179 provisions of this subsection only once. The expungement shall be accomplished by physically
180 marking the records to show that the records have been expunged and by securely sealing and

182 records may not be disclosed or made available for inspection and in response to a request for
183 record information, the commissioner shall reply that no information is available. Information from
184 the file may be used by the commissioner for research and statistical purposes so long as the use
185 of the information does not divulge the identity of the person.

186 (k) In addition to any other penalty imposed by this code, any person who operates a motor
187 vehicle not equipped with an approved motor vehicle alcohol test and lock system during that
188 person's participation in the Motor Vehicle Alcohol Test and Lock Program is guilty of a
189 misdemeanor and, upon conviction thereof, shall be confined in jail for a period not less than one
190 month nor more than six months and fined not less than \$100 nor more than \$500. Any person
191 who attempts to bypass the alcohol test and lock system is guilty of a misdemeanor and, upon
192 conviction thereof, shall be confined in jail not more than six months and fined not less than \$100

194 a person enrolled and participating in the test and lock program may operate a motor vehicle
195 solely at his or her job site if the operation is a condition of his or her employment. For the purpose
196 of this section, "job site" does not include any street or highway open to the use of the public for
197 purposes of vehicular traffic.

NOTE: The purpose of this bill is to transfer the Safety and Treatment Program, which treats and educates people whose licenses were revoked for alcohol- or drug-related concerns, from the Department of Health and Human Resources to the Division of Motor Vehicles; and to amend references thereto in the code.
