WEST VIRGINIA
BLUE BOOK
2012

DARRELL E. HOLMES, Senate Clerk
Charleston, West Virginia

Printed by
Chapman Printing
As Clerk of the Senate, it is my privilege to present Volume Ninety-Two of the West Virginia Blue Book.

Since its inception in 1916, the Blue Book continues to be a great source of historical, statistical, departmental, and geographical information about the State of West Virginia and its government. For the first time in its history, an electronic copy of the Blue Book will be made available on the West Virginia Legislature’s website at www.legis.state.wv.us.

The Blue Book would not be possible without the incomparable dedication and commitment of my staff, along with the willing cooperation of various local and state government agencies.

Having served as Clerk of the Senate since 1989, I take great pride in the publishing of this book. During my tenure, it has been a great honor to present twenty-one editions of this valuable and practical reference book for those who use it. I hope that I have maintained the high standards of those who served before me, and trust that future Clerks will maintain and improve upon the same.

Sincerely,

Darrell E. Holmes
Clerk of the Senate

The Department of Health, now the Bureau for Public Health, was created by the Legislature in 1915, having been preceded by a Board of Health created in 1881. In 1957, the Legislature established the West Virginia Department of Mental Health. On July 1, 1977, the Department of Mental Health and hospitals under the jurisdiction of the Department of Public Institutions were incorporated in the Department of Health.

In the 1980s the Department of Health was combined with the former Department of Welfare (Human Services) to create the Department of Health and Human Resources. The DHHR established five Bureaus of which the Bureau for Public Health is one. The Bureau for Behavioral Health and Health Facilities is another. The management of state hospitals and behavioral health facilities is now under the jurisdiction of the Bureau for Behavioral Health and Health Facilities.

The Bureau for Public Health performs a variety of health-related services and administers a wide array of public health programs such as: regulating sanitary conditions of institutions, schools, food manufacturers and establishments, camps, swimming pools, manufactured housing communities, water supplies and systems, and sewerage facilities and systems; inspecting milk, operating industrial hygiene programs; maintaining laboratories; registering vital statistics, collecting, analyzing, and disseminating health data; receiving reports of infectious and communicable diseases, events and conditions; conducting epidemiological studies, including the effects of environment, employment, habits and circumstances of life on the public’s health; preventing and controlling diseases; conducting health planning and promotion; providing services to hemophiliacs and to veterans; providing maternal, child and family health services; supporting home health services; recruiting physicians to the State; assisting county boards of health, community health centers, local health departments, school health and dental health programs; certifying personnel and promoting emergency medical services and a statewide emergency medical communication system; conducting postmortem examinations; enhancing public health and medical preparedness among state and local organizations; and development of an integrated management information framework which serves as a network for the exchange of information between and among public health professionals to strengthen public health.

STATE DEVELOPMENTAL DISABILITIES COUNCIL
110 Stockton Street
Charleston 25302-2521

On March 6, 1972, Governor Moore established through Executive Order the State Developmental Disabilities Planning Council as required by the Developmental Disabilities Services and Facilities Construction Act, Public Law 91-517. The State Commission on Mental Retardation was designated as the agency to assist the State Council in the development and subsequent revision of the State Plan and to administer the State Formula Grant Program for planning and services. The State Health Department became the administering agency for the program when the Commission was merged with the newly reorganized State Health Department on July 1, 1977. The Department of Health and Human Resources was named the Council’s designated state agency in the Executive Department reorganization of July 1, 1989. On December 17, 1999, Governor Underwood issued an Executive Order that renamed the Council, the “West Virginia Developmental Disabilities Council”. The federal Developmental Disabilities Act has undergone several revisions which have strengthened the role and autonomy of the Council. The current DD Act is Public Law 106-402, the Developmental Disabilities Assistance and Bill of Rights Act of 2000. Currently over 60 percent of the Council’s 32 members must be consumers or family members.

The Division of Corrections, formerly a major division within the Department of Public Institutions, was established under Chapter 70, Acts of the Legislature, in 1977. Under the executive reorganization of 1989, Corrections became a division of the Department of Public Safety (now the Department of Military Affairs and Public Safety). The Commissioner of the Division of Corrections directs the state’s adult correctional system. In November 1997, oversight of the juvenile correctional institutions was transferred to the newly created Division of Juvenile Services. The Division of Corrections’ system consists of fifteen adult facilities: Mount Olive Correctional Complex at Mount Olive, Northern Regional Jail and Correctional Facility at Moundsville, Ohio County Correctional Center at Wheeling, St. Marys Correctional Center at St. Marys, Huttonsville Correctional Center at Huttonsville, Beckley Correctional Center at Beckley, Lakin Correctional Center at West Columbia, Welch Facility at Welch, Martinsburg Correctional Center at Martinsburg, Stevens Correctional Center at Welch, Parkersburg Correctional Center at Parkersburg, and Work Release Centers at Huntington and Charleston. The agency also operates one young adult offender facility—Anthony Correctional Center at Neola. The Commissioner is also responsible for the supervision of parolees assigned to the Division’s custody or accepted through interstate compact. The State’s correctional system is responsible for approximately 6,600 incarcerated adults, 215 youthful offenders and approximately 2,590 persons under probation and parole supervision.

The West Virginia Division of Juvenile Services, assuming responsibilities formerly charged to both the Division of Corrections and the Department of Health and Human Resources, was established under Chapter 53, Acts of the Legislature, Regular Session, 1997, and amended by Chapter 5, Acts, First Extraordinary Session, 1999. Designed to serve the needs of West Virginia's juveniles, the Division operates six detention centers, three staff-secure centers, two correctional facilities and one diagnostic center. The detention centers are responsible for the nonadjudicated or predispositional
youth. These centers are designed for the short-term secure detention of males and females between the ages of 10 and 18 years of age. The mission of the detention centers is to ensure safe, secure facilities with sufficient space and quality services and progressive programming to achieve positive outcomes for detention residents. The detention facilities provide for the general care and welfare of youths awaiting disposition of felony charges. The Division additionally provides case management, counseling and a variety of programs designed to reduce recidivism and aid in the youths’ successful transition back into their respective communities. These services include classes in anger control, coping skills and problem solving. Division staff work closely with the Department of Health and Human Resources, juvenile probation, community care providers and education in formulating treatment plans designed to enhance the youths’ probability of success in becoming responsible citizens. The staff-secured centers provide a level of care to nonaggressive, sex-gender juveniles who are detained pending felony criminal charges and those status offenders with a history of running from placements or shelters. These centers have a strong emphasis of therapeutic intervention and provide life skills, positive peer culture groups, therapeutic recreation and basic education. The correctional facilities utilize a unit management approach in addressing identified needs of incarcerated youths. The Division of Juvenile Services provides for the general care and welfare of residents sentenced to indeterminate terms of incarceration as youthful offenders and those juveniles tried as adult offenders and awaiting placement in adult facilities. The diagnostic units currently provide comprehensive evaluation services to adjudicated youth. A sixty-day assessment and diagnostic information are completed and utilized by committing jurisdictions to determine a youth’s next best step in returning to a healthy and productive life. The Secretary of Revenue is appointed by the Governor, by and with the advice and consent of the Senate, to serve, at the will and pleasure of the Governor, for the term for which the Governor is elected and until a successor has been appointed and has qualified. The Secretary’s salary is set by statute at $95,000 per year.

The Department of Revenue, previously known as the Department of Tax and Revenue, was created by the 1989 Legislature, which combined the following departments and agencies under the leadership of the Secretary of Tax and Revenue: Alcohol Beverage Control Commissioner, Division of Banking, Board of Banking and Financial Institutions, Lending and Credit Rate Board, Insurance Commissioner, State Lottery, Racing Commission and State Tax Division. The Department began operations on July 1, 1989. On June 11, 2004, legislation took effect reorganizing the Department and changing its name to the Department of Revenue. This legislation clarified the powers and duties of the Secretary. The Secretary is now also the director of the state budget and an ex officio member of the Council for Finance and Administration. The State Budget Office was moved from the Department of Administration to the Department of Revenue. Additionally, the legislation makes the State Athletic Commission and the Municipal Bond Commission part of the Department of Revenue. The Department, through the Alcohol Beverage Control Administration, licenses manufacturers and sellers of beer, wine and liquor in this state and regulates the sale of these products. The Alcohol Beverage Control Commissioner also operates the state liquor warehouse. The Department, through the Division of Banking, regulates and supervises state banking institutions, industrial banks, industrial loan companies, credit unions, supervised lenders and other financial institutions, which have been or may be placed under its supervision. The Department, through the Insurance Commissioner, collects insurance premium taxes and regulates and oversees the insurance industry within the state, including, but not limited to, workers’ compensation, hospital service corporations, dental service corporations, medical service corporations, other health service corporations, health maintenance organizations and other entities, which by statute are under the jurisdiction of the Insurance Commissioner. The Department, through the Lottery Commissioner and State Lottery Office, operates the state lottery, including racetrack video lottery and limited video lottery. The Department, through the Municipal Bond Commission, serves as fiscal agent for all issuers of general obligation bonds issued by West Virginia counties, county boards of education and municipalities and by other government entities when the commission is specifically named as the fiscal agent by statute. The Department, through the Office of Tax Appeals, hears contested tax cases from the State Tax Division. The Department, through the State Athletic Commission, regulates all amateur, professional and semiprofessional boxing, sparring matches and exhibitions, and any professional mixed martial arts contests, matches and exhibitions, or any form thereof, to be promoted, conducted, held or given within the state. The Secretary of Revenue is director of the state budget and, under supervision of the Governor through the State Budget Office, prepares the Governor’s annual budget for state departments, agencies, boards, commissions and offices, including state-operated institutions of higher education. The State Budget Office administers the budget after it is passed by the Legislature. The Department, through the State Tax Division, administers, collects and enforces various state taxes including the beer barrel tax, the business and occupation tax, the business franchise tax, the cigarette tax, the consumers sales and service tax, the corporation license tax, the corporation net income tax, the estate tax, the gasoline and special fuels tax, the health care provider tax, the motor carrier road tax, the personal income tax, the severance tax, the soft drinks tax, the telecommunication tax and the wine liter tax.
The State Tax Division also appraises industrial and natural resource properties throughout the state for ad valorem property tax purposes, supervises the work of county assessors, prepares for the Board of Public Works tentative ad valorem property tax assessments for all public utilities operating within the state, and issues permits for and regulates charitable bingo occasions and charitable raffles held in the state. The Department, through the West Virginia Racing Commission, regulates greyhound and horse racing and pari-mutuel wagering at the state’s four pari-mutuel racetracks. The Racing Commission also regulates the sending and receiving of simulcast races in this state and pari-mutuel wagering in this state on simulcast races. (Code 11B-1-2)

The public member representing the third congressional district whose term expires in 2010 may be reappointed for a term of five years. To be effective on July 1, 2015, the Governor shall appoint, by and with the advice and consent of the Governor, by and with the advice and consent of the Senate, an at-large public member for a term of five years to replace one of the public members representing the third congressional district whose terms expire in 2015. Commencing July 1, 2015, the Authority shall consist of the following nine members:

MISCELLANEOUS
STATE BOARDS AND COMMISSIONS

GENERAL PROVISIONS

Under Chapter 30, Article 1 of the Code of West Virginia, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of $20, unless a different fee is especially provided by law. Each board is allowed to charge $5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the circuit court of the county in which he or she resides.

Unless otherwise specified by law, members of boards are allowed for each day actually spent in attending sessions of the board or its committees and in necessary travel, an amount not less than $35 per day but not more than the amount paid to members of the Legislature for their interim duties as recommended by the Citizens Legislative Compensation Commission and authorized by law. Members of boards are also entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

Each board is required to make a report annually to the Governor on or before the first day of January, and the secretary of each board is required to prepare and maintain a complete roster of all persons licensed or registered by it.

Magistrate Courts supplanted the justice-of-the-peace system through the 1974 Judicial Reorganization Amendment. There are 158 magistrates statewide, with at least two in every county and ten in the largest county, Kanawha.

More than 300,000 cases a year are handled by magistrate courts. Each magistrate has jurisdiction of most misdemeanors, including traffic and natural resource offenses; preliminary hearings in felony cases; civil cases in which $5,000 or less is in dispute; domestic violence proceedings involving protective orders; brief commitments under mental hygiene law; and initial hearings in juvenile cases if designated as a juvenile referee.

Magistrates are elected to four-year terms. The current terms expire December 2012. Salaries, in two tiers, are $51,125 and $57,500, effective July 1, 2011. The tiers are determined by the population of the county. Salary tiers are calculated by the number of magistrates authorized for each county divided into the population of the county. Magistrates who serve fewer than 8,400 people are in Tier 1 and are paid the lower salary while those who serve more than 8,400 people are in Tier 2 and are paid the higher salary ($50-1-3).

CONSTITUTIONAL

Constitution of the United States

Constitution of West Virginia
THE CONSTITUTION OF
THE UNITED STATES
OF AMERICA

[Preamble]
WE THE PEOPLE of the United States, in Order to form a more perfect Union, establish Justice, ensure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this CONSTITUTION for the United States of America.1

ARTICLE I.

Section 1.
[Legislative Powers]
All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2.
[House of Representatives, How Constituted, Power of Impeachment]
The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and been seven Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State in which he shall be chosen.

[Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to their respective Numbers, which shall be determined by adding to the whole Number of free Persons, including those bound to Service for a Term of Years, and excluding Indians not taxed, three fifths of all other Persons.]2 The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand, but each State shall have at Least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

When vacancies happen in the Representation from any State, the Executive Authority thereof shall issue Writs of Election to fill such Vacancies.

The House of Representatives shall chuse their Speaker and other Officers; and shall have the sole Power of Impeachment.

1The article and section headings appearing in brackets have been inserted in this printing of the original Constitution. Section 3.

[The Senate, How Constituted, Impeachment Trials]

[The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six Years, and each Senator shall have one Vote.]3

Immediately after they shall be assembled in Consequence of the first Election, they shall be divided as equally as may be into three Classes. The Seats of the Senators of the first Class shall be vacated at the Expiration of the second Year; of the second Class at the Expiration of the fourth Year; and of the third Class at the Expiration of the sixth Year, so that one third may be chosen every second Year, and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.4

No Person shall be a Senator who shall not have attained to the Age of thirty Years, and been nine Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State for which he shall be chosen.

The Vice President of the United States shall be President of the Senate, but shall have no Vote, unless they be equally divided.

The Senate shall chuse their other Officers, and also a President pro tempore, in the Absence of the Vice President, or when he shall exercise the Office of President of the United States.

The Senate shall have the sole Power to try all Impeachments. When sitting for that Purpose, they shall be on Oath or Affirmation. When the President of the United States is tried the Chief Justice shall preside: And no Person shall be convicted without the Concurrence of two thirds of the Members present.

Judgment in Cases of Impeachment shall not extend further than to removal from Office, and disqualification to hold and enjoy any Office of honor, Trust or Profit under the United States: but the Party convicted shall nevertheless be liable and subject to Indictment, Trial, Judgment and Punishment, according to Law.

Section 4.

[Election of Senators and Representatives]

The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the Places of chusing Senators.

The Congress shall assemble at least once in every Year, and such Meeting shall be on the first Monday in December, unless they shall by Law appoint a different Day.5

Section 5.

[Quorum, Journals, Meetings, Adjournments]

Each House shall be the Judge of the Elections, Returns and Qualifications of its own Members, and a Majority of each shall constitute a Quorum to do Business; but a smaller Number may adjourn from day to day, and may be authorized to compel the Attendance of absent Members, in such Manner, and under such Penalties as each House may provide.

Each House may determine the Rules of its Proceedings, punish its Members for disorderly Behaviour, and, with the Concurrence of two thirds, expel a Member.

Each House shall keep a Journal of its Proceedings, and from time to time publish the same, excepting such Parts as may in their Judgment require Secrecy; and the Yeas and Nays of the Members of either House on any question shall, at the Desire of one fifth of those Present, be entered on the Journal.

No Senator or Representative shall, during the Time for which he was elected, be appointed to any civil Office under the Authority of the United States, which shall have been created, or the Emoluments whereof shall have been encreased during such time; and no Person holding any Office under the United States, shall be a Member of either House during his Continuance in Office.

Section 7.

[Procedure in Passing Bills and Resolutions]

All Bills for raising Revenue shall originate in the House of Representatives; but the Senate may propose or concur with Amendments as on other Bills.

Every Bill which shall have passed the House of Representatives and the Senate, shall, before it become a Law, be presented to the President of the United States. If he approve he shall sign it, but if not he shall return it, with his Objections to that House in which it shall have originated, who shall enter the Objections at large on their Journal, and proceed to reconsider it. If after such Reconsideration two thirds of that House shall agree to pass the Bill, it shall be sent, together with the Objections, to the other House, by which it shall likewise be reconsidered, and if approved by two thirds of that House, it shall become a Law. But in all such Cases the Votes of both Houses shall be determined by Yeas and Nays, and the Names of the Persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the President within ten Days (Sundays excepted) after it shall have been presented to him, the Same shall be a Law, in like Manner as if he had signed it, unless the Congress by their Adjournment prevent its Return, in which Case it shall not be a Law.

Every Order, Resolution, or Vote to which the Concurrence of the Senate and House of Representatives may be necessary (except on a question of Adjournment) shall be presented to the President of the United States; and before the Same shall take Effect, shall be approved by him, or being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the Rules and Limitations prescribed in the Case of a Bill.

Preamble

Since through Divine Providence we enjoy the blessings of civil, political and religious liberty, we, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God and seek diligently to promote, preserve and perpetuate good government in the State of West Virginia for the common welfare, freedom and security of ourselves and our posterity.

[Editor’s note.—This preamble was proposed by House Joint Resolution No. 8, Acts, Regular Session, 1959, p. 659; submitted by Acts, Regular Session, 1960, c. 4; and ratified November 8, 1960.]
ARTICLE I

Relations to the Government of the United States

§1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

§2. The government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved to the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

§3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

Representatives to Congress

§4. For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

§1. The territory of the following counties, formerly parts of the commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, H anceck, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Maroon, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over, the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[Editor’s note.—All of the territory of West Virginia was taken from the Commonwealth of Virginia, and in the Constitution of 1863 forty-four of the above-named counties were designated as forming the State of West Virginia, and in addition, the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should that Constitution be adopted by a vote of the people of the districts comprising those counties. The districts adopted the Constitution, and these six counties became part of the State.

The remaining four counties mentioned above were created by Acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County, from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867, and Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871. After the ratification of the Constitution of 1872, Mingo County was created by an act of the Legislature from Logan County, on February 23, 1885, to make a total of fifty-five counties.]
Powers of Government in Citizens

§2. The powers of government reside in all the citizens of the State, and can be rightfully exercised only in accordance with their will and appointment.

Requisites of Citizenship

§3. All persons residing in this State, born, or naturalized in the United States, and subject to the jurisdiction thereof, shall be citizens of this State.

Equal Representation

§4. Every citizen shall be entitled to equal representation in the government, and, in all apportionments of representation, equality of numbers of those entitled thereto, shall as far as practicable, be preserved.

Provisions Regarding Property

§5. No distinction shall be made between resident aliens and citizens, as to the acquisition, tenure, disposition or descent of property.

Treason, What Constitutes—Penalty

§6. Treason against the State shall consist only in levying war against it, or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open court. Treason shall be punished according to the character of the acts committed, by the infliction of one, or more, of the penalties of death, imprisonment or fine, as may be prescribed by law.

“Montani Semper Liberi”—State Seal

§7. The present seal of the State, with its motto, “Montani Semper Liberi,” shall be the great seal of the State of West Virginia, and shall be kept by the secretary of state, to be used by him officially, as directed by law.

Writs, Commissions, Official Bonds—Indictments

§8. Writs, grants and commissions, issued under the authority of this State, shall run in the name of, and official bonds shall be made payable to the State of West Virginia. Indictments shall conclude, “Against the peace and dignity of the State.”

ARTICLE III

Bill of Rights

§1. All men are, by nature, equally free and independent, and have certain inherent rights, of which, when they enter into a state of society, they cannot, by any compact, deprive or divest their posterity, namely: The enjoyment of life and liberty, with the means of acquiring and possessing property, and of pursuing and obtaining happiness and safety.

Magistrates Servants of People

§2. All power is vested in, and consequently derived from, the people. Magistrates are their trustees and servants, and at all times amenable to them.

Rights Reserved to People

§3. Government is instituted for the common benefit, protection and security of the people, nation or community. Of all its various forms that is the best, which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of maladministration; and when any government shall be found inadequate or contrary to these purposes, a majority of the community has an indubitable, inalienable, and indefeasible right to reform, alter or abolish it in such manner as shall be judged most conducive to the public weal.

Writ of Habeas Corpus

§4. The privilege of the writ of habeas corpus shall not be suspended. No person shall be held to answer for treason, felony or other crime, not cognizable by a justice, unless on presentment or indict-
ment of a grand jury. No bill of attainder, ex post facto law, or law impairing the obligation of a con-
tract, shall be passed.

Excessive Bail not Required

§5. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punish-
ment inflicted. Penalties shall be proportioned to the character and degree of the offence. No person
shall be transported out of, or forced to leave the State for any offence committed within the same; nor
shall any person, in any criminal case, be compelled to be a witness against himself, or be twice put in
jeopardy of life or liberty for the same offense.

Unreasonable Searches and Seizures Prohibited

§6. The rights of the citizens to be secure in their houses, persons, papers and effects, against unrea-
sonable searches and seizures, shall not be violated. No warrant shall issue except upon probable
cause, supported by oath or affirmation, particularly describing the place to be searched, or the person
or thing to be seized.

Freedom of Speech and Press Guaranteed

§7. No law abridging the freedom of speech, or of the press, shall be passed; but the Legislature may,
by suitable penalties, restrain the publication or sale of obscene books, papers, or pictures, and provide
for the punishment of libel, and defamation of character, and for the recovery, in civil actions, by the
aggrieved party, of suitable damages for such libel, or defamation.

Relating to Civil Suits for Libel

§8. In prosecutions and civil suits for libel, the truth may be given in evidence; and if it shall appear
to the jury, that the matter charged as libelous is true, and was published with good motives, and for
justifiable ends, the verdict shall be for the defendant.

Private Property, How Taken

§9. Private property shall not be taken or damaged for public use, without just compensation; nor
shall the same be taken by any company, incorporated for the purposes of internal improvement, until
just compensation shall have been paid, or secured to be paid, to the owner; and when private property
shall be taken, or damaged for public use, or for the use of such corporation, the compensation to the
owner shall be ascertained in such manner as may be prescribed by general law: Provided, That when
required by either of the parties, such compensation shall be ascertained by an impartial jury of twelve
freeholders.

Safeguards for Life, Liberty and Property

§10. No person shall be deprived of life, liberty, or property, without due process of law, and the judg-
ment of his peers.

Political Tests Condemned

§11. Political tests, requiring persons, as a prerequisite to the enjoyment of their civil and political
rights, to purge themselves by their own oaths, of past alleged offences, are repugnant to the princi-
ples of free government, and are cruel and oppressive. No religious or political test oath shall be
required as a prerequisite or qualification to vote, serve as a juror, sue, plead, appeal, or pursue any
profession or employment. Nor shall any person be deprived by law, of any right, or privilege, because
of any act done prior to the passage of such law:

Military Subordinate to Civil Power

§12. Standing armies, in time of peace, should be avoided as dangerous to liberty. The military shall
be subordinate to the civil power; and no citizen, unless engaged in the military service of the State,
shall be tried or punished by any military court, for any offence that is cognizable by the civil courts of
the State. No soldier shall, in time of peace, be quartered in any house, without consent of the owner;
nor in time of war, except in the manner to be prescribed by law.

§13. In suits at common law, where the value in controversy exceeds twenty dollars exclusive of interest and costs, the right of trial by jury, if required by either party, shall be preserved, and in such suit in a court of limited jurisdiction a jury shall consist of six persons. No fact tried by a jury shall be otherwise reexamined in any case than according to the rule of court or law.

[Editor's note.—The first amendment of this section was proposed by Joint Resolution No. 11, Acts, Regular Session, 1879, p. 182; submitted by Acts, Regular Session, 1879, c. 50, and ratified October 12, 1880.

This section, prior to its amendment, read:

"In suits at common law, where the value in controversy, exclusive of interest and costs, exceeds twenty dollars, the right of trial by a jury of twelve men, if required by either party, shall be preserved; except that in appeals from judgments of justices, a jury of a less number may be authorized by law; but in trials of civil cases before a justice no jury shall be allowed and no fact tried by a jury shall in any case, be otherwise reexamined than according to the rules of common law."

The second amendment of this section was proposed by Senate Joint Resolution No. 6, Acts, Regular Session, 1974, p. 946, and ratified November 5, 1974.

This section, prior to its amendment, read:

"In suits at common law, where the value in controversy exceeds twenty dollars exclusive of interest and costs, the right of trial by jury, if required by either party, shall be preserved; and in such suit before a justice a jury may consist of six persons. No fact tried by a jury shall be otherwise reexamined in any case than according to the rules of the common law."

This section was amended to read as set out above.]

Trials of Crimes — Provisions in Interest of Accused

§14. Trials of crimes, and of misdemeanors, unless herein otherwise provided, shall be by a jury of twelve men*, public, without unreasonable delay, and in the county where the alleged offence was committed, unless upon petition of the accused, and for good cause shown, it is removed to some other county. The senators first elected, shall divide themselves into two classes, one senator from every district being assigned to each class, and of those classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years and the second for four years, so that after the first election, one half of the senators shall be elected biennially.
Division of State Into Senatorial Districts

§4. For the election of senators, the State shall be divided into twelve senatorial districts, which number shall not be diminished, but may be increased as hereinafter provided. Every district shall elect two senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The districts shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the senatorial districts, so far as may be necessary to make them conform to the foregoing provision.

Senatorial Districts Designated

§5. Until the senatorial districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first senatorial district; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

Provision for Delegate Representation

§6. For the election of delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall, at each apportionment, be attached to some contiguous county or counties, to form a delegate district.

After Census, Delegate Apportionment

§7. After every census the delegates shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the state by the number of which the House is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate district, and of every county not included in a delegate district, by the ratio thus ascertained, there shall be assigned to each a number of delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional delegates necessary to make up the number of which the House is to consist, shall then be assigned to those delegate districts, and counties not included in a delegate district, which would otherwise have the largest fractions unrepresented; but every delegate district and county not included in a delegate district, shall be entitled to at least one delegate.

Designation of Delegate Districts

§8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first delegate district, and elect three delegates; Ritchie and Calhoun, the second, and elect two delegates; Barbour, Harrison and Taylor, the third, and elect one delegate; Randolph and Tucker, the fourth, and elect one delegate; Nicholas, Clay and Webster, the fifth, and elect one delegate; McDowell and Wyoming, the sixth, and elect one delegate.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two delegates each.
To Kanawha county, three delegates.
To Ohio county, four delegates.

[Editor's note.—Many changes have been made in the apportionment. There are 58 delegate districts. For the present apportionment, see Acts, Fifth Extraordinary Session, 2001, c. 10, p. 2981.]

Arrangement of Senatorial and Delegate Districts
§10. The arrangement of the senatorial and delegate districts, and apportionment of delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When as declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such districts shall be altered, and delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State
§11. Additional territory may be admitted into, and become part of this State, with the consent of the Legislature and a majority of the qualified voters of the state, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

Bribery Conviction Forfeits Eligibility
§14. No person who has been, or hereafter shall be convicted of bribery, perjury, or other infamous crimes, shall be eligible to a seat in the Legislature. No person who may have collected or been entrusted with public money, whether state, county, township, district, or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in this State, until he shall have duly accounted for and paid over such money according to law.

Senators and Delegates Not to Hold Civil Office For Profit
§15. No senator or delegate, during the term for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

Oath of Senators and Delegates
§16. Members of the Legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: “I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability,” and they shall also take this further oath, to wit: “I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person for any vote or influence I may give or withhold, as Senator.

These oaths shall be administered in the hall of the house to which the member is elected, by a judge of the supreme court of appeals, or of a circuit court, or by any other person authorized by law to administer an oath, and the secretary of state shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat, and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

Members of Legislature Privileged From Civil Arrest

§17. Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place.

(1) Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter provided.

Subsection B—Budget Bills

(2) Within ten days after the convening of the regular session of the Legislature in odd-numbered years, unless such time shall be extended by the Legislature, and on the second Wednesday of January in even-numbered years, the governor shall submit to the Legislature a budget for the next ensuing fiscal year. The budget shall contain a complete plan of proposed expenditures and estimated revenues for the fiscal year and shall show the estimated surplus or deficit of revenues at the end of each fiscal year. Accompanying each budget shall be a statement showing: (a) An estimate of the revenues and expenditures for the current fiscal year, including the actual revenues and actual expenditures to the extent available, and the revenues and expenditures for the next preceding fiscal year; (b) the current assets, liabilities, reserves and surplus or deficit of the state; (c) the debts and funds of the State; (d) an estimate of the State’s financial condition as of the beginning and end of the fiscal year covered by the budget; (e) any explanation the governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State’s revenue.
(3) Each budget shall embrace an itemized estimate of the appropriations, in such form and detail as the governor shall determine or as may be prescribed by law: (a) For the Legislature as certified to the governor in the manner hereinafter provided; (b) for the executive department; (c) for the judiciary department, as provided by law, certified to the governor by the auditor; (d) for payment and discharge of the principal and interest of any debt of the State created in conformity with the Constitution, and all laws enacted in pursuance thereof; (e) for the salaries payable by the State under the Constitution and laws of the State; (f) for such other purposes as are set forth in the Constitution and in laws made in pursuance thereof.

(4) The governor shall deliver to the presiding officer of each house the budget and a bill for all the proposed appropriations of the budget clearly itemized and classified, in such form and detail as the governor shall determine or as may be prescribed by law; and the presiding officer of each house shall promptly cause the bill to be introduced therein, and such bill shall be known as the "Budget Bill". The governor may, with the consent of the Legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both houses, and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.

(5) The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or decreasing any item therein: Provided, That no item relating to the judiciary shall be decreased, and except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or decreased during his term of office: Provided further, That the Legislature shall not increase the estimate of revenue submitted in the budget without the approval of the governor.

(6) The governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for state moneys as have been designated by the governor for this purpose, shall have the right, and when requested by either house of the Legislature it shall be their duty, to appear and be heard with respect to any budget bill, and to answer inquiries relative thereto.

Subsection C — Supplementary Appropriation Bills

(7) Neither house shall consider other appropriations until the budget bill has been finally acted upon by both houses, and no such other appropriations shall be valid except in accordance with the provisions following: (a) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called therein a supplementary appropriation bill; (b) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in the bill unless it appears from such budget that there is sufficient revenue available.

Subsection D—General Provisions

(8) If the budget bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the governor shall issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of the bill, but no matter other than the bill shall be considered during such an extension of a session except a provision for the cost thereof.

(9) For the purpose of making up the budget, the governor shall have the power, and it shall be his duty, to require from the proper state officials, including herein all executive departments, all executive and administrative officers, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the legislative department, certified by the presiding officer of each house, and for the judiciary, as provided by law, certified by the auditor, shall be transmitted to the governor in such form and at such times as he shall direct, and shall be included in the budget.

(10) The governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and all institutions applying for state moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments.

(11) Every budget bill or supplementary appropriation bill passed by a majority of the members elected to each house of the Legislature shall, before it becomes a law, be presented to the governor. The governor may veto the bill, or he may disapprove or reduce items or parts of items contained
therein. If he approves he shall sign it and thereupon it shall become a law. The bill, items or parts thereof, disapproved or reduced by the governor, shall be returned with his objections to each house of the Legislature.

Each house shall enter the objections at large upon its journal and proceed to reconsider. If, after reconsideration, two thirds of the members elected to each house agree to pass the bill, or such items or parts thereof, as were disapproved or reduced, the bill, items or parts thereof, approved by two thirds of such members, shall become law, notwithstanding the objections of the governor. In all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal.

A bill, item or part thereof, which is not returned by the governor within five days (Sundays excepted) after the bill has been presented to him shall become a law in like manner as if he had signed the bill, unless the Legislature, by adjournment, prevents such return, in which case it shall be filed in the office of the secretary of state, within five days after such adjournment, and shall become a law; or it shall be so filed within such five days with the objections of the governor, in which case it shall become law to the extent not disapproved by the governor.

(12) The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

(13) In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the governor from calling extraordinary sessions of the Legislature, as provided by section nineteen of this article, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

(14) If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

Such compensation shall be expended only for the purposes specified in this section. All moneys shall be deposited within the state treasurer in the “license fund” and other specific funds created especially for fish and wildlife conservation and the public’s use of fish and wildlife. Governor to Nominate Certain Officers

§8. The governor shall nominate, and by and with the advice and consent of the Senate, (a majority of all the senators elected concurring by yeas and nays) appoint all officers whose offices are established by this Constitution, or shall be created by law, and whose appointment or election is otherwise provided for; and no such officer shall be appointed or elected by the Legislature.

Recess Vacancies—How Filled

§9. In case of a vacancy, during the recess of the Senate, in any office which is not elective, the governor shall, by appointment, fill such vacancy, until the next meeting of the Senate, when he shall make a nomination for such office, and the person so nominated, when confirmed by the Senate, (a majority of all the senators elected concurring by yeas and nays) shall hold his office during the remainder of the term, and until his successor shall be appointed and qualified. No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate, nor shall such person be appointed to the same office during the recess of the Senate.

Governor's Power of Removal

§10. The governor shall have power to remove any officer whom he may appoint in case of incompetency, neglect of duty, gross immorality, or malfeasance in office; and he may declare his office vacant and fill the same as herein provided in other cases of vacancy.

Executive May Remit Fines and Forfeitures

§11. The governor shall have power to remit fines and penalties in such cases and under such regulations as may be prescribed by law; to commute capital punishment and, except where the prosecution has been carried on by the House of Delegates to grant reprieves and pardons after conviction; but he shall communicate to the Legislature at each session the particulars of every case of fine or penalty remitted, or punishment commuted and of reprieve or pardon granted, with his reasons therefor.

Governor Commander-in-chief of Military Forces

§12. The governor shall be commander-in-chief of the military forces of the State, (except when they shall be called into the service of the United States) and may call out the same to execute the laws, suppress insurrection and repel invasion.

Official Bond of State Officers

§13. When any state officer has executed his official bond, the governor shall, for such causes and in such manner as the Legislature may direct, require of such officer reasonable additional security, and if the security is not given as required, his office shall be declared vacant, in such manner as may be provided by law.
Governor’s Approval or Disapproval of Bills Passed by the Legislature

§14. Subject to the provisions of section fifteen of this article, every bill passed by the Legislature shall, before it becomes a law, be presented to the governor. If he approves, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the house in which it originated, which house shall enter the objections at large upon its journal, and may proceed to reconsider the returned bill. Notwithstanding the provisions of section fifty-one, article six of this Constitution, any such bill may be reconsidered even if the Legislature is at the time in extended session for the sole purpose of considering the budget bill, as specified in said section fifty-one. If after any such reconsideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections of the governor, to the other house, by which it may likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. If upon any such reconsideration the bill is amended and reenacted, then it shall be again sent to the governor and he shall act upon it as if it were before him for the first time. In all cases, the vote of each house shall be determined by yeas and nays to be entered on the journal.

Any bill which shall not be returned by the governor within five days, Sundays excepted, after it shall have been presented to him shall become a law, in the same manner as if he had signed it, unless the Legislature shall, by adjournment sine die, prevent its return, in which case it shall be filed with his objections in the office of the secretary of state within fifteen days, Sundays excepted, after such adjournment, or become a law.

Editor’s note.—A budget bill or supplementary appropriation bill, disapproved by the governor, requires a vote of two thirds of the members elected to each house in order to become a law, notwithstanding the objections of the governor. See “Modern Budget Amendment,” Art. VI, § 51, Subsection D (11).

The amendment of this section was proposed by House Joint Resolution No. 8, Acts, Regular Session, 1970, p. 456; submitted by Acts, Regular Session, 1970, c. 22; and ratified November 3, 1970. The amendment was designated the “Legislative Improvement Amendment.”

This section, prior to its amendment, read:

“Every bill passed by the Legislature shall, before it becomes a law, be presented to the governor. If he approves, he shall sign it, and thereupon it shall become a law; but if not, he shall return it with his objections, to the house in which it originated, which house shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such reconsideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the governor within five days (Sundays excepted) after it shall have been presented to him shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the secretary of state, within five days after such adjournment, or become a law.”

Governor’s Approval or Disapproval of Bills Making Appropriations of Money

§15. A bill passed by the Legislature making appropriations of money must be submitted to the governor for his approval or disapproval to the extent and only to the extent required by section fifty-one, article six of this Constitution, and any provision therein contained as to such approval or disapproval shall govern and control as to any such bill.

Editor’s note.—The amendment of this section was proposed by House Joint Resolution No. 8, Acts, Regular Session, 1970, p. 456; submitted by Acts, Regular Session, 1970, c. 22; and ratified November 3, 1970.

This section, prior to its amendment, read:

“Every bill passed by the Legislature making appropriations of money, embracing distinct items, shall before it becomes a law, be presented to the governor; if he disapproves the bill, or any item or appropriation therein contained, he shall communicate such disapproval with his reasons therefor to the house in which the bill originated; but all items not disapproved shall have the force and effect of law according to the original provisions of the bill. Any item or items so disapproved shall be void, unless repassed by a majority of each house according to the rules and limitations prescribed in the preceding section in reference to other bills.”
Vacancy in Governorship, How Filled

§16. In case of the death, conviction on impeachment, failure to qualify, resignation, or other disability of the governor, the president of the Senate shall act as governor until the vacancy is filled, or the disability removed; and if the president of the Senate, for any of the above named causes, shall become incapable of performing the duties of governor, the same shall devolve upon the speaker of the House of Delegates; and in all other cases where there is no one to act as governor, one shall be chosen by joint vote of the Legislature. Whenever a vacancy shall occur in the office of governor before the first three years of the term shall have expired, a new election for governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

§17. If the office of secretary of state, auditor, treasurer, commissioner of agriculture or attorney general shall become vacant by death, resignation, or otherwise, it shall be the duty of the governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be prescribed by law. The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all moneys received or disbursed by them, respectively, from all sources, and for every service performed, and make a semiannual report thereof to the governor under oath or affirmation; and any officer who shall wilfully make a false report shall be deemed guilty of perjury.

Executive Heads to Make Reports

§18. The subordinate officers of the executive department and the officers of all the public institutions of the State, shall, at least ten days preceding each regular session of the Legislature, severally report to the governor, who shall transmit such report to the Legislature; and the governor may at any time require information in writing, under oath, from the officers of his department, and all officers and managers of state institutions, upon any subject relating to the condition, management and expenses of their respective offices.

Salaries of Officials

§19. The officers named in this article shall receive for their services a salary to be established by law, which shall not be increased or diminished during their official terms, and they shall not, after the expiration of the terms of those in office at the adoption of this amendment, receive to their own use any fees, costs, perquisites of office or other compensation, and all fees that may hereafter be payable by law, for any service performed by any officer provided for in this article of the Constitution, shall be paid in advance into the state treasury.

ARTICLE VIII

Judicial Power

§1. The judicial power of the State shall be vested solely in a supreme court of appeals and in the circuit courts, and in such intermediate appellate courts and magistrate courts as shall be hereafter established by the Legislature, and in the justices, judges and magistrates of such courts.
Supreme Court of Appeals

§2. The supreme court of appeals shall consist of five justices. A majority of the justices of the court shall constitute a quorum for the transaction of business.

The justices shall be elected by the voters of the State for a term of twelve years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such justices is to be on a partisan or nonpartisan basis.

Provision shall be made by rules of the supreme court of appeals for the selection of a member of the court to serve as chief justice thereof. If the chief justice is temporarily disqualified or unable to serve, one of the justices of the court designated in accordance with the rules of the court shall serve temporarily in his stead.

When any justice is temporarily disqualified or unable to serve, the chief justice may assign a judge of a circuit court or of an intermediate appellate court to serve from time to time in his stead.

Supreme Court of Appeals; Jurisdiction and Powers; Officers and Employees; Terms

§3. The supreme court of appeals shall have original jurisdiction of proceedings in habeas corpus, mandamus, prohibition and certiorari.

The court shall have appellate jurisdiction in civil cases at law where the matter in controversy, exclusive of interest and costs, is of greater value or amount than three hundred dollars unless such value or amount is increased by the Legislature; in civil cases in equity; in controversies concerning the title or boundaries of land; in proceedings in quo warranto, habeas corpus, mandamus, prohibition and certiorari; and in cases involving personal freedom or the constitutionality of a law. It shall have appellate jurisdiction in criminal cases, where there has been a conviction for a felony or misdemeanor in a circuit court, and such appellate jurisdiction as may be conferred upon it by law where there has been such a conviction in any other court. In criminal proceedings relating to the public revenue, the right of appeal shall belong to the State as well as to the defendant. It shall have such other appellate jurisdiction, in both civil and criminal cases, as may be prescribed by law.

The court shall have power to promulgate rules for all cases and proceedings, civil and criminal, for all of the courts of the State relating to writs, warrants, process, practice and procedure, which shall have the force and effect of law.

The court shall have general supervisory control over all intermediate appellate courts, circuit courts and magistrate courts. The chief justice shall be the administrative head of all the courts. He may assign a judge from one intermediate appellate court to another, from one circuit court to another, or from one magistrate court to another, for temporary service. The court shall appoint an administrative director to serve at its pleasure at a salary to be fixed by the court. The administrative director shall, under the direction of the chief justice, prepare and submit a budget for the court.

The officers and employees of the supreme court of appeals, including the clerk and the law librarian, shall be appointed and may be removed by the court. Their duties and compensation shall be prescribed by the court.

The number, times and places of the terms of the supreme court of appeals shall be prescribed by law. There shall be at least two terms of the court held annually.

Writ of Error, Supersedeas and Appeal; Scope and Form of Decisions

§4. A writ of error, supersedeas or appeal shall be allowed by the supreme court of appeals, or a justice thereof, only upon a petition assigning error in the judgment or proceedings of a court and then only after the court, or a justice thereof, shall have examined and considered the record and is satisfied that there probably is error in the record, or that it presents a point proper for the consideration of the court.

No decision rendered by the court shall be considered as binding authority upon any court, except in the particular case decided, unless a majority of the justices of the court concur in such decision.

When a judgment or order of another court is reversed, modified or affirmed by the court, every point fairly arising upon the record shall be considered and decided, the reasons therefor shall be concisely stated in writing and preserved with the record, and it shall be the duty of the court to prepare a syllabus of the points adjudicated in such case in which an opinion is written and in which a majority of the justices thereof concurred, which shall be prefixed to the published report of the case.
Circuit Courts

§5. The judge or judges of each circuit court shall be elected by the voters of the circuit for a term of eight years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such judges is to be on a partisan or nonpartisan basis. Upon the effective date of this article, each statutory court of record of limited jurisdiction existing in the State immediately prior to such effective date shall become part of the circuit court for the circuit in which it presently exists, and each such judge of such statutory court of record of limited jurisdiction shall thereupon become a judge of such circuit court. During his continuance in office, a judge of a circuit court shall reside in the circuit of which he is a judge.

The Legislature may increase, or other than during term of office decrease, the number of circuit judges within any circuit. The judicial circuits in existence on the effective date of this article shall remain as so constituted until changed by law; and the Legislature, at any session thereof held in the odd-numbered year next preceding the time for the full-term election of the judges thereof, may rearrange the circuits and may increase or diminish the number of circuits. A judge of a circuit court in office at the time of any such change shall continue as a judge of the circuit in which he shall continue to reside after such change until his term shall expire, unless sooner removed or retired as authorized in this article.

There shall be at least one judge for each circuit court and as many more as may be necessary to transact the business of such court. If there be two or more judges of a circuit court, provision shall be made by rules of such circuit court for the selection of one of such judges to serve as chief judge thereof. If the chief judge is temporarily disqualified or unable to serve, one of the judges of the circuit court designated in accordance with the rules of such court shall serve temporarily in his stead.

The supreme court of appeals shall provide for dividing the business of those circuits in which there shall be more than one judge between the judges thereof so as to promote and secure the convenient and expeditious transaction of such business.

In every county in the State the circuit court for such county shall sit at least three times in each year. The supreme court of appeals shall designate the times at which each circuit court shall sit, but until this action is taken by the supreme court of appeals, each circuit court shall sit at the times prescribed by law. If there be two or more judges of a circuit court, such judges may hold court in the same county or in different counties within the circuit at the same time or at different times.

Circuit Courts; Jurisdiction, Authority and Power

§6. Circuit courts shall have control of all proceedings before magistrate courts by mandamus, prohibition and certiorari.

Circuit courts shall have original and general jurisdiction of all civil cases at law where the value or amount in controversy, exclusive of interest and costs, exceeds one hundred dollars unless such value or amount is increased by the Legislature; of all civil cases in equity; of proceedings in habeas corpus, mandamus, quo warranto, prohibition and certiorari; and of all crimes and misdemeanors. On and after January one, one thousand nine hundred seventy-six, the Legislature may provide that all matters of probate, the appointment and qualification of personal representatives, guardians, committees and curators, and the settlements of their accounts, shall be vested exclusively in circuit courts or their officers, but until such time as the Legislature provides otherwise, jurisdiction in such matters shall remain in the county commissions or tribunals existing in lieu thereof or the officers of such county commissions or tribunals.

Circuit courts shall have appellate jurisdiction in all cases, civil and criminal, where an appeal, writ of error or supersedeas is allowed by law to the judgment or proceedings of any magistrate court, unless such jurisdiction is conferred by law exclusively upon an intermediate appellate court or the supreme court of appeals.

Circuit courts shall also have such other jurisdiction, authority or power, original or appellate or concurrent, as may be prescribed by law.

Subject to the approval of the supreme court of appeals, each circuit court shall have the authority and power to establish local rules to govern the court.

Subject to the supervisory control of the supreme court of appeals, each circuit court shall have general supervisory control over all magistrate courts in the circuit. Under the direction of the chief justice of the supreme court of appeals, the judge of the circuit court, or the chief judge thereof if there be more than one judge of the circuit court, shall be the administrative head of the circuit court and all magistrate courts in the circuit.
General Provisions Relating to Justices, Judges and Magistrates

§7. All justices, judges and magistrates must be residents of this State and shall be commissioned by the governor. No person may hereafter be elected as a justice of the supreme court of appeals unless he has been admitted to practice law for at least ten years prior to his election, and no person may hereafter be elected as a judge of a circuit court unless he has been admitted to practice law for at least five years prior to his election.

Justices, judges and magistrates shall receive the salaries fixed by law, which shall be paid entirely out of the state treasury, and which may be increased but shall not be diminished during their term of office, and they shall receive expenses as provided by law. The salary of a circuit judge shall also not be diminished during his term of office by virtue of the statutory courts of record of limited jurisdiction of his circuit becoming a part of such circuit as provided in section five of this article.

Any justice of the supreme court of appeals and any judge of any circuit court, including any statutory court of record of limited jurisdiction which becomes a part of a circuit court by virtue of section five of this article, in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed or retired as authorized in this article: Provided, That as to the term of any judge of a statutory court of record of limited jurisdiction which does not expire on the thirty-first day of December, one thousand nine hundred seventy-six, the following provisions shall govern and control unless any such judges shall be sooner removed or retired as authorized in this article: (1) If the term would otherwise expire before the thirty-first day of December, one thousand nine hundred seventy-six, such term shall continue through and expire on said thirty-first day of December, one thousand nine hundred seventy-six, (2) if the term would otherwise expire on the first day of January, one thousand nine hundred seventy-seven, such term shall terminate and expire on the thirty-first day of December, one thousand nine hundred seventy-six, and (3) if the term would otherwise expire after the thirty-first day of December, one thousand nine hundred seventy-six, but other than on the first day of January, one thousand nine hundred seventy-seven, such term shall continue through and expire on the thirty-first day of December, one thousand nine hundred eighty-four.

No justice, judge or magistrate shall hold any other office, or accept any appointment or public trust, under this or any other government; nor shall he become a candidate for any elective public office or nomination thereto, except a judicial office; and the violation of any of these provisions shall vacate his judicial office. No justice of the supreme court of appeals or judge of an intermediate appellate court or of a circuit court shall practice the profession of law during the term of his office, but magistrates who are licensed to practice this profession may practice law except to the extent prohibited by the Legislature.

If from any cause a vacancy shall occur in the office of a justice of the supreme court of appeals or a judge of a circuit court, the governor shall issue a directive of election to fill such vacancy in the manner prescribed by law for electing a justice or judge of the court in which the vacancy exists, and the justice or judge shall be elected for the unexpired term; and in the meantime, the governor shall fill such vacancy by appointment until a justice or judge shall be elected and qualified. If the unexpired term be less than two years, or such additional period, not exceeding a total of three years, as may be prescribed by law, the governor shall fill such vacancy by appointment for the unexpired term.

Censure, Temporary Suspension and Retirement of Justices, Judges and Magistrates; Removal

§8. Under its inherent rule-making power, which is hereby declared, the supreme court of appeals shall, from time to time, prescribe, adopt, promulgate and amend rules prescribing a judicial code of ethics, and a code of regulations and standards of conduct and performances for justices, judges and magistrates, along with sanctions and penalties for any violation thereof, and the supreme court of appeals is authorized to censure or temporarily suspend any justice, judge or magistrate having the judicial power of the State, including one of its own members, for any violation of any such code of ethics, code of regulations and standards, or to retire any such justice, judge or magistrate who is eligible for retirement under the West Virginia judges’ retirement system (or any successor or substituted retirement system for justices, judges and magistrates of this State) and who, because of advancing years and attendant physical or mental incapacity, should not, in the opinion of the supreme court of appeals, continue to serve as a justice, judge or magistrate.

No justice, judge or magistrate shall be censured, temporarily suspended or retired under the provisions of this section unless he shall have been afforded the right to have a hearing before the supreme court of appeals, nor unless he shall have received notice of the proceedings, with a statement of the cause or causes alleged for his censure, temporary suspension or retirement, at least twenty days before the day on which the proceeding is to commence. No justice of the supreme court of appeals may be temporarily suspended or retired unless all of the other justices concur in such temporary sus-
pension or retirement. When rules herein authorized are prescribed, adopted and promulgated, they shall supersede all laws and parts of laws in conflict therewith, and such laws shall be and become of no further force or effect to the extent of such conflict.

A retired justice or judge may, with his permission and with the approval of the supreme court of appeals, be recalled by the chief justice of the supreme court of appeals for temporary assignment as a justice of the supreme court of appeals, or judge of an intermediate appellate court, a circuit court or a magistrate court.

A justice or judge may be removed only by impeachment in accordance with the provisions of section nine, article four of this Constitution. A magistrate may be removed from office in the manner provided by law for the removal of county officers.

Clerks of Circuit Courts

§9. The voters of each county shall elect a clerk of the circuit court, whose term of office shall be six years; his duties, responsibilities, compensation and the manner of removing him from office shall be prescribed by law. Vacancies shall be filled in the manner prescribed by law. A clerk of the circuit court in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed in the manner prescribed by law.

The magistrates of such courts shall hold their offices for the term of four years unless sooner removed or retired as authorized in this article. The Legislature shall also determine the number of officers to be selected for each such court and the manner of their selection. During his continuance in office a magistrate or officer of such a court shall reside in the county for which he is elected or selected. The Legislature shall prescribe by law for the filling of any vacancy in the office of a magistrate or officer of such court.

In criminal cases, the procedure may be by information or warrant of arrest, without presentment or indictment by a grand jury. Such courts shall have original jurisdiction in all civil cases at law wherein the value or amount in controversy, exclusive of interest and costs, shall not exceed fifteen hundred dollars, unless such amount and value shall be increased by the Legislature, except such civil matters as may be excluded from their jurisdiction by law; and, to the extent provided by law, in proceedings involving real estate when the title thereto is not in controversy. No judgment of a magistrate in any proceeding involving real estate or any right pertaining thereto shall bar the title of any party or any remedy therefor.

The division of the business of a magistrate court in any county in which there shall be more than one magistrate of such court between the magistrates thereof so as to promote and secure the convenient and expeditious transaction of such business shall be determined in such manner or by such method as shall be prescribed by the judge of the circuit court of such county, or the chief judge thereof, if there be more than one judge of such circuit court.
In a trial by jury in a magistrate court, the jury shall consist of six jurors who are qualified as prescribed by law.

The Legislature may provide for the establishment in incorporated cities, towns or villages of municipal, police or mayors' courts, and may also provide the manner of selection of the judges of such courts. Such courts shall have jurisdiction to enforce municipal ordinances, with the right of appeal as provided by law. Until otherwise provided by law, all such courts heretofore established shall remain and continue as now constituted, and with the same right of appeal, insofar as their jurisdiction to enforce municipal ordinances is concerned; but on and after January one, one thousand nine hundred seventy-seven, any other jurisdiction now exercised by such courts shall cease. The Legislature may also designate the courts and officers or deputies thereof who shall have the power to admit persons to bail. No person exercising such powers shall be compensated therefor on a fee basis.

Whenever the jurisdiction, powers or duties of any court are terminated or changed, the Legislature shall provide by law for the transfer of all matters pending therein as to which the court shall not thereafter act, together with all of the records and papers pertaining thereto, to a court having jurisdiction, powers or duties as to such matters, and shall provide for the prosecution therein of such matters as if then and there pending.

All records and papers pertaining to matters already disposed of in any court shall be preserved or disposed of in a manner prescribed by law.

Family courts may also have such further jurisdiction as established by law.

Formation of New Counties

§8. No new county shall hereafter be formed in this State with an area of less than four hundred square miles; nor with a population of less than six thousand; nor shall any county, from which a new county, or part thereof shall be taken, be reduced in area below four hundred square miles, nor in population below six thousand. Nor shall a new county be formed without the consent of a majority of the voters residing within the boundaries of the proposed new county, and voting on the question.

County Commissions

§9. The office of county court or tribunal in lieu thereof heretofore created is hereby continued in all respects as heretofore constituted, but from and after the effective date of this amendment shall be designated as the county commission and wherever in this Constitution, the code of West Virginia, acts of the Legislature or elsewhere in law a reference is made to the county court of any county, such reference shall be read, construed and understood to mean the county commission.

Except as otherwise provided in section eleven or thirteen of this article, there shall be in each county of the state a county commission, composed of three commissioners, and two of said commissioners shall be a quorum for the transaction of business. It shall hold four regular sessions in each year, and at such times as may be fixed and entered of record by the said commission. Provisions may be made by law for holding special sessions of said commissions.

Terms of Office of County Commissioners

§10. The commissioners shall be elected by the voters of the county, and hold their office for a term of six years, except that at the first meeting of said commissioners they shall designate by lot, or otherwise in such manner as they may determine, one of their number, who shall hold his office for a term of two years, one for four years, and one for six years, so that one shall be elected every two years, but no two of said commissioners shall be elected from the same magisterial district. If two or more persons residing in the same district shall receive the greater number of votes cast at any election, then only the one of such persons receiving the highest number shall be declared elected, and the person living in another district, who shall receive the next highest number of votes, shall be declared elected. Said commissioners shall annually elect one of their number as president. The commissioners of said commissions, now in office, shall remain therein for the term for which they have been elected, unless sooner removed therefrom, in the manner prescribed by law.

Powers of County Commissions

§11. The county commissions, through their clerks, shall have the custody of all deeds and other papers presented for record in their counties, and the same shall be preserved therein, or otherwise disposed of, as now is, or may be prescribed by law. They shall also, under such regulations as may be prescribed by law, have the superintendence and administration of the internal police and fiscal affairs of their counties, including the establishment and regulation of roads, ways, bridges, public landings,
ferries and mills, with authority to lay and disburse the county levies. Provided, That no license for the sale of intoxicating liquors in any incorporated city, town or village, shall be granted without the consent of the municipal authorities thereof, first had and obtained. Until otherwise prescribed by law, they shall, in all cases of contest, be the judge of the election, qualification and returns of their own members, and of all county and district officers, subject to such regulations, by appeal or otherwise, as may be prescribed by law. Such commissions may exercise such other powers, and perform such other duties, not of a judicial nature, as may be prescribed by law. Such existing tribunals as have been heretofore established by the Legislature to act as to police and fiscal matters in lieu of county commissions in certain counties shall remain and continue as now constituted in the counties in which they have been respectively established until otherwise provided by law, and they shall have and exercise the powers which the county commissions have under this article, and, until otherwise provided by law, such clerk as is mentioned in section twelve of this article shall exercise any powers and discharge any duties, heretofore conferred on, or required of, any such tribunal or the clerk of such tribunal respecting the recording and preservation of deeds and other papers presented for record and such other matters as are prescribed by law to be exercised and discharged by the clerk thereof.

Clerk of County Commission

§12. The voters of each county shall elect a clerk of the county commission, whose term of office shall be six years. His duties and compensation and the manner of his removal shall be prescribed by law. But the clerks of said commissions, now in office, shall remain therein for the term for which they have been elected, unless sooner removed therefrom, in the manner prescribed by law.

Reformation of County Commissions

§13. The Legislature shall, upon the application of any county, reform, alter or modify the county commission established by this article in such county, and in lieu thereof, with the assent of a majority of the voters of such county voting at an election, create another tribunal for the transaction of the business required to be performed by the county commission created by this article. Whenever a county commission shall receive a petition signed by ten percent of the registered voters of such county requesting the reformation, alteration or modification of such county commission, it shall be the mandatory duty of such county commission to request the Legislature, at its next regular session thereafter, to enact an act reforming, altering or modifying such county commission and establishing in lieu thereof another tribunal for the transaction of the business required to be performed by such county commission, such act to take effect upon the assent of the voters of such county, as aforesaid. Whenever any such tribunal is established, all of the provisions of this article in relation to the county commission shall be applicable to the tribunal established in lieu of said commission. When such tribunal has been established, it shall continue to act in lieu of the county commission until otherwise provided by law.

[Editor’s note.—The foregoing article was amended by adding sections 9, 10, 11, 12 and 13 and was proposed by Senate Joint Resolution No. 6, Acts, Regular Session, 1974, p. 946, and ratified November 5, 1974. The purpose of the foregoing sections 9, 10, 11, 12 and 13 is to remove the county court from the Judicial Department, art. 8, as amended, and to transfer the office of county court or tribunal to art. 9, County Organization.]

ARTICLE X

Taxation and Finance

§1. Subject to the exceptions in this section contained, taxation shall be equal and uniform throughout the State, and all property, both real and personal, shall be taxed in proportion to its value to be ascertained as directed by law. No one species of property from which a tax may be collected shall be taxed higher than any other species of property of equal value; except that the aggregate of taxes assessed in any one year upon personal property employed exclusively in agriculture, including horticulture and grazing, products of agriculture as above defined, including livestock, while owned by the producer, and money, notes, bonds, bills and accounts receivable, stocks and other similar intangible personal property shall not exceed fifty cents on each one hundred dollars of value thereon and upon all property owned, used and occupied by the owner thereof exclusively for residential purposes and upon farms occupied and cultivated by their owners or bona fide tenants, one dollar, and upon all other property situated outside of municipalities, one dollar and fifty cents; and upon all other property situated within municipalities, two dollars, and the Legislature shall further provide by general law for increasing the maximum rates, authorized to be fixed, by the different levying bodies upon all classes of property, by submitting the question to the voters of the taxing units affected, but no
increase shall be effective unless at least sixty percent of the qualified voters shall favor such increase, and such increase shall not continue for a longer period than three years at any one time, and shall never exceed by more than fifty percent the maximum rate herein provided and prescribed by law, and the revenue derived from this source shall be apportioned by the Legislature among the levying units of the State in proportion to the levy laid in said units upon real and other personal property, but property used for educational, literary, scientific, religious or charitable purposes, all cemeteries, public property, the personal property, including livestock, employed exclusively in agriculture as above defined and the products of agriculture as so defined while owned by the producers may by law be exempted from taxation; household goods to the value of two hundred dollars shall be exempted from taxation. The Legislature shall have authority to tax privileges, franchises, and incomes of persons and corporations and to classify and graduate the tax on all incomes according to the amount thereof and to exempt from taxation, incomes below a minimum to be fixed from time to time, and such revenues as may be derived from such tax may be appropriated as the Legislature may provide. After the year nineteen hundred thirty-three, the rate of the state tax upon property shall not exceed one cent upon the hundred dollars valuation, except to pay the principal and interest of bonded indebtedness of the State now existing.

[Editor's note.—The amendment of this section was proposed by House Joint Resolution No. 3, Acts, Extraordinary Session, 1932, p. 72; submitted by Acts, Extraordinary Session, 1932, c. 10; and ratified November 8, 1932. The amendment, known as the “Tax Limitation Amendment”, rewrote this section.]

Exemptions From and Additional Adjustments to Ad Valorem Property Taxation

§1a. Notwithstanding the provisions of sections one and one-b of this article, household goods and personal effects, if such household goods or personal effects are not held or used for profit, and all intangible personal property shall be exempt from ad valorem property taxation. Provided, That intangible personal property may be made subject to such taxation only to the extent provided by the Legislature by general law not inconsistent with this section.

The Legislature shall not impose ad valorem property taxation upon money, bank deposits and other investments determined by such law to be in the nature of deposits in a bank or other financial institution, or upon pensions, moneys or investments determined by the Legislature in such law to be in lieu of or otherwise in the nature of pensions.

The Legislature by general law may exempt from such taxation any amount of the value of all or certain intangible personal property and any type, group or class of such intangibles but such exemptions shall be uniform throughout the State. No tax imposed upon such intangibles shall be at a rate or rates in excess of the maximum rate permitted to be imposed upon personal property employed exclusively in agriculture as provided in sections one, one-b or ten of this article, as the case may be, in the county wherein the intangible personal property has situs, as such situs is determined by the Legislature in such general law.

The valuations with respect to property acquired or created subsequent to any statewide reappraisal and the valuations with respect to any intangible personal property subjected to ad valorem property taxation pursuant to this section shall be allocated and phased-in over a period of years and be valued and the valuations with respect to any intangible personal property subjected to ad valorem property taxation pursuant to this section shall be allocated and phased-in over a period of years and be valued and the valuations with respect to any intangible personal property subjected to ad valorem property taxation pursuant to this section shall be allocated and phased-in over a period of years and be valued.

Any intangible personal property which would be subject to ad valorem property taxation under prior provisions of this Constitution shall continue to be subject to such taxation as provided by and in accordance with current statutory law for the assessment of such taxes upon such property, which laws are hereby validated for such purpose or purposes, until the first day of July in the year one thousand nine hundred eighty-five or until the first statewide reappraisal of property pursuant to section one-b of this article shall be first implemented and employed to fix values for ad valorem property taxation, whichever shall last occur, and thereafter no intangible personal property shall be subject to such taxation save for and except as provided by the Legislature by general law enacted after the ratification of the amendment of this section in the year one thousand nine hundred eighty-four.

[Editor's note.—This section was proposed by Senate Joint Resolution No. 4, Acts, Regular Session, 1957, p. 839; submitted by Acts, Regular Session, 1957, c. 16; and ratified November 4, 1958.

The first amendment of the section was proposed by Senate Joint Resolution No. 11, Acts, Regular Session, 1972, p. 737; and ratified November 7, 1972.
It inserted the exemption of "household goods and personal effects if such household goods and personal effects are not held or used for profit" from ad valorem property taxation.

The second amendment of this section was proposed by Committee Substitute for House Joint Resolution No. 21, Acts, Regular Session, 1984; p. 1113; and ratified November 6, 1984.

This section, prior to its amendment, read:

"Notwithstanding the provisions of the preceding section, bank deposits, money, and household goods and personal effects if such household goods and personal effects are not held or used for profit, shall be exempt from ad valorem property taxation."

This section was amended to read as set out above.

**Property Tax Limitation and Homestead Exemption Amendment of 1982**

§1b. Ad valorem property taxation shall be in accordance with this section and other applicable provisions of this article not inconsistent with this section.

Subsection A—Value; Rate of Assessment; Exceptions

Notwithstanding any other provisions of this Constitution and except as otherwise provided in this section, all property subject to ad valorem taxation shall be assessed at sixty percent of its value, as directed to be ascertained in this section, except that the Legislature may from time to time, by general law agreed to by two thirds of the members elected to each house, establish a higher percentage for the purposes of this paragraph, which percentage shall be uniform as to all classes of property defined in section one of this article, but not more than one hundred percent of such value.

Notwithstanding the foregoing, for the first day of July, one thousand nine hundred eighty-two, and the first day of July of each year thereafter until the values may be fixed as a result of the first statewide reappraisal hereinafter required, assessments shall be made under the provisions of current statutory law, which is hereby validated for such purpose until and unless amended by the Legislature. Assessment and taxation in accord with this section shall be deemed to be equal and uniform for all purposes.

Subsection B—Determination of Value

The Legislature shall provide by general law for periodic statewide reappraisal of all property, which reappraisal shall be related for all property to a specified base year which, as to each such reappraisal, shall be uniform for each appraisal for all classes of property and all counties. In such law, the Legislature shall provide for consideration of (1) trends in market values over a fixed period of years prior to the base year, (2) the location of the property, and (3) such other factors and methods as it may determine.

Provided, That with respect to reappraisal of all property upon the base year of one thousand nine hundred eighty, such reappraisals are deemed to be valid and in compliance with this section:

Provided, however, That with respect to farm property, as defined from time to time by the Legislature by general law, the determination of value shall be according to its fair and reasonable value for farming purposes, as may be defined by general law.

The results of each statewide appraisal shall upon completion be certified and published and errors therein may be corrected, all as provided by general law. The first such statewide appraisal shall be completed, certified and published on or before the thirty-first day of March, one thousand nine hundred eighty-five, for use when directed by the Legislature.

The Legislature shall further prescribe by general law the manner in which each statewide reappraisal shall be employed to establish the value of the various separately assessed parcels or interests in parcels of real property and various items of personal property subject to ad valorem property taxation, the methods by which increases and reductions in value subsequent to the base year of each statewide reappraisal shall be ascertained, and require the enforcement thereof.

Subsection C—General Homestead Exemption

Notwithstanding any other provisions of this Constitution to the contrary, the first twenty thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature, shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law.

Notwithstanding any other provision of this Constitution to the contrary, the Legislature shall have the authority to provide by general law for an exemption from ad valorem property taxation in an amount not to exceed the first twenty thousand dollars of value of any real property, or of personal
property in the form of a mobile home, used exclusively for residential purposes and occupied by the
owner or one of the owners thereof as his residence who is a citizen of this state, and who is under
sixty-five years of age and not totally and permanently disabled. Provided, That upon enactment of
such general law, this exemption shall only apply to such property in any county in which the property
was appraised at its value as of the first day of January, one thousand nine hundred eighty, or there-
after, as determined by the Legislature, and this exemption shall be phased in over such period of time
not to exceed five years from the date such property was so appraised, or such longer time as the Leg-
sislature may determine by general law: Provided, however, That in no event shall any one person and
his spouse, or one homestead be entitled to more than one exemption under these provisions: Provided
further, That these provisions are subject to such requirements, limitations and conditions as shall be
prescribed by general law.

The Legislature shall have the authority to provide by general law for property tax relief to citizens
of this State who are tenants of residential or farm property.

Subsection D—Additional Limitations on Value

With respect to the first statewide reappraisal, pursuant to this section, the resulting increase in
value in each and every parcel of land or interest therein and various items of personal property sub-
ject to ad valorem property taxation over and above the previously assessed value shall be allocated
over a period of ten years in equal amounts annually.

The Legislature may by general law also provide for the phasing in of any subsequent statewide
reappraisal of property.

Subsection E—Levies for Free Schools

In equalizing the support of free schools provided by state and local taxes, the Legislature may
require that the local school districts levy all or any portion of the maximum levies allowed under sec-
tion one of this article which has been allocated to such local school districts.

Within the limits of the maximum levies permitted for excess levies for schools or better schools in
sections one and ten of this article, the Legislature may, in lieu of the exercise of such powers by the
local school districts as heretofore provided, submit to the voters, by general law, a statewide excess
levy, and if it be approved by the required number of voters, impose such levy, subject however to all
the limitations and requirements for the approval of such levies as in the case of a district levy. The
law submitting the question to the voters shall provide, upon approval of the levy by the voters, for
the assumption of the obligation of any local excess levies for schools then in force whereby authorized
by the voters of a local taxing unit to the extent of such excess levies imposed by the state and so as to
avoid double taxation of those local districts. The Legislature may also by general law reserve to the
school districts such portions of the power to lay authorized excess levies as it may deem appropriate
to enable local school districts to provide educational services which are not required to be furnished
or supported by the state. If a statewide excess levy for the support of free schools is approved by the
required majority, the revenue from such a statewide excess levy shall be deposited in the state trea-
sury and be allocated first for the local obligations assumed and thereafter for such part of the state
effort to support free schools, by appropriation or as the law submitting the levy to the voters shall
require, as the case may be.

The defeat of any such proposed statewide excess levy for school purposes shall not in any way abro-
gate or impair any local existing excess levy for such purpose nor prevent the adoption of any future
local excess levy for such purpose.

Subsection F—Implementation

In the event of any inconsistency between any of the provisions of this section and other provisions
of this Constitution, the provisions of this section shall prevail. The Legislature shall have plenary
power to provide by general law for the equitable application of this article and, as to taxes to be
assessed prior to the first statewide reappraisal, to make such laws retroactive to the first day of July,
one thousand nine hundred eighty-two, or thereafter.

(Editor’s note.—This section was proposed by House Joint Resolution No. 7, Acts, Regular Ses-
The first amendment of this section was proposed by House Joint Resolution No. 39, Acts, Regular
The purpose of this section is to increase the allowable homestead exemption on real property or
mobile home to the first ten thousand dollars of assessed valuation of a residence occupied by the
owner thereof who is sixty-five year of age or older or permanently and totally disabled.
This section, prior to its amendment, read:
“Notwithstanding any other provision of this Constitution to the contrary, the first five thousand dollars of assessed valuation of any real property used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this State and who is sixty-five years of age or older shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law.”

The purpose of this section is to provide for assessment of property for purposes of ad valorem taxation at sixty percent of its value upon statewide reappraisal; to provide for assessment of property under current statutory law until the results of such reappraisal and to validate such law; to provide for the determination of market value, and to permit the Legislature by a vote of two thirds of the members elected to each house to set higher percentages for all classes of property; to authorize the Legislature by general law to permit the results of any reappraisal to be phased in over such period of time after the year in which the reappraisal is completed in such manner as the Legislature may specify; to provide the Legislature with the power to protect the levies for free schools and to provide for statewide levies for such purpose; to require an exemption from ad valorem taxation amounting to twenty thousand dollars of assessed value of any real property or mobile home occupied as a resident by persons who are sixty-five years of age or older or permanently disabled; to authorize an exemption of up to twenty thousand dollars of value for owners of homes or mobile homes who are under sixty-five years of age and not disabled; and to provide for a phase-in period for the latter exemption after reappraisal of property at its value as of the first day of January, one thousand nine hundred eighty or thereafter, as determined by the Legislature.

This section, prior to its amendment, read:

“Notwithstanding any other provision of this Constitution to the contrary, the first ten thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this State and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general laws. Provided, That the Legislature annually shall appropriate state funds in an amount sufficient to pay to each levying body in this State the amount of tax revenue lost by reason of this amendment to such body during the preceding year:

Provided, however, That such levying bodies shall be reimbursed by the Legislature only for that portion of the ad valorem taxation exemption above and beyond the exemption for the initial five thousand dollar valuation of real property owned and occupied by a citizen who is sixty-five years of age or older.”

This section was amended to read as set out above.

**Exemption From Ad Valorem Taxation of Certain Personal Property of Inventory and Warehouse Goods, With Phase In to Full Exemption Over Five-year Period**

§1c. Notwithstanding any other provisions of this Constitution, tangible personal property which is moving in interstate commerce through or over the territory of the State of West Virginia, or which was consigned from a point of origin outside the State to a warehouse, public or private, within the State for storage in transit to a final destination outside the State, whether specified when transported begins or afterward, but in any case specified timely for exempt status determination purposes, shall not be deemed to have acquired a tax situs in West Virginia for purposes of ad valorem taxation and shall be exempt from such taxation, except as otherwise provided in this section. Such property shall not be deprived of such exemption because while in the warehouse the personal property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled, or repackaged for delivery out of state, unless such activity results in a new or different product, article, substance or commodity, or one of different utility. Personal property of inventories of natural resources shall not be exempt from ad valorem taxation unless required by paramount federal law.

The exemption allowed by the preceding paragraph shall be phased in over a period of five consecutive assessment years, at the rate of one fifth of the assessed value of the property per assessment year, beginning the first day of July, one thousand nine hundred eighty-seven.

[Editor’s note.—This section was proposed by House Joint Resolution No. 1, Second Extraordinary Session, 1986; and ratified November 4, 1986.]

**Capitation Tax**

§2. Repealed.

[Editor’s note.—This section was repealed by virtue of the Capitation Tax Repeal Amendment, proposed by House Joint Resolution No. 6, Acts, Regular Session, 1978, p. 455; submitted by Acts, Regular Session, 1979, c. 21; and ratified November 3, 1979.
This section, prior to its repeal, read:

"The Legislature shall levy an annual capitation tax of one dollar upon each male inhabitant of the State who has attained the age of twenty-one years, which shall be annually appropriated to the support of free schools. Persons afflicted with bodily infirmity may be exempted from this tax."

Receipts and Expenditures of Public Moneys

§3. No money shall be drawn from the treasury but in pursuance of an appropriation made by law, and on a warrant issued thereon by the Auditor; nor shall any money or fund be taken for any other purpose than that for which it has been or may be appropriated or provided. A complete and detailed statement of the receipts and expenditures of the public moneys shall be published annually.

Limitation on Contracting of State Debt

§4. No debt shall be contracted by this State, except to meet casual deficits in the revenue, to redeem a previous liability of the State, to suppress insurrection, repel invasion or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State, shall be equally distributed over a period of at least twenty years.

Power of Taxation

§5. The power of taxation of the Legislature shall extend to provisions for the payment of the state debt, and interest thereon, the support of free schools, and the payment of the annual estimated expenses of the State; but whenever any deficiency in the revenue shall exist in any year, it shall, at the regular session thereof held next after the deficiency occurs, levy a tax for the ensuing year, sufficient with the other sources of income, to meet such deficiency, as well as the estimated expenses of such year.

Credit of State Not to Be Granted in Certain Cases

§6. The credit of the State shall not be granted to, or in aid of any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation or person. The investment of state or public funds shall be subject to procedures and guidelines heretofore or hereafter established by the Legislature for the prudent investment of such funds.

[Editor's note.—The amendment of this section was proposed by Senate Joint Resolution No. 4, Acts, Regular Session, 1997, p. 1780, and ratified at the special election held on September 27, 1997. The purpose of the amendment known as the "Modern Investment Management Amendment", was to authorize the investment of state or public funds in common stocks and other equity investments and to further require the Legislature to establish guidelines and procedures for the prudent investment of such funds.]

This section, prior to its amendment, read:

"The credit of the State shall not be granted to, or in aid of any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation or person; nor shall the State ever hereafter become a joint owner, or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever."

Appropriations and Taxation for the Benefit of Counties, Municipalities or Other Political Subdivisions of the State

§6a. Notwithstanding the provisions of section six of this article, (1) the Legislature may appropriate state funds for use in matching or maximizing grants-in-aid for public purposes from the United States or any department, bureau, commission or agency thereof, or any other source, to any county, municipality or other political subdivision of the State, under such circumstances and subject to such terms, conditions and restrictions as the Legislature may prescribe by law; and (2) the Legislature may impose a state tax or taxes or dedicate a state tax or taxes or any portion thereof for the benefit of and use by counties, municipalities or other political subdivisions of the State for public purposes, the proceeds of any such imposed or dedicated tax or taxes or portion thereof to be distributed to such counties, municipalities or other political subdivisions of the State under such circumstances and subject to such terms, conditions and restrictions as the Legislature may prescribe by law.

[Editor's note.—This section was proposed by House Joint Resolution No. 18, Acts, Regular Session, 1972, p. 734, and ratified November 7, 1972.]

§7. County authorities shall never assess taxes, in any one year, the aggregate of which shall exceed ninety-five cents per one hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon, created under the succeeding section, unless such assessment, with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three fifths of all the votes cast for and against it.

Bonded Indebtedness of Counties, etc.

§8. No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate, exceeding five per centum on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax on all taxable property therein, in the ratio, as between the several classes or types of such taxable property, specified in section one of this article, separate and apart from and in addition to all other taxes for all other purposes, sufficient to pay, annually, the interest on such debt, and the principal thereof, within, and not exceeding thirty-four years. Such tax, in an amount sufficient to pay the interest and principal on bonds issued by any school district not exceeding in the aggregate three per centum of such assessed value, may be levied outside the limits fixed by section one of this article: Provided, That no debt shall be contracted under this section, unless all questions connected with the same, shall have been first submitted to a vote of the people, and have received three fifths of all the votes cast for and against the same.

[Editor’s note.—The amendment of this section was proposed by Committee Substitute for Senate Joint Resolution No. 1, Acts 1949, p. 716; submitted by Acts 1949, c. 18; and ratified November 7, 1950. The amendment known as the “School Bond Amendment”, inserted in the first sentence the provision as to property subject to the tax. It also added the part of the second sentence which precedes the proviso.]

Issuance of Bonds or Other Obligations Payable From Property Taxes on Increases in Value Due to Economic Development or Redevelopment Projects in Counties and Municipalities

§8a. Notwithstanding any other provision of this Constitution to the contrary, the Legislature by general law may authorize the issuance of revenue bonds or other obligations by counties and municipalities to assist in financing qualified economic development or redevelopment projects that benefit public health, welfare and safety subject to conditions, restrictions or limitations as the Legislature may prescribe by general law.

The bonds or other obligations are payable from property tax revenues generated by the increases in value of property located within the development or redevelopment project area or district due to capital investment in the project. The Legislature shall prescribe by general law the manner in which these increases are determined.

The term for any bonds or other obligations issued may not exceed thirty tax years. The bonds or other obligations may not be deemed to be general obligations of the issuing county or municipality or of this state. The bonds or other obligations may provide for the pledge of any other funds as the owner of the improvements may by contract or otherwise be required to pay. Upon payment in full of the bonds, the increased tax revenues shall revert to the levying bodies authorized under the provisions of this Constitution to receive the revenues. The bonds or other obligations may not be paid from excess levy, bond levy or other special levy revenues.

[Editor’s note.—This section was proposed by House Joint Resolution No. 201, Second Extraordinary Session, 2002; and ratified November 5, 2002.]

Municipal Taxes to Be Uniform

§9. The Legislature may, by law, authorize the corporate authorities of cities, towns and villages, for corporate purposes, to assess and collect taxes; but such taxes shall be uniform, with respect to persons and property within the jurisdiction of the authority imposing the same.

School Levy and Bond Amendment

§10. Notwithstanding any other provision of the Constitution to the contrary, the maximum rates authorized and allocated by law for tax levies on the several classes of property for the support of pub-
lic schools may be increased in any school district for a period not to exceed five years, and in an amount not to exceed one hundred percent of such maximum rates, if such increase is approved, in the manner provided by law, by at least a majority of the votes cast for and against the same.

Notwithstanding any other provision of the Constitution to the contrary, the maximum rates provided for tax levies by school districts on the several classes of property may be used entirely for current expense purposes; and all levies required for principal and interest payments on any bonded indebtedness, now or hereafter contracted, not to exceed five percent on the value of the taxable property therein, the value to be ascertained in accordance with section eight of this article, shall be laid separate and apart and in addition to such maximum rates, but in the same proportions as such maximum rates are levied on the several classes of property.

Notwithstanding the provisions of section eight of this article relating to a vote of the people or any other provisions of this Constitution, a county board of education may contract indebtedness and issue bonds for public school purposes as provided by law, if, when submitted to a vote of the people of the county, in the manner provided by law, the question of contracting indebtedness and issuing bonds is approved by a majority of the votes cast for and against the same.

The principal amount of any refunding bonds issued under the provisions of this paragraph shall not exceed the principal amount of the bonds to be funded or refunded thereby.

Where a deceased veteran’s death was connected with such service and resulted from such service during the time period specified, however, the surviving relatives shall be paid, in accordance with the same order of entitlement, the sum of five hundred dollars in lieu of any bonus to which the deceased might have been entitled if living.

I. The Legislature shall have the power to authorize the issuing and selling of general obligation bonds of the State which shall be in addition to all other state bonds heretofore authorized. The aggregate annual amount payable on all such bonds, including both principal and interest, shall be limited such that the debt service accruing on such bonds in any fiscal year shall not exceed $35,000,000, exclusive of any amounts payable on such bonds for which moneys or securities have been irrevocably set aside and dedicated solely for the purpose of such payment. The proceeds of the bonds hereby authorized to be issued and sold shall be used and appropriated to provide financing for owner-occupied residences for persons determined by the Legislature to be qualified veterans, except that (i) part of the proceeds from each separate issuance of bonds may be set aside as a reserve for the purposes of the Veterans’ Mortgage Fund herein authorized and (ii) proceeds may be dedicated for the payment of principal, redemption price or interest on any such bonds to be refunded. Such bonds may be issued...
and sold at such time or times and in such amount or amounts as the Legislature shall authorize. All proceeds of such bonds, and all revenues derived from the use and investment of such proceeds shall be deposited in a separate fund of the State, designated as the Veterans' Mortgage Fund. Amounts in such fund shall be used solely for the purposes of making loans for qualified veterans, providing for the payment or redemption of such bonds and the interest thereon, and for providing for or paying the necessary expenses in connection therewith. When a bond issue as aforesaid is authorized, the Legislature shall at the same time provide for the collection of an annual state tax sufficient to pay as it may deem necessary, in the payment or redemption of such bonds until the obligation of the State with respect to the payment of such principal and interest has been discharged, and any of the covenants, agreements or provisions in the acts of the Legislature levying such taxes shall be enforceable in any court of competent jurisdiction by any of the holders of such bonds. Such tax shall be levied in any year only to the extent that the moneys on deposit in the Veteran’s Mortgage Fund are insufficient to pay all amounts accruing on such bonds in such year.

II. The Legislature shall have the power to enact legislation to implement the provisions of this amendment.

Veterans Bonus Amendment
(Persian Gulf, Lebanon, Grenada and Panama)

The Legislature shall provide by law, either for the appropriation from the general revenues of the State, or for the issuance and sale of state bonds, which shall be in addition to all other state bonds heretofore issued, or a combination of both as the Legislature may determine, for the purpose of paying a cash bonus to veterans of the armed forces of the United States who (1) served on active duty, or who were members of reserve components called to active duty by the President of the United States under Title 10, United States Code section 582(D), 783, or 783(B), during the Persian Gulf conflict, Operation Desert Shield/Desert Storm, between the first day of August, one thousand nine hundred eighty-nine, through December, one thousand nine hundred ninety, both dates inclusive, and the twenty-sixth day of February, one thousand nine hundred eighty-four, both dates inclusive.

In order to be eligible to receive a bonus, such persons must have been members of the armed forces of the United States, who served on active duty in one of the military operations for which he or she received a campaign badge or expeditionary medal during the periods hereinafter described. For purposes of this amendment, periods of active duty in a campaign or expedition are designated as: The conflict in Lebanon, between the twenty-fifth day of August, one thousand nine hundred eighty-two, and the twenty-first day of November, one thousand nine hundred eighty-three, both dates inclusive; and the conflict in Grenada, between the twenty-third day of October, one thousand nine hundred eighty-three, and the thirty-first day of January, one thousand nine hundred ninety, both dates inclusive; the conflict in Panama, between the twentieth day of December, one thousand nine hundred eighty-nine, through the thirty-first day of January, one thousand nine hundred ninety; both dates inclusive; the conflict in Grenada, between the twenty-third day of October, one thousand nine hundred eighty-three, and the twenty-first day of November, one thousand nine hundred eighty-three, both dates inclusive, and the conflict in Lebanon, between the twenty-fifth day of August, one thousand nine hundred eighty-two, and the twenty-sixth day of February, one thousand nine hundred eighty-four, both dates inclusive.

For purposes of this amendment not more than one bonus shall be paid to or on behalf of the service of any one veteran. In order to be eligible to receive a bonus, such persons must have been bona fide residents of the State of West Virginia at the time of their entry into such active service and for a period of at least six months immediately prior thereto, who have not been separated from such service under conditions other than honorable. Such bonus shall also be paid to any veteran, otherwise qualified under the two sentences next preceding, who was discharged within ninety days after entering the armed forces because of a service-connected disability. The amount of such bonus shall be five hundred dollars per eligible person who was in active service outside of the combat zone designated by the President or Congress of the United States during the dates specified hereinafore. The bonus to which any deceased veteran would have been entitled, if living, shall be paid to the following surviving relatives of such veterans, if such relatives are residents of the State when such application is made and if such relatives are living at the time payment is made: Any unmarried widow or widower, or, if none, all children, stepchildren and adopted children under the age of eighteen, or, if none, any parent, stepparent, adoptive parent or person standing in loco parentis. The categories of persons listed shall be treated as separate categories listed in order of entitlement and where there be more than one member of a class, the bonus shall be paid to each member according to his proportional share. Where a deceased veteran’s death was connected with such service and resulted from such service during the time period specified, however, the surviving relatives shall be paid, in accordance with the same order of entitlement, the sum of one thousand dollars in lieu of any bonus to which the deceased might have been entitled if living.
The principal amount of any bonds issued for the purpose of paying the bonuses provided for in this amendment shall not exceed the principal amount of four million dollars, but may be funded or refunded either on the maturity dates of said bonds or on any date on which said bonds are callable prior to maturity, and if any of said bonds have not matured or are not then callable prior to maturity, the Legislature may nevertheless provide at any time for the issuance of refunding bonds to fund or refund such bonds on the dates when said bonds mature or on any date on which said bonds are callable prior to maturity and for the investment or reinvestment of the proceeds of such refunding bonds in direct obligations of the United States of America until the date or dates upon which such bonds mature or are callable prior to maturity. The principal amount of any refunding bonds issued under the provisions of this paragraph shall not exceed the principal amount of the bonds to be funded or refunded thereby.

The bonds may be issued from time to time for the purposes authorized by this amendment as separate issues or as combined issues. Whenever the Legislature shall provide for the issuance of any bonds under the authority of this amendment, it shall at the same time provide for the levy, collection and dedication of an additional tax, or enhancement to such other tax as the Legislature may determine, in such amount as may be required to pay annually the interest on such bonds and the principal thereof within the not exceeding fifteen years, and all such taxes or charges so levied shall be irrevocably dedicated for the payment of the principal of and interest on such bonds until such principal and interest on such bonds are finally paid and discharged and any of the covenants, agreements or provisions in the acts of the Legislature levying such taxes or charges shall be enforceable in any court of competent jurisdiction by any of the holders of said bonds. Any revenue generated in excess of that which is required to pay the bonuses provided herein and to pay any administrative cost associated with such payment shall be used to pay the principal and interest on any bonds issued as soon as is economically practicable.

The Legislature shall have the power to enact legislation necessary and proper to implement the provisions of this amendment.

Such bonds may be issued and sold at such time or times and in such amount or amounts as the Legislature shall authorize. STATE INSTITUTIONS
CORRECTIONAL FACILITIES
BECKLEY CORRECTIONAL CENTER
111 S. Eisenhower Drive
Beckley 25801

Established in 1974 as Beckley Work Release Center, the facility was reorganized in 1997 and renamed Beckley Correctional Center and expanded in March of 2011 into the Jackie Withrow Hospital. The center is a minimum-security community correctional facility with a Residential Substance Abuse Treatment Unit located on the grounds of Jackie Withrow Hospital. The 137-inmate capacity includes 70 males and 8 females in the Work Release Component and 59 male inmates in the Residential Substance Abuse Unit.

Inmates assigned there must be within 18 months of possible parole or discharge from the Work Release Component and 24 months for the Residential Substance Abuse Unit. They must also be classified as a level 1 or 2 minimum security, meaning they are classified as nonviolent offenders.

All inmates must participate in a regimented and intense treatment program. Available programs include adult basic education, crime victim awareness, substance abuse treatment, substance abuse aftercare, batterers intervention, anger management, thinking for a change and domestic violence.

The inmates are required to work assigned jobs while at the facility as well as perform a minimum 80 hours of community service work. Upon completion of community service and release from facility employment, inmates with work release status obtain employment within the community in a variety of fields, including Division of Highways, construction, restaurant and retail sales. Based on their behavior and history and subject to approval of officials in furloughing counties, work release inmates also earn two-hour passes and overnight furloughs to see immediate family members. Inmates out in the community are monitored by the center’s staff through random telephone calls, visual employment checks, furlough visits and random drug and alcohol testing.

Inmates volunteer to participate in the substance abuse treatment program, which consists of four very structured phases. Once they complete all four phases, they become eligible to transfer to the work release program.

WORK/STUDY RELEASE CENTERS

Work/Study Release Centers are community-based correctional facilities operated by the Division of Corrections, which is an agency under the Department of Military Affairs and Public Safety.

There are two centers in the state, located in Charleston and Huntington, that house both male and female offenders. Each center has the capacity to house approximately sixty-six inmates.

Inmates are carefully screened through a risk assessment classification method for participation in the work release program.

The program’s primary objective is to assist the inmate in making a successful transition from incarceration to the community. This is accomplished by providing them an opportunity to take advantage of educational/vocational and work programs within the community. As they are gradually readjusting, the program’s intent is to reduce anxieties and frustrations often associated with immediate release back into society. Offenders become responsible for themselves and less of a burden to West Virginia taxpayers while at work release. They are required to pay rent, medical
expenses, child support, restitution and any fines they’ve incurred. They are also required to give back to the community by performing a minimum of 80 hours of community service work. Once community service is completed, inmates are permitted to seek employment in the local job market. Due to the demands of taking responsibility, meaningful employment is of primary importance, assuring the offender a successful work release experience. The two facilities are listed below:

Charleston Work/Study Release Center
607 Brooks Street
Charleston 25301-1319
Administrator: Jeff A. Stinnett.
Secretary: Joyce Nunley.

Huntington Work/Study Release Center
1236 5th Avenue
Huntington 25701-2207
Administrator: Renae Stubblefield.
Secretary: Jacqueline Jackson.

MOUNT OLIVE CORRECTIONAL COMPLEX
1 Mountainside Way
Mount Olive 25185

Warden: David Ballard. Capacity: 1,030.

Built as a replacement for the Civil War-era West Virginia Penitentiary at Moundsville, Mount Olive Correctional Complex is located seven miles east of Montgomery on Cannelton Hollow Road in Fayette County. West Virginia’s only maximum-security correctional facility, Mount Olive houses the most violent, dangerous and disruptive inmates in the state.

Construction of Mount Olive began in the spring of 1991 and was completed in December 1994. The facility was dedicated on December 12, 1994, and received its first inmates on February 14, 1995. Inmate transfers were completed on March 27, 1995, and the West Virginia Penitentiary was closed. Total construction costs for the complex were $61.8 million.

The facility is encompassed by a secure perimeter fence approximately one mile long. Of the 120-acre site, approximately 80 acres are inside the secure perimeter. Extensive use is made of both electronic and manual security controls. The complex operates as a small town, having its own post office and zip code, power plant, electrical substation, fuel depot, water supply, central warehouse, maintenance garage, hospital and medical clinic, gymnasium, chapel, library, classrooms, courtroom, food service and laundry facilities.

Professionals through contractual agreements provide medical, dental, mental health and food services. The State Department of Education provides many educational and vocational programs for the inmate population such as ABE/GED, transition skills, business education, graphic communication/printing technology, welding and culinary arts. An apprenticeship program in food service or janitorial service is also available. Limited college courses are available through Bridgemont Community and Technical College.

West Virginia Correctional Industries operates onsite an engraving shop, sign shop, welding/metal shop and soap/laundry/janitorial supply factory. Road signs for the West Virginia Division of Highways, campsite products for West Virginia State parks and forests and license plates for the West Virginia Division of Motor Vehicles are also manufactured there by Correctional Industries.

In July 2007 Mount Olive opened a 48-bed minimum-security Inmate Work Camp outside of the secure perimeter for inmates holding an appropriate security classification. These inmates are provided to the West Virginia Division of Highways for various labor projects and for labor and community service to various agencies/charitable organizations throughout the local area.
In September 2007, Mount Olive underwent an intensive audit by the American Correctional Association. Auditors spent three days there examining policies and procedures and interacting with staff and inmates, after which Mount Olive was found to be in compliance with required national standards and granted accreditation. Mount Olive became the fourth Division of Corrections facility and is the largest facility to receive accreditation. The complex was reaccredited by the association in January 2011.

DENMAR CORRECTIONAL CENTER

HC 64, Box 125
Hillsboro 24946

The Denmar Correctional Center is located five miles from Hillsboro in the pristine hills of Pocahontas County. The facility was opened in 1919 and used through 1957 as the tuberculosis center for African-American people in West Virginia. Later in 1957 the tuberculosis center was transformed into Denmar Hospital, a hospital for the chronically ill. The Denmar Hospital was closed in 1990.

In February 1993, the Pocahontas County Commission conveyed the deed for the former Denmar Hospital to the West Virginia Division of Corrections for conversion to a state correctional facility. The funds were appropriated to the Division of Corrections for renovation and occupation of the facility known as the Denmar Correctional Center.
The medium-security prison currently houses up to 216 adult males and employs approximately 89 persons. Inmates are housed in two- and four-man rooms. The following staff oversees different parts of the institution: Associate Warden of Security David Cox, Association Warden of Operations Sylvia Haney and Associate Warden of Programs Robert Neal.

Following their mission statement (To provide inmates, staff and the public with a secure and safe environment, to promote responsibility to one’s self and society, and to enhance the skills necessary for self-development, serving to maintain a positive and productive style of living), Denmar offers various work programs, counseling, various programming, education, recreation, etc., to enhance the rehabilitation of inmates housed there.

The unit management concept at Denmar seeks to provide a balance between punishment, deterrence, incapacitation and rehabilitation for individuals committed to the custody of the West Virginia Division of Corrections. Our rustic, pastoral setting is conducive to an enriched atmosphere wherein the inmates may engage in a successful adjustment in preparation for their return to free society. The compassionate, caring staff providing quality programs in a safe and secure setting has enabled Denmar to become a true model for the adaptation and encouragement of positive, productive, spiritually enhanced living.

The various job positions that are held by our inmates include: Outside road crews, Correctional Industries, laundry, maintenance, water and waste water plant, kitchen and many more.

The various treatment programs offered include: A naldrue, sex offender therapy and group and individual counseling, as well as other programs designed to address social skills deficits and impulse control, establish a sober, legitimate lifestyle and facilitate a smooth transition from incarceration to free society. Denmar also offers a V.O.C.A.L. (Violent Offenders Counseling and Learning) program designed to target youths in the community. V.O.C.A.L. team members make presentations to schools, church groups, etc., on the effects of drugs and alcohol and about proper decisionmaking. There is also an Education Department that gives inmates the opportunity to learn computer and keyboarding skills, the chance to earn a GED, courses designed to help with reentry into society, further developing and enhancing academic and employability skills. Various reentry programs are offered through KISRA Corp. Vocational programs such as electrical technology, facility maintenance, and mining courses are also offered onsite.

Recreation is offered and includes softball and basketball teams along with other activities available with the equipment in the recreation building. Inmates can participate in the Annual Denmar Games which is a series of competitive field events.

Around-the-clock medical services are provided by contractual agreement. The medical department was accredited by the National Commission of Correctional Health Care in 1999 and remains accredited today.

Denmar Correctional Center received American Correctional Association accreditation in 2009.

Since Division of Corrections control, two buildings funded by the Regional Jail Authority have been built at the Denmar Correctional Center. A multi-purpose building is utilized for treatment programs, visitation, parole hearings and training issues. A second building houses electrical technology and carpentry vocational classes as well as Correctional Industries.

ANTHONY CORRECTIONAL CENTER

HC 70 Box N-1
White Sulphur Springs 24986

Anthony Correctional Center is located in Neola, West Virginia, on Route 92, 15 miles north of White Sulphur Springs in Greenbrier County. The facility was built in 1965-66 and maintained by the federal government as the Anthony Civilian Job Corps Center until 1968. In October 1970, the facility was leased by the West Virginia Department of Public Institutions (now the Division of Corrections) from the federal government to operate a community involved, educationally oriented, correctional facility for male juvenile offenders. In January 1980, Anthony Center was designated as
a young adult male offender correctional center. This designation meant Anthony Center would no longer accept juvenile commitments, but instead accept young males adjudicated under the Youthful Offenders Act. In March 1985, the facility was converted into a cocorrectional facility in order to provide equal opportunities for both male and female adult offenders. The construction of a new 65,000-square foot facility was completed and opened in August 1998 on the 31-acre site. In addition, an existing dormitory was renovated to house 64 offenders. At the present time, Anthony Correctional Center has a capacity of up to 220 offenders (male and female).

At present, Anthony Correctional Center houses male and female young adult offenders between the ages of 18 and 25. Offenders are committed to the Anthony Correctional Center as a result of their judge suspending the original sentence of their specific crime and handing down a sentence of six months to two years at the Anthony Correctional Center. To successfully complete the program requirements of the Anthony Correctional Center, offenders must complete an individualized program that includes work, education, therapeutic programming and recreation as mandated by WV Code §25-4-4. If the offender successfully completes the program, he/she is returned to his/her committing court to be placed on probation for up to five years. If, in the opinion of the Warden, the offender proves to be unfit to remain at Anthony Correctional Center due to continued disciplinary infractions, the offender is returned to the committing court to receive his/her original sentence.

The facility provides therapeutic programming including Victim Awareness, Managing My Anger, parenting class, individual and group counseling, substance abuse programming, life skills and work readiness and religious opportunities. Each offender is given recreational opportunities daily, which include outdoor and/or indoor leisure time activities.

Academically, the education program stresses basic skill enhancement and general educational development, specific vocational skills training, job skills training and career planning with an emphasis on a student’s ability to change behavior and develop a decision-making process. The GED program is mandatory for any offender resident not possessing a high school diploma or GED. Offenders who qualify may complete a Pathway Program allowing them to receive a diploma from their high school of origin.

Each offender at Anthony Correctional Center must choose a vocational major to pursue and complete during his or her stay at Anthony Correctional Center. The vocational programs available to offenders are: Auto mechanics, general building construction (drafting, carpentry, electricity, plumbing, painting/wall covering, floor covering and roofing), welding, business education and culinary arts. All vocational programs are taught by a certified vocations instructor, utilizing a competency-based education approach.

Offenders are assigned to work in the kitchen, laundry, intake/warehouse and maintenance departments to acquire job skills to make successful reentry into society. Other work assignments include painter, janitor, barber, teacher’s assistant and library assistant. These jobs are comparable to those that offenders will obtain once released from the facility.

Due to overcrowding in regional/county jails, on January 15, 2001, Anthony Correctional Center began housing a male diagnostic unit. These males are committed to the facility for a maximum of 60 days. During that time period, the males participate in a series of psychological testing/interviews and a report is submitted to the sentencing judge. The report is used by the sentencing court to indicate how the offender will respond to a supervised and structured setting (incarceration) or an unsupervised and unstructured setting (probation).

HUTTONSVILLE CORRECTIONAL CENTER

PO. Box 1
Huttonsville 26273

The Huttonsville Correctional Center is located near Huttonsville, in Randolph County, approximately 18 miles south of Elkins on U.S. Route 250. With a staff of 399, the center is the fifth largest employer in Randolph County.
Created by an Act of the Legislature in 1937 to relieve overcrowding at the West Virginia Penitentiary, the center has been in operation since 1939 and is the oldest and largest such facility in the state. It remained a branch of the parent institution until 1947, at which time the Legislature established as a separate entity of the West Virginia Medium Security Prison. In 1970, the Center received its current name of Huttonsville Correctional Center by legislative act.

The West Virginia Department of Education offers adult basic education (special learning needs through GED), special education program, open gate, transition/life skills program, including thinking for a change, cognitive skills II and III, 99 days and a get-up, employment maturity and aftercare. Through Pierpont Community and Technical College, the education department offers college 101, including time management, money management, budgeting, study skills and remedial math and writing skills.

The education department offers vocational courses and certifications in mill and cabinet, metals technology, auto mechanics, electricity and facilities' maintenance. Students can earn certifications through the National Center for Construction, Education, and Research Core and Specialty. Continuing technical education programs also include CPR/first aid and OSHA 10- and 30-hour training. The education department recently added an 80-hour underground mining course. Students also have the opportunity to earn a two-year associate's degree in applied science technical studies while receiving certification in one of the vocational courses offered at Huttonsville School.

The primary form of employment for the inmates has always been general farm work. By an Act of the Legislature in 1977, the 5,000-acre farm was turned over to the Farm Management Commission with a resultant change of agricultural emphasis from labor-intensive general purpose farming to beef cattle production. While inmates work both inside and outside the facility, the largest single inmate labor effort is community service projects.

The correctional center is home to the West Virginia Division of Corrections K-9 Training Center, which currently offers two classes each year and conducts all training for the division’s K-9 unit. Multi-disciplines exist within the K-9 unit. The patrol section functions are crowd control, tracking and protection. Trained Controlled and Dangerous Substance canines are used to search people, vehicles, mail and visitors entering any Division of Corrections property. Detector canines are trained to locate cell phones and tobacco within division facilities. Canines within the CDS and Detector sections are primarily labradors and golden retrievers.

Corrections Industries operates the Braille program and the furniture plant, both situated at Huttonsville. Regular textbooks are transcribed into Braille and distributed throughout the United States. The furniture plant refinishes and builds new furniture for various agencies.

A residential substance abuse treatment unit was opened in 2000 and currently consists of 80 inmates with a sincere desire for rehabilitation. The model in which they live is Therapeutic Community, where they hold themselves and each other accountable for their negative behaviors.

In this unit the criminogenic thinking pattern or the criminal mentality is the focus of attention. Emphasis is placed on cognitive restructuring as a means to modify behavior utilizing the power of education through social learning. The program is nine to twelve months in length. In addition, the institution has a unit with the capability of housing 80 inmates who have completed the substance abuse treatment program. This unit enables these inmates to live in a healthy environment and use the skills learned in the substance abuse program without having to return to the general population housing unit.

Following construction completed in 2000, the capacity at Huttonsville increased to 1,136. Living quarters there consist of military-style dormitories in the original building and single- and multi-cell housing in the new units. The opening of the new additions allowed space for adding behavioral improvement and intake units.

Huttonsville Correctional Center also opened a 48-bed minimum security work camp in the spring of 2012. This camp provides the inmate workers for the farm crews, grounds crews, community service crews and Division of Highways' crews.
The Pruntytown Correctional Center, formerly known as the West Virginia Industrial School for Boys, is located at Pruntytown near Grafton in Taylor County. The facility first opened in 1891 and operated as a state correctional institution for delinquent boys until January 1983, when it was closed and the juveniles were transferred to the West Virginia Industrial Home for Youth near Salem. Pruntytown remained vacant and idle until mid-1985.

After much renovation and remodeling, the facility was reopened as Pruntytown Correctional Center in November 1985 to house minimum-security male inmates. In late 1988, the Division of Corrections began moving nearly sixty female inmates to the Pruntytown Correctional Center, creating a coed facility. These females had previously been housed under contract with the Federal Correctional Institution for Women in Alderson, West Virginia. With the addition of a 128-bed unit in March 1999, the facility’s capacity increased.

In January 2007, all female inmates housed at Pruntytown Correctional Center were transferred to Lakin Correctional Center in Mason County, which serves as the state’s female prison. Pruntytown currently houses 369 minimum- and medium-custody adult male inmates with an emphasis on preparing them for successful reentry into society.

The St. Marys Correctional Center is located one mile north of St. Marys on State Route 2 in Pleasants County. It was formerly known as the Colin Anderson Center, which was established in 1932 by an Act of the Legislature. The Colin Anderson Center was closed in spring of 1998, at which time funding was provided to renovate the facility as a correctional center.

In the early spring of 1998, the Division of Corrections began the transition to house approximately 450 adult male minimum- to medium-security inmates at this facility. In addition to general population offenders, the targeted population includes aging, geriatric, special needs and chronic medical offenders with lower custody classifications. This is in part to the relatively flat campus and appropriate medical area and staff.

St. Marys Correctional Center is also proud to house a 99-bed Residential Substance Abuse Treatment (RSAT) Unit that focuses on inmates with addictions. These inmates are provided with educational classes as well as peer groups that focus on successful reentry back into society. RSAT uses the therapeutic community model to achieve our results. There is also aftercare plans developed so their recovery can continue post release.

St. Marys Correctional Center predominately houses medium classification custody inmates. Inmates are prepared for release through education and other needs appropriate classes. Community service is provided with inmate labor at various locations throughout the area as well as nonprofit organizations upon request.

The first corrections training academy began with 25 former Colin Anderson employees on June 1, 1998.
LAKIN CORRECTIONAL CENTER
11264 Ohio River Road
West Columbia 25287

Lakin Correctional Center is now the only all-female, multi-security correctional facility in the state of West Virginia. It is located on State Route 62, six miles north of Point Pleasant. The land on which the center was built was donated to the state by a local family in the 1920s. The facility was actually built around the family’s cemetery, which is located behind the facility and maintained by the inmates.

In the early years and prior to the construction of Lakin Correctional Center, a state hospital known as Lakin State Hospital was built in 1926. During the initial planning stages for the correctional center, the medical and rehabilitation center buildings were torn down, while the activities building was incorporated into the new facility and became the prison gymnasium.

Phase I of the construction began in February 1999. The project was completed in August 2002 and dedicated on September 25, 2002. The center began receiving the female inmates on January 29, 2003, at which time the total bed capacity was 252 minimum- to maximum-security beds. The initial construction of the facility allowed for additional double bunking in the general population cells, and 50 double bunk cells were added within a short time of the completion of Phase I. The total bed capacity rose to 302.

In June 2005, Phase II of the construction resulted in a 124-bed dormitory-style housing unit, a 36-bed modular housing unit and a Correctional Industries building. The project was completed in October 2006 and dedicated on November 16, 2006.

The Department of Education provides the inmate population with many educational and vocational programs including GED, college classes, life skills, computer classes and a culinary arts program. A cosmetology program will be forthcoming in the spring of 2012.

On March 15, 2006, Lakin Correctional Center became serious about addressing the problem of substance abuse and adopted the Therapeutic Community as a method of treatment. The community was named the Dream Community, with Dream being an acronym for Dreaming of Recovery Every Awakening Moment.

Successful therapeutic communities accomplish two major goals in a correctional setting. First, they create a highly organized unit that promotes positive pro-social values that are in direct contrast to the traditional inmate cultures. Secondly, they offer an environment that provides the offender an opportunity to learn, practice and internalize skills and behaviors needed for successful reentry into society. The unit initially began in a general population housing unit, which had been designed from a security rather than therapeutic community standpoint. Because the J Building’s construction and design were more compatible with the interests of the program, the substance abuse program was relocated there on October 12, 2010. More than 90 percent of the offender population currently is referred to the Residential Substance Abuse Program. The unit now consists of 40 offenders participating directly in the program and more than 60 waiting to enter the program in the One Five unit.

On January 9, 2007, all the female inmates from Pruntytown Correctional Center in Grafton were transferred to Lakin, resulting in all female inmates being in one correctional center and bringing the facility’s bed capacity to 462.

In August 2006, officials signed a Memo of Understanding with 4-Paws for Ability, a Rover Rehab Program that provided dogs from local shelters and rescue groups to selected inmates for training. The trained dogs then served as service animals for people with disabilities, providing companionship and promoting independent living. The program, funded through 4-Paws for Ability and Lakin, allowed the 22 involved inmates to give back to the community.

Lakin ended the contract with 4-Paws for Ability in February 2010, and entered into another Memo of Understanding with Rover Rehab Program Paws-4-People/Paws-4-Vets. This program also involved the pairing of 22 inmates with puppies and dogs to assist in training them for the physically and mentally challenged and for veterans with post traumatic stress disorder. The program is funded entirely through donations made to Paws-4-People/Paws-4-Vets.
In 2008, the Legislature approved the launch of a KIDS (Keeping Infant Development Successful) unit, one of seven of its kind in the nation. The unit offered space for a five-bed mother-infant unit with additional room for an office for Early Head Start and Lakin staff. Opening the unit dropped the bed capacity in one of the modular units by seven, reducing the facility’s total capacity to the current 455. On July 1, 2009, the unit received the first two pregnant inmates, with the first child delivered on August 12, 2009. The Lakin KIDS unit is the first in the country to allow WIC support for the inmate mother and infant and the first to be fully staffed by Early Head Start and grant-funded through this same program. The unit also receives financial support in the form of donations from churches, local businesses and the general public.

MARTINSBURG CORRECTIONAL CENTER
38 Grapevine Road
Martinsburg 25401

Warden: Scott E. Paugh. Capacity: 120.

The Martinsburg Correctional Center opened in 2005 at the site of the former Eastern Regional Jail approximately one-half mile east of Martinsburg on WV Route 9. The facility is operated strictly as an intake/classification center, housing 120 adult male inmates who have been convicted of felony crimes and sentenced to the custody of the Division of Corrections.

Inmates entering the facility are received from one of the state’s regional jails. Once housed at the facility, inmates undergo a series of evaluations and tests, the results of which are partly responsible for determining the initial classification of the inmate. Other factors which are considered for classification and placement purposes include psychological history, type of conviction, history of substance abuse, etc.

After a stay of 30-60 days, inmates are moved to other facilities according to their classification and individual needs.

The facility has positions for 72 state employees, along with contractual employees for the medical unit, food service and the Department of Education.

The facility received initial accreditation by the American Correctional Association in 2010 after passing an accreditation audit in December 2012. The facility’s medical unit has also been accredited by the National Commission on Correctional Health Care.

In 2009, an addition was constructed at the facility which created a training room and three new offices.

PARKERSBURG CORRECTIONAL CENTER
225 Holiday Hills Drive
Parkersburg 26104

Parkersburg Correctional Center (PBCC) was formerly the Holiday Inn that closed in August 2007. PBCC officially opened on August 6, 2012, and received the first inmates on August 29, 2012. PBCC is a minimum-security facility which currently houses 130 male offenders who are carefully screened through a risk assessment classification method for participation in the work release program. Inmates assigned to the facility are minimum or community classification status and must be within 18 months of parole eligibility or discharge. They are monitored for program compliance, tested for alcohol and drug use, and supervised when in the community through random phone calls, supervisor evaluations and unannounced visits from staff.

Inmates are encouraged to further their education by attending General Education Classes (GED), vocational classes and college courses when applicable. They are also employed in the
community in various jobs and pay a percentage of their income to the facility to help defray the cost of incarceration and save taxpayers money. They also utilize their opportunity in the work release program to begin paying child support, court costs or fines, and restitution they may owe. PBCC inmates also assist local communities through various community service projects.

Inmates are required to work assigned jobs while at the facility as well as perform a minimum 80 hours of community service work. Upon completion of community service, inmates who are on work release status obtain employment within the community in a variety of fields to include Department of Highways, construction, restaurant and retail sales. Work release status inmates also earn two-hour passes and overnight furloughs to immediate family members based on behavior, history and approval of officials in prospective furloughing county. Inmates out in the community are monitored by the PBCC staff through random telephone calls, employment evaluations, visual employment checks furlough visits and random drug and alcohol testing.

Inmates volunteer to participate in the Residential Substance Abuse Treatment (RSAT) program which is a very structured program consisting of four phases. The first phase is the entry level inmates and they progress to the fourth phase where, when completed, they will become eligible to transfer to the Work Release Program.

SHEPHERD UNIVERSITY

Shepherdstown 25443
website: www.shepherd.edu

President: Dr. Suzanne Shipley.

Shepherd University was formed when the county seat of Jefferson County, West Virginia, was moved from Shepherdstown to Charles Town in July 1871, and the people in the area decided to use the vacant courthouse for educational purposes. An article of incorporation for a school to be known as Shepherd College, designed to instruct students in languages, arts and sciences, was drawn up by the Board of Trustees. Joseph McMurrin, principal, and two assistant professors were hired to teach the 42 students who began classes in September 1871.

On February 27, 1872, the state Legislature passed an act which made the private institution a part of the state college system. In 1930, Shepherd University became a four-year college dedicated to the training of teachers and was accredited to grant the Bachelor of Arts degree. On April 7, 2004, Governor Bob Wise signed legislation which changed Shepherd’s name to Shepherd University. Enrollment for the 2012 fall semester was 4,326.

WEST VIRGINIA UNIVERSITY INSTITUTE OF TECHNOLOGY

West Virginia University Institute of Technology was established through an act of the Legislature in 1895 and the college opened January 4, 1897, as Montgomery Preparatory School, as a branch of West Virginia University and was renamed West Virginia Trades School in 1917.

In 1921, state authorities decided that a junior college was needed in the upper Kanawha Valley, especially for the training of much needed elementary school teachers. Enrollment rose in the newly named New River State School. By 1929, New River was a four-year college and a name change occurred in 1931 to New River State College. By 1941, in response to demands for personnel from industries and businesses, the institution added technical and business programs. Recognizing this new role, the State Legislature renamed the college West Virginia Institute of Technology that year. In 1952, the college began to offer bachelor’s degrees in engineering. In response to regional needs, Tech established community college programming in 1966. By an act of the 1996 Legislature, on July 1, 1996, the college became a regional campus of West Virginia University and was renamed West Virginia University Institute of Technology. Enrollment for the 2012 fall semester was 1,107.

SOUTHERN WEST VIRGINIA COMMUNITY AND TECHNICAL COLLEGE

Foster, Mount Gay, Saulsville and Williamson
website: www.southernwv.edu

President: Joanne Jaeger Tomblin.
Southern West Virginia Community College was established by the West Virginia Board of Regents as an independently accredited, comprehensive community college on July 1, 1971, through the consolidation of two existing branches of Marshall University. These branches, located in Mingo and Logan counties, had been in operation since 1963 and provided the first two years of liberal arts and teacher education along with career programs in secretarial science and radiologic technology.

Since 1971 the College has continued to expand its academic, workforce development, and community service offerings. In 1976 the West Virginia Board of Regents established formal service areas for each of the state’s public colleges and universities and Southern was assigned an area that included the counties of Boone, Logan, Mingo and Wyoming. In 1981 the College's service area was expanded through an interstate agreement with the Commonwealth of Kentucky which provided for students from Martin and Pike counties to attend Southern at the in-state tuition rate.

In 1995, with an increased emphasis on workforce development and technical training, the State Legislature changed the College’s name to Southern West Virginia Community and Technical College. In addition to the name change, Senate Bill 547 also outlined eleven community and technical college districts throughout the state which added three additional West Virginia counties, Lincoln, McDowell and Raleigh, to Southern’s district. McDowell and Raleigh were identified as “shared counties” with responsibility for providing educational opportunities shared with two other community colleges.

Since 2001, Southern West Virginia Community and Technical College has been a member of the Community and Technical College System of West Virginia. This system provides for each member institution to have a local Board of Governors with the Council serving as policy and coordinating board. Southern entered its 41st year of providing quality education to the citizens of its district in July 2012. The College has been accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools during the entire forty years of its existence as an independently accredited institution. The College’s initial accreditation status was established through its affiliation as a branch campus of Marshall University.

Southern is an open-door, comprehensive community and technical college that provides a broad spectrum of associate degrees, certificates, industry certifications, developmental education and university transfer programs, continuing education opportunities, and cultural enrichment activities. Southern provides accessible, affordable, quality education, and training at each of its four campuses in Boone, Logan, Mingo and Wyoming counties and at its Lincoln County High School location in Hamlin, WV. Enrollment for the 2012 fall semester was 2,115.

WEST VIRGINIA SCHOOLS FOR THE DEAF AND THE BLIND

Romney 26757

Superintendent: Dr. Lynn Boyer.

The West Virginia Schools for the Deaf and the Blind were established by an Act of the Legislature March 3, 1870. The School for the Deaf and the School for the Blind offer comprehensive educational programs for hearing impaired and visually impaired students respectively. There is also a unit for deaf-blind/multihandicapped children.

Students may be enrolled at the age of three. Students must be residents of West Virginia and have a hearing or visual loss sufficient to prevent normal progress in the usual public school setting.

In addition to the state-approved elementary and secondary curricula, courses focusing on special skills needed by hearing and/or visually impaired students are offered in accordance with their respective needs. These academic, vocational and special courses are taught by members of the staff with expertise in education of hearing and/or visually impaired students as well as certification in their subject areas which are appropriate to their teaching assignments. Preschool and other specialized programs are also offered. The school calendar is similar to that followed by county school systems.
Outreach and technical assistance services are available to county school staff providing programs to hearing and/or visually impaired students. A statewide Instructional Resource Center also provides instructional materials and equipment for visually impaired children attending county programs. The Sub-Regional Library for the Blind and Physically Handicapped of the Library of Congress, located on the campus, provides talking books and other similar reading materials to individuals with visual or physical disabilities.

These schools are supervised by the West Virginia Board of Education and supported by the State of West Virginia. There are no costs to students, or parents, with the exception of clothing, transportation to the schools and other incidental expenses. Information concerning the schools or enrollment procedures may be obtained by contacting the Superintendent. Interested persons are invited to visit any time the schools are in operation.

Both schools are fully accredited by the North Central Association for Colleges and Schools at the elementary and secondary levels.

DENOMINATIONAL AND PRIVATE SCHOOLS

ALDERSON-BROADDUS COLLEGE

Philippi 26416

President: Rick Creehan.

Two institutions were united in 1932 to form Alderson-Broaddus College. Each of the institutions passed on a rich Christian heritage. The older of the two, Broaddus College, was founded in Winchester, Virginia, in 1871 by Edward Jefferson Willis, a Baptist minister who named the new college after Rev. William Francis Fergusson Broaddus, a prominent Baptist minister at the time of the Civil War. In response to economic hard times, Broaddus College was moved across the Alleghenies to Clarksburg, West Virginia, in 1876. The college was moved again to the small town of Philippi, West Virginia, in 1901.

The other institution, Alderson Academy and Junior College, was founded in Alderson, West Virginia, in 1901 by Emma Alderson, a committed Baptist laywoman. As the years passed, Broaddus became a junior college, then a senior college, and Alderson Academy added junior college status. Financial hardship in the late 1920s led to the decision to merge the two colleges, both of which shared a common identity as Baptist and liberal arts institutions. Alderson-Broaddus College derives its hyphenated name from the joining of these two institutions.

Since its founding Alderson-Broaddus has been committed to a strong liberal arts education. As such, the college seeks to imbue students with an appreciation of literature and the arts, Christian faith, music and the sciences. In more recent times the College has focused on developing programs in the natural and applied sciences as well. In 1945, Alderson-Broaddus developed the first four-year nursing and the first radiologic technology programs in West Virginia. In 1968, the College pioneered the nation’s first four-year physician assistant program, an innovation that has had enormous influence on the development of the physician assistant profession nationwide. From this program emerged in 1991 the College’s first graduate degree offering, the Physician Assistant Master's program. Academic innovation is an enduring feature of A-B. Since 1998, Alderson-Broaddus has added programs in digital art, marketing, family studies, RN-BSN and LPN-BSN degree completion programs for nurses and a surgery track in the College's Master’s Physician Assistant program. A-B has also added two on-line certificates in business fundamentals and computer science, and in the spring of 2002 opened the Mollohan Workforce Training Center.

Alderson-Broaddus College is a health-related and professional educational institution firmly rooted in the liberal arts. It is affiliated with the American Baptist Churches, USA, and the West Virginia Baptist Convention, and the Council for Christian Colleges and Universities, and is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools.

DAVIS & ELKINS COLLEGE

Elkins 26241

President: G. T. Smith.

Davis & Elkins College was established through the influence and efforts of Henry Gassaway Davis and Stephen Benton Elkins, two United States Senators who were responsible for building the first railroad into the area. In 1901, the Senators donated land and money to establish a college and academy associated with the Presbyterian Church. Their gift was matched by donations from the citizens of Randolph County and the Presbyteries of Lexington and Winchester, Virginia. In 1902, the College’s Board of Trustees met for the first time. The first classes were held on September 21, 1904.

The original campus was located in south Elkins on a plot donated by Senator Elkins. Later, a gift of property from Mrs. Hallie Davis Elkins, who was the daughter of Senator Davis and the widow of Senator Elkins, prompted the move of the College to its present location in 1926. This property included her home, Halliehurst, and the surrounding estate. In 1941, Senator Davis’s original estate, which included Graceland and the estate adjacent to Halliehurst, was acquired for the College.

Since its move to the old “Halliehurst Farm”, the physical plant of Davis & Elkins has expanded to include 22 major buildings on a 170-acre campus.
Davis & Elkins College is accredited by the Commission on Institutions of Higher Learning of the North Central Association of Colleges and Schools. The Associate Degree Nursing Program is accredited by the National League for Nursing and also by the West Virginia Board of Examiners for Registered Professional Nurses.

The College is affiliated with the Association of Presbyterian Colleges & Universities, Appalachian College Association, Teacher Education Accreditation Council, International Assembly for College Business Education, National Association of Schools of Theatre and the Presbyterian Church (USA).

Davis & Elkins College is a coeducational liberal arts college which offers a personalized undergraduate education and features more than 30 baccalaureate and associate degree programs representing the arts and sciences and pre-professional and professional studies.

MOUNTAIN STATE UNIVERSITY
Beckley 25802-9003
Chairman of the Board of Trustees and Acting President: Dr. Jerry Ice.

Mountain State University was founded as Beckley College in 1933. Located in the heart of southern West Virginia, the private, not-for-profit institution began as a junior college in response to the community’s desire to provide accessible higher education to its youth. At a time when fewer than 10 percent of high school graduates nationally were attending college, Beckley College opened with 97 students and classrooms rented from a local church.

The past two decades have included the transition from a two-year to a four-year college, then to a master’s level institution and, in 2009, to the doctoral level. The campus has grown and degree programs have expanded to include high-demand professional and technology fields as well as the humanities, arts and sciences. The name Mountain State University was adopted in August 2001.

Mountain State University offers more than 60 associate, bachelor’s and graduate degrees as well as certificate programs, from accounting to wildlife management, forensic investigation to culinary arts, and leadership to diagnostic medical sonography.

Located in the heart of downtown Beckley, 50 miles south of the capital of Charleston, the main campus is in the middle of one of the nation’s top areas for outdoor recreation and adventure, with opportunities for climbing, biking, hiking, camping, whitewater rafting and skiing or snowboarding nearby.

AMERICAN PUBLIC UNIVERSITY SYSTEM

Charles Town 25414

President and Chief Executive Officer: Dr. Wallace E. Boston.

American Public University System (APUS), through its member universities American Military University and American Public University, provides relevant and affordable distance learning to more than 50,000 working adults worldwide. More than 100 degree and certificate programs are offered in disciplines such as education, technology, business administration, liberal arts, national security, military studies, intelligence, homeland security and criminal justice. APUS is one of the nation’s largest providers of higher education to the armed forces.

Originally founded as American Military University (AMU) in 1991 by a former Marine Corps officer and instructor, APUS focused on meeting the unique educational needs of the military — a very mobile population with extended, irregular schedules and limited financial resources. Over time, AMU expanded program offerings in response to demand by military students for post-military
career preparation. With these new programs, AMU extended its outreach to the greater public service community, primarily police, fire, emergency management personnel and national security professionals.

In 2002, the American Military University was reorganized into the current university system and began operating through two brands, AMU and American Public University (APU). The reorganization established an institutional brand – APU – that would appeal to nonmilitary markets, including public service professionals such as teachers. APUS offers 74 associate, bachelor’s and master’s degree programs.

Nearly 200 full-time and more than 600 adjunct faculty members combine relevant theory with real-world experience to the subjects they teach. Many are executives in government, business and nonprofit organizations, including the United Nations, the State Department, the Department of Defense, the Department of Homeland Security, the Central Intelligence Agency, the National Security Agency and the Federal Emergency Management Agency.

APUS students — most of whom are working adults — study in all 50 states and more than 100 foreign countries. Students are working full-time in a variety of public and private sector positions. About 70 percent are pursuing undergraduate degrees and about 25 percent are pursuing master’s degrees. The median age of an APUS student is 31. Graduates are working in a variety of fields including intelligence, security management, military management, government agencies, contractors and elsewhere.

APUS’s courses and programs are delivered online. Classes start monthly, and courses are offered in eight- or 16-week sessions.

National Energy Technology Laboratory
3610 Collins Ferry Road, P. O. Box 880
Morgantown 26507-0880
Website: www.netl.doe.gov/index.html

The National Energy Technology Laboratory is the lead laboratory for the United States Department of Energy’s Office of Fossil Energy. The facility is a science, technology and energy laboratory owned and operated by the Department of Energy. As part of the department’s national laboratory system, this laboratory supports the agency’s mission to advance the national, economic and energy security of the United States.

Using unique capabilities in energy system dynamics, geological and environmental systems, computational and basic sciences, and materials science, the laboratory conducts cutting-edge research
and technology development on-site. Extensive technology- and project-management capabilities are applied to shape, fund and manage research in 47 states and more than 40 foreign countries. Its portfolio of onsite and contracted research includes more than 1,400 projects; nearly one-half are carried out by private sector organizations. This emphasis on the private sector is essential to its mission. The laboratory’s ultimate success comes when the advanced technologies emerging from the laboratory’s research activities are commercialized in the private sector.

The National Energy Technology Laboratory has sites in Morgantown, West Virginia; Pittsburgh, Pennsylvania; Sugar Land, Texas; Albany, Oregon; and Fairbanks, Alaska. In total, these sites include 81 buildings and 14 major research facilities on nearly 200 acres. More than 1,100 employees work at the five sites; roughly half are federal employees and half are site support contractors.

Established in 1944, Harpers Ferry National Historical Park is located at the confluence of the Potomac and Shenandoah rivers in the states of West Virginia, Virginia and Maryland. George Washington, Thomas Jefferson, Meriwether Lewis, John Brown, “Stonewall” Jackson and Frederick Douglass are just a few of the prominent individuals who left their mark on this place.

The story of Harpers Ferry is more than one event, one date or one individual. It involves a diverse number of people and events that influenced the course of our nation’s history. Harpers Ferry witnessed the first successful application of interchangeable manufacture, the arrival of the first successful American railroad, John Brown’s attack on slavery, the largest surrender of Federal troops during the Civil War and the education of former slaves in one of the earliest integrated schools in the United States.

The Gauley River National Recreation Area includes 25 miles of the Gauley River and five miles of its tributary, the Meadow River.

Established in 1988 for its recreational opportunities, Gauley River National Recreation Area offers picnicking, primitive camping, hunting, fishing and whitewater boating. Immediately adjacent to the recreation area is Summersville Dam, which regulates the flow of the Gauley River, creating an outstanding fall whitewater season. The Gauley River is considered to be among the best white-water rivers in the world by expert kayakers, canoeists and rafters. The only public launch site is at the Tailwaters area of Summersville Dam. The neighboring Carnifex Ferry Battlefield State Park offers scenic overlooks and a rim-to-river hiking trail.

Bluestone National Scenic River
Website: www.nps.gov/blue

The Bluestone National Scenic River is a 10.5-mile section of the Bluestone River, between Pipestem Resort State Park and Bluestone State Park, in southern West Virginia. Created in 1988 under the Wild and Scenic Rivers Act, this free-flowing river is best reached from the neighboring state parks. The river and its gorge support an abundance of aquatic life, a variety of birds and mammals and a diverse mix of forest types. The resources, size and location of the scenic river make it attractive for daytime visits. It is not open for camping. Hunting is permitted in the state-operated Wildlife Management Area of Bluestone National Scenic River. The Bluestone River is a warm-water fishery for catfish and smallmouth bass. Occasionally water levels are suitable for canoeing or kayaking.

The National Radio Astronomy Observatory was founded in 1956 in Green Bank, West Virginia. The Green Bank site was originally chosen because of its sheltered, valley location and its distance from large population centers. The natural mountain bowl surrounding Green Bank helps protect it from man-made radio interference, which is harmful to sensitive radio astronomy observations. In addition, Green Bank is in the center of a 13,000-square-mile area known as the National Radio Quiet Zone. This area, created by federal regulations, is protected from harmful radio frequency interference broadcasts.

Randolph County was formed from the county of Harrison in 1787 and included all of the present county of Tucker, all of Barbour County east of the river, all of Upshur County east of Buckhannon River and a considerable portion of Pocahontas and Webster counties. It lost terri-

After all of these losses Randolph still is the largest county in the state. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The first white man who settled in what is now West Virginia built his home on the waters of the Monongahela. In this county occurred the first Indian massacre in the state. RITCHIE
The government offices for Ritchie County are located in Harrisville. The first settler in the vicinity of Harrisville was Lawrence Maley who arrived there in 1801. The area was originally known then as "Maley's Settlement". The town was platted in 1822 and chartered by the State of Virginia as Harrisville, and named for Thomas Harris. The first post office was established on July 25, 1833, and was called Solus because a Harrisville post office already existed in the State of Virginia. The name was changed June 1, 1847, to Ritchie Court House, Virginia. It was changed again February 14, 1870, to Harrisville, West Virginia. Then on May 11, 1874, it was changed back to Ritchie Court House. The final change was made on August 19, 1895, to Harrisville, in honor of General Thomas M. Harris. General Harris was the nephew of Thomas Harris for whom the town was originally named. General Harris was also one of the commissioners in the military trial of those accused of plotting the assassination of President Abraham Lincoln.

Ritchie County was formed in 1843 from parts of Wood, Harrison and Lewis counties. In the 1860s a small portion of what was Gilmer County was added to Ritchie County.

Ritchie County was named in honor of Thomas Ritchie, a distinguished early American journalist. Ritchie was the founder and editor of the Richmond Enquirer in 1804. The paper, under his leadership, became one of the leading newspapers in the country. As editor of the newspaper he championed the cause for the western counties of Virginia. Ritchie’s uncle was Judge Spencer Roane, whom Roane County was named after.

There are numerous attractions in the county including the North Bend State Park and Lake and the North Bend Rail Trail. This trail has numerous bridges and tunnels and is part of the 5,500-mile coast-to-coast American Discovery Trail. Also, State Route 47 is designated as part of a National Scene Byway as it closely follows the original route of the historic Staunton-Parkersburg Turnpike.

Benwood—Marshall County
Zip Code 26031
(Magisterial District: Union).

In the course of time, early settlers began to occupy the vast, fertile lands along the mighty Ohio River. Small towns began to form. There were no settlers in this part of the valley prior to the coming of the Ebenezer Zane family in 1769.

Sometime in 1771, Captain William McMechen and his wife, Sidney Johnson McMechen, came and settled upon a vast tract of land along the Ohio River where Benwood and McMechen now stand. It was due to their son, Benjamin, for whom the town is named. Benjamin inherited several hundred acres of his father’s estate and it was upon this land “Ben’s Woods” that he built his homestead and farm.

Reference books indicate that this land was once occupied by Shawnee and Delaware Tribes and the Mingo branch of the Iroquois Indians.

Throughout the beginning of the industrial boom, many manufacturing companies and rail services began to spring up at an alarming rate. The beginning of midwestern railroad development reached Benwood in 1852 when the Baltimore and Ohio Railroad finally decided to bridge the Ohio at Benwood. Shortly after 1882, Benwood began to experience a remarkable change. Industrial development had brought in the largest steel mills. Thousands of workers and their families came to live within this great industrial town of its time.

The house has been restored by the Ceredo Historical Landmarks Commission and has become a center of Civil War Era activities. Several other buildings of the Civil War period still exist in the town, some in excellent condition. An example is the former residence of Dr. J. T. Wharton, a Civil War surgeon and one of Ceredo’s first physicians, located on First Street East.

The town boasts one of the oldest official beautification commissions in the state. Partly due to the efforts of this commission, Ceredo was selected as the winner of the first Governor’s Award in 1979, as “Outstanding All-West Virginia City”, and has recently been honored as “Tree City U. Grant Town—Marion County
Zip Code 26574
(Magisterial District: Paw Paw).

The original settlers of the area that is now Grant Town were the McCoy, Ballah, Toothman and Hibbs families.

The town was established in 1901 by the Federal Coal and Coke Company, and was named Grant Town for Robert Grant who was at that time vice president of the coal company.

The town was incorporated on November 12, 1946, by an order of the Circuit Court. Carl Gedel was the first mayor and the members of the first town council were: Hobert Dodd, Fred Pitman, John Basile, Lawrence Clair, E. G. Dennison. The first recorder was Adam Savich.

The town’s city building was completed in 1949 and houses the mayor’s office and the water department offices. Construction of a large, modern building was completed in April, 1979, housing a fire department—consisting of three modern trucks, a new equipment truck and two emergency cars.

Construction was completed in May 1985 for a new, modern community building, located on Ballah Avenue, to be available for all community activities.

The town completed construction of a new City Park in May 1987, containing basketball and tennis courts, a jogging track, playground equipment, horseshoe pits and a picnic pavilion.

In October 1992, an 80 MW American Bituminous Project’s construction was completed on the edge of Grant Town. In March 1993, it completed commercial operation performance testing and entered commercial operations the following month. This project will gradually purge its site of over 20 million tons of bituminous coal waste, or gob, left by local coal mining operations. As the project consumes the gob, approximately 1,200 pounds per day of acidic coal refuse which used to be runoff will diminish until it is no longer discharged. After combustion, the gob is converted to a harmless ash which is returned to the abandoned underground mine or used as a building material.

Construction was complete in May of 1996 of improvements and enhancements to the Grant Town Water Distribution System which serves the Baxter-Grant Town area. Under a grant obtained from the Small Cities Block Grant Program, Grant Town obtained $450,000 which replaced a major portion of the main water line serving the communities of Grant Town and Baxter.

Pratt—Kanawha County

Zip Code 25162

(Magisterial District: District I).

Pratt’s recorded history dates to 1792 when John Jones, a Revolutionary War veteran, took out a patent for acreage that included the site of the present town. Many Indian relics have been unearthed in and around the town, indicating that in an earlier age Indians roamed the land bordering Paint Creek and the south bank of the Great Kanawha River.

In the 1840s, Dickinson Morris, grandson of Kanawha Valley pioneer William Morris, purchased the land from Jones. Morris later divided his property into lots and streets so a town could be established. He designated one lot to be used as a public square as long as it benefitted the townspeople. The property continues to be used for town activities which are held in Pratt’s historic Old Town Hall, built on the town square in 1875.

Originally called Clifton, then Dogo, the town adopted the surname of Charles K. Pratt at the turn of the century. Pratt’s New York company owned timber and mineral rights in the area and maintained offices in the town. On June 4, 1905, Pratt was incorporated.

Gracious old homes are scattered throughout the town, each contributing significantly to Pratt’s rich heritage. The town’s only church, Old Kanawha Baptist, celebrated the 200th anniversary of its founding in 1993. In the hillside cemetery, weathered stones mark graves that date as far back as 1835. Many of today’s residents can trace their ancestry to the town’s pre-Civil War settlers.

During the mine war of 1912-13, the little town was thrust into national prominence when Mary Harris Jones ("Mother" Jones), fiery labor organizer, was imprisoned in Pratt. Tents of the state militia sent to enforce martial law dotted the open fields near the boardinghouse where “Mother” Jones was kept. When the plight of the well-known agitator was telegraphed around the country, the United States Congress was forced to take action.

Focusing on the town’s role in the history of unionization, the Pratt Old Town Hall Association commissioned a play to be written about “Mother” Jones during her confinement in the town. The play is presented annually during the Pratt Fall Festival.

Because of its historic importance, a part of the town was designated a historic district in 1984 and placed on the National Register of Historic Places.

Incorporated in 1794. Originally named New Salem because the settlers who established the town came in a body from Salem, New Jersey, arriving in the spring of 1792.

The first civilized habitation on the land now occupied by the City of Salem was a hunter’s camp established in 1785 by Nicholas Carpenter, who used it for a hunting and trapping center. He also used it as a crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem International University, founded in 1888, and the Industrial Home for Youth, established in 1898. Glass has been a major industry. It is the birthplace of United States Senator Jennings Randolph and writer Granville Davison Hall, author of Daughter of the Elm, The Rending of Virginia, and many other historical books.

Wheeling—Ohio and Marshall Counties
Zip Code 26003
(Magisterial Districts: Washington-Clay-Union-Madison, Center-Webster-Ritchie).

County seat. Settled in 1769 by Ebenezer Zane and followers. Name derived from Indian word, “Wheeling”, which name was used for years prior to the Zane settlement to designate the creek which bisects the city. In 1783 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called “Fort Henry”. Here was fought, in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

Wheeling was the state’s capital until 1870 and again from 1875 to 1880 when the government was moved to Charleston.

THE AMERICAN FLAG

The Flag of the United States has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union, a star will be added to the union of the Flag and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, by Senate Joint Resolution No. 18, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today’s flag and emblazoned in proper colors is a Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—“State of West Virginia”. The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, was adopted by the Legislature on September 26, 1863, and symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, “State of West Virginia”, together with the motto, “Montani Semper Liberi” (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state’s admission to the Union, in front of the rock are two hunters’ rifles upon which rests a Phrygian Cap, or “Cap of Liberty”.

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Dias Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

STATE SONGS

“THE WEST VIRGINIA HILLS”, “THIS IS MY WEST VIRGINIA” and “WEST VIRGINIA, MY HOME SWEET HOME” were designated as the official State Songs of West Virginia, each ranking equally with the others in official status, by House Concurrent Resolution No. 19, adopted by the Legislature on February 28, 1963.

OFFICIAL COLORS

OLD GOLD and BLUE were designated as Official State colors by Senate Concurrent Resolution No. 20, adopted by the Legislature on March 8, 1963.
STATE DAY

"West Virginia Day"

On January 1, 1863, President Abraham Lincoln approved the Statehood Bill for West Virginia on the condition that it would gradually abolish slavery. West Virginia was proclaimed a State on April 20, 1863, with the bill becoming effective sixty days later on June 20, 1863.

"West Virginia Day" became a legal holiday by Chapter 59, Acts of the Legislature, Regular Session, 1927. (Code 2-2-1)

STATE TREE

The Sugar Maple or ACER SACCHARUM, as it is known scientifically, was made West Virginia's official tree by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. It produces an excellent wood for furniture as well as maple syrup. A single tree is 70 to 120 feet high and produces two to three pounds of sugar when "sugared off"; has a five-lobed leaf and produces a small wing-shaped pod.

STATE BIRD

The Cardinal or RICHMONDENA CARDINALIS, as it is known scientifically, was made West Virginia's official bird by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. The male of the species is a rich scarlet with a mask and shading of black, while the young birds and females are a less brilliant color. The adult bird measures approximately eight inches long. It can be found from New York State to the Gulf of Mexico and as far west as Oklahoma.

STATE FLOWER

The RHODODENDRON MAXIMUM or "Big Laurel" was made the official State Flower of West Virginia by House Joint Resolution No. 19, adopted by the Legislature on January 29, 1903, following a recommendation by the Governor and a vote by the pupils of public schools. It is a shrub of the heath family and may be recognized by its large evergreen leaves and delicate pale pink or white bloom, mottled with either red or yellow flecks.

STATE ANIMAL

The BLACK BEAR or URSUS AMERICANUS was selected as the official State Animal of West Virginia by a poll of students, teachers and sportsmen conducted by the Department of Natural Resources in 1954-55 and officially adopted by the Legislature, Regular Session, 1973, by House Concurrent Resolution No. 6. It is the only species of bear found in the State. While commonly referred to as the "black bear" its coloring is actually deeply tinted with brown. Its habitat in the State is primarily in the eastern mountain region. A litter usually consists of one or two cubs, rarely three, each weighing about eight ounces at birth. The adult reaches an average maximum weight of 250 pounds.

STATE FISH

The BROOK TROUT was designated the State Fish by House Concurrent Resolution No. 6, adopted during the Regular Session, 1973, following a poll of sportsmen who favored the Brook Trout. The Brook Trout is a native West Virginia species.

STATE FRUIT

The GOLDEN DELICIOUS APPLE was designated as the official State Fruit by Senate Concurrent Resolution No. 7, adopted by the Legislature on February 20, 1995. This apple variety was discovered by Anderson Mullins in Clay County, West Virginia, in 1905. The plain apple had been previously designated as the official State Fruit by House Concurrent Resolution No. 56, adopted March 7, 1972.
STATE BUTTERFLY

The MONARCH BUTTERFLY was declared the official butterfly of West Virginia by Senate Concurrent Resolution No. 11, adopted by the Legislature on March 1, 1995.

STATE SOIL

The official State Soil was declared to be MONONGAHELA SILT LOAM by Senate Concurrent Resolution No. 5, adopted by the Legislature on April 2, 1997.

STATE INSECT

The HONEY BEE was declared the official insect of West Virginia by Senate Concurrent Resolution No. 9, adopted by the Legislature on March 7, 2002.

Roughly a million acres of the National Forest System’s Monongahela National Forest System lands are in West Virginia, and lie within 400 miles of an estimated 96,000,000 people. An approximate 1.3 million visitors come to the Monongahela National Forest each year.

The national importance of the recreation resource of the Monongahela has been recognized through the designation of the Spruce Knob – Seneca Rocks National Recreation Area, the first such area in the Forest Service, National Scenic Byway status for the Highland Scenic Highway, and eight Wilderness Areas.

The Monongahela National Forest was established in 1920. Located in the north central highlands of West Virginia, the Monongahela straddles the highest ridges in the State. Elevation ranges from just under 1000’ to 4863’ above sea level. Variations in terrain and precipitation have created one of the most ecologically diverse national forests in the country.
Forest Caves have been closed in an effort to prevent spread of deadly disease affecting thousands of bats in the northeast. See Order No. 21-104.

The George Washington and Jefferson National Forests stretch along the ruggedly beautiful Appalachian Mountains, extending from one end of Virginia to the other and even crossing into parts of West Virginia and Kentucky. Whether you are driving a back-country road, enjoying glorious fall colors, using binoculars to spot colorful neo-tropical birds, or savoring the peacefulness of wilderness, remember that national forests are special places.

The George Washington National Forest in west central Virginia and the Jefferson National Forest in southwest Virginia were administratively combined in 1995 to form the George Washington and Jefferson National Forests. The two national forests contain nearly 1.8 million acres; one of the largest blocks of public land in the eastern United States. The forests include 1,664,110 acres in Virginia, 123,629 acres in West Virginia, and 961 acres in Kentucky. The forest headquarters is the Forest Supervisor’s Office in Roanoke, Virginia. The forests include the Mount Rogers National Recreation Area and seven Ranger Districts.

The forests are primarily Appalachian hardwood and mixed pine-hardwood forest types located within the Blue Ridge, Central Ridge and Valley, Allegheny, and Cumberland Plateau provinces. The forests are home to:

- 40 species of trees,
- 2,000 species of shrubs and herbaceous plants,
- 78 species of amphibians and reptiles,
- 200 species of birds,
- 60 species of mammals,
- 2,340 miles of perennial streams,
- 100 species of freshwater fishes and mussels,
- 53 federally-listed Threatened or Endangered animal and plant species.

The forests are managed for multiple uses and provide many products and benefits. Developed recreation opportunities are offered at over 200 sites on the forests (including campgrounds, picnic areas and boat launches), along with nearly 2,200 miles of trails, and 1,700 miles of open roads. Elevations range from 5,729 feet at Mount Rogers to 515 feet along the South Fork of the Shenandoah River. Highlights include:

- 325 miles of the Appalachian National Scenic Trail,
- 12 National Recreation Trails totaling 143 miles,
- the 140,000-acre Mount Rogers National Recreation Area,
- 3 National Scenic Areas,
- 3 National Forest Scenic Byways,
- nearly 3 million annual recreation visits,
- 23 Wildernesses,
- 700,000 acres of lands actively managed for the production of timber and wood products,

DEPARTMENT OF REVENUE
COLLECTION OF REVENUE by MAJOR SOURCE

PERSONAL INCOME TAX

The West Virginia Personal Income Tax Act (West Virginia Code, Chapter 11, Article 21) was first enacted by the 1961 Regular Session of the Legislature on February 10, 1961, and signed by the Governor on February 14, 1961.

Description of the Tax: The West Virginia Income Tax Act imposes a personal income tax on the taxable income of all residents, and resident estates and trusts, irrespective of income derived from West Virginia source. Corporations and partnerships are not subject to the West Virginia Personal Income Tax Act. However, the pass-through income of partnerships, small business corporations and limited liability companies to individuals is subject to tax. A trust or other unincorporated organization which by reason of its activities is exempt from Federal Income Tax is also exempt from West Virginia Personal Income Tax.

The West Virginia Income Tax is tied closely to the Federal Personal Income Tax with conformity legislation enacted annually to match changes in Federal Code. The calculation of the West Virginia personal income tax begins with federal adjusted gross income as reported on the federal income tax return.
West Virginia adjusted gross income is determined by application of various State modifications increasing or decreasing federal adjusted gross income. Modifications include, among others, decreasing adjustments for interest from U.S. savings bonds and an $8,000 income exclusion for those age 65 and older. Individuals with federal adjusted gross income below $10,000 ($5,000 for married filing separate taxpayers) may exclude up to 100% of earned income from tax.

West Virginia taxable income is determined by subtraction of a value related to personal exemption allowances from West Virginia adjusted gross income. Taxpayers are generally allowed a $2,000 personal exemption for each personal exemption claimed for federal income tax purposes. The exemption for an estate or trust is $600. Persons claimed as dependents on another’s return are allowed a $500 exemption.

Personal Income Tax rates are graduated from 3.0% to 6.5%. Two rate schedules are provided: one for joint returns, individuals, heads of household, estate and trusts, and one for married taxpayers filing separate returns. Taxpayers with income at or below 100% of the annual federal poverty income guideline based upon household size are exempt from payment of State personal income tax through a family tax credit program.

Current personal income tax rates are as follows:

- 3.0% on the first $10,000 ($5,000 for married separate MFS) of taxable income
- 4.0% on taxable income between $10,000 and $25,000 ($5,000-$12,500 MFS)
- 4.5% on taxable income between $25,000 and $40,000 ($12,500-$20,000 MFS)
- 6.0% on taxable income between $40,000 and $60,000 ($20,000-$30,000 MFS)
- 6.5% on taxable income in excess of $60,000 ($30,000 MFS)

### CONSUMERS SALES AND SERVICE AND USE TAX

The Consumer Sales and Service and Use Tax, Chapter 11, Articles 15, 15A and 15B, West Virginia Code of 1931, as amended, is a general sales tax that applies to all sales and leases of tangible personal property and the furnishing of certain services consummated within West Virginia for use, consumption or any other purpose. Services rendered by an employee to his employer, services furnished by public service businesses and professional or personal services are exempt. Most rentals, excluding those of real estate, are taxable as though they were sales. The measure of the tax is based upon the total sales price of all articles and services purchased during a particular transaction with the rate of tax being derived from rounding methodology. For sales of food and food ingredients intended for human consumption (exclusive of prepared food, food sold in a heated state, or food sold with eating utensils) the value of the sale is multiplied by one percent between July 1, 2012 and June 30, 2013. On or after July 1, 2013, the sale of food and food ingredients is anticipated to be fully exempt from sales tax. For all other sales, the six-percent tax rate is multiplied by price and rounded to the nearest cent based upon the third place decimal value. Third place decimal values of five or more are rounded up, and values equal to four or less are rounded down. No tax applies to sales of eight cents or less.

Local municipal governments may generally levy an additional one percent local sales tax on the same tax base as the State sales tax in lieu of a local municipal occupation tax. The local tax is collected by the State Tax Commissioner along with the State tax. Three municipal governments, Huntington, Rupert and Williamstown, currently impose a local sales tax.

The law provides that the vendor shall collect the tax due from the purchaser at the time of sale and that the purchaser shall pay such tax unless the purchaser presents to the vendor a properly executed certificate of exemption or a direct pay permit number. Consumer Sales and Service and Use Tax are to be paid by ultimate consumers, sellers collect the tax and remit their collections to the Tax Department.
There are a number of exemptions from the Consumer Sales and Service and Use Tax. Major exemptions include:

- Sales for resale;
- Sales of prescription drugs;
- Sales of motor vehicles subject to the alternative 5% Motor Vehicle Sales Tax in Section 11-15-3c of the West Virginia Code;
- Sales of goods purchased with food stamps or WIC vouchers;
- Sales to governments;
- Sales to churches;
- Sales of goods and services directly used in the businesses of agriculture, manufacturing, natural resource production, transportation, transmission, communication, or public utility services; and,
- Sales of contracting services, professional services, personal services and services of businesses subject to regulation by the State Public Service Commission.

### CORPORATION NET INCOME TAX AND BUSINESS FRANCHISE TAX

West Virginia imposes two general business taxes, the Corporation Net Income Tax (Chapter 11, Article 24, West Virginia Code of 1931, as amended) and the Business Franchise Tax (Chapter 11, Article 23, West Virginia Code of 1931, as amended).

The Corporation Net Income Tax is generally imposed on the allocated and apportioned federal taxable income of corporations doing business within the State with various State specific adjustments. The tax rate is 7.0 percent in 2013 and 6.5 percent in 2014. Corporations engaged in unitary business activities are required to file a combined report of income and apportionment for their separate members.

The Business Franchise Tax is a tax levied on corporations and partnerships for the privilege of engaging in business in West Virginia. The measure of the tax is the greater of 0.20 percent of capital (net equity) apportioned to the State or $50. This tax is being phased-out over a couple years. The tax rate is 0.10 percent in 2014 and the tax is fully repealed beginning in 2015.

JUVENILE FACILITIES

WEST VIRGINIA INDUSTRIAL HOME FOR YOUTH
7 Industrial Boulevard, Industrial 26375
Superintendent: David Jones; Capacity: 170.

The West Virginia Industrial Home for Youth is located one mile west of Salem on old U.S. Route 50 at Industrial. It was established by an act of the Legislature on February 18, 1897, and formally opened May 5, 1899. It was built on a 61-acre tract. Eleven acres have since been returned to the city of Salem for use as a city park.

From Jones Cottage, the first building, the physical plant grew to include the following buildings: Silver Cottage (1914); Sutton Cottage (1928); Ava Standard Cottage (1942); New Jones Cottage (1961); and the Administration Building (1942).

In December 2000, a new 170-bed, state-of-the-art facility was opened on the grounds. This building comprises the latest technology in use today and provides for greater security, in-house medical services and treatment programs for all residents. This building also includes closed-circuit video for remote court hearings, legal procedures and other teleconferencing needs. In addition, there is also telemedicine video conferencing permitting consultation and diagnosis of residents without need to leave the facility. A separate vocational and technical center was built as part of the expansion project. The center increases the likelihood of meaningful trade skill education for the youths’ successful return to communities with valuable job skills. The facility also provides an aftercare program that follows youths back to their communities and coordinates care and support to assist youths to remain crime free. This endeavor represents a partnership with families, education, juvenile probation, community-care providers and churches to enhance the youths’ probability of success in becoming responsible citizens.
The West Virginia Industrial Home for Youth is a maximum security juvenile facility. The resident population consists of regular commitments, males ages ten to twenty-one and females ages twelve to twenty-one. Adjudicated juveniles are committed to the custody of the Division of Juvenile Services and the West Virginia Industrial Home for Youth is contacted for admission. Direct referrals are also made to the Kenneth “Honey” Rubenstein Juvenile Center or the Dr. Harriet B. Jones Treatment Center if those programs are more appropriate. The West Virginia Industrial Home for Youth maintains six distinct populations: Males and Females adjudicated delinquent and committed for a rehabilitation program; males and females who have been adjudicated as adult commitments and will remain until their eighteenth birthday, and males and females who are from the northern part of the state, have been adjudicated delinquent and are placed in the Division of Juvenile Services’ custody for a 60-day diagnostic evaluation.

The facility provides a Diagnostic Center for Juveniles pursuant to West Virginia Code 49-5-13(a). The Center houses pre-dispositional youth adjudicated delinquent and committed for not more than a sixty-day period. The Center provides the committing court with a complete psychological evaluation, educational evaluation, medical evaluation and social summary for each child. A Multi-Disciplinary Team meeting is held on each diagnostic resident prior to release. The Multi-Disciplinary Team’s recommendations are also forwarded to the committing court.

Treatment at the West Virginia Industrial Home for Youth focuses on a Cognitive Behavioral approach to changing the residents’ thinking, thus changing their behavior. Staff utilizes psychological evaluations and various assessments to determine each resident’s individual needs. Individual and group counseling are then implemented to assist the residents in meeting their goals. The Division of Juvenile Services contracts with PSIMED Corrections, Inc to provide master’s level clinicians to meet the more intensive therapeutic needs of the youth that we serve.

The facility also provides a Special Programs Unit for adjudicated youth who may suffer from severe mental disorders. It has been demonstrated this specific type of resident does not adjust well to the norms of the regular programming schedules of other more adaptable residents, nor are their more specialized needs able to be addressed when housed with the general population. This Center works closely with the Psychiatrist and all programming is designed to meet the needs of each specific Resident, in addition to learning how to live with such illnesses with a hopeful transition back into their communities upon release. This unit is staffed by a combination of master’s level clinicians, a contracted child-specific psychiatrist, and the Division of Juvenile Services treatment staff to help these specialized youth develop goals to help them successfully complete their sentence and transition either back into the general population of the facility or home to their communities.

The educational needs of the youths are met by the Office of Institutional Education, West Virginia Department of Education. The Education Department offers a traditional high school curriculum. Classes are offered in the core areas of Language Arts, Mathematics, Physical Education/Health, Science and Social Studies. Vocational classes are offered in the areas of Business Education, Technology Education and Quality Foods. In addition, students have the opportunity to earn national certification with ServeSafe through the Quality Foods program and Associated Builders and Contractors, Inc. through the Technology Education program. Students can earn a high school diploma through their home county. The General Education Diploma (GED) and American College Test (ACT) are offered to interested students.

The West Virginia Industrial Home for Youth is committed to a philosophy of helping youths learn appropriate conduct, develop respect for themselves and others, increase their self-esteem and discover positive alternatives for their lives.
KENNETH "HONEY" RUBENSTEIN JUVENILE CENTER
141 Forestry Camp Road, Davis 26260

Superintendent: Stephanie Bond; Capacity: 82.

The Kenneth "Honey" Rubenstein Juvenile Center (KHRJC) is located near Blackwater Falls State Park in Tucker County. The original Davis Center was authorized by an act of the Legislature in 1955. The much needed new facility was completed on October 2010 and has expanded capacity from 40 to 82 residents with a new state-of-the-art campus setting. The Kenneth "Honey" Rubenstein Juvenile Center is a minimum-security facility that houses youthful male offenders between the ages of fifteen and twenty-one who have been adjudicated delinquent by the various courts of record in the state. The period of confinement averages eight months, but can be longer if deemed advisable by the Center Superintendent.

It is the home of the Governor’s Adolescent Leadership Academy (GALA). The GALA program takes the positive concepts of military regimentation and leadership and combines them with a cognitive therapeutic approach assisting youth in decision-making, behavior management and other initiatives to promote positive productive citizenship. The core aspects focus on role modeling, teamwork, communication, responsibility, accountability and high expectations along with development of healthy relationships in an all-inclusive program. Community service is a key component of the Rubenstein Center, as our cadets volunteer thousands of hours a year throughout Tucker County. The Division of Juvenile Services contracts with PSIMED Corrections, Inc. to provide master’s level clinicians to meet the more intensive therapeutic needs of the youth that we serve.

The education component of the Kenneth "Honey" Rubenstein Juvenile Center is provided by the West Virginia Department of Education, Office of Institutional Education Programs. This is an administrative change as a result of action of the Legislature in the spring of 1988. This change has greatly increased the resources available to provide a thorough education program for Center residents. Cadets earn high school credits, prepare for the GED and receive training in vocational skills in welding, building construction and auto mechanics. While here, the cadets may receive their high school diploma and/or the GED, as well as state and national certifications in both vocational programs.

All residents are required to attend one-half day in academic school and one-half day in a vocational program. Class sizes are small, five to seven residents, and instruction in all areas is individualized to meet the needs of the learner. The academic program is designed and equipped to teach at all levels from basic remediation through post-high school. Vocational programs offered at the Kenneth "Honey" Rubenstein Juvenile Center include auto mechanics, welding, computer science and construction.

A full range of recreational activities is offered, including basketball, volleyball, weightlifting, swimming and softball. Recreational activities also utilize nearby state parks and the natural mountain beauty of the Monongahela National Forest. Non-denominational religious services are held each Sunday.

A resident’s stay depends upon developing responsibility for caring and concern for group members, as well as fulfilling his contract. Ultimately, a major goal is to enhance the young man’s capabilities for making socially accepted choices and decisions after his release into society.
DR. HARRIET B. JONES TREATMENT CENTER  
Industrial Boulevard, Industrial 26375

Director: Todd Hayes; Capacity: 38.

Dr. Harriet B. Jones (1856-1943) was the first licensed female physician in West Virginia. She was also one of the first women to serve in the West Virginia Legislature, House of Delegates. On October 28, 2010, the West Virginia Division of Juvenile Services (WVDJS) formally introduced their newest facility, the Dr. Harriet B. Jones Treatment Center (Jones Treatment Center). The Jones Treatment Center is WVDJS’s first correctional-based, sex-offender-specific treatment facility. Just as Dr. Harriet B. Jones changed the face of medicine for women in the state of West Virginia, this facility will set the highest standard for the treatment of juvenile sex offenders within the state.

The Dr. Harriet B. Jones Treatment Center is a 38-bed, maximum security, state-operated facility which houses post-dispositional male residents age 13-20 who have failed in another sexual offense treatment program and/or whose committing offense had several aggravating factors which required the resident’s treatment occur within a maximum security setting. Residents are referred from any county in West Virginia and they must be court adjudicated. It is understood that each resident will have individual treatment needs. As a result, the length of the program will be determined by the resident’s progress toward their individualized treatment plan.

The program is based on a cognitive-behavioral model of change. The Division of Juvenile Services offers the following treatment interventions: Sexual-Offender-Specific Group, Sexual Offender Process Group, Social Skills Group, Substance Abuse Group, Life Skills Group, Sexual Education Group, Relapse Prevention Group, Peer Support Group, Therapeutic Community Group, Positive Peer Culture, Work Skills Group, Remedial Writing/Reading Group, Individual Counseling, Crisis Support, Monthly Family Education Group, Family Therapy and Recreation Group. The facility is staffed by a combination of Division of Juvenile Services treatment staff and PSIMED Corrections, Inc. master’s level clinicians who provide all intensive sex-offender-specific treatment.

DONALD R. KUHN JUVENILE DIAGNOSTIC AND DETENTION CENTER  
One Lory Place, Julian 25529

Superintendent: Michael A. Hale; Capacity: 46.

Named in honor of a man with a dream of a better future for the children of Boone and surrounding counties, this facility opened in December 2003 and houses two distinct and separate coed programs: a 10-bed detention and a 36-bed diagnostic center. Residents of the detention program primarily come from the southernmost counties of Mingo, Logan, Lincoln, Boone and Kanawha. The diagnostic program serves youth from the entire state with an emphasis on youth from southern West Virginia.
VICKI V. DOUGLAS JUVENILE CENTER
900 Emmett Rousch Drive, Martinsburg 25401

Director: Stacy Rauer; Capacity: 24.

The Vicki V. Douglas Juvenile Center is a twenty-four bed, pre-adjudicatory detention center located in Martinsburg. The facility serves male residents ten to twenty-one years of age and female residents twelve to twenty-one years of age who have been charged with offenses which, if committed by an adult, could result in imprisonment and meet the criteria for detention under 49-5A-2 and 49-5A-3. Additionally, it should be demonstrated that they need held in maximum security pending the resolution of the court process. (reference should be made to Facilities Review Panel v Coe, 1992- and M.C.H. v Kinder, 1984 to understand criteria more fully.)

The Center first opened its doors in 1985 under the jurisdiction of the West Virginia Department of Health and Human Resources. In 1997, responsibility for operation of the facility was placed with the newly created Division of Juvenile Services of the Department of Military Affairs and Public Safety.

The Division of Juvenile Services provides for the general care and welfare of these youths. Reasonable educational opportunities are provided by the Office of Institutional Education. The Division of Juvenile Services additionally provides case management, counseling and a variety of programs designed to reduce recidivism and aid in the youths’ successful transition back into their respective communities. Another option available to the court is placement in the custody of the Department of Health and Human Resources for placement in a group home or residential treatment facility. These services include classes in anger control, coping skills and problem-solving. The Division’s staff works closely with the Department of Health and Human Resources, Juvenile Probation and community-care providers in formulating treatment plans designed to enhance the youths’ probability of success in becoming responsible citizens.

LORRIE YEAGER JR. JUVENILE CENTER
PO. Box 3362, Parkersburg 26103

Superintendent: Janet Haines; Capacity: 24.

The Lorrie Yeager Jr. Juvenile Center is located in Parkersburg and has capacity for twenty-four pre-adjudicatory youths. The facility serves male residents ten to twenty-one years of age and female residents twelve to twenty-one years of age who have been charged with offenses which, if committed by an adult, could result in imprisonment and meet the criteria for detention under 49-5A-2 and 49-5A-3. Additionally, it should be demonstrated that they need held in maximum security pending the resolution of the court process. (reference should be made to Facilities Review Panel v Coe, 1992- and M.C.H. v Kinder, 1984 to understand criteria more fully.)

The facility, built in 1971, was previously operated under the jurisdiction of the West Virginia Department of Health and Human Resources until the creation of the Division of Juvenile Services, Department of Military Affairs and Public Safety in 1997.

The Division of Juvenile Services provides for the general care and welfare of these youths. Reasonable educational opportunities are provided by the Office of Institutional Education. The Division of Juvenile Services additionally provides case management, counseling and a variety of programs designed to reduce
recidivism and aid in the youths’ successful transition back into their respective communities.
