Foreword

The West Virginia Blue Book is used by a variety of individuals, ranging from students to researchers, historians, government employees and officials and the general public.

It is safe to say that the Blue Book has stood the test of time by maintaining its basic format — as we have attempted to do in this Volume 73 — of listing registers, statistics and general information concerning all levels of government.

We offer a word of thanks to those involved in helping provide the material contained herein. Contributors literally number in the hundreds, and publication of this edition would not be possible without such assistance.

Besides pictures and biographies of state and federal officials, the 1991 Blue Book contains several photographs depicting West Virginia's capital city and its beautiful State Capitol. These photographs are used courtesy of the West Virginia Division of Tourism and Parks, the Division of Culture and History and the Legislative Office of Public Information.

We hope this volume benefits those who wish to learn more about West Virginia, its past and present.

Sincerely,
DARRELL E. HOLMES,
Editor

STATE BOARD OF RISK AND INSURANCE MANAGEMENT

Created under Chapter 96, Acts, Regular Session, 1957; amended by Chapter 65, Acts, Regular Session, 1980, which changed the name to State Board of Risk and Insurance Management; composed of three members appointed by the Governor, with the advice and consent of the Senate; four-year terms; \$40 per diem plus actual expenses; Insurance Commissioner to serve as Secretary to the Board without vote. Board is to select one of its members as Chairman and shall meet in the Office of the Insurance Commissioner upon call of the Chairman. Powers and duties of the Board include: General supervision and control over the insurance of all state property, activities and responsibilities, including acquisition and cancellation thereof; determination of amount and kind of coverage, included but not limited to deductible forms of insurance coverage; inspections or examinations relating thereto, reinsurance and any and all matters, factors and considerations entering into negotiations for advantageous rates on coverage of all such state property, activities and responsibilities. The 1980 Legislature, with the passage of House Bill 1271, directed the Board to provide general liability insurance for the county boards of education. During the 1982 session, legislation was enacted requiring the Board to implement and administer an industry-wide reinsurance fund which makes available to West Virginia policyholders property insurance for structural loss caused by the subsidence of underground coal mines. On May 22, 1986, the Legislature passed Senate Bill 3 which authorizes the board to provide property and liability insurance to political subdivisions and nonprofit corporations. In the 1989 legislative session, House Bill 576 was passed requiring the Board to provide medical malpractice coverage for all doctors providing obstetric treatment to West Virginia Medicaid recipients. (In 1990, the Legislature rewrote this section to correct the constitutional defect.) (Code 29-12)

STATE DEVELOPMENTAL DISABILITIES PLANNING COUNCIL

1601 Kanawha Boulevard West, Suite 200, Charleston

On March 6, 1971, Governor Arch A. Moore, Jr., appointed the State Developmental Disabilities Planning Council as required by the Developmental Disabilities Services and Facilities Construction Act, Public Law 91-517. The State Commission on Mental Retardation was designated on March 4, 1971, as the agency to assist the State Council in the development and subsequent revision of the State Plan and to administer the State Formula Grant Program for planning and services. The State Health Department became the administering agency for the program when the Commission was merged with the newly reorganized State Health Department on July 1, 1977. The Developmental Disabilities Planning Council is now an office of the Department of Health and Human Resources, as designated in the Executive Department reorganization of July 1, 1989. One half of the Council's thirty-three members must be consumers. The federal Developmental Disabilities Act has undergone several revisions. The current D.D. Act is Public Law 101-496, the Developmental Disabilities Assistance and Bill of Rights Act of 1990.

The Division of Public Safety is a state police department with statewide police powers, created in 1919. The West Virginia Division of Public Safety shall have the mission of statewide enforcement of criminal and traffic laws with emphasis on providing basic enforcement and citizen protection from criminal depredation throughout the state and maintaining the safety of the state's public-streets, roads and highways. The State Police responds to citizen requests for emergency and non-emergency police services in the non-incorporated and rural areas of the state, investigates reported criminal violations and assumes primary responsibility for patrolling the state's highways, enforcing the traffic laws and preventing motor vehicle accidents. Additional services provided by the State Police to all state law enforcement agencies include the maintenance of centralized criminal records, analysis of forensic evidence and the operation of the West Virginia Automated Police Network (WEAPON) system.

A Division reorganization in early 1991 created a statewide Bureau of Criminal Investigations within the State Police charged with the identification, reduction, control and prevention of criminal activities associated with the manufacture, distribution or use of controlled substances, organized crime and other activities of a criminal nature.

State Police personnel and resources are also available for assignment to the scene of any emergency, riot or disaster occurring within the state and to supplement the efforts of other law enforcement agencies at their request.

The State Board of Rehabilitation, Division of Rehabilitation Services (known prior to June 12, 1987, when name-change legislation took effect, as the State Board of Vocational Education, Division of Vocational Rehabilitation), was established by the 1945 Legislature, Chapter 18, Art. 10A (Code). The board is also authorized to establish and operate rehabilitation centers and workshops and to promulgate rules and regulations for operation of such facilities in the state by public or voluntary agencies, to certify workshops as eligible to sell products to the state, and to receive federal vocational rehabilitation aid.

STATE BOARDS AND COMMISSIONS

GENERAL PROVISIONS

Under Chapter 30, Article 1 of the Code of West Virginia, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of \$20, unless a different fee is especially provided by law. Each board is allowed to charge \$5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the Circuit Court of the county in which he or she resides.

Unless otherwise specified, members of boards are allowed \$35 per day for each day actually spent in attending sessions of the board or of its committees and in necessary travel, and entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

Each board is required to make a report annually to the Governor on or before the first day of January, and the secretary of each board is required to prepare and maintain a complete roster of all persons licensed or registered by it.

MAGISTRATE COURTS

Magistrate Courts supplanted the justice-of-the-peace system through the 1974 Judicial Reorganization Amendment. There are 156 magistrates statewide, with at least two in every county and ten in the largest county.

Magistrates hear about 300,000 cases a year, and have jurisdiction over most misdemeanors, civil cases where \$3,000 or less is in dispute, traffic and Natural Resources offenses, preliminary hearings and arraignments in felony cases, brief commitments under mental hygiene law, and sometimes serve as juvenile referees.

Magistrates are elected for four-year terms. Terms expire December, 1992. Salaries, in two tiers, are \$20,625 and \$27,000.

Preamble

Since through Divine Providence we enjoy the blessings of civil, political and religious liberty, we, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God and seek diligently to promote, preserve and perpetuate good government in the State of West Virginia for the common welfare, freedom and security of ourselves and our posterity.

[Editor's note.—This preamble was proposed by House Joint Resolution No. 8, Acts, Regular Session, 1959, p. 659; submitted by Acts, Regular Session, 1960, c. 4; and ratified November 8, 1960.]

ARTICLE I

Relations to the Government of the United States

§1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

§2. The government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved to the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

§3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

Representatives to Congress

§4. For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

§1. The territory of the following counties, formerly parts of the Commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over, the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining several counties of this State, shall form parts of said several counties respectively.

[Editor's note.—All of the territory of West Virginia was taken from the Commonwealth of Virginia, and in the Constitution of 1863 forty-four of the above-named counties were designated as forming the State of West Virginia, and in addition, the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should that Constitution be adopted by a vote of the people of the districts comprising those counties. The districts adopted the Constitution, and these six counties became part of the State.

The remaining four counties mentioned above were created by Acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County, from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; and Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871. After the ratification of the Constitution of 1872, Mingo County was created by an act of the Legislature from Logan County, on February 23, 1895, to make a total of fifty-five counties.]

Powers of Government in Citizens

§2. The powers of government reside in all the citizens of the State, and can be rightfully exercised only in accordance with their will and appointment.

Requisites of Citizenship

§3. All persons residing in this State, born, or naturalized in the United States, and subject to the jurisdiction thereof, shall be citizens of this State.

Equal Representation

§4. Every citizen shall be entitled to equal representation in the government, and, in all apportionments of representation, equality of numbers of those entitled thereto, shall as far as practicable, be preserved.

Provisions Regarding Property

§5. No distinction shall be made between resident aliens and citizens, as to the acquisition, tenure, disposition or descent of property.

Treason, What Constitutes—Penalty

§6. Treason against the State shall consist only in levying war against it, or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open court. Treason shall be punished according to the character of the acts committed, by the infliction of one, or more, of the penalties of death, imprisonment or fine, as may be prescribed by law.

“Montani Semper Liberi”—State Seal

§7. The present seal of the State, with its motto, “*Montani Semper Liberi*”, shall be the great seal of the State of West Virginia, and shall be kept by the Secretary of State, to be used by him officially, as directed by law.

Writs, Commissions, Official Bonds—Indictments

§8. Writs, grants and commissions, issued under the authority of this State, shall run in the name of, and official bonds shall be made payable to the State of West Virginia. Indictments shall conclude, “Against the peace and dignity of the State.”

ARTICLE III

Bill of Rights

§1. All men are, by nature, equally free and independent, and have certain inherent rights, of which, when they enter into a state of society, they cannot, by any compact, deprive or divest their posterity, namely: The enjoyment of life and liberty, with the means of acquiring and possessing property, and of pursuing and obtaining happiness and safety.

Magistrates Servants of People

§2. All power is vested in, and consequently derived from, the people. Magistrates are their trustees and servants, and at all times amendable to them.

Rights Reserved to People

§3. Government is instituted for the common benefit, protection and security of the people, nation or community. Of all its various forms that is the best, which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of maladministration; and when any government shall be found inadequate or contrary to these purposes, a majority of the community has an indubitable, inalienable, and indefeasible right to reform, alter or abolish it in such manner as shall be judged most conducive to the public weal.

Writ of Habeas Corpus

§4. The privilege of the writ of *habeas corpus* shall not be suspended. No person shall be held to answer for treason, felony or other crime, not cognizable by a justice, unless on presentment or indictment of a grand jury. No bill of attainder, *ex post facto law*, or law impairing the obligation of a contract, shall be passed.

Excessive Bail Not Required

§5. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted. Penalties shall be proportioned to the character and degree of the offence. No person shall be transported out of or forced to leave the State for any offence committed within the same; nor shall any person, in any criminal case, be compelled to be a witness against himself, or be twice put in jeopardy of life or liberty for the same offence.

Unreasonable Searches and Seizures Prohibited

§6. The rights of the citizens to be secure in their houses, persons, papers and effects, against unreasonable searches and seizures, shall not be violated. No warrant shall issue except upon probable cause, supported by oath or affirmation, particularly describing the place to be searched, or the person or thing to be seized.

Freedom of Speech and Press Guaranteed

§7. No law abridging the freedom of speech, or of the press, shall be passed; but the Legislature may, by suitable penalties, restrain the publication or sale of obscene books, papers, or pictures, and provide for the punishment of libel, and defamation of character, and for the recovery, in civil actions, by the aggrieved party, of suitable damages for such libel, or defamation.

Relating to Civil Suits for Libel

§8. In prosecutions and civil suits for libel, the truth may be given in evidence; and if it shall appear to the jury, that the matter charged as libelous is true, and was published with good motives, and for justifiable ends, the verdict shall be for the defendant.

Private Property, How Taken

§9. Private property shall not be taken or damaged for public use, without just compensation; nor shall the same be taken by any company, incorporated for the purposes of internal improvement, until just compensation shall have been paid, or secured to be paid, to the owner; and when private property shall be taken, or damaged, for public use, or for the use of such corporation, the compensation to the owner shall be ascertained in such manner as may be prescribed by general law: *Provided*, That when required by either of the parties, such compensation shall be ascertained by an impartial jury of twelve freeholders.

Safeguards for Life, Liberty and Property

§10. No person shall be deprived of life, liberty, or property, without due process of law, and the judgment of his peers.

Political Tests Condemned

§11. Political tests, requiring persons, as a prerequisite to the enjoyment of their civil and political rights, to purge themselves by their own oaths, of past alleged offences, are repugnant to the principles of free government, and are cruel and oppressive. No religious or political test oath shall be required as a prerequisite or qualification to vote, serve as a juror, sue, plead, appeal, or pursue any profession or employment. Nor shall any person be deprived by law, of any right, or privilege, because of any act done prior to the passage of such law.

No fact tried by a jury shall be otherwise reexamined in any case than according to rule of court or law.

ARTICLE V

Division of Powers

§1. The legislative, executive and judicial departments shall be separate and distinct, so that neither shall exercise the powers properly belonging to either of the others; nor shall any person exercise the powers of more than one of them at the same time, except that justices of the peace shall be eligible to the Legislature.

ARTICLE VI

§1. The legislative power shall be vested in a Senate and House of Delegates. The style of their Acts shall be, "Be it enacted by the Legislature of West Virginia."

Composition of Senate and House of Delegates

§2. The Senate shall be composed of twenty-four, and the House of Delegates of sixty-five, members subject to be increased according to the provisions hereinafter contained.

[Editor's note.—The Senate is now composed of thirty-four, and the House of Delegates of one hundred members.]

The senators first elected, shall divide themselves into two classes, one senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years and the second for four years, so that after the first election, one half of the senators shall be elected biennially.

Division of State into Senatorial Districts

§4. For the election of senators, the State shall be divided into twelve senatorial districts, which number shall not be diminished, but may be increased as hereinafter provided. Every district shall elect two senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The districts shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the senatorial districts, so far as may be necessary to make them conform to the foregoing provision.

Senatorial Districts Designated

§5. Until the senatorial districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first senatorial district; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

Provision for Delegate Representation

§6. For the election of delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall, at each apportionment, be attached to some contiguous county or counties, to form a delegate district.

After Census, Delegate Apportionment

§7. After every census the delegates shall be apportioned as follows: The ratio of representation of the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the house is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate district, and of every county not included in a delegate district, by the ratio thus ascertained, there shall be assigned to each a number of delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional delegates necessary to make up the number of which the house is to consist, shall then be assigned to those delegate districts, and counties not included in a delegate district, which would otherwise have the largest fractions unrepresented; but every delegate district and county not included in a delegate district, shall be entitled to at least one delegate.

Designation of Delegate Districts

§8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first delegate district, and elect three delegates; Ritchie and Calhoun, the second, and elect two delegates; Barbour, Harrison and Taylor the third, and elect one delegate; Randolph and Tucker, the fourth, and elect one delegate; Nicholas, Clay and Webster, the fifth, and elect one delegate; McDowell and Wyoming, the sixth and elect one delegate.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two delegates each.

To Kanawha County, three delegates.

To Ohio County, four delegates.

[Editor's note.—Many changes have been made in this apportionment. There are 40 delegate districts. For the present apportionment, see Acts, Regular Session, 1982, c. 99, p. 540.]

Arrangement of Senatorial and Delegate Districts

§10. The arrangement of the senatorial and delegate districts, and apportionment of delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. Where so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such district shall be altered, and delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted into State

§11. Additional territory may be admitted into, and become part of this State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

These oaths shall be administered in the hall of the house to which the member is elected, by a judge of the supreme court of appeals, or of a circuit court, or by any other person authorized by law to administer an oath; and the secretary of state shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

Any member of the commission may be removed by the governor prior to the expiration of such member's term for official misconduct, incompetency or neglect of duty. The governor shall designate one member of the commission as chairman. The members of the commission shall serve without compensation, but shall be entitled to be reimbursed for all reasonable and necessary expenses actually incurred in the performance of their duties as such members.

The commission shall meet as often as may be necessary and shall within fifteen days after the beginning of the regular session of the Legislature in the year one thousand nine hundred seventy-one and within fifteen days after the beginning of the regular session in each fourth year thereafter submit by resolution to the Legislature its determination of compensation and expense allowances, which resolution must be concurred in by at least four members of the commission.

Until the first such general law becomes effective, the provisions of this section in effect immediately prior to the ratification of this amendment shall continue to govern.

(2) Within ten days after the convening of the regular session of the Legislature in odd-numbered years, unless such time shall be extended by the Legislature, and on the second Wednesday of January in even-numbered years, the governor shall submit to the Legislature a budget for the next ensuing fiscal year. The budget shall contain a complete plan of proposed expenditures and estimated revenues for the fiscal year and shall show the estimated surplus or deficit of revenues at the end of each fiscal year. Accompanying each budget shall be a statement showing: (a) An estimate of the revenues and expenditures for the current fiscal year, including the actual revenues and actual expenditures to the extent available, and the revenues and expenditures for the next preceding fiscal year; (b) the current assets, liabilities, reserves and surplus or deficit of the State; (c) the debts and funds of the State; (d) an estimate of the State's financial condition as of the beginning and end

of the fiscal year covered by the budget; (e) any explanation the governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State's revenue.

(3) Each budget shall embrace an itemized estimate of the appropriations, in such form and detail as the governor shall determine or as may be prescribed by law; (a) For the Legislature as certified to the governor in the manner hereinafter provided; (b) for the executive department; (c) for the judiciary department, as provided by law, certified to the governor by the auditor; (d) for payment and discharge of the principal and interest of any debt of the State created in conformity with the Constitution, and all laws enacted in pursuance thereof; (e) for the salaries payable by the State under the Constitution and laws of the State; (f) for such other purposes as set forth in the Constitution and in laws made in pursuance thereof.

(4) The governor shall deliver to the presiding officer of each house the budget and a bill for all the proposed appropriations of the budget clearly itemized and classified, in such form and detail as the governor shall determine or as may be prescribed by law; and the presiding officer of each house shall promptly cause the bill to be introduced therein, and such bill shall be known as the "Budget Bill". The governor may, with the consent of the Legislature, before final action thereon by the Legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both houses; and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.

(5) The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or decreasing any item therein: *Provided*, That no item relating to the judiciary shall be decreased, and except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or decreased during his term of office: *Provided further*, That the Legislature shall not increase the estimate of revenues submitted in the budget without the approval of the governor.

(6) The governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for state moneys as have been designated by the governor for this purpose, shall have the right, and when requested by either house of the Legislature it shall be their duty, to appear and be heard with respect to any budget bill, and to answer inquiries relative thereto.

Subsection D—General Provisions

(8) If the budget bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the governor shall issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of the bill; but no matter other than the bill shall be considered during such an extension of session except a provision for the cost thereof.

(9) For the purpose of making up the budget, the governor shall have the power, and it shall be his duty, to require from the proper state officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state

moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the legislative department, certified by the presiding officer of each house, and for the judiciary, as provided by law, certified by the auditor, shall be transmitted to the governor in such form and at such times as he shall direct, and shall be included in the budget.

(10) The governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and all institutions applying for state moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments.

(11) Every budget bill or supplementary appropriation bill passed by a majority of the members elected to each house of the Legislature shall, before it becomes law, be presented to the governor. The governor may veto the bill, or he may disapprove or reduce items or parts of items contained therein. If he approves he shall sign it and thereupon it shall become a law. The bill, items or parts thereof, disapproved or reduced by the governor, shall be returned with his objections to each house of the Legislature.

Each house shall enter the objections at large upon its journal and proceed to reconsider. If, after reconsideration, two thirds of the members elected to each house agree to pass the bill, or such items or parts thereof, as were disapproved or reduced, the bill, items or parts thereof, approved by two thirds of such members, shall become law, notwithstanding the objections of the governor. In all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal.

A bill, item or part thereof, which is not returned by the governor within five days (Sundays excepted) after the bill has been presented to him shall become a law in like manner as if he had signed the bill, unless the Legislature, by adjournment, prevents such return, in which case it shall be filed in the office of the secretary of state, within five days after such adjournment, and shall become a law; or it shall be so filed within such five days with the objections of the governor, in which case it shall become law to the extent not disapproved by the governor.

(12) The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

(13) In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the governor from calling extraordinary sessions of the Legislature, as provided by section nineteen of this article, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

(14) If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

If, after such reconsideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the governor within five days (Sundays excepted) after it shall have been presented to him shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the secretary of state, within five days after such adjournment, or become a law."]

Governor's Approval or Disapproval of Bills Making Appropriations of Money

§15. A bill passed by the Legislature making appropriations of money must be submitted to the governor for his approval or disapproval to the extent and only to the extent required by section fifty-one, article six of this Constitution, and any provision therein contained as to such approval or disapproval shall govern and control as to any such bill.

[Editor's note.—The amendment of this section was proposed by House Joint Resolution No. 8, Acts, Regular Session, 1970, p. 456; submitted by Acts, Regular Session, 1970, c. 22; and ratified November 3, 1970.

This section, prior to its amendment, read:

"Every bill passed by the Legislature making appropriations of money, embracing distinct items, shall before it becomes a law, be presented to the governor; if he disapproves the bill, or any item or appropriation therein contained, he shall communicate such disapproval with his reasons therefor to the house in which the bill originated; but all items not disapproved shall have the force and effect of law according to the original provisions of the bill. Any item or items so disapproved shall be void, unless repassed by a majority of each house according to the rules and limitations prescribed in the preceding section in reference to other bills."]

Vacancy in Governorship, How Filled

§16. In case of the death, conviction on impeachment, failure to qualify, resignation, or other disability of the governor, the president of the Senate shall act as governor until the vacancy is filled, or the disability removed; and if the president of the Senate, for any of the above named causes, shall become incapable of performing the duties of governor, the same shall devolve upon the speaker of the House of Delegates; and in all other cases where there is no one to act as governor, one shall be chosen by joint vote of the Legislature. Whenever a vacancy shall occur in the office of governor before the first three years of the term shall have expired, a new election for governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

§17. If the office of secretary of state, auditor, treasurer, commissioner of agriculture or attorney general shall become vacant by death, resignation, or otherwise, it shall be the duty of the governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be prescribed by law. The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all moneys received or disbursed by them, respectively, from all sources and for every service performed, and make a semiannual report thereof to the governor under oath or affirmation; and any officer who shall willfully make a false report shall be deemed guilty of perjury.

[Editor's note.—The first amendment of this section was proposed by House Joint Resolution No. 2, Acts, Regular Session, 1901, p. 459; submitted by Acts, Regular Session, 1901, c. 153; and ratified November 4, 1902. The amendment inserted "secretary of state" near the beginning of the section and substituted "prescribed" for "provided" near the end of the first sentence.

The second amendment of this section was proposed by Senate Joint Resolution No. 1, Acts, Regular Session, 1957, p. 837; submitted by Acts, Regular Session, 1957, c. 19; and ratified November 4, 1958. This amendment deleted "State superintendent of free schools" and inserted "commissioner of agriculture" in the first sentence.]

Executive Heads to Make Reports

§18. The subordinate officers of the executive department and the officers of all the public institutions of the State, shall, at least ten days preceding each regular session of the Legislature, severally report to the governor, who shall transmit such report to the Legislature; and the governor may at any time require information in writing, under oath, from the officers of his department, and all officers and managers of state institutions, upon any subject relating to the condition, management and expenses of their respective officers.

Salaries of Officials

§19. The officers named in this article shall receive for their services a salary to be established by law, which shall not be increased or diminished during their official terms, and they shall not, after the expiration of the terms of those in office at the adoption of this amendment, receive to their own use any fees, costs, perquisites of office or other compensation, and all fees that may hereafter be payable by law, for any service performed by any officer provided for in this article of the Constitution, shall be paid in advance into the state treasury.

[Editor's note.—The amendment of this section was proposed by Joint Resolution No. 1, Acts 1901, p. 459, submitted by Acts 1901, c. 153; and ratified November 4, 1902.

This section, prior to its amendment, read as follows:

"The governor shall receive for his services, a salary of twenty-seven hundred dollars per annum and no additional emolument, allowance or perquisite, shall be paid or made to him, on any account. Any person acting as governor shall receive the emoluments of that office. The secretary of state shall receive one thousand; the State superintendent of free schools, fifteen hundred; the treasurer, fourteen hundred; the auditor, two thousand; and the attorney general, thirteen hundred dollars per annum; and no additional emolument or allowance, except as herein otherwise provided, shall be paid or made out of the treasury of the State to any of the foregoing executive officers on any account."

ARTICLE VIII

Judicial Power

§1. The judicial power of the State shall be vested solely in a supreme court of appeals and in the circuit courts, and in such intermediate appellate courts and magistrate courts as shall be hereafter established by the Legislature, and in the justices, judges and magistrates of such courts.

Supreme Court of Appeals

§2. The supreme court of appeals shall consist of five justices. A majority of the justices of the court shall constitute a quorum for the transaction of business.

The justices shall be elected by the voters of the State for a term of twelve years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such justices is to be on a partisan or nonpartisan basis.

Provision shall be made by rules of the supreme court of appeals for the selection of a member of the court to serve as chief justice thereof. If the chief justice is temporarily disqualified or unable to serve, one of the justices of the court designated in accordance with the rules of the court shall serve temporarily in his stead.

When any justice is temporarily disqualified or unable to serve, the chief justice may assign a judge of a circuit court or of an intermediate appellate court to serve from time to time in his stead.

Supreme Court of Appeals; Jurisdiction and Powers; Officers and Employees; Terms

§3. The supreme court of appeals shall have original jurisdiction of proceedings in habeas corpus, mandamus, prohibition and certiorari.

The court shall have appellate jurisdiction in civil cases at law where the matter in controversy, exclusive of interest and costs, is of greater value or amount than three hundred dollars unless such value or amount is increased by the Legislature; in civil cases in equity; in controversies concerning the title or boundaries of land; in proceedings in quo warranto, habeas corpus, mandamus, prohibition and certiorari; and in cases involving personal freedom or the constitutionality of a law. It shall have appellate jurisdiction in criminal cases, where there has been a conviction for a felony or misdemeanor in a circuit court, and such appellate jurisdiction as may be conferred upon it by law where there has been such a conviction in any other court. In criminal proceedings relating to the public revenue, the right of appeal shall belong to the State as well as to the defendant. It shall have such other appellate jurisdiction, in both civil and criminal cases, as may be prescribed by law.

The court shall have power to promulgate rules for all cases and proceedings, civil and criminal, for all of the courts of the State relating to writs, warrants, process, practice and procedure, which shall have the force and effect of law.

The court shall have general supervisory control over all intermediate appellate courts, circuit courts and magistrate courts. The chief justice shall be the administrative head of all the courts. He may assign a judge from one intermediate appellate court to another, from one circuit court to another, or from one magistrate court to another, for temporary service. The court shall appoint an administrative director to serve at its pleasure at a salary to be fixed by the court. The administrative director shall, under the direction of the chief justice, prepare and submit a budget for the court.

The officers and employees of the supreme court of appeals, including the clerk and the law librarian, shall be appointed and may be removed by the court. Their duties and compensation shall be prescribed by the court.

The number, times and places of the terms of the supreme court of appeals shall be prescribed by law. There shall be at least two terms of the court held annually.

Writ of Error, Supersedeas and Appeal; Scope and Form of Decisions

§4. A writ of error, supersedeas or appeal shall be allowed by the supreme court of appeals, or a justice thereof, only upon a petition assigning error in the judgment or proceedings of a court and then only after the court, or a justice thereof, shall have examined and considered the record and is satisfied that there probably is error in the record, or that it presents a point proper for the consideration of the court.

No decision rendered by the court shall be considered as binding authority upon any court, except in the particular case decided, unless a majority of the justices of the court concur in such decision.

When a judgment or order of another court is reversed, modified or affirmed by the court, every point fairly arising upon the record shall be considered and decided; the reasons therefor shall be concisely stated in writing and preserved with the record; and it shall be the duty of the court to prepare a syllabus of the points adjudicated in each case in which an opinion is written and in which a majority of the justices thereof concurred, which shall be prefixed to the published report of the case.

Circuit Courts

§5. The judge or judges of each circuit court shall be elected by the voters of the circuit for a term of eight years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such judges is to be on a partisan or nonpartisan basis. Upon the effective date of this article, each statutory court of record of limited jurisdiction existing in the State immediately prior to such effective date shall become part of the circuit court for the circuit in which it presently exists, and each such judge of such statutory court of record of limited jurisdiction shall thereupon become a judge of such circuit court. During his continuance in office, a judge of a circuit court shall reside in the circuit of which he is a judge.

The Legislature may increase, or other than during term of office decrease, the number of circuit judges within any circuit. The judicial circuits in existence on the effective date of this article shall remain as so constituted until changed by law, and the Legislature, at any session thereof held in the odd-numbered year next preceding the time for the full term election of the judges thereof, may rearrange the circuits and may increase or diminish the number of circuits. A judge of a circuit court in office at the time of any such change shall continue as a judge of the circuit in which he shall continue to reside after such change until his term shall expire, unless sooner removed or retired as authorized in this article.

There shall be at least one judge for each circuit court and as many more as may be necessary to transact the business of such court. If there be two or more judges of a circuit court, provision shall be made by rules of such circuit court for the selection of one of such judges to serve as chief judge thereof. If the chief judge is temporarily qualified or unable to serve, one of the judges of the circuit court designated in accordance with the rules of such court shall serve temporarily in his stead.

The supreme court of appeals shall provide for dividing the business of those circuits in which there shall be more than one judge between the judges thereof so as to promote and secure the convenient and expeditious transaction of such business.

In every county in the State the circuit court for such county shall sit at least three times in each year. The supreme court of appeals shall designate the times at which each circuit court shall sit, but until this action is taken by the supreme court of appeals, each circuit court shall sit at the times prescribed by law. If there be two or more judges of a circuit court, such judges may hold court in the same county or in different counties within the circuit at the same time or at different times.

Circuit Courts; Jurisdiction, Authority and Power

§6. Circuit courts shall have control of all proceedings before magistrate courts by mandamus, prohibition and certiorari.

Circuit courts shall have original and general jurisdiction of all civil cases at law where the value or amount in controversy, exclusive of interest and costs, exceeds one hundred dollars unless such value or amount is increased by the Legislature; of all civil cases in equity; of proceedings in habeas corpus, mandamus, quo warranto, prohibition and certiorari; and of all crimes and misdemeanors. On and after January one, one thousand nine hundred seventy-six, the Legislature may provide that all matters of probate, the appointment and qualification of personal representatives, guardians, committees and curators, and the settlements of their accounts, shall be vested exclusively in circuit courts or their officers, but until such time as the Legislature provides otherwise, jurisdiction in such matters shall remain in the county commissions or tribunals existing in lieu thereof or the officers of such county commissions or tribunals.

Circuit courts shall have appellate jurisdiction in all cases, civil and criminal, where an appeal, writ of error or supersedeas is allowed by law to the judgment or proceedings of any magistrate court, unless such jurisdiction is conferred by law exclusively upon an intermediate appellate court or the supreme court of appeals.

Circuit courts shall also have such other jurisdiction, authority or power, original or appellate or concurrent, as may be prescribed by law.

Subject to the approval of the supreme court of appeals, each circuit court shall have the authority and power to establish local rules to govern the court.

Subject to the supervisory control of the supreme court of appeals, each circuit court shall have general supervisory control over all magistrate courts in the circuit. Under the direction of the chief justice of the supreme court of appeals, the judge of the circuit court, or the chief judge thereof if there be more than one judge of the circuit court, shall be the administrative head of the circuit court and all magistrate courts in the circuit.

General Provisions Relating to Justices, Judges and Magistrates

§7. All justices, judges and magistrates must be residents of this State and shall be commissioned by the governor. No person may hereafter be elected as a justice of the supreme court of appeals unless he has been admitted to practice law for at least ten years prior to his election, and no person may hereafter be elected as a judge of a circuit court unless he has been admitted to practice law for at least five years prior to his election.

Justices, judges and magistrates shall receive the salaries fixed by law, which shall be paid entirely out of the state treasury, and which may be increased but shall not be diminished during their term of office, and they shall receive expenses as provided by law. The salary of a circuit judge shall also not be diminished during his term of office by virtue of the statutory courts of record of limited jurisdiction of his circuit becoming a part of such circuit as provided in section five of this article.

Any justice of the supreme court of appeals and any judge of any circuit court, including any statutory court of record of limited jurisdiction which becomes a part of a circuit court by virtue of section five of this article, in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed or retired as authorized in this article: *Provided*, That as to the term of any judge of a statutory court of record of limited jurisdiction which does not expire on the thirty-first day of December, one thousand nine hundred seventy-six, the following provisions shall govern and control unless any such judges shall be sooner removed or retired as authorized in this article: (1) If the term would otherwise expire before the thirty-first day of December, one thousand nine hundred seventy-six, such term shall continue through and expire on said thirty-first day of December, one thousand nine hundred seventy-six, (2) if the term would otherwise expire on the first day of January, one thousand nine hundred seventy-seven, such term shall terminate and expire on the thirty-first day of December, one thousand nine hundred seventy-six, and (3) if the term would otherwise expire after the thirty-first day of December, one thousand nine hundred seventy-six, but other than on the first day of January, one thousand nine hundred seventy-seven, such term shall continue through and expire on the thirty-first day of December, one thousand nine hundred eighty-four.

No justice, judge or magistrate shall hold any other office, or accept any appointment or public trust, under this or any other government; nor shall he become a candidate for any elective public office or nomination thereto, except a judicial office; and the violation of any of these provisions shall vacate his judicial office. No justice of the supreme court of appeals or judge of an intermediate appellate court or of a circuit court shall practice the profession of law during the term of his office, but magistrates who are licensed to practice this profession may practice law except to the extent prohibited by the Legislature.

If from any cause a vacancy shall occur in the office of a justice of the supreme court of appeals or a judge of a circuit court, the governor shall issue a directive of election to fill such vacancy in the manner prescribed by law for electing a justice or judge of the court in which the vacancy exists, and the justice or judge shall be elected for the unexpired term; and in the meantime, the governor shall fill such vacancy by appointment until a justice or judge shall be elected and qualified. If the unexpired term be less than two years, or such additional period, not exceeding a total of three years, as may be prescribed by law, the governor shall fill such vacancy by appointment for the unexpired term.

Censure, Temporary Suspension and Retirement of Justices, Judges and Magistrates; Removal

§8. Under its inherent rule-making power, which is hereby declared, the supreme court

of appeals shall, from time to time, prescribe, adopt, promulgate and amend rules prescribing a judicial code of ethics, and a code of regulations and standards of conduct and performances for justices, judges and magistrates, along with sanctions and penalties for any violation thereof, and the supreme court of appeals is authorized to censure or temporarily suspend any justice, judge or magistrate having the judicial power of the State, including one of its own members, for any violation of any such code of ethics, code of regulations and standards, or to retire any such justice, judge or magistrate who is eligible for retirement under the West Virginia judges' retirement system (or any successor or substituted retirement system for justices, judges and magistrates of this State) and who, because of advancing years and attendant physical or mental incapacity, should not, in the opinion of the supreme court of appeals, continue to serve as a justice, judge or magistrate.

No justice, judge or magistrate shall be censured, temporarily suspended or retired under the provisions of this section unless he shall have been afforded the right to have a hearing before the supreme court of appeals, nor unless he shall have received notice of the proceedings, with a statement of the cause or causes alleged for his censure, temporary suspension or retirement, at least twenty days before the day on which the proceeding is to commence. No justice of the supreme court of appeals may be temporarily suspended or retired unless all of the other justices concur in such temporary suspension or retirement. When rules herein authorized are prescribed, adopted and promulgated, they shall supersede all laws and parts of laws in conflict therewith, and such laws become of no further force or effect to the extent of such conflict.

A retired justice or judge may, with his permission and with the approval of the supreme court of appeals, be recalled by the chief justice of the supreme court of appeals for temporary assignment as a justice of the supreme court of appeals, or judge of an intermediate appellate court, a circuit court or a magistrate court.

A justice or judge may be removed only by impeachment in accordance with the provisions of section nine, article four of this Constitution. A magistrate may be removed from office in the manner provided by law for the removal of county officers.

Clerks of Circuit Courts

§9. The voters of each county shall elect a clerk of the circuit court, whose term of office shall be six years; his duties, responsibilities, compensation and the manner of removing him from office shall be prescribed by law. Whenever the clerk shall be so situated as to make it improper for him to act in any matter, a clerk to act therein shall be appointed by the judge of the circuit court or the chief judge thereof, if there be more than one judge of the circuit court. Vacancies shall be filled in the manner prescribed by law. A clerk of the circuit court in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed in the manner prescribed by law.

Magistrate Courts

§10. The Legislature shall establish in each county a magistrate court or courts with the right of appeal as prescribed by law. Such courts shall be courts of record if so prescribed by law.

The Legislature shall determine the qualifications and the number of magistrates for each such court to be elected by the voters of the county, and the Legislature may prescribe by law whether the election of such magistrates is to be on a partisan or nonpartisan basis: *Provided*, That any person in office as a justice of the peace of this State on the effective date of this article and who has served as a justice of the peace of this State for at least one year prior to such effective date shall, insofar as any qualifications established by the Legislature for the office of magistrate are concerned and notwithstanding the same, be deemed qualified for life to run for election as a magistrate of any such court: *And provided further*, That the Legislature shall not have the power to require that a magistrate be a person licensed to practice the profession of law, nor shall any justice or judge of any higher court establish any rules which by their nature would dictate or mandate that a magistrate be a person licensed to practice the profession of law. The magistrates of such courts shall hold their offices for the term of four years unless sooner removed or retired as authorized in this article. The Legislature shall also determine the number of officers to be selected

for each such court and the manner of their selection. During his continuance in office a magistrate or officer of such a court shall reside in the county for which he is elected or selected. The Legislature shall prescribe by law for the filling of any vacancy in the office of a magistrate or officer of such court.

The jurisdiction of a magistrate court shall extend throughout the county for which it is established, shall be uniform for all counties of the State and shall be subject to such regulations as to venue of actions and the counties in which process may be executed or served on parties or witnesses as may be prescribed by law. The times and places for holding such courts shall be designated or determined in such manner as shall be prescribed by law.

Magistrate courts shall have such original jurisdiction in criminal matters as may be prescribed by law, but no person shall be convicted or sentenced for a felony in such courts. In criminal cases, the procedure may be by information or warrant of arrest, without presentment or indictment by a grand jury. Such courts shall have original jurisdiction in all civil cases at law wherein the value or amount in controversy, exclusive of interest and costs, shall not exceed fifteen hundred dollars, unless such amount and value shall be increased by the Legislature, except such civil matters as may be excluded from their jurisdiction by law; and, to the extent provided by law, in proceedings involving real estate when the title thereto is not in controversy. No judgment of a magistrate in any proceeding involving real estate or any right pertaining thereto shall bar the title of any party or any remedy therefor.

The division of the business of a magistrate court in any county in which there shall be more than one magistrate of such court between the magistrates thereof so as to promote and secure the convenient and expeditious transaction of such business shall be determined in such manner or by such method as shall be prescribed by the judge of the circuit court of such county, or the chief judge thereof, if there be more than one judge of such circuit court.

In a trial by jury in a magistrate court, the jury shall consist of six jurors who are qualified as prescribed by law.

No magistrate or any officer of a magistrate court shall be compensated for his services on a fee basis or receive to his own use for his services any pecuniary compensation, reward or benefit other than the salary prescribed by law.

Municipal Courts

§11. The Legislature may provide for the establishment in incorporated cities, towns or villages of municipal, police or mayors' courts, and may also provide the manner of selection of the judges of such courts. Such courts shall have jurisdiction to enforce municipal ordinances, with the right of appeal as prescribed by law. Until otherwise provided by law, all such courts heretofore established shall remain and continue as now constituted, and with the same right of appeal, insofar as their jurisdiction to enforce municipal ordinances is concerned; but on and after January one, one thousand nine hundred seventy-seven, any other jurisdiction now exercised by such courts shall cease. No judge of a municipal, police or mayor's court or any officer thereof shall be compensated for his services on a fee basis or receive to his own use for his services any pecuniary compensation, reward or benefit other than the salary prescribed therefor.

Issuance and Execution of Writs, Warrants and Process; Admission to Bail

§12. The Legislature may designate the courts and officers or deputies thereof who shall have the power to issue, execute or serve such writs, warrants or any other process as may be prescribed by law, and may specify before what courts or officers thereof such writs, warrants or other process shall be returnable. The Legislature may also designate the courts and officers or deputies thereof who shall have the power to admit persons to bail. No person exercising such power shall be compensated therefor on a fee basis.

Parts of Existing Law Effective

§13. Except as otherwise provided in this article, such parts of the common law, and of the laws of this State as are in force on the effective date of this article and are not repugnant thereto, shall be and continue the law of this State until altered or repealed by the Legislature.

Pending Causes; Transfer of Causes; Records

§14. Until otherwise provided by law, all matters pending in any court on the effective date of this article shall remain and be prosecuted in the court in which they are pending.

Whenever the jurisdiction, powers or duties of any court are terminated or changed, the Legislature shall provide by law for the transfer of all matters pending therein as to which the court shall not thereafter act, together with all of the records and papers pertaining thereto, to a court having jurisdiction, powers or duties as to such matters, and shall provide for the prosecution therein of such matters as if then and there pending.

All records and papers pertaining to matters already disposed of in any court shall be preserved or disposed of in a manner prescribed by law.

Offices Phased Out; Effective Date of Article; Certain Provisions to Be Operable at Time Specified; Effect of Article on Certain Provisions of Constitution

§15. Notwithstanding the provisions of section one of this article, the office of justice of the peace, as heretofore constituted, shall continue until January one, one thousand nine hundred seventy-seven. No person shall be elected to the office of justice of the peace or constable at the general election to be held in the year one thousand nine hundred seventy-six, and said offices shall cease to exist as of January one, one thousand nine hundred seventy-seven.

This article shall take effect from the time of ratification, but in any case where it is specified in this article that a provision shall become operable on and after a certain date, such date shall govern and control as to the operable date of such provision.

The provisions of this article shall supersede and prevail over all other provisions of this Constitution which are expressly or impliedly in conflict or inconsistent therewith.

[Editor's note.—The amendment of this article was proposed by Senate Joint Resolution No. 6, Acts, Regular Session, 1974, p. 946; submitted under authority of art. 11, c. 3, of the West Virginia Code; and ratified November 5, 1974. For a full and comprehensive comparison of the foregoing art. 8, see sections 1 through 30, art. 8, West Virginia Code, 1972.]

§1. The voters of each county shall elect a surveyor of lands, a prosecuting attorney, a sheriff, and one and not more than two assessors, who shall hold their respective offices for the term of four years.

Constables, Coroners and Overseers of the Poor

§2. There shall also be elected in each district of the county, by the voters thereof, one constable, and if the population of any district shall exceed twelve hundred, an additional constable, whose term of office shall be four years, and whose powers as such shall extend throughout their county. The assessor shall, with the advice and consent of the county court, have the power to appoint one or more assistants. Coroners, overseers of the poor and surveyors of roads, shall be appointed by the county court. The foregoing officers, except the prosecuting attorneys, shall reside in the county and district for which they shall be respectively elected.

Sheriffs

§3. A person who has been elected or who has served as sheriff during all or any part of two consecutive terms shall be ineligible for the office of sheriff during any part of the term immediately following the second of the two consecutive terms. The person holding the office of sheriff when this section is ratified shall not be prevented from holding the office of sheriff during the term immediately following the term he is then serving.

[Editor's note.—The amendment of this section was proposed by House Joint Resolution No. 3, Acts, Regular Session, 1973, p. 700; and ratified at a special election on November 6, 1973.

This section, prior to its amendment, read:

"The same person shall not be elected sheriff for two consecutive full terms; nor shall any person who acted as his deputy be elected successor to such sheriff, nor shall any sheriff act as deputy of his successor; nor shall he during his term or service, or within one year thereafter, be eligible to any other office. The retiring sheriff shall finish all business remaining in his hands, at the expiration of his term; for which purpose his commission and official bond shall remain in force. The duties of the office of sheriff shall be performed by him in person, or under his superintendence."]

Malfeasance and Misfeasance In Office

§4. The presidents of the county courts, the justices of the peace, sheriffs, prosecuting attorneys, clerks of the circuit and of the county courts, and all other county officers shall be subject to indictment for malfeasance, misfeasance, or neglect of official duty and upon conviction thereof, their offices shall become vacant.

Commissioning of Officers Not Otherwise Provided For

§5. The Legislature shall provide for commissioning such of the officers herein mentioned, as it may deem proper, not provided for in this Constitution, and may require any class of them to give bond with security for the faithful discharge of the duties of their respective offices.

Compensation—Deputies

§6. It shall further provide for the compensation, the duties and responsibilities of such officers, and may provide for the appointment of their deputies and assistants by general laws.

Conservators of the Peace

§7. The president of the county court and every justice and constable shall be a conservator of the peace throughout his county.

Formation of New Counties

§8. No new county shall hereafter be formed in this State with an area of less than four hundred square miles; nor with a population of less than six thousand; nor shall any county, from which a new county, or part thereof shall be taken, be reduced in area below four hundred square miles, nor in population below six thousand. Nor shall a new county be formed without the consent of a majority of the voters residing within the boundaries of the proposed new county, and voting on the question.

County Commissions

§9. The office of county court or tribunal in lieu thereof heretofore created is hereby continued in all respects as heretofore constituted, but from and after the effective date of this amendment shall be designated as the county commission and wherever in this Constitution the code of West Virginia, Acts of the Legislature or elsewhere in law a reference is made to the county court of any county, such reference shall be read, construed and understood to mean the county commission.

Except as otherwise provided in section eleven or thirteen of this article, there shall be in each county of the state a county commission, composed of three commissioners, and two of said commissioners shall be a quorum for the transaction of business. It shall hold four regular sessions in each year, and at such times as may be fixed and entered of record by the said commission. Provisions may be made by law for holding special sessions of said commissions.

Terms of Office of County Commissioners

§10. The commissioners shall be elected by the voters of the county, and hold their office for a term of six years, except that at the first meeting of said commissioners they shall designate by lot, or otherwise in such manner as they may determine, one of their number, who shall hold his office for a term of two years, one for four years, and one for six years, so that one shall be elected every two years; but no two of said commissioners shall be elected from the same magisterial district. If two or more persons residing in the same district shall receive the greater number of votes cast at any election, then only the one of such persons receiving the highest number shall be declared elected, and the person living in another district, who shall receive the next highest number of votes, shall be declared elected. Said commissioners shall annually elect one of their number as president. The commissioners of said commissions, now in office, shall remain therein for the term for which they have been elected, unless sooner removed therefrom, in the manner prescribed by law.

§11. The county commissions, through their clerks, shall have the custody of all deeds and other papers presented for record in their counties, and the same shall be preserved therein, or otherwise disposed of, as now is, or may be prescribed by law. They shall also, under such regulations as may be prescribed by law, have the superintendence and administration of the internal police and fiscal affairs of their counties, including the establishment and regulation of roads, ways, bridges, public landings, ferries and mills, with authority to lay and disburse the county levies: *Provided*, That no license for the sale of intoxicating liquors in any incorporated city, town or village, shall be granted without the consent of the municipal authorities thereof, first had and obtained. Until otherwise prescribed by law, they shall, in all cases of contest, be the judge of the election, qualification and returns of their own members, and of all county and district officers, subject to such regulations, by appeal or otherwise, as may be prescribed by law. Such commissions may exercise such other powers, and perform such other duties, not of a judicial nature, as may be prescribed by law. Such existing tribunals as have been heretofore established by the Legislature to act as to police and fiscal matters in lieu of county commissions in certain counties shall remain and continue as now constituted in the counties in which they have been respectively established until otherwise provided by law, and they shall have and exercise the powers which the county commissions have under this article, and, until otherwise provided by law, such clerk as is mentioned in section twelve of this article shall exercise any powers and discharge any duties, heretofore conferred on, or required of, any such tribunal or the clerk of such tribunal respecting the recording and preservation of deeds and other papers presented for record and such other matters as are prescribed by law to be exercised and discharged by the clerk thereof.

§12. The voters of each county shall elect a clerk of the county commission, whose term of office shall be six years. His duties and compensation and the manner of his removal shall be prescribed by law. But the clerks of said commissions, now in office, shall remain therein for the term for which they have been elected, unless sooner removed therefrom, in the manner prescribed by law.

Reformation of County Commissions

§13. The Legislature shall, upon the application of any county, reform, alter or modify the county commission established by this article in such county, and in lieu thereof, with the assent of a majority of the voters of such county voting at an election, create another tribunal

for the transaction of the business required to be performed by the county commission created by this article. Whenever a county commission shall receive a petition signed by ten percent of the registered voters of such county requesting the reformation, alteration or modification of such county commission, it shall be the mandatory duty of such county commission to request the Legislature, at its next regular session thereafter, to enact an act reforming, altering or modifying such county commission and establishing in lieu thereof another tribunal for the transaction of the business required to be performed by such county commission, such act to take effect upon the assent of the voters of such county, as aforesaid. Whenever any such tribunal is established, all of the provisions of this article in relation to the county commission shall be applicable to the tribunal established in lieu of said commission. When such tribunal has been established, it shall continue to act in lieu of the county commission until otherwise provided by law.

[Editor's note.—The foregoing article was amended by adding sections 9, 10, 11, 12 and 13 and was proposed by Senate Joint Resolution No. 6, Acts, Regular Session, 1974, p. 946; submitted under authority of art. 11, c. 3, of the West Virginia Code; and ratified November 5, 1974. The purpose of the foregoing sections 9, 10, 11, 12 and 13 is to remove the county court from the Judicial Department, art. 8, as amended, and to transfer the office of county court or tribunal to art. 9, County Organization.]

Subject to the exceptions in this section contained, taxation shall be equal and uniform throughout the State, and all property, both real and personal, shall be taxed in proportion to its value to be ascertained as directed by law. No one species of property from which a tax may be collected shall be taxed higher than any other species of property of equal value; except that the aggregate of taxes assessed in any one year upon personal property employed exclusively in agriculture, including horticulture and grazing, products of agriculture as above defined, including livestock, while owned by the producer, and money, notes, bonds, bills and accounts receivable, stocks and other similar intangible personal property shall not exceed fifty cents on each one hundred dollars of value thereon and upon all property owned, used and occupied by the owner thereof exclusively for residential purposes and upon farms occupied and cultivated by their owners or bona fide tenants, one dollar; and upon all other property situated outside of municipalities, one dollar and fifty cents; and upon all other property situated within municipalities, two dollars; and the Legislature shall further provide by general law, for increasing the maximum rates, authorized to be fixed, by the different levying bodies upon all classes of property, by submitting the question to the voters of the taxing units affected, but no increase shall be effective unless at least sixty percent of the qualified voters shall favor such increase, and such increase shall not continue for a longer period than three years at any one time, and shall never exceed by more than fifty percent the maximum rate herein provided and prescribed by law; and the revenue derived from this source shall be apportioned by the Legislature among the levying units of the State in proportion to the levy laid in said units upon real and other personal property; but property used for educational, literary, scientific, religious or charitable purposes, all cemeteries, public property, the personal property, including livestock, employed exclusively in agriculture as above defined and the products or agriculture as so defined while owned by the producers may by law be exempted from taxation; household goods to the value of two hundred dollars shall be exempted from taxation. Exemptions From and Additional Adjustments To Ad Valorem Property Taxation

§1a. Notwithstanding the provisions of sections one and one-b of this article, household goods and personal effects, if such household goods or personal effects are not held or used for profit, and all intangible personal property shall be exempt from ad valorem property taxation: *Provided*, That intangible personal property may be made subject to such taxation only to the extent provided by the Legislature by general law not inconsistent with this section.

The Legislature shall not impose ad valorem property taxation upon money, bank deposits and other investments determined by such law to be in the nature of deposits in a bank or other financial institution, or upon pensions, monies or investments determined by the Legislature in such law to be in lieu of or otherwise in the nature of pensions.

The Legislature by general law may exempt from such taxation any amount of the value of all or certain intangible personal property and any type, group or class of such intangibles but such exemptions shall be uniform throughout the state. No tax imposed upon such intangibles shall be at a rate or rates in excess of the maximum rate permitted to be imposed upon personal property employed exclusively in agriculture as provided in sections one, one-b or ten of this article, as the case may be, in the county wherein the intangible personal property has situs, as such situs is determined by the Legislature in such general law.

The valuations with respect to property acquired or created subsequent to any statewide reappraisal and the valuations with respect to any intangible personal property subjected to ad valorem property taxation pursuant to this section shall be allocated and phased-in over a period of years and be valued with respect to the same base year as other property subject to ad valorem property taxation in order to provide for equitable and similar treatment of such property subsequently acquired or created or such intangible personal property as compared to similarly situated previously existing property of similar value whose owner is receiving the benefit of any allocation and phase-in allowed pursuant to section one-b of this article.

Any intangible personal property which would be subject to ad valorem property taxation under prior provisions of this Constitution shall continue to be subjected to such taxation as provided by and in accordance with current statutory law for the assessment of such taxes upon such property, which laws are hereby validated for such purpose or purposes, until the first day of July in the year one thousand nine hundred eighty-five, or until the first statewide reappraisal of property pursuant to section one-b of this article shall be first implemented and employed to fix values for ad valorem property taxation, whichever shall last occur, and thereafter no intangible personal property shall be subject to such taxation save for and except as provided by the Legislature by general law enacted after the ratification of the amendment of this section in the year one thousand nine hundred eighty-four.

[*Editor's note.*—This section was proposed by Senate Joint Resolution No. 4, Acts, Regular Session, 1957, p. 839; submitted by Acts, Regular Session, 1957, c. 16; and ratified November 4, 1958.

The first amendment of the section was proposed by Senate Joint Resolution No. 11, Acts, Regular Session, 1972, p. 737; and ratified November 7, 1972.

It inserted the exemption of "household goods and personal effects if such household goods and personal effects are not held or used for profit" from ad valorem property taxation.

The second amendment of this section was proposed by Committee Substitute for House Joint Resolution No. 21, Acts, Regular Session, 1984, p. 1113; and ratified November 6, 1984.

This section, prior to its amendment, read:

"Notwithstanding the provisions of the preceding section, bank deposits, money, and household goods and personal effects if such household goods and personal effects are not held or used for profit, shall be exempt from ad valorem property taxation."

This section was amended to read as set out above.]

Property Tax Limitation and Homestead Exemption Amendment of 1982.

§1b. Ad valorem property taxation shall be in accordance with this section and other

applicable provisions of this article not inconsistent with this section.

Subsection A—Value; Rate of Assessment; Exceptions

Notwithstanding any other provisions of this Constitution and except as otherwise provided in this section, all property subject to ad valorem taxation shall be assessed at sixty percent of its value, as directed to be ascertained in this section, except that the Legislature may from time to time, by general law agreed to by two thirds of the members elected to each house, establish a higher percentage for the purposes of this paragraph, which percentage shall be uniform as to all classes of property defined in section one of this article, but not more than one hundred percent of such value.

Notwithstanding the foregoing, for the first day of July, one thousand nine hundred eighty-two, and the first day of July of each year thereafter until the values may be fixed as a result of the first statewide reappraisal hereinafter required, assessments shall be made under the provisions of current statutory law, which is hereby validated for such purpose until and unless amended by the Legislature. Assessment and taxation in accord with this section shall be deemed to be equal and uniform for all purposes.

Subsection B—Determination of Value

The Legislature shall provide by general law for periodic statewide reappraisal of all property, which reappraisal shall be related for all property to a specified base year which, as to each such reappraisal, shall be uniform for each appraisal for all classes of property and all counties. In such law, the Legislature shall provide for consideration of (1) trends in market values over a fixed period of years prior to the base year, (2) the location of the property, and (3) such other factors and methods as it may determine: *Provided*, That with respect to reappraisal of all property upon the base year of one thousand nine hundred eighty, such reappraisals are deemed to be valid and in compliance with this section: *Provided, however*, That with respect to farm property, as defined from time to time by the Legislature by general law; the determination of value shall be according to its fair and reasonable value for farming purposes, as may be defined by general law.

The results of each statewide appraisal shall upon completion be certified and published and errors therein may be corrected, all as provided by general law. The first such statewide appraisal shall be completed, certified and published on or before the thirty-first day of March, one thousand nine hundred eighty-five, for use when directed by the Legislature.

The Legislature shall further prescribe by general law the manner in which each statewide reappraisal shall be employed to establish the value of the various separately assessed parcels or interests in parcels of real property and various items of personal property subject to ad valorem property taxation, the methods by which increases and reductions in value subsequent to the base year of each statewide reappraisal shall be ascertained, and require the enforcement thereof.

Subsection C—General Homestead Exemption

Notwithstanding any other provisions of this Constitution to the contrary, the first twenty thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature, shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law.

Notwithstanding any other provision of this Constitution to the contrary, the Legislature shall have the authority to provide by general law for an exemption from ad valorem property taxation in an amount not to exceed the first twenty thousand dollars of value of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state, and who is under sixty-five years of age and not totally and permanently disabled: *Provided*, That upon enactment of such general law, this

exemption shall only apply to such property in any county in which the property was appraised at its value as of the first day of January, one thousand nine hundred eighty, or thereafter, as determined by the Legislature, and this exemption shall be phased in over such period of time not to exceed five years from the date such property was so appraised, or such longer time as the Legislature may determine by general law: *Provided, however*, That in no event shall any one person and his spouse, or one homestead be entitled to more than one exemption under these provisions: *Provided further*, That these provisions are subject to such requirements, limitations and conditions as shall be prescribed by general law.

The Legislature shall have the authority to provide by general law for property tax relief to citizens of this State who are tenants of residential or farm property.

Subsection D—Additional Limitations on Value

With respect to the first statewide reappraisal, pursuant to this section, the resulting increase in value in each and every parcel of land or interest therein and various items of personal property subject to ad valorem property taxation over and above the previously assessed value shall be allocated over a period of ten years in equal amounts annually.

The Legislature may by general law also provide for the phasing in of any subsequent statewide reappraisal of property.

Subsection E—Levies for Free Schools

In equalizing the support of free schools provided by state and local taxes, the Legislature may require that the local school districts levy all or any portion of the maximum levies allowed under section one of this article which has been allocated to such local school districts.

Within the limits of the maximum levies permitted for excess levies for schools or better schools in sections one and ten of this article, the Legislature may, in lieu of the exercise of such powers by the local school districts as heretofore provided, submit to the voters, by general law, a statewide excess levy, and if it be approved by the required number of voters, impose such levy, subject however to all the limitations and requirements for the approval of such levies as in the case of a district levy. The law submitting the question to the voters shall provide, upon approval of the levy by the voters, for the assumption of the obligation of any local excess levies for schools then in force theretofore authorized by the voters of a local taxing unit to the extent of such excess levies imposed by the state and so as to avoid double taxation of those local districts. The Legislature may also by general law reserve to the school districts such portions of the power to lay authorized excess levies as it may deem appropriate to enable local school districts to provide educational services which are not required to be furnished or supported by the state. If a statewide excess levy for the support of free schools is approved by the required majority, the revenue from such a statewide excess levy shall be deposited in the state treasury and be allocated first for the local obligations assumed and thereafter for such part of the state effort to support free schools, by appropriation or as the law submitting the levy to the voters shall require, as the case may be.

The defeat of any such proposed statewide excess levy for school purposes shall not in any way abrogate or impair any local existing excess levy for such purpose nor prevent the adoption of any future local excess levy for such purpose.

Subsection F—Implementation

In the event of any inconsistency between any of the provisions of this section and other provisions of this Constitution, the provisions of this section shall prevail. The Legislature shall have plenary power to provide by general law for the equitable application of this article and, as to taxes to be assessed prior to the first statewide reappraisal, to make such laws retroactive to the first day of July, one thousand nine hundred eighty-two or thereafter.

[Editor's note.—This section was proposed by House Joint Resolution No. 7, Acts, Regular Session, 1973, p. 582; and ratified at a special election November 6, 1973.

The first amendment of this section was proposed by House Joint Resolution No. 39, Acts, Regular Session, 1980, p. 740; and ratified November 4, 1980.

The purpose of this section is to increase the allowable homestead exemption on real property or mobile home to the first ten thousand dollars of assessed valuation of a residence occupied by the owner thereof who is sixty-five years of age or older or permanently and totally disabled.

This section, prior to its amendment, read:

"Notwithstanding any other provision of this Constitution to the contrary, the first five thousand dollars of assessed valuation of any real property used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this State and who is sixty-five years of age or older shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law."

The second amendment of this section was proposed by House Joint Resolution No. 1, Second Extraordinary Session, 1982; and ratified at the General Election, November 2, 1982.

The purpose of this section is to provide for assessment of property for purposes of ad valorem taxation at sixty percent of its value upon statewide reappraisal; to provide for assessment of property under current statutory law until the results of such reappraisal and to validate such law; to provide for the determination of market value, and to permit the Legislature by a vote of two thirds of the members elected to each house to set higher percentages for all classes of property; to authorize the Legislature by general law to permit the results of any reappraisal to be phased in over such period of time after the year in which the reappraisal is completed in such manner as the Legislature may specify; to provide the Legislature with the power to protect the levies for free schools and to provide for statewide levies for such purpose; to require an exemption from ad valorem taxation amounting to twenty thousand dollars of assessed value of any real property or mobile home occupied as a resident by persons who are sixty-five years of age or older or permanently disabled; to authorize an exemption of up to twenty thousand dollars of value for owners of homes or mobile homes who are under sixty-five years of age and not disabled; and to provide for a phase-in period for the latter exemption after reappraisal of property at its value as of the first day of January, one thousand nine hundred eighty or thereafter, as determined by the Legislature.

This section, prior to its amendment, read:

"Notwithstanding any other provision of this Constitution to the contrary, the first ten thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this State and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general laws: *Provided*, That the Legislature annually shall appropriate state funds in an amount sufficient to pay to each levying body in this State the amount of tax revenue lost by reason of this amendment to such body during the preceding year: *Provided, however*, That such levying bodies shall be reimbursed by the Legislature only for that portion of the ad valorem taxation exemption above and beyond the exemption for the initial five thousand dollar valuation of real property owned and occupied by a citizen who is sixty-five years of age or older."

This section was amended to read as set out above.]

Exemption From Ad Valorem Taxation of Certain Personal Property of Inventory and Warehouse Goods, with Phase In to Full Exemption Over Five-year Period

§1c. Notwithstanding any other provisions of this Constitution, tangible personal property which is moving in interstate commerce through or over the territory of the State of West Virginia, or which was consigned from a point of origin outside the State to a warehouse, public or private, within the State for storage in transit to a final destination outside the State, whether specified when transportation begins or afterward, but in any case specified timely for exempt status determination purposes, shall not be deemed to have acquired a tax situs in West Virginia for purposes of ad valorem taxation and shall be exempt from such taxation, except as otherwise provided in this section. Such property shall not be deprived of such exemption because while in the warehouse the personal property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled, or repackaged for delivery out of state, unless such activity results in a new or different product, article, substance or commodity, or one of different utility. Personal property of inventories of natural resources shall not be exempt from ad valorem taxation unless required by paramount federal law.

The exemption allowed by the preceding paragraph shall be phased in over a period of five consecutive assessment years, at the rate of one fifth of the assessed value of the

property per assessment year, beginning the first day of July, one thousand nine hundred eighty-seven.

[Editor's note.—This section was proposed by House Joint Resolution No. 1, Second Extraordinary Session, 1986, submitted in accordance with article eleven, chapter three of the code of West Virginia, one thousand nine hundred thirty-one, as amended; and ratified November 4, 1986.]

[Editor's note.—This section was repealed by virtue of the Capitation Tax Repeal Amendment, proposed by House Joint Resolution No. 6, Act, Regular Session, 1970, p. 455; submitted by Acts, Regular Session, 1970, c. 21; and ratified November 3, 1970.

This section, prior to its repeal, read:

"The Legislature shall levy an annual capitation tax of one dollar upon each male inhabitant of the State who has attained the age of twenty-one years, which shall be annually appropriated to the support of free schools. Persons afflicted with bodily infirmity may be exempted from this tax."]

Receipts and Expenditures of Public Moneys

§3. A complete and detailed statement of the receipts and expenditures of the public moneys shall be published annually.

Limitation on Contracting of State Debt

§4. Power of Taxation

§5. The power of taxation of the Legislature shall extend to provisions for the payment of the state debt, and interest thereon, the support of free schools, and the payment of the annual estimated expenses of the State; but whenever any deficiency in the revenue shall exist in any year, it shall, at the regular session thereof held next after the deficiency occurs, levy a tax for the ensuing year, sufficient with the other sources of income, to meet such deficiency, as well as the estimated expenses of such year.

Credit of State Not to Be Granted in Certain Cases

§6. The credit of the State shall not be granted to, or in aid of any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation or person; nor shall the State ever hereafter become a joint owner, or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

§8. No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate, exceeding five per centum on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness; nor without, at the same time, providing for the collection of a direct annual tax on all taxable property therein, in the ratio, as between the several classes or types of such taxable property, specified in section one of this article, separate and apart from and in addition to all other taxes for all other purposes, sufficient to pay, annually, the interest on such debt, and the principal thereof, within, and not exceeding thirty-four years. Such tax, in an amount sufficient to pay the interest and principal on bonds issued by any school district not exceeding in the aggregate three per centum of such assessed value, may be levied outside the limits fixed by section one of this article: *Provided*, That no debt shall be contracted under this section, unless all questions connected with the same, shall have been first submitted to a vote of the people, and have received three fifths of all the votes cast for and against the same.

[Editor's note.—The amendment of this section was proposed by Committee Substitute for Senate Joint Resolution No. 1, Acts 1949, p. 716; submitted by Acts 1949, c. 18; and ratified November 7, 1950. The amendment known as the "School Bond Amendment", inserted in the first sentence the provision as to property subject to the tax. It also added the part of the second sentence which precedes the proviso.]

The amendment of this section was proposed by House Joint Resolution No. 14, Acts, 1982, p. 785; and ratified at the General Election, November 2, 1982.

Support of Free Schools

§5. The Legislature shall provide for the support of free schools by appropriating thereto the interest of the invested "School Fund," the net proceeds of all forfeitures and fines accruing to this State under the laws thereof; and by general taxation of persons and property or otherwise. It shall also provide for raising in each county or district, by the authority of the people thereof, such a proportion of the amount required for the support of free schools therein as shall be prescribed by general laws.

[*Editor's note.*—The amendment of this section was proposed by House Joint Resolution No. 6, Acts, Regular Session, 1970; p. 455; submitted by Acts, Regular Session, 1970, c. 21; and ratified November 3, 1970. The amendment, which also repealed W. Va. Const. art. X, §2, was designated the "Capitation Tax Repeal Amendment".]

§6. The school districts into which the state is now divided shall continue until changed pursuant to act of the Legislature: *Provided*, That the school board of any district shall be elected by the voters of the respective district without reference to political party affiliation. No more than two of the members of such board may be residents of the same magisterial district within any school district.

This section, prior to its amendment, read:

"The school districts into which any county is now divided shall continue until changed in pursuance of law."

Levies for School Purposes

§7. All levies that may be laid by any county or district for the purpose of free schools shall be reported to the clerk of the county court, and shall, under such regulations as may be prescribed by law, be collected by the sheriff, or other collector who shall make annual settlement with the county court; which settlements shall be made a matter of record by the clerk thereof, in a book to be kept for that purpose.

ARTICLE XIII

Land Titles

§1. All private rights and interests in lands in this State derived from or under the laws of the State of Virginia, and from or under the Constitution and laws of this State prior to the time this Constitution goes into operation, shall remain valid and secure and shall be determined by the laws in force in Virginia, prior to the formation of this State, and by the Constitution and laws in force in this State prior to the time this Constitution goes into effect.

Land Entry Prohibited

§2. No entry by warrant on land in this State shall hereafter be made.

Forfeited Lands

§3. All title to lands in this State heretofore forfeited, or treated as forfeited, waste and unappropriated, or escheated to the State of Virginia, or this State, or purchased by either of said states at sales made for the nonpayment of taxes and become irredeemable, or hereafter forfeited, or treated as forfeited, or escheated to this State, or purchased by it and become irredeemable, not redeemed, released or otherwise disposed of, vested and remaining in this State, shall be, and is hereby transferred to, and vested in any person (other than those for whose default same may have been forfeited or returned delinquent, their heirs or devisees), for so much thereof as such person has, or shall have had, actual continuous possession of, under color or claim of title for ten years, and who, or those under whom he claims, shall have paid the state taxes thereon for any five years during such possession; or if there be no such person, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees),

for so much of said land as such person shall have title or claim to, regularly derived, mediately or immediately from, or under a grant from the Commonwealth of Virginia, or this State, not forfeited, which but for the title forfeited would be valid, and who, or those under whom he claims has, or shall have paid all state taxes charged or chargeable thereon for five successive years, after the year 1865, or from the date of the grant, if it shall have issued since that year; or if there be no such person, as aforesaid, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have had claim to and actual continuous possession of, under color of title for any five successive years after the year 1865, and have paid all state taxes charged or chargeable thereon for said period.

Waste and Unappropriated Lands

§4. All lands in this State, waste and unappropriated, or heretofore or hereafter for any cause forfeited, or treated as forfeited, or escheated to the State of Virginia, or this State, or purchased by either and become irredeemable, not redeemed, released, transferred or otherwise disposed of, the title whereto shall remain in this State till such sale as is hereinafter mentioned be made, shall by proceedings in the circuit court of the county in which the lands, or a part thereof, are situated, be sold to the highest bidder.

Former Owner's Privilege

§5. The former owner of any such land shall be entitled to receive the excess of the sum for which the land may be sold over the taxes charged and chargeable thereon, or which, if the land had not been forfeited, would have been charged or chargeable thereon, since the formation of this State, with interest at the rate of twelve per centum per annum, and the cost of the proceedings, if his claim be filed in the circuit court that decrees the sale, within two years thereafter.

Land Books—Taxes

§6 It shall be the duty of every owner of land, or of an undivided interest therein, to have such land, or such undivided interest therein, entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with taxes legally levied thereon and pay the same. When, for any five successive years, the owner of any tract of land, or undivided interest therein, shall not have been charged on such land books with state, county and district taxes thereon, then, by operation hereof, the land, or undivided interest therein, shall be forfeited and the title vested in the State. But if, for any one or more of such five years, the owner of such land, or of any undivided interest therein, shall have been charged with state, county and district taxes on any part of such land, such part thereof, or undivided interest therein, shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein, at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest, charged on such land books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein, for the year one thousand eight hundred sixty-three, and every year thereafter, with interest at the rate of ten per centum per annum, and pay all taxes and interest thereon for such years, and thereby redeem the land or interest therein: *Provided*, That such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited.

[*Editor's note.*—The amendment of this section was proposed by House Joint Resolution No. 4, Acts 1933, 2nd Ex. Sess., p. 583; submitted by Acts 1933, 2nd Ex. Sess., c. 72; and ratified November 6, 1934. The amendment rewrote this section. Prior to the amendment this section provided for the forfeiture of tracts containing one thousand acres or more, did not expressly provide for owners of undivided interests, and did not mention county and district taxes.

It was held, before the amendment, that although this section provided for the forfeiture of lands containing one thousand acres or more, it did not limit such forfeiture to such tracts, and that an act providing for the forfeiture of a less number of acres than one thousand, for nonentry upon the land books, was merely cumulative and not inhibited by this section of the Constitution.]

ARTICLE XIV

Amendments

§1. No convention shall be called, having the authority to alter the Constitution of the State, unless it be in pursuance of a law, passed by the affirmative vote of a majority of the members elected to each house of the Legislature and providing that polls shall be opened throughout the State, on the same day therein specified, which shall not be less than three months after the passage of such law, for the purpose of taking the sense of the voters on the question of calling a convention. And such convention shall not be held unless a majority of the votes cast at such polls be in favor of calling the same; nor shall the members be elected to such convention, until, at least, one month after the result of the vote shall be duly ascertained, declared and published. And all acts and ordinances of the said convention of the said convention shall be submitted to the voters of the State for ratification or rejection, and shall have no validity whatever until they are ratified.

How Amendments Are Made

§2. Any amendment to the Constitution of the State may be proposed in either house of the Legislature at any regular or extraordinary session thereof; and if the same, being read on three several days in each house, be agreed to on its third reading, by two thirds of the members elected thereto, the proposed amendment, with the yeas and nays thereon, shall be entered on the journals, and it shall be the duty of the Legislature to provide by law for submitting the same to the voters of the State for ratification or rejection, at a special election, or at the next general election thereafter, and cause the same to be published, at least three months before such election in some newspaper in every county in which a newspaper is printed. If a majority of the qualified voters, voting on the question at the polls held pursuant to such law, ratify the proposed amendment, it shall be in force from the time of such ratification, as part of the Constitution of the State. If two or more amendments be submitted at the same time, the vote on the ratification or rejection shall be taken on each separately, but an amendment may relate to a single subject or to related subject matters and may amend or modify as many articles and as many sections of the Constitution as may be necessary and appropriate in order to accomplish the objectives of the amendment. Whenever one or more amendments are submitted at a special election, no other question, issue or matter shall be voted upon at such special election, and the cost of such special election throughout the State shall be paid out of the state treasury.

[Editor's note.—The first amendment of this section was proposed by House Joint Resolution No. 2, Acts, Regular Session, 1960, p. 833; submitted by Acts, Regular Session, 1960, c. 5; and ratified November 8, 1960.

It added the words "but an amendment may relate to a single subject or to related subject matters and may amend or modify as many articles and as many sections of the Constitution as may be necessary and appropriate in order to accomplish the objectives of the amendment."

The second amendment was proposed by Senate Joint Resolution No. 3, Regular Session, 1971, p. 1041; submitted by Acts, Regular Session, 1971, c. 17; and ratified November 7, 1972.

It inserted the words "at any regular or extraordinary session" in the first sentence; provided for submitting proposed amendments to the voters at special elections as well as general elections; and added the last sentence as it appears in the section above.]

pursuant to said Veterans Bonus Amendment of one thousand nine hundred fifty, or the deposit in trust of sufficient funds to pay all the principal of and interest on such outstanding bonds issued pursuant to said Veterans Bonus Amendment of one thousand nine hundred fifty to their respective dates of maturity or to the first date upon which said bonds are callable prior to maturity, the taxes and charges provided for in said chapters six, one hundred eighty-four and one hundred eighty-seven of the acts of the Legislature of West Virginia, regular session, one thousand nine hundred fifty-one, may be pledged to the payment of the principal of and interest on any bonds issued under any of the provisions of this amendment.

The authority to issue and sell and have outstanding additional bonds granted by the amendment to the Constitution proposed by Senate Joint Resolution No. 15, adopted February 15, 1919, and afterwards ratified by a vote of the people, is hereby revoked as of January 1, 1965, but said amendment shall in all other respects remain in full force and effect.

[Editor's note.—This amendment was proposed by House Joint Resolution No. 10, Acts, Regular Session, 1963, p. 1196; submitted by Acts, Regular Session, 1964, c. 22; and ratified November 3, 1964.]

Vietnam Veterans Bonus Amendment

The Legislature shall provide by law, either for the appropriation from the general revenues of the State, or for the issuance and sale of state bonds, which shall be in addition to all other state bonds heretofore issued, or a combination of both as the Legislature may determine, for the purpose of paying a cash bonus to veterans of the armed forces of the United States who were in active service during the periods hereinafter described. Such bonus shall be paid to all persons who rendered active service in the armed forces of the United States between the first day of August, one thousand nine hundred sixty-four, and the date determined by the President or Congress of the United States as the end of involvement of United States armed forces in the Vietnam conflict, both dates inclusive, who were bona fide residents of the State of West Virginia at the time of their entry into such active service and for a period of at least six months immediately prior thereto, who have not been separated from such service under conditions other than honorable, and who, within the period specified above, actively served in such armed forces for a period of at least ninety days. Such bonus shall also be paid to any person, otherwise eligible under the

preceding sentence, who rendered active service in the armed forces of the United States prior to the first day of August, one thousand nine hundred sixty-four, and who received the Vietnam armed forces expeditionary medal. Such bonus shall also be paid to any veteran, otherwise qualified under either of the two sentences next preceding, who was discharged within ninety days after entering the armed forces because of a service-connected disability. The amount of such bonus shall be calculated on the basis of twenty dollars per month for each month of active service, or major fraction thereof, for veterans who received the Vietnam armed forces expeditionary medal or the Vietnam service medal, up to four hundred dollars, and ten dollars per month for each month of active service, or major fraction thereof, for veterans who have not received the Vietnam armed forces expeditionary medal or the Vietnam service medal, up to three hundred dollars. Not more than one bonus shall be paid to or on behalf of the service of any one veteran.

The bonus to which any deceased veteran would have been entitled, if living, shall be paid to the following surviving relatives of such veterans, if such relatives are residents of the State when such application is made and if such relatives are living at the time payment is made: Any unmarried widow or widower, or, if none, all children, stepchildren and adopted children under the age of eighteen, or, if none, any parent, stepparent, adoptive parent or person standing in loco parentis. The categories of persons listed shall be treated as separate categories listed in order of entitlement and where there be more than one member of a class, the bonus shall be paid to each member according to his proportional share. Where a deceased veteran's death was connected with such service and resulted from such service during the time period specified, however, the surviving relatives shall be paid, in accordance with the same order of entitlement, the sum of five hundred dollars in lieu of any bonus to which the deceased might have been entitled if living.

The principal amount of any bonds issued for the purpose of paying the bonuses provided for in this amendment shall not exceed the principal amount of forty million dollars, but may be funded or refunded either on the maturity dates of said bonds or on any date on which said bonds are callable prior to maturity, and if any of said bonds have not matured or are not then callable prior to maturity, the Legislature may nevertheless provide at any time for the issuance of refunding bonds to fund or refund such bonds on the dates when said bonds mature or on any date on which said bonds are callable prior to maturity and for the investment or reinvestment of the proceeds of such refunding bonds in direct obligations of the United States of America until the date or dates upon which such bonds mature or are callable prior to maturity. The principal amount of any refunding bonds issued under the provisions of this paragraph shall not exceed the principal amount of the bonds to be funded or refunded thereby.

The bonds may be issued from time to time for the purposes authorized by this amendment as separate issues or as combined issues.

Whenever the Legislature shall provide for the issuance of any bonds under the authority of this amendment, it shall at the same time provide for the levy and collection of an additional cigarette tax, or a tax on any other tobacco products, or an additional tax on nonintoxicating beer, or an additional charge on the sale of each bottle of wine or liquor, or an additional general consumers sales tax, or a graduated income tax, or any combination of one or more thereof, or such other dedicated tax as the Legislature may determine, in such amount as may be required to pay annually the interest on such bonds and the principal thereof within and not exceeding thirty years, and all such taxes or charges so levied shall be irrevocably dedicated for the payment of the principal of and interest on such bonds until such principal of and interest on such bonds are finally paid and discharged and any of the covenants, agreements or provisions in the acts of the Legislature levying such taxes or charges shall be enforceable in any court of competent jurisdiction by any of the holders of said bonds.

The Legislature shall have the power to enact legislation necessary and proper to implement the provisions of this amendment.

[Editor's note.—This amendment was proposed by House Joint Resolution No. 5, Acts, Regular Session, 1973, p. 577; and ratified at a special election, November 6, 1973.]

Qualified Veterans Housing Bonds Amendment

I. The Legislature shall have the power to authorize the issuing and selling of general obligation bonds of the State which shall be in addition to all other state bonds heretofore authorized. The aggregate annual amount payable on all such bonds, including both principal and interest, shall be limited such that the debt service accruing on such bonds in any fiscal year shall not exceed \$35,000,000, exclusive of any amounts payable on such bonds for which moneys or securities have been irrevocably set aside and dedicated solely for the purpose of such payment. The proceeds of the bonds hereby authorized to be issued and sold shall be used and appropriated to provide financing for owner-occupied residences for persons determined by the Legislature to be qualified veterans, except that (i) part of the proceeds from each separate issuance of bonds may be set aside as a reserve for the purposes of the Veterans' Mortgage Fund herein authorized and (ii) proceeds may be dedicated for the payment of principal, redemption price or interest on any such bonds to be refunded. Such bonds may be issued and sold at such time or times and in such amount or amounts as the Legislature shall authorize. All proceeds of such bonds, and all revenues derived from the use and investment of such proceeds, shall be deposited in a separate fund of the State, designated as the Veterans' Mortgage Fund. Amounts in such fund shall be used solely for the purposes of making loans for qualified veterans, providing for the payment or redemption of such bonds and the interest thereon, and providing for the payment of necessary expenses in connection therewith. When a bond issue as aforesaid is authorized, the Legislature shall at the same time provide for the collection of an annual state tax sufficient to pay as it may accrue the interest on such bonds and the principal thereof within and not exceeding forty years, and all such taxes so levied shall be irrevocably dedicated for the payment of principal of and interest on such bonds until the obligation of the State with respect to the payment of such principal and interest has been discharged, and any of the covenants, agreements or provisions in the acts of the Legislature levying such taxes shall be enforceable in any court of competent jurisdiction by any of the holders of such bonds. Such tax shall be levied in any year only to the extent that the moneys on deposit in the Veteran's Mortgage Fund are insufficient to pay all amounts accruing on such bonds in such year.

II. The Legislature shall have the power to enact legislation to implement the provisions of this amendment.

ANTHONY CENTER

Neola 24961

Superintendent: Michael Richmond. Capacity: 100.

Anthony Center is located at Neola in Greenbrier County on Route 92, near White Sulphur Springs. This sixty-one acre site, initially established and operated by the Federal Government as a Job Corps center, was leased in 1970 from the United States Forest Service for its present purpose. The Center houses youthful offenders between the ages of eighteen and twenty-three who have been adjudicated guilty of a crime, other than a capital offense, and who in the opinion of the committing court are amenable to rehabilitative programs not requiring close confinement. The period of incarceration is six months, or longer if deemed advisable by the Center Superintendent, but may not exceed two years.

The institution provides individual and group counseling, a comprehensive academic and vocational training curriculum, job and/or educational placement, a work program, religious opportunities, and a recreational program.

The academic and vocational education programs, integrated with extensive counseling, serve as the treatment vehicle. Residents are placed in groups of eight to ten and function as a group in their daily activities. Peer pressure originating in the group is asserted to help internalize socially acceptable values, and displace counter-productive behavior patterns acquired prior to placement at Anthony Center. Guidance is provided by the staff who employ the Peer Group Interaction technique-utilizing peer approval and acceptance to encourage appropriate conduct and attitude. An extension of the educational and counseling programs is recourse to psychological services provided by a practicing clinical psychologist who is on site two days each week.

Academically, teachers employed by the West Virginia Department of Education instruct Special Education, Remedial, and Adult Basic Education students. Any resident who has not completed high school, has not attained a GED, shows deficiencies in basic academic skills, or is simply interested in further education, is placed in an appropriate academic program. During the 1988-89 fiscal year, sixty-nine residents successfully completed and achieved their GEDs.

The population at Anthony qualifies for targeting by the Employment Security Division as "difficult employment placements" for several reasons, i.e., Disadvantaged Youth, Convicted Ex-Felons, and occasionally Vocational Rehabilitation candidates. Additionally, many of these young adults are not equipped with marketable skills, therefore there is a very high probability of their remaining in the criminal justice or other government supported system. This is why special emphasis is placed on vocational training at Anthony Center.

The Center's vocational training programs are available to all residents and are designed to develop basic through advanced skills in the following trades: Auto Mechanics, Blueprint Reading/Drafting, Building Construction, Building Maintenance, Food Management, Welding, and Electricity. Assignments to programs are made by the treatment staff according to interests, aptitudes, and vacancies. All vocational programs are taught by a certified vocational instructor, utilizing a competency based education approach.

The Vocational Special Needs Program, a curriculum of life survival skills, is mandatory for all residents and is conducted in conjunction with vocational programs and job assignments.

Work details involve the kitchen, laundry, barracks, vehicles, water and sewage systems and general institutional upkeep. Job simulated projects include community beautification and construction projects, along with road and stream clean-up.

A local clergyman holds worship services on a weekly basis for all interested residents. He also provides individual counseling for residents when needed.

The year-round recreational program consists of softball, horseshoes, volleyball, basketball, football and weightlifting. When the weather permits, swimming is also included on the agenda. The spacious gymnasium makes it possible for residents to participate in indoor sports during the winter months. This program is based on one hundred percent participation.

Upon completion of the academic, vocational and counseling programs, residents are placed in a pre-release group. In pre-release they are given additional responsibilities and privileges in a program designed to de-institutionalize and prepare them for return to society at large.

Additionally, a small work crew of trusty status inmates from the Huttonsville Correctional Center are housed here. They provide labor to local communities and parks that could not otherwise be done.

DAVIS CENTER

Davis 26260

Superintendent: Dan Hockman. Capacity: 50.

Davis Center, located near the entrance to Blackwater Falls State Park in Tucker County, was authorized by an Act of the Legislature in 1955. It is a minimum security facility that houses youthful male offenders between the ages of sixteen and eighteen who have been adjudicated delinquent by the various courts of record in the state. The period of confinement averages six months, but can be longer if deemed advisable by the Center Superintendent.

Davis Center operates a Peer Group Interaction Counseling Program. Residents are placed in groups of eight to ten in which primary emphasis is directed toward developing responsibility for their actions and rebuilding their life, compatible with socially acceptable behavior and goals. Each resident receives five weekly one and one-half hour group sessions.

A diagnostic program is offered to assess each residents' strengths and weaknesses in academic, vocational and personality areas. Individual counseling and drug and alcohol classes are provided.

The education component of the Davis Center program is provided by the West Virginia Department of Education. This is an administrative change as a result of action of the Legislature in the Spring of 1988. This change has greatly increased the resources available to provide a thorough education program for center residents.

All residents are required to attend one-half day academic school and one-half day in a vocational program. Class sizes are small, 5-7 residents, and instruction in all areas is individualized to meet the needs of the learner. The academic program is designed and equipped to teach at all levels from basic remediation through post high school. Vocational programs offered at Davis Center include auto mechanics, welding, computer science, and building construction.

A full range of recreational activities is offered, including basketball, volleyball, weight lifting, swimming and softball. Recreational activities also utilize nearby state parks and the natural mountain beauty of the Monongahela National Forest. Non-denominational religious services are held each Sunday.

Through the use of the Peer Group Interaction Program, young men receive counseling and guidance by their peers with adult assistance. No form of corporal punishment is used. A young man's stay depends on developing responsibility for caring and concern for group members, as well as fulfilling his contract. Ultimately, a major goal is to enhance the young man's capabilities of making socially accepted choices and decisions after his release back into society.

HUTTONSVILLE CORRECTIONAL CENTER

Huttonsville 26273

Warden: William C. Duncil. *Capacity:* 550.

The Huttonsville Correctional Center is located on a farm near Huttonsville in Randolph County, approximately 18 miles south of Elkins on U.S. Route 250. It was created by an Act of the Legislature in 1937 to relieve overcrowding at the West Virginia Penitentiary. It remained a branch of the parent institution until 1947, at which time the Legislature established it as a separate entity - the West Virginia Medium Security Prison. In 1970, the Center received its current name by Legislative Act.

The primary form of employment for the inmates has always been general farm work. Although by Act of the Legislature in 1977 the 5,000 acre farm was turned over to the Farm Management Commission, with a resultant change of agricultural emphasis from labor intensive general purpose farming to beef cattle production, the largest single inmate labor effort remains on the farm. Many educational programs, both vocational and academic, are offered by the state Department of Education to interested inmates. These classes give them an opportunity to engage in rehabilitative efforts during their non-working hours. Through the Department of Education's Adult Basic Education program, inmates are provided classes in remedial reading and are able to work toward, and obtain, GED certificates. A Special Education program offers remediation to handicapped students. Vocational courses include auto mechanics, auto body repair, welding, machine shop, typing, electricity and Braille transcribing. College classes are offered through Davis and Elkins College. The ACT is administered on a bimonthly schedule. An art class offers inmates instruction in basic drawing and painting, while the music class provides instruction in piano, guitar and banjo. Leatherworking, stained glass and woodworking craft classes enjoy strong participation.

Since 1972, the various county courts have had the option of sending convicted, but not sentenced, adult male felons to the Diagnostic Unit for a 60 day evaluation. Those sentenced for this purpose undergo a regimen similar to the one experienced by regularly committed inmates, but somewhat more rigorous. A report is then provided the court which attempts to describe the man's personality, make some broad predictions about future tendencies, and offer some options for consideration by the Judge prior to deciding between probation and incarceration. Living quarters at this facility consist of military barracks style dormitories. There are no provisions for extended individual confinement.

A court order in 1986, as part of an ongoing conditions of confinement lawsuit styled *Nobles v. Gregory*, placed a 550-man population cap on the institution.

WEST VIRGINIA INDUSTRIAL HOME FOR YOUTH

Industrial 26375

Superintendent: James Ielapi. *Capacity:* 65.

The West Virginia Industrial Home for Youth is located one mile west of Salem on old U.S. Route 50 at Industrial. It was established by an Act of the Legislature on February 18, 1897, and formally opened May 5, 1899. It was built on a 61 acre tract; 11 acres have since been returned to the City of Salem for use as a City Park.

From Jones Cottage, the first building, the physical plant has grown to include the following buildings: Silver Hall Cottage (1914); Sutton Cottage (1928); Ava Stanard Cottage (1942); and New Jones Cottage (1961). The Administration Building built in 1942, houses the administrative offices and a residence for the Superintendent. The complex also includes

Johnston High School, erected in 1915, and a modern gymnasium completed in 1951. A large four-temperature storage building was completed in 1951.

The Industrial Home for Youth provides treatment services for both male and female juveniles who have been adjudicated delinquent.

The rehabilitation program is based on individual treatment plans established with the youth and his or her treatment team. These plans establish long and short term goals with the child for behavioral, educational, and emotional needs. The resident meets with a counselor on a regular weekly basis to discuss strategies for attainment of these goals.

In addition to the therapeutic programs, residents also have the opportunity to receive individual counseling from a licensed clinical psychologist and counselor. The psychologist also conducts an evaluation for each new resident.

The educational needs of the youth at the Industrial Home are met through the Department of Education with a wide range of programs on and off campus. Education programs include basic academics: English, social studies, math, science, computer science, physical education and health, as well as GED preparation and testing, prevocational training along with classes in home economics and general industrial arts. The United Career Center located in Clarksburg, provides residents who have off-campus clearance vocational training classes. Thirteen residents received their GED diploma during the year.

Also located on the grounds of the Industrial Home for Youth is the Department of Education's Instructional Media Center. The purpose of the facility is to provide the incarcerated population of our state institutions with reading material, both for instructional purposes and entertainment. The Media Center also provides films and video tape services from its library and supplemental offerings from the West Virginia Library Commission. During this past fiscal year, the Media Center distributed approximately 75,000 books to maximum and medium security prisons, state hospitals, juvenile facilities and the 55 county jails.

In addition to the population which has been sentenced to the Industrial Home for Youth, the Home also provides a Diagnostic Unit for juveniles pursuant to West Virginia Code 40-5-13(a). Some females are transferred under contract to Helinski Center located in Marshall County for diagnostic services.

This unit houses youth adjudicated delinquent and committed for not more than a thirty-day period. These youths are completely segregated from the regular sentenced population. The unit provides the committing court with a complete psychological and medical evaluation and a social summary on each child.

WEST VIRGINIA PENITENTIARY

Moundsville 26041

Warden: Carl J. Legursky. Capacity: 575.

The West Virginia Penitentiary is located at 818 Jefferson Avenue, Moundsville, in Marshall County. Built in 1866, it was designed as a maximum security facility for both male and female felons. This walled facility was restricted to males in 1948 and covers an area of about six acres. Prison Industry facilities are located within the walls and the inmates are assigned to those industrial areas according to need, interest and ability. The industries produce signs, license plates and printing. These structures also house maintenance sections including plumbing, sheet metal and carpentry.

In recent years a vocational and educational program has been implemented to provide educational and vocational skill development. It is now under the auspices of the state Department of Education. Inmates may obtain their GED certificates and, if qualified, participate in college courses offered in a cooperative program with West Virginia Northern Community College which is located nearby. More extensive vocational courses including auto mechanics, electronics, air conditioning and refrigeration, sheet metal, welding and

furniture refinishing are being planned. Participation in both the educational and vocational programs is voluntary.

As part of the Governor's effort to control unrestricted growth, a population cap of 575 was imposed upon the institution in July of 1986.

PRUNTYTOWN CORRECTIONAL CENTER

Grafton 26354

Superintendent: James Liller. Capacity: 200.

The Pruntytown Correctional Center, formerly known as the West Virginia Industrial Home for Boys, is located at Pruntytown near Grafton in Taylor County. The facility presently receives adult males and females who are eighteen years of age or older. The facility which first opened in 1891 operated as a state correctional institution for delinquent boys until January 1983 when the school was closed and the juveniles transferred to the West Virginia Industrial Home for Youth at Industrial. Pruntytown remained vacant and idle until mid-year 1985.

The Pruntytown Correctional Center, after renovation and remodeling, was reopened to house minimum security male inmates in November 1985. In December 1988, the Department of Corrections began moving nearly sixty state female prisoners who were housed under contract at the Federal Correctional Institution for Women at Alderson to the Pruntytown Correctional Center. The department spent \$500,000 to build separate facilities for the women. The center thus functions as a co-correctional facility, housing all custody levels of adult females, as well as minimum security adult males.

ADULT/JUVENILE PROBATION AND PAROLE SERVICES

Chief of Parole Operations: Ray Swach.

During the fiscal year 1988-89, Probation and Parole had responsibility for monitoring approximately 1,400 persons who were either on probation and parole in West Virginia or were moving in or out of the State via the Interstate Compact System.

Work/Study Release Centers

Work/Study is a community-based program operated by the Department of Corrections with Centers located in Charleston, Beckley and Huntington.

All three Centers have a capacity of sixty to ninety inmates. The Charleston and Huntington facilities are capable of housing females in addition to males and are thus co-correctional.

Inmates are selected from other, more secure institutions who are near parole eligibility or discharge. Some are employed in community jobs while others take advantage of local educational or vocational opportunities. Additionally, a few selected inmates are chosen to live at the home to which they will be paroling under guidance and monitoring by work release staff.

The purpose of this program is to ease the inmates transition from the correctional institution back into the community and at the same time provide financial support for the family of inmates.

A program designed to meet the special needs of residents was established in February, 1987. This program is conducted to train residents in personal hygiene skills, dressing skills, sensory stimulation, and basic self-help skills.

The Lakin Hospital philosophy has always been one of effecting positive, progressive programs to enhance the daily living and quality of life for its residents. PINECREST HOSPITAL

105 South Eisenhower Drive

Beckley 25801

Administrator: E. R. Eades. Average Daily Census: 170.

Located in Raleigh County. Pinecrest Hospital was authorized by an Act of the Legislature in 1927 and opened in March, 1930.

Pinecrest Hospital provides comprehensive geriatric services to residents requiring intermediate care. Pinecrest offers a wide range of services for the residents including physical therapy, speech therapy, audiology services and dental services. Preference for admission to the facility is given to applicants who are legal residents of West Virginia and to those individuals who are unable to pay for care in private nursing homes. Although Pinecrest is primarily a long-term care facility, it is also the only State facility with an inpatient unit for tubercular patients.

Renovations to "C" Unit were completed in June, 1981, and the 93-bed unit was certified as an intermediate care facility, effective October 1, 1981, for participation in the Medicaid Program. During the 1982 legislative session, money was allocated for renovation on "B" Unit in order to meet Medicaid certification standards for an additional 106 beds. The renovation began in June, 1984, with these additional beds certified effective December 1, 1986. Pinecrest now has a total of 200 certified beds.

Plans for the future at Pinecrest include development of an Alzheimer's Disease Unit, which is scheduled to be completed by January of 1992. Another goal is to convert existing homes at Pinecrest, formerly used by doctors, into group homes for the mentally retarded with two projected for completion in 1992.

In the spring of 1983, vacant space in the building was made available to other agencies. At present, offices of Environmental Health and Maternal and Child Health of the Department of Health and Human Resources, as well as offices of the Division of Corrections, are located at Pinecrest.

WELCH EMERGENCY HOSPITAL

Welch 24801

Administrator: Stephen E. Shride. Medical Director: Dale Barnes, M.D. Estimated Daily Population: 59. Annual Outpatient and Emergency Room Visits: 50,122.

Welch Emergency Hospital, formerly Old Miners' Hospital No. 1, is located in McDowell County, City of Welch. The hospital was established by an Act of the Legislature in 1899 and began providing patient services in January, 1902.

Welch Emergency Hospital completed its primary mission in 1987 with the opening of all acute care services. Since the closure of Stevens Clinic Hospital in December, 1987, Welch Emergency Hospital is the sole provider of acute inpatient care in McDowell County. The county's high rate of unemployment has also caused the demand for health services to greatly increase.

PUBLIC COLLEGES, UNIVERSITIES AND SCHOOLS

WEST VIRGINIA UNIVERSITY

Morgantown 26506

Established in 1867, West Virginia University is the state's only major research, doctoral degree-granting, land-grant institution. WVU provides high quality programs of instruction, offering 176 degree programs at the undergraduate, graduate and professional levels; fosters basic and applied research and scholarship; and engages in and encourages other creative and artistic work. A wide range of health science programs are offered through schools of medicine, dentistry, nursing and pharmacy, including allied health programs and graduate programs in the basic medical sciences.

WVU combines the breadth of academic opportunities offered by a major research institution with the atmosphere of a small school; enrollment in one of the University's fifteen colleges and schools offers students the warmth and friendliness of a small academic community.

WVU's Fall 1990 enrollment of 20,854 students came from all 55 counties of West Virginia, 49 other states, and 74 foreign countries. Since 1904, 23 West Virginia University students have been elected Rhodes Scholars and twelve students have been awarded Truman Scholarships since the program's inception. In 1991, a WVU student became the institution's first recipient of the prestigious British Marshall Scholarship.

The faculty at WVU is equally impressive; faculty members are nationally and internationally recognized experts in their fields. Over 80 percent of the full-time, instructional faculty hold doctorates or the highest degree offered in their field. In fiscal year 1990-91, they received more than \$35 million per year in research support from federal, state, and private sources.

The University commits more than \$1.8 million in private funds each year to support the Scholars program, a comprehensive scholarship program that supports approximately 2,000 students through awards ranging from one-time, \$250 scholarships to the full cost of a four-year program. These awards are designed to encourage the State's outstanding students to attend college and remain in West Virginia.

WVU serves the state by bringing the resources of the University to all segments of society through the University Extension Service, through continuing education programs, and through other public service activities, including a comprehensive health care delivery system and extensive economic development efforts.

WVU's libraries contain more than 1.4 million volumes, 1.9 million microforms, and over 8,300 periodicals.

WVU campus combines traditional and modern architectural styles, and nine of the 143 campus buildings are listed on the National Register of Historic Places. In recent years, many of the original buildings have been restored, and new buildings, including an \$11.6 million facility for the College of Mineral and Energy Resources, a \$9.7 million building for the College of Business and Economics, and a \$9 million Engineering Research Center, have been constructed to meet the growing demands of the University. Parts of the campus are linked by the Personal Rapid Transit (PRT) system which consists of computer-directed, electric-powered cars that operate on a concrete and steel guideway permitting quick and easy access to major locations within the University and the downtown area of Morgantown.

WVU programs and services are accessibly located throughout the state. Regional campuses include Potomac State College of West Virginia University and West Virginia University-Parkersburg. WVU operates the Charleston Division of the WVU Health Sciences Center and the Wheeling Division of the School of Medicine. In addition, there are five off-campus graduate centers at Jackson's Mill, West Virginia University-Parkersburg, Potomac State College, Shepherd College, and West Liberty State College.

West Virginia University also operates eight experimental farms in Hardy, Jefferson, Monongalia, Monroe, and Preston Counties; four experimental forests in Monongalia,

Preston, Randolph, and Wetzel counties; a geology camp in Greenbrier County; and the State 4-H Camp and a museum of mid-nineteenth century life at Jackson's Mill.

West Virginia University encourages diversity and promotes social justice in all of its activities.

WEST VIRGINIA UNIVERSITY AT PARKERSBURG

Parkersburg 26101

West Virginia University at Parkersburg (formerly Parkersburg Community College) was established on July 1, 1989, in a reorganization of the State's higher education system.

PCC was West Virginia's first comprehensive community college. Prior to that, it served as the Parkersburg Branch of WVU from 1961 until the 1971 enactment of legislation establishing the community college system in the state.

Located on State Route 47, near Interstate 77 and four miles east of the city of Parkersburg, the college offers higher education opportunities to the residents of a nine-county area, including Calhoun, Doddridge, Jackson, Pleasants, Ritchie, Roane, Tyler, Wirt and Wood counties. An off-campus center, established at Ripley in 1975, serves the needs of the Jackson-Roane area.

WVU-Parkersburg offers college-parallel programs leading to Associate in Arts and Associate in Science degrees; Associate in Applied Science degree programs consisting of para-professional and technical courses; Certificate programs designed to prepare students for careers in less than two years, and a continuing education program for those seeking personal and/or professional development courses and training. Several four-year programs are also available on the Parkersburg campus.

The college is accredited by the North Central Association of Colleges and Schools, the National League for Nursing, the American Institute of Design and Drafting (certification), the West Virginia Real Estate Commission and the West Virginia State Board of Examiners for Registered Nurses.

POTOMAC STATE COLLEGE

Keyser 26726

Potomac State College, a two-year branch of West Virginia University, serves the citizens of West Virginia as the state's only comprehensive and residential junior college. The long tradition of successful delivery of undergraduate opportunities both on and off campus to both traditional and nontraditional students is confirmed by Potomac State's having maintained full, continuous, and separate accreditation by the North Central Association of Colleges and Schools since 1926. A major component of the School of Medicine is located at the Veterans Administration Medical Center about 14 miles west of the main campus. Off-campus classes are conducted in many areas of the state.

As a result of actions by the West Virginia Legislature and the University System Board of Trustees, several major capital improvement projects were completed or nearing completion in late 1991. These include the renovation of the Science Hall and construction of the first phase of a Fine and Performing Arts Center. A new 28,000-seat football stadium was opened in the fall of 1991. A Campus Master Plan has as major priorities the development of a new library and second-phase construction of the Fine and Performing Arts Center.

Because of its terrain, accessibility and a long-standing program of cooperation with the State Division of Vocational Rehabilitation, Marshall annually serves more than 300 students with physical disabilities. A pioneering project, H.E.L.P., is designed to assist those with learning disabilities, attracting students from across the nation. Construction of a new, privately financed H.E.L.P. WEST VIRGINIA SCHOOL OF OSTEOPATHIC MEDICINE

Lewisburg 24901

The West Virginia School of Osteopathic Medicine originally was incorporated in 1972 under the name Greenbrier College of Osteopathic Medicine. The Greenbrier Military

School, which had been in continuous operation for 160 years, closed in May 1972 and was purchased in July by the West Virginia Society of Osteopathic Medicine. In December, a charter for the Greenbrier College of Osteopathic Medicine was obtained from the State of West Virginia, and the school opened in October 1974 as a private institution with a charter class of 36 students. In January 1976, the college was brought in the State System of Higher Education as the West Virginia School of Osteopathic Medicine.

WVSOM is committed to providing family physicians for rural West Virginia and Appalachia. WVSOM is also dedicated to improving the health care of West Virginia's elderly population. The WVSOM training program is comprehensive—two years of basic science education, two years of clinical training, one year of required rotating internship, followed by two or more years of optional residency programs.

First admissions preference is given to residents of West Virginia and to residents of the Southern Regional Education Board contract states: Georgia; Mississippi; and Alabama. Second preference is given to applicants from those states in the southern Appalachian region served by WVSOM: Virginia; Maryland; Kentucky; Tennessee; North Carolina; and South Carolina.

The WVSOM curriculum is designed to produce physicians who are confident in rural practice settings while assuring they have the educational competence and legal status required for licensure in all states.

The four-year college has been granted full accreditation by the American Osteopathic Association. This Association is recognized by the National Commission on Accreditation as the official and only accrediting agency for osteopathic medical colleges in America.

The Wheeling and New Martinsville campuses are linked electronically through a \$350,000 two-way telecommunications system allowing audio, video, and data transmission.

West Virginia Northern's service area encompasses the five northernmost counties of the state. Students from adjacent areas of Ohio and Pennsylvania also are served. A 1985 reciprocity agreement between West Virginia and Ohio public higher education which was renewed in 1989 permits residents of a nine-county area to attend a two-year institution in either state at in-state tuition rates.

West Virginia Northern offers courses in three main areas: College and university parallel studies from which credits are transferrable to four-year institutions as fulfillment of freshman and sophomore year requirements; career-technical education, in which certificates and degrees are available in more than twenty specific fields; and community education which features a flexible system of meeting short-term immediate needs of business, industry, service institutions and individuals. In addition, the college offers a wide variety of job-related short-term seminars, workshops, and teleconferences.

Accredited by the North Central Association of Colleges and Secondary Schools, the National League of Nursing, and the National Committee on Allied Health Education and Accreditation of the American Medical Association, West Virginia Northern offers two-year Associate in Arts, Associate in Science and Associate in Applied Science degrees, in addition to Certificates of Applied Science following completion of career-technical programs of one year.

The college actively engages in service to business and industry through a variety of custom designed educational/training programs for employees, the largest of which is Workplace 2000 funded by a \$440,976 federal grant (FY 91) with matching funds from the participating partners. In addition, the Wheeling Campus houses a Small Business Development Center, the Northern West Virginia Labor-Management Committee (Delta 6), and a successful JTPA program.

The West Virginia Schools for the Deaf and the Blind were established by an Act of the Legislature March 3, 1870. The School for the Deaf and the School for the Blind offer complete educational programs for hearing impaired and visually impaired students respectfully. There is also a unit for Deaf-Blind/Multihandicapped children.

Students are enrolled at the age of five and may be enrolled at earlier ages if there is space available. Students must be residents of West Virginia, in good health and have a hearing or visual loss sufficient to prevent normal progress in the usual public school setting.

In addition to the state-approved elementary and secondary curricula, courses focusing on special skills needed by hearing or visually impaired students are offered in accordance with their respective needs. These academic, vocational and special courses are taught by members of the staff with expertise in education of hearing and/or visually impaired students as well as certification in their subject areas which are appropriate to their teaching assignments. Preschool and other specialized programs are also offered. The school calendar is similar to that followed by county school systems.

Outreach and technical assistance services are available to county school staff providing progress to hearing and/or visually impaired students. A statewide Instructional Resource Center also provides instructional materials and equipment for visually impaired children attending county programs.

The schools are operated by the West Virginia Board of Education and supported by the State of West Virginia. WEST VIRGINIA REHABILITATION CENTER**Institute 25112**

The West Virginia Rehabilitation Center enables persons with disabilities to develop abilities and skills for employment and community living. This is accomplished by delivering an organized program of rehabilitation services, which has been planned jointly with the referring rehabilitation counselor serving the individual's home community. The staff of about 243 professional and support personnel use a rehabilitation team approach to provide services to a capacity enrollment of 365 and an annual caseload of some 1,900 disabled citizens.

Established in 1955, the Center is one of only a few such comprehensive rehabilitation centers in the United States that is supported by state and federal tax dollars. The Center is operated by the Division of Rehabilitation Services, which is governed by the State Board

of Rehabilitation. The facility is situated on a 35-acre campus 12 miles west of Charleston and consists of 12 acres of totally accessible, interconnected buildings.

An individual may receive one or more of the Center's specialized services:

Medical Rehabilitation: Under the direction of a board-certified physiatrist, the Center operates a comprehensive medical services program to minimize the effect of disability on a person's ability to work. The program consists of a licensed 40-bed hospital with specialization in rehabilitation medicine. Services provided include nursing care to clients on a 24-hour basis, physical and occupational therapy, speech and audiological services, radiological, dental and pharmacy services. A Student Health Clinic provides general health care to the regular Center clients. Additionally, the Center utilizes a number of medical consultants representing most specialties. Services are provided on both an in-patient and an out-patient basis.

Vocational Evaluation: The Vocational Evaluation Department provides insight into the interests and aptitudes of individuals who have never been employed, those who have been unsuccessfully employed in various jobs, or those who cannot continue in their previous occupation due to illness or trauma. The Department utilizes standardized tests and work sample systems such as the McCarron-Dial and the Vocational Interest, Temperament, and Aptitude System as well as locally developed work samples and functional capacities evaluations to perform assessments. Computer software also may be used to match job skills to training and employment opportunities.

Vocational Training: Among the Vocational-Technical Training courses are Auto Body Repair; Building and Grounds Maintenance; Floral Design; Business Education; Computer-Assisted Instruction; Drafting, Computer-Aided Drafting and Graphic Arts; Electronic Technology; Food Service; Heating/Ventilation/Air Conditioning and Major Appliance; Hotel-Motel/Janitorial; Nursing Assistant; Personal Computer, and Power Mechanics-Auto Mechanics and Small Engine Repair. The Vocational-Technical Training Unit is accredited by the North Central Association of Colleges and Schools. Selected courses include an on-the-job experience in local businesses.

Work Adjustment: The Work Adjustment Center provides an individual, planned program to assist clients in acquiring skills, behaviors and concepts to function effectively in a work environment. Goods and services are produced for a wide range of government and business customers. The unit is certified under NISH, CARF and the U. S. Department of Labor.

Personal Adjustment: This program element has three main areas of emphasis. The CORE personal adjustment program is designed to improve interpersonal relationships, foster maturity, and enhance independent living skills. The personal adjustment programs for persons who are blind, visually impaired, deaf, or hard of hearing are offered to enable those clients to function more efficiently both in the home and at work. Services include orientation and mobility, communication skills, independent living, vocational exploration, and homemaking skills.

Remedial Education: The intent of this program is to assist the student in developing entry-level academic skills necessary for successful completion of their rehabilitation program. Students may receive instruction in Adult Basic Education (ABE), General Education Development (GED), or vocational training supplement. GED testing is provided on a quarterly basis. The service can be provided on either a part-time or full-time basis depending upon the individual need. Remedial Education is accredited by the North Central Association of Colleges and Schools.

Driver Education: Driver Education is offered to prepare students for driver evaluation, training and licensing. A special low-vision driver program is offered for the visually impaired students. Special adaptive devices are utilized as needed for these students. Driver Education is accredited by the North Central Association of Colleges and Schools.

The Life Adjustment Services Building includes a gymnasium, swimming pool, weight-lifting room, library, creative arts center, game room, bowling lanes, auditorium and snack bar. Concerts, shopping trips, picnics and leisure education classes are examples of regularly scheduled group activities designed to provide an enjoyable and constructive use of leisure time.

Religious activities and non-denominational worship services are provided. Located on the campus is an Interfaith Chapel constructed with private funds.

ALDERSON-BROADDUS COLLEGE

Philippi 26416

Alderson-Broaddus College is a fully accredited, four-year degree-granting, liberal arts and sciences institution located on a 150-acre campus in Philippi, the site of the first land battle of the Civil War. The coeducational, private college is fully accredited by the North Central Association of Colleges and Schools and affiliated with the West Virginia Baptist Convention and the American Baptist Churches/USA. The College is committed in charter and by-laws to three main purposes:

- 1) excellent academic instruction,
- 2) a Christian environment for learning, and
- 3) the instilling of a service motivation in its students. Its enrollment is just under eight hundred students and the total full-time College faculty numbers about sixty.

The College offers a number of career-oriented programs but each field of study requires a thorough grounding in the liberal arts and sciences. Over the years, teacher education has been a strong major at the institution. Teaching specializations include special education for the learning disabled and the mentally retarded.

In 1945, the College inaugurated the State's first degree program in nursing. In 1967, the school initiated the nation's first degree program for physician assistants, and inaugurated the nation's first post-baccalaureate master's degree for physician assistants in 1991. These health programs, along with other allied health majors, are made possible by a close affiliation with Broaddus Hospital, located on the College campus and by affiliation with other health delivery institutions nearby.

Alderson-Broaddus has a Digital VAX main frame computer which serves academic needs with majors in computer science and management information systems as well as many other academic course areas and administrative tasks. It is one of the largest, fastest computers on any private college campus in West Virginia.

The College operates on a semester system, emphasizing concentration of learning, efficient utilization of facilities, and enrichment for students through a number of opportunities which include:

- 1) independent study,
- 2) study in other cultures,
- 3) internship opportunities with business and industry, various health and social agencies, and
- 4) Christian and humanitarian service projects.

Many students complete at least one term of off-campus internship as part of their graduation requirements.

More than half of the students at Alderson-Broaddus are from West Virginia, with another fourth from Pennsylvania and Ohio, and the balance from twenty-seven other states and thirteen foreign countries. While the College is proud of its Baptist heritage and its active church relatedness, its religious emphasis in conceived in broad terms to serve all backgrounds with the intent of exposing rather than imposing. Total student costs for the 1991-92 academic year are \$11,526. Over ninety percent of the students receive significant scholarships, grants-in-aid, and work opportunity assistance. The College believes there is a significant growth factor for students in the residential campus living arrangement. Ninety percent of the single students are resident on campus, and married couple facilities are available in modern College owned and managed apartments.

The main campus of the College occupies approximately 90 acres of land, on which are located academic, religious, administrative, and auxiliary enterprise buildings. Modern academic buildings provide excellent laboratory facilities in addition to adequate space for

classrooms and offices. There are seventeen major buildings, including dormitories and food service facilities. All structures in use on the campus have been completed since 1956, with most having been completed between 1965 and 1980. The most recently developed buildings on the campus include Wilcox Chapel (1976) and New Main Hall (1990), the complex which houses all the major administrative operations of the College, and the Robert C. Byrd Technology Center (1991).

WEST VIRGINIA NATIONAL GUARD

Gaston Caperton, Governor

Commander-in-Chief

Major General Joseph J. Skaff

The Adjutant General

The West Virginia National Guard is authorized and governed by Article I, Chapter 15 of the West Virginia Code and is constituted as both State and Federal force by authority of the National Defense Act approved June 3, 1916, as amended to January 1, 1945, inclusive. The National Guard is a reserve component of the Army of the United States and the United States Air Force and is composed of officers and enlisted personnel who volunteer for duty and are qualified in accordance with Federal and State regulations governing same. In time of peace, the National Guard is a State force, controlled by the Adjutant General as a principal military representative of the Commander-in-Chief. The Adjutant General issues, in the name of the Governor, all orders to the National Guard, disburses funds appropriated by the State Legislature for this purpose and acts as Commanding General for the Commander-in-Chief. In the event of war, insurrection, rebellion, invasion, tumult or a case of public disaster, the Governor has the power to order the West Virginia National Guard or any part thereof, into the active service of the State and to cause them to perform such duty as he shall deem proper. The National Guard is equipped and paid by the Federal Government, but must meet certain organizational and training standards to qualify for Federal recognition. When Congress declares a national emergency and authorizes the use of armed forces requiring troops in excess of those in the Active Forces, the President of the United States may order the National Guard into the active military services of the United States. Initial enlistments in the National Guard are for a period of eight years with reenlistments authorized for one to six years.

U.S. ARMY ENGINEER DISTRICT, HUNTINGTON

CORPS OF ENGINEERS

502 Eighth Street, Huntington 25701-2070

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation, and maintenance of navigation facilities, flood control structures, and related improvements, and services for water resources management.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the Eastern Panhandle, which is in the Potomac River basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River basin in West Virginia downstream from New Martinsville in Wetzel County. The Pittsburgh District encompasses the upstream remainder of the Ohio River basin, including the basin of the Monongahela River. The Potomac River basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in West Virginia rests with the Baltimore District.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and three navigation structures on the Monongahela River.

Improvement of the navigation facilities on the Ohio River bordering West Virginia includes eight dams with locks. Seven of the structures have parallel locks with dimensions of 1,200 feet by 110 feet and 600 feet by 110 feet. The other structure, Gallipolis, was completed in 1937 and has parallel locks measuring 600 feet by 110 feet and 360 feet by 110 feet. In river-descending order, the structures are New Cumberland Locks and Dam, at New Cumberland; Pike Island Locks and Dam, near Wheeling; Hannibal Locks and Dam, near New Martinsville; Willow Island Locks and Dam, near Marietta, Belleville Locks and Dam, near Belleville; Racine Locks and Dam, near Letart; and Gallipolis Locks and Dam, near Apple Grove. The pool of the other structure, Greenup Locks and Dam, near Greenup, Kentucky, borders Kentucky, Ohio and West Virginia and extends to the Gallipolis Dam. In order to provide comparable locking capacity, a contract was awarded in October 1987 for the construction of new locks at Gallipolis Locks and Dam. Construction is scheduled for completion in 1992.

Modernization of navigation on the upper Monongahela River is complete. Opekiska, Hildebrand and Morgantown Locks and Dams are complete and located within West Virginia. Point Marion Lock and Dam is in Pennsylvania, with its upper pool extending to Morgantown Dam. Rehabilitation of Point Marion Lock and Dam is under way.

Year-round navigation on the Kanawha River is provided by a system of four locks and dams built in the 1930s: London, Marmet and Winfield on the Kanawha, and Gallipolis on the Ohio River (contains the navigation pool up to Winfield on the lower Kanawha).

All navigation dams on the Ohio, Monongahela and Kanawha rivers serve only to contain pools of navigable depth; they have no flood control function whatsoever.

Flood control projects constructed by the Army Engineers within the state include Bluestone Lake on New River at Hinton; Sutton Lake on Elk River at Sutton; Tygart Lake on Tygart Valley River near Grafton; Summersville Lake on Gauley River near Summersville; East Lynn Lake on East Fork of Twelvepole Creek near Wayne; R.D. Bailey Lake on Guyandotte River near Gilbert; Burnsville Lake on Little Kanawha River near Burnsville; Beech Fork Lake on Twelvepole Creek near Huntington; Jennings Randolph Lake on North Branch Potomac River near Piedmont, and Stonewall Jackson Lake on West Fork River near Weston.

Local protection projects completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W.Va.—Cumberland, Md (one project), Buckhannon, Elkins, Princeton and East Rainelle. Major flood control measures are ongoing in the Williamson area. In addition, several completed smaller flood control projects and snagging and clearing projects, have reduced or alleviated flood damage along smaller tributaries of main rivers within the state.

Services provided include those related to floodplain management and disaster relief assistance. The floodplain management services program provides for preparation of floodplain information reports for communities of the state upon their request, and help to any community, agency, or individual in evaluating flood hazards at individual locations.

RANDOLPH

Randolph County was formed from the county of Harrison in 1787 and included all of the present county of Tucker, all of Barbour County east of the river, all of Upshur County east of Buckhannon River, and a considerable portion of Pocahontas and Webster counties. It lost territory in 1821 when Pocahontas was formed; again in 1843 when Barbour came into existence; in 1851 it gave up some of its territory to Upshur; five years later 350 square miles were cut off to form Tucker, and another portion was incorporated in Webster County when it was formed in 1860. After all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The first white man who settled in what is now West Virginia, built his home on the waters of the Monongahela. In this county occurred the first Indian massacre in the State. From that beginning, the county has been a historical center down to the present.

Settled in the early 1800's and known as Kincaid's Ferry prior to 1822, the present name of the town was derived from the wooden covered toll bridge built in that year as part of the James River and Kanawha Turnpike. Located at the confluence of the New and Gauley Rivers, which converge to form the Great Kanawha, picturesque and historic Gauley Bridge overlooks the large, lake-like pool formed by the falls of the Great Kanawha just one mile downstream. During the Civil War, Gauley Bridge was the key to the entire Kanawha Valley and the critical military objective. The town was captured and recaptured three times, during these actions wooden bridges across the mouth of the Gauley were burned twice.

The town entered the "All West Virginia" competition for the first time in 1982 and was given "All West Virginia City" status, the youngest town to ever gain such recognition. Again in 1983, Gauley Bridge was not only named an "All West Virginia City", but was selected "Best In Class" and was among the five finalists for the Governor's Award, a competition among forty-four towns of all classes. Gauley Bridge was also an "All West Virginia City" selection in 1984 and in 1985 won the coveted Governor's Award along with the "All West Virginia City" selection for the fourth consecutive year.

On May 15, 1980, the old K & M Railway Station was placed on the National Register of Historic Places. (Magisterial District: Tenmile).

Incorporated in 1794. Originally named New Salem because the settlers who established the town came in a body from Salem, New Jersey, arriving in the spring of 1792.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established in 1785 by Nicholas Carpenter, who used it for a hunting and trapping center. He also used it as a crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Youth, established in 1898. Glass has been a major industry. It is the birthplace of United States Senator Jennings Randolph and writer Granville Davison Hall, author of *Daughter of the Elm. The Rending of Virginia*, and many other historical books.

The theme for the festival is "Turn of the Century".

County seat. Settled in 1769 by Ebenezer Zane and followers. In 1793 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry". Here was fought in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

Wheeling was the state's capital until 1870 and again from 1875 to 1880 when the government was moved to Charleston.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union, a star will be added to the union of the Flag and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, by Senate Joint Resolution No. 18, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is a Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia". The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, was adopted by the Legislature on September 26, 1863, and symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia", together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union, in front of the rock are two hunters' rifles upon which rests a Phrygian Cap, or "Cap of Liberty".

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

STATE SONGS

"THE WEST VIRGINIA HILLS", "THIS IS MY WEST VIRGINIA" and "WEST VIRGINIA, MY HOME SWEET HOME" were designated as the official State Songs of West Virginia, each ranking equally with the others in official status, by House Concurrent Resolution No. 19, adopted by the Legislature on February 28, 1963.

OFFICIAL COLORS

OLD GOLD and BLUE were designated as Official State Colors by Senate Concurrent Resolution No. 20, adopted by the Legislature on March 8, 1863.

STATE DAY

"West Virginia Day"

On January 1, 1863, President Abraham Lincoln approved the Statehood Bill for West Virginia on the condition that it would gradually abolish slavery. West Virginia was proclaimed a State on April 20, 1863, with the bill becoming effective sixty days later on June 20, 1863.

"West Virginia Day" became a legal holiday by Chapter 59, Acts of the Legislature, Regular Session, 1927. (Code 2-2-1)

STATE TREE

The Sugar Maple or ACER SACCHARUM, as it is known scientifically, was made West Virginia's official tree by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. It produces an excellent wood for furniture as well as maple syrup. A single tree is 70 to 120 feet high and produces two to three pounds of sugar when "surgared off"; has a five-lobed leaf and produces a small wing-shaped pod.

STATE BIRD

The Cardinal or RICHMONDENA CARDINALIS, as it is known scientifically, was made West Virginia's official bird by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. The male of the species is a rich scarlet with a mask and shading of black, while the young birds and females are a less brilliant color. The adult bird measures approximately eight inches long. It can be found from New York State to the Gulf of Mexico and as far west as Oklahoma.

STATE FLOWER

The RHODODENDRON MAXIMUM or "Big Laurel" was made the official State Flower of West Virginia by House Joint Resolution No. 19, adopted by the Legislature on January 29, 1903, following a recommendation by the Governor and a vote by the pupils of public schools. It is a shrub of the heath family and may be recognized by its large evergreen leaves and delicate pale pink or white bloom, mottled with either red or yellow flecks.

STATE ANIMAL

The BLACK BEAR or EUARCTOS AMERICANUS was selected as official State Animal of West Virginia by a poll of students, teachers and sportsmen conducted by the Department of Natural Resources in 1954-55 and officially adopted by the Legislature, Regular Session, 1973, by House Concurrent Resolution No. 6. It is the only species of bear found in the State. While commonly referred to as the "black bear" its coloring is actually deeply tinted with brown. Its habitat in the State is primarily in the eastern mountain region. A litter usually consists of one or two cubs, rarely three, each weighing about eight ounces at birth. The adult reaches an average maximum weight of 250 pounds.

STATE FRUIT

The APPLE was designated as the official State Fruit by House Concurrent Resolution No. 56, adopted by the Legislature on March 7, 1972.

STATE FISH

The BROOK TROUT was designated the State Fish by House Concurrent Resolution No. 6, adopted Regular Session, 1973, following a poll of sportsmen who favored the Brook Trout. The Brook Trout is a native West Virginia species.

INLAND WATERWAYS—FEDERAL

(Data furnished by Department of the Army)

Ohio River: Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 1910, provides for a minimum channel depth of nine feet in the entire 981 miles of river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures.

In 1953 a modernization and replacement program was begun, to reduce the total number of navigation projects to 20, providing higher dams, larger locks and deeper pools. Projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in 1962, between Kentucky, West Virginia and Ohio; an improvement of Gallipolis Locks and Dam, near Apple Grove; Racine Locks and Dam near Letart, completed in 1970; Belleville Locks and Dam, completed in 1969 at Belleville; Willow Island Locks and Dam near Waverly, West Virginia, completed in 1975; Hannibal Locks and Dam, at New Martinsville, completed in 1975; Pike Island Locks and Dam, completed in 1965 near Wheeling, and New Cumberland Locks and Dam, completed in 1962 near New Cumberland.

Kanawha River, West Virginia: Three high-lift dams on the Kanawha River and the Gallipolis Dam on the Ohio River provide a minimum channel depth of nine feet on the Kanawha River for 91 miles, from the mouth to Deepwater. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam on the Ohio River in 1937. Construction of an additional 800' x 110', lock at Winfield will be completed in 1995.

Monongahela River, West Virginia and Pennsylvania: The existing Monongahela navigation system includes nine locks and dams, affording slack-water navigation from Pittsburgh to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is nine feet and the navigable width varies from 250 feet in the upper reach to practically the full width at the mouth of the River.

Modernization of the Upper Monongahela River was completed with the construction of the Morgantown, Hildebrand and Opekiska Locks and Dams. In the middle portion of the river, the Maxwell Locks and Dam are the reconstruction of Dam No. 4 combined to eliminate Locks and Dams 5 and 6. Replacement of Lock and Dam 7 and Lock 8 is under way and will complete the modernization program in the upper two thirds of the river.

MULTIPLE-PURPOSE LAKES—FEDERAL

(Data furnished by the Department of the Army)

Completed Projects:

Beech Fork Lake: Creation of a lake on Beech Fork of Twelvepole Creek, near Huntington, was authorized by Congress in the Flood Control Act of 1962. Construction of the dam was completed in February 1977. Additional public use development, some in conjunction with a proposed State lodge complex, remains to be accomplished. The dam is an earth fill, with a maximum height of 86 feet and a top length of 1,000 feet. The lake controls the runoff from a drainage area of 78 square miles. A minimum pool with a surface area of 720 acres is maintained during the summer for recreation purposes. The remaining capacity is utilized for flood control.

Bluestone Lake: Bluestone Lake, located on New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress in the Flood Control Acts of 1936 and 1938. Construction of the project was begun early in 1942, suspended in 1944 because of the war emergency, resumed in 1946, and completed for operational purposes in 1949. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The lake regulates the runoff of a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the lake varies about four feet, with a minimum pool 9.5 miles in length and an area of 1,800 acres. The remaining capacity is reserved for the impoundment of floodflows.

Burnsville Lake: Construction of the Burnsville Lake project was begun in the summer of 1972 and the dam was completed in September 1976. The project controls the runoff from a drainage area of 165 square miles. The dam is a rockfill embankment rising 84.5 feet above the streambed. Top elevation is 839 feet above sea level, and the crest length 1,400 feet. A gated spillway is located in the left abutment. The outlet works are located in the spillway section. The minimum pool is maintained at elevation 776 with a surface area of 550 acres. The summer pool is at elevation 789 and has a surface area of 968 acres. The flood control pool is at elevation 825 with a surface area of 1,900 acres.

East Lynn Lake: East Lynn Lake, located on East Fork at Twelvetree Creek, was authorized by Congress in the 1938 Flood Control Act. Construction of the dam was completed in 1972. The dam is an earthfill structure with a maximum height of 113 feet and a crest length of 652 feet. The lake controls the runoff from a drainage area of 133 square miles. A minimum pool with a surface area of 823 acres is maintained during the winter, while the higher summer pool has a surface area of 1,005 acres. The remaining storage is for flood control.

Jennings Randolph Lake: The Bloomington Dam project (Jennings Randolph Lake) was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River basin. The damsite is in Mineral County, West Virginia, and Garrett County, Maryland, on North Branch Potomac River about eight miles upstream from the mouth of Savage River. The dam is a rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,130 feet. The lake will control runoff from a drainage area of 263 square miles. The project provides low-flow augmentation, water quality control, flood control, water supply and recreation. Construction was begun in 1971 and was completed in 1981.

R. D. Bailey Lake: The R. D. Bailey Lake is located on Guyandotte River in Wyoming County. The dam was dedicated in August 1980. The dam is 310 feet high and with a top length of 1,370 feet. A minimum pool with a surface area of 440 acres is maintained in the winter months. A seasonal pool for recreation and water quality control with a surface area of 630 acres is maintained during the summer. The remaining storage capacity is for flood control.

Summersville Lake: Built between 1960 and 1966, Summersville Lake is situated on Gauley River near Summersville. The dam is a rockfill type, with a maximum height of 390 feet and a top length of 2,280 feet. The drainage area above the dam is 803 square miles. It provides a maximum capacity of 390,800 acre-feet of storage for flood water, of which 163,400 acre-feet may be used for low-flow augmentation in the Kanawha River in summer. The summer recreation pool is 13.7 miles long and 2,723 acres in area.

Sutton Lake: Sutton Lake, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Work on the dam started in 1956. Construction was completed in 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The lake controls the runoff from a drainage area of 537 square miles. A minimum pool 5.9 miles in length, with a surface area of 270 acres is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres is maintained for low-flow augmentation and recreation. The remaining capacity is utilized for flood control storage.

Tygart Lake: Tygart Dam, on the Tygart Valley River 2.25 miles upstream from Grafton, was authorized by the Public Works Administration in 1934 and approved by Congress in the River and Harbor Act of 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the riverbed. It is operated as a unit in the reservoir system for the protection of Pittsburgh and the Monongahela and Upper Ohio River valleys. In addition to flood control, Tygart Lake provides for low-water discharge regulation by the gradual release of stored spring flood waters during the summer-fall period to assure a river

flow of 340 cubic feet per second at Lock and Dam No. 8 on the Monongahela River. Storage of about 100,000 acre-feet of water is allotted for this purpose. The potential of developing hydro power at the project is currently being studied.

Projections Under Construction:

Stonewall Jackson Lake: The Stonewall Jackson Lake project was authorized by the Flood Control Act of 1966 for the purposes of flood control, water quality control, water supply and recreation. The project, benefiting primarily the West Fork and upper Monongahela River valleys, is a unit in the comprehensive plan for flood control in the Ohio River basin; to improve water quality in the West Fork, Monongahela and Ohio Rivers; to provide storage for water supply; and for general and fish and wildlife recreation.

The dam was completed in late 1986. It is located on West Fork River at Brownsville, Lewis County.

The maximum summer pool for water quality control, water supply and recreation will be at elevation 1,072 feet above sea level, with a surface area of 2,650 acres. The lake opened in 1990.

Local Flood Protection Projects:

All completed major flood protection projects in West Virginia, except at Ridgeley, are units in the comprehensive plan for flood control in the Ohio River basin. The local protection projects have been constructed so that, acting alone, they provide a degree of flood protection which in most places is equal to protection against the maximum flood of record in the project localities. Each locality along the Ohio River with local protective works also receives additional protection from a coordinated system of upstream dams designed to reduce flood flows on the Ohio River and to contribute to the reduction of floods on the lower Mississippi River.

Completed lake and local flood protection projects in West Virginia have already made a major contribution toward reduction of flood damages; flood control benefits from their operation through September 1990 have aggregated a total estimated amount of more than \$1.6 billion.

Ohio River Projects: Local protection works have been completed for Ceredo-Kenova, Huntington, Parkersburg and Point Pleasant. The projects consist of concrete walls and earth levees to prevent entrance of flood waters, pumping stations to discharge sewage and internal drainage during flood periods, and gated openings to permit unobstructed movement of traffic during normal (nonflood) river conditions. Operation and maintenance are local responsibilities.

Buckhannon LPP: A project in the vicinity of Buckhannon completed in 1969 provides channel improvement along Buckhannon River for 4.6 miles.

Elkins LPP: The principal elements are a cutoff channel and dikes, located about 1.5 miles above the city, which divert floodflows from the loop of Tygart Valley River on which Elkins is located. The project was completed in 1949 and is unique in that the Federal Government has the responsibility for maintaining the dimension features of the improvement.

Princeton LPP: Principal features of the protection works are 3.9 miles of channel improvement along Brush Creek. The project was completed in 1961.

East Rainelle LPP: The project consists of 4.3 miles of channel improvement on Meadow River and Sewell and Boggs Creeks. The project was completed in 1962.

Ridgeley, West Virginia and Cumberland, Maryland: Ridgeley, in Mineral County, is located on the south bank of North Branch Potomac River, opposite Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities and eight pressure conduits totaling 11,800 feet in length. An industrial watersupply dam, three highway bridges and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on North Branch Potomac River was completed in 1964.

Williamson LPP: The business section of Williamson is protected by a project consisting of 4,100 feet of floodwall, 2 pumping stations and 5 gated closures completed in 1992. The

West Williamson floodwall, completed in 1990 consists of 6,240 feet of floodwall, a pumping station and 2 gated closures.

Barboursville Bank Protection Project: The project consisted of repairing and restoring a bank of Guyandotte River in the vicinity of Water Street in Barboursville. The work consisted of placing dumped rockfill on the right bank of the river for the prevention of erosion, and channel excavation on the opposite bank. Construction was completed in 1965.

Tug Fork of Big Sandy River: Under authority of Section 202 of the Energy and Water Development Appropriation Act of 1981 (PL 96-367), the Corps was directed to provide flood protection measures to communities along the Tug Fork of the Big Sandy River. Local protection projects are proposed at several West Virginia communities along the Tug Fork including Williamson and Matewan. In addition to floodwall projects, the protection measures include non-structural alternatives such as permanent evacuation of the floodplain to flood-safe subdivisions and floodproofing of floodplain structures of raising-in-place.

Local Protection Work Under Special Continuing Authority: Small flood control projects under authority provided to the Corps of Engineers by Section 205 of the Flood Control Act of 1948 include channel improvement work completed along North Branch Potomac River at Blaine and Bayard and along Middle Fork Mud River in the Griffithsville-Yawkey area.

Projects under the authority provided to the Corps of Engineers to snag and clear streams for flood control by Section 208 of the Flood Control Act of 1954 include projects completed at Berwind on Dry Fork, a tributary of Tug Fork of big Sandy River; Bramwell and Montcalm on Bluestone River; Cairo on North Fork Hughes River; Colliers on Harmon Creek; Huntington on Fourpole Creek; Pine Grove on Fishing Creek; Jacksonburg and Smithfield on South Fork Fishing Creek; Richwood on Cherry River; Stonewood and Nutter Fort on Elk Creek; West Virginia Union on Middle Island Creek; Weston on Polk Creek and Stonecoal Creek; Wyatt on Bingamon Creek; Pax on Paint Creek and Ripley on Mill Creek.

Projects under authority provided to the Corps of Engineers for streambank protection by Section 14 of the Flood Control Act of 1946, include projects completed at Warwood and Chester along the Ohio River.

OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA, 1990

Katharine Lee Avary, West Virginia Geological and Economic Survey

Total well completions reported in West Virginia during 1990 decreased 5.3 percent from 1989. Exploratory completions decreased 57 percent from 1989 to 1990. Of the 12 exploratory wells, 4 were new-field wildcats (1 successful), 1 was a new pool test which resulted in a field extension, 6 were deeper pool tests (2 successful, and 4 plugged back for shallow development), and 1 was a shallow-pool test (unsuccessful). No outposts were reported. In addition, 1 shallow pool was discovered in a development well. Thus, 1 new field and 3 new pools were discovered, compared to 1 new field and 13 new pools discovered in 1989. The success rate for exploratory wells was 33 percent, whereas development wells were completed successfully 96 percent of the time.

Wells were officially reported as completed in 39 of the 55 counties of the State (Table I). Total completions reported (including workovers) were 983. Of these, 866 were gas wells, 12 were oil, 41 were combination oil and gas, only 47 were dry, and 17 were miscellaneous wells completed in EOR projects (4), gas storage fields (8) and observation (5). Wilbur was the most active gas field (70 wells) (Table II). Counties with the most completions include: Doddridge (98 wells), Harrison (95 wells), Tyler (79 wells), Lewis (76 wells), and Kanawha (73 wells). Kanawha and Fayette Counties each had 2 exploratory wells, while Doddridge, Greenbrier, Nicholas, Pendleton, Randolph, Roane, Wirt, and Wyoming had 1 exploratory well each.

Of the 4 exploratory successes reported, 2 were in the Oriskany (Pendleton and Wirt Counties), 1 in the Maxon (Fayette County), and 1 in the Devonian Rhinestreet Shale (Wyoming County). For the first time in many years, no oil fields were among the ten most active fields. The majority of the development drilling was in the north central West Virginia gas fields. The oil market was volatile due to international events such as the Iraqi invasion of Kuwait. The gas market remained depressed due to warm winters and an abundant supply. Exploratory activity was very limited as operators preferred to drill in areas of known production.

Deep drilling increased 39 percent in 1990. All but 4 of the 51 deep wells reported as completed were tests of the Oriskany Sandstone. Three Newburg tests and 1 Tuscarora test were reported. As in recent years, many deep wells were reentered and plugged back to the Huron or Berea. Of the 51 deep wells reported, 14 were workovers. Only 16 of the 47 Oriskany tests (34%) were successful. Of the four deeper-than-Oriskany tests, 2 were plugged back to the Oriskany, 1 was dry, and 1 was a plugback of an old Newburg well to the Oriskany. Shallow wells, both exploratory and development, accounted for 95 percent of all wells reported during 1990. For the first time since 1981, Ritchie was not the most active county. In 1990, Doddridge County was the most active, with 98 completions reported and 493,759 feet drilled. Of the 98 completions reported, 97 tested Upper Devonian Chemung sandstones and siltstones. A total of 453 wells in 9 contiguous counties across northern West Virginia was reported as completed in Upper Devonian sandstones and siltstones or laterally equivalent shales. Chemung and Brallier sandstones and siltstones (Bayard through Elk) were the lowest unit tested in 546 wells. The Chemung-Brallier sands were the deepest pays in 526 wells, of which 238 were Benson pays, and 162 were Alexander and other lower Chemung pays. In addition, these sands were completed 679 times as shallower pays in wells with more than one pay zone. In all but 2 of the 10 most active fields in the State, these zones were the pays. Devonian shale completions ranked second with 189. The sales were the deepest pays in 151 wells, and were completed 97 times as shallower pays. Pecono sands were third, with 89 wells. These sands were the lowest zones completed in 76 wells, and were completed 95 times as shallower pays. The Onondaga/Oriskany was the lowest unit tested in 47 wells, and the deepest zone completed in 16 wells. Also, the Onondaga/Oriskany was a shallow pay in 3 deeper wells. These data reflect the trend of recent drilling activity away from shale wells in northwestern West Virginia and more toward the sandstone/siltstone wells in the north central part of the State.

Oil production decreased 4.5 percent from 1989 (Table III). Gas production data for 1990 are unavailable. Average initial potential figures for wells reported in 1990 were: Oil wells, 26 barrels per day; gas wells, 660 Mcf per day; and combination wells, 9 barrels per day and 328 Mcf per day. Oil prices fluctuated \$11.50/bbl during the year, ranging from \$15.50/bbl to \$36.50/bbl. The weighted daily average price was \$21.82/bbl. Gas prices, like production, are unavailable.

DRIVER IMPROVEMENT PROGRAM

(Point System)

West Virginia's Driver Improvement Program, as administered by the Division of Motor Vehicles, is designed to eliminate the chronically careless driver from the state's highway system.

Under the program "points" are assigned to those convicted of various moving traffic violations. Conviction notices are forwarded to the Division of Motor Vehicles, which maintains each individual's driving record and statistics.

A driver receiving a total of six points within two years is sent a warning letter by the Division outlining the need for more careful driving. Individuals accumulating nine or more points may be required to appear for a counseling session with a Division representative. If a driver accumulates twelve or more points, the Division may take corrective action such as probation or suspension of driving privileges.

STATE PARKS AND FORESTS

WEST VIRGINIA'S RECREATION PARADISE

West Virginia's State Park and Forest System is a living legacy of recreation, cultural, and vacation opportunities for all citizens, and for growing numbers of vacationers from other states. For the past 50 years, the system has been maintained and expanded to provide quality recreation that our citizens appreciate as a major ingredient of the "good life."

The system began in 1929 with the establishment of the site of a major state Civil War engagement, Droop Mountain, as the first state park area. Shortly afterwards, during the years of the Great Depression, major emphasis was placed on creation of a system of parks and vacation lands in the Mountain State. By the mid-1930's parks such as Cacapon, Lost River, Babcock, Holly River, and Watoga were begun. The development of vacation cabins, roads, trails, lakes and swimming pools was undertaken by the State, in cooperation with the old Civilian Conservation Corps (CCC), and the National Park Service. It was the beginning of the fine system that has continued to rank right at the top nationally among state park facilities.

Vacation cabins became one of the most popular attractions right from the first. To this day, most park and forest cabins are booked to capacity months before the traditional summer vacation season. Now, with the expansion of winter sports facilities, longer vacation periods, and public awareness of a four-season concept of recreation, cabins are filled at many parks year-round. Cabins, whether the old-time log style, or of modern construction, provide quality family outdoor lodging as well as the perfect choice for those persons on a budget.

The greatest period of demand for recreational facilities followed World War II. While most states had the opportunity of developing a basic park system in the 1930's, only a very few, among them West Virginia, chose to expand and develop to meet the growing demand for more parks, more acres, and more facilities for their accommodation.

By the mid-1950's the parks boasted of year-round public facilities, with the completion of dozens of heated "deluxe" cabins, and rustic (yet modern) lodges at Blackwater Falls and Cacapon State Parks. Funds to build these facilities came from the State's first revenue bond program, whereby money was borrowed for construction and repaid over a score of years from earnings through public rental.

Blackwater Falls State Park is a typical example. The region was ravaged in the early 1900's by logging, then by a series of disastrous forest fires, and further by exploitation and strip mining which occurred during the unregulated demand for coal during World War II. The new lodge and 25 deluxe cabins formed the nucleus of a major state park, which preserved for all time the rich natural beauty of the deep gorge of Blackwater River, the famous falls of which are a natural landmark in West Virginia, and provided miles of trails for hiking and riding. By 1970, the park was one of the leading year-round facilities in the entire park system.

In the early 1960's the older, but highly popular, log vacation cabins which were largely constructed by hand as the final example of mountain skill at stonemasonry and log home building were totally remodeled. The biggest addition at this time was the construction of modern kitchens. Many state forest cabins were also upgraded in a similar manner, but at two forests—Kumbrabow and Seneca—the older facilities were left intact for those family visitors who wanted to share the traditional mountain heritage of kerosene lighting and water pumped from a well.

By 1963 it was evident that the emergence of the Appalachian region as a vacationland was only a matter of time. Demands on the public and private sector of recreation were unprecedented, but development had not occurred. Accordingly, an agreement was reached between the Federal and State governments for a demonstration program. The multi-million dollar program was designed, in part, to demonstrate to the private sector that recreation was a major future source of jobs, and that this industry would eventually emerge as a major factor in the State's highlands region. The "State Parks for the 1970's" program, as it was termed, eventually added three new state parks to the system, and provided for major expansion to three others.

By 1968, a major expansion program was completed at the Cass Scenic Railroad. This old logging line, remnant of thousands of miles of such railway which crisscrossed the mountains, became a state park facility in 1961. From 1963 through 1967 it operated only on a four mile segment. Beginning in 1968, as a result of this renovation of trackage, the full eleven mile line to the area of Bald Knob (West Virginia's second highest point) was opened to public use. Additional public facilities included a 300-car parking lot. Funds to accomplish this project were borrowed and will be repaid through income from the sale of tickets to ride the old logging trains. Now the entire town of Cass is managed by the state, and several of the company houses have been restored and made into guest cabins.

Hawks Nest, a spectacular overlook high atop the famed New River Gorge, has long been one of the Mountain State's most popular park attractions. Under the "State Parks for the 1970's" program this park was greatly expanded. New facilities include a 30-room lodge overlooking the canyon, new overlook at Lovers' Leap, a marina and boat dock on the lake at the bottom of the deep chasm, and a unique aerial cable tramway to carry visitors from the rim to the bottom of the gorge.

Pipestem Resort State Park has become one of the leading state park recreational attractions in eastern America. Breath-taking in almost every dimension, Pipestem is set along a rolling plateau overlooking the rugged and undeveloped Bluestone River Gorge, near Hinton and Princeton.

The park features two comfortable lodges, the 113-room Pipestem Lodge perched on the edge of the river canyon; and Mountain Creek Lodge, a secluded 30-room facility at the bottom of the deep gorge. The Mountain Creek facility is accessible *only* via the park's canyon aerial tramway system which sweeps over a thousand feet down into the valley from the visitor center.

Other recreational facilities include a challenging 18-hole championship golf course and an enjoyable par-3 course. Clubhouse facilities rank second to none and highlight golf as a major new attraction of state parks.

The visitor center, headquarters for the year-round nature and recreation program, also features a native West Virginia Arts and Crafts demonstration and sales center which is coming into its own as a major outlet for Appalachian crafts. Nearby is a 550-seat outdoor amphitheater where outdoor drama and music concerts are performed regularly, the recreation center with its 200-seat cafeteria, olympic-size swimming pool and indoor recreation rooms, and an ice skating rink.

Remaining major facilities include an overlook atop Pipestem Knob, highest peak of the region, a 50-unit, completely equipped campground, archery range, nature center, riding stable with both horses and bicycles featured, and the park information and headquarters building.

Twin Falls Resort, near Mullens and Pineville, provides year-round recreation in the State's southern highlands for the first time. The park features a 20-room guest lodge and 13 comfortable, heated guest cabins for year-round occupancy. Other highlights are an 18-hole regulation golf course, archery, and a recreation center building that includes a large swimming pool and indoor recreation.

Canaan Valley Resort, located in a deep, high mountain valley near Blackwater Falls State Park, is blossoming as one of the premier winter sports centers in the East. The valley, which exceeds 3000 feet in average elevation, is surrounded by 4000-4500 foot high mountain peaks.

Accommodations available at Canaan Valley include a 250-room lodge with deluxe conference center which offers a wide variety of meeting rooms, indoor pool and fitness area, restaurant with a seating capacity of 500, and gift shop; 15 deluxe cabins and 34 deluxe campsites. The lodge overlooks the scenic valley and the park's 18-hole championship golf course.

The park's winter sports center includes miles of ski trails, most serviced by full artificial supplemental snow-making equipment. One quad chair and two triple chair ski lifts are operated all winter, and also in summertime as a scenic tourist attraction. The ski center

includes a pro shop, restaurant, skiers' pub, lounge, and other public facilities.

As planned recreational development continues, many additional features are being created. The Cacapon Resort State Park 18-hole championship golf course is attracting thousands of golfers to this fine year-round eastern panhandle attraction. Eight year-round guest cabins, more campsites and handicapped hiking trails have been completed at North Bend, the State's major Ohio Valley parkland.

Of historical interest is the reconstruction of a grist mill on Glade Creek at Babcock State Park. The mill, completed in 1976, was created by combining parts and pieces from several old mills which once dotted the state. The basic structure of the mill, originally the Stoney Creek Grist Mill, was moved to Babcock from a spot near Campbelltown, Pocahontas County. From the Spring Run Grist Mill near Petersburg, Grant County, the overshot water wheel was acquired; several other parts came from the Roaring Creek Grist Mill near Onego, Pendleton County. Cornmeal and buckwheat flour are ground at the Glade Creek Mill and may be purchased there.

West Virginia frontier life of the late 1700's is the main attraction at Prickett's Fort State Park. The fort was recently reconstructed to look as it was believed to have looked in 1774, the date of its original completion. There are 16 one-room cabins, a meeting hall and storehouse within the fort, demonstrating the lifestyle of the settlers who relied upon the security of its sturdy walls to protect them from the Indians. Visitors can view demonstrations of 18th Century crafts including open hearth cookery and baking; carding, spinning and weaving of wool; basket making, candle dipping and wood lye soap making; horn and leatherworking; gunsmithing, blacksmithing and coopering.

Another unique addition to the park system is the Greenbrier River Trail. Though not actually referred to as a state park, the 1980 session of the West Virginia Legislature designated an abandoned rail-line of the Chesapeake and Ohio System, the Greenbrier River Trail, and allowed the Division of Parks and Recreation to acquire the land for the purpose of developing a hiking-biking trail. The rails and ties have been removed, and 76 miles of the trail will be resurfaced with finely crushed limestone. As well as backpacking and biking, the trail may be used as access to the Greenbrier River by fishermen and canoers, and as a cross-country ski trail in the winter. Motorized vehicles are not allowed on the trail. Camping areas, lean-to-shelters, water and sanitary facilities, and interpretive signing are among the proposed future developments for the trail.

Stonewall Jackson Lake is the newest entry into the West Virginia State Park system. Upon completion, this park will be a major vacation complex featuring rental cabins and golf. Presently, the park offers a 374-slip marina, boat rentals, snack bar/bait shop, hiking trails and 34-site campground.

West Virginia's recreation system is a source of pride and enjoyment to West Virginians and other visitors. More than seven and one-half million tourists visit West Virginia parks and forests each year for quality family recreation in the scenic outdoors.

U. S. DEPARTMENT OF AGRICULTURE

Forest Service

Monongahela National Forest

Headquarters: Elkins

The Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the National Forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of 156 National Forests and the only National Forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting, and fishing. The Spruce Knob-Seneca Rocks National Recreation Area Act of September 28, 1965, established the 100,000 acre National Recreation Area on the Forest and authorized land acquisition and an accelerated program of outdoor recreation facilities. On January 3, 1975, Public Law 93-622 made Dolly Sods and Otter Creek parts of the National Wilderness Preservation System and the Monongahela National Forest became responsible for the management of these Wilderness Areas. On January 13, 1983, Public Law 97-466 added the Cranberry and Laurel Fork Wilderness Areas to the National Wilderness Preservation System.

The Forest and Rangeland Renewable Resources Planning Act of 1974 (the Resources Planning Act) authorized a national assessment of Forest resources and set up a system of long range plans to assure that the American People enjoy adequate supplies of water, recreation, forage, timber, and wildlife in the decades ahead. The National Forest Management Act of 1976 strengthened the planning process and updated the authorization for resource management. Planning on the Monongahela National Forest is an interdisciplinary process that includes involvement of the public.

This public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number over the long run.

Within the proclaimed boundary and authorized purchase units of the Monongahela National Forest there are 1,673,700 acres of which 901,548 were owned by the United States. As of September 30, 1990, there were also 109 acres of other land acquired and administered as part of the National Forest. Directly in charge of the National Forest is the Forest Supervisor. In the National Forest are six Ranger Districts, each administered by a District Ranger.

National Forest acreage, by county, as of September 30, 1990, and the payments made to each by the Forest Service for Fiscal Year 1990 were:

RECREATION ATTRACTIONS**

Special areas of interest include *Seneca Rocks*, a 900 foot Tuscorora Sandstone formation which rises above the North Fork Valley near the community of Seneca Rocks. Besides its appeal to sightseers, Seneca Rocks is considered by many climbers to be the best rock climb in the East. The Seneca Rocks Visitor Center is located in the area along with picnic facilities. Exhibits and programs are provided for public enjoyment at the Visitor Center.

Spruce Knob, the highest point in West Virginia rises to over 4,800 feet above sea level. It is an area of windblown red spruce and rock outcrops and is accessible by road. It affords excellent views to the east and west. Visitors will enjoy the Spruce Knob Observation Tower and interpretive trail.

The *Smoke Hole* is a rugged scenic canyon through which the South Branch of the Potomac River flows for about 20 miles. Over half of the distance is flanked by a narrow scenic road. In the Smoke Hole is located the Big Bend Campground and the Smoke Hole picnic area.

The *Dolly Sods* Wilderness containing 10,215 acres appears like a bit of Canada transplanted on top of Allegheny Mountain. It is located in the northeastern portion of the Forest.

The *Otter Creek* Wilderness comprises 20,000 acres and is located in the northwestern section of the Forest. It includes almost the entire drainage of Otter Creek and contains rich hardwood stands intermingled with patches of red spruce and eastern hemlock. A large bog is also situated within the area.

The *Laurel Fork* Wilderness contains 12,200 acres in two sections north and south of the Laurel Fork Campground on the Greenbrier Ranger District. It includes the upper drainage area of the Laurel Fork and a rich northern hardwood forest.

The *Cranberry* Wilderness contains 35,600 acres and is located on the Gauley Ranger District. It is the largest Wilderness on the Monongahela National Forest and contains a rich mixture of hardwood trees interspersed with red spruce on the higher elevations.

The *Cranberry Glades* Botanical Area contains four bogs whose plant and animal life is similar to that found in the Canadian bogs or "muskegs" of the North. A boardwalk trail with interpretive signs has been constructed for visitor enjoyment and to protect the fragile ecology.

The *Cranberry Mountain Visitor Center* is located a few miles from Cranberry Glades along the Highland Scenic Highway. Exhibits and programs are provided for the visitors' benefit.

The *Gaudineer Scenic Area* is a remnant of a vast virgin spruce forest. These spruce trees attain a height of 100 feet and grow to 35 inches in diameter. This 140 acre primeval stand is over 250 years old.

The *Lake Sherwood Recreation Area* contains a man-made lake covering 164 acres. In addition to camping and picnicking facilities, there is a boating site and rental boats, swim site with beach and bath house, and a network of hiking trails near the campground.

The *Highland Scenic Highway* runs from the outskirts of Richwood to U.S. Highway 219 at the top of Elk Mountain for a distance of about 45 miles. This route is a designated national scenic byway and takes the visitor through a remote section of the high Allegheny Mountains and offers a variety of scenic views.

The *Spruce Knob Lake Recreation Complex* located in Randolph County contains a 25 acre impoundment stocked with trout. Only non-motorized boating is permitted. It also contains a 43 family unit rustic campground.

The *Lake Buffalo Impoundment* located in Pocahontas County contains 22 acres. It is principally stocked with trout. No camping facilities are available at the lake. Only non-motorized boating is permitted.

The *Summit Lake Recreation Complex* located in Greenbrier County contains a 45 acre impoundment principally stocked with trout. Only non-motorized boating is permitted. It contains a 33 family unit campground adjacent to the lake.

Located on 3 acre tract, adjacent to West Virginia University's Evansdale Campus. Engineering research on timber harvesting systems for the Appalachian area involves improvement of transporting and handling of timber and improvement of logging methods to protect the forest environment. Gypsy moth research focuses on silvicultural impacts of this insect on forest stands and on management control options. State and private forestry works in cooperation with state forestry agencies, private landowners and researchers in improving the planning, management and use of forests and forest products, flood prevention, watersheds, riverbasins projects, forest pest management, construction of modern timber bridges and rural economic revitalization.

TAX DEPARTMENT

COLLECTION OF REVENUE

CORPORATION INCOME TAX

The West Virginia Corporation Net Income Tax, Chapter 11, Article 24, West Virginia Code of 1931, as amended, is a conformity statute which imposes a tax on the net income of corporations and similar business organizations. For calendar year taxpayers the 1991 tax rate is 9.225 percent. Being a statute correlated to the Federal Internal Revenue Code will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid in interpretation of the law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayers preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

SEVERANCE TAX

The Severance Tax, Chapter 11, Article 13A, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in the business of severing, extracting and/or producing natural resource products within West Virginia. This tax, which is effective for tax periods beginning on or after July 1, 1937, replaces the phased-out Business and Occupation Tax on natural resource production. The only significant change from the Business and Occupation Tax is that the Severance Tax base includes the processing and treatment of certain natural resource products as part of the production process.

The tax is levied on gross proceeds of sales. However, a person subject to the Severance Tax, who purchases raw natural resources and processes them into commercially usable products, pays tax only on the value added in the processing of such resources.

The following tax rates apply after July 1, 1989:

	Rate
Coal	4.65%
Limestone/Sandstone	3.64% of raw stone value
Oil	5.00% of well-mouth value
Sand Gravel & Other (not quarried or mined)	5.00%

Natural Gas from wells drilled or placed in service after June 30, 1987	5.00% of well-mouth value
Other Natural Gas	5.00% of well-mouth value
Other Natural Resources	3.772%

An annual exemption tax credit of \$500 (\$41.67 per month) is provided under the Severance Tax Law for each person, as defined by statute, engaging in business in this State.

TELECOMMUNICATIONS TAX

The Telecommunications Tax, Chapter 11, Article 13B, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in the business of Telecommunications within West Virginia. The term "telecommunications" means all telephone, radio, light, light wave, radio telephone, telegraph and other communication, or means of communication, whether used or voice communication, computer data transmission, or other encoded symbolic information transfers. The term does not include commercial broadcast radio or television, cable television or amateur or citizen's band radio.

The tax is equal to 4 percent of intrastate gross income and apportioned interstate gross income. Gross income is equivalent to the receipts received from the provision of local exchange or long distance voice or data communications services, but does not include receipts from the provision of network access, billing or similar services. Interstate gross income is apportioned to West Virginia according to the length of communication pathways both within and without the State.

PERSONAL INCOME TAX

The West Virginia Personal Income Tax Act (West Virginia Code, Chapter 11, Article 21) was enacted by the 1961 Regular Session of the Legislature on February 10, 1961, and signed by the Governor on February 14, 1961. The provisions of the Act applied to all taxable years ending on or after December 31, 1961, including that part which elapsed prior to the effective date of the Act.

Description of the Tax. The West Virginia Income Tax Act imposes a personal income tax on the taxable income of all resident individuals, and resident estates and trust, irrespective of income derived from West Virginia sources. Corporations and partnerships are not subject to the West Virginia Personal Income Tax. A trust or other unincorporated organization which by reason of its activities is exempt from Federal Income Tax is also exempt from West Virginia Personal Income Tax.

The nature of the Act was to adopt for West Virginia Personal Income Tax the provision of the Federal Income Tax laws relating to the determination of income. As adopted, it can be stated that the West Virginia Income Tax Act is a conformity statute. The same general concepts of income, gain and loss are employed in the West Virginia Act as are employed in the Federal Income Tax Law. The method used to make reference to the federal law is general in scope. With the exception of several modifications generally described hereinbelow, West Virginia adjusted gross income is Federal adjusted gross income. Amendments made to the Federal Income Tax Law which affect income, gain and loss are reflected in the West Virginia Tax Law by periodic legislative enactments. The conformity with the Federal Income Tax Law was adopted to simplify preparation of state income tax returns, to improve enforcement of the State Income Tax through better use of information obtained from federal income tax audits, and to aid interpretation of the state tax law through increased use of federal and administrative determinations and precedents.

Modifications to Income. West Virginia adjusted gross income is determined by applicable modifications increasing or decreasing Federal adjusted gross income. Among the modifications which reduce Federal adjusted gross income are items that benefit persons who are sixty-five years of age or older and individuals receiving benefits under certain retirement systems.

Deductions. There is no provision for either itemized or standard deductions in the West Virginia Personal Income Tax Law of 1987.

Personal Exemptions. An individual, resident or nonresident is allowed an exemption of \$2,000 for each exemption to which he is entitled for federal income tax purposes. A husband and wife who file a joint federal return but separate West Virginia returns may each claim only the exemptions to which he or she would have been entitled if separate federal returns had been filed. The exemption for an estate or trust is \$600. Persons claimed as dependents on another's return are allowed a \$500 exemption.

Rate of Tax. For all taxable years or portions thereof ending prior to January 1, 1963, the West Virginia Income Tax rate was six percent of the Federal Income Tax which would have been imposed on an identical amount of federal taxable income. For taxable years beginning on or after January 1, 1963, and before January 1, 1970, West Virginia Income Tax was imposed on West Virginia taxable income at rates graduated from 1.2% to 5.5%. For taxable years beginning on or after January 1, 1970, and before January 1, 1971, West Virginia Income Tax was imposed at rates graduated from 1.65% to 7.6%. For taxable periods beginning on or after January 1, 1971, and before April 1, 1983, West Virginia Income Tax was imposed at rates graduated from 2.1% to 9.6%. Effective April 1, 1983, the rates were changed to graduate from 2.1% to 13.0%. Between April 1, 1983, and June 30, 1985, a 12% surtax was imposed on all individuals, estates, trusts and heads of households with taxable incomes over \$10,000 and all married taxpayers filing jointly with taxable incomes over \$20,000. For taxable years beginning before January 1, 1983, the West Virginia Tax Act provided only two rate schedules; one for joint returns and one for individuals, estates, trusts and heads of households. For taxable years beginning on or after January 1, 1983, three rate schedules are provided; one for individuals, estates and trusts, one for joint returns and one for heads of households. Beginning on or after January 1, 1987, the West Virginia Income Tax rate graduated from 3.0% to 6.5%. Two rate schedules are provided; one for joint returns, individuals, heads of household, estates and trusts; and one for married taxpayers filing separate returns.

CONSUMERS SALES AND SERVICE TAX

The Consumer Sales and Service Tax, Chapter 11; Article 15, West Virginia Code of 1931, as amended, is a general sales tax that applies to all sales and leases of tangible personal property and the furnishing of certain service consummated within West Virginia for use, consumption or any other purpose. Services rendered by an employee to his employer, services furnished by public service businesses and professional or personal services are exempt. Most rentals, excluding those of real estate, are taxable as though they were sales. The measure of the tax is based upon the total sales price of all articles and services purchased during a particular transaction with the rate of tax being derived from a sales bracket system as follow:

1. on each sale, where the monetary consideration is from six cents to sixteen cents, both inclusive, one cent;
2. on each sale, where the monetary consideration is from seventeen cents to thirty-three cents, both inclusive, two cents;
3. on each sale, where the monetary consideration is from thirty-four cents to fifty cents, both inclusive, three cents;
4. on each sale, where the monetary consideration is from fifty-one cents to sixty-seven cents, both inclusive, four cents;
5. on each sale, where the monetary consideration is from sixty-eight cents to eighty-four cents, both inclusive, five cents;
6. on each sale, where the monetary consideration is from eighty-five cents to one dollar, both inclusive, six cents;
7. if the sale price is in excess of one dollar, six cents on each whole dollar of the sale price and upon any fractional part of a dollar in excess of whole dollars, as follows: one cent on the fractional part of the dollar if less than seventeen cents; two cents on the fractional part of the dollar if in excess of sixteen cents but less than thirty-four cents; three cents on the fractional part of the dollar if in excess of thirty-three cents but less than fifty-one cents; four cents on the fractional part of the dollar if in excess of fifty cents but less than sixty-eight cents; five cents on the fractional part of the dollar if in excess of sixty-seven cents but less than eighty-five cents; and six cents on the fractional part of the dollar if in excess of eighty-four cents. For example, the tax on sales of one dollar and one cent to one dollar and sixteen cents, both inclusive, is seven cents; on sales of one dollar and seventeen cents to one dollar and thirty-three cents, both inclusive, eight cents; on sales of one dollar and thirty-four cents to one dollar and fifty cents, both inclusive, nine cents; on sales of one dollar and fifty-one cents to one dollar and sixty-seven cents, both inclusive, ten cents; on sales of one dollar and sixty-eight cents to one dollar and eighty-four cents, both inclusive, eleven cents; on sales of one dollar and eighty-five cents to two dollars, both inclusive, twelve cents.

Separate sales, such as daily or weekly deliveries, shall not be aggregated for the purpose of computation of the tax even though such sales are aggregated in the billing or payment therefor. Notwithstanding any other provision, coin-operated amusement and vending machine sales shall be aggregated for the purpose of computation of this tax.

Individual sales of six cents or less are exempt from tax; however, the purchase of two six cent articles at the same time is a taxable transaction.

The law provides that the vendor shall collect the tax due from the purchaser at the time of sale and that the purchaser shall pay such tax unless he presents to the vendor a properly executed certificate of exemption or his direct pay permit number. Should either party fail to comply with the law in this regard, the liability becomes a personal debt due the State, and if the taxpayer is an association or corporation, its officers are personally liable jointly and severally in case of default.

Consumers Sales Tax is to be paid by ultimate consumers; sellers collect the tax and remit their collections to the Tax Department. Only one collection of Consumers Sales Tax

should occur in the channel from production to ultimate consumption for any consumer good or service. Any seller who fails to collect the Consumers Sales Tax must pay the tax himself unless the sale was exempt.

There are three types of exemptions: per se exemptions which require no exemption certificate; exemptions for which exemption certificates are required; and refundable exemptions. Per se exemptions include:

1. sales of gas, steam and water delivered to consumers through mains or pipes, and sales of electricity;
2. sales of other public services which are subject to regulation by the West Virginia Public Service Commission;

USE TAX

The Use Tax, Chapter 11, Article 15A, West Virginia Code of 1931, as amended, is imposed upon the use within West Virginia of tangible personal property and services which are brought or leased outside West Virginia for used or consumption within this State. The tax is levied at the rate of five percent of the purchase price.

Out-of-state vendors engaging in business in this State are required to collect Use Tax from their West Virginia customers. The State Tax Commissioner is empowered to authorize certain foreign retailers to collect Use Tax at the time a sale is made. Collected tax must be remitted on a quarterly basis. Any person who uses any tangible personal property upon which the tax has not been paid to the seller is personally liable for such tax and is required to remit on a quarterly basis the tax imposed on all such property directly to the State Tax Commissioner.

The use in West Virginia of the following tangible personal property is exempt from the tax:

- (1) All articles of tangible personal property brought into the State of West Virginia by a nonresident individual for is or her use or enjoyment while within the State;
- (2) Tangible personal property and services, the gross receipts from the sale of which are exempted from the Consumers Sales Tax by the terms of Article 15, Chapter 11 of the Code of West Virginia of 1931;

- (3) Tangible personal property and services, the gross receipts or the gross proceeds from the sale of which are required to be included in the measure of the tax imposed by Article 15, Chapter 11 of the Code of West Virginia of 1931;
- (4) Tangible personal property and services the sale of which in this State is not subject to the West Virginia Consumers Sales Tax;
- (5) Sales of mobile homes to be utilized by purchasers as their principal year-round residence and dwelling: Provided, that these mobile homes shall be subject to tax at the three percent rate.
