5           (b) Each application shall be accompanied by a nonrefundable application fee and a  
6 license fee. If the application is approved, the application fee is the license fee for the first year of  
7 licensure.

8           (c) The commissioner shall issue a license if the commissioner finds that the applicant  
9 meets the requirements of this article and the rules adopted under this article. The commissioner  
10 shall approve or deny every application for an original license within 120 days from the date a  
11 complete application is submitted, unless the commissioner extends the period for good cause.  
12 All licenses issued under this article expire on December 31 of the year issued, unless sooner  
13 suspended or revoked, and are subject to renewal for the following year.

14           (d) The licensee at each office it owns and operates in West Virginia shall prominently  
15 display, or maintain available for inspection, a copy of the license authorizing the conduct of a  
16 currency exchange business if the location offers and provides such services. Where the currency  
17 exchange business is conducted through a licensee's authorized delegates in this state, each

20           (e) As a condition for renewal of a license, the licensee must submit to the commissioner  
21 an application for renewal on a form prescribed by the commissioner and an annual license  
22 renewal fee. The commissioner may direct an applicant to file a license renewal application

25           (f) A license issued under this article may not be transferred or assigned.

26 (g) An applicant for a license who is not located in this state shall file an irrevocable  
27 consent, duly acknowledged, that suits and actions may be commenced against the applicant in  
28 the courts of this state by service of process upon a person located within the state designated to  
29 accept service, or by service upon the Secretary of State, as well as by service as set forth in this  
30 chapter.

31 (h) The commissioner is authorized to participate in the multistate supervisory process,  
32 including any multistate investigatory, examination, and licensing process, established between  
33 states and coordinated through the Conference of State Bank Supervisors, Money Transmitter  
34 Regulators Association, and affiliates and successors thereof, for all licensees that hold licenses  
35 in this state and other states.

**§32A-2-8. Qualifications for license or renewal of license.**

1 (a) The commissioner may issue a license to an applicant only upon first determining that  
2 the financial condition, business experience, and character and general fitness of an applicant  
3 are such that the issuance of the license is in the public interest: *Provided*, That the commissioner  
4 shall apply §32A-2-8(f) and §32A-2-8(g) of this code in determining whether an applicant's prior  
5 criminal convictions bear a rational nexus to the license being sought.

6 (b) An applicant for a license shall agree in writing to comply with the currency reporting  
7 and record-keeping requirements of 31 U.S.C. §5313, as well as those set forth in 31 C.F.R.  
8 Chapter X and any other relevant federal law.

9 (c) A person is not eligible for a license or shall surrender an existing license if, during the  
10 previous five years:

11 (1) The person or a principal of the person, of a business:

12 (A) Has been convicted of a felony or a crime involving fraud or deceit under the laws of  
13 this state, any other state, or the United States;

15 or deceit or would be a felony if committed in the United States; or

16 (C) Has been convicted under a state or federal law relating to currency exchange or  
17 transmission or any state or federal monetary instrument reporting requirement; or

18 (2) The person, a principal of the person, or the spouse of the person or a principal of the  
19 person has been convicted of an offense under a state or federal law relating to drug trafficking,  
20 money laundering, or a reporting requirement of the Bank Secrecy Act, 12 U.S.C. §1951 *et seq.*,  
21 as amended.

22 (d) The commissioner will review the application to determine whether the applicant:

23 (1) Has recklessly failed to file or evaded the obligation to file a currency transaction report  
24 as required by 31 U.S.C. §5313 during the previous three years;

25 (2) Has recklessly accepted currency for exchange, transport, or transmission during the  
26 previous three years in which a portion of the currency was derived from an illegal transaction or  
27 activity;

28 (3) Will conduct its authorized business within the bounds of state and federal law,  
29 including, but not limited to, §31D-15-1501 of this code;

32 \$100,000 or three percent of total assets for the first \$100 million, two percent of additional assets  
33 for \$100 million to \$1 billion, and 0.5 percent of additional assets for over \$1 billion, computed  
34 according to United States generally accepted accounting principles as shown by the most recent  
35 audited financial statement filed with and satisfactory to the commissioner, except that an  
36 applicant for a license or renewal of a license may not be required by this article to maintain a  
37 tangible net worth of more than \$1 million, computed according to generally accepted accounting  
38 principles; and

39 (6) Does not owe delinquent taxes, fines, or fees to any local or state taxing authority or  
40 governmental agency, department, or other political subdivision of this state.

41 (e) A person is not eligible for a license, and a person who holds a license shall surrender  
42 the license to the commissioner, if the person or a principal of the person has at any time been  
43 convicted of:

44 (1) A felony involving the laundering of money that is the product of or proceeds from  
45 criminal activity under chapter 61 of this code, or a similar provision of the laws of another state  
46 or the United States; or

47 (2) A felony violation of 31 U.S.C. §5313 or 5324, or a rule adopted under those sections.

48 (f) The commissioner may not disqualify an applicant from initial licensure because of a  
49 prior criminal conviction that remains unreversed unless that conviction is for a crime that bears  
50 a rational nexus to the activity requiring licensure. In determining whether a criminal conviction  
51 bears a rational nexus to a profession or occupation, the commissioner shall consider at a  
52 minimum:

53 (1) The nature and seriousness of the crime for which the individual was convicted;

54 (2) The passage of time since the commission of the crime;

55 (3) The relationship of the crime to the ability, capacity, and fitness required to perform the  
56 duties and discharge the responsibilities of the profession or occupation; and

57 (4) Any evidence of rehabilitation or treatment undertaken by the individual.

58 (g) Notwithstanding any other provision of this code to the contrary, if an applicant is  
59 disqualified from licensure because of a prior criminal conviction, the commissioner shall permit  
60 the applicant to apply for initial licensure if:

61 (1) A period of five years has elapsed from the date of conviction or the date of release  
62 from incarceration, whichever is later;

63 (2) The individual has not been convicted of any other crime during the period of time  
64 following the disqualifying offense; and

65 (3) The conviction was not for an offense of a violent or sexual nature: *Provided*, That a  
66 conviction for an offense of a violent or sexual nature may subject an individual to a longer period  
67 of disqualification from licensure, to be determined by the commissioner.

68 (h) An individual with a criminal record who has not previously applied for licensure may  
69 petition the commissioner at any time for a determination of whether the individual's criminal  
70 record will disqualify the individual from obtaining a license. This petition shall include sufficient  
71 details about the individual's criminal record to enable the commissioner to identify the jurisdiction  
72 where the conviction occurred, the date of the conviction, and the specific nature of the conviction.  
73 The commissioner shall provide the determination within 60 days of receiving the petition from  
74 the applicant. The commissioner may charge a fee to recoup its costs for each petition.

75 (i) Before approving an application for a license of an applicant who has less than one  
76 year's experience in the proposed business governed by this article as a regulated entity in  
77 another state, or whose license has been suspended or revoked by another state, the  
78 commissioner may, in his or her discretion, conduct an on-site investigation of an applicant at the  
79 sole expense of the applicant and may require the applicant to pay a nonrefundable payment of  
80 the anticipated expenses for conducting the investigation. Failure to make the payment or  
81 cooperate with the investigation is grounds for denying the application.

**§32A-2-8a. Information requirements for certain individuals and change in control.**

1 (a) Any individual in control of a licensee or applicant, any individual that seeks to acquire  
2 control of a licensee, and each key individual shall furnish to the commissioner the following items:

3 (1) The individual's fingerprints for submission to the Federal Bureau of Investigation and

5 currently resides outside of the United States and has resided outside of the United States for the  
6 last 10 years;

7 (2) Personal history and experience in a form and in a medium prescribed by the  
8 commissioner, to obtain the following:

9 (A) An independent credit report from a consumer reporting agency unless the individual  
10 does not have a Social Security number, in which case this requirement shall be waived;

11 (B) Information related to any criminal convictions or pending charges; and

12 (C) Information related to any regulatory or administrative action and any civil litigation  
13 involving claims of fraud, misrepresentation, conversion, mismanagement of funds, breach of  
14 fiduciary duty, or breach of contract.

15 (b) If the individual has resided outside of the United States at any time in the last 10 years,  
16 the individual shall also provide an investigative background report prepared by an independent  
17 search firm that meets the following requirements:

18 (1) At a minimum, the search firm shall:

19 (A) Demonstrate that it has sufficient knowledge, resources, and employs accepted and  
20 reasonable methodologies to conduct the research of the background report; and

21 (B) Not be affiliated with or have an interest with the individual it is researching.

22 (2) At a minimum, the investigative background report shall be written in the English  
23 language and shall contain the following:

25 report, or any equivalent information obtained or generated by the independent search firm to  
26 accomplish such report, including a search of the court data in the countries, provinces, states,  
27 cities, towns, and contiguous areas where the individual resided and worked;

28 (B) Criminal records information for the past 10 years, including, but not limited to, felonies,

35 transmission, securities, banking, insurance, and mortgage-related industries.

36 (c) Any person, or group of persons acting in concert, seeking to acquire control of a  
37 licensee shall obtain the written approval of the commissioner prior to acquiring control. An  
38 individual is not deemed to acquire control of a licensee and is not subject to these acquisition of  
39 control provisions when that individual becomes a key individual in the ordinary course of  
40 business.

41 (d) A person, or group of persons acting in concert, seeking to acquire control of a licensee  
42 shall, in cooperation with the licensee, submit an application in a form and in a medium prescribed  
43 by the commissioner.

44 (e) Upon request, the commissioner may permit a licensee or the person, or group of  
45 persons acting in concert, to submit some or all information required by the commissioner without  
46 using NMLS.

47 (f) The application required by this section shall include information required for any new  
48 key individuals that have not previously completed the requirements for a licensee.

49 (g) When an application for acquisition of control under this section appears to include all  
50 the items and address all of the matters that are required, the application shall be considered  
51 complete and:

52 (1) The commissioner shall approve or deny the application within 90 days after the  
53 completion date; or

54 (2) If the application is not approved or denied within 90 days after the completion date,  
55 the application is deemed approved, and the person, or group of persons acting in concert, are  
56 not prohibited from acquiring control.

57 (3) The commissioner may extend the application period for good cause.

58 (h) A determination by the commissioner that an application is complete and is accepted  
59 for processing means only that the application, on its face, appears to include all of the items and

60 address all of the matters that are required, and is not an assessment of the substance of the  
61 application or of the sufficiency of the information provided.

62 (i) When an application is filed and considered complete, the commissioner shall  
63 investigate the financial condition and responsibility, financial and business experience,  
64 character, and general fitness of the person, or group of persons acting in concert, seeking to  
65 acquire control. The commissioner shall approve an acquisition of control pursuant to this section  
66 if the commissioner finds that all of the following conditions for the change in control have been  
67 fulfilled:

68 (1) The requirements of subsections (d) and (f) of this section have been met, as  
69 applicable; and

70 (2) The financial condition and responsibility, financial and business experience,  
71 competence, character, and general fitness of the person, or group of persons acting in concert,  
72 seeking to acquire control, and the competence, experience, character, and general fitness of the  
73 key individuals and persons that would be in control of the licensee after the acquisition of control  
74 indicate that it is in the interest of the public to permit the person, or group of persons acting in  
75 concert, to control the licensee.

76 (j) If an applicant avails itself or is otherwise subject to a multistate licensing process:

77 (1) The commissioner is authorized to accept the investigation results of a lead  
78 investigative state if the lead investigative state has sufficient staffing, expertise, and minimum  
79 standards; or

80 (2) If the division is a lead investigative state, the commissioner is authorized to investigate  
81 the applicant and the time frames established by agreement through the multistate licensing  
82 process.

83 (k) The commissioner shall issue a formal written notice of the denial of an application to  
84 acquire control within 30 days of the decision to deny the application. The commissioner shall set  
85 forth in the notice of denial the specific reasons for the denial of the application. An applicant

86 whose application is denied under this section may appeal the denial using the procedures set  
87 forth in §32A-2-6 of this code.

88 (l) The requirements of subsections (c) and (d) of this section do not apply to any of the  
89 following:

90 (1) A person that acts as a proxy for the sole purpose of voting at a designated meeting  
91 of the shareholders or holders of voting shares or voting interests of a licensee or a person in  
92 control of a licensee;

93 (2) A person that acquires control of a licensee by devise or descent;

94 (3) A person that acquires control of a licensee as a personal representative, custodian,  
95 guardian, conservator, or trustee, or as an officer appointed by a court of competent jurisdiction  
96 or by operation of law;

97 (4) A person that is otherwise exempt under this article;

98 (5) A person that the commissioner determines is not subject to subsection (c) of this  
99 section based on the public interest;

100 (6) A public offering of securities of a licensee or a person in control of a licensee; or

101 (7) An internal reorganization of a person in control of the licensee where the ultimate  
102 person in control of the licensee remains the same.

103 (m) Persons in subdivisions (2), (3), (4), (6), or (7) of subsection (l) of this section in  
104 cooperation with the licensee shall notify the commissioner within 15 days after the acquisition of  
105 control.

106 (n) Streamlined acquisition of control:

107 (1) The requirements of subsections (c) and (d) of this section do not apply to a person  
108 that has complied with and received approval to engage in money transmission under this article  
109 or was identified as a person in control in a prior application filed with and approved by the  
110 commissioner or by an MSB accredited state pursuant to a multistate licensing process, *Provided*,  
111 That:

112 (A) The person has not had a license revoked or suspended or controlled a licensee that  
113 has had a license revoked or suspended while the person was in control of the licensee in the  
114 previous five years;

115 (B) If the person is a licensee, the person is well managed and has received at least a  
116 satisfactory rating for compliance at its most recent examination by an MSB accredited state if  
117 such rating was given;

118 (C) The licensee to be acquired is projected to meet the requirements of net worth, surety  
119 bond, and permissible investments after the acquisition of control is completed, and if the person  
120 acquiring control is a licensee, that licensee is also projected to meet the requirements of net  
121 worth, surety bond, and permissible investments after the acquisition of control is completed;

122 (D) The licensee to be acquired will not implement any material changes to its business  
123 plan as a result of the acquisition of control, and if the person acquiring control is a licensee, that  
124 licensee also will not implement any material changes to its business plan as a result of the  
125 acquisition of control; and

126 (E) The person provides notice of the acquisition in cooperation with the licensee and  
127 attests to the requirements in this subsection in a form and in a medium prescribed by the  
128 commissioner.

129 (2) If the notice is not disapproved within 30 days after the date on which the notice was  
130 determined to be complete, the notice is deemed approved.

131 (o) Before filing an application for approval to acquire control of a licensee, a person may  
132 request in writing a determination from the commissioner as to whether the person would be  
133 considered a person in control of a licensee upon consummation of a proposed transaction. If the  
134 commissioner determines that the person would not be a person in control of a licensee, the  
135 proposed person and transaction is not subject to the requirements of this section.

**§32A-2-8b. Permissible Investments.**

1 (a) A licensee shall maintain at all times permissible investments that have a market value  
2 computed in accordance with United States generally accepted accounting principles of not less  
3 than the aggregate amount of all of its outstanding money transmission obligations.

4 (b) Except for the permissible investments that are set forth in subsection (e) of this  
5 section, the commissioner, with respect to any licensee, may limit the extent to which a specific  
6 investment maintained by a licensee within a class of permissible investments may be considered  
7 a permissible investment, if the specific investment represents undue risk to customers, not  
8 reflected in the market value of the investments.

9 (c) Permissible investments, even if commingled with other assets of the licensee, are  
10 held in trust for the benefit of the purchasers and holders of the licensee's outstanding money  
11 transmission obligations in the event of insolvency, the filing of a petition by or against the licensee  
12 under the United States Bankruptcy Code, 11 U.S.C. Section 101-110, as amended or recodified  
13 from time to time, for bankruptcy or reorganization, the filing of a petition by or against the licensee  
14 for receivership, the commencement of any other judicial or administrative proceeding for its  
15 dissolution or reorganization, or in the event of an action by a creditor against the licensee who is  
16 not a beneficiary of this statutory trust. No permissible investments impressed with a trust  
17 pursuant to this section shall be subject to attachment, levy of execution, or sequestration by  
18 order of any court, except for a beneficiary of this statutory trust.

19 (d) Upon the establishment of a statutory trust in accordance with subsection (c) of this  
20 section or when any funds are drawn on a letter of credit pursuant to subdivision (4) of subsection  
21 (e) of this section, the Commissioner shall notify the applicable regulator of each state in which  
22 the licensee is licensed to engage in money transmission, if any, of the establishment of the trust  
23 or the funds drawn on the letter of credit, as applicable. Notice shall be deemed satisfied if  
24 performed pursuant to a multistate agreement or through NMLS. Funds drawn on a letter of credit,

25 and any other permissible investments held in trust for the benefit of the purchasers and holders  
26 of the licensee's outstanding money transmission obligations, are deemed held in trust for the  
27 benefit of such purchasers and holders on a pro rata and equitable basis in accordance with  
28 statutes pursuant to which permissible investments are required to be held in this state, and other  
29 states, as applicable. Any statutory trust established hereunder shall be terminated upon  
30 extinguishment of all of the licensee's outstanding money transmission obligations.

31 (e) Types of permissible investments are as follows:

32 (1) Cash, including demand deposits, savings deposits, and funds in such accounts held  
33 for the benefit of the licensee's customers in a federally insured depository financial institution,  
34 and cash equivalents;

35 (2) Certificates of deposit or senior debt obligations of an insured depository institution, as  
36 defined in Section 3 of the Federal Deposit Insurance Act, 12 U.S.C. Section 1813, as amended  
37 or recodified from time to time, or as defined under the federal Credit Union Act, 12 U.S.C. Section  
38 1781, as amended or recodified from time to time;

39 (3) An obligation of the United States or a commission, agency, or instrumentality thereof;  
40 an obligation that is guaranteed fully as to principal and interest by the United States; or an  
41 obligation of a state or a governmental subdivision, agency, or instrumentality thereof;

42 (4) The full drawable amount of an irrevocable standby letter of credit for which the stated  
43 beneficiary is the commissioner that stipulates that the beneficiary need only draw a sight draft  
44 under the letter of credit and present it to obtain funds up to the letter of credit amount;

45 (5) One hundred percent of the surety bond provided pursuant to §32A-2-10 of this code  
46 that exceeds the average daily money transmission liability in this state; and

47 (6) Any other permissible investments determined by the commissioner to be acceptable.

48 Permissible investments pursuant to this subdivision shall be published on the commissioner's

49 website and updated at least annually. Licensees may propose that the commissioner place  
50 certain investments on the list of permissible investments at the commissioner's discretion.

**§32A-2-10. Bond.**

1 (a) A person who is licensed under this article shall post a bond with a qualified surety  
2 company doing business in this state that is acceptable to the commissioner. The bond shall be  
3 in the amount of \$100,000 for a licensee which issues or sells checks or money orders, or which  
4 engages in currency exchange; or \$300,000 for a licensee which engages in receiving money for  
5 transmission by wire, facsimile, or electronic transfer, or which engages in currency  
6 transportation. A licensee which engages in multiple types of these activities shall post the higher  
7 amount. A merchant obtaining a license solely to engage in the check cashing business not  
8 incidental to the main business of the merchant as required by §32A-3-1 *et seq.* of this code shall  
9 post a bond of \$100,000. The bond required by this subsection shall be increased at the time of  
10 license renewal by one percent of the annual volume of business the licensee conducts in this  
11 state exceeding \$10 million rounded to the nearest thousand, as reported by the licensee:  
12 *Provided*, That in no event shall the bond exceed \$1 million.

13 (b) No cash deposit or pledge of cash equivalent in instruments or securities may be  
14 accepted in lieu of the bond required by subsection (a) of this section.

15 (c) A bond posted by a licensee shall be conditioned upon compliance with the provisions  
16 of this article and any rules thereunder for as long as the person holds the license. The deposit  
17 or bond, as the case may be, shall be made to the State of West Virginia for the benefit and  
18 protection of any claimant against the applicant or licensee with respect to the receipt, handling,  
19 transmission, and payment of money by the licensee or authorized delegate in connection with  
20 the licensed operations in this state. A claimant damaged by a breach of the conditions of the  
21 bond or deposit shall, upon the assent of the commissioner, have a right of action against the  
22 bond or deposit for damages suffered thereby and may bring suit directly thereon, or the

23 commissioner may bring suit on behalf of the claimant. The aggregate liability of the surety in no  
24 event shall exceed the principal sum of the bond.

25 (d) A penalty fee under §32A-2-5(a)(5) of this code, expenses under §32A-2-11 of this  
26 code, or a civil penalty under §32A-2-19 of this code may be paid out of and collected from the  
27 proceeds of a bond under this section.

28 (e) After receiving a license, the licensee shall maintain the required bond until five years  
29 after it ceases to do business in this state unless all outstanding transactions are cleared or  
30 covered by the provisions of §36-8-1 *et seq.* of this code pertaining to the distribution of unclaimed  
31 property which have become operative and are adhered to by the licensee. Notwithstanding this  
32 provision, however, the commissioner may permit the bond to be reduced following cessation of  
33 business in the state to the extent the amount of the licensee's checks/payment instruments  
34 outstanding in this state are reduced.

35 (f) If the commissioner at any time reasonably determines that the required bond or deposit  
36 is insecure, deficient in amount, or exhausted, in whole or in part, he or she may in writing require  
37 the filing of a new or supplemental bond in order to secure compliance with this article and may  
38 demand compliance with the requirement within 30 days following service on the licensee. The  
39 total amount of the bonds required of the licensee may not, however, exceed the \$1 million set  
40 forth in subsection (a) of this section.

**§32A-2-11. Examination and fraudulently structured transactions.**

1 (a) Each licensee is subject to a periodic examination of the licensee's business records  
2 by the commissioner at the expense of the licensee. For the purpose of carrying out this article,  
3 the commissioner may examine all books, records, papers, or other objects that the commissioner  
4 determines are necessary for conducting a complete examination and may also examine under  
5 oath any person associated with the license holder, including an officer, director, or employee of  
6 the licensee or authorized delegate. Unless it will interfere with the commissioner's duties under  
7 this article, reasonable notice shall be given to the licensee and any authorized delegate before

8 any on-site examination visit. If a person required by the commissioner to submit to an  
9 examination refuses to permit the examination or to answer any question authorized by this  
10 article, the commissioner may suspend the person's license until the examination is completed.

11 (b) The licensee shall bear the reasonable and necessary per diem and travel expense  
12 cost of any on-site examination made pursuant to this section.

13 (c) A person, for the purpose of evading a reporting or record-keeping requirement of 31  
14 U.S.C. §5313, or 31 C.F.R. Chapter X, or by this article, or a rule authorized under this article,  
15 may not with respect to a transaction with a licensee:

16 (1) Cause or attempt to cause the licensee to:

17 (A) Not maintain a record or file a report required by a law listed by this subsection; or

18 (B) Maintain a record or file a report required by a law listed by this subsection that  
19 contains a material omission or misstatement of fact; or

20 (2) Fraudulently structure the transaction.

21 (d) For the purposes of this article, a person fraudulently structures a transaction if the  
22 person conducts or attempts to conduct a transaction in any amount of currency with a licensee  
23 in a manner having the purpose of evading a recordkeeping or reporting requirement of this article,  
24 or of a law, or rule listed by subsection (c) of this section, including the division of a single amount  
25 of currency into smaller amounts or the conduct of a transaction or series of transactions in  
26 amounts equal to or less than the reporting or record-keeping threshold of a law, or rule listed by  
27 subsection (c) of this section.

28 (e) A transaction is not required to exceed a recordkeeping or reporting threshold of a  
29 single licensee on a single day to be a fraudulently structured transaction.

30 (f) The commissioner may conduct an examination in conjunction with an examination  
31 conducted by representatives of other state agencies or agencies of another state or of the federal  
32 government and may accept the examination report of another state agency or an agency of  
33 another state or of the federal government.

**§32A-2-13. Notification requirements.**

1           (a) A licensee shall notify the commissioner of any change in its principal place of  
2 business, or its headquarters office if different from its principal place of business, within 15 days  
3 after the date of the change.

4           (b) A licensee shall notify the commissioner of any of the following significant  
5 developments within 15 days after gaining actual notice of its occurrence:

6           (1) The filing of bankruptcy or for reorganization under the bankruptcy laws;

7           (2) The institution of any enforcement action including, but not limited to, a license  
8 revocation or suspension against the licensee by any other state or federal regulator;

9           (3) A felony indictment related to money transmission, currency exchange, fraud, failure  
10 to fulfill a fiduciary duty or other activities of the type regulated under this article of the licensee or  
11 its authorized delegates in this state, or of the licensee's or authorized delegate's officers,  
12 directors, or principals;

13           (4) A felony conviction or plea related to the money transmission, currency exchange,  
14 fraud, failure to fulfill a fiduciary duty or other activities of the type regulated under this article of  
15 the licensee or its authorized delegates in this state, or of the licensee's or authorized delegate's  
16 officers, directors, or principals; and

17           (5) Any change in its business activities.

18           (c) A licensee shall notify the commissioner of any merger or acquisition which may result  
19 in a change of control or a change in principals of a licensee at least 60 days prior to the  
20 announcement or publication of the proposal, or its occurrence, whichever is earlier. Upon notice  
21 of these circumstances by a corporate licensee, the commissioner may require all information  
22 necessary to determine whether it results in a transfer or assignment of the license and thus if a  
23 new application is required in order for the company to continue doing business under this article.  
24 A licensee that is an entity other than a corporation shall in these circumstances submit a new  
25 application for licensure at the time of notice.

26 (d) The commissioner may direct that the reports required by this section and any other  
27 reports, data, or information deemed necessary by the commissioner be filed directly with the  
28 Division of Financial Institutions on a date to be determined by the commissioner or through the  
29 Nationwide Multistate Licensing System and Registry operated by the State Regulatory Registry,  
30 LLC.

**§32A-2-24. Confidential information.**

1 (a) Reports of investigation and examination, together with related documents and  
2 financial information not normally available to the public that is submitted in confidence by a  
3 person regulated under this article, including, but not limited to, that person's evaluation of the  
4 expected outcome of pending litigation, are confidential and may not be disclosed to the public  
5 by the commissioner or employees of the Division of Financial Institutions, and are not subject to  
6 the state's freedom of information act. The commissioner may release information if:

7 (1) The commissioner finds that immediate and irreparable harm is threatened to the  
8 licensee's customers or potential customers or the general public;

9 (2) The licensee consents before the release;

10 (3) The commissioner finds that release of the information is required in connection with  
11 a hearing under this article, in which event information may be related to the parties of that  
12 hearing; or

13 (4) The commissioner finds that the release is reasonably necessary for the protection of  
14 the public and in the interest of justice, in which event information may be distributed to  
15 representatives of an agency, department, or instrumentality of this state, any other state, or the  
16 federal government.

17 (b) Nothing in this section prevents release to the public of any list of licensees or  
18 aggregated financial data for the licensees, prevents disclosure of information the presiding officer  
19 considers relevant to the proper adjudication or administration of justice at public administrative

20 or judicial hearings, or prevents disclosure of information relevant to supporting the issuance of  
21 any administrative or judicial order.

**§32A-2-25. Hearing on suspension or revocation of license.**

1 (a) A license may not be revoked or suspended except after notice and opportunity for  
2 hearing on that action. The commissioner may issue to a person licensed under this article an  
3 order to revoke a license or to suspend a license for a period not in excess of six months. The  
4 order shall provide notice of opportunity for a hearing, inform that any request for hearing must  
5 be filed within 30 days of service of a copy of the order revoking or suspending the license, and  
6 set forth how the recipient may request such a hearing. The hearing shall be conducted in  
7 accordance with the provisions of §29A-5-1 *et seq.* of this code. The commissioner may appoint  
8 a hearing examiner to preside at the hearing and make a recommended decision. The  
9 commissioner may revoke or suspend the license if he or she finds that:

10 (1) The licensee has knowingly or repeatedly violated this chapter or any rule or order  
11 lawfully made or issued pursuant to this article;

12 (2) The licensee has failed to remit its required renewal fees;

13 (3) Facts or conditions exist which would clearly have justified the commissioner in  
14 refusing to grant a license had these facts or conditions been known to exist at the time the  
15 application for the license was made;

16 (4) The licensee does not have available the net worth required by §32A-2-8 of this code,  
17 and after 10 days' written notice from the commissioner, fails to take steps that the commissioner  
18 determines are necessary to remedy the deficiency; or

19 (5) The licensee has failed or refused to keep the bond or other security required by §32A-  
20 2-10 of this code in full force and effect.

21 (b) No revocation or suspension of a license under this article is lawful unless prior notice  
22 is given to the licensee of the facts or conduct which warrant the intended action and the licensee  
23 is given an opportunity to show compliance with all lawful requirements for retention of the license.

24 (c) If the commissioner finds that probable cause for revocation of a license exists and  
25 that enforcement of this article to prevent imminent harm to public welfare requires immediate  
26 suspension of the license pending investigation, the commissioner may, after a hearing upon five  
27 days' written notice, enter an order suspending the license for not more than 30 days.

28 (d) Nothing in this section limits the authority of the commissioner to take action against a  
29 licensee or person under other sections of this article.

30 (e) Whenever the commissioner revokes or suspends a license, an order to that effect  
31 shall be entered and the commissioner shall forthwith notify the licensee of the revocation or  
32 suspension. Within five days after the entry of the order the commissioner shall mail by registered  
33 or certified mail, or shall provide for personal delivery to the licensee, a copy of the order and the  
34 findings supporting the order.

35 (f) Any person holding a license under this article may relinquish the license by notifying  
36 the commissioner in writing of its relinquishment, but any relinquishment does not affect a  
37 person's liability for acts previously committed.

38 (g) No revocation, suspension, or relinquishment of a license impairs or affects the  
39 obligation of any preexisting lawful contract between the licensee and any person.

40 (h) The commissioner may reinstate a license, terminate a suspension, or grant a new  
41 license to a person whose license has been revoked or suspended if no fact or condition then  
42 exists which clearly would have justified the commissioner in refusing to grant a license.
