ARTICLE 2. COMMON CARRIERS BY MOTOR VEHICLES.

§24A-2-5. Certificate of convenience and necessity.

1 (a) *Required; application; hearing; granting.* — It shall be unlawful for any common carrier
2 by motor vehicle to operate within this state without first having obtained from the commission a
3 certificate of convenience and necessity unless the common carrier is an emergency substitute
4 carrier. Upon the filing of an application for such certificate, the commission shall set a time and
5 place for a hearing on the application: *Provided*, That the commission may, after giving proper
6 notice and if no protest is received, waive formal hearing on the application. Notice shall be by
7 publication which shall state that a formal hearing may be waived in the absence of a protest to
8 such application. The notice shall be published as a Class I legal advertisement in compliance
9 with the provisions of §59-3-1 *et seq.* of this code and the publication area for such publication

10 shall be the proposed area of operation. The notice shall be published at least 10 days prior to
11 the date of the hearing. After the hearing or waiver by the commission of the hearing, if the
12 commission finds from the evidence that the public convenience and necessity require the
13 proposed service or any part thereof, it shall issue the certificate as prayed for, or issue it for the
14 partial exercise only of the privilege sought, and may attach to the exercise of the right granted
15 by such certificate such terms and conditions as in its judgment the public convenience and
16 necessity may require, and if the commission shall be of the opinion that the service rendered by
17 any common carrier holding a certificate of convenience and necessity over any route or routes
18 in this state is in any respect inadequate or insufficient to meet the public needs, such certificate
19 holder shall be given reasonable time and opportunity to remedy such inadequacy or insufficiency
20 before any certificate shall be granted to an applicant proposing to operate over such route or
21 routes as a common carrier. Before granting a certificate to a common carrier by motor vehicle,
22 the commission shall take into consideration existing transportation facilities in the territory for
23 which a certificate is sought, and in case it finds from the evidence that the service furnished by
24 existing transportation facilities is reasonably efficient and adequate, the commission shall not
25 grant such certificate.

26 (b) *Rules and regulations; taking evidence at hearings; burden of proof.* — The
27 commission shall prescribe such rules and regulations as it may deem proper for the enforcement
28 of the provisions of this section, and in establishing that public convenience and necessity do
29 exist, the burden of proof shall be upon the applicant. The commission may designate any of its
30 employees to take evidence at the hearing of any application for a certificate and submit findings
31 of fact as a part of a report or reports to be made to the commission.

32 (c) *Certificate not franchise, etc.; assignment or transfer.* — No certificate issued in
33 accordance with the terms of this chapter shall be construed to be either a franchise or
34 irrevocable, or to confer any proprietary or property rights in the use of the public highways. No
35 certificate issued under this chapter shall be assigned or otherwise transferred without the

36 approval of the commission. Upon the death of a person holding a certificate, his or her personal
37 representative or representatives may operate under such certificate while the same remains in
38 force and effect and, with the consent of the commission, may transfer such certificate.

39 (d) *Suspension, revocation or amendment.* — The commission may at any time, for good
40 cause, suspend a common carrier certificate of convenience and necessity, and upon suspension,
41 authorize an emergency substitute carrier to provide temporary replacement service until further
42 order of the commission: *Provided*, That an emergency substitute carrier may continue to operate
43 during the pendency of its application for a certificate of convenience and necessity filed pursuant
44 to §24A-2-5(a) of this code. Upon not less than 15 days' notice to the grantee of any certificate
45 and an opportunity to be heard, the commission may revoke or amend any certificate.

46 (e) *Reinstitution of certificated service.* — No sooner than 30 days after a suspension of
47 authority, a common carrier may petition the commission to end the suspension and terminate
48 the authority of an emergency substitute carrier. Upon notice to the emergency substitute carrier
49 and an opportunity to be heard, the commission shall issue its order granting or denying the
50 petition.

51 (f) The commission shall have the authority, after hearing, to ratify, approve, and affirm
52 those orders issued pursuant to this section. For the purposes of this subsection, the commission
53 may give notice by a Class I legal advertisement of such hearing in any newspaper or newspapers
54 of general circulation in this state, and such other newspapers as the commission may designate.

ARTICLE 3. CONTRACT CARRIERS BY MOTOR VEHICLES.

§24A-3-2. Provisions of chapter to govern.

1 No contract carrier by motor vehicle or emergency substitute carrier shall operate any
2 motor vehicle for the transportation of either persons or property for hire on any public highway in
3 this state except in accordance with the provisions of this chapter.

§24A-3-3. Permit.

1 (a) *Required; application; hearing; granting.* — It shall be unlawful for any contract carrier
2 by motor vehicle to operate within this state without first having obtained from the commission a
3 permit unless the contract carrier is an emergency substitute carrier. Upon the filing of an
4 application for such permit, the commission shall fix a time and place for hearing thereon:
5 *Provided,* That the commission may, after giving notice as hereinafter provided and if no protest
6 is received, waive formal hearing on such application. Said notice shall be by publication which
7 shall state that formal hearing may be waived in the absence of protest to such application. Such
8 notice shall be published as a Class I legal advertisement in compliance with the provisions of
9 §59-3-1 *et seq.* of this code and the publication area for such publication shall be the area of
10 operation. Such notice shall be published at least 10 days prior to the date of hearing, but not
11 more than 30 days after the filing of the completed application. After hearing or waiver of hearing
12 as aforesaid, as the case may be, the commission shall grant or deny the permit prayed for or
13 grant it for the partial exercise only of the privilege sought, and may attach to the exercise of the
14 privilege granted by such permit such terms and conditions as in its judgment are proper and will
15 carry out the purposes of this chapter. No permit shall be granted unless the applicant has
16 established to the satisfaction of the commission that the privilege sought will not endanger the
17 safety of the public or unduly interfere with the use of the highways or impair unduly the condition
18 or unduly increase the maintenance cost of such highways, directly or indirectly, or impair the
19 efficient public service of any authorized common carrier or common carriers adequately serving
20 the same territory.

21 (b) *Rules and regulations; evidence at hearing.* — The commission shall prescribe such
22 rules and regulations as it may deem proper for the enforcement of the provisions of this section
23 and may designate any of its employees to take evidence at the hearing on any application for a
24 permit and submit findings of fact as a part of report or reports to be made to the commission.

25 (c) *Permit not franchise, etc.; assignment or transfer.* — No permit issued in accordance
26 with the terms of this chapter shall be construed to be either a franchise or irrevocable or to confer
27 any proprietary or property rights in the use of the public highways. No permit issued under this
28 chapter shall be assigned or otherwise transferred without the approval of the commission. Upon
29 the death of a person holding a permit, his or her personal representative or representatives may
30 operate under such permit while the same remains in force and effect and, with the consent of
31 the commission, may transfer such permit.

32 (d) *Suspension, revocation or amendment.* — The commission may, at any time, for good
33 cause, suspend a motor carrier permit and upon suspension authorize an emergency substitute
34 carrier to provide temporary replacement service until further order of the commission: *Provided,*
35 That an emergency substitute carrier may continue to operate during the pendency of its
36 application for a permit filed pursuant to §24A-3-3(a) of this code. Upon not less than 15 days'
37 notice to the grantee of any permit and an opportunity to be heard, the commission may revoke
38 or amend any permit.

39 (e) *Reinstitution of permit.* — No sooner than 30 days after a suspension of authority, a
40 grantee of a permit may petition the commission to end the suspension and terminate the authority
41 of an emergency substitute carrier. Upon notice to the emergency substitute carrier and an
42 opportunity to be heard, the commission shall issue its order granting or denying the petition.

43 (f) *Notice of cessation or abandonment.* — Every contract carrier by motor vehicle who
44 shall cease operation or abandon his or her rights under a permit issued shall notify the
45 commission within 30 days of such cessation or abandonment.
