(By Delegates Martin and Staggers)  
(By Request of the Division of Motor Vehicles)  
[Introduced January 21, 2011; referred to the  
Committee on Roads and Transportation then the  
Judiciary.]

10 A BILL to amend the Code of West Virginia, 1931, as amended, by  
11 adding thereto a new section, designated §17A-6-10d, relating  
12 to special plates for the testing of vehicles operated by  
13 nonprofit corporations engaged in research and development of  
14 motor vehicles, special fuels or equipment for motor vehicles;  
15 requiring written records be kept; bonding is not required;  
16 requiring the vehicles to be insured; exempting the vehicles  
17 from safety inspections, but requiring the vehicles to be  
18 safe.

19 *Be it enacted by the Legislature of West Virginia:*

20 That the Code of West Virginia, 1931, as amended, be amended  
21 by adding thereto a new section, designated §17A-6-10d, to read as  
22 follows:

23 **ARTICLE 6. LICENSING OF DEALERS AND WRECKERS OR DISMANTLERS;**  
24 **SPECIAL PLATES; TEMPORARY PLATES OR MARKERS.**

1 §17A-6-10d. Special plates for nonprofit corporations engaged in  
2 research and development.

3 (a) Notwithstanding any of the other provisions of this  
4 article, a nonprofit corporation engaged in research and  
5 development using motor vehicles pursuant to article twelve,  
6 chapter eighteen-b of this code and affiliated with institutions of  
7 higher education may operate or move a vehicle, either owned or in  
8 the possession of the nonprofit corporation upon the highways of  
9 this state for purposes of transporting or testing that vehicle  
10 without first registering or titling the vehicle and displaying,  
11 in a manner prescribed by the commissioner, a special plate issued  
12 to such nonprofit corporation as provided in this section.

13 (b) Any nonprofit corporation as prescribed in subsection (a)  
14 of this section may make application to the commissioner upon a  
15 form prescribed by him or her for a certificate containing a  
16 general distinguishing number and for the special plate. The  
17 applicant shall verify that it is a Section 501(c)(3) of the  
18 Internal Revenue Code of 1986 nonprofit corporation and submit  
19 sufficient information, as may be required by the commissioner,  
20 that it is engaged in research and development of vehicles, special  
21 fuels or equipment for motor vehicles.

22 (c) The commissioner, upon approving an application, may issue  
23 without charge to the applicant, a certificate containing the  
24 nonprofit corporation's name and address and its general  
25 distinguishing number. The commissioner may also issue without

1 charge, a special plate, as determined by the commissioner as  
2 necessary, that must be displayed on the vehicle. Each plate shall  
3 also contain a number or symbol distinguishing it from other plates  
4 bearing the same general distinguishing number.

5 (d) The nonprofit corporation that is issued a special plate  
6 pursuant to this section must keep written records as required by  
7 the commissioner concerning the operation of the vehicle. The  
8 records shall be open to inspection by any law-enforcement officer  
9 or division employee.

10 (e) This section does not apply to the use of any other  
11 vehicles owned, leased or operated by the nonprofit corporation.

12 (f) A nonprofit corporation that has been issued a special  
13 plate is not required to comply with the bond or dealer recovery  
14 fund otherwise required under this article for that vehicle.

15 (g) A nonprofit corporation that has been issued a special  
16 plate shall furnish information, satisfactory to the commissioner,  
17 that the vehicle is covered by an appropriate insurance policy or  
18 proof of financial responsibility in amounts not less than the  
19 requirements of section two, article four, chapter seventeen-d of  
20 this code.

21 (h) Vehicles operated by a nonprofit corporation pursuant to  
22 this section are exempt from the annual motor vehicle inspection  
23 and the displaying of the certificate of inspection otherwise  
24 required by article sixteen, chapter seventeen-c of this code.  
25 However, a vehicle that has been issued a special plate pursuant to

1 this section must be safe and may not, in any manner, endanger the  
2 driver, other vehicle occupants, other motorists, pedestrians or  
3 the general public.

NOTE: The purpose of this bill is to allow nonprofit research corporations affiliated with an institution of higher education with programs in the research and development of vehicles, special fuels or equipment for motor vehicles to operate vehicles that have been issued special plates on the roads. The bill requires written records be kept. The bill provides that bonding is not required. The bill also requires the vehicles to be insured. The bill exempts the vehicles from safety inspections, but requires the vehicles to be safe.

This section is new; therefore, it has been completely underscored.
