning and ending within the State multiplied by the respective rates as follows: Motor vehicle carriers, railroad car carrier, railroad carrier, express companies, pipeline companies, airline companies, any person operating a steamboat or other watercraft and telegraph companies, three percent; and telephone companies, three and four-tenths percent: Provided, that any motor vehicle carrier which is an urban or suburban bus line shall be taxed at the rate of two percent of such gross income.

In addition to the tax imposed on gross intrastate income, every motor vehicle carrier operating on the public highways of the State and every railroad carrier, railroad car carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft for the transportation of passengers or freight, doing business in this State shall pay an annual tax for each calendar year on the net income earned within the State equal to three and four-tenths percent of such net income for telephone companies and six percent of such net income for all other carriers included in this section.

The West Virginia Corporate Net Income Tax ch. 11, art. 24, West Virginia Code of 1931, as amended, is a conformity statute which imposes a tax on the net income of corporations and similar business organizations at the rate of six percentum. This being a statute, correlated to the Federal Internal Revenue Code, as amended to 1967, it will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid interpretation of the law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayer preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

PERSONAL INCOME TAX

The West Virginia Personal Income Tax Act (W. Va. Code, ch. 11, art. 21) was enacted by the 1961 regular session of the legislature on February 10, 1961, and signed by the Governor on February 14, 1961. The provisions of the Act applied

to all taxable years ending on or after December 31, 1961, including that part which elapsed prior to the effective date of the Act. The Act was applied to taxable years beginning prior to and ending in the year 1961, but the tax imposed for any such year was on a prorated basis.

Description of Tax: The West Virginia Income Tax Act imposes a personal income tax on the taxable income of all resident individuals, and resident estates and trusts, irrespective of where such income is earned. Nonresident individuals, estates and trusts are taxed only upon income derived from West Virginia sources. Corporations and partnerships are not subject to the West Virginia income tax. A trust or other unincorporated organization which by reason of its activities is exempt from federal income tax is also exempt from West Virginia income tax.

The Act adopted for West Virginia personal income tax purposes follows the provisions of the federal income tax laws relating to the determination of income. As adopted, the West Virginia Income Tax Act is a conformity statute. The same general concepts of income, gain, loss and deduction are employed in the West Virginia Act as are employed in the federal income tax law. The method used to make reference to the federal law is general in scope. With the exception of several rather technical modifications, West Virginia adjusted gross income is federal adjusted gross income. Amendments made to the federal income tax law which affect income, gain, loss and deduction are reflected in the West Virginia income tax law by periodic legislative enactments. The conformity with the federal income tax law was adopted to simplify preparation of state income tax returns, to improve enforcement of the state income tax through better use of information obtained from federal income tax audits, and to aid interpretation of the state tax law through increased use of federal judicial and administrative determinations and precedents.

Deductions. An individual, resident or nonresident, may use the West Virginia standard deduction on his state return, regardless of whether he used the standard deduction or claimed itemized deductions on his federal return. The West Virginia standard deduction of an individual is ten (10) percent of his West Virginia adjusted gross income or \$1,000, whichever is less. A resident or nonresident individual may elect to use itemized deductions in computing his West Virginia taxable income only if he claimed itemized deductions for the same year on his federal return. Itemized deductions for residents are the same as federal deductions, with the exception: nonresidents' deductions must be attributed to or connected with West Virginia sources.

Personal Exemptions. An individual, resident or nonresident, is allowed an exemption of \$600.00 for each exemption to which he is entitled for the taxable year for federal income tax purposes. A husband and wife who file joint federal but separate West Virginia returns may each claim only the exemptions to which he or she would have been entitled if separate federal returns had been filed. The exemption for an estate or trust is \$600.00.

Rate of Tax. For all taxable years or portions thereof ending prior to January 1, 1963, the West Virginia income tax rate was six (6) per centum of the federal income tax which would have been imposed on an identical amount of federal taxable income. For taxable years or portions thereof beginning on or after January 1, 1963, the West Virginia income tax rate, which is equally applicable to individuals, estates and trusts, is a graduated rate which begins at 1.2% of West Virginia taxable income. The maximum rate is 5.5% of the West Virginia taxable income. The West Virginia Income Tax Act provides only two rate schedules; one for joint returns and surviving spouses, and one for individuals and heads of household.

Credits Against Tax. The West Virginia Income Tax Act provides credits against the personal income tax for: (1) business and occupation tax imposed against the taxpayer; (2) transportation privilege tax imposed against the taxpayer; (3) West Virginia income tax withheld from the individual's wages or salary; (4) estimated income tax payments made by the individual; (5) income taxes paid by residents to other states; and (6) income taxes paid by nonresidents to their state of residence, with certain exceptions or modifications. No federal credits are allowed against the West Virginia income tax.

WEST VIRGINIA DEPARTMENT OF WELFARE FOOD STAMP PROGRAM

The Food Stamp Program in West Virginia has been in operation in McDowell County since May 1961, and in Logan, Mingo and Wayne Counties since November 1962. In November 1965, the program was expanded into seven additional counties—Boone, Clay, Fayette, Kanawha, Lincoln, Raleigh, and Webster. In May 1966, it again was expanded into seven more counties, including Braxton, Greenbrier, Mercer, Nicholas, Monroe, Summers and Wyoming. Expansions during the 1966-67 fiscal year included Barbour, Brooke, Cabell, Calhoun, Doddridge, Gilmer, Hancock, Harrison, Jackson, Lewis, Marion, Marshall, Mason, Monongalia, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Randolph, Ritchie, Roane, Taylor, Tucker, Tyler, Upshur, Wetzel, Wirt, and Wood Counties in the program. The Department of Welfare anticipates expansion into the remaining counties of the state during the 1967-68 fiscal year.

The program is a joint undertaking of the United States Department of Agriculture and the West Virginia Department of Welfare. Households in economic need who do not receive welfare, as well as those who receive a grant of assistance, are eligible to participate. Eligible households purchase food stamp coupons in accordance with their monthly income and the number of persons in the household and are provided a sufficient amount of additional bonus, or free coupons, to insure nutritional meals. For example, a six-member household with a net monthly income of \$165.00 would pay \$68.00 in cash, and would receive free, or bonus, coupons in the amount of \$40.00 to make a total of \$108.00 the household has to spend for food of its choice.

The program contributes to a household's dignity and self-respect with its provision for participation according to income. The household can use the money formerly spent for food for recreation, clothing and other necessities. The program not only increases the buying power of participating households, but also benefits the retail grocer and the wholesale merchant as well by the use of the bonus or free coupons. The food stamp coupons, redeemable at retail stores designated by the United States Department of Agriculture, have meant significant boosts for the economy in the various counties where the program is in operation. The Food Stamp Program is considered superior to that involving the direct distribution of Federal donated foods for a number of reasons. The most important reason is that it provides the household with an adequate diet and help in accordance to need. The administrative cost, primarily borne by the State, is largely offset by increased sales tax revenue on new business generated by issuance of the bonus stamps.

The following statistics reflect the average number of households participating in the Food Stamp Program by county since its inception, up until June 30, 1967.
