CHAPTER 12. PUBLIC MONEYS AND SECURITIES.

ARTICLE 6C. WEST VIRGINIA BOARD OF TREASURY INVESTMENTS.

§12-6C-11. Legislative findings; loans for industrial development; availability of funds and interest rates.

1 (a) The Legislature finds and declares that the citizens of the state benefit from the creation
2 of jobs and businesses within the state; that business and industrial development loan programs
3 provide for economic growth and stimulation within the state; that loans from pools established in
4 the Consolidated Fund will assist in providing the needed capital to assist business and industrial
5 development; and that time constraints relating to business and industrial development projects

6 prohibit duplicative review by both the board and West Virginia Economic Development Authority
7 Board.

8 (b) The West Virginia Board of Treasury Investments shall make available, subject to a
9 liquidity determination, in the form of a revolving loan, up to \$175 million from the Consolidated
10 Fund to loan the West Virginia Economic Development Authority for business or industrial
11 development projects authorized by §31-15-7 of this code and to consolidate existing loans
12 authorized to be made to the West Virginia Economic Development Authority pursuant to this
13 section and pursuant to §31-15-2 of this code which authorizes a \$175 million revolving loan and
14 §31-18B-1 *et seq.* of this code which authorizes a \$50 million investment pool: *Provided*, That the
15 West Virginia Economic Development Authority may not loan more than \$15 million for any one
16 business or industrial development project. The revolving loan authorized by this subsection shall
17 be secured by one note at a variable interest rate equal to the 12-month average of the board's
18 yield on its West Virginia Money Market pool. The rate shall be set on July 1 and adjusted annually
19 on the same date. The maximum annual adjustment may not exceed one percent. Monthly
20 payments made by the West Virginia Economic Development Authority to the board shall be
21 calculated on a 120-month amortization. The revolving loan is secured by a security interest that
22 pledges and assigns the cash proceeds of collateral from all loans under this revolving loan pool.
23 The West Virginia Economic Development Authority may also pledge as collateral certain revenue
24 streams from other revolving loan pools which source of funds does not originate from federal
25 sources or from the board.

26 (c) The outstanding principal balance of the revolving loan from the board to the West
27 Virginia Economic Development Authority may at no time exceed 103 percent of the aggregate
28 outstanding principal balance of the business and industrial loans from the West Virginia
29 Economic Development Authority to economic development projects funded from this revolving
30 loan pool. The independent audit of the West Virginia Economic Development Authority financial
31 records shall annually certify that 103 percent requirement.

32 (d) The interest rates and maturity dates on the loans made by the West Virginia Economic
33 Development Authority for business and industrial development projects authorized by §31-15-7
34 of this code shall be at competitive rates and maturities as determined by the West Virginia
35 Economic Development Authority Board.

36 (e) Any and all outstanding loans made by the West Virginia Board of Treasury
37 Investments, or any predecessor entity, to the West Virginia Economic Development Authority
38 are refundable by proceeds of the revolving loan contained in this section and the board shall
39 make no loans to the West Virginia Economic Development Authority pursuant to §31-15-20 of
40 this code or §31-18B-1 *et seq.* of this code.

41 (f) The directors of the West Virginia Board of Treasury Investments shall bear no fiduciary
42 responsibility with regard to any of the loans contemplated in this section.

43 (g) *Inspection of records.* — Within 30 days of receiving a written request from the board,
44 the authority shall provide the board with the opportunity to inspect and copy any records in the
45 custody of the authority related to any loan issued by the board to the authority or any loan from
46 the authority to a third party funded by a loan issued by the board. Records to be made available
47 pursuant to this subsection include, but are not limited to, accounting records, loan applications,
48 loan agreements, board minutes, audit reports, and transaction records. Records of the authority
49 held from time to time by the board pursuant to this subsection that are exempt from disclosure
50 pursuant to the provisions of §31-15-22 of this code or §29B-1-1 *et seq.* of this code shall remain
51 so while held by the board.

15 (b) *Loan for broadband deployment.* —

16 (1) The loan previously authorized by §12-6C-11(h) of this code is hereby continued,
17 subject to the requirements of this section.

18 (2) Subject to a liquidity determination and cash availability, the board shall provide a
19 nonrecourse revolving loan to the authority, from the Consolidated Fund, in an amount not to
20 exceed \$80 million, for the purpose of funding the Broadband Loan Insurance Program authorized
21 by §31-15-8a of this code.

22 (3) The board shall make the loan moneys available to the authority upon receipt of the
23 following:

24 (A) A written request by the authority that the board transfer a specific amount of loan
25 moneys to the authority; and

27 with all applicable provisions of federal and state law, as well as any agreements entered into with
28 the board.

29 (4) The authority may not award an amount of the loan moneys exceeding \$20 million, in
30 any single calendar year, to insure the debt or security instruments, or costs related thereto, of
31 any one broadband provider.

32 (5) The authority shall maintain the loan moneys made available pursuant to this section
33 in an account that is separate and segregated from its other assets and programs. The loan
34 moneys may not be transferred to any other fund or account or used for any purpose other than
35 to insure debt and security instruments, as expressly authorized in §31-15-8a of this code. The
36 authority may withdraw the loan moneys from the account only as provided in subsection(d) of
37 this section.

38 (6) The authority may not deduct or use any amount of loan moneys transferred pursuant
39 to this subsection to pay for the authority's operating or administrative expenses.

40 (c) *Loan terms and requirements.* —

41 (1) The loan authorized by this section shall be classified by the board as a long-term fixed

60 the case may be, due on the loan made to the authority pursuant to this section shall be deferred
61 and any and all past-due principal and interest payments shall promptly be paid to the fullest
62 extent possible upon receipt by the authority of all moneys respecting said debt instruments.

63 (d) *Withdraw of moneys in event of default.* – The authority may withdraw loan moneys
64 from the separate and segregated account required by subdivision (5), subsection (b) of this
65 section, only in the event that a broadband provider has defaulted on a debt instrument or security
66 interest insured by the authority. The loan monies may not be used for any purpose other than to
67 pay amounts due to a financial institution resulting from the broadband provider’s default,
68 according to a loan insurance agreement entered into pursuant to §31-15-8a of this code. Prior
69 to withdrawing any amount of loan monies from the separate and segregated account, the
70 authority shall provide notice of the default to the board and certify to the board that:

ARTICLE 15. WEST VIRGINIA ECONOMIC DEVELOPMENT AUTHORITY.

§31-15-8. Insurance fund.

1 (a) There is hereby created an insurance fund which shall be a continuing, nonlapsing,
2 revolving fund that consists of:

3 (1) Moneys appropriated by the state to the insurance fund;

4 (2) Premiums, fees, and any other amounts received by the authority with respect to
5 financial assistance provided by the authority from the insurance fund;

6 (3) Upon the satisfaction of any indebtedness or other obligation owed on any property
7 held or acquired by the authority, such proceeds as designated by the authority from the sale,
8 lease, or other disposition of such property;

9 (4) Income from investments made from moneys in the insurance fund; and

10 (5) Any other moneys transferred to the insurance fund or made available to it for the
11 purposes described under this section, under this article, or pursuant to any other provisions of

13 Subject to the provisions of any outstanding insurance agreements entered into by the
14 authority under this section, the authority may enter into covenants or agreements with respect to
15 the insurance fund, and establish accounts within the insurance fund which may be used to
16 implement the purposes of this article. If the authority elects to establish separate accounts within

17 the insurance fund, the authority may allocate its revenues and receipts among the respective
18 accounts in any manner the authority considers appropriate.

19 If the authority at any time finds that more money is needed to keep the reserves of the
20 insurance fund at an adequate level, the authority, with the consent of the chair, shall send a
21 written request to the Legislature for additional funds.

22 (b) The insurance fund shall be used for the following purposes by the authority to
23 financially assist projects so long as such financial assistance will, as determined by the authority,
24 fulfill the public purposes of this article:

25 (1) To insure the payment or repayment of all or any part of the principal of, redemption
26 or prepayment premiums or penalties on, and interest on bonds or notes whether issued under
27 this article or under the Industrial Development and Commercial Development Bond Act, the West

29 *seq.* of this code;

30 (2) To insure the payment or repayment of all or any part of the principal of, redemption

33 under the Industrial Development and Commercial Development Bond Act, the West Virginia
34 Hospital Finance Authority Act or, with respect to health care facilities only, §8-33-1 *et seq.* of this
35 code;

39 to, banks, insurance companies and other institutions in the business of lending money, which
40 debt instruments shall include, but not be limited to, instruments relating to loans for working
41 capital and to the refinancing of existing debt: *Provided*, That nothing contained in this subsection
42 or any other provision of this article shall be construed as permitting the authority to insure the

43 refinancing of existing debt except when such insurance will result in the expansion of the
44 enterprise whose debt is to be refinanced or in the creation of new jobs;

45 (4) To pay or insure the payment of any fees or premiums necessary to obtain insurance,
46 guarantees, letters of credit, or other credit support from any person or financial institution in
47 connection with financial assistance provided by the authority under this section;

48 (5) To pay any and all expenses of the authority, including, but not limited to:

49 (A) Any and all expenses for administrative, legal, actuarial, and other services related to
50 the operation of the insurance fund; and

51 (B) All costs, charges, fees, and expenses of the authority related to the authorizing,
52 preparing, printing, selling, issuing, and insuring of bonds or notes (including, by way of example,
53 bonds or notes, the proceeds of which are used to refund outstanding bonds or notes) and the
54 funding of reserves; and

55 (6) To insure, for up to 20 years, the payment or repayment of all or any part of the principal
56 of and interest on any form of debt instrument entered into by an eligible broadband provider with
57 a financial institution, including, but not limited to, banks, insurance companies, and other
58 institutions in the business of lending money, which debt instruments are to be solely for capital
59 costs relating to the purposes authorized in §31-15-8a of this code: *Provided*, That beginning on
60 the effective date of the amendments made to this section during the regular session of the
61 Legislature, 2021, loan moneys shall not be transferred to the fund except as authorized by §12-
62 6C-11a of this code.

64 subsection (b) of this section, the total aggregate amount of insurance from the insurance fund
65 with respect to the insured portions of principal of bonds or notes or other instruments may not
66 exceed at any time an amount equal to five times the balance in the insurance fund.

67 (d) The authority may, in its sole and absolute discretion, set the premiums and fees to be
68 paid to it for providing financial assistance under this section. The premiums and fees set by the

69 authority shall be payable in the amounts, at the time, and in the manner that the authority, in its
70 sole and absolute discretion, requires. The premiums and fees need not be uniform among
71 transactions and may vary in amount: (1) Among transactions; and (2) at different stages during
72 the terms of transactions.

74 sufficient in connection with its insuring of the payment or repayment of any bonds, notes, debt,
75 or other instruments described in subdivisions (1) through (4), subsection (b) of this section.

76 (f) The authority may itself approve the form of any insurance agreement entered into
77 under this section or may authorize the chair or his or her designee to approve the form of any
78 such agreement. Any payment by the authority under an agreement entered into by the authority
79 under this section shall be made at the time and in the manner that the authority, in its sole and
80 absolute discretion, determines.

81 (g) The obligations of the authority under any insurance agreement entered into pursuant
82 to this article shall not constitute a debt or a pledge of the faith and credit or taxing powers of this
83 state or of any county, municipality, or any political subdivision of this state for the payment of any
84 amount due thereunder or pursuant thereto, but the obligations evidenced by such insurance
85 agreement shall be payable solely from the funds pledged for their payment.

86 (h) By October 30, 2021, and on or before the 30th day of January, April, July, and October
87 of each year thereafter, the authority shall prepare and submit to the Joint Committee on
