**ARTICLE 5V. EMERGENCY MEDICAL SERVICES RETIREMENT SYSTEM ACT.**

**§16-5V-18. Refunds to certain members upon discharge or resignation; deferred  
retirement; preretirement death; forfeitures.**

1 (a) Any member who terminates covered employment and is not immediately eligible to  
2 receive disability or retirement income benefits under this article is, by written request filed with  
3 the board, entitled to receive from the fund the member's accumulated contributions. Except as  
4 provided in subsection (b) of this section, upon withdrawal, the member shall forfeit his or her  
5 accrued benefit and cease to be a member.

6 (b) Any member who ceases employment in covered employment and active participation  
7 in this plan and who thereafter becomes reemployed in covered employment may not receive any  
8 credited service for any prior withdrawn accumulated contributions from either this plan or the  
9 Public Employees Retirement System unless following his or her return to covered employment  
10 and active participation in this plan, the member redeposits in the fund the amount of the  
11 accumulated contributions withdrawn from previous covered employment, together with interest  
12 on the accumulated contributions at the rate determined by the board from the date of withdrawal  
13 to the date of redeposit. Upon repayment he or she shall receive the same credit on account of  
14 his or her former covered employment as if no refund had been made.

15 The repayment authorized by this subsection shall be made in a lump sum within 60  
16 months of the emergency medical services officer's reemployment in covered employment or, if  
17 later, within 60 months of the effective date of this article.

18 (c) A member of this plan who has elected to transfer from the Public Employees  
19 Retirement System into this plan pursuant to §15-5V-6(b), may not, after having transferred into  
20 and become an active member of this plan, reinstate to his or her credit in this plan any service  
21 credit relating to periods of nonemergency medical services officer service withdrawn from the  
22 Public Employees Retirement System prior to his or her elective transfer into this plan.

23 (d) Every member who completes 60 months of covered employment is eligible, upon  
24 cessation of covered employment, to either withdraw his or her accumulated contributions in  
25 accordance with this section or to choose not to withdraw his or her accumulated contribution and  
26 to receive retirement income payments upon attaining early or normal retirement age.

27 (e) In the event a member dies from any cause other than those specified in §16-5V-23 of  
28 this code and does not have 10 or more years of contributory service, the member's accumulated  
29 contributions may be paid to a named beneficiary or beneficiaries. If no beneficiary is named, then  
30 the accumulated contributions shall be paid to the estate of the deceased member.

31 (f) Notwithstanding any other provision of this article, forfeitures under the plan may not
