DEPARTMENT OF EMPLOYMENT SECURITY**CABELL S. DAVIS, Director****State Office Building No. 2, 112 California Avenue**

Salary of Director: \$8,000 per year. Appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor .

Advisory Council: \$25 per day for each day actually served in discharge of duties, also necessary expenses. Six members appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor. Two members represent employer interests, two employee interests and two the interests of the general public. Meets first Monday in January, April, July and October. Limit of 30 days' service in any year.

Board of Review: \$5,550 per year each. Three members appointed by Governor, with advice and consent of Senate. Term: six years. Nonpartisan. Governor designates chairman.

Purpose is to promote social and economic security by reducing, as far as possible, the hazards of unemployment. Through compulsory system of unemployment reserves, it provides measures of security to families of unemployed persons and guards against menace to health, morals and welfare arising from unemployment. To fulfill these purposes the Department pays weekly unemployment benefits to workers who are unemployed due to lack of work and who are in the labor market. The funds for payment of benefits are derived from a pay roll tax paid by West Virginia employers under the terms of the Social Security Act.

Council serves as advisory body to Director. Board of Review hears and determines disputed claims, appoints examiners, organizes appeal tribunals and exercises such additional powers as may be necessary for the proper conduct of a system of administrative review of disputed claims.

DEPARTMENT OF PUBLIC SAFETY

(West Virginia State Police)

R. W. BOYLES, Superintendent**Ground Floor, Main Unit, Capitol**

Salary of Superintendent: \$7,000 per year. Appointed by Governor, with advice and consent of the Senate, for a term of four years.

Board of Commissioners: \$10 per diem for days actually served in discharge of duties and expenses, consists of two members, bipartisan, appointed by the Governor, by and with consent of the Senate for a term of two years.

Retirement Board: Consists of the Attorney General, the State Treasurer, the Superintendent, and two members in active service of the department, elected by vote of members, who serve without compensation.

The Department of Public Safety is a state police department with state-wide general police power, created in 1919 to preserve the peace, protect life and property, prevent crime and apprehend criminals. With at least one detachment in each county and a large fleet of two-way radio equipped vehicles, the state police handle a large share of the investigation of major crime and apprehension of dangerous criminals, and take primary responsibility for patrolling the highways, enforcing the traffic laws and preventing motor vehicle accidents, besides many miscellaneous services in the public interest, including duty at the scene of emergencies, riots or disaster.

The Board of Commissioners hears charges filed against any officer or member of the department, including the Superintendent, or appeals of charges filed against officers or members with the Superintendent if the Superintendent fails to suspend or dismiss any officer or member after such charges are filed.

The Retirement Board has power to make, revise and terminate awards from the Department Death, Disability and Retirement Fund to retired or disabled members, or to beneficiaries of deceased members.

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

No person, not a member of the Senate, shall, while within the chamber when the Senate is in session, seek in any manner whatsoever to influence the vote or opinion of any Senator on any subject of legislative consideration, under penalty of disbarment from the chamber for the remainder of the legislative session. No attache of the Senate shall, at any time, engage in such activity, under penalty of immediate dismissal of the Committee on Rules.

Duties of the Clerk—Official Journal

5. The Journal of the Senate shall be daily drawn up by the Clerk and shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. After the printed Journal has been approved and fully marked for corrections, the type from which it was printed shall be changed in accordance therewith, and from the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal. In addition thereto ten copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof signed by the President and Clerk of the Senate certifying that the same is the official Journal of the Senate. They shall be bound in flexible binding and bear the imprint on the back, "Official Journal of the Senate of West Virginia," with designation of regular or extra session and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the House of Delegates.

6. 8. A majority of the Senators shall be necessary to proceed to business; two members may adjourn, and three members may order a call of the Senate, send for absentees, and make any order for their censure or discharge. 9. In case of less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

10. No Senator shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Privileges and Elections, and reported to the Senate, unless by order of the President of the Senate.

Meetings to Be Open

All meetings of the committees, other than executive sessions, shall be open to the public.

31. The Committee of the Whole shall consider and report on such subjects as may be committed to it by the Senate. The rules of the Senate shall be observed in the Committee of the Whole, so far as they are applicable, except the rule limiting the time of speaking, concerning the previous question, and taking the yeas and nays. The proceedings in the Committee of the Whole shall not be recorded on the Journal of the Senate, except so far as reported to the Senate by the chairman of the committee.

Order of Business

32. The order of business of the Senate shall be:
 - I. To read the Journal
 - II. To dispose of Communications from the House of Delegates and the Executive.
 - III. To receive reports from Standing Committees.
 - IV. To receive reports from Select Committees.
 - V. To receive bills, resolutions, motions and petitions.

 - VII. Senate and House Bills on third reading.
 - VIII. Senate and House Bills on second reading.
 - IX. Senate and House Bills on first reading.
 - X. Miscellaneous business.

Introduction of Bills

33. Each bill shall be prepared in triplicate, signed by the member or members (not to exceed two) by whom it is to be introduced and be filed with the Clerk not later than two o'clock P. M. of the Legislative day next preceding its introduction. The original copy shall be the official bill for the use of the Clerk, committees and for the permanent files; the second for printing or copying; and the third for the use of the press and the public.

Each bill shall be numbered, edited and corrected as to form by the Clerk and reported by him to the Senate on the next Legislative day, under the fifth order of business. In case of urgency, on motion for leave agreed to by a majority of the members present, if a quorum, a member may introduce a bill from the floor.

Bills to Be Read on Three Separate Days

34. All bills originating in the Senate shall be read on three separate days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays, on each bill, this rule be dispensed with.—(Const., art. 6, sec. 29.)

Title of Bills

35. In the title of all bills to amend chapters or sections of the Code, or acts passed since the Code was adopted, the several committees to whom they are referred, or by whom they originated, shall insert the subject matter of the chapter.

36. All engrossed bills shall be fully and distinctly read when put upon their passage.—(Const., art. 6, sec. 29.)

Consideration of Bills

37. All bills or business originating in the Senate, shall be considered in the order in which they are introduced and all bills and resolutions received from the House of Delegates shall be introduced in the order in which they are received, unless in either case the Senate otherwise directs.

Resolutions to Lie on Table

38. All resolutions, when introduced, shall lie on the table at least one day.

Appropriation Bills

39. Bills making appropriations for the pay of members and officers of the Legislature, and for salaries for officers of the government, shall contain no provision on any other subject.—(Const., art. 6, sec. 42.)

Reference to Committees

40. All bills passed by and reported from the House of Delegates shall be read by their titles and referred to the appropriate committees unless the Senate otherwise directs. They shall then be proceeded with in the same manner as Senate bills. All bills introduced on leave shall be read by their titles and referred to the appropriate committee without printing, and shall be treated in committee as resolutions of inquiry, and if the committee report a bill different from one introduced such bill shall be received and treated by the Senate as the original bill, and shall be read a first time and printed, unless in any of the aforesaid cases the Senate shall direct otherwise.

41. On each reading of the bill the Clerk shall state whether it is the first, second or third reading of such bill.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be re-printed, and shall be the engrossed bill. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill. All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over the Joint Committee on Enrolled Bills. In the case of a House bill on second reading if the same be amended, the amendment, or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

Messages

44. Messages may be introduced in any stage of business except when a question is being put by the presiding officer, while the yeas and nays are being called by the Clerk, or while the ballots are being counted.

Passage of Bills and Joint Resolutions

45. When a bill or joint resolution is put upon its passage, the President shall propound the question, "Shall the bill (or joint resolution as the case may be) pass?" On the passage of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on the second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

Motions

46. When a question is pending, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone the question to a different day, to commit, to amend, or to postpone indefinitely, which several motions shall have precedence in the order in which they are herein arranged.

47. On the first reading of a bill, a motion to reject the bill shall be in order.

Adverse Report by Committee

48. If a committee shall have reported adversely to a bill, the President, immediately after the report of said committee is read shall put the question: "Shall the bill be rejected?", which question shall have precedence over all motions, except a motion to adjourn.

Reconsideration of Vote

49. The question being once determined must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order to reconsider any vote only within two legislative days next after the one upon which such vote was taken. A motion to reconsider shall be in order only when made by a Senator who voted with the prevailing side, and when the vote was not taken by yeas and nays all Senators will be conclusively presumed to have voted with the prevailing side.

50. When motions are made for reference of the same subject to a select committee, and to a standing committee, the question in reference to the standing committee shall be first put.

Division of the Question

51. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

52. In filling the blanks, the largest sum and longest time shall be first put.

Previous Question

53. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

Yeas and Nays

54. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order, excepting, however, the name of the President, which shall be called last.

55. The yeas and nays on any question shall, at the desire of one-tenth of the members present, be entered on the Journal and any member may enter any protest on the Journal upon the determination of any question. After the yeas and nays shall have been taken, and before they are counted or entered on the Journal, the Clerk shall read over the names of those who voted in the affirmative and those who voted in the negative, at which time any member shall have the right to correct any mistake committed in enrolling his name.

56. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question of agreeing to the bill or joint resolution, as amended shall be again voted on by yeas and nays in the Senate, and the

result entered upon its Journal. In all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 6, sec. 31.)

57. In all elections of officers which may take place in the Senate the vote of a majority of all the members elected to the Senate shall be necessary.

58. In all elections of officers which may take place in the Senate the vote shall be *viva voce*, and be entered upon the Journal.—(Const., art. 6, sec. 44.)

Executive Session

59. When nominations shall be made in writing by the Governor to the Senate, a future day shall be assigned, unless the Senate unanimously direct otherwise, for taking them into consideration.

60. When acting on the nominations of the Governor, the Senate shall be cleared of all persons except the Clerk, his assistants, the Sergeant-at-Arms and Doorkeeper, and all such officers shall be sworn to secrecy.

61. All confidential communications made by the Governor to the Senate and all proceedings thereon, shall be by the members thereof kept secret until the Senate shall, by unanimous affirmative vote of the members present, remove the injunction of secrecy. When an executive session of the Senate has been dissolved, the result of its action upon any executive nomination considered therein shall be forthwith certified to the Governor in a formal communication signed by the President and attested by the Clerk.

62. All information and remarks touching the character or qualification of any person nominated by the Governor to office shall be kept secret. The legislative proceedings and the executive proceedings of the Senate shall be kept and recorded in separate books.

Constitutional Amendment

63. When an amendment to be proposed to the Constitution is under consideration, the concurrence of two-thirds of the members elected to the Senate shall not be requisite to decide any question for amendments, or extending to the merits, being short of the final question.

Adjournment

64. When the Senate adjourns each day, it shall stand adjourned to 2 o'clock P. M., the next day, unless the Senate otherwise direct.

65. When the Senate adjourns each day, every member shall keep his seat until the President leaves the Chair.

Parliamentary Practice

66. In all cases not provided for by the Rules of the Senate or the Joint Rules of the Senate and House of Delegates, the Senate shall be governed by the practice in the House of Representatives of the United States.

Suspension of Rule

67. No standing rule or order of the Senate shall be rescinded without one day's notice being given of the motion therefor and no rule shall be suspended except by a vote of two-thirds of all the members of the Senate present.

Withdrawal of Bills from Committee

68. Any bill, resolution or business may, by a vote of the majority of the members present, be withdrawn from the committee to which it had been referred or be taken from the table, and placed upon the regular or special calendar of the Senate in such order of business as the Senate may direct

RULES OF THE HOUSE OF DELEGATES

(Regular Session, 1955)

By an act of the Legislature (Ch. 166, Acts of 1951, Regular Session) the House of Delegates shall consist of one hundred members. The membership is apportioned to the counties according to the population, but giving each county one delegate. Delegates are elected for a term of two years.

(Const., Art. VI, Sec. 14.)

No Senator or Delegate, during the time for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected. (Const., Art. VI, Sec. 15.)

Oaths

Members of the House of Delegates, before they enter upon their duties, shall take and subscribe to the following oaths or affirmation: "I do solemnly swear (of affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Delegate according to the best of my ability, and that I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Delegate, on any bill, resolution or appropriation, or for any act I may do or perform as Delegate." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall receive and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State. (Const., Art. VI, Sec. 16.)

The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of two dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatsoever.—(Const., Art. VI, Sec. 33.)

Members' salaries are paid on the third Wednesday in January of each year.

Resignation and Filling of Vacancies

Resignations of members of the House should be made to the Speaker, Governor and chairman of the executive committee of the party of which the member belongs in the county from which he was elected.

Vacancies in the House are filled by an appointment by the Governor, in each instance from a list of three qualified persons submitted by the county party executive committee. (Ch. 3, Art. 10, Sec. 6 of the Code.)

Organization of the House

The Legislature shall assemble at the seat of government on the second Wednesday of January in each odd-numbered year. While neither the constitution or statute sets the hour for convening, the custom has been for each house to convene at twelve o'clock noon. The constitution says, "The oldest Delegate present shall call the House to Order at the beginning of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and taken his seat." (Const., Art. VI, Sec. 35.) Custom has made it the duty of the Clerk of the previous House to call the House to order and call the oldest Delegate present to the chair

The session is then opened with prayer, following which the Clerk reads a list of the members as certified by the Secretary of State, and all notices of contested elections. The roll is then called to ascertain those present. The next step in the organization is the administering of the oath of office to the members.

With the conclusion of the above formalities the House is ready to proceed to the election of a Speaker. After this election, the election of other officers, i. e., Clerk, Sergeant-at-Arms and Doorkeeper shall be the next order of business. The election of all officers shall be by *viva voce* vote.

It is then in order to provide by resolution for the adoption of rules to govern the procedure of the House and for informing the Senate that the House is organized. Upon being likewise informed of the organization of the Senate both houses, by resolution, shall raise a joint committee to visit upon the Governor to inform him that they are organized and that they are in readiness to hear his biennial message.

However, at the session of the Legislature following each general election at which a governor, and other state officials are elected, immediately following the organization of the two houses, they shall meet in joint assembly in the hall of the House of Delegates, when the Speaker, before proceeding to any other business, shall open and publish the election returns in the presence of a majority of each house of the Legislature.—(Const., Art. VII, Sec. 3.)

The message of the Governor is usually delivered in person by the Governor before both houses of the Legislature, assembled in joint assembly. When the Governor desires to deliver his message to the joint assembly, it shall be proper to provide by resolution for the convening of a joint session of the two houses.

1. The House, at the commencement of each Legislature, shall elect a Speaker, Clerk, Sergeant-at-Arms, and Doorkeeper. All officers, except the Speaker, shall receive such compensation as the House may determine.

28. In case a number less than a quorum of the House shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for nonattendance shall be made as the House, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund of the House. This rule shall apply to the first meeting of the House, at the legal time of meeting, as well as to each day of the session after the hour has arrived to which the House stood adjourned.

Taking Members Into Custody

29. No member of the House shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections and Privileges, and reported to the House of Delegates, unless by order of the Speaker of the House of Delegates.

Punishment of Members

30. The House of Delegates may punish its own members for disorderly behavior, and, with the concurrence of two-thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., Art. 6, Sec. 25.)

Providing for Undisturbed Transaction of Business

31. The House of Delegates may punish, by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its proceedings, or any of its officers in the discharge of his duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., Art 6, Sec. 25.)

ORDER AND DECORUM IN DEBATE

Recognition and Decorum

32. When a member is about to speak in debate or deliver any matter to the House, he shall rise in his place and respectfully address the presiding officer as "MR. SPEAKER," and, upon being recognized, shall proceed, confining himself to the question under debate, avoiding all personalities and indecorous or disrespectful language.

When a member arises and addresses the Chair, the Speaker may recognize him by name; but no member in debate shall designate another by name.

Recognition by the Chair

33. When two or more members shall rise at the same time, the Speaker shall name the one who is to speak first, and his decision shall be final and not open to debate or appeal. However, in all other cases the member who shall rise first and address the Chair shall be first recognized.

Mover of Question to Have Preference in Debate

34. No question shall be debated until it has been propounded by the Speaker, and then the mover of the question shall have the right to open and close the debate thereon.

Member Out of Order

35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted, with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

Calling to Order for Words Spoken in Debate

36. If a member be called to order for words spoken in debate, the person calling him to order shall repeat the words excepted to and they shall be taken down at the Clerk's table. And no member shall be held to answer, or be subjected to the censure of the House, for words spoken in debate, if any other member has spoken or other business has intervened after the words were spoken and before the exception to them was taken.

Decorum During Debate

37. While the Speaker is putting the question, ascertaining the result, or addressing the House, no one shall walk out of or across the House; and when a member is speaking, no one shall engage in conversation or pass between him and the Speaker.

Limitation on Debate

38. No member shall speak except in his place, and not more than twice on a question, except by leave of the House. And if a question be pending at the time of an adjournment and is renewed on the succeeding day, no member who shall have spoken twice on the preceding day shall be permitted again to speak without leave of the House. The House by majority vote may limit debate on any question.

Members Not to Be Disturbed While Speaking

39. No one shall disturb or interrupt a member who is speaking, without his permission, except to call to order if he be transgressing the rules.

Speaking Before Negative Is Put

40. When the Speaker is putting the question, any member who has not spoken before to the matter may speak to the question before the negative is put.

PUTTING QUESTIONS AND VOTING

Putting Question; Division

41. All questions shall be put distinctly in this form, to-wit: "*As many as are in favor* [as the question may be] say '*Aye*,'" and after the affirmative vote is expressed, "*As many as are opposed, say 'No'.*" If the Speaker be in doubt as to the result, or if a division is called for by any member, the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterward those in the negative. The count may be made by the Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained

the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by not less than nine members of the House prior to the announcement of the decision by the Speaker.

Yeas and Nays

42. On the passage of every bill and joint resolution, and when the yeas and nays on any question are called for by one-tenth or those present, the Speaker shall direct a yea and nay vote to be taken, and every member present shall vote, unless excused. On all roll-calls, when the voting machine is not used, before the result is announced, the Clerk shall read to the House the names of those who voted in the affirmative or in the negative, whichever is the smaller number, and announce the names of those absent and not voting, at which time any member may correct a mistake committed in taking down his vote. The result shall then be announced, and the yeas and nays entered on the Journal; but if the House so orders, the announcement of the result and the entry of the yeas and nays upon the Journal may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced. The Journal shall also show those absent and not voting.

When the yeas and nays are called for by a member on any question, the Speaker shall hold this demand in abeyance until debate has closed upon the question under consideration, or until the previous question has been moved and sustained, and if sustained by one-tenth of the members present, the yeas and nays shall be taken.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the name of the Speaker shall be called last.

Pairs

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

Division of Question

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

Calling of Yeas and Nays

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

Tie Vote Loses Question

46. In all cases when the House is equally divided, the question shall be lost.

Verification of Vote

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no

member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

Explanation of Vote

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

When Members Not to Vote

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

Voting by Machine

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question, "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, insofar as applicable, shall apply to taking votes by means of the voting machine.

MOTIONS

Stating the Question

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

Form of Motion

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:
1. To adjourn.
 2. To lay on the table.
 3. For the previous question.
 4. To postpone to a day certain.
 5. To go into a Committee of the Whole on the pending question immediately.
 6. To commit to a Committee of the Whole.
 7. To commit to a Standing Committee.
 8. To commit to a Select Committee.
 9. To amend.
 10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

Motion to Adjourn

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

Motions Not Debatable

55. The following motions shall be decided without debate, and shall not be amended:
1. To adjourn.
 2. To fix the time to which the House shall adjourn.
 3. To lay on the table.

 6. To recess.

56. No motion directing the appropriation or payment of money shall be in order.

58. A motion to reconsider any question may be made by any member who voted with the majority, or in case of a tie vote, by any member. This motion shall be made on the same or next succeeding legislative day of the House. Such a motion, if seconded, shall take precedence of all other questions, except the consideration of a conference report or a motion to adjourn, and unless by motion postponed until some future time shall be acted upon at once. A motion to reconsider shall not be withdrawn without leave of the House, and if the House decides to reconsider, any member may thereafter call the subject up for consideration. A motion to reconsider a question, having been put and lost, shall not be renewed.

Debate on Motions to Reconsider

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

Reconsideration of Question Requiring More Than Majority Vote

60. When a majority of members present vote in the affirmative on any question, but the question be lost because it is one in which the concurrence of a greater number than a majority of a quorum is necessary to an affirmative decision, any member may move for a reconsideration.

Effect of Motion to Table

61. A motion to lay on the table shall only have the effect of disposing of the matter temporarily, and may be taken from the table at any time after the eighth order of business has been passed.

Motion Must Be Germane

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

Previous Question

63. When any question is before the House, any member being in order and having the floor may move the previous question, but such motion to be put must be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "*Is the motion sustained?*" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "*Shall the main question be now put?*" If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

MEETING OF THE HOUSE

Time of Meeting

If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed on as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

Time Bills to Go Into Effect

106. In the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after its passage; and if said motion be adopted by a vote of two-thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill. (See Const., Art. 6, Sec. 30.)

Senate Bills

107. Senate bills passed by the Senate and reported to the House shall be referred to the appropriate committee unless the House otherwise directs. After this they shall be treated in the same manner as House bills.

RESOLUTIONS

108. Resolutions shall be of three classes, as follows:

(1) *Joint Resolutions*: All proposed amendments to the Constitution shall take the form of a joint resolution which shall be subject to the rules which govern the proceedings on bills, except that it shall be read on three several days, and, to be adopted, must on its third reading be agreed to by a two-thirds vote of the members elected to the House. (Const., Art. 14, Sec. 2.) When a proposed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[NOTE: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committee, for raising a joint assembly and other inferior and incidental purposes of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in triplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

Action on Resolutions

110. All joint resolutions shall be referred to the appropriate committee, and when any other resolution is presented, containing no reference of the subject thereto to a committee, it shall lie over for one day, to come up under the ninth order of business unless a majority of the House orders otherwise.

PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

AMENDMENTS

Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

Must Be Germane

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

Time for Offering

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

Reading and Stating

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

By Striking Out Enacting Clause

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

Amendment to an Amendment

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

Amendment to Have Precedence Over Substitute

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

Motion to Amend to Have Precedence Over One to Strike Out

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

Filling Blanks

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

No Amendment by Way of Rider

121. No amendment by way of rider shall be received to any bill after engrossment.

Agreeing to Senate Amendments

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary. (Const., Art 7, Sec. 31.)

Amendment by Section

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

Amending Titles

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

Amendments to Senate Bills

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing the same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate Amendment?*" But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

Amendments to Be Printed in Journal

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

Speaking on Amendments

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

JOURNAL

Clerk to Keep

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

Approval and Correction

129. When the Journal has been read to the end that any mistake made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection be made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

Printing Official Copies

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof, certifying that the same is the official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

Inserting Motions in Journal

132. Every written motion made to the House shall be inserted in the Journal with the name of the member making it, unless it be withdrawn on the same day it is submitted.

CHANGE OR SUSPENSION OF RULES

Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[NOTE: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two-thirds of the members present. Unless there be a unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[NOTE: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit, *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[NOTE: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

MISCELLANEOUS RULES

Persons Admitted to the Floor

136. No person except Senators, elective state officers, heads of state departments, ex-Governors, members of Congress, Judges of the Supreme Court of Appeals, Judges of Circuit and other Courts of record, former members and officers of the House and Senate, members of other State Legislatures, the Governor's secretary, members of the press when properly accredited, attaches when actually engaged in work for the House or a member thereof, the Clerk of the Senate and his assistants, may be admitted upon the floor of the House, except by permission of the Speaker. At the convening of the House, the Sergeant-at-Arms shall see that all persons, except those covered by this rule, retire from the floor of the House.

Lobbying in the House Chamber

137. No person engaged in lobbying shall be permitted upon the floor of the House at any time while the House is in session, and any person transgressing this rule shall be removed from the floor of the House and be debarred from the privilege of the floor during the remainder of the entire session. The Speaker is charged with the enforcement of this rule and it shall be the duty of any member, officer or employee of the House to inform the Speaker of any violation of this rule.

Newspaper Correspondents

138. (a) Any person accorded the privilege of a newspaper correspondent must be the telegraphic correspondent of a daily newspaper, or of a recognized press association, who is not engaged in any department of the state government, or in any other business, or must be the official reporter of a Charleston daily newspaper, and no more than one representative of each newspaper shall be admitted to the press tables or press gallery at one time.

(b) All applications for admission to the press gallery or press table must be made to the Speaker. Such application shall state the name of the newspaper, its location, times of publication, and be signed by the applicant.

(c) The Speaker shall verify statements made in such application, and if the application is approved by him, he shall issue a correspondent's card, signed by him.

(d) The correspondents shall not visit the members in their seats during the session of the House, and shall abide by such rules and regulations as may be adopted by the Rules Committee of the House.

(e) The card issued by the Speaker must be presented when required by any Sergeant-at-Arms. It shall not be transferable. The transfer or loan of such card to any one shall be followed by its cancellation and the withdrawal of all its privileges from the correspondent so offending.

(f) The gallery of press tables allotted to newspaper correspondents shall be for their exclusive use, and persons not holding correspondents' cards shall not be entitled to admission thereto.

Lounging Prohibited in the Hall of the House

139. It shall be the duty of the Sergeant-at-Arms to prevent all persons not connected with the Legislature from assembling in the halls at any time when the House is not in session for the purpose of lounging or loafing. For the purpose of enforcing this rule, the Sergeant-at-Arms or his assistants shall be in attendance at all times, and the persistent neglect or disregard of this rule shall be cause for dismissal by the Speaker, or removal.

Peddling Prohibited

140. No person shall be permitted to hawk, peddle or offer for sale any article of traffic at any time within the hall of the House; and it shall be the duty of the Sergeant-at-Arms to strictly enforce this rule.

Regulating Use of Halls

141. The Speaker shall have power to regulate the use of the halls and stairways of the part of the Capitol building used by the House for refreshments and like purposes when the Legislature is in session.

Oaths

142. The Speaker or Clerk shall have authority to administer any oaths required by the business of the House.

Janitors

143. The janitors appointed for or assigned to the House shall, under direction of the Speaker, have care of the House chamber, committee rooms and halls of the House and keep the same in a neat and proper condition at all times.

JOINT RULES OF THE SENATE AND HOUSE OF DELEGATES

Joint Assembly

1. Whenever there shall be a joint assembly of the two houses, a brief account of the proceedings shall be entered upon the Journal of each house, except in the joint assembly for counting votes for state officers.

[NOTE: It is the custom to hold joint assemblies in the House Chamber and they are presided over by the Speaker. In such sessions the Clerk of the House acts as Clerk, assisted by the Clerk of the Senate. The President of the Senate is given a seat to the right of the Speaker and seats are arranged for the members of the Senate.]

Joint Assembly to Open and Publish Election Returns

2. As soon as the Senate, being organized, is informed that the House of Delegates is ready to proceed, as provided by section three of article seven of the Constitution, to open and publish the returns of the elections for state officers, the Senate, preceded by its President and other officers, shall repair in a body to the hall of the House of Delegates. Upon their arrival the Sergeant-at-Arms

of the House of Delegates shall announce the presence of the Senate. The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate have assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for state officers, held on the _____ day of _____. The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon his right, and the other members of the Senate and officers thereof to take seats assigned to them, and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House; and when completed and estimated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall, and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

Disagreement and Conference

3. Whenever a measure of one house is amended in the other and the house in which it originated shall refuse to concur in the amendment, the house amending the measure may either insist or recede therefrom. But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary consequential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

Messages Between the Houses

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the Clerk of one house may communicate a message to the Clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

Introduction of Bills

5. No bill, other than an appropriation bill, shall be introduced in either house after the fiftieth day of the session unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill, and adopted by a two-thirds vote of all the members of each house present and voting.

One House to Notify Other of Rejection of Bill

6. When a bill or resolution passed in one house is rejected in the other, notice thereof shall be sent to the house in which the same shall have been passed.

Record of Bills

7. The Clerks of the two houses shall keep separate records or registers, in which shall be recorded every action taken by the Senate and House on each bill and resolution.

Clerks to Endorse Bills

8. The Clerks of the two houses shall endorse on each bill a statement of any action taken by their respective bodies.

Notice to Be in Writing

9. Notice to either house of the action of the other shall be in writing, signed by the Clerk of the house giving such notice.

Each House to Have Control of Own Printing

10. Each house may order the printing of bills, resolutions, reports, and other documents without the consent of the other.

Joint Committees

11. Joint standing committees of the Senate and House shall be appointed as follows:

(1) *Joint Committee on Enrolled Bills*—To consist of five members from each house.

(2) *Committee on Joint Rules*—To consist of the presiding officers and two members of each house, to be appointed by the presiding officers.

(3) *Joint Committee on Government and Finance*.—The Joint Committee on Government and Finance shall consist of five members of the Senate and five members of the House of Delegates, of which not more than three of each House shall be members of the same political party, four of the members of the Senate committee shall be appointed by the President of the Senate and four of the members of the House committee shall be appointed by the Speaker of the House. The President of the Senate and the Speaker of the House shall be *ex officio* members of the committee and co-chairmen thereof. The committee shall begin its work as soon as practicable after the adjournment *sine die* of the regular session of the Legislature.

It shall be the duty of the committee to study and survey generally matters of government and finance and to make a report on its studies and findings, its expenditures and such recommendations as it may deem proper, to succeeding extraordinary and regular sessions of the Legislature; and such committee is hereby vested with power and authority to employ technical and clerical assistants, compel the attendance and testimony of witnesses, the production of books, records, documents and other papers, and shall be vested with and authorized to exercise all power and authority granted such committees by the statutes and Constitution of the State of West Virginia. The offices of the committee shall be maintained at the capitol building in Charleston, West Virginia.

The expenses of the committee shall be paid from the contingent fund of the Senate and contingent fund of the House of Delegates in equal amounts. The members of the committee shall receive no remuneration for their services other

than actual expenses incurred in the discharge of their duties hereunder as approved by the committee.

(4) Such other joint committees as may be provided for by concurrent resolution. A bill or resolution referred to a joint committee may be recalled from such committee by the House in which it originated.

Engrossed Bills to Be Filed With Clerk of House

12. All engrossed bills passed by, and joint and concurrent resolutions adopted by both houses shall be filed with the Clerk of the House to be kept with the rolls of the Legislature and to be used by him in printing and publishing the acts of the Legislature.

Joint Committee on Enrolled Bills

13. The Joint Committee on Enrolled Bills shall consist of five members of the Senate and five members of the House of Delegates, to be appointed by the presiding officer of each house, whose duty it shall be to compare carefully all bills and joint resolutions passed by both houses, with the enrollment thereof, and to correct any errors or omissions they may discover and to make reports to their respective houses from time to time, of the correctly enrolled bills or joint resolutions. It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

Printing Enrolled Bills

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, two hundred copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve of these copies shall be on seven and one-fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. From these copies all judges shall be furnished enrolled bills as provided for in section fourteen, article one, chapter four of the code.

Authentication of Enrolled Bills

15. Enrolled Bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead, and they shall require all bills and joint resolutions before such authentication to be free from interlineations or erasures and destroy any previous enrollments containing any interlineations or erasures. A certificate, showing in which house the bill originated and when it takes effect, signed by the clerks of the two houses, shall be endorsed on the bill. After enrolled bills and joint resolutions are authenticated as aforesaid, they shall be signed by the Speaker of the House and by the President of the Senate.

Presenting Bills to Governor

16. After a bill shall have thus been signed in each house, it shall be presented by the said committee to the Governor, for his approval. The said committee shall report the day of presentation to the Governor, which time shall be entered on the Journal of each house.

Record of Enrolled Bills

17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

Action of Governor on Bills

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become a law without his approval," and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the reconsideration and passage of said bill, and sign the same.

Joint Meetings of Committees

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such a bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

What Shall Be Printed in the Journal

20. The following shall always be printed in the Journal of each house:

- (a) Messages from the Governor and messages from the other house, the titles of all bills and the title and text of all resolutions.
- (b) Every vote taken by yeas and nays in each house, and a brief statement of the contents of each petition, memorial, or paper presented to each house.
- (c) A true and accurate account of the proceedings of each house.

Manner of Printing the Journal and Bills

21. In printing the daily Journal of the proceedings of each house there shall be printed at the top of each page, except the first, the date of the Journal and on the last page of each day's Journal shall be printed the calendar for the next day.

At the top of the first page of each bill, preceding the title and number thereof, there shall be printed the name of the person by whom, or the committee by which, it was introduced and the date of introduction; and at the top of each page, except the first, shall be printed the number of the bill.

Use of Legislative Halls and Offices

22. Permission to use, other than for statutory purposes, either Legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House as the case may be. During Legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purpose whatsoever.

Resolutions

23. Resolutions requiring concurrent action may originate in either house, and shall be of two kinds, namely:

Joint Resolutions: These resolutions shall be used for proposing amendments to the State Constitution and for ratifying amendments to the Federal Constitution. Joint resolutions shall be adopted as provided in section two, article fourteen of the Constitution.

Concurrent Resolutions: Such resolutions shall be used for all purposes not covered by joint resolution as defined above.

Suspension of Joint Rules

24. No Joint Rule shall be suspended, except by a two-thirds vote of each house, and unless there be unanimous consent, such vote shall be taken by yeas and nays.

The books of the library consist of textbooks purchased, and reports and laws of other states as well as many foreign countries, all except textbooks and codes coming in by exchange for West Virginia reports provided by the State Law Librarian, as consecutive volumes of the reports of West Virginia and elsewhere are published.

The State Law Librarian, from West Virginia reports furnished him by the superintendent of public printing, supplies all judges of courts, West Virginia State officers and State Law libraries of other states with copies of these reports.

Offices: State Capitol—Telephone 68-1414

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is \$10.00.

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to improve the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal profession; and to encourage cordial relations among its members. It is its declared purpose to give effect to pertinent rules of the Supreme Court of Appeals, and to perform the functions expressed in its Constitution and By-Laws. A

Section Four

CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident; that all men are created equal, that they are endowed by their creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among them, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation.

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every state of these oppressions we have petitioned for redress in the most humble terms: our repeated petitions have been answered only by repeated injuries. A prince, whose character, is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and holds them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are, and of right ought to be, free and independent States; that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

The districts adopted the constitution and these six counties became a part of the State.

The remaining five counties were created by acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871; and Mingo County, from Logan County, on February 23, 1895.]

Each budget shall contain a complete plan for proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Board of Public Works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

*This section known as "The Budget Amendment," added to Article VI, was proposed by Senate Joint Resolution No. 1, adopted May 23, 1917, (Acts 1917, Extraordinary Session), and was ratified at the general election in 1918. Vote on the amendment: For ratification, 51,405; against ratification, 26,651; majority, 24,754.

Third: The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The Board of Public Works shall deliver to the presiding officer of each House the budgets and a bill for all proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Board of Public Works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officers of both Houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

Fourth: The governor and such representatives of the boards, officers and commissions of the State expending or applying for State's money as have been designated by the Board of Public Works for this purpose, shall have the right, and when requested by either House of the Legislature it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C—Supplementary Appropriation Bills

Neither House shall consider other appropriations until the budget bill has been finally acted upon by both Houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each House by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Sub-Section D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of

such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The Board of Public Works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The estimates for the legislative department, certified by the presiding officer of each House, of the judiciary, as provided by law, certified by the Auditor, and for the public schools, as provided by law, shall be transmitted to the Board of Public Works, in such form and at such times as it shall direct, and shall be included in the budget.

The Board of Public Works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings, it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, except amendments thereto heretofore made and ratified by the people, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

Motor Fuel and Motor Vehicle Revenue

52. Revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes, and all other revenue derived from motor vehicles or motor fuels shall, after the deduction of statutory refunds and cost of administration and collection authorized by legislative appropriation, be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways, and also the payment of the interest and principal on all road bonds heretofore issued or which may be hereafter issued for the construction, reconstruction or improvement of public highways, and the payment of obligations incurred in the construction, reconstruction, repair and maintenance of public highways.

53. The Legislature may by general law define and classify forest lands and provide for cooperation by contract between the State and the owner in the planting, protection, and harvesting thereof. Forest lands embraced in any such contract may be exempted from all taxation or be taxed in such manner, including the imposition of a severance tax or charge as trees are harvested, as the Legislature may from time to time provide. But any tax measure by valu-

ation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

[This section was proposed by House Joint Resolution No. 7, (Acts, Regular Session, 1945, p. 640) and ratified at the General Election November 5, 1946. Vote on the amendment: For ratification, 179,150; against ratification, 148,104; majority, 31,046.]

8. The Governor shall nominate, and by and with the advice and consent of the Senate, (a majority of all the Senators elected concurring by yeas and nays) appoint all officers whose offices are established by this Constitution, or shall be created by law, and whose appointment or election is not otherwise provided for, and no such officer shall be appointed or elected by the Legislature.

Recess Vacancies—How Filled

9. In case of a vacancy, during the recess of the Senate, in any office which is not elective, the Governor shall, by appointment, fill such vacancy, until the next meeting of the Senate, when he shall make a nomination for such office, and the person so nominated, when confirmed by the Senate (a majority of all the Senators elected concurring by yeas and nays) shall hold his office during the remainder of the term, and until his successor shall be appointed and qualified. No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall such person be appointed to the same office during the recess of the Senate.

Governor's Power of Removal

14. Every bill passed by the Legislature shall, before it becomes a law, be presented to the Governor. If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the House in which it originated, which House shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such reconsideration, a majority of the members elected to that House agree to pass the bill, it shall be sent, together with the objections to the other House, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that House, it shall become a law, notwithstanding the objections of the Governor. But in all such cases, the vote of each House shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State within five days after such adjournment, or become a law.

Respecting Appropriations of Monies

15. Every bill passed by the Legislature making appropriations of money, embracing distinct items, shall before it becomes a law, be presented to the Governor; if he disapproves the bill, or any item or appropriation therein contained, he shall communicate such disapproval with his reasons therefor to the House in which the bill originated; but all items not disapproved shall have the force and effect of a law according to the original provisions of the bill. Any item or items so disapproved shall be void, unless re-passed by a majority of each House according to the rules and limitations prescribed in the preceding section in reference to other bills.

Whenever a vacancy shall occur in the office of Governor before the first three years of the term shall have expired, a new election for Governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

17. If the office of Secretary of State, Auditor, Treasurer, State Superintendent of Free Schools, or Attorney General, shall become vacant by death, resignation, or otherwise, it shall be the duty of the Governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be prescribed by law. The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all monies received or disbursed by a semi-annual report thereof to the Governor under oath or affirmation; and any officer who shall wilfully make a false report shall be deemed guilty of perjury.

[The amendment to this section was proposed by House Joint Resolution of February 15, 1901 (Acts 1901, p. 460) and ratified at the general election in 1902. The only change in the original section was the insertion of the words "Secretary of State" in the first line and by substitution of the words "prescribed" for the word "provided." For the vote on the adoption of the amendment, see note following section 2 of this article.]

Salaries of Officials

19. The officers named in this article shall receive for their services a salary to be established by law, which shall not be increased or diminished during their official terms, and they shall not, after the expiration of the terms of those in office at the adoption of this amendment, receive to their own use any fees, costs, perquisites of office, or other compensation, and all fees that may hereafter be payable by law, for any service performed by any officer provided for in this article of the Constitution, shall be paid in advance into the State Treasury.

[This section, prior to amendment, read as follows: "The Governor shall receive for his services a salary of twenty-seven hundred dollars per annum and no additional emolument, allowance or perquisite shall be paid or made to him, on any account. Provisions for Filling Supreme Court Vacancies

7. If from any cause a vacancy shall occur in the Supreme Court of Appeals, the Governor shall issue a writ of election to fill such vacancy at the next general election for the residue of the term, and in the meantime he shall fill such vacancy by appointment until a judge is elected and qualified. But if the unexpired term be less than two years the Governor shall fill such vacancy by appointment for the unexpired term.

1. All private rights and interests in lands in this State derived from or under the laws of the State of Virginia, and from or under the Constitution and laws of this State prior to the time this Constitution goes into operation, shall remain valid and secure and shall be determined by the laws in force in Virginia, prior to the formation of this State, and by the Constitution and laws in force in this State prior to the time this Constitution goes into effect.

Land Entry Prohibited

2. No entry by warrant on land in this State shall hereafter be made.

Forfeited Lands

3. All title to lands in this State heretofore forfeited, or treated as forfeited, waste and unappropriated, or escheated to the State of Virginia, or this State, or purchased by either of said States at sales made for the non-payment of taxes and become irredeemable, or hereafter forfeited, or treated as forfeited, or escheated to this State, or purchased by it and become irredeemable, not redeemed, released or otherwise disposed of, vested and remaining in this State, shall be, and is hereby transferred to, and vested in any person (other than those for whose default the same may have been forfeited or returned delinquent, their heirs or devisees), for so much thereof as such person has, or shall have had, actual continuous possession of, under color or claim of title for ten years, and who, or those under whom he claims, shall have paid the State taxes hereon for any five years during the possession; or if there be no such person, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have title or claim to, regularly derived, mediately or immediately from, or under a grant from the Commonwealth of Virginia, or this State, not forfeited, which but for the title forfeited would be valid, and who, or those under whom he claims has, or shall have paid all State taxes charged or chargeable thereon for five successive years, after the year 1865, or from the date of the grant, if it shall have issued since that year; or if there be no such person, as aforesaid, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have had claim to and actual continuous possession of, under color of title for any five successive years after the year 1865; and have paid all State taxes charged or chargeable thereon for said period.

Waste and Unappropriated Lands

4. All lands in this State, waste and unappropriated, or heretofore or hereafter for any cause forfeited, or treated as forfeited, or escheated to the State of Virginia, or this State, or purchased by either and become irredeemable, not redeemed, released, transferred or otherwise disposed of, the title whereto shall remain in this State till such sale as is hereinafter mentioned, be made, shall by proceedings in the circuit court of the county in which the lands, or a part thereof, are situated, be sold to the highest bidder.

Former Owner's Privilege

5. The former owner of any such land shall be entitled to receive the excess of the sum for which the land may be sold over the taxes charged and chargeable thereon, or which, if the land had not been forfeited, would have been charged or chargeable thereon, since the formation of this State, with interest at the rate of twelve per centum per annum, and the costs of the proceedings, if his claim be filed in the circuit court that decrees the sale within two years thereafter.

Land Books—Taxes

6. It shall be the duty of every owner of land, or of an undivided interest therein, to have such land, or such undivided interest therein entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with taxes legally levied thereon and pay the same. When, for any five successive years, the owner of any tract of land, or undivided interest therein, shall not have been charged on such land book with State, county and district taxes thereon, then, by operation hereof, the land, or undivided interest therein, shall be forfeited and the title vested in the State. But if, for any one or more of such five years, the owner of such land, or of any undivided interest therein, shall have been charged with State, county, and district taxes on any part of such land, such part thereof, or undivided interest therein, shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein, at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest, charged on such land books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein, for the year one thousand eight hundred sixty-three, and every year thereafter, with interest at the rate of ten per centum per annum, and pay all taxes and interest thereon for such years, and thereby redeem the land or interest therein: *Provided*, That such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited.

[This section, prior to its amendment, read as follows: "It shall be the duty of every owner of land to have it entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with the taxes thereon, and pay the same. When for any five successive years after the year 1869, the owner of any tract of land containing one thousand acres or more, shall not have been charged on such books with State tax on said land, then by operation hereof, the land shall be forfeited and the title thereto vested in the State. But if, for any one or more of such five years, the owner shall have been charged with State tax on any part of the land, such part thereof shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest charged on such books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein for the year 1863, and every year thereafter with interest at the rate of ten per centum per annum; and pay all taxes and interest thereon for all such years and thereby redeem the land or interest therein: *Provided*, Such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited."

DEPARTMENT OF THE ARMY
CORPS OF ENGINEERS
Office of the District Engineer
HUNTINGTON DISTRICT
237 Fourth Avenue
Huntington 18, West Virginia

The Huntington District, Corps of Engineers, U. S. Army, has a two-fold mission in the State of West Virginia, including civic works and military construction responsibility.

The area encompassed under the Civil Works Program is defined on the basis of watershed drainage, being that stretch between mile 109.0, Ohio River, located downstream from Moundsville, W. Va., to mile 409.3, Ohio River, located near Aberdeen, Ohio.

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

Nineteen of the forty-six navigation dams on the Ohio River border the State of West Virginia, and include three high lift dams on the Kanawha River and six navigation structures on the Monongahela River.

Improvement of the navigation facilities include construction of modern high lift structures to replace existing obsolete dams. West Virginia will benefit by the construction of the first two of such structures to be started on the Ohio River, one at Greenup, Kentucky, the pool of which will extend to Gallipolis Locks and Dam, and New Cumberland Locks and Dam, which will replace existing Locks 7, 8, and 9 on the Ohio River. Hilderbrand Locks and Dam is scheduled to be started within the near future on the Monongahela River.

Flood control reservoirs within the State constructed by the Corps of Engineers are Bluestone Reservoir on New River near Hinton, and Tygart Reservoir on Tygart River near Grafton, W. Va.

Floodwalls completed by the Corps of Engineers are located at Parkersburg, Point Pleasant, Huntington and Ceredo-Kenova, West Virginia. In addition, several completed channel improvement projects have reduced or alleviated flood damage along the smaller tributaries of the main rivers within the State.

UNITED STATES MARINE CORPS

United States Marine Corps activities in West Virginia include five organized reserve companies with a total authorized strength of 899 officers and men, and a regular Marine Corps recruiting station in South Charleston with sub-offices located in nine major West Virginia cities.

All of the state's present Marine reserve units were organized during and after the Korean conflict. There were two Marine reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June, 1950.

Marine reserve units here, as nationwide, are particularly noted for their annual toy collection and repair campaign called "Toys for Tots." Last Christmas, West Virginia Marine reserves, often working with other civic and charitable organizations, collected and repaired more than 94,866 toys. Twice as many as the year before. All of the toys were distributed to less fortunate children in the five communities where collected.

In addition, Marine reserves and Marine recruiters are available seven days a week to participate in parades, color guards, military funerals and various other civic functions where military personnel can be of service.

Last year, Marines in West Virginia provided color guards for 47 parades—large and small—raised or lowered the American flag for 314 ceremonies, provided funeral details for 12 military funerals, and participated in 604 other civic functions, not including their own Toys for Tots campaign.

FEDERAL REFORMATORY FOR WOMEN

Alderson

Warden: Nina Kinsella

Associate Warden: Margaret C. Jones

Chief Clerk: J. H. Mergens

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 500. There are fifteen buildings housing inmates, a hospital, administration building, a garment shop, laundry, dressmaking and arts, school building and auditorium, home economics department, crafts, cannery, storehouse, shops and an extensive farm with modern dairy, piggery and truck gardens. The Enabling Act specified that each inmate should be given training that would fit her to be

self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program of cleanliness, industry and education in citizenship. Classification and casework are highly developed to provide for adequate training within the institution and proper placement in jobs after release.

GOVERNOR’S COMMITTEE

On Employment of the Physical Handicapped

Office of Chairman, Room 616, State Office Building,

112 California Avenue, Charleston, 6

The Governor’s Committee is affiliated with the President’s Committee on Employment of the Physically Handicapped, and promotes programs in the interest of handicapped persons seeking employment opportunities within the state.

Federal, State and private agencies, whose activities are coordinated in serving handicapped persons and disabled veterans, cooperate fully in effecting programs such as “National Employ the Physically Handicapped Week”, High School Essay Contests (pertaining to the handicapped); Awards of Merit and Outstanding Service; Physicians’ Awards; Handicapped Employer Awards; high school poster contests; and community planning for handicapped groups.

Participating actively are the following agencies: Veterans Administration, Department of Veterans Affairs, organized labor, Division Vocational Rehabilitation, Department Employment Security, State Executive Department, veterans organizations, and the Veterans Employment Service.

The Committee Chairman serves at the will and pleasure of the Governor. Individual members recommended by local community committees are either reappointed or newly appointed each year by the Chief Executive.

West Virginia has one of the largest state committees in the nation and its members are representative of Federal, State and municipal government, industry, labor, civic, veterans, fraternal, medical, ministerial, women, and other groups throughout the state.

The committee is a non-dues paying organization and at times when finances are necessary for contest prizes the required amounts are secured from generous employers who have been responsible for so many successful programs.

The Governor’s Committee attempts to secure an outstanding and well known speaker for its annual meeting, usually held in September, and prior to NEPH Week, at which time all members are notified and invited to attend.

Congress has determined that the first full week in each October shall be observed as “National Employ the Physically Handicapped Week” throughout the Nation. This week’s observance is intended to be a reminder to those employers who remain reluctant in employing handicapped workers. National, state and local media of press, radio and television have carried the message of the handicapped in an excellent coverage of the various programs.

WEST VIRGINIA CHILDREN'S HOME

Elkins

Superintendent: Dee B. Gainer. Financial Secretary: Myrtle C. Gainer. Inmates: 100.

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an additional unit was built to the two-story brick structure located on the 20-acre tract of land. The purpose of the Home is to provide for orphaned and neglected children between the ages of six to twenty-one years and such other children of like age who may be surrendered by the Department of Public Assistance or court order to be kept, maintained, educated and trained until they can be placed in foster homes, returned to their homes or released at the proper age to adequately care for themselves. In addition to the original 20 acres, the institution now owns 10 acres of farm land located on Leading Creek, and 117 acres, known as the Darby Memorial Farm, situated at the head of Woolwine Hollow. This acreage furnishes vegetables and grazing for stock cattle. At the present time a two-room school is operated on the county unit plan, under the supervision of the Randolph County Board of Education. In these two rooms are the eight grades of the public school. Religious training is provided by the ministerial and social service students of Davis and Elkins College, holding Sunday School worship each Sunday afternoon. An open air swimming pool with a beautiful concrete basin with circulatory chlorinating system and an electric lift pump, attracts every child to its waters during the months of operation. The 1956 Legislature enacted a bill, moving and integrating institutions which come under the supervision of the Board of Control and by June 1, 1956, plans will be completed for the Colored Children's Home of Huntington to integrate with our Home. Our population will be greatly increased at that time, bringing our capacity rating to 100 inmates. The sanitary conditions of the Home are excellent and the health of the children is very good. The whole aim and object of this institution is to correct the mistakes and failures of the parents and homes from which these children came. It is the hope of officials to train these children for useful citizenship in order that they may become an asset instead of a liability to the State of West Virginia.

**THE WEST VIRGINIA HOME FOR AGED AND INFIRM
COLORED MEN AND WOMEN**

Huntington

Superintendent: Roscoe Swann.

The West Virginia Home for Aged and Infirm Colored Men and Women, Huntington, was until recently located at McKendree, Fayette County, and was established by an act of the Legislature in 1923. The home was first located in Charleston, Kanawha County, and in 1929 was moved to Huntington for the first time. In September of 1941 the institution was moved to McKendree, Fayette County, where it remained until July of this year.

The institution is now being housed in the buildings formerly occupied by the West Virginia Colored Children's Home and the West Virginia Industrial Home for Colored Girls. Although the two groups of buildings are widely separated half of the population will be housed in each group.

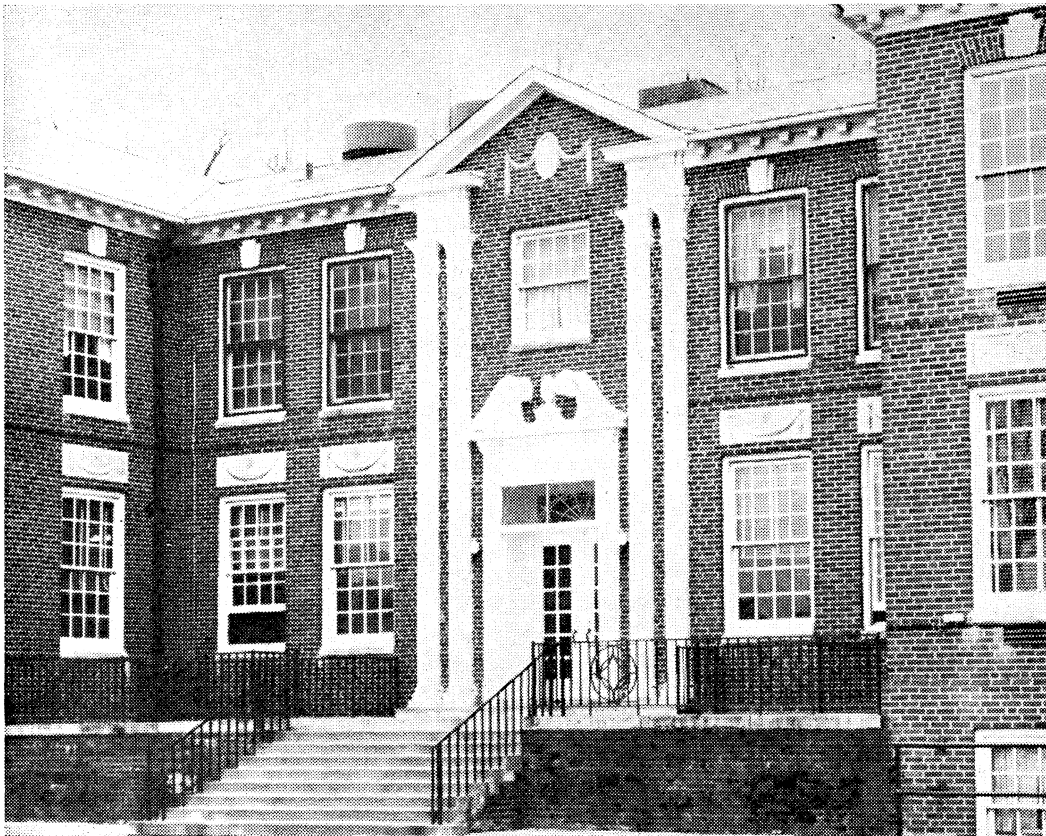

A large farm will be maintained in an effort to produce some of the food necessary for consumption at the institution.

WEST VIRGINIA TRAINING SCHOOL

St. Marys

Superintendent: Dr. Wheeler R. Gregory. Resident Children: 400.

The West Virginia Training School is located three miles north of St. Marys on State Route 2. It was established in 1921 by an act of the Legislature. The property consists of 694 acres part of which is under cultivation. The School is operated for the purpose of providing complete care for the mentally deficient and retarded child. Medical and psychiatric care is offered along with training in the school room and in the manual arts. It is recognized that some children will continue to need the protection of a structured environment indefinitely. This is true not because they are "hopeless" or "useless", but because their potential abilities can be utilized and recognized only by those specially trained to understand their problems. At this writing extensive repairs are being made on the existing facilities and two new buildings are completed. These include a children's ward cottage to accommodate approximately 180 and a staff apartment to house 30 employees. In addition a completely new water system has been completed.

WEST VIRGINIA INDUSTRIAL HOME FOR GIRLS

Industrial

Superintendent: Mrs. Alma Straight Weinberg. Business Manager: Mrs. Corinne C. Whiting. Capacity: 200. Enrollment: 216.

West Virginia Industrial Home for Girls is located one mile west of Salem, on U. S. Route 50. It was established by an act of the Legislature on February 18, 1897 and formally opened May 5, 1899. It is built on a 72-acre tract of which 36 acres were donated by the citizens of Salem.

From Jones Cottage, the first building, the plant has grown to include the following: McCullough Cottage in 1905; Silver Hall Cottage in 1914; Sutton Cottage in 1928; and Ava Stanard Cottage in 1942. The Administration Building also built in 1942, includes offices and visiting rooms on the first floor. Living quarters for the Superintendent and Business Manager, together with guest suite comprise the second floor. The plant also includes the school building erected in 1915, which was recently renamed the Johnston School, with newly constructed gymnasium completed in 1951. A new four-temperature storage building was completed in 1953. The Home also has its own clinic.

The girls receive standard elementary and accredited first class high school training in the very fine and well planned school program. Classes are offered from the first grade through the twelfth grade. The school is under the close supervision of the State Department of Education, Harrison County School officials and Salem College. The high school has operated as a first class high school since 1937 and has been used by Salem College as a laboratory school for their high school student teachers since 1950. Some of the courses offered are food, clothing, nutrition, home planning, English, journalism, library training, algebra, mathematics, business training, art, music, physical education, history, civics, sociology, biology and geography. To date 250 girls have been graduated from high school and 587 from eighth grade. Besides the new modern gymnasium the school building includes a well equipped practice kitchen, well stocked library with good selection of magazines, newspapers, fiction and reference books, auditorium with seating capacity of 270, and a movie projector for showing 16 MM films. The staff includes full-time recreation director to direct the well rounded physical education and recreation program.

The girls receive domestic training by actual practice in the cottages where they live. They also receive religious training with chapel services conducted by a minister each Sunday. A program of rehabilitation is being carried out through the carefully planned work of the school, the dormitories in which the girls live, and the administration of the institution.

WEST VIRGINIA INDUSTRIAL HOME FOR COLORED GIRLS**Lakin**

Superintendent: Mary E. Brooks. Secretary: Marion E. Brannon. Population: 27.

The West Virginia Industrial Home for Girls was established in 1921 by an act of the Legislature and the buildings were formally opened on March 11, 1926 at Huntington.

During the past year the move was made from Huntington to Lakin where the institution is housed in the buildings formerly occupied by the West Virginia Industrial School for Colored Boys.

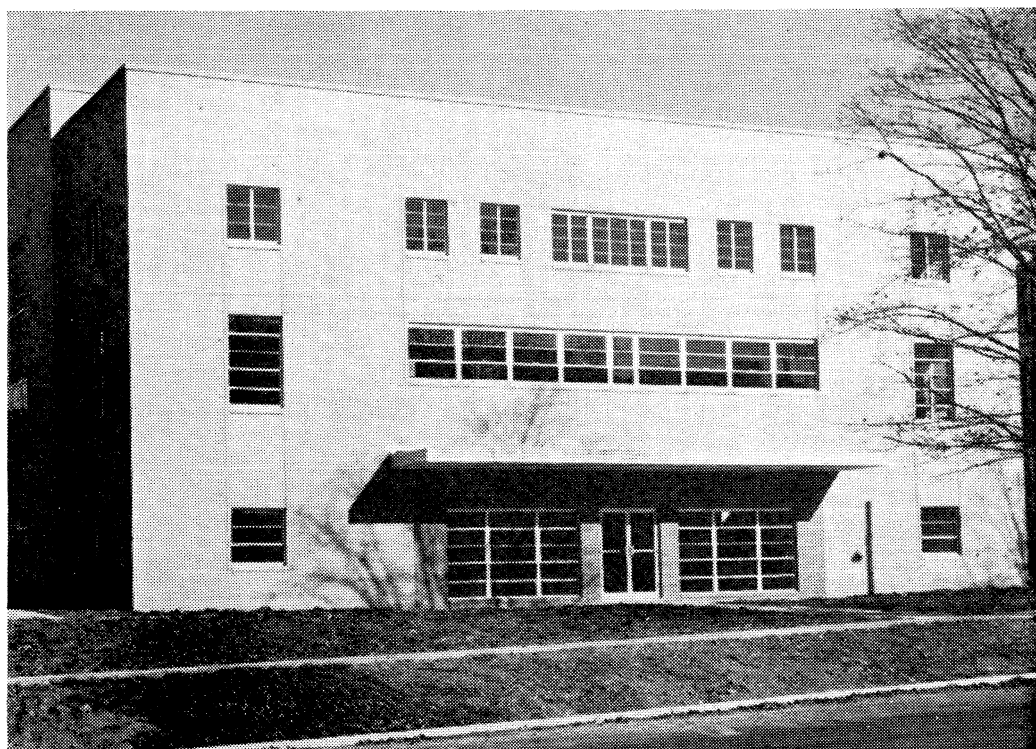

The program is primarily dedicated to the treatment and training of juvenile offenders, whose anti-social behavior has placed them in conflict with the law of their respective communities.

Participation in worth while activities and projects of various kinds is encouraged as a part of the institutional program.

Community participation, group singing, religious activities, 4-H projects, recreational and organizational affairs provide a source of great interest.

Elementary grades are provided by the State, in connection with the educational program at this institution. Some students, through special arrangements, have attended high school.

WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS

Pruntytown

Superintendent: Jesse E. Riley. Business Manager: Rufus L. Yost.. Enrollment: 275.

West Virginia Industrial School for Boys is located at Pruntytown, two miles west of Grafton, on U. S. Route 50. It was established by an act of Legislature in 1889 and was formally opened July 21, 1891. In addition to the principal school buildings which are located on the main campus, consisting of approximately 50 acres, the school owns and operates a farm of approximately 1,900 acres, on which there are located numerous modern farm buildings. The boys who work on the farm are taught the most modern methods of farming with the use of motorized up-to-date equipment. Fifty registered Brown Swiss dairy cows afford an opportunity to a limited number of boys to learn first hand the management of a dairy. The school also has an approved herd of Hereford cattle for beef, as well as turkeys, chickens and Berkshire hogs.

In the field of vocational trades the following are offered: Painting, plumbing, barbering, tailoring, printing, laundering, wood-working, canning, auto mechanics and carpentry. An elementary and junior high school are maintained on approved State standards for the benefit of all the boys. Those under sixteen years of age are required to attend the Academic School for a term of nine months each year. A well-planned recreation and physical education program operates under the supervision of qualified men. A new physical education building with provision for an inside swimming pool has now been completed. A social service department classifies each boy upon his reception, presents him for parole, and maintains liaison between County and State authorities. As much as possible the boys are segregated in cottages according to age and seriousness of the offense for which committed. An honor system has been set up for the benefit of the boys and it is working well. There is an active Boy Scout Troop and two 4-H clubs. A Drum and Bugle Corps consisting of 40 boys has been organized. The Little Mirror, a monthly publication, is published by the class in printing. A full-time Chaplain trained for his work offers religious instruction in the Academic School and holds a weekly religious service for the boys. He also performs work in the field of counseling.

PENAL

WEST VIRGINIA PENITENTIARY

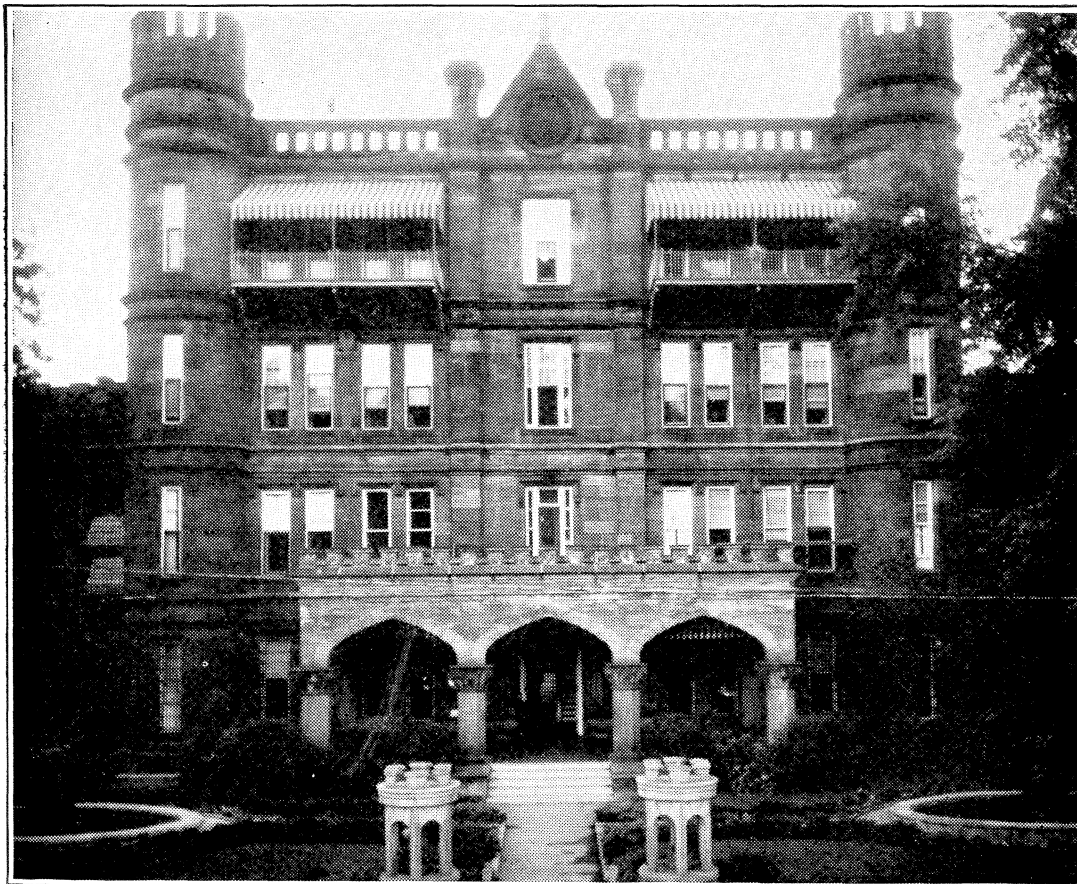

Moundsville

Warden: Ira M. Coiner. Business Manager: W. J. Murphy. Inmates: 1,425. Prisoners assigned to road camps and other institutions: 176. Total: 1,601.

West Virginia Penitentiary, located in the City of Moundsville, just off State Route 2, was established in 1866 by an act of the Legislature. The Penitentiary itself is a six-acre enclosure on a ten-acre tract of land surrounded by a solid wall of hand-cut sandstone, 675 x 395 feet, 24 feet high, 7 feet wide at base, tapering to 28 inches at top, on which is a stone walk-way 42 inches wide. Aimed at reducing the hazards of involuntary idleness, several prison industries have been developed through authority of the 1939 Legislature. These shops are now making commodities for which there is a constant demand in the prison and other state institutions. None of the products manufactured are being sold on the open market. Also contributing greatly to relief of idleness is utilization of prisoners on road construction projects. The 1947 Legislature authorized separate management and control of the West Virginia Medium Security Prison at Huttonsville. The West Virginia State Prison for Women has been established at Pence Springs; therefore, all female inmates have been transferred to the new institution.

A new prison honor camp has been established outside the prison walls, with facilities for housing 200 trusty inmates, thus relieving overcrowded conditions.

In recent years a vocational and educational program has been established. Prison inmates may now acquire a High School Equivalency Diploma, and receive training in a number of vocations.

MEDIUM SECURITY PRISON

Huttonsville

Warden: Ira E. Briers. Business Manager: H. B. Walsh. Inmates: 500.

The Medium Security Prison is located on a farm near Huttonsville and is 18 miles south of Elkins on U. S. Routes 219 and 250. It was established by an act of the Legislature in 1937 and was designed to relieve over-crowding at the West Virginia Penitentiary and at the same time aid in the rehabilitation of prisoners. The majority of the inmates are employed in general farm work but many are employed in other vocational trades. They are quartered in modernly equipped dormitories in which there are no cells. The farm consists of 5,000 acres of which approximately 2,000 acres are suitable for cultivation and pasture. The farm products produced are in excess of the needs of the institution and are sold to other state institutions. The 1947 session of the Legislature separated the Medium Security Prison Farm from the West Virginia Penitentiary and established it as a separate institution. All provisions of the law applicable to the Penitentiary are in effect, except that criminal proceedings against inmates of this institution are brought in the Circuit Court of Randolph County.

WEST VIRGINIA STATE PRISON FOR WOMEN**Pence Springs**

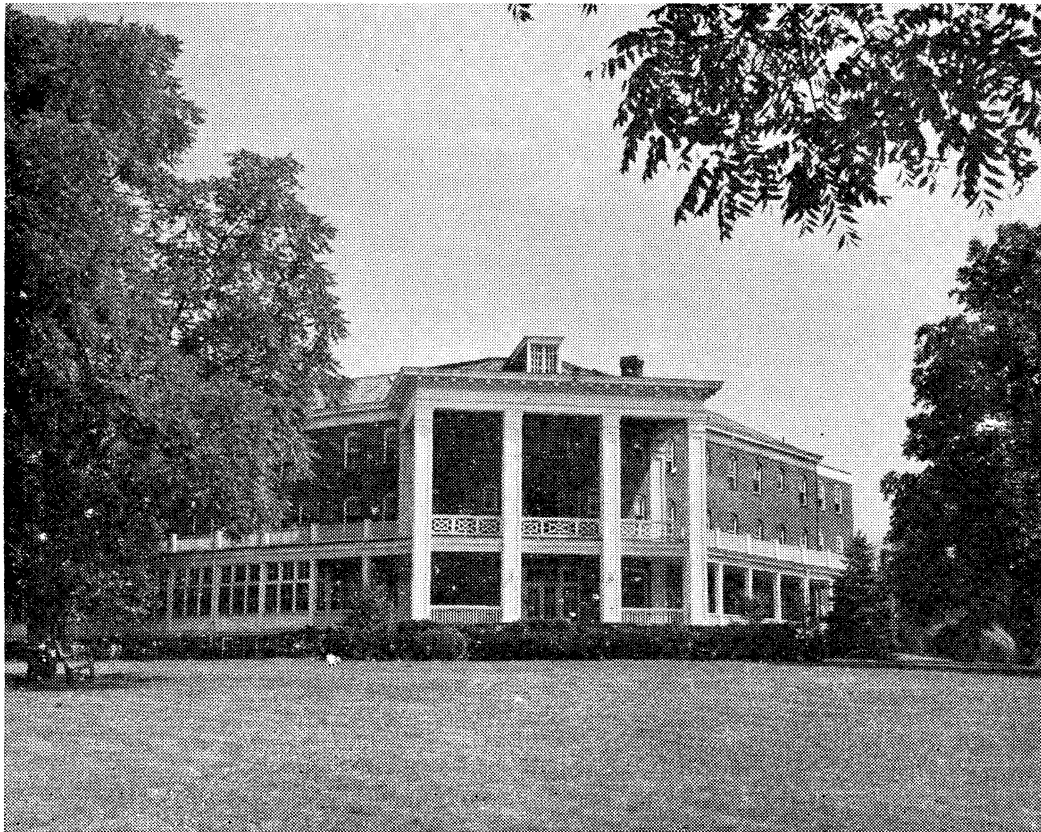

Superintendent: Mrs. Mabel T. Sims. Financial Secretary: Miss Mary D. Barry. Capacity: 130 Inmates. Present population: 56.

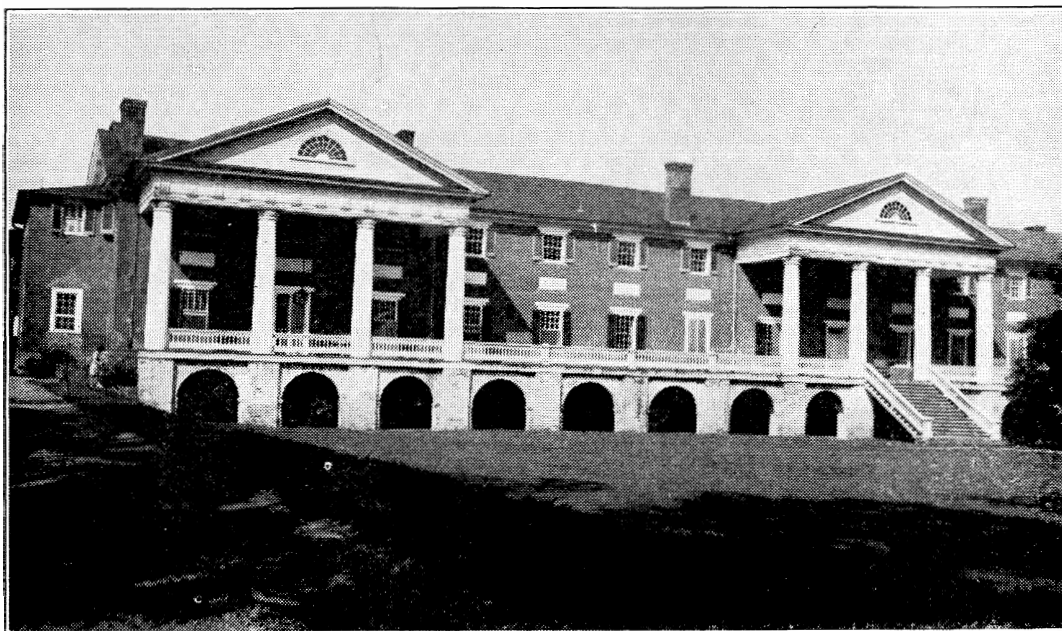

Established by an act of the Legislature in 1947, the West Virginia State Prison for Women is located at Pence Springs, Summers County, near the City of Hinton. It is situated on a 203.6-acre tract (119 acres, which is mostly mountainous land, and was acquired in 1954).

The physical plant consists of the prison proper, which includes one large main building housing the inmates, women employees, offices, infirmary, security unit of solitary, recreation room, freezing and cooler lockers and class rooms; one smaller building containing the cannery in the basement with modern fixtures for the mass production of canned and frozen foods. On the main floor is an auditorium with a seating capacity of one hundred and movie projector equipment for the showing of 16 mm films each week and on all holidays. Also, on the main floor are the sewing machines and looms for weaving. Garments are made for the use of the institution and on a contract basis for other state institutions. Classes in weaving are taught and articles sold to keep this craft in progress.

In addition to these two buildings, there is a cottage for the superintendent, a duplex to house guests of the institution and an apartment for the financial secretary; a chicken house and a sewage disposal plant unit. A percentage of the land is taken up in river bottom land, where farming is done on a large scale, supplying the institution with produce in the summer and canned goods as well as frozen vegetables and fruits for the winter months. The crafts are utilized for the relief of idleness in addition to giving those vocational training where it is necessary. Tennis and badminton equipment are available in addition to softball and baseball.

A complete program of rehabilitation is carried out in this institution and all inmates are on their honor from the day of admission. As a means of public relations our inmates started serving civic and church dinners to nearby organizations through the use of their commissary funds, which has paid good dividends. The inmate choir and sextette are now much in demand and make public appearances which has become one of the best means of acquainting the average citizen of West Virginia with our modern work in penology.

Barboursville

Superintendent: (Vacancy). Physicians: Raymond H. Curry, M.D. and W. D. Bourn, M.D. Business Manager: John Queen. Number of Patients: 397.

The Barboursville State Hospital, located at Barboursville, Cabell County, and reached by U. S. Route 60, was opened January 20, 1942. The hospital was originally called Barboursville Unit of Weston State Hospital. The 1947 Legislature changed the name to Barboursville Unit of Huntington State Hospital, and the 1949 Legislature, established it as Barboursville State Hospital. The State in 1941 purchased 23.76 acres of land and the two buildings which were formerly used as dormitories for Morris Harvey College, and patients were moved into the hospital as soon as each section was reconditioned and equipped. On August 1, 1942, the hospital had a population of 270 patients, its capacity at that time. Additional space has been provided through renovation of one of the buildings until the hospital had facilities for 315 patients. The 1947 Legislature made an appropriation for an Administration Building and a Storage Building. These two buildings have been completed and are now in use. The 1949 Legislature made an additional appropriation for construction of a modern laundry building and for renovation of the old buildings, and upon completion of the renovation and the additional space provided by the removal of the administrative offices from one of the dormitories to the new Administration Building, it has a capacity of 402 beds.

BERKELEY SPRINGS SANITARIUM

Berkeley Springs

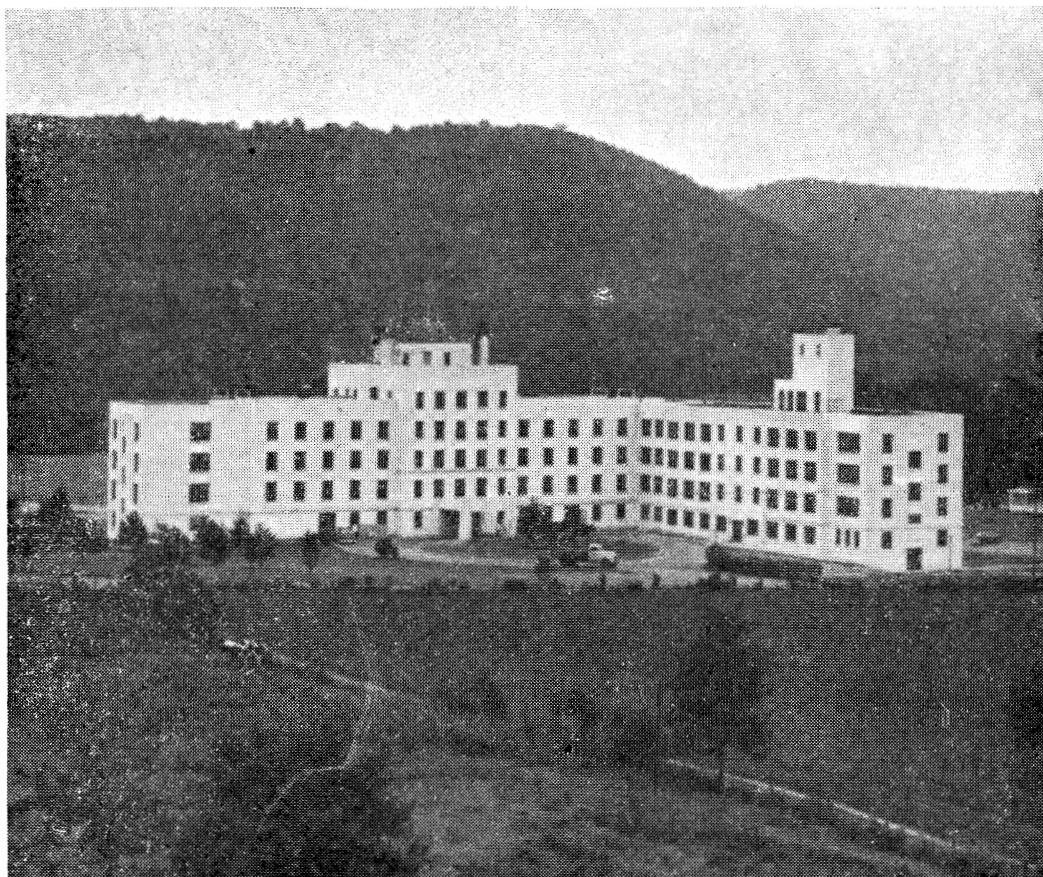

Superintendent: Gracen B. Heare.

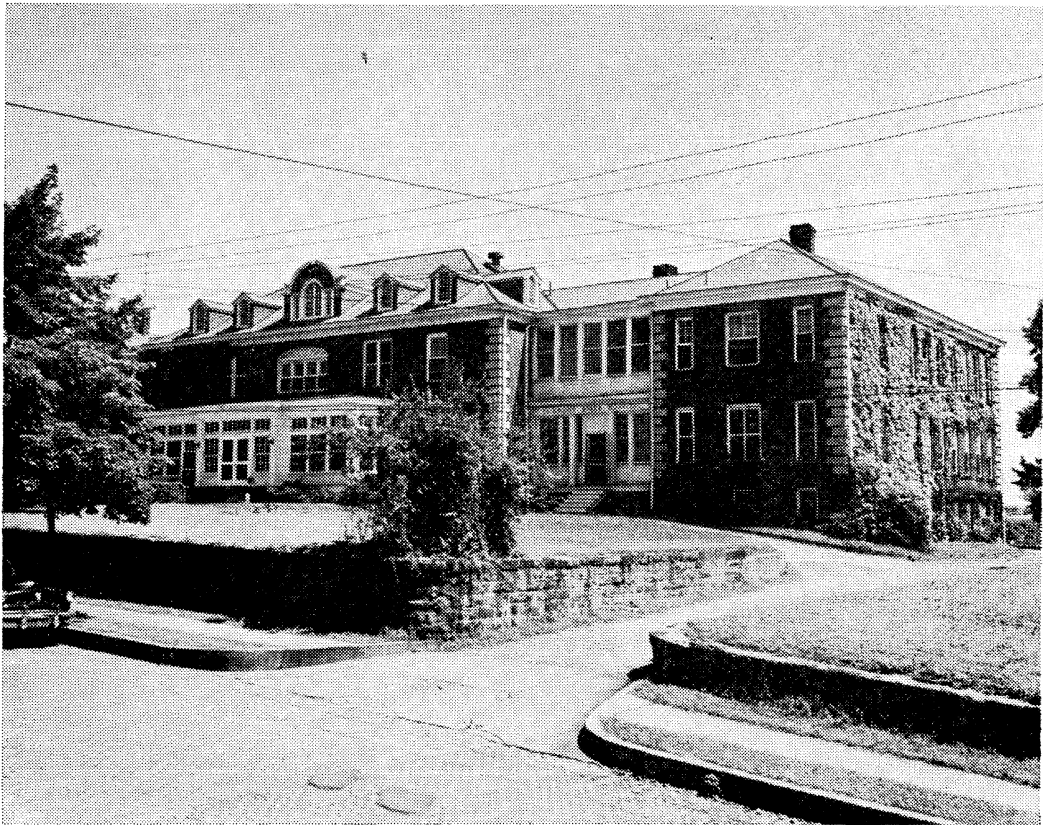

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736. The 1939 Legislature authorized the Board of Control to lease this institution and grounds to private interests to encourage restoration of the spa to the position of national importance that it held from the time of President Washington until the Civil War. The temperature of the spring water is 74.3 degrees and is invariable, and is said to be helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool with modern dressing facilities and sunbathing, and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel and boarding house facilities.

HUNTINGTON STATE HOSPITAL

(Mental)

Huntington

Superintendent: Dr. Hiram W. Davis. Business Manager: Homer E. Peyton. Patients: 1,468.

Huntington State Hospital, located in the City of Huntington, was established in 1897 by an act of the Legislature as a Home for Incurables. The name of the institution was changed in 1901 to the West Virginia Asylum and in 1916 to Huntington State Hospital.

The hospital is devoted to the treatment of the mental illnesses of children and adults. The hospital receives both voluntary patients and legally committed patients. The prevailing types of treatment for the mentally ill are administered.

The physical plant includes six ward buildings for patients, an administration building, quarters for employees, residence for the superintendent, three residences for physicians, main kitchen, shops, power house, laundry, and a building for occupational therapy and recreation. An infirmary building designed for the treatment of the physically ill patients is equipped with operating rooms, laboratory, X-ray, physiotherapy, and dental equipment. The grounds, 35 acres in extent, are well shaded by several hundred virgin trees with numerous shrubs and recent plantings.

The hospital farm, consisting of 698 acres, is located on the Guyandotte River, a mile southeast of Barboursville and is served by State Route No. 10. The farm is devoted to the purposes of providing poultry, eggs, pork, and milk for the patients at Huntington State Hospital. A registered herd of Holstein milk cows is maintained.

LAKIN STATE HOSPITAL

(Mental)

Lakin

*Superintendent: S. O. Johnson, M.D. Business Manager: L. W. Hemmons.
Number of patients: 502.*

This institution is located in Mason County, nine miles north of Point Pleasant on State Route 62. It was founded by an act of the Legislature in 1923 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders.

There are two main ward buildings of three stories each, one housing male and the other female patients. Other fireproof structures include a two-story office building, hospital cannery, two recently constructed modern dormitories, one for female and the other for male employees, heating plant, duplex for physicians and a new medical center which is presently being used for short term in-hospital study diagnoses and treatment and also for out-patient services. In addition, there are on the immediate hospital grounds, six frame reconconditioned structures in which certain allied functions of the hospital such as laundry, canteen, recreational hall and work shops are conducted.

The hospital is a member of the Mental Hospital Institute of the American Psychiatric Association and in 1952, received the Hospital of the Year Award, a national recognition by the American Psychiatric Association, and for six years, 1951, 1952, 1953, 1954, 1955 and 1956, a psychiatric aide of our hospital has been cited for excellency in the care of mentally handicapped patients.

Significant strides along the lines of reorganization and reform have been made. This has resulted from the interest and coordinated efforts of higher calibre workers and has been reflected in more scientific treatment and rehabilitation programs, reduced mortality and a large and consistent release of improved patients to their homes and occupations.

Persistent attempts have been and are still being followed through to secure and maintain community understanding, support and interest. Our out-patient services, mental hygiene clinic services, hospital auxiliaries and our participation in community civic activities have proved most effective in morale building and have tended to enhance more wholesome hospital-community relations.

Most of the accepted methods of treatment including psychosurgery, electroconvulsive therapies, insulin shock therapy, psychotherapy, individual and group therapy, occupational therapy, recreational therapy and music therapy in addition to indicated drug therapies, are utilized to advantage in an effort to make the institution a treatment hospital rather than an institution of custodial care.

SPENCER STATE HOSPITAL**(Mental)****Spencer**

Superintendent: Isaac C. East, M. D. Business Manager: Robey C. Knight.
Patients: 1,034.

The Spencer State Hospital property consists of 475 acres located in Roane County, one-fourth mile from the City of Spencer, and the hospital itself is located on a 180-acre tract. The remainder of the land, 295 acres recently purchased, is located two miles from the hospital and serves primarily as a watershed for a dam that impounds approximately 25 million gallons of water. The hospital, originally designated as the Second Hospital for Insane was established to relieve the overcrowding at the Weston State Hospital.

This hospital is maintained for the treatment of mental and nervous disorders, including epilepsy, mental deficiency, alcoholism and drug addiction.

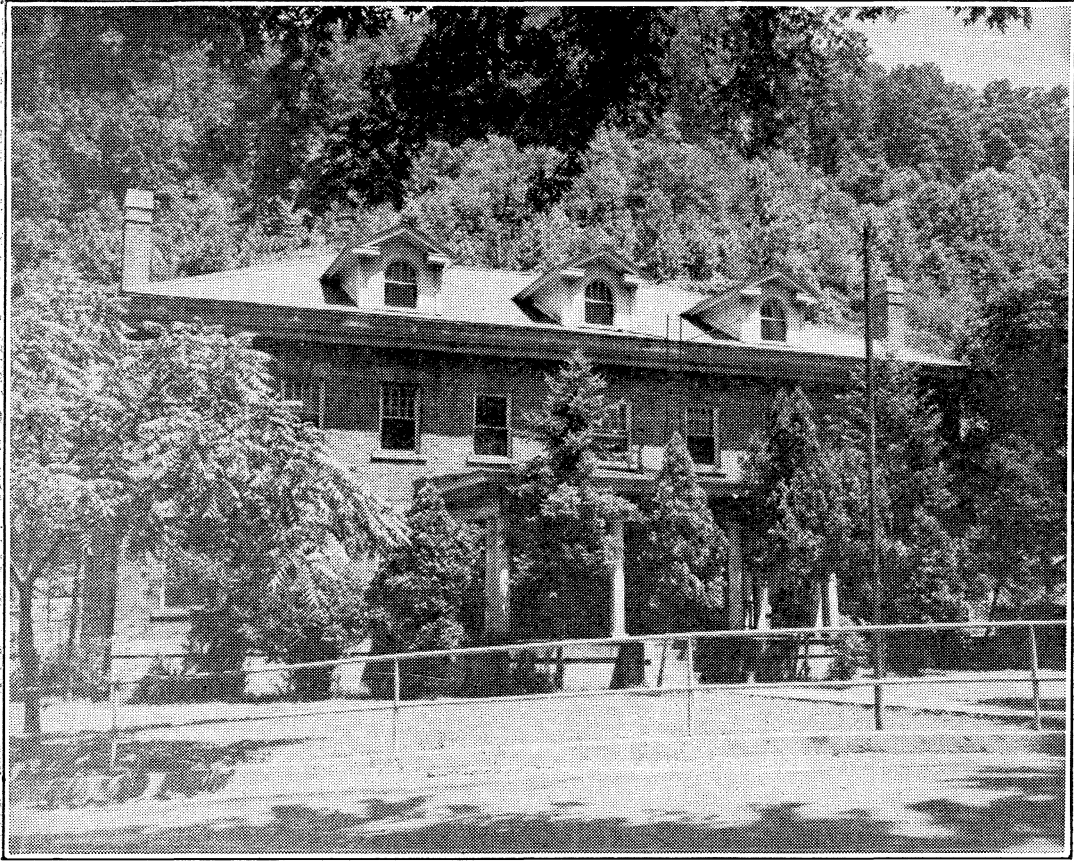

Volunteer patients may be received in the main hospital and in the Clinic division by signing an application form for admission at the hospital and by payment of prescribed fees. Most of the modern methods of treatment are available, including electro-convulsive therapy, individual and group psychotherapy, occupational therapy, recreational therapy, hydrotherapy and psychosurgery.

An 87-bed Clinic building, one of the finest of its type in the country, was opened in 1952. The utilization of the three wards in the old Clinic building as a Men's Reception Ward, a Women's Reception Ward and an Infirmary Ward has greatly improved the treatment facilities. The hospital maintains a well equipped Clinical Laboratory and X-ray Department.

Volunteer groups from the City of Spencer have added tremendously to the Occupational Therapy and Recreational Therapy program. This hospital is most grateful for the help rendered to many patients by these fine citizens who have done so much to improve our community relations.

The Women's Division of the hospital has been remodeled and fireproofed recently. The hospital is a member of the West Virginia Hospital Association and the American Hospital Association.

WELCH EMERGENCY HOSPITAL

(Surgical)

Welch

Superintendent: Irvine Saunders, M.D. Financial Secretary: Mrs. Emily Marie Haga.

Welch Emergency Hospital, located in the City of Welch, was established in 1899, on a three-acre tract given to the State by J. J. Sperry for this purpose. Its particular service was to the miners in that region, but now takes care of a large part of the charity cases of Southern West Virginia. The patient load has increased, the average daily census now being 106 patients. An accredited training school for nurses had been maintained in connection with the hospital since 1914, but was discontinued January 1, 1944. Improvements made during the past year include the installation of completely new kitchen and operating room equipment, and air-conditioning.

WESTON STATE HOSPITAL**(Mental)****Weston**

Superintendent: H. Sinclair Tait, M.D., F.A.P.A. Business Manager: Henry J. McKinley. Patients: 2,300.

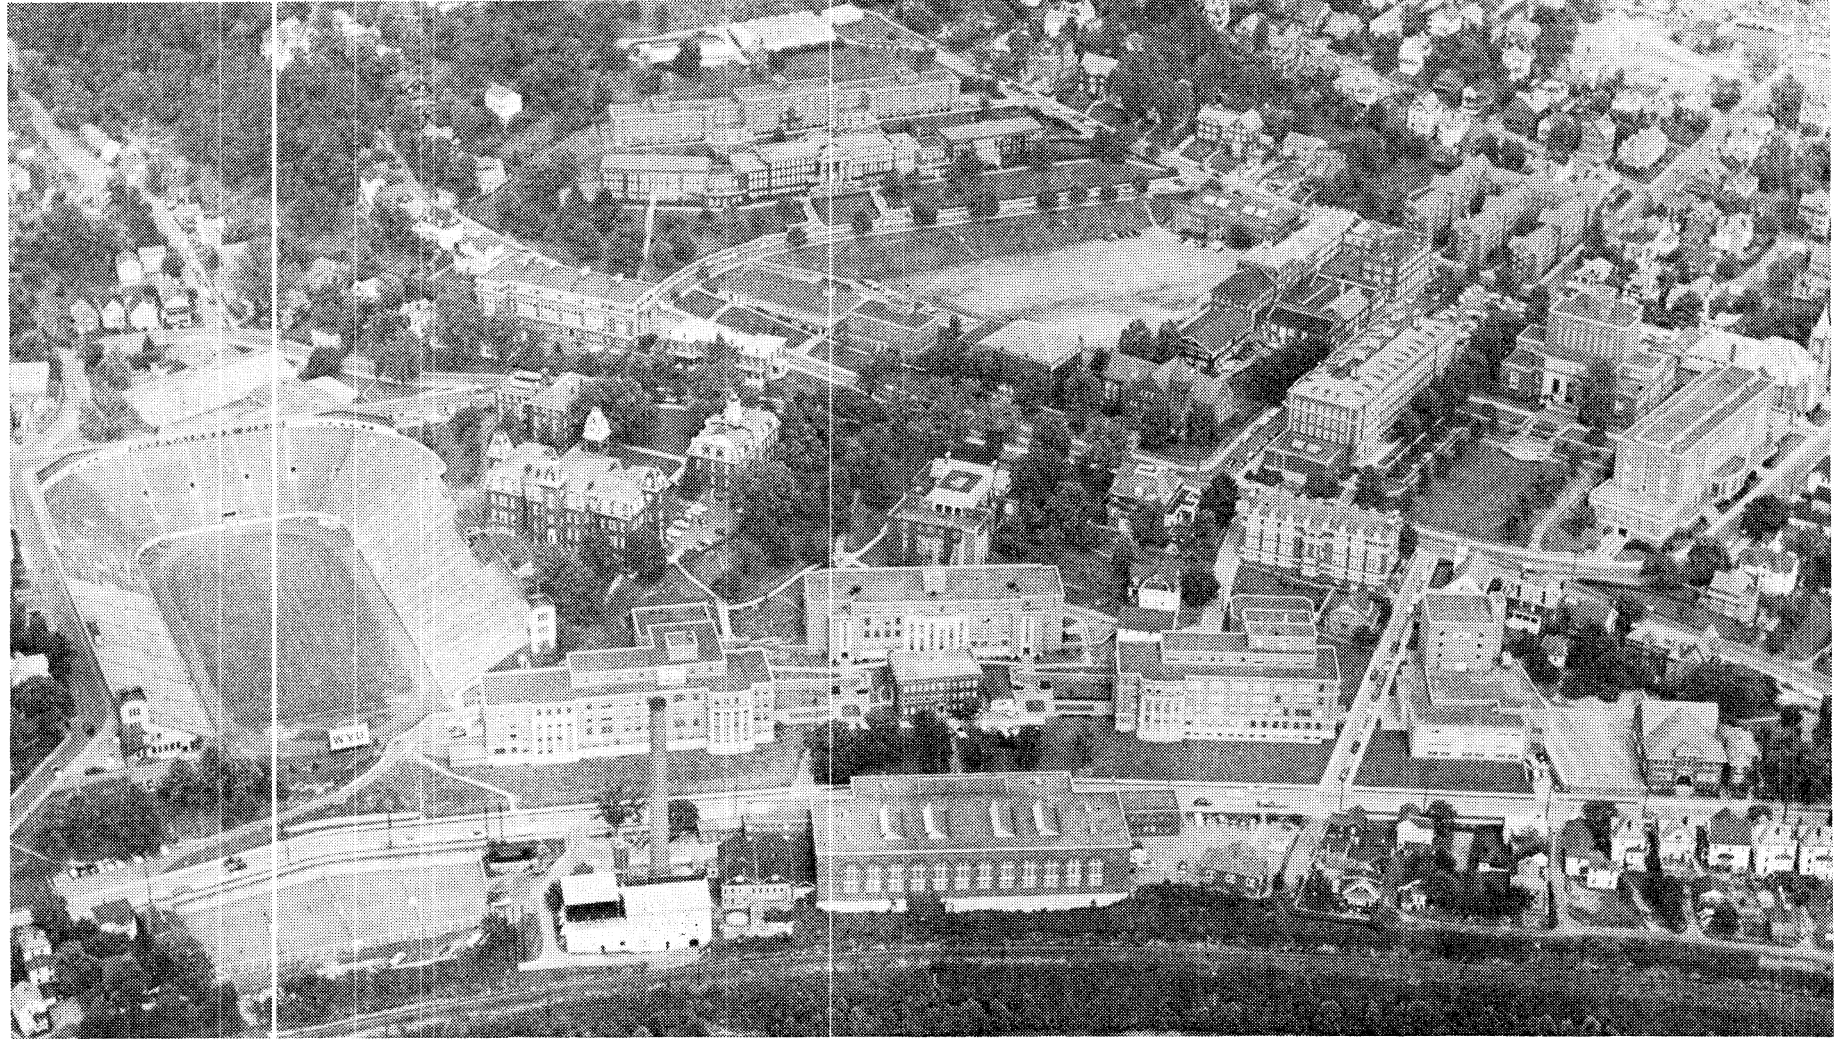

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864. The hospital has grown from an initial capacity of 35 patients to 2,300.

The hospital is maintained and equipped to provide adequate treatment for all types of mental and nervous illness, both voluntary and court committed; in addition, all mentally ill tubercular patients in the entire state are cared for in a specially constructed building which now houses 279 patients. A surgical section has been added whereby all types of tubercular surgery are provided. In addition, a modern specially constructed building has been erected to take care of all criminally insane in the State. A 106-bed neuropsychiatric clinic building is in operation and the hospital is equipped to provide all types of treatment, including psychotherapy, hydrotherapy, occupational and recreational therapies, electroshock therapy and psychosurgery. The facilities consist of laboratory, general surgery, X-ray, social services and psychology departments, and an active out-patient clinic. A new personnel building has recently been opened and two new constructions to house patients are soon to replace old buildings which have outlived their usefulness. Plans are underway for the construction of an auditorium and recreation hall and a new medical treatment building. A beautician and a chiropodist have been added to the staff. The medical staff is augmented by a group of medical and surgical consultants in the various specialties. On May 20, 1955 a section of the male wards was designated as the West Virginia Soldiers' Home and is administered by the Veterans Administration and the medical hospital staff, all war veterans being admitted here for treatment.

A registered herd of Holstein and Guernsey cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in the modern pasteurizing plant fully approved by the State Board of Health.

The building and outlying farms occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide excellent recreational facilities for the patients.

OFFICIAL MUNICIPAL REGISTER

(Corrected to October 1, 1956)

CLASS I, II AND III CITIES

Under the provisions of Chapter 56, Acts of the Legislature, regular session, 1939, municipal corporations are classified by population as follows: (1): Population in excess of 50,000, Class I city; population more than 10,000 and not more than 50,000, Class II; and population more than 2,000 and not more than 10,000, Class III city. Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Population is determined on the basis of the last preceding census taken under the authority of the Congress of the United States or the Legislature of West Virginia. Census of 1950 is used as basis in determining class of cities listed in Register.

Salem—Harrison County

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it

for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway Route No. 23 pass through it. It is the birthplace of Congressman Jennings Randolph and the great writer, Granville Davison Hall, author of **Daughter of the Elm, The Rending of Virginia**, and many other historical books.

MILITARY

WEST VIRGINIA NATIONAL GUARD

(Corrected to September 1, 1956)

WILLIAM C. MARLAND, *Governor*
Commander-in-Chief

CHARLES R. FOX, *Major General*
The Adjutant General

The West Virginia National Guard is authorized and governed by Article I, Chapter 15, of the West Virginia Code and is constituted as both State and Federal force by authority of the National Defense Act approved June 3, 1916, as amended to January 1, 1945, inclusive. The National Guard is a reserve component of the Army of the United States and is composed of officers and enlisted men who volunteer for duty and are qualified in accordance with Federal and State regulations governing same. In time of peace, the National Guard is a State force, controlled by the Adjutant General as a principal military representative of the Commander-in-Chief. The Adjutant General issues, in the name of the Governor, all orders to the National Guard, disburses funds appropriated by the State Legislature for this purpose and acts as Chief of Staff for the Commander-in-Chief. In the event of war, insurrection, rebellion, invasion, tumult or a case of imminent danger of said events, or in the event of public disaster, the Governor has the power to order the West Virginia National Guard or any part thereof, into the active service of the State and to cause them to perform such duty as he shall deem proper. The National Guard is equipped and paid by the Federal Government, but must meet certain organizational and training standards to qualify for Federal recognition. When Congress declares a national emergency and authorizes the use of armed forces requiring troops in excess of those in the Regular Army, the President of the United States may order the National Guard into the active military service of the United States. Initial enlistments in the National Guard are for a period of three years with reenlistments authorized for either one or three years.

FIRST, SECOND AND THIRD CLASS POST OFFICES

The postmasters of these offices are appointed by the President and confirmed by the Senate.

C, offices having city delivery; G, offices located in Government buildings; V, offices having village delivery.

Public Law 68, effective December 3, 1955, sets the following salary schedules for Postmasters of the 1, 2 and 3, classes. Postmasters at that time were converted to the step corresponding to their salaries as of December 2, 1955. Starting salaries of all postmasters appointed from outside the service are at the first step of the salary range shown for the level applicable to the office. After 1 year's service, the postmaster is advanced to step 2, and a year later to step 3, etc., until he reaches the maximum step for his position level, except that advancement of postmasters in level 10 and above, beyond step 4, is based on superior performance.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 48 stars arranged in six horizontal and eight vertical rows, each star with one point upward. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission. The proportions of the Flag as prescribed by Executive Order of President Taft, October 29, 1912, are as follows:

Hoist (width) of flag.....	1.
Fly (length) of flag.....	1.9
Hoist (width) of union.....	7/13
Fly (length) of union.....	0.76
Width of each stripe.....	1/13
Diameter of star.....	0.0616

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

STATE CAPITOL

West Virginia's Capitol Building, one of the world's beautiful examples of Italian Renaissance architecture, stands on the north bank of the historic Great Kanawha River in the capital city of Charleston. Its golden dome, rising 300 feet, is a landmark visible both day and night from a number of distant points in the city.

Completed in 1932 at a cost of nearly \$10,000,000, the building was designed by Cass Gilbert, an architect of international prominence.

WEST VIRGINIA STATE FLAG

The huge U-shaped structure consists of a main unit and two wings which are situated on 16 acres of ground. There are 333 rooms and a total floor space of 535,000 square feet. Unlike the exterior of Indiana buff limestone, the interior is laid with Imperial Danby Vermont marble.

In the rotunda is a two-ton crystal chandelier which has 15,000 candle power. It is suspended 180 feet above the floor by a gold chain 54 feet long. Sparkling chandeliers in the House and Senate chambers are made of 10,000 separate pieces of rock crystal.

A specially-prepared paint, "Governor's Blue," covers the walls of the outer reception room of the governor's suite, the show room of the Capitol. A tan rug, 26x60 feet and weighing 1,800 pounds, carpets the floor and is said to be the third largest seamless rug in the world.

Directly beneath the executive suite is the State Museum containing numerous exhibits to illustrate the history, science and social conditions of early West Virginia.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunter's rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

STATE FLOWER

Rhododendron maximum, West Virginia's floral emblem, was designated the State Flower by joint resolution of the Legislature on January 23, 1903. This was during the administration of Governor Albert Blakeslee White.

Sometimes called "big laurel," rhododendron maximum is a shrub of the heath family, noted for big beautiful blossoms and evergreen foliage. It has large dark green leaves and clusters of pale pink or white blossoms delicately spotted with red or yellow. At all proper times and places it is displayed as the State Flower.

STATE BIRD AND TREE

The brilliantly costumed cardinal and the majestic sugar maple are the state bird and tree of West Virginia.

These were officially declared state emblems by a legislative committee of five on June 18, 1949, after tabulating votes cast by public school children, college students and representatives of civic, sportsmen and bird study groups. Both the bird and the tree are found in virtually all parts of the State.

1950 CENSUS OF POPULATION

(As prepared by Bureau of the Census, U. S. Department Commerce)

POPULATION OF WEST VIRGINIA, APRIL 1, 1950

(This is the fifth of a series of reports presenting final population figures for selected areas in each State. In this series, reports are numbered alphabetically by States. Additional reports will be issued as final figures for other States become available).

The total population of West Virginia on April 1, 1950, was 2,005,552, according to final figures for the State released today by Roy V. Peel, Director, Bureau of the Census, Department of Commerce. During the previous 10 years, the population of the State increased by 103,578, or 5.4 percent, over the 1,901,974 inhabitants enumerated in 1940. Among the States, West Virginia ranked twenty-ninth in population. The present population of West Virginia is about 4½ times as large as its population 80 years ago when it was first separately enumerated in a Federal census.

West Virginia has always been a State with the preponderance of its population living in rural territory. According to the new urban definition, West Virginia had an urban population of 698,324 and a rural population of 1,307,228. The urban population comprised 34.8 percent of the total population of the State.

Between 1940 and 1950, 27 of West Virginia's 55 counties gained population and 28 lost population. Of the counties which lost population, all but 2 were predominantly rural, and 19 had no urban population at all. The counties of West Virginia ranged in size from Wirt with a population of 5,119 to Kanawha with a population of 239,629.

West Virginia had a total of 214 incorporated places and 77 unincorporated places of 1,000 inhabitants or more. These places ranged in size from Montrose town with a population of 79 to Huntington city with a population of 86,353. The 214 incorporated places contained 802,827 inhabitants, or 40.0 percent of the total population of the State. Of these places 55 had 2,500 inhabitants or more and a combined population of 644,443. The population of the 7 unincorporated places of 2,500 or more was 29,506, and the combined population of the 70 smaller unincorporated places was 103,154.

Under the urban definition established for use in the 1950 Census, urban territory has been defined to comprise (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns, and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. All other territory is classified as rural. According to the definition used in previous censuses, urban territory was designated as all incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not in-

corporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules. Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1950 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas and in unincorporated places of 2,500 or more is classified as urban according to the new definition. Consequently, the special rules of the old definition are no longer necessary.

According to the new urban definition, the 1950 urban population of West Virginia included the following components: (1) The 644,443 inhabitants of the 55 incorporated places of 2,500 or more; (2) the 29,506 inhabitants of the 7 specially delineated unincorporated places of 2,500 or more; (3) the 24,375 persons living in the incorporated places under 2,500 and unincorporated territory in the urban fringes of Charleston, Wheeling, and Huntington. Since the first element comprises the urban population under the old urban definition, the aggregate population of the remaining elements—53,881—represents the net gain in the West Virginia urban population which resulted from the change in definition.

Forest Service

Monongahela National Forest

Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. (a) In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of nearly 150 national forests and the only national forest wholly in West Virginia.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,641,981 acres of which 806,139 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are five ranger districts, each in charge of a district ranger.

Counties in the National Forest, and their current acreage in National Forest ownership are:

Grant	14,126	Pocahontas	276,878
Greenbrier	98,843	Preston	3,891
Nicholas	23,434	Randolph	170,394
Pendleton	60,170	Tucker	93,706
	Webster		64,697

The public forest is administered in cooperation with several conservation agencies, including the West Virginia Conservation Commission. By law, twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for roads and schools.

At Parsons is one of the largest forest tree nurseries east of the Mississippi River. It is used by the West Virginia Conservation Commission.

FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish. Fishing in any of these streams does not necessarily indicate that the Conservation Commission promises the limit of fish to each fisherman. This is intended merely as a guide.

DEPTH AVAILABLE FOR NAVIGATION

(Data furnished by the War Department)

Ohio River—Improvement of the Ohio River, as authorized by Congress in the River and Harbor Act of June 25, 1910, provides for a channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The system of locks and dams throughout the river provides a navigable depth of 9 feet at ordinary river stage. New dams of modern design have been completed near Hogsett, West Virginia, (Gallipolis Locks and Dams), at Montgomery Island, 32 miles below Pittsburgh, Pennsylvania, and at Emsworth Locks, 6.2 miles below Pittsburgh, Pennsylvania.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by 13 locks and dams to afford slack-water navigation for its entire length from Pittsburgh, Pennsylvania, to one mile above Fairmont, a distance of 128 miles. The project is approximately complete and the controlling depth between Pittsburgh, Pennsylvania, and Lock 11 (Uffington, West Virginia) 104.95 miles above the mouth is 9 feet and above Lock 11, 7 feet to the upper limits of the project.

Kanawha River, West Virginia—The existing project provides for the construction of 3 modern dams on the Kanawha River, with twin locks at London, Marmet and Winfield, and the Gallipolis locks and dam on the Ohio River, near Hogsett, West Virginia, to furnish a 9-foot navigable depth from the Ohio to a point 90.57 miles above the mouth. The dams at London and Marmet were completed in 1934, and the Winfield dam in 1937. The Gallipolis locks and dam were completed in October, 1937, thus making available a channel depth of 9 feet from the mouth of the river to the head of navigation.

Big Sandy River, West Virginia and Kentucky, including Levisa and Tug Forks—Under the existing project, 3 locks and dams were constructed on the main river, and one lock and dam were constructed each on Levisa Fork and Tug Fork. Only the lower lock and dam on the main river is in operation at the present time to provide slack-water depth of 6 feet from the Ohio River to a point about 7 miles above the mouth. The remaining two structures on the main river have movable dams which are placed in use only at such times as the needs of navigation require. The Levisa Fork Lock and Dam No. 1 and the Tug Fork Lock and Dam No. 1 have not been operated for several years.

Tygart River Reservoir—The Tygart River Dam, located on the Tygart River, 2¼ miles upstream from Grafton, as authorized by the Public Works Administration January 11, 1934, and approved by Congress in the River and Harbor Act of August 30, 1935, provides for a dam 1,880 feet long and 207 feet high for the storage of 290,000-acre tract of water to control floods and aid navigation in the Monongahela River. The dam has been completed and is now in operation as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania, and the upper Ohio Valley generally.

Bluestone Reservoir Project—This project, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress under the Flood Control Act of 1936. Construction of the project was begun early in 1942; however, the work was suspended in 1944 because of the war emergency. Construction was resumed in January 1946, and has been prosecuted steadily to the present advanced stage of project completion. The dam is 165 feet high and 2,061.5 feet long. The reservoir has a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square-miles. During periods of low and normal flows in New River, the elevation of the reservoir varies about 5 feet, with a minimum pool of 7.8 miles in length and 1,020 acres in area that utilizes about 11,000 acre-feet of the total reservoir capacity. The remaining reservoir capacity will be reserved for impoundment of flood flows as required for flood control.

Little Kanawha River, West Virginia—The existing project provides for 5 locks with fixed dams, to give a navigable depth of 4 feet from the mouth of the river to Creston, a distance of 48 miles. Under this project one lock and dam was constructed and 4 were purchased from the Little Kanawha Navigation Company. Only the lower lock and dam is in operation at the present time to provide a slack water depth of 4 feet from the Ohio River to a point about 14 miles above the mouth. The remaining structures are placed in use only at such times as the needs of navigation require.

DEPARTMENT OF HEALTH

This year we commemorated the 75th Anniversary of the passage of legislation on March 8, 1881, formally creating the first State Board of Health.

From this beginning, together, public health workers have made rapid and dramatic progress in public health organization and administration, the control of communicable diseases, sanitation, laboratory services, health education, medical care facilities, maternal and child health, and vital records until West Virginia, today, has a modern, competent, well organized State Department of Health.

Health conditions are rapidly changing and creating new or additional needs and demands from the public health facility. These are reflected here in the work of the department.

The total budget, which included Federal, State and local funds, for the fiscal year beginning July 1, 1955, and ending June 30, 1956, was \$2,728,730. This was \$489,492, or 22 per cent, more than the 1955 fiscal year. There was a decrease of \$156,024 in state funds, an increase of \$552,215 in Federal allotments due to the polio program, and an increase of \$93,301 in local health funds to offset part of the cut in State funds. These changes resulted in the net increase of \$489,492. State appropriations for fiscal 1957 included an increase of \$115,000 over 1956.

The rate of personnel turnover has been great resulting in the loss of many qualified employees, a loss of work effort through training of new employees and an over-all decline in program efficiency.

During the 1956 fiscal year there were 99 resignations, representing a 27 per cent personnel turnover. This is six per cent more than the turnover for fiscal year 1955 and twelve per cent greater than 1954.

The average monthly employment of full-time employees in fiscal year 1956 was 374 which is 16 less than the 390 average in the previous fiscal year.

This year marks the forty-third since the Hygienic Laboratory was created by the Legislature. The function is to provide laboratory services necessary for diagnosis and control of those diseases spread by infected people or animals, and for those diseases which are the outstanding causes of death or major debility in the community. Many of these services are available in this state only from this laboratory. The services, free of charge, are used regularly by every local health department and practically every public or private medical care agency (including the industrial and private physician) in the state.

In the calendar year, 1955, there were recorded 44,199 resident live births with a birth rate of 22, 1 birth per 1,000 population based on an estimated mid-year population of 2,001,000. (This does not include members of Armed Forces overseas.)

Resident deaths during the year totaled 16,712 with a death rate of 8.4 deaths per 1,000 population. Diseases of the heart, cancer, cerebral accidents, accidents, pneumonia and influenza, general arteriosclerosis, diabetes, nephritis and nephrosis, congenital malformations and premature birth were the leading causes of death.

Deaths in the above total 13,716 or 82.1 per cent of the total of 16,712 deaths reported. The three (3) leading causes of death, a total of 10,491, account for 62.8 per cent of the total deaths. This compares with 16,150 total deaths for 1954, or 562 fewer deaths.

The most encouraging progress in dental health has been the acceptance by local communities of fluoridation of public water supplies. Of 463 approved public water supplies serving approximately one million of our population, there

are presently 28 providing this caries preventing measure to an estimated 650,000 persons. The Bureau is currently encouraging and assisting several more communities to obtain fluoridation.

Considerable time has been spent in communities, where practicing dentists are located, in establishing local dental health programs. These efforts have been most fruitful in Cabell and Kanawha counties where, with active participation of the dental practitioners, dental health councils have been formed. With community cooperation and encouragement, existing clinical services for needy children are either being increased or new facilities added.

This year marks the twelfth anniversary of the Division of Cancer Control and although the shadow of cancer upon American life is widening, the past twelve years have witnessed progress in the fight against it. Public education has armed the average man and woman with knowledge to defend themselves and their families, and has awakened their realization and resolve that cancer can and must be controlled.

The activity associated with the sixteen Tumor Clinics; the many requests for films and speakers; and the increase in the number of applications for assistance from Cancer Control lead us to believe that more people in West Virginia are assuming personal responsibility for obtaining early medical attention. Physicians are aware of our service and during the past year a monthly average of one hundred patients with a symptom of cancer and a financial need were referred by physicians.

The collection of morbidity statistics was maintained as a function of disease control. There were no major epidemics due to any communicable diseases reported during the year.

A permanent register of typhoid carriers was continued; however, due to the lack of adequate personnel, it was impossible to accomplish the necessary and desired epidemiological investigations on the reported cases of typhoid fever and related enteric diseases. There has been much improvement noted in the reporting of typhoid carriers since the preparation and distribution of a manual to the counties for discovery and control of typhoid carriers along with a form for the follow-up of reported typhoid carriers routinely sent to the counties.

A veterinary public health program was initiated in the fall of 1955. During October, a veterinarian from the Communicable Disease Center, Public Health Service, was assigned to develop this program operating from the Division of Communicable Diseases.

This program is designed to encompass consultative, educational and control activities in the field of diseases communicable to man by animals and animal products. These services are available to local health units as well as to other bureaus and divisions of the State Health Department.

In accordance with Public Law 377 of the 84th Congress of the United States, cited as the "Poliomyelitis Vaccination Assistance Act of 1955", the Division of Communicable Diseases submitted a plan to the United States Public Health Service for participation in the Federal grant provided by this enactment for a Poliomyelitis Vaccination Program. The State Health Department was designated by the Honorable William C. Marland, Governor of the State of West Virginia, as the sole agency responsible for the distribution of poliomyelitis vaccine under this act. A Poliomyelitis Surveillance Unit was organized under the Division of Communicable Diseases for the distribution of the vaccine and to perform the necessary surveillance and investigations.

A subsequent enactment continues this Federal grant until June 30, 1957.

The prophylactic penicillin program for patients with rheumatic fever has been continue. The West Virginia Heart Association has cooperated in this program by purchasing the penicillin and bicillin for distribution to the private physicians and by offering advisory and educational assistance. Currently, 310 patients have been accepted in this program; 226 receiving penicillin and 84 receiving bicillin. A total of 155 patients have discontinued prophylactic treatment for various reasons.

Over 137,279 X-rays were furnished free of charge through the operation of one portable and two Mobile 70 m. m. X-ray units for the detection of tuberculosis. This figure represents 6.9 per cent of the total population of the State and was an increase of 32,497 over the preceding year. Education for case-finding and organization for use of these units was accomplished through cooperative efforts of official and voluntary community groups. A total of 534 suspects for tuberculosis were found as a result of these surveys.

A total of 3,946 persons was examined through Diagnostic X-ray Service with 14" x 17" films in 30 counties. Most of these persons were examined as a result of abnormal findings on small film or had symptoms of tuberculosis.

The first International Symposium on Venereal Diseases and the Treponematoses called in Washington, D. C., May 28-June 1, 1956, with representatives from sixty nations, arrived at the consensus that the venereal diseases still posed a serious health problem and that any relaxing in control programs would be inviting epidemic outbreaks in any part of the world. The almost miraculous progress made in therapy and in the reduction of the reservoirs of infection during the past decade has caused many to feel that the venereal diseases were disappearing. This false sense of complete accomplishments has brought about curtailment in machinery for case-finding activities and in many places an increase in incidence has already been noted.

Every case of central nervous system syphilis committed to a state mental institution costs the taxpayers a total of \$10,000.00. The last available national statistics indicates that West Virginia's first admissions to mental institutions for all psychoses due to syphilis per one hundred thousand population is the third highest in the nations. The District of Columbia and Delaware rank first and second. Central nervous system syphilis can be prevented in most cases if treatment is adequate in the early stages of the disease. The house-to-house blood testing service is uncovering many cases of untreated or inadequately treated syphilis that are progressing toward central nervous system involvement. Each case found and through adequate treatment prevented from becoming an institutional commitment saves the State \$10,000.00. The current annual budget from State funds allocated for venereal disease control is only \$5,500.00.

The Bureau of Hospitals and Medical Care, created by the State Board of Health in 1947, licenses general hospitals, specialized hospitals and related institutions, having five or more beds, for the hospitalization or care of acutely and chronically ill or convalescent patients. A total of 140 were licensed during the year.

Since the inception of the Hill-Burton program in 1946, \$45,002,186.93, have been provided for construction of Medical Facilities in the State of which \$15,020,799.00 has been paid for by federal funds through the Bureau of Hospitals and Medical Care. During the coming fiscal year, a total allocation of \$2,155,161.00 of federal funds (Hill-Burton) is expected for eligible projects which will provide additional Medical Facilities for West Virginia.

The ultimate purpose of this program is to provide adequate medical care for the citizens of the State of West Virginia by continually improving the quality of the care through better education of hospital personnel and by making it possible for them to have adequate equipment.

Maternal health is being promoted by clinics and classes in prenatal care, a Motherhood Correspondence Course, and Midwife Licensing. There were 143 midwives licensed during the year, and they conducted 619 deliveries. Supervision of their work is done by local public health nurses.

There are now 76 Well Child Conferences in the state in the interest of helping the infant and preschool child toward better health. Other services include hospital consultation, incubator loan service, and a premature baby follow-up clinic. School age children benefit from two pediatric clinics and one cardiac clinic.

The major portion of funds administered by the State Health Department for mental health purposes has been used to maintain four mental health clinics.

These clinics, in Charleston, Martinsburg, Parkersburg, and Morgantown, operate under the jurisdiction of the local health officers. They offer the teamwork services of psychiatrist, psychologist, and social worker, and provide diagnostic and consultative services to physicians, schools and social agencies, courts, and others, on behalf of patients. They also provide individual treatment, especially in situations where early diagnosis and treatment may serve to prevent mental illness. The clinics have increasingly become centers for disseminating mental health information and education; and for cooperating with agencies and individuals in community-organizing efforts toward improved mental health.

The Bureau of Nutrition has continued to give consultant service and in-service training in nutrition to other professional personnel; to stimulate and assist in planning the inclusion of nutrition in educational programs; to select, prepare, and distribute educational materials; to advise food service managers in institutions where a trained dietitian is not employed; and to give a limited amount of direct service to patients at clinics for children. The constant objective is the improvement of the health of West Virginia families through education in good food habits.

Public health nursing participation is required to put into action many phases of the public health program. The public health nurse works primarily with families, and in her family health service emphasizes principles of healthy living for the family, which includes mental health, nutrition, and medical and dental health supervision.

During the year for which this is a report, the State Committee of Barbers and Beauticians conducted three examinations and examined a total of 220 applicants. There was a total of 123 certificates of registration issued to barbers and beauticians, with 146 additional persons obtaining registration as junior barbers and beauticians.

The Division inspected 1,192 barber shops and 1,178 beauty shops approximately four times during the year with the idea of improving the sanitary condition of all shops.

Most of the work in the occupational health field being done is at the request of management and labor organizations, where it is believed that environmental conditions are undesirable from a health standpoint. Also, the Bureau of Industrial Hygiene has continued its policy of providing technical information to other State agencies.

The elimination of environmental sanitation defects is a gradual process and results from many forces coming into play. One strong force for developing a clean, safe environment is the activity of competent, professional workers in health departments. Without such workers many improvements will not be forthcoming. The betterment of human environment in West Virginia has been markedly improved during the life of the State Department of Health, but complacency because of past progress only tends to obscure the needless substandard conditions which exist, and will continue to exist, unless more realistic support is given to health department activity.

Recognizing that in the last analysis public health must rest upon education, the Bureau of Public Health Education devotes the major portion of its time providing services for staffs of the bureaus and divisions of the State Department of Health, local health departments, other official and voluntary agencies, members of the State Department of Education, local school administrators and teachers, agencies and representatives of various community organizations, newspapers, radio and television stations and departments whose programs impinge upon the broad program of public health education within the State.

The State public health program must continue to keep pace with the increasingly complex health problems in order that our citizens can live healthier, happier, more abundant lives, secure in the knowledge that they are protected to the full extent of modern, scientific public health services.

ANALYSIS OF EXPENDITURES

PART I—SUMMARY

INCOME

Revenues collected for the operation of state government are deposited into various funds as provided by statute and the constitution. Many of these funds are dedicated for specific purposes and are carried in separate accounts and expended only for the purposes authorized by law. These include the General School Fund, State Road Fund, Federal Funds, and various others designated as Special Revenue funds. Approximately 52% of all revenue is within this group of dedicated funds. All revenues not dedicated for specific purposes are deposited into the General Revenue Fund, from which the legislature makes appropriations for the operation of the various departments, schools and institutions.

Total revenues for the fiscal year ending June 30, 1956 amounted to 197 Million Dollars as compared to 174 Million for the previous year, an increase of some 23 Million Dollars. Of this increase, approximately 10.6 Million is due to revenue measures enacted by the Legislature affecting gross sales tax, racing fees, special surplus funds, and a one-cent increase in gasoline tax; and the remainder can be attributed to improved economic conditions.

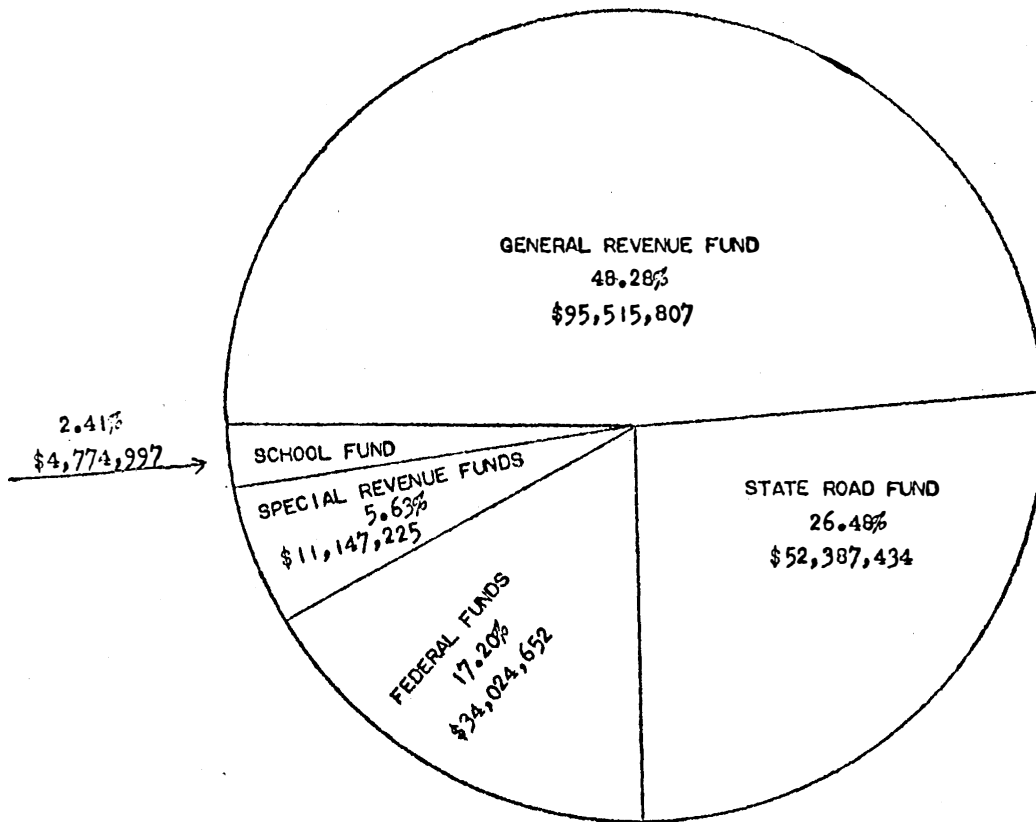

EXPENDITURES

The expenditure summary presented herein is itemized to show total expenditures by function of government without regard to the fund from which paid. Inter-fund transfers are eliminated so as to reflect actual operating costs.

From an expenditure viewpoint, education is the major function of government. Approximately 36% of the state dollar was expended for education, the major portion of which was distributed to the counties in the form of state aid to schools. Highway expenditures are second, accounting for 25% and these are followed closely by expenditures in the field of health and welfare, which accounted for 22% of the state dollar. The remaining 17% covers all other costs of state government including capital outlay, veterans' bonus bonds, and operations of the legislative, judicial and executive branches. Additional information on each of these major functions is presented in Part II of this chapter.

PART II—EXPENDITURES BY FUNCTION

The section which follows is intended to provide additional data on state expenditures by functions of government for the fiscal year ending June 30, 1956. It describes the various programs under each function of government summarized in Section I as follows:

Function	Expenditures 1955-56	Percent To Total
Education	\$ 69,352,065	36.13
Highways	48,122,283	25.07
Health and Welfare.....	42,000,516	21.89

TOTAL	\$191,918,331	100.00

EDUCATION

36.13% OF TOTAL EXPENDITURES—\$69,352,065

Education, from an expenditure viewpoint, represents the major function of state government. Approximately 75% of all state funds spent for education goes for support of county schools. This state aid to counties is allocated for the general foundation school program, vocational education, hot lunches, handicapped children's program, and free textbooks. The major portion (49.6 Million Dollars in 1955-56) is distributed to the counties on the basis of a formula enacted by the legislature. The remainder is allocated for specific programs as specified by statute or federal regulations where federal funds are provided. The total state contribution represents approximately 64% of the annual operating costs of local schools, which had an enrollment of 457,907 in 1955-56 and employed a total of 16,720 teachers.

Expenditures for operation of West Virginia University, including Potomac State College and the many experimental stations and subdivisions of the University, total \$6,615,759 for the 1955-56 fiscal year. The number of students enrolled increased from 5,551 in 1954-55 to 6,083 in 1955-56, an increase of 532 or 9.6%. Approximately 1.2 Million Dollars were received from the federal government for specified programs. Tuition fees amounting to \$726,091 contributed to the operating costs.

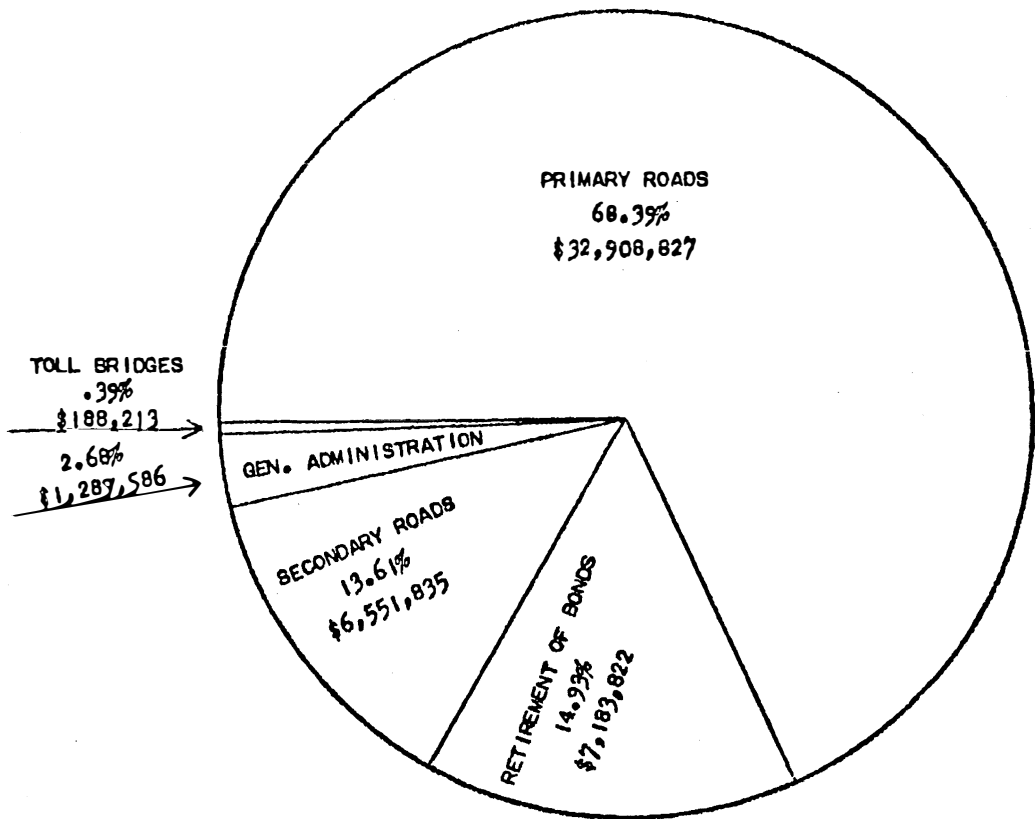

Nine colleges are operated by the state under the control and supervision of the State Board of Education. Total enrollment at these schools for the 1954-55 year was 8,122. In 1955-56 this had increased to 9,344, representing an increase of 1,222 or 15%. Tuition fees collected for the same period amounted to \$994,626.

The 4.5 Million Dollars expended for teachers' retirement represents the cost to the state for matching contributions of its 24,250 members and for prior service pension as provided by law. Over 90% of the members of the retirement system are employees of county boards of education; the remainder are from state institutions of higher learning.

"Other Educational Costs" represent operating costs for schools for the deaf and blind, vocational education program, and administrative costs for the Department of Education and the State Board of Education.

HIGHWAYS

25.07% OF TOTAL EXPENDITURES—\$48,122,283

Highway funds are derived from sale of bonds, federal aid, and motor vehicle taxes such as gasoline tax, privilege tax, and auto license taxes. These funds are dedicated for highway purposes by our state constitution and cannot be used for other purposes.

Net tax revenues (excluding federal aid and sale of bonds) accruing to the state road fund last year amounted to 47.4 Million Dollars. Requirements for principal and interest on outstanding road bonds amounted to 7.2 Million Dollars, or approximately 15% of the tax dollar going to roads.

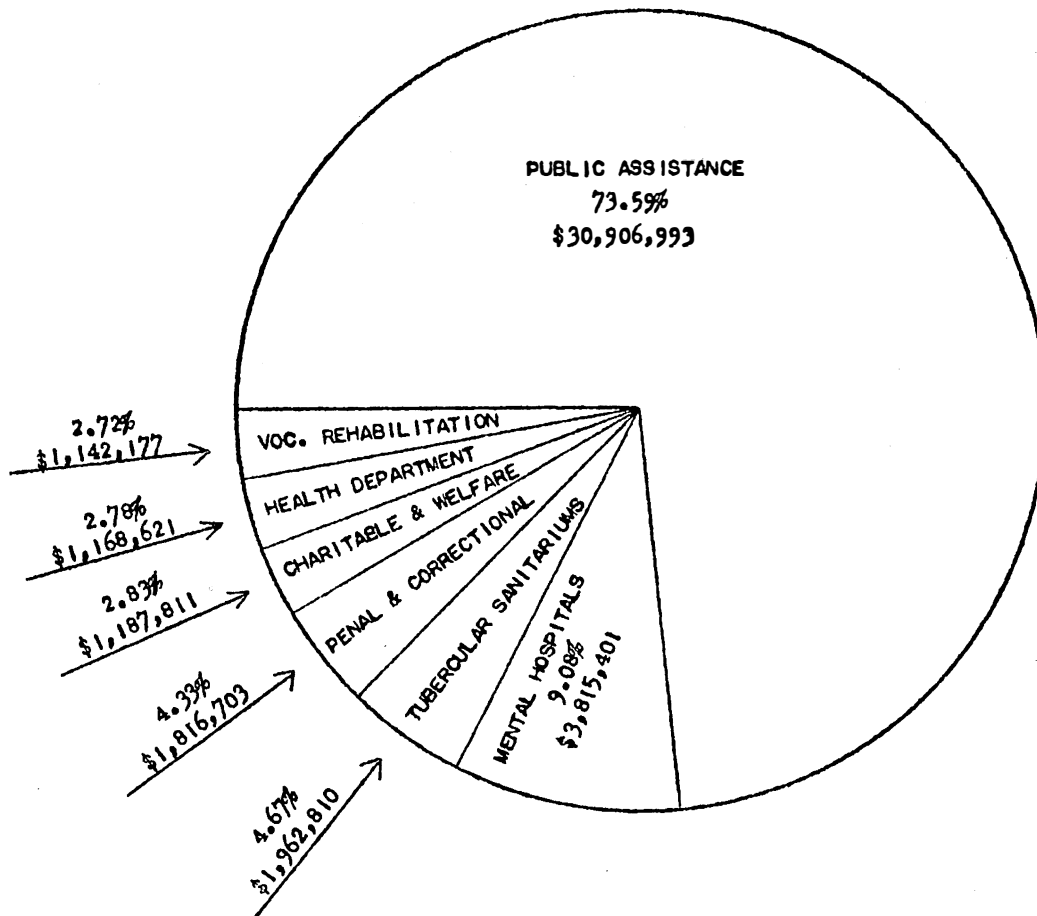

Administration expenses include cost of operation of the Department of Motor Vehicles, which collects the auto license tax and privilege tax, and the Gasoline Tax Division of the State Tax Commissioner's Office.

The State road system consists of some 31,300 miles of roads, of which approximately 5,000 miles are Primary and 26,300 miles are Secondary routes. The responsibility of maintaining this system of highways and providing new and better roads to accommodate the increased traffic is a tremendous task, and is state-wide in scope. In addition to new construction, the Road Commission is responsible for maintenance of existing mileage, highway planning, traffic controls and road signs, snow and ice removal, and landscaping.

The number of motor vehicles registered in the state for the fiscal year 1945-46 was 324,497. During the fiscal year 1955-56 some 585,468 vehicles were registered, representing an increase of 80% in ten years.

HEALTH AND WELFARE

21.89% OF TOTAL EXPENDITURES—\$42,000,516

The public assistance program is by far the largest in the Health and Welfare group and the third largest program in the state, ranking below education and highways in total expenditures. Of the 30.9 Million Dollars expended for this program in 1955-56, 20.7 Million, or 67%, was from federal grants. Expenditures for the various programs were as follows:

	Average No. Cases	Average Grant	Total Expenditures
Old Age Assistance.....	23,492	27.98	7,743,108
Aid to Dependent Children.....	17,835	74.94	15,315,380

TOTAL			30,906,993

The Aid to Dependent Children grants averaged 3.7 persons per case and other programs averaged 1.2 persons per case. Total number of individuals included under all programs totalled 108,616.

The state maintains five (5) mental hospitals which were constructed for a bed capacity of 3,696. The average population at these hospitals during 1955-56 was 5,684 with an average per capita expenditure of \$671. Collections from counties and individuals amounting to \$760,795 contributed to the support of these institutions.

Three tubercular sanitariums are maintained which had an average population during 1955-56 of 819. The per capita cost of operation for 1955-56 was \$2,397 with the total cost paid from state funds. Hospital care is provided at no cost to the individual patients.

Penal and correctional institutions include four (4) industrial schools and three (3) penal institutions. The total population at these institutions for 1955-56 was 2,824 and they were maintained at an average per capita cost of \$643.

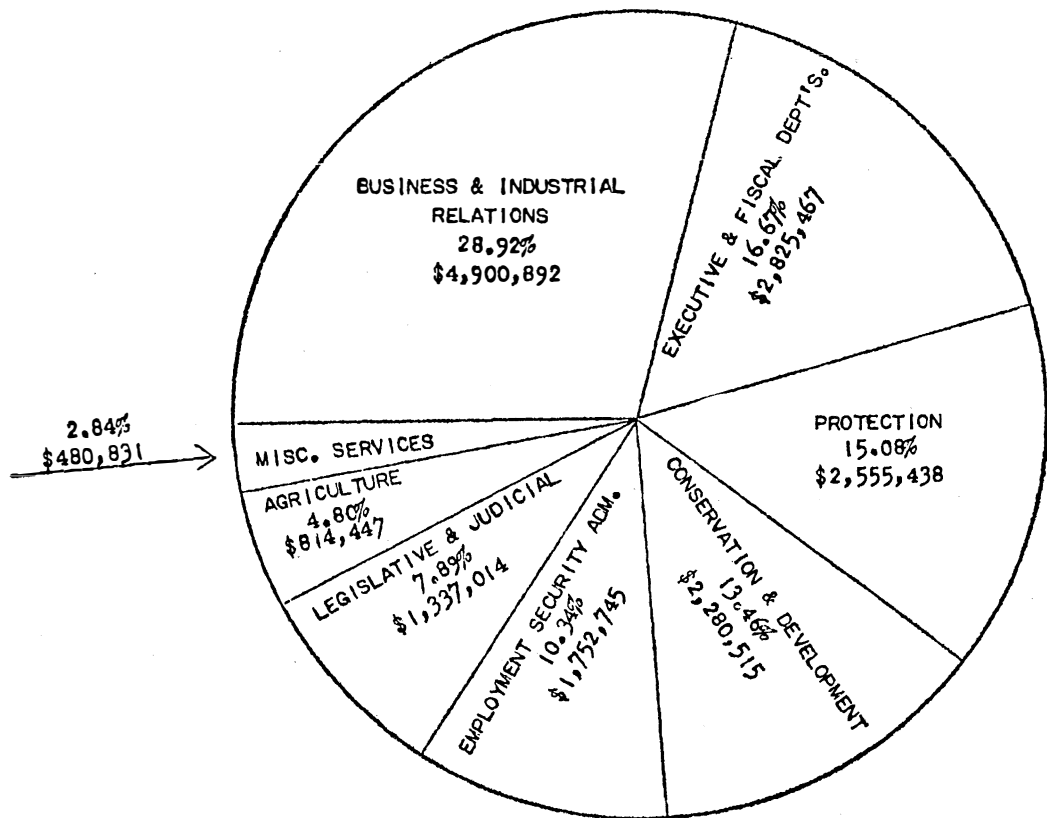

Charitable institutions include children's homes, homes for aged, emergency hospitals, and a training school for mentally defective children.

Expenditures of \$1,168,621 for the Health Department include expenses of the Water Commission and the Division of Barbers and Beauticians. The Director of Health is ex officio member of these two boards. Total expenditures include \$484,865 from federal funds and \$683,756 from state funds. Additional expenditures of \$871,509 were made by the counties of the state in cooperation with the Health Department.

Total expenditure for vocational rehabilitation for 1955-56 was \$1,142,177, of which \$722,732 was from federal grants. The rehabilitation program provides rehabilitation services to our disabled men and women of working age and includes diagnosis, guidance and counseling, medical services, appliances, training and placement.

GENERAL GOVERNMENT

8.83% OF TOTAL EXPENDITURES—\$16,947,349

Activities classified as General Government represent the cost of all departments not classified under Education, Highways, or Health and Welfare, and includes the cost of the legislative, judicial and executive branches of government. Some of these departments operate from special revenue funds dedicated for specific purposes, others from federal funds, and the remaining costs are appropriated from the General Revenue Fund. Expenditures for 1955-56 were as follows:

General Revenue Fund.....	\$ 8,734,220
Special Revenue Funds.....	6,092,970
Federal Funds.....	2,120,159

During the fiscal year 1955-56, expenditures for new buildings and major improvements were made at various schools and institutions. Expenditures for these improvements were divided as follows:

Educational Institutions.....	\$ 1,266,388
Other Institutions.....	1,415,609

VETERANS' BONUS BONDS

2.13% OF TOTAL EXPENDITURES—\$4,094,903

Funds for the payment of the principal and interest on veterans' bonus bonds are derived from one cent tax on cigarettes, a tax of \$2.75 per barrel on beer, and a markup on liquor prices to yield \$1,600,000 per year. These receipts are deposited into a special fund for this purpose. Payments during the fiscal year 1955-56 were as follows:

Principal	\$ 2,940,000
Interest and Service Charges.....	1,154,903
TOTAL	\$ 4,094,903

PART III—COMPARISON OF EXPENDITURES

1954-55 VS. 1955-56

Expenditures for 1955-56 were 4.7 Million Dollars in excess of the fiscal year 1954-55; however, the major part of such increase was in capital outlay which includes expenditures for construction of the medical school at West Virginia University. Some functions of government showed an increase, others a decrease. Some of this fluctuation was due to reduction of appropriations in 1954-55 as a result of decreased revenues, while other factors such as federal grants, change in bonded debt requirements, and new or additional legislation also accounted for some changes.

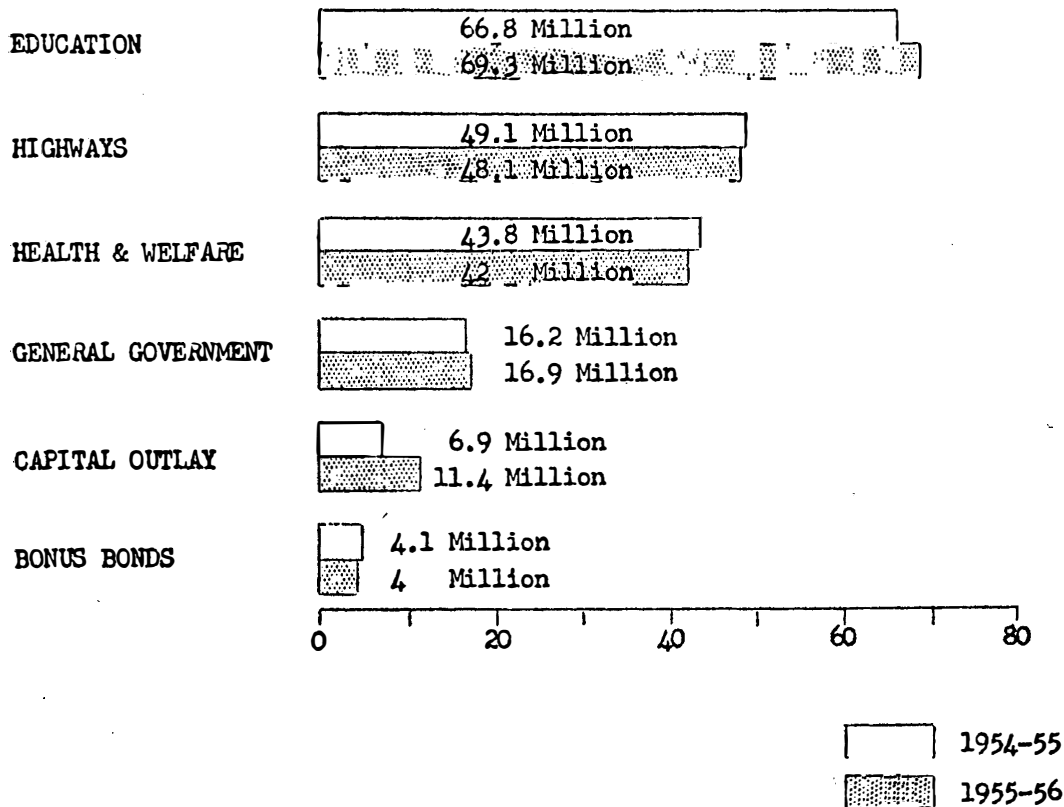

Expenditures for education increased some 2.4 Million Dollars. Approximately 2 Million of this increase resulted from the restoration of previous year appropriation reductions which had been made due to a decline in revenues.

The decrease in public assistance expenditures resulted from a decreased case load for the fiscal year 1955-56 and a corresponding decrease in federal aid.

The sizeable increase under protection was occasioned by the new motor vehicle inspection law and also the three-year fire insurance premium on state buildings which became due and payable during 1955-56.

The chart and tables on the following pages give a comparison of expenditures for the two fiscal years by function of government.

COLLECTION OF REVENUE, BUSINESS AND OCCUPATION TAX AND TRANSPORTATION PRIVILEGE TAX

West Virginia has imposed since 1921 a Business and Occupation Tax in some form. This tax has been known erroneously as the "Gross Sales Tax," a designation which has included the privilege tax imposed on certain carrier corporations by the terms of Article 12-A, Chapter XI of the Code of West Virginia, as well as the Business and Occupation Tax imposed by the terms of Article 13 of said Chapter XI. Collections by virtue of these two tax laws are deposited to the credit of the general revenue fund of the State, and constitute the largest single source of the State's general revenue raised by so-called "indirect" taxation.

These taxes are license taxes imposed for the privilege of engaging in business in West Virginia. The amount of tax to be paid is usually measured by the amount of gross income received before the deduction of any expense whatsoever. Under the production and manufacturing classifications of the Business and Occupation Tax Law the measure of the tax is the value of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided, the proceeds of sale are indicative of the true value of the article. Every person in business is subject to the tax and if more than one person engages in a single activity or transaction, as in the case of the contractor and subcontractor, each must pay the tax on his entire income regardless of the tax paid by the other.

Business activities under Article 13 are classed and taxed as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal	On each \$100.00 value, \$1.30
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag.....	On each 100.00 value, 3.90
Natural gas (exemptions include deduction of \$5,000 annually)	On each 100.00 value, 7.80
Limestone or sandstone quarried or mined; and timber	On each 100.00 value, 1.95
Other natural resource products.....	On each 100.00 value, 2.60

B. Manufacturing. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 39 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property, Other Than at Wholesale. The rate, 50 cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating or other expenses, or losses.

C. (2) Business of Selling Tangible Property at Wholesale. The rate, 19½ cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating, or other expenses, or losses.

D. Public Service or Utility Business. The rates set out below apply against the gross income of the business without deduction of cost of operation, expenses or losses of any kind.

Street Interurban and Electric Railways	On each \$100.00 value, \$1.30
Electric Light and Power Companies (sales and demand charges, domestic purposes and commercial lighting) On each 100.00 value, 5.20	
Water Companies	On each 100.00 value, 4.00
Electric Light and Power Companies (all other sales and demand charges):	
Natural Gas Companies: Toll Bridges	On each 100.00 value, 3.30
Other Public Utilities—(Except telegraph and telephone companies, railways and other transportation companies)	On each 100.00 value, 2.60

E. Contracting Business. The rate, \$2.00 on each \$100.00 value, applies against the gross income of the business. The term "gross income" is defined as meaning total receipts of the business without deduction for the cost of labor or material, operating, or other expenses, or losses.

G. Amusement Business. The rate, 65 cents on each \$100.00 value, applies against the gross income of the business, "gross income" being defined as including the total receipts without any deduction on account of the cost of operation, or other expenses, or losses.

H. Service Business or Calling Not Otherwise Specifically Taxed. The rate, \$1.00 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

I. Business of Furnishing Property for Hire. The rate, \$1.00 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

J. Small Loan Business. The rate, \$1.00 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

Business activities under Article 12-A are classed and taxed as follows:

A. Motor Vehicle Carriers, Railroad Car Corporations, Express Corporations or Companies. \$1.50 on each \$100.00 of gross intra-state income, and \$1.50 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

B. (1) Telephone Corporations. \$2.75 on each \$100.00 of gross intra-state income and \$2.75 on each \$100.00 or pro-rated (to determine part derived from West Virginia business) net income from all business.

(2) Telegraph Corporations. \$5.00 on each \$100.00 of gross intra-state income and \$3.50 on each \$100.00 pro-rated (to determine part derived from West Virginia business) net income from all business.

C. Pipe Line Corporations. \$1.50 on each \$100.00 of gross intra-state income (effective July 1, 1953—prior to that date \$3.50) and \$3.50 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

D. Persons or Corporations, Operating Steamboats or Other Floating Property. \$2.50 on each \$100.00 of gross intra-state income.

E. Railroad Corporations. 50 cents on each \$100.00 of assessed value of all property within the State of West Virginia, and \$4.00 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

To the normal rates imposed by Article 12-A there is added, in all cases, a surtax of 30 percent of the normal tax.

Annual exemption of \$50.00 and an additional credit of 5% (prior to July 1, 1955, 10%) of the tax due after deduction of said exemption is provided under both the Business and Occupation and Transportation Privilege Tax Statutes.

Authorized agents of municipalities having a Gross Sales Tax Ordinance are permitted to inspect and make copies of returns filed with the State Tax Commissioner upon the written request of the Mayors of such municipalities,
