### ARTICLE 2P. MOUNTAIN HOMES ACT.

#### Part I. General

	<u>§5B-2P-1.</u>	Short		title.
1	This article shall	be known and cite	ed as the Mountain	Homes Act.
	<u>§5B-2P-2.</u>	Legislative	)	findings.
1	(a) The Legislature find	<u>ds that:</u>		
2	(1) Continued econom	ic growth in West Virginia	a creates a responsibility in	the state for the
3	furtherance of the general well	are of our citizens. The s	state's focus on and promot	ion of economic

1 development has created a business-friendly atmosphere for businesses to continue to remain

2 and locate here. The continued development of a business-friendly environment must include

3 <u>factors to promote positive social and personal development;</u>

4 (2) As our economy continues to experience change and is restructured from being 5 primarily energy based, our population will also shift. This shift will create a need for additional 6 services, most importantly in the housing development sector. As the state encourages business 7 activity and creates a more balanced economic base, the state must be mindful of the needs of the 8 workers who are gainfully employed in this state and who are necessary to accomplish the 9 purposes of businesses presently doing business here and those considering locating here; and 10 (3) The constraints on obtaining funding for housing construction potentially creates a 11 hinderance to continued economic development as businesses consider West Virginia as an 12 option. Workers who may locate here as businesses move here have an expectation of their 13 certain quality of life, including adequate housing. Fulfilling this expectation is a necessary 14 component of the state's economic development. 15 (b) Therefore, the Legislature recognizes the need to support and encourage businesses 16 and realizes that they can only achieve success with a quality, hardworking, gainfully employed

17 workforce. To achieve and advance a better workforce in this state, the Legislature hereby

18 establishes the Mountain Homes Act, with the intent to remove barriers to funding for home

19 construction with the goal of promoting a sustainable quality of life for the state's workforce.
