(By Delegates Kominar and Varner)
(By Request of the Department of Commerce)
[Introduced February 1, 2011; referred to the
Committee on Government Organization then Finance.]

10 A BILL to amend the Code of West Virginia, 1931, as amended, by
11 adding thereto a new article, designated §22-29-1, relating to
12 to requiring new facility projects of public agencies and
13 projects receiving state funds, to be designed and constructed
14 complying with the *International Code Council 2009*
15 *International Energy Conservation Code* and the
16 *ANSI/ASHRAE/IESNA Standard 90.1-2007*.

17 *Be it enacted by the Legislature of West Virginia:*

18 That the Code of West Virginia, 1931, as amended, be amended
19 by adding thereto a new article, designated §22-29-1, to read as
20 follows:

21 **ARTICLE 29. MINIMUM ENERGY STANDARDS.**

22 **§22-29-1. Minimum energy standards for new facility projects of**
23 **public agencies and facility projects receiving state**
24 **funds.**

1 All new facility projects of public agencies and all facility
2 projects receiving state funds, including public schools, shall be
3 designed and constructed complying with the *International Code*
4 *Council 2009 International Energy Conservation Code* and the
5 *ANSI/ASHRAE/IESNA Standard 90.1-2007*. This provision applies to
6 projects that have not entered the schematic design phase prior to
7 July 1, 2011.

NOTE: The purpose of this bill is to require new facility projects of public agencies and projects receiving state funds, to be designed and constructed complying with the *International Code Council 2009 International Energy Conservation Code* and the *ANSI/ASHRAE/IESNA Standard 90.1-2007*.

This article is new; therefore, it has been completely underscored.
