ARTICLE 5. COUNTY BOARD OF EDUCATION.

§18-5-44. Early childhood education programs.

(a) For the purposes of this section, an ‘early childhood education program’ means ~~programs a program created under this section~~ for children who have attained the age of four prior to September 1 of the school year in which ~~the pupil enters~~ the children enter the program. ~~created in this section~~

(b) *Findings.* –

(1) Among other positive outcomes, early childhood education programs have been determined to:

(A) Improve overall readiness when children enter school;

(B) Decrease behavioral problems;

(C) Improve student attendance;

(D) Increase scores on achievement tests;

(E) Decrease the percentage of students repeating a grade; and

(F) Decrease the number of students placed in special education programs;

(2) Quality early childhood education programs improve school performance and low-quality early childhood education programs may have negative effects, especially for at-risk children;

(3) West Virginia has the lowest percentage of its adult population twenty-five years of age or older with a bachelor’s degree and the education level of parents is a strong indicator of how their children will perform in school;

(4) During the 2006-2007 school year, West Virginia ranked thirty-ninth among the fifty states in the percentage of school children eligible for free and reduced lunches and this percentage is a strong indicator of how the children will perform in school;

(5) For the school year 2008-2009, 13,135 students were enrolled in prekindergarten, a number equal to approximately sixty-three percent of the number of students enrolled in kindergarten;

(6) Excluding projected increases due to increases in enrollment in the early childhood education program, projections indicate that total student enrollment in West Virginia will decline by one percent, or by approximately 2,704 students, by the school year 2012-2013;

(7) In part, because of the dynamics of the state aid formula, county boards will continue to enroll four-year-old students to offset the declining enrollments;

(8) West Virginia has a comprehensive kindergarten program for five-year-olds, but the program was established in a manner that resulted in unequal implementation among the counties, which helped create deficit financial situations for several county boards;

(9) Expansion of current efforts to implement a comprehensive early childhood education program should avoid the problems encountered in kindergarten implementation;

(10) Because of the dynamics of the state aid formula, counties experiencing growth are at a disadvantage in implementing comprehensive early childhood education programs; and

(11) West Virginia citizens will benefit from the establishment of quality comprehensive early childhood education programs.

(c) Beginning no later than the school year 2012-2013, and continuing thereafter, county boards shall provide early childhood education programs for all children who have attained the age of four prior to September 1 of the school year in which the ~~pupil enters~~ children enter the early childhood education program. Beginning no later than the school year 2016-2017, and continuing thereafter, these early childhood education programs that are full day and five days per week shall be available to all children meeting the age requirement set forth in the subsection shall provide at least forty-eight thousand minutes annually and no less than fifteen hundred minutes of instruction per week.

(d) The program shall meet the following criteria:

(1) It shall be voluntary, except that, upon enrollment, the provisions of section ~~one~~ one-a, article eight of this chapter apply to an enrolled student, subject to subdivision ~~(3)~~ (4) of this subsection;

(2) It shall be open to all children meeting the age requirement set forth in this section; shall have the opportunity to enroll in a program that is full day and five days per week. The program may be for fewer than five days per week and may be less than full day based on family need if a sufficient number of families request such programs and the county board finds that such programs are in the best interest of the requesting families and students: *Provided*, That the ability of families to request programs that are fewer than five days a week or less than a full day does not relieve the county of the obligation to provide all resident children with the opportunity to enroll in a full day program; and

(3) It shall provide no less days than fifteen hundred minutes of instruction per week, in a full day program with at least forty-eight thousand minutes of instruction annually; The program may be for fewer than five days per week and may be less than full day based on family need if a sufficient number of families request such programs and the county board finds that such programs are in the best interest of the requesting families and students: *Provided*, That the ability of families to request programs that are fewer than five days a week or less than a full day does not relieve the county of the obligation to provide all resident children with the opportunity to enroll in a full day program and

~~(3)~~ (4) It shall permit a parent of a an enrolled child enrolled in an early education program may to withdraw a the child from that program for good cause by notifying the district. Good cause includes, but is not limited to, enrollment of the child in another program or the immaturity of the child. A child withdrawn under this section is not subject to the attendance provisions of this chapter until that child again enrolls in a public school in this state.

(e) Enrollment of students in Head Start, or in any other program approved by the state superintendent as provided in ~~subsection (k)~~ of this section, may be counted toward satisfying the requirement of subsection (c) of this section.

(f) For the purposes of implementation financing, all counties are encouraged to make use of funds from existing sources, including:

(1) Federal funds provided under the Elementary and Secondary Education Act pursuant to 20 U. S. C. §6301, *et seq.*;

(2) Federal funds provided for Head Start pursuant to 42 U. S. C. §9831, *et seq.*;

(3) Federal funds for temporary assistance to needy families pursuant to 42 U. S. C. §601, *et seq.*;

(4) Funds provided by the School Building Authority pursuant to article nine-d of this chapter;

(5) In the case of counties with declining enrollments, funds from the state aid formula above the amount indicated for the number of students actually enrolled in any school year; and

(6) Any other public or private funds.

(g) Each county board shall develop a plan for implementing the program required by this section. The plan shall include the following elements:

(1) An analysis of the demographics of the county related to early childhood education program implementation;

(2) An analysis of facility and personnel needs;

(3) Financial requirements for implementation and potential sources of funding to assist implementation;

(4) Details of how the county board will cooperate and collaborate with other early childhood education programs including, but not limited to, Head Start, to maximize federal and other sources of revenue;

(5) Specific time lines for implementation; and

(2) The county board has provided for the maximum implementation of Head Start programs and other public and private programs approved by the state superintendent pursuant to the terms of ~~subsection (k) of this section; and or~~

(3) ~~If the The Secretary of the Department of Health and Human Resources~~ secretary finds that, if the county board has not met one or more of the requirements of this subsection, ~~but that~~ the county board has acted in good faith and the failure to comply was not the primary fault of the county board. ~~then the secretary shall approve the plan.~~ Any denial by the secretary may be appealed to the circuit court of the county in which the county board is located.

(i) The county board shall submit its plan for approval to the state board. The state board shall approve the plan if the county board has complied substantially with the requirements of subsection (g) of this section and has obtained the approval required in subsection (h) of this section.

(j) Every county board shall submit its plan for reapproval by the Secretary of the Department of Health and Human Resources and by the state board at least every two years after the initial approval of the plan and until full implementation of the early childhood education program in the county. As part of the submission, the county board shall provide a detailed statement of the progress made in implementing its plan. The standards and procedures provided for the original approval of the plan apply to any reapproval.

(k) A county board may not increase the total number of students enrolled in the county in an early childhood program until its program is approved by the Secretary of the Department of Health and Human Resources and the state board.

(l) The state board annually may grant a county board a waiver for total or partial implementation if the state board finds that all of the following conditions exist:

(1) The county board is unable to comply either because:

(A) It does not have sufficient facilities available; or

(B) It does not and has not had available funds sufficient to implement the program;

(2) The county has not experienced a decline in enrollment at least equal to the total number of students to be enrolled; and

(3) Other agencies of government have not made sufficient funds or facilities available to assist in implementation.

Any county board seeking a waiver shall apply with the supporting data to meet the criteria for which they are eligible on or before March 25 for the following school year. The state superintendent shall grant or deny the requested waiver on or before April 15 of that same year.

(m) The provisions of subsections (b), (c) and (d), section eighteen of this article relating to kindergarten apply to early childhood education programs in the same manner in which they apply to kindergarten programs.

(n) Annually, the state board shall report to the Legislative Oversight Commission on Education Accountability on the progress of implementation of this section.

(o) Except as required by federal law or regulation, no county board may enroll students who will be less than four years of age prior to September 1 for the year they enter school.

(p) Neither the state board nor the state department may provide any funds to any county board for the purpose of implementing this section unless the county board has a plan approved pursuant to subsections (h), (i) and (j) of this section.

(q) The state board shall promulgate a rule in accordance with the provisions of article three-b, chapter twenty-nine-a of this code for the purposes of implementing the provisions of this section. The state board shall consult with the Secretary of the Department of Health and Human Resources in the preparation of the rule. The rule shall contain the following:

(4) An analysis of the effect of the programs on the maximization of the use of federal funds for early childhood programs.

The intent of this subsection is to enable the Legislature to proceed in a fiscally responsible manner and make any necessary program improvements based on reported information prior to implementation of the early childhood education programs.

(t) After the school year 2012-2013, on or before July 1 of each year, each county board shall report the following information to the Secretary of the Department of Health and Human Resources and the state superintendent:

(1) Documentation indicating the extent to which county boards are maximizing resources by using the existing capacity of community-based programs, including, but not limited to, Head Start and child care; and

(2) For those county boards that are including eligible children attending approved, contracted community-based programs in their net enrollment for the purposes of calculating state aid pursuant
