Introduced

Senate Bill 20

BY SENATORS KARNES AND BOSO

[Introduced February 8, 2017; referred to the Committee on Banking and Insurance; and then to the Committee on the Judiciary]
A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §9-2-11a, relating to limiting health insurance coverage for elective abortions to coverage provided through supplemental policies; and providing for elective abortion exceptions.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §9-2-11a, to read as follows:

ARTICLE 2. COMMISSIONER OF HUMAN SERVICES; POWERS, DUTIES AND RESPONSIBILITIES GENERALLY.

§9-2-11a. Elective abortion coverage only offered through supplemental policies; exceptions.

(a) Pursuant to the federal Patient Protection and Affordable Care Act, Pub. L. No. 111-148, all qualified health plans offered through an exchange established in the state are prohibited from including elective abortion coverage. Nothing in this section prevents anyone from purchasing optional supplemental coverage for elective abortions for which there is paid a separate premium in accordance with subsection (c) of this section in the health insurance market outside of the exchange.

(b) For purposes of this section, an "elective abortion" means an abortion for any reason other than any of the following:

(1) An abortion to prevent the death of the mother: Provided, That an abortion is not one to prevent the death of the mother based on a claim or diagnosis that she will engage in conduct that will result in her death;

(2) An abortion when the pregnancy is the result of criminal sexual misconduct as defined in sections three, four and five (a) (1), article eight-b, chapter sixty-one of this code, and the incident is reported within forty-eight hours after the incident occurs to a valid law-enforcement
agency for investigation: Provided, That if the victim is physically unable to report the criminal
sexual misconduct during any portion of that forty-eight hours, the incident must be reported within
forty-eight hours after the victim becomes physically able to report the criminal sexual misconduct;
or
(3) The pregnancy is the result of incest, as set forth in section five, article eight-d, chapter
sixty-one of this code, in which the mother is a minor, and the incident and perpetrator are reported
to a valid law-enforcement agency prior to the abortion.
(c) The issuer of any health plan providing elective abortion coverage:
(1) Shall calculate the premium for coverage so that it fully covers the estimated cost of
covering elective abortions, per enrollee, determined on an average actuarial basis, and the issuer
of the plan may not take into account any cost reduction in a health plan covering an enrollee
estimated to result from the provision of abortion coverage, including prenatal care, delivery, or
postnatal care;
(2) If the enrollee is enrolling in a health plan providing other coverage at the same time
as the enrollee is enrolling in a plan providing elective abortion coverage, shall require a separate
signature, distinct from that to enroll in the health plan providing other coverage, in order to enroll
in the separate supplemental plan providing elective abortion coverage.
(3) Shall provide a notice to enrollees, at the time of enrollment, that:
(A) Specifically states the cost of the separate premium for coverage of elective abortions,
distinct and apart from the cost of the premium for a health plan providing other coverage and this
cost shall be agreed with a separate signature;
(B) States that enrollment in elective abortion coverage is optional; and
(C) If the enrollee is enrolling in a health plan providing other coverage at the same time
the enrollee is enrolling in a plan providing elective abortion coverage, states that the enrollee
may choose to enroll in the plan providing other coverage without enrolling in the plan providing
elective abortion coverage.

(d) The issuer of a health plan providing coverage other than elective abortion may not
discount or reduce the premium for such coverage on the basis that an enrollee has elective
abortion coverage.

(e) Nothing in this section applies in circumstances in which federal law preempts state
health insurance regulation.

NOTE: The purpose of this bill is to limit health insurance coverage for elective abortions
to coverage provided through supplemental policies. Elective abortion exceptions are
provided for certain pregnancies that threaten the life of the mother or result from rape or
incest.

Strike-throughs indicate language that would be stricken from a heading or the present law,
and underscoring indicates new language that would be added.
