## Guide to the State of West Virginia Executive Budget Account Detail for FY 2024

This document provides detailed budget information by organization and fund for West Virginia State Government. The budgetary information is organized by the three branches of Government: Legislative, Judicial, and Executive (including the Constitutional Offices).

The State of West Virginia's financial system has organized the various spending units of state government into the following hierarchy:

- Government Branch (Legislative, Judicial, and Executive)
- Cabinet (example: Election Cabinet; Department of Administration; Department of Health and Human Resources)
- Department (example: Secretary of State; Division of Purchasing; Human Rights Commission)
- Fund (assigned to a specific department)
- Appropriation (used by all funds of state government, but tied to a specific fund for spending authority.)
- Object Code (a more detailed level of information on how an appropriation is budgeted/spent, examples: office supplies, vehicle purchases, and travel expenses.)

For purposes of the Governor's Recommendation, in this document data at the object code level is rolled up to a summary level of Personal Services, Employee Benefits, Current Expenses, Repairs and Alterations, Buildings, Equipment, Land, and Other Assets. This summary information is then presented at the appropriation level for the Governor's Recommendations in the Budget Bill for appropriated funds.

### **Account Summary**

The first page of information for each organization provides a brief department description as provided by the department. Following the first page for each department is detailed information about the individual funds in the department.

### ***Column Data:***

Information provided is the FY 2022 Actual expenditures (from prior year appropriations and reappropriated), FY 2023 Budgeted expenditures (current fiscal year and reappropriated), FY 2024 Current-Level Request, and the Governor's FY 2024 Recommendation. The FY 2024 columns do not include any reappropriated appropriations that may be authorized for expenditure in FY 2024.

The **Prior Year Actual** columns show the total actual expenditures for FY 2022 including any reappropriated funds that were available and expended. The column provides the detail by appropriation and major spending summary for each fund. The full-time equivalents (FTE) reflect the filled permanent FTEs as of June 30, 2022.

The Current Year **Budgeted** and **Requested** columns show total budgets for each agency. The Current Year Budgeted is a reflection of information on the approved expenditure schedules for FY 2023 prior to the beginning of the 2023 Regular Legislative session and includes amounts that have been reappropriated from prior year unexpended appropriations. The FTE for the Budgeted is the total approved budgeted permanent FTEs (filled and vacant) as of November 30, 2022. The Requested columns are the agency FY 2024 current-level request based on guidelines established for the Appropriation Requests that were due to the State Budget Office as of September 1, 2022.

The **Recommended** columns provide the detail of the Governor's recommendation for FY 2024 by appropriation and major spending summary categories as listed in the FY 2024 Budget Bill submitted by the Governor. The FTE Recommended typically reflects the approved positions as of November 30, 2022, plus any increase of positions due to the recommendation of improvement requests or other adjustments.

***Fund Class:***

**General** includes the General Revenue Fund.

**Federal** includes amounts for federally funded programs. Some federal funds within state government derive their federal spending authority by provisions of the West Virginia Code and are not itemized in the Budget Bill. This column may display funds that do not appear in the Budget Bill.

**Special** includes the amounts for the state's Appropriated Special Revenue Funds. Some funds within state government include appropriations that are not specifically listed in the Budget Bill. They are used as specified in West Virginia Code to allow for the transfer of money to other accounts and are not part of the operating funds of the agency. An example is appropriation 42600 – Transfers.

**Lottery** includes amounts for the Appropriated Regular and Excess Lottery Funds. It is worth noting that there are a few Lottery Funds that contain spending authority for "companion" Special Revenue Funds as provided in West Virginia Code. Examples include appropriation 24000 – SBA School Construction in Fund 3951 of the State Department of Education, and Fund 4908 – Community and Technical College Capital Improvement Fund that pays the debt service from Lottery but the bond proceeds are expended from Special Revenue fund 4908. Also listed as Lottery are the collection and transfer funds administered by the Lottery Commission that are specified in West Virginia Code to allow for the transfer of money to other accounts and are not part of the operating funds of the Lottery Commission.

**State Road Fund** includes amounts for the State Road Fund (including federal funds).

**Other** includes amounts for funds that are not itemized in the Budget Bill but derive spending authority from general law and provisions of the West Virginia Code.

<p>Department Description</p> <p>Pierpont Community &amp; Technical College is a West Virginia public postsecondary institution located in Fairmont, W.V. It was established in W.V. State Code and is under direction of the Community and Technical College System (CTCS) of W.V.</p> <p>The mission of Pierpont Community &amp; Technical College is to provide accessible, responsive, comprehensive education that works with a vision of empowering individuals to transform their lives through education.</p> <p>Pierpont focuses its efforts on its 13-county service region (Barbour, Braxton, Calhoun, Doddridge, Harrison, Lewis, Marion, Monongalia, Preston, Randolph, Taylor, Upshur) for most academic and workforce development programs. With specialized programs, such as the Aviation Maintenance program which is the only program of its kind in the state of West Virginia, the recruiting scope is broadened a bit. The faculty and staff at Pierpont have worked to cultivate strong relationships with high school and vocational education centers throughout our service areas. This is evidenced by Pierpont's presence with course locations at many high schools and Technical Centers throughout the services area. Further, Pierpont has assumed a leadership role in the regional Tech Prep Consortium. Additionally, Pierpont has established partnerships with 4-year institutions such as Fairmont State University, West Virginia University, Wesleyan College, and Alderson Broaddus University to encourage graduates to continue their education beyond the associate degree.</p> <p>Pierpont is approved by the Higher Learning Commission to offer three Associate of Arts and 23 Associate of Applied Science degrees with 21 subsets, six Certificate of Applied Science degrees, and 14 Advanced Skill/Skill sets that may be taken within programs of study or stand alone and numerous non-credit programs.</p> <p>Pierpont's goal is to provide programs needed by those in the geographic service region, to the extent provided by its financial and human resources and its assigned role in the State's system of public higher education. Pierpont's five-year Strategic Priorities for the institution include a focus on the goal areas of Student Success, Strengthen Academic Excellence, Continuously Improve the Organization, and Support Business, Industry, and Community Partners.</p>	<p>Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)</p> <p>(Recommendation includes an average of 5% pay raise for employees and associated employee benefit costs.)</p> <hr/> <p>General Revenue Fund 0597      \$8,420,252</p>

Department Description

The West Virginia Department of Agriculture (WVDA) provides vision and strategic planning to ensure the continuation of an adequate, safe, and wholesome food supply for the citizens of West Virginia and ensures compliance with legislative mandates to protect and promote the agriculture industry. Two companion agencies under the WVDA's umbrella operate independently under their respective legislative authorities to carry out conservation activities that ultimately benefit the agriculture industry as well. The State Conservation Committee's and the West Virginia Conservation Agency's (WVCA) missions are to provide for and promote the protection and conservation of West Virginia's soil, land, water, and related resources for the health, safety, and general welfare of the State's citizens, while the Agricultural Land Protection Authority's mission is to preserve West Virginia's abundant natural resources by conserving farmland in the State of West Virginia.

The goals of the WVDA and companion agencies are:

- Capitalize on West Virginia's abundant natural resources by forming private-public partnerships to grow and develop existing and new agriculture-based businesses while expanding market opportunities.
- Conduct research, inspections, and analyses to ensure the safety and integrity of the food supply.
- Address the challenges to the agriculture industry presented by invasive species and related disease issues to the environment and its populations.
- Continue to grow and expand the Veterans and Warriors to Agriculture Program to assist veterans and service members who are seeking new career opportunities in agriculture.
- Provide timely communications of product recalls and foodborne illnesses to protect the health of the public and food supply, as well as to protect animal and plant health.
- Safeguard livestock and other domestic animals from communicable diseases.
- Preserve West Virginia's natural resources by conserving the State's farmland, soil, and water resources.

<p>Department Description</p> <p>Glenville State University (GSU) was established in 1872 as Glenville Normal School with the initial mission of serving as a teacher's college. Later re-named to Glenville State College, and then ultimately renamed to Glenville State University on February 22, 2022, GSU never lost sight of that original mission and continues to be known among all of West Virginia as a premier institution for developing quality teachers for secondary education throughout the State. Along with that core emphasis on teacher preparation, the University has responded to the needs of West Virginia and has developed additional programs in a variety of areas. Most recently, commensurate with its achieving University Status, it has begun to offer two Graduate programs beginning Fall, 2022, and are developing further Grad programs in Business and Criminal Justice targeted for Fall, 2023 implementation. Additional Grad programs are planned to follow. Furthermore, the University has heeded the call from the State Legislative and HEPC leadership, as well as the demand and need expressed by our core Central W.V. target area, and has launched a Nursing Program, also beginning Fall, 2022. Enabled through an MOU with Marshall University coupled with funding from the State through HEPC, GSU is poised to meet this high demand area, while it also looks toward developing a full fledged College of Health Sciences pending additional funding it hopes to secure.</p> <p>The University is committed to six core values: Service, Scholarship, Growth, Collaboration, Community, and Equity. Glenville State University provides a tradition of high quality education through innovation in the design, delivery, and evaluation of programs and services, workforce development, and comprehensive student services; a community of active learners dedicated to lifelong learning, effective teaching, applied scholarship, creative activities, and service; and leadership that promotes excellence in learning, teaching, cultural vitality, and economic development in a global community.</p>	<p>Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)</p> <p>(Recommendation includes an average of 5% pay raise for employees and associated employee benefit costs.)</p> <hr/> <p>General Revenue Fund 0363      \$7,131,116</p>

**WV Code Chapter - 18B Article - 4**

<p>Department Description</p> <p>Shepherd University is a four-year public liberal arts institution in the Eastern Panhandle of West Virginia. From its beginnings 150 years ago, the University has evolved into a comprehensive center of higher learning, serving a number of related, yet distinct roles. Shepherd University is a diverse community of learners and the regional center for academic, cultural, and economic opportunity.</p> <p>Shepherd offers baccalaureate degrees, masters degrees, and doctoral degrees in a wide range of fields encompassing the liberal arts, business administration, computer science, teacher education, nursing, the social and natural sciences, and other career-oriented areas. The University provides credit courses for individuals who may not be seeking a specific degree, but who seek to broaden and update their knowledge in both familiar and new fields. For the northern Shenandoah Valley region as a whole, Shepherd is a center for noncredit continuing education, public service, and convenient citizen access to extensive programs in art, music, theater, athletics, and other areas of public interest. The University continues to broaden the dual enrollment opportunities for high school students. In addition, a completely online degree opportunity has been launched, designed to support the working student striving to acquire advanced degrees in a compressed timeframe. The first two programs first offered in Fall, 2021, include the Masters of Business Administration (MBA) and the Masters of Arts in Curriculum and Instruction (MACI). Shepherd University recognizes and embraces its responsibility to extend its resources beyond the campus, bringing higher education closer to those who seek it.</p> <p>As it maneuvers through a myriad of changes due to COVID-19, Shepherd has closely aligned resources, personnel and students to provide the best education and experience possible with these new challenges to provide opportunities reaching the best outcome. Financial stability is the foundation of its strategic plan and requires fiscal responsibility coupled with confidence in the State of West Virginia's ability to support its Higher Education system.</p>	<p>Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)</p> <p>(Recommendation includes an average of 5% pay raise for employees and associated employee benefit costs.)</p> <hr/> <p>General Revenue Fund 0366      \$13,442,915</p>

<p>Department Description</p> <p>West Virginia State University was founded under the provisions of the Second Morrill Act of 1890 as the West Virginia Colored Institute, one of 19 land-grant institutions authorized by Congress and designated by the states to provide for the education of black citizens in agriculture and the mechanical arts. West Virginia was one of the states that maintained segregated educational systems at that time.</p> <p>From 1891 to 1915, the original Institute offered the equivalent of a high school education, vocational training, and teacher preparation. In 1915, the West Virginia Collegiate Institute began to offer college degrees. Under the leadership of President John W. Davis, the academic program was expanded and new buildings were constructed, and in 1927, the Institution was accredited by the North Central Association. In 1929, it became West Virginia State College. Over the next decades, WVSC became recognized as one of the leading public institutions of higher education for African-Americans.</p> <p>In 1954, the United States Supreme Court gave its historic decision outlawing school segregation. The consequence of this decision for West Virginia State College was a rapid transition to an integrated institution serving a predominantly white, commuting, and older student population. Enrollment quadrupled during the following decades.</p> <p>Meanwhile, by a decision of the West Virginia Board of Education, WVSC was compelled to surrender land-grant status, the only one of the 1890 institutions to do so. Only after a 12-year effort was the college's land-grant status fully restored, in 2001, by an act of Congress.</p> <p>In 2004, the West Virginia Legislature approved WVSC's transition to University status, and today WVSU offers 22 bachelor's degrees and seven master's degrees. With a rich history and promising future, WVSU is positioned to become the most student-centered research and teaching land-grant university in West Virginia, and beyond.</p>	<p>Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)</p> <p>(Recommendation includes an average of 5% pay raise for employees and associated employee benefit costs.)</p> <hr/> <p>General Revenue Fund 0373      \$16,513,270</p>

**0939 - COURTHOUSE FACILITIES IMPROVEMENT AUTHORITY**

**WV Code Chapter - 29 Article - 26-6(a)**

<p>Department Description</p> <p>In 2001, the West Virginia Legislature created the Courthouse Facilities Improvement Authority (CFIA) to provide county government with funding assistance to modify existing courthouse facilities or for the construction of new courthouse facilities. County governments may apply for grant funding on an annual basis. The CFIA has many goals, including to make every courthouse in the county safe, sound, and compliant with all building requirements. The CFIA helps to maintain the integrity of every county courthouse structure in the State in hopes that the historic buildings will be around for generations of W.V. citizens to enjoy. We also conduct a facility needs assessment of all courthouses every 10 years. The CFIA Board of Directors has chosen to focus on Life Safety and ADA issues. It funds projects in 10 major categories of construction - roofing, electrical, hvac, communication cabling, doors, and windows, and new space.</p>	<p>Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)</p> <p>(Recommendation includes funds to decrease the employer contribution rate for the Public Employees Retirement System from 10% to 9%.)</p> <p>No appropriated funds.</p>
