

WEST VIRGINIA LEGISLATURE

2017 REGULAR SESSION

Introduced

House Bill 2472

BY DELEGATES STORCH AND BOGGS

[Introduced February 15, 2017; Referred
to the Committee on the Judiciary then Finance.]

1 A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section,
 2 designated §29-22B-1108a, relating to creating a preference for certain limited video
 3 lottery current permit holders in bid process.

Be it enacted by the Legislature of West Virginia:

1 That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new
 2 section, designated §29-22B-1108a, to read as follows:

ARTICLE 22B. LIMITED VIDEO LOTTERY.

§29-22B-1108a. Additional preference for current permit holders during sealed competitive bids; operation of terminals pending contractual dispute.

1 (a) For the purposes of this section, the following terms are defined as follows:

2 (1) "Contract" means a contractual agreement for an operator to lease video lottery
 3 terminals to a limited video lottery retailer that is on file with the commission at the time of a sealed
 4 competitive bid under this article.

5 (2) "Contracted retailer" means a retailer who is under contract with an operator.

6 (3) "Current permit holder" means a person who is a permittee, as defined in section three
 7 hundred twenty-four of this article, at the time of a sealed competitive bid under this article.

8 (4) "Location" means the physical address in which an operator's leased video lottery
 9 terminals are placed, pursuant to the terms of a contract with a contracted retailer and consistent
 10 with the definition contained in section three hundred fifteen of this article.

11 (5) "New entrant" means a person who is not an operator or retailer at the time of a sealed
 12 competitive bid under section one thousand one hundred six of this article.

13 (6) "Operator" means a person who is licensed as an operator, as defined in section three
 14 hundred twenty-one of this article, at the time of a sealed competitive bid under section one
 15 thousand one hundred six of this article.

16 (7) "Permit" means the authorization, as defined in section three hundred twenty-three of
 17 this article, to own or lease a specified number of video lottery terminals.

18 (8) "Retailer" means a person who is licensed as a limited video lottery retailer, as defined
19 in section three hundred sixteen of this article, at the time of a sealed competitive bid under section
20 one thousand one hundred six of this article.

21 (b) Notwithstanding any other provision of this article, a current permit holder shall be
22 awarded a permit that would otherwise be awarded to a new entrant as a result of a sealed
23 competitive bid under this article, when the current permit holder exercises the option under this
24 section. In order to do so, the current permit holder must match the bid price submitted by the
25 new entrant, and pay an additional ten percent of that bid price, except that if the bid price
26 submitted by the new entrant is less than the average of all bids submitted during that particular
27 round of bidding, the current permit holder must pay the average bid price submitted during that
28 round of bidding plus ten percent. If more than one current permit holder wishes to exercise the
29 option under this section with respect to a particular bid of new entrant, the right to determine
30 which current permit holder may do so shall be chosen by lot.

31 (c) In order to be awarded a permit in lieu of a new entrant under this section, a current
32 permit holder must:

33 (1) Have bid at least the minimum bid in the sealed competitive bid in which the new
34 entrant participated;

35 (2) Inform the commission in writing within five business days of receipt of official notice
36 of the bids received that the operator wishes to be awarded the permit or permits that would
37 otherwise be awarded a new entrant; and

38 (3) Make full payment to the commission of the amount required under subsection (b) of
39 this section, within thirty calendar days of receipt of the official notice of the bid received. Payment
40 shall be made in a manner and form prescribed by the commission.

41 (d) If a current permit holder does not act to be awarded a permit under this section that
42 would otherwise be awarded to a new entrant, either by choice, by failure to notify the commission,
43 or by failure to pay in full, then the new entrant shall be awarded the permit.

44 (e) When a current permit holder exercises the option under this section to be awarded a
45 permit that would otherwise be awarded to a new entrant, the commission shall refund the new
46 entrant's bid bond in an amount reflecting the permit or permits awarded to the current permit
47 holder that would otherwise have been awarded to the new entrant.

48 (f) A contracted retailer awarded a permit as a result of a sealed competitive bid may not
49 use the permit to place a terminal in a location in violation of the contract with an operator. When
50 the commission determines that a contracted retailer and operator both win permits during the
51 sealed bid and both wish to enable his or her own terminals in the contracted retailer's location,
52 and there is a dispute over the validity of the contract, the commission shall continue to enable
53 the operator's terminals until the operator releases the retailer from the filed contract and presents
54 written evidence of the release to the commission, or a court of law issues an order requiring the
55 commission to allow the retailer to place his or her own terminals in the location, or determines
56 that the contract is invalid. Because permits are not location specific, a retailer in such
57 circumstances may submit a written petition to the commission requesting that the ninety-day
58 requirement in section one thousand one hundred thirteen of this article shall be held in abeyance
59 until such time as a court of law makes a final determination on the validity of the contract.

60 (g) The commission may propose emergency and legislative rules for legislative approval
61 in accordance with the provisions of article three, chapter twenty-nine-a of this code as necessary
62 to fulfill the requirements of this section.

63 (h) The preference in this section is in addition to any other preference afforded in this
64 article.

NOTE: The purpose of this bill is to provide an additional preference to a limited video lottery current permit holder in the rebid process. A current permit holder may obtain a permit in lieu of a new entrant by paying the amount bid by a new entrant plus 10 percent, or the average bid plus 10 percent, whichever is greater. A current retailer may obtain a permit by competitive bid and is not subject to the right to match by a current permit holder, but the retailer may not use a permit to place terminals in violation of a contract with an operator. In the event of a dispute between an operator and retailer over the validity of a contract, the operator's terminals shall remain operational until the operator and retailer

agree otherwise or the contract is voided by a court of law, but a retailer may request a stay from the Lottery Commission of the usual 90-day requirement for placement of terminals pending the outcome of the dispute.

Strike-throughs indicate language that would be stricken from a heading or the present law and underscoring indicates new language that would be added.
