Compiled and Edited by

Foreword

For assistance and cooperation in compiling this Volume 54 of the West Virginia Blue Book, my very deep appreciation goes to the administrators of all the various agencies represented therein. The County Clerks of the fifty-five counties of the State have been especially helpful and diligent in providing much of the information as well as the numerous municipal officers of the State.

This edition contains cumulative lists of all the members of the Legislature, members of the Board of Public Works, Governors, Department Heads and Judges of the Supreme Court since 1863. The dates of the many sessions of the Legislature, regular, special and extended, are also included.

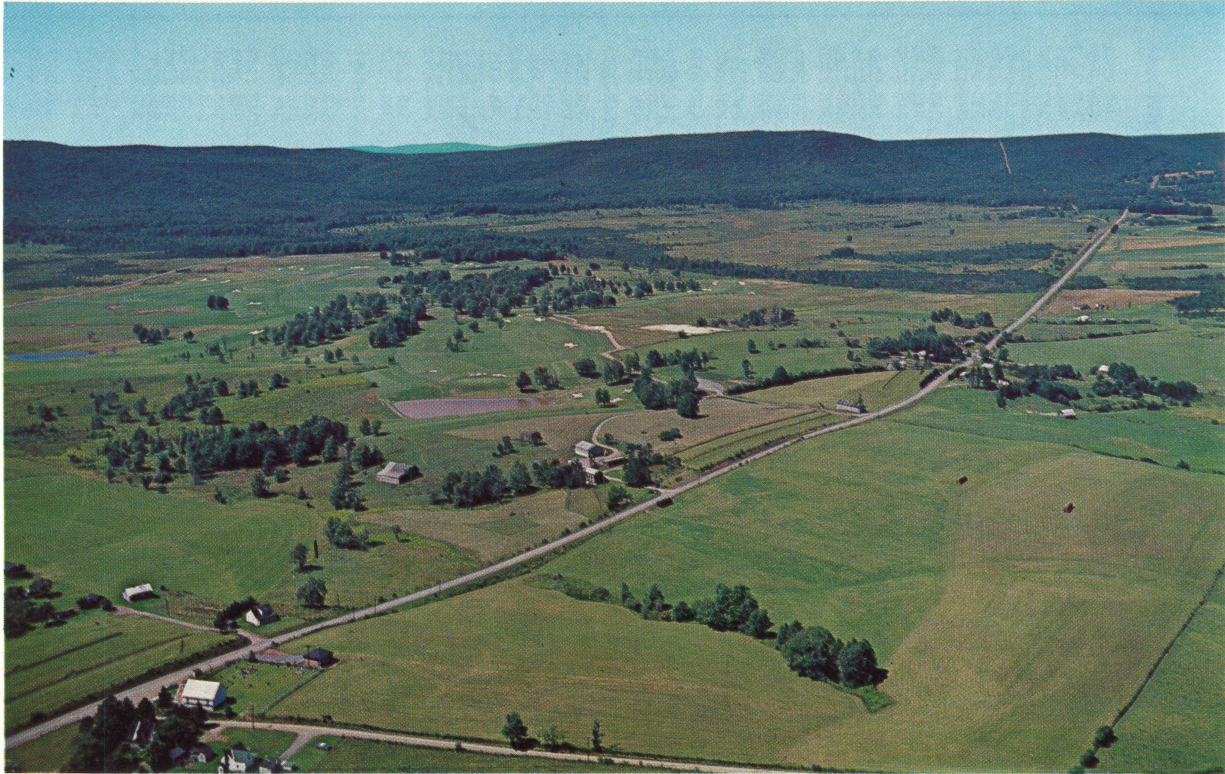

I am indebted to the State Department of Highways for the West Virginia State Road Map, which can be found inside the back cover. I am equally indebted to the State Department of Natural Resources for furnishing the beautiful transparency, most of the black and white pictures in this edition and a wealth of information concerning their fine programs, including state parks, fishing, hunting, state forests, etc., which will be found in the Statistical Section.

In order to keep our listing current, an appendix showing newly elected officers of the various counties has been prepared and will be found in the back of the Book.

It is my earnest desire that this Book will be found both informative and useful by its recipients.

BOARD OF REGENTS
1316 Charleston National Plaza
Charleston 25301

The West Virginia Board of Regents is the governing body for all state colleges and universities. Its jurisdiction extends to the financial, business, and educational policies of the schools. The Board also submits budgets for the schools to the appropriate executive and legislative agencies of the State Government for action. In addition, the Board of Regents appoints a seven-member advisory board for each institution under its jurisdiction. The members serve as advisors and consultants to the presidents.

The Board itself has ten members. Only nine members have voting rights; the tenth member is the State Superintendent of Schools. These nine are appointed by the Governor, with the advice and consent of the Senate, for six-year terms. Members should have experience in the field of higher education. There can be no more than five members of the same political party on the Board, and there must be at least one member from each Congressional district.

The Board holds at least six meetings a year, the annual meeting being in June. Salaries are fifty dollars a day plus expenses for the actual time spent in meetings and other duties. The Board elects a President, who cannot succeed himself, and any other officers which it may deem necessary. The Board also employs a Chancellor and office staff, prescribes their salaries and duties, and provides them office space in Charleston for whatever jobs the Board may require.

The Department of Public Safety is a state police department with state-wide general police power, created in 1919 to preserve the peace, protect life and property, prevent crime and apprehend criminals. With at least one detachment in each county and a fleet of two-way radio equipped vehicles, the state police handle a large share of the investigation of major crime and apprehension of dangerous criminals, and take primary responsibility for patrolling the highways, enforcing the traffic laws and preventing motor vehicle accidents, besides many miscellaneous services in the public interest, including duty at the scene of emergencies, riots or disaster.

The Board of Commissioners hears charges filed against any officer or member of the department, including the Superintendent, or appeals of charges filed against officers or members with the Superintendent if the Superintendent fails to suspend or dismiss any officer or member after such charges are filed.

The Retirement Board has power to make, revise and terminate awards from the Department Death, Disability and Retirement Fund to retired or disabled members, or to beneficiaries of deceased members.

GENERAL PROVISIONS

Under Chapter 30, Article 1, Code 1931, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of \$20, unless a different fee is especially provided by law. Each board is allowed to charge \$5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the Circuit Court of the county in which he resides.

Unless otherwise specified, members of boards are allowed \$10 per day for each day actually spent in attending sessions of the board or of its committees and in necessary travel, and entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

RULES OF THE SENATE AS ADOPTED BY THE 1967 SESSION

PRESIDING OFFICER

1. The President of the Senate may appoint a *President pro Tempore*, who during the absence of the President, shall preside and perform all the duties of the President. The President having taken the chair and a quorum being present, the Journal of the preceding day shall be read, to the end that any mistake may be corrected that may have been made in the entries.

2. The presiding officer of the Senate may call a member to the chair who shall exercise his functions for the time being, but no member by virtue of such appointment, shall preside for a longer period than three days.

3. The presiding officer of the Senate shall have the regulation of such parts of the Capitol and of its passage as are, or may be, set apart for the use of the Senate, its officers and committees.

Admittance to Senate Chamber

4. No person except members of the House of Delegates, former members of the West Virginia Legislature, duly accredited representatives of the press, radio and television, and legislative attaches engaged in the proper discharge of their duties, shall be admitted within the Senate chamber while the Senate is in session. All introduction of guests shall be made in recess of the Senate. The rear or east balcony of the Senate chamber shall be reserved for guests of the members of the Senate, and admission thereto shall be by pass signed by the President of the Senate and the member seeking admission of said guest. No person, not a member of the Senate, shall, while within the chamber when the Senate is in session, seek in any manner whatsoever to influence the vote or opinion of any senator on any subject of legislative consideration, under penalty of disbarment from the chamber for the remainder of the legislative session. No attache of the Senate shall, at any time, engage in such activity, under penalty of immediate dismissal by the Committee on Rules.

Duties of the Clerk—Official Journal

5. The Journal of the Senate shall be daily drawn up by the Clerk and shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. After the printed Journal has been approved and fully marked for corrections, the type from which it was printed shall be changed in accordance therewith, and from the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal. In addition thereto ten copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof signed by the President and Clerk of the Senate certifying that the same is the official Journal of the Senate. They shall be bound in flexible binding and bear the imprint on the back, "Official Journal of the Senate of West Virginia," with designation of regular or extra session and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History and one with the Clerk of the House of Delegates.

6. The Clerk of the Senate shall not suffer any records or papers to be taken from the table, or out of his custody, by any person except a chairman of a committee; but he may deliver any bill or paper, directed to be printed, to the printer of the Senate, or to any member of the Senate, on taking his receipt for the same.

7. The Clerks of the Senate and House of Delegates may interchange messages between the hours of adjournment and that of meeting on the following day, so that said message may be read immediately after the usual order of the day.

Powers of the Senate Over Its Members

8. A majority of the Senators shall be necessary to proceed to business; two members may adjourn, and three members may order a call of the Senate, send for absentees, and make any order for their censure or discharge. On a call of the Senate, the doors shall not be closed against any member until his name shall have been twice called.

9. In case a less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

10. No Senator shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections, and reported to the Senate, unless by order of the President of the Senate.

11. The Senate may punish its own members for disorderly behavior, and with the concurrence of two thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., art. 6, sec. 25.)

12. The Senate may punish by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its officers in the discharge of their duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., art. 6, sec. 26.)

Privileges of Members

13. Every member, when speaking, shall stand in his own place, and address the President; and when he has finished, take his seat.

14. Every member within the Senate chamber, when a question is put, shall vote unless he is immediately and particularly interested therein, or the Senate excuse him. All motions to excuse a member from voting must be made before the Senate divides or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason why, in his opinion, it ought to be adopted.

15. If a member be called to order, for words spoken in debate, the person calling him to order shall repeat the words excepted to, and they shall be taken down in writing at the Clerk's table; and no member shall be held to answer, or be subject to the censure of the Senate for words spoken in debate, if any member has spoken, or other business has intervened after the words spoken and before exceptions to them have been taken.

Roll Calls

16. No member of the Senate, or other person except the Clerk and his assistants, shall visit or remain by the Clerk's table while the yeas and nays are being called or counted.

17. No member shall speak more than twice upon the some subject, without leave of the Senate; nor more than once until every member choosing to speak shall have spoken.

18. While the President is reporting or putting a question, none shall entertain private discourse, read, stand up, walk into, out of, or across the Senate Chamber.

19. No question shall be debated until it has been propounded by the Chair, and then the mover shall have the right to explain his views, in preference to any other member.

20. While the President is putting the question, any member who has not spoken before to the matter may speak to the question before the negative is put.

21. During any debate, any Senator, though he has spoken to the matter, may arise and speak to the orders of the Senate, if they be transgressed, in case the President does not; but if the President stands up at any time, he is first to be heard.

Absence Without Leave

22. If any member of the Senate absent himself from the service thereof without leave, except in case of his sickness or other unavoidable cause which may prevent his attendance, the Senate may by order or resolution, direct his absence to be entered on the Journal.

Absence With Leave

23. No member of the Senate shall absent himself from its service without leave first obtained.

Committee on Rules

29. The Committee on Rules shall see that all papers belonging to the Clerk's office are properly filed, labeled and put away in the presses, and the books belonging to the office are chronologically arranged, and shall make report thereof to the Senate at each session.

Committee of the Whole

30. When the Senate shall resolve itself into the Committee of the Whole, the President shall leave the chair and appoint a chairman to preside in the committee.

31. The Committee of the Whole shall consider and report on such subjects as may be committed to it by the Senate. The rules of the Senate shall be observed in the Committee of the Whole, so far as they are applicable, except the rule limiting the time of speaking, concerning the previous question, and taking the yeas and nays. The proceedings in the Committee of the Whole shall not be recorded on the Journal of the Senate, except so far as reported to the Senate by the chairman of the committee.

 - II. To dispose of communications from the House of Delegates and the Executive.
 - III. To receive reports from Standing Committees.
 - IV. To receive reports from Select Committees.
 - V. To receive bills, resolutions, motions and petitions.

 - VII. Senate and House bills on third reading.
 - VIII. Senate and House bills on second reading.
 - IX. Senate and House bills on first reading.
 - X. Miscellaneous business.

Introduction of Bills and Resolutions

33. Each bill or resolution shall be prepared in quadruplicate, signed by the member or members (not to exceed two) by whom it is to be introduced and be filed with the Clerk not later than two o'clock p.m. of the legislative day next preceding its introduction: *Provided, however,* That this rule shall not apply to the first legislative day. The original copy shall be the official bill or resolution for the use of the Clerk, committees and for the permanent files; the second for Journal insertion; the third for printing or copying; and the fourth for the use of the press and the public.

Each bill or resolution shall be numbered, edited and corrected as to form by the Clerk and reported by him to the Senate on the next legislative day, under the fifth order of business. In case of urgency, on motion for leave agreed to by a majority of the members present, if a quorum, a member may introduce a bill or resolution from the floor.

Bills and Joint Resolutions to Be Read on Three Separate Days

34. All bills and joint resolutions originating in the Senate shall be read on three separate days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays, on each bill or joint resolution, this rule may be dispensed with.

Title of Bills

35. In the title of all bills to amend chapters or sections of the Code of West Virginia, one thousand nine hundred thirty-one, or acts passed since the code was adopted, the several committees to whom they are referred, or by whom they originated, shall insert the subject matter of the chapter.

36. All engrossed bills shall be fully and distinctly read when put upon their passage.—(Const., art. 6, sec. 29.)

Consideration of Bills

37. All bills or business originating in the Senate, shall be considered in the order in which they are introduced and all bills and resolutions received from the House of Delegates shall be introduced in the order in which they are received, unless in either case the Senate otherwise directs.

Concurrent and Simple Resolutions to Lie On the Table

38. All concurrent and simple resolutions, when introduced, shall lie on the table at least one day and then be referred to the appropriate committee unless the Senate by a vote of the majority of the members present otherwise directs.

Appropriation Bills

39. Bills making appropriations for the pay of members and officers of the Legislature, and for salaries for officers of the government, shall contain no provision on any other subject.—(Const., art. 6, sec. 42.)

Reference of Bills and Resolutions to Committees

40. All bills and resolutions passed or adopted by and reported from the House of Delegates shall be read by their titles and referred to the appropriate committees unless the Senate otherwise directs. They shall then be proceeded with in the same manner as Senate bills or resolutions. All bills and joint resolutions shall be read by their title and referred to the appropriate committee without printing, and shall be treated in committee as resolutions of inquiry, and if the committee report a bill different from the one introduced, such bill shall be received and treated by the Senate as the original bill. All Senate bills and joint resolutions reported by a committee shall be printed, with the proposed committee amendments printed on the foot thereof; and shall be then read a first time, unless in any of the aforesaid cases the Senate by a majority vote direct otherwise.

41. On each reading of the bill the Clerk shall state whether it is the first, second or third reading of such bill, but no bill shall be put upon its second reading until the same shall have been printed and delivered to the members of the Senate at least one day previous to such reading, unless directed otherwise by a majority vote.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be re-printed, and shall be the engrossed bill. If no amendments are made, the bill as originally printed may be ordered to its third reading and shall become the engrossed bill. All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a House bill on second reading if the same be amended, the amendment or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

Messages

44. Messages may be introduced in any stage of business except when a question is being put by the presiding officer, while the yeas and nays are being called by the Clerk, or while the ballots are being counted.

Passage of Bills and Joint Resolutions

45. When a bill or joint resolution is put upon its passage or adoption, respectively, the President shall propound the question, "Shall the bill pass?" Or in the case of a joint resolution, "Shall the resolution be adopted?" On the passage and/or adoption, respectively, of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on the second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

MOTIONS

46. When a question is pending, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone the question to a different day, to commit, to amend, or to postpone indefinitely, which several motions shall have precedence in the order in which they are herein arranged.

47. On the first reading of a bill, a motion to reject the bill shall be in order.

Adverse Report by Committee

48. If a committee shall have reported adversely to a bill, the President, immediately after the report of said committee is read shall put the question: "Shall the bill be rejected?", which question shall have precedence over all motions, except a motion to adjourn.

Reconsideration of Vote

49. The question being once determined must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order to reconsider any vote only within two legislative days next after the one upon which such vote was taken. A motion to reconsider shall be in order only when made by a Senator who voted with the prevailing side, and when the vote was not taken by yeas and nays all Senators will be conclusively presumed to have voted with the prevailing side.

50. When motions are made for reference of the same subject to a select committee, and to a standing committee, the question in reference to the standing committee shall be first put.

Division of the Question

51. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

52. In filling the blanks, the largest sum and longest time shall be first put.

Previous Question

53. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

YEAS AND NAYS

54. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order, excepting, however, the name of the President, which shall be called last.

55. RULES OF THE HOUSE OF DELEGATES

INTRODUCTORY

Membership of the House

By an act of the Legislature (Ch. 1, First Extraordinary Session, 1964), the House of Delegates shall consist of one hundred members. Seven Delegate Districts, embracing fifteen counties, have a total of nine Delegates. The other ninety-one Delegates are allocated to the other forty counties on the basis of population. Delegates are elected for a term of two years.

Qualifications

No person shall be a Delegate who has not for one year next preceding his election, been a resident within the district or county from which he is elected; and if a Delegate remove from the district or county for which he was elected, his seat shall be thereby vacated. (Const., Art. VI, Sec. 12.)

No person holding a lucrative office under this State, the United States, or any foreign government; no member of Congress; no person who is a salaried officer of any railroad company, or who is sheriff, constable, or clerk of any court of record, shall be eligible to a seat in the Legislature. (Const., Art. VI, Sec. 13.)

No person who has been, or hereafter shall be convicted of bribery, perjury, or other infamous crimes, shall be eligible to a seat in the Legislature. No person who may have collected or been entrusted with public money, whether State, county, township, district or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in this State, until he shall have duly accounted for and paid over such money according to law. (Const., Art. VI, Sec. 14.)

No Senator or Delegate, during the time for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected. (Const., Art. VI, Sec. 15.)

Oaths

Members of the House of Delegates, before they enter upon their duties, shall take and subscribe to the following oaths or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Delegate according to the best of my ability, and that I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Delegate, on any bill, resolution or appropriation, or for any act I may do or perform as Delegate." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall receive and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State. (Const., Art. VI, Sec. 16.)

Under authority of Ch. 4, Art. 1, Sec. 6, of the code of West Virginia, the presiding officer or Clerk of either house may administer the oaths of office to any member or officer of such house.

Privileged from Civil Arrest

Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place. (Const., Art. VI, Sec. 17.)

Compensation

The members of the Legislature shall each receive for his services the sum of one thousand five hundred dollars per year and ten cents for each mile traveled in going to and returning from the seat of government by the most direct route. The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of five dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatsoever. (Const., Art. VI, Sec. 33.)

Members' salaries are paid on the third Wednesday in January of each year.

Resignation and Filling of Vacancies

Resignations of members of the House should be made to the Speaker, Governor and chairman of the executive committee of the party of which the member belongs in the county from which he was elected.

Vacancies in the House are filled by an appointment by the Governor, in each instance from a list of three qualified persons submitted by the county party executive committee. (Ch. 3, Art. 10, Sec. 6 of the Code.)

Organization of the House

The Legislature shall assemble at the seat of government on the second Wednesday of January in each year. At the sessions held in odd-numbered years officers are elected for two-year terms. While neither the Constitution nor statute sets the hour for convening, the custom has been for each house to convene at twelve o'clock noon. The Constitution says, "The oldest Delegate present shall call the House to Order at the beginning of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and taken his seat." (Const., Art. VI, Sec. 24.) Custom has made it the duty of the Clerk of the previous House to call the House to order and call the oldest Delegate present to the chair to preside until a Speaker is elected.

The session is then opened with prayer, following which the Clerk reads a list of the members as certified by the Secretary of State, and all notices of contested elections. The roll is then called to ascertain those present. The next step in the organization is the administering of the oath of office to the members.

With the conclusion of the above formalities the House is ready to proceed to the election of a Speaker. After this election, the election of other officers, i. e., Clerk, Sergeant-at-Arms and Doorkeeper shall be the next order of business. The election of all officers shall be by *viva voce* vote.

It is then in order to provide by resolution for the adoption of rules to govern the procedure of the House and for informing the Senate that the House is organized. Upon being likewise informed of the organization of the Senate, both houses, by resolution, shall raise a joint committee to visit upon the Governor to inform him that they are organized and that they are in readiness to receive any message or communication he may desire to present.

However, at the session of the Legislature following each general election at which a governor, and other state officials are elected, immediately following the organization of the two houses, they shall meet in joint assembly in the hall of the House of Delegates, when the speaker, before proceeding to any other business, shall open and publish the election returns in the presence of a majority of each house of the Legislature. (Const., Art. VII, Sec. 3.)

The message of the Governor is usually delivered in person by the Governor before both houses of the Legislature, assembled in joint assembly. When the Governor desires to deliver his message to the joint assembly, it shall be proper to provide by resolution for the convening of a joint session of the two houses.

ELECTION AND DUTIES OF OFFICERS

Officers and Their Compensation

1. The House, at the commencement of each Legislature, shall elect a Speaker, Clerk, Sergeant-at-Arms, and Doorkeeper. All officers, except the Speaker, shall receive such compensation as the House may determine.

Vote to be Viva Voce

2. In the election of officers by the House, the vote shall be given *viva voce*, and a majority of the whole number of votes given, a quorum being present, shall be necessary to elect. If, upon any vote, there be no election, the person having the lowest number of votes shall be dropped, and any votes thereafter given to such person shall not be taken into the counting to affect the result in any way. But if two or more have the lowest and equal number of votes, they may be voted for again. No question before the House, or in committee of the whole, shall be voted on by ballot.

DUTIES AND RIGHTS OF THE SPEAKER

5. In debate, the Speaker shall prevent personal reflections and confine members to the question under discussion, but he shall not engage in any debate, or propose his opinion on any question without first calling some other member to the chair. When two or more members arise at the same time, he shall name the one entitled to the floor.

Questions of Order

6. The Speaker shall decide all questions of order subject to an appeal to the House when demanded by any ten members. He may speak to questions of order in preference to other members, and may make the concluding speech on any appeal from his decision, notwithstanding, he may have before spoken on the question; but no other members shall speak more than once on such appeal without leave of the House.

When properly requested by a member, the Speaker shall inform the House upon any point of order or practice pertinent to the business before it.

In all such cases the members present may take such measures to prevent a repetition of such misconduct, either by the infliction of censure or such other penalty, as may be authorized by law, on the parties thus offending, as the House may deem best.

8. The Speaker may designate by an appointment in writing entered upon the Journal of the House, any member to perform the duties of the chair for a period not exceeding three consecutive legislative days, but for no longer period, except by special consent of the House, and the member so designated shall be during the time for which he is designated, vested with all the powers and duties conferred by these rules, or by law, upon the Speaker. 35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted, with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

The House by majority vote may limit debate on any question.

All questions on which the yeas and nays are not taken shall be put distinctly in this form, to-wit: "As many as are in favor [as the question may be] say 'Aye,'" and after the affirmative vote is expressed, "As many as are opposed say 'No'." If the Speaker be in doubt as to the result, or if a division is called for by any member, the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterwards those in the negative. The count may be made by the Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by one tenth of the members present.

Yeas and Nays

The yeas and nays shall be taken on motions to dispense with the constitutional rule requiring a bill to be fully and distinctly read on three different days and on fixing the effective date of an act of the Legislature; on agreeing to a joint resolution proposing an amendment to the Constitution of the State; on the passage of a bill notwithstanding the objections of the governor; on the passage of a supplementary appropriation bill; on the passage of a House bill amended by the Senate; on all questions where a specific vote is required by the Constitution, the joint rules of the Senate and House of Delegates, or by these rules; on the passage of a bill when requested; on quorum calls; and on questions when called for by one tenth of the members present.

The result of all votes taken by yeas and nays shall be entered on the Journal. When the yeas and nays are inserted on the Journal, the result of the vote as to total yeas, nays and absentees shall be recorded, and the names of the Delegates voting yea or nay, whichever is the smaller number, and the names of Delegates absent and not voting shall be inserted on the Journal. The names of Delegates omitted shall constitute the vote on the prevailing side.

On all roll calls, when the voting machine is not used, before the result is announced, the Clerk shall read to the House the names of those who voted in the affirmative or in the negative, whichever is the smaller number, and announce the names of those absent and not voting, at which time any member may correct a mistake committed in taking down his vote. The result shall then be announced, but if the House so orders, the announcement of the result may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced.

When the yeas and nays are called for by a member on any question, the Speaker shall hold this demand in abeyance until debate has closed upon the question under consideration, or until the previous question has been moved and sustained.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the name of the Speaker shall be called last.

Pairs

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

Division of Question

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

Calling of Yeas and Nays

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

Tie Vote Loses Question

46. In all cases when the House is equally divided, the question shall be lost.

Verification of Vote

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

Explanation of Vote

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

When Members Not to Vote

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

Voting by Machine

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question, "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, in so far as applicable, shall apply to taking votes by means of the voting machine.

MOTIONS**Stating the Question**

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

Form of Motion

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:
1. To adjourn.
 2. To lay on the table.
 3. For the previous question.
 4. To postpone to a day certain.
 5. To go into a Committee of the Whole on the pending question immediately.
 6. To commit to a Committee of the Whole.
 7. To commit to a Standing Committee.
 8. To commit to a Select Committee.
 9. To amend.
 10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

Motion to Adjourn

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

Motions Not Debatable

55. The following motions shall be decided without debate, and shall not be amended:

1. To adjourn.
2. To fix the time to which the House shall adjourn.
3. To lay on the table.
4. For the previous question.
5. To suspend the constitutional rule requiring bills to be read on three several days.
6. To recess.

Motions Not in Order

56. No motion directing the appropriation or payment of money shall be in order.

Effect of Indefinite Postponement

57. When a question is postponed indefinitely, it shall not be again acted on during the session.

Motion to Reconsider

58. After any question has been decided in the affirmative or in the negative, it shall be in order for any member who voted with the prevailing side to move for a reconsideration of the vote thereon at any time on the same day or the next succeeding day of actual session. When the yeas and nays have not been recorded in the Journal, any member, irrespective of whether he voted with the prevailing side or not, may make the motion to reconsider. If the House refuse to reconsider, or upon reconsideration shall affirm its first decision, no further motion to reconsider shall be in order unless by unanimous consent. No vote shall be reconsidered upon motions to adjourn, to lay on the table, to take from the table, or for the previous question.

The motion to reconsider may be put and acted upon when made. If seconded, it shall take precedence of all other questions, except the consideration of a conference report and the motion to adjourn, and unless by motion postponed until some future date be acted upon at once. When a motion to reconsider is made and not acted upon at the time, it shall be placed upon the calendar, under unfinished business, and be acted upon the next day of actual sitting of the House. A motion to reconsider shall not be withdrawn without leave of the House.

No bill, resolution, message, report, amendment or motion, upon which a motion is pending to reconsider the vote thereon, shall be taken out of the possession of the House until final disposition of the motion to reconsider. No motion for reconsideration of the vote on any question, which has gone out of the possession of the House, shall be in order, unless subsequently recalled by vote of the House and in possession of the Clerk.

When a motion to reconsider has been carried, its effect shall be to place before the House the original question in the exact position it occupied before it was voted upon.

Debate on Motions to Reconsider

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

Reconsideration of Question Requiring More Than Majority Vote

60. When a majority of members present vote in the affirmative on any question, but the question be lost because it is one in which the concurrence of a greater number than a majority of a quorum is necessary to an affirmative decision, any member may move for a reconsideration.

Effect of Motion to Table

61. A motion to lay on the table shall only have the effect of disposing of the matter temporarily, and may be taken from the table at any time after the eighth order of business has been passed.

Motion Must Be Germane

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

Previous Questions

63. When any question is before the House, any member being in order and having the floor may move the previous question, but such motion to be put must be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "*Is the motion sustained?*" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "*Shall the main question be now put?*". If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

Time Bills to Go Into Effect

106. In the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after its passage; and if said motion be adopted by a vote of two thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill. (See Const., Art. 6, Sec. 30.)

Senate Bills

107. Senate bills passed by the Senate and reported to the House shall be referred to the appropriate committee unless the House otherwise directs. After this they shall be treated in the same manner as House bills.

RESOLUTIONS

108. Resolutions shall be of three classes, as follows:

(1) *Joint Resolutions*: All proposed amendments to the State Constitution shall take the form of a joint resolution, which shall be subject to the rules which govern the proceedings on bills, except that it shall be read on three several days, and, to be adopted, must on its third reading be agreed to by a two thirds vote of the members elected to the House. (Const., Art. 14, Sec. 2.) When a proposed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[Note: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committees, for raising a joint assembly and other inferior and incidental pur-

poses of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in quadruplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

Action on Resolutions

110. Upon introduction, all resolutions shall be read by their titles and referred to the appropriate committee. Resolutions, other than joint resolutions proposing amendments to the State Constitution, reported from committee shall lie over one day, be inserted in full in the Journal and come up under the ninth order of business the following legislative day. Joint resolutions proposing amendments to the State Constitution shall be treated as bills and proceedings thereon shall be in accordance with section two, article fourteen of the State Constitution.

Resolutions adopted by the Senate and reported to the House shall be subject to the same rule as that governing resolutions introduced in the House.

PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

AMENDMENTS

Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

Must Be Germane

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

Time for Offering

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous

consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

Reading and Stating

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

By Striking Out Enacting Clause

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

Amendment to an Amendment

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

Amendment to Have Precedence Over Substitute

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

Motion to Amend to Have Precedence Over One to Strike Out

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

Filling Blanks

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

No Amendment by Way of Rider

121. No amendment by way of rider shall be received to any bill after engrossment.

Agreeing to Senate Amendments

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary. (Const., Art. 6, Sec. 31.)

Amendment by Section

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

Amending Titles

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

Amendments to Senate Bills

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate Amendment?*". But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

Amendments to Be Printed in Journal

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

Speaking on Amendments

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

JOURNAL

Clerk to Keep

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

Approval and Correction

129. When the Journal has been read to the end that any mistake made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection be made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

Printing Official Copies

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6x9 heavy weight bond paper, with a certificate at the end thereof, certifying that the same is the Official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

Form and Content of Journal

132. The Journal shall be kept and published in minute form so as to show a running account of all proceedings and actions taken. Every written motion, unless it be withdrawn on the same day submitted and before action has been taken thereon, and such other material and matters required by these rules and the joint rules of the Senate and House shall be printed in the Journal. No remarks of members, speeches, newspaper editorials and articles, or other material shall be printed in the daily Journal, except explanations of votes as provided by these rules and such portions of remarks as may be necessary for the record in instances where a member may be called to order for words spoken in debate.

The Clerk shall keep and publish an Appendix to the bound and official Journals of each session of the House. There shall be included in the Appendix all remarks of members and other material ordered printed by the House.

An address or remarks by a member made on the floor of the House may be printed in the Appendix with the consent of the House only on the request of the member making such address or remarks.

CHANGE OR SUSPENSION OF RULES

Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[Note: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two thirds of the members present. Unless there be an unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[Note: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit, *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[Note: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

MISCELLANEOUS RULES

Persons Admitted to the Floor—Members' Gallery

136. No person except members of the Congress of the United States, members of the State Senate, former members of the West Virginia Legislature, the Clerk of the Senate, duly accredited representatives of the press, radio and television, and legislative employees engaged in the proper discharge of their duties, shall be admitted within the House Chamber while the House is in session. No

introductions shall be made while the House is in session. At the convening of the House, the Sergeant-at-Arms shall see that all persons not entitled to the privilege of the floor under this rule retire from the Chamber.

The west or center balcony of the House Chamber shall be designated "Members' Gallery" and reserved for guests of members of the House, and admission thereto shall be by pass in such form as may be approved by the Committee on Rules and signed by member issuing the same to a guest.

Lobbying in the House Chamber

137. No person engaged in lobbying, including persons entitled to the privilege of the floor under Rule 136 when engaged in lobbying activities, shall be permitted upon the floor of the House or in the foyer thereto at any time during a session of the Legislature. If any person not a member while within the Chamber when the House is in session attempts in any manner whatsoever to influence the vote or opinion of any member upon any subject of legislative consideration, he shall be removed from the Chamber and be debarred therefrom during the remainder of the session. Any employee who shall, at any time, engage in such activity shall be subject to immediate dismissal.

News Correspondents and Reporters

138. (a) Any person accorded the privilege of the press gallery or press table must be a news correspondent or reporter for a newspaper, a radio or television station, or of a recognized press association, who is not engaged in any department of state government, or in any other business; and no more than one representative of each shall be admitted to the press table or press gallery at one time.

(b) All applications for admission to the press gallery or press table must be made to the Speaker. Such applications shall state the name and location of the newspaper, news association, radio or television station, and be signed by the applicant. The Speaker may request the news representatives to establish a committee on accreditation of applicants, and he shall consider recommendations made by such committee.

(c) The Speaker shall verify statements made in such application, and if the application is approved by him, he shall issue a correspondent's card, signed by him.

(d) The correspondents shall not visit the members in their seats during the session of the House, and shall abide by such rules and regulations as may be adopted by the Rules Committee of the House.

(e) The card issued by the Speaker must be presented when required by any Sergeant-at-Arms. It shall not be transferrable. The transfer or loan of such card to any one shall be followed by its cancellation and the withdrawal of all its privileges from the correspondent so offending.

(f) The gallery or press tables allotted to news correspondents shall be for their exclusive use, and persons not holding correspondents' cards shall not be entitled to admission thereto.

Lounging Prohibited in the Hall of the House

139. It shall be the duty of the Sergeant-at-Arms to prevent all persons not connected with the Legislature from assembling in the halls at any time when the House is not in session for the purpose of lounging or loafing. For the purpose of enforcing this rule, the Sergeant-at-Arms or his assistants shall be in attendance at all times, and the persistent neglect or disregard of this rule shall be cause for dismissal by the Speaker, or removal.

Peddling Prohibited

140. No person shall be permitted to hawk, peddle or offer for sale any article of traffic at any time within the hall of the House; and it shall be the duty of the Sergeant-at-Arms to strictly enforce this rule.

Regulating Use of Halls

141. The Speaker shall have power to regulate the use of the halls and stairways of the part of the Capitol building used by the House for refreshments and like purposes when the Legislature is in session.

Oaths

142. The Speaker or Clerk shall have authority to administer any oaths required by the business of the House.

Janitors

143. The janitors appointed for or assigned to the House shall, under direction of the Speaker, have care of the House chamber, committee rooms and halls of the House and keep the same in a neat and proper condition at all times.

JOINT RULES OF THE SENATE AND HOUSE

Joint Assembly

1. Whenever there shall be a joint assembly of the two houses, a brief account of the proceedings shall be entered upon the Journal of each house, except in the joint assembly for counting votes for state officers.

[NOTE: It is the custom to hold joint assemblies in the House Chamber and they are presided over by the Speaker. In such sessions the Clerk of the House acts as Clerk, assisted by the Clerk of the Senate. The President of the Senate is given a seat to the right of the Speaker and seats are arranged for the members of the Senate.]

Joint Assembly to Open and Publish Election Returns

2. As soon as the Senate, being organized, is informed that the House of Delegates is ready to proceed, as provided by section three of article seven of the Constitution, to open and publish the returns of the elections for state officers, the Senate, preceded by its President and other officers, shall repair in a body to the hall of the House of Delegates. Upon their arrival the Sergeant-at-Arms of the House of Delegates shall announce the presence of the Senate. The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate have assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for state officers, held on the day of The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon his right, and the other members of the Senate and officers thereof to take seats assigned them, and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House; and when completed and tabulated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall; and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

Disagreement and Conference

3. Whenever a measure of one house is amended in the other and the house in which it originated shall refuse to concur in the amendment, the house amending the measure may either insist or recede therefrom. But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary consequential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

Messages Between the Houses

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the clerk of one house may communicate a message to the clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

Introduction of Bills

5. No bill, other than an appropriation bill, shall be introduced in either house after the fiftieth day of a regular session held in odd-numbered years unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill, and adopted by a two thirds vote of all the members of each house present and voting.

During regular sessions held in even-numbered years, no bill, other than the annual budget bill and bills coming within the purview of a proclamation issued by the Governor in accordance with the provisions of section twenty-two, article six, of the State Constitution, shall be filed for introduction or be introduced in either house unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill and adopted by a two-thirds vote of all the members elected to each house.

When permission is requested to introduce a bill under the provisions hereof, quadruplicate copies of such bill shall accompany the resolution when filed for introduction or introduced.

One House to Notify Other of Rejection of Bill

6. When a bill or resolution passed in one house is rejected in the other, notice thereof shall be sent to the house in which the same shall have been passed.

Record of Bills

7. The clerks of the two houses shall keep separate records or registers, in which shall be recorded every action taken by the Senate and House on each bill and resolution.

Clerks to Endorse Bills

8. The clerks of the two houses shall endorse on each bill a statement of any action taken by their respective bodies.

Notice to Be in Writing

9. Notice to either house of the action of the other shall be in writing, signed by the clerk of the house giving such notice.

Each House to Have Control of Own Printing

10. Each house may order the printing of bills, resolutions, reports, and other documents without the consent of the other.

Joint Committees

11. Joint standing committees of the Senate and House shall be appointed as follows:

(1) *Joint Committee on Enrolled Bills*—To consist of five members from each house.

(2) *Committee on Joint Rules*—To consist of the presiding officers and two members of each house, to be appointed by the presiding officers.

(3) Such other joint committees as may be provided for by concurrent resolution. A bill or resolution referred to a joint committee may be recalled from such committee by the house in which it originated.

Engrossed Bills to Be Filed With Clerk of House

12. All engrossed bills passed by, and joint and concurrent resolutions adopted by, both houses shall be filed with the Clerk of the House to be kept with the rolls of the Legislature and to be used by him in printing and publishing the acts of the Legislature.

Joint Committee on Enrolled Bills

13. The Joint Committee on Enrolled Bills shall consist of five members of the Senate and five members of the House of Delegates, to be appointed by the presiding officer of each house, whose duty it shall be to compare carefully all bills and joint resolutions passed by both houses, with the enrollment thereof, and to correct any errors or omissions they may discover and to make reports to their respective houses from time to time, of the correctly enrolled bills or joint resolutions. It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

Printing Enrolled Bills

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, three hundred fifty copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve

of these copies shall be on seven and one fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. From these copies all judges shall be furnished enrolled bills as provided for in section fourteen, article one, chapter four of the code.

Authentication of Enrolled Bills

15. Enrolled bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead, and they shall require all bills and joint resolutions before such authentication to be free from interlineations or erasures and destroy any previous enrollment containing any interlineations or erasures. A certificate, showing in which house the bill originated and when it takes effect, signed by the clerks of the two houses, shall be endorsed on the bill. After enrolled bills and joint resolutions are authenticated as aforesaid, they shall be signed by the Speaker of the House and by the President of the Senate.

Presenting Bills to Governor

16. After a bill shall have thus been signed in each house, it shall be presented by the said committee to the Governor, for his approval. The said committee shall report the day of presentation to the Governor, which time shall be entered on the Journal of each house.

Record of Enrolled Bills

17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

Action of Governor on Bills

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become a law without his approval," and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the reconsideration and passage of said bill, and sign the same.

Joint Meetings of Committees

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

What Shall Be Printed in the Journal

20. The following shall always be printed in the Journal of each house:

(a) Messages from the Governor and messages from the other house, the titles of all bills and the title and text of all resolutions.

(b) A record of all votes taken by yeas and nays as required by the Constitution, the rules of the respective houses and these rules; and a brief statement of the contents of each petition, memorial, or paper presented to each house."

Manner of Printing the Journal and Bills

21. In printing the daily Journal of the proceedings of each house there shall be printed at the top of each page, except the first, the date of the Journal and on the last page of each day's Journal, shall be printed the calendar for the next day.

At the top of the first page of each bill, preceding the title and number thereof, there shall be printed the name of the person by whom or the committee by which it was introduced and the date of introduction; and at the top of each page, except the first, shall be printed the number of the bill.

Use of Legislative Halls and Offices

22. Permission to use, other than for statutory purposes, either legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House, as the case may be. During legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purpose whatsoever.

Resolutions

23. Resolutions requiring concurrent action may originate in either house, and shall be of two kinds, namely:

Joint Resolutions: These resolutions shall be used for proposing amendments to the State Constitution and for ratifying amendments to the Constitution of the United States. Joint resolutions proposing amendments to the State Constitution shall be adopted as provided in section two, article fourteen of said Constitution.

Concurrent Resolutions: Such resolutions shall be used for all purposes not covered by joint resolutions as defined above.

Suspension of Joint Rules

24. No Joint Rule shall be suspended, except by a two-thirds vote of each house, and unless there be unanimous consent, such vote shall be taken by yeas and nays.

THE WEST VIRGINIA STATE BAR (Integrated)**Offices: State Capitol—Telephone 346-8414**

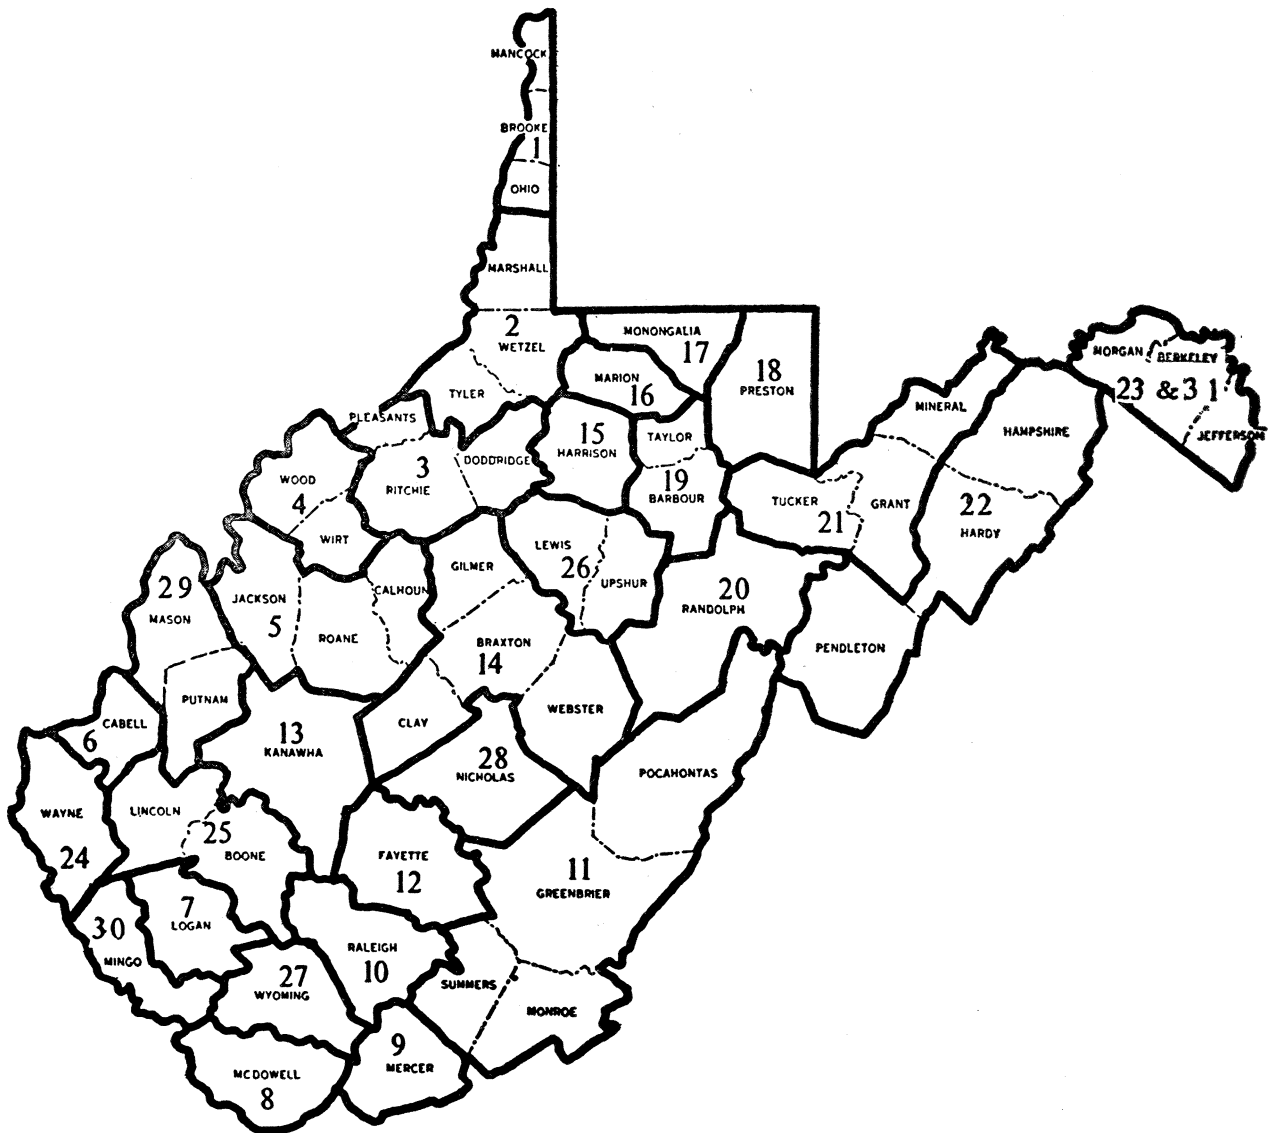

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is now \$20.00 for members who have been admitted to practice for more than five years, and \$10.00 for members who have been admitted to practice for not more than five years.

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to improve the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal profession; and to encourage cordial relations among its members. It is its declared purpose to give effect to pertinent rules of the Supreme Court of Appeals, and to perform the functions expressed in its Constitution and By-Laws. A principal duty of the State Bar is to uphold the standards of professional ethics and to diligently and vigilantly investigate and prosecute violations of these standards.

The State Bar is governed by a Board of Governors, consisting of all officers, except the secretary-treasurer, as *ex officio* members, and sixteen Governors, one Governor being elected by the members of the Bar by a secret mail ballot in each of the sixteen State Bar Districts. Officers are a president, chairman of the board, first vice president, second vice president and secretary-treasurer.

ARTICLE I

Relations to the Government of the United States

§1. The State of West Virginia is and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

§2. The government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved to the States is the exclusive regulation of their own internal government and police;

[Editor's note.—This preamble was proposed by House Joint Resolution No. 8, Acts 1959, p. 659; submitted by Acts 1960, c. 4; and ratified November 8, 1960.]

and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State, from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

§3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

The districts adopted the Constitution, and these six counties became part of the State.

The remaining four counties mentioned above were created by acts of the legislature as follows: Mineral county, from Hampshire county, on February 1, 1866; Grant county, from Hardy county, on February 14, 1866; Lincoln county, from parts of Cabell, Putnam, Kanawha and Boone counties, on February 23, 1867; and Summers county, from parts of Greenbrier, Monroe, Mercer and Fayette counties, on February 27, 1871. After every census the delegates shall be apportioned as follows: The ratio of representation for the house of delegates shall be ascertained by dividing the whole population of the State by the number of which the house is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate district, and of every county not included in a delegate district, by the ratio thus ascertained, there shall be assigned to each a number of delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional delegates necessary to make up the number of which the house is to consist, shall then be assigned to those delegate districts, and counties not included in a delegate district, which would otherwise have the

Arrangement of Senatorial and Delegate Districts

§10. The arrangement of the senatorial and delegate districts, and apportionment of delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the legislature, to be thereafter held, and shall continue in force unchanged, until such districts shall be altered, and delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State

§11. Additional territory may be admitted into, and become part of this State, with the consent of the legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the senate and house of delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

§15. No senator or delegate, during the term for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

Oath of Senators and Delegates

§16. Members of the legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability;" and they shall also take this further oath, to-wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Senator (or Delegate) on any bill, resolution or appropriation, or for any act I may do or perform as Senator (or Delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a judge of the supreme court of appeals, or of a circuit court, or by any other person authorized by law to administer an oath; and the secretary of state shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

Time of Assembly of Legislature

§18. The legislature shall assemble annually at the seat of government, and not oftener, unless convened by the governor. Regular sessions of the legislature shall commence on the second Wednesday of January of each year. Notwithstanding any other provisions of the Constitution, the board of public works shall, on and after the effective date hereof, submit to the legislature an annual budget prepared as otherwise required by the Constitution.

All regular sessions may be extended by the concurrence of two thirds of the members elected to each house.

[Editor's note.—This section originally read as follows: "No session of the legislature, after the first, shall continue longer than forty-five days, without the concurrence of two-thirds of the members elected to each house." By the first amendment, proposed by Senate Joint Resolution No. 3, Acts 1919, p. 498, submitted by Acts 1919, c. 127, and ratified on November 2, 1920, it was amended to read: "All sessions of the legislature, other than extraordinary sessions, shall continue in session for a period not exceeding fifteen days from date of convening, during which time no bills shall be passed or rejected, unless the same shall be necessary to provide for a public emergency, shall be specially recommended by the governor and passed by a vote of four-fifths of the members elected to each house; whereupon, a recess of both houses must be taken until the Wednesday after the second Monday of March following. But all regular sessions may be extended by the concurrence of two-thirds of the members elected to each house."

By the third amendment, proposed by Senate Joint Resolution No. 4, Acts 1953, p. 612, submitted by Acts 1953, c. 31, and ratified on November 2, 1954, this section was amended to read as set out above.]

The budget shall contain a complete plan of proposed expenditures and estimated revenues for the fiscal year and shall show the estimated surplus or deficit of revenues at the end of each fiscal year. Accompanying each budget shall be a statement showing: (a) An estimate of the revenues and expenditures for the current fiscal year, including the actual revenues and actual expenditures to the extent available, and the revenues and expenditures for the next preceding fiscal year; (b) the current assets, liabilities, reserves and surplus or deficit of the State; (c) the debts and funds of the State; (d) an estimate of the State's financial condition as of the beginning and end of the fiscal year covered by the budget; (e) any explanation the governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State's revenue.

The governor may, with the consent of the legislature, before final action thereon by the legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both houses; and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.

(5) The legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or decreasing any item therein: Provided, that no item relating to the judiciary shall be decreased, and except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or decreased during his term of office: Provided further, that the legislature shall not increase the estimate of revenue submitted in the budget without the approval of the governor.

Subsection D—General Provisions

(8) If the budget bill shall not have been finally acted upon by the legislature three days before the expiration of its regular session, the governor shall issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of the bill; but no matter other than the bill shall be considered during such an extension of a session except a provision for the cost thereof.

(9) For the purpose of making up the budget, the governor shall have the power, and it shall be his duty, to require from the proper state officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. by the auditor, shall be transmitted to the governor in such form and at such times as he shall direct, and shall be included in the budget.

(10) The governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and all institutions applying for state moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments.

(11) Every budget bill or supplementary appropriation bill passed by a majority of the members elected to each house of the legislature shall, before it becomes a law, be presented to the governor. The governor may veto the bill, or he may disapprove or reduce items or parts of items contained therein. If he approves he shall sign it and thereupon it shall become a law. The bill, items or parts thereof, disapproved or reduced by the governor, shall be returned with his objections to each house of the legislature.

Each house shall enter the objections at large upon its journal and proceed to reconsider. If, after reconsideration, two thirds of the members elected to each house agree to pass the bill, or such items or parts thereof, as were disapproved or reduced, the bills, items or parts thereof, approved by two thirds of such members, shall become law, notwithstanding the objections of the governor. In all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal.

A bill, item or part thereof, which is not returned by the governor within five days (Sundays excepted) after the bill has been presented to him shall become a law in like manner as if he had signed the bill, unless the legislature, by adjournment, prevents such return, in which case it shall be filed in the office of the secretary of state, within five days after such adjournment, and shall become a law; or it shall be so filed within such five days with the objections of the governor, in which case it shall become law to the extent not disapproved by the governor.

(12) The legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

(13) In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the governor from calling extraordinary sessions of the legislature, as provided by section nineteen of this article, or as preventing the legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

(14) If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

If, after such reconsideration, a majority of the members elected to that house, agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the legislature shall, by their adjournment prevent its return, in which case it shall be filed with his objections in the office of the secretary of state, within five days after such adjournment, or become a law.

Whenever a vacancy shall occur in the office of governor before the first three years of the term shall have expired, a new election for governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

§8. No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose to an amount, including existing indebtedness, in the aggregate, exceeding five per centum on the value of the taxable property therein to be ascertained by the last

assessment for state and county taxes, previous to the incurring of such indebtedness; nor without, at the same time, providing for the collection of a direct annual tax on all taxable property therein, in the ratio, as between the several classes or types of such taxable property, specified in section one of this article, separate and apart from and in addition to all other taxes for all other purposes, sufficient to pay, annually, the interest on such debt, and the principal thereof, within, and not exceeding thirty-four years. Such tax, in an amount sufficient to pay the interest and principal on bonds issued by any school district not exceeding in the aggregate three per centum of such assessed value, may be levied outside the limits fixed by section one of this article: Provided, that no debt shall be contracted under this section, unless all questions connected with the same, shall have been first submitted to a vote of the people, and have received three-fifths of all the votes cast for and against the same.

The amendment, known as the "School Bond Amendment," inserted in the first sentence the provision as to property subject to the tax. Notwithstanding any other provision of the Constitution to the contrary, the maximum rates provided for tax levies by school districts on the several classes of property may be used entirely for current expense purposes; and all levies required for principal and interest payments on any bonded indebtedness, now or hereafter contracted, not to exceed five per centum on the value of the taxable property therein, the value to be ascertained in accordance with section eight of this article, shall be laid separate and apart and in addition to such maximum rates, but in the same proportions as such maximum rates are levied on the several classes of property.

The amendment rewrote this section. Prior to the amendment this section pertained only to the State superintendent of free schools.]

But any portion of said interest remaining unexpended at the close of a fiscal year shall be added to and remain a part of the capital of the "school fund": Provided, that all taxes which shall be received by the State upon delinquent lands, except the taxes due to the State thereon, shall be refunded to the county or district by or for which the same were levied.

All private rights and interests in lands in this State derived from or under the laws of the State of Virginia, and from or under the Constitution and laws of this State prior to the time this Constitution goes into operation, shall remain valid and secure and shall be determined by the laws in force in Virginia, prior to the formation of this State, and by the Constitution and laws in force in this State prior to the time this Constitution goes into effect.

Land Entry Prohibited

§2. No entry by warrant on land in this State shall hereafter be made.

Forfeited Lands

§3. All title to lands in this State heretofore forfeited, or treated as forfeited, waste and unappropriated, or escheated to the State of Virginia, or this State, or purchased by either of said states at sales made for the nonpayment of taxes and become irredeemable, or hereafter forfeited, or treated as forfeited, or escheated to this State, or purchased by it and become irredeemable, not redeemed, released or otherwise disposed of, vested and remaining in this State, shall be, and is hereby transferred to, and vested in any person (other than those for whose default the same may have been forfeited or returned delinquent, their heirs or devisees), for so much thereof as such person has, or shall have had actual continuous possession of, under color or claim of title for ten years, and who, or those under whom he claims, shall have paid the State taxes thereon for any five years during such possession; or if there be no such person, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have title or claim to, regularly derived, mediately or immediately from, or under a grant from the commonwealth of Virginia, or this State, not forfeited, which but

for the title forfeited, would be valid, and who, or those under whom he claims has, or shall have paid all State taxes charged or chargeable thereon for five successive years, after the year 1965, or from the date of the grant, if it shall have issued since that year; or if there be no such person, as foresaid, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have had claim to and actual continuous possession of, under color of title for any five successive years after the year 1865, and have paid all state taxes charged or chargeable thereon for said period.

Former Owner's Privilege

§5. The former owner of any such land, shall be entitled to receive the excess of the sum for which the land may be sold over the taxes charged and chargeable thereon, or which, if the land had not been forfeited, would have been charged or chargeable thereon, since the formation of this State, with interest at the rate of twelve per centum per annum, and the costs of the proceedings, if his claim be filed in the circuit court that decrees the sale, within two years thereafter.

[**Editor's note.**—The amendment of this section was proposed by House Joint Resolution No. 4, Acts 1933, 2nd Ex. Sess., p. 583; submitted by Acts 1933, 2nd Ex. Sess., c. 72; and ratified on November 6, 1934. The amendment rewrote this section. Prior to the amendment this section provided for the forfeiture of tracts containing one thousand acres or more, did not expressly provide for owners of undivided interests, and did not mention county and district taxes.

It was held, before the amendment, that although this section provided for the forfeiture of lands containing one thousand acres or more, it did not limit such forfeiture to such tracts, and that an act providing for the forfeiture of a less number of acres than one thousand, for nonentry upon the land books, was merely cumulative and not inhibited by this section of the Constitution. See *State v. Swann*, 46 W. Va. 128, 33 S. E. 89 (1899).]

ARTICLE XIV

Amendments

§1. No convention shall be called, having the authority to alter the Constitution of the State, unless it be in pursuance of law, passed by the affirmative vote of a majority of the members elected to each house of the Legislature and providing that polls shall be opened throughout the State, on the same day therein specified, which shall not be less than three months after the passage of such law, for the purpose of taking the sense of the voters on the question of calling a convention. And such convention shall not be held unless a majority of the votes cast at such polls be in favor of calling the same; nor shall the members be elected to such convention, until, at least, one month after the result of the vote shall be duly ascertained, declared and published. And all acts and ordinances of the said convention shall be submitted to the voters of the State for ratification or rejection, and shall have no validity whatever until they are ratified.

And if a majority of the qualified voters, voting on the question at the polls held pursuant to such law, ratify the proposed amendment, it shall be in force from the time of such ratification, as part of the Constitution of the State. If two or more amendments be submitted at the same time, the vote on the ratification or rejection shall be taken on each separately, but an amendment may relate to a single subject or to related subject matters and may amend or modify as many articles and as many sections of the Constitution as may be necessary and appropriate in order to accomplish the objectives of the amendment.

When a bond issue as aforesaid is authorized, the legislature shall at the same time provide for the collection of an annual State tax sufficient to pay annually the interest on such debt and to pay the principal thereof within and not exceeding thirty years.

[**Editor's note.**—This amendment was proposed by House Joint Resolution No. 17, Acts 1927, p. 361; submitted by Acts 1927, c. 29; and ratified on November 6, 1928.]

CHARITABLE

WEST VIRGINIA CHILDREN'S HOME

Superintendent: Miss Betty Lou Bambrick. Clerk: Wanda Siler. Children: 60.

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. The two-story brick structure is located on a 20 acre tract-equipped with playground equipment and an open air swimming pool. The Home operates an ultra modern Elementary school which provides the latest techniques of modern education. The educational program offers the services of tutors three nights a week for all students. The summer months offer a program of activities provided supervision by teachers of Randolph County and College students. This program provides field trips, outdoor recreation, arts and crafts and also classes in reading, writing and arithmetic—the classes are for Elementary students—other students attend regular summer school. The main purpose of the Home is to provide for orphan and neglected children between the ages of 6 to 14—a home away from home. It is the objective of the Home to provide a stable life without the traumatic up-heavals with a staff of persons dedicated to working with children who are unwanted & uncared for in their own homes. Children are admitted either by a court order by the Department of Welfare and by Juvenile Court to be kept, maintained, educated and trained until they can be returned to their former homes or placed in foster homes. Children are provided the services of a full time counselor, and a Social Worker from the Department of Welfare and the Appalachian Mental Health Center. These services are of great benefit in helping this type child with deep-seated problems. Religious training is provided by the local churches, and the children attend Sunday School and Church each Sunday, also take part in various Youth activities of the community.

COLIN ANDERSON CENTER

St. Marys

Superintendent: Eladio E. Mazon, M.D. Business Manager: Ward Webb. George Lancianese, Supervisor Special Education-Adjunctive Therapies. Average daily resident population: 515.

The Colin Anderson Center is located four miles north of St. Marys, on State Route 2, in Pleasants County. It was established in 1921, by an act of the Legislature, as the West Virginia Training School. A 1965 Legislative Act changed the name of the institution to the Colin Anderson Center, in honor of the late Dr. Anderson, who served as Superintendent, with dedication and devotion, from 1958 until his death in 1964.

The property consists of 694 acres, part of which is under cultivation. A dairy herd and a modern pasteurization plant is maintained. Designed as a training facility, it has over the years accumulated a large number of severely retarded whose potential for profiting from training programs is limited. Despite the nature of the population, intensive training programs have been developed and small numbers of residents are being released to productive semi-independent lives in the community.

This facility is not sufficiently large to meet the ever-increasing need throughout the state, but present philosophy dictates that community-based facilities, rather than large state institutions, offer the most promise for the future. Funds for capital improvements are designed to augment present facilities rather than increase the bed capacity at this institution.

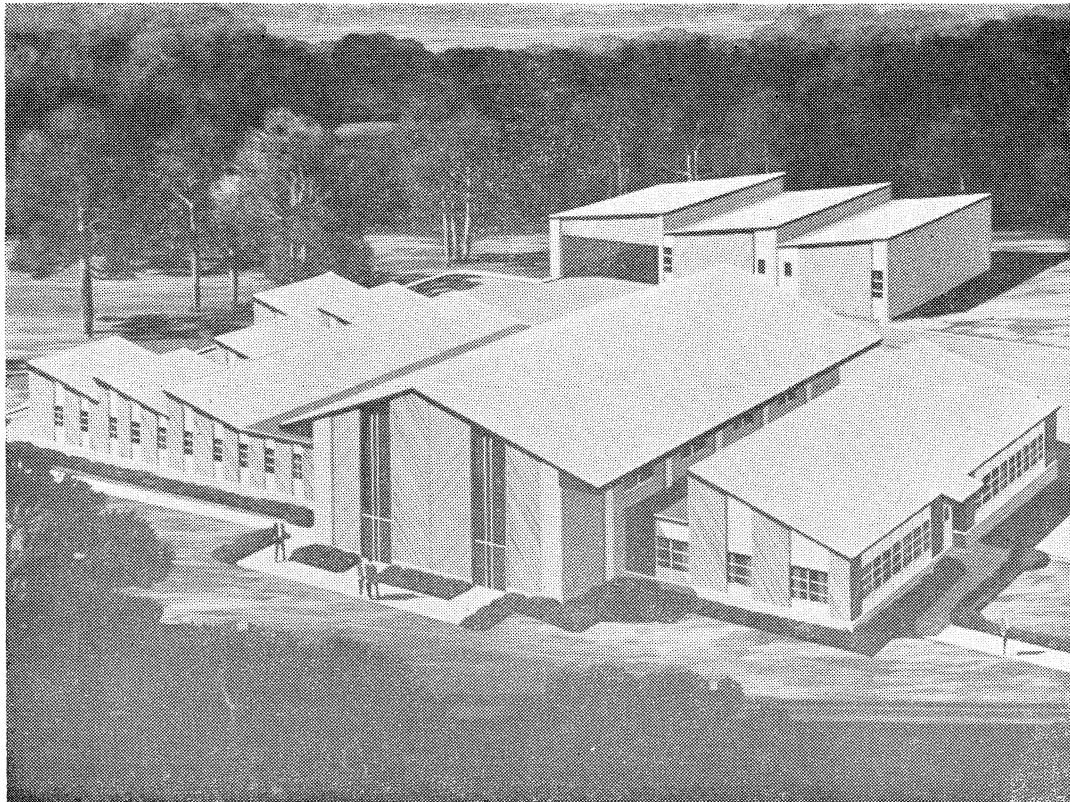

A Special Education Program was organized in September 1966 and accredited in August 1967 by the State Department of Education. The Special Education Program includes: early childhood education; kindergarten; primary classes; intermediate classes; pre-vocational training; adult education; physically handicapped programs for EMR and TMR; day camping; swimming; Brownie, Girl, and Boy Scouts; recreation; arts and crafts; children's library; homemaking unit; good grooming unit; educational seminars, tours, and workshops are conducted throughout the year; weekly church services are provided in the community and on-grounds by the Pleasants County Ministerial Association; an active volunteer services corp consisting of over 150 community volunteers; day school classes available on a space availability basis; and three buses to transport the children on off-grounds trips and to community-oriented activities.

The Center is operated for the purpose of providing complete care for mentally retarded children. The aims of the Center are to promote happiness, self-reliance, socialization, vocational training, and to attempt to equip those children who are able to return to community life.

Medical and dental care is offered, along with classes of an educational and vocational nature. Occupational therapy classes are planned to develop potential skills, and are graded and diversified in an endeavor to reveal any latent abilities. A Vocational Rehabilitation Unit was established at the Center in January, 1965. Children are also accepted for training courses at the Rehabilitation Center at Institute. It is recognized that some children are unable to benefit from a training program, and for these, custodial care is provided, always with a view to increasing their comfort and safety, as well as promoting some degree of self-care and independence.

Special Education is also responsible for the supervision of a federally-funded Hospital Improvement Project. The Community Adjustment Project (Half-Way House—Boys) is located in the city of Parkersburg. The main purpose of the project is to bridge the gap between the total dependency of an institutional setting and the independency of the community. The project is designed to develop training in developing personal, social, and civic responsibilities; use of leisure time; getting along on the job; job skills, community and family living. Staff consists of two houseparents and a leisure time activity person.

Located on the grounds are: An administration and ancillary services building, which includes a beauty shop and a barber shop; two cottage wards; a large dormitory building; a staff apartment building; a modern laundry; and a crib ward building. The crib ward opened in June 1964, and has 200 beds divided into ten and twenty bed wards. It is air conditioned and has two solararia which have solar glass to filter out ultra violet light. This building contains X-ray, electrocardiograph and electroencephalogram departments, a dental unit and laboratory. There are also two infirmaries of ten beds each; examination and treatment room; and physiotherapy department. The Center has a staff of 367.

CORRECTIONAL

WEST VIRGINIA FORESTRY CAMP FOR BOYS

Davis

Superintendent: Kenneth Rubenstein. Business Manager: Orland J. Massi. Enrollment: 86.

West Virginia Forestry Camp for Boys is located at Davis, Tucker County, West Virginia, one mile west of Rt. 32. It was authorized by an Act of Legislature in 1955 and was established in 1956. It houses youthful male offenders between the ages of sixteen and twenty-one who have been convicted of or pleaded guilty to a criminal offense, other than a capital offense, and who in the opinion of the committing court, is amenable to discipline other than in close confinement. The period of confinement is one year, or longer if it is deemed advisable by the Camp Superintendent, but in any event it shall not exceed two years.

It is strictly an honor institution and its training program consists of four separate, yet well integrated phases. These being: (1) Work Program; (2) Educational Program; (3) Recreational Program; (4) Individual and Group Counseling. All of these are of equal value and importance.

The work program incorporates various aspects. Outdoor activities are conducted in cooperation with the West Virginia Conservation Commission in the upkeep and general maintenance of the Blackwater Falls State Park. Approximately twenty-five per cent of the residents are utilized for various camp jobs. The towns of Thomas and Davis use boys on a daily basis aiding them in maintenance of municipal projects. On several occasions the residents have also aided civic and charitable organizations with their various projects. Let it also be noted that the residents are compensated monetarily for all services rendered.

A year round Recreational Program has been developed with the boys participating in area independent basketball and softball programs. Other sports played are football, volleyball, badminton, tennis and horse shoes.

The Educational Program consists of academic and vocational courses. The chief goal of the Educational Program is to keep those boys minds refreshed that plan on going back to school upon their release and to develop in those that do not go back to school a trade that can be used on the outside.

A counseling program consisting of both individual and group counseling is used very extensively.

Church services are held every Sunday in the Camp Chapel. Provisions are made for Catholic residents to attend church in the local community adjacent to the institution.

The Staff consists of the Superintendent, Business Manager, Secretary, Clerk, Counselor, Three Teachers, Athletic Director, Chaplain, Doctor, Nurse, Laundry Matron, Three Cooks, Security Officer and Nine Supervisors.

WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS

Grafton

*Superintendent: James D. Kerns. Assistant Superintendent: Charles N. Taylor.
Business Manager: Ebert L. Frum. Enrollment: 210.*

The West Virginia Industrial School for Boys is located at Pruntytown, three miles west of Grafton on U. S. Route 50. It was established by an act of the Legislature in 1889 and formally opened July 21, 1891. In addition to the principal buildings, which are located on the main campus consisting of approximately 55 acres, the school owns and operates a farm of approximately 1,900 acres on which are located a considerable number of farm buildings. The boys work on the farm during the farming season at which time emphasis is placed on the training value of such a program, directed toward improving work habits and maintaining discipline standards. For use at the School a dairy herd of registered cows is maintained on the farm and milk is pasteurized and homogenized in the modern plant of the institution.

The School now has a vocational rehabilitation training program consisting of certified vocational instructors for full time vocational instruction in the fields of industrial arts, auto mechanics, welding, vocational agriculture and building trades. As funds become available, this highly important phase of the program is to be expanded. In addition to this, there are training units in shoe repairing, baking, butchering and meat cutting. The School also maintains the following units in which the boys receive a certain amount of training. Painting, plumbing, laundering, woodwork, canning, auto mechanics and carpentry. The academic school is operated on approved state standards and contains grades one through twelve. Educational T.V. is a part of the academic program and instructions are offered in the preparation and presentation of T.V. programs, through closed circuit. In compliance with the state law, those under sixteen years of age are required to attend academic school for a term of ten months each year. A well planned recreation and physical education program operates under the supervision of competent men. Football, basketball, (indoor and outdoor), baseball, softball, volleyball, swimming, track and horseshoe pitching form the backbone of this program. There are two black-top play areas that can be used for tennis or basketball.

A Social Service Department classifies each boy upon his reception, presents him for parole and/or discharge at the proper time and maintains liaison between County and State Authorities. In most instances, the boys are placed in cottages according to their age or size or both. An Honor System has been established as a stimulant to good behavior and achievement for the boys and it is working well. A Drum and Bugle Corps, consisting of approximately 40 boys, is in operation and appears at many parades and festivals through the year, and there is now an active Boy Scout Troop. A full-time Chaplain, especially trained for this work, offers classes in religious education in the academic school and holds weekly religious services for the boys. A program of counseling and guidance is an integral part of the treatment program and is carried on through both individual and group therapy.

As of May 1, 1967, the inmate population of the West Virginia Penitentiary was 895. There are 129 inmates known as honor men, who during the day work out-

side the confinements of the prison. These men are employed in the operation of the farm, garage, industry warehouse, mine and sawmill. There are 200 inmates employed in Industry producing paint, tobacco, soap, clothing, license plates, mattresses and printing.

The security of the Penitentiary is maintained by a 180 man guard force under the administrative supervision of a Warden, a Deputy Warden, a Captain of the guards and 9 Lieutenants. The Guard Force operates as a semi-military organization.

All the commodities manufactured at the institution are for sale to state agencies, county and city governments. Prison produced goods are never sold on the open market, nor out of the state.

HUTTONSVILLE CORRECTIONAL CENTER

Huttonsville

Warden: Lloyd Edward Haynes. Deputy Warden: Leo Skidmore. Business Manager: Herbert E. Ferrell. Inmates: 275.

The Huttonsville Correction Center is located on a farm near Huttonsville and is 18 miles south of Elkins on U. S. Routes 219 and 250. It was established by an act of the Legislature in 1937 and was designed to relieve over-crowding at the West Virginia Penitentiary and at the same time aid in the rehabilitation of prisoners. The majority of the inmates are employed in general farm work but many are employed in other vocational trades. They are quartered in modernly equipped dormitories in which there are no cells. The farm consists

of 5,000 acres of which approximately 2,000 acres are suitable for cultivation and pasture. The farm products produced are in excess of the needs of the institution and are sold to other state institutions. Much of the foods grown on the farm is canned in the very modern equipped cannery. [The 1947 session of the Legislature separated the Medium Security Prison Farm from the West Virginia Penitentiary and established it as a separate institution. All provisions of the law applicable to the Penitentiary are in effect, except that criminal proceedings against inmates of this institution are brought in the Circuit Court of Randolph County the 1970 Legislature changed the name to "Huttonsville Correctional Center".]

WEST VIRGINIA STATE PRISON FOR WOMEN

Pence Springs

Superintendent: Mrs. Lucille Blankenship. Financial Secretary: Mrs. Mary K. Lawrence. Capacity: 60. Present Population: 26.

The West Virginia State Prison for Women was established by an Act of the West Virginia Legislature in 1947. Prior to that time women who were sentenced in West Virginia were housed in one wing of the State Penitentiary at Moundsville. The Prison is located at Pence Springs, Summers County, on Route No. 3 fifteen miles east of the city of Hinton.

The Prison is situated on 205.6 acre tract of land which consists of well kept grounds, fifty acres of fertile farm land and several acres of woodland. The main building is well suited for its present use. It is a large three story red brick with full sized basement and attic. The first floor has spacious living room, staff and resident dining rooms, kitchen, business offices, commissary and sewing room. The second and third floors consist of resident rooms, hospital unit, quarantine

unit, security unit, and officers quarters. The basement has a large room which is used for sewing and crafts and other sections which are used for laundry, walk-in freezer, photography room, and quarters for the male officers on duty. Near the main building is the Chapel and assembly room. The assembly room is furnished with a piano and eighty individual chairs. In a separate building is a well equipped cannery for the mass production of canned and frozen foods. Outside the security fence is the Superintendent's five-room cottage and a Duplex which has a furnished apartment for the Financial Secretary and an apartment for guests of the institution. There is also a garage, storage and farm equipment building and piggery on the grounds.

The sewing and craft department is used for vocational training. Many garments are made for institutional use and classes are taught in weaving. Rugs are woven for resident rooms, as well as many pieces of linen and upholstery material. The residents are taught the art of cooking and serving through the food service and the laundry assignments prepares many girls for work in home or commercial laundries.

In September of 1968, an Adult Education class was initiated with a fully qualified teacher from Summers County conducting classes two evenings each week. Women completing the course satisfactorily received the High School equivalent diploma.

A complete program is carried out with visiting ministers three times a month. Several interested Church and laymen groups have visited the institution and conducted services. The Sunday School conducted by the residents is well attended.

HOSPITALS AND SANITARIUMS

ANDREW S. ROWAN MEMORIAL HOME Sweet Springs

Superintendent: Dr. George H. Guy. Business Manager: O. B. Grimmett.

The Andrew S. Rowan Memorial Home for aged men and women was established by an act of the Legislature in 1945 and opened to guests July 1, of the same year. Named in honor of Andrew Summers Rowan, a Monroe County

native and famous for Spanish-American War exploits. Born at nearby Gap Mills, Rowan was immortalized by Elbert Hubbard's essay "A Message to Garcia". This story tells of Rowan's landing near Turquino Peak, Cuba, in April 1898, to contact the insurgent leader General Garcia. The carrying of the message and returning with information about the insurgents was of immense value to military operations in Cuba later.

This Institution is located at Sweet Springs, Monroe County, in the heart of the Blue Grass Section, on State Route No. 3 midway between Union and White Sulphur Springs.

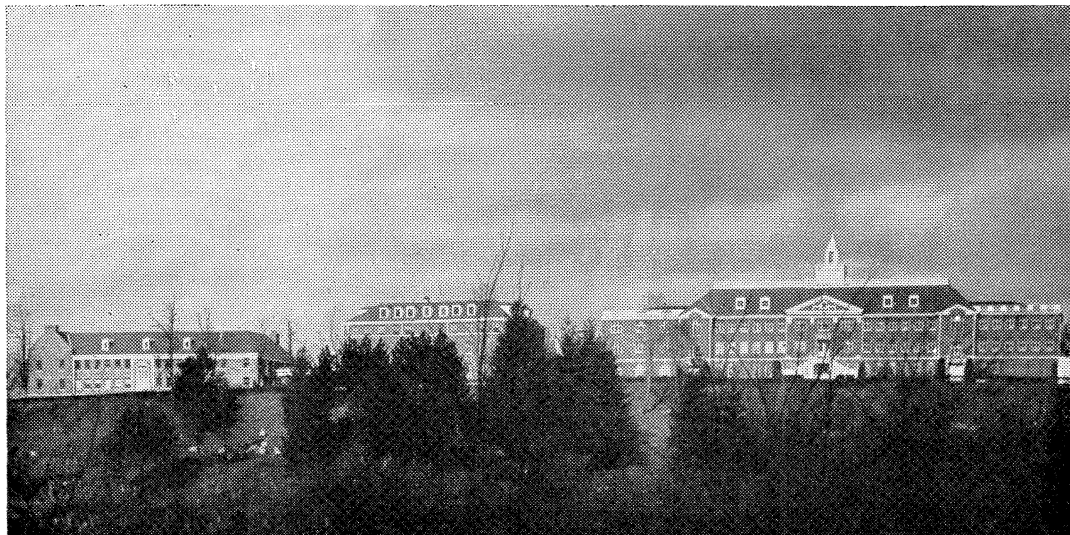

There are many historical facts and traditions connected with the buildings and grounds. The oldest and largest building was completed in 1833 and is of the Thomas Jefferson design and named in his honor. A ninety-six bed annexation to the building was completed in 1958. There are six hundred ninety acres including two hundred twenty-five of farm, and pasture lands and approximately thirty buildings. The dormitory used for men has undergone quite extensive repairs and alterations. A sprinkler system has been installed in the building even though some of the buildings are already fire proof. An excellent herd of registered Holstein cows is kept on the farm which supplies the guests with a bountiful supply of milk. The milk plant is one of the best to be found in this county.

To be eligible for admittance, all applicants must have attained the age of sixty-five years or older and have been a resident of the state of West Virginia for at least one year prior to making application. They must be able to take care of their personal needs, dress and undress themselves, walk to a central dining room and be mentally competent. This institution is operated solely as a home for the aged; it is not a hospital, nursing home or sanitarium. Two persons occupy a room and there is a central bath.

There are two types of admissions; namely, voluntary pay and those who are not able to pay their own way may make application through the Department of Welfare of the county in which they reside.

The rate for a voluntary pay guest is \$52.50 per month, payable in advance. \$37.50 of this amount is for maintenance and the other \$15.00 is put into a trust fund to take care of personal expenses, such as personal laundry and dry cleaning and small luxuries which the state does not provide.

A medical examination is required, also a chest X-ray. Application forms for voluntary pay admittance are available here or in the Commissioner of Public Institutions Office, Charleston, 5, West Virginia.

On August 1, 1942, the hospital had a population of 270 patients, its capacity at that time. Additional space has been provided through renovation of one of the buildings until the hospital had facilities for 315 patients. The 1947 Legislature made an appropriation for an administration building and a storage building. These two buildings have been completed and are now in use. The 1949 Legislature made an additional appropriation for construction of a modern laundry building and for renovation of the old buildings, and upon completion of the renovation and the additional space provided by the removal of the administrative offices from one of the dormitories to the new administration building, it has a capacity of 368 beds.

The 1957 Legislature appropriated \$100,000 for construction and furnishing of a male employees dormitory. In 1964 this building was converted into a patients' self-government ward.

**FAIRMONT EMERGENCY HOSPITAL****Fairmont**

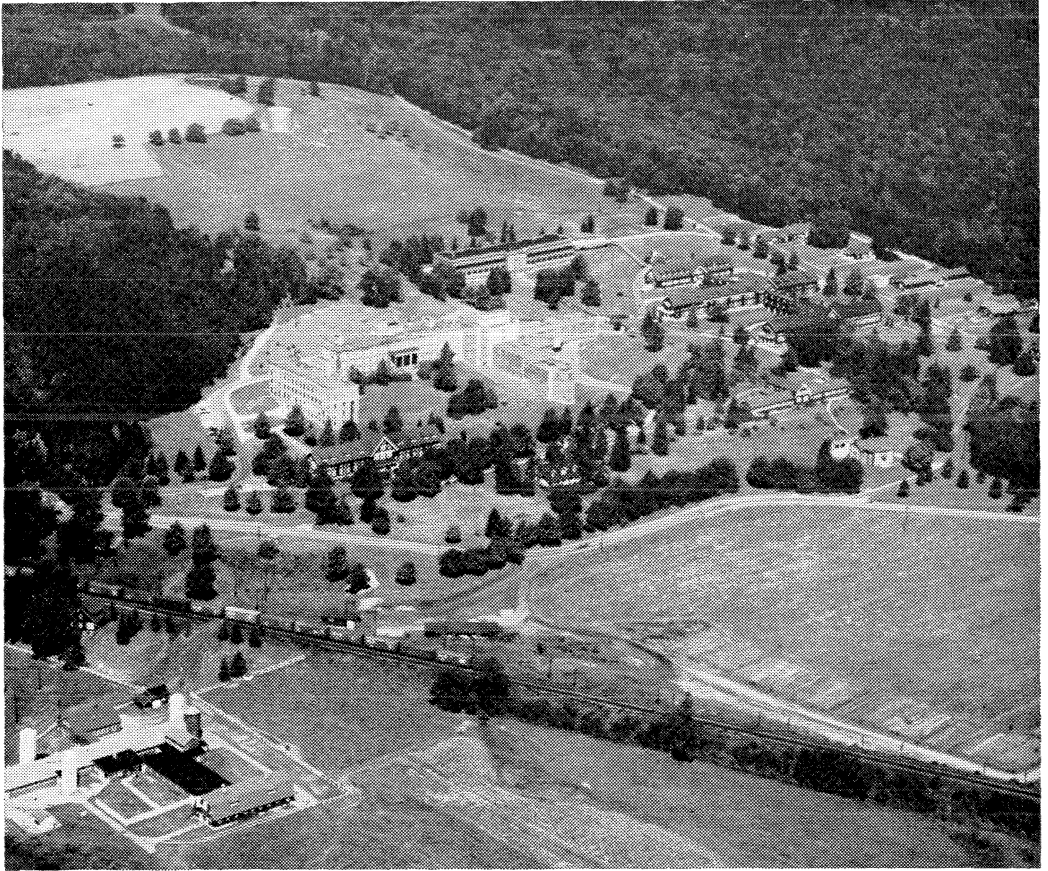

Superintendent: Jack C. Morgan, M. D. Business Manager: Lawrence Shingleton.

This general hospital located in Fairmont, Marion County was constructed in 1899 to provide medical services for occupational injuries. It now provides medical and surgical services for medically indigent citizens in northern West Virginia, and for the thousands of residents and patients in all state Institutions in that area. In addition to payments by private patients to the general revenue fund, it should be remembered that without its services, the state would be obliged to pay thousands upon thousands of dollars each year for the medical and surgical services performed at Fairmont Emergency Hospital on behalf of state patients and wards.

Through a continuing program of planned improvements the physical structure of this hospital is now exceptionally good.

Recent improvements include a new X-Ray Unit and remodeling of the X-Ray Room. Planned improvements include refacing one sunporch, remodeling the laboratory, installing a pharmacy and new laundry equipment.

The staff of the hospital has been increased to give better patient care. It is hoped this will increase the use of the hospital by local physicians and surgeons.

HUNTINGTON STATE HOSPITAL

Huntington

Superintendent: Jaime E. Lazaro, M.D. Business Manager: Randall L. Baumgardner. Average daily resident population: 978.

Huntington State Hospital is located in the City of Huntington, having been established by an act of the Legislature in 1897, thus being the second oldest hospital in the State of West Virginia. Huntington State Hospital has a present patient population of 960, against a rated bed capacity of only 608. Patients are received from a ten-county region, having a population of 523,560. The hospital has been re-organized into the Geographical Unit System consisting of two to three counties in each unit. Each of these units correspond to a Community Mental Health Center in their respective areas. With this new set up the hospital hopes to reduce its census and be able to provide more treatment programs.

The Hospital is maintained and equipped to provide adequate, modern treatment for all types of mental and nervous illness (voluntary, involuntary and court referred), within a ten county jurisdiction, covering the southwestern area of the state. The physical plant includes an administrative building, four ward buildings, three of which are modern and updated, the last one being one of the original structures, slated for replacement in the near future. In addition

there are facilities for the laundry, power house, main kitchen, maintenance shops, occupational therapy, recreational therapy and vocational rehabilitation. Medico-surgical services are available in one of the buildings for those patients suffering from acute medical and surgical problems, attended by the hospital permanent staff and by six consultant-specialists from the City of Huntington. In addition to medical and surgical beds, the service includes a modern pharmacy (staffed by a full-time registered pharmacist), a clinical and X-ray laboratory, and electrocardiography facilities.

The medico-psychiatric staff is assisted by professionals in the fields of psychology, social service, psychiatric nursing, alcoholism, recreational therapy, occupational therapy, industrial therapy and rehabilitation—in the treatment of all problems pertaining to mental illness and emotional disturbances, including alcoholism and childhood behavior. A Rehabilitation Center complements the above treatment programs.

Huntington State Hospital is the only state institution with a residential psychiatric affiliation program for student nurses, which is utilized by Wheeling, Parkersburg and Bluefield Schools of Nursing, as well as a non-residential program of affiliation for Marshall University, Morris Harvey College, St. Mary's Hospital, and King's Daughters Hospital Schools of Nursing.

The Hospital conducts In-Service Training Programs for psychiatric aides, psychiatric nurses, physicians and other professional and sub-professional members of the hospital staff.

LAKIN STATE HOSPITAL

Lakin, West Virginia

Acting Superintendent: Margaret T. Ross, M.D. Clinical Director: Arie S. Watana, M.D. Business Manager: Sam L. Nichols, Jr. Average Daily Population: 423.

Lakin State Hospital was founded by an act of the Legislature in 1919 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders; however, the staff and patient population have been integrated since 1954. Presently, the institution is the district hospital for Mason, Jackson, Wood and Putnam Counties.

The physical lay-out of Lakin State Hospital on the immediate grounds consists of the following: Building A and Building B, both three story brick structures which house male and female patients respectively. The Treatment Center for Emotionally Disturbed Children is located in Building C, which also has administrative office areas, laboratory and X-ray unit, and central supply. A newer building houses the kitchen, dining area for patients, offices for ancillary personnel, library, canteen, conference room, etc. In addition, there are, on the immediate hospital grounds, structures in which certain allied functions of the hospital such as laundry, recreation and work shops are conducted.

Funds appropriated in 1969, together with Federal funds will permit the construction of an activities building including classrooms and the expansion of programs for the adult patients as well as emotionally disturbed children. The spacious gymnasium is now being used for both patient therapy and employee recreational activities. The Lakin Post Office is also located on these grounds.

The hospital in 1952, received the gold medal awarded by the Hospital Institute of the American Psychiatric Association which is a national award for achievement. For eleven years, a Psychiatric Aide of the Year was cited for excellency in the care of mentally ill patients. This, too, was a national recognition by the American Psychiatric Association, until its discontinuance in 1963.

A rehabilitation center is located on the hospital grounds, in what was formerly the male employees' dormitory. In this building are the remedial and special education classrooms, beauty parlor, homemaking unit, manual arts shop and offices for related personnel. Patients are screened here for admission to the Rehabilitation Center at Institute for further job training.

Most of the accepted methods of diagnosis and treatment are utilized including clinical observation, social service, psychological testing, neurological and electroencephalography as indicated, occupational therapy, music therapy, recreational therapy, psychotherapy, educational therapy, and vocational rehabilitation in addition to full utilization of the tranquilizing drugs, in an effort to maintain the institution as a treatment hospital rather than an institution for custodial care.

A self government group is operating in each of the buildings for adults in an effort to strengthen the patients' sense of independence. The chaplain conducts church services each Sunday and is active in the program being developed for patients suffering from chronic alcoholism. Long term patients with potential to live in the community are accepted at Guthrie Center.

In this manner, the patient is given the benefit of consultation by the entire medical staff. The Pinecrest staff is composed of a Superintendent, Assistant Superintendent, Thoracic Surgeon, five full-time physicians, two X-ray technicians and two laboratory technicians, with ample office employees.

The ambulatory patients have the privilege of being entertained in the modern auditorium by moving pictures and plays produced by local talent. In addition to the legally committed patients, the hospital also admits persons who make a voluntary application for admission. Court Order cases are admitted here too.

The hospital is indebted to volunteer groups made up of citizens from Roane County and the city of Spencer. They have greatly assisted in the expansion of the occupational and recreational therapy programs.

In January, 1964, a special program was initiated at this institution. It incorporates the concept of group therapy in a comprehensive intensive alcoholic treatment unit. The patient becomes a member of a group, each of whom interacts freely on a personal basis with one another, which helps to develop interpersonal skills in meaningful communication. This unit is the first of its kind to operate in the State of West Virginia. Since January, 1965, this unit has been strengthened by additional personnel provided by funds supplied by a Federal Hospital Improvement Project Grant amounting to over \$350,000 over a four year period. We have an excellent rehabilitation program. The hospital conducts an Inservice Training program for aides.

WESTON STATE HOSPITAL

Weston

Acting Superintendent: Muharrem Gultekin, M.D. Assistant Superintendent: Howard C. Henderson. Business Manager: W. J. Murphy. Average daily resident population: 1,750.

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864.

The hospital plant includes several buildings. A section of the main building has been isolated from the rest of the hospital and is designated as the West Virginia Soldiers' Home. This is also administered by the hospital staff. Male war veterans are admitted here for treatment. The hospital has an Alcoholic Treatment Unit and Medicare Unit. A wide variety of treatment is provided including psychotherapy, chemical therapies, group psychotherapy, cultural enrichment, occupational and recreational therapies, and electro-shock therapy. The clinical services consist of psychiatry, general medicine, social service,

psychology, nursing, dentistry, x-ray, pathology and clinical laboratory, electroencephalography, and a blood bank. There is an In-Service Training program for psychiatric aides and training of psychologists, social workers, and medical students which is carried out in conjunction with West Virginia University and other colleges. The hospital is in the process of creating a Behavior Modification Unit and renovating one of the psychiatric units for a Teaching Unit. Renovation of the quarters occupied by the Soldiers' Home has permitted better utilization of this area. The new patient's canteen has been in operation for approximately one year, refrigeration facilities have been updated, and at the present time, the new boiler house is under construction.

There is a Vocational Rehabilitation Center on the grounds and a Half-way House for the training and rehabilitation of the mentally ill.

The hospital has positions for 735 employees. The consulting staff consists of specialists and general physicians as well as professors and instructors from nearby colleges. There are two part-time chaplains at the hospital and other members of the clergy are welcome to visit patients. The volunteer services include 65 service groups of various kinds plus individual volunteers who contribute in a number of areas to the services of the hospital.

Weston State Hospital has reorganized into distinct units which correspond to the community mental health regions served by the hospital. In so doing, the hospital has moved ahead in utilizing one of the most effective concepts of treatment, allowing unit hospital staff and their community resources to coordinate more effectively, services to patients and their families.

The buildings and outlying farm operations occupy some 600 acres of land in Lewis County. A registered herd of Holstein cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in a modern pasteurization plant fully approved by the State Board of Health.

The hospital grounds are large and spacious with many shade trees and provide recreational facilities for the patients.

WEST VIRGINIA REHABILITATION CENTER AND WORKSHOP

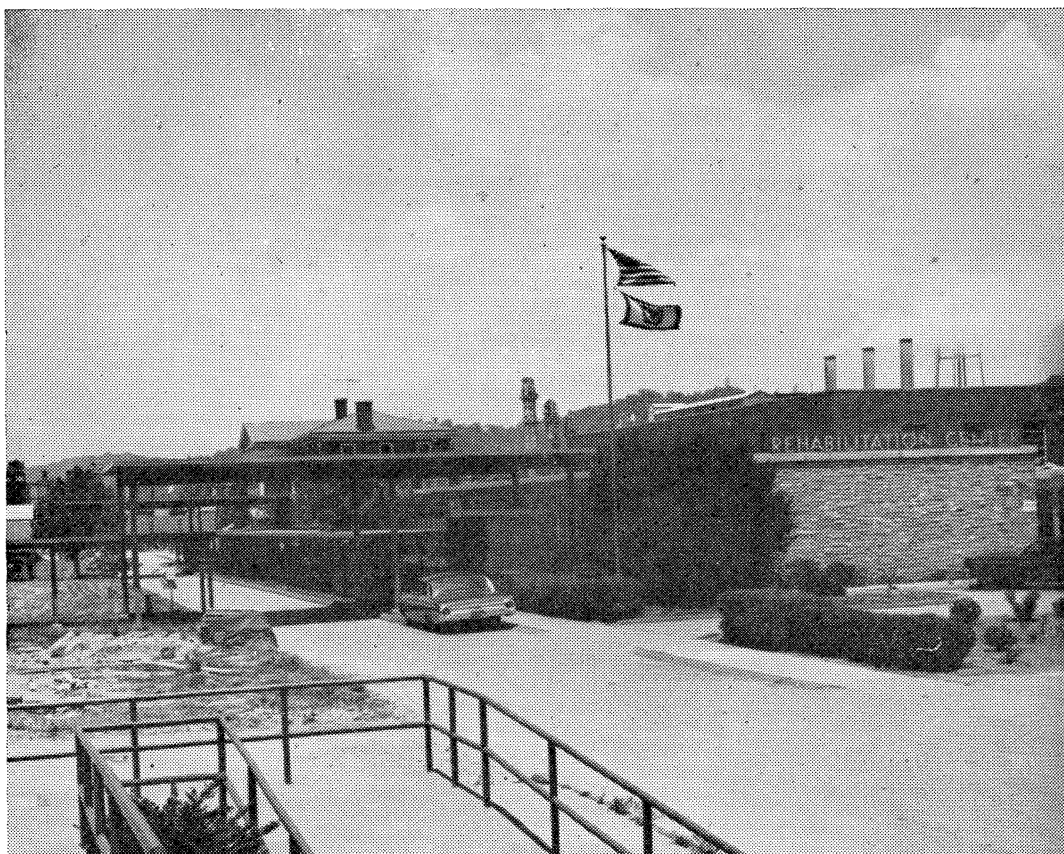

Joseph E. Lobuts, Administrator.

The West Virginia Rehabilitation Center, located 3.5 miles from Charleston at Institute, is an independent operation of the State Division of Vocational Rehabilitation.

The Center is composed of eleven buildings—several interlocking—situated on a 35 acre tract of land. It is staffed by more than 230 service and professional personnel. The facility provides medical and vocational services needed to rehabilitate the severely disabled. At present, there are 92 types of disabilities served which include such handicaps as mental illness, mental retardation, amputations, blindness, cord injuries, strokes, acute heart defects, cultural or social problems, and speech and hearing difficulties.

The Center is a multi-disability, vocationally oriented facility, using the team approach to provide a wide range of rehabilitation services to handicapped persons to prepare them for gainful employment. The Center has a present capacity of 475, with a waiting list of eligible clients in critical need of services. The Center offers five major categories of rehabilitation services.

1. *Vocational Evaluation*—The Center offers a comprehensive, intensive vocational evaluation program to determine the specific job or range of jobs which the client, in view of his capabilities and limitations, is best suited. The program is suited to the individual's needs. Depending on these needs, the evaluation generally ranges from one to two weeks. A team of therapists, physicians, psychologists, vocational counselors, and social workers assist the client in

obtaining a medical and vocational rehabilitation. Depending upon the client's needs, the evaluation may consist of any or all of the following:

- a. Work Evaluation
- b. Functional Studies
- c. Psychological Testing
- d. Social Work-up
- e. Medical Evaluation
- f. Optical Aids Evaluation

2. *Prevocational Adjustment Training*—The Center offers separate prevocational training courses for male and female clients. Training for males is on-the-job training in the Center Sheltered Workshop activities, building maintenance, and horticulture. Training for females is centered around a homemaking course. Neither course is designed to train the client to be proficient in any particular subject taught, rather to provide a vehicle through which the client receives intensive counseling and opportunity to work with others in the atmosphere which basic work and social skills may be absorbed by the client. A part of this prevocational training is a mobility and adjustment service for the visually handicapped. The objective of this program is to promote readiness of the blind or the visually handicapped client for vocational training or placement through special mobility instruction and vocational evaluation. Course emphasis is dictated by the individual client needs.

3. *Vocational Training*—Vocational training offered at the Center is designed specifically for agency clients. It is not intended to duplicate or supplant vocational training programs elsewhere in the state. Each course is planned for individual instruction within an established course outline, and thus, each course is flexible enough to meet the needs of the individual client. Major training courses include stenography, accounting, clerk-typist, drafting, radio-TV servicing, upholstery, auto mechanics, auto body repair, auto servicing, electrical appliance repair, laundry operation, sewing, cooking and baking, kitchen and

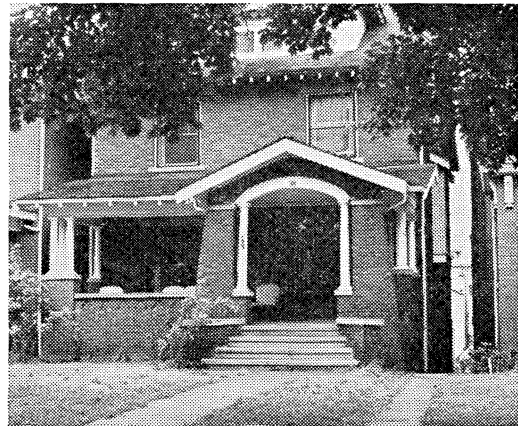

dining room helpers, hotel-motel aide, offset printing, nurse aide, orderly, watch repair, sheet metal, building maintenance and janitorial, horticulture, keypunch and automatic transmission.

4. *Rehabilitation Treatment*—The Center offers a comprehensive medical service program under the supervision of a medical director, a licensed physician, a dentist and carried out by staff of medical specialists, therapists, nurses, and others. The program consists of two major areas of services: Medical maintenance and Rehabilitation Treatment.

5. *Sheltered Work Experience (Sheltered Workshop)*—The Center Sheltered Workshop offers a program of sheltered work experience for clients. Through this experience, any or all of the following rehabilitation purposes may be served for the client.

- a. Job Tryout

REHABILITATION HOUSES

Huntington

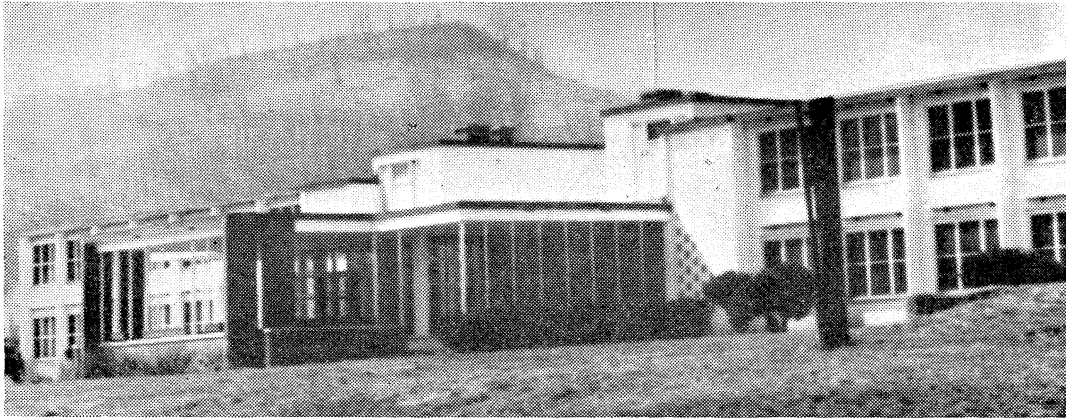

The West Virginia Division of Vocational Rehabilitation operates two Rehabilitation Houses in a quiet residential section of Huntington for the benefit of discharged mental patients. The homes—which are often referred to as “Halfway Houses”—are intended to ease the abrupt transition between the state mental institution and the patient’s home community. Only patients who have previously been treated at a state mental institution are eligible to receive services from the two homes.

Both houses are three-story brick homes—nicely furnished with attractive surroundings. The House for Women can accommodate twelve residents and two houseparents. The House for Men has a capacity of 15, including houseparents.

All of the patients who are sent to the houses are assigned household duties and are encouraged to accept gainful employment in the community. Home-cooked meals and an active recreation program, both within the houses and the community, help to make life pleasant for the former patients. All are on self-

medication and are visited once each week by a physician from Huntington State Hospital.

Vocational training or re-training is provided to those who show a need for it. This may be offered through the State Rehabilitation Center, local trade schools, colleges, or through local business firms which are willing to provide on-the-job instruction. Successful job placement of the Rehabilitation House resident is the ultimate goal of all rehabilitation efforts. This is probably the biggest step for the ex-patient in his return to community living.

STATE COLLEGES

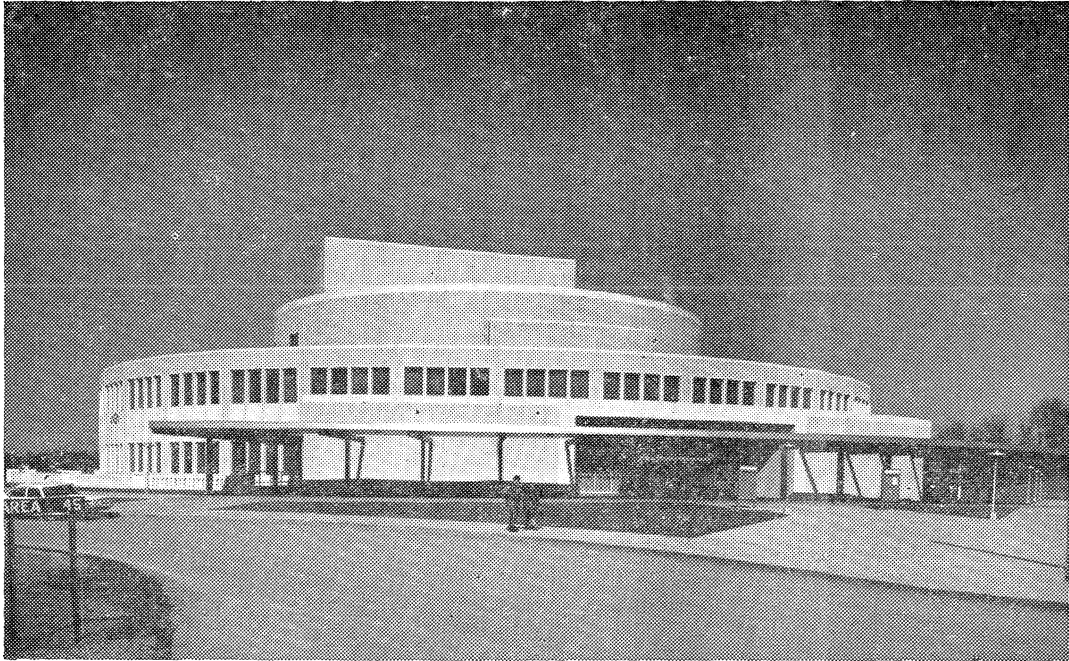

WEST VIRGINIA UNIVERSITY

Morgantown

Teacher, student, healer, artist, scientist, grower of food and forest, builder of a better world . . . these are the many faces of West Virginia University. It seeks to reconstruct the past, to understand the present, to glimpse and help create the future. The University's concerns embrace the breadth of life . . . plants and animals, man's health, his polluted environment, his prosperity, his comfort, his humanity.

The more than 20,000 students that WVU serves each year are young and old . . . from every West Virginia county and in East Africa (where the University conducts a federally funded agricultural education program). They are coal miners and industrial workers receiving technical training, company engineers keeping up with the newest technology, 18 to 21 year olds discovering the excitement of new ideas, tomorrow's doctors and engineers, teachers continuing their education, firemen, housewives learning about art and how to become wiser consumers.

WVU's organization into 18 colleges, schools and divisions indicates the variety of its intellectual life: The College of Agriculture and Forestry, College of Arts and Sciences, Center for Appalachian Studies and Development, College of Commerce, Creative Arts Center, School of Dentistry, College of Engineering, Graduate School, College of Human Resources and Education, School of Journalism, College of Law, School of Medicine, Divisions of Military Science and Air Force Aerospace Studies, School of Mines, School of Nursing, School of Pharmacy, School of Physical Education.

Creative Arts Center

The most significant development in WVU's recent history has been its emergence as a regional center for graduate and professional education. For the first time in its history, WVU awarded more than 1,000 graduate degrees at its 101st Commencement on May 17, 1970. The University has awarded more graduate degrees during the past 10 years than during the previous 90 years.

This growth in the graduate program is considered to be phenomenal and an important measure of WVU's emergence as a major university and as a regional research center.

West Virginia University's dramatic growth in physical facilities from 1957-58 through 1967-68 has been equaled by few universities of its size in the nation. During that decade, more than \$93 million in new buildings and facilities either have been built or are under construction on the three Morgantown campuses.

They include a \$7.9 million Creative Arts Center, engineering and agriculture buildings costing \$10 million, the \$27.5 million Medical Center complex, \$18.4 million in dormitories and apartments, a \$2.4 million forestry building, \$4 million in chemistry facilities, a \$10.5 million coliseum, the \$6.7 million campus activities center (Mountainlair) with its adjoining plaza and parking garage. A \$3 million Law Center and a \$3.5 million Library-Computer Center are now being planned for construction.

CONCORD COLLEGE

Athens

A nationally-recognized and fully-accredited coeducational liberal arts and teacher education institution, Concord College was founded in 1872. It is located in the town of Athens, Mercer County, which is situated close to the southern

Concord College

terminus of the West Virginia turnpike. In addition to this strategic travel location, the mountainous environment (elevation 2,600 feet) provides an ideal year-around climate.

Enrollment for the 1969-1970 academic year totalled approximately 2,000 students in the regular term and 800 during the summer, and there are 130 faculty and professional staff members. These students and staff members represent the major geographical areas and educational institutions in the United States.

A campus complex composed of 25 buildings valued at \$23 million provides an excellent setting for study and recreation. Within this complex, one of the main features is The Oakey Logan Alexander Center for the Creative and Performing Arts which houses the fine arts—art, music, and theater. This impressive \$3 million structure consists of two basic multi-level structures—one for the visual arts and the other for theater and music; a third area links the two basic areas together and provides for galleries, lobbies and lounges.

Additions to the campus complex which are now under construction or authorized by appropriations include a new \$2.5 million health and physical education facility and faculty housing units.

The College grants the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Science in Business Administration, and Bachelor of Science in Medical Technology. Special programs include study in early childhood education, computer science, library science, home economics, and health and physical education. Pre-professional programs are available for medicine, dentistry, law, social work, graduate work, the ministry and other professions. A cooperative arrangement with Union College in Schenectady, New York, provides special opportunities for students in the sciences. The usual undergraduate majors in the arts and sciences and fields for teacher certification are offered.

The College is fully accredited by the North Central Association and the National Council for the Accreditation of Teacher Education, and it is recognized by the American Association of University Women. Concord is a member of various national and regional educational and athletic organizations including

the American Council on Education, the Regional Council for International Education, the Association of American Library Association, and the National Association of Inter-collegiate Athletics.

ALDERSON-BROADDUS COLLEGE

Philippi

Alderson-Broaddus, a Christian liberal arts college, will celebrate its centennial year in 1971. Its purpose is to unite excellence in academic achievement with dedication to service and the cultivation of strong faith.

Broaddus College was established in 1871 in Winchester, Virginia, was moved across the mountains to Clarksburg in 1876, and moved again to Philippi in 1909. Broaddus College and Alderson Junior College were merged in 1932 when the college was renamed Alderson-Broaddus.

It is a private institution chartered under the laws of the State of West Virginia, sponsored by the West Virginia Baptist Convention and affiliated with the American Baptist Convention. While the College is Baptist in heritage and affiliation, it is not sectarian in outlook. Students are admitted on the basis of academic ability and moral character without regard for their color, class, or creed.

Alderson-Broaddus College is fully accredited by the North Central Association of Colleges and Secondary Schools. It is also a member of the Association of American Colleges, the American Council on Education, the Council of Protestant Colleges and Universities, and the Association of Higher Education of the American Baptist Convention. It is recognized by many learned societies, and state departments of education have approved the institution for the training of teachers for elementary and secondary schools.

The instructional program is organized under four divisions: Humanities, Social Sciences, Natural Sciences, and Professional Studies. In addition to offerings in the Liberal Arts, there are professional programs of study in business administration, Christian education, elementary education, medical technology, medical science (physician's assistant), music education, nursing, radiologic technology, and secondary education. The pre-professional programs include dentistry, law, medicine, ministry, and social work. These curricula lead to the bachelor of arts and bachelor of science degrees. The academic year is on a year-round, 4-term basis. Students attend three terms each year, with vacations staggered throughout the four years (*i.e.* Freshman—summer term

off; Sophomore—spring; Junior—winter; Senior—fall). Students take three courses, five days a week each term for a concentrated learning experience.

Enriched educational experiences are offered for graduation credit during the vacation terms of the junior and senior years. They include: foreign study and travel, co-operative educational programs with Broaddus Hospital and business and industry, independent study; and Christian and humanitarian service.

The present enrollment is slightly over 1,000 and the total student costs are \$2,250 a year. Ample scholarships, unique work opportunities, and loans are available to worthy students.

GREENBRIER MILITARY SCHOOL

Lewisburg

Enrollment—350. The history of the school dates back to 1812 when it was chartered by the Virginia Assembly. Several years prior to that time the old brick academy building was erected by the founder, the Rev. John McElhenny, D.D., who served as pastor of the Old Stone Presbyterian Church for sixty-two years.

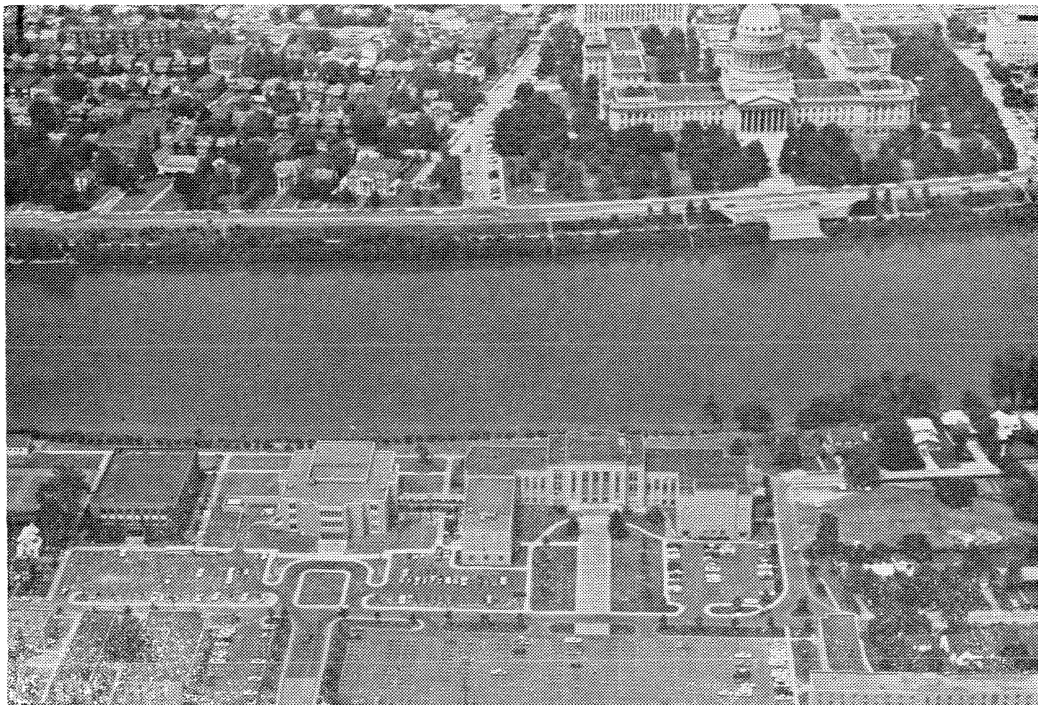

The late Col. H. B. Moore became president in 1906. A few years later he was joined by his brothers, Col. D. T. Moore and Col. J. M. Moore, who retired at the end of the 1969-70 school session. The active operation of the school is now under the direction of Col. W. J. Moore, Superintendent; Col. W. A. Rawl, Treasurer; and Major H. B. Moore, Headmaster. Today Greenbrier is both non-profit and non-sectarian.

Greenbrier is a fully accredited college preparatory school with military training. Classes begin at the seventh grade and go through high school, with one added year of post high school preparatory work offered to a limited number of students. More than ninety per cent of its graduates go on to colleges and universities all over the United States.

MORRIS HARVEY COLLEGE (Independent)

Charleston

The roots of the College sink deep in the history and traditions of this state. The Southern Methodists, after having lost Marshall Academy during the Civil War, in 1888, established a seminary in Barboursville. This seminary was destined to become Morris Harvey College.

For nearly fifty years, the College served the youth from southern West Virginia and eastern Kentucky. The enrollment was small and the facilities were limited, but the Great Depression resulted in the relocation of the College in Charleston.

Today the College is accredited by regional and national associations. Its student body, of more than three thousand, is heterogeneous. Its faculty was rated strong in a recent evaluation. The educational program places emphasis on the liberal arts, but provides for teacher education, business and industrial management, chemical technology, structural engineering, and nursing. Present enrollment is 3,135.

The College seeks to keep its academic program responsive to the contemporary student and community needs. Urging the faculty to develop excellence in teaching, it seeks the involvement of students in the life of the College, and the broadening of its relationship with other academic and social institutions.

**U. S. ARMY ENGINEER DISTRICT, HUNTINGTON
CORPS OF ENGINEERS**

502 Eighth Street, Huntington, West Virginia 25721

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the eastern Panhandle, which is in the Potomac River Basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River Basin in West Virginia downstream from New Martinsville in Wetzel County. The Pittsburgh District encompasses the upstream remainder of the Ohio River Basin including the Basin of the Monongahela River. The Potomac River Basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in the entire State of West Virginia rests with the U. S. Army Engineer District, Louisville, Kentucky, Corps of Engineers.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and three navigation structures on the Monongahela River. Operation of the former Federal navigation projects on the Little Kanawha and Big Sandy Rivers for commercial navigation has been discontinued and the properties transferred to State or local interests. Navigation is not a feature of the Potomac River located in West Virginia.

Improvement of the navigation facilities on the Ohio River includes construction of modern high lift structures to replace existing obsolete dams. Eight of these structures are complete. Greenup Locks and Dam, Greenup, Kentucky, replaced Locks and Dams 27 and 28 in West Virginia, 29 and 30 in Kentucky. New Cumberland Locks and Dam, New Cumberland, West Virginia, replaced Locks and Dams 7, 8 and 9 in West Virginia. UNITED STATES MARINE CORPS

United States Marine Corps activities in West Virginia include one organized reserve company with a total authorized strength of 116 officers and men and a regular Marine Corps recruiting station in South Charleston with sub-offices located in six major West Virginia cities and Bristol, Virginia.

The present Marine reserve units were organized during and after the Korean conflict. There were two Marine Reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June 1950.

Each reserve unit has a staff of regular Marine officers and enlisted men to instruct, support and advise. This staff is called the Inspector Instructor Staff.

Marine reserve units are an active part in any community. They are always ready for parades, color guards, funeral details and other civic functions where military personnel can be of service.

The annual "Toys for Tots" campaign is one of the proudest achievements of each Reserve unit. The Marine reserves collect, repair and distribute toys to thousands of children in West Virginia, and the total for the nation last year was in excess of 5,000,000 toys.

A breakdown of the state's Marine reserve company is as follows:

FOURTH ENGINEER COMPANY, USMCR

Located in South Charleston at 3116 MacCorkle Avenue, S.W. Activated December 13, 1951. Largest ground reserve unit in the state. Total strength 113 enlisted; 3 officers; 10-man instructor staff. Warden: Virginia W. McLaughlin

Superintendent of Industries: Marjorie Porterfield

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 740. There are fifteen buildings housing residents, two separate housing units for youthful and juvenile offenders, a hospital, administration building, garment factory, laundry, school building, a vocational building, chapel and auditorium, storehouse, dining room, and shops. In the forty and more years of its existence the institution program has expanded to meet the needs of a changing society. At the present time it is oriented toward diagnostic treatment designed to meet feminine role expectations within the social reality of each individual. Specific program areas include: counseling, education, medical and psychological, casework, religious and vocational. RANDOLPH

Randolph County was formed from Harrison in 1787 and included all of the present county of Tucker, all of Barbour east of the river, all of Upshur east of Buckhannon River, and a considerable portion of Pocahontas and Webster. It lost territory in 1821 when Pocahontas was formed; again in 1843 when Barbour came into existence, and in 1851 it gave up some of its territory to Upshur and five years later 350 square miles were cut off to form Tucker; and in 1860 Webster took a strip; and after all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The white man's home on the waters of the Monongahela, within West Virginia, was first planted in Randolph. In this county occurred the first Indian Massacre in the State. From that beginning, the county has been an historical center down to the present.

First H-4 Camp in the World held in this county.

Kumbrabow State Forest and part of the Monongahela National Forest are located in this county.

Fossil Tree Park, in which are found large numbers of fossilized trees, is located a short distance west of Elkins. Southeast of Huttonsville, on White Mountain (elevation over 4,000 feet), the federal forces maintained the highest fortified camp in the War Between the States.

Leading Industries and Chief Agricultural Products: Lumber, coal, potatoes, hay and grain, livestock, dairying.

OFFICIAL MUNICIPAL REGISTER

(Corrected to September 1, 1970)

CLASS I, II AND III CITIES

Under the provisions of Chapter 56, Acts of the Legislature, regular session, 1939, municipal corporations are classified by population as follows: Population in excess of 50,000, Class I city; population more than 10,000 and not more than 50,000, Class II city; and population more than 2,000 and not more than 10,000, Class III city. Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Population is determined on the basis of the last preceding census taken under the authority of the Congress of the United States or the Legislature of West Virginia. Census of 1960 is used as basis in determining class of cities listed in Registrar.

The information contained in bold type below the various cities has been compiled from an extensive survey by the Legislative Interim Committee concerning the Municipal Code.

Salem—Harrison County

(Magisterial District: Tenmile).

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1838, and the Industrial Home for Girls, established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway route No. 23 pass through it. It is the birthplace of United States Senator Jennings Randolph and the great writer, Granville

Davison Hall, author of *Daughter of the Elm*, *The Rending of Virginia*, and many other historical books.

Wheeling—Ohio County

(Magisterial Districts: Center, Clay, Madison, Union, Washington, Webster, Richland, Ritchie and Triadelphia).

County seat. Settled in 1769 by Ebenezer Zane and followers. Name derived from Indian word, "Wheelin," which name was used for years prior to the Zane settlement to designate the creek which bisects the city. In 1793 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry." Here was fought in September, 1782, the last battle of the American Revolution. It was during this seige that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

Wheeling was the state's capital until 1870 and again from 1875 to 1880 when the government was moved to Charleston.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, by Senate Joint Resolution No. 18, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, was adopted by the Legislature on September 26, 1863, and symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunters' rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

STATE SONGS

"THE WEST VIRGINIA HILLS", "THIS IS MY WEST VIRGINIA" and "WEST VIRGINIA, MY HOME SWEET HOME" were designated as the official State Songs of West Virginia, each ranking equally with the others in official status, by House Concurrent Resolution No. 19, adopted by the Legislature on February 28, 1963.

OFFICIAL COLORS

OLD GOLD and BLUE were designated as Official State Colors by Senate Concurrent Resolution No. 20, adopted by the Legislature on March 8, 1963.

STATE TREE

The Sugar Maple or ACER SACCHARUM, as it is known scientifically, was made West Virginia's official tree by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. It produces an excellent wood for furniture as well as maple syrup. A single tree is 70 to 120 feet high and produces two to three pounds of sugar when "sugared off"; has a five-lobed leaf and produces a small wing-shaped pod.

STATE BIRD

The Cardinal or RICHMONDENA CARDINALIS, as it is known scientifically, was made West Virginia's official bird by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and other civic organizations. The male of the species is a rich scarlet with a mask and shading of black, while the young birds and females are a less brilliant color. The adult bird measures approximately eight inches long. It can be found from New York State to the Gulf of Mexico and as far west as Oklahoma.

STATE FLOWER

The RHODODENDRON MAXIMUM or "Big Laurel" was made the official State Flower of West Virginia by House Joint Resolution No. 19, adopted by the Legislature on January 29, 1903, following a recommendation by the Governor and a vote by the pupils of public schools. It is a shrub of the heath family and may be recognized by its large evergreen leaves and delicate pale pink or white bloom, mottled with either red or yellow flecks.

STATE ANIMAL

The BLACK BEAR or EUARCTOS AMERICANUS is the official state animal of West Virginia. While commonly referred to as the "black bear" its coloring is actually deeply tinted with brown. Its habitat in the state is primarily in the eastern mountain region. A litter usually consists of one or two cubs, rarely three, each weighing about eight ounces at birth. The adult reaches an average maximum weight of 250 pounds.

THE SEVENTH ANNUAL NATIONAL YOUTH SCIENCE CAMP

Each June the National Youth Science Camp brings together 100 of the nation's top high school science students for an experience completely different from the normal camp and science program. Two high school seniors from each state—chosen by their governors on the basis of their outstanding scholastic and scientific achievement—assemble at the Pocahontas County 4-H Camp near Bartow for three weeks of varied study and recreational experiences. An outgrowth of the 1963 West Virginia Centennial celebration, the camp has become an annual event under the sponsorship of the State of West Virginia.

During their stay at NYSC, the campers are exposed to a wide variety of activities—each taught by an expert member of the resident staff or a visiting authority. Among the skills offered to all interested campers is programming of the IBM 1130 digital computer system. The camp lecture program is supplemented by a full schedule of athletic and camping activities and a series of seminars in which campers share the results of their scientific research and experimentation. Much of the work is on the advanced graduate school level.

Special trips for the 1970 NYSC delegates included Spruce Knob, Seneca Rocks, the Cass Scenic Railroad, and an unexplored Civil War battlefield, as well as such scientific installations as the National Radio Astronomy Observatory, the Union Carbide Research Center and the Goddard Space Flight Center. One camp highlight was the trip to Washington, D.C., where the campers were guests of honor at a banquet sponsored by the United States Senate and hosted by Senator Jennings Randolph. Guest speaker for the occasion was Dr. Thomas O. Paine, Administrator, National Aeronautics and Space Administration.

In addition to giving the delegates a chance to establish lasting friendship and learn about the sciences, the National Youth Science Camp has also helped dispel the image of West Virginia as a backward, poverty-stricken area by showing campers industrial and scientific facilities as well as other evidence of the youth and vigor of the state. In this way, NYSC has performed an invaluable service both for the future scientific leaders of the nation and for its sponsoring state.

INLAND WATERWAYS—FEDERAL

(Data furnished by the Department of the Army)

Ohio River—Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 25 June 1910, provides for a minimum channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures including the Gallipolis Locks and Dam near Apple Grove.

The Ohio River modernization and replacement program as now planned and under way will reduce the total navigation projects to 19, providing larger locks and deeper pools. New projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in June 1964 between Kentucky, West Virginia and Ohio, a proposed improvement of the Gallipolis project, the Racine Locks and Dam under construction near Letart, the Belleville Locks and Dam completed in May 1969, at Belleville, the Willow Island Locks and Dam under construction at Willow Island, the Hannibal Locks and Dam under construction at New Martinsville, the Pike Island Locks and Dam completed in September 1965 at Wheeling, and the New Cumberland Locks and Dam completed in September 1961 near New Cumberland.

Kanawha River, West Virginia—Three high-lift dams on the Kanawha River and the Gallipolis Dam on the Ohio River provide a minimum channel depth of 9 feet on the Kanawha River for 91 miles from the mouth to Deep Water. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam in the Ohio River in 1937 as part of the Kanawha River improvement.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by nine (9) locks and dams to afford slack-water navigation for its entire length from Pittsburg, Pennsylvania to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is 9 feet and the navigable width varies from 250 feet in the upper reaches to practically the full width of the river at its mouth.

Modernization of the Monongahela River navigation structures in the upper reaches of the waterway in West Virginia is approximately complete. Morgantown, Hildebrand and Opekiska Locks and Dams and modification of Dam 8 have been completed. Proposed replacements for existing Lock 8 and Lock and Dam 7 are now being investigated.

MULTIPLE PURPOSE LAKES—FEDERAL

(Data furnished by the Department of the Army)

Completed Projects:

Bluestone Lake—The Bluestone Lake, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress in the Flood Control Act of 1936. Construction of the project was begun early in 1942, suspended in 1944 because of the war emergency, resumed in 1946, and completed in June 1952. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The lake has a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the lake varies about 3 feet, with a minimum pool 9.5 miles in length and 1,800 acres in area that utilizes about 30,900 acre-feet of the total storage capacity. The remaining storage capacity is reserved for impoundment of flood flows as required for flood control.

Summersville Lake—The Summersville Lake, located on Gauley River, near Summersville, was started in 1960 and is completed except for some recreational development. The dam is a rock-fill type, with a maximum height of 390 feet and a top length of 2,280 feet and controls a drainage area of 803 sq. miles. It provides a maximum capacity of 390,800 acre-feet of storage for flood water, of which 163,400 acre-feet may be used for low flow augmentation in the Kanawha River in summer. The summer recreation pool is 13.7 miles long and 2,723 acres in area. The project is operated as a unit of a coordinated system for flood protection in the Gauley, Kanawha, and Ohio River Valleys.

Sutton Lake—The Sutton Lake, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Sealing of mine workings at the site was begun in 1949, but work on the dam was not started until 1956. Construction of the project was completed in January 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The lake has a total capacity of 265,300 acre-feet and controls a drainage area of 537 square miles. A minimum pool 5.9 miles in length, with a surface area of 270 acres and a capacity of 4,100 acre-feet, is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres and storage of 60,100 acre-feet, is maintained for low-flow augmentation and recreation. The remaining capacity is utilized for flood control storage.

Tygart River Dam—The Tygart River Dam, located on the Tygart River 2.25 miles upstream of Grafton, West Virginia, was authorized by the Public Works Administration January 11, 1934 and approved by Congress in the River and Harbor Act of August 30, 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the river bed. The structure provides for the gross controlled storage of 287,700 acre-feet of water and is operated as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania and the upper Ohio River Valley. In addition to flood control, Tygart Lake provides for low water discharge regulation annually, by the gradual release of stored spring flood

waters during the summer-fall period to assure a river flow of 340 cubic feet per second at Lock and Dam 8, Monongahela River. The storage of approximately 100,000 acre-feet of water is allotted for this purpose.

Projects under construction:

Beech Fork Lake—This lake, located on Beech Fork of Twelvepole Creek, was authorized by Congress in the Flood Control Act of 1962. Construction is scheduled to be completed in 1973. The dam will be of earth fill with a maximum height of 86 feet and a top length of 1,080 feet. The lake will have a maximum capacity of 37,540 acre-feet, controlling a drainage area of 78 square miles. A minimum pool of 4,200 acre-feet with a surface area of 450 acres will be maintained during the winter. A seasonal pool of 9,180 acre-feet with a surface area of 720 acres will be maintained during the summer season for recreation purposes. The remaining capacity will be utilized for flood control.

Bloomington Reservoir—The Bloomington Reservoir Project was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River Basin. The damsite is located in Mineral County, West Virginia, and Garrett County, Maryland, on the North Branch Potomac River about 8 miles upstream from the mouth of Savage River. The dam will be a rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,130 feet. The reservoir will have a capacity of 130,900 acre-feet and will control a drainage area of 263 square miles. The project will provide low flow augmentation, flood control, and recreation. Construction will be initiated shortly after funds are made available by Congress. Local interests are required to pay initial water supply costs and provide assurances for (a) payment of future water supply costs, (b) maintain water quality standards, and (c) prevent encroachment in the channel downstream of the project.

Burnsville Lake—The Burnsville Lake, located on the Little Kanawha River, was authorized by Congress in the 1938 Flood Control Act. Construction is tentatively scheduled to be completed approximately five years after construction funds are appropriated by Congress. The earth-fill dam will have a maximum height of approximately 80 feet and a top length of 1,000 feet. It will control a drainage area of 165 square miles with a gross storage capacity of 65,400 acre-feet. A minimum pool containing 4,100 acre-feet of storage and having a surface area of 550 acres will be maintained during the winter. A seasonal pool having a storage capacity of 14,200 acre-feet with a surface area of 968 acres will be maintained in the summer for water quality control, fish and wildlife recreation and general recreation purposes. The remaining storage capacity will be utilized for flood control.

East Lynn Lake—East Lynn Lake, located on East Fork of Twelvepole Creek, was authorized by Congress in the 1938 Flood Control Act. Construction was started in 1965 and is expected to be completed in 1971. The dam will be earth-fill with a maximum height of 113 feet and a crest length of 638 feet. The lake will have a maximum capacity of 82,500 acre-feet controlling a drainage area of 133 square miles. A minimum pool with a surface area of 823 acres and a capacity of 11,705 acre-feet will be maintained during the winter while a seasonal pool with a surface area of 1,005 acres and a capacity of 17,190 acre-feet will be maintained during the summer. The remaining storage will be used for flood control.

R. D. Bailey Lake—The R. D. Bailey Lake, started in 1967 and expected to be completed in 1975, is located on Guyandot River and was authorized by Congress in the 1962 Flood Control Act. The dam will be of rock and random-fill, 310 feet high and with a length of 1,370 feet. The dam will control a drainage area of 540 square miles, the lake having a total capacity of 203,700 acre-feet. A minimum pool of 22,000 acre-feet with a surface area of 440 acres will be maintained in the winter months. A seasonal pool for recreation and water quality control having a capacity of 34,300 acre-feet and a surface area of 630 acres will be maintained during the summer. The remaining storage capacity will be used for flood control.

Projects under design:

Rowlesburg Lake—The Rowlesburg Lake was authorized by the Flood Control Act of 1965 for the purposes of flood control, water quality control, hydroelectric power production and recreation. The project will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the Monongahela and Ohio Rivers; to provide storage for hydroelectric power; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the Cheat River, a tributary of the Monongahela River, at the upstream limits of the Town of Rowlesburg in Preston County. The full pool will extend upstream to the City of Parsons in Tucker County. The dam will be a concrete gravity type structure, 1695 feet long and 271 feet above stream bed, with a pumped storage installation to produce hydroelectric peaking power.

The maximum summer pool elevation for water quality control, hydroelectric power production and recreation will be 1,601 feet above mean sea level with a surface area of 7,175 acres. Gross storage would be 831,700 acre-feet at the lake full pool elevation of 1,632.

Stonewall Jackson Lake—The Stonewall Jackson Lake project was authorized by the Flood Control Act of 1966 for the purposes of flood control, water quality control, water supply and recreation. The project, although benefiting primarily the West Fork and upper Monongahela River Basins, will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the West Fork, Monongahela, and Ohio Rivers; to provide storage for water supply for the Towns of Weston and Clarksburg, West Virginia; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the West Fork River at Brownsville in Lewis County with the full pool extending upstream to the Towns of Walkersville and Crawford, also in Lewis County. As authorized, the dam would be a concrete gravity structure, 680 feet long and rising 95 feet above the streambed.

The maximum summer pool for water quality control, water supply and recreation will be at elevation 1073 feet above mean sea level with a surface area of 2,530 acres. At the full pool elevation of 1082, the project would provide for the gross storage of 75,200 acre-feet of water.

West Fork Lake—The West Fork Lake project was authorized by the 1938 Flood Control Act. The lake will be a multiple purpose development to include flood control, water quality control, fish and wildlife recreation and general recreation. The project is currently in the advanced engineering and design stage and is tentatively scheduled for completion approximately five years after funds are appropriated by Congress.

The dam will be located on West Fork of the Little Kanawha River and, as presently contemplated, will control a drainage area of 237.5 square miles with a total storage capacity of 98,400 acre-feet. The project will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin.

LOCAL FLOOD PROTECTION PROJECTS

Completed major flood control projects in West Virginia consist of nine local protection projects. All of these projects except Ridgeley are units in the comprehensive plan for flood control and allied purposes in the Ohio River Basin. The local protection projects have been constructed so that, acting alone, they provide a high degree of flood protection which in most places is equal to protection against the maximum flood of record at the project localities. All local protection projects along the Ohio River will receive supplementary protection

from a coordinated system of reservoirs designed to reduce flood flows on the Ohio River and to contribute to the reduction of floods on the Lower Mississippi River.

This group of completed projects has already made a major contribution toward reduction of flood damages; flood control benefits from their operation being about \$212 million to date.

Ohio River Projects—Projects have been completed for Ceredo-Kenova, Huntington, Parkersburg, and Point Pleasant. The projects consist of concrete walls and earth levees to prevent entrance of flood waters, pumping stations to discharge sewage and internal drainage during flood periods, and gated openings through the works to permit unobstructed movement of traffic during normal (non-flood) river conditions. Operation and maintenance are local responsibilities.

East Rainelle LPP—The project consists of 4.2 miles of channel improvement on Meadow River and Sewell and Boggs Creeks, construction of one highway bridge, modification of one railway bridge, and modification of sewage and drainage facilities. The project was completed in 1962.

Elkins LPP—The principal elements are a cutoff channel and dikes, located about 1.5 miles above the city, which divert flood flows from the loop of the Tygart River on which Elkins is located. The project was completed in 1949.

Princeton LPP—Principal features of the protection works are 3.9 miles of channel improvement along Brush Creek, construction of one railroad bridge and extension of another, construction of two highway bridges, and 0.3 mile of railroad relocation. The project was completed in 1961.

Ridgeley, West Virginia, and Cumberland, Maryland—Ridgeley, in Mineral County, is located on the south bank of the North Branch Potomac River, opposite the city of Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on the North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities, eight pressure conduits totaling 11,200 feet in length, and an industrial water-supply dam. Three highway bridges and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on the North Branch Potomac River was completed in 1964.

Williamson LPP—The project consists of 2,315 feet of concrete wall along the Tug Fork of Big Sandy River, one pump station, and 16 gated openings. The project was completed in 1963.

Local Protection Works under Special Continuing Authorities—Small flood control projects under authority provided to the Corps of Engineers by Section 205 of the Flood Control Act of 1948, as amended, include channel improvement work completed along the North Branch, Potomac River at Blaine and Bayard; along Middle Fork of Mud River in the Griffithsville-Yawkey area; and work proposed for Parsons, Hambleton and Hendricks on Cheat River. Projects under the authority provided to the Corps of Engineers to snag and clear streams in the interest of flood control by Section 208 of the Flood Control Act of 1954 include projects completed at Bramwell, and Montcalm on Bluestone River; Cairo on North Fork of Hughes River; Colliers on Harmon Creek; Huntington on Fourpole Creek; Jacksonburg, Pine Grove, and Smithfield on Fishing Creek; Richwood on Cherry River; Stonewood and Nutter Fort on Elk Creek; West Union on Middle Island Creek; Weston on Polk Creek and Stonecoal Creek; Wyatt on Bingamon Creek and additional work is approved for Berwind on Dry Fork in McDowell County and Pax on Paint Creek in Fayette County.

NOTES ON FIVE-YEAR PROGRAM OF STATE DEPARTMENT OF HIGHWAYS

July 13, 1970

SDH Five-Year Road Program

Such a plan was presented to members of the W. Va. Legislature by Commissioner Ritchie on January 28, 1970. Schedules included in the program indicate a deficit in financing over the five-year period of 23 million dollars. The period covered by the program is from July 1, 1969 to June 30, 1974.

Estimated Five-Year Program Prepared by Starling, Gramlich and Hackett

This estimated forecast is based on the figures contained in the SDH program referred to above with the following changes, which increase deficit to 104 million:

1. Proceeds of sales of bonds have been reduced to the remaining unissued amounts of the two bond issues authorized by constitutional amendment, i.e. \$100,000,000 of Better Roads bonds and \$350,000,000 of Roads Development bonds. The SDH program contains revenues from sales of bonds of \$488,401,000.
2. Estimated yield from proposed tax measures has been reduced to one half the amount shown in the SDH program, reflecting the reduced road user tax increases authorized by the legislature in the 1970 regular session.
3. Expenditures for fiscal 1969-70 have been changed to those amended budget appropriations approved by the legislature at its extraordinary session in June, 1970.

Road Construction Programs Contained in Five-Year Program

1. Interstate—Four-lane divided highway system program begun in 1956. Federal participation financed from highway trust fund on 90% federal, 10% state basis. 511 miles of this program allocated to West Virginia. All funds allocated under this program must be expended by June 30, 1974, under present regulations.
2. Appalachian—Two-lane or four-lane highways under Appalachian Regional Commission road program covering parts of 13 states. Federal participation varies from 70% to 50%. Full program assigns 424 miles to West Virginia but funds sufficient to build only 240 miles have actually been authorized, by federal authorities, in total, \$285,000,000. Funds presently authorized must be obligated by June 30, 1973.
3. ABC—Federal program for construction of roads on federal highway system. In existence since 1922. Federal participation 50%.
4. Scenic and Forest Highways—Limited federal program with federal participation 100%.
5. Non-Federal Aid, A Program—A wholly state-financed program begun in August, 1969 of "betterments" to existing roads. Betterments consist mainly of widening, building of passing lanes and replacement of small bridges by culverts. A sampling of road projects under this program indicates that approximately 80% of cost consists of resurfacing costs, which is normally a maintenance operation.
6. Non-Federal Aid, AA Program—A wholly state-financed program which has been in existence for many years, consisting of the construction of state roads with state funds. Examples are the Three Forks to Bolt road begun in 1965 and a contract for the surfacing of Three Forks to Bolt let in 1970.

Deficit of Funds Available for Construction Program

1. The SDH has set aside the remaining proceeds of the Better Roads bonds or \$100,000,000, for the completion of the Interstate program. Expenditures listed for Interstate construction contain \$90,000,000 for acquisition of W. Va. Turnpike. The \$100,000,000 set aside may be insufficient if the cost of acquisition of the turnpike exceeds \$116,000,000 and/or non-participating expenditures are very large.

2. Allocation by the SDH of the proceeds of the Roads Development bond proceeds produces a deficit as follows:

Bond proceeds	\$350,000,000
State's share of Appalachian program	220,000,000
<hr/>	
State's share of ABC program	\$130,000,000
	70,000,000
<hr/>	
Non-federal aid program (A and AA programs)	\$ 60,000,000
	94,000,000
<hr/>	
Deficit	\$(34,000,000)

Unstated Problems in Five-Year Program

1. Interstate expenditures listed include \$90,000,000 for cost of acquisition of W. Va. Turnpike. Acquisition of the turnpike is absolutely essential to the completion of the Interstate system, inasmuch as I-64, I-77 and I-79 all pour into it. The \$90,000,000 contained in the program consists of the \$81,000,000 limit placed on the federal contribution for this purpose by Congress plus the state's matching amount of \$9,000,000. Should the state be forced to acquire the turnpike by condemnation, as seems possible, it is difficult to see how any court, state or federal, would award the holders of turnpike bonds less than the total of principal and defaulted interest, which total is approximately \$150,000,000. This possible additional cost of \$60,000,000, which would, of necessity, have to come wholly from state funds, is not covered by the SDH five-year plan.

2. Tax revenues listed in the program indicate a yearly growth rate of approximately 4%, which growth rate is therein predicted to produce \$37,000,000 of additional revenues during the five-year period. Although state road user taxes have shown some such growth rate for the past many years, a continuation of such a growth rate is somewhat dubious, faced as the state is with rising unemployment and declining population.

Questions

1. Can the W. Va. Legislature see its way clear to an increase in road user taxes and/or transfers from the General Fund to the State Road Fund totalling some \$20,000,000 per year for the next four years?

2. Is it possible to defer the incidence of non-federal aid construction and betterments until the Interstate and Appalachian programs are completed?

3. Can the Legislature address itself to the passage of legislation defining precisely the meaning of the legislative phraseology of "building and construction of free state roads and highways" to which the proceeds of the bond issues are dedicated?

4. Can the State of West Virginia actually carry the burden of principal retirement and interest payments of \$550,000,000 of road bonds, representing a total outlay of nearly a billion dollars, and concurrently the retirement of other state indebtedness, such as State Building Commission bonds? Should not some responsible body, such as the Joint Committee on Government and Finance, address itself to this problem now rather than in fiscal 1973-74 when debt service on road bonds reaches the level of \$55,000,000 and the problem can no longer be dismissed with pious hopes?

5. Is it not wise to consider at least the possibility of issuing only bonds enough to cover federally-aided highway construction presently authorized and to conserve the balance against the possibility that the full Appalachian program will eventually be authorized?

6. An examination of the Department of Highways five-year program discloses that, even though the Department is able to blur the distinction between construction and other operations for the next two fiscal years, the deficit crunch will manifest itself unmistakably during the first six months of 1973, shortly after a new governor is inaugurated, a governor whose identity can not now be determined. Can not some continuing institution, the Joint Committee or the Legislature itself, serve as this unidentifiable governor's alter ego during the next two and one-half years, so that he will not take office faced with a crisis of major proportions?

Collateral Questions

1. At the time of issuance of \$90,000,000 of road bonds in December, 1969, the Department of Highways was in dire need of such funds and issuance at that time was essential, despite the fact that the timing of the issuance coincided exactly with the peak of municipal bond interest rates. Could not a pool of short-term borrowings be created which would tide the state through such a period in the future, especially in view of the fact that there are \$360,000,000 of road bonds yet to be issued and the fact that an increase of 1% in interest rates on \$90,000,000 of 25-year bonds costs in excess of \$11,000,000?

2. When authorizing future issues of road bonds, can not the Legislature consider the possibility of regularly spaced issues of \$20,000,000 or \$25,000,000, inasmuch as the issuance of bonds in the amount of \$90,000,000 can in itself drive up municipal interest rates?

3. All road bonds issued to date are non-callable during the full 25-year period during which they are outstanding. Can not the Legislature consider the passage of legislation providing for future issues to be callable at the end of five or ten years, so as to preserve the possibility of refunding at lesser interest rates during the 25-year period?

DRIVER IMPROVEMENT PROGRAM

(Point System)

West Virginia's Driver Improvement Program, as administered by the Department of Motor Vehicles, is designed to eliminate the chronically careless driver from the state's highway system.

Under the program "points" are assigned to those convicted of various moving traffic violations. Conviction notices are forwarded to the Department of Motor Vehicles, which maintains each individual's driving record and statistics.

An operator receiving a total of 6 points is sent a warning letter by the Department, outlining the need for more careful driving. Individuals reaching the 9 to 12 point level are required to appear before a Department Reviewing Officer, at which time the most serious cases are subject to suspension of their operator's privileges.

STATE PARKS—WEST VIRGINIA'S VACATION BONANZA

State Parks are a literal bonanza of outdoor opportunity for West Virginians. Established in 1929 with the opening of Droop Mountain Battlefield as an historic area, they have expanded to become national leaders in state development of recreation lands for both citizen and tourist alike.

Mountain State parks were developed, along with those of other surrounding states, by the old Civilian Conservation Corps (CCC) in the 1930's. Supervision and design was provided by the National Park Service. In 1935 construction was well under way on new parks at Cacapon, Watoga, Lost River, Babcock, and other locations. These were the first vacation parks, featuring log cabins with stone fireplaces, swimming, horseback riding, hiking, and game courts.

The public flocked to these new parks, and filled the cabins almost from the day they opened. The log, or standard, cabins continue to be a popular facility today with many families insisting they are the most rustic yet comfortable of all park facilities.

Following World War II, park facilities continued to expand, while most other states left theirs in a condition approximating the days when they were built.

In the 1950's, the first revenue bond program of park expansion was undertaken. Money to build the new structures was borrowed on the pledge of return from rental fees earned at the parks.

From this program, Blackwater Falls was developed from a rugged wilderness into a year-round park that is long accepted as the most popular state park. The new 55-room lodge and 25 year round cabins were constructed along with extensive public recreation facilities. The 55-room lodge at Cacapon, a 50-room facility at Mont Chateau, and dozens of deluxe year round cabins at Tygart Lake, Bluestone, Watoga, and Lost River were added to help fulfill rental demand.

By 1961, complete renovations of the standard log cabins was well underway, adding modern kitchens and completely new baths to these popular units. State forest cabins were also upgraded to a par with those in parks.

In 1963, Federal and State officials met to consider the stimulation of private development of recreation facilities in West Virginia. Their suggestion was a dramatic series of new park facilities, designed to demonstrate to the private sector of the economy that recreation and tourism was good business. This 33 million dollar expansion (commonly known as "State Parks for the 1970's"), most of the cost of which will be repaid by user fees, was to eventually add three new state parks to the system and to make substantial improvements at three others.

The first program to be completed was at Grandview, near Beckley, where park roads were paved and substantial recreation and picnic facilities installed. This was in preparation for the crowds already flocking to Grandview for the outdoor drama "Honey in the Rock".

Nearly \$800,000 was invested at the Cass Scenic Railroad in Pocahontas County for a total rehabilitation of the old tracks and roadbed, a new overlook atop the second highest peak in the state, a 300-car parking lot at Cass, and upgrading of the Cass depot. This money was borrowed and will be repaid through income from sale of tickets to ride the Old Shay Logging Trains to Bald Knob and Whittaker Station.

Hawk's Nest, one of the most spectacular views of the New River Gorge, is one of the state's most popular parks, and long boasted the highest attendance figures. A new 31-room lodge, opened in 1967, was the first major accommodation finished in the new program. New overlooks at Lovers Leap complemented the

quarter-century-old main overlook. At the bottom of the gorge, on lands leased from Union Carbide Corporation, a marina, boatdock and snack bar were constructed to bring public recreation to the huge lake created by Hawk's Nest Dam.

A new 446-foot vertical drop aerial tramway, the state's first, was opened April 4 of this year as the final Hawk's Nest development. The 1,066-foot-long tram takes 2 minutes to make a one-way trip from the lodge atop Lovers Leap to the canyon floor. Already being swamped by public demand, the tramway seems to be one of the most popular new facilities in the state park system.

Pipestem Resort, crown jewel of the park system, opened fully in 1970. Breath-taking in almost every dimension, Pipestem is located on a rolling plateau overlooking the rugged Bluestone River Gorge, near Hinton and Princeton. Many observers have said "Pipestem must be visited to be believed", referring to the scope of the most extensive state park development yet undertaken in the state, or anywhere in America.

Two lodges, a main 113-room facility overlooking the canyon, built in seven separate levels; and Mountain Creek, a secluded 30-room building at the bottom of the deep chasm, provide the ultimate in outdoor recreation comfort. 25 deluxe vacation cottages are grouped in three areas. The park's aerial tramway system, linking Mountain Creek Lodge with the Visitor Center atop the canyon rim, is a major installation that will provide total service to the riverside lodge. Although an emergency truck road exists, the tramway will provide the only normal access to the Mountain Creek installation—a natural method of getting away from it all!

An 18-hole championship golf course and 9-hole par-three course are among the nation's finest. The main golf clubhouse is complete in all respects and keynotes golfing as a major development system-wide in state parks.

The Pipestem recreation center features a 200-seat cafeteria, olympic swimming pool, indoor recreation rooms, dining room, ice skating rink, and nearby 550-seat outdoor amphitheater.

The visitor center, in addition to servicing the tramway system, is headquarters for the park's year-round naturalist and recreation program, and will feature a native art and craft sales area, country store, and art and craft production, demonstration, and teaching facility.

An overlook tower atop Pipestem Knob, highest peak in the vicinity, riding stable, 50-unit completely equipped campground, championship archery range with clubhouse, park headquarters and information center, and several spectacular roadside overlooks highlight remaining facilities at Pipestem.

One indicator of the park's immediate popularity is the almost complete booking of the lodging facilities during September and October for meetings and conventions. The park will be open year round.

Twin Falls, near Pineville and Mullens, is the state's first year-round vacation park in the southern highlands. First class in all respects, and of a design similar to Pipestem and Hawk's Nest, Twin Falls features a twenty-room lodge atop a hill overlooking Mill Creek Valley. The park's 9-hole regulation golf course is strung out along the creek, making it challenging yet enjoyable to play. A recreation center/golf clubhouse center is located near the lodge and beside the golf course offering full recreation opportunities.

Thirteen resort vacation cottages, completely equipped for housekeeping, as are all park cabins and cottages, are located on a forested hilltop across from the lodge.

Canaan Valley State Park, still under development, already features one of the finest 18-hole championship golf courses in the east. Planned for 1972 use are 18 resort cottages. This remote valley, near Davis and Blackwater Falls State Park, is unique in that the floor of the valley exceeds 3000 feet in elevation, with surrounding 4000-4500 foot peaks.

A 2.5 million dollar winter sports complex is now under construction at the park, destined for use beginning in 1971.

The ski center, with restaurant, proshop, rental facilities, ski patrol offices, lounge, first aid station, and all first-class ski accommodations services two double-chair ski lifts. Miles of trails for intermediates, beginners, or skilled skiers, will be serviced by artificial snow-making equipment, said to assure the park of a 75-80 day yearly ski season competitive with other east-coast ski centers.

The lack of overnight accommodations at Canaan Valley will place a temporary strain on the Blackwater Falls-Davis region, but the new park should also place West Virginia on a par with Vermont or New Hampshire as a winter sports mecca.

The Mountain State provides just about any type of outdoor recreation opportunity desired today. As a source of pride to West Virginians, state parks cater to over four million persons each year with the best in parkland facilities for whatever taste you have. Explore West Virginia first!

OFF-SEASON VACATIONS ARE THE COMING THING IN STATE PARKS

So-called "off-season vacations", referring to the times between Labor Day and Memorial Day, are rising fast in national demand and in West Virginia. Thousands of families are tired of being crushed in the onslaught of the traditional summer-time vacation rush, retired folk look to a quieter moment, and young couples find the activity quick enough without the helter-skelter pace. In a nation where income is up, vacations are longer, and mobility is no longer a limiting factor, year-round vacation opportunities are the fastest growing segment of outdoor recreation. They frequently cost less too!

In state parks, the summer season has long been a "full-up" situation, with most cabins and lodge rooms reserved as early as January 2, the first day that the park system accepts reservations. By April, all choice spots are taken. Yet, attendance rises about 10% each year in West Virginia parks, showing a rising trend during the rest of the year.

Winter sports, long neglected in the Mountain State, are on the increase. Canaan Valley State Park's new ski center, set for opening in 1971, will bring full scope skiing to the state for the first time. Planners in the Departments of Commerce and Natural Resources see Canaan Valley as the bellwether of private winter sports development. Blackwater Falls State Park has limited year-round recreation facilities, but this has been enough to cause almost 100% occupancy on weekends throughout the winter, not to mention the full-up signs every day in the summer.

Year-round use of parks and private areas will also signal the coming of age for the tourist industry, in employing more and more people year round instead of on a seasonal basis. Pipestem Resort, Twin Falls, Blackwater Falls, Mont Chateau, Cacapon, and Hawk's Nest already are year-round operations. Meetings and conventions add to the bookings as state parks reach out for this trade. What better way to get away from it all for a business meeting than at a state park lodge?

A survey and feasibility report produced for the Department of Commerce by Checci and Company, a nationally-known winter sports design firm, pointed out that many spots in the high country from Greenbrier to Tucker Counties were ideal for winter sports spas. This 75-80 day skiing season (for those installations equipped with artificial snow equipment) was competitive with any in eastern America. The state's Travel Facilities Task Force, formed by the Governor to aid private investment, is actively marketing these possibilities.

For the 1971 winter season, skiing will be available at Canaan Valley; ice skating and sledding is offered at Pipestem Resort; the beginners ski slope and sled runs at Blackwater Falls will again be open; and other areas will offer lodging for adjacent limited winter sports areas.

It was the first health and pleasure resort in the colonies. The temperature of the spring water is 74.3 degrees and is invariable, and is said to be helpful in the treatment of rheumatism, gout, diabetes, and skin diseases.

The springs have been expanded to include a modern open air swimming pool with dressing facilities, and bath house with Roman Baths and solarium. For the convenience of patrons, the bath house is open on weekends the year round. Forest Service

Monongahela National Forest

Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of 154 national forests and the only national forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,647,146 acres of which 816,865 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are six ranger districts, each administered by a district ranger.

Counties in the National Forest and their current acreage in National Forest ownership are:

Grant	15,096	Pocahontas	279,983
Greenbrier	99,979	Preston	3,891
Nicholas	23,522	Randolph	173,515
Pendleton	62,565	Tucker	93,587
		Webster	64,727

The National forest is administered in cooperation with several conservation agencies, including the West Virginia Department of Natural Resources. Twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for schools (80%) and roads (20%).

OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA IN 1969

Larry D. Woodfork¹

Compared to 1968 there was a significant increase (23.2%) in the total number of wells completed in West Virginia in 1969 (Table I). Although the total number of exploratory wells declined 8.8%, the number of new-field wildcats increased 266.7%. The 83 exploratory wells reported included 24 new-field wildcats (9 successful, 1 new-pool wildcat (successful), 24 deeper pool tests (10 successful, 1 new pool discovery, and 2 unsuccessful deeper pool tests successfully completed in shallower field pays), 1 shallower pool test (unsuccessful), and 33 outposts (15 extensions, 1 shallower pool discovery, and 3 unsuccessful deeper pool outposts successfully completed in shallower field pays). One development well discovered a new pool and three others discovered shallower pools.

The Silurian Newburg sand remained the target for most deep drilling (Onondaga and deeper) for the third consecutive year (Table II). However, only one significant Newburg discovery was reported in 1969. Commonwealth Gas completed their No. 1 McCoy for 22,000 MCFGPD (natural flow) from the Newburg. The discovery is located in Jackson County approximately four miles north of Newburg production in Ripley field.

Onondaga-Oriskany drilling declined somewhat in 1969, but several interesting exploratory wells tested the zones in both the eastern and western areas of the State. Several small gas discoveries were made but none appears to have found significant new reserves. Only one small Tuscarora gas discovery was reported

although several exploratory wells tested the zone. The deepest well drilled in the State in several years, the Sanford E. McCormick No. 1 Burley, was dry at a total depth of 14,496 ft. in Marshall County.

The Big Injun sand remained the target of most shallow drilling again in 1969. However, there was a significant increase in the number of Riley-Benson wells as well as Big Injun. Numerous extensions and discoveries were made in these and other shallow pays. The two most important shallow discoveries were Ellamore field in northwestern Randolph County and Flatwoods field in Braxton County. Ellamore produces gas from the Benson and several other shallower sands and Flatwoods produces gas from the Gordon and Benson sands.

Both oil and gas production declined in 1969 compared to the previous year (Table II). An estimated twenty-five percent of the oil produced in West Virginia during 1969 is attributed to the following secondary recovery operations: 1 full scale waterflood; 7 pilot waterfloods; 42 low pressure gas recycles. A one-well pilot steam flood went into operation in Walton field, Roane County late in 1969. Average initial production figures for wells completed in 1969 are: oil, 21 BOPD; gas, 4,290 MCFGPD; combination, 15 BOPD plus 329 MCFGPD. The base price paid at the well head for new gas was \$0.27/MCF for shallow gas and \$0.28/MCF for deep gas (Newburg). The price paid for Penn Grade Crude in West Virginia was lowered from \$3.85 to \$3.75/bbl in October 1969.

TAX DEPARTMENT

COLLECTION OF REVENUE

COLLECTION OF BUSINESS AND OCCUPATION TAX, CARRIER INCOME TAX, AND CORPORATE NET INCOME TAX

The Business and Occupation Tax, Chapter 11, Article 13, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in business in West Virginia. The tax is measured by the application of rates against values of products, gross proceeds of sales, or gross income according to the classification of the business activity in which the taxpayer is engaged. Despite the commonly applied erroneous name, "Gross Sales Tax", it is not a sales tax. Neither is it a transaction tax in the sense that once it is paid on a particular article or service or activity it need not again be paid. It is not, strictly speaking, an income tax, although in most instances, the gross income is the *measure* of the tax. Under the production of manufacturing classifications the measure of the tax is the *value* of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided the proceeds of sale are indicative of the true value of the article. If more than one person engages in a single activity or transaction, as in the case of the contractor and sub-contractor, each must pay a tax measured by his entire income regardless of the tax paid by the other.

The business classifications under the Business and Occupation Tax Law are as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal	\$1.35 per \$100.00
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag	\$3.95 per \$100.00
Natural gas (exemptions include deduction of \$5,000 annually) ...	\$7.85 per \$100.00
Limestone or sandstone quarried or mined; and timber	\$2.00 per \$100.00
Other natural resource products	\$2.60 per \$100.00

B. Manufacturing, Compounding or Preparing for Sale. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 80 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property at Retail. There is levied a tax of 50 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

(2) Business of Selling Tangible Property at Wholesale. There is levied a tax of 25 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

D. Public Service or Utility Business. The tax rates set forth hereinbelow are levied on the gross income of the following businesses:

Street Interurban and Electric Railways	\$1.30 per \$100.00
---	---------------------

Electric Light and Power Companies (sales) and demand charges, domestic purposes and commercial lighting	\$5.20 per \$100.00
Water Companies	\$4.00 per \$100.00
Electric Light and Power Companies (all other sales and demand charges):	\$3.90 per \$100.00
Natural Gas Companies: Toll Bridges	\$3.90 per \$100.00
Other Public Utilities—(Except telegraph and telephone companies, railways and other transportation companies)	\$2.60 per \$100.00

E. Contracting. There is levied a tax of \$2.00 on each \$100.00 of gross income, as defined by the statute, for this type of business.

G. Amusement. There is levied a tax of 65 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

H. Service Business or Calling Not Otherwise Specifically Taxed. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

I. Business of Furnishing Property for Hire. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

J. Small Loan and Industrial Loan. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

An annual exemption of \$50.00 is provided under the Business and Occupation Tax Law for each person, as defined by the statute, engaged in business in the state.

The West Virginia Carrier Income Tax ch. 11, art. 12A, West Virginia Code of 1931 as amended, is an annual tax on incomes of certain carriers. This article repealed the former "privilege tax on certain carrier corporations" and is imposed on every motor vehicle carrier operating on the public highways of this State and every railroad car carrier, railroad carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft, for the transportation of passengers or freight, doing business in the State. The law provides that the foregoing taxpayers shall pay to the State an annual tax for each calendar year. This tax shall be equal to the gross income from all business beginning and ending within the State multiplied by the respective rates as follows: Motor vehicle carriers, railroad car carrier, railroad carrier, express companies, pipeline companies, airline companies, any person operating a steamboat or other watercraft and telegraph companies, three percent; and telephone companies, three and four-tenths percent: Provided, that any motor vehicle carrier which is an urban or suburban bus line shall be taxed at the rate of two percent of such gross income.

In addition to the tax imposed on gross intrastate income, every motor vehicle carrier operating on the public highways of the State and every railroad carrier, railroad car carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft for the transportation of passengers or freight, doing business in this State shall pay an annual tax for each calendar year on the net income earned within the State equal to three and four-tenths percent of such net income for telephone companies and six percent of such net income for all other carriers included in this section.

The West Virginia Corporate Net Income Tax ch. 11, art 24, West Virginia Code of 1931, as amended, is a conformity statute which imposes a tax on the net income of corporations and similar business organizations at the rate of six percentum. This being a statute, correlated to the Federal Internal Revenue Code, as amended to 1967, it will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid interpretation of the

law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayer preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

FOOD, NUTRITION PROGRAMS

The Food Stamp Program and the Division of Commodity Distribution were combined into one Division in July 1969, and now are identified as the Division of Food, Nutrition Programs. The Programs administered through this Division are joint undertakings with the United States Department of Agriculture, Food and Nutrition Service.

The distribution of donated foods is accomplished on a statewide basis to all 55 county school boards and, in addition, many parochial schools participate. In addition to schools, state institutions, day care centers, summer camps and Head Start Programs receive the federal food.

The variety of donated foods has increased to a total of 32 items which include frozen chicken and turkeys, green beans, butter, flour, and fresh apples, some of which are purchased in West Virginia. This is the highest number ever made available for distribution in the State.

There were approximately 140 youth summer camps participating in the Program, with approximately 20,000 children benefiting from those activities.

The Division of Food, Nutrition Programs received, unloaded and distributed 197 cars of donated foods during the 1969-70 fiscal year, and the distribution to the state's 55 counties amounted to a total of \$3,219,161.74 in wholesale value of the food items.

The Food Stamp Program has continued to increase services to low income households throughout the State.

Nutrition continues to be an important part of the Food Stamp Program. The Department of Welfare works closely with the Bureau of Nutrition, State Department of Health and the West Virginia Extension Service, in getting nutrition education to all interested individuals. Nutrition aides have been active in most counties within the State in the areas of food buying, meal planning and stretching the food dollar. The interest of church groups, and other organizations in nutrition throughout the State has been encouraging as several of these groups have chosen nutrition as their yearly projects. Contributions of these organizations at the local level are immeasurable at this time.

A change in policy resulted in February, 1970, in a revision in the amount of bonus coupons made available to all households. Previously a one-member household with an income of \$100.00 paid \$20.00 and received a total of \$26.00 in food coupons. The same person now pays \$18.00 and receives a total of \$28.00 in food coupons. An eight-member household with an income of \$165.00 paid \$74.00 and received \$126.00 in food coupons, but under the new policy the same household pays \$50.00 and receives \$180.00. In addition, the monthly allowable income and liquid resources schedule was increased for a one-member household from \$130.00 to \$150.00 per month, and for an eight-member household from \$395.00 to \$415.00. This change enabled more low income households to become eligible to participate in the Program. These two changes in policy resulted in an increase in the non-assistance caseload of approximately 7,000 households from February to July, 1970.

The participation of banks in the issuance of food stamp coupons has encouraged many additional people to make application. There were in July, 1970, fifty-seven banks throughout the State issuing food stamp coupons.

The Department of Welfare also developed procedures late in 1969-70 for the issuance of food stamps by mail.

The following statistics reflect the average number of households participating in the Program for the fiscal year, July, 1969, through June, 1970.
