Resolutions Introduced

Delegates Pushkin, Barrett, Diserio, E. Evans, Hornbuckle, McGeehan, Paynter, Pyles and Robinson offered the following resolution, which was read by its title and referred to the Committee on the Judiciary then Rules:

H. R. 4 - “Relating to empowering the House Committee on the Judiciary to investigate allegations of impeachable offenses against West Virginia Supreme Court Justice Allen H. Loughry II.”

Whereas, By his own admission, Justice Loughry has utilized state property at his private residence, including property donated to the state and property purchased and owned by the state; and

Whereas, A desk which was part of the original furnishings of the State Capitol, which was selected by the architect for use by state officials in the State Capitol was at his private residence until removed based on public awareness of the desk’s location; and

Whereas, Another such item, a leather couch, delivered and removed from his residence utilizing state employees and a state vehicle was for his personal use, as no subsequent assertion has been made of what public use the couch was being utilized for; and

Whereas, Although originally asserted by Justice Loughry that the couch was a gift from a prior Supreme Court justice, subsequently Justice Loughry revised his assertion and then stated that the couch was “abandoned property” although it had been in the possession of the Supreme Court for eight years, and was not abandoned and was in fact donated for use by the Court, and was state property; and

Whereas, Justice Loughry initially alleged the use of this property was pursuant to “Court Policy” although court personnel subsequently stated no such policy exists; and

Whereas, The attempts by Justice Loughry to explain his actions were admissions of wrongdoing and his subsequent recharacterization of his actions brings into question his motives and the veracity of his comments; and

Whereas, Justice Loughry’s actions may be in violation of several state laws, specifically the West Virginia Governmental Ethics Act, which prohibits the use of public office for private gain and utilizing state employees, state vehicles and state furniture for private use; West Virginia state law relating to the disposition of surplus state property by improper possession of state-owned furniture; and possession of state property at a personal residence being grand larceny pursuant to West Virginia law; and

Whereas, Although Justice Loughry asserts that he was conducting public activities at his home, sufficient evidence exists that the use of this state property was of a personal nature and his intentional and fraudulent acts to cover up his actions reflect that he had knowledge that his actions were improper; and

Whereas, Justice Loughry’s actions are in conflict with the Code of Judicial Conduct for West Virginia that subverted the judicial system as his actions undermine the integrity of the judiciary, failed to avoid the appearance of impropriety, the improper supervision of judicial employees by directing
their participating in this nonemployment-related scheme, all constitute violations of the Code of Judicial Conduct; and

Whereas, Justice Loughry’s actions have caused an erosion of public trust in the judiciary; his intentional utilization of falsehoods to misrepresent his actions subverts the very essence of the integrity of the judicial system, and cast doubts upon his fitness for a judicial position established upon unbiased veracity and incorruptibility; and

Whereas, An investigation is in order by the West Virginia Legislature to determine whether sufficient evidence exists that Justice Loughry is guilty of maladministration, corruption, incompetency, gross immorality, a high crime or misdemeanor, and an inquiry is proper as to whether these actions are sufficient to require the Legislature to take impeachment actions to cause his removal; therefore, be it

Resolved by the House of Delegates:

That the House Committee on the Judiciary be, and is by this resolution, empowered to investigate or cause to be investigated, any allegations or charges raised herein or identified by its investigation, and make findings of fact based upon such investigations and hearings; and to report to the House of Delegates its findings of facts and any recommendations which the Committee on the Judiciary may deem proper; and if the recommendation of the committee be to impeach Justice Allen H. Loughery II, to present to the House of Delegates a resolution of impeachment and articles of impeachment; and, be it

Further Resolved, That in carrying out its duties pursuant to this resolution, the House Committee on the Judiciary is authorized:

(1) To examine witnesses, to send for persons and papers, documents and other physical evidence, to order the attendance of any witness, or the production of any paper, document and other physical evidence, and to exercise all other powers described under the provisions of §4-1-5 of the Code of West Virginia; and

(2) To issue summonses, subpoenas and subpoenas duces tecum and to enforce obedience to its summonses and subpoenas in accordance with the provisions of §4-1-5 of the Code of West Virginia or by invoking the aid of the courts of this state; and

(3) To determine whether all or any portion of a meeting or hearing should be held in an executive session, pursuant to the provisions of House Rule eighty-three; and, be it

Further Resolved, That in carrying out his duties pursuant to this resolution, the Chairman of the Committee on the Judiciary is authorized:

(1) To establish or define rules of procedure for the conduct of meetings or hearings held pursuant to this resolution; and

(2) To employ, with the prior approval of the Speaker of the House, a court reporter or stenographer and such other professional or clerical employees as may be reasonably required; and

(3) To designate a subcommittee or subcommittees of the Committee on the Judiciary to assist the Chairman or the Committee in performing his or her its duties pursuant to this resolution; and

(4) To determine the time and place of all meetings or hearings of the Committee and its designated subcommittees; and, be it
Further Resolved, That the Committee on the Judiciary, during its inquiry, may entertain such procedural and dispositive motions as may be made in the case of any other bill or resolution referred to that committee, or, in making its recommendations, if any, pursuant to this resolution, may include:

(1) A recommendation that the Honorable Allen H. Loughry II, Justice of the West Virginia Supreme Court, not be impeached; or

(2) A recommendation that the Honorable Allen H. Loughry II be impeached for maladministration, corruption, incompetence, gross immorality, neglect of duty, or any high crime or misdemeanor, as provided for in Section 9, Article IV of the West Virginia Constitution, and that the Honorable Allen Loughery be removed and disqualified from office, and that the House of Delegates adopt a resolution of impeachment and formal articles of impeachment as prepared by the Committee on the Judiciary, and deliver the same to the Senate in accordance with the procedures of the House of Delegates, for consideration by the Senate according to rules of procedure and state law.

Delegates Higginbotham, Espinosa, Kelly, Atkinson, Wilson, Statler, Rohrbach, Cooper, Westfall, Hamrick and Kessinger offered the following resolution, which was read by its title and referred to the Committee on Education:

H. C. R. 41 - “Establishing the Virtual Library Study Commission to conduct a study regarding development of a statewide virtual library and to submit a written report of findings and recommendations to the House Education Committee and the Senate Education Committee not later than March 1, 2019.”

Whereas, A number of states in the United States have established statewide virtual libraries composed of high-quality electronic resources and online services; and

Whereas, Public libraries, elementary and secondary school libraries, and the academic libraries of postsecondary education institutions have some resources available online, but not all resources are available to all groups nor to all counties in the state, thus creating an inequality of opportunity; and

Whereas, The availability of greater educational resources online provides the opportunity to lower costs for students and the public in purchasing educational materials; and

Whereas, Many college students face textbook costs of more than $1,000 per year, making education less affordable; open educational resources, representing the development of shared online accessible textbook collections, can bring educational costs down considerably while making efficient use of tax dollars; and

Whereas, A robust statewide virtual library would provide the opportunity for all West Virginia residents to access reliable online resources and allow research to be more than simply a web search of sources with unknown reliability; therefore, be it

Resolved by the Legislature of West Virginia:

That the Legislature of West Virginia does hereby establish the Virtual Library Study Commission to conduct a study and make recommendations regarding the establishment of a statewide virtual library in West Virginia; and, be it

Further Resolved, That the commission shall have the following members:

(1) The chair of the House Education Committee, or designee;
(2) The chair of the Senate Education Committee, or designee;

(3) The State Superintendent of Schools, or designee;

(4) The Chancellor for Higher Education, or designee;

(5) The Governor, or designee;

(6) One member of the West Virginia Library Association selected by the president of the association; and

(7) The chair of the West Virginia Library Commission, or designee; and, be it

Further Resolved, That the commission shall meet as necessary and submit a written report of findings and conclusions, including any recommendations for legislation relative to establishing a statewide virtual library, to the House Education Committee and the Senate Education Committee not later than March 1, 2019; and, be it

Further Resolved, That members of the commission shall serve without compensation; and, be it

Further Resolved, That the Governor or his designee shall be responsible for designating staff to assist the commission in performing its duties and, by August 1, 2018, convening the commission for its first meeting, at which the commission shall adopt rules of procedure, a work schedule, and any additional measures that it deems necessary for the timely performance of its duties; and, be it

Further Resolved, That the commission shall terminate on June 30, 2019; and, be it

Further Resolved, That the Clerk of the House of Delegates forward a copy of this resolution to the Governor, who shall be responsible for transmitting a copy to each person who is to serve on the commission or designate someone to serve in his or her place and to the president of each association from which commission members are being selected.

Whereas, Eighty-one percent of high school dropouts report that real-world learning opportunities would have kept them in high school; and

Whereas, Career and technical education programs prepare students to be college and career ready by providing core academic, technical, and employability skills; and
Whereas, High-quality career and technical education programs ensure that coursework is aligned with rigorous academic standards and specific skills needed in specialized career pathways are addressed; and

Whereas, Eighty-one percent of students taking a college preparatory academic curriculum with rigorous career and technical education courses met college and career readiness goals; and

Whereas, The level of academic achievement students attain by eighth grade has a more significant impact on their college and career readiness than any other academic factor; and

Whereas, Neighboring states Ohio and Virginia have middle school level career and technical training programs and Pennsylvania, Maryland, and Kentucky have high school level career and technical training programs; and

Whereas, According to the West Virginia Higher Education Policy Commission, in 2012, only 56.4 percent of high school students pursued higher education pathways; and

Whereas, According to the Association for Career and Technical Education, the graduation rate for CTE students is a staggering ninety-three percent; and

Whereas, Eighty percent of secondary CTE graduates who pursued post-secondary education had earned a credential or were still enrolled after two years; and

Whereas, According to the National Center for Education Statistics, in 2009, CTE post-secondary graduates had an employment rate in their field of study of 79.7 percent; and

Further Resolved, That the expenses necessary to conduct a study, prepare reports and draft necessary legislation be paid from legislative appropriations to the Joint Committee on Government and Finance.
