1969

Compiled and Edited by
J. HOWARD MYERS, Clerk of the Senate
Charleston, West Virginia

Jarrett Printing Company, Charleston, W. Va.

Foreword

My very sincere thanks to the many individuals for so willingly furnishing the information contained in this Volume 53 of the West Virginia Blue Book.

Particularly, I am indebted to the County Clerks of the various counties for their cooperation and help. Staff members of the many State and Federal agencies have also been most helpful.

For the fine transparency of Pipestem State Park and for many of the black and white pictures, I am indebted to Mr. Samsell of the Department of Natural Resources.

You will note that many of the agencies have been reorganized, but, on the whole, I believe that the material one needs so often will be easily secured.

May I also call attention to the article and picture concerning the National Youth Science Camp held annually at Bartow in Pocahontas County.

STATE BOARDS AND COMMISSIONS

GENERAL PROVISIONS

Under Chapter 30, Article 1, Code 1931, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of \$20, unless a different fee is especially provided by law. Each board is allowed to charge \$5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the Circuit Court of the county in which he resides.

Unless otherwise specified, members of boards are allowed \$10 per day for each day actually spent in attending sessions of the board or of its committees and in necessary travel, and entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

Each board is required to make a report annually to the Governor on or before the first day of January, and the secretary of each board is required to prepare and maintain a complete roster of all persons licensed or registered by it.

THE WEST VIRGINIA STATE BAR (Integrated)

Offices: State Capitol—Telephone 346-8414

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is now \$20.00 for members who have been admitted to practice for more than five years, and \$10.00 for members who have been admitted to practice for not more than five years.

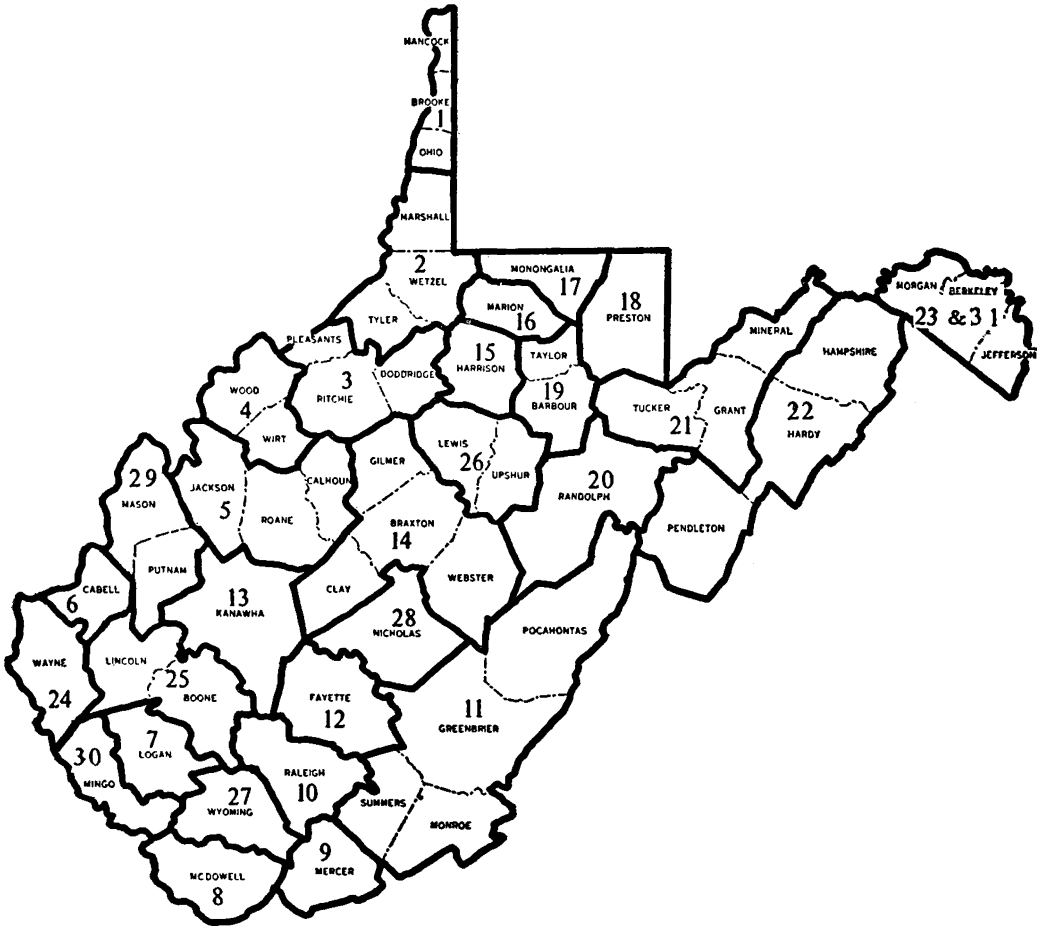

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to improve the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal

profession; and to encourage cordial relations among its members. It is its declared purpose to give effect to pertinent rules of the Supreme Court of Appeals, and to perform the functions expressed in its Constitution and By-Laws. A principal duty of the State Bar is to uphold the standards of professional ethics and to diligently and vigilantly investigate and prosecute violations of these standards.

The State Bar is governed by a Board of Governors, consisting of all officers, except the secretary-treasurer, as *ex officio* members, and sixteen Governors, one Governor being elected by the members of the Bar by a secret mail ballot in each of the sixteen State Bar Districts. Officers are a president, chairman of the board, first vice president, second vice president and secretary-treasurer.

Preamble

Since through Divine Providence we enjoy the blessings of civil, political and religious liberty, we, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God and seek diligently to promote, preserve and perpetuate good government in the State of West Virginia for the common welfare, freedom and security of ourselves and our posterity.

ARTICLE I

Relations to the Government of the United States

§1. The State of West Virginia is and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

§2. The government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved to the States is the exclusive regulation of their own internal government and police;

[Editor's note.—This preamble was proposed by House Joint Resolution No. 8, Acts 1959, p. 659; submitted by Acts 1960, c. 4; and ratified November 8, 1960.]

and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State, from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

§3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

Representatives to Congress

§4. For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

§1. The territory of the following counties, formerly parts of the commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over, the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by, the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[Editor's note.—All of the territory of West Virginia was taken from the commonwealth of Virginia, and in the Constitution of 1863 forty-four of the above-named counties were designated as forming the State of West Virginia, and in addition, the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should that Constitution be adopted by a vote of the people of the districts comprising those counties. The districts adopted the Constitution, and these six counties became part of the State.

The remaining four counties mentioned above were created by acts of the legislature as follows: Mineral county, from Hampshire county, on February 1, 1866; Grant county, from Hardy county, on February 14, 1866; Lincoln county, from parts of Cabell, Putnam, Kanawha and Boone counties, on February 23, 1867; and Summers county, from parts of Greenbrier, Monroe, Mercer and Fayette counties, on February 27, 1871. After the ratification of the Constitution of 1872, Mingo county was created by act of the legislature from Logan county, on February 23, 1895, to make a total of fifty-five counties.]

Powers of Government in Citizens

§2. The powers of government reside in all the citizens of the State, and can be rightfully exercised only in accordance with their will and appointment.

Requisites of Citizenship

§3. All persons residing in this State, born, or naturalized in the United States, and subject to the jurisdiction thereof, shall be citizens of this State.

Equal Representation

§4. Every citizen shall be entitled to equal representation in the government, and, in all apportionments of representation, equality of numbers of those entitled thereto, shall as far as practicable, be preserved.

Provisions Regarding Property

§5. No distinction shall be made between resident aliens and citizens, as to the acquisition, tenure, disposition or descent of property.

Treason, What Constitutes—Penalty

§6. Treason against the State, shall consist only in levying war against it, or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open court. Treason shall be punished according to the character of the acts committed, by the infliction of one, or more, of the penalties, of death, imprisonment or fine, as may be prescribed by law.

“Montani Semper Liberi”—State Seal

§7. The present seal of the State, with its motto, “*Montani Semper Liberi*”, shall be the great seal of the State of West Virginia, and shall be kept by the Secretary of State, to be used by him officially, as directed by law.

Writs, Commissions, Official Bonds—Indictments

§8. Writs, grants and commissions, issued under the authority of this State, shall run in the name of, and official bonds shall be made payable to the State of West Virginia. Indictments shall conclude, “Against the peace and dignity of the State.”

ARTICLE III

Bill of Rights

§1. All men are, by nature, equally free and independent, and have certain inherent rights, of which, when they enter into a state of society, they cannot, by any compact, deprive or divest their posterity, namely: The enjoyment of life and liberty, with the means of acquiring and possessing property, and of pursuing and obtaining happiness and safety.

Magistrates Servants of People

§2. All power is vested in, and consequently derived from, the people. Magistrates are their trustees and servants, and at all times amenable to them.

Rights Reserved to People

§3. Government is instituted for the common benefit, protection and security of the people, nation or community. Of all its various forms that is the best, which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of maladministration; and when any government shall be found inadequate or contrary to these purposes, a majority of the community has an indubitable, inalienable, and indefeasible right to reform, alter or abolish it in such manner as shall be judged most conducive to the public weal.

Writ of Habeas Corpus

§4. The privilege of the writ of habeas corpus shall not be suspended. No person shall be held to answer for treason, felony or other crime, not cognizable by a justice, unless on presentment or indictment of a grand jury. No bill of attainder, ex post facto law, or law impairing the obligation of a contract, shall be passed.

Excessive Bail Not Required

§5. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted. Penalties shall be proportioned to the character and degree of the offense. No person shall be transported out of, or forced to leave the State for any offense committed within the same; nor shall any person, in any criminal case, be compelled to be a witness against himself, or be twice put in jeopardy of life or liberty for the same offense.

Unreasonable Searches and Seizures Prohibited

§6. The rights of the citizens to be secure in their houses, persons, papers and effects, against unreasonable searches and seizures, shall not be violated. No warrant shall issue except upon probable cause, supported by oath or affirmation, particularly describing the place to be searched, or the person or thing to be seized.

Freedom of Speech and Press Guaranteed

§7. No law abridging the freedom of speech, or of the press, shall be passed; but the legislature may by suitable penalties, restrain the publication or sale of obscene books, papers, or pictures, and provide for the punishment of libel, and defamation of character, and for the recovery, in civil actions, by the aggrieved party, of suitable damages for such libel, or defamation.

Relating to Civil Suits for Libel

§8. In prosecutions and civil suits for libel, the truth may be given in evidence; and if it shall appear to the jury, that the matter charged as libelous is true, and was published with good motives, and for justifiable ends, the verdict shall be for the defendant.

Private Property, How Taken

§9. Private property shall not be taken or damaged for public use, without just compensation; nor shall the same be taken by any company, incorporated for the purposes of internal improvement, until just compensation shall have been paid, or secured to be paid, to the owner; and when private property shall be taken, or damaged, for public use, or for the use of such corporation, the compensation to the owner shall be ascertained in such manner, as may be prescribed by general law: Provided, that when required by either of the parties, such compensation shall be ascertained by an impartial jury of twelve freeholders.

Safeguards for Life, Liberty and Property

§10. No person shall be deprived of life, liberty, or property, without due process of law, and the judgment of his peers.

Political Tests Condemned

§11. Political tests, requiring persons, as a prerequisite to the enjoyment of their civil and political rights, to purge themselves by their own oaths, of past alleged offenses, are repugnant to the principles of free government, and are cruel and oppressive. No religious or political test oath shall be required as a prerequisite or qualification to vote, serve as a juror, sue, plead, appeal, or pursue any profession or employment. Nor shall any person be deprived by law, of any right, or privilege, because of any act done prior to the passage of such law.

Military Subordinate to Civil Power

§12. Standing armies, in time of peace, should be avoided as dangerous to liberty. The military shall be subordinate to the civil power; and no citizen, unless engaged in the military service of the State, shall be tried or punished by any military court, for any offense that is cognizable by the civil courts of the State. No soldier shall, in time of peace, be quartered in any house, without the consent of the owner; nor in time of war, except in the manner to be prescribed by law.

The senators first elected, shall divide themselves into two classes, one senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the senate may determine, shall hold their seats for two years, and the second for four years, so that after the first election, one-half of the senators shall be elected biennially.

Division of State Into Senatorial Districts

§4. For the election of senators, the State shall be divided into twelve senatorial districts, which number shall not be diminished, but may be increased as hereinafter provided. The district shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the legislature shall alter the senatorial districts, so far as may be necessary to make them conform to the foregoing provision.

Senatorial Districts Designated

§5. §7. After every census the delegates shall be apportioned as follows: The ratio of representation for the house of delegates shall be ascertained by dividing the whole population of the State by the number of which the house is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate district, and of every county not included in a delegate district, by the ratio thus ascertained, there shall be assigned to each a number of delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional delegates necessary to make up the number of which the house is to consist, shall then be assigned to those delegate districts, and counties not included in a delegate district, which would otherwise have the

largest fractions unrepresented; but every delegate district and county not included in a delegate district, shall be entitled to at least one delegate.

§8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first delegate district, and elect three delegates; Ritchie and Calhoun, the second, and elect two delegates; Barbour, Harrison and Taylor the third, and elect one delegate; Randolph and Tucker, the fourth, and elect one delegate; Nicholas, Clay and Webster the fifth, and elect one delegate; McDowell and Wyoming the sixth, and elect one delegate.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two delegates each.

To Kanawha County, three delegates.

To Ohio County, four delegates.

Arrangement of Senatorial and Delegate Districts

§10. The arrangement of the senatorial and delegate districts, and apportionment of delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the legislature, to be thereafter held, and shall continue in force unchanged, until such districts shall be altered, and delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State

§11. Additional territory may be admitted into, and become part of this State, with the consent of the legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the senate and house of delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

Legislature, or to any office of honor, trust, or profit in this State, until he shall have duly accounted for and paid over such money according to law.

Senators and Delegates Not to Hold Civil Office for Profit

§15. No senator or delegate, during the term for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

Oath of Senators and Delegates

§16. Members of the legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability;" and they shall also take this further oath, to-wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as senator (or delegate) on any bill, resolution or appropriation, or for any act I may do or perform as senator (or delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

§17. Members of the legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place.

Time of Assembly of Legislature

§18. The legislature shall assemble annually at the seat of government, and not oftener, unless convened by the governor. Regular sessions of the legislature shall commence on the second Wednesday of January of each year. Notwithstanding any other provisions of the Constitution, the board of public works shall, on and after the effective date hereof, submit to the legislature an annual budget prepared as otherwise required by the Constitution.

During any thirty-day session, the Legislature shall consider no other business than the annual budget bill, except such as may be stated in a proclamation issued by the governor at least ten days prior to the convening of the session, or such business as may be stated by the legislature on its own motion in a concurrent resolution adopted by a two-thirds vote of the members elected to each house. All regular sessions may be extended by the concurrence of two thirds of the members elected to each house.

[Editor's note.—This section originally read as follows: "No session of the legislature, after the first, shall continue longer than forty-five days, without the concurrence of two-thirds of the members elected to each house." By the first amendment, proposed by Senate Joint Resolution No. 3, Acts 1919, p. 498, submitted by Acts 1919, c. 127, and ratified on November 2, 1920, it was amended to read: "All sessions of the legislature, other than extraordinary sessions, shall continue in session for a period not exceeding fifteen days from date of convening, during which time no bills shall be passed or rejected, unless the same shall be necessary to provide for a public emergency, shall be specially recommended by the governor and passed by a vote of four-fifths of the members elected to each house; whereupon, a recess of both houses must be taken until the Wednesday after the second Monday of March following. But all regular sessions may be extended by the concurrence of two-thirds of the members elected to each house."

By the third amendment, proposed by Senate Joint Resolution No. 4, Acts 1953, p. 612, submitted by Acts 1953, c. 31, and ratified on November 2, 1954, this section was amended to read as set out above.]

But such imprisonment shall not extend beyond the termination of the session, and shall not prevent the punishment of any offense, by the ordinary course of law.

Accounting for State Monies

§27. Laws shall be enacted and enforced, by suitable provisions and penalties, requiring sheriffs, and all other officers, whether State, county, district or municipal, who shall collect or receive, or whose official duty it is, or shall be, to collect, receive, hold or pay out any money belonging to, or which is, or shall be, for the use of the State or of any county, district, or municipal corporation, to make annual account and settlement therefor. Such settlement, when made, shall be subject to exceptions, and take such direction, and have only such force and effect, as may be provided by law; but in all cases, such settlement shall be recorded, and be open to the examination of the people at such convenient place or places as may be appointed by law.

And no act of the legislature, except such as may be passed at the first session under this Constitution, shall take effect until the expiration of ninety days after its passage, unless the legislature shall by a vote of two-thirds of the members elected to each house, taken by yeas and nays, otherwise direct.

§31. When a bill or joint resolution, passed by one house, shall be amended by the other, the question on agreeing to the bill, or joint resolution, as amended shall be again voted on, by yeas and nays, in the house by which it was originally passed, and the result entered upon its journals; in all such cases, the affirmative vote of a majority of all the members elected to such house shall be necessary.

“Majority” Defined

§32. Whenever the words, “a majority of the members elected to either house of the legislature”, or words of like import, are used in this Constitution, they

shall be construed to mean a majority of the whole number of members to which each house is, at the time, entitled, under the apportionment of representation, established by the provisions of this Constitution.

No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers or any other purpose whatever. Notwithstanding any other provision of the Constitution, the compensation herein provided for shall be paid to each member of the legislature on and after the adoption of this amendment.

[**Editor's note.**—The first amendment of this section was proposed by Senate Joint Resolution No. 3, Acts 1919, p. 498; submitted by Acts 1919, c. 127; and ratified on November 2, 1920. The only change made in this section was to increase the compensation of members, exclusive of traveling expenses, from four dollars per day to five hundred dollars per annum.

The second amendment was proposed by Senate Joint Resolution No. 4, Acts 1953, p. 612; submitted by Acts 1953, c. 31; and ratified on November 2, 1954. It increased the annual compensation of members to fifteen hundred dollars, limited expenses of traveling to and from the seat of government to one round trip in connection with each session, and inserted the proviso relating to travel expenses in connection with party caucuses. It also increased the additional compensation of the speaker of the house and the president of the senate from two to five dollars a day and added the last sentence.]

The Budget System

§51. The legislature shall not appropriate any money out of the treasury except in accordance with the following provisions:

Subsection A

Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter mentioned.

Subsection B

First: Within ten days after the convening of the legislature, unless such time shall be extended by the legislature for the sessions at which the budget is to be submitted, the board of public works, which shall consist of the governor, secretary of state, auditor, treasurer, attorney general, superintendent of free schools and commissioner of agriculture, shall submit to the legislature, two budgets, one for each of the ensuing fiscal years: Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) The revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the board of public works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second: Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) For the legislature as certified to the board of public works in the manner hereinafter provided; (2) for the executive department; (3) for the judiciary department, as provided by law, certified to the

governor by the auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution, and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

Third: The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The board of public works shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The board of public works may, before final action thereon by the legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the legislature by delivering such an amendment or supplement to the presiding officers of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein; *provided, however*, that the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the governor.

Fourth: The governor and such representatives of the boards, officers and commissions of the State expending or applying for State's money as have been designated by the board of public works for this purpose, shall have the right, and when requested by either house of the legislature it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Subsection C—Supplementary Appropriation Bills

Neither house shall consider other appropriations until the budget bill has been finally acted upon by both houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each house by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Subsection D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of

such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The board of public works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state moneys and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The estimates for the legislative department, certified by the presiding officer of each house, of the judiciary, as provided by law, certified by the auditor, and for the public schools, as provided by law, shall be transmitted to the board of public works, in such form and at such time as it shall direct, and shall be included in the budget.

The board of public works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state moneys. After such public hearings it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, except amendments thereto heretofore made and ratified by the people, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the governor from calling extraordinary sessions of the legislature, as provided by section seven of article seven, or as preventing the legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

But any tax measured by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

[**Editor's note.**—The amendment of this section was proposed by Senate Joint Resolution No. 1, Acts 1957, p. 837; submitted by Acts 1957, c. 19; and ratified on November 4, 1958. The amendment rewrote this section. Prior to the amendment this section pertained only to the State superintendent of free schools.]

But any portion of said interest remaining unexpended at the close of the fiscal year shall be added to and remain a part of the capital of the "school fund": Provided, that all taxes which shall be received by the State upon delinquent lands, except the taxes due to the State thereon, shall be refunded to the county or district by or for which the same were levied.

[**Editor's note.**—The Irreducible School Fund Amendment, ratified on November 4, 1902, and set forth at the end of the Constitution, provides that the accumulation of the school fund provided for in this section shall cease, that all moneys in the fund over one million dollars and interest on the fund shall be used for support of the free schools, and that all money and taxes formerly payable into the treasury to the credit of the school fund shall be credited to the general school fund for the support of the free schools.]

All private rights and interests in lands in this State derived from or under the laws of the State of Virginia, and from or under the Constitution and laws of this State prior to the time this Constitution goes into operation, shall remain valid and secure and shall be determined by the laws in force in Virginia, prior to the formation of this State, and by the Constitution and laws in force in this State prior to the time this Constitution goes into effect.

Land Entry Prohibited

§2. No entry by warrant on land in this State shall hereafter be made.

Forfeited Lands

§3. All title to lands in this State heretofore forfeited, or treated as forfeited, waste and unappropriated, or escheated to the State of Virginia, or this State, or purchased by either of said states at sales made for the nonpayment of taxes and become irredeemable, or hereafter forfeited, or treated as forfeited, or escheated to this State, or purchased by it and become irredeemable, not redeemed, released or otherwise disposed of, vested and remaining in this State, shall be, and is hereby transferred to, and vested in any person (other than those for whose default the same may have been forfeited or returned delinquent, their heirs or devisees), for so much thereof as such person has, or shall have had actual continuous possession of, under color or claim of title for ten years, and who, or those under whom he claims, shall have paid the State taxes thereon for any five years during such possession; or if there be no such person, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees) for so much of said land as such person shall have title or claim to, regularly derived, mediately or immediately from, or under a grant from the commonwealth of Virginia, or this State, not forfeited, which but for the title forfeited, would be valid, and who, or those under whom he claims has, or shall have paid all State taxes charged or chargeable thereon for five successive years, after the year 1865, or from the date of the grant, if it shall have issued since that year; or if there be no such person, as aforesaid, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have had claim to and actual continuous possession of, under color of

title for any five successive years after the year 1865, and have paid all state taxes charged or chargeable thereon for said period.

Former Owner's Privilege

§5. The former owner of any such land, shall be entitled to receive the excess of the sum for which the land may be sold over the taxes charged and chargeable thereon, or which, if the land had not been forfeited, would have been charged or chargeable thereon, since the formation of this State, with interest at the rate of twelve per centum per annum, and the costs of the proceedings, if his claim be filed in the circuit court that decrees the sale, within two years thereafter.

Land Books—Taxes

§6. It shall be the duty of every owner of land, or of an undivided interest therein, to have such land, or such undivided interest therein, entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with taxes legally levied thereon and pay the same. When, for any five successive years, the owner of any tract of land, or undivided interest therein, shall not have been charged on such land books with State, county and district taxes thereon, then, by operation hereof, the land, or undivided interest therein, shall be forfeited, and title vested in the State. But if, for any one or more of such five years, the owner of such land, or of any undivided interest therein, shall have been charged with State, county and district taxes on any part of such land, such part thereof, or undivided interest therein, shall not be forfeited for such cause. [**Editor's note.**—The amendment of this section was proposed by House Joint Resolution No. 4, Acts 1933, 2nd Ex. Sess., p. 583; submitted by Acts 1933, 2nd Ex. Sess., c. 72; and ratified on November 6, 1934. The amendment rewrote this section. Prior to the amendment this section provided for the forfeiture of tracts containing one thousand acres or more, did not expressly provide for owners of undivided interests, and did not mention county and district taxes.]

It was held, before the amendment, that although this section provided for the forfeiture of lands containing one thousand acres or more, it did not limit such forfeiture to such tracts, and that an act providing for the forfeiture of a less number of acres than one thousand, for nonentry upon the land books, was merely cumulative and not inhibited by this section of the Constitution. See *State v. Swann*, 46 W. Va. 128, 33 S. E. 89 (1899).]

ARTICLE XIV

Amendments

§1. No convention shall be called, having the authority to alter the Constitution of the State, unless it be in pursuance of a law, passed by the affirmative vote of a majority of the members elected to each house of the Legislature and providing

that polls shall be opened throughout the State, on the same day therein specified, which shall not be less than three months after the passage of such law, for the purpose of taking the sense of the voters on the question of calling a convention. And such convention shall not be held unless a majority of the votes cast at such polls be in favor of calling the same; nor shall the members be elected to such convention, until, at least, one month after the result of the vote shall be duly ascertained, declared and published. And all acts and ordinances of the said convention shall be submitted to the voters of the State for ratification or rejection, and shall have no validity whatever until they are ratified.

How Amendments Are Made

§2. And if a majority of the qualified voters, voting on the question at the polls held pursuant to such law, ratify the proposed amendment, it shall be in force from the time of such ratification, as part of the Constitution of the State. If two or more amendments be submitted at the same time, the vote on the ratification or rejection shall be taken on each separately, but an amendment may relate to a single subject or to related subject matters and may amend or modify as many articles and as many sections of the Constitution as may be necessary and appropriate in order to accomplish the objectives of the amendment.

(2) The funding or refunding of all or any part of the bonds heretofore issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty. Said bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty, may be so funded or refunded either on the maturity dates of said bonds or on any date on which said bonds are callable prior to maturity, and if any of said bonds have not matured or are not then callable prior to maturity, the legislature may nevertheless provide at any time for the issuance of refunding bonds to fund or refund such bonds on the dates when said bonds mature or on any date on which said bonds are callable prior to maturity, and for the investment or reinvestment of the proceeds of such refunding bonds in direct obligations of the United States of America until the date or dates upon which such bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty mature or are callable prior to maturity.

The additional taxes on cigarettes and nonintoxicating beer and additional charges on the sale of each bottle of alcoholic liquor, provided for in chapters six, one hundred eighty-four and one hundred eighty-seven of the acts of the legislature of West Virginia, regular session, one thousand nine hundred fifty-one, shall continue to be pledged for the payment of the principal of and interest on bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty, or bonds issued pursuant to this amendment to fund or refund such bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty: Provided, however, that upon the funding or refunding of all outstanding bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty, or the deposit in trust of sufficient funds

The proceeds of said bonds hereby authorized to be issued and sold shall be used and appropriated solely for the building and construction of State roads and highways provided for by this Constitution and the laws enacted thereunder. Such bonds may be issued and sold in amounts not to exceed twenty million dollars in any fiscal year. When a bond issue as aforesaid is authorized, the legislature shall, at the same time provide for the collection of an annual State tax sufficient to pay as it may accrue the interest on such bonds and the principal thereof within and not exceeding twenty-five years. Such tax shall be levied in any year only to the extent that the moneys in the State road fund irrevocably set aside and appropriated for and applied to the payment of the interest on and principal of said bonds becoming due and payable in such year are insufficient therefor.

The authority to issue and sell and have outstanding additional bonds granted by the amendment to the Constitution proposed by Senate Joint Resolution No. 15, adopted February 15, 1919, and afterwards ratified by a vote of the people, is hereby revoked as of January 1, 1965, but said amendment shall in all other respects remain in full force and effect.

THE WEST VIRGINIA HILLS
OFFICIAL STATE SONG
Adopted by West Virginia Legislature, Feb. 3, 1961

H. E. Engle
Edited by: C. Buell Agey
8/19/60

Ellen King
(Text slightly altered. CBA)

1. Oh, the West Vir-gin-ia hills! How mes-ter-ic and how grand, With their sum-mits bathed in glo-ry, Like our
2. Oh, the West Vir-gin-ia hills! Where my child-hood hours were passed, Where I spent my days so hap-pily, And the

Prince in-man-u-el's Land! Is it a-ny won-der then, That my heart with the West Vir-gin-ia hills, as I
fu-ture tried to cast; He-my are our vi-sions bright, Which the fu-ture of my life will be, but how

CHORUS

stand once more with loved ones On those West Vir-gin-ia hills? Oh, - the hills, beau-ti-ful
my very my day - dreams On those West Vir-gin-ia hills! beau-ti-ful hills

hills, beau-ti-ful hills, How I love those West Vir-gin-ia hills! If o'er
beau-ti-ful hills! beau-ti-ful hills!

see o'er land I roam, Still I'll think of hap-py home, And my friends among the West Vir-gin-ia hills.

- | | |
|---|--|
| <p>3. Oh, the West Virginia hills!
How unchang'd they seem to stand,
With their summits pointed skyward
To the Great Almighty's Land!
Many changes I can see,
Which my heart with sadness fills;
But no changes can be noticed
In those West Virginia hills.
(Chorus)</p> | <p>4. Oh, the West Virginia hills!
I must bid you now adieu.
In my home beyond the mountains
I shall ever dream of you;
In the evening time of life,
If my Father only wills,
I shall still behold the vision
Of those West Virginia hills.
(Chorus)</p> |

WEST VIRGINIA CHILDREN'S HOME

Elkins

Superintendent: Miss Betty Lou Bambrick. Financial Secretary: Wanda Siler. Children: 30.

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an additional unit was built to the two-story brick structure located on the 20-acre tract of land, located on Heavener Avenue. The purpose of the Home is to provide for orphaned and neglected children between the ages of 6 to 14 home training and educational opportunity through the 12th grade. Children are admitted to the Home either by a court order or the Department of Child Welfare to be kept, maintained, educated and trained until they can return to their former homes or placed in foster homes. In addition to the 20 acres of the Home campus, the institution owns 10 acres of farm land located on Leading Creek and 117 acres known as the Darby Memorial Farm, located at Woolwine Hollow. At the present time a modern two-room school is operated on the Home Campus by the Randolph County Board of Education, where the children attend classes until they complete the 6th grade, after which they complete their education in the Elkins Junior and Senior High Schools. The modern school building which was completed in 1968 provides the latest techniques of modern education which enhances the educational opportunities of the children. The Home provides all school supplies and educational aids in keeping the best educational standards. Religious training is provided by the local churches, and the children attend Sunday School and Church each Sunday. The children take part in various Youth activities of the community and those provided by the local churches. The campus is equipped with playground equipment and an open air swimming pool.

COLIN ANDERSON CENTER

St. Marys

Superintendent: Eladio E. Mazon, M.D. Business Manager: William J. Murphy. George Lancianese, Supervisor Special Education-Adjunctive Therapies. Average daily resident population: 515.

The Colin Anderson Center is located four miles north of St. Marys, on State Route 2, in Pleasants County. It was established in 1921, by an act of the Legislature, as the West Virginia Training School. A 1965 Legislative Act changed the name of the institution to the Colin Anderson Center, in honor of the late Dr. Anderson, who served as Superintendent, with dedication and devotion, from 1958 until his death in 1964.

The property consists of 694 acres, part of which is under cultivation. A dairy herd and a modern pasteurization plant is maintained. Designed as a training facility, it has over the years accumulated a large number of severely retarded whose potential for profiting from training programs is limited. Despite the nature of the population, intensive training programs have been developed and small numbers of residents are being released to productive semi-independent lives in the community.

This facility is not sufficiently large to meet the ever-increasing need throughout the state, but present philosophy dictates that community-based facilities, rather than large state institutions, offer the most promise for the future. Funds for capital improvements are designed to augment present facilities rather than increase the bed capacity at this institution.

Under a Federally-funded Hospital Improvement Project under the auspices of Colin Anderson Center a readjustment house has recently opened in the nearby city of Parkersburg, with a program designed to provide training in social skills, work habits and use of leisure time for older residents of the center who have progressed to the point of imminent return to the community.

The Center is operated for the purpose of providing complete care for mentally retarded children. The aims of the Center are to promote happiness, self-reliance, socialization, vocational training, and to attempt to equip those children who are able to return to community life.

Medical and dental care is offered, along with classes of an educational and vocational nature. Occupational therapy classes are planned to develop potential skills, and are graded and diversified in an endeavor to reveal any latent abilities. A Vocational Rehabilitation Unit was established at the Center in January, 1965. Children are also accepted for training courses at the Rehabilitation Center at Institute. It is recognized that some children are unable to benefit from a training program, and for these, custodial care is provided, always with a view to increasing their comfort and safety, as well as promoting some degree of self-care and independence.

A large recreation hall provides facilities for indoor games and has a stage for the presentation of the children's programs and for programs given by community groups. Three school buses are available to take the children to outside community activities. In 1964 a charter was granted for a Boy Scout Troop and the organization of a Girl Scout Troop is now in the planning stages. In use during the summer months are a swimming pool 60' x 30' and a wading pool 75' x 45' for the smaller children. Supervised outdoor playground activities are available and there is a picnic area and day camp with tables and other facilities.

Located on the grounds are: An administration and ancillary services building, which includes a beauty shop and a barber shop; two cottage wards; a large dormitory building; a staff apartment building; a modern laundry; and a crib ward building. The crib ward opened in June 1964, and has 200 beds divided into ten and twenty bed wards. It is air conditioned and has two solariums which have solar glass to filter out ultra violet light. This building contains X-ray, electrocardiograph and electroencephalogram departments, a dental unit and laboratory. There are also two infirmaries of ten beds each; examination and treatment room; and physiotherapy department. The Center has a staff of 367.

WEST VIRGINIA FORESTRY CAMP FOR BOYS

Davis

Superintendent: Kenneth Rubenstein. Business Manager: Orland J. Massi. Enrollment: 86.

West Virginia Forestry Camp for Boys is located at Davis, Tucker County, West Virginia, one mile west of Rt. 32. It was authorized by an Act of Legislature in 1955 and was established in 1956. It houses youthful male offenders between the ages of sixteen and twenty-one who have been convicted of or pleaded guilty to a criminal offense, other than a capital offense, and who in the opinion of the committing court, is amenable to discipline other than in close confinement. The period of confinement is one year, or longer if it is deemed advisable by the Camp Superintendent, but in any event it shall not exceed two years.

It is strictly an honor institution and its training program consists of four separate, yet well integrated phases. These being: (1) Work Program; (2) Educational Program; (3) Recreational Program; (4) Individual and Group Counseling. All of these are of equal value and importance.

The work program incorporates various aspects. Outdoor activities are conducted in cooperation with the West Virginia Conservation Commission in the upkeep and general maintenance of the Blackwater Falls State Park. Approximately twenty-five per cent of the residents are utilized for various camp jobs. The towns of Thomas and Davis use boys on a daily basis aiding them in maintenance of municipal projects. On several occasions the residents have also aided civic and charitable organizations with their various projects. Let it also be noted that the residents are compensated monetarily for all services rendered.

A year round Recreational Program has been developed with the boys participating in area independent basketball and softball programs. Other sports played are football, volleyball, badminton, tennis and horse shoes.

The Educational Program consists of academic and vocational courses. The chief goal of the Educational Program is to keep those boys minds refreshed that plan on going back to school upon their release and to develop in those that do not go back to school a trade that can be used on the outside.

A counseling program consisting of both individual and group counseling is used very extensively.

Church services are held every Sunday in the Camp Chapel. Provisions are made for Catholic residents to attend church in the local community adjacent to the institution.

From Jones Cottage, the first building, the plant has grown to include the following: Silver Hall Cottage in 1914; Sutton Cottage in 1928; Ava Stanard Cottage in 1942; Barron Hall in 1961. A large four-temperature storage building was completed in 1953. The Home also has its own clinic.

The girls receive standard and first class high school training in a well-planned school program, with classes offered from second grade through twelfth grade. The high school has been in operation since 1937 and since that time 402 girls have been graduated from high school and 954 have graduated from the eighth grade. For two years, a well projected summer program of recreation, remedial reading, arts and crafts, and music has been in effect, with the help of the federal program, for neglected and delinquent children.

A program of rehabilitation is being carried out through the carefully planned work of the school in the dormitories in which the girls live, and the administration of the institution. They also receive religious training with chapel services conducted by a full time Chaplain.

WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS

Grafton

Superintendent: James D. Kerns. Assistant Superintendent: Charles N. Taylor. Business Manager: H. E. Ferrell. Enrollment: 220.

The West Virginia Industrial School for Boys is located at Pruntytown, three miles west of Grafton on U. S. Route 50. It was established by an act of the Legislature in 1889 and formerly opened July 21, 1891. In addition to the principal buildings, which are located on the main campus consisting of approximately 55 acres, the school owns and operates a farm of approximately 1,900 acres on which are located a considerable number of farm buildings. The boys work on the farm during the farming season at which time emphasis is placed on the training value of such a program, directed toward improving work habits and maintaining discipline standards. For use at the School a dairy herd of registered cows is maintained on the farm and the milk is pasteurized and homogenized in the modern plant of the institution.

The School now has a vocational rehabilitation training program consisting of certified vocational instructors for full time vocational instruction in the fields of industrial arts, auto mechanics, welding, electricity, vocational agriculture and building trades. As funds become available, this highly important phase of the program is to be expanded. In addition to this, there are training units in shoe repairing and baking. The School also maintains the following units in which the boys receive a certain amount of training. Painting, plumbing, laundering, woodwork, canning, auto mechanics and carpentry. The academic school is operated on approved state standards and contains grades one through twelve. Educational T.V. is a part of the academic program and instructions are offered in the preparation and presentation of T.V. programs, through closed circuit. In compliance with the state law, those under sixteen years of age are required to attend academic school for a term of ten months each year. A well planned recreation and physical education program operates under the supervision of competent men. Football, basketball, (indoor and outdoor), baseball, softball, volleyball, swimming and horseshoe pitching form the backbone of this program.

A Social Service Department classifies each boy upon his reception, presents him for parole and/or discharge at the proper time and maintains liaison between County and State Authorities. In most instances, the boys are placed in cottages according to their age or size or both. An Honor System has been established as a stimulant to good behavior and achievement for the boys and it is working well. A Drum and Bugle Corps, consisting of approximately 40 boys, is in operation and appears at many parades and festivals through the year, and there is now an active Boy Scout Troop. A full-time Chaplain, especially trained for this work, offers classes in religious education in the academic school and holds weekly religious services for the boys. A program of counseling and guidance is an integral part of the treatment program and is carried on through both individual and group therapy.

BERKELEY SPRINGS SANITARIUM

Berkeley Springs

Superintendent: Cleo B. Yost.

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736, and prior to that, American Indians, who were subject to rheumatism knew of its medicinal qualities and called it the "healing waters." It was the first health and pleasure resort in the colonies. The temperature of the spring water is 74.3 degrees and is invariable, and is helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool with modern dressing facilities and sunbathing, and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel, motel and restaurant facilities.

At no time in the more than two hundred and twenty-five years of resort history, which included patronage of George Washington and Lord Fairfax, were the famous springs so well equipped to treat patients or accommodate the vacationist, as they are today.

For the convenience of our patrons the bath house is now open on week ends the year round.

FAIRMONT EMERGENCY HOSPITAL

Fairmont

Superintendent: Jack C. Morgan, M. D. Business Manager: Lawrence Shingleton.

This general hospital located in Fairmont, Marion County was constructed in 1899 to provide medical services for occupational injuries. It now provides medical

and surgical services for medically indigent citizens in northern West Virginia, and for the thousands of residents and patients in all state Institutions in that area. In addition to payments by private patients to the general revenue fund, it should be remembered that without its services, the state would be obliged to pay thousands upon thousands of dollars each year for the medical and surgical services performed at Fairmont Emergency Hospital on behalf of state patients and wards.

Through a continuing program of planned improvements the physical structure of this hospital is now exceptionally good.

Latest improvements for the fire protection program include a complete sprinkling system throughout the entire hospital; a new building for storage of inflammable equipment and supplies; metal fire doors and a fire prevention school with 99% attendance.

Other improvements to the hospital include the purchase of new equipment such as meditemp refrigerators, work tables, ice makers and food freezers. The private rooms were completely furnished with new furniture including electric beds and air conditioners. The installation of conductive flooring in the operating and delivery rooms with underground electrical system has recently been completed.

HOPEMONT STATE HOSPITAL

Hopemont

Acting Superintendent: Jenard Valencia, M. D. Business Manager: Orville R. Radford. Capacity: 300.

Hopemont State Hospital on a 1,000 acre tract of land, formerly known as Hopemont Sanitarium, is located at Hopemont, near Terra Alta, in Preston County and was founded in 1913 as a hospital for the treatment of tuberculosis. In 1965, legislation was enacted to change the name of the hospital and to convert it to an institution for the chronically ill. In 1968, a distinct part of New Gore Hospital was certified eligible as an extended care facility.

The institution consists of four fireproof hospital units under one roof: Administration Wing, New Gore Hospital, and Units A & B. Conley Hospital, a separate unit, was used to hospitalize prisoners with tuberculosis under maximum security regulations, but since the termination of tuberculosis treatment at this facility it is vacant at this time. Other units of the hospital complex consist of residences, nurses' home, post office, laundry and farm.

A registered Holstein herd is maintained to provide pasteurized milk for the facility, a piggery provides pork, and a sizeable truck farm provides garden products in season.

HUNTINGTON STATE HOSPITAL

Huntington

Superintendent: Gaston P. de Lemos, M.D. Assistant Superintendent: Eugene R. Darby. Business Manager: Julius C. Fry. Average daily resident population: 1,068.

Huntington State Hospital is located in the City of Huntington, having been established by an act of the Legislature in 1897, thus being the second oldest hospital in the State of West Virginia. Huntington State Hospital has a present patient population of 1,059 against a rated bed capacity of only 608. Patients are received from a ten-county region, having a population of 523,560. It is estimated that comprehensive mental health centers to be developed in southern West

Virginia will absorb approximately 253 patients normally served at the Huntington State Hospital and other anticipated reductions should eventually bring the population in this hospital to approximately 608.

The Hospital is maintained and equipped to provide adequate, modern treatment for all types of mental and nervous illness (voluntary, involuntary and court referred), within a ten county jurisdiction, covering the southwestern area of the state. The physical plant includes an administrative building, four ward buildings, three of which are modern and updated, the last one being one of the original structures, slated for replacement in the near future. In addition there are facilities for the laundry, power house, main kitchen, maintenance shops, occupational therapy, recreational therapy and vocational rehabilitation. Medico-surgical services are available in one of the buildings for those patients suffering from acute medical and surgical problems, attended by the hospital permanent staff and by six consultant-specialists from the City of Huntington. In addition to medical and surgical beds, the service includes a modern pharmacy (staffed by a full-time registered pharmacist), a clinical and X-ray laboratory, and electrocardiography facilities.

The medico-psychiatric staff is assisted by professionals in the fields of psychology, social service, psychiatric nursing, alcoholism, recreational therapy, occupational therapy, industrial therapy and rehabilitation—in the treatment of all problems pertaining to mental illness and emotional disturbances, including alcoholism and childhood behavior. Simultaneously, Huntington State Hospital provides a day care program through its Day Care Center, for those patients living within daily traveling distance and who can benefit from partial hospitalization. A rehabilitation center complements the above treatment programs.

Huntington State Hospital is the only state institution with a residential psychiatric affiliation program for student nurses, which is utilized by Wheeling and Parkersburg Schools of Nursing, as well as a non-residential program of affiliation for Marshall University and Morris Harvey College Schools of Nursing.

The Hospital conducts In-Service Training Programs for psychiatric aides, psychiatric nurses, physicians and other professional and sub-professional members of the hospital staff.

LAKIN STATE HOSPITAL

Lakin

Superintendent: Kenneth E. Byrne, M.D. Clinical Director: Margaret T. Ross, M.D. Business Manager: Ward F. Webb. Average daily population: 423.

Lakin State Hospital was founded by an act of the Legislature in 1919 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders; however, the staff and patient population have been integrated since 1954. Presently, the institution is the district hospital for Mason, Jackson, Wood and Putnam counties.

The physical lay-out of Lakin State Hospital on the immediate grounds consists of the following: Building A and Building B, both three story brick structures which houses male and female patients respectively. The Treatment Center for Emotionally Disturbed Children is located in Building C, which also has administrative office areas, laboratory and X-ray unit, and central supply. Recently constructed is a new building which houses the kitchen, dining area for patients, offices for ancillary personnel, library, canteen, conference room, etc. In addition, there are, on the immediate hospital grounds, structures in which certain allied functions of the hospital such as laundry, recreation and work shops are conducted.

Funds appropriated in 1969 together with Federal funds will permit the construction of an activities building including classrooms and the expansion of facilities for the aged, as well as emotionally disturbed children. The spacious

gymnasium now being renovated is used for both patient therapy and employee recreational activities. The Lakin Post Office is also located on these grounds.

The hospital is a member of the Mental Hospital Institute of the American Psychiatric Association and in 1952 received its gold medal for achievement—which is a national award. For eleven years, a Psychiatric Aide of the Year was cited for excellency in the care of mentally ill patients. This, too, was a national recognition by the American Psychiatric Association, until its discontinuance in 1963.

A rehabilitation center is located on the hospital grounds, in what was formerly the male employees' dormitory. In this building are the remedial and special education classrooms, beauty parlor, homemaking unit, manual arts shop and offices for related personnel.

Most of the accepted methods of diagnosis and treatment are utilized including clinical observation, social service, psychological testing, neurological and electroencephalography as indicated, occupational therapy, music therapy, recreational therapy, psychotherapy, educational therapy, and vocational rehabilitation, in addition to full utilization of the tranquilizing drugs, in an effort to maintain the institution as a treatment hospital rather than an institution for custodial care.

PINECREST SANITARIUM

(Tuberculosis)

Beckley

Superintendent: H. S. Edwards, M.D. Business Manager: C. O. Smith, Jr.

Pinecrest Sanitarium, located in Raleigh County at Beckley, was authorized by an act of the Legislature in 1927 and formally opened March 18, 1930. At that time the sanitarium was known as Rutherford Sanitarium but at the session of the 1934 Legislature was changed to Pinecrest Sanitarium.

Pinecrest Sanitarium is located within the city limits of Beckley on Federal Routes 19-21 and State Highways 3-41 with thirty-minute bus service connecting with the city and the Atlantic Greyhound bus lines, also with the C. & O. Railway in Beckley and Prince.

The Sanitarium has a fifty-acre campus, and a 200-acre farm, which is modernly equipped for farming, and a dairy herd of 55 Holstein cows supplying milk for the institution, also a large number of hogs supply pork and pork products, all consumed by the institution. Pinecrest Sanitarium is composed of four modern fireproof units all connected under one roof, with 594 beds for patients, a modern fireproof nurses' home, five modern dwellings for staff physicians, seven cottages for employees, a central heating plant, dairy barn, hog barn, laundry and numerous outside buildings.

An act of the Legislature in 1965 discontinued Hopemont Sanitarium as an institution for tuberculosis patients, thus making Pinecrest the only tuberculosis institution in West Virginia.

The department of Health, Education and Welfare has certified Pinecrest Sanitarium as being qualified to take care of Medicare and Medicaid patients.

Patients admitted to Pinecrest Sanitarium are assigned to individual physicians who carry out therapeutic procedures that are recommended by the entire staff. In this manner, the patient is given the benefit of consultation by the entire medical staff. The Pinecrest staff is composed of a Superintendent, Assistant Superintendent, Thoracic Surgeon, five full-time physicians, two X-ray technicians and two laboratory technicians, with ample office employees.

The ambulatory patients have the privilege of being entertained in the modern auditorium by moving pictures and plays produced by local talent. The Sani-

tarium is modern in every respect, with the most modern equipment available for the treatment of tuberculosis, both surgical and medical. A recreational director and trained medical social workers are employed full-time. The Sanitarium has the services of a full-time Chaplain and assistant.

SPENCER STATE HOSPITAL

Spencer

Superintendent: Leslie J. Borbely, M.D. Acting Business Manager: J. R. Daniell. Average Daily resident population: 953.

The Spencer State Hospital is located in the city of Spencer, Roane County. It was authorized by an act of the Legislature in May, 1887 and formally opened in 1893.

The hospital proper is located on a tract of land comprised of 180 acres. An additional 295 acres is located about two miles from the hospital in an area known as Trotter Lake and it serves as a recreational area for the patients as well as a water shed for the dam that impounds approximately 25,000,000 gallons of water. The hospital staff is composed of twelve physicians, and there is a very well-trained social service department and an active nursing staff which includes seven registered nurses and two practical nurses. The hospital also provides dental treatment and has a modern high speed dental unit. The physically ill are treated in a separate medical department with the newest methods available. Electrocardiogram, laboratory and modern X-ray unit helps in the treatment and diagnoses of these patients.

The Spencer State Hospital adopted the open door policy and at the present time 76% of our patients reside on open wards. There are no mechanical restraints employed at the hospital. All forms of psychiatric treatment, such as psychotherapy, electroconvulsive therapy, chemotherapy and an active occupational and recreational therapies are utilized at the hospital. A new program, a class in remotivation for patients, has been in effect for a year which has added a great deal to the hospital's therapeutic success.

The hospital serves eight counties (Pleasants, Wirt, Calhoun, Roane, Clay, Kanawha, Fayette and Boone) which have a total population of approximately 400,000. In addition to the legally committed patients, the hospital also admits persons who make a voluntary application for admission.

The hospital is indebted to volunteer groups made up of citizens from Roane County and the City of Spencer, who have greatly assisted in the expansion of the occupational therapy and recreational programs.

In January, 1964, a special program was initiated at this institution which incorporates the concept of group orientation in a comprehensive intensive alcohol treatment unit. A trained team consisting of members representing all disciplines, at all levels, from a psychiatrist who is the director and active participant, to and including psychiatric aides, constitutes the therapeutic community principle with regard to the leadership personnel. The patient becomes a member of a group, each of whom interact freely on a very personal basis with one another, which helps to develop interpersonal skills in meaningful communication. This unit is the first of its kind to operate in the State of West Virginia. Since January, 1965, this unit has been strengthened by additional personnel provided by funds supplied by a Federal Hospital Improvement Project Grant amounting to over \$350,000 over a four year period.

WELCH EMERGENCY HOSPITAL**(Surgical)****Welch**

Superintendent: Dr. Jorge Ribeiro. Business Manager: Earl E. Rich.

Welch Emergency Hospital, located in the city of Welch, was established in 1899 on a three-acre tract given to the State by J. J. Sperry for this purpose. It was originally called Miners Hospital and at that time was the only hospital in the city. It now takes care of a large part of surgical and obstetrical cases in Southern West Virginia. There is also considerable work done in pediatrics and geriatrics as well as a large daily out-patient clinic.

The medical staff usually consists of four house physicians in addition to the Superintendent.

During 1967, a total of 18,395 patients were treated, 671 operations performed and 574 babies were delivered. In 1968, there were 2,721 admissions (in patients), 16,174 out-patients, 528 babies delivered and 127 deaths. From Jan. 1, 1965, to December 31, 1968, there were 2297 babies born, more than the combined total at the other two hospitals in Welch. A new building is badly needed and it is hoped one will be erected in the near future.

Personnel and facilities are well above average.

WESTON STATE HOSPITAL**Weston**

Acting Superintendent: Jaime Lazaro, M.D. Business Manager: Howard C. Henderson. Average Daily resident population: 1,784.

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864.

The hospital plant includes several buildings, one of which is specially constructed for the criminally insane in the state. A section of the main building has been isolated from the rest of the hospital and is designated as the West Virginia Soldiers' Home. This is also administered by the hospital staff. Male war veterans are admitted here for treatment. The hospital is equipped to provide a wide variety of treatment, including psychotherapy, chemical therapies, group psychotherapy, cultural enrichment, occupational and recreational therapies, and electroshock therapy. The clinical services consist of psychiatry, general medicine, social service, psychology, nursing, dentistry, X-ray, pathology and clinical laboratory, electroencephalography, and a blood bank. There is an In-Service Training program for psychiatric aides and training of psychologists, social workers, and medical students which is carried out in conjunction with West Virginia University and local colleges.

There is a Vocational Rehabilitation Center on the grounds and a Half-Way House for the training and rehabilitation of the mentally ill.

The hospital has positions for 715 employees. The consulting staff consists of specialists and general physicians as well as professors and instructors from nearby colleges. There are two part-time chaplains at the hospital and other members of the clergy are welcome to visit patients. The volunteer services include 65 service groups of various kinds plus individual volunteers who contribute in a number of areas to the services of the hospital.

A registered herd of Holstein cows is maintained, thus providing the hospital

with an adequate supply of high grade milk, processed in a modern, pasteurization plant fully approved by the State Board of Health.

The buildings and outlying farm operations occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide recreational facilities for the patients.

Recently, Weston State Hospital was reorganized into distinct units which correspond to the community mental health regions served by the hospital. In so doing this hospital has moved out ahead in utilizing one of the most effective concepts of treatment, allowing for unit hospital staff and their community resources to coordinate more effectively services to patients and their families.

The present plant has been improved by a new patient's canteen, updating of the refrigeration facilities, re-location of the Medicare Unit and renovation of the quarters occupied by the Soldiers Home to permit better utilization of this area.

WEST VIRGINIA REHABILITATION CENTER AND WORKSHOP

Joseph E. Lobuts, Administrator.

The West Virginia Rehabilitation Center, located 3.5 miles from Charleston at Institute, is an independent operation of the State Division of Vocational Rehabilitation.

The Center is composed of eleven buildings—several interlocking—situated on a 35 acre tract of land. It is staffed by more than 195 service and professional personnel. The facility provides medical and vocational services needed to rehabilitate the severely disabled. At present, there are 92 types of disabilities served which include such handicaps as mental illness, mental retardation, amputations, blindness, cord injuries, strokes, acute heart defects, cultural or social problems, and speech and hearing difficulties.

The Center is a multi-disability, vocationally oriented facility, using the team approach to provide a wide range of rehabilitation services to handicapped persons to prepare them for gainful employment. The Center has a present capacity of 475, with a waiting list of eligible clients in critical need of services. The Center offers five major categories of rehabilitation services.

1. *Vocational Evaluation*—The Center offers a comprehensive, intensive vocational evaluation program to determine the specific job or range of jobs which the client, in view of his capabilities and limitations, is best suited. The program is suited to the individual's needs. Depending on these needs, the evaluation generally ranges from one to two weeks. A team of therapists, physicians, psychologists, vocational counselors, and social workers assist the client in obtaining a medical and vocational rehabilitation. Depending upon the client's needs, the evaluation may consist of any or all of the following:

- a. Work Evaluation
- b. Functional Studies
- c. Psychological Testing
- d. Social Work-up
- e. Medical Evaluation
- f. Cardiac Work Evaluation
- g. Optical Aids Evaluation

2. *Prevocational Adjustment Training*—The Center offers separate prevocational training courses for male and female clients. Training for males is on-the-job training in the Center Sheltered Workshop activities, building maintenance, and horticulture. Training for females is centered around a homemaking course. Neither course is designed to train the client to be proficient in any particular subject taught, rather to provide a vehicle through which the client receives

intensive counseling and opportunity to work with others in the atmosphere which basic work and social skills may be absorbed by the client. A part of this prevocational training is a mobility and adjustment service for the visually handicapped. The objective of this program is to promote readiness of the blind or the visually handicapped client for vocational training or placement through special mobility instruction and vocational evaluation. Course emphasis is dictated by the individual client needs.

3. *Vocational Training*—Vocational training offered at the Center is designed specifically for agency clients. It is not intended to duplicate or supplant vocational training programs elsewhere in the state. Each course is planned for individual instruction within an established course outline, and thus, each course is flexible enough to meet the needs of the individual client. Major training courses include stenography, accounting, clerk-typist, drafting, radio-TV servicing, upholstery, auto mechanics, auto body repair, auto servicing, electrical appliance repair, laundry operation, sewing, cooking and baking, kitchen and dining room helpers, hotel-motel aide, offset printing, nurse aide, orderly, watch repair, sheet metal, building maintenance and janitorial, horticulture, keypunch and data processing.

4. *Rehabilitation Treatment*—The Center offers a comprehensive medical service program under the supervision of a medical director, a licensed physician, a dentist and carried out by staff of medical specialists, therapists, nurses, and others. The program consists of two major areas of services: Medical maintenance and Rehabilitation Treatment.

5. *Sheltered Work Experience (Sheltered Workshop)*—The Center Sheltered Workshop offers a program of sheltered work experience for clients. Through this experience, any or all of the following rehabilitation purposes may be served for the client.

- a. Job Tryout
- b. Adjustment and Prevocational Training
- c. Work Conditioning
- d. Work Application

6. *Other Services*

- a. Remedial Education
- b. GED Testing
- c. Civil Service Examination

REHABILITATION HOUSES

Huntington

The West Virginia Division of Vocational Rehabilitation operates two Rehabilitation Houses in a quiet residential section of Huntington for the benefit of discharged mental patients. The homes—which are often referred to as “Halfway Houses”—are intended to ease the abrupt transition between the state mental institution and the patient’s home community. Only patients who have previously been treated at a state mental institution are eligible to receive services from the two homes.

Both houses are three-story brick homes—nicely furnished with attractive surroundings. The House for Women can accommodate twelve residents and two houseparents. The House for Men has a capacity of 15, including houseparents.

All of the patients who are sent to the houses are assigned household duties and are encouraged to accept gainful employment in the community. Home-cooked meals and an active recreation program, both within the houses and the community, help to make life pleasant for the former patients. All are on self-

medication and are visited once each week by a physician from Huntington State Hospital.

Vocational training or re-training is provided to those who show a need for it. This may be offered through the State Rehabilitation Center, local trade schools, colleges, or through local business firms which are willing to provide on-the-job instruction. Successful job placement of the Rehabilitation House resident is the ultimate goal of all rehabilitation efforts. This is probably the biggest step for the ex-patient in his return to community living.

STATE COLLEGES

WEST VIRGINIA UNIVERSITY

Morgantown

Teacher, student, healer, artist, scientist, grower of food and forest, builder of a better world . . . these are the many faces of West Virginia University. It seeks to reconstruct the past, to understand the present, to glimpse and help create the future. The University's concerns embrace the breadth of life . . . plants and animals, man's health, his polluted environment, his prosperity, his comfort, his humanity.

The more than 20,000 students that WVU serves each year are young and old . . . from every West Virginia county and in East Africa (where the University conducts a federally funded agricultural education program). They are coal miners and industrial workers receiving technical training, company engineers keeping up with the newest technology, 18 to 21 year olds discovering the excitement of new ideas, tomorrow's doctors and engineers, teachers continuing their education, firemen, housewives learning about art and how to become wiser consumers.

WVU's organization into 17 colleges, schools and divisions indicates the variety of its intellectual life: The College of Agriculture and Forestry, College of Arts and Sciences, Center for Appalachian Studies and Development, College of Commerce, Creative Arts Center, School of Dentistry, College of Engineering, Graduate School, College of Human Resources and Education, School of Journalism, College of Law, School of Medicine, Divisions of Military Science and Air Force Aerospace Studies, School of Mines, School of Nursing, School of Pharmacy, School of Physical Education.

The most significant development in WVU's recent history has been its emergence as a regional center for graduate and professional education. In its first Century (1867-1967), the University awarded 12,372 graduate degrees. But more doctor's degrees (194) were awarded from 1965 through 1968 than since the Graduate School was established in 1930. Enrollment in graduate and professional schools more than tripled from 1955-56 to 1966-67 while undergraduate enrollment almost doubled.

This spectacular growth of the graduate program, with the number of doctoral degrees granted increasing an average of 47 per cent each year since 1962, has established WVU as a research center and also has improved the quality of undergraduate instruction.

West Virginia University's dramatic growth in physical facilities from 1957-58 through 1967-68 has been equaled by few universities of its size in the nation. During that decade, more than \$93 million in new buildings and facilities either have been built or are under construction on the three Morgantown campuses.

They include a \$7.9 million Creative Arts Center, engineering and agriculture buildings costing \$10 million, the \$27.5 million Medical Center complex, \$18.4 million in dormitories and apartments, a \$2.4 million forestry building, \$4 million in

chemistry facilities, a \$10.5 million coliseum, the \$6.7 million campus activities center (Mountainlair) with its adjoining plaza and parking garage. A \$3 million Law Center to house the College of Law is now being planned.

CONCORD COLLEGE

Athens

A nationally-recognized and fully-accredited coeducational liberal arts and teacher education institution, Concord College was founded in 1872. It is located in the town of Athens, Mercer County, which is situated close to the southern

terminus of the West Virginia turnpike. In addition to this strategic travel location, the mountainous environment (elevation 2,600 feet) provides an ideal year-around climate.

Enrollment for the 1968-1969 academic year totalled approximately 1,800 students in the regular term and 800 during the summer, and there are 126 faculty and professional staff members. These students and staff members represent the major geographical areas and educational institutions in the United States.

A campus complex composed of 25 buildings valued at \$23 million provides an excellent setting for study and recreation. Within this complex, one of the main features is The Oakey Logan Alexander Center for the Creative and Performing Arts which houses the fine arts—art, music, and theater. This impressive \$3 million structure consists of two basic multi-level structures—one for the visual arts and the other for theater and music; a third area links the two basic areas together and provides for galleries, lobbies and lounges.

Additions to the campus complex which are now under construction or authorized by appropriations include a new \$2.5 million health and physical education facility and faculty housing units.

The College grants the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Science in Business Administration, and Bachelor of Science in Medical Technology. Special programs include study in early childhood education, computer science, library science, home economics, and health and physical education. Pre-professional programs are available for medicine, dentistry, law, social work, graduate work, the ministry and other professions. A cooperative arrangement with Union College in Schenectady, New York, provides special opportunities for students in the fine arts, physical and biological science, mathematics, and foreign study. The usual undergraduate majors in the arts and sciences and fields for teacher certification are offered.

The College is fully accredited by the North Central Association and the National Council for the Accreditation of Teacher Education, and it is recognized by the American Association of University Women. Concord is a member of various national and regional educational and athletic organizations including the American Council on Education, the Regional Council for International Education, the Association of American Library Association, and the National Association of Inter-collegiate Athletics.

U. S. ARMY ENGINEER DISTRICT, HUNTINGTON CORPS OF ENGINEERS

502 Eighth Street, Huntington, West Virginia 25721

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the eastern Panhandle, which is in the Potomac River Basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River Basin in West Virginia downstream from New Martinsville in Wetzel County. The Pittsburgh District encompasses the upstream remainder of the Ohio River Basin including the Basin of the Monongahela River. The Potomac River Basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in the entire State of West Virginia rests with the U. S. Army Engineer District, Louisville, Kentucky, Corps of Engineers.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and three navigation structures on the Monongahela River. Operation of the former Federal navigation projects on the Little Kanawha and Big Sandy Rivers for commercial navigation has been discontinued and the properties transferred to State or local interests. Navigation is not a feature of the Potomac River located in West Virginia.

Improvement of the navigation facilities on the Ohio River includes construction of modern high lift structures to replace existing obsolete dams. Seven of these structures are complete. Greenup Locks and Dam, Greenup, Kentucky, replaced Locks and Dams 27 and 28 in West Virginia, 29 and 30 in Kentucky. New Cumberland Locks and Dam, New Cumberland, West Virginia, replaced Locks and Dams 7, 8 and 9 in West Virginia. Pike Island Locks and Dam, Wheeling, replaced Locks and Dams 10 and 11 in West Virginia, Belleville Locks and Dam, Belleville, West Virginia, replaced Locks and Dams Nos. 18, 19 and 20. Others completed are Markland Locks and Dam, Markland, Indiana, McAlpine Locks and Dam, Louisville, Kentucky, and Captain Anthony Meldahl Locks and Dam, Chilo, Ohio. Other navigation structures now under construction on the Ohio River in West Virginia are: Racine Locks and Dam, Letart, West Virginia, which will replace existing Locks and Dams 21, 22 and 23; Hannibal Locks and Dam, New Martinsville, West Virginia, which will replace Locks and Dams 12, 13 and 14; and Willow Island Locks and Dam, Waverly, West Virginia, which will replace Locks and Dams 15, 16 and 17. West Virginia will benefit from the construction of these modern navigation improvements on the Ohio River. Additional projects are under way on the lower Ohio River.

Modernization of the obsolete navigation structures in the upper reaches of the Monongahela River also is in progress and is essentially complete. Hildebrand, Morgantown and Opekiska Locks and Dams are complete. Replacement of Locks No. 8, now being studied, would complete modernization of the upper river. Maxwell Locks and Dam, integrated with reconstruction of Dam No. 4, improves the middle Monongahela in Pennsylvania.

Multi-purpose reservoir projects constructed by the Army Engineers within the state include Bluestone Lake on New River at Hinton, Sutton Lake on Elk River at Sutton, Tygart Lake on Tygart River near Grafton, and Summersville Lake on Gauley River near Summersville. Reservoirs under construction or to be placed under construction soon include East Lynn and Beech Fork Lakes in the Twelvepole Creek Basin near Huntington, R. D. Bailey Lake on Guyandot River near Gilbert, Bloomington Lake on North Branch, Potomac River, and Burnsville Lake on Little Kanawha River. Reservoir projects under design or advanced planning are Rowlesburg Lake on Cheat River near Rowlesburg, Stone-wall Jackson Lake on West Fork River, and West Fork Lake on West Fork of Little Kanawha River.

Local protection projects completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W. Va.-Cumberland, Md. (one project), Elkins, and Williamson. Channel improvement projects have been completed on Brush Creek at Princeton, and on Meadow River at East Rainelle, and channel improvement work is presently under way on Buckhannon River at Buckhannon. Several completed small flood control projects and snagging and clearing projects have reduced or alleviated flood damage along the smaller tributaries of the main rivers within the State.

UNITED STATES MARINE CORPS

United States Marine Corps activities in West Virginia include one organized reserve company with a total authorized strength of 113 officers and men, and a regular Marine Corps recruiting station in South Charleston with sub-offices located in six major West Virginia cities and Bristol, Virginia.

The present Marine reserve units were organized during and after the Korean conflict. There were two Marine Reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June 1950.

Each reserve unit has a staff of regular Marine officers and enlisted men to instruct, support and advise. This staff is called the Inspector Instructor Staff.

Marine reserve units are an active part in any community. They are always ready for parades, color guards, funeral details, and other civic functions where military personnel can be of service.

The annual "Toys for Tots" campaign is one of the proudest achievements of each Reserve unit. The Marine reserves collect, repair and distribute toys to thousands of children in West Virginia, and the total for the nation last year was in excess of 5,000,000 toys.

A breakdown of the state's Marine reserve company is as follows:

FEDERAL REFORMATORY FOR WOMEN

Alderson

Warden: Virginia W. McLaughlin

Superintendent of Industries: Marjorie Porterfield

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 470. There are fifteen buildings housing residents, two separate housing units for youthful and juvenile offenders, a hospital, administration building, garment factory, laundry, school building, vocational building, chapel and auditorium, storehouse, dining room, and shops. The Enabling Act specified that each resident should be given training that would fit her to be self-supporting on her return to society. In the forty and more years of its existence the institution program has expanded to meet the needs of a changing society. At the present time it is oriented toward diagnostic treatment designed to meet feminine role expectations within the social reality of each individual. Specific program areas include: counseling, education, medical and psychological, casework, religious and vocational. This program is extended to community centers which are located in various cities throughout the United States.

RANDOLPH

Randolph County was formed from Harrison in 1787 and included all of the present county of Tucker, all of Barbour east of the river, all of Upshur east of Buckhannon River, and a considerable portion of Pocahontas and Webster. It lost territory in 1821 when Pocahontas was formed; again in 1843 when Barbour came into existence, and in 1851 it gave up some of its terri-

tory to Upshur and five years later 350 square miles were cut off to form Tucker; and in 1860 Webster took a strip; and after all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The white man's home on the waters of the Monongahela, within West Virginia, was first planted in Randolph. In this county occurred the first Indian Massacre in the State. From that beginning, the county has been an historical center down to the present.

First H-4 Camp in the World held in this county.

Kumbrabow State Forest and part of the Monongahela National Forest are located in this county.

Fossil Tree Park, in which are found large numbers of fossilized trees, is located a short distance west of Elkins. Southeast of Huttonsville, on White Mountain (elevation over 4,000 feet), the federal forces maintained the highest fortified camp in the War Between the States.

OFFICIAL MUNICIPAL REGISTER

(Corrected to September 1, 1969)

CLASS I, II AND III CITIES

Under the provisions of Chapter 56, Acts of the Legislature, regular session, 1939, municipal corporations are classified by population as follows: Population in excess of 50,000, Class I city; population more than 10,000 and not more than 50,000, Class II city; and population more than 2,000 and not more than 10,000, Class III city. Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Population is determined on the basis of the last preceding census taken under the authority of the Congress of the United States or the Legislature of West Virginia. Census of 1960 is used as basis in determining class of cities listed in Registrar.

Salem—Harrison County

(Magisterial District: Tenmile).

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1838, and the Industrial Home for Girls, established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway route No. 23 pass through it. It is the birthplace of United States Senator Jennings Randolph and the great writer, Granville

Davison Hall, author of *Daughter of the Elm, The Rending of Virginia*, and many other historical books.

Wheeling—Ohio County

(Magisterial Districts: Center, Clay, Madison, Union, Washington, Webster, Richland, Ritchie and Triadelphia).

County seat. Settled in 1769 by Ebenezer Zane and followers. Name derived from Indian word, "Wheelin," which name was used for years prior to the Zane settlement to designate the creek which bisects the city. In 1793 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry." Here was fought in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunters' rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

THE SEVENTH ANNUAL NATIONAL YOUTH SCIENCE CAMP

Each June the National Youth Science Camp brings together 100 of the nation's top high school science students for an experience completely different from the normal camp and science program. Two high school seniors from each state—chosen by their governors on the basis of their outstanding scholastic and scientific achievement—assemble at the Pocahontas County 4-H Camp near Bartow for three weeks of varied study and recreational experiences. An outgrowth of the 1963 West Virginia Centennial celebration, the camp has become an annual event under the sponsorship of the State of West Virginia.

During their stay at NYSC, the campers are exposed to a wide variety of activities—each taught by an expert member of the resident staff or a visiting authority. Among the skills offered to all interested campers is programming of the IBM 1130 digital computer system. The camp lecture program is supplemented by a full schedule of athletic and camping activities and a series of seminars in which campers share the results of their scientific research and experimentation. Much of the work is on the advanced graduate school level.

Special trips for the 1969 NYSC delegates included Spruce Knob, Seneca Rocks, the Cass Scenic Railroad, and an unexplored Civil War battlefield, as well as such scientific installations as the National Radio Astronomy Observatory, the Union Carbide Research Center, the Naval Research Laboratory, and the Goddard Space Flight Center. One camp highlight was the trip to Washington, where the campers were guests of honor at a banquet sponsored by the United States Senate and hosted by Senator Jennings Randolph. Guest speaker for the occasion was Dr. James Allen, Jr., United States Commissioner of Education and a West Virginia native.

In addition to giving the delegates a chance to establish lasting friendship and learn about the sciences, the National Youth Science Camp has also helped dispel the image of West Virginia as a backward, poverty-stricken area by showing campers industrial and scientific facilities as well as other evidence of the youth and vigor of the state. In this way, NYSC has performed an invaluable service both for the future scientific leaders of the nation and for its sponsoring state.

INLAND WATERWAYS—FEDERAL

(Data furnished by the Department of the Army)

Ohio River—Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 25 June 1910, provides for a minimum channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures including the Gallipolis Locks and Dam near Apple Grove.

The Ohio River modernization and replacement program as now planned and under way will reduce the total navigation projects to 19, providing larger locks and deeper pools. New projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in June 1964 between Kentucky, West Virginia and Ohio, a proposed improvement of the Gallipolis project, the Racine Locks and Dam under construction near Letart, the Belleville Locks and Dam completed in May 1969, at Belleville, the Willow Island Locks and Dam under construction at Willow Island, the Hannibal Locks and Dam under construction at New Martinsville, the Pike Island Locks and Dam completed in September 1965 at Wheeling, and the New Cumberland Locks and Dam completed in September 1961 near New Cumberland.

Kanawha River, West Virginia—Three high-lift dams on the Kanawha River and the Gallipolis Dam on the Ohio River provide a minimum channel depth of 9 feet on the Kanawha River for 91 miles from the mouth to Deep Water. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam in the Ohio River in 1937 as part of the Kanawha River improvement.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by nine (9) locks and dams to afford slack-water navigation for its entire length from Pittsburg, Pennsylvania to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is 9 feet and the navigable width varies from 250 feet in the upper reaches to practically the full width of the river at its mouth.

Modernization of the Monongahela River navigation structures in the upper reaches of the waterway in West Virginia is approximately complete. Morgantown, Hildebrand and Opekiska Locks and Dams and modification of Dam 8 have been completed. Proposed replacements for existing Lock 8 and Lock and Dam 7 are now being investigated.

MULTIPLE PURPOSE LAKES—FEDERAL

(Data furnished by the Department of the Army)

Completed Projects:

Bluestone Lake—The Bluestone Lake, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress in the Flood Control Act of 1936. Construction of the project was begun early in 1942, suspended in 1944 because of the war emergency, resumed in 1946, and completed in June 1952. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The lake has a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the lake varies about 3 feet, with a minimum pool 9.5 miles in length and 1,800 acres in area that utilizes about 30,900 acre-feet of the total storage capacity. The remaining storage capacity is reserved for impoundment of flood flows as required for flood control.

Summersville Lake—The Summersville Lake, located on Gauley River, near Summersville, was started in 1960 and is completed except for some recreational development. The dam is a rock-fill type, with a maximum height of 390 feet and a top length of 2,280 feet. It provides a maximum capacity of 390,800 acre-feet of storage for flood water, of which 163,400 acre-feet may be used for low flow augmentation in the Kanawha River in summer. The summer recreation pool is 13.7 miles long and 2,723 acres in area. The project is operated as a unit of a coordinated system for flood protection in the Gauley, Kanawha, and Ohio River Valleys.

Sutton Lake—The Sutton Lake, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Sealing of mine workings at the site was begun in 1949, but work on the dam was not started until 1956. Construction of the project was completed in January 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The lake has a total capacity of 265,300 acre-feet and controls a drainage area of 537 square miles. A minimum pool 5.9 miles in length, with a surface area of 270 acres and a capacity of 4,100 acre-feet, is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres and storage of 60,100 acre-feet, is maintained for low-flow augmentation and recreation. The remaining capacity is utilized for flood control storage.

Tygart River Dam—The Tygart River Dam, located on the Tygart River 2.25 miles upstream of Grafton, West Virginia, was authorized by the Public Works Administration January 11, 1934 and approved by Congress in the River and Harbor Act of August 30, 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the river bed. The structure provides for the gross controlled storage of 287,700 acre-feet of water and is operated as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania and the upper Ohio River Valley. In addition to flood control, Tygart Lake provides for low water discharge regulation annually, by the gradual release of stored spring flood

waters during the summer-fall period to assure a river flow of 340 cubic feet per second at Lock and Dam 8, Monongahela River. The storage of approximately 100,000 acre-feet of water is allotted for this purpose.

Projects under construction:

Beech Fork Lake—This lake, located on Beech Fork of Twelvepole Creek, was authorized by Congress in the Flood Control Act of 1962. Construction is scheduled to be completed in 1973. The dam will be of earth fill with a maximum height of 86 feet and a top length of 1,080 feet. The lake will have a maximum capacity of 37,540 acre-feet, controlling a drainage area of 78 square miles. A minimum pool of 4,200 acre-feet with a surface area of 450 acres will be maintained during the winter. A seasonal pool of 9,180 acre-feet with a surface area of 720 acres will be maintained during the summer season for recreation purposes. The remaining capacity will be utilized for flood control.

Bloomington Reservoir—The Bloomington Reservoir Project was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River Basin. The damsite is located in Mineral County, West Virginia, and Garrett County, Maryland, on the North Branch Potomac River about 8 miles upstream from the mouth of Savage River. The dam will be rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,050 feet. The reservoir will have a capacity of 130,900 acre-feet and will control a drainage area of 263 square miles. The project will provide low flow augmentation, flood control, and recreation. Construction will be initiated shortly after funds are made available by Congress. Local interests are required to pay initial water supply costs and provide assurances for (a) payment of future water supply costs, (b) maintain water quality standards, and (c) prevent encroachment in the channel downstream of the project.

Burnsville Lake—The Burnsville Lake, located on the Little Kanawha River, was authorized by Congress in the 1938 Flood Control Act. Construction is tentatively scheduled to be completed in 1975. The earth-fill dam will have a maximum height of approximately 80 feet and a top length of 1,000 feet. It will control a drainage area of 165 square miles with a gross storage capacity of 65,400 acre-feet. A minimum pool containing 4,100 acre-feet of storage and having a surface area of 550 acres will be maintained during the winter. A seasonal pool having a storage capacity of 10,100 acre-feet with a surface area of 968 acres will be maintained in the summer for water quality control, fish and wildlife recreation and general recreation purposes. The remaining storage capacity will be utilized for flood control.

East Lynn Lake—East Lynn Lake, located on East Fork of Twelvepole Creek, was authorized by Congress in the 1938 Flood Control Act. Construction was started in 1965 and is expected to be completed in 1971. The dam will be earth-fill with a maximum height of 113 feet and a crest length of 638 feet. The lake will have a maximum capacity of 82,500 acre-feet controlling a drainage area of 133 square miles. A minimum pool with a surface area of 823 acres and a capacity of 11,705 acre-feet will be maintained during the winter while a seasonal pool with a surface area of 1,005 acres and a capacity of 17,190 acre-feet will be maintained during the summer. The remaining storage will be used for flood control.

R. D. Bailey Lake—The R. D. Bailey Lake, started in 1967 and expected to be completed in 1975, is located on Guyandot River and was authorized by Congress in the 1962 Flood Control Act. The dam will be of rock and random-fill, 310 feet high and with a length of 1,200 feet. The dam will control a drainage area of 540 square miles, the lake having a total capacity of 203,700 acre-feet. A minimum pool of 22,000 acre-feet with a surface area of 440 acres will be maintained in the winter months. A seasonal pool for recreation and water quality control, having a capacity of 34,300 acre-feet and a surface area of 630 acres will be maintained during the summer. The remaining storage capacity will be used for flood control.

Projects under design:

Rowlesburg Lake—The Rowlesburg Lake was authorized by the Flood Control Act of 1965 for the purposes of flood control, water quality control, hydroelectric power production and recreation. The project will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the Monongahela and Ohio Rivers; to provide storage for hydroelectric power; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the Cheat River, a tributary of the Monongahela River, at the upstream limits of the Town of Rowlesburg in Preston County. The full pool will extend upstream to the City of Parsons in Tucker County. The dam would be a concrete gravity type structure, 1695 feet long and 271 feet above stream bed, with a pumped storage installation to produce hydroelectric peaking power.

The maximum summer pool elevation for water quality control, hydroelectric power production and recreation will be 1,601 feet above mean sea level with a surface area of 7,175 acres. Gross storage would be 831,700 acre-feet at the lake full pool elevation of 1,632.

Stonewall Jackson Lake—The Stonewall Jackson Lake project was authorized by the Flood Control Act of 1966 for the purposes of flood control, water quality control, water supply and recreation. The project, although benefiting primarily the West Fork and upper Monongahela River Basins, will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the West Fork, Monongahela, and Ohio Rivers; to provide storage for water supply for the Towns of Weston and Clarksburg, West Virginia; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the West Fork River at Brownsville in Lewis County with the full pool extending upstream to the Towns of Walkersville and Crawford, also in Lewis County. As authorized, the dam would be a concrete gravity structure, 680 feet long and rising 95 feet above the streambed.

The maximum summer pool for water quality control, water supply and recreation will be at elevation 1073 feet above mean sea level with a surface area of 2,530 acres. At the full pool elevation of 1082, the project would provide for the gross storage of 75,200 acre-feet of water.

West Fork Lake—The West Fork Lake project was authorized by the 1938 Flood Control Act. The lake will be a multiple purpose development to include flood control, water quality control, fish and wildlife recreation and general recreation. The project is currently in the advanced engineering and design stage and is tentatively scheduled for completion in 1975.

The dam will be located on West Fork of the Little Kanawha River and, as presently contemplated, will control a drainage area of 237.5 square miles with a total storage capacity of 98,400 acre-feet. The project will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin.

LOCAL FLOOD PROTECTION PROJECTS

Completed major flood control projects in West Virginia consist of nine local protection projects. All of these projects except Ridgeley are units in the comprehensive plan for flood control and allied purposes in the Ohio River Basin. The local protection projects have been constructed so that, acting alone, they provide a high degree of flood protection which in most places is equal to protection against the maximum flood of record at the project localities. All local protection projects along the Ohio River will receive supplementary protection from a coordinated system of reservoirs designed to reduce flood flows on the

Ohio River and to contribute to the reduction of floods on the Lower Mississippi River.

This group of completed projects has already made a major contribution toward reduction of flood damages; flood control benefits from their operation being about \$60 million to date.

Ohio River Projects—Projects have been completed for Ceredo-Kenova, Huntington, Parkersburg, and Point Pleasant. The projects consist of concrete walls and earth levees to prevent entrance of flood waters, pumping stations to discharge sewage and internal drainage during flood periods, and gated openings through the works to permit unobstructed movement of traffic during normal (non-flood) river conditions. Operation and maintenance are local responsibilities.

East Rainelle LPP—The project consists of 4.2 miles of channel improvement on Meadow River and Sewell and Boggs Creeks, construction of one highway bridge, modification of one railway bridge, and modification of sewage and drainage facilities. The project was completed in 1962.

Elkins LPP—The principal elements are a cutoff channel and dikes, located about 1.5 miles above the city, which divert flood flows from the loop of the Tygart River on which Elkins is located. The project was completed in 1949.

Princeton LPP—Principal features of the protection works are 3.9 miles of channel improvement along Brush Creek, construction of one railroad bridge and extension of another, construction of two highway bridges, and 0.3 mile of railroad relocation. The project was completed in 1961.

Ridgeley, West Virginia, and Cumberland, Maryland—Ridgeley, in Mineral County, is located on the south bank of the North Branch Potomac River, opposite the city of Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on the North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities, eight pressure conduits totaling 11,200 feet in length, and an industrial water-supply dam. Three highway bridges and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on the North Branch Potomac River was completed in 1964.

Williamson LPP—The project consists of 2,315 feet of concrete wall along the Tug Fork of Big Sandy River, one pump station, and 16 gated openings. The project was completed in 1963.

Local Protection Works under Special Continuing Authorities—Small flood control projects under authority provided to the Corps of Engineers by Section 205 of the Flood Control Act of 1962 include channel improvement work completed along the North Branch, Potomac River at Blaine and Bayard; along Middle Fork of Mud River in the Griffithsville-Yawkey area; and work proposed for Parsons, Hambleton and Hendricks on Cheat River. Projects under the authority provided to the Corps of Engineers to snag and clear streams in the interest of flood control by Section 208 of the Flood Control Act of 1954 include projects completed at Bramwell, and Montcalm on Bluestone River; Cairo on North Fork of Hughes River; Colliers on Harmon Creek; Huntington on Fourpole Creek; Jacksonburg, Pine Grove, and Smithfield on Fishing Creek; Richwood on Cherry River; Stonewood and Nutter Fork on Elk Creek; West Union on Middle Island Creek; Weston on Polk Creek and Stonecoal Creek; Wyatt on Bingamon Creek and additional work is approved for Berwind on Dry Fork in McDowell County and Pax on Paint Creek in Fayette County.

DRIVER IMPROVEMENT PROGRAM

(Point System)

West Virginia's Driver Improvement Program, as administered by the Department of Motor Vehicles, is designed to eliminate the chronically careless driver from the state's highway system.

Under the program "points" are assigned to those convicted of various moving traffic violations. Conviction notices are forwarded to the Department of Motor Vehicles, which maintains each individual's driving record and statistics.

An operator receiving a total of 6 points is sent a warning letter by the Department, outlining the need for more careful driving. Individuals reaching the 9 to 12 point level are required to appear before a Department Reviewing Officer, at which time the most serious cases are subject to suspension of their operator's privileges.

U. S. DEPARTMENT OF AGRICULTURE
Forest Service
Monongahela National Forest
Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of 154 national forests and the only national forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,647,146 acres of which 816,865 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are six ranger districts, each administered by a district ranger.

Counties in the National Forest and their current acreage in National Forest ownership are:

Grant	15,096	Pocahontas	279,983
Greenbrier	99,979	Preston	3,891
Nicholas	23,522	Randolph	173,515
Pendleton	62,565	Tucker	93,587
		Webster	64,727

The National forest is administered in cooperation with several conservation agencies, including the West Virginia Department of Natural Resources. Twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for schools (80%) and roads (20%).

FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish.

OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA IN 1968

Larry D. Woodfork*
Morgantown, West Virginia

Total drilling activity in West Virginia in 1968 declined 5% compared to 1967 (Table I). Exploratory drilling, however, increased 122%. The 91 exploratory wells reported include: 9 new-field wildcats (5 successful), 3 new-pool wildcats (1 successful), 25 deeper pool tests (5 successful), 4 shallower pool tests (3 successful) and 50 outposts (27 extensions and 1 shallower pool discovery). Three unsuccessful deeper pool tests and 2 unsuccessful outposts were completed in shallower field pays. One development well discovered a shallow pool.

Significant discoveries and extensions were made in most of the major producing trends and zones in the State. For the second consecutive year, Newburg (Williamsport Sandstone) gas exploration and development dominated deep drilling (Onondaga and deeper) (Table II). The eastern Huntersville Chert-Oriskany Sandstone gas producing trend remained active with development and

*Sedimentary Petrographer, Oil and Gas Section, West Virginia Geological and Economic Survey.

exploratory successes in Monongalia, Preston, and Mineral Counties. Steady development and exploratory drilling was reported in the Riley-Benson gas producing trend through Braxton, Lewis, Upshur, Barbour, and Harrison Counties. The large shallow Big Injun oil and gas producing area in north-central West Virginia registered only light to moderate activity compared to recent years.

Seven secondary recovery pilot projects were reported in operation during 1968. One full-scale secondary recovery water-flood went into operation in Clay County. Numerous additional gas and water injection pressure maintenance projects were in operation.

Average IP figures for producing wells completed in 1968 were: oil 30 b/d; gas, 4,630 MCF/D; combination 23 b/d and 760 MCF/D. The total volume of oil produced in the State declined compared to 1967, but gas production increased (Table III).

TAX DEPARTMENT
COLLECTION OF REVENUE
COLLECTION OF BUSINESS AND OCCUPATION TAX,
CARRIER INCOME TAX, AND CORPORATE
NET INCOME TAX

The Business and Occupation Tax, Chapter 11, Article 13, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in business in West Virginia. The tax is measured by the application of rates against values of products, gross proceeds of sales, or gross income according to the classification of the business activity in which the taxpayer is engaged. Despite the commonly applied erroneous name, "Gross Sales Tax", it is not a sales tax. Neither is it a transaction tax in the sense that once it is paid on a particular article or service or activity it need not again be paid. It is not, strictly speaking, an income tax, although in most instances, the gross income is the *measure* of the tax. Under the production of manufacturing classifications the measure of the tax is the *value* of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided the proceeds of sale are indicative of the true value of the article. If more than one person engages in a single activity or transaction, as in the case of the contractor and sub-contractor, each must pay a tax measured by his entire income regardless of the tax paid by the other.

The business classifications under the Business and Occupation Tax Law are as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal	\$1.35 per \$100.00
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag	\$3.95 per \$100.00
Natural gas (exemptions include deduction of \$5,000 annually)	\$7.85 per \$100.00
Limestone or sandstone quarried or mined; and timber	\$2.00 per \$100.00
Other natural resource products	\$2.60 per \$100.00

B. Manufacturing, Compounding or Preparing for Sale. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 80 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property at Retail. There is levied a tax of 50 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

(2) Business of Selling Tangible Property at Wholesale. There is levied a tax of 25 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

D. Public Service or Utility Business. The tax rates set forth hereinbelow are levied on the gross income of the following businesses:

Street Interurban and Electric Railways	\$1.30 per \$100.00
---	---------------------

Electric Light and Power Companies (sales) and demand charges, domestic purposes and commercial lighting	\$5.20 per \$100.00
Water Companies	\$4.00 per \$100.00
Electric Light and Power Companies (all other sales and demand charges):	\$3.90 per \$100.00
Natural Gas Companies: Toll Bridges	\$3.90 per \$100.00
Other Public Utilities—(Except telegraph and telephone companies, railways and other transportation companies).....	\$2.60 per \$100.00

E. Contracting. There is levied a tax of \$2.00 on each \$100.00 of gross income, as defined by the statute, for this type of business.

G. Amusement. There is levied a tax of 65 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

H. Service Business or Calling Not Otherwise Specifically Taxed. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

I. Business of Furnishing Property for Hire. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

J. Small Loan and Industrial Loan. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

An annual exemption of \$50.00 is provided under the Business and Occupation Tax Law for each person, as defined by the statute, engaged in business in the state.

The West Virginia Carrier Income Tax ch. 11, art. 12A, West Virginia Code of 1931 as amended, is an annual tax on incomes of certain carriers. This article repealed the former "privilege tax on certain carrier corporations" and is imposed on every motor vehicle carrier operating on the public highways of this State and every railroad car carrier, railroad carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft, for the transportation of passengers or freight, doing business in the State. The law provides that the foregoing taxpayers shall pay to the State an annual tax for each calendar year. This tax shall be equal to the gross income from all business beginning and ending within the State multiplied by the respective rates as follows: Motor vehicle carriers, railroad car carrier, railroad carrier, express companies, pipeline companies, airline companies, any person operating a steamboat or other watercraft and telegraph companies, three percent; and telephone companies, three and four-tenths percent: Provided, that any motor vehicle carrier which is an urban or suburban bus line shall be taxed at the rate of two percent of such gross income.

In addition to the tax imposed on gross intrastate income, every motor vehicle carrier operating on the public highways of the State and every railroad carrier, railroad car carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft for the transportation of passengers or freight, doing business in this State shall pay an annual tax for each calendar year on the net income earned within the State equal to three and four-tenths percent of such net income for telephone companies and six percent of such net income for all other carriers included in this section.

The West Virginia Corporate Net Income Tax ch. 11, art 24, West Virginia Code of 1931, as amended, is a conformity statute which imposes a tax on the net income of corporations and similar business organizations at the rate of six percentum. This being a statute, correlated to the Federal Internal Revenue Code, as amended to 1967, it will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid interpretation of the

law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayer preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

FOOD STAMP PROGRAM

The Food Stamp Program continues to operate state-wide with some changes in policy and procedure.

The emphases of the Program this year have been services and nutrition. Services have been in the area of emergency issuance of food assistance. The emergency food assistance is made available to households who are in need of food immediately, due to hardship in the household, disaster, prolonged illness, or any situation in the home that has created an emergent need for food.

A meeting was held in November, 1968, by the Director of the Food Stamp Program with representatives from throughout the state, for the purpose of organizing a state-wide Nutrition Committee whose goal would be to stress the importance of nutrition to the families being served by the Food Stamp Program. It was recognized that Food Stamp Program personnel were not nutritionists but the Program is responsible for working with the agencies who do have nutritionists on staff for the purpose of getting the low income households involved and interested in this vital need. Committees have been formed in all counties; meetings have been held periodically throughout the year; demonstrations were held; in some counties, meetings were held in the homes of clients who actually participated in the demonstrations. Some merchants have been willing to contribute groceries to use as teaching materials for these demonstrations.

A change in policy was a revision in the amount of bonus coupons made available to households with an income of \$70.00 per month or less. Previously a one-person household with income of \$20.00 per month or less paid \$.50 and received \$13.50 in bonus stamps, for a total of \$14.00 in coupon value. The same person with a fifty-cent investment now receives \$17.50 in bonus coupons for a coupon value of \$18.00. An eight person household with the same income now pays \$3.00 and receives \$87.00 in bonus coupons for a total of \$90.00 in coupon value as opposed to \$86.00 previously.

Technical Action Panels (TAP) have been organized in all counties. The county panels function under the guidance of a State Technical Action Panel and continues to influence participation in the program in rural areas and make referrals to local county offices.

The program will continue to strive for an increase in the amount of bonus food stamp coupons available to households; to stress the need for better planning when spending food stamp coupons for food items, so that families may reap full benefits from their participation in the program.

The following statistics reflect the average number of households participating in the Food Stamp Program for the fiscal year, July, 1968, through June, 1969:
