**H. C. R. 5** – “Applying to the Congress of the United States to call a convention for proposing amendments pursuant to Article V of the United States Constitution limited to proposing amendments that impose limits to the power and jurisdiction of the federal government by allowing the state legislatures of the United States to pass legislation to override certain federal laws deemed too onerous or restrictive.”

**SECTION 1. Application for a convention for proposing amendments.**

Whereas, Some federal laws have a disproportionate impact on the several states in the Union; and
Whereas, The concentration of power at the federal level has had the effect of making federal officials less responsive to the will of the people and more readily influenced by lobbyists, wealthy corporations, and special interests in Washington, D.C.; and

Whereas, Much of federal law is now enacted by federal bureaucrats who were never chosen by the people and have no accountability to the people whatsoever; and

Whereas, Policy decisions made at the state level tend to be more responsive to the needs and desires of the people; and

Whereas, The federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, many of which are unfunded to a great extent; and

Whereas, The states have the ability to restore the responsiveness of government to the people and to restrain abuses of federal power by proposing amendments to the Constitution of the United States through a limited Convention of the States under Article V; therefore, be it

Resolved by the Legislature of West Virginia:

That it hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that limit the power and jurisdiction of the federal government by allowing a vote of three fifths of the several state legislatures to repeal certain federal laws and regulation they deem to be too onerous or restrictive; and, be it

Further Resolved, That the Clerk of the House of Delegates forward a copy of this resolution, Legislative Call and application to the President and Secretary of the United States Senate and to the Speaker and Clerk of the United States House of Representatives, and copies to the members of the said Senate and House of Representatives from this state; also to transmit copies hereof to the presiding officers of each of the legislative houses in the several states, requesting their cooperation; and, be it

Further Resolved, That this application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two thirds of the several states have made applications on the same subject.

SECTION 2. Reservations, understandings and declarations.

The West Virginia Legislature adopts this application expressly subject to the following reservations, understandings and declarations:

1. An application to the Congress of the United States to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to Congress other than the power to call such a convention. The power of Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

2. Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two thirds of the legislatures of the several states;

3. Congress does not have the power or authority to determine any rules for the governing of an amendment convention of the states called pursuant to Article V of the United States Constitution.
Congress does not have the power to set the number of delegates to be sent by any state to such a
convention, nor does it have the power to name delegates to such a convention. The power to name
delegates remains exclusively within the authority of the legislatures of the several states;

4. By definition, an amendment convention of the states means that states shall vote on the basis
of one state, one vote;

5. A convention of the states convened pursuant to this application shall be limited to
consideration of the topics specified herein and no other. This application is made with the express
understanding that an amendment that in any way seeks to amend, modify, or repeal any provision
of the Bill of Rights shall not be authorized for consideration at any stage. This application shall be
void ab initio if ever used at any stage to consider any change to any provision of the Bill of Rights;

6. Pursuant to Article V of the United States Constitution, Congress may determine whether
proposed amendments shall be ratified by the legislatures of the several states or by special state
ratification conventions. The West Virginia Legislature recommends that Congress select ratification
by the legislatures of the several states; and

7. The West Virginia Legislature may provide further instructions to its delegates and may recall
its delegates at any time for a breach of a duty or a violation of the instructions provided.
