

SB317 CC #2 3-9

90 Days

Canterbury 7892

Delegate Howell, from the committee of conference on matters of disagreement between the two houses, as to

**Eng. Senate Bill No. 317**, Authorizing three or more adjacent counties form multicounty trail network authority.

Submitted the following report, which was received:

Your committee of conference on the disagreeing votes of the two houses as to the amendment of the House to Engrossed Committee Substitute for Committee Substitute for Senate Bill 317 having met, after full and free conference, have agreed to recommend and do recommend to their respective houses, as follows:

That both houses recede from their respective positions as to the amendment of the Senate, striking out everything after the enacting clause, and agree to the same as follows:

**ARTICLE 17. MULTICOUNTY TRAIL NETWORK AUTHORITIES.**

**§20-17-1. Legislative findings.**

1           The West Virginia Legislature finds that outdoor recreation is an increasingly vital part of  
2 the state's economy and that outdoor recreation participants spend billions of dollars annually in  
3 the state and support a significant number of local jobs.

4           The Legislature further finds that well-managed areas for trail-oriented recreation in the  
5 state will increase outdoor recreational tourism, increasing revenue to the state and creating more  
6 jobs for West Virginia citizens.

7           The Legislature further finds that, with the cooperation of private landowners, there is an  
8 opportunity to provide citizens and recreational tourists with greater access to trail-oriented  
9 recreation by incorporating private property into recreational trail systems and areas throughout

10 West Virginia to provide significant economic and recreational benefits to communities in the  
11 state.

12 The Legislature further finds that, under an appropriate contractual and management  
13 scheme, well-managed trail systems may exist on private property without diminishing the  
14 landowner's interest, control, or profitability in the land and without increasing the landowner's  
15 exposure to liability.

16 The Legislature further finds that creating and empowering multicounty trail network  
17 authorities, that can work with the landowners, county officials, community leaders, state and  
18 federal government agencies, recreational user groups, and other interested parties to expand  
19 trail systems will greatly assist in improving and linking recreational trail systems.

20 The Legislature further finds that it is in the best interests of the state to encourage private  
21 landowners to make land available for public use, through multicounty trail network authorities,  
22 for recreational purposes by limiting landowner liability for injury to persons entering thereon, by  
23 limiting landowner liability for injury to the property of persons entering thereon, and by limiting  
24 landowner liability to persons who may be injured or otherwise damaged by the acts or omissions  
25 of persons entering thereon.

1 (a) For the purposes of this article, three or more contiguous counties may, upon approval  
2 of the county commission of each county desiring to participate, form a multicounty trail network  
3 authority. An authority established pursuant to this section is a public corporation and a joint  
4 development entity existing for the purpose of facilitating the development and operation of a  
5 system of recreational trails and areas throughout the participating counties. Such trails will be  
6 designated and made available for recreational purposes with significant portions of the trails  
7 system being located on private property throughout West Virginia, made available for use  
8 through lease, license, easement, or other appropriate legal form by a willing landowner.

9 (b) An adjacent county may join a multicounty trail network authority as a participating  
10 county upon approval of both the board of the authority and the county commission of the adjacent  
11 county wishing to become a participating county.

12 (c) Two or more existing authorities may merge and become a single authority  
13 encompassing the participating counties in each merging authority upon approval of the board of  
14 each authority. Upon merger of two or more authorities, the board of the newly created authority

15 will be composed of all board members serving on the board of each merging authority at the time  
16 the merger takes place. Thereafter, the authority will fill any vacancies and appoint board  
17 members as required by §20-17-4 of this code. The board of the newly created authority shall  
18 adopt appropriate procedures and bylaws to ensure that the newly created authority complies  
19 with all requirements of this article.

**§20-17-4. Board; quorum; executive director; expenses; application of state Freedom of Information Act.**

1 (a) The board is the governing body of an authority and the board shall exercise all the  
2 powers given the authority in this article. The county commission of each participating county  
3 shall appoint two members to the board, as follows:

4 (1) Each participating county shall appoint one member who represents and is associated  
5 with a corporation or individual landowner whose land is being used or is expected to be used in  
6 the future as part of the authority's recreational area. This member shall be appointed to a  
7 four-year term.

8 (2) Each participating county shall appoint one member who is an experienced instructor,  
9 guide, or participant in recreational activities in the county or an individual who represents and is  
10 associated with travel, tourism, economic development, land surveying, or relevant engineering  
11 efforts within the county. The initial appointment for this member shall be for a two-year term, but  
12 all subsequent appointments shall be for a four-year term.

13 (3) Any appointed member whose term has expired shall serve until his or her successor  
14 has been duly appointed and qualified. Any person appointed to fill a vacancy shall serve only for  
15 the unexpired term. Any appointed member is eligible for reappointment. Members of the board  
16 are not entitled to compensation for services performed as members but are entitled to  
17 reimbursement for all reasonable and necessary expenses actually incurred in the performance  
18 of their duties.

19 (b) Upon joining an existing authority as a participating county pursuant to §20-17-3 of this

20 code, the newly participating county shall appoint board members only for the length of the  
21 unexpired terms of the authority's board members serving at the time the county joins the  
22 authority. Thereafter, the county shall appoint board members according to the regular  
23 appointment procedure provided in subsection (a) of this section.

24 (c) The board shall meet quarterly, unless a special meeting is called by its chairman.  
25 During the first meeting of each fiscal year beginning in an odd-numbered year, or as soon as  
26 feasible thereafter, the board shall elect a chairman, secretary, and treasurer from among its own  
27 members to serve for two-year terms.

28 (d) A majority of the members of the board constitutes a quorum and a quorum shall be  
29 present for the board to conduct business.

30 (e) The board may prescribe, amend, and repeal bylaws and rules governing the use of  
31 the trail system, safety standards for participants, and the manner in which the business of the  
32 authority is conducted.

33 (f) The board shall review and approve an annual budget. The fiscal year for an authority  
34 begins on July 1 and ends on the 30th day of the following June.

35 (g) The board shall appoint an executive director to act as its chief executive officer, to  
36 serve at the will and pleasure of the board. The board, acting through its executive director, may  
37 employ any other personnel considered necessary and retain such temporary legal, engineering,  
38 financial, and other consultants or technicians as may be required for any special study or survey  
39 consistent with the provisions of this article. The executive director shall carry out plans to  
40 implement the provisions of this article and to exercise those powers enumerated in the bylaws.  
41 The executive director shall prepare an annual budget to be submitted to the board for its review  
42 and approval prior to the commencement of each fiscal year. The budget shall contain a detailed  
43 account of all planned and proposed revenue and expenditures for the authority for the upcoming  
44 fiscal year, including a detailed list of employees by title, salary, cost of projected benefits, and  
45 total compensation. Before August 15 of each year, the executive director shall provide to the

46 board and the county commission for each participating county a detailed list of actual  
47 expenditures and revenue, by account and recipient name, for the previous fiscal year and a copy  
48 of the approved budget for the current fiscal year.

49 (h) All costs incidental to the administration of the authority, including office expenses,  
50 personal services expenses, and current expenses, shall be paid in accordance with guidelines  
51 issued by the board from funds accruing to the authority.

52 (i) All expenses incurred by an authority in carrying out the provisions of this article shall  
53 be payable solely from funds that have accrued to the authority pursuant to this article. An  
54 authority may not incur liability or an obligation above the amount of funds that have accrued to  
55 the authority pursuant to this article.

56 (j) A multicounty trail network authority and the board is a “public body” for purposes of  
57 the West Virginia Freedom of Information Act, as provided in §29B-1-1 et seq. of this code.

**§20-17-5. Financial review and oversight.**

1 (a) An authority shall contract for and obtain an annual financial audit to be conducted by  
2 a private accounting firm in compliance with generally accepted government auditing standards.  
3 When complete, the audit shall be transmitted to the board, the president of the county  
4 commission of each participating county, and the Legislative Auditor. The cost of the audit shall  
5 be paid by the authority.

6 (b) If an authority receives any funds from the Legislature by appropriation or grant, the  
7 Legislative Auditor shall have the power and authority to examine the revenues, expenditures,  
8 and performance of the authority, and, for these purposes, shall have the power to inspect the  
9 properties, equipment, and facilities of the authority and to request, inspect, and obtain copies of  
10 any records of the authority. For each fiscal year in which the authority receives any funds from  
11 the Legislature by appropriation or grant, the executive director shall provide to the Legislative  
12 Auditor and Secretary of Revenue a detailed list of actual expenditures and revenue by account  
13 and recipient name for the previous fiscal year within 45 days of the close of that fiscal year.

2 necessary or appropriate to carry out the purposes of this article, including, but not limited to, the

18 legal services, represent the authority in court, negotiate contracts and other agreements on  
19 behalf of the authority, render advice to the authority on any matter relating to the authority,

42 (B) The establishment or increase of reserves to secure or to pay notes, or the interest on  
43 the notes, and all other costs or expenses of the authority incident to and necessary or convenient

69 (24) To develop, maintain, and operate or contract for the development, maintenance, and

71 (25) To enter into contracts with landowners and other persons holding an interest in the  
72 land being used for its recreational facilities to hold those landowners and other persons harmless  
73 with respect to any claim in tort growing out of the use of the land for recreational purposes or

76 landowner or any of his or her agents or employees;

77 (26) To assess and collect a reasonable fee from those persons who use the trails, parking

78 facilities, visitor centers, or other facilities which are part of the recreational area and to retain and  
79 utilize that revenue for any purposes consistent with this article: *Provided*, That such fee does not  
80 constitute a “charge” or a “fee” within the meaning and for the purposes of §19-25-5 of this code:  
81 *Provided, however*, That the authority may not charge a fee for any user to enter or go upon any

93 (31) To exercise such other and additional powers as may be necessary or appropriate to  
94 carry out the purposes of this article.

**§20-17-7. Requirements for trail users and prohibited acts; criminal penalties.**

1 (a) A person may not enter or remain upon a recreational area without a valid,  
2 nontransferable user permit issued by the appropriate authority and properly displayed, except  
3 properly identified landowners or leaseholders or their officers, employees, or agents while on the  
4 land that the person owns or leases for purposes related to the ownership or lease of the land.

5 (b) An authority may require recreational users to wear protective helmets or use safety  
6 equipment that the authority determines to be appropriate for the recreational activity in which the  
7 user is engaged.

8 (c) Each trail user operating a bicycle or mountain bicycle shall obey all traffic laws,

9 traffic-control devices, and signs within the recreational area, including those which restrict trails  
10 to certain types of bicycles or mountain bicycles.

11 (d) Each trail user shall at all times remain within and on a designated and marked trail  
12 while within the recreational area.

13 (e) A person may not ignite or maintain any fire within the recreational area except in a  
14 designated camp site.

15 (f) A person may not operate a motor vehicle within the recreational area unless the person  
16 is authorized to operate a motor vehicle in the area to perform maintenance services or  
17 emergency response.

18 (g) A person who violates any provision of this section is guilty of a misdemeanor and,  
19 upon conviction, shall be fined not more than \$100. Prosecution or conviction for the  
20 misdemeanor described in this subsection shall not prevent or disqualify any other civil or criminal  
21 remedies for the conduct prohibited by this section.

**§20-17-8. Limiting liability.**

1 (a) An owner of land used by an authority owes no duty of care to keep his or her land  
2 safe for entry or use by others for recreational purposes, or to give any warning of a dangerous  
3 or hazardous condition, use, structure, activity, or wild animal on such land to persons entering  
4 or going upon the land for such purposes. The provisions of this section apply regardless of  
5 whether the person entering or going upon the leased land is permitted to enter the land or is a  
6 trespasser.

7 (b) Unless otherwise agreed in writing, an owner of land who grants a lease, easement,  
8 or license of land to an authority for recreational purposes does not, by giving a lease, easement  
9 or license: (1) Extend any assurance to any person using the land that the land is safe for any  
10 purpose; (2) confer upon those persons the legal status of a party to whom a duty of care is owed;  
11 or (3) assume responsibility for or incur liability for any injury to person or property or death caused  
12 by an act or omission of a person who enters upon the leased land. The provisions of this section

13 apply whether the person entering or going upon the leased land is permitted to enter the land or  
14 is a trespasser.

15 (c) Nothing in this section limits in any way any liability which otherwise exists for  
16 deliberate, willful, or malicious infliction of injury to persons or property: *Provided*, That nothing  
17 herein limits in any way the obligation of a person entering upon or using the land of another for  
18 recreational purposes to exercise due care in his or her use of the land and in his or her activities  
19 thereon, so as to prevent the creation of hazards or the commission of waste by himself or herself.

**§20-17-9. Purchasing and bidding procedures; criminal penalties.**

1 (a) *Purchasing and bidding procedures; criminal penalties.* —

2 (1) Whenever an authority proposes to purchase or contract for commodities or services  
3 reasonably anticipated to equal or exceed \$25,000 in cost, the purchase or contract shall be  
4 based on competitive bidding. Where the purchase of particular commodities or services is  
5 reasonably anticipated to be less than \$25,000, the executive director may, on behalf of the  
6 authority, solicit bids or price quotes in any manner that the executive director deems appropriate  
7 and the authority shall obtain its commodities or services by the lowest bid. In lieu of seeking bids  
8 or quotes for commodities or services in this price range, the authority may purchase those  
9 commodities and services pursuant to state prequalification agreements as provided in §5A-3-10e  
10 of this code.

11 (2) Where the cost for the purchase of commodities or services is reasonably anticipated  
12 to exceed \$25,000, the executive director shall solicit sealed bids for such commodities or  
13 services: *Provided*, That the executive director may permit bids by electronic transmission to be  
14 accepted in lieu of sealed bids. Bids shall be solicited by public notice. The notice shall be  
15 published as a Class II legal advertisement in all participating counties in compliance with the  
16 provisions of §59-3-1 *et seq.* of this code and by such other means as the executive director  
17 deems appropriate. The notice shall state the general character of the work and general character  
18 of the materials to be furnished, the place where plans and specifications therefor may be

19 examined, and the time and place for receiving bids. After all bids are received, the authority shall  
20 enter into a written contract with the lowest responsible bidder; however, the authority may reject  
21 any or all bids that fail to meet the specifications required by the authority or that exceed the  
22 authority's budget estimation for those commodities or services. If the executive director  
23 determines in writing that there is only one responsive and responsible bidder and that there has  
24 been sufficient public notice to attract competitive bids, he or she may negotiate the price for a  
25 noncompetitive award or the specifications for a noncompetitive award based solely on the  
26 original purpose of the solicitation.

27 (3) For any contract that exceeds \$25,000 in total cost, the authority shall require the  
28 vendors to post a bond, with form and surety to be approved by the authority, in an amount equal  
29 to at least 50 percent of the contract price conditioned upon faithful performance and completion  
30 of the contract.

31 (4) The bidding requirements specified in this section do not apply to any leases for real  
32 property upon which the authority makes improvements for public access to the recreational area,  
33 information distribution, and welcome centers. This exemption does not apply to leases for offices,  
34 vehicle and heavy equipment storage, or administrative facilities.

35 (5) Any person who violates a provision of this subsection is guilty of a misdemeanor and,  
36 upon conviction, shall be confined in jail not less than 10 days nor more than one year, or fined  
37 not less than \$10 nor more than \$1,000, or both fined and confined.

38 (b) Conflicts of interest in contracts prohibited. —

39 An authority or any of its board members, officers, employees, or agents may not enter  
40 into any contracts, agreements, or arrangements for purchases of services or commodities  
41 violating the requirements of §6B-2-5 or §61-10-15 of this code.

42 (c) Civil remedies. —

43 The county commission of a participating county in an authority may challenge the validity  
44 of any contract or purchase entered, solicited, or proposed by the authority in violation of this

45 section by seeking declaratory or injunctive relief in the circuit court of the county of the  
46 challenging party. If the court finds by a preponderance of evidence that the provisions of those  
47 sections have been violated, the court may declare the contract or purchase to be void and may  
48 grant any injunctive relief necessary to correct the violations and protect the funds of the authority  
49 as a joint development entity.

**ARTICLE 17A. MOUNTAINEER TRAIL NETWORK RECREATION AUTHORITY.**

**§20-17A-1. Legislative findings; purpose.**

1 The Legislature further finds that, with the cooperation of private landowners, there is an  
2 opportunity to provide trail-oriented recreation facilities primarily on private property in the  
3 mountainous terrain of the Potomac Highlands and north central West Virginia and that the  
4 facilities will provide significant economic and recreational benefits to the state and to the  
5 communities in the Potomac Highlands and north central West Virginia through increased tourism  
6 in the same manner as whitewater rafting, snow skiing, and utility terrain motor vehicle riding  
7 benefit the state and communities surrounding those activities.

8 The Legislature further finds that the creation and empowering of a joint development  
9 entity to work with the landowners, county officials and community leaders, state and federal  
10 government agencies, recreational user groups, and other interested parties to enable and  
11 facilitate the implementation of the facilities will greatly assist in the realization of these potential  
12 benefits.
