[Passed March 7, 2019; in effect from passage]

OFFICE WEST VIRGINIA  
SECRETARY OF STATE

2019 MAR 27 P 5:14

F I L L E D

1 AN ACT to amend and reenact §17-2A-11 of the Code of West Virginia, 1931, as amended,  
2 relating to digital road maps; and requiring digital road maps to be capable of displaying  
3 or indicating roads or highways types using specified classifications.

*Be it enacted by the Legislature of West Virginia:*

**ARTICLE 2A. WEST VIRGINIA COMMISSIONER OF HIGHWAYS.**

**§17-2A-11. Road maps; digital road map.**

1 (a) The commissioner shall prepare and currently maintain a master road and highway  
2 map which will show all of the state roads and highways located, created, and classified as  
3 provided by law; the mileage of roads and highways; the status of improvements; and travel  
4 conditions when practical. The commissioner may make economical reproductions of the map for  
5 official use and public information purposes, including a digital road map. The goal is for the maps  
6 to be computerized and searchable by the public to map routes for travel throughout the state.

7 (b) In addition to any other representations deemed useful by the commissioner, the digital  
8 road map shall be capable of displaying or indicating the type of roads or highways using the  
9 following classifications: (1) Primitive or unimproved roads; (2) graded, drained, soil-, gravel-, or  
10 stone-surfaced roads; (3) paved, but unpainted roads; (4) roads with a center line or more than  
11 two lanes; and (5) interstate highways. The digital road map shall further indicate the types of  
12 vehicles that may use each road, including full-size vehicles and off-highway vehicles, such as  
13 all-terrain vehicles, utility-terrain vehicles, motorcycles, and off-road vehicles.

The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
