

WEST VIRGINIA LEGISLATURE

2017 REGULAR SESSION

Introduced

House Bill 2081

BY DELEGATE RODIGHIERO

[Introduced February 8, 2017; Referred
to the Committee on Prevention and Treatment of
Substance then the Judiciary.]

1 A BILL to amend and reenact §16-1-6 of the Code of West Virginia, 1931, as amended, relating
 2 to prohibiting the establishment of new methadone treatment programs and clinics in this
 3 state except for programs and clinics operated as comprehensive community mental
 4 health centers by the Division of Health or local nonprofit organizations; requiring all
 5 private and community mental health center methadone treatment programs to monitor
 6 each patient's pharmacy registry each month.

Be it enacted by the Legislature of West Virginia:

1 That §16-1-6 of the Code of West Virginia, 1931, as amended, be amended and reenacted
 2 to read as follows:

ARTICLE 1. STATE PUBLIC HEALTH SYSTEM.

§16-1-6. Powers and duties of the commissioner.

1 The commissioner is the chief executive, administrative and fiscal officer of the Bureau for
 2 Public Health and has the following powers and duties:

3 (a) To supervise and direct the fiscal and administrative matters of the bureau, and in that
 4 regard and in accordance with law, employ, fix the compensation of and discharge all persons
 5 necessary for the proper execution of the public health laws of this state and the efficient and
 6 proper discharge of the duties imposed upon, and execution of powers vested in the
 7 commissioner by law and as directed by the secretary;

8 (b) To enforce all laws of this state concerning public health; to that end, the commissioner
 9 shall make, or cause to be made, investigations and inquiries respecting the cause of disease,
 10 especially of epidemics and endemic conditions, and the means of prevention, suppression or
 11 control of those conditions; the source of sickness and mortality, and the effects of environment,
 12 employment, habits and circumstances of life on the public health.

13 The commissioner shall further make, or cause to be made, inspections and examinations
 14 of food, drink and drugs offered for sale or public consumption in the manner the commissioner

15 considers necessary to protect the public health and shall report all violations of laws and rules
16 relating to the law to the prosecuting attorney of the county in which the violations occur;

17 (c) To make complaint or cause proceedings to be instituted against any person,
18 corporation or other entity for the violation of any public health law before any court or agency,
19 without being required to give security for costs; the action may be taken without the sanction of
20 the prosecuting attorney of the county in which the proceedings are instituted or to which the
21 proceedings relate;

22 (d) To promote ~~the provision of~~ essential public health services to citizens of this state;

23 (e) To monitor the administration, operation and coordination of the local boards of health
24 and local health officers;

25 (f) To develop and maintain a state plan of operation that sets forth the needs of the state
26 in the areas of public health; goals and objectives for meeting those needs; methods for achieving
27 the stated goals and objectives; and needed personnel, funds and authority for achieving the
28 goals and objectives;

29 (g) To collect data as may be required to foster knowledge on the citizenry's health status,
30 the health system and costs of health care;

31 (h) To delegate to any appointee, assistant or employee any and all powers and duties
32 vested in the commissioner, including, but not limited to, the power to execute contracts and
33 agreements in the name of the bureau. ~~Provided, That~~ However, the commissioner is responsible
34 for the acts of his or her appointees, assistants and employees;

35 (i) To transfer at the direction of the secretary, notwithstanding other provisions of this
36 code, any patient or resident between hospitals and facilities under the control of the
37 commissioner and, by agreement with the state Commissioner of Corrections and otherwise in
38 accord with law, accept a transfer of a resident of a facility under the jurisdiction of the state
39 Commissioner of Corrections;

40 (j) To make periodic reports to the Governor and to the Legislature relative to specific
41 subject areas of public health, the state facilities under the supervision of the commissioner, or
42 other matters affecting the public health of the people of the state, at the direction of the secretary;

43 (k) At the direction of the secretary, to accept and use for the benefit of the health of the
44 people of this state, any gift or devise of any property or thing which is lawfully given. ~~Provided,~~
45 ~~That~~ However, if any gift is for a specific purpose or for a particular state hospital or facility it shall
46 be used as specified. Any profit which may arise from any gift or devise of any property or thing
47 shall be deposited in a special revenue fund with the State Treasurer and shall be used only as
48 specified by the donor or donors;

49 (l) To acquire by condemnation or otherwise any interest, right, privilege, land or
50 improvement and hold title to the land or improvement, for the use or benefit of the state or a state
51 hospital or facility, and, by and with the consent of the Governor, and at the direction of the
52 secretary, to sell, exchange or otherwise convey any interest, right, privilege, land or improvement
53 acquired or held by the state, state hospital or state facility and deposit the proceeds from the
54 sale, exchange or other conveyance into the hospital services revenue account. Any
55 condemnation proceedings shall be conducted pursuant to chapter fifty-four of this code;

56 (m) To inspect and enforce rules to control the sanitary conditions of and license all
57 institutions and health care facilities as set forth in this chapter, including, but not limited to,
58 schools, whether public or private, public conveyances, dairies, slaughterhouses, workshops,
59 factories, labor camps, places of entertainment, hotels, motels, tourist camps, all other places
60 open to the general public and inviting public patronage or public assembly, or tendering to the
61 public any item for human consumption and places where trades or industries are conducted;

62 (n) To make inspections, conduct hearings, and to enforce the legislative rules concerning
63 occupational and industrial health hazards, the sanitary condition of streams, sources of water
64 supply, sewerage facilities, and plumbing systems, and the qualifications of personnel connected
65 with the supplies, facilities or systems without regard to whether they are publicly or privately

66 owned; and to make inspections, conduct hearings and enforce the legislative rules concerning
67 the design of chlorination and filtration facilities and swimming pools;

68 (o) To provide in accordance with this subdivision and the definitions and other provisions
69 of article one-a, chapter twenty-seven of this code, and as directed by the secretary, for a
70 comprehensive program for the care, treatment and rehabilitation of alcoholics and drug abusers;
71 for research into the cause and prevention of alcoholism and drug abuse; for the training and
72 employment of personnel to provide the requisite rehabilitation of alcoholics and drug abusers;
73 and for the education of the public concerning alcoholism and drug abuse. Effective July 1, 2017,
74 to prohibit the establishment of any new methadone treatment program or facility in this state
75 pursuant to 21 CFR §291.505 (1970) and, after that date allow only a comprehensive community
76 mental health center operated and controlled by the Department of Health and Human Resources
77 or local nonprofit organizations, as provided in article two-a, chapter twenty-seven of this code to
78 establish and operate a new methadone treatment program; and effective July 1, 2017, to require
79 all private and community mental health center methadone treatment programs to monitor a
80 patient's pharmacy registry each month in order to detect and deter the practice of doctor-
81 shopping;

82 (p) To provide in accordance with this subdivision for a program for the care, treatment
83 and rehabilitation of the parents of sudden infant death syndrome victims; for the training and
84 employment of personnel to provide the requisite rehabilitation of parents of sudden infant death
85 syndrome victims; for the education of the public concerning sudden infant death syndrome; for
86 the responsibility of reporting to the Legislature on a quarterly basis the incidence of sudden infant
87 death syndrome cases occurring in West Virginia; for the education of police, employees and
88 volunteers of all emergency services concerning sudden infant death syndrome; for the state
89 sudden infant death syndrome advisory council to develop regional family support groups to
90 provide peer support to families of sudden infant death syndrome victims; and for requesting

91 appropriation of funds in both federal and state budgets to fund the sudden infant death syndrome
92 program;

93 (q) To establish and maintain a state hygienic laboratory as an aid in performing the duties
94 imposed upon the commissioner, and to employ chemists, bacteriologists, and other employees
95 that may be necessary to properly operate the laboratory. The commissioner may establish
96 branches of the state laboratory at any points within the state that are necessary in the interest of
97 the public health;

98 (r) To establish and fund a uniform health professionals data system to collect and
99 maintain uniform data on all health professionals in the state. This data shall include, but not be
100 limited to, the following information about each health professional: His or her name, profession,
101 the area of the state where he or she is practicing, his or her educational background, his or her
102 employer's name, and number of years practicing within the profession. The boards provided for
103 in articles three, four, four-a, five, seven, seven-a, fourteen, fourteen-a, fifteen, sixteen, twenty,
104 twenty-one, twenty-three, twenty-eight, thirty-one, thirty-two, thirty-four, thirty-five, thirty-six and
105 thirty-seven, chapter thirty of this code shall annually collect the data on health professionals
106 under their jurisdiction in the format prescribed by the commissioner. Each board shall pay to the
107 bureau annually, an amount determined by the commissioner to be a pro rata portion, for
108 anticipated expenses to establish and operate the uniform health professionals data system
109 required by this section. The commissioner may standardize data collection methods if necessary
110 to implement the provisions of this section. The commissioner shall publish annually and make
111 available, upon request, a report setting forth the data which was collected the previous year;
112 areas of the state which the collected data indicates have a shortage of health professionals; and
113 projections, based upon the collected data, as to the need for more health professionals in certain
114 areas;

115 (s) To expend, for the purpose of performing the public health duties imposed on the
116 bureau, or authorized by law, any sums appropriated by the Legislature. The commissioner may

117 make advance payments to public and nonprofit health services providers when the commissioner
118 determines it is necessary for the initiation or continuation of public health services. The advance
119 payments, being in derogation of the principle of payment only after receipt of goods or services,
120 shall be authorized only after serious consideration by the commissioner of the necessity of the
121 advance payments and shall be for a period no greater than ninety days in advance of rendition
122 of service or receipt of goods and continuation of health services; and

123 (t) To exercise all other powers delegated to the commissioner by the secretary or by this
124 chapter or otherwise in this code, to enforce all health laws, and to pursue all other activities
125 necessary and incident to the authority and area of concern entrusted to the bureau or the
126 commissioner.

NOTE: The purpose of this bill is to prohibit the establishment of new methadone treatment programs and clinics in this state except for programs and clinics operated as comprehensive community mental health centers and to require all private and community mental health center methadone treatment programs to monitor each patient's pharmacy registry each month in an effort to prevent the practice of doctor-shopping.

Strike-throughs indicate language that would be stricken from a heading or the present law and underscoring indicates new language that would be added.
