CHAPTER 4

(S. B. 500 - By Senators Prezioso and Snyder)

[Passed March 10, 2012; in effect July 1, 2012.]
[Approved by the Governor on March 30, 2012.]

AN ACT to amend and reenact §5A-7-4a of the Code of West Virginia, 1931, as amended, relating to monthly statements of spending units; and allowing certain monthly statements to accumulate and be mailed in one statement.

Be it enacted by the Legislature of West Virginia:

That §5A-7-4a of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 7. INFORMATION SERVICES AND COMMUNICATIONS DIVISION.

§5A-7-4a. Payment of legitimate uncontested invoices for telecommunications services; procedures and powers of the Information and Communications Division and Secretary of Administration.

(a) The Legislature finds that it is in the best interest of the state, its spending units and those vendors supplying telecommunications services to the state and its spending units that any properly registered and qualified vendor supplying telecommunications services to two or more spending units under a shared account is entitled to prompt
payment upon presentation of a legitimate uncontested invoice for telecommunications services to the division, as provided in the following subsections.

(b) To facilitate the administration and payment of telecommunications services, there is continued in the State Treasury a special revenue account to be known as the Telecommunications Services Payment and Reserve Fund. All moneys transferred from state spending units pursuant to the requirements of this section shall be deposited in the account. Expenditures from the fund shall be made by the director for the exclusive purposes set forth in this section: Provided, That no more than $150,000 or the actual amount collected pursuant to subsection (j) of this section in any fiscal year, whichever is less, may be expended from the fund in any fiscal year to defray the costs of administration of this section.

(c) Upon receipt of any telecommunications charges from a properly registered and qualified vendor, the division shall conduct a preliminary review of the charges. If the division determines during this preliminary review that: (1) Any of the charges are not authorized by law or by the contract under which the telecommunications services are provided; (2) no specific spending unit is designated for any charge; or (3) any charge or service is not in accordance with contract pricing, the division shall reject those charges. Within fourteen days of receipt of any telecommunications charge, the director shall notify a vendor of any rejected charges and shall include in the notice a description of the rejected charges, the reasons a charge was rejected and a proposed resolution of the rejected charge. The director and the vendor shall attempt to resolve the matter in good faith. Within ninety days of the receipt of the vendor’s invoice or a time period mutually agreed to by the vendor and secretary, the secretary shall make the final decision as to the legitimacy of the rejected amount and determine if payment
is warranted. If the final decision of the secretary is to require payment of the rejected amount, the secretary shall cause the division to bill that amount to the appropriate spending unit which shall remit payment of the amount as required in subsection (d) of this section. If the final decision of the secretary is to refuse to pay any amount, the vendor may proceed in accordance with the provisions of article two, chapter fourteen of this code.

(d) Following the preliminary review of the charges, the director shall fully apportion all telecommunications charges not rejected during the preliminary review required by subsection (c) of this section among spending units based on the spending unit’s service and usage, as determined by the director. The director shall send each spending unit a statement of the spending unit’s proportionate share of any telecommunications charges within thirty days of receipt by the division of the invoice detailing the telecommunications charges. Monthly statements for a spending unit of less than $75 may be accumulated and sent to the spending unit on one statement near the end of the fiscal year. The director shall continue to pay any vendor invoices based upon the requirements of subsection (b) of this section. The statement is to provide a date of no more than thirty calendar days from the date the division sends the statement by which the spending unit shall submit payment or transfer to the telecommunications services payment and reserve fund all funds necessary to pay for the spending unit’s charges in full: Provided, That the statement sent in last month of the fiscal year shall provide that the transfer shall be made by July 31. If feasible for the spending unit, the preferable method of payment is by intergovernmental transfer.

(e) All spending units shall budget for telecommunications service expenses. Prior to the date provided in each statement sent to a spending unit pursuant to subsection (d) of this section, each spending unit shall pay or transfer the statement
amount to the Telecommunications Services Payment and Reserve Fund.

(f) If a spending unit fails to pay or transfer funds by the date specified in the statement sent pursuant to subsection (d) of this section, the Secretary of the Department of Administration shall transfer to the Telecommunications Services Payment and Reserve Fund the statement amount plus an additional penalty in the amount of three percent of the statement amount from any funds supporting the administration of that spending unit: Provided, That the secretary shall complete all such transfers by July 31 of each fiscal year. Upon exercising a transfer under the authority of this subsection, the director shall provide a notification to the spending unit, including, but not limited to, the date, time, total amount of the transfer, statement amount and penalty amount. If a participating spending unit does not maintain funds in the State Treasury, the secretary may transfer funds by wire from any depository outside the State Treasury. A participating spending unit maintaining funds in depositories outside the State Treasury shall furnish the secretary access to those funds for the exclusive purposes of this section.

(g) If a spending unit contests any portion of its statement, it shall nonetheless remit payment for the entire statement amount and notify the division in writing within thirty days of statement receipt by the spending unit. The secretary shall consider any contested apportionments of charges and provide a final determination on the apportionment of legitimate charges. Corrections or adjustments to apportionments may be effected on future transfer payments: Provided, That legitimate vendor charges are to be fully apportioned. If the basis of the contest is vendor error, overcharge, service failure, failure to terminate services as required by the division or other failure of or error in vendor performance, the director shall withhold the contested amount from current or future vendor payments,
pending resolution by the secretary, and the director shall bring the contested matter to the attention of the vendor. The director and the vendor shall attempt to resolve the matter in good faith. Within ninety days of the receipt of the vendor’s invoice or a time period mutually agreed to by the vendor and secretary, the secretary shall make the final decision as to the legitimacy of the contested amount and determine if payment is warranted. If the final decision of the secretary is to refuse to pay any amount, the vendor may proceed in accordance with the provisions of article two, chapter fourteen of this code.

(h) The director shall provide for full payment of legitimate, uncontested telecommunications charges within ninety days of receipt of an invoice detailing the telecommunications charges by the division. Payment for the charges shall be made by the director from the Telecommunications Services Payment and Reserve Fund.

(i) The director may direct the discontinuance of telecommunications services to any spending unit that fails to comply with the provisions of this section and the vendor supplying telecommunication services shall comply with the written direction of the director on discontinuance of services.

(j) To help defray the additional cost of administering this section, the director may assess a proportional fee of up to $150,000 in aggregate per fiscal year to the participating spending units based on each spending unit’s portion of service and usage. This fee is to be included in the statement sent to spending units pursuant to subsection (d) of this section and transferred to the Telecommunications Service Payment and Reserve Fund by the date specified in the statement for the transfer of payment.
(k) Notwithstanding any other provision of this code to the contrary, for purposes of this section, an invoice is considered received by the division on the date on which the invoice is marked as received by the division, or three business days after the date of the postmark made by the United States Postal Service as evidenced on the envelope in which the invoice is mailed, whichever is earlier: Provided, That if an invoice is received by the division prior to the date on which the telecommunications services covered by the invoice are delivered or fully performed, for purposes of determining the ninety-day time period for payment in subsection (h) of this section, the invoice is considered received on the date on which the telecommunications services covered by the invoice were delivered or fully performed.

(l) For purposes of this section, “telecommunications service” means and includes not only telephone service regulated under chapter twenty-four of this code or under federal law, but also may include, at the discretion of the Secretary of Administration, wireless service, voice over Internet protocol service, Internet service and any other service or equipment used for the electronic transmission of voice or data: Provided, That the service is provided under a statewide contract.

(m) The director may propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to effectuate the purposes of this section.

The purpose of this supplemental appropriation bill is to supplement, amend, decrease and increase items of appropriation in the aforesaid accounts for the designated spending units for expenditure during the fiscal year ending June 30, 2012.
AN ACT making appropriations of public money out of the Treasury in accordance with section fifty-one, article VI of the Constitution.

Be it enacted by the Legislature of West Virginia:

TITLE I — GENERAL PROVISIONS.

Section 1. General policy. — The purpose of this bill is to appropriate money necessary for the economical and efficient discharge of the duties and responsibilities of the state and its agencies during the fiscal year 2013.

Sec. 2. Definitions. — For the purpose of this bill:

“Governor” shall mean the Governor of the State of West Virginia.

“Code” shall mean the Code of West Virginia, one thousand nine hundred thirty-one, as amended.

“Spending unit” shall mean the department, bureau, division, office, board, commission, agency or institution to which an appropriation is made.

The “fiscal year 2013” shall mean the period from July 1, 2012, through June 30, 2013.
“General revenue fund” shall mean the general operating fund of the state and includes all moneys received or collected by the state except as provided in W.Va. Code §12-2-2 or as otherwise provided.

“Special revenue funds” shall mean specific revenue sources which by legislative enactments are not required to be accounted for as general revenue, including federal funds.

“From collections” shall mean that part of the total appropriation which must be collected by the spending unit to be available for expenditure. If the authorized amount of collections is not collected, the total appropriation for the spending unit shall be reduced automatically by the amount of the deficiency in the collections. If the amount collected exceeds the amount designated “from collections”, the excess shall be set aside in a special surplus fund and may be expended for the purpose of the spending unit as provided by Article 2, Chapter 11B of the Code.

Sec. 3. Classification of appropriations. — An appropriation for:

“Personal services” shall mean salaries, wages and other compensation paid to full-time, part-time and temporary employees of the spending unit but shall not include fees or contractual payments paid to consultants or to independent contractors engaged by the spending unit.

Unless otherwise specified, appropriations for “personal services” shall include salaries of heads of spending units.

“Annual increment” shall mean funds appropriated for “eligible employees” and shall be disbursed only in accordance with Article 5, Chapter 5 of the Code.

“Employee benefits” shall mean social security matching, workers’ compensation, unemployment compensation, pension and
retirement contributions, public employees insurance matching, personnel fees or any other benefit normally paid by the employer as a direct cost of employment. Should the appropriation be insufficient to cover such costs, the remainder of such cost shall be transferred by each spending unit from its “personal services” line item or its “unclassified” or “current expenses” line item or other appropriate line item to its “employee benefits” line item. If there is no appropriation for “employee benefits”, such costs shall be paid by each spending unit from its “personal services” line item, its “unclassified” line item, or its “current expenses” line item or other appropriate line item. Each spending unit is hereby authorized and required to make such payments in accordance with the provisions of Article 2, Chapter 11B of the Code.

Each spending unit shall be responsible for all contributions, payments or other costs related to coverage and claims of its employees for unemployment compensation and workers compensation. Such expenditures shall be considered an employee benefit.

“BRIM Premiums” shall mean the amount charged as consideration for insurance protection and includes the present value of projected losses and administrative expenses. Premiums are assessed for coverages, as defined in the applicable policies, for claims arising from, inter alia, general liability, wrongful acts, property, professional liability and automobile exposures.

Should the appropriation for “BRIM Premium” be insufficient to cover such cost, the remainder of such costs shall be transferred by each spending unit from its “personal services” line item, its “employee benefits” line item, its “unclassified” line item, its “current expenses” line item or any other appropriate line item to “BRIM Premium” for payment to the Board of Risk and Insurance Management. Each spending unit is hereby authorized and required to make such payments.

“Current expenses” shall mean operating costs other than personal services and shall not include equipment, repairs and alterations, buildings or lands.
Each spending unit shall be responsible for and charged monthly for all postage meter service and shall reimburse the appropriate revolving fund monthly for all such amounts. Such expenditures shall be considered a current expense.

“Equipment” shall mean equipment items which have an appreciable and calculable period of usefulness in excess of one year.

“Repairs and alterations” shall mean routine maintenance and repairs to structures and minor improvements to property which do not increase the capital assets.

“Buildings” shall include new construction and major alteration of existing structures and the improvement of lands and shall include shelter, support, storage, protection or the improvement of a natural condition.

“Lands” shall mean the purchase of real property or interest in real property.

“Capital outlay” shall mean and include buildings, lands or buildings and lands, with such category or item of appropriation to remain in effect as provided by W.Va. Code §12-3-12.

Appropriations classified in any of the above categories shall be expended only for the purposes as defined above and only for the spending units herein designated: Provided, That the secretary of each department shall have the authority to transfer within the department those general revenue funds appropriated to the various agencies of the department: Provided, however, That no more than five percent of the general revenue funds appropriated to any one
agency or board may be transferred to other agencies or boards within the department: and no funds may be transferred to a “personal services” line unless the source funds are also wholly from a “personal services” line, or unless the source funds are from another activity that has exclusively funded employment expenses (any of object codes 001 through 016, 160 and 163) for at least twelve consecutive months prior to the time of transfer and the position(s) supported by the transferred funds are also permanently transferred to the receiving agency or board within the department: 

*Provided further,* That the secretary of each department and the director, commissioner, executive secretary, superintendent, chairman or any other agency head not governed by a departmental secretary as established by Chapter 5F of the Code shall have the authority to transfer funds appropriated to “personal services”, “employee benefits”, “current expenses”, “repairs and alterations”, “equipment”, “other assets”, and “buildings” to other lines within the same account and no funds from other lines shall be transferred to the “personal services” or “unclassified” line: 

*And provided further,* That the secretary of each department and the director, commissioner, executive secretary, superintendent, chairman or any other agency head not governed by a departmental secretary as established by Chapter 5F of the Code shall have the authority to transfer general revenue funds appropriated to “annual increment” to other general revenue accounts within the same department, bureau or commission for the purpose of providing an annual increment in accordance with Article 5, Chapter 5 of the Code: 

*And provided further,* That no authority exists hereunder to transfer funds into line-items to which no funds are legislatively appropriated: 

*And provided further,* That if the Legislature by subsequent enactment consolidates agencies, boards or functions, the secretary or other appropriate agency head may transfer the funds formerly appropriated to such agency, board or function in order to implement such consolidation. No funds may be transferred from a Special Revenue Account, dedicated account, capital expenditure account or any other account or fund specifically exempted by the Legislature from transfer, except that the use of the appropriations from the State Road Fund for the office of the Secretary of the Department of
Transportation is not a use other than the purpose for which such funds were dedicated and is permitted.

Appropriations otherwise classified shall be expended only where the distribution of expenditures for different purposes cannot well be determined in advance or it is necessary or desirable to permit the spending unit the freedom to spend an appropriation for more than one of the above classifications.

Sec. 4. Method of expenditure. — Money appropriated by this bill, unless otherwise specifically directed, shall be appropriated and expended according to the provisions of Article 3, Chapter 12 of the Code or according to any law detailing a procedure specifically limiting that article.

Sec. 5. Maximum expenditures. — No authority or requirement of law shall be interpreted as requiring or permitting an expenditure in excess of the appropriations set out in this bill.

[Passed March 9, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 30, 2012.]

AN ACT to amend and reenact §46A-4-103 of the Code of West Virginia, 1931, as amended, relating to the authority of the Commissioner of Banking over regulated consumer lender licensees; authorizing the commissioner to impose a fine or penalty upon a licensee for violation of chapter forty-six-a or chapter thirty-one-a of this code or any other law or rule that the Division of Banking is authorized to enforce that is applicable to regulated consumer lenders; and providing for an administrative hearing to contest a fine or penalty.

Be it enacted by the Legislature of West Virginia:
That §46A-4-103 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

**ARTICLE 4. REGULATED CONSUMER LENDERS.**

**§46A-4-103. Revocation, suspension or forfeiture of license.**

(a) The commissioner may issue to a person licensed to make regulated consumer loans an order to show cause why his or her license should not be revoked or should not be suspended for a period not in excess of six months. The order shall state the place for a hearing and set a time for the hearing that is no less than ten days from the date of the order. After the hearing the commissioner shall revoke or suspend the license if he or she finds that:

1. The licensee has repeatedly and willfully violated this chapter or any rule or order lawfully made or issued pursuant to this article;

2. The licensee has failed to remit their required annual assessment, or to maintain their status as a business in good standing with the office of the Secretary of State, notwithstanding notification in writing by the commissioner sent by certified mail to the licensee’s last known address providing for thirty days to rectify such failure;

3. The licensee has forfeited their license by failing to remain open for regulated consumer lending business in conformity with the rules or order of the commissioner; or

4. Facts or conditions exist which would clearly have justified the commissioner in refusing to grant a license had these facts or conditions been known to exist at the time the application for the license was made.

(b) No revocation or suspension of a license under this article is lawful unless prior to institution of proceedings by
the commissioner notice is given to the licensee of the facts
or conduct which warrant the intended action, and the
licensee is given an opportunity to show compliance with all
lawful requirements for retention of the license.

(c) If the commissioner finds that probable cause for
revocation of a license exists and that enforcement of this
article requires immediate suspension of the license pending
investigation, he or she may, after a hearing upon five days’
written notice, enter an order suspending the license for not
more than thirty days.

(d) Nothing in this section limits the authority of the
commissioner to take action against a regulated consumer
lender pursuant to chapter thirty-one-a of this code.

(e) Whenever the commissioner revokes or suspends a
license, he or she shall enter an order to that effect and
forthwith notify the licensee of the revocation or suspension.
Within five days after the entry of the order he or she shall
mail by registered or certified mail or deliver to the licensee
a copy of the order and the findings supporting the order.

(f) Any person holding a license to make regulated
consumer loans may relinquish the license by notifying the
commissioner in writing of its relinquishment, but this
relinquishment shall not affect his or her liability for acts
previously committed.

(g) No revocation, suspension, forfeiture or
relinquishment of a license shall impair or affect the
obligation of any preexisting lawful contract between the
licensee and any consumer.

(h) The commissioner may reinstate a license, terminate
a suspension or grant a new license to a person whose license
has been revoked or suspended if no fact or condition then
exists which clearly would have justified the commissioner in refusing to grant a license.

(i) In addition to the authority authorized by this section, the commissioner may impose a fine or penalty not exceeding $2,000 upon any regulated consumer lender required to be licensed under this article who violates this chapter, chapter thirty-one-a or any other law or rule that the Division of Banking is authorized to enforce with respect to companies licensed under this article. For the purposes of this section, each day, excluding Sundays and holidays, that an unlicensed person engages in the business or holds himself or herself out to the general public as a licensed consumer lender is a separate violation and, as such, each day is subject to the maximum fine of $2,000 per day. Any fine or penalty imposed under this subsection may be contested by the licensee pursuant to article five, chapter twenty-nine-a of this code.

ARTICLE 15A. WEST VIRGINIA INFRASTRUCTURE AND JOBS DEVELOPMENT COUNCIL.

§31-15A-17b. Infrastructure lottery revenue bonds for watershed compliance projects.

(a)(1) The Chesapeake Bay has been identified as an impaired water body due to excessive nutrients entering the Bay from various sources in six states, including wastewater facilities in West Virginia. To restore the Chesapeake Bay, the states have agreed to reduce their respective nutrient contributions to the Chesapeake Bay.

(2) The Greenbrier River Watershed in southeastern West Virginia which encompasses approximately 1,646 square miles, the majority of which lies within Pocahontas, Greenbrier, Monroe and Summers counties, has been identified as an impaired water body due to excessive levels of fecal coliform and phosphorus entering the Watershed from various sources, including wastewater facilities in West Virginia. To restore the Greenbrier River Watershed, the state agrees to reduce the fecal coliform and phosphorus contributions to the Greenbrier River Watershed.

(b) Notwithstanding any other provision of this code to the contrary, the Water Development Authority may issue, in accordance with the provisions of section seventeen of this article, infrastructure lottery revenue bonds payable from the West Virginia infrastructure lottery revenue debt service fund created by section nine of this article and such other sources as may be legally pledged for such purposes other than the West Virginia infrastructure revenue debt service fund created by section seventeen of this article.
(c) The council shall direct the Water Development Authority to issue bonds in one or more series when it has approved Chesapeake Bay watershed compliance projects and Greenbrier River watershed compliance projects with an authorized permitted flow of four hundred thousand gallons per day or more. The proceeds of the bonds shall be used solely to pay costs of issuance, fund a debt service reserve account, capitalize interest, pay for security instruments necessary to market the bonds and to make grants to governmental instrumentalities of the state for the construction of approved Chesapeake Bay watershed compliance projects and Greenbrier River watershed compliance projects. To the extent funds are available in the West Virginia Infrastructure Lottery Revenue Debt Service Fund that are not needed for debt service, the council may direct the Water Development Authority to make grants to project sponsors for the design or construction of approved Chesapeake Bay watershed compliance projects and Greenbrier River watershed compliance projects: Provided, That the council shall direct the Water Development Authority to provide from monies in the Lottery Revenue Debt Service Fund not needed to pay debt service in fiscal year 2013 a grant of $6 million to a Chesapeake Bay watershed compliance project which opened bids on December 28, 2011 and further provided that such Chesapeake Bay watershed compliance project shall receive no further grant funding under this section after receipt of the $6 million grant.

(d) No later than June 30, 2012, each publicly owned facility with an authorized permitted flow of 400,000 gallons per day or more that is subject to meeting Chesapeake Bay compliance standards or Greenbrier River watershed compliance standards shall submit to the council a ten year projected capital funding plan for Chesapeake Bay watershed compliance projects or Greenbrier River watershed
compliance projects, as the case may be, including a general project description, cost estimate and estimated or actual project start date and project completion date, if any. The council shall timely review the submitted capital funding plans and forward approved plans to the Water Development Authority for further processing and implementation pursuant to this article. If the council finds a plan to be incomplete, inadequate or otherwise problematic, it shall return the plan to the applicant with comment on the plan shortcomings. The applicant may then resubmit to council an amended capital funding plan for further consideration pursuant to the terms of this subsection.

(e) Upon approval, each proposed Chesapeake Bay watershed compliance project or Greenbrier River watershed compliance project, or portion of a larger project, which portion is dedicated to compliance with nutrient standards, or fecal coliform and phosphorus standards, established for the protection and restoration of the Chesapeake Bay or the Greenbrier River Watershed, as the case may be, shall be eligible for grant funding by funds generated by the infrastructure lottery revenue bonds described in section (b) of this section. At the request of the applicant, the remaining percentage of project funding not otherwise funded by grant under the provisions of this article may be reviewed as a standard project funding application.

(f) No later than December 1, 2012, the Water Development Authority shall report to the Joint Committee on Government and Finance the total cost of Chesapeake Bay watershed compliance projects and the Greenbrier River watershed compliance projects and the proposed grant awards for each eligible project. Grant awards shall be of equal ratio among all applicants of the total cost of each eligible project.

(g) Eligible projects that have obtained project financing
prior to December 31, 2012, may apply to the council for
funding under the provisions of this section. These
applications shall be processed and considered as all other
eligible projects, and a grant funding awarded shall, to the
extent allowed by law, be dedicated to prepay all or a portion
of debt previously incurred by governmental instrumentalities
of the state for required Chesapeake Bay nutrient removal
projects or Greenbrier River watershed fecal coliform and
phosphorus removal projects, subject to the bond covenants
and contractual obligations of the borrowing governmental
entity. However, any private portion of funding provided by
agreement between a political subdivision and one or more

ARTICLE 2. STATE RESPONSIBILITIES FOR THE PROTECTION AND CARE OF CHILDREN.

§49-2-17. Subsidized adoption and legal guardianship.

1 (a) From funds appropriated to the Department of Health and Human Resources, the secretary shall establish a system of assistance for facilitating the adoption or legal guardianship of children. An adoption subsidy shall be available for children who are legally free for adoption and who are dependents of the department or a child welfare agency licensed to place children for adoption. A legal guardianship subsidy shall not require the surrender or termination of parental rights. For either subsidy, the children must be in special circumstances because one or more of the following conditions inhibit their adoption or legal guardianship placement:

13 (1) They have a physical or mental disability;
(2) They are emotionally disturbed;

(3) They are older children;

(4) They are a part of a sibling group; or

(5) They are a member of a racial or ethnic minority.

(b) The department shall provide assistance in the form of subsidies or other services to parents who are found and approved for adoption or legal guardianship of a child certified as eligible for subsidy by the department, but before the final decree of adoption or order of legal guardianship is entered, there must be a written agreement between the family entering into the subsidized adoption or legal guardianship and the department. Adoption or legal guardianship subsidies in individual cases may commence with the adoption or legal guardianship placement, and will vary with the needs of the child as well as the availability of other resources to meet the child’s needs. The subsidy may be for special services only, or for money payments, and either for a limited period, or for a long term, or for any combination of the foregoing. The specific financial terms of the subsidy shall be included in the agreement between the department and the adoptive parents or legal guardians. The agreement may recognize and provide for direct payment by the department of attorney’s fees to an attorney representing the adoptive parent. The amount of the time-limited or long-term subsidy may in no case exceed that which would be allowable from time to time for such child under foster family care or, in the case of a special service, the reasonable fee for the service rendered. In addition, the department shall provide either Medicaid or other health insurance coverage for any special needs child for whom there is an adoption or legal guardianship assistance agreement between the department and the adoptive parent or legal guardian and who the department determines cannot be placed with an adoptive
parent or legal guardian without medical assistance because
the child has special needs for medical, mental health or
rehabilitative care.

(c) After reasonable efforts have been made without the
use of subsidy and no appropriate adoptive family or legal
guardian has been found for the child, the department shall
certify the child as eligible for a subsidy in the event of
adoption or a legal guardianship: Provided, that reasonable
efforts to place a child without a subsidy shall not be required
if it is in the best interest of the child because of such factors
as the existence of significant emotional ties developed
between the child and the prospective parent or guardian
while in care as a foster child.

(d) If the child is the dependent of a voluntary licensed
child-placing agency, that agency shall present to the
department evidence of the inability to place the child for
adoption or legal guardianship without the use of subsidy or
evidence that such efforts would not be in the best interests
of the child. In no event shall the value of the services and
assistance provided by the department under an agreement
pursuant to this section exceed the value of assistance
available to foster families in similar circumstances. All
records regarding subsidized adoptions or legal guardianships
shall be held in confidence; however, records regarding the
payment of public funds for subsidized adoptions or legal
guardianships shall be available for public inspection
provided they do not directly or indirectly identify any child
or persons receiving funds for such child.

ARTICLE 5. JUVENILE PROCEEDINGS.

(a) In aid of disposition of juvenile delinquents, the
juvenile probation officer assigned to the court shall, upon
request of the court, make an investigation of the 
environment of the juvenile and the alternative dispositions 
possible. The court, upon its own motion, or upon request of 
counsel, may order a psychological examination of the 
juvenile. The report of such examination and other 
investigative and social reports shall not be made available to 
the court until after the adjudicatory hearing. Unless waived, 
copies of the report shall be provided to counsel for the 
petitioner and counsel for the juvenile no later than seventy-
two hours prior to the dispositional hearing.

(b) Following the adjudication, the court shall conduct 
the dispositional proceeding, giving all parties an opportunity 
to be heard. In disposition the court shall not be limited to 
the relief sought in the petition and shall, in electing from the 
following alternatives, consider the best interests of the 
juvenile and the welfare of the public:

(1) Dismiss the petition;

(2) Refer the juvenile and the juvenile’s parent or 
custodian to a community agency for needed assistance and 
dismiss the petition;

(3) Upon a finding that the juvenile is in need of extra-
parental supervision: (A) Place the juvenile under the 
supervision of a probation officer of the court or of the court 
of the county where the juvenile has his or her usual place of 
abode or other person while leaving the juvenile in custody 
of his or her parent or custodian; and (B) prescribe a program 
of treatment or therapy or limit the juvenile’s activities under 
terms which are reasonable and within the child’s ability to 
perform, including participation in the litter control program 
established pursuant to section three, article fifteen-a, chapter 
twenty-two of this code or other appropriate programs of 
community service;
(4) Upon a finding that a parent or custodian is not willing or able to take custody of the juvenile, that a juvenile is not willing to reside in the custody of his or her parent or custodian or that a parent or custodian cannot provide the necessary supervision and care of the juvenile, the court may place the juvenile in temporary foster care or temporarily commit the juvenile to the department or a child welfare agency. The court order shall state that continuation in the home is contrary to the best interest of the juvenile and why; and whether or not the department made a reasonable effort to prevent the placement or that the emergency situation made such efforts unreasonable or impossible. Whenever the court transfers custody of a youth to the department, an appropriate order of financial support by the parents or guardians shall be entered in accordance with section five, article seven of this chapter and guidelines promulgated by the Supreme Court of Appeals;

(5) Upon a finding that the best interests of the juvenile or the welfare of the public require it, and upon an adjudication of delinquency pursuant to subdivision (1), section four, article one of this chapter, the court may commit the juvenile to the custody of the Director of the Division of Juvenile Services for placement in a juvenile services facility for the treatment, instruction and rehabilitation of juveniles: Provided, That the court maintains discretion to consider alternative sentencing arrangements. Notwithstanding any provision of this code to the contrary, in the event that the court determines that it is in the juvenile’s best interests or required by the public welfare to place the juvenile in the custody of the Division of Juvenile Services, the court shall provide the Division of Juvenile Services with access to all relevant court orders and records involving the underlying offense or offenses for which the juvenile was adjudicated delinquent, including sentencing and presentencing reports and evaluations, and provide the division with access to school records, psychological reports and evaluations,
medical reports and evaluations or any other such records as
may be in the court’s possession as would enable the
Division of Juvenile Services to better assess and determine
the appropriate counseling, education and placement needs
for the juvenile offender. Commitments shall not exceed the
maximum term for which an adult could have been sentenced
for the same offense and any such maximum allowable
sentence to be served in a juvenile correctional facility may
take into account any time served by the juvenile in a
detention center pending adjudication, disposition or transfer.
The order shall state that continuation in the home is contrary
to the best interests of the juvenile and why; and whether or
not the state department made a reasonable effort to prevent
the placement or that the emergency situation made such
efforts unreasonable or impossible; or

(6) After a hearing conducted under the procedures set
out in subsections (c) and (d), section four, article five,
chapter twenty-seven of this code, commit the juvenile to a
mental health facility in accordance with the juvenile’s
treatment plan; the director of the mental health facility may
release a juvenile and return him or her to the court for
further disposition. The order shall state that continuation in
the home is contrary to the best interests of the juvenile and
why; and whether or not the state department made a
reasonable effort to prevent the placement or that the
emergency situation made such efforts unreasonable or
impossible.

(c) In any case in which the court decides to order the
juvenile placed in an out-of-state facility or program, it shall
set forth in the order directing the placement the reasons the
juvenile was not placed in an in-state facility or program.

(d) The disposition of the juvenile shall not be affected by
the fact that the juvenile demanded a trial by jury or made a
plea of denial. Any dispositional order is subject to appeal to the Supreme Court of Appeals.

(e) Following disposition, the court shall inquire whether the juvenile wishes to appeal and the response shall be transcribed; a negative response shall not be construed as a waiver. The evidence shall be transcribed as soon as practicable and made available to the juvenile or his or her counsel, if the same is requested for purposes of further proceedings. A judge may grant a stay of execution pending further proceedings.

(f) Notwithstanding any other provision of this code to the contrary, if a juvenile charged with delinquency under this chapter is transferred to adult jurisdiction and there tried and convicted, the court may make its disposition in accordance with this section in lieu of sentencing such person as an adult.

ARTICLE 5D. MULTIDISCIPLINARY TEAMS.

§49-5D-2. Multidisciplinary investigative teams; establishment; procedures; coordination between agencies.

(a) The prosecuting attorney shall establish a multidisciplinary investigative team in each county. The multidisciplinary team shall be headed and directed by the prosecuting attorney or his or her designee and shall include as permanent members the prosecuting attorney or his or her designee, a local child protective services caseworker from the Department of Health and Human Resources; a local law-enforcement officer employed by a law-enforcement agency in the county; a child advocacy center representative, where available; a health care provider with pediatric and child abuse expertise, where available; a mental health professional with pediatric and child abuse expertise, where available; an educator and a representative from a licensed domestic
violence program serving the county. The Department of
Health and Human Resources and any local law-enforcement
agency or agencies selected by the prosecuting attorney shall
appoint their representatives to the team by submitting a
written designation of the team to the prosecuting attorney of
each county within thirty days of the prosecutor’s request that
the appointment be made. Within fifteen days of the
appointment, the prosecuting attorney shall notify the chief
direct of each circuit within which the county is situated of
the names of the representatives so appointed. Any other
person or any other appointee of an agency who may
contribute to the team’s efforts to assist a minor child as may
be determined by the permanent members of the team may
also be appointed as a member of the team by the prosecutor
with notification to the chief judge.

(b) Any permanent member of the multidisciplinary
investigative team shall refer all cases of accidental death of
any child reported to their agency and all cases when a child
dies while in the custody of the state for investigation and
review by the team. The multidisciplinary investigative team
shall meet at regular intervals at least once every calendar
month.

(c) The investigative team shall be responsible for
coordinating or cooperating in the initial and ongoing
investigation of all civil and criminal allegations pertinent to
cases involving child sexual assault, child sexual abuse, child
abuse and neglect and shall make a recommendation to the
county prosecuting attorney as to the initiation or
commencement of a civil petition and/or criminal
prosecution.

(d) State, county and local agencies shall provide the
multidisciplinary investigative team with any information
requested in writing by the team as allowable by law or upon
receipt of a certified copy of the circuit court’s order
directing said agencies to release information in its possession relating to the child. The team shall assure that all information received and developed in connection with the provisions of this article remains confidential. For purposes of this section, the term “confidential” shall be construed in accordance with the provisions of section one, article seven of this chapter.

§49-5D-3. Multidisciplinary treatment planning process.

(a) (1) A multidisciplinary treatment planning process for cases initiated pursuant to articles five and six of this chapter shall be established within each county of the state, either separately or in conjunction with a contiguous county, by the secretary of the department with advice and assistance from the prosecutor's advisory council as set forth in section four, article four, chapter seven of this code. The Division of Juvenile Services shall establish a similar treatment planning process for delinquency cases in which the juvenile has been committed to its custody, including those cases in which the juvenile has been committed for examination and diagnosis.

(2) The provisions of this section do not require a multidisciplinary team meeting to be held prior to temporarily placing a child or juvenile out-of-home under exigent circumstances or upon a court order placing a juvenile in a facility operated by the Division of Juvenile Services.

(b) The case manager in the Department of Health and Human Resources for the child, family or juvenile or the case manager in the Division of Juvenile Services for a juvenile shall convene a treatment team in each case when it is required pursuant to this article.

Prior to disposition, in each case in which a treatment planning team has been convened, the team shall advise the court as to the types of services the team has determined are
needed and the type of placement, if any, which will best serve the needs of the child. If the team determines that an out-of-home placement will best serve the needs of the child, the team shall first consider placement with appropriate relatives then with foster care homes, facilities or programs located within the state. The team may only recommend placement in an out-of-state facility if it concludes, after considering the best interests and overall needs of the child, that there are no available and suitable in-state facilities which can satisfactorily meet the specific needs of the child.

Any person authorized by the provisions of this chapter to convene a multidisciplinary team meeting may seek and receive an order of the circuit court setting such meeting and directing attendance. Members of the multidisciplinary team may participate in team meetings by telephone or video conferencing: Provided, That the provisions of this subsection do not prevent the respective agencies from designating a person other than the case manager as a facilitator for treatment team meetings.

(c) The treatment team shall coordinate its activities and membership with local family resource networks and coordinate with other local and regional child and family service planning committees to assure the efficient planning and delivery of child and family services on a local and regional level.

(d) The multidisciplinary treatment team shall be afforded access to information in the possession of the Department of Health and Human Services, Division of Juvenile Services, law-enforcement agencies and other state, county and local agencies; and the agencies shall cooperate in the sharing of information, as may be provided in sections three(d) and six, article five-D and section one, article seven, all of chapter forty-nine, and any other relevant provision of law. Any multidisciplinary team member who acquires confidential
information shall not disclose such information except as permitted by the provisions of this code or court rules.

§49-5D-3a. Recommendation of team to the court; hearing requirement; required findings.

(a) In any case in which a multidisciplinary treatment team develops an individualized service plan for a child or family pursuant to the provisions of this article, the court shall review the proposed service plan to determine if implementation of the plan is in the child’s best interests. If the multidisciplinary team cannot agree on a plan or if the court determines not to adopt the team’s recommendations, it shall, upon motion or sua sponte, schedule and hold within ten days of such determination, and prior to the entry of an order placing the child in the custody of the department or in an out-of-home setting, a hearing to consider evidence from the team as to its rationale for the proposed service plan. If, after a hearing held pursuant to the provisions of this section, the court does not adopt the teams’s recommended service plan, it shall make specific written findings as to why the team’s recommended service plan was not adopted.

(b) In any case in which the court decides to order the child placed in an out-of-state facility or program it shall set forth in the order directing the placement the reasons why the child was not placed in an in-state facility or program.

(c) Any member of the multidisciplinary treatment team who disagrees with recommendations of the team may inform the court of his or her own recommendations and objections to the team’s recommendations. The recommendations and objections of the dissenting team member may be made in a hearing on the record, made in writing and served upon each team member and filed with the court and indicated in the case plan, or both made in writing and indicated in the case
§49-5D-3b. Multidisciplinary treatment planning process involving child abuse and neglect.

(a) Within thirty days of the initiation of a judicial proceeding pursuant to article six of this chapter, the Department of Health and Human Services shall convene a multidisciplinary treatment team to assess, plan and implement a comprehensive, individualized service plan for children who are victims of abuse or neglect and their families. The multidisciplinary team shall obtain and utilize any assessments for the children or the adult respondents that it deems necessary to assist in the development of such a plan.

(b) In a case initiated pursuant to article six of this chapter, the treatment team shall consist of the child or family’s case manager in the Department of Health and Human Resources, the adult respondent or respondents, the child’s parent or parents, guardians, any copetitioners, custodial relatives of the child, foster or preadoptive parents, any attorney representing an adult respondent or other member of the treatment team, the child’s counsel or the guardian ad litem, the prosecuting attorney or his or her designee, a member of a child advocacy center when the child has been processed through the child advocacy center program or programs or it is otherwise appropriate that a member of the child advocacy center participate, any court-appointed special advocate assigned to a case, any other person entitled to notice and the right to be heard, an appropriate school official and any other person or agency representative who may assist in providing recommendations for the particular needs of the child and family, including domestic violence service providers. The child may participate in multidisciplinary treatment team meetings if the
child’s participation is deemed appropriate by the multidisciplinary treatment team. Unless otherwise ordered by the court, a party whose parental rights have been terminated and his or her attorney shall not be given notice of a multidisciplinary treatment team meeting and does not have the right to participate in any treatment team meeting.

(c) Prior to disposition in each case which a treatment planning team has been convened, the team shall advise the court as to the types of services the team has determined are needed and the type of placement, if any, which will best serve the needs of the child. If the team determines that an out-of-home placement will best serve the needs of the child, the team shall first consider placement with appropriate relatives then with foster care homes, facilities or programs located within the state. The team may only recommend placement in an out-of-state facility if it concludes, after considering the best interests and overall needs of the child, that there are no available and suitable in-state facilities which can satisfactorily meet the specific needs of the child.

(d) The multidisciplinary treatment team shall submit written reports to the court as required by the rules governing this type of proceeding or by the court, and shall meet as often as deemed necessary but at least every three months until the case is dismissed from the docket of the court. The multidisciplinary treatment team shall be available for status conferences and hearings as required by the court.

(e) If a respondent or copetitioner admits the underlying allegations of child abuse or neglect, or both abuse and neglect, in the multidisciplinary treatment planning process, his or her statements not be used in any subsequent criminal proceeding against him or her, except for perjury or false swearing.
§49-5D-3c. Multidisciplinary treatment process for status offenders or delinquents.

(a) (1) When a juvenile is adjudicated as a status offender pursuant to section eleven-d, article five of this chapter, the Department of Health and Human Resources shall promptly convene a multidisciplinary treatment team and conduct an assessment, utilizing a standard uniform comprehensive assessment instrument or protocol, to determine the juvenile’s mental and physical condition, maturity and education level, home and family environment, rehabilitative needs and recommended service plan. Upon completion of the assessment, the treatment team shall prepare and implement a comprehensive, individualized service plan for the juvenile.

(2) When a juvenile is adjudicated as a delinquent or has been granted an improvement period pursuant to section nine, article five of this chapter, the court, either upon its own motion or motion of a party, may require the Department of Health and Human Resources to convene a multidisciplinary treatment team and conduct an assessment, utilizing a standard uniform comprehensive assessment instrument or protocol, to determine the juvenile’s mental and physical condition, maturity and education level, home and family environment, rehabilitative needs and recommended service plan. A referral to the Department of Health and Human Resources to convene a multidisciplinary treatment team and to conduct such an assessment shall be made when the court is considering placing the juvenile in the department’s custody or placing the juvenile out-of-home at the department’s expense pursuant to section thirteen, article five of this chapter. In any delinquency proceeding in which the court requires the Department of Health and Human Resources to convene a multidisciplinary treatment team, the probation officer shall notify the department at least fifteen working days before the court proceeding in order to allow
the department sufficient time to convene and develop an individualized service plan for the juvenile.

(3) When a juvenile has been adjudicated and committed to the custody of the Director of the Division of Juvenile Services, including those cases in which the juvenile has been committed for examination and diagnosis, the Division of Juvenile Services shall promptly convene a multidisciplinary treatment team and conduct an assessment, utilizing a standard uniform comprehensive assessment instrument or protocol, to determine the juvenile’s mental and physical condition, maturity and education level, home and family environment, rehabilitative needs and recommended service plan. Upon completion of the assessment, the treatment team shall prepare and implement a comprehensive, individualized service plan for the juvenile.

(4) (A) The rules of juvenile procedure shall govern the procedure for obtaining an assessment of a juvenile, preparing an individualized service plan and submitting the plan and assessment to the court.

(B) In juvenile proceedings conducted pursuant to article five of this chapter, the treatment team shall consist of the juvenile, the juvenile’s case manager in the Department of Health and Human Resources or the Division of Juvenile Services, the juvenile’s parent or parents, guardian or guardians or custodial relatives, the juvenile’s attorney, any attorney representing a member of the treatment team, the prosecuting attorney or his or her designee, an appropriate school official and any other person or agency representative who may assist in providing recommendations for the particular needs of the juvenile and family, including domestic violence service providers. In delinquency proceedings, the probation officer shall be a member of a treatment team. When appropriate, the juvenile case manager in the Department of Health and Human Resources and the
Division of Juvenile Services shall cooperate in conducting multidisciplinary treatment team meetings when it is in the juvenile’s best interest.

(C) Prior to disposition, in each case in which a treatment planning team has been convened, the team shall advise the court as to the types of services the team has determined are needed and type of placement, if any, which will best serve the needs of the child. If the team determines that an out-of-home placement will best serve the needs of the child, the team shall first consider placement at facilities or programs located within the state. The team may only recommend placement in an out-of-state facility if it concludes, after considering the best interests and overall needs of the child, that there are no available and suitable in-state facilities which can satisfactorily meet the specific needs of the child.

(D) The multidisciplinary treatment team shall submit written reports to the court as required by applicable law or by the court, shall meet with the court at least every three months, as long as the juvenile remains in the legal or physical custody of the state, and shall be available for status conferences and hearings as required by the court.

The rules of juvenile procedure and section twenty, article five, chapter forty-nine of the code shall govern the development of an after-care plan for a juvenile, the submission of the plan to the court and any objection to the after-care plan.

(F) If a juvenile respondent admits the underlying allegations of the case initiated pursuant to article five, chapter forty-nine of this code in the multidisciplinary
treatment planning process, his or her statements shall not be used in any juvenile or criminal proceedings against the juvenile, except for perjury or false swearing.

ARTICLE 6. PROCEDURE IN CASES OF CHILD NEGLECT OR ABUSE.

§49-6-2. Petition to court when child believed neglected or abused -- Right to counsel; improvement period; hearing; priority of proceeding; transcript.

(a) In any proceeding under the provisions of this article, the child, his or her or parents and his or her legally established custodian or other persons standing in loco parentis to him or her shall have the right to be represented by counsel at every stage of the proceedings and shall be informed by the court of their right to be so represented and that if they cannot pay for the services of counsel, that counsel will be appointed. Counsel of the child shall be appointed in the initial order. If the order gives physical custody of the child to the state, the initial order shall appoint counsel for the parents or, if the parents are separated or divorced, the parents or parent or other person or persons standing in loco parentis who had physical custody of the child for the majority of the time in the period immediately preceding the petition: Provided, That such representation shall only continue after the first appearance if the parent or other persons standing in loco parentis cannot pay for the services of counsel. Counsel for other parties shall only be appointed upon request for appointment of counsel. If the requesting parties have not retained counsel and cannot pay for the services of counsel, the court shall, by order entered of record, appoint an attorney or attorneys to represent the other party or parties and so inform the parties. Under no circumstances may the same attorney represent both the child and the other party or parties, nor shall the same attorney represent both parents or custodians. However, one attorney
may represent both parents or custodians where both parents or guardians consent to this representation after the attorney fully discloses to the client the possible conflict and where the attorney assures the court that she or he is able to represent each client without impairing her or his professional judgment; however, if more than one child from a family is involved in the proceeding, one attorney may represent all the children. A parent who has been judicially determined to be battered shall be entitled to his or her own attorney. The court may allow to each attorney so appointed a fee in the same amount which appointed counsel can receive in felony cases. Effective July 1, 2012, any attorney appointed pursuant to this section shall receive a minimum of eight hours of continuing legal education training per reporting period on child abuse and neglect procedure and practice. In addition to this requirement, after July 1, 2013, any attorney appointed to represent a child must first complete training on representation of children that is approved by the administrative office of the Supreme Court of Appeals. The Supreme Court of Appeals shall develop procedures for approval and certification of training required under this section by July 1, 2012: Provided, however, That where no attorney who has completed this training is available for such appointment, the court shall appoint a competent attorney with demonstrated knowledge of child welfare law to represent the parent or child. Any attorney appointed pursuant to this section shall perform all duties required as an attorney licensed to practice law in the State of West Virginia.

(b) In any proceeding brought pursuant to the provisions of this article, the court may grant any respondent an improvement period in accord with the provisions of this article. During such period, the court may require temporary custody with a responsible person which has been found to be a fit and proper person for the temporary custody of the child or children or the state department or other agency during the
improvement period. An order granting such improvement period shall require the department to prepare and submit to the court a family case plan in accordance with the provisions of section three, article six-d of this chapter.

(c) In any proceeding pursuant to the provisions of this article, the party or parties having custodial or other parental rights or responsibilities to the child shall be afforded a meaningful opportunity to be heard, including the opportunity to testify and to present and cross-examine witnesses. The petition shall not be taken as confessed. A transcript or recording shall be made of all proceedings unless waived by all parties to the proceeding. The rules of evidence shall apply. Where relevant, the court shall consider the efforts of the state department to remedy the alleged circumstances. At the conclusion of the hearing, the court shall make a determination based upon the evidence and shall make findings of fact and conclusions of law as to whether such child is abused or neglected and, if applicable, whether the parent, guardian, or custodian is a battered parent, all of which shall be incorporated into the order of the court. The findings must be based upon conditions existing at the time of the filing of the petition and proven by clear and convincing proof.

(d) Any petition filed and any proceeding held under the provisions of this article shall, to the extent practicable, be given priority over any other civil action before the court, except proceedings under article two-a, chapter forty-eight of this code and actions in which trial is in progress. Any petition filed under the provisions of this article shall be docketed immediately upon filing. Any hearing to be held at the end of an improvement period and any other hearing to be held during any proceedings under the provisions of this article shall be held as nearly as practicable on successive days and, with respect to said hearing to be held at the end of an improvement period, shall be held as close in time as
(e) Following the court’s determination, it shall be inquired of the parents or custodians whether or not appeal is desired and the response transcribed. A negative response shall not be construed as a waiver. The evidence shall be transcribed and made available to the parties or their counsel as soon as practicable, if the same is required for purposes of further proceedings. If an indigent person intends to pursue further proceedings, the court reporter shall furnish a transcript of the hearing without cost to the indigent person if an affidavit is filed stating that he or she cannot pay therefor.

§49-6-3. Petition to court when child believed neglected or abused -- temporary custody.

(a) Upon the filing of a petition, the court may order that the child alleged to be an abused or neglected child be delivered for not more than ten days into the custody of the state department or a responsible person found by the court to be a fit and proper person for the temporary care of the child pending a preliminary hearing, if it finds that:

(1) There exists imminent danger to the physical well being of the child; and

(2) There are no reasonably available alternatives to removal of the child, including, but not limited to, the provision of medical, psychiatric, psychological or homemaking services in the child’s present custody: Provided, That where the alleged abusing person, if known, is a member of a household, the court shall not allow placement pursuant to this section of the child or children in said home unless the alleged abusing person is or has been
precluded from visiting or residing in said home by judicial order. In a case where there is more than one child in the home, or in the temporary care, custody or control of the alleged offending parent, the petition shall so state, and notwithstanding the fact that the allegations of abuse or neglect may pertain to less than all of such children, each child in the home for whom relief is sought shall be made a party to the proceeding. Even though the acts of abuse or neglect alleged in the petition were not directed against a specific child who is named in the petition, the court shall order the removal of such child, pending final disposition, if it finds that there exists imminent danger to the physical well being of the child and a lack of reasonable available alternatives to removal. The initial order directing such custody shall contain an order appointing counsel and scheduling the preliminary hearing, and upon its service shall require the immediate transfer of custody of such child or children to the department or a responsible relative which may include any parent, guardian, or other custodian. The court order shall state:

(A) That continuation in the home is contrary to the best interests of the child and why; and

(B) Whether or not the department made reasonable efforts to preserve the family and prevent the placement or that the emergency situation made such efforts unreasonable or impossible. The order may also direct any party or the department to initiate or become involved in services to facilitate reunification of the family.

(b) Whether or not the court orders immediate transfer of custody as provided in subsection (a) of this section, if the facts alleged in the petition demonstrate to the court that there exists imminent danger to the child, the court may schedule a preliminary hearing giving the respondents at least five days’ actual notice. If the court finds at the preliminary
hearing that there are no alternatives less drastic than removal
of the child and that a hearing on the petition cannot be
scheduled in the interim period, the court may order that the
child be delivered into the temporary custody of the
department or a responsible person or agency found by the
court to be a fit and proper person for the temporary care of
the child for a period not exceeding sixty days: Provided,
That the court order shall state:

(1) That continuation in the home is contrary to the best
interests of the child and set forth the reasons therefor;

(2) Whether or not the department made reasonable
efforts to preserve the family and to prevent the child’s
removal from his or her home;

(3) Whether or not the department made reasonable
efforts to preserve the family and to prevent the placement or
that the emergency situation made such efforts unreasonable
or impossible; and

(4) What efforts should be made by the department, if
any, to facilitate the child’s return home: Provided, however,
That if the court grants an improvement period as provided in
section twelve of this article, the sixty-day limit upon
temporary custody is waived.

(c) If a child or children shall, in the presence of a child
protective service worker, be in an emergency situation
which constitutes an imminent danger to the physical well
being of the child or children, as that phrase is defined in
section three, article one of this chapter, and if such worker
has probable cause to believe that the child or children will
suffer additional child abuse or neglect or will be removed
from the county before a petition can be filed and temporary
custody can be ordered, the worker may, prior to the filing of
a petition, take the child or children into his or her custody
without a court order: Provided, That after taking custody of
such child or children prior to the filing of a petition, the
worker shall forthwith appear before a circuit judge or a
juvenile referee of the county wherein custody was taken, or
if no such judge or referee be available, before a circuit judge
or a juvenile referee of an adjoining county, and shall
immediately apply for an order ratifying the emergency
custody of the child pending the filing of a petition. The
circuit court of every county in the state shall appoint at least
one of the magistrates of the county to act as a juvenile
referee, who shall serve at the will and pleasure of the
appointing court, and who shall perform the functions
prescribed for such position by the provisions of this
subsection. The parents, guardians or custodians of the child
or children may be present at the time and place of
application for an order ratifying custody, and if at the time
the child or children are taken into custody by the worker, the
worker knows which judge or referee is to receive the
application, the worker shall so inform the parents, guardians
or custodians. The application for emergency custody may
be on forms prescribed by the Supreme Court of Appeals or
prepared by the prosecuting attorney or the applicant, and
shall set forth facts from which it may be determined that the
probable cause described above in this subsection exists.
Upon such sworn testimony or other evidence as the judge or
referee deems sufficient, the judge or referee may order the
emergency taking by the worker to be ratified. If appropriate
under the circumstances, the order may include authorization
for an examination as provided for in subsection (b), section
four of this article. If a referee issues such an order, the
referee shall by telephonic communication have such order
orally confirmed by a circuit judge of the circuit or an
adjoining circuit who shall on the next judicial day enter an
order of confirmation. If the emergency taking is ratified by
the judge or referee, emergency custody of the child or
children shall be vested in the department until the expiration
of the next two judicial days, at which time any such child
taken into emergency custody shall be returned to the custody
of his or her parent or guardian or custodian unless a petition
has been filed and custody of the child has been transferred
under the provisions of section three of this article.

(d) For purposes of the court’s consideration of
temporary custody pursuant to the provisions of subsection
(a) or (b) of this section, the department is not required to
make reasonable efforts to preserve the family if the court
determines:

(1) The parent has subjected the child, another child of
the parent or any other child residing in the same household
or under the temporary or permanent custody of the parent to
aggravated circumstances which include, but are not limited
to, abandonment, torture, chronic abuse and sexual abuse;

(2) The parent has:

(A) Committed murder of the child’s other parent,
guardian or custodian, another child of the parent or any
other child residing in the same household or under the
temporary or permanent custody of the parent;

(B) Committed voluntary manslaughter of the child’s
other parent, guardian or custodian, another child of the
parent or any other child residing in the same household or
under the temporary or permanent custody of the parent;

(C) Attempted or conspired to commit such a murder or
voluntary manslaughter or been an accessory before or after
the fact to either such crime;

(D) Committed unlawful or malicious wounding that
results in serious bodily injury to the child, the child’s other
parent, guardian or custodian, to another child of the parent
or any other child residing in the same household or under the
temporary or permanent custody of the parent;

(E) Committed sexual assault or sexual abuse of the child,
the child’s other parent, guardian or custodian, another child
of the parent or any other child residing in the same
household or under the temporary or permanent custody of
the parent; or

(F) Has been required by state or federal law to register
with a sex offender registry; or

(3) The parental rights of the parent to another child have
been terminated involuntarily.

§49-6-5. Disposition of neglected or abused children.

(a) Following a determination pursuant to section two of
this article wherein the court finds a child to be abused or
neglected, the department shall file with the court a copy of
the child’s case plan, including the permanency plan for the
child. The term case plan means a written document that
includes, where applicable, the requirements of the family
case plan as provided for in section three, article six-d of this
chapter and that also includes at least the following: A
description of the type of home or institution in which the
child is to be placed, including a discussion of the
appropriateness of the placement and how the agency which
is responsible for the child plans to assure that the child
receives proper care and that services are provided to the
parents, child and foster parents in order to improve the
conditions in the parent(s) home; facilitate return of the child
to his or her own home or the permanent placement of the
child; and address the needs of the child while in foster care,
including a discussion of the appropriateness of the services
that have been provided to the child. The term “permanency
plan” refers to that part of the case plan which is designed to
(1) Dismiss the petition;

(2) Refer the child, the abusing parent, the battered parent or other family members to a community agency for needed assistance and dismiss the petition;

(3) Return the child to his or her own home under supervision of the department;

(4) Order terms of supervision calculated to assist the child and any abusing parent or battered parent or parents or custodian which prescribe the manner of supervision and care of the child and which are within the ability of any parent or parents or custodian to perform;
(5) Upon a finding that the abusing parent or battered parent or parents are presently unwilling or unable to provide adequately for the child’s needs, commit the child temporarily to the custody of the state department, a licensed private child welfare agency or a suitable person who may be appointed guardian by the court. The court order shall state:

(A) That continuation in the home is contrary to the best interests of the child and why;

(B) Whether or not the department has made reasonable efforts, with the child’s health and safety being the paramount concern, to preserve the family, or some portion thereof, and to prevent or eliminate the need for removing the child from the child’s home and to make it possible for the child to safely return home;

(C) What efforts were made or that the emergency situation made such efforts unreasonable or impossible; and

(D) The specific circumstances of the situation which made such efforts unreasonable if services were not offered by the department. The court order shall also determine under what circumstances the child’s commitment to the department shall continue. Considerations pertinent to the determination include whether the child should:

(i) Be continued in foster care for a specified period;

(ii) Be considered for adoption;

(iii) Be considered for legal guardianship;

(iv) Be considered for permanent placement with a fit and willing relative; or
(v) Be placed in another planned permanent living arrangement, but only in cases where the department has documented to the circuit court a compelling reason for determining that it would not be in the best interests of the child to follow one of the options set forth in subparagraphs (I), (ii), (iii) or (iv) of this paragraph. The court may order services to meet the special needs of the child. Whenever the court transfers custody of a youth to the department, an appropriate order of financial support by the parents or guardians shall be entered in accordance with section five, article seven of this chapter; or

(6) Upon a finding that there is no reasonable likelihood that the conditions of neglect or abuse can be substantially corrected in the near future and, when necessary for the welfare of the child, terminate the parental, custodial and guardianship rights and responsibilities of the abusing parent and commit the child to the permanent sole custody of the nonabusing parent, if there be one, or, if not, to either the permanent guardianship of the department or a licensed child welfare agency. The court may award sole custody of the child to a nonabusing battered parent. If the court shall so find, then in fixing its dispositional order the court shall consider the following factors:

(A) The child’s need for continuity of care and caretakers;

(B) The amount of time required for the child to be integrated into a stable and permanent home environment; and

(C) Other factors as the court considers necessary and proper. Notwithstanding any other provision of this article, the court shall give consideration to the wishes of a child fourteen years of age or older or otherwise of an age of discretion as determined by the court regarding the
permanent termination of parental rights. No adoption of a 
child shall take place until all proceedings for termination of 
parental rights under this article and appeals thereof are final. 
In determining whether or not parental rights should be 
terminated, the court shall consider the efforts made by the 
department to provide remedial and reunification services to 
the parent. The court order shall state:

(i) That continuation in the home is not in the best interest 
of the child and why;

(ii) Why reunification is not in the best interests of the 
child;

(iii) Whether or not the department made reasonable 
efforts, with the child’s health and safety being the paramount 
concern, to preserve the family, or some portion thereof, and 
to prevent the placement or to eliminate the need for 
removing the child from the child’s home and to make it 
possible for the child to safely return home, or that the 
emergency situation made such efforts unreasonable or 
impossible; and

(iv) Whether or not the department made reasonable 
efforts to preserve and reunify the family, or some portion 
thereof, including a description of what efforts were made or 
that such efforts were unreasonable due to specific 
circumstances.

(7) For purposes of the court’s consideration of the 
disposition custody of a child pursuant to the provisions of 
this subsection, the department is not required to make 
reasonable efforts to preserve the family if the court 
determines:

(A) The parent has subjected the child, another child of 
the parent or any other child residing in the same household
or under the temporary or permanent custody of the parent to aggravated circumstances which include, but are not limited
to, abandonment, torture, chronic abuse and sexual abuse;

(B) The parent has:

(i) Committed murder of the child’s other parent, guardian or custodian, another child of the parent or any other child residing in the same household or under the temporary or permanent custody of the parent;

(ii) Committed voluntary manslaughter of the child’s other parent, guardian or custodian, another child of the parent or any other child residing in the same household or under the temporary or permanent custody of the parent;

(iii) Attempted or conspired to commit such a murder or voluntary manslaughter or been an accessory before or after the fact to either such crime;

(iv) Committed a felonious assault that results in serious bodily injury to the child, the child’s other parent, guardian or custodian, to another child of the parent or any other child residing in the same household or under the temporary or permanent custody of the parent; or

(v) Committed sexual assault or sexual abuse of the child, the child’s other parent, guardian or custodian, another child of the parent or any other child residing in the same household or under the temporary or permanent custody of the parent; or

(vi) Has been required by state or federal law to register with a sex offender registry; or

(C) The parental rights of the parent to another child have been terminated involuntarily; or
(D) A parent has been required by state or federal law to register with a sex offender registry, and the court has determined in consideration of the nature and circumstances surrounding the prior charges against that parent, that the child’s interests would not be promoted by a preservation of the family.

(b) As used in this section, “no reasonable likelihood that conditions of neglect or abuse can be substantially corrected” shall mean that, based upon the evidence before the court, the abusing adult or adults have demonstrated an inadequate capacity to solve the problems of abuse or neglect on their own or with help. Such conditions shall be considered to exist in the following circumstances, which shall not be exclusive:

(1) The abusing parent or parents have habitually abused or are addicted to alcohol, controlled substances or drugs, to the extent that proper parenting skills have been seriously impaired and such person or persons have not responded to or followed through the recommended and appropriate treatment which could have improved the capacity for adequate parental functioning;

(2) The abusing parent or parents have willfully refused or are presently unwilling to cooperate in the development of a reasonable family case plan designed to lead to the child’s return to their care, custody and control;

(3) The abusing parent or parents have not responded to or followed through with a reasonable family case plan or other rehabilitative efforts of social, medical, mental health or other rehabilitative agencies designed to reduce or prevent the abuse or neglect of the child, as evidenced by the continuation or insubstantial diminution of conditions which threatened the health, welfare or life of the child;
(4) The abusing parent or parents have abandoned the child;

(5) The abusing parent or parents have repeatedly or seriously injured the child physically or emotionally, or have sexually abused or sexually exploited the child, and the degree of family stress and the potential for further abuse and neglect are so great as to preclude the use of resources to mitigate or resolve family problems or assist the abusing parent or parents in fulfilling their responsibilities to the child;

(6) The abusing parent or parents have incurred emotional illness, mental illness or mental deficiency of such duration or nature as to render such parent or parents incapable of exercising proper parenting skills or sufficiently improving the adequacy of such skills; or

(7) The battered parent’s parenting skills have been seriously impaired and said person has willfully refused or is presently unwilling or unable to cooperate in the development of a reasonable treatment plan or has not adequately responded to or followed through with the recommended and appropriate treatment plan.

(c) The court may, as an alternative disposition, allow the parents or custodians an improvement period not to exceed six months. During this period the court shall require the parent to rectify the conditions upon which the determination was based. The court may order the child to be placed with the parents, or any person found to be a fit and proper person, for the temporary care of the child during the period. At the end of the period, the court shall hold a hearing to determine whether the conditions have been adequately improved and at the conclusion of the hearing shall make a further dispositional order in accordance with this section.
§49-6-6. Modification of dispositional orders.

(a) Upon motion of a child, a child’s parent or custodian or the department alleging a change of circumstances requiring a different disposition, the court shall conduct a hearing pursuant to section two of this article and may modify a dispositional order if the court finds by clear and convincing evidence a material change of circumstances and that such modification is in the child’s best interests: Provided, That a dispositional order pursuant to subdivision (6), subsection (a) of section five shall not be modified after the child has been adopted, except as provided in subsections (b) and (c) of this section. Adequate and timely notice of any motion for modification shall be given to the child’s counsel, counsel for the child’s parent or custodian, the department and any person entitled to notice and the right to be heard. The circuit court of origin has exclusive jurisdiction over placement of the child, and such placement shall not be disrupted or delayed by any administrative process of the department.

(b) If the child is removed or relinquished from an adoptive home or other permanent placement after the case has been dismissed, any party with notice thereof and the receiving agency shall promptly report the matter to the circuit court of origin, the department and the child’s counsel, and the court shall schedule a permanency hearing within sixty days of the report to the circuit court, with notice given to any appropriate parties and persons entitled to notice and the right to be heard. The department shall convene a multidisciplinary treatment team meeting within thirty days of the receipt of notice of permanent placement disruption.

(c) If a child has not been adopted, the child or department may move the court to place the child with a parent or custodian whose rights have been terminated and/or restore such parent’s or guardian’s rights. Under these
circumstances, the court may order such placement and/or restoration of a parent’s or guardian’s rights if it finds by clear and convincing evidence a material change of circumstances and that such placement and/or restoration is in the child’s best interests.

§49-6-8. Permanency hearing and permanent placement review.

(a) If the court finds, pursuant to any provision of this article, that the department is not required to make reasonable efforts to preserve the family, then, notwithstanding any other provision, a permanency hearing must be held within thirty days following the entry of the court order so finding, and a permanent placement review hearing must be conducted at least once every three calendar months thereafter until a permanent placement is achieved.

(b) If, twelve months after receipt by the department or its authorized agent of physical custody of a child either by a court ordered placement or by a voluntary agreement, the department has not placed a child in an adoptive home or placed the child with a natural parent or placed the child in legal guardianship or permanently placed the child with a fit and willing relative, the court shall hold a permanency hearing. The department shall file a report with the court detailing the efforts that have been made to place the child in a permanent home and copies of the child’s case plan, including the permanency plan as defined in section five, article six of this chapter. Copies of the report shall be sent to the parties and all persons entitled to notice and the right to be heard. The court shall schedule a hearing, giving notice and the right to be present to: The child’s attorney; the child, if twelve years of age or older; the child’s parents; the child’s guardians; the child’s foster parents; any preadoptive parent or any relative providing care for the child; any person entitled to notice and the right to be heard; and such other
persons as the court may, in its discretion, direct. The child’s presence may be waived by the child’s attorney at the request of the child or if the child would suffer emotional harm. The purpose of the hearing is to review the child’s case, to determine whether and under what conditions the child’s commitment to the department shall continue and to determine what efforts are necessary to provide the child with a permanent home. In the case of a child who will not be returned to his or her parent, the court shall consider in-state and out-of-state placement options, and, if the court considers an out-of-state placement, the court shall determine whether such placement is in the best interests of the child; in the case of a child who has attained sixteen years of age, the court shall determine the services needed to assist the child to make the transition from foster care to independent living. In any case in which the court decides to order the child placed in an out-of-state facility or program it shall set forth in the order directing the placement the reasons why the child was not placed in an in-state facility or program. At the conclusion of the hearing the court shall, in accordance with the best interests of the child, enter an order containing all such appropriate findings. The court order shall state: (1) Whether or not the department made reasonable efforts to preserve the family and to prevent out-of-home placement or that the specific situation made such effort unreasonable; (2) whether or not the department made reasonable efforts to finalize the permanency plan for the child; and (3) identify services required to meet the child’s needs.

(c) The court shall conduct another permanency hearing within twelve months thereafter for each child who remains in the physical or legal custody of the department until the child is placed in an adoptive home or returned to his or her parents or placed in legal guardianship or permanently placed with a fit and willing relative.
(d) The state department shall annually report to the court the current status of the placements of children in permanent care and custody of the state department who have not been adopted.

(e) The state department shall file a report with the court in any case where any child in the temporary or permanent custody of the state receives more than three placements in one year no later than thirty days after the third placement. This report shall be provided to all parties and persons entitled to notice and the right to be heard. Upon motion by any party, the court shall review these placements and determine what efforts are necessary to provide the child with a permanent home: Provided, That no report shall be provided to any parent or parent’s attorney whose parental rights have been terminated pursuant to this article.

(f) The state department shall notify, in writing, the court, the child, if over the age of twelve, the child’s attorney, the parents and the parents’ attorney forty-eight hours prior to the move if this is a planned move, or within forty-eight hours of the next business day after the move if this is an emergency move, except where such notification would endanger the child or the foster family. This notice shall not be required in any case where the child is in imminent danger in the child’s current placement. The location of the child need not be disclosed, but the purpose of the move should be. This requirement is not waived by placement of the child in a home or other residence maintained by a private provider. No notice shall be provided pursuant to this provision to any parent or parent’s attorney whose parental rights have been terminated pursuant to this article.

(g) Nothing in this article precludes any party from petitioning the court for review of the child’s case at any time. The court shall grant such petition upon a showing that
there is a change in circumstance or needs of the child that warrants court review.

(h) Any foster parent, preadoptive parent or relative providing care for the child shall be given notice of and the right to be heard at the permanency hearing provided in this section.

§49-6-12. Improvement period in cases of child neglect or abuse.

(a) A court may grant a respondent an improvement period of a period not to exceed three months prior to making a finding that a child is abused or neglected pursuant to section two of this article only when:

(1) The respondent files a written motion requesting the improvement period;

(2) The respondent demonstrates, by clear and convincing evidence, that the respondent is likely to fully participate in the improvement period and the court further makes a finding, on the record, of the terms of the improvement period;

(3) In the order granting the improvement period, the court (A) orders that a hearing be held to review the matter within sixty days of the granting of the improvement period; or (B) orders that a hearing be held to review the matter within ninety days of the granting of the improvement period and that the department submit a report as to the respondents progress in the improvement period within sixty days of the order granting the improvement period; and

(4) The order granting the improvement period requires the department to prepare and submit to the court an
individualized family case plan in accordance with the provisions of section three, article six-d of this chapter;

(b) After finding that a child is an abused or neglected child pursuant to section two of this article, a court may grant a respondent an improvement period of a period not to exceed six months when:

(1) The respondent files a written motion requesting the improvement period;

(2) The respondent demonstrates, by clear and convincing evidence, that the respondent is likely to fully participate in the improvement period and the court further makes a finding, on the record, of the terms of the improvement period;

(3) In the order granting the improvement period, the court (A) orders that a hearing be held to review the matter within sixty days of the granting of the improvement period; or (B) orders that a hearing be held to review the matter within ninety days of the granting of the improvement period and that the department submit a report as to the respondent’s progress in the improvement period within sixty days of the order granting the improvement period;

(4) Since the initiation of the proceeding, the respondent has not previously been granted any improvement period or the respondent demonstrates that since the initial improvement period, the respondent has experienced a substantial change in circumstances. Further, the respondent shall demonstrate that due to that change in circumstances the respondent is likely to fully participate in a further improvement period; and

(5) The order granting the improvement period requires the department to prepare and submit to the court an
individualized family case plan in accordance with the provisions of section three, article six-d of this chapter.

(c) The court may grant an improvement period not to exceed six months as a disposition pursuant to section five of this article when:

(1) The respondent moves in writing for the improvement period;

(2) The respondent demonstrates, by clear and convincing evidence, that the respondent is likely to fully participate in the improvement period and the court further makes a finding, on the record, of the terms of the improvement period;

(3) In the order granting the improvement period, the court:

(A) Orders that a hearing be held to review the matter within sixty days of the granting of the improvement period; or

(B) Orders that a hearing be held to review the matter within ninety days of the granting of the improvement period and that the department submit a report as to the respondent’s progress in the improvement period within sixty days of the order granting the improvement period;

(4) Since the initiation of the proceeding, the respondent has not previously been granted any improvement period or the respondent demonstrates that since the initial improvement period, the respondent has experienced a substantial change in circumstances. Further, the respondent shall demonstrate that due to that change in circumstances, the respondent is likely to fully participate in the improvement period; and
(5) The order granting the improvement period shall require the department to prepare and submit to the court an individualized family case plan in accordance with the provisions of section three, article six-d of this chapter.

(d) When any improvement period is granted to a respondent pursuant to the provisions of this section, the respondent shall be responsible for the initiation and completion of all terms of the improvement period. The court may order the state department to pay expenses associated with the services provided during the improvement period when the respondent has demonstrated that he or she is unable to bear such expenses.

(e) When any improvement period is granted to a respondent pursuant to the provisions of this section, the respondent shall execute a release of all medical information regarding that respondent, including, but not limited to, information provided by mental health and substance abuse professionals and facilities. Such release shall be accepted by any such professional or facility regardless of whether the release conforms to any standard required by that facility.

(f) When any respondent is granted an improvement period pursuant to the provisions of this article, the department shall monitor the progress of such person in the improvement period. When the respondent fails to participate in any service mandated by the improvement period, the state department shall initiate action to inform the court of that failure. When the department demonstrates that the respondent has failed to participate in any provision of the improvement period, the court shall forthwith terminate the improvement period.

(g) A court may extend any improvement period granted pursuant to subsections (b) or (c) of this section for a period not to exceed three months when the court finds that the
respondent has substantially complied with the terms of the improvement period; that the continuation of the improvement period will not substantially impair the ability of the department to permanently place the child; and that such extension is otherwise consistent with the best interest of the child.

(h) Upon the motion by any party, the court shall terminate any improvement period granted pursuant to this section when the court finds that respondent has failed to fully participate in the terms of the improvement period.

(i) This section may not be construed to prohibit a court from ordering a respondent to participate in services designed to reunify a family or to relieve the department of any duty to make reasonable efforts to reunify a family required by state or federal law.

(j) Any hearing scheduled pursuant to the provisions of this section may be continued only for good cause upon a written motion properly served on all parties. When a court grants such continuance, the court shall enter an order granting the continuance which shall specify a future date when the hearing will be held.

(k) Any hearing to be held at the end of an improvement period shall be held as nearly as practicable on successive days and shall be held as close in time as possible after the end of said improvement period and shall be held no later than sixty days of the termination of such improvement period.

(l) Notwithstanding any other provision of this section, no combination of any improvement periods or extensions thereto may cause a child to be in foster care more than fifteen months of the most recent twenty-two months, unless the court finds compelling circumstances by clear and
148 convincing evidence that it is in the childs best interests to extend the time limits contained in this paragraph.

ARTICLE 6A. REPORTS OF CHILDREN SUSPECTED OF BEING ABUSED OR NEGLECTED.

§49-6A-5. Reporting procedures.

(a) Reports of child abuse and neglect pursuant to this article shall be made immediately by telephone to the local state department child protective service agency and shall be followed by a written report within forty-eight hours if so requested by the receiving agency. The state department shall establish and maintain a twenty-four hour, seven-day-a-week telephone number to receive such calls reporting suspected or known child abuse or neglect.

(b) A copy of any report of serious physical abuse, sexual abuse or assault shall be forwarded by the department to the appropriate law-enforcement agency, the prosecuting attorney or the coroner or medical examiner’s office. All reports under this article shall be confidential. Reports of known or suspected institutional child abuse or neglect shall be made and received as all other reports made pursuant to this article.

ARTICLE 6D. WEST VIRGINIA CHILD PROTECTIVE SERVICES ACT.

§49-6D-3. Unified child and family case plans.

(a) The Department of Health and Human Resources shall develop a unified child and family case plan for every family wherein a person has been referred to the department after being allowed an improvement period or where the child is placed in foster care. The case plan must be filed within sixty days of the child coming into foster care or within thirty days
of the inception of the improvement period, whichever occurs first. The department may also prepare a case plan for any person who voluntarily seeks child abuse and neglect services from the department, or who is referred to the department by another public agency or private organization. The case plan provisions shall comply with federal law and the rules of procedure for child abuse and neglect proceedings.

(b) The department shall convene a multidisciplinary treatment team, which shall develop the case plan. Parents, guardians or custodians shall participate fully in the development of the case plan, and the child shall also fully participate if sufficiently mature and the child’s participation is otherwise appropriate. The case plan may be modified from time to time to allow for flexibility in goal development, and in each such case the modifications shall be submitted to the court in writing. Reasonable efforts to place a child for adoption or with a legal guardian may be made at the same time as reasonable efforts are being made to prevent removal or to make it possible for a child to return safely home. The court shall examine the proposed case plan or any modification thereof, and upon a finding by the court that the plan or modified plan can be easily communicated, explained and discussed so as to make the participants accountable and able to understand the reasons for any success or failure under the plan, the court shall inform the participants of the probable action of the court if goals are met or not met.

(c) In furtherance of the provisions of this article, the department shall, within the limits of available funds, establish programs and services for the following purposes:

(1) For the development and establishment of training programs for professional and paraprofessional personnel in the fields of medicine, law, education, social work and other relevant fields who are engaged in, or intend to work in, the field of the prevention, identification and treatment of child
41 abuse and neglect; and training programs for children, and for
42 persons responsible for the welfare of children, in methods of
43 protecting children from child abuse and neglect;

44 (2) For the establishment and maintenance of centers,
45 serving defined geographic areas, staffed by multidisciplinary
46 teams and community teams of personnel trained in the
47 prevention, identification and treatment of child abuse and
48 neglect cases, to provide a broad range of services related to
49 child abuse and neglect, including direct support as well as
50 providing advice and consultation to individuals, agencies
51 and organizations which request such services;

52 (3) For furnishing services of multidisciplinary teams and
53 community teams, trained in the prevention, identification
54 and treatment of child abuse and neglect cases, on a
55 consulting basis to small communities where such services
56 are not available;

57 (4) For other innovative programs and projects that show
58 promise of successfully identifying, preventing or remedying
59 the causes of child abuse and neglect, including, but not
60 limited to, programs and services designed to improve and
61 maintain parenting skills, programs and projects for parent
62 self help, and for prevention and treatment of drug-related
63 child abuse and neglect; and

64 (5) Assisting public agencies or nonprofit private
65 organizations or combinations thereof in making applications
66 for grants from, or in entering into contracts with, the
67 Secretary of the federal Department of Health and Human
68 Services for demonstration programs and projects designed
69 to identify, prevent and treat child abuse and neglect.

70 (d) Agencies, organizations and programs funded to carry
71 out the purposes of this section shall be structured so as to
72 comply with any applicable federal law, any regulation of the
federal Department of Health and Human Services or the
secretary thereof, and any final comprehensive plan of the
federal advisory board on child abuse and neglect. In
funding organizations, the department shall, to the extent
feasible, ensure that parental organizations combating child
abuse and neglect receive preferential treatment.

ARTICLE 7. GENERAL PROVISIONS.

§49-7-1. Confidentiality of records.

(a) Except as otherwise provided in this chapter or by
order of the court, all records and information concerning a
child or juvenile which are maintained by the Division of
Juvenile Services, the Department of Health and Human
Resources, a child agency or facility, court or law-

enforcement agency shall be kept confidential and shall not
be released or disclosed to anyone, including any federal or
state agency.

(b) Notwithstanding the provisions of subsection (a) of
this section or any other provision of this code to the
contrary, records concerning a child or juvenile, except
adoption records and records disclosing the identity of a
person making a complaint of child abuse or neglect shall be
made available:

(1) Where otherwise authorized by this chapter;

(2) To:

(A) The child;

(B) A parent whose parental rights have not been
terminated; or

(C) The attorney of the child or parent;
(3) With the written consent of the child or of someone authorized to act on the child’s behalf; or

(4) Pursuant to an order of a court of record: Provided, That the court shall review such record or records for relevancy and materiality to the issues in the proceeding and safety, and may issue an order to limit the examination and use of the records or any part thereof.

(c) In addition to those persons or entities to whom information may be disclosed under subsection (b) of this section, information related to child abuse or neglect proceedings, except information relating to the identity of the person reporting or making a complaint of child abuse or neglect, shall be made available, upon request, to:

(1) Federal, state or local government entities, or any agent of such entities, including law-enforcement agencies and prosecuting attorneys, having a need for such information in order to carry out its responsibilities under law to protect children from abuse and neglect;

(2) The child fatality review team;

(3) Child abuse citizen review panels;

(4) Multidisciplinary investigative and treatment teams;

or

(5) A grand jury, circuit court or family court, upon a finding that information in the records is necessary for the determination of an issue before the grand jury, circuit court or family court.

(d) In the event of a child fatality or near fatality due to child abuse and neglect, information relating to such fatality or near fatality shall be made public by the Department of
Health and Human Resources and to the entities described in subsection (c) of this section, all under the circumstances described in that subsection: Provided, That information released by the Department of Health and Human Resources pursuant to this subsection shall not include the identity of a person reporting or making a complaint of child abuse or neglect. For purposes of this subsection, “near fatality” means any medical condition of the child which is certified by the attending physician to be life threatening.

(e) Except in juvenile proceedings which are transferred to criminal proceedings, law-enforcement records and files concerning a child or juvenile shall be kept separate from the records and files of adults and not included within the court files. Law-enforcement records and files concerning a child or juvenile shall only be open to inspection pursuant to the provisions of sections seventeen and eighteen, article five of this chapter.

(f) Any person who willfully violates the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $1,000, or confined in the county or regional jail for not more than six months, or be both fined and confined. A person convicted of violating the provisions of this section shall also be liable for damages in the amount of $300 or actual damages, whichever is greater.

(g) Notwithstanding the provisions of this section, or any other provision of this code to the contrary, the name and identity of any juvenile adjudicated or convicted of a violent or felonious crime shall be made available to the public.

§49-7-36. Quarterly status review and yearly permanency hearings.

(a) For each child who remains in foster care as a result of a juvenile proceeding or as a result of a child abuse and
neglect proceeding, the circuit court with the assistance of the multidisciplinary treatment team shall conduct quarterly status reviews in order to determine the safety of the child, the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and to project a likely date by which the child may be returned to and safety maintained in the home or placed for adoption or legal guardianship. Quarterly status reviews shall commence three months after the entry of the placement order. The permanency hearing provided for in subsection (c) of this section may be considered a quarterly status review.

(b) For each transitioning adult as that term is defined in §49-2B-2(x) who remains in foster care, the circuit court shall conduct status review hearings as described in subsection (a) of this section once every three months until permanency is achieved.

(c) For each child or transitioning adult who continues to remain in foster care, the circuit court shall conduct a permanency hearing no later that twelve months after the date the child or transitioning adult is considered to have entered foster care, and at least once every twelve months thereafter until permanency is achieved. For purposes of permanency planning for transitioning adults, the circuit court shall make factual findings and conclusions of law as to whether the department made reasonable efforts to finalize a permanency plan to prepare a transitioning adult for emancipation or independence or another approved permanency option such as, but not limited to, adoption or legal guardianship pursuant to the West Virginia Guardianship and Conservatorship Act.

(d) Nothing in this section shall be construed to abrogate the responsibilities of the circuit court from conducting
required hearings as provided in other provisions of this code, procedural court rules, or setting required hearings at the same time.

CHAPTER 27

(Com. Sub. for S. B. 161 - By Senators Foster, Palumbo, Klempa, Fanning, Unger, Kessler, Mr. President, Jenkins, Browning, Kirkendoll, Wills, Yost, Stollings and McCabe)

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §49-6A-1, §49-6A-2, §49-6A-8 and §49-6A-10 of the Code of West Virginia, 1931, as amended, all relating to mandatory reporting of abuse and neglect of children; adding promoting adult responsibility and prevention to the purpose; adding certain persons to the mandatory reporting list for all abuse or neglect of children; creating a requirement that certain adults report sexual abuse of children when observed or when received credible reports; allowing for exceptions; requiring law enforcement who receive a report of sexual abuse to alert the Department of Health and Human Resources; encouraging law-enforcement agencies to coordinate in investigating a report; increasing the criminal penalties for failure to report; creating a crime and criminal penalties for all adults who fail to report sexual abuse of children; and requiring and amending certain educational programs and trainings.

Be it enacted by the Legislature of West Virginia:
That §49-6A-1, §49-6A-2, §49-6A-8 and §49-6A-10 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 6A. REPORTS OF CHILDREN SUSPECTED TO BE ABUSED OR NEGLECTED.

§49-6A-1. Purpose.

1 It is the purpose of this article, through the complete reporting of child abuse and neglect, to protect the best interests of the child, to offer protective services in order to prevent any further harm to the child or any other children living in the home, to stabilize the home environment, to preserve family life whenever possible, to promote adult responsibility for protecting children and to encourage cooperation among the states to prevent future incidents of child abuse and neglect and in dealing with the problems of child abuse and neglect.

§49-6A-2. Persons mandated to report suspected abuse and neglect.

1 (a) Any medical, dental or mental health professional, Christian Science practitioner, religious healer, school teacher or other school personnel, social service worker, child care or foster care worker, emergency medical services personnel, peace officer or law-enforcement official, humane officer, member of the clergy, circuit court judge, family court judge, employee of the Division of Juvenile Services, magistrate, youth camp administrator or counselor, employee, coach or volunteer of an entity that provides organized activities for children, or commercial film or photographic print processor who has reasonable cause to suspect that a child is neglected or abused or observes the child being subjected to conditions that are likely to result in abuse or
neglect shall immediately, and not more than forty-eight hours after suspecting this abuse or neglect, report the circumstances or cause a report to be made to the Department of Health and Human Resources: Provided, That in any case where the reporter believes that the child suffered serious physical abuse or sexual abuse or sexual assault, the reporter shall also immediately report, or cause a report to be made, to the State Police and any law-enforcement agency having jurisdiction to investigate the complaint: Provided, however, That any person required to report under this article who is a member of the staff or volunteer of a public or private institution, school, entity that provides organized activities for children, facility or agency shall also immediately notify the person in charge of the institution, school, entity that provides organized activities for children, facility or agency, or a designated agent thereof, who may supplement the report or cause an additional report to be made.

(b) Any person over the age of eighteen who receives a disclosure from a credible witness or observes any sexual abuse or sexual assault of a child, shall immediately, and not more than forty-eight hours after receiving such a disclosure or observing the sexual abuse or sexual assault, report the circumstances or cause a report to be made to the Department of Health and Human Resources or the State Police or other law-enforcement agency having jurisdiction to investigate the report. In the event that the individual receiving the disclosure or observing the sexual abuse or sexual assault has a good faith belief that the reporting of the event to the police would expose either the reporter, the subject child, the reporter’s children or other children in the subject child’s household to an increased threat of serious bodily injury, the individual may delay making the report while he or she undertakes measures to remove themselves or the affected children from the perceived threat of additional harm: Provided, That the individual makes the report as soon as
practicable after the threat of harm has been reduced. The law-enforcement agency that receives a report under this subsection shall report the allegations to the Department of Health and Human Resources and coordinate with any other law-enforcement agency, as necessary to investigate the report.

(c) Nothing in this article is intended to prevent individuals from reporting suspected abuse or neglect on their own behalf. In addition to those persons and officials specifically required to report situations involving suspected abuse or neglect of children, any other person may make a report if such person has reasonable cause to suspect that a child has been abused or neglected in a home or institution or observes the child being subjected to conditions or circumstances that would reasonably result in abuse or neglect.

§49-6A-8. Failure to report; penalty.

Any person, official or institution required by this article to report a case involving a child known or suspected to be abused or neglected, or required by section five of this article to forward a copy of a report of serious injury, who knowingly fails to do so or knowingly prevents another person acting reasonably from doing so, is guilty of a misdemeanor and, upon conviction thereof, shall be confined in jail not more than thirty days or fined not more than $1,000, or both.

§49-6A-10. Educational programs.

Subject to appropriation in the budget bill, the state department shall conduct educational and training programs for persons required to report suspected abuse or neglect, and the general public, as well as implement evidence-based
programs that reduce incidents of child maltreatment including sexual abuse. Training for persons require to report and the general public shall include indicators of child abuse and neglect, tactics used by sexual abusers, how and when to make a report, and protective factors that prevent abuse and neglect in order to promote adult responsibility for protecting children, encourage maximum reporting of child abuse and neglect, and to improve communication, cooperation and coordination among all agencies involved in the identification, prevention and treatment of the abuse and neglect of children.

AN ACT to amend and reenact §22-11-6 of the Code of West Virginia, 1931, as amended, relating to making West Virginia’s Water Pollution Control Act consistent with the federal Water Pollution Control Act, also known as the Clean Water Act, by clarifying that compliance with the effluent limits contained in a National Pollution Discharge Elimination System permit is deemed compliant with West Virginia’s Water Pollution Control Act.

Be it enacted by the Legislature of West Virginia:

That §22-11-6 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 11. WATER POLLUTION CONTROL ACT.

§22-11-6. Requirement to comply with standards of water quality and effluent limitations.

1 All persons affected by rules establishing water quality standards and effluent limitations shall promptly comply therewith: Provided, That:

4 (1) Where necessary and proper, the secretary may specify a reasonable time for persons not complying with
such standards and limitations to comply therewith, and upon
the expiration of any such period of time, the secretary shall
revoke or modify any permit previously issued which
authorized the discharge of treated or untreated sewage,
industrial wastes or other wastes into the waters of this state
which result in reduction of the quality of such waters below
the standards and limitations established therefor by rules of
the board or secretary;

(2) Notwithstanding any rule or permit condition to the
contrary, and except for any standard imposed under section
307 of the federal Water Pollution Control Act for a toxic
pollutant injurious to human health, compliance with a permit
issued pursuant to this article shall be deemed compliance for
purposes of both this article and sections 301, 302, 306, 307
and 403 of the federal Water Pollution Control Act. Nothing
in this section, however, prevents the secretary from
modifying, reissuing or revoking a permit during its term.
The provisions of this section addressing compliance with a
permit are intended to apply to all existing and future
discharges and permits without the need for permit
modifications. However, should any such modification be
necessary under the terms of this article, then the secretary
shall immediately commence the process to effect such
modifications; and

(3) The Legislature finds that there are concerns within
West Virginia regarding the applicability of the research
underlying the federal selenium criteria to a state such as
West Virginia which has high precipitation rates and free-
flowing streams and that the alleged environmental impacts
that were documented in applicable federal research have not
been observed in West Virginia and, further, that
considerable research is required to determine if selenium is
having an impact on West Virginia streams, to validate or
determine the proper testing methods for selenium and to
better understand the chemical reactions related to selenium
mobilization in water. For existing NPDES permits, the department may extend the time period for achieving water quality-based effluent limits for selenium discharges into waters supporting aquatic life uses to July 1, 2012, upon compliance with all federally required public notice requirements for such modifications, upon a finding that the permittee cannot comply with its existing compliance schedule and that an extension is not in violation of any state or federal laws, rules or regulations. The West Virginia Department of Environmental Protection is hereby directed to undertake a comprehensive study relating to selenium and prepare a report detailing such findings and submitting the report to the Joint Committee on Government and Finance no later than January 1, 2010. In conducting such study, the West Virginia Department of Environmental Protection shall consult with, among others, West Virginia University and the West Virginia Water Research Institute.

(a) To assist the Division of Homeland Security and Emergency Management in implementing and operating the Mine and Industrial Accident Rapid Response System, the Office of Miners’ Health, Safety and Training shall, on a quarterly basis, provide the emergency operations center with a mine emergency contact list. In the event of any change in the information contained in the mine emergency contact list, the changes shall be provided immediately to the emergency operations center. The mine emergency contact list shall include the following information:

(1) The names and telephone numbers of the Director of the Office of Miners’ Health, Safety and Training, or his or her designee, including at least one telephone number at which the director or designee may be reached at any time;

(2) The names and telephone numbers of all district mine inspectors, including at least one telephone number for each inspector at which each inspector may be reached at any time;

(3) A current listing of all regional offices or districts of the Office of Miners’ Health, Safety and Training, including a detailed description of the geographical areas served by each regional office or district; and

(4) The names, locations and telephone numbers of all mine rescue stations, including at least one telephone number for each station that may be called twenty-four hours a day and a listing of all mines that each mine rescue station serves.
in accordance with the provisions of section thirty-five, article one, chapter twenty-two-a of this code.

(b) Upon the receipt of an emergency call regarding any accident, as defined in section sixty-six, article two, chapter twenty-two-a of this code, in or about any mine, the emergency operations center shall immediately notify:

(1) The Director of the Office of Miners’ Health, Safety and Training or his or her designee;

(2) The district mine inspector assigned to the district or region in which the accident occurred; and

(3) Local emergency service personnel in the area in which the accident occurred.

(c) The director or his or her designee shall determine the necessity for and contact all mine rescue stations that provide rescue coverage to the mine in question.

(d) In the event that an emergency call regarding any accident, as defined in section sixty-six, article two, chapter twenty-two-a of this code, in or about any mine, is initially received by a county answering point, as defined in article six, chapter twenty-four of this code, the call shall be immediately forwarded to the Mine and Industrial Accident Emergency Operations Center.

(e) Nothing in this section shall be construed to relieve an operator, as defined in section two, article one, chapter twenty-two-a of this code, from any reporting or notification obligation under section sixty-six, article two, chapter twenty-two-a of this code and under federal law.
(f) The Mine and Industrial Accident Rapid Response System and the emergency operations center are designed and intended to provide communications assistance to emergency responders and other responsible persons. Nothing in this section shall be construed to conflict with the responsibility and authority of an operator to provide mine rescue coverage in accordance with the provisions of section thirty-five, article one, chapter twenty-two-a of this code or the authority of the Director of the Office of Miners’ Health, Safety and Training to assign mine rescue teams under the provisions of subsection (d) of said section or to exercise any other authority provided in chapter twenty-two-a of this code.

The Director of the Division of Homeland Security and Emergency Management shall maintain a toll free number that allows callers to report mine safety violations and hazardous coal mining conditions and practices. The information collected shall be provided to the Office of Miners’ Health, Safety and Training. No information may be submitted to the Office of Miners’ Health, Safety and Training that would allow identification of the person placing the call. The calls are confidential and any documentation thereof or related thereto is not subject to release and is exempt from the provisions of article one, chapter twenty-nine-b of this code. The director shall distribute printed information to all state mining operations alerting miners to the existence of the toll free line. Each mining operation shall post this notice at the location used to post notices pursuant to section eighteen, article one, chapter twenty-two-a of this code.
CHAPTER 22A. MINER HEALTH, SAFETY AND TRAINING.

ARTICLE 1. OFFICE OF MINERS’ HEALTH, SAFETY AND TRAINING; ADMINISTRATION; ENFORCEMENT.

§22A-1-4. Powers and duties of the Director of the Office of Miners’ Health, Safety and Training

(a) The Director of the Office of Miners’ Health, Safety and Training is hereby empowered and it is his or her duty to administer and enforce the provisions of this chapter relating to health and safety inspections and enforcement and training in coal mines, underground clay mines, open pit mines, cement manufacturing plants and underground limestone and sandstone mines.

(b) The Director of the Office of Miners’ Health, Safety and Training has full charge of the division. The director has the power and duty to:

(1) Supervise and direct the execution and enforcement of the provisions of this article.

(2) Employ such assistants, clerks, stenographers and other employees as may be necessary to fully and effectively carry out his or her responsibilities and fix their compensation, except as otherwise provided in this article.

(3) Assign mine inspectors to divisions or districts in accordance with the provisions of section eight of this article as may be necessary to fully and effectively carry out the provisions of this law, including the training of inspectors for the specialized requirements of surface mining, shaft and slope sinking and surface installations and to supervise and direct the mine inspectors in the performance of their duties.
(4) Suspend, for good cause, any mine inspector without compensation for a period not exceeding thirty days in any calendar year.

(5) Prepare report forms to be used by mine inspectors in making their findings, orders and notices, upon inspections made in accordance with this article.

(6) Hear and determine applications made by mine operators for the annulment or revision of orders made by mine inspectors, and to make inspections of mines, in accordance with the provisions of this article.

(7) Cause a properly indexed permanent and public record to be kept of all inspections made by himself or by mine inspectors.

(8) Make annually a full and complete written report of the administration of the office to the Governor and the Legislature of the state for the year ending June 30. The report shall include the number of visits and inspections of mines in the state by mine inspectors, the quantity of coal, coke and other minerals (excluding oil and gas) produced in the state, the number of individuals employed, number of mines in operation, statistics with regard to health and safety of persons working in the mines including the causes of injuries and deaths, improvements made, prosecutions, the total funds of the office from all sources identifying each source of the funds, the expenditures of the office, the surplus or deficit of the office at the beginning and end of the year, the amount of fines collected, the amount of fines imposed, the value of fines pending, the number and type of violations found, the amount of fines imposed, levied and turned over for collection, the total amount of fines levied but not paid during the prior year, the titles and salaries of all inspectors and other officials of the office, the number of inspections made by each inspector, the number and type of violations found by each inspector. However, no inspector may
be identified by name in this report. Such reports shall be filed
with the Governor and the Legislature on or before December 31
of the same year for which it was made, and shall upon proper
authority be printed and distributed to interested persons.

(9) Call or subpoena witnesses, for the purpose of
conducting hearings into mine fires, mine explosions or any
mine accident; to administer oaths and to require production
of any books, papers, records or other documents relevant or
material to any hearing, investigation or examination of any
mine permitted by this chapter. Any witness so called or
subpoenaed shall receive $40 per diem and shall receive
mileage at the rate of $.15 for each mile actually traveled,
which shall be paid out of the State Treasury upon a
requisition upon the State Auditor, properly certified by the
witness.

(10) Institute civil actions for relief, including permanent
or temporary injunctions, restraining orders, or any other
appropriate action in the appropriate federal or state court
whenever any operator or the operator’s agent violates or
fails or refuses to comply with any lawful order, notice or
decision issued by the director or his or her representative.

(11) Beginning January 1, 2013, the director shall share
information regarding suspension or revocation of a
certificate of a certified person, as defined in this article for
violation of the substance abuse provisions of article one-a of
this chapter with other states that subject similar persons to
disciplinary action for violation of a substance abuse policy.

(12) The director shall propose rules for legislative
approval pursuant to article three, chapter twenty-nine-a of
this code, a rule establishing a program for the sharing of
information between employers who employ certified persons
regarding the discharge of persons in safety sensitive
positions as defined in section one, article one-a of this
chapter for violation of an employer’s substance abuse policy.

(13) Perform all other duties which are expressly imposed upon him or her by the provisions of this chapter.

(14) Impose reasonable fees upon applicants taking tests administered pursuant to the requirements of this chapter.

(15) Impose reasonable fees for the issuance of certifications required under this chapter.

(16) Prepare study guides and other forms of publications relating to mine safety and charge a reasonable fee for the sale of the publications.

(17) Make all records of the office open for inspection of interested persons and the public.

(c) The Director of the Office of Miners’ Health, Safety and Training, or his or her designee, upon receipt of the list of approved innovative mine safety technologies from the Mine Safety Technology Task Force, has thirty days to approve or amend the list as provided in section four, article thirteen-bb, chapter eleven of this code. At the expiration of the time period, the director shall publish the list of approved innovative mine safety technologies as provided in section four, article thirteen-bb, chapter eleven of this code.

§22A-1-13a. Study of mine inspector qualification, compensation, training and inspection programs.

The director is directed to conduct a study of the minimum qualifications for mine inspectors, the minimum compensation paid to mine inspectors and the overall training program established for mine inspectors. The study shall identify ways to attract and retain new, qualified mine inspectors to minimize the effect of the anticipated retirement
of a significant number of current inspectors. Additionally, the study shall examine ways to improve the training programs for mine inspectors by focusing on technological advances in coal mining techniques, best practices used in modern coal mines and proper mine ventilation. Further, the director shall perform an assessment of the resources and qualification of inspectors necessary to approve mine ventilation plans. Finally, the study shall make recommendations on how to reassess mine inspection priorities to ensure that mines having a history of numerous safety violations are inspected more frequently than mines having a history of comparatively few safety violations while preserving the minimum number of inspections required by the code. By December 31, 2012, the Office of Miners’ Health, Safety and Training shall report to the Legislature’s Joint Committee on Government and Finance with recommendations regarding the implementation of its findings.

§22A-1-14. Director and inspectors authorized to enter mines; duties of inspectors to examine mines; no advance notice of an inspection; reports after fatal accidents.

(a) The director, or his or her authorized representative, has authority to visit, enter, and examine any mine, whether underground or on the surface, and may call for the assistance of any district mine inspector or inspectors whenever assistance is necessary in the examination of any mine. The operator of every coal mine shall furnish the director or his or her authorized representative proper facilities for entering the mine and making examination or obtaining information.

(b) If miners or one of their authorized representatives, have reason to believe, at any time, that dangerous conditions are existing or that the law is not being complied with, they
may request the director to have an immediate investigation made.

(c) Mine inspectors shall devote their full-time and undivided attention to the performance of their duties, and they shall examine all of the mines in their respective districts at least four times annually, and as often, in addition thereto, as the director may direct, or the necessities of the case or the condition of the mine or mines may require, with no advance notice of inspection provided to any person, and they shall make a personal examination of each working face and all entrances to abandoned parts of the mine where gas is known to liberate, for the purpose of determining whether an imminent danger, referred to in section fifteen of this article, exists in the mine, or whether any provision of article two of this chapter is being violated or has been violated within the past forty-eight hours in the mine. No other person shall, with the intent of undermining the integrity of an unannounced mine inspection, provide advance notice of any inspection or of an inspector’s presence at a mine to any person at that mine. Any person who, with the requisite intent, knowingly causes or conspires to provide advance notice of any inspection or of an inspector’s presence at a mine is guilty of a felony and, upon conviction thereof, shall be fined not more than $15,000 or imprisoned in a state correctional facility not less than one year and not more than five years, or both fined and imprisoned.

(d) In addition to the other duties imposed by this article and article two of this chapter, it is the duty of each inspector to note each violation he or she finds and issue a finding, order, or notice, as appropriate for each violation so noted. During the investigation of any accident, any violation may be noted whether or not the inspector actually observes the violation and whether or not the violation exists at the time the inspector notes the violation, so long as the inspector has
On or after July 1, 2012, an inspector shall require the operator or other employer to investigate all complaints received by the Office of Miners’ Health, Safety and Training involving a certified person’s substance abuse or alcohol related impairment at a mine. Within thirty days following notification by the Office of Miners’ Health, Safety and Training to the operator or other employer of the complaint, the operator or other employer shall file with the Director a summary of its investigation into the alleged substance abuse or alcohol related impairment of a certified person.

(f) The mine inspector shall visit the scene of each fatal accident occurring in any mine within his or her district and shall make an examination into the particular facts of the accident; make a report to the director, setting forth the results of the examination, including the condition of the mine and the cause or causes of the fatal accident, if known, and all the reports shall be made available to the interested parties, upon written requests.

(g) At the commencement of any inspection of a coal mine by an authorized representative of the director, the authorized representative of the miners at the mine at the time of the inspection shall be given an opportunity to accompany the authorized representative of the director on the inspection.

(a) (1) Any operator of a coal mine in which a violation of any health or safety rule occurs or who violates any other provisions of this chapter shall be assessed a civil penalty by the director under subdivision (3) of this subsection, which shall be not more than $5,000, for each violation, unless the director determines that it is appropriate to impose a special assessment for the violation, pursuant to the provisions of
subdivision (2), subsection (b) of this section. Each violation constitutes a separate offense. In determining the amount of the penalty, the director shall consider the operator’s history of previous violations, whether the operator was negligent, the appropriateness of the penalty to the size of the business of the operator charged, the gravity of the violation and the demonstrated good faith of the operator charged in attempting to achieve rapid compliance after notification of a violation.

(2) Revisions to the assessment of civil penalties shall be proposed as legislative rules in accordance with the provisions of article three, chapter twenty-nine-a of this code.

(3) Any miner who knowingly violates any health or safety provision of this chapter or health or safety rule promulgated pursuant to this chapter is subject to a civil penalty assessed by the director under subdivision (4) of this subsection which shall not be more than $250 for each occurrence of the violation.

(4) A civil penalty under subdivision (1) or (2) of subsection (a) of this section or subdivision (1) or (2) of subsection (b) of this section shall be assessed by the director only after the person charged with a violation under this chapter or rule promulgated pursuant to this chapter has been given an opportunity for a public hearing and the director has determined, by a decision incorporating the director’s findings of fact in the decision, that a violation did occur and the amount of the penalty which is warranted and incorporating, when appropriate, an order in the decision requiring that the penalty be paid. Any hearing under this section shall be of record.

(5) If the person against whom a civil penalty is assessed fails to pay the penalty within the time prescribed in the order, the director may file a petition for enforcement of the order in any appropriate circuit court. The petition shall
designate the person against whom the order is sought to be enforced as the respondent. A copy of the petition shall immediately be sent by certified mail, return receipt requested, to the respondent and to the representative of the miners at the affected mine or the operator, as the case may be. The director shall certify and file in the court the record upon which the order sought to be enforced was issued. The court has jurisdiction to enter a judgment enforcing, modifying and enforcing as modified, or setting aside, in whole or in part, the order and decision of the director or it may remand the proceedings to the director for any further action it may direct. The court shall consider and determine de novo all relevant issues, except issues of fact which were or could have been litigated in review proceedings before a circuit court under section twenty of this article and, upon the request of the respondent, those issues of fact which are in dispute shall be submitted to a jury. On the basis of the jury’s findings the court shall determine the amount of the penalty to be imposed. Subject to the direction and control of the Attorney General, attorneys appointed for the director may appear for and represent the director in any action to enforce an order assessing civil penalties under this subdivision.

(b) (1) Any operator who knowingly violates a health or safety provision of this chapter or health or safety rule promulgated pursuant to this chapter, or knowingly violates or fails or refuses to comply with any order issued under section fifteen of this article, or any order incorporated in a final decision issued under this article, except an order incorporated in a decision under subsection (a) of this section or subsection (b), section twenty-two of this article, shall be assessed a civil penalty by the director under subdivision (5), subsection (a) of this section of not more than $5,000 and for a second or subsequent violation assessed a civil penalty of not more than $10,000, unless the director determines that it is appropriate to impose a special assessment for the violation, pursuant to the provisions of subdivision (2) of this subsection.
(2) In lieu of imposing a civil penalty pursuant to the provisions of subsection (a) of this section or subdivision (1) of this subsection, the director may impose a special assessment if an operator violates a health or safety provision of this chapter or health or safety rule promulgated pursuant to this chapter and the violation is of serious nature and involves one or more of the following by the operator:

(A) Violations involving fatalities and serious injuries;

(B) Failure or refusal to comply with any order issued under section fifteen of this article;

(C) Operation of a mine in the face of a closure order;

(D) Violations involving an imminent danger;

(E) Violations involving an extraordinarily high degree of negligence or gravity or other unique aggravating circumstances; or

(F) A discrimination violation under section twenty-two of this article.

In situations in which the director determines that there are factors present which would make it appropriate to impose a special assessment, the director shall assess a civil penalty of at least $5,000 and not more than $10,000.

(c) Whenever a corporate operator knowingly violates a health or safety provision of this chapter or health or safety rules promulgated pursuant to this chapter, or knowingly violates or fails or refuses to comply with any order issued under this law or any order incorporated in a final decision issued under this law, except an order incorporated in a decision issued under subsection (a) of this section or subsection (b), section twenty-two of this article, any
(d) Whoever knowingly makes any false statement, representation or certification in any application, record, report, plan or other document filed or required to be maintained pursuant to this law or any order or decision issued under this law is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $10,000 or confined in jail not more than one year, or both fined and confined. The conviction of any person under this subsection shall result in the revocation of any certifications held by the person under this chapter which certified or authorized the person to direct other persons in coal mining by operation of law and bars that person from being issued any license under this chapter, except a miner’s certification, for a period of not less than one year or for a longer period as may be determined by the director.

(e) Whoever willfully distributes, sells, offers for sale, introduces or delivers in commerce any equipment for use in a coal mine, including, but not limited to, components and accessories of the equipment, who willfully misrepresents the equipment as complying with the provisions of this law, or with any specification or rule of the director applicable to the equipment, and which does not comply with the law, specification or rule, is guilty of a misdemeanor and, upon conviction thereof, is subject to the same fine and confinement that may be imposed upon a person under subsection (d) of this section.

(f) Any person who willfully violates any safety standard pursuant to this chapter or a rule promulgated thereunder that causes a fatality or who willfully orders or carries out such
violation that causes a fatality is guilty of a felony and, upon
conviction thereof, shall be fined not more than $10,000 or
confined in a state correctional facility not less than one year
and not more than five years, or both fined and imprisoned.

(g) There is continued in the Treasury of the State of
West Virginia a Special Health, Safety and Training Fund.
All civil penalty assessments collected under this section
shall be collected by the director and deposited with the
Treasurer of the State of West Virginia to the credit of the
Special Health, Safety and Training Fund. The fund shall be
used by the director who is authorized to expend the moneys
in the fund for the administration of this chapter.

§22A-1-40. Reporting violations, accident investigations;
witness interviews.

(a) To the extent permitted by law, any person meeting
with, or providing a statement to, the director may request to
do so on a confidential basis without the consent, presence,
involvement or knowledge of any third party. Upon such a
request, the director shall keep the identity of any individual
providing such a statement and the statement itself
confidential, to the extent permitted by law, and the statement
shall be exempt from disclosure under article one, chapter
twenty-nine-b of this code. Nothing in this section precludes
a person from being represented when speaking with the
director. Further, nothing in this section precludes a person
under subpoena or who is voluntarily speaking with the
director from authorizing any other person from participation
in such meeting or statement.

(b) If any miner is entrapped, fatally injured or otherwise
unable, as the result of an accident, to designate a
representative to observe witness interviews and
investigatory hearings conducted in an accident investigation,
the miner’s closest relative may designate one representative
who may, subject to subsection (a) of this section, attend
witness interviews and investigatory hearings regarding the
accident for the sole purpose of observing such interviews
and hearings and conveying information to the accident
victim’s family: Provided, That the right of a designated
representative to observe witness interviews and
investigatory hearings pursuant to this subsection shall be
subject to subsection (a) of this section and shall not extend
to interviews or investigatory hearings of a criminal nature
conducted by state or federal inspectors or other state or
federal law enforcement officers. No more than five
representatives designated pursuant to this section may attend
witness interviews and investigatory hearings for the purpose
of observing such interviews and hearings and conveying
information to accident victims’ families.

(c) The director shall, in consultation with the Board of
Coal Mine Health and Safety, develop a list of persons skilled
in the fields of grief and crisis management, communications
and family support. Following any mining accident
involving entrapped miners or fatal injuries, the director shall
promptly provide the list of such individuals to the families
of the accident victim or victims. The individuals contained
on the list developed by the director shall be available as a
resource to families of accident victims who seek their
assistance. The list shall also contain a reference to this code
section and a statement that the family has the right to
designate a representative of their choosing regardless of
whether that person is named on the list.

ARTICLE 1A. OFFICE OF MINERS’ HEALTH, SAFETY
AND TRAINING; ADMINISTRATION;
SUBSTANCE ABUSE.

§22A-1A-1. Substance abuse screening; minimum requirements;
standards and procedures for screening.

(a) Every employer of certified persons, as defined in
section two, article one of this chapter, shall implement a
substance abuse screening policy and program that shall, at a minimum, include:

(1) A preemployment, ten-panel urine test for the following and any other substances as set out in rules adopted by the Office of Miners’ Health, Safety and Training:

A. Amphetamines,
B. Cannabinoids/THC,
C. Cocaine,
D. Opiates,
E. Phencyclidine (PCP),
F. Benzodiazepines,
G. Propoxyphene,
H. Methadone,
I. Barbiturates, and
J. Synthetic narcotics.

Split samples shall be collected by providers who are certified as complying with standards and procedures set out in the United States Department of Transportation’s rule, 49 CFR Part 40, which may be amended from time to time by legislative rule of the Office of Miners’ Health, Safety and Training. Collected samples shall be tested by laboratories certified by the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration (SAMHSA) for collection and testing. Notwithstanding the provisions of this subdivision, the mine operator may implement a more stringent substance abuse screening policy and program;
(2) A random substance abuse testing program covering the substances referenced in subdivision (1) of this subsection. “Random testing” means that each person subject to testing has a statistically equal chance of being selected for testing at random and at unscheduled times. The selection of persons for random testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with the persons’ social security numbers, payroll identification numbers, or other comparable identifying numbers; and

(3) Review of the substance abuse screening program with all persons required to be tested at the time of employment, upon a change in the program and annually thereafter.

(b) For purposes of this subsection, preemployment testing shall be required upon hiring by a new employer, rehiring by a former employer following a termination of the employer/employee relationship, or transferring to a West Virginia mine from an employer’s out-of-state mine to the extent that any substance abuse test required by the employer in the other jurisdiction does not comply with the minimum standards for substance abuse testing required by this article. Furthermore, the provisions of this section apply to all employers that employ certified persons who work in mines, regardless of whether that employer is an operator, contractor, subcontractor or otherwise.

(c) The employer or his or her agent shall notify the director at least quarterly, on a form prescribed by the director, of the number of pre-employment substance abuse screening tests administered during the prior calendar quarter and the number of positive test results associated with the substance abuse screening tests administered.
(d) The employer or his or her agent shall notify the director, on a form prescribed by the director, within seven days following completion of an arbitration conducted pursuant to a collective bargaining agreement applicable to the certified person, if any, of discharging a certified person for violation of the employer’s substance abuse screening policy and program. The notification shall be accompanied by a record of the test showing positive results or other violation. Notice shall result in the immediate temporary suspension of all certificates held by the certified person who failed the screening, pending a hearing before the board of appeals pursuant to section two of this article.

(e) Suspension or revocation of a certified person’s certificate as a miner or other miner specialty in another jurisdiction by the applicable regulatory or licensing authority for substance abuse-related matters shall result in the director immediately and temporarily suspending the certified person’s West Virginia certificate until such time as the certified person’s certification is reinstated in the other jurisdiction.

(f) The provisions of this article shall not be construed to preclude an employer from developing or maintaining a drug and alcohol abuse policy, testing program or substance abuse program that exceeds the minimum requirements set forth in this section. The provisions of this article shall also not be construed to require an employer to alter, amend, revise or otherwise change, in any respect, a previously established substance abuse screening policy and program that meets or exceeds the minimum requirements set forth in this section. The provisions of this article shall require an employer to subject its employees who as part of their employment are regularly present at a mine and who are employed in a safety-sensitive position to preemployment and random substance abuse tests: Provided, That each employer shall retain the discretion to establish the parameters of its substance abuse screening policy and program so long as it meets the
minimum requirements of this article. For purposes of this section, a “safety-sensitive position” means an employment position where the employee’s job responsibilities include duties and activities that involve the personal safety of the employee or others working at a mine.

§22A-1A-2. Board of Appeals hearing procedures.

(a) Any hearing conducted after the temporary suspension of a certified person’s certificate pursuant to this article, shall be conducted within sixty days of the temporary suspension. The Board of Appeals shall make every effort to hold the hearing within forty days of the temporary suspension.

(b) All hearings of the Board of Appeals pursuant to this section shall be conducted in accordance with the provisions of subsection (c), section thirty-one, article one of this chapter. The Board of Appeals may suspend the certificate or certificates of a certified person for violation of this article or for any other violation of this chapter pertaining to substance abuse. The Board of Appeals may impose further disciplinary actions for repeat violations. The director shall have the authority to propose legislative rules for promulgation in accordance with article three, chapter twenty-nine-a of this code to establish the disciplinary actions referenced in this section following the receipt of recommendations from the Board of Coal Mine Health and Safety following completion of the study required pursuant to section fourteen, article six of this chapter. The legislative rules authorized by this subsection shall not, however, include any provisions requiring an employer to take or refrain from taking any specific personnel action or mandating any employer to establish or maintain an employer-funded substance abuse rehabilitation program.

(c) No person whose certification is suspended or revoked under this section may perform any duties under any
other certification issued under this chapter, during the period of the suspension imposed by the Board of Appeals.

(d) Any party adversely affected by a final order or decision issued by the Board of Appeals hereunder is entitled to judicial review thereof pursuant to section four, article five, chapter twenty-nine-a of this code.

Records of substance abuse and alcohol screening tests, written or otherwise, received by the Office of Miners’ Health, Safety and Training, its employees, agents and representatives are confidential communications and are exempt from disclosure under article one, chapter twenty-nine-b of the code, except as follows:

(a) Where release of the information is authorized solely pursuant to a written consent form signed voluntarily by the person tested. The consent form shall contain the following:

(1) The name of the person who is authorized to obtain the information;

(2) The purpose of the disclosure;

(3) The precise information to be disclosed;

(4) The duration of the consent; and

(5) The signature of the person authorizing the release of the information;

(b) Where the release of the information is compelled by the Board of Appeals or a court of competent jurisdiction;

(c) Where the release of the information is relevant to a legal claim asserted by the person tested;
(d) Where the information is used by the entity conducting the substance abuse or alcohol screening test in defense of a civil or administrative action related to the testing or results, or to consult with its legal counsel; or

(e) Where release of the information is deemed appropriate by the Board of Appeals or a court of competent jurisdiction in a disciplinary proceeding.

§22A-1A-4. Effective date.

The provisions of this article are effective beginning January 1, 2013.

ARTICLE 2. UNDERGROUND MINES.

§22A-2-2. Submittal of detailed ventilation plan to director.

(a) A mine operator shall submit a detailed ventilation plan and any addendums to the director for review and comment. The mine operator shall review the plan with the director and address concerns to the extent practicable. The operator shall deliver to the miners’ representative employed by the operator at the mine, if any, a copy of the operator’s proposed annual ventilation plan at least ten days prior to the date of submission. The miners’ representative, if any, shall be afforded the opportunity to submit written comments to the operator prior to such submission; in addition the miners’ representative, if any, may submit written comments to the director. The director shall submit any concern that is not addressed to the United States Department of Labor - Mine Safety and Health Administration [MSHA] through comments to the plan. The mine operator shall provide a copy of the plan to the director ten days prior to the submittal of the plan to MSHA.

(b) The operator shall give the director a copy of the MSHA-approved plan and any addendums as soon as the operator receives the approval.
(c) In the event of an unforeseen situation requiring immediate action on a plan revision, the operator shall submit
the proposed revision to the director and the miners’
representative, if any, employed by the operator at the mine
when the proposed revision is submitted to MSHA. The
director shall work with the operator to review and comment on
the proposed plan revision to MSHA as quickly as possible.

(d) Upon approval by MSHA, the plan is enforceable by
the director. The approved plan and all revisions and
addendums thereto shall be posted on the mine bulletin board
and made available for inspection by the miners at that mine
for the period of time that they are in effect.

§22A-2-12. Instruction of employees and supervision of
apprentices; annual examination of persons
using approved methane detecting devices;
records of examination; maintenance of
methane detectors, etc.

(a) The Office of Miners’ Health, Safety and Training
shall prescribe and establish a course of instruction in mine
safety and particularly in dangers incident to employment in
mines and in mining laws and rules, which course of
instruction shall be successfully completed within twelve
weeks after any person is first employed as a miner. It is
further the duty and responsibility of the Office of Miners’
Health, Safety and Training to see that the course is given to
all persons as above provided after their first being employed
in any mine in this state. In addition to other enforcement
actions available to the director, upon a finding by the
director of the existence of a pattern of conduct creating a
hazardous condition at a mine, the director shall notify the
Board of Miners’ Training, Education and Certification,
which shall cause additional training to occur at the mine
addressing such safety issue or issues identified by the
director, pursuant to article seven of this chapter.
(b) It is the duty of the mine foreman or the assistant mine foreman of every coal mine in this state to see that every person employed to work in the mine is, before beginning work therein, instructed in the particular danger incident to his or her work in the mine, and furnished a copy of the mining laws and rules of the mine. It is the duty of every mine operator who employs apprentices, as that term is used in sections three and four, article eight of this chapter to ensure that the apprentices are effectively supervised with regard to safety practices and to instruct apprentices in safe mining practices. Every apprentice shall work under the direction of the mine foreman or his or her assistant mine foreman and they are responsible for his or her safety. The mine foreman or assistant mine foreman may delegate the supervision of an apprentice to an experienced miner, but the foreman and his or her assistant mine foreman remain responsible for the apprentice. During the first one hundred twenty days of employment in a mine, the apprentice shall work within sight and sound of the mine foreman, assistant mine foreman, or an experienced miner, and in a location that the mine foreman, assistant mine foreman or experienced miner can effectively respond to cries for help of the apprentice. The location shall be on the same side of any belt, conveyor or mining equipment.

(c) Persons whose duties require them to use an approved methane detecting device or other approved methane detectors shall be examined at least annually as to their competence by a qualified official from the Office of Miners’ Health, Safety and Training and a record of the examination shall be kept by the operator and the office. Approved methane detecting devices and other approved methane detectors shall be given proper maintenance and shall be tested before each working shift. Each operator shall provide for the proper maintenance and care of the permissible approved methane detecting device or any other approved device for detecting methane and oxygen deficiency by a person trained in the maintenance, and, before each shift, care shall be taken to ensure that the approved methane detecting
The mine foreman shall, each day, read carefully and countersign with ink or indelible pencil all reports entered in the record book of the fire bosses. The mine foreman shall supervise the fire boss or fire bosses, except as provided in section twenty-one of this article. No less frequently than bi-weekly, the superintendent or, if there is no superintendent, the senior person at the mine shall obtain complete copies of the books of the fire bosses, and acknowledge that he or she has reviewed such copies and acted accordingly. This acknowledgment shall be made by signing a book prescribed by the director for that purpose.

(a) It is the duty of the fire boss, or a certified person acting as such, to prepare a danger signal (a separate signal for each shift) with red color at the mine entrance at the beginning of his or her shift or prior to his or her entering the mine to make his or her examination and, except for those persons already on assigned duty, no person except the mine owner, operator or agent, and only then in the case of necessity, shall pass beyond this danger signal until the mine has been examined by the fire boss or other certified person and the mine or certain parts thereof reported by him or her to be safe. When reported by him or her to be safe, the danger sign or color thereof shall be changed to indicate that the mine is safe in order that employees going on shift may begin work. Each person designated to make the fire boss examinations shall be assigned a definite underground area of the mine, and, in making his or her examination shall examine all active working places in the assigned area and make tests with an approved device for accumulations of
19 methane and oxygen deficiency; examine seals and doors;
20 examine and test the roof, face and ribs in the working places
21 and on active roadways and travelways, approaches to
22 abandoned workings, accessible falls in active sections and
23 areas where any person is scheduled to work or travel
24 underground. He or she shall place his or her initials and the
25 date at or near the face of each place he or she examines.
26 Should he or she find a condition which he or she considers
27 dangerous to persons entering the areas, he or she shall place
28 a conspicuous danger sign at all entrances to the place or
29 places. Only persons authorized by the mine management
30 may enter the places while the sign is posted and only for the
31 purpose of eliminating the dangerous condition. Upon
32 completing his or her examination he or she shall report by
33 suitable communication system or in person the results of this
34 examination to a certified person designated by mine
35 management to receive and record the report, at a designated
36 station on the surface of the premises of the mine or
37 underground, before other persons enter the mine to work in
38 coal-producing shifts. He or she shall also record the results
39 of his or her examination with ink or indelible pencil in a
40 book prescribed by the director, kept for the purpose at a
41 place on the surface of the mine designated by mine
42 management. All records of daily and weekly reports, as
43 prescribed herein, shall be open for inspection by interested
44 persons.

45 (b) Supplemental examination. -- When it becomes
46 necessary to have workers enter areas of the mine not
47 covered during the preshift examination, a supplemental
48 examination shall be performed by a fire boss or certified
49 person acting as such within three hours before any person
50 enters the area. The fire boss or certified person acting as
51 such shall examine the area for hazardous conditions,
52 determine if air is traveling in its proper direction and test for
53 oxygen deficiency and methane.
(c) Each examined area shall be certified by date, time and the initials of the examiner.

(d) The results of the examination shall be recorded with ink or indelible pencil by the examiner in the book referenced in subsection (a) of this section before he or she leaves the mine on that shift.

§22A-2-24. Control of coal dust; rock dusting.

(a) In all mines, dangerous accumulations of fine, dry coal and coal dust shall be removed from the mine, and all dry and dusty operating sections and haulageways and conveyors and back entries shall be rock dusted or dust allayed by other methods as may be approved by the director.

(b) All mines or locations in mines that are too wet or too high in incombustible content for a coal dust explosion to initiate or propagate are not required to be rock dusted during the time any of these conditions prevail. Coal dust and other dust in suspension in unusual quantities shall be allayed by sprinkling or other dust allaying devices.

(c) In all dry and dusty mines or sections thereof, rock dust shall be applied and maintained upon the roof, floor and sides of all operating sections, haulageways and parallel entries connected thereto by open crosscuts. Back entries shall be rock dusted. Rock dust shall be so applied to include the last open crosscut of rooms and entries, and to within forty feet of faces. Rock dust shall be maintained in a quantity that the incombustible content of the mine dust that could initiate or propagate an explosion shall not be less than eighty percent. The incombustible content of mine dust in return entries shall also be equal to or greater than eighty percent.

(d) Rock dust shall not contain more than five percent by volume of quartz or free silica particles and shall be pulverized so that one hundred percent will pass through a
twenty mesh screen and seventy percent or more will pass through a two hundred mesh screen.

(e) If requested by the director, an operator shall provide records establishing the quantity of bulk and bag rock dust purchased for a period not to exceed the immediately preceding six months.

§22A-2-43. Actions to detect and respond to excess methane.

The following actions are required to detect and respond to excess methane:

(a) Hand-held testing required. -- In any mine, no electrical equipment or permissible diesel powered equipment may be brought inby the last open crosscut until a qualified person tests for methane. If one percent or more methane is present, the equipment may not be taken into the area until the methane concentration is reduced to less than one percent. Thereafter, subsequent methane examinations shall be made at least every twenty minutes while any electrical or diesel powered equipment is present and energized.

(b) Location of tests. -- Tests for methane concentrations under this section shall be made at least twelve inches from the roof, face, ribs and floor.

(c) Working places and intake air courses. --

(1) When one percent or more methane is present in a working place or an intake air course, including an air course in which a belt conveyor is located or in an area where mechanized mining equipment is being installed or removed:

(A) Except intrinsically safe atmospheric monitoring systems (AMS), electrically powered equipment in the affected area shall be de-energized and other mechanized equipment shall be shut off.
(B) Changes or adjustments shall be made at once to the ventilation system to reduce the concentration of methane to less than one percent.

(C) No other work shall be permitted in the affected area until the methane concentration is less than one percent.

(2) When one and five-tenths percent or more methane is present in a working place or an intake air course, including an air course in which a belt conveyor is located or in an area where mechanized mining equipment is being installed or removed:

(A) Except for the mine foreman, assistant mine foreman, or individuals authorized by the mine foreman or assistant mine foreman, all individuals shall be withdrawn from the affected area. If a federal or state mine inspector is present in the area of the mine where one and five-tenths percent or more of methane is detected, the federal or state mine inspector and the miners’ representative, if any, may remain in the area with the mine foreman, assistant mine foreman or other individuals authorized by the mine foreman or assistant mine foreman.

(B) Except for intrinsically safe AMS, electrically powered equipment in the affected area shall be disconnected at the power source.

(d) Return air split.--

(1) When one percent or more methane is present in a return air split between the last working place on a working section and where that split of air meets another split of air or the location at which the split is used to ventilate seals or worked-out areas, changes or adjustments shall be made at once to the ventilation system to reduce the concentration of methane in the return air to less than one percent.
(2) When one and five-tenths percent or more methane is present in a return air split between the last working place on a working section and where that split of air meets another split of air or the location where the split is used to ventilate seals or worked-out areas, except for the mine foreman, assistant mine foreman or individuals authorized by the mine or assistant mine foreman, all individuals shall be withdrawn from the affected area. If a federal or state mine inspector is present in the area of the mine where one and five-tenths percent or more of methane is detected, the federal or state mine inspector and the miners’ representative, if any, may remain in the area with the mine foreman, assistant mine foreman or other individuals authorized by the mine foreman or assistant mine foreman.

(3) Other than intrinsically safe AMS, equipment in the affected area shall be de-energized, electric power shall be disconnected at the power source and other mechanized equipment shall be shut off.

(4) No other work shall be permitted in the affected area until the methane concentration in the return air is less than one percent.

(e) **Return air split alternative.** --

(1) The provisions of this paragraph may apply if:

(A) The quantity of air in the split ventilating the active workings is at least twenty seven thousand cubic feet per minute in the last open crosscut or the quantity specified in the approved ventilation plan, whichever is greater.

(B) The methane content of the air in the split is continuously monitored during mining operations by an AMS that gives a visual and audible signal on the working section when the methane in the return air reaches one and five-tenths percent and the methane content is monitored as specified in the approved ventilation plan.
(C) Rock dust is continuously applied with a mechanical
duster to the return air course during coal production at a
location in the air course immediately outby the most inby
monitoring point.

(2) When one and five-tenths percent or more methane is
present in a return air split between a point in the return
opposite the section loading point and where that split of air
meets another split of air or where the split of air is used to
ventilate seals or worked-out areas:

(A) Changes or adjustments shall be made at once to the
ventilation system to reduce the concentration of methane in
the return air below one and five-tenths percent.

(B) Except for the mine foreman, assistant mine foreman
or individuals authorized by the mine foreman or assistant
mine foreman, all individuals shall be withdrawn from the
affected area. If a federal or state mine inspector is present in
the area of the mine where one and five-tenths percent or
more of methane is detected, the federal or state mine
inspector and the miners’ representative, if any, may remain
in the area with the mine foreman, assistant mine foreman or
other individuals authorized by the mine foreman or assistant
mine foreman.

(C) Except for intrinsically safe AMS, equipment in the
affected area shall be de-energized, electric power shall be
disconnected at the power source and other mechanized
equipment shall be shut off.

(D) No other work shall be permitted in the affected area
until the methane concentration in the return air is less than
one and five-tenths percent.

(f) *Bleeders and other return air courses.*--

The concentration of methane in a bleeder split of air
immediately before the air in the split joins another split of
air, or in a return air course other than as described in subsections (d) and (e) of this section, shall not exceed two percent.

(g) *Machine mounted methane monitors.* --

(1) Approved methane monitors shall be installed and maintained on all face cutting machines, continuous miners, longwall face equipment and other mechanized equipment used to extract coal or load coal within the working place.

(2) The sensing device for methane monitors on longwall shearing machines shall be installed at the return air end of the longwall face. An additional sensing device also shall be installed on the longwall shearing machine, downwind and as close to the cutting head as practicable. An alternative location or locations for the sensing device required on the longwall shearing machine may be approved in the ventilation plan.

(3) The sensing devices of methane monitors shall be installed as close to the working face as practicable.

(4) Methane monitors shall be maintained in permissible and proper operating condition and shall be calibrated with a known air-methane mixture at least once every fifteen days and a record of the calibration shall be recorded with ink or indelible pencil by the person performing the calibration in a book prescribed by the director and maintained on the surface. Calibration records shall be retained for inspection for at least one year from the date of the test. To assure that methane monitors are properly maintained and calibrated, the operator shall use persons properly trained in the maintenance, calibration, and permissibility of methane monitors to calibrate and maintain the devices.

(h) *Automatic de-energization of extraction apparatus.* --
When the methane concentration at any machine-mounted methane monitor reaches one percent, the monitor shall give a warning signal. The warning signal device of the methane monitor shall be visible to a person operating the equipment on which the monitor is mounted. The methane monitor shall automatically de-energize the extraction apparatus on the machine on which it is mounted, but not the machine as a whole to facilitate proper mining procedures, when:

(1) The methane concentration at any machine-mounted methane monitor reaches one and twenty-five one hundredths percent for a sustained period; or

(2) The monitor is not operating properly.

The machine’s extraction apparatus may not again be started in that place until the methane concentration measured by the methane monitor is less than one percent.

(i) Compliance schedule for machine refit.--

Within one hundred twenty days of the effective date of the amendments to this section, the Board of Coal Mine Health and Safety shall promulgate legislative rules pursuant to article three, chapter twenty-nine-a of this code establishing calibration procedures, defining the term “sustained period” for purposes of implementing this section, and establishing a compliance schedule setting forth the time frame in which all new and existing face cutting machines, continuous miners, longwall face equipment and other mechanized equipment used to extract coal or load coal within the working place shall be refitted with methane monitors. Enforcement of subsections (g) and (h) of this section shall not commence until after the time frame is established by rule.
§22A-2-43a. Operation of cutting and mining machines; repair and maintenance of same.

(a) Qualified person to operate cutting machine. -- No person shall be placed in charge of a coal-cutting machine in any mine who is not a qualified person, capable of determining the safety of the roof and sides of the working places and of detecting the presence of explosive gas, unless they are accompanied by a certified or qualified person who has passed such an examination.

(b) Operation of mining machines. -- Machine operators and helpers shall use care while operating mining machines. They shall examine the roof of the working place to see that it is safe before starting to operate the machine. They shall not move the machine while the cutter chain is in motion. Additionally, no person shall operate the cutterhead on any continuous miner while the machine is moving from place to place underground: Provided, That a cutterhead may be operated during clean up or when the machine is extracting coal.

(c) Repair and maintenance of mining machines. -- (1) Repairs or maintenance shall not be performed on mining machines until the power is off and locked and tagged, if required by law, and the machinery is blocked against motion, except where machinery motion is necessary to make adjustments. For purposes of this subsection, the following terms shall have the following meanings:

(A) “Maintenance” means the labor of keeping machinery in good working order and includes cleaning, clearing jammed material or conducting examinations on or in close proximity to machinery; and

(B) “Repair” means to fix, mend, or restore to good working order.

(d) Methods to comply with the standard to prevent inadvertent or unexpected motion include:
(A) Opening the circuit breaker for the affected machinery, provided no energized parts or conductors are exposed, and placing the run selector switch for startup of the machinery in the “off” position. On longwall machinery, this would include placing the lockout switch in the lockout position in the area were the repair or maintenance is being performed. A qualified electrician is required to de-energize a circuit breaker if there are exposed energized parts or conductors; or

(B) Opening the circuit breaker at the power center that supplies power for the affected machinery and disengaging the power cable coupler that supplies power to the machinery; or

(C) Opening a manual visible disconnect switch, either within the circuit or onboard the machinery, and securing the switch against reenergization, as required by law. A control circuit start-stop switch does not constitute a manual disconnect; or

(D) In cases such as steeply inclined belt conveyors and suspended loads, when removing the power alone will not ensure against unintentional or inadvertent movement, the machinery shall be physically blocked, in addition to removing the power by one of the three methods described above. Physical blocking may be achieved by the use of such devices as bars, chocks or clamps.

§22A-2-55. Protective equipment and clothing.

(a) Welders and helpers shall use proper shields or goggles to protect their eyes. All employees shall have approved goggles or shields and use the same where there is a hazard from flying particles or other eye hazards.

(b) Employees engaged in haulage operations and all other persons employed around moving equipment on the surface and underground shall wear snug-fitting clothing.
(c) Protective gloves shall be worn when material which may injure hands is handled, but gloves with gauntleted cuffs shall not be worn around moving equipment.

(d) Safety hats and safety-toed shoes shall be worn by all persons while in or around a mine: Provided, That metatarsal guards are not required to be worn by persons when working in those areas of underground mine workings which average less than forty-eight inches in height as measured from the floor to the roof of the underground mine workings.

(e) Approved eye protection shall be worn by all persons while being transported in open-type man trips.

(f)(1) A self-contained self-rescue device approved by the director shall be worn by each person underground or kept within his or her immediate reach and the device shall be provided by the operator. The self-contained self-rescue device shall be adequate to protect a miner for one hour or longer. Each operator shall train each miner in the use of the device and refresher training courses for all underground employees shall be held once each quarter. Quarters shall be based on a calendar year.

(2) In addition to the requirements of subdivision (1) of this subsection, the operator shall also provide caches of additional self-contained self-rescue devices throughout the mine in accordance with a plan approved by the director. Each additional self-contained self-rescue device shall be adequate to protect a miner for one hour or longer. The total number of additional self-contained self-rescue devices, the total number of storage caches and the placement of each cache throughout the mine shall be established by rule pursuant to subsection (i) of this section. A luminescent sign with the words “SELF-CONTAINED SELF-RESCUER” or “SELF-CONTAINED SELF-RESCUERS” shall be conspicuously posted at each cache and luminescent direction signs shall be posted leading to each cache. Lifeline cords or other similar device, with reflective material at twenty-five
foot intervals, shall be attached to each cache from the last
open crosscut to the surface. The operator shall conduct
weekly inspections of each cache and each lifeline cord or
other similar device to ensure operability.

(3) Any person that, without the authorization of the
operator or the director, knowingly removes or attempts to
remove any self-contained self-rescue device or lifeline cord
from the mine or mine site with the intent to permanently
deprive the operator of the device or lifeline cord or
knowingly tampers with or attempts to tamper with the
device or lifeline cord shall be guilty of a felony and, upon
conviction thereof, shall be imprisoned in a state correctional
facility for not less than one year nor more than ten years or
fined not less than $10,000 nor more than $100,000, or both.

(g) (1) A wireless emergency communication device
approved by the director and provided by the operator shall
be worn by each person underground. The wireless
emergency communication device shall, at a minimum, be
capable of receiving emergency communications from the
surface at any location throughout the mine. Each operator
shall train each miner in the use of the device and provide
refresher training courses for all underground employees
during each calendar year. The operator shall install in or
around the mine any and all equipment necessary to transmit
emergency communications from the surface to each wireless
emergency communication device at any location throughout
the mine.

(2) Any person that, without the authorization of the
operator or the director, knowingly removes or attempts to
remove any wireless emergency communication device or
related equipment, from the mine or mine site with the intent
to permanently deprive the operator of the device or
equipment or knowingly tampers with or attempts to tamper
with the device or equipment shall be guilty of a felony and,
upon conviction thereof, shall be imprisoned in a state
correctional facility for not less than one year nor more than
(h) (1) A wireless tracking device approved by the director and provided by the operator shall be worn by each person underground. In the event of an accident or other emergency, the tracking device shall, at a minimum, be capable of providing real-time monitoring of the physical location of each person underground. Provided, That no person shall discharge or discriminate against any miner based on information gathered by a wireless tracking device during nonemergency monitoring. Each operator shall train each miner in the use of the device and provide refresher training courses for all underground employees during each calendar year. The operator shall install in or around the mine all equipment necessary to provide real-time emergency monitoring of the physical location of each person underground.

(2) Any person that, without the authorization of the operator or the director, knowingly removes or attempts to remove any wireless tracking device or related equipment, approved by the director, from a mine or mine site with the intent to permanently deprive the operator of the device or equipment or knowingly tampers with or attempts to tamper with the device or equipment shall be guilty of a felony and, upon conviction thereof, shall be imprisoned in a state correctional facility for not less than one year nor more than ten years or fined not less than $10,000 nor more than $100,000, or both.

(i) The director may promulgate emergency and legislative rules to implement and enforce this section pursuant to the provisions of article three, chapter twenty-nine-a of this code.

§22A-2-66. Accident; notice; investigation by Office of Miners’ Health, Safety and Training.

(a) For the purposes of this section, the term "accident" means:
(1) The death of an individual at a mine;

(2) An injury to an individual at a mine which has a reasonable potential to cause death;

(3) The entrapment of an individual;

(4) The unplanned inundation of a mine by a liquid or gas;

(5) The unplanned ignition or explosion of gas or dust;

(6) The unplanned ignition or explosion of a blasting agent or an explosive;

(7) An unplanned fire in or about a mine not extinguished within five minutes of ignition;

(8) An unplanned roof fall at or above the anchorage zone in active workings where roof bolts are in use or an unplanned roof or rib fall in active workings that impairs ventilation or impedes passage;

(9) A coal or rock outburst that causes withdrawal of miners or which disrupts regular mining activity for more than one hour;

(10) An unstable condition at an impoundment, refuse pile or culm bank which requires emergency action in order to prevent failure, or which causes individuals to evacuate an area, or the failure of an impoundment, refuse pile or culm bank;

(11) Damage to hoisting equipment in a shaft or slope which endangers an individual or which interferes with use of the equipment for more than thirty minutes; and

(12) An event at a mine which causes death or bodily injury to an individual not at the mine at the time the event occurs.
(b) Whenever any accident occurs in or about any coal mine or the machinery connected therewith, it is the duty of the operator or the mine foreman in charge of the mine to give notice, within fifteen minutes of ascertaining the occurrence of an accident, to the Mine and Industrial Accident Emergency Operations Center at the statewide telephone number established by the Director of the Division of Homeland Security and Emergency Management pursuant to the provisions of article five-b, chapter fifteen of this code stating the particulars of the accident: Provided, That the operator or the mine foreman in charge of the mine may comply with this notice requirement by immediately providing notice to the appropriate local organization for emergency services as defined in section eight, article five of said chapter, or the appropriate local emergency telephone system operator as defined in article six, chapter twenty-four of this code: Provided, however, That if, immediately upon ascertaining the occurrence of an accident, the operator or the mine foreman in charge of the mine provides notice to the local organization for emergency services as defined in section eight, article five, chapter fifteen of this code, or the appropriate local emergency telephone system operator as defined in article six, chapter twenty-four of this code, then, in order to comply with this subsection, the operator or mine foreman in charge of the mine shall also give notice to the Mine and Industrial Accident Emergency Operations Center at the statewide number identified in this subsection within fifteen minutes of completing the telephone call to the local organization for emergency services or the appropriate local emergency telephone system operator, as applicable: Provided, further, That nothing in this subsection shall be construed to relieve the operator from any reporting or notification requirement under federal law.

(c) The Director of the Office of Miners’ Health, Safety and Training shall impose, pursuant to rules authorized in this section, a civil administrative penalty of $100,000 on the operator if it is determined that the operator or the mine foremen in charge of the mine failed to give immediate notice as required
in this section: Provided, That the director may waive imposition of the civil administrative penalty at any time if he or she finds that the failure to give immediate notice was caused by circumstances wholly outside the control of the operator:

Provided, however, That the assessment of the civil administrative penalty set forth in this subsection may be appealed to the Board of Appeals, and the Board of Appeals may, by unanimous vote, reduce the amount of the civil administrative penalty upon a finding of mitigating circumstances warranting the imposition of a lesser amount.

(d) If anyone is fatally injured, the inspector shall immediately go to the scene of the accident and make recommendations and render assistance as he or she may deem necessary for the future safety of the men and investigate the cause of the explosion or accident and make a record. He or she shall preserve the record with the other records in his or her office. The cost of the investigation records shall be paid by the Office of Miners’ Health, Safety and Training. A copy shall be furnished to the operator and other interested parties. To enable him or her to make an investigation, he or she has the power to compel the attendance of witnesses and to administer oaths or affirmations. The director has the right to appear and testify and to offer any testimony that may be relevant to the questions and to cross-examine witnesses.

ARTICLE 6. BOARD OF COAL MINE HEALTH AND SAFETY.

§22A-6-4. Board powers and duties.

(a) The board shall adopt as standard rules the “coal mine health and safety provisions of this chapter”. Such standard rules and any other rules shall be adopted by the board without regard to the provisions of chapter twenty-nine-a of this code. The Board of Coal Mine Health and Safety shall devote its time toward promulgating rules in those areas
specifically directed by this chapter and those necessary to
prevent fatal accidents and injuries.

(b) The board shall review such standard rules and, when
deemed appropriate to improve or enhance coal mine health
and safety, revise the same or develop and promulgate new
rules dealing with coal mine health and safety.

(c) The board shall develop, promulgate and revise, as
may be appropriate, rules as are necessary and proper to
effectuate the purposes of article two of this chapter and to
prevent the circumvention and evasion thereof, all without
regard to the provisions of chapter twenty-nine-a of this code:

(1) Upon consideration of the latest available scientific
data in the field, the technical feasibility of standards, and
experience gained under this and other safety statutes, such
rules may expand protections afforded by this chapter
notwithstanding specific language therein, and such rules
may deal with subject areas not covered by this chapter to the
end of affording the maximum possible protection to the
health and safety of miners.

(2) No rules promulgated by the board shall reduce or
compromise the level of safety or protection afforded miners
below the level of safety or protection afforded by this
chapter.

(3) Any miner or representative of any miner, or any coal
operator has the power to petition the circuit court of
Kanawha County for a determination as to whether any rule
promulgated or revised reduces the protection afforded
miners below that provided by this chapter, or is otherwise
contrary to law: Provided, That any rule properly
promulgated by the board pursuant to the terms and
conditions of this chapter creates a rebuttable presumption
that said rule does not reduce the protection afforded miners
below that provided by this chapter.
(4) The director shall cause proposed rules and a notice thereof to be posted as provided in section eighteen, article one of this chapter. The director shall deliver a copy of such proposed rules and accompanying notice to each operator affected. A copy of such proposed rules shall be provided to any individual by the director’s request. The notice of proposed rules shall contain a summary in plain language explaining the effect of the proposed rules.

(5) The board shall afford interested persons a period of not less than thirty days after releasing proposed rules to submit written data or comments. The board may, upon the expiration of such period and after consideration of all relevant matters presented, promulgate such rules with such modifications as it may deem appropriate.

(6) On or before the last day of any period fixed for the submission of written data or comments under subdivision (5) of this section, any interested person may file with the board written objections to a proposed rule, stating the grounds therefor and requesting a public hearing on such objections. As soon as practicable after the period for filing such objections has expired, the board shall release a notice specifying the proposed rules to which objections have been filed and a hearing requested.

(7) Promptly after any such notice is released by the board under subdivision (6) of this section, the board shall issue notice of, and hold a public hearing for the purpose of receiving relevant evidence. Within sixty days after completion of the hearings, the board shall make findings of fact which shall be public, and may promulgate such rules with such modifications as it deems appropriate. In the event the board determines that a proposed rule should not be promulgated or should be modified, it shall within a reasonable time publish the reasons for its determination.
(8) All rules promulgated by the board shall be published in the State Register and continue in effect until modified or superseded in accordance with the provisions of this chapter.

(d) To carry out its duties and responsibilities, the board is authorized to employ such personnel, including legal counsel, experts and consultants, as it deems necessary. In addition, the board, within the appropriations provided for by the Legislature, may conduct or contract for research and studies and is entitled to the use of the services, facilities and personnel of any agency, institution, school, college or university of this state.

(e) The director shall within sixty days of a coal mining fatality or fatalities provide the board with all available reports regarding such fatality or fatalities.

The board shall review all reports and any recommended rules submitted by the director, receive any additional information it requests, and may, on its own initiative, investigate the circumstances surrounding a coal mining fatality or fatalities and ascertain the cause or causes of such coal mining fatality or fatalities. In order to investigate a coal mining fatality or fatalities, a majority of the board must vote in favor of commencing an investigation. Within ninety days of the receipt of the Federal Mine Safety and Health Administration’s fatal accident report and the director’s report and recommended rules, the board shall review and consider the presentation of said report and rules and the results of its own investigation, if any, and, if a majority of all voting board members determines that additional rules can assist in the prevention of the specific type of fatality, the board shall either accept and promulgate the director’s recommended rules, amend the director’s recommended rules or draft new rules, as are necessary to prevent the recurrence of such fatality. If the board chooses to amend the director’s recommended rules or draft its own rules, a vote is required within one hundred twenty days as to whether to promulgate
the amended rule or the rule drafted by the board: Provided, that the board may, by majority vote, find that exceptional circumstances exist and the deadline cannot be met: Provided, however, that under no circumstances shall such deadline be extended by more than a total of ninety days. A majority vote of the board is required to promulgate any such rule.

The board shall annually, not later than July 1, review the major causes of coal mining injuries during the previous calendar year, reviewing the causes in detail, and shall promulgate such rules as may be necessary to prevent the recurrence of such injuries.

Further, the board shall, on or before January 10, of each year, submit a report to the Governor, President of the Senate and Speaker of the House, which report shall include, but is not limited to:

(1) The number of fatalities during the previous calendar year, the apparent reason for each fatality as determined by the office of miners’ health, safety and training and the action, if any, taken by the board to prevent such fatality;

(2) Any rules promulgated by the board during the last year;

(3) What rules the board intends to promulgate during the current calendar year;

(4) Any problem the board is having in its effort to promulgate rules to enhance health and safety in the mining industry;

(5) Recommendations, if any, for the enactment, repeal or amendment of any statute which would cause the enhancement of health and safety in the mining industry;
(6) Any other information the board deems appropriate;

(7) In addition to the report by the board, as herein contained, each individual member of said board has right to submit a separate report, setting forth any views contrary to the report of the board, and the separate report, if any, shall be appended to the report of the board and be considered a part thereof.

§22A-6-13. Study of ingress and egress to bleeder and gob areas of longwall panels and pillar sections.

The Board of Coal Mine Health and Safety is directed to study the safety of working or traveling in bleeder or gob areas of a longwall panel or pillar section of a mine where only one travelable entry in and out of the area exists. The study shall consider what additional roof control or other measures, if any, should be implemented to ensure that underground miners who work or travel in bleeder or gob areas of a longwall panel or pillar section having only one travelable entry in and out of the areas are at least as safe as miners working in comparable areas with multiple travelable entries in and out of the areas. By December 31, 2012, the board shall report to the Legislature’s Joint Committee on Government and Finance with recommendations regarding implementation of the findings of this study.

§22A-6-14. Study of mandatory substance abuse program.

The Board of Coal Mine Health and Safety is directed to study the mandatory substance abuse screening policy and program requirements of article one-a of this chapter and make recommendations to the director regarding: (a) Establishment of guidelines to be employed by the Board of Appeals when administering disciplinary actions to certified persons pursuant to article one-a of this chapter; (b) requiring certification by the Office of Miners’ Health, Safety and Training of persons who regularly work at mines who are not presently required to obtain certification; and (c)
establishment of additional minimum requirements, parameters, methodologies and protocols to be integrated into the substance abuse screening policy and program requirements of article one-a of this chapter. By August 31, 2012, the board shall submit its report to the director. The director is authorized to propose for legislative promulgation, legislative rules pursuant to article three, chapter twenty-nine-a of this code regarding the implementation of the findings of this study. These rules shall be initially promulgated as emergency rules by the director pursuant to the provisions of section fifteen, article three, chapter twenty-nine-a of the code by December 31, 2012, and shall include the establishment of certification requirements recommended by the board for persons who regularly work at mines that are not presently required to obtain certification and establishment of guidelines to be employed by the Board of Appeals when administering disciplinary actions to certified persons pursuant to article one-a of this chapter.

ARTICLE 7. BOARD OF MINER TRAINING, EDUCATION AND CERTIFICATION.

§22A-7-5. Board powers and duties.

(a) The board shall establish criteria and standards for a program of education, training and examination to be required of all prospective miners and miners prior to their certification in any of the various miner specialties requiring certification under this article or any other provision of this code. The specialties include, but are not limited to, underground miner, surface miner, apprentice, underground mine foreman-fire boss, assistant underground mine foreman-fire boss, shotfirer, mine electrician and belt examiner. Notwithstanding the provisions of this section, the director may by rule further subdivide the classifications for certification.

(b) The board may require certification in other miner occupational specialties: Provided, That no new specialty
may be created by the board unless certification in a new specialty is made desirable by action of the federal government requiring certification in a specialty not enumerated in this code.

(c) The board may establish criteria and standards for a program of preemployment education and training to be required of miners working on the surface at underground mines who are not certified under the provisions of this article or any other provision of this code.

(d) The board shall set minimum standards for a program of continuing education and training of certified persons and other miners on an annual basis: Provided, That the standards shall be consistent with the provisions of section seven of this article. Prior to issuing the standards, the board shall conduct public hearings at which the parties who may be affected by its actions may be heard. The education and training shall be provided in a manner determined by the director to be sufficient to meet the standards established by the board.

(e) The board may, in conjunction with any state, local or federal agency or any other person or institution, provide for the payment of a stipend to prospective miners enrolled in one or more of the programs of miner education, training and certification provided in this article or any other provision of this code.

(f) The board may also, from time to time, conduct any hearings and other oversight activities required to ensure full implementation of programs established by it.

(g) Nothing in this article empowers the board to revoke or suspend any certificate issued by the Director of the Office of Miners’ Health, Safety and Training.

(h) The board may, upon its own motion or whenever requested to do so by the director, consider two certificates
issued by this state to be of equal value or consider training
provided or required by federal agencies to be sufficient to
meet training and education requirements set by it, the
director, or by the provisions of this code.

(i) As part of the annual training required by this section,
the board shall include training of certified persons and other
miners, instruction on miners’ rights as they relate to the

The board is directed to conduct a study of the overall
program of education, training and examination associated
with the various miner specialties requiring certification
under this article or any other provision of this code. The
study shall identify ways to enhance miner education and
training to adequately reflect technological advances in coal
mining techniques and best practices used in modern coal
mines, and improve supervision of apprentice miners.
Furthermore, the board shall place particular emphasis in its
study on ways to improve education and training in the areas
of proper mine ventilation, methane monitoring and
equipment de-energization, fire-boss procedures and overall
core mining competencies. By December 31, 2012, the board
shall report to the Legislature’s Joint Committee on
Government and Finance with recommendations regarding
the implementation of the findings of this study.

ARTICLE 12. UNDERGROUND ACCIDENT
INVESTIGATIONS.

§22A-12-1. Report on enforcement procedures.

The director shall, by December 31, 2013, report to the
Legislature and Governor on the need for revisions in the
state’s underground mine safety enforcement procedures. The director shall initiate the study using appropriate academic resources and mining safety organizations to conduct a program review of state enforcement procedures to evaluate what reforms will assure that mining operations follow state mandated safety protocols. The report shall include recommended legislation, rules and policies, consider various options for improving inspections, accountability and equitable and timely administrative procedures that cause remediation of hazardous working conditions.

(5) All conveyances, including aircraft, vehicles or vessels, which are used, have been used, or are intended for use, to transport, or in any manner to facilitate the transportation, sale, receipt, possession or concealment of property described in subdivision (1), (2) or (3) of this subsection, except that:

(A) A conveyance used by any person as a common carrier in the transaction of business as a common carrier shall not be forfeited under this section unless it appears that the person owning the conveyance is a consenting party or privy to a violation of article eight-a or eight-c of this chapter or section fourteen-b, article three-c of this chapter;

(B) A conveyance shall not be forfeited under the provisions of this article if the person owning the conveyance establishes that he or she neither knew, nor had reason to know, that the conveyance was being employed or was likely to be employed in a violation of article eight-a or eight-c of this chapter or section fourteen-b, article three-c of this chapter; and

(C) A bona fide security interest or other valid lien in any conveyance shall not be forfeited under the provisions of this article, unless the state proves by a preponderance of the evidence that the holder of the security interest or lien either knew, or had reason to know, that the conveyance was being used or was likely to be used in a violation of article eight-a or eight-c of this chapter or section fourteen-b, article three-c of this chapter.

(b) Property subject to forfeiture under this article may be seized by the State Police (hereinafter referred to as the “appropriate person” in this article).

(c) Visual depictions which are manufactured, possessed, transferred, sold or offered for sale in violation of this article
are contraband and shall be seized and summarily forfeited to
the state. Visual depictions which are seized or come into the
possession of the state, the owners of which are unknown, are
contraband and shall be summarily forfeited to the state upon
the seizure of the visual depictions.

(d) Notwithstanding any other provisions of this article to
the contrary, any items of tangible personal property sold to
a bona fide purchaser are not subject to forfeiture unless the
state establishes by clear and convincing proof that the bona

had in the previous three years next preceding the sale been
used in violation of this chapter.

(e) Notwithstanding any other provisions of this code to
the contrary, any person who has an ownership interest in
items of tangible personal property subject to forfeiture by
this article shall be presumed to be an innocent owner.
Unless the state establishes by clear and convincing proof
that the innocent owner knew or should have known that the
property subject to forfeiture had been used in violation of
article eight-a or eight-c of this chapter or section fourteen-b,
article three-c of this chapter and, if applicable, that the
innocent owner did not do all that reasonably could be
expected under the circumstances to terminate the illegal use
of the property once he or she had knowledge of it, the court
shall enter an order either: (1) Severing the property
appropriately; (2) transferring the property to the state with
a provision that the state shall compensate the innocent owner
to the extent of his or her ownership interest once a final
order of forfeiture has been entered and the property has been
reduced to liquid assets; or (3) permitting the innocent owner
to retain the property subject to a lien in favor of the state to
the extent of the forfeitable interest in the property. If the
state meets the burden set forth in this section, then the court
shall enter an order declaring the person with an ownership
interest is not an innocent owner and allowing forfeiture
proceedings to continue, pursuant to the requirements set forth in this article.

(a) Seizure of property made subject to forfeiture by the provisions of this article may be made upon process issued by any court of record having jurisdiction over the property.

(b) Notwithstanding the provisions of subsection (a) of this section, seizure of property subject to forfeiture by the provisions of this article may be made without process if:

(c) In the event of seizure pursuant to subsection (b) of this section, forfeiture proceedings shall be instituted within ninety days of the seizure thereof.

(d) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the appropriate person, subject only to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. When property is seized under this article, the appropriate person may:
27 (1) Place the property under seal;

28 (2) Remove the property to a place designated by him or her;

30 (3) Require the appropriate law-enforcement agency to take custody of the property and remove it to an appropriate location for disposition in accordance with law; or

33 (4) In the case of seized moneys, securities or other negotiable instruments, place the assets in any interest-bearing depository insured by an agency of the federal government.

1 (a)(1) Any proceeding wherein the state seeks forfeiture of property subject to forfeiture under this article shall be a civil proceeding. A petition for forfeiture may be filed on behalf of the state and any law-enforcement agency making a seizure under this article by the prosecuting attorney of a county, or duly appointed special prosecutor.

7 (2) A petition for forfeiture may be filed and proceedings held thereon in the circuit court of the county wherein the seizure was made, the real property subject to forfeiture is situate or the circuit court of the county wherein any owner of the property subject to forfeiture may reside.

12 (3) Any civil trial stemming from a petition for forfeiture brought under this article at the demand of either party shall be by jury.

15 (4) A petition for forfeiture of the seized property shall be filed within ninety days after the seizure of the property in question. The petition shall be verified by oath or affirmation of a law-enforcement officer representing the law-

(A) A description of the property seized;

(B) A statement as to who is responsible for the seizure;

(C) A statement of the time and place of seizure;

(b) At the time of filing or as soon as practicable thereafter, a copy of the petition for forfeiture shall be served upon the owner or owners of the seized property, as well as all holders of a perfected security interest or lien or of a possessory or statutory lien in the same class, if known. Should diligent efforts fail to disclose the lawful owner or owners of the seized property, a copy of the petition for forfeiture shall be served upon any person who was in
possession or alleged to be in possession of the property at
the time of seizure, where such person’s identity is known.
The above service shall be made pursuant to the provisions of
the West Virginia Rules of Civil Procedure. Any copy of the
petition for forfeiture so served shall include a notice
substantially as follows: “To any claimant to the within
described property: You have the right to file an answer to
this petition setting forth your title in, and right to possession
of, the property within thirty days from the service hereof. If
you fail to file an answer, a final order forfeiting the property
to the state will be entered, and such order is not subject to
appeal.”

If no owner or possessors, lien holders or holders of a
security interest be found, then such service may be by Class
II legal publication in accordance with the provisions of
article three, chapter fifty-nine of this code, and the
publication area shall be the county wherein such property
was located at the time of seizure and the county wherein the
petition for forfeiture is filed.

(c) In addition to the requirements of subsection (b)
above, the prosecuting attorney or law-enforcement officer
upon whose oath or affirmation the petition for forfeiture is
based, shall be responsible for the publication of a further
notice. Such further notice that a petition for forfeiture has
been filed shall be published by Class II legal advertisement
in accordance with article three, chapter fifty-nine of this
code. The publication area shall be the county wherein the
property was seized and the county wherein the petition for
forfeiture is filed. The notice shall advise any claimant to the
property of their right to file a claim on or before the date set
forth in the notice, which date shall not be less than thirty
days from the date of the first publication. The notice shall
specify that any claim must clearly state the identity of the
claimant and an address where legal process can be served
upon that person. In addition such notice shall contain the
following information:
(1) A description of the property seized;

(2) A statement as to who is responsible for the seizure;

(3) A statement of the time and place of seizure;

(d) If no answer or claim is filed within thirty days of the date of service of the petition pursuant to subsection (b) of this section, or within thirty days of the first publication pursuant to subsection (b) of this section, the court shall enter an order forfeiting the seized property to the state. If any claim to the seized property is timely filed, a time and place shall be set for a hearing upon such claim. The claimant or claimants shall be given notice of such hearing not less than ten days prior to the date set for the hearing.

(e) At the hearing upon the claim or claims, the state shall have the burden of proving by a preponderance of the evidence that the seized property is subject to forfeiture pursuant to the provisions of this chapter.

(f) Any order forfeiting property to the state and entered pursuant to this section perfects the state’s right, title and interest in the forfeited property and relates back to the date of seizure: Provided, That in any proceeding under this article the circuit court shall in its final order make specific
findings with respect to whether or not probable cause to
seize such property existed at the time of such seizure.

(g) During the pendency of a forfeiture proceeding, it is
unlawful for any property owner or holder of a bona fide
security interest or other valid lien holder to transfer or
attempt to transfer any ownership interest or security interest
in seized property with the intent to defeat the purpose of this
article, and the court wherein the petition for forfeiture is
filed may enjoin a property owner or holder of a security
interest or other lien holder from making such a transfer
should one come to its attention. Any such transfer which is
made in violation of the provisions of this subsection shall
have no effect upon an order of the court forfeiting seized
property to the state if a notice of lis pendens is filed prior to
the recording of the instrument of transfer.

(h) The court may void any transfer of property made
before or after a forfeiture proceeding has been commenced,
which is subject to forfeiture, if the transfer was not to a bona
fide purchaser without notice for value.

(i) An appeal of a decision of the circuit court concerning
a forfeiture proceeding brought pursuant to this chapter must
be filed within one hundred twenty days of the date of entry
of the final appealable order. The appellant shall be required
to give notice of intent to appeal within thirty days of the
entry of such appealable order.

negotiable instruments; distribution of proceeds.

instruments are forfeited under the provisions of this article,
such proceeds shall be distributed as follows:

office of the prosecuting attorney which initiated the
forfeiture proceeding;

The balance shall be deposited in a special law-
enforcement investigation fund. The fund may be placed in
any interest-bearing depository insured by an agency of the
federal government. The fund shall be administered by the
Superintendent of the State Police or his or her designee.

No funds shall be expended from the special law-
enforcement investigation fund except as follows:

(1) In the case of funds belonging to the State Police, the
funds shall only be expended at the direction of the
Superintendent of the State Police and in accordance with the
provisions of article two, chapter eleven-b of this code and
the provisions of subdivision (10), subsection (b), section
two, article two, chapter twelve of this code;

(2) In the case of funds belonging to the office of the
prosecuting attorney of any county in which the special fund
has been created, the funds therein may only be expended in
the manner provided in sections four and five, article five,
chapter seven of this code; and

(3) In the case of funds belonging to the police
department of any municipality in which the special fund has
been created, the funds therein may only be expended in the
manner provided in section twenty-two, article thirteen,
chapter eight of this code.

§61-8C-11. Disposition of other forfeited property; distribution of proceeds.

(a) When property other than that referred to in section
ten of this article is forfeited under this article, the circuit
court ordering the forfeiture, upon application by the
prosecuting attorney or the Superintendent of the State Police
or his or her designee, may direct that:

(1) Title to the forfeited property be vested in the law-
enforcement agency so petitioning;

(2) The law-enforcement agency responsible for the
seizure retain the property for official use; or

(3) The forfeited property shall be offered at public
auction to the highest bidder for cash. Notice of such public
auction shall be published as a Class III legal advertisement
in accordance with article three, chapter fifty-nine of this
code. The publication area shall be the county where the
public auction will be held.

(b) When a law-enforcement agency receives property
pursuant to this section, the court may, upon request of the
prosecuting attorney initiating the forfeiture proceeding,
require the law-enforcement agency to pay unto the office of
said prosecuting attorney a sum not to exceed ten percent of
the value of the property received to compensate said office
for actual costs and expenses incurred.

(c) The proceeds of every public sale conducted pursuant
to this section shall be paid and applied as follows: First, to
the balance due on any security interest preserved by the
court; second, to the costs incurred in the storage,
maintenance and security of the property; and third, to the
costs incurred in selling the property.

(d) Any proceeds of a public sale remaining after
distribution pursuant to subsection (c) of this section shall be
distributed as follows:
Ten percent of such proceeds shall be tendered to the office of the prosecuting attorney who initiated the forfeiture proceeding.

(2) The balance shall be deposited in a special law-enforcement investigation fund. Such fund shall be administered by the Superintendent of the State Police or his or her designee and shall take the form of an interest-bearing account with any interest earned to be compounded to the fund. Any funds deposited in the special law-enforcement investigative fund pursuant to this article shall be expended only to defray the costs of protracted or complex investigations, to provide additional technical equipment or expertise, to provide matching funds to obtain federal grants or for such other law-enforcement purposes as the Superintendent of the State Police or his or her designee may deem appropriate; however, these funds may not be utilized for regular operating needs.

(e) If more than one law-enforcement agency was substantially involved in effecting the seizure and forfeiture of property, the court wherein the petition for forfeiture was filed shall equitably distribute the forfeited property among the law-enforcement agencies. In the event of a public sale of such property pursuant to subsection (a) of this section, the court shall equitably distribute any proceeds remaining after distribution pursuant to subsection (c) and subdivision (1), subsection (d) of this section among such law-enforcement agencies for deposit into their individual special law-enforcement investigative fund. Equitable distribution shall be based upon the overall contribution of the individual law-enforcement agency to the investigation which led to the seizure.

(f) Upon the sale of any forfeited property for which title or registration is required by law, the state shall issue a title or registration certificate to any bona fide purchaser at a
public sale of the property conducted pursuant to subsection (a) of this section. Upon the request of the law-enforcement agency receiving, pursuant to the order of the court, or electing to retain, pursuant to subsection (a) of this section, any forfeited property for which title or registration is required by law, the state shall issue a title or registration certificate to the appropriate governmental body.

(g) Any funds expended pursuant to the provisions of this section shall only be expended in the manner provided in subsection (b), section ten of this article.

(h) Every prosecuting attorney or law-enforcement agency receiving forfeited property or proceeds from the sale of forfeited property pursuant to this article shall submit an annual report to the body which has budgetary authority over such agency. Such report shall specify the type and approximate value of all forfeited property and the amount of proceeds from the sale of forfeited property received in the preceding year. No county or municipality may use anticipated receipts of forfeited property in their budgetary process.

(i) In lieu of the sale of any forfeited property subject to a bona fide security interest preserved by an order of the court, the law-enforcement agency receiving the forfeited property may pay the balance due on any security interest preserved by the court from funds budgeted to the office or department or from the special fund and retain possession of the forfeited property for official use pursuant to subsection (a) of this section.

(j) In every case where property is forfeited, disposition of the forfeited property, in accordance with this article, shall be made within six months of the date upon which the court of jurisdiction orders forfeiture. Should the office or agency receiving the property fail either to place the property in
official use or dispose of the property in accordance with law, the court of jurisdiction shall cause disposition of the property to be made with any proceeds therefrom to be awarded to the state.

(k) No disposition shall occur until all applicable periods for filing a notice of intent to appeal has expired and no party in interest shall have filed such notice. The filing of the notice of intent to appeal shall stay any such disposition until the appeal has been finally adjudicated or until the appeal period of one hundred eighty days has expired without an appeal having actually been taken or filed, unless a valid extension of the appeal has been granted by the circuit court under the provisions of section seven, article four, chapter fifty-eight of this code.

(l) The special law-enforcement investigative funds of each law-enforcement agency may be placed in an interest-bearing depository insured by the federal government.

(Com. Sub. for S. B. 369 - By Senators Unger and Snyder)

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §7-14D-12 of the Code of West Virginia, 1931, as amended, relating to modifying the Deputy Sheriff Retirement System to allow a retirant upon divorce, annulment or remarriage to change the retirement benefit options under certain circumstances; and prohibiting causes of action against the board based upon such changes.

Be it enacted by the Legislature of West Virginia:

That §7-14D-12 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:
ARTICLE 14D. DEPUTY SHERIFF RETIREMENT SYSTEM ACT.

§7-14D-12. Annuity options.

(a) Prior to the effective date of retirement, but not thereafter, except as provided in subsection (c) of this section, a member may elect to receive retirement income payments in the normal form, or the actuarial equivalent of the normal form from the following options:

(1) Option A -- Joint and Survivor Annuity. -- A life annuity payable during the joint lifetime of the member and his or her beneficiary who is a natural person with an insurable interest in the member’s life. Upon the death of either the member or his or her beneficiary, the benefit shall continue as a life annuity to the survivor in an amount equal to fifty percent, sixty-six and two-thirds percent, seventy-five percent or one hundred percent of the amount paid while both were living as selected by the member. If the retiring member is married, the spouse shall sign a waiver of benefit rights if the beneficiary is to be other than the spouse.

(2) Option B -- Contingent Joint and Survivor Annuity. -- A life annuity payable during the joint lifetime of the member and his or her beneficiary who must be a natural person with an insurable interest in the member’s life. Upon the death of the member, the benefit shall continue as a life annuity to the beneficiary in an amount equal to fifty percent, sixty-six and two-thirds percent, seventy-five percent or one hundred percent of the amount paid while both were living as selected by the member. If the beneficiary dies first, the monthly amount of benefits may not be reduced, but shall be paid at the amount that was in effect before the death of the beneficiary. If the retiring member is married, the spouse shall sign a waiver of benefit rights if the beneficiary is to be other than the spouse.
(3) Option C -- Ten Years Certain and Life Annuity. -- A life annuity payable during the member’s lifetime but in any event for a minimum of ten years. If the member dies before the expiration of ten years, the remaining payments shall be made to a designated beneficiary, if any, or otherwise to the member’s estate.

(4) Option D -- Level Income Annuity. -- A life annuity payable monthly in an increased amount “A” from the time of retirement until the member is Social Security retirement age, and then a lesser amount “B” payable for the member’s lifetime thereafter, with these amounts computed actuarially to satisfy the following two conditions:

(A) Actuarial equivalence. -- The actuarial present value at the date of retirement of the member’s annuity if taken in the normal form must equal the actuarial present value of the term life annuity in amount “A” plus the actual present value of the deferred life annuity in amount “B”; and

(B) Level income. -- The amount “A” equals the amount “B” plus the amount of the member’s estimated monthly Social Security primary insurance amount that would commence at the date amount “B” becomes payable. For this calculation, the primary insurance amount is estimated when the member applies for retirement, using Social Security law then in effect, using assumptions established by the board.

(b) In the case of a member who has elected the options set forth in subdivisions (a)(1) or (2) of this section, and whose beneficiary dies prior to the member’s death, the member may name an alternative beneficiary. If an alternative beneficiary is named within eighteen months following the death of the prior beneficiary, the benefit shall be adjusted to be the actuarial equivalent of the benefit the member is receiving just after the death of the member’s named beneficiary. If the election is not made until eighteen
months after the death of the prior beneficiary, the amount shall be reduced so that it is only ninety percent of the actuarial equivalent of the benefit the member is receiving just after the death of the member’s named beneficiary.

(c) (1) In the case of a retired member who has elected an option set forth in subdivision (a)(1) or (2) of this section, and designated his or her spouse as beneficiary, upon divorce or annulment, the retirant may elect to change the retirement benefit options offered by those subdivisions to a life annuity in an amount adjusted on a fair basis to be of equal actuarial value of the annuity prospectively in effect relative to the retirant at the time the option is elected: Provided, That the retirant furnishes to the board satisfactory proof of entry of a final decree of divorce or annulment: Provided, however, That the retirant certifies under penalty of perjury that no qualified domestic relations order, final decree of divorce or other court order that would restrict the election is in effect: Provided further, That no cause of action against the board arises or may be maintained on the basis of having permitted the retirant to change the retirement benefit option pursuant to the provisions of this subdivision.

(2) Upon remarriage, a retirant may name the new spouse as an annuitant for any of the retirement benefit options offered by subdivision (a)(1) or (2) of this section: Provided, That the retirant shall furnish to the board proof of marriage: Provided, however, That the retirant certifies under penalty of perjury that no qualified domestic relations order, final decree of divorce or other court order that would restrict the designation is in effect: Provided further, That no cause of action against the board arises or may be maintained on the basis of having permitted the retirant to name a new spouse as annuitant for any of the survivorship retirement benefit options. The value of the new survivorship annuity shall be the actuarial equivalent of the retirant’s benefit prospectively in effect at the time the new annuity is elected.
AN ACT to amend and reenact §48-2-104 of the Code of West Virginia, 1931, as amended; and to amend said code by adding thereto two new sections, designated §48-2-701 and §48-2-702; and to amend and reenact §59-1-10 of said code, all relating generally to premarital education; providing a premarital education incentive to applicants for marriage licenses; providing for curriculum requirements for premarital education; identifying instructors for premarital education; increasing the fee for marriage license without completion of a premarital education course; creating a fund for purposes of administering the premarital education; and creating a fund for purposes of administering civil legal services for low income persons.

Be it enacted by the Legislature of West Virginia:

That §48-8-103 the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 8. SPOUSAL SUPPORT.

§48-8-103. Payment of spousal support.

(a) Upon ordering a divorce or granting a decree of separate maintenance, the court may require either party to pay spousal support in the form of periodic installments, or a lump sum, or both, for the maintenance of the other party. Payments of spousal support are to be ordinarily made from a party’s income, but when the income is not sufficient to adequately provide for those payments, the court may, upon
specific findings set forth in the order, order the party required to make those payments to make them from the corpus of his or her separate estate. An award of spousal support shall not be disproportionate to a party’s ability to pay as disclosed by the evidence before the court.

(b) At any time after the entry of an order pursuant to the provisions of this article, the court may, upon motion of either party, revise or alter the order concerning the maintenance of the parties, or either of them, and make a new order concerning the same, issuing it forthwith, as the altered circumstances or needs of the parties may render necessary to meet the ends of justice.

(2) Prior to admitting evidence of genetic testing, the court shall preliminarily determine whether genetic testing evidence should be admitted for the purpose of disproving or establishing paternity. The facts that may be considered by the court at this hearing include the following:

(A) The length of time that has elapsed since the party was first placed on notice that a child conceived during the marriage of the parties is not the child of the former husband, or that a child was born to a woman other than the former wife because of the adultery of the former husband;

(B) The length of time during which the individual desiring to challenge paternity assumed the role of parent to the child;
(C) The facts surrounding the party’s discovery of nonpaternity;

(D) The nature of the parent/child relationship;

(E) The age of the child;

(F) The harm which may result to the child if paternity were successfully disproved;

(G) The extent to which the passage of time reduced the chances of establishing paternity in favor of the child; and

(H) All other factors which may affect the equities involved in the potential disruption of the parent/child relationship or the chances of undeniable harm to the child.

(d) For the purposes of subsection (c), genetic testing must be performed pursuant to the following guidelines:

(1) The tests show that the inherited characteristics including, but not limited to, blood types, have been determined by appropriate testing procedures at a hospital, independent medical institution or independent medical laboratory duly licensed under the laws of this state, or any other state, and an expert qualified as an examiner of genetic markers has analyzed, interpreted and reported on the results; and

(2) The genetic test results exclude the former husband as the father of the child.

Be it enacted by the Legislature of West Virginia:

That §17C-5A-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that said code be amended by adding thereto two new sections, designated §17C-5C-4a and §17C-5C-4b, all to read as follows:

(b) The hearing shall be held at an office of the Division of

the county in which the arrest was made if an office of the
division is not available. The Office of Administrative
Hearings shall send a notice of hearing to the person whose
driving privileges are at issue and the person’s legal counsel if
the person is represented by legal counsel, the investigating or
arresting law-enforcement officers, the Division of Motor
Vehicles, and the Attorney General’s Office, if the Attorney
General has filed a notice of appearance of counsel on behalf
of the Division of Motor Vehicles.

(c) (1) Any hearing shall be held within one hundred
eighty days after the date upon which the Office of
Administrative Hearings received the timely written objection
unless there is a postponement or continuance.
(2) The Office of Administrative Hearings may postpone or continue any hearing on its own motion or upon application by the party whose license is at issue in that hearing or by the commissioner for good cause shown.

(3) The Office of Administrative Hearings may issue subpoenas commanding the appearance of witnesses and subpoenas duces tecum commanding the submission of documents, items or other things. Subpoenas duces tecum shall be returnable on the date of the next scheduled hearing unless otherwise specified. The Office of Administrative hearings shall issue subpoenas and subpoenas duces tecum at the request of a party or the party’s legal representative. of alcohol, controlled substances or drugs, or did drive a motor
vehicle while having an alcohol concentration in the person’s
blood of eight hundredths of one percent or more, by weight,
or did refuse to submit to the designated secondary chemical
test, or did drive a motor vehicle while under the age of
twenty-one years with an alcohol concentration in his or her
blood of two hundredths of one percent or more, by weight,
but less than eight hundredths of one percent, by weight.

or accused of driving a motor vehicle while under the age of
twenty-one years with an alcohol concentration in his or her
blood of two hundredths of one percent or more, by weight,
but less than eight hundredths of one percent, by weight, the
Office of Administrative Hearings shall make specific findings
as to: (1) Whether the investigating law-enforcement officer
had reasonable grounds to believe the person to have been
driving while under the influence of alcohol, controlled
substances or drugs, or while having an alcohol concentration
in the person’s blood of eight hundredths of one percent or
more, by weight, or to have been driving a motor vehicle while
under the age of twenty-one years with an alcohol
concentration in his or her blood of two hundredths of one
percent or more, by weight, but less than eight hundredths of
one percent, by weight; (2) whether the person was lawfully
placed under arrest for an offense involving driving under the
influence of alcohol, controlled substances or drugs, or was
lawfully taken into custody for the purpose of administering a
secondary test: *Provided*, That this element shall be waived in
cases where no arrest occurred due to driver incapacitation; (3)
whether the person committed an offense involving driving
under the influence of alcohol, controlled substances or drugs,
or was lawfully taken into custody for the purpose of
administering a secondary test; and (4) whether the tests, if any, were administered in accordance with the provisions of this article and article five of this chapter.

(h) If, in addition to a finding that the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person’s blood of eight hundredths of one percent or more, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused the death of a person, the
commissioner shall revoke the person’s license for a period of five years: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

alcohol, controlled substances or drugs, or knowingly permitted the person’s vehicle to be driven by another person who had an alcohol concentration in his or her blood of eight hundredths of one percent or more, by weight the commissioner shall revoke the person’s license for a period of six months or a period of fifteen days with an additional one hundred and twenty days of participation in the Motor Vehicle Alcohol Test and Lock Program in accordance with the provisions of section three-a of this article: Provided, That any period of participation in the Motor Vehicle Alcohol Test and Lock Program that has been imposed by a court pursuant to section two-b, article five of this chapter shall be credited against any period of participation imposed by the commissioner: Provided, however, That a person whose license is revoked for driving while under the influence of drugs is not eligible to participate in the Motor Vehicle Alcohol Test and Lock Program: Provided further, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: And provided further, That if the person’s license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(k) (1) If in addition to finding by a preponderance of the evidence that the person did drive a motor vehicle while under the influence of alcohol, controlled substance or drugs, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person did drive a motor vehicle while having an alcohol concentration in the person’s blood of fifteen hundredths of one percent or more, by weight, the commissioner shall revoke the person’s license for a period of forty-five days with an additional two hundred and seventy days of participation in the Motor Vehicle Alcohol
Test and Lock Program in accordance with the provisions of section three-a, article five-a, chapter seventeen-c of this code: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person’s license has previously been suspended or revoked the person’s license more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(l) If, in addition to a finding that the person did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to
perform a duty imposed by law, which act or failure proximately caused the death of a person, and if the Office of Administrative Hearings further finds that the alcohol concentration in the blood was a contributing cause to the death, the commissioner shall revoke the person’s license for a period of five years: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(m) If, in addition to a finding that the person did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused bodily injury to a person other than himself or herself, and if the Office of Administrative Hearings further finds that the alcohol concentration in the blood was a contributing cause to the bodily injury, the commissioner shall revoke the person’s license for a period of two years: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person’s license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

CHAPTER 57

(H. B. 4119 - By Delegates Perry and Lawrence)

[Passed March 9, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 20, 2012.]

*CLERK’S NOTE: It has been determined that H. B. 4119, originally styled as Chapter 57 was enrolled and signed by the Governor in an incorrect form. Therefore, the Governor not having received and signed a true and correct copy of the bill as passed by both houses, H. B. 4119 did not become law.*
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §18-2-6b, relating to the General Educational Development Diploma (GED); making legislative findings; setting forth legislative intent; and requiring the State Board of Education to study GED issues and make a report with recommendations by a certain date.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §18-2-6b, to read as follows:

ARTICLE 2.  STATE BOARD OF EDUCATION.

§18-2-6b.  General Educational Development (GED) diploma; legislative findings and intent; examination costs; testing materials and procedures; report required.

(a) The Legislature makes the following findings related to the General Educational Development (GED) examination:

(1) The GED examination is an instrument for success that can keep a student from dropping out of school and can transform the future for both school age and adult individuals
who attain a GED diploma. One in every seven Americans with a high school credential has received the GED, as well as one in every twenty college students. For those who have not graduated from high school, attaining a GED diploma greatly increases their employment opportunities and earning potential.

(2) While West Virginia’s average per-capita income has increased over the past ten years as the state’s economy has held steady or grown slightly, most other states have shown declines. Despite these positive changes, West Virginia still ranks as one of the five poorest states in the nation. Additionally, many counties within the state fall far below the state average; therefore, the current cost of the GED examination is difficult for many citizens to afford without help, and significant cost increases will make the GED examination cost prohibitive.

(3) In addition to the cost factor, large areas of West Virginia are without broadband Internet access or without adequate broadband Internet access speeds, which results in diminished opportunities for rural residents to participate in the rapidly unfolding digital revolution compared to their nonrural neighbors. Citizens living in these areas have few opportunities to become adept in computer technology. Therefore, most such citizens, especially adults seeking to earn a GED years after leaving the public school system, are not proficient or even comfortable using the Internet.

(4) Individuals who may benefit most from earning a GED diploma are those who lack many of the skills needed to secure employment or to function successfully in an age dependent upon technology. Because such individuals also lack the financial resources to obtain those needed skills, if the GED is unattainable they are likely to remain in a state of poverty.
(b) It is the intent of the Legislature to make the GED diploma available to the widest possible range of state residents who have not achieved a high school diploma. To that end, an examination of the following issues is required:

(1) The impact on prospective GED test takers of the proposed changes in the design and delivery of the qualifying examination made by the American Council on Education (ACE) in 2011;

(2) The impact of the increase in costs per individual tested; and

(3) The alternatives available to reduce costs and to retain the option of pen and paper testing for those who desire it.

(c) The State Board shall perform an exhaustive study of the issues surrounding administration of the GED examination in the state including, but not limited to, the following:

(1) Analysis of research, pilot testing, or both, that was done in West Virginia by the American Council on Education prior to its decision to eliminate pen and paper examinations, along with the justifications offered for eliminating this type of examination as a possible option;

(2) Determination of the current and future costs to the state to provide GED examinations free of charge to eligible individuals; and

(3) Recommendations for statutory or rule changes to achieve the following goals:

(A) Reducing or controlling escalating costs of administering the GED examinations; and

(B) Retaining paper and pen testing for those individuals who request or require it; or
(C) Eliminating or reducing significantly the difficulty for
individuals who are not comfortable or proficient in taking
online examinations.

(d) The State Board shall complete its work and report its
findings, conclusions and recommendations, together with
drafts of any legislation or rule changes necessary to effectuate
the recommendations, to the Legislative Oversight
Commission on Education Accountability no later than July 1,
2012.

The State Board shall promulgate rules and shall determine the minimum standards for the granting of certificates and awards for secondary vocational education, adult basic education, adult occupational education and adult technical preparatory education, subject to the provisions of section two, article two-b of this chapter and article three-a of chapter eighteen-b of this code.

The State Board shall provide a program of adult basic education at each state community and technical college campus where developmental education services are provided in cooperation with the West Virginia Council for Community and Technical College Education and the institutional board of governors of each college. This approach to providing adult basic education links these programs with developmental education and creates a simpler, clearer pathway for adults to enter college.
ARTICLE 2B. AREA VOCATIONAL PROGRAM.

§18-2B-1. Aims and purposes of program; areas where available.

The aims and purposes of the area vocational educational program are to provide vocational training or retraining on an organized basis designed to prepare individuals for useful employment in recognized occupations. The program shall be made available to residents of West Virginia in an area or areas designated and approved by the State Board.

§18-2B-2. Authority to establish programs, etc.; Division of Vocational Education established; rules; director.

(a) The State Board may establish, operate and maintain area vocational educational programs including the acquisition by purchase, lease, gift or otherwise of necessary lands and the construction, expansion, remodeling, alteration and equipping of necessary buildings for the purpose of operating and conducting educational training centers.

(b) The State Board may delegate its operational authority for multicounty vocational centers to an administrative council composed of equal representation from each of the participating county boards of education, the superintendent of schools from each participating county, and the state director of vocational education or his or her representative. To this end, there is hereby expressly established in the State Board a division of vocational education which shall determine the area or areas in which the programs are to be conducted and is authorized to promulgate rules necessary to carry out the provisions of this article, pursuant to article three-b, chapter twenty-nine-a of this code. The director of the division of vocational education administers and supervises the area vocational educational programs.
§18-2B-3. Area vocational education program funds.

1 There is hereby established a fund to be known as the Area Vocational Education Program Fund for Secondary Education.
2 There is hereby established a separate fund to be known as the Area Vocational Education Program Fund for Post-Secondary Vocational Education. All moneys appropriated for such purpose by the Legislature as well as any gifts or grants made to the appropriate fund by any governmental subdivision of the state or by the United States government or by any individual, firm or corporation, to carry out the provisions of this article shall be expended by the State Board.

§18-2B-4. Expenditure of funds; title to property.

1 The State Board may expend the area vocational education program funds for salaries; teachers' retirement contributions and necessary traveling expenses of teachers and other necessary employees, including, but not limited to, vocational guidance counselors; for purchase, rental, maintenance and repair of instructional equipment, buildings and supplies; and for the necessary costs of transportation of certified students.

1 The State Board may pay for the transportation of any certified unemployed person participating in any area vocational educational program during the period of time that he or she is engaged in the training program at any of the instructional centers.

ARTICLE 13. WEST VIRGINIA EDGE.

§18-13-1. Earn a Degree - Graduate Early (EDGE) initiative established; purposes.

1 The Earn a Degree - Graduate Early initiative herein established is known and may be cited as “West Virginia
EDGE”. This program is part of the programs of study and seamless curriculum initiative that focuses on aligning curriculum between education levels. Specifically, West Virginia EDGE is established to connect public schools with higher education for the following purposes:

(a) To prepare public high school students for success in the workplace or postsecondary education; and

(b) To provide the opportunity for these students to earn community and technical college credit free-of-charge for the duplicated secondary and postsecondary courses identified during the curriculum alignment process.

§18-13-2. Goals for West Virginia EDGE.

In order to serve the citizens of the state by promoting a higher college-going rate, reducing the time and cost for students to obtain college credentials and expanding opportunities for economic development, the West Virginia EDGE initiative shall meet the following goals:

(1) Create incentives for more students to continue their education beyond high school by providing all students with information about and access to courses that will prepare them to meet college-level standards;

(2) Expand successful concurrent enrollment programs that include all students, not just those who are designated as college bound. The goal here is to prepare all students for both work and postsecondary education with the same rigorous curriculum;

(3) Align junior and senior year secondary courses with community and technical college certificate and associate degree programs. This alignment provides access to early entrance college courses which offer all students the
(4) Increase the number of students attending public community and technical colleges by participating in a collaborative partnership between the public schools and the state community and technical colleges; and

(5) Establish programs of study pathways in combination with early entrance college courses which together allow a student to obtain an associate degree one year after high school graduation or to receive an associate degree along with the high school diploma.

§18-13-3. Program administration and accountability.

(a) West Virginia EDGE is administered by the Assistant State Superintendent of the Division of Technical, Adult and Institutional Education who serves as State Tech-Prep Coordinator. The community and technical college/career and technical education consortia planning districts created by section four, article three-c, chapter eighteen-b of this code serve as regional consortia to implement the program.

(b) The duties of State Tech-Prep Coordinator include, but are not limited to, the following:

(1) Developing a collaborative agreement with the facilitating state community and technical college or colleges in each consortium district and with the Council for Community and Technical College Education to meet the goals and objectives of this article.

(2) Meeting the record-keeping requirements of section nine, article eight, chapter five of this code:

(A) By developing or adapting an existing comprehensive relational data base and data analysis system for student
tracking to assure that consistent, reliable data relevant to the
goals of the program are available; and

(B) By tracking and evaluating EDGE outcomes across all
eight consortia districts and by creating a standardized
reporting procedure for collecting consistent EDGE data at the
state level;

(3) Assuring that coordinators in the district consortia
prepare and retain reliable supporting source documents
necessary to validate the data included with the state electronic
database;

(4) Providing documentation to substantiate program
outcomes, including, but not limited to, the number of students
who enroll in the program, specific courses taken, student
course and final exam grades, the number who earn EDGE
credits and, of these, the number who apply the credits in
pursuit of degrees or certifications at state community and
technical colleges; and

(5) Collecting data relevant to the goals and objectives
established for this initiative, analyzing the data, and preparing
a report for the Legislative Oversight Commission on
Education Accountability by December 1, 2012, and annually
thereafter. The specific focus of the report is the analysis of
data on program outcomes to demonstrate to what degree the
initiative has met the goals and objectives of this article.

§18-13-4. Joint rule required.

The State Board and the West Virginia Council for
Community and Technical College Education, created in
section three, article two-b, chapter eighteen-b of this code,
shall promulgate a joint legislative rule in accordance with
article three-b, chapter twenty-nine-a of this code, for the
administration of West Virginia EDGE. This rule shall
incorporate strategies designed to achieve the overall goals of
the program, methods of operation, and step-by-step procedures for achieving the objectives outlined in section two and for implementing the reporting and accountability measures set forth in section three of this article.

§18-13-5. No specific level of appropriation required.

The Legislature recognizes the importance of the West Virginia Edge Program and will endeavor to provide sufficient funds to meet program goals and objectives. However, funding is subject to appropriation by the Legislature and nothing in this article requires any specific level of appropriation.

CHAPTER 18B. HIGHER EDUCATION.

ARTICLE 3B. COLLABORATIVE DEGREE COMPLETION PROGRAM.

§18B-3B-1. Legislative findings and intent.

(a) The Legislature makes the following findings:

(1) Evidence from national studies shows clearly that the need to increase the number of Americans who hold post-secondary credentials has reached a critical point. According to Complete College America, the United States has fallen from its long-held position as first among the nations and now ranks tenth in the percentage of young adults with a college degree. Even more discouraging is the statistic which shows that, for the first time in national history, the current generation of college-age Americans will be less educated than their parents’ generation.

(2) In West Virginia, the large numbers of high school students who are uninterested and/or unprepared for college can be attributed to three primary factors:
(A) Lack of alignment in courses between public education and public colleges and universities;

(B) Lack of clear career pathways presented to students early enough to help them choose and follow an articulated path from high school through postsecondary education; and

(C) Lack of knowledge among students and parents about financial aid opportunities that can help them and their families defray the cost of attending college.

(3) Sixty-three percent of jobs now available or to become available in the near future require postsecondary education. This statistic is particularly relevant for community and technical college students, but even for students who choose to pursue a four-year degree, it is critical that they be clearly focused on career goals in order to succeed.

(4) Currently, a severe gap exists between the demands for technically skilled workers in West Virginia and the aspirations and programmatic focus of many of our students. Nearly thirty percent of the state’s high school students have failed to enroll in either the pre-baccalaureate professional pathway or the career and technical education skilled pathway. Most of these individuals could be better served in a focused program of study that begins in the public schools and makes a seamless transition to the postsecondary level in the state community and technical colleges.

(5) The best way to promote this focus on career goals among our students is through implementation of career pathways. This is an integrated collection of programs and services intended to develop students’ core academic, technical and employability skills; provide them with continuous education and training; and place them in high-demand, high-opportunity jobs.
(6) In West Virginia, preparing students to achieve higher levels of education is a responsibility shared among the state agencies responsible for providing education and workforce development training. Since increasing the education level of state citizens enhances West Virginia’s economic future and the general well-being of its citizens, providing additional opportunities to earn a college credential is the responsibility of all public secondary education and state institutions of higher education.

(b) It is the intent of the Legislature to encompass the entire public higher education system to remove those obstacles that block these pathways to college completion and to direct agencies and institutions to collaborate and cooperate to deliver needed services. Therefore, the object of this article is two-fold:

(1) To set forth a viable collaborative model that public community and technical colleges and public school career centers shall adopt to increase the number of West Virginians with a college credential; and

(2) To maximize existing resources and capacity to train the workforce in West Virginia by encouraging the most efficient expenditure of available dollars.

§18B-3B-2. Collaborative degree completion program established; program applicability and objectives.

(a) The Collaborative Degree Completion Program is hereby established as a collaborative partnership which includes the following:

(1) The public school career and technical centers which includes state technology centers, technical centers, career centers and career/technical centers; and
(2) The state community and technical colleges.

(b) The program shall meet the following objectives:

(1) Increasing the number of West Virginians who hold a college credential and providing opportunities for a larger number of adults to earn that credential;

(2) Increasing the education and technical skill levels of the state’s work force; and

(3) Delivering post-secondary technical education in the most effective and cost efficient manner by maximizing the available resources of career centers and community and technical colleges.

(c) The program shall be adopted by each community and technical college/career and technical education consortia planning district. Each district shall assess the needs of its employers, institutions and centers and may adapt the basic model to fit the needs of the area to be served; however, each model shall include the following basic strategies to meet the objectives established in this article:

(1) Identify postsecondary adult career-technical education programs offered by the public school career centers that are to be evaluated for delivery as a Certificate of Applied Science or an Associate of Applied Science Degree;

(2) Ensure that all collaborative programs meet the conditions of the Higher Learning Commission of the North Central Association of Schools and Colleges which is the accrediting body for state community and technical colleges;

(3) Ensure that all collaborative programs meet the academic standards of the participating college; and
(4) Provide for the collaborative program to remain onsite at the career and technical center if participating agencies determine that site to be the best location for achieving program objectives.

§18B-3B-3. Powers and duties of agencies participating in collaborative degree completion program.

Members of each community and technical college/career and technical education consortia planning district shall enter into an agreement that delineates the division of responsibilities among the facilitating community and technical college pursuant to section four, article three-c of this chapter and the career and technical centers, including activities for which these entities are jointly responsible.

(a) The following activities are the responsibility of the facilitating community and technical college in each consortia planning district:

(1) Approve all curricula course and/or programs through the college’s approval process;

(2) Maintain authority over the curriculum as required by the college’s accrediting agency;

(3) Deliver all program general education courses;

(4) Award the appropriate degree;

(5) Employ all general education faculty and approve the employment of all technical program faculty;

(6) Enroll students through the college’s admission and registration process and administer student financial aid, including coordinating and administering veterans’ education benefits;
(7) Charge and collect the college’s tuition and fees; and

(8) Pay the career and technical center for technical faculty time.

(b) The following activities are the responsibility of each career and technical center within the consortium planning district:

(1) Deliver the majority of the technical content courses;

(2) Maintain equipment and laboratories and provide adequate instructional space if the program is delivered onsite at the career and technical center; and

(3) Employ technical content faculty, if needed. If participants choose, these faculty members may be provided by the facilitating community and technical college.

(c) The following activities are the joint responsibility of the facilitating community and technical college and each career and technical center in the consortium planning district:

(1) Maintain programmatic accreditation, if required;

(2) Maintain student transcripts at both the community and technical college and the career and technical center. The college transcript is the official transcript of record;

(3) Determine admission standards and student acceptance into the programs;

(4) Market the program and share the cost of marketing as determined in the consortia agreement;

(5) Develop and implement a program of cross counseling in which counselors from secondary and postsecondary career
and technical centers and state community and technical
colleges meet with students and their parents, beginning in the
eighth grade to answer their education and career-related
questions, to serve as a source of support through high school
graduation and to provide specific, targeted information on
career pathways and financial aid opportunities; and

(6) Determine the feasibility of collaboratively developing
and implementing postsecondary-level programs to extend
high school programs that currently are terminal.

ARTICLE 3C. COMMUNITY AND TECHNICAL COLLEGE
SYSTEM.

§18B-3C-1. Legislative findings.

(a) The Legislature makes the following findings related to
state community and technical colleges:

(1) Community and technical colleges are a distinctively
American invention. They fill a critical gap between public
secondary education and the baccalaureate institutions and
universities and they provide a connection between adult basic
education and higher education. Their overriding mission is to
provide affordable access to postsecondary education and to
provide this education and related services to people who
otherwise might not have enrolled in a college or university.
They provide access to students who live in geographic
proximity and who seek low-cost postsecondary education.

(2) As the state’s primary provider of workforce education
and training, community and technical colleges located in
every region of West Virginia are essential to a statewide
strategy to prepare students for high-demand, high-wage jobs,
workforce development necessary to diversify and grow the
state’s economy, and further postsecondary education and life
long learning.
(3) The mission of state community and technical colleges is to provide comprehensive education services that combine the critical functions of career-technical education and work force development, non-credit industry training, transfer education, developmental education and continuing education.

(4) While the student population of state community and technical colleges is now evenly divided between those who are under age twenty-five and adults who are twenty-five and older, the number in both categories who earn a degree or industry-recognized certificate within six years remains low. The declining numbers of high school graduates in the state makes it imperative for the community and technical college system to focus on increasing the numbers of adults who enroll and who complete programs to earn a degree or industry-recognized certificate within six years.

(b) In carrying out their mission, the governing boards of the community and technical colleges shall collaborate with public high schools and career and technical centers to deliver services effectively and efficiently in the locations where they are needed most.

§18B-3C-2. Legislative intent.

The following comprise the intent of the Legislature in enacting this article:

(a) To establish community and technical college education that is well articulated with the public schools, the career and technical education centers and other state institutions of higher education; that encourages traditional and nontraditional students and adult learners to pursue a lifetime of learning; that serves as an instrument of economic development; and that has the independence and flexibility to respond quickly to changing needs of citizens and employers in the state;
(b) To establish community and technical college/career and technical education consortia districts for each of the community and technical colleges in order to ensure that the full range of community and technical college education programs and services is provided in all areas of the state, including the implementation of seamless programs of study as exemplified by West Virginia EDGE, established in article thirteen, chapter eighteen of this code and the Collaborative Degree Completion Program, established in article three-b of this chapter;

(c) To define the full range of programs and services that each community and technical college has the responsibility to provide; and

(d) To establish other policies and procedures necessary to ensure that the needs of West Virginia, its people and its businesses are met for the programs and services that can be provided through a comprehensive system of community and technical colleges.

§18B-3C-4. Community and technical college/career and technical education consortia planning districts.

(a) Unless otherwise designated, the presidents of the community and technical colleges facilitate the formation of community and technical college/career and technical education consortia in the state. Each consortium includes representatives of community and technical colleges, public career and technical education centers and state baccalaureate institutions offering associate degrees. The consortium is responsible for carrying out the following actions:

(1) Completing a comprehensive assessment of the district to determine what education and training programs are necessary to meet the short- and long-term workforce development needs of the district;
(2) Coordinating efforts with regional labor market information systems to identify the ongoing needs of business and industry, both current and projected, and to provide information to assist in an informed program of planning and decision-making;

(3) Planning and developing a unified effort between the community and technical colleges and public career and technical education to meet the documented workforce development needs of the district through individual and cooperative programs; shared facilities, faculty, staff, equipment and other resources; and the development and use of distance learning and other education technologies;

(4) Collaborating and developing jointly the collaborative programming for adults between the community and technical colleges and the public career and technical centers. The focus of these collaborative efforts is the development of advanced skill programming that builds on the secondary curriculum and allows career and technical education graduates to acquire more in-depth preparation in their occupational area of interest;

(5) As a consortium, regularly reviewing and revising curricula to ensure that the workforce needs are met; developing new programs and phasing out or modifying existing programs, as appropriate, to meet such needs; and streamlining procedures for designing and implementing customized training programs;

(6) Increasing the integration of secondary and post-secondary curriculum and programs that are targeted to meet regional labor market needs, including implementing seamless programs of study, including West Virginia EDGE, and the Collaborative Degree Completion Program:

(A) Research shows that well-planned, well-coordinated programs of study have a positive impact on school attendance,
student grades, achievement scores, retention rates and career planning. To be successful, programs of study must include coherent and rigorous content aligned with challenging academic standards and relevant career and technical education content. They must provide for student movement through a coordinated, nonduplicative progression of courses that align secondary education with community and technical college education to prepare students to succeed at the community and technical college level and in high-wage, high-demand occupations;

(B) Therefore, the focus of each consortium is to identify the high-demand, high-wage occupations within the service district and develop programs of study, based on the findings, that lead to an industry-recognized credential, a certificate of applied science degree or an associate degree;

(C) The initial consortium compact and each annual update required in subsection (d) of this section shall identify the programs of study that are to be implemented in the district service area;

(7) Planning and implementing integrated professional development activities for secondary and post-secondary faculty, staff and administrators;

(8) Ensuring that program graduates have attained the competencies required for successful employment through the involvement of business, industry and labor in establishing student credentialing;

(9) Assessing student knowledge and skills which may be gained from multiple sources so that students gain credit toward program completion and advance more rapidly without repeating course work in which they already possess competency;
(10) Cooperating with workforce investment boards to establish one-stop-shop career centers with integrated employment and training and labor market information systems that enable job seekers to assess their skills, identify and secure needed education training, and secure employment, and that allow employers to locate available workers;

(11) Increasing the integration of adult literacy, adult basic education, federal Work Force Investment Act and community and technical college programs and services to expedite the transition of adults from welfare to gainful employment, including cooperating with the State Department of Education to provide adult basic education programs on each community and technical college campus in the state where developmental education services are provided; and

(12) Establishing a single point of contact for employers and potential employers to access education and training programs throughout the district.

(b) The community and technical college education consortium shall cooperate with the regional workforce investment board in the district and shall participate in any development or amendment to the regional workforce investment plan.

(c) To carry out the provisions of this section, community and technical college/career and technical education consortia planning districts are established and defined as follows:

ARTICLE 14. MISCELLANEOUS.

§18B-14-1. Select committee on outcomes-based funding models in higher education.

(a) The Legislature makes the following findings regarding public higher education:

(1) It is in the best interest of the citizens to have an effective and comprehensive system for the delivery of public higher education services. In order to achieve desired goals of economic growth and societal well being, it is critical that more citizens have some level of education beyond high school.

(2) In Senate Bill 595 (Vision 2020), enacted in 2008 regular session, state policymakers established detailed goals and objectives that state institutions are expected to work toward achieving by the year 2020. Vision 2020 also provides mechanisms for measuring success and for holding the state systems of higher education accountable. It establishes clear-cut connections between the budget cycle, the goals and objectives and both positive and negative consequences.

(3) A variety of policy tools are available to influence and direct public higher education behavior, including organizing institutions into functional systems, creating governance structures and mechanisms designed to ensure that these systems and individual institutions focus on the public policy agenda and establishing outcomes-based goals, accountability measures and regulatory devices.

(4) While these policy tools are useful, they are not sufficient to influence institutions, students and employers to
behave in ways consistent with achieving the goals and objectives of *Vision 2020* the public policy agenda. Resources appropriated to public higher education are used most effectively and efficiently when the attention of state colleges and universities is focused on meeting established priorities. This focus is developed and sustained only when the state financing policy contains a direct connection between the Legislature’s power to appropriate money and desired institutional outcomes. Unlike rules which can be bent; law can be creatively interpreted; accountability requirements which can lose their effectiveness as they are filtered through layers of bureaucracy; and responsibility for implementation which is divided among agencies and, ultimately, is totally dependent upon institutional discretion, a financing policy that ties the flow of funds directly to progress on achieving established state goals and objectives commands immediate attention.

(b) It is the constitutional responsibility of the Legislature to determine how to make the best use of available resources to meet state needs and established goals; therefore, the Joint Committee on Government and Finance shall create a select committee for the two-fold purpose of making a specific and detailed analysis of outcomes-based funding models used in higher education and providing recommendations to the Legislature on incorporating one or more of these models as an effective piece of the state’s financing policy.

(c) The select committee consists of the following members:

(1) The President of the Senate or designee;

(2) The Speaker of the House of Delegates or designee;

(3) The chairs of the Senate and House of Delegates Committees on Education, who shall cochair the committee;
(4) The vice chairs of the Senate and House of Delegates Committees on Education;

(5) The chairs of the Senate and House of Delegates Committees on Finance or their designees;

(6) The cochairs of the Joint Commission on Economic Development or their designees;

(7) Two members each from the Senate Committees on Finance and Education appointed by the President of the Senate; and

(8) Two members each from the House Committees on Finance and Education appointed by the Speaker of the House.

(d) The select committee shall develop a report with recommendations on implementing a state-level financing plan which includes, but is not limited to, the following items:

(1) A review of existing outcomes-based funding models for institutions and systems of higher education;

(2) Identification of the top three to five public policy objectives that are to be the focus of the financing policy;

(3) A review of outcomes-based funding models implemented in other states, including an evaluation of the degree to which these policies have succeeded in influencing institutional and system behavior;

(4) Recommendations on methods to balance the inherent need of institutions for stability with the demands of the state for services as identified in Vision 2020 and the public policy agenda;

(5) Recommendations on methods to develop a workable balance between addressing the well-being of institutions and the success of students; and
(6) An analysis of the impact of different models on institutions with widely-differing missions, including recommendations on selecting and implementing the appropriate model for each type of institution specifically noting the impact of selected models on community and technical colleges, baccalaureate colleges and regional universities, and research universities.

(e) The committee shall commence its work before May 15, 2012, and shall deliver its report and recommendations, together with draft legislation to implement the recommendations, to the Legislative Oversight Commission on Education Accountability and the Joint Committee on Government and Finance by December 1, 2012.

CHAPTER 60

(Com. Sub. for H. B. 4433 - By Delegates Williams, Ashley, Cann, Ferns, Iaquinta, Perry, R. Phillips, Pino, Shaver and Varner)

ARTICLE 2. STATE BOARD OF EDUCATION.

§18-2-34. High school diplomas for surviving veterans of World War II, the Korean War, and the Vietnam Conflict.

(a) Notwithstanding any provision of this code to the contrary, the state board shall provide for the awarding of a high school diploma to any surviving veteran of World War II, the Korean War, or the Vietnam Conflict, who:

1. Left school prior to graduation and served in the Armed Forces of the United States;
2. Did not receive a high school diploma;

4. Completes the application process as provided by the joint rules of the state board and the veterans’ council.

(b) The state board and the veterans’ council, created in article one, chapter nine-a of this code, shall jointly propose rules for the identification of eligible veterans and for awarding high school diplomas. The rules shall provide for an application process and the credentials required to receive a high school diploma.

(c) A diploma shall be awarded by the county board in the county in which the veteran resides or in the county in which the veteran would have received his or her diploma, whichever location the veteran chooses.

(d) For purposes of this section:

At any meeting as authorized in this section and in compliance with the provisions of chapter eighteen-a of this code, the county board may employ qualified teachers, or those who will qualify by the time they enter upon their duties, necessary to fill existing or anticipated vacancies for the current or next ensuing school year. Meetings of the county board shall be held in compliance with the provisions of chapter eighteen-a of this code for purposes relating to the assignment, transfer, termination and dismissal of teachers and other school employees.

(b) Special meetings may be called by the president or any three members, but no business may be transacted other than that designated in the call.

Reasonable time shall be granted at the hearing to any person who wishes to speak regarding any part of the budget. Notice of the hearing shall be published as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code.

Board members who serve on an administrative council of a multicounty vocational center also may receive compensation for attending up to twelve meetings of the council at the same
rate as for meetings of the county board. Meetings of the council
are not counted as board meetings for purposes of determining
the limit on compensable board meetings.

(f) Members also shall be paid, upon the presentation of an
itemized sworn statement, for all necessary traveling expenses,
including all authorized meetings, incurred on official business,
at the order of the county board.

(g) When, by a majority vote of its members, a county board

the West Virginia School Board Association and the National
School Board Association and may pay the dues prescribed by
the associations and approved by action of the respective county
boards. Membership dues and actual traveling expenses
incurred by board members for attending meetings of the West
Virginia School Board Association may be paid by their
respective county boards out of funds available to meet actual
expenses of the members, but no allowance may be made except
upon sworn itemized statements.

and Delegate Armstead)
[By Request of the Executive]

[Passed March 6, 2012; in effect from passage.]
[Approved by the Governor on March 15, 2012.]

AN ACT to amend and reenact §18-5-13 of the Code of West
Virginia, 1931, as amended, relating to authorizing a county
board of education to use the services of a bus operator from
another county in certain circumstances.
Be it enacted by the Legislature of West Virginia:

That §18-5-13 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 5. COUNTY BOARD OF EDUCATION.

Subject to the provisions of this chapter and the rules of the state board, each county board may:

(a) Control and manage all of the schools and school interests for all school activities and upon all school property owned or leased by the county, including:

(B) Designate for this purpose the funds generated;

(3) Auditing the records and conserving the funds, including securing surety bonds by expending board moneys. (2) Vocational schools; and

(3) Schools and programs for post-high school instruction, subject to approval of the state board;

Not more than one of these vehicles may be used for any school-sponsored activity;

The agreements are subject to approval by the state board;
(r) Provide information about vocational and higher education opportunities to exceptional students. The county board shall provide in writing to the students and their parents or guardians information relating to programs of vocational education and to programs available at state institutions of higher education. The information may include sources of available funding, including grants, mentorships and loans for students who wish to attend classes at institutions of higher education;

(5) When entering into a job-sharing agreement, the county board and the participating employees shall consider issues such as retirement benefits, termination of the job-sharing agreement and any other issue the parties consider appropriate. AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §18-5B-12, relating to allowing flexibility within county school systems; authorizing the State Board of Education to select a county school system to serve as a school system collaborative innovation zone; giving McDowell County first opportunity to submit application; specifying effect of change in school system approval status; requiring the State Board of Education to promulgate rules and emergency rules; providing the procedure and criteria for application and selection as a school system collaborative innovation zone; requiring development of school system collaborative innovation zone plan; setting forth potential innovations; requiring public town hall meetings; requiring meeting to review input from town hall meetings and develop plan; requiring meeting to educate employees about the plan and to allow examination and discussion of plan; requiring vote to determine level of school employee support; authorizing a designated school system to submit requests for exceptions from county and state board rules, policies and interpretations; permitting exceptions from statutes subject to legislative approval; prohibiting certain exceptions; allowing revision and resubmission of approved plan; setting forth duration of designation; requiring annual performance reviews and reports; permitting the posting of certain teaching vacancies in
accordance with certain procedures and approval; and for a school system collaborative innovation zone and to the extent applicable, including any land and infrastructure needs in the land use master plan, authorizing an area health association to work with county board in addressing health, wellness and fitness needs and authorizing an area institution of higher education to work with the county board to address certain challenges.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §18-5B-12, to read as follows:

ARTICLE 5B. SCHOOL INNOVATION ZONES ACT.

§18-5B-12. School system collaborative innovation zone; requirements to qualify; application for designation; required plans for innovation zones; plan approval; waiver of statutes, policies, rules or interpretations; progress reviews and annual reports; teacher vacancies, job postings and approval.

(a) The Legislature makes the following findings and expressions of legislative intent:

(1) The Legislature created a performance-based accreditation system in 1988 and has amended these provisions several times, significantly in 1998 to set forth a process for improving education consisting of four elements: (i) High quality education standards; (ii) an assessment of the performance and progress of schools and school systems in achieving these standards with a primary focus on student learning; (iii) holding schools and school systems accountable for performance and progress to provide assurances that a
thorough and efficient education is being provided; and (iv) a process for targeting resources strategically to improve teaching and learning. These provisions include a process for the state board to declare a state of emergency and intervene in the operation of a school system when its educational program does not meet the standards and it fails to implement an improvement plan or meet the plan’s deadlines and improve within a reasonable time. Since the inception of these provisions, the state board has declared a state of emergency in nine county school systems and intervened, including delegating decision-making authority to the state superintendent or his or her designee for system operations. Of these nine school systems, three improved sufficiently over a period of time for the state of emergency to be rescinded, the longest of which took ten years and six months. Of the six systems remaining under state board intervention, although most are fairly recent, one school system has been under state intervention for more than ten years and its improvement is progressing slowly;

(2) School systems do not exist in a vacuum and external circumstances and events can have a significant impact on them and the students they serve, as well as on the system’s capacity to deliver the thorough and efficient education to which those students are entitled. For example, the McDowell County school system which in the 1950's at its height of employment in coal production had a total population of about 100,000 residents, faced much different challenges than it does today with that county’s total population now at 22,113 based on the 2010 census. This school system has lost nearly 70 percent of its enrollment in the past 30 years, declining from 11,715 students in 1981-82 to 3,535 in 2011-12. Along with the steep decline in the historical bedrock of employment in the county in the coal industry and the large number of middle class workers and services it supported, including housing, utilities and medical care, the county’s rugged mountainous topography contributes to its vulnerability to natural disasters
such as the devastating floods in 2001 and 2002 that swept away many homes and much of the infrastructure along the creek beds throughout the county. This topography also significantly limits the amount of land suitable for development and transportation networks, and makes planning for future economic development alternatives difficult. The social and economic byproducts of these external circumstances and events leave a school system with many atypical challenges for addressing the needs of its students and making the improvements in performance and progress needed to assure a thorough and efficient education;

(3) Among the findings, intent and purposes of this article are that: (i) Allowing exceptions from certain statutes, policies, rules and interpretations through the creation of innovation zones will enable greater local control over the important educational factors that impact student achievement and the delivery of educational services to improve student learning; and (ii) innovation zones will provide greater flexibility and local control to meet the needs of a diverse population of students. In addition, among the findings of the Local Solution Dropout Prevention and Recovery Innovation Zone Act as set forth in section eleven of this article are findings that when educators, parents, elected officials, business leaders, faith-based leaders, human service personnel, judicial personnel and civic leaders collectively work together they are often able to find innovative solutions to address school and community problems. Since the creation of this article, forty-five innovation zone projects have been approved by the state board, nine of which were Dropout Prevention and Recovery Innovation Zone projects. Twenty-seven policy waivers and five statutory waivers have been granted to enable implementation of these projects. In one county, an innovation zone project was expanded to all of the remaining schools in the county when the schools used the Local School Improvement Council waiver process to request and receive a statutory waiver to implement a comprehensive new teacher
induction process countywide. Collectively, these projects illustrate how local schools, and in some cases school systems, have increased their capacity by using the innovation zone process to collaboratively plan and implement a variety of changes to increase student engagement, develop more flexible schedules, enhance student and teacher ownership of the learning process and increase student achievement;

(4) Choosing one county school system under a declared state of emergency due to nonapproval status to designate as an innovation zone would allow the testing of innovations that could be replicated in other school systems facing similar circumstances across the state, nation and world;

(5) Numerous studies have shown an association between a young person’s health status and his or her ability to succeed in educational settings;

(6) McDowell County is unique and should be given the first opportunity to use innovative solutions to improve its education system when the totality of the circumstances set forth in this subsection are considered. Other facts specifically applicable to McDowell County include the following:

(A) The McDowell County school system has been under a continuous declared state of emergency by the state board due to nonapproval status longer than any other county that is currently under a declared state of emergency;

(B) The McDowell County school system is engaged in a public-private partnership to begin addressing challenges both within the school system and in the community at large; and

(C) McDowell County has a chronic shortage of good roads, public transportation, housing, Internet bandwidth, recreation centers and health clinics;
(7) This section is intended as an additional tool for an eligible school system in collaboration with community and business partners to plan and implement new approaches to improve the performance and progress of the students, schools and system to achieve full approval at the earliest possible date. It is further the intent of the Legislature that the process for an eligible school system to apply for exceptions under this section should allow multiple opportunities to apply for additional exceptions as the system moves forward with its partners toward fulfillment of its improvement goals; and

(8) In accordance with the intent of this section as an additional tool for planning and implementing new approaches to improve the performance and progress of the students, schools and school system to achieve full approval at the earliest possible date, the state board shall rescind the state of emergency and nonapproval status of a school system designated as a school system collaborative innovation zone as soon as the requisite conditions are met as provided in section five, article two-e of this chapter, notwithstanding the designation. If a school system that has been designated as a school system collaborative innovation zone is subsequently issued a school system approval status that would make it ineligible for the designation, the designation shall remain in effect as provided in this section.

(b) The state board is authorized to choose one county school system currently under a declared state of emergency by the state board due to nonapproval status to participate in a program to test the effectiveness of allowing such county school systems to be considered school system collaborative innovation zones. Due to the reasons set forth in subsection (a) of this section, the McDowell County Board of Education shall be provided the first opportunity to submit a school system collaborative innovation zone application under this article. If the McDowell County Board of Education has not submitted an application by April 1, 2013 or less than fifty percent cast
ballots in an election to approve a school system collaborative innovation zone plan, the state board may accept applications from other county boards under a declared state of emergency by the state board due to nonapproval status.

(c) The Legislature finds that an emergency exists and, therefore, no later than April 16, 2012, the state board shall promulgate an emergency rule in accordance with section ten, article three-b, chapter twenty-nine-a of this code, to implement the provisions of this section. The state board also shall promulgate a legislative rule, in accordance with article three-b, chapter twenty-nine-a of this code, to implement this section. Both rules shall include, but not be limited to, the following provisions:

(1) The manner, time and process for the submission of a school system collaborative innovation zone application;

(2) The contents of the application, which must include a general description of the innovations the county school district seeks to institute;

(3) Factors to be considered by the state board when evaluating an application, which shall include, but are not limited to, the following factors:

(A) Support from teachers, staff, parents, students, the county board of education, the local school improvement council and school business partners; and

(B) The potential for an applicant to be successful in raising student achievement as a school system collaborative innovation zone; and

(4) Standards for the state board to review applications for designation as a school system collaborative innovation zone and to make determinations on the designation of a school system collaborative innovation zone.
(d) The state board shall review school system collaborative innovation zone applications in accordance with the standards adopted by the board and shall determine whether to designate the applicant as a school system collaborative innovation zone. The state board shall notify an applicant of the board’s determination within thirty days of receipt of the application.

(e) Prior to designation by the state board as a school system collaborative innovation zone, county school systems submitting applications shall develop school system collaborative innovation zone plans. The school system collaborative innovation zone plan may include, but is not limited to, the following proposals:

1. Allowing increased collaborative site-based decision-making powers over the budgeting for and spending on programs and services for students;

2. Allowing increased collaborative site-based decision-making powers over teacher recruitment;

3. Allowing a collaborative process which ensures accountability and transparency to all stakeholders;

4. Allowing a collaborative process which provides input and demonstrative buy-in from education personnel regarding appropriate professional development, supports, resources and working conditions.

5. Allowing a collaborative site-based process to reduce certain requirements to allow staff to meet the school’s mission;

6. Allowing, through a collaborative site-based process, flexibility to the alternative teacher certification provided in section one-a, article three, chapter eighteen-a of this code;
(7) Utilizing virtual school courses aligned with the Southern Regional Education Board’s Standards for Quality Online Courses; and

(8) Other innovation zone plans approved under the provisions of this article and being implemented in other schools and school systems throughout the state.

(f) Prior to submitting a school system collaborative innovation zone plan to the state board:

(1) The school system in collaboration with its public-private partnership shall conduct public town hall meetings in at least two schools in the county for the purpose of soliciting input from those in attendance on the challenges affecting the quality of education in the county and the potential strategies and priorities for addressing them. The two meetings shall occur within ten days of each other;

(2) Within fifteen days after the last town hall meeting, the county superintendent shall hold a meeting for the purpose of reviewing the input gathered at the public town hall meetings and developing the school system collaborative innovation zone plan. The meeting shall include the principals employed within the county, the chairs of the faculty senates of each school in the county, employee organization representatives, a school service person from each work site, parents and other stakeholders;

(3) Within fifteen days after the meeting to develop the school system collaborative innovation zone plan, the county superintendent shall hold a meeting of all regularly employed school employees for the purpose of educating those employees about the plan and for the purpose of providing the employees an opportunity to examine and discuss the school system collaborative innovation zone plan; and
(4) At the meeting required by subdivision (3) of this subsection, the county superintendent shall direct that a vote of all regularly employed school employees in the county be conducted to determine the level of school employee support for the school system collaborative innovation zone plan. The vote shall be completed within fifteen days after the meeting required by subdivision (3) of this subsection. The vote shall be by secret ballot administered by the panels created in subsection (c), section six of this article for each school and shall be administered in accordance with that subsection. For the vote to be valid, ballots must be cast by at least fifty percent of all regularly employed school employees in the county. The plan may not be submitted to the state board and the state board may not designate the school system as a school system collaborative innovation zone unless at least two-thirds of the employees voting vote to submit the plan.

(g) Approval of a school system collaborative innovation zone plan pursuant to this section is at the sole discretion of the state board. Any approval requirement not contained within this section does not apply.

(h) The plan is intended to serve as the basis for the innovation zone activities of the school system and to provide a vision for the school improvement goals it will work to accomplish in collaboration with its school and community partners. The plan is not intended as a limit on the normal school improvement activities that all school systems are expected to pursue, nor is the plan intended as a restriction on the ability of the school system or its schools to pursue other innovative strategies in accordance with the other provisions of this article, specifically the designation as a Local Solution Dropout Prevention and Recovery Innovation Zone in accordance with section eleven of this article.

(i) The designation as a school system collaborative innovation zone authorizes the school system to submit
requests as provided in subsection (j) of this section to the state board for exceptions to statutes, policies, rules and interpretations that are required to permit implementation by the school system of the innovative strategies contemplated in its school system collaborative innovation zone plan. The designation shall be for a period of five years, during which the school system may submit multiple individual requests for exceptions to permit implementation of different strategies contemplated in the plan as the strategies are developed. Each request for an exception shall be submitted and may be approved by the state board in accordance with subsection (j) of this section.

(j) (1) A school system designated as a school system collaborative innovation zone may request an exception to a statute, policy, rule or interpretation by submitting an application to the state board that contains the following information:

(A) A description of the program or initiative the school system intends to implement as an innovative strategy to improve student achievement if the request is approved by the state board;

(B) An explanation of the specific exception to a statute, policy, rule or interpretation, in the singular or plural, that the school system has identified as prohibiting or constraining the implementation of the program or initiative and why the exception is necessary;

(C) An explanation of how the program or initiative furthers the activities contemplated in the school system collaborative innovation zone plan;

(D) A certification by the county superintendent that the request for an exception was approved by a vote of the eligible employees in accordance with the process for voting as set forth in section six of this article, except that notwithstanding
subsection (d) of said section six, at least two-thirds of the eligible employees voting must vote to request the exception for it to be approved for submission to the state board: PROVIDED, That for the vote to be valid, ballots must be cast by at least fifty percent of the eligible employees; and

(E) Any other information the state board requires as set forth in its rule pursuant to subsection (c) of this section.

(2) The state board shall review the request in accordance with the standards adopted by the board in its rule and shall determine whether to approve or disapprove the request. The approval or disapproval of a request is at the sole discretion of the state board. Any approval requirement not contained within this section does not apply.

(3) Except as provided in subdivision (5) of this subsection, the state board shall approve or disapprove the request within thirty days of receipt, subject to the following:

(A) No exceptions to state board policies, rules or interpretations are granted unless the state board approves the request at least conditionally pursuant to subdivisions (2) and (5) of this subsection; and

(B) If the request is disapproved, the state board shall communicate its reasons for the disapproval to the school system and shall make recommendations for improving the request. The school system may amend and resubmit the request.

(4) Upon approval of the request by the state board, all of the exceptions to state board policies, rules and interpretations that were requested are granted; and

(5) If a request, or a part thereof, may not be implemented unless an exception to a statute is granted by an Act of the Legislature, the state board may approve the request, or the
part thereof, only upon the condition that the Legislature acts
to grant the exception. If the state board approves a request on
that condition, the state board shall submit the request for an
exception to a statute, along with supporting reasons, to the
Legislative Oversight Commission of Education
Accountability. The commission shall review the request and
make a recommendation to the Legislature regarding the
exception requested.

(k) A school system collaborative innovation zone may not
request an exception nor may an exception be granted from
any of the following:

(A) A required statewide assessment program administered
by the West Virginia Department of Education;

(B) Any provision of law or policy required by the No
Child Left Behind Act of 2001, Public Law No. 107-110 or
other federal law; and

(C) Sections two and seven, article two, chapter eighteen-a
of this code and sections seven-a, seven-b, eight and eight-b,
article four, chapter eighteen-a of this code, except that a
school system collaborative innovation zone may make a job
posting for a teacher vacancy in accordance with the
procedures and the approval by a vote of the teachers as
provided in section eight of this article.

(l) A county board designated as a school system
collaborative innovation zone pursuant to this section that has
an approved innovation zone plan may revise its plan and
resubmit its plan to the state board for approval after
conducting the vote pursuant to subdivision (4), subsection (f)
of this section and complying with all other applicable plan
requirements set forth in this section except for holding the
public town hall meetings required by subdivision (1),
subsection (f) of this section.
The designation of a county school system as a school system collaborative innovation zone shall be for a period of five years. The state board, upon request of the school system, may extend the designation for an additional two years if the school system has outstanding items in its school system collaborative innovation zone plan that it still wants to pursue and only for the purpose of pursuing those outstanding items. The expiration of the designation does not negate any exceptions to statutes, policies, rules or interpretations granted to the school system, unless and until specifically revoked, repealed or modified by the state board or by the Legislature, as applicable.

(n) The state board or its designated committee shall perform annual performance reviews and provide annual reports in accordance with section seven of this article.

(o) A county school system whose plan has been approved may make a job posting for a teacher vacancy in accordance with the procedures and approval provided by section eight of this article.

These needs may include, but are not limited to, advancement of public education, economic development, highway development, recreational amenities and housing development;

2) An area health organization, such as Tug River Health Association, Inc., is authorized to work with the county board
to address the health, wellness and fitness needs of students, parents, school personnel and all others in the county. Tug River Health Association may partner with the Robert C. Byrd Center for Rural Health and the Marshall University Medical School in addressing these needs. In addressing the health, wellness and fitness needs, the following should be considered:

(A) New evaluations of school-aged children are needed to reassess their health status and direct further interventions;

(B) Prior to developing new assessment tools and initiating programs, a comprehensive inventory of prior assessment tools and programs is needed to determine their strengths and weaknesses. This can direct further studies and interventions;

(C) New assessment tools should include objective markers of disease as well as subjective opinions of individual health status and barriers to health;

(D) Objective and subjective data should be linked at individual and disease-specific levels;

(E) Disease-specific data may be used to address common barriers to health as perceived by a specific population and tailor interventions to these specific populations;

(F) The effectiveness of interventions should be assessed using the same health status markers used to develop the intervention;

(G) Interventions should use available technology that allows individuals to track measures of health and provide assistance in making informed decisions about their health;

(H) Assessments and interventions should be developed and implemented using community-based participatory research models; and
(I) Assessments and interventions should be multidisciplinary, collaborative efforts with existing organizations and programs; and

(3) Area institutions of higher education, such as Concord University and the June Harless Center at Marshall University, are authorized to work with the county board on innovative strategies to address challenges facing the school system and community, including, but not limited to, the areas of critical need and shortage in the teaching force, educator professional development and improving the college going rate. In addressing the areas of critical need shortage in the teaching force, consideration should be given to the implementation of an intensively supervised and mentored teacher-in-residence program for prospective teachers during their senior year in lieu of student teaching.

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §61-7-2, §61-7-4 and §61-7-7 of the
Code of West Virginia, 1931, as amended, all relating to
possession of firearms generally; clarifying what constitutes
carrying a handgun concealed in or on a motor vehicle;

handgun; providing application requirements; requiring
investigations of applicants through a national criminal background check system and the West Virginia database; providing definitions; prohibiting certain persons from possessing or receiving firearms; providing exceptions; allowing licenses to be transferable within the state; requiring reporting of new address; and penalties.

Be it enacted by the Legislature of West Virginia:

That §61-7-2, §61-7-4 and §61-7-7 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 7. DANGEROUS WEAPONS.

§61-7-2. Definitions.

1 As used in this article, unless the context otherwise requires:

3 (1) “Blackjack” means a short bludgeon consisting, at the striking end, of an encased piece of lead or some other heavy substance and, at the handle end, a strap or springy shaft which increases the force of impact when a person or object is struck. The term “blackjack” shall include, but not be limited to, a billy, billy club, sand club, sandbag or slapjack.

3 (2) “Gravity knife” means any knife that has a blade released from the handle by the force of gravity or the application of centrifugal force and when so released is locked in place by means of a button, spring, lever or other locking or catching device.

3 (3) “Knife” means an instrument, intended to be used or readily adaptable to be used as a weapon, consisting of a sharp-edged or sharp-pointed blade, usually made of steel, attached to a handle which is capable of inflicting cutting,
stabbing or tearing wounds. The term “knife” shall include, but not be limited to, any dagger, dirk, poniard or stiletto, with a blade over three and one-half inches in length, any switchblade knife or gravity knife and any other instrument capable of inflicting cutting, stabbing or tearing wounds. A pocket knife with a blade three and one-half inches or less in length, a hunting or fishing knife carried for hunting, fishing, sports or other recreational uses or a knife designed for use as a tool or household implement shall not be included within the term “knife” as defined herein unless such knife is knowingly used or intended to be used to produce serious bodily injury or death.

(4) “Switchblade knife” means any knife having a spring-operated blade which opens automatically upon pressure being applied to a button, catch or other releasing device in its handle.

(5) “Nunchuka” means a flailing instrument consisting of two or more rigid parts, connected by a chain, cable, rope or other nonrigid, flexible or springy material, constructed in such a manner as to allow the rigid parts to swing freely so that one rigid part may be used as a handle and the other rigid part may be used as the striking end.

(6) “Metallic or false knuckles” means a set of finger rings attached to a transverse piece to be worn over the front of the hand for use as a weapon and constructed in such a manner that, when striking another person with the fist or closed hand, considerable physical damage may be inflicted upon the person struck. The terms “metallic or false knuckles” shall include any such instrument without reference to the metal or other substance or substances from which the metallic or false knuckles are made.

(7) “Pistol” means a short firearm having a chamber which is integral with the barrel, designed to be aimed and fired by the use of a single hand.
(8) “Revolver” means a short firearm having a cylinder of several chambers that are brought successively into line with the barrel to be discharged, designed to be aimed and fired by the use of a single hand.

(9) “Deadly weapon” means an instrument which is designed to be used to produce serious bodily injury or death or is readily adaptable to such use. The term “deadly weapon” shall include, but not be limited to, the instruments defined in subdivisions (1) through (8), inclusive, of this section or other deadly weapons of like kind or character which may be easily concealed on or about the person. For the purposes of section one-a, article five, chapter eighteen-a of this code and section eleven-a, article seven of this chapter, in addition to the definition of “knife” set forth in subdivision (3) of this section, the term “deadly weapon” also includes any instrument included within the definition of “knife” with a blade of three and one-half inches or less in length. (10) “Concealed” means hidden from ordinary observation so as to prevent disclosure or recognition. A deadly weapon is concealed when it is carried on or about the person in such a manner that another person in the ordinary course of events would not be placed on notice that the deadly weapon was being carried. For purposes of concealed handgun licensees, a licensee shall be deemed to be carrying on or about his or her person while in or on a motor vehicle if the firearm is located in a storage area in or on the motor vehicle.
(11) “Firearm” means any weapon which will expel a projectile by action of an explosion.

§61-7-4. License to carry deadly weapons; how obtained.

(a) Except as provided in subsection (h) of this section, any person desiring to obtain a state license to carry a concealed deadly weapon shall apply to the sheriff of his or her county for the license, and shall pay to the sheriff, at the time of application, a fee of $75, of which $15 of that amount shall be deposited in the Courthouse Facilities Improvement Fund created by sections six, article twenty-six, chapter twenty-nine of this code. Concealed weapons permits may only be issued for pistols or revolvers. Each applicant shall file with the sheriff a complete application, as prepared by the Superintendent of the West Virginia State Police, in writing, duly verified, which sets forth only the following licensing requirements:

(2) That, on the date the application is made, the applicant is a bona fide resident of this state and of the county
in which the application is made and has a valid driver’s license or other state-issued photo identification showing the residence;

(3) That the applicant is twenty-one years of age or older: Provided, That any individual who is less than twenty-one years of age and possesses a properly issued concealed weapons license as of the effective date of this article shall be licensed to maintain his or her concealed weapons license notwithstanding the provisions of this section requiring new applicants to be at least twenty-one years of age: Provided, however, That upon a showing of any applicant who is eighteen years of age or older that he or she is required to carry a concealed weapon as a condition for employment, and presents satisfactory proof to the sheriff thereof, then he or she shall be issued a license upon meeting all other conditions of this section. Upon discontinuance of employment that requires the concealed weapons license, if the individual issued the license is not yet twenty-one years of age, then the individual issued the license is no longer eligible and must return his or her license to the issuing sheriff;

(4) That the applicant is not addicted to alcohol, a controlled substance or a drug and is not an unlawful user thereof as evidenced by either of the following within the three years immediately prior to the application:

(A) Residential or court-ordered treatment for alcoholism or alcohol detoxification or drug treatment; or

(B) Two or more convictions for driving while under the influence or driving while impaired;

(5) That the applicant has not been convicted of a felony or of an act of a misdemeanor crime of violence involving the misuse of a deadly weapon within the five years immediately preceding the application;

(7) That the applicant is not under indictment for a felony offense or is not currently serving a sentence of confinement, parole, probation or other court-ordered supervision imposed by a court of any jurisdiction or is the subject of an emergency or temporary domestic violence protective order or is the subject of a final domestic violence protective order entered by a court of any jurisdiction;

(8) That the applicant has not been adjudicated to be mentally incompetent. If the applicant has been adjudicated mentally incompetent the applicant must provide a court order reflecting that the applicant is no longer under such disability;

(9) That the applicant has qualified under the minimum requirements set forth in subsection (d) of this section for handling and firing the weapon: Provided, That this requirement shall be waived in the case of a renewal applicant who has previously qualified; and

(10) That the applicant authorizes the sheriff of the county, or his or her designee, to conduct an investigation relative to the information contained in the application.
(b) For both initial and renewal applications, the sheriff shall conduct an investigation including a nationwide criminal background check consisting of checking the National Instant Criminal Background Check System and the West Virginia criminal history record responses in order to verify that the information required in subsection (a) of this section is true and correct.

(c) $60 of the application fee and any fees for replacement of lost or stolen licenses received by the sheriff shall be deposited by the sheriff into a Concealed Weapons License Administration Fund. The fund shall be administered by the sheriff and shall take the form of an interest-bearing account with any interest earned to be compounded to the fund. Any funds deposited in this Concealed Weapons License Administration Fund are to be expended by the sheriff to pay for the costs associated with issuing concealed weapons licenses. Any surplus in the fund on hand at the end of each fiscal year may be expended for other law-enforcement purposes or operating needs of the sheriff’s office, as the sheriff may consider appropriate.

(d) All persons applying for a license must complete a training course in handling and firing a handgun. The successful completion of any of the following courses fulfills this training requirement:

(1) Any official National Rifle Association handgun safety or training course;

(2) Any handgun safety or training course or class available to the general public offered by an official law-enforcement organization, community college, junior college, college or private or public institution or organization or handgun training school utilizing instructors duly certified by the institution;
(3) Any handgun training or safety course or class conducted by a handgun instructor certified as such by the state or by the National Rifle Association;

(4) Any handgun training or safety course or class conducted by any branch of the United States Military, Reserve or National Guard.

A photocopy of a certificate of completion of any of the courses or classes or an affidavit from the instructor, school, club, organization or group that conducted or taught said course or class attesting to the successful completion of the course or class by the applicant or a copy of any document which shows successful completion of the course or class shall constitute evidence of qualification under this section.

(e) All concealed weapons license applications must be notarized by a notary public duly licensed under article four, chapter twenty-nine of this code. Falsification of any portion of the application constitutes false swearing and is punishable under the provisions of section two, article five, chapter sixty-one of this code.

(f) The sheriff shall issue a license unless he or she determines that the application is incomplete, that it contains statements that are materially false or incorrect or that applicant otherwise does not meet the requirements set forth in this section. The sheriff shall issue, reissue or deny the license within forty-five days after the application is filed if all required background checks authorized by this section are completed.

(g) Before any approved license shall be issued or become effective, the applicant shall pay to the sheriff a fee in the amount of $25 which the sheriff shall forward to the Superintendent of the West Virginia State Police within thirty days of receipt. The license shall be valid for five years throughout the state, unless sooner revoked.
(h) Each license shall contain the full name and address of the licensee and a space upon which the signature of the licensee shall be signed with pen and ink. The issuing sheriff shall sign and attach his or her seal to all license cards. The sheriff shall provide to each new licensee a duplicate license card, in size similar to other state identification cards and licenses, suitable for carrying in a wallet, and the license card is considered a license for the purposes of this section.

(i) The Superintendent of the West Virginia State Police shall prepare uniform applications for licenses and license cards showing that the license has been granted and shall do any other act required to be done to protect the state and see to the enforcement of this section.

(j) If an application is denied, the specific reasons for the denial shall be stated by the sheriff denying the application. Any person denied a license may file, in the circuit court of the county in which the application was made, a petition seeking review of the denial. The petition shall be filed within thirty days of the denial. The court shall then determine whether the applicant is entitled to the issuance of a license under the criteria set forth in this section. The applicant may be represented by counsel, but in no case may the court be required to appoint counsel for an applicant. The final order of the court shall include the court’s findings of fact and conclusions of law. If the final order upholds the denial, the applicant may file an appeal in accordance with the Rules of Appellate Procedure of the Supreme Court of Appeals.

(k) If a license is lost or destroyed, the person to whom the license was issued may obtain a duplicate or substitute license for a fee of $5 by filing a notarized statement with the sheriff indicating that the license has been lost or destroyed.

(l) Whenever any person after applying for and receiving a concealed handgun license moves from the address named
in the application to another county within the state, the license remains valid for the remainder of the five years: 

Provided, That the licensee within twenty days thereafter notifies the sheriff in the new county of residence in writing of the old and new addresses.

(m) The sheriff shall, immediately after the license is granted as aforesaid, furnish the Superintendent of the West Virginia State Police a certified copy of the approved application. The sheriff shall furnish to the Superintendent of the West Virginia State Police at any time so requested a certified list of all licenses issued in the county. The Superintendent of the West Virginia State Police shall maintain a registry of all persons who have been issued concealed weapons licenses.

(n) Except when subject to an exception under section six, article seven of this chapter, all licensees must carry with them a state-issued photo identification card with the concealed weapons license whenever the licensee is carrying a concealed weapon. Any licensee who, in violation of this subsection, fails to have in his or her possession a state-issued photo identification card and a current concealed weapons license while carrying a concealed weapon is guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $50 or more than $200 for each offense.

(o) The sheriff shall deny any application or revoke any existing license upon determination that any of the licensing application requirements established in this section have been violated by the licensee.

(p) A person who is engaged in the receipt, review or in the issuance or revocation of a concealed weapon license does not incur any civil liability as the result of the lawful performance of his or her duties under this article.
Notwithstanding the provisions of subsection (a) of this section, with respect to application by a former law-enforcement officer honorably retired from agencies governed by article fourteen, chapter seven of this code; article fourteen, chapter eight of this code; article two, chapter fifteen of this code; and article seven, chapter twenty of this code, an honorably retired officer is exempt from payment of fees and costs as otherwise required by this section.

Except as restricted or prohibited by the provisions of this article or as otherwise prohibited by law, the issuance of a concealed weapon permit issued in accordance with the provisions of this section authorizes the holder of the permit to carry a concealed pistol or revolver on the lands or waters of this state.

Be it enacted by the Legislature of West Virginia:

That §22-18-17 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:
ARTICLE 18. HAZARDOUS WASTE MANAGEMENT ACT.

(a) (1) Any person who violates any provision of this article, any permit or any rule or order issued pursuant to this article is subject to a civil administrative penalty, to be levied by the secretary, of not more than $7,500 for each day of violation, not to exceed a maximum of $22,500. In assessing a penalty, the secretary shall take into account the seriousness of the violation and any good faith efforts to comply with applicable requirements as well as any other appropriate factors as may be established by the secretary by rules promulgated pursuant to this article and article three, chapter twenty-nine-a of this code. No assessment may be levied pursuant to this subsection until after the alleged violator has been notified by certified mail or personal service. The notice shall include a reference to the section of the statute, rule, order or statement of permit conditions that was allegedly violated, a concise statement of the facts alleged to constitute the violation, a statement of the amount of the administrative penalty to be imposed and a statement of the alleged violator's right to an informal hearing. If a hearing is requested, the secretary shall inform the alleged violator of the time and place of the hearing. The secretary may appoint an assessment officer to conduct the informal hearing and then make a written recommendation to the secretary concerning the assessment of a civil administrative penalty. decision, the alleged violator may request a formal hearing
before the Environmental Quality Board in accordance with
the provisions of article one, chapter twenty-two-b of this
code. The authority to levy an administrative penalty is in

of any other enforcement provision in connection with the
violation for which the assessment is levied: Provided, That
no combination of assessments against a violator under this
section may exceed $25,000 per day of each violation:
Provided, however, That any violation for which the violator
has paid a civil administrative penalty assessed under this
section may not be the subject of a separate civil penalty
action under this article to the extent of the amount of the
civil administrative penalty paid. All administrative penalties
shall be levied in accordance with rules issued pursuant to
subsection (a), section six of this article. The net proceeds of
assessments collected pursuant to this subsection shall be
deposited in the hazardous waste emergency response fund
established pursuant to section three, article nineteen of this
chapter.

(2) No assessment levied pursuant to subdivision (1), of
this subsection becomes due and payable until the procedures
for review of the assessment have been completed.

(B) No applications for a certificate of need for opioid treatment programs may be approved by the Health Care Authority as of the effective date of the 2007 amendments to this subsection.

(C) There is a moratorium on the licensure of new opioid treatment programs that do not have a certificate of need as of the effective date of the 2007 amendments to this subsection, which shall continue until the Legislature determines that there is a necessity for additional opioid treatment facilities in West Virginia.

(D) The secretary shall file revised emergency rules with the Secretary of State to regulate opioid treatment programs in compliance with the provisions of this section. Any opioid treatment program facility that has received a certificate of need pursuant to article two-d, of this chapter by the Health Care Authority shall be permitted to proceed to license and operate the facility.

(E) All existing opioid treatment programs shall be subject to monitoring by the secretary. All staff working or volunteering at opioid treatment programs shall complete the minimum education, reporting and safety training criteria established by the secretary. All existing opioid treatment programs shall be in compliance within one hundred eighty days of the effective date of the revised emergency rules as required herein. The revised emergency rules shall provide at a minimum:
(i) That the initial assessment prior to admission for entry into the opioid treatment program shall include an initial drug test to determine whether an individual is either opioid addicted or presently receiving methadone for an opioid addiction from another opioid treatment program.

(ii) The patient may be admitted to the opioid treatment program if there is a positive test for either opioids or methadone or there are objective symptoms of withdrawal, or both, and all other criteria set forth in the rule for admission into an opioid treatment program are met. Admission to the program may be allowed to the following groups with a high risk of relapse without the necessity of a positive test or the presence of objective symptoms: Pregnant women with a history of opioid abuse, prisoners or parolees recently released from correctional facilities, former clinic patients who have successfully completed treatment but who believe themselves to be at risk of imminent relapse and HIV patients with a history of intravenous drug use.

(iii) That within seven days of the admission of a patient, the opioid treatment program shall complete an initial assessment and an initial plan of care.

(iv) That within thirty days after admission of a patient, the opioid treatment program shall develop an individualized treatment plan of care and attach the plan to the patient’s chart no later than five days after the plan is developed. The opioid treatment program shall follow guidelines established by a nationally recognized authority approved by the secretary and include a recovery model in the individualized treatment plan of care. The treatment plan is to reflect that detoxification is an option for treatment and supported by the program; that under the detoxification protocol the strength of maintenance doses of methadone should decrease over time, the treatment should be limited to a defined period of time, and participants are required to work toward a drug-free lifestyle.
That each opioid treatment program shall report and provide statistics to the Department of Health and Human Resources at least semiannually which includes the total number of patients; the number of patients who have been continually receiving methadone treatment in excess of two years, including the total number of months of treatment for each such patient; the state residency of each patient; the number of patients discharged from the program, including the total months in the treatment program prior to discharge and whether the discharge was for:

(A) Termination or disqualification;

(B) Completion of a program of detoxification;

(C) Voluntary withdrawal prior to completion of all requirements of detoxification as determined by the opioid treatment program;

(D) Successful completion of the individualized treatment care plan; or

(E) An unexplained reason.

That random drug testing of all patients shall be conducted during the course of treatment at least monthly. For purposes of these rules, “random drug testing” means that each patient of an opioid treatment program facility has a statistically equal chance of being selected for testing at random and at unscheduled times. Any refusal to participate in a random drug test shall be considered a positive test. Nothing contained in this section or the legislative rules promulgated in conformity herewith will preclude any opioid treatment program from administering such additional drug tests as determined necessary by the opioid treatment program.
That all random drug tests conducted by an opioid treatment program shall, at a minimum, test for the following:

(A) Opiates, including oxycodone at common levels of dosing;

(B) Methadone and any other medication used by the program as an intervention;

(C) Benzodiazepine including diazepam, lorazepam, clonazepam and alprazolam;

(D) Cocaine;

(E) Methamphetamine or amphetamine;

(F) Tetrahydrocannabinol, delta-9-tetrahydrocannabinol or dronabinol or other similar substances; or

(G) Other drugs determined by community standards, regional variation or clinical indication.

That a positive drug test is a test that results in the presence of any drug or substance listed in this schedule and any other drug or substance prohibited by the opioid treatment program. A positive drug test result after the first six months in an opioid treatment program shall result in the following:

(A) Upon the first positive drug test result, the opioid treatment program shall:

(1) Provide mandatory and documented weekly counseling of no less than thirty minutes to the patient, which shall include weekly meetings with a counselor who is licensed, certified or enrolled in the process of obtaining licensure or certification in compliance with the rules and on staff at the opioid treatment program;
(2) Immediately revoke the take-home methadone privilege for a minimum of thirty days; and

(B) Upon a second positive drug test result within six months of a previous positive drug test result, the opioid treatment program shall:

(1) Provide mandatory and documented weekly counseling of no less than thirty minutes, which shall include weekly meetings with a counselor who is licensed, certified or enrolled in the process of obtaining licensure or certification in compliance with the rules and on staff at the opioid treatment program;

(2) Immediately revoke the take-home methadone privilege for a minimum of sixty days; and

(3) Provide mandatory documented treatment team meetings with the patient.

(C) Upon a third positive drug test result within a period of six months the opioid treatment program shall:

(1) Provide mandatory and documented weekly counseling of no less than thirty minutes, which shall include weekly meetings with a counselor who is licensed, certified or enrolled in the process of obtaining licensure or certification in compliance with the rules and on staff at the opioid treatment program;

(2) Immediately revoke the take-home methadone privilege for a minimum of one hundred twenty days; and

(3) Provide mandatory and documented treatment team meetings with the patient which will include, at a minimum:

The need for continuing treatment; a discussion of other treatment alternatives; and the execution of a contract with
the patient advising the patient of discharge for continued positive drug tests.

(D) Upon a fourth positive drug test within a six-month period, the patient shall be immediately discharged from the opioid treatment program or, at the option of the patient, shall immediately be provided the opportunity to participate in a twenty-one day detoxification plan, followed by immediate discharge from the opioid treatment program: Provided, That testing positive solely for tetrahydrocannabinol, delta-9-tetrahydrocannabinol or dronabinol or similar substances shall not serve as a basis for discharge from the program.

(ix) That the opioid treatment program must report and provide statistics to the Department of Health and Human Resources demonstrating compliance with the random drug test rules, including:

(A) Confirmation that the random drug tests were truly random in regard to both the patients tested and to the times random drug tests were administered by lottery or some other objective standard so as not to prejudice or protect any particular patient;

(B) Confirmation that the random drug tests were performed at least monthly for all program participants;

(C) The total number and the number of positive results; and

(D) The number of expulsions from the program.

(x) That all opioid treatment facilities be open for business seven days per week; however, the opioid treatment center may be closed for eight holidays and two training days per year. During all operating hours, every opioid treatment
program shall have a health care professional as defined by
rule promulgated by the secretary actively licensed in this
state present and on duty at the treatment center and a
physician actively licensed in this state available for
consultation.

(xii) That the Office of Health Facility Licensure and
Certification develop policies and procedures in conjunction
with the Board of Pharmacy that will allow physicians
treating patients through an opioid treatment program access
to the Controlled Substances Monitoring Program database
maintained by the Board of Pharmacy at the patient’s intake,
before administration of methadone or other treatment in an
opioid treatment program, after the initial thirty days of
treatment, prior to any take-home medication being granted,
after any positive drug test, and at each ninety-day treatment
review to ensure the patient is not seeking prescription
medication from multiple sources. The results obtained from
the Controlled Substances Monitoring Program database shall
be maintained with the patient records.

(xiii) That each opioid treatment program shall establish
a peer review committee, with at least one physician member,
to review whether the program is following guidelines
established by a nationally recognized authority approved by
the secretary. The secretary shall prescribe the procedure for
evaluation by the peer review. Each opioid treatment
program shall submit a report of the peer review results to the
secretary on a quarterly basis.

(xiii) The secretary shall propose a rule for legislative
approval in accordance with the provisions of article three,
chapter twenty-nine-a of this code for the distribution of state
aid to local health departments and basic public health
services funds.
The rule shall include the following provisions:

- Base allocation amount for each county;
- Establishment and administration of an emergency fund of no more than two percent of the total annual funds of which unused amounts are to be distributed back to local boards of health at the end of each fiscal year;
- A calculation of funds utilized for state support of local health departments;
- Distribution of remaining funds on a per capita weighted population approach which factors coefficients for poverty, health status, population density and health department interventions for each county and a coefficient which encourages counties to merge in the provision of public health services;
- A hold-harmless provision to provide that each local health department receives no less in state support for a period of four years beginning in the 2009 budget year.

The Legislature finds that an emergency exists and, therefore, the secretary shall file an emergency rule to implement the provisions of this section pursuant to the provisions of section fifteen, article three, chapter twenty-nine-a of this code. The emergency rule is subject to the prior approval of the Legislative Oversight Commission on Health and Human Resources Accountability prior to filing with the Secretary of State.

(xiv) Other health-related matters which the department is authorized to supervise and for which the rule-making authority has not been otherwise assigned.
ARTICLE 5H. CHRONIC PAIN CLINIC LICENSING ACT.

§16-5H-1. Purpose and short title.

This article shall be known as the Chronic Pain Clinic Licensing Act. The purpose of this act is to establish licensing requirements for facilities that treat patients for chronic pain management in order to ensure that patients may be lawfully treated for chronic pain by physicians in facilities that comply with oversight requirements developed by the Department of Health and Human Resources.

(a) “Chronic pain” means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. For purposes of this article, “chronic pain” does not include pain associated with a terminal condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition.

(b) “Director” means the Director of the Office of Health Facility Licensure and Certification within the Office of the Inspector General.

(c) “Owner” means any person, partnership, association or corporation listed as the owner of a pain management clinic on the licensing forms required by this article.

(d) “Pain management clinic” means all privately owned pain management clinics, facilities or offices not otherwise exempted from this article and which meets both of the following criteria:
(1) Where in any month more than fifty percent of patients of the prescribers or dispensers are prescribed or dispensed opioids or other controlled substances specified in rules promulgated pursuant to this article for chronic pain resulting from non-malignant conditions;

(2) The facility meets any other identifying criteria established by the secretary by rule.

(e) “Physician” means an individual authorized to practice medicine or surgery or osteopathic medicine or surgery in this state.

(f) “Prescriber” means an individual who is authorized by law to prescribe drugs or drug therapy related devices in the course of the individual’s professional practice, including only a medical or osteopathic physician authorized to practice medicine or surgery; a physician assistant or osteopathic physician assistant who holds a certificate to prescribe drugs; or an advanced nurse practitioner who holds a certificate to prescribe.

(g) “Secretary” means the Secretary of the West Virginia Department of Health and Human Resources. The secretary may define in rules any term or phrase used in this article which is not expressly defined.

§16-5H-3. Pain management clinics to obtain license; application; fees and inspections.

(a) No person, partnership, association or corporation may operate a pain management clinic without first obtaining a license from the secretary in accordance with the provisions of this article and the rules lawfully promulgated pursuant to this article.
(b) Any person, partnership, association or corporation desiring a license to operate a pain management clinic in this state shall file with the Office of Health Facility Licensure and Certification an application in such form as the secretary shall prescribe and furnish accompanied by a fee to be determined by the secretary.

(c) The Director of the Office of Health Facility Licensure and Certification or his or her designee shall inspect each facility prior to issuing a license and review all documentation submitted with the application. The secretary shall issue a license if the facility is in compliance with the provisions of this article and with the rules lawfully promulgated pursuant to this article.

(d) A license shall expire one year from the date of issuance. Sixty days prior to the expiration date, an application for renewal shall be submitted on forms furnished by the secretary. A license shall be renewed if the secretary determines that the applicant is in compliance with this article and with all rules promulgated pursuant to this article. A license issued to one facility pursuant to this article is not transferable or assignable. A change of ownership of a licensed pain management clinic requires submission of a new application.

(e) The secretary or his or her designee shall inspect on a periodic basis all pain management clinics that are subject to this article and all rules adopted pursuant to this article to ensure continued compliance.

§16-5H-4. Operational requirements.

(a) Any person, partnership, association or corporation that desires to operate a pain management clinic in this state must submit to the director documentation that the facility meets all of the following requirements:
(1) The clinic shall be licensed in this state with the secretary, the Secretary of State, the State Tax Department and all other applicable business or license entities.

(2) The application shall list all owners of the clinic. At least one owner shall be a physician actively licensed to practice medicine, surgery or osteopathic medicine or surgery in this state. The clinic shall notify the secretary of any change in ownership within ten days of the change and must submit a new application within the time frame prescribed by the secretary.

(3) Each pain management clinic shall designate a physician owner who shall practice at the clinic and who will be responsible for the operation of the clinic. Within ten days after termination of a designated physician, the clinic shall notify the director of the identity of another designated physician for that clinic. Failing to have a licensed designated physician practicing at the location of the clinic may be the basis for a suspension or revocation of the clinic license. The designated physician shall:

(A) Have a full, active and unencumbered license to practice medicine, surgery or osteopathic medicine or surgery in this state:

(B) Meet one of the following training requirements:

(i) Complete a pain medicine fellowship that is accredited by the Accreditation Council for Graduate Medical Education or such other similar program as may be approved by the secretary; or

The supervision, control and direction shall be provided in accordance with rules promulgated by the secretary.

(4) All persons employed by the facility shall comply with the requirements for the operation of a pain management clinic established by this article or by any rule adopted pursuant to this article.

(5) No person may own or be employed by or associated with a pain management clinic who has previously been convicted of, or pleaded guilty to, any felony in this state or another state or territory of the United States. All owners, employees, volunteers or associates of the clinic shall undergo a criminal records check prior to operation of the clinic or engaging in any work, paid or otherwise. The application for license shall include copies of the background check for each anticipated owner, physician, employee, volunteer or associate. The secretary shall review the results of the criminal records check and may deny licensure for any violation of this requirement. The facility shall complete a criminal records check on any subsequent owner, physician, employee, volunteer or associate of the clinic and submit the results to the secretary for continued review.

(6) The clinic may not be owned by, nor may it employ or associate with, any physician or prescriber:
(A) Whose Drug Enforcement Administration number has ever been revoked;

(B) Whose application for a license to prescribe, dispense or administer a controlled substance has been denied by any jurisdiction; or

(C) Who, in any jurisdiction of this state or any other state or territory of the United States, has been convicted of or plead guilty or nolo contendere to an offense that constitutes a felony for receipt of illicit and diverted drugs, including controlled substances, as defined by section one hundred one, article one, chapter sixty-a of this code.

(7) A person may not dispense any medication, including a controlled substance, as defined by section one hundred one, article one, chapter sixty-a of this code, on the premises of a licensed pain management clinic unless he or she is a physician or pharmacist licensed in this state. Prior to dispensing or prescribing controlled substances, as defined by section one hundred one, article one, chapter sixty-a of this code, at a pain management clinic, the treating physician must access the Controlled Substances Monitoring Program database maintained by the Board of Pharmacy to ensure the patient is not seeking controlled substances from multiple sources. If the patient receives ongoing treatment, the physician shall also review the Controlled Substances Monitoring Program database at each patient examination or at least every ninety days. The results obtained from the Controlled Substances Monitoring Program database shall be maintained with the patient’s medical records.

(8) Each clinic location shall be licensed separately, regardless of whether the clinic is operated under the same business name or management as another clinic.
(9) A pain management clinic shall not dispense to any patient more than a seventy-two-hour supply of a controlled substance, as defined by section one hundred one, article one, chapter sixty-a of this code.

(10) The pain management clinic shall develop patient protocols, treatment plans and profiles, as prescribed by the secretary by rule, and which shall include, but not be limited by, the following guidelines:

(A) When a physician diagnoses an individual as having chronic pain, the physician may treat the pain by managing it with medications in amounts or combinations that may not be appropriate when treating other medical conditions. The physician’s diagnosis shall be made after having the individual evaluated by one or more other physicians who specialize in the treatment of the area, system or organ of the body perceived as the source of the pain unless the individual has been previously diagnosed as suffering from chronic pain and is referred to the pain management clinic by such diagnosing physician. The physician’s diagnosis and treatment decisions shall be made according to accepted and prevailing standards for medical care.

(B) The physician shall maintain a record of all of the following:

(i) Medical history and physical examination of the individual;

(b) Before any such license is suspended or revoked, however, written notice shall be given the licensee, stating the grounds of the complaint, and the date, time and place set

The licensee shall be entitled to be represented by legal counsel at the hearing.

(c) If a license is revoked as herein provided, a new application for a license shall be considered by the secretary if, when and after the conditions upon which revocation was based have been corrected and evidence of this fact has been furnished. (f) The court may affirm, modify or reverse the decision of the secretary and either the applicant or licensee or the secretary may appeal from the court’s decision to the Supreme Court of Appeals.

(g) If the license of a pain management clinic is revoked or suspended, the designated physician of the clinic, any other owner of the clinic or the owner or lessor of the clinic

§16-5H-8. Violations; penalties; injunction.

(a) Any person, partnership, association or corporation
which establishes, conducts, manages or operates a pain
management clinic without first obtaining a license therefor
as herein provided, or which violates any provisions of this
article or any rule lawfully promulgated pursuant to this
article, shall be assessed a civil penalty by the secretary in
accordance with this subsection. Each day of continuing
violation after conviction shall be considered a separate
violation:
(1) If a pain management clinic or any owner or designated physician is found to be in violation of any provision of this article, unless otherwise noted herein, the secretary may suspend or revoke the clinic’s license.

(2) If the clinic’s designated physician knowingly and intentionally misrepresents actions taken to correct a violation, the secretary may impose a civil penalty not to exceed $10,000, and, in the case of an owner-operated pain management clinic, revoke or deny a pain management clinic’s license.

(3) If an owner or designated physician of a pain management clinic concurrently operates an unlicensed pain management clinic, the secretary may impose a civil penalty upon the owner or physician, or both, not to exceed $5,000 per day.

(4) If the owner of a pain management clinic that requires a license under this article fails to apply for a new license for the clinic upon a change-of-ownership and operates the clinic under the new ownership, the secretary may impose a civil penalty not to exceed $5,000.

(5) If a physician knowingly operates, owns or manages an unlicensed pain management clinic that is required to be licensed pursuant to this article; knowingly prescribes or dispenses or causes to be prescribed or dispensed, controlled substances in an unlicensed pain management clinic that is required to be licensed; or licenses a pain management clinic through misrepresentation or fraud; procures or attempts to procure a license for a pain management clinic for any other person by making or causing to be made any false representation, the secretary may assess a civil penalty of not more than $20,000. The penalty may be in addition to or in lieu of any other action that may be taken by the secretary or any other board, court or entity.
(b) Notwithstanding the existence or pursuit of any other remedy, the secretary may, in the manner provided by law, maintain an action in the name of the state for an injunction against any person, partnership, association, or corporation to restrain or prevent the establishment, conduct, management or operation of any pain management clinic or violation of any provisions of this article or any rule lawfully promulgated thereunder without first obtaining a license therefor in the manner hereinbefore provided.

(c) In determining whether a penalty is to be imposed and in fixing the amount of the penalty, the secretary shall consider the following factors:

(1) The gravity of the violation, including the probability that death or serious physical or emotional harm to a patient has resulted, or could have resulted, from the pain management clinic’s actions or the actions of the designated or practicing physician, the severity of the action or potential harm, and the extent to which the provisions of the applicable laws or rules were violated;

(2) What actions, if any, the owner or designated physician took to correct the violations;

(3) Whether there were any previous violations at the pain management clinic; and

(4) The financial benefits that the pain management clinic derived from committing or continuing to commit the violation.

(d) Upon finding that a physician has violated the provisions of this article or rules adopted pursuant to this article, the secretary shall provide notice of the violation to the applicable licensing board.

(a) The Secretary of the Department of Health and Human Resources, in collaboration with the West Virginia
Board of Medicine and the West Virginia Board of Osteopathy, shall promulgate rules in accordance with the provisions of chapter twenty-nine-a of this code for the licensure of pain management clinics to ensure adequate care, treatment, health, safety, welfare and comfort of patients at these facilities. manner recommended by the advisory committee. All other
reports produced by the board shall be kept confidential. The

The review committee may make determinations on a case-by-case basis on specific unusual prescribing or dispensing patterns indicated by outliers in the system or abnormal or unusual usage patterns of controlled substances by patients which the review committee has reasonable cause to believe necessitates further action by law enforcement or the licensing board having jurisdiction over the prescribers or dispensers under consideration. The review committee shall also review notices provided by the chief medical examiner pursuant to subsection (h), section ten, article twelve, chapter sixty-one of this code and determine on a case-by-case basis whether a practitioner who prescribed or dispensed a controlled substance resulting in or contributing to the drug overdose may have breached professional or occupational standards or committed a criminal act when prescribing the controlled substance at issue to the decedent. CHAPTER 86

(Com. Sub. for H. B. 4327 - By Delegates Hatfield, D. Poling, Brown and Staggers)

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §16-44-1 and §16-44-2, all relating to requiring pulse oximetry testing for newborns; setting forth legislative findings; authorizing the Commissioner of the Bureau of Public Health to require testing; providing timing requirements for testing; and requiring the commissioner to adopt procedural and legislative rules.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §16-44-1 and §16-44-2, all to read as follows:
ARTICLE 44. THE PULSE OXIMETRY NEWBORN TESTING ACT.

§16-44-1. Legislative findings.

1 The Legislature finds and declares that:

2 (1) Congenital heart defects are structural abnormalities
3 of the heart that are present at birth; congenital heart defects
4 range in severity from simple problems such as holes between
5 chambers of the heart, to severe malformations, such as the
6 complete absence of one or more chambers or valves; some
7 critical congenital heart defects can cause severe and
8 life-threatening symptoms which require intervention within
9 the first days of life;

10 (2) According to the United States Secretary of Health
11 and Human Services’ Advisory Committee on Heritable
12 Disorders in Newborns and Children, congenital heart disease
13 affects approximately seven to nine of every thousand live
14 births in the United States and Europe; the federal Centers for
15 Disease Control and Prevention states that congenital heart
16 defects are the leading cause of infant death due to birth
17 defects;

18 (3) Current methods for detecting congenital heart defects
19 generally include prenatal ultrasound screening and repeated
20 clinical examinations; while prenatal ultrasound screenings
21 can detect some major congenital heart defects, these
22 screenings, alone, identify less than half of all congenital
23 heart defect cases, and critical congenital heart defect cases
24 are often missed during routine clinical exams performed
25 prior to a newborn's discharge from a birthing facility;

26 (4) Pulse oximetry is a noninvasive test that estimates the
27 percentage of hemoglobin in blood that is saturated with
28 oxygen; when performed on a newborn when the baby is
twenty-four to forty-eight hours of age, or as late as possible
if the baby is to be discharged from the hospital before he or
she is twenty-four hours of age, pulse oximetry screening is
often more effective at detecting critical, life-threatening
congenital heart defects which otherwise go undetected by
current screening methods; newborns with abnormal pulse
oximetry results require immediate confirmatory testing and
intervention; and

(5) Many newborn lives could potentially be saved by
earlier detection and treatment of congenital heart defects if
birthing facilities in the state were required to perform this
simple, noninvasive newborn screening in conjunction with
current congenital heart defect screening methods.

§16-44-2. Pulse oximetry screening required; definition; rules.

(a) The Commissioner of the Bureau for Public Health
shall require each birthing facility licensed by the Department
of Health and Human Resources to perform a pulse oximetry
screening on every newborn in its care, when the baby is
twenty-four to forty-eight hours of age, or as late as possible
if the baby is to be discharged from the hospital before he or
she is twenty-four hours of age.

(b) As used in this article, “birthing facility” means an
inpatient or ambulatory health care facility licensed by the
Department of Health and Human Resources that provides
birthing and newborn care services.

(c) The commissioner shall adopt procedural rules and
propose legislative rules for legislative approval, in
accordance with the provisions of article three, chapter
twenty-nine-a of this code, that are necessary to carry out the
purposes of this article.
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §16-2L-1, §16-2L-2, §16-2L-3, §16-2L-4, §16-2L-5, §16-2L-6, and §16-2L-7; and to amend said code by adding thereto a new article, designated §33-25G-1, §33-25G-2, §33-25G-3, §33-25G-4, and §33-25G-5, all relating to provider sponsored networks; stating the purpose; making legislative findings; defining terms; authorizing the Secretary of the Department of Health and Human Resources to contract with provider sponsored networks to provide services to Medicaid beneficiaries; assigning certain Medicaid beneficiaries to provider sponsored networks; guaranteeing Medicaid beneficiaries’ freedom to choose a managed care plan; providing an exemption from anti-trust laws; requiring reports to the Legislature; providing for shared savings with the state; authorizing the Insurance Commissioner to license provider sponsored networks; subjecting provider sponsored networks generally to the laws governing HMOs; providing for participation of health care providers in a provider sponsored network; permitting lower or different minimum capital and surplus amounts; and providing rule-making authority, including emergency rules.

Be it enacted by the Legislature of West Virginia:
That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §16-2L-1, §16-2L-2, §16-2L-3, §16-2L-4, §16-2L-5, §16-2L-6 and §16-2L-7; and that said code be amended by adding thereto a new article, designated §33-25G-1, §33-25G-2, §33-25G-3, §33-25G-4 and §33-25G-5, all to read as follows:

CHAPTER 16. PUBLIC HEALTH

ARTICLE 2L. PROVIDER SPONSORED NETWORKS.

§16-2L-1. Legislative purpose.

The Legislature finds that it inures to the benefit of the state and its Medicaid populations to foster the development of care systems and Medicaid options that allow for the functional integration and participation of privately practicing physicians with provider sponsored networks who have patient-centered medical home resources and who are willing to share access and use of those resources; that privately practicing physicians provide indispensable and important health care services to Medicaid enrollees in West Virginia but many do not have the resources to develop patient-centered medical homes in their respective practices; that federally qualified health centers are deeply engaged with integrating behavioral health providers and other community services in their care of Medicaid beneficiaries and that such centers lead in the development and implementation of recognized medical homes in West Virginia; and that better health outcomes can be achieved and inappropriate utilization avoided through the integration and coordination of physical health care with mental health care. Therefore, in order to develop innovative means of meeting the health care needs of the state’s citizens and to address the impact on the state’s budget arising from the growing cost of Medicaid, and in recognition of the important role that federally qualified health centers play in providing health
care services to Medicaid beneficiaries, the Legislature authorizes the secretary to enter into contracts with provider sponsored networks.

§16-2L-2. Definitions.

As used in this article, unless the context requires otherwise:

(1) “Continuity-of-care” means the clinical practice of a medical professional who provides care to patients in which:

(A) In addition to episodic or urgent care provided from time to time as needed, preventive care and counseling is provided and a patient’s overall health status is monitored even when illness is not present or not in crisis; and

(B) Without being limited to discrete episodes of care, medical records and care processes are used that track and manage health status over time and allow the medical professional to refer care to, and receive reports from, other medical professionals and other care team members responsible for a patient’s care.

(2) “Federally Qualified Health Center” means an entity as defined in 42 U.S.C. §1396d(1)(2)(B).

(3) “Medicaid beneficiary” means any person participating, through either a state plan amendment or waiver demonstration, in any Medicaid program administered by the West Virginia Department of Health and Human Resources or its Bureau for Medical Services.

(4) “Medical home” means a team-based model of care in a patient-centered medical home.
(5) “Participating provider” means a licensed health care provider who has entered into a contract with a provider sponsored network to provide services to Medicaid enrollees.

(6) “Participating primary care provider” is a primary care provider who is also a participating provider.

(7) “Patient-centered medical home” means a health care setting as described in section nine, article twenty-nine-h of this chapter.

(8) “Primary care provider” means a licensed behavioral health professional or a person licensed as an allopathic or osteopathic physician primarily practicing internal medicine, family or general practice, obstetrics and gynecology, or pediatrics who provides continuity-of-care services to the majority of his or her patients.

(9) “Provider sponsored network” means an entity licensed by the West Virginia insurance commissioner in accordance with article twenty-five-g, chapter thirty-three of this code.

(10) “Secretary” means the Secretary of the West Virginia Department of Health and Human Resources.

(a) The secretary is authorized to enter into contracts with any provider sponsored network licensed by the insurance commissioner in accordance with the provisions of article twenty-five-g, chapter thirty-three of this code, to arrange for the provision of health care, services and supplies for Medicaid beneficiaries. Such contract:

(1) Shall be subject to the same criteria and standards applied to other managed care organizations; and
(2) May provide that the provider sponsored network will share with the department up to 25% of any net profits realized during the period of the contract.

(b) The service, administrative and performance criteria to be met by provider sponsored networks shall be the same as required of other managed care organizations providing services to Medicaid beneficiaries in the state.

(c) A licensed provider sponsored network shall be deemed an HMO for the purposes of federal regulations governing the Medicaid program to the extent permitted by such regulations.

§16-2L-4. Options for Medicaid beneficiaries; assignment of enrollees.

(a) Notwithstanding the prior availability or utilization of other options, every licensed provider sponsored network available in a county shall be offered by the secretary as an enrollment option to that county’s Medicaid beneficiaries. A provider sponsored network is deemed to be “available in a county” if the secretary has entered into a contract with it to provide services to Medicaid beneficiaries in that county.

(b) The secretary shall require that each eligible Medicaid beneficiary be given the option to choose any available managed care plan, including a provider sponsored network, to arrange for and provide his or her medical services under the Medicaid program, and nothing in this article shall be construed to remove or diminish the right of Medicaid beneficiaries to choose among such available options.

(c) The secretary shall seek approval from the Centers for Medicare and Medicaid Services to permit the assignment to an available provider sponsored network of any Medicaid beneficiary who does not exercise the option to choose a
managed care plan or provider sponsored network offered to him or her. The secretary shall promulgate emergency rules and shall propose for legislative approval legislative rules as may be necessary to implement such assignment process.

(d) A Medicaid beneficiary assigned to a provider sponsored network or another managed care organization may change enrollment to any other available provider sponsored network or managed care organization as such options may be available, and nothing in this article requires that a Medicaid beneficiary who is a patient of a participating provider must remain an enrollee in the provider sponsored network with which such participating provider has a contract.

§16-2L-5. Anti-trust exemption.

Because agreement and coordination among health care providers, who may be potential competitors with each other, is required to establish and operate provider sponsored networks, an exemption from anti-trust laws for these activities will further the purposes of this article. Therefore, the West Virginia Anti-Trust Act, article eighteen, chapter forty-seven of this code, is inapplicable to the development of provider sponsored networks, activities necessary to operate provider sponsored networks or any arrangements or agreements between or among provider sponsored networks and participating providers that are performed or entered into consistent with and pursuant to the provisions of this article and the provisions of article twenty-five-g, chapter thirty-three of this code. It is the intent of the Legislature that the federal anti-trust statutes be interpreted in this manner as well.

§16-2L-6. Rulemaking authority.

The secretary may promulgate emergency rules and shall propose for legislative approval legislative rules, in accordance
with the provisions of article three, chapter twenty-nine-a of this code, as are necessary to provide for implementation and enforcement of the provisions of this article.

§16-2L-7. Reports to the Legislature.

The secretary shall include in his or her annual report to the Legislature the status of the provider sponsored network programs operating during the previous fiscal year.

CHAPTER 33. INSURANCE.

ARTICLE 25G. PROVIDER SPONSORED NETWORKS.

§33-25G-1. Legislative findings.

The Legislature finds that, in light of the need to provide health care to a Medicaid population that is expected to rise dramatically in the near future, new models of managed care should be explored in order to enhance the state’s ability to improve health outcomes and to manage the financial risk associated with the provision of such care. This article provides a licensing and regulatory scheme for provider sponsored networks, an alternative managed care model recognized in federal law, that recognizes the unique features of such entities.

(a) “Federally Qualified Health Center” means an entity as defined in 42 U.S.C. §1396d(l)(2)(B).

(b) “Medicaid beneficiary” means any person participating, through either a state plan amendment or waiver demonstration, in any Medicaid program administered by the West Virginia Department of Health and Human Resources or its Bureau for Medical Services.
(c) “Participating provider” means a licensed health care provider who has entered into a contract with a provider sponsored network to provide services to Medicaid enrollees.

(d) “Provider sponsored network” means an entity that satisfies the definition of a “Medicaid managed care organization” set forth in 42 U.S.C. §1396b(m)(1)(A), is controlled by one or more Federally Qualified Health Centers, as set forth in 42 U.S.C. §1396b(m)(1)(C)(ii)(IV), and provides or otherwise makes available health care services solely to Medicaid beneficiaries or beneficiaries of medicaid or medicare pursuant to contract with the secretary executed in accordance with article two-l, chapter sixteen of this code.

(e) “Secretary” means the Secretary of the West Virginia Department of Health and Human Resources.

(a) Except to the extent provided otherwise in this article, a provider sponsored network is subject to the provisions of article twenty-five-a of this chapter to the same extent as an HMO.

(b) Notwithstanding the provisions of section four, article twenty-five-a of this chapter, in determining whether a provider sponsored network has demonstrated in its application for a certificate of authority or at a later time that it is financially responsible and may reasonably be expected to meet its obligations to Medicaid beneficiaries, the commissioner may, in his or her sole discretion and after consultation with the secretary, impose lower or different solvency requirements, including lower surplus and capital. In deciding whether to permit lower or different solvency standards, the commissioner shall consider actuarial evaluations and other qualified technical standards and may also consider factors such as a lower risk of insolvency, any
transfer of risk to a third party, and the restriction of the provider sponsored network to the provision of Medicaid-related services; these same factors may also be considered in reviewing and acting upon a provider sponsored network’s RBC report.

(c) A provider sponsored network may at any time seek to convert its certificate of authority granted pursuant to this article to a certificate of authority to operate as an HMO by filing an application in accordance with the provisions of article twenty-five-a of this chapter.

§33-25G-4. Provider participation.

(a) Any willing physician or licensed behavioral health provider is entitled to participate in a provider sponsored network provided that he or she is willing to participate in the health care delivery approach designed by the provider sponsored network and such other applicable requirements of the Department of Health and Human Resources.

(b) As a condition of provider participation, including participation by hospitals, a provider sponsored network may require that its care management protocols be observed, including provisions for designations of certain services that may be provided only by designated providers or classes of providers, requirements that providers be credentialed before they may provide certain services, and requirements that providers comply with utilization management programs and referral systems as established by the provider sponsored network. A provider sponsored network may not require a participating physician provider to sell or transfer ownership of his, her or its assets or practice operations to the provider sponsored network or any of its participating providers as a condition of participation or of being permitted access or use of the provider sponsored network’s medical home resources and care management systems.

1 The commissioner may promulgate emergency rules and shall propose for legislative approval legislative rules, in accordance with the provisions of article three, chapter twenty-nine-a of this code, as are necessary to provide for implementation and enforcement of the provisions of this article.

AN ACT to amend and reenact §9-6-8 and §9-6-9 of the Code of West Virginia, 1931, as amended, all relating to adult protective services and reports of abuse, neglect or exploitation of vulnerable adults; permitting distribution of adult protective services records to certain individuals and entities; permitting
distribution of a summary of those records to certain other individuals and entities; protecting the confidentiality of the identity of the reporter; and requiring a program for notifying mandatory reporters at the outset and conclusion of investigations.

Be it enacted by the Legislature of West Virginia:

That §9-6-8 and §9-6-9 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

§9-6-8. Confidentiality of records.

(a) Except as otherwise provided in this section, all records of the department, state and regional long-term care ombudsmen, nursing home or facility administrators, the office of health facility licensure and certification and all protective services agencies concerning an adult or facility resident under this article are confidential and may not be released, except in accordance with the provisions of section eleven of this article.

(b) Unless the adult concerned is receiving adult protective services or unless there are pending proceedings with regard to the adult, the records maintained by the adult protective services agency shall be destroyed thirty years following their preparation.

(8)(A) Any plan issued or renewed on or after January 1, 2012, shall include coverage for diagnosis, evaluation and treatment of autism spectrum disorder in individuals ages eighteen months to eighteen years. To be eligible for

this subdivision shall be in an amount not to exceed $2,000
per month, until the individual reaches eighteen years of age,
as long as the treatment is medically necessary and in
accordance with a treatment plan developed by a certified
behavior analyst pursuant to a comprehensive evaluation or

construed as limiting, replacing or affecting any obligation to
provide services to an individual under the Individuals with
Disabilities Education Act, 20 U.S.C. 1400 et seq., as
amended from time to time or other publicly funded
programs. Nothing in this subdivision shall be construed as
requiring reimbursement for services provided by public

reports with the agency semiannually. In order for treatment
to continue, the agency must receive objective evidence or a
clinically supportable statement of expectation that:
(i) The individual’s condition is improving in response to treatment; and

(iii) There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.

(F) To the extent that the application of this subdivision for autism spectrum disorder causes an increase of at least one percent of actual total costs of coverage for the plan year the agency may apply additional cost containment measures.

(G) To the extent that the provisions of this subdivision require benefits that exceed the essential health benefits specified under section 1302(b) of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended, the specific benefits that exceed the specified essential health benefits shall not be required of insurance plans offered by the Public Employees Insurance Agency.

the optional coverage, at full cost to the employee, for each
eligible dependent; and with full authorization to the agency

prescription drug coverage for Medicare-eligible retirees by
providing coverage through one of the existing plans or by
enrolling the Medicare-eligible retired employees into a
Medicare-specific plan, including, but not limited to, the
Medicare/Advantage Prescription Drug Plan. In the event that
a Medicare specific plan would no longer be available or
advantageous for the agency and the retirees, the retirees
shall remain eligible for coverage through the agency.
