AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §4-14-1, §4-14-2, §4-14-3, §4-14-4 and §4-14-5, all relating to creating the Legislative Oversight Commission on Department of Transportation Accountability; setting forth findings, purpose and intent; defining terms; designating makeup and compensation of commission; authorizing meetings of the commission; stating powers and duties of commission; providing a limited subpoena power to the commission; and requiring certain reports.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended, by adding thereto a new article, designated §4-14-1, §4-14-2, §4-14-3, §4-14-4 and §4-14-5, all to read as follows:

ARTICLE 14. LEGISLATIVE OVERSIGHT COMMISSION ON DEPARTMENT OF TRANSPORTATION ACCOUNTABILITY.

§4-14-1. Findings, purpose and intent.

1 (a) The Legislature hereby finds and declares that:

2 (1) Investment in infrastructure is crucial to the well-being

3 of West Virginians and West Virginia businesses;
(2) The state must spend funds wisely on infrastructure in order to get the best return on investment and must make long-term plans for investment;

(3) The federal government is an unpredictable and unreliable partner in providing consistent funding for infrastructure investment;

(4) The Legislature directed a Division of Highways performance and efficiency audit in 2015; and

(5) In order to maintain proper oversight to ensure that sufficient transportation planning is made, funds are spent wisely and efficiently, and the Department of Transportation is functioning appropriately, the Legislative Oversight Commission on Department of Transportation Accountability is hereby created.

(b) It is the intent of the Legislature that all actions taken pursuant to the provisions of this article by the Legislature and the Department of Transportation serve the following core set of principles:

(1) That all Department of Transportation infrastructure investments be coordinated to maximize efficiencies and minimize cost thereby addressing the needs of the citizens more effectively;

(2) That communication be facilitated among the various agencies within the Department of Transportation and between the department and the Legislature;

(3) That policy changes, not made by legislative rule, be discussed with the commission for purposes of coordinating those policies with stated goals;

(4) That programs or policies implemented in accordance with federal mandates be communicated to the commission;
(5) That in developing and implementing programs with private or federal grant moneys, the various agencies communicate their efforts to the commission to ensure and facilitate future state funding; and

(6) That any Department of Transportation agencies exempted from rule-making review by federal or state statutes advise the commission of program changes which may affect infrastructure investment in West Virginia.

§4-14-2. Definitions.

As used in this article:

(1) “Agency” means each agency, authority, board, committee, commission or division of the Department of Transportation;

(2) “Commission” means the Legislative Oversight Commission on Transportation Accountability, as created in section three of this article; and

(3) “Department” means the Department of Transportation.

§4-14-3. Creation of a Legislative Oversight Commission on Department of Transportation Accountability.

(a) There is hereby created a joint commission of the Legislature known as the Legislative Oversight Commission on Department of Transportation Accountability. ARTICLE 3. RULEMAKING.

§29A-3-5. Notice of proposed rulemaking.

When an agency proposes to promulgate a rule other than an emergency rule, it shall file with the Secretary of State, for publication in the State Register, a notice of its action, including therein any request for the submission of evidence to be presented on any factual determinations or inquiries required by law to promulgate such rule. At the time of filing the notice of its action, the agency shall also file with the Secretary of State a copy of the full text of the rule proposed and a fiscal note as defined in subsection (b), section four of this article. If the agency is considering alternative draft proposals, it may also file with the Secretary of State the full text of such draft proposals.
The notice shall fix a date, time and place for the receipt of public comment in the form of oral statements, written statements and documents bearing upon any findings and determinations which are a condition precedent to the final approval by the agency of the proposed rule and shall contain a general description of the issues to be decided. If no specific findings and determinations are required as a condition precedent to the final approval by the agency of the approved rule, the notice shall fix a date, time and place for the receipt of general public comment on the proposed rule. To comply with the public comment provisions of this section, the agency may hold a public hearing or schedule a public comment period for the receipt of written statements and documents, or both.

If findings and determinations are a condition precedent to the promulgation of such rule, then an opportunity for general public comment on the merits of the rule shall be afforded after such findings and determinations are made. In such event, notice of the hearing or of the period for receiving public comment on the proposed rule shall be attached to and filed as a part of the findings and determinations of the agency when filed in the State Register.

In any hearing for public comment on the merits of the rule, the agency may limit presentations to written material. The time, date and place fixed in the notice shall constitute the last opportunity to submit any written material relevant to any hearing, all of which may be earlier submitted by filing with the agency. After the public hearing or the close of the public comment period, whichever is later, the agency shall not permit the filing or receipt of, nor shall it consider, any attempted ex parte communications directed to it in the form of additional comment prior to the submission of its final agency-approved rule to the Legislative Rule-Making Review Committee pursuant to the provisions of section eleven of this article.
The agency may also, at its expense, cause to be published as a Class I legal publication in every county of the state any notice required by this section.

Any citizen or other interested party may appear and be heard at such hearings as are required by this section.

Prior to the submission of any agency-approved proposed rule to the Secretary of State, the agency shall respond to public comments received during the rule-making process and explain the reasoning for comments being incorporated or not incorporated into the rule. Failure to adequately respond to public comments may be grounds for rejection of the proposed rule.

(a) When an agency finally approves a proposed legislative rule for submission to the Legislature, pursuant to the provisions of section nine of this article, the secretary of the executive department which administers the agency pursuant to the provisions of article two, chapter five-f of this code shall submit to the Legislative Rule-Making Review Committee at its offices or at a regular meeting of such committee a number of copies in electronic or paper form as requested by the committee, which shall include the following information:

(1) The full text of the legislative rule as finally approved by the agency, with new language underlined and with language to be deleted from any existing rule stricken through but clearly legible;

(2) A brief summary of the content of the legislative rule and a description and a copy of any existing rule which the agency proposes to amend or repeal;
(3) A statement of the circumstances which require the rule;

(4) A detailed description of the rule’s purpose and all proposed changes to the rule;

(5) A fiscal note containing all information included in a fiscal note for either house of the Legislature and a statement of the economic impact of the rule on the state or its residents;

(6) One copy of any relevant federal statutes or regulations;

(7) An explanation of the statutory authority for the rule, including a detailed summary of the effect of each provision of the rule with citation to the specific statute which empowers the agency to enact such provision;

(8) All public comments for each proposed rule. An agency may consolidate substantially similar comments in the interest of efficiency;

(9) All written responses by the agency to the substance of any public comments received, including whether the agency chose to modify the proposed rule in response to the comments or, if no changes were made, the rationale for declining to incorporate or make any suggested changes responding to the public comments. An agency may consolidate substantially similar responses in the interest of efficiency: Provided, That the agency’s response shall address each issue and concern expressed by all comments received; and

(10) Any other information which the committee may request or which may be required by law. If the agency is an agency, board or commission which is not administered by an executive department as provided for in article two, chapter five-f of this code, the agency shall submit the final agency-approved rule as required by this subsection.
(b) The committee shall review each proposed legislative rule and, in its discretion, may hold public hearings thereon. Such review shall include, but not be limited to, a determination of:

(1) Whether the agency has specific statutory authority to propose the rule and has not exceeded the scope of its statutory authority in approving the proposed legislative rule;

(2) Whether the proposed legislative rule is in conformity with the legislative intent of the statute which the rule is intended to implement, extend, apply, interpret or make specific;

(3) Whether the proposed legislative rule overlaps, duplicates or conflicts with any other provision of this code, any other rule adopted by the same or a different agency, with federal statutes and rules, or with local laws and rules;

(4) Whether federal funding will be impacted by its expiration and explanation as to such;

(5) Whether the proposed legislative rule is necessary to fully accomplish the objectives of the statute under which the rule was proposed for promulgation;

(6) Whether the proposed legislative rule is reasonable, especially as it affects the convenience of the general public or of persons particularly affected by it;

(7) Whether the proposed legislative rule could be made less complex or more readily understandable by the general public; and

(8) Whether the proposed legislative rule was proposed for promulgation in compliance with the requirements of this article and with any requirements imposed by any other provision of this code.
(c) After reviewing the legislative rule, the committee shall recommend that the Legislature:

1. Authorize the promulgation of the legislative rule;
2. Authorize the promulgation of part of the legislative rule;
3. Authorize the promulgation of the legislative rule with certain amendments;
4. Recommend that the proposed rule be withdrawn; or
5. Reject the proposed rule.

(d) When the committee recommends that a rule be authorized, in whole or in part, by the Legislature, the committee shall instruct its staff or the office of Legislative Services to draft a bill authorizing the promulgation of all or part of the legislative rule and incorporating such amendments as the committee desires. If the committee recommends that the rule not be authorized, it shall include in its report a draft of a bill authorizing promulgation of the rule together with a recommendation. Any draft bill prepared under this section shall contain a legislative finding that the rule is within the legislative intent of the statute which the rule is intended to implement, extend, apply or interpret and shall be available for any member of the Legislature to introduce to the Legislature.

(a) Any new legislative rule promulgated pursuant to this article after April 1, 2016, shall include a sunset provision
terminating the rule after five years: Provided, That the rule may be renewed for additional terms of five years or less by the Legislature pursuant to the rule-making procedures and authority in this article: Provided, however, That if a different sunset or termination provision exists in the statute under which the proposed rule is promulgated, the enabling statute’s provision shall control: Provided further, That this subsection shall not apply to rules promulgated by the Department of Environmental Protection or emergency rules promulgated pursuant to section fifteen of this article.

(b) Any legislative rule existing as of April 1, 2016, that is thereafter modified pursuant to this article shall include a sunset provision as part of the modification setting forth a termination date for the rule: Provided, That the rule may be renewed for additional terms of years by the Legislature pursuant to the rule-making procedures and authority in this article: Provided, however, That if a different sunset or termination provision exists in the statute under which the proposed rule is promulgated, the enabling statute’s provision shall control: Provided further, That this subsection shall not apply to rules promulgated by the Department of Environmental Protection or emergency rules promulgated pursuant to section fifteen of this article.

(c) The existence of a sunset provision terminating a rule shall not preclude the repeal of such rule by the Legislature prior to the expiration of the sunset provision.

(d) As part of its rule review under this article, the Legislative Rule-Making Review Committee is authorized to establish a procedure for timely review of rules prior to the expiration for those agencies that have affirmatively sought renewal prior to expiration. The procedure may include a requirement that the agency show cause as to why the expiring
rule is required and necessary to be continued for another term of years.

(e) The Secretary of State shall provide notice to the promulgating agency at least eighteen months prior to every rule’s expiration date.

§29A-3-20. Executive review of agency rules, guidelines, policies and recommendations.

within change, modified or repealed. On or before July 1, 2020, each agency shall submit a report to the Legislative Rule-Making Review Committee which includes the following information for each rule under the agency’s jurisdiction:

a failure to pay the required assessment shall not be reinstated or
reactivated until the assessment is paid in full.

(b) **Assessment on trauma centers.** — From July 1, 2016
through June 30, 2020, an assessment of $25 shall be levied by
the Board of Risk and Insurance Management on trauma centers
for each trauma patient treated at a health care facility designated
by the Office of Emergency Medical Services as a trauma center,
as reported to the West Virginia Trauma Registry. Beginning
July 1, 2016, and annually thereafter until June 30, 2020, the
Board of Risk and Insurance Management shall assess each
trauma center for trauma patients treated from January 1 to
December 31 of the previous year: **Provided,** That the
assessment to be collected by the Board of Risk and Insurance
Management on June 30, 2017, shall be based on each trauma
patient treated from January 1, 2016, to December 31, 2016.

(c) **Assessment on claims filed under the Medical
Professional Liability Act.** — From July 1, 2016, through June
30, 2020, an assessment of one percent of the gross amount of
any settlement or judgment in a qualifying claim shall be levied.

(1) For purposes of this subsection, a qualifying claim is any
claim for which a screening certificate of merit, as that term is
defined in section six, article seven-b, chapter fifty-five of this
code, is required.

(2) For any assessment levied pursuant to this subsection for
which a judgment is entered by a court, the date of the entry of
judgment shall be used to determine applicability of this
provision. The defendant or defendants shall remit the
assessment to the clerk of the court in which the qualified claim
was filed. The clerk of the court shall then remit the assessment
quarterly to the Board of Risk and Insurance Management to be
deposited in the fund.
(3) For any assessment levied pursuant to this subsection on a settlement entered into by the parties, the date on which the agreement is formalized in writing by the parties shall be used to determine applicability of this provision. At the time that an action alleging a qualified claim is dismissed by the parties, the assessment shall be paid to the clerk of the court, who shall then remit the assessment to the Board of Risk and Insurance Management to be deposited in the fund. Collected assessments shall be remitted no less often than quarterly. If a qualifying claim is settled prior to the filing of an action, the plaintiff, or his or her counsel, shall remit the payment to the Board of Risk and Insurance Management within sixty days of the date of the settlement agreement to be paid into the fund.

(d) Termination of assessments. — The requirements of this section shall terminate on the dates set forth in this section or sooner if the liability of the Patient Injury Compensation Fund has been paid or has been funded in its entirety. The Board of Risk and Insurance Management shall submit a report to the Joint Committee of Government and Finance each year beginning January 1, 2018, giving recommendations based on actuarial analysis of the fund’s liability. The recommendations shall include, but not be limited to, discontinuance of the assessments provided for in this section, closure of the fund and transfer of the fund’s liability.

(a) Other than payments in connection with the ongoing operation and administration of the fund, no payments may be made from the fund other than in satisfaction of claims for economic damages to qualified claimants who would have collected economic damages but for the operation of the limits on economic damages set forth in article seven-b, chapter fifty-five of this code.
(b) For purposes of this article, a qualified claimant must be both a “patient” and a “plaintiff” as those terms are defined in article seven-b, chapter fifty-five of this code.

(c) Any qualified claimant seeking payment from the fund must establish to the satisfaction of the board that he or she has exhausted all reasonable means to recover from all applicable liability insurance an award of economic damages, following procedures prescribed by the board by legislative rule.

(d) Upon a determination by the board that a qualified claimant to the fund for compensation has exhausted all reasonable means to recover from all applicable liability insurance an award of economic damages arising under article seven-b, chapter fifty-five of this code, the board shall make a payment or payments to the claimant for economic damages. The economic damages must have been awarded but be uncollectible after the exhaustion of all reasonable means of recovery of applicable insurance proceeds. In no event shall the amount paid by the board in respect to any one occurrence exceed $1 million or the maximum amount of money that could have been collected from all applicable insurance prior to the creation of the patient injury compensation fund under this article, regardless of the number of plaintiffs or the number of defendants or, in the case of wrongful death, regardless of the number of distributees.

(e) The board, in its discretion, may make payments to a qualified claimant in a lump sum amount or in the form of periodic payments. Periodic payments are to be based upon the present value of the total amount to be paid by the fund to the claimant by using federally approved qualified assignments.

(f) In its discretion, the board may make a payment or payments out of the fund to a qualified claimant in connection with the settlement of claims arising under article seven-b,
chapter fifty-five of this code all according to rules promulgated by the board. The board shall prior to making payment determine that payment from the fund to a qualified claimant is in the best interests of the fund. When the claimant and the board agree upon a settlement amount, the following procedure shall be followed:

(1) A petition shall be filed by the claimant with the court in which the action is pending, or if none is pending, in a court of appropriate jurisdiction, for approval of the agreement between the claimant and the board.

(2) The court shall set the petition for hearing as soon as the court’s calendar permits. Notice of the time, date and place of hearing shall be given to the claimant and to the board.

(3) The authority of the court is limited to denial of the final proposed settlement or, if the court finds it to be valid, just and equitable, approval of the proposed settlement.

(g) If and to the extent that any payment to one or more qualified claimants under this section would deplete the fund during any fiscal year, payments to and among qualified claimant’s shall, at the discretion of the board, be prorated, made in periodic installments during the fiscal year according to the rules promulgated by the board or be placed in a nonpayment status until such time as sufficient moneys are received by the fund to initiate or resume payments. Any amounts due and unpaid to qualified claimants in any fiscal year shall be paid in subsequent fiscal years from available funds, but only to the extent funds are available in any fiscal year, according to the board’s rules.

(h) The claimant may appeal a final decision made by the board pursuant to the provisions of article five, chapter twenty-nine-a of this code.
CHAPTER 55. ACTIONS, SUITS AND ARBITRATION; JUDICIAL SALE.

ARTICLE 7B. MEDICAL PROFESSIONAL LIABILITY.

§55-7B-9. Several liability.

(a) In the trial of a medical professional liability action under this article involving multiple defendants, the trier of fact shall report its findings on a form provided by the court which contains each of the possible verdicts as determined by the court. Unless otherwise agreed by all the parties to the action, the jury shall be instructed to answer special interrogatories, or the court, acting without a jury, shall make findings as to:

1. The total amount of compensatory damages recoverable by the plaintiff;
2. The portion of the damages that represents damages for noneconomic loss;
3. The portion of the damages that represents damages for each category of economic loss;
4. The percentage of fault, if any, attributable to each plaintiff; and
5. The percentage of fault, if any, attributable to each of the defendants.

(b) The trier of fact shall, in assessing percentages of fault, consider the fault of all alleged parties, including the fault of any person who has settled a claim with the plaintiff arising out of the same medical injury.

(c) If the trier of fact renders a verdict for the plaintiff, the court shall enter judgment of several, but not joint, liability
against each defendant in accordance with the percentage of fault attributed to the defendant by the trier of fact.

(d) To determine the amount of judgment to be entered against each defendant, the court shall first, after adjusting the verdict as provided in section nine-a of this article, reduce the adjusted verdict by the amount of any pre-verdict settlement arising out of the same medical injury. The court shall then, with regard to each defendant, multiply the total amount of damages remaining, with prejudgment interest recoverable by the plaintiff, by the percentage of fault attributed to each defendant by the trier of fact. The resulting amount of damages, together with any post-judgment interest accrued, shall be the maximum recoverable against the defendant. To determine the amount of judgment to be entered against each defendant when there is no preverdict settlement, the court shall first, after adjusting the verdict as provided in section nine-a of this article, multiply the total amount of damages remaining with any prejudgment interest recoverable by the plaintiff, by the percentage of fault attributed to each defendant by the trier of fact. The resulting amount of damages, together with any post-judgment interest accrued, shall be the maximum amount recoverable damages against each defendant.

(e) When any defendant’s percentage of the verdict exceeds the remaining amounts due the plaintiff after the mandatory reductions, each defendant shall be liable only for the defendant’s pro rata share of the remainder of the verdict as calculated by the court from the remaining defendants to the action. The plaintiff’s total award may never exceed the jury’s verdict less any statutory or court-ordered reductions.

(f) Nothing in this section is meant to eliminate or diminish any defenses or immunities which exist as of the effective date of this section, except as expressly noted in this section.
(g) Nothing in this article is meant to preclude a health care
provider from being held responsible for the portion of fault
attributed by the trier of fact to any person acting as the health
care provider’s agent or servant or to preclude imposition of
fault otherwise imputable or attributable to the health care
provider under claims of vicarious liability. A health care
provider may not be held vicariously liable for the acts of a
nonemployee pursuant to a theory of ostensible agency unless
the alleged agent does not maintain professional liability
insurance covering the medical injury which is the subject of the
action in the aggregate amount of at least $1 million for each
occurrence.

§55-7B-9c. Limit on liability for treatment of emergency
conditions for which patient is admitted to a
designated trauma center; exceptions; emergency
rules.

(a) In any action brought under this article for injury to or
death of a patient as a result of health care services or assistance
rendered in good faith and necessitated by an emergency
condition for which the patient enters a health care facility
designated by the Office of Emergency Medical Services as a
trauma center, including health care services or assistance
rendered in good faith by a licensed emergency medical services
authority or agency, certified emergency medical service
personnel or an employee of a licensed emergency medical
services authority or agency, the total amount of civil damages
recoverable may not exceed $500,000, for each occurrence,exclusive of interest computed from the date of judgment, and
regardless of the number of plaintiffs or the number of
defendants or, in the case of wrongful death, regardless of the
number of distributees.

(b) On January 1, 2016, and in each year thereafter, the
limitation on the total amount of civil damages contained in
subsection (a) of this section shall increase to account for inflation as determined by the Consumer Price Index published by the United States Department of Labor: Provided, That increases on the limitation of damages shall not exceed one hundred fifty percent of the amounts specified in said subsection.

(c) Beginning July 1, 2016, a plaintiff who, as a result of an injury suffered prior to or after said date, suffers or has suffered economic damages, as determined by the trier of fact or the agreement of the parties, in excess of the limitation of liability in section (a) of this section and for whom recovery from the Patient Injury Compensation Fund is precluded pursuant to section one, article twelve-d, chapter twenty-nine of this code may recover additional economic damages of up to $1 million. This amount is not subject to the adjustment for inflation set forth in subsection (b) of this section.

(d) The limitation of liability in subsection (a) of this section also applies to any act or omission of a health care provider in rendering continued care or assistance in the event that surgery is required as a result of the emergency condition within a reasonable time after the patient’s condition is stabilized.

(e) The limitation on liability provided under subsection (a) of this section does not apply to any act or omission in rendering care or assistance which:

   (1) Occurs after the patient’s condition is stabilized and the patient is capable of receiving medical treatment as a nonemergency patient; or

   (2) Is unrelated to the original emergency condition.

(f) In the event that: (1) A physician provides follow-up care to a patient to whom the physician rendered care or assistance pursuant to subsection (a) of this section; and (2) a medical
48 condition arises during the course of the follow-up care that is
directly related to the original emergency condition for which
care or assistance was rendered pursuant to said subsection, there
is rebuttable presumption that the medical condition was the
result of the original emergency condition and that the limitation
on liability provided by said subsection applies with respect to
that medical condition.

55 (g) There is a rebuttable presumption that a medical
condition which arises in the course of follow-up care provided
by the designated trauma center health care provider who
rendered good faith care or assistance for the original emergency
condition is directly related to the original emergency condition
where the follow-up care is provided within a reasonable time
after the patient’s admission to the designated trauma center.

62 (h) The limitation on liability provided under subsection (a)
of this section does not apply where health care or assistance for
the emergency condition is rendered:

65 (1) In willful and wanton or reckless disregard of a risk of
harm to the patient; or

67 (2) In clear violation of established written protocols for
triage and emergency health care procedures developed by the
Office of Emergency Medical Services in accordance with
subsection (e) of this section. In the event that the Office of
Emergency Medical Services has not developed a written triage
or emergency medical protocol by the effective date of this
section, the limitation on liability provided under subsection (a)
of this section does not apply where health care or assistance is
rendered under this section in violation of nationally recognized
standards for triage and emergency health care procedures.

77 (i) The Office of Emergency Medical Services shall, prior to
the effective date of this section, develop a written protocol
specifying recognized and accepted standards for triage and emergency health care procedures for treatment of emergency conditions necessitating admission of the patient to a designated trauma center.

(j) In its discretion, the Office of Emergency Medical Services may grant provisional trauma center status for a period of up to one year to a health care facility applying for designated trauma center status. A facility given provisional trauma center status is eligible for the limitation on liability provided in subsection (i) of this section. If, at the end of the provisional period, the facility has not been approved by the Office of Emergency Medical Services as a designated trauma center, the facility is no longer eligible for the limitation on liability provided in subsection (a) of this section.

(k) The Commissioner of the Bureau for Public Health may grant an applicant for designated trauma center status a one-time only extension of provisional trauma center status, upon submission by the facility of a written request for extension, accompanied by a detailed explanation and plan of action to fulfill the requirements for a designated trauma center. If, at the end of the six-month period, the facility has not been approved by the Office of Emergency Medical Services as a designated trauma center, the facility no longer has the protection of the limitation on liability provided in subsection (a) of this section.

(l) If the Office of Emergency Medical Services determines that a health care facility no longer meets the requirements for a designated trauma center, it shall revoke the designation, at which time the limitation on liability established by subsection (a) of this section ceases to apply to that health care facility for services or treatment rendered thereafter.

(m) The Legislature hereby finds that an emergency exists compelling promulgation of an emergency rule, consistent with
the provisions of this section, governing the criteria for
designation of a facility as a trauma center or provisional trauma
center and implementation of a statewide trauma/emergency care
system. The Legislature therefore directs the Secretary of the
Department of Health and Human Resources to file, on or before
July 1, 2003, emergency rules specifying the criteria for
designation of a facility as a trauma center or provisional trauma
center in accordance with nationally accepted and recognized
standards and governing the implementation of a statewide
trauma/emergency care system. The rules governing the
statewide trauma/emergency care system shall include, but not
be limited to:

(1) System design, organizational structure and operation,
including integration with the existing emergency medical
services system;

(2) Regulation of facility designation, categorization and
credentialing, including the establishment and collection of
reasonable fees for designation; and

(3) System accountability, including medical review and
audit to assure system quality. Any medical review committees
established to assure system quality shall include all levels of
care, including emergency medical service providers, and both
the review committees and the providers shall qualify for all the
rights and protections established in article three-c, chapter thirty
of this code.

(S. B. 311 - By Senators Snyder, Romano, Gaunch, Kessler and Blair)

[Passed March 12, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 29, 2016.]

AN ACT to amend and reenact §31-17-8 and §31-17-17 of the Code of West Virginia, 1931, as amended, all relating to exceptions from certain requirements for certain mortgage modifications or refinancing loans; authorizing exception from certain requirements for mortgage modifications or refinancing loans made in participation with and in compliance with the federal Homes
Affordable Modification Program or any other mortgage modification or refinancing loan eligible under any government sponsored enterprise requirements or funded through any federal or state program or litigation settlement; and allowing exceptions from nullification or actions brought for certain mortgage modifications or refinancing loans made in participation with and in compliance with the federal Homes Affordable Modification Program or any other mortgage modification or refinancing loan eligible under any government sponsored enterprise requirements or funded through any federal or state program or litigation settlement.

Be it enacted by the Legislature of West Virginia:

That §31-17-8 and §31-17-17 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 17. WEST VIRGINIA RESIDENTIAL MORTGAGE LENDER, BROKER AND SERVICER ACT.

§31-17-8. Maximum interest rate on subordinate loans; prepayment rebate; maximum points, fees and charges; overriding of federal limitations; limitations on lien documents; prohibitions on primary and subordinate mortgage loans; civil remedy.

1 (a) The maximum rate of finance charges on or in connection with any subordinate mortgage loan may not exceed eighteen percent per year on the unpaid balance of the amount financed.

5 (b) A borrower has the right to prepay his or her debt, in whole or in part, at any time and shall receive a rebate for any unearned finance charge, exclusive of any points, investigation fees and loan origination fees, which rebate shall be computed under the actuarial method.
(c) Except as provided by section one hundred nine, article three, chapter forty-six-a of this code and by subsection (g) of this section, no additional charges may be made, nor may any charge permitted by this section be assessed unless the loan is made: Provided, That in the event the loan is not made, the licensee is not required to refund an appraisal fee that is collected from a loan applicant by the licensee and paid to an unrelated third-party appraiser unless the fee is required to be refunded pursuant to federal law.

(d) Where loan origination fees, investigation fees or points have been charged by the licensee, the charges may not be imposed again in any refinancing of that loan or any additional loan on that property made within twenty-four months thereof, unless the new loan has a reasonable, tangible net benefit to the borrower considering all of the circumstances, including the terms of both the new and the refinanced loans, the cost of the new loan and the borrower’s circumstances. The licensee shall document this benefit in writing on a form prescribed by the commissioner and maintain the documentation in the loan file. To the extent this subdivision overrides the preemption on limiting points and other charges on first lien residential mortgage loans contained in the United States Depository Institutions Deregulation and Monetary Control Act of 1980, 12 U. S. C. §1735f-7a, the state law limitations contained in this section apply.

(e) Notwithstanding other provisions of this section, a delinquent charge or late charge may be charged on any installment made ten or more days after the regularly scheduled due date in accordance with section one hundred twelve or one hundred thirteen, article three, chapter forty-six-a of this code, whichever is applicable. The charge may be made only once on any one installment during the term of the primary or subordinate mortgage loan.
(f) Hazard insurance may be required by the lender. The charges for any insurance shall not exceed the standard rate approved by the Insurance Commissioner for the insurance. Proof of all insurance in connection with primary and subordinate mortgage loans subject to this article shall be furnished to the borrower within thirty days from and after the date of application therefor by the borrower.

(g) Except for fees for services provided by unrelated third parties for appraisals, inspections, title searches and credit reports, no application fee is allowed whether or not the mortgage loan is consummated; however, the borrower may be required to reimburse the licensee for actual expenses incurred by the licensee in a purchase money transaction after acceptance and approval of a mortgage loan proposal made in accordance with the provisions of this article which is not consummated because of:

(1) The borrower’s willful failure to close the loan; or

(2) The borrower’s false or fraudulent representation of a material fact which prevents closing of the loan as proposed.

(h) A licensee may not make, offer to make, accept or offer to accept any primary or subordinate mortgage loan except on the terms and conditions authorized in this article.

(i) A licensee may not induce or permit any borrower to become obligated to the licensee under this article, directly or contingently, or both, under more than one subordinate mortgage loan at the same time for the purpose or with the result of obtaining greater charges than would otherwise be permitted under the provisions of this article.

(j) An instrument evidencing or securing a primary or subordinate mortgage loan may not contain:
(1) A power of attorney to confess judgment;

(2) A provision whereby the borrower waives any rights accruing to him or her under the provisions of this article;

(3) A requirement that more than one installment be payable in any one installment period, or that the amount of any installment be greater or less than that of any other installment, except for the final installment which may be in a lesser amount, or unless the loan is structured as a revolving line of credit having no set final payment date: Provided, That this prohibition does not apply to any mortgage modification or refinancing loan made in participation with and in compliance with the federal Making Homes Affordable program, or any other mortgage modification or refinancing loan eligible under any government sponsored enterprise requirements or funded through any federal or state program or litigation settlement;

(4) An assignment of or order for the payment of any salary, wages, commissions or other compensation for services, or any part thereof, earned or to be earned;

(5) A requirement for compulsory arbitration which does not comply with federal law; or

(6) Blank or blanks to be filled in after the consummation of the loan. A borrower must be given a copy of every signed document executed by the borrower at the time of closing.

(k) A licensee may not charge a borrower or receive from a borrower money or other valuable consideration as compensation before completing performance of all services the licensee has agreed to perform for the borrower unless the licensee also registers and complies with all requirements set forth for credit service organizations in article six-c, chapter forty-six-a of this code, including all additional bonding requirements as may be established therein.
(l) A licensee may not make or broker revolving loans secured by a primary or subordinate mortgage lien for the retail purchase of consumer goods and services by use of a lender credit card.

(m) In making any primary or subordinate mortgage loan, a licensee may not, and a primary or subordinate mortgage lending transaction may not, contain terms which:

(1) Collect a fee not disclosed to the borrower; collect any attorney fee at closing in excess of the fee that has been or will be remitted to the attorney; collect a fee for a product or service where the product or service is not actually provided; misrepresent the amount charged by or paid to a third party for a product or service; or collect duplicate fee or points to act as both broker and lender for the same mortgage loan, however, fees and points may be divided between the broker and the lender as they agree, but may not exceed the total charges otherwise permitted under this article: Provided, That the fact of any fee, point or compensation is disclosed to the borrower consistent with the solicitation representation made to the borrower;

(2) Compensate, whether directly or indirectly, coerce or intimidate an appraiser for the purpose of influencing the independent judgment of the appraiser with respect to the value of real estate that is to be covered by a deed of trust or is being offered as security according to an application for a primary or subordinate mortgage loan;

(3) Make or assist in making any primary or subordinate mortgage loan with the intent that the loan will not be repaid and that the lender will obtain title to the property through foreclosure: Provided, That this subdivision shall not apply to reverse mortgages obtained under the provisions of article twenty-four, chapter forty-seven of this code;
(4) Require the borrower to pay, in addition to any periodic interest, combined fees, compensation or points of any kind to the lender and broker to arrange, originate, evaluate, maintain or service a loan secured by any encumbrance on residential property that exceed, in the aggregate, six percent of the loan amount financed, including any yield spread premium paid by the lender to the broker: Provided, That reasonable closing costs, as defined in section one hundred two, article one, chapter forty-six-a of this code, payable to unrelated third parties may not be included within this limitation: Provided, however, That no yield spread premium is permitted for any loan for which the annual percentage rate exceeds eighteen percent per year on the unpaid balance of the amount financed: Provided further, That if no yield spread premium is charged, the aggregate of fees, compensation or points can be no greater than five percent of the loan amount financed. The financing of the fees and points are permissible and, where included as part of the finance charge, does not constitute charging interest on interest. To the extent that this section overrides the preemption on limiting points and other charges on first lien residential mortgage loans contained in the United States Depository Institutions Deregulation and Monetary Control Act of 1980, 12 U. S. C. §1735f-7a, the state law limitations contained in this section apply;

(5) Secure a primary or subordinate mortgage loan by any security interest in personal property unless the personal property is affixed to the residential dwelling or real estate;

(6) Allow or require a primary or subordinate mortgage loan to be accelerated because of a decrease in the market value of the residential dwelling that is securing the loan;

(7) Require terms of repayment which do not result in continuous monthly reduction of the original principal amount of the loan: Provided, That the provisions of this subdivision do not apply to reverse mortgage loans obtained under article twenty-four, chapter forty-seven of this code, home equity,
(8) Secure a primary or subordinate mortgage loan in a principal amount that, when added to the aggregate total of the outstanding principal balances of all other primary or subordinate mortgage loans secured by the same property, exceeds the fair market value of the property on the date that the latest mortgage loan is made. For purposes of this paragraph, a broker or lender may rely upon a bona fide written appraisal of the property made by an independent third-party appraiser, duly licensed or certified by the West Virginia Real Estate Appraiser Licensing and Certification Board and prepared in compliance with the uniform standards of professional appraisal practice: Provided, That this prohibition does not apply to any mortgage modification or refinancing loan made in participation with and in compliance with the federal Making Homes Affordable program, or any other mortgage modification or refinancing loan eligible under any government sponsored enterprise requirements or funded through any federal or state program or litigation settlement;

(9) Advise or recommend that the consumer not make timely payments on an existing loan preceding loan closure of a refinancing transaction; or

(10) Knowingly violate any provision of any other applicable state or federal law regulating primary or subordinate mortgage loans, including, without limitation, chapter forty-six-a of this code.

§31-17-17. Loans made in violation of this article void; agreements to waive article void.

(a) If any primary or subordinate mortgage loan is made in willful violation of the provisions of this article, except as a
result of a bona fide error, such loan may be canceled by a court of competent jurisdiction: Provided, That it may not be construed to have been a willful violation of the provisions of this article if the violation is due to a violation of subdivision (3), subsection (j) or subdivision (8), subsection (m), section eight of this article for a mortgage modification or refinancing loan made after May 1, 2009, in participation with and in compliance with the federal Making Homes Affordable program, or any other mortgage modification or refinancing loan eligible under any government sponsored enterprise requirements or funded through any federal or state program or litigation settlement.

(b) Any agreement whereby the borrower waives the benefits of this article shall be deemed to be against public policy and void.

(c) Any residential mortgage loan transaction in violation of this article shall be subject to an action, which may be brought in a circuit court having jurisdiction, by the borrower seeking damages, reasonable attorneys fees and costs: Provided, That this action may not be brought if the violation is due to a violation of subdivision (3), subsection (j) or subdivision (8), subsection (m), section eight of this article for a mortgage modification or refinancing loan made after May 1, 2009, in participation with and in compliance with the federal Making Homes Affordable program, or any other mortgage modification or refinancing loan eligible under any government sponsored enterprise requirements or funded through any federal or state program or litigation settlement.

(d) A licensee who, when acting in good faith in a lending transaction, inadvertently and without intention, violates any provision of this article or fails to comply with any provision of this article, will be excused from such violation if within thirty days of becoming aware of such violation, or being notified of such violation, and prior to the institution of any civil action or
criminal proceeding against the licensee, the licensee notifies the
borrower of the violation, makes full restitution of any
overcharges, and makes all other adjustments as are necessary to
make the lending transaction comply with this article.

(j) Upon acceptance into the program, a participant in good standing with the program is under no obligation to make separate or additional payments of unpaid court costs directly to a court if those unpaid court costs are included in the consolidated repayment schedule.

AN ACT to amend and reenact §39B-1-114 of the Code of West Virginia, 1931, as amended; and to amend and reenact §39B-2-101 of said code, all relating to limiting the ability of an agent under a power of attorney to take self-benefiting actions; creating a presumption that an act is not within the scope of authority granted in a power of attorney when an agent benefits from the act to the detriment of an ancestor, spouse, heir, or descendant, unless the authority to perform the act is expressly provided with particularity in identifying the existing property interest in the power of attorney; and prohibiting an agent from exercising authority under a power of attorney to create in the agent, or in an individual to whom the agent owes a legal obligation of support, an interest in the principal’s property, whether by gift, right of survivorship, beneficiary designation, disclaimer, or otherwise, unless the power of attorney expresses in the grant of authority the specific act and identifies the existing property interest with particularity, rather than in general terms.

Be it enacted by the Legislature of West Virginia:

That §39B-1-114 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that §39B-2-101 of said code be amended and reenacted, all to read as follows:

ARTICLE 1. GENERAL PROVISIONS.
§39B-1-114. Agent’s duties.

1. Notwithstanding provisions in the power of attorney, an agent who has accepted appointment shall:

   (a) Act in accordance with the principal’s reasonable expectations to the extent actually known by the agent and, otherwise, in the principal’s best interest;

   (2) Act in good faith; and

   (3) Act only within the scope of authority granted in the power of attorney.

(b) Except as otherwise provided in the power of attorney, an agent who has accepted appointment shall:

   (1) Act loyally for the principal’s benefit;

   (2) Act so as not to create a conflict of interest that impairs the agent’s ability to act impartially in the principal’s best interest;

   (3) Act with the care, competence and diligence ordinarily exercised by agents in similar circumstances;

   (4) Keep a record of all receipts, disbursements and transactions made on behalf of the principal;

   (5) Cooperate with a person that has authority to make health-care decisions for the principal to carry out the principal’s reasonable expectations to the extent actually known by the agent and, otherwise, act in the principal’s best interest; and

   (6) Attempt to preserve the principal’s estate plan, to the extent actually known by the agent, if preserving the plan is consistent with the principal’s best interest based on all relevant factors, including:
(A) The value and nature of the principal’s property;

(B) The principal’s foreseeable obligations and need for maintenance;

(C) Minimization of taxes, including income, estate, inheritance, generation-skipping transfer and gift taxes; and

(D) Eligibility for a benefit, a program or assistance under a statute or regulation.

(c) An agent that acts in good faith is not liable to any beneficiary of the principal’s estate plan for failure to preserve the plan.

(d) An agent that acts with care, competence and diligence for the best interest of the principal is not liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal. However, when the agent benefits from the act to the substantial and direct detriment of an ancestor, spouse, heir or descendant of the principal a presumption is created that the act was not within the scope of authority granted in the power of attorney, unless the authority to perform that specific act is expressed with particularity in identifying the existing property interest and provided in the power of attorney.

(e) If an agent is selected by the principal because of special skills or expertise possessed by the agent or in reliance on the agent’s representation that the agent has special skills or expertise, the special skills or expertise must be considered in determining whether the agent has acted with care, competence and diligence under the circumstances.

(f) Absent a breach of duty to the principal, an agent is not liable if the value of the principal’s property declines.
(g) An agent who exercises authority to delegate to another person the authority granted by the principal or who engages another person on behalf of the principal is not liable for an act, error of judgment or default of that person if the agent exercises care, competence and diligence in selecting and monitoring the person.

(h) Except as otherwise provided in the power of attorney, an agent is not required to disclose receipts, disbursements or transactions conducted on behalf of the principal or provide an accounting unless: ordered by a court or requested by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal or, upon the death of the principal, by the personal representative or successor in interest of the principal’s estate. If so requested, within thirty days the agent shall comply with the request or provide a writing or other record substantiating why additional time is needed and shall comply with the request within an additional thirty days. If an agent fails or refuses to comply with the provisions of this section, the court may award the principal or other authorized party requesting the disclosure reimbursement of reasonable attorneys fees and costs incurred.

ARTICLE 2. AUTHORITY.

§39B-2-101. Authority that requires specific grant; grant of general authority.

(a) An agent under a power of attorney may do the following on behalf of the principal or with the principal’s property only if the power of attorney expressly grants the agent the authority and exercise of the authority is not otherwise prohibited by another agreement or instrument to which the authority or property is subject to:

(1) Create, amend, revoke or terminate an inter vivos trust;
(2) Make a gift;
(3) Create or change rights of survivorship;
(4) Create or change a beneficiary designation;
(5) Delegate authority granted under the power of attorney;
(6) Waive the principal’s right to be a beneficiary of a joint and survivor annuity, including a survivor benefit under a retirement plan;
(7) Exercise fiduciary powers that the principal has authority to delegate; or
(8) Disclaim property, including a power of appointment.

(b) Notwithstanding a grant of authority to do an act described in this section, an agent may not exercise authority under a power of attorney to create in the agent, or in an individual to whom the agent owes a legal obligation of support, an interest in the principal’s property, whether by gift, right of survivorship, beneficiary designation, disclaimer or otherwise, unless the power of attorney expresses in the grant of authority the specific act and identifies the existing property interest with particularity, rather than in general terms.

(c) Subject to subsections (a), (b), (d) and (e) of this section, if a power of attorney grants to an agent authority to do all acts that a principal could do, the agent has the general authority described in section one hundred four through section one hundred sixteen of this article.

(d) Unless the power of attorney otherwise provides, a grant of authority to make a gift is subject to the provisions of section one hundred seventeen of this article.
(e) Subject to subsections (a), (b) and (d) of this section, if the subjects over which authority is granted in a power of attorney are similar or overlap, the broadest authority controls.

(f) Authority granted in a power of attorney is exercisable with respect to property that the principal has when the power of attorney is executed or acquires later, whether or not the property is located in this state and whether or not the authority is exercised or the power of attorney is executed in this state.

(g) An act performed by an agent pursuant to a power of attorney has the same effect and inures to the benefit of and binds the principal and the principal’s successors in interest as if the principal had performed the act.

available to pronounce death, another physician may pronounce
death. If there is no physician available to pronounce death, then

(i) The local registrar shall transmit each month to the county clerk of his or her county a copy of the certificates of all deaths occurring in the county, and if any person dies in a county other than the county within the state in which the person last resided prior to death, then the state Registrar shall furnish a copy of the death certificate to the clerk of the county commission of the county where the person last resided, from

(a) *Definitions.* — For the purposes of this section:

1. “Chronic nonmalignant pain” means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. “Chronic non-malignant pain” does not include pain associated with a terminal condition or illness or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition or illness.

2. “Physician” means a person licensed by the West Virginia Board of Medicine to practice allopathic medicine in West Virginia.

3. “Store and forward telemedicine” means the asynchronous computer-based communication of medical data or images from an originating location to a physician or podiatrist at another site for the purpose of diagnostic or therapeutic assistance.
(4) “Telemedicine” means the practice of medicine using tools such as electronic communication, information technology, store and forward telecommunication, or other means of interaction between a physician or podiatrist in one location and a patient in another location, with or without an intervening healthcare provider.

(5) “Telemedicine technologies” means technologies and devices which enable secure electronic communications and information exchange in the practice of telemedicine, and typically involve the application of secure real-time audio/video conferencing or similar secure video services, remote monitoring, or store and forward digital image technology to provide or support healthcare delivery by replicating the interaction of a traditional in-person encounter between a physician or podiatrist and a patient.

(b) Licensure. —

(1) The practice of medicine occurs where the patient is located at the time the telemedicine technologies are used.

(2) A physician or podiatrist who practices telemedicine must be licensed as provided in this article.

(3) This section does not apply to:

(A) An informal consultation or second opinion, at the request of a physician or podiatrist who is licensed to practice medicine or podiatry in this state, provided that the physician or podiatrist requesting the opinion retains authority and responsibility for the patient’s care; and

(B) Furnishing of medical assistance by a physician or podiatrist in case of an emergency or disaster, if no charge is made for the medical assistance.
(c) Physician-Patient or Podiatrist-Patient Relationship Through Telemedicine Encounter.

(1) A physician-patient or podiatrist-patient relationship may not be established through:

(A) Audio-only communication;

(B) Text-based communications such as e-mail, internet questionnaires, text-based messaging or other written forms of communication; or

(C) Any combination thereof.

(2) If an existing physician-patient or podiatrist-patient relationship does not exist prior to the utilization to telemedicine technologies, or if services are rendered solely through telemedicine technologies, a physician-patient or podiatrist-patient relationship may only be established:

(A) Through the use of telemedicine technologies which incorporate interactive audio using store and forward technology, real-time videoconferencing or similar secure video services during the initial physician-patient or podiatrist-patient encounter; or

(B) For the practice of pathology and radiology, a physician-patient relationship may be established through store and forward telemedicine or other similar technologies.

(3) Once a physician-patient or podiatrist-patient relationship has been established, either through an in-person encounter or in accordance with subsection (c)(2) of this section, the physician or podiatrist may utilize any telemedicine technology that meets the standard of care and is appropriate for the particular patient presentation.
(d) Telemedicine Practice. — A physician or podiatrist using telemedicine technologies to practice medicine or podiatry shall:

(1) Verify the identity and location of the patient;

(2) Provide the patient with confirmation of the identity and qualifications of the physician or podiatrist;

(3) Provide the patient with the physical location and contact information of the physician;

(4) Establish or maintain a physician-patient or podiatrist-patient relationship that conforms to the standard of care;

(5) Determine whether telemedicine technologies are appropriate for the particular patient presentation for which the practice of medicine or podiatry is to be rendered;

(6) Obtain from the patient appropriate consent for the use of telemedicine technologies;

(7) Conduct all appropriate evaluations and history of the patient consistent with traditional standards of care for the particular patient presentation; and

(8) Create and maintain healthcare records for the patient which justify the course of treatment and which verify compliance with the requirements of this section.

(9) The requirements of subdivisions (1) through (8) of subsection (d) in this section do not apply to the practice of pathology or radiology medicine through store and forward telemedicine.

(e) Standard of Care. —
The practice of medicine or podiatry provided via telemedicine technologies, including the establishment of a physician-patient or podiatrist-patient relationship and issuing a prescription via electronic means as part of a telemedicine encounter, are subject to the same standard of care, professional practice requirements and scope of practice limitations as traditional in-person physician-patient or podiatrist-patient encounters. Treatment, including issuing a prescription, based solely on an online questionnaire, does not constitute an acceptable standard of care.

(f) *Patient Records.* —

The patient record established during the use of telemedicine technologies shall be accessible and documented for both the physician or podiatrist and the patient, consistent with the laws and legislative rules governing patient healthcare records. All laws governing the confidentiality of healthcare information and governing patient access to medical records shall apply to records of practice of medicine or podiatry provided through telemedicine technologies. A physician or podiatrist solely providing services using telemedicine technologies shall make documentation of the encounter easily available to the patient, and subject to the patient’s consent, to any identified care provider of the patient.

(g) *Prescribing Limitations.* —

(1) A physician or podiatrist who practices medicine to a patient solely through the utilization of telemedicine technologies may not prescribe to that patient any controlled substances listed in Schedule II of the Uniform Controlled Substances Act.

(2) A physician or podiatrist may not prescribe any pain-relieving controlled substance listed in Schedules II through
of treatment for chronic non-malignant pain solely based upon a telemedicine encounter.

(h) Exceptions. —

This article does not prohibit the use of audio-only or text-based communications by a physician or podiatrist who is:

(1) Responding to call for patients with whom a physician-patient or podiatrist-patient relationship has been established through an in-person encounter by the physician or podiatrist;

(2) Providing cross coverage for a physician or podiatrist who has established a physician-patient or podiatrist-patient relationship with the patient through an in-person encounter; or

(3) Providing medical assistance in the event of an emergency situation.

(i) Rulemaking. —

The West Virginia Board of Medicine and West Virginia Board of Osteopathic Medicine may propose joint rules for legislative approval in accordance with article three, chapter twenty-nine-a of this code to implement standards for and limitations upon the utilization of telemedicine technologies in the practice of medicine and podiatry in this state.

(j) Preserving Traditional Physician-Patient or Podiatrist-Patient Relationship. —

Nothing in this section changes the rights, duties, privileges, responsibilities and liabilities incident to the physician-patient or podiatrist-patient relationship, nor is it meant or intended to change in any way the personal character of the
physician-patient or podiatrist-patient relationship. This section does not alter the scope of practice of any healthcare provider or authorize the delivery of healthcare services in a setting, or in a manner, not otherwise authorized by law.

CHAPTER 180

(S. B. 627 - By Senators Takubo, Maynard, Mullins, Stollings, Trump and Plymale)

[Passed March 10, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 23, 2016.]

AN ACT to amend and reenact §30-3A-2 of the Code of West Virginia, 1931, as amended; and to amend and reenact §55-7-23 of
said code, all relating to permitting physicians to decline prescribing controlled substance in certain circumstances; limiting disciplinary action by a licensing board on a health care provider with prescriptive authority for declining to prescribe, or declining to continue to prescribe, any controlled substance in certain circumstances; and providing that a health care provider with prescriptive authority is not liable to a patient or third party for declining to prescribe, or declining to continue to prescribe, any controlled substance in certain circumstances.

Be it enacted by the Legislature of West Virginia:

That §30-3A-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that §55-7-23 of said code be amended and reenacted, all to read as follows:

CHAPTER 30. PROFESSIONS AND OCCUPATIONS.

ARTICLE 3A. MANAGEMENT OF INTRACTABLE PAIN.

§30-3A-2. Limitation on disciplinary sanctions or criminal punishment related to management of pain.

(a) A physician is not subject to disciplinary sanctions by a licensing board or criminal punishment by the state for prescribing, administering or dispensing pain-relieving controlled substances for the purpose of alleviating or controlling pain if:

(1) In the case of a dying patient experiencing pain, the physician practices in accordance with an accepted guideline as defined in section one of this article and discharges his or her professional obligation to relieve the dying patient’s pain and promote the dignity and autonomy of the dying patient; or

(2) In the case of a patient who is not dying and is experiencing pain, the physician discharges his or her
professional obligation to relieve the patient’s pain, if the physician can demonstrate by reference to an accepted guideline that his or her practice substantially complied with that accepted guideline. Evidence of substantial compliance with an accepted guideline may be rebutted only by the testimony of a clinical expert. Evidence of noncompliance with an accepted guideline is not sufficient alone to support disciplinary or criminal action.

(b) A health care provider, as defined in section two, article seven-b, chapter fifty-five of this code, with prescriptive authority is not subject to disciplinary sanctions by a licensing board or criminal punishment by the state for declining to prescribe, or declining to continue to prescribe, any controlled substance to a patient which the health care provider with prescriptive authority is treating if the health care provider with prescriptive authority in the exercise of reasonable prudent judgment believes the patient is misusing the controlled substance in an abusive manner or unlawfully diverting a controlled substance legally prescribed for their use.

(c) A licensed registered professional nurse is not subject to disciplinary sanctions by a licensing board or criminal punishment by the state for administering pain-relieving controlled substances to alleviate or control pain, if administered in accordance with the orders of a licensed physician.

(d) A licensed pharmacist is not subject to disciplinary sanctions by a licensing board or criminal punishment by the state for dispensing a prescription for a pain-relieving controlled substance to alleviate or control pain, if dispensed in accordance with the orders of a licensed physician.

(e) For purposes of this section, the term “disciplinary sanctions” includes both remedial and punitive sanctions imposed on a licensee by a licensing board, arising from either formal or informal proceedings.
(f) The provisions of this section apply to the treatment of all patients for pain, regardless of the patient’s prior or current chemical dependency or addiction. The board may develop and issue policies or guidelines establishing standards and procedures for the application of this article to the care and treatment of persons who are chemically dependent or addicted.

CHAPTER 55. ACTIONS, SUITS AND ARBITRATION; JUDICIAL SALE.

ARTICLE 7. ACTIONS FOR INJURIES.

§55-7-23. Prescription drugs and medical devices; limiting health care providers’ liability exposure.

(a) No health care provider, as defined in section two, article seven-b of this chapter, is liable to a patient or third party for injuries sustained as a result of the ingestion of a prescription drug or use of a medical device that was prescribed or used by the health care provider in accordance with instructions approved by the U. S. Food and Drug Administration regarding the dosage and administration of the drug, the indications for which the drug should be taken or device should be used, and the contraindications against taking the drug or using the device: Provided, That the provisions of this section do not apply if: (1) The health care provider had actual knowledge that the drug or device was inherently unsafe for the purpose for which it was prescribed or used; or (2) a manufacturer of the drug or device publicly announces changes in the dosage or administration of the drug or changes in contraindications against taking the drug or using the device and the health care provider fails to follow the publicly announced changes and the failure proximately caused or contributed to the plaintiff’s injuries or damages.

(b) A health care provider with prescriptive authority is not liable to a patient or third party for declining to prescribe, or
declining to continue to prescribe, any controlled substance to a
patient which the health care provider with prescriptive authority
is treating if the health care provider with prescriptive authority
in the exercise of reasonable prudent judgment believes the
patient is misusing the controlled substance in an abusive
manner or unlawfully diverting a controlled substance legally
prescribed for their use.

(c) The provisions of this section are not intended to create
a new cause of action.

CHAPTER 181

(H. B. 4033 - By Delegates Ellington, Summers,
Householder, Rohrbach, Stansbury, Waxman,
Perdue and Rodighiero)

[Passed March 12, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2016.]

AN ACT to amend and reenact §30-5-12b and §30-5-34 of the Code of
West Virginia, 1931, as amended, all relating to prohibiting the
practice of pharmacist care without a license; prohibiting
assistance to practice of pharmacist care without a registration;
establishing a criminal penalty for the illegal practice or pharmacy
care or assisting in the practice of pharmacy care; permitting the
board to contact law enforcement with information concerning a
criminal offense; permitting the fining of a person practicing with
an encumbered license; permitting the fining of a person practicing
with an encumbered registration; and establishing a fine.

Be it enacted by the Legislature of West Virginia:

That §30-5-12b and §30-5-34 of the Code of West Virginia, 1931,
as amended, be amended and reenacted, all to read as follows:
§30-5-12b. Definitions; selection of generic drug products; exceptions; records; labels; manufacturing standards; rules; notice of substitution; complaints; notice and hearing; immunity.

1 (a) As used in this section:

2 (1) “Brand name” means the proprietary or trade name selected by the manufacturer and placed upon a drug or drug product, its container, label or wrapping at the time of packaging.

3 (2) “Generic name” means the official title of a drug or drug combination for which a new drug application, or an abbreviated new drug application, has been approved by the United States Food and Drug Administration and is in effect.

4 (3) “Substitute” means to dispense without the prescriber’s express authorization a therapeutically equivalent generic drug product in the place of the drug ordered or prescribed.

5 (4) “Equivalent” means drugs or drug products which are the same amounts of identical active ingredients and same dosage form and which will provide the same therapeutic efficacy and toxicity when administered to an individual and is approved by the United States Food and Drug Administration.

6 (b) A pharmacist who receives a prescription for a brand name drug or drug product shall substitute a less expensive equivalent generic name drug or drug product unless in the exercise of his or her professional judgment the pharmacist believes that the less expensive drug is not suitable for the particular patient: Provided, That no substitution may be made by the pharmacist where the prescribing practitioner indicates that, in his or her professional judgment, a specific brand name drug is medically necessary for a particular patient.
(c) A written prescription order shall permit the pharmacist to substitute an equivalent generic name drug or drug product except where the prescribing practitioner has indicated in his or her own handwriting the words “Brand Medically Necessary”. The following sentence shall be printed on the prescription form: “This prescription may be filled with a generically equivalent drug product unless the words ‘Brand Medically Necessary’ are written, in the practitioner’s own handwriting, on this prescription form.”: Provided, That “Brand Medically Necessary” may be indicated on the prescription order other than in the prescribing practitioner’s own handwriting unless otherwise required by federal mandate.

(d) A verbal prescription order shall permit the pharmacist to substitute an equivalent generic name drug or drug product except where the prescribing practitioner shall indicate to the pharmacist that the prescription is “Brand Necessary” or “Brand Medically Necessary”. The pharmacist shall note the instructions on the file copy of the prescription or chart order form.

(e) No person may by trade rule, work rule, contract or in any other way prohibit, restrict, limit or attempt to prohibit, restrict or limit the making of a generic name substitution under the provisions of this section. No employer or his or her agent may use coercion or other means to interfere with the professional judgment of the pharmacist in deciding which generic name drugs or drug products shall be stocked or substituted: Provided, That this section shall not be construed to permit the pharmacist to generally refuse to substitute less expensive therapeutically equivalent generic drugs for brand name drugs and that any pharmacist so refusing shall be subject to the penalties prescribed in section thirty-four of this article.

(f) A pharmacist may substitute a drug pursuant to the provisions of this section only where there will be a savings to the buyer. Where substitution is proper, pursuant to this section,
or where the practitioner prescribes the drug by generic name, the pharmacist shall, consistent with his or her professional judgment, dispense the lowest retail cost, effective brand which is in stock.

(g) All savings in the retail price of the prescription shall be passed on to the purchaser; these savings shall be equal to the difference between the retail price of the brand name product and the customary and usual price of the generic product substituted therefor: Provided, That in no event shall such savings be less than the difference in acquisition cost of the brand name product prescribed and the acquisition cost of the substituted product.

(h) Each pharmacy shall maintain a record of any substitution of an equivalent generic name drug product for a prescribed brand name drug product on the file copy of a written, electronic or verbal prescription or chart order. Such record shall include the manufacturer and generic name of the drug product selected.

(i) All drugs shall be labeled in accordance with the instructions of the practitioner.

(j) Unless the practitioner directs otherwise, the prescription label on all drugs dispensed by the pharmacist shall indicate the generic name using abbreviations, if necessary, and either the name of the manufacturer or packager, whichever is applicable in the pharmacist’s discretion. The same notation will be made on the original prescription retained by the pharmacist.

(k) A pharmacist may not dispense a product under the provisions of this section unless the manufacturer has shown that the drug has been manufactured with the following minimum good manufacturing standards and practices by:
(1) Labeling products with the name of the original manufacturer and control number;

(2) Maintaining quality control standards equal to or greater than those of the United States Food and Drug Administration;

(3) Marking products with identification code or monogram; and

(4) Labeling products with an expiration date.

(l) The West Virginia Board of Pharmacy shall promulgate rules in accordance with the provisions of chapter twenty-nine-a of this code which establish a formulary of generic type and brand name drug products which are determined by the board to demonstrate significant biological or therapeutic inequivalence and which, if substituted, would pose a threat to the health and safety of patients receiving prescription medication. The formulary shall be promulgated by the board within ninety days of the date of passage of this section and may be amended in accordance with the provisions of chapter twenty-nine-a of this code.

(m) No pharmacist shall substitute a generic-named therapeutically equivalent drug product for a prescribed brand name drug product if the brand name drug product or the generic drug type is listed on the formulary established by the West Virginia Board of Pharmacy pursuant to this article or is found to be in violation of the requirements of the United States Food and Drug Administration.

(n) Any pharmacist who substitutes any drug shall, either personally or through his or her agent, assistant or employee, notify the person presenting the prescription of such substitution. The person presenting the prescription shall have the right to refuse the substitution. Upon request the pharmacist shall relate
the retail price difference between the brand name and the drug
substituted for it.

(o) Every pharmacy shall post in a prominent place that is in
clear and unobstructed public view, at or near the place where
prescriptions are dispensed, a sign which shall read: “West
Virginia law requires pharmacists to substitute a less expensive
generic-named therapeutically equivalent drug for a brand name
drug, if available, unless you or your physician direct
otherwise.” The sign shall be printed with lettering of at least
one and one-half inches in height with appropriate margins and
spacing as prescribed by the West Virginia Board of Pharmacy.

(p) The West Virginia Board of Pharmacy shall promulgate
rules in accordance with the provisions of chapter twenty-nine-a
of this code setting standards for substituted drug products,
obtaining compliance with the provisions of this section and
enforcing the provisions of this section.

(q) Any person shall have the right to file a complaint with
the West Virginia Board of Pharmacy regarding any violation of
the provisions of this article. Such complaints shall be
investigated by the Board of Pharmacy.

(r) Fifteen days after the board has notified, by registered
mail, a person, firm, corporation or copartnership that such
person, firm, corporation or copartnership is suspected of being
in violation of a provision of this section, the board shall hold a
hearing on the matter. If, as a result of the hearing, the board
determines that a person, firm, corporation or copartnership is
violating any of the provisions of this section, it may, in addition
to any penalties prescribed by section twenty-two of this article,
suspend or revoke the permit of any person, firm, corporation or
copartnership to operate a pharmacy.

(s) No pharmacist or pharmacy complying with the
provisions of this section shall be liable in any way for the
dispensing of a generic-named therapeutically equivalent drug, substituted under the provisions of this section, unless the generic-named therapeutically equivalent drug was incorrectly substituted.

(t) In no event where the pharmacist substitutes a drug under the provisions of this section shall the prescribing physician be liable in any action for loss, damage, injury or death of any person occasioned by or arising from the use of the substitute drug unless the original drug was incorrectly prescribed.

(u) Failure of a practitioner to specify that a specific brand name is necessary for a particular patient shall not constitute evidence of negligence unless the practitioner had reasonable cause to believe that the health of the patient required the use of a certain product and no other.

§30-5-34. Criminal offenses.

(a) When, as a result of an investigation under this article or otherwise, the board has reason to believe that a person authorized under this article has committed a criminal offense under this article, the board may bring its information to the attention of an appropriate law-enforcement official.

(b) Any person who intentionally practices, or presents himself or herself out as qualified to practice pharmacist care or to assist in the practice of pharmacist care, or uses any title, word or abbreviation to indicate to or induce others to believe he or she is licensed to practice as a pharmacist or pharmacist technician without obtaining an active, valid West Virginia license to practice that profession; or

With a license that is:

(1) Expired, suspended or lapsed; or
Inactive, revoked, suspended as a result of disciplinary action, or surrendered; is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than ten thousand dollars.

medication-assisted treatment program as of the effective date of
the denial, suspension or revocation. The owner or lessor of the

which establishes, conducts, manages or operates a
medication-assisted treatment program without first obtaining a
license or registration as herein provided, or who violates any provisions of this article or any rule lawfully promulgated pursuant to this article, shall be assessed a civil penalty by the secretary in accordance with this subsection. Each day of continuing violation after conviction shall be considered a separate violation:

license or registration for a medication-assisted treatment
program for any other person by making or causing to be made
any false representation, the secretary may assess a civil money
penalty of not more than $20,000. The penalty may be in
addition to or in lieu of any other action that may be taken by the
secretary or any other board, court or entity.

remedy, the secretary may, in the manner provided by law,
maintain an action in the name of the state for an injunction
against any person, partnership, association or corporation to
restrain or prevent the establishment, conduct, management or
operation of any medication-assisted treatment program or
violation of any provision of this article or any rule lawfully
promulgated thereunder without first obtaining a license or
registration in the manner herein provided.

(c) In determining whether a penalty is to be imposed and in
fixing the amount of the penalty, the secretary shall consider the
following factors:

(1) The gravity of the violation, including the probability
that death or serious physical or emotional harm to a patient has
resulted, or could have resulted, from the medication-assisted
treatment program’s actions or the actions of the medical
director or any practicing physician, the severity of the action or
potential harm, and the extent to which the provisions of the
applicable laws or rules were violated;

(2) What actions, if any, the owner or medical director took
to correct the violations;

(3) Whether there were any previous violations at the
medication-assisted treatment program; and
(4) The financial benefits that the medication-assisted treatment program derived from committing or continuing to commit the violation.

(d) Upon finding that a physician has violated the provisions of this article or rules adopted pursuant to this article, the secretary shall provide notice of the violation to the applicable licensing board.

There is a moratorium on the licensure of new opioid treatment programs which do not have a certificate of need as of the effective date of the enactment of this section during the 2016 regular session of the Legislature which shall continue until the Legislature determines that there is a necessity for additional opioid treatment programs in West Virginia.

§16-5Y-13. Rules; minimum standards for medication-assisted treatment programs.

would be facilitated.

(c) Products regulated by the provisions of article ten of this
chapter shall be subject to reporting pursuant to the provisions of
this article to the extent set forth in said article.

patient may not exceed an amount adequate to treat the patient
for a maximum of seventy-two hours with no greater than two
seventy-two-hour cycles dispensed in any fifteen-day period of

All information released by the board must be related to a specific patient or a specific individual or entity under investigation by any of the above parties except that practitioners who prescribe or dispense controlled substances may request specific data related to their Drug Enforcement Administration controlled substance registration number or for the purpose of providing treatment to a patient: Provided, however, That the West Virginia Controlled Substances Monitoring Program Database Review Committee
established in subsection (b) of this section is authorized to
query the database to comply with said subsection.

(2) Subject to the provisions of subdivision (1) of this
subsection, the board shall also review the West Virginia
Controlled Substance Monitoring Program database and issue
reports that identify abnormal or unusual practices of patients
who exceed parameters as determined by the advisory committee
established in this section. The board shall communicate with
practitioners and dispensers to more effectively manage the
medications of their patients in the manner recommended by the
advisory committee. All other reports produced by the board
shall be kept confidential. The board shall maintain the
information required by this article for a period of not less than
five years. Notwithstanding any other provisions of this code to
the contrary, data obtained under the provisions of this article
may be used for compilation of educational, scholarly or
statistical purposes, and may be shared with the West Virginia
Department of Health and Human Resources for those purposes,
as long as the identities of persons or entities and any personally
identifiable information, including protected health information,
contained therein shall be redacted, scrubbed or otherwise
irreversibly destroyed in a manner that will preserve the
confidential nature of the information. No individual or entity
required to report under section four of this article may be
subject to a claim for civil damages or other civil relief for the
reporting of information to the board as required under and in
accordance with the provisions of this article.

(3) The board shall establish an advisory committee to
develop, implement and recommend parameters to be used in
identifying abnormal or unusual usage patterns of patients in this
state. This advisory committee shall:

to reduce inappropriate use of prescription drugs in this state,
including, but not limited to, studying issues related to diversion
of controlled substances used for the management of opioid
addiction.

(D) Monitor the ability of medical services providers, health
care facilities, pharmacists and pharmacies to meet the
twenty-four hour reporting requirement for the Controlled
Substances Monitoring Program set forth in section three of this
article, and report on the feasibility of requiring real-time
reporting.

The review committee may determine that an additional physician who is an expert in the field under investigation be added to the team when the facts of a case indicate that the additional expertise is required. The review committee, working independently, may query the database based on parameters established by the advisory committee. The review committee may make determinations on a case-by-case basis on specific unusual prescribing or dispensing patterns indicated by outliers in the system or abnormal or unusual usage patterns of controlled substances by patients which the review committee has reasonable cause to believe necessitates further action by law enforcement or the licensing board having jurisdiction over the practitioners or dispensers under consideration. The review committee shall also review notices provided by the chief medical examiner pursuant to subsection (h), section ten, article twelve, chapter sixty-one of this code and determine on a case-by-case basis whether a practitioner who prescribed or dispensed a controlled substance resulting in or contributing to the drug overdose may have breached professional or occupational standards or committed a criminal act when prescribing the controlled substance at issue to the decedent. Only in those cases in which there is reasonable cause to believe a breach of professional or occupational standards or a criminal act may have occurred, the review committee shall notify the appropriate professional licensing agency having jurisdiction over the applicable practitioner or dispenser and appropriate law-enforcement agencies and provide pertinent information from the database for their consideration. The number of cases identified shall be determined by the review committee based on
a number that can be adequately reviewed by the review committee. The information obtained and developed may not be shared except as provided in this article and is not subject to the provisions of chapter twenty-nine-b of this code or obtainable as discovering in civil matters absent a court order.

(3) Establishing the information to be contained in reports and the process by which the reports will be generated and disseminated; and

(4) Setting up processes and procedures to ensure that the privacy, confidentiality, and security of information collected, recorded, transmitted and maintained by the review committee is not disclosed except as provided in this section.
(e) Persons or entities with access to the West Virginia Controlled Substances Monitoring Program database pursuant to this section may, pursuant to rules promulgated by the board, delegate appropriate personnel to have access to said database.

(f) Good faith reliance by a practitioner on information contained in the West Virginia Controlled Substances Monitoring Program database in prescribing or dispensing or refusing or declining to prescribe or dispense a schedule II, III, or IV controlled substance shall constitute an absolute defense in any civil or criminal action brought due to prescribing or dispensing or refusing or declining to prescribe or dispense.

(g) A prescribing or dispensing practitioner may notify law enforcement of a patient who, in the prescribing or dispensing practitioner’s judgment, may be in violation of section four hundred ten, article four of this chapter, based on information obtained and reviewed from the controlled substances monitoring database. A prescribing or dispensing practitioner who makes a notification pursuant to this subsection is immune from any civil, administrative or criminal liability that otherwise might be incurred or imposed because of the notification if the notification is made in good faith.

(h) Nothing in the article may be construed to require a practitioner to access the West Virginia Controlled Substances Monitoring Program database except as provided in section five-a of this article.

§60A-9-5a. Practitioner requirements to access database and conduct annual search of the database; required rulemaking.

(a) All practitioners, as that term is defined in section one hundred-one, article two of this chapter who prescribe or dispense Schedule II, III or IV controlled substances shall register with the West Virginia Controlled Substances Monitoring Program and obtain and maintain online or other electronic access to the program database: Provided, That compliance with the provisions of this subsection must be accomplished within thirty days of the practitioner obtaining a new license: Provided, however, That no licensing board may renew a practitioner’s license without proof that the practitioner meet the requirements of this subsection.

(b) Upon initially prescribing or dispensing any pain-relieving controlled substance for a patient and at least annually thereafter should the practitioner or dispenser continue to treat the patient with controlled substances, all persons with prescriptive or dispensing authority and in possession of a valid Drug Enforcement Administration registration identification number and, who are licensed by the Board of Medicine as set forth in article three, chapter thirty of this code, the Board of Registered Professional Nurses as set forth in article seven, chapter thirty of this code, the Board of Dental Examiners as set forth in article four, chapter thirty of this code and the Board of Osteopathic Medicine as set forth in article fourteen, chapter thirty of this code shall access the West Virginia Controlled Substances Monitoring Program database for information regarding specific patients for whom they are providing pain-relieving controlled substances as part of a course of treatment for chronic, nonmalignant pain but who are not suffering from a terminal illness. The information obtained from accessing the West Virginia Controlled Substances Monitoring Program database for the patient shall be documented in the
Ch. 192] PUBLIC HEALTH 1485

33 shall be defined as set forth in section one, article three-a,
34 chapter thirty of this code.

35 (c) The various boards mentioned in subsection (b) of this
36 section above shall promulgate both emergency and legislative
37 rules pursuant to the provisions of article three, chapter
38 twenty-nine-a of this code to effectuate the provisions of this
39 section.

AN ACT to amend and reenact §16-1-9c of the Code of West Virginia, 1931, as amended, relating to source water protection plans generally; and clarifying that public disclosure of certain information regarding potential sources of significant contamination within a zone of critical concern is permitted to the extent it is in the public domain through a federal or state agency.

Be it enacted by the Legislature of West Virginia:

That §16-1-9c of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

§16-1-9c. Required update or completion of source water protection plans.

(a) On or before July 1, 2016, each existing public water utility which draws and treats water from a surface water supply source or a surface water influenced groundwater supply source shall submit to the commissioner an updated or completed source water protection plan for each of its public water system plants with such intakes to protect its public water supplies from contamination. Every effort shall be made to inform and engage the public, local governments, local emergency planners, local health departments and affected residents at all levels of the development of the protection plan.
(b) The completed or updated plan for each affected plant, at a minimum, shall include the following:

(1) A contingency plan that documents each public water utility’s planned response to contamination of its public surface water supply source or its public surface water influenced groundwater supply source;

(2) An examination and analysis of the public water system’s ability to isolate or divert contaminated waters from its surface water intake or groundwater supply and the amount of raw water storage capacity for the public water system’s plant;

(3) An examination and analysis of the public water system’s existing ability to switch to an alternative water source or intake in the event of contamination of its primary water source;

(4) An analysis and examination of the public water system’s existing ability to close its water intake in the event the system is advised that its primary water source has become contaminated due to a spill or release into a stream and the duration of time it can keep that water intake closed without creating a public health emergency;

(5) The following operational information for each plant receiving water supplies from a surface water source:

(A) The average number of hours the plant operates each day, and the maximum and minimum number of hours of operation in one day at that plant during the past year; and

(B) The average quantities of water treated and produced by the plant per day, and the maximum and minimum quantities of water treated and produced at that plant in one day during the past year;

(6) An analysis and examination of the public water system’s
existing available storage capacity on its system, how its
available storage capacity compares to the public water system’s
normal daily usage and whether the public water system’s
existing available storage capacity can be effectively utilized to
minimize the threat of contamination to its system;

(7) The calculated level of unaccounted for water
experienced by the public water system for each surface water
intake, determined by comparing the measured quantities of
water which are actually received and used by customers served
by that water plant to the total quantities of water treated at the
water plant over the past year. If the calculated ratio of those two
figures is less than eighty-five percent, the public water system
is to describe all of the measures it is actively taking to reduce
the level of water loss experienced on its system;

(8) A list of the potential sources of significant
contamination contained within the zone of critical concern as
provided by the Department of Environmental Protection, the
Bureau for Public Health and the Division of Homeland Security
and Emergency Management. The exact location of the
contaminants within the zone of critical concern is not subject to
public disclosure in response to a Freedom of Information Act
request under article one, chapter twenty-nine-b of this code.
However, the location, characteristics and approximate
quantities of potential sources of significant contamination
within the zone of critical concern shall be made known to one
or more designees of the public water utility, and shall be
maintained in a confidential manner by the public water utility.
Disclosure is permitted on any location, characteristics and
approximate quantities of potential sources of significant
contamination within the zone of critical concern to the extent
they are in the public domain through a state or federal agency.
In the event of a chemical spill, release or related emergency,
shall be immediately disseminated to any emergency responders responding to the site of a spill or release, and the general public shall be promptly notified in the event of a chemical spill, release or related emergency;

(9) If the public water utility’s water supply plant is served by a single-source intake to a surface water source of supply or a surface water influenced source of supply, the submitted plan shall also include an examination and analysis of the technical and economic feasibility of each of the following options to provide continued safe and reliable public water service in the event its primary source of supply is detrimentally affected by contamination, release, spill event or other reason:

(A) Constructing or establishing a secondary or backup intake which would draw water supplies from a substantially different location or water source;

(B) Constructing additional raw water storage capacity and/or treated water storage capacity, to provide at least two days of system storage, based on the plant’s maximum level of production experienced within the past year;

(C) Creating or constructing interconnections between the public water system with other plants on the public water utility system or another public water system, to allow the public water utility to receive its water from a different source of supply during a period its primary water supply becomes unavailable or unreliable due to contamination, release, spill event or other circumstance;

(2) “Attempt to perform an abortion” means the same as that term is defined in section two, article two-m, chapter sixteen of this code.

(3) “Dismemberment abortion” means, with the purpose of causing the death of an unborn child, purposely to dismember a living unborn child and extract him or her one piece at a time from the uterus through use of clamps, grasping forceps, tongs, scissors or similar instruments that, through the convergence of two rigid levers, slice, crush or grasp a portion of the unborn child’s body to cut or rip it off. The term “dismemberment abortion” includes an abortion in which a dismemberment abortion is performed to cause the death of an unborn child but suction is subsequently used to extract fetal parts after the death of the unborn child. The term “dismemberment abortion” does not include an abortion which uses suction to dismember the body of the unborn child by sucking fetal parts into a collection container, an abortion following fetal demise which uses a suction curette, suction curettage or forceps to dismember the body of a dead unborn child, or when forceps are used following an induced fetal demise by other means.

No condition may be deemed a medical emergency if based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function.

(c) Enforcement. —

(1) Any physician or other licensed medical practitioner who intentionally or recklessly performs or induces an abortion in violation of this article is considered to have acted outside the scope of practice permitted by law or otherwise in breach of the standard of care owed to patients, and is subject to discipline from the applicable licensure board for that conduct, including, but not limited to, loss of professional license to practice.

(2) Any person, not subject to subdivision (1) of this subsection, who intentionally or recklessly performs or induces
an abortion in violation of this article is considered to have engaged in the unauthorized practice of medicine in violation of section thirteen, article three, chapter thirty of this code, and, upon conviction, subject to the penalties contained in that section.

CHAPTER 30. PROFESSIONS AND OCCUPATIONS.

ARTICLE 3. WEST VIRGINIA MEDICAL PRACTICE ACT.

§30-3-14. Professional discipline of physicians and podiatrists; reporting of information to board pertaining to medical professional liability and professional incompetence required; penalties; grounds for license denial and discipline of physicians and podiatrists; investigations; physical and mental examinations; hearings; sanctions; summary sanctions; reporting by the board; reapplication; civil and criminal immunity; voluntary limitation of license; probable cause determinations.

(a) The board may independently initiate disciplinary proceedings as well as initiate disciplinary proceedings based on information received from medical peer review committees, physicians, podiatrists, hospital administrators, professional societies and others.

The board may initiate investigations as to professional incompetence or other reasons for which a licensed physician or podiatrist may be adjudged unqualified based upon criminal convictions; complaints by citizens, pharmacists, physicians, podiatrists, peer review committees, hospital administrators, professional societies or others; or unfavorable outcomes arising out of medical professional liability. The board shall initiate an investigation if it receives notice that three or more judgments, or any combination of judgments and settlements resulting in five or more unfavorable outcomes arising from medical professional liability have been rendered or made against the physician or podiatrist within a five-year period. The board may
not consider any judgments or settlements as conclusive
evidence of professional incompetence or conclusive lack of
qualification to practice.

(b) Upon request of the board, any medical peer review
committee in this state shall report any information that may
relate to the practice or performance of any physician or
podiatrist known to that medical peer review committee. Copies
of the requests for information from a medical peer review
committee may be provided to the subject physician or podiatrist
if, in the discretion of the board, the provision of such copies
will not jeopardize the board’s investigation. In the event that
copies are provided, the subject physician or podiatrist is
allowed fifteen days to comment on the requested information
and such comments must be considered by the board.

The chief executive officer of every hospital shall, within
sixty days after the completion of the hospital’s formal
disciplinary procedure and also within sixty days after the
commencement of and again after the conclusion of any
resulting legal action, report in writing to the board the name of
any member of the medical staff or any other physician or
podiatrist practicing in the hospital whose hospital privileges
have been revoked, restricted, reduced or terminated for any
cause, including resignation, together with all pertinent
information relating to such action. The chief executive officer
shall also report any other formal disciplinary action taken
against any physician or podiatrist by the hospital upon the
recommendation of its medical staff relating to professional
ethics, medical incompetence, medical professional liability,
moral turpitude or drug or alcohol abuse. Temporary suspension
for failure to maintain records on a timely basis or failure to
attend staff or section meetings need not be reported. Voluntary
cessation of hospital privileges for reasons unrelated to
professional competence or ethics need not be reported.
Any managed care organization operating in this state which provides a formal peer review process shall report in writing to the board, within sixty days after the completion of any formal peer review process and also within sixty days after the commencement of and again after the conclusion of any resulting legal action, the name of any physician or podiatrist whose credentialing has been revoked or not renewed by the managed care organization. The managed care organization shall also report in writing to the board any other disciplinary action taken against a physician or podiatrist relating to professional ethics, professional liability, moral turpitude or drug or alcohol abuse within sixty days after completion of a formal peer review process which results in the action taken by the managed care organization. For purposes of this subsection, “managed care organization” means a plan that establishes, operates or maintains a network of health care providers who have entered into agreements with and been credentialed by the plan to provide health care services to enrollees or insureds to whom the plan has the ultimate obligation to arrange for the provision of or payment for health care services through organizational arrangements for ongoing quality assurance, utilization review programs or dispute resolutions.

Any professional society in this state comprised primarily of physicians or podiatrists which takes formal disciplinary action against a member relating to professional ethics, professional incompetence, medical professional liability, moral turpitude or drug or alcohol abuse shall report in writing to the board within sixty days of a final decision the name of the member, together with all pertinent information relating to the action.

Every person, partnership, corporation, association, insurance company, professional society or other organization providing professional liability insurance to a physician or podiatrist in this state, including the State Board of Risk and Insurance Management, shall submit to the board the following
information within thirty days from any judgment or settlement of a civil or medical professional liability action excepting product liability actions: The name of the insured; the date of any judgment or settlement; whether any appeal has been taken on the judgment and, if so, by which party; the amount of any settlement or judgment against the insured; and other information required by the board.

Within thirty days from the entry of an order by a court in a medical professional liability action or other civil action in which a physician or podiatrist licensed by the board is determined to have rendered health care services below the applicable standard of care, the clerk of the court in which the order was entered shall forward a certified copy of the order to the board.

Within thirty days after a person known to be a physician or podiatrist licensed or otherwise lawfully practicing medicine and surgery or podiatry in this state or applying to be licensed is convicted of a felony under the laws of this state or of any crime under the laws of this state involving alcohol or drugs in any way, including any controlled substance under state or federal law, the clerk of the court of record in which the conviction was entered shall forward to the board a certified true and correct abstract of record of the convicting court. The abstract shall include the name and address of the physician or podiatrist or applicant, the nature of the offense committed and the final judgment and sentence of the court.

Upon a determination of the board that there is probable cause to believe that any person, partnership, corporation, association, insurance company, professional society or other organization has failed or refused to make a report required by this subsection, the board shall provide written notice to the alleged violator stating the nature of the alleged violation and the time and place at which the alleged violator shall appear to show
good cause why a civil penalty should not be imposed. The hearing shall be conducted in accordance with article five, chapter twenty-nine-a of this code. After reviewing the record of the hearing, if the board determines that a violation of this subsection has occurred, the board shall assess a civil penalty of not less than $1,000 nor more than $10,000 against the violator. The board shall notify any person so assessed of the assessment in writing and the notice shall specify the reasons for the assessment. If the violator fails to pay the amount of the assessment to the board within thirty days, the Attorney General may institute a civil action in the circuit court of Kanawha County to recover the amount of the assessment. In any civil action, the court’s review of the board’s action shall be conducted in accordance with section four, article five, chapter twenty-nine-a of this code. Notwithstanding any other provision of this article to the contrary, when there are conflicting views by recognized experts as to whether any alleged conduct breaches an applicable standard of care, the evidence must be clear and convincing before the board may find that the physician or podiatrist has demonstrated a lack of professional competence to practice with a reasonable degree of skill and safety for patients.

Any person may report to the board relevant facts about the conduct of any physician or podiatrist in this state which in the opinion of that person amounts to medical professional liability or professional incompetence.

The board shall provide forms for filing reports pursuant to this section. Reports submitted in other forms shall be accepted by the board.

The filing of a report with the board pursuant to any provision of this article, any investigation by the board or any disposition of a case by the board does not preclude any action by a hospital, other health care facility or professional society
comprised primarily of physicians or podiatrists to suspend,
restrict or revoke the privileges or membership of the physician
or podiatrist.

(c) The board may deny an application for license or other
authorization to practice medicine and surgery or podiatry in this
state and may discipline a physician or podiatrist licensed or
otherwise lawfully practicing in this state who, after a hearing,
has been adjudged by the board as unqualified due to any of the
following reasons:

(1) Attempting to obtain, obtaining, renewing or attempting
to renew a license to practice medicine and surgery or podiatry
by bribery, fraudulent misrepresentation or through known error
of the board;

(2) Being found guilty of a crime in any jurisdiction, which
offense is a felony, involves moral turpitude or directly relates
to the practice of medicine. Any plea of nolo contendere is a
conviction for the purposes of this subdivision;

(3) False or deceptive advertising;

(4) Aiding, assisting, procuring or advising any unauthorized
person to practice medicine and surgery or podiatry contrary to
law;

(5) Making or filing a report that the person knows to be
false; intentionally or negligently failing to file a report or record
required by state or federal law; willfully impeding or
obstructing the filing of a report or record required by state or
federal law; or inducing another person to do any of the
foregoing. The reports and records covered in this subdivision
mean only those that are signed in the capacity as a licensed
physician or podiatrist;

(6) Requesting, receiving or paying directly or indirectly a
payment, rebate, refund, commission, credit or other form of
(7) Unprofessional conduct by any physician or podiatrist in referring a patient to any clinical laboratory or pharmacy in which the physician or podiatrist has a proprietary interest unless the physician or podiatrist discloses in writing such interest to the patient. The written disclosure shall indicate that the patient may choose any clinical laboratory for purposes of having any laboratory work or assignment performed or any pharmacy for purposes of purchasing any prescribed drug or any other medical goods or devices used in connection with medical or other health care services;

As used in this subdivision, “proprietary interest” does not include an ownership interest in a building in which space is leased to a clinical laboratory or pharmacy at the prevailing rate under a lease arrangement that is not conditional upon the income or gross receipts of the clinical laboratory or pharmacy;

(8) Exercising influence within a patient-physician relationship for the purpose of engaging a patient in sexual activity;

(9) Making a deceptive, untrue or fraudulent representation in the practice of medicine and surgery or podiatry;

(10) Soliciting patients, either personally or by an agent, through the use of fraud, intimidation or undue influence;

(11) Failing to keep written records justifying the course of treatment of a patient, including, but not limited to, patient
histories, examination and test results and treatment rendered, if any;

(12) Exercising influence on a patient in such a way as to exploit the patient for financial gain of the physician or podiatrist or of a third party. Any influence includes, but is not limited to, the promotion or sale of services, goods, appliances or drugs;

(13) Prescribing, dispensing, administering, mixing or otherwise preparing a prescription drug, including any controlled substance under state or federal law, other than in good faith and in a therapeutic manner in accordance with accepted medical standards and in the course of the physician’s or podiatrist’s professional practice. A physician who discharges his or her professional obligation to relieve the pain and suffering and promote the dignity and autonomy of dying patients in his or her care and, in so doing, exceeds the average dosage of a pain relieving controlled substance, as defined in Schedules II and III of the Uniform Controlled Substance Act, does not violate this article;

(14) Performing any procedure or prescribing any therapy that, by the accepted standards of medical practice in the community, would constitute experimentation on human subjects without first obtaining full, informed and written consent;

(15) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities that the person knows or has reason to know he or she is not competent to perform;

(16) Delegating professional responsibilities to a person when the physician or podiatrist delegating the responsibilities knows or has reason to know that the person is not qualified by training, experience or licensure to perform them;
(17) Violating any provision of this article or a rule or order of the board or failing to comply with a subpoena or subpoena duces tecum issued by the board;

(18) Conspiring with any other person to commit an act or committing an act that would tend to coerce, intimidate or preclude another physician or podiatrist from lawfully advertising his or her services;

(19) Gross negligence in the use and control of prescription forms;

(20) Professional incompetence; or

(21) The inability to practice medicine and surgery or podiatry with reasonable skill and safety due to physical or mental impairment, including deterioration through the aging process, loss of motor skill or abuse of drugs or alcohol. A physician or podiatrist adversely affected under this subdivision shall be afforded an opportunity at reasonable intervals to demonstrate that he or she may resume the competent practice of medicine and surgery or podiatry with reasonable skill and safety to patients. In any proceeding under this subdivision, neither the record of proceedings nor any orders entered by the board shall be used against the physician or podiatrist in any other proceeding.

(d) The board shall deny any application for a license or other authorization to practice medicine and surgery or podiatry in this state to any applicant who, and shall revoke the license of any physician or podiatrist licensed or otherwise lawfully practicing within this state who, is found guilty by any court of competent jurisdiction of any felony involving prescribing, selling, administering, dispensing, mixing or otherwise preparing any prescription drug, including any controlled substance under state or federal law, for other than generally accepted therapeutic
purposes. Presentation to the board of a certified copy of the
guilty verdict or plea rendered in the court is sufficient proof
thereof for the purposes of this article. A plea of nolo contendere
has the same effect as a verdict or plea of guilt. Upon application
of a physician that has had his or her license revoked because of a
drug related felony conviction, upon completion of any
court-ordered supervision and full satisfaction of any fines,
judgments or other fees imposed by the sentencing court, the
board may issue the applicant a new license upon a finding that
the physician is, except for the underlying conviction, otherwise
qualified to practice medicine: Provided, That the board may
place whatever terms, conditions or limitations it deems
appropriate upon a physician licensed pursuant to this
subsection.

(e) The board may refer any cases coming to its attention to
an appropriate committee of an appropriate professional
organization for investigation and report. Except for complaints
related to obtaining initial licensure to practice medicine and
surgery or podiatry in this state by bribery or fraudulent
misrepresentation, any complaint filed more than two years after
the complainant knew, or in the exercise of reasonable diligence
should have known, of the existence of grounds for the
complaint shall be dismissed: Provided, That in cases of conduct
alleged to be part of a pattern of similar misconduct or
professional incapacity that, if continued, would pose risks of a
serious or substantial nature to the physician’s or podiatrist’s
current patients, the investigating body may conduct a limited
investigation related to the physician’s or podiatrist’s current
capacity and qualification to practice and may recommend
conditions, restrictions or limitations on the physician’s or
podiatrist’s license to practice that it considers necessary for the
protection of the public. Any report shall contain
recommendations for any necessary disciplinary measures and
shall be filed with the board within ninety days of any referral. The recommendations shall be considered by the board and the case may be further investigated by the board. The board after full investigation shall take whatever action it considers appropriate, as provided in this section.

(f) The investigating body, as provided in subsection (e) of this section, may request and the board under any circumstances may require a physician or podiatrist or person applying for licensure or other authorization to practice medicine and surgery or podiatry in this state to submit to a physical or mental examination by a physician or physicians approved by the board. A physician or podiatrist submitting to an examination has the right, at his or her expense, to designate another physician to be present at the examination and make an independent report to the investigating body or the board. The expense of the examination shall be paid by the board. Any individual who applies for or accepts the privilege of practicing medicine and surgery or podiatry in this state is considered to have given his or her consent to submit to all examinations when requested to do so in writing by the board and to have waived all objections to the admissibility of the testimony or examination report of any examining physician on the ground that the testimony or report is privileged communication. If a person fails or refuses to submit to an examination under circumstances which the board finds are not beyond his or her control, failure or refusal is prima facie evidence of his or her inability to practice medicine and surgery or podiatry competently and in compliance with the standards of acceptable and prevailing medical practice.

(g) In addition to any other investigators it employs, the board may appoint one or more licensed physicians to act for it in investigating the conduct or competence of a physician.

(h) In every disciplinary or licensure denial action, the board shall furnish the physician or podiatrist or applicant with written
notice setting out with particularity the reasons for its action. Disciplinary and licensure denial hearings shall be conducted in accordance with article five, chapter twenty-nine-a of this code. However, hearings shall be heard upon sworn testimony and the rules of evidence for trial courts of record in this state shall apply to all hearings. A transcript of all hearings under this section shall be made, and the respondent may obtain a copy of the transcript at his or her expense. The physician or podiatrist has the right to defend against any charge by the introduction of evidence, the right to be represented by counsel, the right to present and cross-examine witnesses and the right to have subpoenas and subpoenas duces tecum issued on his or her behalf for the attendance of witnesses and the production of documents. The board shall make all its final actions public. The order shall contain the terms of all action taken by the board.

(i) In disciplinary actions in which probable cause has been found by the board, the board shall, within twenty days of the date of service of the written notice of charges or sixty days prior to the date of the scheduled hearing, whichever is sooner, provide the respondent with the complete identity, address and telephone number of any person known to the board with knowledge about the facts of any of the charges; provide a copy of any statements in the possession of or under the control of the board; provide a list of proposed witnesses with addresses and telephone numbers, with a brief summary of his or her anticipated testimony; provide disclosure of any trial expert pursuant to the requirements of Rule 26(b)(4) of the West Virginia Rules of Civil Procedure; provide inspection and copying of the results of any reports of physical and mental examinations or scientific tests or experiments; and provide a list and copy of any proposed exhibit to be used at the hearing: Provided, That the board shall not be required to furnish or produce any materials which contain opinion work product information or would be a violation of the attorney-client
privilege. Within twenty days of the date of service of the written notice of charges, the board shall disclose any exculpatory evidence with a continuing duty to do so throughout the disciplinary process. Within thirty days of receipt of the board’s mandatory discovery, the respondent shall provide the board with the complete identity, address and telephone number of any person known to the respondent with knowledge about the facts of any of the charges; provide a list of proposed witnesses with addresses and telephone numbers, to be called at hearing, with a brief summary of his or her anticipated testimony; provide disclosure of any trial expert pursuant to the requirements of Rule 26(b)(4) of the West Virginia Rules of Civil Procedure; provide inspection and copying of the results of any reports of physical and mental examinations or scientific tests or experiments; and provide a list and copy of any proposed exhibit to be used at the hearing.

(j) Whenever it finds any person unqualified because of any of the grounds set forth in subsection (c) of this section, the board may enter an order imposing one or more of the following:

(1) Deny his or her application for a license or other authorization to practice medicine and surgery or podiatry;

(2) Administer a public reprimand;

(3) Suspend, limit or restrict his or her license or other authorization to practice medicine and surgery or podiatry for not more than five years, including limiting the practice of that person to, or by the exclusion of, one or more areas of practice, including limitations on practice privileges;

(4) Revoke his or her license or other authorization to practice medicine and surgery or podiatry or to prescribe or dispense controlled substances for a period not to exceed ten years;
(5) Require him or her to submit to care, counseling or treatment designated by the board as a condition for initial or continued licensure or renewal of licensure or other authorization to practice medicine and surgery or podiatry;

(6) Require him or her to participate in a program of education prescribed by the board;

(7) Require him or her to practice under the direction of a physician or podiatrist designated by the board for a specified period of time; and

(8) Assess a civil fine of not less than $1,000 nor more than $10,000.

(k) Notwithstanding the provisions of section eight, article one of this chapter, if the board determines the evidence in its possession indicates that a physician’s or podiatrist’s continuation in practice or unrestricted practice constitutes an immediate danger to the public, the board may take any of the actions provided in subsection (j) of this section on a temporary basis and without a hearing if institution of proceedings for a hearing before the board are initiated simultaneously with the temporary action and begin within fifteen days of the action. The board shall render its decision within five days of the conclusion of a hearing under this subsection.

(l) Any person against whom disciplinary action is taken pursuant to this article has the right to judicial review as provided in articles five and six, chapter twenty-nine-a of this code: Provided, That a circuit judge may also remand the matter to the board if it appears from competent evidence presented to it in support of a motion for remand that there is newly discovered evidence of such a character as ought to produce an opposite result at a second hearing on the merits before the board and:
(1) The evidence appears to have been discovered since the board hearing; and

(2) The physician or podiatrist exercised due diligence in asserting his or her evidence and that due diligence would not have secured the newly discovered evidence prior to the appeal.

A person may not practice medicine and surgery or podiatry or deliver health care services in violation of any disciplinary order revoking, suspending or limiting his or her license while any appeal is pending. Within sixty days, the board shall report its final action regarding restriction, limitation, suspension or revocation of the license of a physician or podiatrist, limitation on practice privileges or other disciplinary action against any physician or podiatrist to all appropriate state agencies, appropriate licensed health facilities and hospitals, insurance companies or associations writing medical malpractice insurance in this state, the American Medical Association, the American Podiatry Association, professional societies of physicians or podiatrists in the state and any entity responsible for the fiscal administration of Medicare and Medicaid.

(m) Any person against whom disciplinary action has been taken under this article shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she can resume the practice of medicine and surgery or podiatry on a general or limited basis. At the conclusion of a suspension, limitation or restriction period the physician or podiatrist may resume practice if the board has so ordered.

(n) Any entity, organization or person, including the board, any member of the board, its agents or employees and any entity or organization or its members referred to in this article, any insurer, its agents or employees, a medical peer review committee and a hospital governing board, its members or any committee appointed by it acting without malice and without
gross negligence in making any report or other information available to the board or a medical peer review committee pursuant to law and any person acting without malice and without gross negligence who assists in the organization, investigation or preparation of any such report or information or assists the board or a hospital governing body or any committee in carrying out any of its duties or functions provided by law is immune from civil or criminal liability, except that the unlawful disclosure of confidential information possessed by the board is a misdemeanor as provided in this article.

(o) A physician or podiatrist may request in writing to the board a limitation on or the surrendering of his or her license to practice medicine and surgery or podiatry or other appropriate sanction as provided in this section. The board may grant the request and, if it considers it appropriate, may waive the commencement or continuation of other proceedings under this section. A physician or podiatrist whose license is limited or surrendered or against whom other action is taken under this subsection may, at reasonable intervals, petition for removal of any restriction or limitation on or for reinstatement of his or her license to practice medicine and surgery or podiatry.

(p) In every case considered by the board under this article regarding discipline or licensure, whether initiated by the board or upon complaint or information from any person or organization, the board shall make a preliminary determination as to whether probable cause exists to substantiate charges of disqualification due to any reason set forth in subsection (c) of this section. If probable cause is found to exist, all proceedings on the charges shall be open to the public who are entitled to all reports, records and nondeliberative materials introduced at the hearing, including the record of the final action taken: Provided, That any medical records, which were introduced at the hearing and which pertain to a person who has not expressly waived his
or her right to the confidentiality of the records, may not be open to the public nor is the public entitled to the records.

(q) If the board receives notice that a physician or podiatrist has been subjected to disciplinary action or has had his or her credentials suspended or revoked by the board, a hospital or a professional society, as defined in subsection (b) of this section, for three or more incidents during a five-year period, the board shall require the physician or podiatrist to practice under the direction of a physician or podiatrist designated by the board for a specified period of time to be established by the board.

(r) Notwithstanding any other provisions of this article, the board may, at any time, on its own motion, or upon motion by the complainant, or upon motion by the physician or podiatrist, or by stipulation of the parties, refer the matter to mediation. The board shall obtain a list from the West Virginia State Bar’s mediator referral service of certified mediators with expertise in professional disciplinary matters. The board and the physician or podiatrist may choose a mediator from that list. If the board and the physician or podiatrist are unable to agree on a mediator, the board shall designate a mediator from the list by neutral rotation. The mediation shall not be considered a proceeding open to the public and any reports and records introduced at the mediation shall not become part of the public record. The mediator and all participants in the mediation shall maintain and preserve the confidentiality of all mediation proceedings and records. The mediator may not be subpoenaed or called to testify or otherwise be subject to process requiring disclosure of confidential information in any proceeding relating to or arising out of the disciplinary or licensure matter mediated: Provided, That any confidentiality agreement and any written agreement made and signed by the parties as a result of mediation may be used in any proceedings subsequently instituted to enforce the written agreement. The agreements may be used in other proceedings if the parties agree in writing.
A physician licensed under this article may not be disciplined for providing expedited partner therapy in accordance with article four-f, chapter sixteen of this code.

ARTICLE 3E. PHYSICIAN ASSISTANTS PRACTICE ACT.

§30-3E-17. Complaint process.

(a) All hearings and procedures related to denial of a license, and all complaints, investigations, hearings and procedures a physician assistant licenses and the discipline accorded thereto, shall be in accordance with the processes and procedures set forth in articles three and/or fourteen of this chapter, depending on which board licenses the physician assistant.

(b) The boards may impose the same discipline, restrictions and/or limitations upon the license of a physician assistant as they are authorized to impose upon physicians and/or podiatrists.

(c) The boards shall direct to the appropriate licensing board a complaint against a physician assistant, a supervising physician and/or an alternate supervising physician.

(d) In the event that independent complaint processes are warranted by the boards with respect to the professional conduct of a physician assistant or a supervising and/or alternate supervising physician, the boards are authorized to work cooperatively and to disclose to one another information which may assist the recipient appropriate licensing board in its disciplinary process. The determination of what information, if any, to disclose shall be at the discretion of the disclosing board.

(e) A physician assistant licensed under this article may not be disciplined for providing expedited partner therapy in accordance with article four-f, chapter sixteen of this code.
ARTICLE 5. PHARMACISTS, PHARMACY TECHNICIANS, PHARMACY INTERNS AND PHARMACIES.

§30-5-14. Prohibiting the dispensing of prescription orders in absence of practitioner-patient relationship.

1 A pharmacist may not compound or dispense any prescription order when he or she has knowledge that the prescription was issued by a practitioner without establishing a valid practitioner-patient relationship. An online or telephonic evaluation by questionnaire, or an online or telephonic consultation, is inadequate to establish a valid practitioner-patient relationship: Provided, That this prohibition does not apply:

9 (1) In a documented emergency;

10 (2) In an on-call or cross-coverage situation;

11 (3) For the treatment of sexually transmitted diseases by expedited partner therapy as set forth in article four-f, chapter sixteen of this code; or

14 (4) Where patient care is rendered in consultation with another practitioner who has an ongoing relationship with the patient and who has agreed to supervise the patient’s treatment, including the use of any prescribed medications.

ARTICLE 7. REGISTERED PROFESSIONAL NURSES.

§30-7-11. Denial, revocation or suspension of license; grounds for discipline.

1 (a) The board shall have the power to deny, revoke or suspend any license to practice registered professional nursing issued or applied for in accordance with the provisions of this article, or to otherwise discipline a licensee or applicant upon proof that he or she:
6 (1) Is or was guilty of fraud or deceit in procuring or
7 attempting to procure a license to practice registered professional
8 nursing; or

9 (2) Has been convicted of a felony; or

10 (3) Is unfit or incompetent by reason of negligence, habits or
11 other causes; or

12 (4) Is habitually intemperate or is addicted to the use of
13 habit-forming drugs; or

14 (5) Is mentally incompetent; or

15 (6) Is guilty of conduct derogatory to the morals or standing
16 of the profession of registered nursing; or

17 (7) Is practicing or attempting to practice registered
18 professional nursing without a license or reregistration; or

20 of this article.

22 this article may not be disciplined for providing expedited
23 partner therapy in accordance with article four-f, chapter sixteen
24 of this code.

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section designated §16-5B-18, relating to designating certain hospitals as stroke centers; designating based upon certain criteria; establishing protocols; setting forth reporting requirements; establishing protocols; creating an advisory committee and permitting rulemaking.

CHAPTER 201

(Com. Sub. for H. B. 4537 - By Delegates Stansbury, Bates, Rohrbach, Perdue, Sobonya and Ellington)

[Passed March 12, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 25, 2016.]

AN ACT to amend and reenact §16-5H-2, §16-5H-5 and §16-5H-7 of the Code of West Virginia, 1931, as amended, all relating to the regulation of chronic pain clinics; updating definitions; deleting an exemption for affiliation with a medical school; and clarifying due process concerns regarding the process for hearing notices upon appeal.

Be it enacted by the Legislature of West Virginia:

That §16-5H-2, §16-5H-5 and §16-5H-7 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 5H. CHRONIC PAIN CLINIC LICENSING ACT.

1 (a) “Chronic pain” means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. For purposes of this article, “chronic pain” does not include pain directly associated with a terminal condition.

7 (b) “Director” means the Director of the Office of Health Facility Licensure and Certification within the Office of the Inspector General.
(c) “Owner” means any person, partnership, association or corporation listed as the owner of a pain management clinic on the licensing forms required by this article.

(2) A hospital licensed in this state, a facility located on the campus of a licensed hospital that is owned, operated or controlled by that licensed hospital, and an ambulatory health care facility as defined by section two, article two-d, chapter sixteen of this code that is owned, operated or controlled by a licensed hospital;

The secretary may revoke a clinic’s license and prohibit all physicians associated with that pain management clinic from practicing at the clinic location based upon an annual or periodic inspection and evaluation.

(b) Before any such license is suspended or revoked, however, written notice shall be given to the licensee, stating the grounds of the complaint and shall provide notice of the right to request a hearing. The licensee shall be entitled to be represented by legal counsel at the hearing.

(c) If a license is revoked pursuant to this article, a new application for a license may be considered by the secretary if, when and after the conditions upon which revocation was based have been corrected, and evidence of this fact has been furnished to the secretary. management clinic shall be prescribed by the secretary, but may
not exceed one year.
AN ACT to repeal §16-29B-19, §16-29B-19a, §16-29B-20, §16-29B-20a, §16-29B-21 and §16-29B-21a of the Code of West Virginia, 1931, as amended; and to amend and reenact §16-29B-1, §16-29B-10 and §16-29B-27 of said code, all relating to the powers of the Health Care Authority; eliminating authority of the Health Care Authority to conduct rate review; eliminating authority of the Health Care Authority to set rates for hospitals; and eliminating antiquated studies to be conducted by the Health Care Authority.

Be it enacted by the Legislature of West Virginia:

That §16-29B-19, §16-29B-19a, §16-29B-20, §16-29B-20a, §16-29B-21 and §16-29B-21a of the Code of West Virginia, 1931, as amended, be repealed; and that §16-29B-1, §16-29B-10 and §16-29B-27 of said code be amended and reenacted to read as follows:

ARTICLE 29B. HEALTH CARE AUTHORITY.

§16-29B-1. Legislative findings; purpose.

1 The Legislature hereby finds that the health and welfare of
2 the citizens of this state is being threatened by unreasonable
3 increases in the cost of health care services, a fragmented system
4 of health care, lack of integration and coordination of health care
5 services, unequal access to primary and preventative care, lack
6 of a comprehensive and coordinated health information system
to gather and disseminate data to promote the availability of
cost-effective, high-quality services and to permit effective
health planning and analysis of utilization, clinical outcomes and
cost and risk factors. In order to alleviate these threats: (1)
Information on health care costs must be gathered; and (2) an
entity of state government must be given authority to ensure the
containment of health care costs, to gather and disseminate
health care information; to analyze and report on changes in the
health care delivery system as a result of evolving market forces,
and to assure that the state health plan, certificate of need
program, and information systems serve to promote cost
containment, access to care, quality of services and prevention.
Therefore, the purpose of this article is to protect the health and
well-being of the citizens of this state by guarding against
unreasonable loss of economic resources as well as to ensure the
continuation of appropriate access to cost-effective, high-quality
health care services.

§16-29B-10. Jurisdiction of the board.

Notwithstanding any other provision of this code or state
law, after July 1, 2016, the jurisdiction of the board or authority
as to rates for health services care ceases to exist.

The board shall propose rules for legislative approval in
accordance with the provisions of article three, chapter
twenty-nine-a of this code requiring hospitals, as part of its
annual financial disclosure filings, to provide to the authority the
average patient charge of the twenty-five most frequently used
out-patient diagnostic services. The authority shall publish the
information on its website expressed in terminology that can be
understood by the general public.

§16-29B-27. Penalties for violations.

In addition to civil remedies set forth, any person or health
care provider violating any provision of this article or any valid
order or rule lawfully established hereunder shall be guilty of a
misdemeanor and, upon conviction thereof, shall be punished by
a fine of not more than $1,000. Each day of a continuing
violation after conviction shall be considered a separate offense.

Be it enacted by the Legislature of West Virginia:

That §16-29B-26 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that said code be amended by adding thereto a two new sections, designated §16-29B-28 and §16-29B-29, all to read as follows:

ARTICLE 29B. HEALTH CARE AUTHORITY.

§16-29B-26. Exemptions from antitrust laws.

1 Actions of the board shall be exempt from antitrust action under state and federal antitrust laws. Any actions of hospitals and health care providers under the board’s jurisdiction, when made in compliance with orders, directives, rules, approvals or regulations issued or promulgated by the board, shall likewise be exempt.

2 It is the intention of the Legislature that this chapter shall also immunize cooperative agreements approved and subject to supervision by the authority and activities conducted pursuant thereto from challenge or scrutiny under both state and federal antitrust law: Provided, That a cooperative agreement that is not approved and subject to supervision by the authority shall not have such immunity.

1 (a) Definitions. “ As used in this section the following terms have the following meanings:

2 (1) “Academic medical center” means an accredited medical school, one or more faculty practice plans affiliated with the medical school or one or more affiliated hospitals which meet the requirements set forth in 42 C. F. R. 411.355(e).

3 (2) “Cooperative agreement” means an agreement between a qualified hospital which is a member of an academic medical
center and one or more other hospitals or other health care providers. The agreement shall provide for the sharing, allocation, consolidation by merger or other combination of assets, or referral of patients, personnel, instructional programs, support services and facilities or medical, diagnostic, or laboratory facilities or procedures or other services traditionally offered by hospitals or other health care providers.

(3) “Commercial health plan” means a plan offered by any third party payor that negotiates with a party to a cooperative agreement with respect to patient care services rendered by health care providers.

(4) “Health care provider” means the same as that term is defined in section three of this article.

(5) “Teaching hospital” means a hospital or medical center that provides clinical education and training to future and current health professionals whose main building or campus is located in the same county as the main campus of a medical school operated by a state university.

(6) “Qualified hospital” means a teaching hospital, which meets the requirements of 42 C. F. R. 411.355(e) and which has entered into a cooperative agreement with one or more hospitals or other health care providers but is not a critical access hospital for purposes of this section.

(b) Findings. —

(1) The Legislature finds that the state’s schools of medicine, affiliated universities and teaching hospitals are critically important in the training of physicians and other healthcare providers who practice health care in this state. They provide access to healthcare and enhance quality healthcare for the citizens of this state.
(2) A medical education is enhanced when medical students, residents and fellows have access to modern facilities, state of the art equipment and a full range of clinical services and that, in many instances, the accessibility to facilities, equipment and clinical services can be achieved more economically and efficiently through a cooperative agreement among a teaching hospital and one or more hospitals or other health care providers.

(c) Legislative purpose. — The Legislature encourages cooperative agreements if the likely benefits of such agreements outweigh any disadvantages attributable to a reduction in competition. When a cooperative agreement, and the planning and negotiations of cooperative agreements, might be anticompetitive within the meaning and intent of state and federal antitrust laws the Legislature believes it is in the state’s best interest to supplant such laws with regulatory approval and oversight by the Health Care Authority as set out in this article. The authority has the power to review, approve or deny cooperative agreements, ascertain that they are beneficial to citizens of the state and to medical education, to ensure compliance with the provisions of the cooperative agreements relative to the commitments made by the qualified hospital and conditions imposed by the Health Care Authority.

(d) Cooperative Agreements. —

(1) A hospital which is a member of an academic medical center may negotiate and enter into a cooperative agreement with other hospitals or health care providers in the state:

(A) In order to enhance or preserve medical education opportunities through collaborative efforts and to ensure and maintain the economic viability of medical education in this state and to achieve the goals hereinafter set forth; and

(B) When the likely benefits outweigh any disadvantages attributable to a reduction in competition that may result from the proposed cooperative agreement.
(2) The goal of any cooperative agreement would be to:

(A) Improve access to care;
(B) Advance health status;
(C) Target regional health issues;
(D) Promote technological advancement;
(E) Ensure accountability of the cost of care;
(F) Enhance academic engagement in regional health;
(G) Preserve and improve medical education opportunities;
(H) Strengthen the workforce for health-related careers; and
(I) Improve health entity collaboration and regional integration, where appropriate.

(3) A qualified hospital located in this state may submit an application for approval of a proposed cooperative agreement to the authority. The application shall state in detail the nature of the proposed arrangement including the goals and methods for achieving:

(A) Population health improvement;
(B) Improved access to health care services;
(C) Improved quality;
(D) Cost efficiencies;
(E) Ensuring affordability of care;
(F) Enhancing and preserving medical education programs; and
(G) Supporting the authority’s goals and strategic mission, as applicable.
(A) If the cooperative agreement involves a combination of hospitals through merger, consolidation or acquisition, the qualified hospital must have been awarded a certificate of need for the project by the authority, as set forth in article two-d of this chapter prior to submitting an application for review of a cooperative agreement.

(B) In addition to a certificate of need, the authority may also require that an application for review of a cooperative agreement as provided in this section be submitted and approved prior to the finalization of the cooperative agreement, if the cooperative agreement involves the merger, consolidation or acquisition of a hospital located within a distance of twenty highway miles of the main campus of the qualified hospital, and the authority shall have determined that combination is likely to produce anti-competitive effects due to a reduction of competition. Any such determination shall be communicated to the parties to the cooperative agreement within seven days from approval of a certificate of need for the project.

(C) In reviewing an application for cooperative agreement, the authority shall give deference to the policy statements of the Federal Trade Commission.

(D) If an application for a review of a cooperative agreement is not required by the authority, the parties to the agreement may then complete the transaction following a final order by the authority on the certificate of need as set forth in article two-d of this code. The qualified hospital may apply to the authority for approval of the cooperative agreement either before or after the finalization of the cooperative agreement.

(E) A party who has received a certificate of need prior to the enactment of this provision during the 2016 regular session of the Legislature may apply for approval of a cooperative agreement whether or not the transaction contemplated thereby has been completed.
(F) The complete record in the certificate of need proceeding shall be part of the record in the proceedings under this section and information submitted by an applicant in the certificate of need proceeding need not be duplicated in proceedings under this section.

(e) Procedure for review of cooperative agreements. —

(1) Upon receipt of an application, the authority shall determine whether the application is complete. If the authority determines the application is incomplete, it shall notify the applicant in writing of additional items required to complete the application. A copy of the complete application shall be provided by the parties to the Office of the Attorney General simultaneous with the submission to the authority. If an applicant believes the materials submitted contain proprietary information that is required to remain confidential, such information must be clearly identified and the applicant shall submit duplicate applications, one with full information for the authority’s use and one redacted application available for release to the public.

(2) The authority shall upon receipt of a completed application, publish notification of the application on its website as well as provide notice of such application placed in the State Register. The public may submit written comments regarding the application within ten days following publication. Following the close of the written comment period, the authority shall review the application as set forth in this section. Within thirty days of the receipt of a complete application the authority may:

(i) Issue a certificate of approval which shall contain any conditions the authority finds necessary for the approval;

(ii) Deny the application; or

(iii) Order a public hearing if the authority finds it necessary to make an informed decision on the application.
(3) The authority shall issue a written decision within seventy-five days from receipt of the completed application. The authority may request additional information in which case they shall have an additional fifteen days following receipt of the supplemental information to approve or deny the proposed cooperative agreement.

(4) Notice of any hearing shall be sent by certified mail to the applicants and all persons, groups or organizations who have submitted written comments on the proposed cooperative agreement as well as to all persons, groups or organizations designated as affected parties in the certificate of need proceeding. Any individual, group or organization who submitted written comments regarding the application and wishes to present evidence at the public hearing shall request to be recognized as an affected party as set forth in article two-d of this chapter. The hearing shall be held no later than forty-five days after receipt of the application. The authority shall publish notice of the hearing on the authority’s website fifteen days prior to the hearing. The authority shall additionally provide timely notice of such hearing in the State Register.

(5) Parties may file a motion for an expedited decision.

(f) Standards for review of cooperative agreements. —

(1) In its review of an application for approval of a cooperative agreement submitted pursuant to this section, the authority may consider the proposed cooperative agreement and any supporting documents submitted by the applicant, any written comments submitted by any person and any written or oral comments submitted, or evidence presented, at any public hearing.

(2) The authority shall consult with the Attorney General of this state regarding his or her assessment of whether or not to approve the proposed cooperative agreement.
(3) The authority shall approve a proposed cooperative agreement and issue a certificate of approval if it determines, with the written concurrence of the Attorney General, that the benefits likely to result from the proposed cooperative agreement outweigh the disadvantages likely to result from a reduction in competition from the proposed cooperative agreement.

(4) In evaluating the potential benefits of a proposed cooperative agreement, the authority shall consider whether one or more of the following benefits may result from the proposed cooperative agreement:

(A) Enhancement and preservation of existing academic and clinical educational programs;

(B) Enhancement of the quality of hospital and hospital-related care, including mental health services and treatment of substance abuse provided to citizens served by the authority;

(C) Enhancement of population health status consistent with the health goals established by the authority;

(D) Preservation of hospital facilities in geographical proximity to the communities traditionally served by those facilities to ensure access to care;

(E) Gains in the cost-efficiency of services provided by the hospitals involved;

(F) Improvements in the utilization of hospital resources and equipment;

(G) Avoidance of duplication of hospital resources;

(H) Participation in the state Medicaid program; and
(I) Constraints on increases in the total cost of care.

(5) The authority’s evaluation of any disadvantages attributable to any reduction in competition likely to result from the proposed cooperative agreement shall include, but need not be limited to, the following factors:

(A) The extent of any likely adverse impact of the proposed cooperative agreement on the ability of health maintenance organizations, preferred provider organizations, managed health care organizations or other health care payors to negotiate reasonable payment and service arrangements with hospitals, physicians, allied health care professionals or other health care providers;

(B) The extent of any reduction in competition among physicians, allied health professionals, other health care providers or other persons furnishing goods or services to, or in competition with, hospitals that is likely to result directly or indirectly from the proposed cooperative agreement;

(C) The extent of any likely adverse impact on patients in the quality, availability and price of health care services; and

(D) The availability of arrangements that are less restrictive to competition and achieve the same benefits or a more favorable balance of benefits over disadvantages attributable to any reduction in competition likely to result from the proposed cooperative agreement.

(6) (A) After a complete review of the record, including, but not limited to, the factors set out in subsection (e) of this section, any commitments made by the applicant or applicants and any conditions imposed by the authority, if the authority determines that the benefits likely to result from the proposed cooperative agreement outweigh the disadvantages likely to result from a reduction in competition from the proposed cooperative
agreement, the authority shall approve the proposed cooperative agreement.

(B) The authority may reasonably condition approval upon the parties’ commitments to:

(i) Achieving improvements in population health;

(ii) Access to health care services;

(iii) Quality and cost efficiencies identified by the parties in support of their application for approval of the proposed cooperative agreement; and

(iv) Any additional commitments made by the parties to the cooperative agreement.

Any conditions set by the authority shall be fully enforceable by the authority. No condition imposed by the authority, however, shall limit or interfere with the right of a hospital to adhere to religious or ethical directives established by its governing board.

(7) The authority’s decision to approve or deny an application shall constitute a final order or decision pursuant to the West Virginia Administrative Procedure Act (§ 29A-1-1, et seq.). The authority may enforce commitments and conditions imposed by the authority in the circuit court of Kanawha County or the circuit court where the principal place of business of a party to the cooperative agreement is located.

(g) Enforcement and supervision of cooperative agreements. — The authority shall enforce and supervise any approved cooperative agreement for compliance.

(1) The authority is authorized to promulgate legislative rules in furtherance of this section. Additionally, the authority shall promulgate emergency rules pursuant to the provisions of
section fifteen, article three, chapter twenty-nine-a of this code
to accomplish the goals of this section. These rules shall include,
at a minimum:

(A) An annual report by the parties to a cooperative agreement. This report is required to include:

(i) Information about the extent of the benefits realized and compliance with other terms and conditions of the approval;

(ii) A description of the activities conducted pursuant to the cooperative agreement, including any actions taken in furtherance of commitments made by the parties or terms imposed by the authority as a condition for approval of the cooperative agreement;

(iii) Information relating to price, cost, quality, access to care and population health improvement;

(iv) Disclosure of any reimbursement contract between a party to a cooperative agreement approved pursuant to this section and a commercial health plan or insurer entered into subsequent to the finalization of the cooperative agreement. This shall include the amount, if any, by which an increase in the average rate of reimbursement exceeds, with respect to inpatient services for such year, the increase in the Consumer Price Index for all Urban Consumers for hospital inpatient services as published by the Bureau of Labor Statistics for such year and, with respect to outpatient services, the increase in the Consumer Price Index for all Urban Consumers for hospital outpatient services for such year; and

(v) Any additional information required by the authority to ensure compliance with the cooperative agreement.

(B) If an approved application involves the combination of hospitals, disclosure of the performance of each hospital with
respect to a representative sample of quality metrics selected annually by the authority from the most recent quality metrics published by the Centers for Medicare and Medicaid Services. The representative sample shall be published by the authority on its website.

(C) A procedure for a corrective action plan where the average performance score of the parties to the cooperative agreement in any calendar year is below the fiftieth percentile for all United States hospitals with respect to the quality metrics as set forth in (B) of this subsection. The corrective action plan is required to:

(i) Be submitted one hundred twenty days from the commencement of the next calendar year; and

(ii) Provide for a rebate to each commercial health plan or insurer with which they have contracted an amount not in excess of one percent of the amount paid to them by such commercial health plan or insurer for hospital services during such two-year period if in any two consecutive-year period the average performance score is below the fiftieth percentile for all United States hospitals. The amount to be rebated shall be reduced by the amount of any reduction in reimbursement which may be imposed by a commercial health plan or insurer under a quality incentive or awards program in which the hospital is a participant.

(D) A procedure where if the excess above the increase in the Consumer Price Index for all Urban Consumers for hospital inpatient services or hospital outpatient services is two percent or greater the authority may order the rebate of the amount which exceeds the respective indices by two percent or more to all health plans or insurers which paid such excess unless the party provides written justification of such increase satisfactory to the authority taking into account case mix index, outliers and extraordinarily high cost outpatient procedure utilizations.
(E) The ability of the authority to investigate, as needed, to ensure compliance with the cooperative agreement.

(F) The ability of the authority to take appropriate action, including revocation of a certificate of approval, if it determines that:

(i) The parties to the agreement are not complying with the terms of the agreement or the terms and conditions of approval;

(ii) The authority’s approval was obtained as a result of an intentional material misrepresentation;

(iii) The parties to the agreement have failed to pay any required fee; or

(iv) The benefits resulting from the approved agreement no longer outweigh the disadvantages attributable to the reduction in competition resulting from the agreement.

(G) If the authority determines the parties to an approved cooperative agreement have engaged in conduct that is contrary to state policy or the public interest, including the failure to take action required by state policy or the public interest, the authority may initiate a proceeding to determine whether to require the parties to refrain from taking such action or requiring the parties to take such action, regardless of whether or not the benefits of the cooperative agreement continue to outweigh its disadvantages. Any determination by the authority shall be final. The authority is specifically authorized to enforce its determination in the circuit court of Kanawha County or the circuit court where the principal place of business of a party to the cooperative agreement is located.

(H) Fees as set forth in subsection (h).

(2) Until the promulgation of the emergency rules, the authority shall monitor and regulate cooperative agreements to
ensure that their conduct is in the public interest and shall have
the powers set forth in subdivision (1) of this subsection,
including the power of enforcement set forth in paragraph (G),
subdivision (1) of this subsection.

(h) Fees. — The authority may set fees for the approval of
a cooperative agreement. These fees shall be for all reasonable
and actual costs incurred by the authority in its review and
approval of any cooperative agreement pursuant to this section.
These fees shall not exceed $75,000. Additionally, the authority
may assess an annual fee not to exceed $75,000 for the
supervision of any cooperative agreement approved pursuant to
this section and to support the implementation and
administration of the provisions of this section.

(i) Miscellaneous provisions. —

(1) (A) An agreement entered into by a hospital party to a
cooperative agreement and any state official or state agency
imposing certain restrictions on rate increases shall be
enforceable in accordance with its terms and may be considered
by the authority in determining whether to approve or deny the
application. Nothing in this chapter shall undermine the validity
of any such agreement between a hospital party and the Attorney
General entered before the effective date of this legislation.

(B) At least ninety days prior to the implementation of any
increase in rates for inpatient and outpatient hospital services
and at least sixty days prior to the execution of any
reimbursement agreement with a third party payor, a hospital
party to a cooperative agreement involving the combination of
two or more hospitals through merger, consolidation or
acquisition which has been approved by the authority shall
submit any proposed increase in rates for inpatient and outpatient
hospital services and any such reimbursement agreement to the
Office of the West Virginia Attorney General together with such
information concerning costs, patient volume, acuity, payor mix and other data as the Attorney General may request. Should the Attorney General determine that the proposed rates may inappropriately exceed competitive rates for comparable services in the hospital’s market area which would result in unwarranted consumer harm or impair consumer access to health care, the Attorney General may request the authority to evaluate the proposed rate increase and to provide its recommendations to the Office of the Attorney General. The Attorney General may approve, reject or modify the proposed rate increase and shall communicate his or her decision to the hospital no later than 30 days prior to the proposed implementation date. The hospital may then only implement the increase approved by the Attorney General. Should the Attorney General determine that a reimbursement agreement with a third party payor includes pricing terms at anti-competitive levels, the Attorney General may reject the reimbursement agreement and communicate such rejection to the parties thereto together with the rationale therefor in a timely manner.

(2) The authority shall maintain on file all cooperative agreements the authority has approved, including any conditions imposed by the authority.

(3) Any party to a cooperative agreement that terminates its participation in such cooperative agreement shall file a notice of termination with the authority thirty days after termination.

(4) No hospital which is a party to a cooperative agreement for which approval is required pursuant to this section may knowingly bill or charge for health services resulting from, or associated with, such cooperative agreement until approved by the authority. Additionally, no hospital which is a party to a cooperative agreement may knowingly bill or charge for health services resulting from, or associated with, such cooperative agreement for which approval has been revoked or terminated.
(5) By submitting an application for review of a cooperative agreement pursuant to this section, the hospitals or health care providers shall be deemed to have agreed to submit to the regulation and supervision of the authority as provided in this section.

§16-29B-29. Severability.

If any provision of this article or the application thereof to any person or circumstance is held unconstitutional or invalid, such unconstitutionality or invalidity shall not affect, impair or invalidate other provisions or applications of the article, and to this end the provisions of this article are declared to be severable.

CHAPTER 204

(Com. Sub. for S. B. 545 - By Senator Boso)

[Passed March 10, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 29, 2016.]

AN ACT to amend and reenact §16-32-2 and §16-32-11 of the Code of West Virginia, 1931, as amended, all relating to asbestos abatement on oil and gas pipelines; defining terms; requiring requests for waivers and other matters be made to the Commissioner of the Bureau for Public Health; exempting the removal, repair and maintenance of intact oil and gas pipeline asphaltic wrap which contains asbestos fibers encapsulated or coated by bituminous or resinous compounds from asbestos abatement requirements; and providing specific requirements for that exemption to apply.
Be it enacted by the Legislature of West Virginia:

(S. B. 416 - By Senators Takubo, Trump, Blair and Kessler)

[Passed March 10, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 23, 2016.]

adding thereto a new article, designated §§16-51-1, §§16-51-2,
§§16-51-3, §§16-51-4, §§16-51-5, §§16-51-6, §§16-51-7 and §§16-51-8,

Food and Drug Administration that other patients have access to
when they participate in clinical trials; establishing a short title;
setting out legislative findings; defining terms; allowing drug
manufacturers to provide investigative products; setting forth
insurance requirements; and prohibiting action.
Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §16-51-1, §16-51-2, §16-51-3, §16-51-4, §16-51-5, §16-51-6, §16-51-7 and §16-51-8, all to read as follows:

**ARTICLE 51. RIGHT TO TRY ACT.**

§16-51-1. Short title.

1 This article shall be known and may be cited as the Ben Price Right to Try Act.

§16-51-2. Legislative findings.

1 (a) The Legislature finds and declares that:

2 (1) The process of approval for investigational drugs, biological products and devices in the United States protects future patients from premature, ineffective and unsafe medications and treatments over the long run, but the process often takes many years;

7 (2) Patients who have a terminal illness do not have the luxury of waiting until an investigational drug, biological product or device receives final approval from the United States Food and Drug Administration;

11 (3) Patients who have a terminal illness have a fundamental right to attempt to pursue the preservation of their own lives by accessing available investigational drugs, biological products and devices;

15 (4) The use of available investigational drugs, biological products and devices is a decision that should be made by the
patient with a terminal illness in consultation with the patient’s
health care provider and the patient’s health care team, if
applicable; and

(5) The decision to use an investigational drug, biological
product or device should be made with full awareness of the
potential risks, benefits and consequences to the patient and the
patient’s family.

(b) It is the intent of the Legislature to allow for terminally
ill patients to use potentially life-saving or pain-relieving
investigational drugs, biological products and devices.

§16-51-3. Definitions.

For the purposes of this article:

(1) “Eligible patient” means a person who has:

(A) A terminal illness attested to by the patient’s treating
physician;

(B) Considered all other treatment options currently
approved by the United States Food and Drug Administration;

(C) Been unable to participate in a clinical trial for the
terminal illness within one hundred miles of the patient’s home
address for the terminal illness, or not been accepted to the
clinical trial within one week of completion of the clinical trial
application process;

(D) Received a recommendation from his or her physician
for an investigational drug, biological product or device;

(E) Given written, informed consent for the use of the
investigational drug, biological product or device or, if the
patient is a minor or lacks the mental capacity to provide
informed consent, a parent or legal guardian has given written,
informed consent on the patient’s behalf; and
(F) Documentation from his or her physician that he or she meets the requirements of this subdivision.

(2) “Eligible patient” does not include a person being treated as an inpatient in a hospital licensed or certified pursuant to article five-b, chapter sixteen of this code.

(3) “Investigational drug, biological product or device” means a drug, biological product or device that has successfully completed phase one of a clinical trial but has not yet been approved for general use by the United States Food and Drug Administration.

(4) “Terminal illness” means a disease that, without life-sustaining procedures, will soon result in death or a state of permanent unconsciousness from which recovery is unlikely.

(5) “Written, informed consent” means a written document signed by the patient and attested to by the patient’s physician and a witness that, at a minimum:

(A) Explains the currently approved products and treatments for the disease or condition from which the patient suffers;

(B) Attest to the fact that the patient concurs with his or her physician in believing that all currently approved and conventionally recognized treatments are unlikely to prolong the patient’s life;

(C) Clearly identifies the specific proposed investigational drug, biological product or device that the patient is seeking to use;

(D) Describes the potentially best and worst outcomes of using the investigational drug, biological product or device with a realistic description of the most likely outcome, including the possibility that new, unanticipated, different or worse symptoms
might result and that death could be hastened by the proposed
treatment based on the physician’s knowledge of the proposed
treatment in conjunction with an awareness of the patient’s
condition;

(E) Makes clear that the patient’s health insurer and provider
may not be obligated to pay for any care or treatments
consequent to the use of the investigational drug, biological
product or device;

(F) Makes clear that the patient’s eligibility for hospice care
may be withdrawn if the patient begins curative treatment and
care may be reinstated if the curative treatment ends and the
patient meets hospice eligibility requirements;

(G) Makes clear that in-home health care may be denied if
treatment begins; and

(H) States that the patient understands that he or she may be
liable for all expenses consequent to the use of the
investigational drug, biological product or device, and that this
liability extends to the patient’s estate, unless a contract between
the patient and the manufacturer of the drug, biological product
or device states otherwise.

§16-51-4. Drug manufacturers; availability of investigational
drugs, biological products or devices; costs; insurance coverage.

(a) A manufacturer of an investigational drug, biological
product or device may make available the manufacturer’s
investigational drug, biological product or device to eligible
patients pursuant to this article. This article does not require that
a manufacturer make available an investigational drug,
biological product or device to an eligible patient.

(d) A health insurance carrier may, but is not required by this article to, provide coverage for the cost of an investigational drug, biological product or device.

(e) An insurer may deny coverage to an eligible patient from the time the eligible patient begins use of the investigational drug, biologic product or device through a period not to exceed six months from the time the investigational drug, biologic product or device is no longer used by the eligible patient; except that coverage may not be denied for a preexisting condition and for coverage for benefits which commenced prior to the time the eligible patient begins use of such drug, biologic product or device.

(f) If a patient dies while being treated by an investigational drug, biological product or device, the patient’s heirs and estate are not liable for any outstanding debt related to the treatment or lack of insurance due to the treatment.

§16-51-5.  Action against health care provider’s license or Medicare certification prohibited.

Notwithstanding any other law, a licensing board may not revoke, fail to renew, suspend or take any action against a health care provider’s license issued pursuant to chapter thirty of this code based solely on the health care provider’s recommendations to an eligible patient regarding access to or treatment with an
investigational drug, biological product or device as long as the recommendations are consistent with medical standards of care. Action against a health care provider’s Medicare certification based solely on the health care provider’s recommendation that a patient have access to an investigational drug, biological product or device is prohibited.

§16-51-6. Access to investigational drugs, biological products and devices.

An official, employee or agent of this state shall not block or attempt to block an eligible patient’s access to an investigational drug, biological product or device. Counseling, advice or a recommendation consistent with medical standards of care from a licensed health care provider is not a violation of this section.

§16-51-7. No cause of action created.

This article does not create a private cause of action against a manufacturer of an investigational drug, biological product or device, against a health care provider as defined in section two, article seven-b, chapter fifty-five of this Code, or against any other person or entity involved in the care of an eligible patient using the investigational drug, biological product or device, for any harm done to the eligible patient resulting from the investigational drug, biological product or device, so long as the manufacturer, health care provider, or other person or entity is complying in good faith with the terms of this article.

§16-51-8. Effect on health care coverage.

Nothing in this article affects the mandatory health care coverage for participation in clinical trials pursuant to section two, article twenty-five-f, chapter thirty-three of this code.

**CHAPTER 22. ENVIRONMENTAL RESOURCES.**

**ARTICLE 15. SOLID WASTE MANAGEMENT ACT.**

1. (a) Open dumps are prohibited and it is unlawful for any person to create, contribute to or operate an open dump or for any landowner to allow an open dump to exist on the landowner's property unless that open dump is under a compliance schedule approved by the director. Such compliance
schedule shall contain an enforceable sequence of actions leading to compliance and shall not exceed two years. Open dumps operated prior to April 1, 1998, by a landowner or tenant for the disposal of solid waste generated by the landowner or tenant at his or her residence or farm are not a violation of this section if such open dump did not constitute a violation of law on January 1, 1998, and unauthorized dumps which were created by unknown persons do not constitute a violation of this section:

Provided, That no person may contribute additional solid waste to any such dump after April 1, 1998, except that the owners of the land on which unauthorized dumps have been or are being made are not liable for such unauthorized dumping unless such landowners refuse to cooperate with the division in stopping such unauthorized dumping.

(b) It is unlawful for any person, unless the person holds a valid permit from the division to install, establish, construct, modify, operate or abandon any solid waste facility. All approved solid waste facilities shall be installed, established, constructed, modified, operated or abandoned in accordance with this article, plans, specifications, orders, instructions and rules in effect.

(c) Any permit issued under this article shall be issued in compliance with the requirements of this article, its rules and article eleven of this chapter and the rules promulgated thereunder, so that only a single permit is required of a solid waste facility under these two articles. Each permit issued under this article shall have a fixed term not to exceed five years: Provided, That the director may administratively extend a permit beyond its five-year term if the approved solid waste facility is in compliance with this article, its rules and article eleven of this chapter and the rules promulgated thereunder: Provided, however, That such administrative extension may not be for more than one year. Upon expiration of a permit, renewal
permits may be issued in compliance with rules promulgated by the director.

(d) For existing solid waste facilities which formerly held division of health permits which expired by law and for which complete permit applications for new permits pursuant to this article were submitted as required by law, the division may enter an administrative order to govern solid waste activities at such facilities, which may include a compliance schedule, consistent with the requirements of the division's solid waste management rules, to be effective until final action is taken to issue or deny a permit for such facility pursuant to this article, or until further order of the division.

(e) No person may dispose in the state of any solid waste in a manner which endangers the environment or the public health, safety or welfare as determined by the director: Provided, That the carcasses of dead animals may be disposed of in any solid waste facility or in any other manner as provided for in this code. Upon request by the director, the commissioner of the bureau of public health shall provide technical advice concerning the disposal of solid waste or carcasses of dead animals within the state.

(f) A commercial solid waste facility shall not discriminate in favor of or against the receipt of any waste otherwise eligible for disposal at the facility based on its geographic origin.

(g) In addition to all the requirements of this article and the rules promulgated hereunder, a permit to construct a new commercial solid waste facility or to expand the spatial area of an existing facility, may not be issued unless the public service commission has granted a certificate of need, as provided in section one-c, article two, chapter twenty-four of this code. If the director approves a permit or permit modification, the certificate of need shall become a part of the permit and all conditions
contained in the certificate of need shall be conditions of the permit and may be enforced by the division in accordance with the provisions of this article. If the director approves a permit or permit modification, the certificate of need shall become a part of the permit and all conditions contained in the certificate of need shall be conditions of the permit and may be enforced by the division in accordance with the provisions of this article:

Provided, That the provisions of this subsection do not apply to materials recovery facilities or mixed waste processing facilities as defined by chapter twenty-two, article fifteen, section two of this code, except within a thirty-five mile radius of a facility sited in a karst geological region and which has been permitted by the West Virginia Department of Environmental Protection as a mixed waste processing facility and has received a certificate of need by July 1, 2016.

(h) The director shall promulgate legislative rules pursuant to article three, chapter twenty-nine-a of this code which reflect the purposes as set forth in this section.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1m. Commission jurisdiction does not extend to materials recovery facilities, mixed waste processing facilities, and oil and natural gas solid waste disposal.

Notwithstanding any other provision of this code, the jurisdiction of the commission does not extend to materials recovery facilities or mixed waste processing facilities as defined by chapter twenty-two, article fifteen, section two of this code, except within a thirty-five mile radius of a facility sited in a county that is, in whole or in part, within a karst region as determined by the West Virginia Geologic and Economic Survey that has been permitted and classified by the WVDEP as a mixed
waste processing resource recovery facility and has received a certificate of need by July 1, 2016: Provided, That nothing in this section shall affect the requirements of section five, article two and section three, article three, chapter twenty-four-a of this code.

CHAPTER 214

(Com. Sub. for H. B. 4435 - By Delegates R. Smith, Ireland, McCuskey and Marcum)

[Passed on March 11, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2016.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-1l, relating to modernization and improvement of coal-fired boilers at electric power plants; providing procedure for expedited cost recovery of electric utility coal-fired boiler modernization and improvement projects deemed just and reasonable and in the public interest; and providing rule-making authority.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §24-2-1l, to read as follows:

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1l. Modernization and improvement of coal-fired boilers at electric power plants; findings; expedited process; requirements; rulemaking.
(a) The Legislature hereby finds that:

(1) West Virginia is rich in energy resources, which provide many advantages to the state, its economy and its citizens;

(2) West Virginia’s abundant coal reserves have created, and will continue to create, many benefits to the state and its citizens;

(3) West Virginia is experiencing a significant downturn in the coal industry as a result of increasing environmental regulation and increased competition from natural gas and oil;

(4) Stabilization of the coal industry to maintain its accompanying benefits to the state and its citizens requires West Virginia to be proactive and focus on the modernization and improvement of coal-fired boilers used by electric utilities in this state to allow the more efficient use of coal in the generation of electricity with reduced environmental impact;

(5) A comprehensive program of modernizing, upgrading and improving coal-fired boilers at existing West Virginia power plants owned by electric utilities at reasonable cost to ratepayers, will benefit the customers of the electric utilities, the public in West Virginia and the economy of the state as a whole;

(6) A coal-fired boiler modernization and improvement program will create jobs, provide for continued and enhanced safety and reliability of aging electrical generation infrastructure, and provide for more economical generation of electricity from coal all of which will benefit customers located throughout the state; and

(7) Efforts to modernize and improve coal-fired boilers owned by electric utilities and used to generate electricity in this state involve the investment of capital and the incurrence of associated incremental costs. Accordingly, in order for the electric utility undertaking those coal-fired boiler modernization
and improvement programs to attract the necessary capital, the
electric utility should be permitted to recover the incremental
rate of return, related income taxes, depreciation and property
taxes associated with the coal-fired boiler modernization and
improvement programs commencing with the implementation of
a coal-fired boiler modernization and improvement program
approved by the commission without waiting for a full base rate
tariff filing, as more fully described in subsection (f) of this
section.

(b) Electric utilities may file with the commission an
application for a multiyear comprehensive program for
modernizing and improving coal-fired boilers at power plants
located in this state and owned, in whole or in part, by the
electric utility. Subject to commission review and approval, a
program may be amended and updated by the electric utility as
circumstances warrant. The recovery of costs in support of the
program shall be allowed in the manner set forth in this section
if the proposed program and related rates are found to be just,
reasonable, and based on prudent investments that are used and
useful to the utilities’ West Virginia ratepayers.

(c) The application is in lieu of a proceeding pursuant to
section eleven of this article and shall contain the following:

(1) A description of the coal-fired boiler modernization and
improvement program, in such detail as the commission
prescribes, which may include costs associated with or
incidental to the reduction of emissions or compliance with
environmental requirements, the projected cost, and timing of
the installation of equipment and facilities that the applicant
proposes to replace, construct, modernize and/or improve;

(2) The projected net cost, on an annual basis, of the
replacement, construction or improvements;
(3) The projected starting and completion dates for the modernization and improvement program;

(4) The projected cost of debt for the coal-fired boiler modernization and improvement program funding and the projected capital structure for coal-fired boiler modernization and improvement program funding;

(5) Testimony, exhibits or other evidence that demonstrates the need for the modernization and improvement of coal-fired boilers in order to provide and maintain adequate, efficient, safe, reliable and reasonably priced electrical generation;

(6) A proposed cost recovery mechanism consistent with this section; and

(7) Other information the applicant considers relevant or the commission requires.

(d) Upon filing of the application, the applicant shall publish, in the form the commission directs, which form shall include, but not be limited to, the anticipated rates and, if any, rate increase under the proposal, by average percentage and dollar amount for customers within a class of service, as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, the publication area to be each county in which service is provided by the electrical utility, a notice of the filing of the application and that the commission shall hold a hearing on the application within one-hundred eighty days of the notice; unless no opposition to the application is received by the Public Service Commission within one week of the proposed hearing date, in which case the hearing can be waived, and issue a final order within two-hundred seventy days of the application filing date.

(e) Upon notice and hearing, if required by the commission, the commission shall approve the coal-fired boiler
modernization and improvement program and allow expedited recovery of costs related to the expenditures as provided in subsection (f) of this section if the commission finds that the expenditures and the associated rate requirements are just, reasonable, prudent, not contrary to the West Virginia public interest and will allow for the provision and maintenance of adequate, efficient, safe, reliable and reasonably priced electricity generated from coal.

(f) Upon commission approval, electric utilities will be authorized to implement the coal-fired boiler modernization and improvement programs and to recover related incremental capital and operation and maintenance costs, net of contributions to recovery of return and depreciation and property tax expenses directly attributable to the coal-fired boiler modernization and improvement program provided by electric utility’s customers, if any, as provided in the following:

(1) An allowance for return shall be calculated by applying a rate of return to the average planned net incremental increase to rate base attributable to the coal-fired boiler modernization and improvement program for the coming year, considering the projected amount and timing of expenditures under the coal-fired boiler modernization and improvement program plus any expenditures in previous years of the program. The rate of return shall be determined by utilizing the rate of return on equity authorized by the commission in the electric utility’s most recent rate case proceeding or in the case of a settled rate case, a rate of return on equity as determined by the commission, and the projected cost of the electric utility’s debt during the period of the coal-fired boiler modernization and improvement program to determine the weighted cost of capital based upon the electric utility’s capital structure.

(2) Income taxes at the corporate statutory income rates applicable to the return allowed on the coal-fired boiler
modernization and improvement program shall be calculated for inclusion in rates.

(3) Incremental depreciation and property tax expenses directly attributable to the coal-fired boiler modernization and improvement program shall be estimated for the upcoming year.

(4) Following commission approval of its coal-fired boiler modernization and improvement program, an electric utility shall place into effect rates that include an increment that recovers the allowance for return, operation and maintenance expense, related income taxes, depreciation and property tax expenses associated with the electric utility’s estimated coal-fired boiler modernization and improvement program investments for the upcoming year, net of contributions to recovery of those incremental costs provided by the electric utility’s customers, if any, (“incremental cost recovery increment”). In each year subsequent to the order approving the coal-fired boiler modernization and improvement program and an incremental cost recovery increment, the electric utility shall file a petition with the commission setting forth a new proposed incremental cost recovery increment based on investments and expenses to be made in the subsequent year, plus any under-recovery or minus any over-recovery of actual incremental costs attributable to the coal-fired boiler modernization and improvement program investments, for the preceding year.

(g) The electric utility may make any accounting accruals necessary to establish a regulatory asset or liability through which actual incremental costs incurred and costs recovered through the rate mechanism are tracked.

(h) Electric utilities may defer incremental operation and maintenance expenditures attributable to regulatory and compliance-related requirements introduced after the electric utility’s last rate case proceeding and not included in the electric
utility’s current base rates. In a future rate case, the commission shall allow recovery of the deferred costs amortized over a reasonable period of time to be determined by the commission if the commission finds that the costs were reasonable and prudently incurred and were not reflected in rates in prior rate cases.

(2) Except for hourly employees, and those persons who first become members of the retirement system on or after July 1, 2015, ten or more months of service credit earned in any calendar year shall be credited as a year of service: Provided, That no more than one year of service may be credited to any member for all service rendered by him or her in any calendar year and no days may be carried over by a member from one calendar year to another calendar year where the member has received a full-year credit for that year; and

(3) Service may be credited to a member who was employed by a political subdivision if his or her employment occurred within a period of thirty years immediately preceding the date the political subdivision became a participating public employer.

(b) The board of trustees shall grant service credit to employees of boards of health, the Clerk of the House of Delegates and the Clerk of the State Senate or to any former and present member of the State Teachers Retirement System who have been contributing members in the Public Employees Retirement System for more than three years, for service

S. R. 7, of any withdrawals of contributions any time prior to the member’s retirement. Repayment of withdrawals shall be as directed by the Board of Trustees.

(c) Court reporters who are acting in an official capacity, although paid by funds other than the county commission or State Auditor, may receive prior service credit for time served in that capacity.

(d) Active members who previously worked in Comprehensive Employment and Training Act (CETA) may receive service credit for time served in that capacity: Provided, That in order to receive service credit under the provisions of this subsection the following conditions must be met: (1) The member must have moved from temporary employment with the participating employer to permanent full-time employment with the participating employer within one hundred twenty days following the termination of the member’s CETA employment; (2) the board must receive evidence that establishes to a reasonable degree of certainty as determined by the board that the member previously worked in CETA; and (3) the member shall pay to the board an amount equal to the employer and employee contribution plus interest at the amount set by the board for the amount of service credit sought pursuant to this subsection: Provided, however, That the maximum service credit that may be obtained under the provisions of this subsection is two years: Provided further, That a member must apply and pay for the service credit allowed under this subsection and provide all necessary documentation by March 31, 2003: And provided further, That the board shall exercise due diligence to notify affected employees of the provisions of this subsection.
(e) (1) Employees of the State Legislature whose terms of employment are otherwise classified as temporary and who are employed to perform services required by the Legislature for its regular sessions or during the interim time between regular sessions shall receive service credit for the time served in that capacity in accordance with the following: For purposes of this section, the term “regular session” means day one through day sixty of a sixty-day legislative session or day one through day thirty of a thirty-day legislative session. Employees of the State Legislature whose term of employment is otherwise classified as temporary and who are employed to perform services required by the Legislature for its regular sessions or during the interim time between regular sessions and who have been or are employed during regular sessions or during the interim time between regular sessions in seven consecutive calendar years, as certified by the clerk of the house in which the employee served, shall receive service credit of six months for all regular sessions served, as certified by the clerk of the house in which the employee served, or shall receive service credit of three months for each regular thirty-day session served prior to 1971: Provided, That employees of the State Legislature whose term of employment is otherwise classified as temporary and who are employed to perform services required by the Legislature for its regular sessions and who have been or are employed during the regular sessions in thirteen consecutive calendar years as either temporary employees or full-time employees or a combination thereof, as certified by the clerk of the house in which the employee served, shall receive a service credit of twelve months for each regular session served, as certified by the clerk of the house in which the employee served: Provided, however, That the amendments made to this subsection during the 2002 regular session of the Legislature only apply to employees of the Legislature who are employed by the Legislature as either temporary employees or full-time employees as of January 1, 2002, or who become employed by the Legislature as temporary
or full-time employees for the first time after January 1, 2002. Employees of the State Legislature whose terms of employment are otherwise classified as temporary and who are employed to perform services required by the Legislature during the interim time between regular sessions shall receive service credit of one month for each ten days served during the interim between regular sessions, which interim days shall be cumulatively calculated so that any ten days, regardless of calendar month or year, shall be calculated toward any award of one month of service credit: *Provided further,* That no more than one year of service may be credited to any temporary legislative employee for all service rendered by that employee in any calendar year and no days may be carried over by a temporary legislative employee from one calendar year to another calendar year where the member has received a full year credit for that year. Service credit awarded for legislative employment pursuant to this section shall be used for the purpose of calculating that member’s retirement annuity, pursuant to section twenty-two of this article, and determining eligibility as it relates to credited service, notwithstanding any other provision of this section. Certification of employment for a complete legislative session and for interim days shall be determined by the clerk of the house in which the employee served, based upon employment records. Service of fifty-five days of a regular session constitutes an absolute presumption of service for a complete legislative session and service of twenty-seven days of a thirty-day regular session occurring prior to 1971 constitutes an absolute presumption of service for a complete legislative session. Once a legislative employee has been employed during regular sessions for seven consecutive years or has become a full-time employee of the Legislature, that employee shall receive the service credit provided in this section for all regular and interim sessions and interim days worked by that employee, as certified by the clerk of the house in which the employee served, regardless of when the session or interim legislative employment
occurred: *And provided further*, That regular session legislative employment for seven consecutive years may be served in either or both houses of the Legislature.

(2) For purposes of this section, employees of the Joint Committee on Government and Finance are entitled to the same benefits as employees of the House of Delegates or the Senate: *Provided*, That for joint committee employees whose terms of employment are otherwise classified as temporary, employment in preparation for regular sessions, certified by the legislative manager as required by the Legislature for its regular sessions, shall be considered the same as employment during regular sessions to meet service credit requirements for sessions served.

(f) Any employee may purchase retroactive service credit for periods of employment in which contributions were not deducted from the employee’s pay. In the purchase of service credit for employment prior to 1989 in any department, including the Legislature, which operated from the General Revenue Fund and which was not expressly excluded from budget appropriations in which blanket appropriations were made for the state’s share of public employees’ retirement coverage in the years prior to 1989, the employee shall pay the employee’s share. Other employees shall pay the state’s share and the employee’s share to purchase retroactive service credit. Where an employee purchases service credit for employment which occurred after 1988, that employee shall pay for the employee’s share and the employer shall pay its share for the purchase of retroactive service credit: *Provided*, That no legislative employee and no current or former member of the Legislature may be required to pay any interest or penalty upon the purchase of retroactive service credit in accordance with the provisions of this section where the employee was not eligible to become a member during the years for which he or she is purchasing retroactive service or had the employee attempted to contribute to the system during the years for which he or she is purchasing retroactive service
credit and the contributions would have been refused by the board: *Provided, however,* That a current legislative employee purchasing retroactive credit under this section shall do so within twenty-four months of beginning contributions to the retirement system as a legislative employee or no later than December 31, 2016, whichever occurs later: *Provided further,* That once a legislative employee becomes a member of the retirement system, he or she may purchase retroactive service credit for any time he or she was employed by the Legislature and did not receive service credit. Any service credit purchased shall be credited as six months for each sixty-day session worked, three months for each thirty-day session worked or twelve months for each sixty-day session for legislative employees who have been employed during regular sessions in thirteen consecutive calendar years, as certified by the clerk of the house in which the employee served, and credit for interim employment as provided in this subsection: *And provided further,* That this legislative service credit shall also be used for months of service in order to meet the sixty-month requirement for the payments of a temporary legislative employee member’s retirement annuity: *And provided further,* That no legislative employee may be required to pay for any service credit beyond the actual time he or she worked regardless of the service credit which is credited to him or her pursuant to this section: *And provided further,* That any legislative employee may request a recalculation of his or her credited service to comply with the provisions of this section at any time. 

(g) (1) Notwithstanding any provision to the contrary, the seven consecutive calendar years requirement and the thirteen consecutive calendar years requirement and the service credit requirements set forth in this section shall be applied retroactively to all periods of legislative employment prior to the passage of this section, including any periods of legislative employment occurring before the seven consecutive and thirteen consecutive calendar years referenced in this section: *Provided,*
That the employee has not retired prior to the effective date of the amendments made to this section in the 2002 regular session of the Legislature.

(2) The requirement of seven consecutive years and the requirement of thirteen consecutive years apply retroactively to all legislative employment prior to the effective date of the 2006 amendments to this section.

(h) The board of trustees shall grant service credit to any former or present member of the State Police Death, Disability and Retirement Fund who has been a contributing member of this system for more than three years for service previously credited by the State Police Death, Disability and Retirement Fund if the member transfers all of his or her contributions to the State Police Death, Disability and Retirement Fund to the system created in this article, including repayment of any amounts withdrawn any time from the State Police Death, Disability and Retirement Fund by the member seeking the transfer allowed in this subsection: Provided, That there shall be added by the member to the amounts transferred or repaid under this subsection an amount which shall be sufficient to equal the contributions he or she would have made had the member been under the Public Employees Retirement System during the period of his or her membership in the State Police Death, Disability and Retirement Fund, excluding contributions on lump sum payment for annual leave, plus interest at a rate determined by the board.

(i) The provisions of section twenty-two-h of this article are not applicable to the amendments made to this section during the 2006 regular session.

CHAPTER 18. EDUCATION.

ARTICLE 7A. STATE TEACHERS RETIREMENT SYSTEM.
§18-7A-17a. Qualified military service.

(a) Except as provided in subsection (b) of this section, for the purpose of this article, the retirement board shall grant prior service credit to members of the retirement system who were honorably discharged from active duty service in any of the Armed Forces of the United States in any period of national emergency within which a federal Selective Service Act was in effect. For purposes of this section, “Armed Forces” includes Women’s Army Corps, women’s appointed volunteers for emergency service, Army Nurse Corps, SPARS, Women’s Reserve and other similar units officially part of the military service of the United States. The military service is considered equivalent to public school teaching, and the salary equivalent for each year of that service is the actual salary of the member as a teacher for his or her first year of teaching after discharge from military service. Prior service credit for military service shall not exceed ten years for any one member, nor shall it exceed twenty-five percent of total service at the time of retirement. Notwithstanding the preceding provisions of this subsection, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code. The retirement board is authorized to determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the retirement board in section one, article ten-d, chapter five of this code, may promulgate rules relating to contributions, benefits and service credit to comply with Section 414(u) of the Internal Revenue Code. No military service credit may be used in more than one retirement system administered by the Consolidated Public Retirement Board.

(b) Subsection (a) of this section does not apply to any member who first becomes an employee of a participating public
employer on or after July 1, 2015. This subsection applies to any member who first became an employee of a participating public employer on or after July 1, 2015, and also applies to any member who became an employee of a participating public employer before July 1, 2015, and is unable to meet the requirements of subsection (a) of this section.

(1) Any member may purchase up to sixty months of military service credit for time served in active military duty prior to first becoming an employee of a participating public employer if all of the following conditions are met:

(A) The member has completed a complete fiscal year of contributory service;

(B) The active military duty occurs prior to the date on which the member first becomes an employee of a participating public employer; and

(C) The employee pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system, or within forty-eight months of July 1, 2015, whichever is later: Provided, That any employee who ceases employment with a participating public employer before completing the required actuarial reserve purchase amount in full shall not be eligible to purchase the military service.

(2) Notwithstanding paragraph (A), subdivision (1) of this subsection, a member who first becomes an employee of a participating public employer on or after July 1, 2015, but who does not remain employed and contributing to the retirement system for at least a complete fiscal year after his or her initial
employment, shall be considered to have met the requirement of said paragraph the first time he or she becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service. Such a member shall be considered to have met the requirement of paragraph (C) of said subdivision if he or she pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member the first time he or she becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

(3) A member who first becomes an employee of a participating public employer on or after July 1, 2015, may purchase military service credit for active military duty performed on or after the date he or she first becomes an employee of a participating public employer only if all of the following conditions are met: Provided, That the maximum military service credit such member may purchase shall take into account any military service credit purchased for active military duty pursuant to subdivision (1) of this subsection in addition to any military service credit purchased pursuant to this subdivision:

(A) The member was an employee of a participating public employer, terminated employment and experienced a break in contributing service in the retirement system of one or more months, performed active military service while not an employee of the participating public employer and not contributing to the retirement system, then again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributory service;
(B) The member does not qualify for military service credit for such active military duty pursuant to subsection (d) of this section; and

(C) The member pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member after he or she again becomes an employee of a participating public employer immediately following the period of active military duty and break in service and completes at least a complete fiscal year of contributory service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

(4) Notwithstanding paragraph (A), subdivision (3) of this subsection, a member who otherwise meets the requirements of said paragraph, but who does not remain employed and contributing to the retirement system for at least a complete fiscal year when he or she first becomes an employee of a participating public employer after the period of active military duty and break in service, shall be considered to have met the requirement of said paragraph the first time he or she again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service. Such a member shall be considered to have met the requirement of paragraph (C) of said subdivision if he or she pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member for the first time he or she again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.
(5) For purposes of this subsection, the following definitions shall apply:

(A) “Active military duty” means full-time active duty in the Armed Forces of the United States for a period of thirty or more consecutive calendar days. Active military duty does not include inactive duty of any kind.

(B) “Actuarial reserve purchase amount” means the purchase annuity rate multiplied by the purchase accrued benefit, calculated as of the calculation month, plus annual interest accruing at seven and one-half percent from the calculation month through the purchase month, compounded monthly.

(C) “Armed forces of the United States” means the Army, Navy, Air Force, Marine Corps, and Coast Guard, the reserve components thereof, and the National Guard of the United States or the National Guard of a state or territory when members of the same are on full-time active duty pursuant to Title 10 or Title 32 of the United States Code.

(D) “Calculation month” means the month immediately following the month in which the member completes a complete fiscal year of contributory service with a participating public employer required by subdivision (1), (2), (3) or (4) of this subsection, as applicable.

(E) “Purchase accrued benefit” means two percent times the purchase military service times the purchase average monthly salary.

(F) “Purchase age” means the age of the employee in years and completed months as of the first day of the calculation month.

(G) “Purchase annuity rate” means the actuarial lump sum annuity factor calculated as of the calculation month based on
the following actuarial assumptions: Interest rate of seven and
one-half percent; mortality of the 1971 group annuity mortality
table, fifty percent blended male and female rates, applied on a
unisex basis to all members; if purchase age is under age
sixty-two, a deferred annuity factor with payments commencing
at age sixty-two; and if purchase age is sixty-two or over, an
immediate annuity factor with payments starting at the purchase
age.

(H) “Purchase average monthly salary” means the average
monthly salary of the member during the number of months of
the member’s contract during the fiscal year of contributory
service required by subdivisions (1), (2), (3) and (4) of this
subsection, as applicable. For any member who first became an
employee of a participating public employer before July 1, 2015,
the purchase average monthly salary means the average monthly
salary of the member during the number of months of the
member’s contract during his or her complete fiscal year of
contributory service on or after July 1, 2015.

(I) “Purchase military service” means the amount of military
service being purchased by the employee in months up to the
sixty-month maximum, calculated in accordance with
subdivision (7) of this subsection.

(J) “Purchase month” means the month in which the
employee deposits the actuarial reserve lump sum purchase
amount into the plan trust fund in full payment of the service
credit being purchased or makes the final payment of the
actuarial reserve purchase amount into the plan trust fund in full
payment of the service credit being purchased.

(6) A member may purchase military service credit for a
period of active military duty pursuant to this subsection only if
the member received an honorable discharge for the period.
Anything other than an honorable discharge, including, but not
limited to, a general or under honorable conditions discharge, an
entry-level separation discharge, an other than honorable
conditions discharge or a dishonorable discharge, shall
disqualify the member from receiving military service credit for
the period of service. The board shall require a member
requesting military service credit to provide official
documentation establishing that the requirements set forth in this
subsection have been met.

(7) To calculate the amount of military service credit a
member may purchase, the board shall add the total number of
days in each period of a member’s active military duty eligible
to be purchased, divide the total by thirty, and round up or down
to the nearest integer (fractions of 0.5 shall be rounded up), in
order to yield the total number of months of military service
credit a member may purchase, subject to the sixty-month
maximum. A member may purchase all or part of the maximum
amount of military service credit he or she is eligible for in
one-month increments.

(8) To receive credit, a member must submit a request to
purchase military service credit to the board, on such form or in
such other manner as shall be required by the board, within the
complete fiscal year period required by subdivision (1), (2), (3)
or (4) of this subsection, as applicable. The board shall then
calculate the actuarial reserve lump sum purchase amount, which
amount must be paid by the member within the 48-month period
required by said subdivisions, as applicable. A member
purchasing military service credit pursuant to this subsection
must do so in a single, lump sum payment: Provided, That the
board may accept partial, installment or other similar payments
if the employee executes a contract with the board specifying the
amount of military service to be purchased and the payments
required: Provided, however, That any failure to pay the contract
amount in accordance with this section shall be treated as an
overpayment or excess contribution subject to section fourteen-c
of this article and no military service shall be credited.
(9) The board shall require a member requesting military service credit to provide official documentation establishing that the requirements set forth in this subsection have been met.

(10) Military service credit purchased pursuant to this subsection shall not be considered contributing service credit or contributory service for purposes of this article.

(11) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on such amount.

(c) No period of military service shall be used to obtain credit in more than one retirement system administered by the board and once used in any system, a period of military service may not be used again in any other system.

(d) Notwithstanding the preceding provisions of this section, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code and the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA), and regulations promulgated thereunder, as the same may be amended from time to time. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code.

(e) In any case of doubt as to the period of service to be credited a member under the provisions of this section, the board has final power to determine the period. The board is authorized to determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the board in
section one, article ten-d of this chapter, may propose rules to
administer this section for legislative approval in accordance
with the provisions of article three, chapter twenty-nine-a of this
code.

It is the intent of this section to confer military service credit upon members of the Public Employees Retirement System for any time served in the West Virginia National Guard when they meet the requirements of this section.

For purposes of this section, points will be verified using the National Guard Current Annual Statement, Point Credit Summary or other equivalent document, along with any documentation of any periods of active service of the State of West Virginia as verified by the Adjutant General’s office. All documentation will be submitted to the retirement board by the employee.

(4) In no event, however, may a member purchase or receive a total of more than sixty months of military service credit under this section; section fifteen, article ten, chapter five of this code; or any other retirement system administered by the board.

(5) In any case of doubt as to the period of service to be credited a member under the provisions of this section, the board shall have final power to determine the period.

(6) To receive credit, an employee must submit a request to purchase military service credit to the board, on such form or in such other manner as shall be required by the board, within the twelve consecutive month period required by this subsection or by December 31, 2016, whichever occurs later. The board shall then calculate the actuarial reserve lump sum purchase amount, which amount must be paid by the employee within the
forty-eight-month period required by this subsection, as applicable. An employee purchasing military service credit pursuant to this subsection must do so in a single, lump sum payment: Provided, That the board may accept partial, installment or other similar payments if the employee executes a contract with the board specifying the amount of military service to be purchased and the payments required: Provided, however, That any failure to pay the contract amount in accordance with this section shall be treated as an overpayment or excess contribution subject to section forty-four of this article and no military service shall be credited.

(7) To calculate the amount of military service credit an employee may purchase, the board shall add the total number of points accrued in a qualifying year, divide the total by fifteen, and round up or down to the nearest integer (fractions of 0.5 and greater shall be rounded up), in order to yield the total number of months of military service credit an employee may purchase, subject to the sixty-month maximum. An employee may purchase in one-month increments all or part of the maximum amount of military service credit for which he or she is eligible.

(8) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on the amount.

(9) Military service credit purchased pursuant to this subsection may not be considered contributing service credit or contributory service for purposes of this article.

(b)(1) Employees of participating public employers who continue concurrently in active service of the State of West
Virginia with the West Virginia National Guard after the eligible period to purchase military service credit as set forth in subsection (a) or employees who join the West Virginia National Guard after participation in the retirement system has commenced may purchase military service credit earned after the service computed under subsection (a) up to the sixty-month maximum in every even calendar year following, if the following conditions are met:

(2) Any member of the retirement system who serves or has served in the West Virginia National Guard may purchase one month of military service credit for every fifteen points earned toward a reserve component retirement during a qualifying year as computed in subdivision (6) of this subsection. For purposes of this section, points will be verified using the National Guard Current Annual Statement, Point Credit or other equivalent document, along with any documentation of any periods of active service of the State of West Virginia as verified by the
Adjutant General’s office. All documentation will be submitted to the retirement board by the employee.

(3) In no event, however, may a member purchase or receive a total of more than sixty months of military service credit under this section; section fifteen, article ten, chapter five of this code, or any other retirement system administered by the board.

(4) In any case of doubt as to the period of service to be credited a member under the provisions of this section, the board shall have final power to determine the period.

The board shall then calculate the actuarial reserve lump sum purchase amount, which amount must be paid by the employee within three months from the date of the cost letter provided by the board. An employee purchasing military service credit pursuant to this subsection must do so in a single, lump sum payment.

(6) To calculate the amount of military service credit an employee may purchase, the board shall add the total number of points accrued in a qualifying year, divide the total by fifteen, and round up or down to the nearest integer (fractions of 0.5 and greater shall be rounded up), in order to yield the total number of months of military service credit an employee may purchase, subject to the sixty-month maximum. An employee may purchase in one month increments all or part of the maximum amount of military service credit for which he or she is eligible.

(7) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the
provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on the amount.

§18-7A-17b. Military service credit for members of the West Virginia National Guard.

(a)(1) The Legislature recognizes the men and women who have dedicated themselves to the defense and service of this state through their service in the West Virginia National Guard. It is the intent of this section to confer military service credit upon members of the Teachers Retirement System for any time served in the West Virginia National Guard when they meet the requirements of this section.

(2) In addition to any benefit provided by federal law, any active member of the retirement system who currently or previously has served in the West Virginia National Guard may purchase credited service for the time served in the West Virginia National Guard, not to exceed sixty months if the following conditions are met:

(A) The active member substantiates by appropriate documentation or evidence his or her service in the West Virginia National Guard;

(B) The active member has completed a complete fiscal year of contributory service to the retirement system on or after July 1, 2015; and

(C) The employee pays to the retirement system the actuarial reserve purchase amount within forty-eight months after July 1, 2015, if he or she was employed with an employer during a complete fiscal year in fiscal year 2016 or the first date on which employer and employee contributions are received by the retirement system for the member for a complete fiscal year if he or she was not employed with an employer for a complete fiscal year during fiscal year 2016 and while he or she continues to be in the employ of an employer and contributing to the retirement system: Provided, That any member who ceases employment
with an employer before completing the required actuarial reserve purchase amount in full is not eligible to purchase the military service.

For purposes of this section, points will be verified using the National Guard Current Annual Statement, Point Credit Summary or other equivalent document, along with any documentation of any periods of active service with the State of West Virginia as verified by the Adjutant General’s office. All documentation will be submitted to the retirement board by the active member.

(4) In no event, however, may a member purchase or receive a total of more than sixty months of military service credit under this section, section seventeen-a, article seven-a, chapter eighteen; or any other retirement system administered by the retirement board.

(5) In any case of doubt as to the period of service to be credited a member under the provisions of this section, the retirement board shall have the final power to determine the period.

(6) To receive credit, an active member must submit a request to purchase military service credit to the retirement board, on such form or in such other manner as shall be required by the retirement board, within the complete fiscal year required by this subsection or by October 31, 2016, whichever occurs later. An active member may purchase in one-month increments all or part of the maximum amount of military service credit for which he or she is eligible.

(8) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on the amount.

(9) Military service credit purchased pursuant to this subsection may not be considered contributing service credit or contributory service for purposes of this article.

All documentation shall be submitted to the retirement board by the active member.
(3) In no event, however, may a member purchase or receive a total of more than sixty months of military service credit under this section, section seventeen-a, article seven-a, chapter eighteen, or any other retirement system administered by the retirement board.

The retirement board shall then calculate the actuarial reserve lump sum purchase amount, which amount must be paid by the active member within three months from the date of the cost letter provided by the retirement board. An active member purchasing military service credit pursuant to this subsection must do so in a single, lump sum payment.

(6) To calculate the amount of military service credit an active member may purchase, the retirement board shall add the total number of points accrued in a qualifying year, divide the total by fifteen and round up or down to the nearest integer (fractions of 0.5 or greater shall be rounded up), in order to yield the total number of months of military service credit an active member may purchase, subject to the sixty-month maximum. An active member may purchase in one month increments, all or part of the maximum amount of military service credit for which he or she is eligible.

provisions of this article, he or she shall also receive a refund of

(G) Determine the assets to be transferred from the Public Employees Retirement System to the plan by multiplying the active members’ funded percentage determined under paragraph (E) of this subdivision by the transferring active members’ actuarial accrued liabilities under the Public Employees Retirement System under paragraph (F) of this subdivision and adjusting the asset transfer amount by interest at seven and five-tenths percent for the period from the calculation date of July 1 through the first day of the month in which the asset transfer is to be completed.

(3) Any police officer or firefighter who elects to become a member of the plan must also pay to the plan a four percent contribution no later than June 30, 2019. The contribution shall be calculated as four percent of the member’s total earnings for which assets are transferred, plus interest of seven and one-half percent accumulated from the date of the police officer’s or firefighter’s initial participation in the Public Employees Retirement System through the calculation date. Installment payments may be made over no more than a twenty-four month period plus seven and one-half percent interest shall accrue on the outstanding balance due from the calculation date until paid in full.

(4) Once an employee transfers from the Public Employees Retirement System to the plan, the Public Employees Retirement System shall bar any further liability and said transfer will constitute an agreement whereby the transferring employee
forever indemnifies and holds harmless the Public Employees Retirement System from providing him or her any form of retirement benefit whatsoever until that employee obtains other employment which would make him or her eligible to reenter the Public Employees Retirement System with no credit whatsoever for the amounts transferred to the plan.

§8-22A-33. Special authorization for municipal police or firefighters hired after July 1, 2015.

(a) Notwithstanding any provision of this code to the contrary, any municipality or municipal subdivision that employs individuals as members of paid police departments or paid fire departments, but did not establish either a municipal policemen’s pension and relief fund or a municipal firemen’s pension and relief fund as provided in section sixteen, article twenty-two of this chapter and whose current police officers or firefighters are participating in the Public Employees Retirement System may elect, in the same manner as provided in section twenty-eight of this article, to become a participating public employer in the plan and thereby include its police officers and firefighters in the membership of the plan subject to the restrictions provided in this section.

(b) The municipality or municipal subdivision may elect to include only police officers and firefighters who have been hired on or after July 1, 2015, to become members of the plan. (d) Once a municipality or municipal subdivision makes its election to become a participating public employer pursuant to this section and section twenty-eight of this article, all police

That §16-5V-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 5V. EMERGENCY MEDICAL SERVICES RETIREMENT SYSTEM.

§16-5V-2. Definitions.

1 As used in this article, unless a federal law or regulation or the context clearly requires a different meaning:

3 (a) “Accrued benefit” means on behalf of any member two and six-tenths percent per year of the member’s final average salary for the first twenty years of credited service. Additionally, two percent per year for twenty-one through twenty-five years and one and one-half percent per year for each year over twenty-five years will be credited with a maximum benefit of sixty-seven percent. A member’s accrued benefit may not exceed
the limits of Section 415 of the Internal Revenue Code and is subject to the provisions of section twelve of this article.

(1) The board may, upon the recommendation of the board’s actuary, increase the employees’ contribution rate to ten and five-tenths percent should the funding of the plan not reach seventy percent funded by July 1, 2012. The board shall decrease the contribution rate to eight and one-half percent once the plan funding reaches the seventy percent support objective as of any later actuarial valuation date.

(2) Upon reaching the seventy-five percent actuarial funded level, as of an actuarial valuation date, the board shall increase the two and six-tenths percent to two and three-quarter percent for the first twenty years of credited service. The maximum benefit will also be increased from sixty-seven percent to ninety percent.

A member will not be credited with any hours of service for any period of time he or she is receiving benefits under section nineteen or twenty of this article; and

(3) Each hour for which back pay is either awarded or agreed to be paid by the employing county commission or political subdivision, irrespective of mitigation of damages. The same hours of service shall not be credited both under subdivision (1) or (2) of this subsection and under this subdivision. Hours under this paragraph shall be credited to the member for the plan year or years to which the award or agreement pertains, rather than the plan year in which the award, agreement or payment is made.

(x) “Member” means a person first hired as an emergency medical services officer by an employer which is a participating public employer of the Public Employees Retirement System or the Emergency Medical Services Retirement System after the effective date of this article, as defined in subsection (q) of this

For purposes of this subsection:

applied for work. For purposes of this article, substantial gainful employment is the same definition as used by the United States Social Security Administration.

industrial or mercantile establishments; requiring the
Commissioner of the Division of Highways and owners of real
property under certain circumstances to place “no parking” signs

Access points opened, constructed or maintained without compliance are unauthorized.

(b) Plans for any new point of access shall be submitted to the Commissioner of Highways directly and the following rules shall apply:

When such changes require construction, reconstruction or repair, such work shall be done at state expense as any other construction, reconstruction or repair.

(2) If the commissioner makes a preliminary determination that any changes should be made, the following rules apply:

(A) The commissioner shall reduce his or her preliminary determination to writing and promptly furnish notice of such preliminary determination to the owner or owners of the real property affected and of their right to demand a hearing on the preliminary determination. CHAPTER 7. COUNTY COMMISSIONS AND OFFICERS.

ARTICLE 3. COUNTY PROPERTY.

§7-3-9. Form and payment of bonds; use of proceeds of bonds.

1 Any county commission issuing revenue bonds under the provisions of this article shall thereafter, so long as any such bonds remain outstanding, operate and maintain said courthouse, hospital, other public buildings, jail or regional correctional...
center, to provide revenues sufficient to pay all operating costs, provide a sinking fund for, and to retire such bonds and pay the interest thereon as the same may become due. The amounts, as and when so set apart by said county commission, shall be remitted to the West Virginia Municipal Bond Commission at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this article and with the order pursuant to which the bonds have been issued. The West Virginia Municipal Bond Commission is hereby authorized to act as fiscal agent for the administration of such sinking fund under any order passed pursuant to the provisions of this article, and shall invest all sinking funds, as provided by general law. Notwithstanding the foregoing, payments of principal and interest on any bonds owned by the United States or any governmental agency or department thereof may be made by the county commission directly thereto. Revenue bonds issued under the provisions of this article are hereby declared to be and to have all the qualities of negotiable instruments. Such bonds shall bear interest at the rate or rates set by the county commission, not to exceed twelve percent per annum, payable semiannually, and shall mature at any time fixed by the county commission, in not more than thirty years from their date. Such bonds shall be sold at a price not lower than a price which, when computed upon standard tables of bond values, will show a net return of not more than thirteen percent per annum to the purchaser upon the amount paid therefor. Such bonds may be made redeemable at the option of the county commission at such price and under terms and conditions as said county commission may fix, by its order, prior to the issuance of such bonds. Revenue bonds issued hereunder shall be payable at the office of the State Treasurer, or a designated bank or trust company within or without the State of West Virginia.

In case any of the officers whose signatures appear on such bonds or coupons shall cease to be such officers before the
40 delivery of such bonds, such signatures shall, nevertheless, be 41 valid and sufficient for all purposes the same as if they had 42 remained in office until such delivery. The county commission 43 shall by order entered prior to the issuance of said bonds, fix the 44 denominations, times and places of payment of such bonds, the 45 principal and interest of which shall be payable in lawful money 46 of the United States of America. The proceeds of such bonds 47 shall be used solely for the payment of the cost of land, 48 buildings, furniture and equipment thereon, and shall be checked 49 out by the county commission under such restrictions as are 50 contained in the order providing for the issuance of said bonds. 51 If the proceeds of such bonds issued for any courthouse, hospital, 52 other public buildings, jail or regional correctional center, shall 53 exceed the cost thereof, the surplus shall be paid into the fund 54 herein provided for the payment of principal and interest upon 55 such bonds. Such fund may be used for the purchase or 56 redemption of any of the outstanding bonds payable from such 57 fund at the market price, but at not exceeding the price at which 58 any of such bonds shall in the same year be redeemable, as fixed 59 by the commission in its said order, and all bonds redeemed or 60 purchased shall forthwith be canceled, and shall not again be 61 issued.

Prior to the preparation of definitive bonds, the county 62 commission may, under like restrictions, issue temporary bonds, 63 or interim certificates, with or without coupons, exchangeable 64 for definitive bonds upon the issuance of the latter. Such bonds 65 may be issued without any other proceedings or the happening 66 of any other conditions or things than those proceedings, 67 conditions and things which are specified and required by this 68 article.

CHAPTER 8. MUNICIPAL CORPORATIONS.

ARTICLE 16. MUNICIPAL PUBLIC WORKS; REVENUE BOND FINANCING.
§8-16-17. Sinking fund; West Virginia Municipal Bond Commission; transfer of funds; purchase of outstanding bonds.

Before the issuance of any such bonds, the governing body or bodies shall, by ordinance or ordinances, provide for a sinking fund for the payment of the bonds and the interest thereon, and the payment of the charges of banking institutions or trust companies for making payment of such bonds and interest, out of the net revenues of said works, and shall set aside and pledge a sufficient amount of the net revenues of the works hereby defined to mean the revenues of the works remaining after the payment of the reasonable expenses of repair (including replacements), maintenance and operation, such amount to be paid by the board into the sinking fund at intervals, to be determined by ordinance or ordinances adopted prior to the issuance of the bonds, for: (a) The interest upon such bonds as such interest shall fall due; (b) the necessary fiscal agency charges for paying bonds and interest; (c) the payment of the bonds as they fall due, or if all bonds mature at one time, the proper maintenance of a sinking fund sufficient for the payment thereof at such time; and (d) a margin for safety and for the payment of premium upon bonds retired by call or purchase as herein provided, which margin, together with unused surplus of such margin carried forward from the preceding year and the amounts set aside as reserves out of the proceeds from the sale of the bonds, or from the revenues of said works, or from both, shall equal ten percent of all other amounts so required to be paid into the sinking fund. Such required payments shall constitute a first charge upon all the net revenues of the works. Prior to the issuance of the bonds, the board may, by ordinance or ordinances, be given the right to use or direct the trustee or the West Virginia Municipal Bond Commission to use such sinking fund, or any part thereof, in the purchase of any of the outstanding bonds payable therefrom, at the market prices
thereof, but not exceeding the price, if any, at which the same
shall in the same year be payable or redeemable, and all bonds
redeemed or purchased shall forthwith be cancelled, and shall
not again be issued. After the payments into the sinking fund as
herein required and after reserving an amount deemed by the
board sufficient for repair (including replacements), maintenance
and operation for an ensuing period of not less than twelve
months and for depreciation, the board may at any time in its
discretion transfer all or any part of the balance of the net
revenues into the sinking fund or into a fund for improvement,
renovation, extension, enlargement, increase or equipment for or
to the works, or the governing body or bodies may,
notwithstanding the provisions of section twenty, article thirteen
of this chapter, transfer all or any part of the balance of the net
revenues to the general or any special fund of the municipality
or municipalities and use such revenues for any purpose for
which such general or special fund may be expended.

All amounts for the sinking fund and interest, as and when
set apart for the payment of same, shall be remitted to the West
Virginia Municipal Bond Commission at such periods as shall be
designated in the ordinance or ordinances, but in any event at
least thirty days previous to the time interest or principal
payments become due, to be retained and paid out by said
commission consistent with the provisions of this article and the
ordinance or ordinances pursuant to which such bonds have been
issued. The West Virginia Municipal Bond Commission is
hereby authorized to act as fiscal agent for the administration of
such sinking fund under any ordinance or ordinances passed or
adopted pursuant to the provisions of this article and shall invest
all sinking funds as provided by general law. Notwithstanding
the foregoing, payments of principal and interest on any bonds
owned by the United States or any governmental agency or

existing bridges; disposition of tolls.

Tolls shall be fixed, charged and collected for transit over
such bridges and shall be so fixed and adjusted, in respect of the
aggregate of tolls from the bridge or bridges for which a single
issue of bonds is issued, as to provide a fund sufficient to pay the
principal and interest of such issue of bonds and to provide an
additional fund to pay the cost of maintaining, repairing and
operating such bridge or bridges, subject, however, to any
applicable law or regulation of the United States of America now
in force or hereafter to be enacted or made. Two or more bridges
may be included in one issue of bonds, and intrastate and
interstate bridges may be grouped in the same issue: Provided,
That no existing bridge or bridges shall be acquired by purchase,
eminent domain, or otherwise, unless the state road
commissioner shall have determined that the income therefrom,
based upon the toll receipts for the next preceding fiscal or
calendar year, will be sufficient to pay all expenses of operating
and maintaining such bridge, in addition to the interest and
sinking fund requirements of any bonds to be issued to pay the
purchase price thereof, or, if such existing bridge or bridges are
to be combined with any other bridge or bridges, either then
existing or thereafter to be constructed or acquired by purchase,
eminent domain, or otherwise, as provided in section
twenty-three-b following, unless the state road commissioner
shall have determined that the income from such combined
bridges, based upon the toll receipts for the next preceding fiscal
or calendar year in the case of any existing bridge or bridges and
upon estimates of future toll receipts in the case of any bridge or
bridges to be constructed, will be sufficient to pay all expenses
of operating and maintaining such combined bridges, in addition
to the interest and sinking fund requirements of any bonds issued
to pay the purchase price of such existing bridge or bridges and
the interest and sinking fund requirements of any bonds issued
to pay the cost of construction, acquiring, modernizing,
repairing, reconstructing or improving any bridge or bridges and
approaches thereto, with which such existing bridge or bridges
are to be so combined. The tolls from the bridge or bridges for
which a single issue of bonds is issued, except such part thereof,
as may be necessary to pay such cost of maintaining, repairing
and operating during any period in which such cost is not
otherwise provided for (during which period the tolls may be
reduced accordingly), shall be transmitted each month to the
West Virginia Municipal Bond Commission and by it placed in
a special fund which is hereby pledged to and charged with the
payment of the principal of such bonds and the interest thereon,
and to the redemption or repurchase of such bonds, such special
fund to be a fund for all such bonds without distinction or
priority of one over another. The moneys in such special fund,
less a reserve for payment of interest, if not used by the West
Virginia Municipal Bond Commission within a reasonable time
for the purchase of bonds for cancellation at a price not
exceeding the market price and not exceeding the redemption
52 price, shall be applied to the redemption of bonds by lot at the
53 redemption price then applicable. Notwithstanding the
54 foregoing, payments of principal and interest on any bonds
55 owned by the United States or any governmental agency or

60 improved, under the provisions of this article and forming a
61 connecting link between two or more state highways, or
62 providing a river crossing for a state highway, are hereby
63 adopted as a part of the state road system, but no such bridge or
64 bridges shall be constructed or acquired by purchase, eminent
65 domain, or otherwise, or reconstructed, repaired or improved,
66 under the provisions of this article without the approval in
67 writing of the state road commissioner and the Governor. If there
68 be in the funds of the West Virginia Municipal Bond
69 Commission an amount insufficient to pay the interest and
70 sinking fund on any bonds issued for the purpose of constructing
71 or acquiring by purchase, eminent domain, or otherwise, or
72 reconstructing, repairing or improving, such bridge or bridges,
73 the state road commissioner is authorized and directed to
74 allocate to said commission, from the state road fund, an amount
75 sufficient to pay the interest on said bonds and/or the principal
76 thereof, as either may become due and payable.

§17-17-34. Same — Retiring bonds; remittance to sinking fund.

1 Every municipality or county court issuing bonds, or other
2 evidences of indebtedness, under the provisions of this act, shall
3 thereafter, so long as any such bonds or other evidences of
4 indebtedness remain outstanding, operate and maintain its bridge
5 so as to provide, charge, collect and account for revenues
6 therefrom as will be sufficient to pay all operating costs, provide
7 a depreciation fund, retire the bonds or other evidences of
indebtedness, and pay the interest requirements as the same may become due. The ordinance or order pursuant to which any such bonds or other evidences of indebtedness are issued shall pledge the revenues derived from the bridge to the purposes aforesaid, and shall definitely fix and determine the amount of revenues which shall be necessary and set apart in a special fund for the bond requirements. The amounts, as and when so set apart into said special fund for the bond requirements, shall be remitted to the West Virginia Municipal Bond Commission at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this act and the ordinance or order pursuant to which such bonds or other evidences of indebtedness have been issued. (Com. Sub. for S. B. 421 - By Senator Kessler)
[By Request of the Executive]

[Passed March 3, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 8, 2016.]

Be it enacted by the Legislature of West Virginia:

That §11-13A-3 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that §11-15-9i of said code be amended and reenacted, all to read as follows:

ARTICLE 13A. SEVERANCE AND BUSINESS PRIVILEGE TAX.

§11-13A-3. Imposition of tax on privilege of severing coal, limestone or sandstone, or furnishing certain health care services, effective dates therefor; reduction of severance rate for coal mined by underground methods based on seam thickness.

(a) Imposition of tax. — Upon every person exercising the privilege of engaging or continuing within this state in the business of severing, extracting, reducing to possession and producing for sale, profit or commercial use coal, limestone or sandstone, or in the business of furnishing certain health care services, there is hereby levied and shall be collected from every person exercising such privilege an annual privilege tax.

(b) Rate and measure of tax. — Subject to the provisions of subsection (g) of this section, the tax imposed in subsection (a) of this section shall be five percent of the gross value of the natural resource produced or the health care service provided, as shown by the gross income derived from the sale or furnishing thereof by the producer or the provider of the health care service, except as otherwise provided in this article. In the case of coal, this five percent rate of tax includes the thirty-five one hundredths of one percent additional severance tax on coal imposed by the state for the benefit of counties and municipalities as provided in section six of this article.
(c) “Certain health care services” defined. — For purposes of this section, the term “certain health care services” means, and is limited to, behavioral health services.

(d) Tax in addition to other taxes. — The tax imposed by this section shall apply to all persons severing or processing, or both severing and processing, in this state natural resources enumerated in subsection (a) of this section and to all persons providing certain health care services in this state as enumerated in subsection (c) of this section and shall be in addition to all other taxes imposed by law.

(e) Effective date. — This section, as amended in 1993, shall apply to gross proceeds derived after May 31, 1993. The language of this section, as in effect on January 1, 1993, shall apply to gross proceeds derived prior to June 1, 1993 and, with respect to such gross proceeds, shall be fully and completely preserved.

(f) Reduction of severance tax rate. — For tax years beginning after the effective date of this subsection, any person exercising the privilege of engaging within this state in the business of severing coal for the purposes provided in subsection (a) of this section shall be allowed a reduced rate of tax on coal mined by underground methods in accordance with the following:

(1) For coal mined by underground methods from seams with an average thickness of thirty-seven inches to forty-five inches, the tax imposed in subsection (a) of this section shall be two percent of the gross value of the coal produced. For coal mined by underground methods from seams with an average thickness of less than thirty-seven inches, the tax imposed in subsection (a) of this section shall be one percent of the gross value of the coal produced. Gross value is determined from the sale of the mined coal by the producer. This rate of tax includes
the thirty-five one hundredths of one percent additional severance tax imposed by the state for the benefit of counties and municipalities as provided in section six of this article.

(2) This reduced rate of tax applies to any new underground mine producing coal after the effective date of this subsection, from seams of less than forty-five inches in average thickness or any existing mine that has not produced coal from seams forty-five inches or less in thickness in the one hundred eighty days immediately preceding the effective date of this subsection.

(3) The seam thickness shall be based on the weighted average isopach mapping of actual coal thickness by mine as certified by a professional engineer.

(g)(1) Termination and expiration of the behavioral health severance and business privilege tax. — The tax imposed upon providers of health care services under the provisions of this article shall expire, terminate and cease to be imposed with respect to privileges exercised on or after July 1, 2016. Expiration of the tax as provided in this subsection shall not relieve any person from payment of any tax imposed with respect to privileges exercised before the expiration date.

(2) Refunds made. — The Tax Commissioner will issue a requisition on the treasury for any amount finally, administratively or judicially determined to be an overpayment of the tax terminated under this subsection. The Auditor shall issue a warrant on the Treasurer for any refund requisitioned under this subsection payable to the taxpayer entitled to the refund, and the Treasurer shall pay the warrant out of the fund into which the amount refunded was originally paid.

ARTICLE 15. CONSUMERS SALE AND SERVICE TAX.

§11-15-9i. Exempt drugs, durable medical equipment, mobility enhancing equipment and prosthetic devices.
(a) Notwithstanding any provision of this article, article fifteen-a or article fifteen-b of this chapter, the purchase by a health care provider of drugs, durable medical equipment, mobility enhancing equipment and prosthetic devices, all as defined in section two, article fifteen-b of this chapter, to be dispensed upon prescription and intended for use in the diagnosis, cure, mitigation, treatment or prevention of injury or disease are exempt from the tax imposed by this article: Provided, That the exemption provided for the purchase by a health care provider of durable medical equipment is suspended for the period beginning on and after July 1, 2016, and continuing until June 30, 2018. On and after July 1, 2018, the exemption is reestablished.

(b) Notwithstanding any provision of this article, article fifteen-a or article fifteen-b of this chapter, the purchase of durable medical equipment, as defined in section two, article fifteen-b of this chapter, to be dispensed upon prescription by a health care provider and intended for use in the diagnosis, cure, mitigation, treatment or prevention of injury or disease is exempt from the tax imposed by this article: Provided, That the durable medical equipment is purchased by an individual for exclusive use by the purchaser or another individual and used predominantly by the recipient individual in his or her home environment.

(1) **Effective dates.** — The provisions of this subsection shall apply to purchases made on and after July 1, 2016.

(2) **Per se exemption.** — The exemption set forth by this subsection shall be given without the necessity of an exemption certificate, direct pay permit or refund or credit request.

(c) **Definitions.** — The following definitions shall apply:

(1) For purposes of this section, “used predominantly by the recipient individual in his or her home environment”, with
reference to durable medical equipment, means that the equipment is sold to an individual for use by the individual purchaser or by another individual at home, regardless of where the individual resides. For purposes of this definition, the term “home” means and includes facilities such as nursing homes, assisted care centers and school dormitories, of which a user or purchaser is a resident. A purchase of such equipment shall not be disqualified from the exemption because the equipment is incidentally used on the streets, in commercial establishments, in public places and in locations other than the home, so long as use in the home is the predominant use. For purposes of this definition, the term “individual” means and is limited to a single, separate human being and specifically excludes any health care provider, or provider of nursing services, personal care services, behavioral care services, residential care or assisted living care, or any entity or organization other than a human being.

(2) When the equipment is sold to a facility such as a hospital, nursing home, medical clinic, dental office, chiropractor or optician office, then this shall not constitute a use of the equipment by the recipient individual in his or her home environment. The fact that a nursing home may use the equipment only for its residents does not make the equipment exempt for home use: Provided, That nothing in this section shall be interpreted to void or abrogate lawful assertion and application of the purchases for resale exemption as it may apply to any purchaser of durable medical equipment.

(3) For purposes of this section, “health care provider” means any person licensed to prescribe drugs, durable medical equipment, mobility enhancing equipment and prosthetic devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of injury or disease. For purposes of this section, the term “health care provider” includes any hospital, medical clinic, nursing home or provider of inpatient hospital services and any provider of outpatient hospital services, physician services,
nursing services, ambulance services, surgical services or veterinary services: *Provided*, That the amendment to this subsection enacted during the 2009 regular legislative session shall be effective on or after July 1, 2009.

(4) The term “durable medical goods”, as used in this article, means “durable medical equipment” as defined in section two, article fifteen-b of this chapter.

(5) For purposes of this section, the term “nursing home or facility” means any institution, residence or place, or any part or unit thereof, however named, in this state which is advertised, offered, maintained or operated by the ownership or management, whether for a consideration or not, for the express or implied purpose of providing accommodations and care, for a period of more than twenty-four hours, for four or more persons who are ill or otherwise incapacitated and in need of extensive, ongoing nursing care due to physical or mental impairment or which provides services for the rehabilitation of persons who are convalescing from illness or incapacitation: *Provided*, That the care or treatment in a household, whether for compensation or not, of any person related by blood or marriage, within the degree of consanguinity of second cousin to the head of the household, or his or her spouse, may not be deemed to constitute a nursing home within the meaning of this article.

(6) For purposes of this section, the term “assisted care center” means any living facility, residence or place of accommodation, however named, available for four or more residents, in this state which is advertised, offered, maintained or operated by the ownership or management, whether for a consideration or not, for the express or implied purpose of having personal assistance or supervision, or both, provided to any residents therein who are dependent upon the services of others by reason of physical or mental impairment and who may also require nursing care at a level that is not greater than limited
and intermittent nursing care: *Provided,* That the care or treatment in a household, whether for compensation or not, of any person related by blood or marriage, within the degree of consanguinity of second cousin to the head of the household, or his or her spouse, may not be deemed to constitute an assisted living residence within the meaning of this article.

(7) For purposes of this section, the term “school dormitory” means housing or a unit of housing provided primarily for students as a temporary or permanent dwelling place or abode and owned, operated or controlled by an institution of higher education, and shall be synonymous with the term “residence hall”.

The term “field gas” does not include compressed natural gas, liquefied natural gas, liquefied petroleum gas, gasoline, diesel, kerosene or other fuels used to power motor vehicles.

(b) Additional per se exemptions from variable component of tax. — In addition to the provisions of section nine of this article, sales of motor fuel to the following are exempt per se from the variable component of the tax levied by section five of this article and the variable component may not be paid at the rack:

Field gas used as fuel to run drilling equipment, compressor engines and other stationary internal combustion engines not used on the roads of this state: Provided, That any royalty payments shall have previously been paid to the appropriate mineral owners pursuant to the terms of any existing lease. For purposes of this exemption, “field gas” means “natural gas” or any derivative thereof, extracted from a production well, storage well, gathering system, pipeline, main or transmission line that is used as fuel to power field equipment. The term “field gas” does not include compressed natural gas, liquefied natural gas, liquefied petroleum gas, gasoline, diesel, kerosene or other fuels used to power motor vehicles.

(2) Except as provided in subdivision (3) of this subsection, effective July 1, 1998, there shall be dedicated from the collections of this tax an amount equal to any annual difference that may occur between the debt service payment for the 1997 fiscal year for school improvement bonds issued under the Better School Building Amendment under the provisions of article nine-c, chapter eighteen of this code and the amount of funds required for debt service on these school improvement bonds in any current fiscal year thereafter. This annual difference shall be prorated monthly, added to the monthly deposit in subdivision (1) of this subsection and deposited into the School Construction Fund created pursuant to section six, article nine-d, chapter eighteen of this code.

(3) After June 30, 2015, the provisions of subdivisions (1) and (2) of this subsection shall have no force or effect. After June 30, 2015, there shall be dedicated from the collections of this tax the amount of $27,216,996 annually. (d) Prepaid wireless calling service. – The proceeds or collections of this tax from the sale of prepaid wireless service are dedicated as follows:

1. The tax imposed by this article upon the sale of prepaid wireless calling service is in lieu of the wireless enhanced 911 fee imposed by section six-b, article six, chapter twenty-four of this code.

2. Within thirty days following the end of each calendar month, the Tax Commissioner shall remit to the Public Service Commission the proceeds of the tax imposed by this article upon the sale of prepaid wireless calling service in the preceding month, determined as follows: For purposes of determining the amount of those monthly proceeds, the Tax Commissioner shall use an amount equal to one twelfth of the wireless enhanced 911 fees collected from prepaid wireless calling service under section six-b, article six, chapter twenty-four of this code during the period beginning on July 1, 2007, and ending on June 30, 2008. Beginning on July 1, 2009, the Tax Commissioner shall adjust this amount annually by an amount proportionate to the increase or decrease in the enhanced wireless 911 fees paid to the Public Service Commission under said section during the previous twelve months. The Public Service Commission shall receive, deposit and disburse the proceeds in the manner prescribed in said section.
AN ACT to amend and reenact §11-21-9 and §11-21-71a of the Code of West Virginia, 1931, as amended, all relating to the West Virginia Personal Income Tax; updating the meaning of federal taxable income and certain other terms used in West Virginia Personal Income Tax; changing certain due dates; and specifying effective dates.

Be it enacted by the Legislature of West Virginia:

That §11-21-9 and §11-21-71a of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 21. PERSONAL INCOME TAX.

(a) Any term used in this article has the same meaning as when used in a comparable context in the laws of the United States relating to income taxes, unless a different meaning is clearly required. Any reference in this article to the laws of the United States means the provisions of the Internal Revenue Code of 1986, as amended, and any other provisions of the laws of the United States that relate to the determination of income for federal income tax purposes. All amendments made to the laws of the United States after December 31, 2014, but prior to
January 1, 2016, shall be given effect in determining the taxes imposed by this article to the same extent those changes are allowed for federal income tax purposes, whether the changes are retroactive or prospective, but no amendment to the laws of the United States made on or after January 1, 2016, may be given any effect.

(b) Medical savings accounts. — The term “taxable trust” does not include a medical savings account established pursuant to section twenty, article fifteen, chapter thirty-three of this code or section fifteen, article sixteen of that chapter. Employer contributions to a medical savings account established pursuant to those sections are not wages for purposes of withholding under section seventy-one of this article.

(c) Surtax. — The term “surtax” means the twenty percent additional tax imposed on taxable withdrawals from a medical savings account under section twenty, article fifteen, chapter thirty-three of this code and the twenty percent additional tax imposed on taxable withdrawals from a medical savings account under section fifteen, article sixteen of that chapter which are collected by the Tax Commissioner as tax collected under this article.

(d) Effective date. — The amendments to this section enacted in the year 2016 are retroactive to the extent allowable under federal income tax law. With respect to taxable years that began prior to January 1, 2017, the law in effect for each of those years shall be fully preserved as to that year, except as provided in this section.

(e) For purposes of the refundable credit allowed to a low income senior citizen for property tax paid on his or her homestead in this state, the term “laws of the United States” as used in subsection (a) of this section means and includes the term “low income” as defined in subsection (b), section
twenty-one of this article and as reflected in the poverty
guidelines updated periodically in the federal register by the U.
S. Department of Health and Human Services under the authority
of 42 U. S. C. §9902(2).

§11-21-71a. Withholding tax on West Virginia source income of
nonresident partners, nonresident S corporation
shareholders, and nonresident beneficiaries of
estates and trusts.

(a) General rule. — For the privilege of doing business in
this state or deriving rents or royalties from real or tangible
personal property located in this state, including, but not limited
to, natural resources in place and standing timber, a partnership,
S corporation, estate or trust, which is treated as a pass-through
entity for federal income tax purposes and which has taxable
income for the taxable year derived from or connected with West
Virginia sources any portion of which is allocable to a
nonresident partner, nonresident shareholder, or nonresident
beneficiary, as the case may be, shall pay a withholding tax
under this section, except as provided in subsections (c) and (k)
of this section.

(b) Amount of withholding tax. —

(1) In general. — The amount of withholding tax payable by
any partnership, S corporation, estate or trust, under subsection
(a) of this section, shall be equal to four percent of the
effectively connected taxable income of the partnership, S
corporation, estate or trust, as the case may be, which may
lawfully be taxed by this state and which is allocable to a
nonresident partner, nonresident shareholder, or nonresident
beneficiary of a trust or estate: Provided, That for taxable years
commencing on or after January 1, 2008, the amount of
withholding tax payable by any partnership, S corporation, estate
or trust, under subsection (a) of this section, shall be equal to six
and one-half percent of the effectively connected taxable income of the partnership, S corporation, estate or trust, as the case may be, which may lawfully be taxed by this state and which is allocable to a nonresident partner, nonresident shareholder, or nonresident beneficiary of a trust or estate.

(2) Credits against tax. — When determining the amount of withholding tax due under this section, the pass-through entity may apply any tax credits allowable under this chapter to the pass-through entity which pass through to the nonresident distributees: Provided, That in no event may the application of any credit or credits reduce the tax liability of the distributee under this article to less than zero.

(c) When withholding is not required. — Withholding shall not be required:

(1) On distribution to a person, other than a corporation, who is exempt from the tax imposed by this article. For purposes of this subdivision, a person is exempt from the tax imposed by this article only if such person is, by reason of such person’s purpose or activities, exempt from paying federal income taxes on such person’s West Virginia source income. The pass-through entity may rely on the written statement of the person claiming to be exempt from the tax imposed by this article provided the pass-through entity discloses the name and federal taxpayer identification number for all such persons in its return for the taxable year filed under this article or article twenty-four of this chapter; or

(2) On distributions to a corporation which is exempt from the tax imposed by article twenty-four of this chapter. For purposes of this subdivision, a corporation is exempt from the tax imposed by article twenty-four of this chapter only if the corporation, by reason of its purpose or activities is exempt from paying federal income taxes on the corporation’s West Virginia
source income. The pass-through entity may rely on the written
statement of the person claiming to be exempt from the tax
imposed by article twenty-four of this chapter provided the
pass-through entity discloses the name and federal taxpayer
identification number for all such corporations in its return for
the taxable year filed under this article or article twenty-four of
this chapter; or

(3) On distributions when compliance will cause undue
hardship on the pass-through entity: Provided, That no
pass-through entity shall be exempt under this subdivision from
complying with the withholding requirements of this section
unless the Tax Commissioner, in his or her discretion, approves
in writing the pass-through entity’s written petition for
exemption from the withholding requirements of this section
based on undue hardship. The Tax Commissioner may prescribe
the form and contents of such a petition and specify standards for
when a pass-through entity will not be required to comply with
the withholding requirements of this section due to undue
hardship. Such standards shall take into account (among other
relevant factors) the ability of a pass-through entity to comply at
reasonable cost with the withholding requirements of this section
and the cost to this state of collecting the tax directly from a
nonresident distributee who does not voluntarily file a return and
pay the amount of tax due under this article with respect to such
distributions; or

(4) On distributions by nonpartnership ventures. An
unincorporated organization that has elected, under Section 761
of the Internal Revenue Code, to not be treated as a partnership
for federal income tax is not treated as a partnership under this
article and is not required to withhold under this section.
However, such unincorporated organizations shall make and file
with the Tax Commissioner a true and accurate return of
information under subsection (c), section fifty-eight of this
article, under such regulations and in such form and manner as
the Tax Commissioner may prescribe, setting forth: (A) The amount of fixed or determinable gains, profits and income; and (B) the name, address and taxpayer identification number of persons receiving fixed or determinable gains, profits or income from the nonpartnership venture.

(d) Payment of withheld tax. —

(1) General rule. — Each partnership, S corporation, estate or trust, required to withhold tax under this section, shall pay the amount required to be withheld to the Tax Commissioner no later than:

(A) S corporations. — The fifteenth day of the third month following the close of the taxable year of the S corporation along with the annual information return due under article twenty-four of this chapter, unless paragraph (C) of this subdivision applies.

(B) Partnerships, estates and trusts. — The fifteenth day of the fourth month following the close of the taxable year of the partnership, estate or trust, with the annual return of the partnership, estate or trust due under this article, unless paragraph (C) of this subdivision applies: Provided, That for tax years beginning after December 31, 2015, partnerships shall pay the amount required to be withheld to the Tax Commissioner, along with the annual return of the partnership due under this article, on the fifteenth day of the third month following the close of the taxable year of the partnership, unless paragraph (C) of this subdivision applies.

(C) Composite returns. — The fifteenth day of the fourth month of the taxable year with the composite return filed under section fifty-one-a of this article: Provided, That for tax years beginning after December 31, 2015, partnerships or partners in a partnership filing composite returns under section fifty-one-a of this article shall pay the amount required to be withheld to the
Tax Commissioner, along with the annual return due under this article, on the fifteenth day of the third month following the close of the taxable year.

(2) Special rules. —

(A) Where there is extension of time to file return. — An extension of time for filing the returns referenced in subdivision (1) of this subsection does not extend the time for paying the amount of withholding tax due under this section. In this situation, the pass-through entity shall pay, by the date specified in subdivision (1) of this subsection, at least ninety percent of the withholding tax due for the taxable year, or one hundred percent of the tax paid under this section for the prior taxable year, if such taxable year was a taxable year of twelve months and tax was paid under this section for that taxable year. The remaining portion of the tax due under this section, if any, shall be paid at the time the pass-through entity files the return specified in subdivision (1) of this subsection. If the balance due is paid by the last day of the extension period for filing such return and the amount of tax due with such return is ten percent or less of the tax due under this section for the taxable year, no additions to tax shall be imposed under article ten of this chapter with respect to balance so remitted. If the amount of withholding tax due under this section for the taxable year is less than the estimated withholding taxes paid for the taxable year by the pass-through entity, the excess shall be refunded to the pass-through entity or, at its election, established as a credit against withholding tax due under this section for the then current taxable year.

(B) Deposit in trust for Tax Commissioner. — The Tax Commissioner may, if the commissioner believes such action is necessary for the protection of trust fund moneys due this state, require any pass-through entity to pay over to the Tax Commissioner the tax deducted and withheld under this section, at any earlier time or times.
(e) Effectively connected taxable income. — For purposes of this section, the term “effectively connected taxable income” means the taxable income or portion thereof of a partnership, S corporation, estate or trust, as the case may be, which is derived from or attributable to West Virginia sources as determined under section thirty-two of this article and such regulations as the Tax Commissioner may prescribe, whether such amount is actually distributed or is deemed to have been distributed for federal income tax purposes.

(f) Treatment of nonresident partners, S corporation shareholders or beneficiaries of a trust or estate. —

(1) Allowance of credit. — Each nonresident partner, nonresident shareholder, or nonresident beneficiary shall be allowed a credit for such partner’s or shareholder’s or beneficiary’s share of the tax withheld by the partnership, S corporation, estate or trust under this section: Provided, That when the distribution is to a corporation taxable under article twenty-four of this chapter, the credit allowed by this section shall be applied against the distributee corporation’s liability for tax under article twenty-four of this chapter.

(2) Credit treated as distributed to partner, shareholder or beneficiary. — Except as provided in regulations, a nonresident partner’s share, a nonresident shareholder’s share, or a nonresident beneficiary’s share of any withholding tax paid by the partnership, S corporation, estate or trust under this section shall be treated as distributed to such partner by such partnership, or to such shareholder by such S corporation, or to such beneficiary by such estate or trust on the earlier of:

(A) The day on which such tax was paid to the Tax Commissioner by the partnership, S corporation, estate or trust; or
(B) The last day of the taxable year for which such tax was paid by the partnership, S corporation, estate or trust.

(g) Regulations. — The Tax Commissioner shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(h) Information statement.

(1) Every person required to deduct and withhold tax under this section shall furnish to each nonresident partner, or nonresident shareholder, or nonresident beneficiary, as the case may be, a written statement, as prescribed by the Tax Commissioner, showing the amount of West Virginia effectively connected taxable income, whether distributed or not distributed for federal income tax purposes by such partnership, S corporation, estate or trust, to such nonresident partner, or nonresident shareholder, or nonresident beneficiary, the amount deducted and withheld as tax under this section; and such other information as the Tax Commissioner may require.

(2) A copy of the information statements required by this subsection must be filed with the West Virginia return filed under this article (or article twenty-four of this chapter in the case of S corporations) by the pass-through entity for its taxable year to which the distribution relates. This information statement must be furnished to each nonresident distributee on or before the due date of the pass-through entity’s return under this article or article twenty-four of this chapter for the taxable year, including extensions of time for filing such return, or such later date as may be allowed by the Tax Commissioner.

(i) Liability for withheld tax. — Every person required to deduct and withhold tax under this section is hereby made liable for the payment of the tax due under this section for taxable years (of such persons) beginning after December 31, 1991,
except as otherwise provided in this section. The amount of tax required to be withheld and paid over to the Tax Commissioner shall be considered the tax of the partnership, estate or trust, as the case may be, for purposes of articles nine and ten of this chapter. Any amount of tax withheld under this section shall be held in trust for the Tax Commissioner. No partner, S corporation shareholder, or beneficiary of a trust or estate, shall have a right of action against the partnership, S corporation, estate or trust, in respect to any moneys withheld from such person’s distributive share and paid over to the Tax Commissioner in compliance with or in intended compliance with this section.

(j) Failure to withhold. — If any partnership, S corporation, estate or trust fails to deduct and withhold tax as required by this section and thereafter the tax against which such tax may be credited is paid, the tax so required to be deducted and withheld under this section shall not be collected from the partnership, S corporation, estate or trust, as the case may be, but the partnership, S corporation, estate or trust shall not be relieved from liability for any penalties or interest on additions to tax otherwise applicable in respect of such failure to withhold.

(k) Distributee agreements. —

(1) The Tax Commissioner shall permit a nonresident distributee to file with a pass-through entity, on a form prescribed by the Tax Commissioner, the agreement of such nonresident distributee: (A) To timely file returns and make timely payment of all taxes imposed by this article or article twenty-four of this chapter in the case of a C corporation, on the distributee with respect to the effectively connected taxable income of the pass-through entity; and (B) to be subject to personal jurisdiction in this state for purposes of the collection of any unpaid income tax under this article (or article twenty-four of this chapter in the case of a C corporation),
together with related interest, penalties, additional amounts and additions to tax, owed by the nonresident distributee.

(2) A nonresident distributee electing to execute an agreement under this subsection must file a complete and properly executed agreement with each pass-through entity for which this election is made, on or before the last day of the first taxable year of the pass-through entity in respect of which the agreement applies. The pass-through entity shall file a copy of that agreement with the Tax Commissioner as provided in subdivision (5) of this subsection.

(3) After an agreement is filed with the pass-through entity, that agreement may be revoked by a distributee only in accordance with regulations promulgated by the Tax Commissioner.

(4) Upon receipt of such an agreement properly executed by the nonresident distributee, the pass-through entity shall not withhold tax under this section for the taxable year of the pass-through entity in which the agreement is received by the pass-through entity and for any taxable year subsequent thereto until either the nonresident distributee notifies the pass-through entity, in writing, to begin withholding tax under this section or the Tax Commissioner directs the pass-through entity, in writing, to begin withholding tax under this section because of the distributee’s continuing failure to comply with the terms of such agreement.

(5) The pass-through entity shall file with the Tax Commissioner a copy of all distributee agreements received by the pass-through entity during any taxable year with this annual information return filed under this article, or article twenty-four of this chapter in the case of S corporations. If the pass-through entity fails to timely file with the Tax Commissioner a copy of an agreement executed by a distributee and furnished to the
pass-through entity in accordance with this section, then the pass-through entity shall remit to the Tax Commissioner an amount equal to the amount that should have been withheld under this section from the nonresident distributee. The pass-through entity may recover payment made pursuant to the preceding sentence from the distributee on whose behalf the payment was made.

(1) Definitions. — For purposes of this section, the following terms mean:

(1) Corporation. — The term “corporation” includes associations, joint stock companies and other entities which are taxed as corporations for federal income tax purposes.

(A) C corporation. — The term “C corporation” means a corporation which is not an S corporation for federal income tax purposes.

1 (a) General. — The West Virginia source income of a nonresident individual shall be the sum of the net amount of income, gain, loss and deduction entering into his or her federal adjusted gross income, as defined in the laws of the United States and section nine of this article, for the taxable year, derived from or connected with West Virginia sources, including:

8 (1) His or her distributive share of partnership income, gain, loss and deduction, determined under section thirty-seven; and
(2) His or her pro rata share of S corporation income, loss
and deduction, determined under section thirty-seven of this
article, increased by reductions for taxes described in paragraphs
(2) and (3), subsection (f), section 1366 of the Internal Revenue
Code; and

(3) His or her share of estate or trust income, gain, loss and
deduction, determined under section thirty-nine of this article.

(b) Income and deductions from West Virginia sources.

(1) Items of income, gain, loss and deduction derived from
or connected with West Virginia sources shall be those items
attributable to:

(A) The ownership of any interest in real or tangible
personal property in this state; or

(B) A business, trade, profession or occupation carried on in
this state; or

(C) In the case of a shareholder of an S corporation, the

determined under section thirty-seven; or

(D) Prizes awarded under article twenty-two, chapter
twenty-nine of this code by the West Virginia State Lottery
Commission.

(2) Income from intangible personal property, including
annuities, dividends, interest, and gains from the disposition of
intangible personal property, shall constitute income derived
from West Virginia sources only to the extent that such income
is from property employed in a business, trade, profession or
occupation carried on in this state.

(3) Deductions with respect to capital losses and net
operating losses shall be based solely on income, gain, loss and
39 deduction derived from or connected with West Virginia sources, under regulations of the Tax Commissioner, but otherwise shall be determined in the same manner as the corresponding federal deductions.

(4) The deduction allowed by section 215 of the Internal Revenue Code, relating to alimony, shall not constitute a deduction derived from West Virginia sources.

(c) **Income and deductions partly from West Virginia sources.** — If a business, trade, profession or occupation is carried on partly within and partly without this state, as determined under regulations of the Tax Commissioner, the items of income, gain, loss and deduction derived from or connected with West Virginia sources shall be determined by apportionment and allocation under such regulations.

(d) **Purchase and sale for own account.** — A nonresident, other than a dealer holding property for sale to customers in the ordinary course of his or her trade or business, shall not be deemed to carry on a business, trade, profession or occupation in this state solely by reason of the purchase and sale of property for his or her own account.

of any funds in the Eligible Acute Care Provider Enhancement
Account as of June 30, 2016, shall remain in the Eligible Acute
Care Provider Enhancement Account and shall be used in state
fiscal year 2017. If the program expires on June 30, 2017, as set
forth in subsection (i) of this section, fifty percent of any funds
remaining as of June 30, 2018, shall be transferred on that date

imposed by law upon conviction of a crime except for those
provided in article five-a of this chapter. Except as provided in
subsection (k), (l) and (m), section two of this article regarding
subsequent offenses, the effect of the dismissal and discharge

probation imposed upon any person under this section, the
person may apply to the court for an order to expunge from all
official records all recordations of his or her arrest, trial, and
conviction, pursuant to this section except for those maintained
by the Division of Motor Vehicles: Provided, That any person
who has previously been convicted of a felony may not make a
motion for expungement pursuant to this section.

(2) If the prosecuting attorney objects to the expungement,
the objections shall be filed with the court within thirty days
after service of a motion for expungement and copies of the
objections shall be served on the defendant or the defendant’s
attorney.

(3) If the objections are filed, the court shall hold a hearing
on the objections, affording all parties an opportunity to be

time prior to his or her application to the court under this
subsection has not been guilty of any serious or repeated
violation of the conditions of his or her probation, it shall order
the expungement.

Be it enacted by the Legislature of West Virginia:

That §17C-6-1 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 6. SPEED RESTRICTIONS.

§17C-6-1. Speed limitations generally; penalty.

(a) No person may drive a vehicle on a highway at a speed greater than is reasonable and prudent under the existing conditions and the actual and potential hazards. In every event speed shall be controlled as necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highways in compliance with legal requirements and the duty of all persons to use due care.

(b) Where no special hazard exists that requires lower speed for compliance with subsection (a) of this section, the speed of any vehicle not in excess of the limits specified in this section or established as authorized in this section is lawful, but any speed in excess of the limits specified in this subsection or established as authorized in this section is unlawful. The following speed limits apply:

(1) Fifteen miles per hour in a school zone during school recess or while children are going to or leaving school during opening or closing hours. A school zone is all school property, including school grounds and any street or highway abutting the school grounds and extending one hundred twenty-five feet along the street or highway from the school grounds. The West Virginia Division of Highways shall erect signage indicating the place of entry and exit of each school zone. Upon a formal vote and a written request by a county board of education to expand
a school zone to a road that is adjacent to school property, the West Virginia Division of Highways shall expand the school zone by erecting new signage indicating the expanded school zone’s location and speed limit within ninety days of receiving the request: Provided, That the school zone may not be expanded more than one hundred twenty-five feet along an adjacent road unless the division determines that the additional extension is needed and necessary for the safety of the school children. The speed restriction does not apply to vehicles traveling on a controlled-access highway which is separated from the school or school grounds by a fence or barrier approved by the Division of Highways;

(2) Twenty-five miles per hour in any business or residence district; and

(3) Fifty-five miles per hour on open country highways, except as otherwise provided by this chapter.

The speeds set forth in this section may be altered as authorized in sections two and three of this article.

(c) The driver of every vehicle shall, consistent with the requirements of subsection (a) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway and when a special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions.

(d) The speed limit on controlled access highways and interstate highways, where no special hazard exists that requires a lower speed, shall be not less than fifty-five miles per hour and the speed limits specified in subsection (b) of this section do not apply.
(e) Unless otherwise provided in this section, any person who violates the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $100; upon a second conviction within one year thereafter, shall be fined not more than $200; and, upon a third or subsequent conviction within two years thereafter, shall be fined not more than $500: Provided, That if the third or subsequent conviction is based upon a violation of the provisions of this section where the offender exceeded the speed limit by fifteen miles per hour or more, then upon conviction, shall be fined not more than $500 or confined in jail for not more than six months, or both fined and confined.

(f) Any person who violates the provisions of subdivision (1), subsection (b) of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $100 nor more than $500: Provided, That if the conviction is based upon a violation of the provisions of subdivision (1), subsection (b) of this section where the offender exceeded the speed limit by fifteen miles per hour or more in the presence of one or more children, then upon conviction, shall be fined not less than $100 nor more than $500 or confined in jail for not more than six months, or both fined and confined: Provided, however, That if the signage required by subdivision (1) is not present in the school zone at the time of the violation, then any person who violates said provision is guilty of a misdemeanor, and upon conviction thereof, shall be fined not more than $25.

(g) If an owner or driver is arrested under the provisions of this section for the offense of driving above the posted speed limit on a controlled access highway or interstate highway and if the evidence shows that the motor vehicle was being operated at ten miles per hour or less above the speed limit, then, upon conviction thereof, that person shall be fined not more than $5, plus court costs.
(h) Any person operating a commercial motor vehicle engaged in the transportation of coal on the coal resource transportation road system who violates subsection (a), (b) or (c) of this section shall, upon conviction, be subject to fines in triple the amount otherwise provided in subsection (e) of this section.

(i) If an owner or driver is convicted under the provisions of this section for the offense of driving above the speed limit on a controlled access highway or interstate highway of this state and if the evidence shows that the motor vehicle was being operated at ten miles per hour or less above the speed limit, then notwithstanding the provisions of section four, article three, chapter seventeen-b of this code, a certified abstract of the judgment on the conviction shall not be transmitted to the Division of Motor Vehicles: Provided, That the provisions of this subsection do not apply to conviction of owners or drivers who have been issued a commercial driver’s license as defined in chapter seventeen-e of this code, if the offense was committed while operating a commercial vehicle.

(j) If an owner or driver is convicted in another state for the offense of driving above the maximum speed limit on a controlled access highway or Interstate highway and if the maximum speed limit in the other state is less than the maximum speed limit for a comparable controlled access highway or interstate highway in this state, and if the evidence shows that the motor vehicle was being operated at ten miles per hour or less above what would be the maximum speed limit for a comparable controlled access highway or interstate highway in this state, then notwithstanding the provisions of section four, article three, chapter seventeen-b of this code, a certified abstract of the judgment on the conviction shall not be transmitted to the Division of Motor Vehicles or, if transmitted, shall not be recorded by the division, unless within a reasonable time after conviction, the person convicted has failed to pay all fines and costs imposed by the other state: Provided, That the provisions
of this subsection do not apply to conviction of owners or drivers
who have been issued a commercial driver’s license as defined
in chapter seventeen-e of this code, if the offense was committed
while operating a commercial vehicle.

Boso, Gaunch, Leonhardt, Trump, Walters, Blair,
Takubo, Miller and Unger)

[Passed March 12, 2016; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2016.]

AN ACT to amend and reenact §17C-12-7 of the Code of West
Virginia, 1931, as amended, relating to offense of overtaking and
passing school bus stopped for the purpose of receiving and
discharging children; creating rebuttable inference for charging
purposes that registered owner or lessee was operating vehicle in
the event that the driver of the passing vehicle cannot be
ascertained at time of alleged offense; limiting penalty for
violation to a fine where identity of operator is unknown;
increasing certain penalties; clarifying that service of process is
pursuant to West Virginia Rule of Criminal Procedure 4 where the
vehicle is involved in violation, but identity of operator is not
determined at the scene; and clarifying that offenses set forth in
this section are separate and distinct from each other.

Be it enacted by the Legislature of West Virginia:

That §17C-12-7 of the Code of West Virginia, 1931, as amended,
be amended and reenacted to read as follows:
ARTICLE 12. SPECIAL STOPS REQUIRED.

This section applies wherever the school bus is receiving or discharging children including, but not limited to, any street, highway, parking lot, private road or driveway: Provided, That the driver of a vehicle upon a controlled access highway need not stop upon meeting or passing a school bus which is on a different roadway or adjacent to the highway and where pedestrians are not permitted to cross the roadway.

(b) Any driver acting in violation of subsection (a) of this section is guilty of a misdemeanor and, upon conviction for a first offense, shall be fined not less than $250 or more than $500, or confined in jail not more than six months, or both fined and confined. Upon conviction of a second violation of subsection (a), the driver shall be fined not less than $500 nor more than $1,000, or confined in jail not more than six months, or both fined and confined. (c) Where the actual identity of the operator of a motor vehicle operated in violation of subsection (a) of this section is
unknown but the license plate number of the motor vehicle is
known, it may be inferred that the operator was an owner or
lessee of the motor vehicle for purposes of the probable cause
determination. Where there is more than one registered owner or
lessee, the inference created by this subsection shall apply to the
first listed owner or lessee as found on the motor vehicle
registration: Provided, That a person charged with a violation of
subsection (a) of section under the provisions of this subsection
where the sole evidence against the owner or lessee is the
presence of the vehicle at the scene at the time of the offense
shall only be subject to the applicable fine set forth in subsection
(b) of this section upon conviction: Provided, however, That, the
offenses set forth in subsection (f) and (g) of this section are

for a period of ninety days; or

(3) Of a third or subsequent offense under subsection (b) of
this section, for a period of one hundred eighty days.

(f) Any driver of a vehicle who willfully violates the
provisions of subsection (a) of this section and the violation
causes serious bodily injury to any person other than the driver,
is guilty of a felony and, upon conviction, shall be confined in a state correctional facility not less than one year nor more than three years and fined not less than $500 nor more than $2,000.

(g) Any driver of a vehicle who willfully violates the provisions of subsection (a) of this section, and the violation causes death, is guilty of a felony and, upon conviction, shall be confined in a state correctional facility not less than one year nor more than ten years and fined not less than $1,000 nor more than $3,000.

(h) Every bus used for the transportation of school children shall bear upon the front and rear of the bus a plainly visible sign containing the words “school bus” in letters not less than eight inches in height. When a contract school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school, all markings on the contract school bus indicating “school bus” shall be covered or concealed. Any school bus sold or transferred to another owner by a county board of education, agency or individual shall have all flashing warning lights disconnected and all lettering removed or permanently obscured, except when sold or transferred for the transportation of school children.

(i) Every county board of education is hereby authorized to mount a camera on any school bus for the purpose of enforcing this section or for any other lawful purpose.

issuance of the certificate, but the imposition of the charge is not
mandatory.

(a) At the time a criminal prosecution is commenced by the filing of a complaint, if the complaint charges a person with committing an offense described in subsection (e) of this section, then the prosecuting attorney is required to provide notice, in writing or by telephone, to the victim or a family member that he or she may request that they be notified prior to or at the time of any release of the accused from custody pending judicial proceedings.

(b) If a person is convicted of an offense described in subsection (e) of this section, the prosecuting attorney is required to provide notice, in writing or by telephone, to the victim or a family member that he or she may request that they be notified prior to or at the time of sentencing if the convicted person will be placed on work release, home confinement or probation.

or class attesting to the successful completion of the course or
class by the applicant or a copy of any document which shows
successful completion of the course or class is evidence of
qualification under this section and shall include the instructor’s
name, signature and NRA or state instructor identification
number, if applicable.

(e) All concealed weapons license applications must be
notarized by a notary public duly licensed under article four,
chapter twenty-nine of this code. Falsification of any portion of
the application constitutes false swearing and is punishable
under section two, article five, chapter sixty-one of this code.

(f) The sheriff shall issue a license unless he or she
determines that the application is incomplete, that it contains
statements that are materially false or incorrect or that applicant
otherwise does not meet the requirements set forth in this
section. The sheriff shall issue, reissue or deny the license within
forty-five days after the application is filed if all required
background checks authorized by this section are completed.

(g) Before any approved license is issued or is effective, the

and attach his or her seal to all license cards. The sheriff shall
provide to each new licensee a duplicate license card, in size
similar to other state identification cards and licenses, suitable
for carrying in a wallet, and the license card is considered a
license for the purposes of this section. All duplicate license
cards issued on or after July 1, 2017, shall be uniform across all
fifty-five counties in size, appearance and information and shall feature a photograph of the licensee.

(i) The Superintendent of the West Virginia State Police, in cooperation with the West Virginia Sheriffs’ Bureau of Professional Standards, shall prepare uniform applications for licenses and license cards showing that the license has been granted and shall do any other act required to be done to protect the state and see to the enforcement of this section.

(j) If an application is denied, the specific reasons for the denial shall be stated by the sheriff denying the application. Any person denied a license may file, in the circuit court of the county in which the application was made, a petition seeking review of the denial. The petition shall be filed within thirty days of the denial. The court shall then determine whether the applicant is entitled to the issuance of a license under the criteria set forth in this section. The applicant may be represented by counsel, but in no case is the court required to appoint counsel for an applicant. The final order of the court shall include the court’s findings of fact and conclusions of law. If the final order upholds the denial, the applicant may file an appeal in accordance with the Rules of Appellate Procedure of the Supreme Court of Appeals. If the findings of fact and conclusions of law of the court fail to uphold the denial, the applicant may be entitled to reasonable costs and attorney’s fees, payable by the sheriff’s office which issued the denial.

(k) If a license is lost or destroyed, the person to whom the license was issued may obtain a duplicate or substitute license for a fee of $5 by filing a notarized statement with the sheriff indicating that the license has been lost or destroyed.

(l) Whenever any person after applying for and receiving a concealed weapon license moves from the address named in the application to another county within the state, the license
remains valid for the remainder of the five years unless the
sheriff of the new county has determined that the person is no
longer eligible for a concealed weapon license under this article,
and the sheriff shall issue a new license bearing the person’s new
address and the original expiration date for a fee not to exceed
$5: Provided, That the licensee, within twenty days thereafter,
notifies the sheriff in the new county of residence in writing of
the old and new addresses.

(m) The sheriff shall, immediately after the license is
granted as aforesaid, furnish the Superintendent of the West
Virginia State Police a certified copy of the approved
application. The sheriff shall furnish to the Superintendent of the
West Virginia State Police at any time so requested a certified
list of all licenses issued in the county. The Superintendent of the
West Virginia State Police shall maintain a registry of all
persons who have been issued concealed weapons licenses.

(n) The sheriff shall deny any application or revoke any
existing license upon determination that any of the licensing
application requirements established in this section have been
violated by the licensee.

(o) A person who is engaged in the receipt, review or in the
issuance or revocation of a concealed weapon license does not
incur any civil liability as the result of the lawful performance of
his or her duties under this article.

(p) Notwithstanding subsection (a) of this section, with
respect to application by a former law-enforcement officer
honorably retired from agencies governed by article fourteen,
chapter seven of this code; article fourteen, chapter eight of this
code; article two, chapter fifteen of this code; and article seven,
chapter twenty of this code, an honorably retired officer is
exempt from payment of fees and costs as otherwise required by
this section. All other application and background check
requirements set forth in this section are applicable to these applicants.

(q) Information collected under this section, including applications, supporting documents, permits, renewals or any other information that would identify an applicant for or holder of a concealed weapon license, is confidential: Provided, That this information may be disclosed to a law-enforcement agency or officer: (i) To determine the validity of a license; (ii) to assist in a criminal investigation or prosecution; or (iii) for other lawful law-enforcement purposes. A person who violates this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $50 or more than $200 for each offense.

(r) A person who pays fees for training or application pursuant to this article after the effective date of this section is entitled to a tax credit equal to the amount actually paid for training not to exceed $50: Provided, That if such training was provided for free or for less than $50, then such tax credit may be applied to the fees associated with the initial application.

(s) Except as restricted or prohibited by the provisions of this article or as otherwise prohibited by law, the issuance of a concealed weapon license issued in accordance with the provisions of this section authorizes the holder of the license to carry a concealed pistol or revolver on the lands or waters of this state.

§61-7-4a. Provisional license to carry deadly weapons; how obtained.

(a) Any person who is at least eighteen years of age and less than twenty-one years of age who desires to obtain a state license to carry a concealed deadly weapon shall apply to the sheriff of his or her county for a provisional license, and pay to the sheriff,
at the time of application, a fee of $25, of which $5 of that amount shall be deposited in the Courthouse Facilities Improvement Fund created by section six, article twenty-six, chapter twenty-nine of this code. Provisional licenses may only be issued for pistols or revolvers. S. C. §922(g) or (n).

(c) Twenty dollars of the application fee and any fees for replacement of lost or stolen provisional licenses received by the sheriff shall be deposited by the sheriff into a concealed weapons license administration fund. The fund shall be administered by the sheriff and shall take the form of an interest-bearing account with any interest earned to be compounded to the fund. Any

successful completion of the course or class, is evidence of qualification under this section. Certificates, affidavits or other documents submitted to show completion of a course or class shall include instructor information and proof of instructor certification, including, if applicable, the instructor’s NRA instructor certification number.

(e) All provisional license applications must be notarized by a notary public duly licensed under article four, chapter twenty-nine of this code. Falsification of any portion of the application constitutes false swearing and is punishable under section two, article five of this chapter.

(f) The sheriff shall issue a provisional license unless the sheriff determines that the application is incomplete, that it contains statements that are materially false or incorrect or that applicant otherwise does not meet the requirements set forth in this section. The sheriff shall issue, reissue or deny the license within forty-five days after the application is filed once all required background checks authorized by this section are completed.

(g) Before any approved license is issued or is effective, the applicant shall pay to the sheriff a fee in the amount of $15 which the sheriff shall forward to the Superintendent of the West Virginia State Police within thirty days of receipt. license cards issued shall be uniform across all fifty-five
counties in size, appearance and information and must feature a
photograph of the licensee. The provisional license shall be
readily distinguishable from a license issued pursuant to section
four of this article and shall state: “NOT NICS EXEMPT. This
license confers the same rights and privileges to carry a
concealed pistol or revolver on the lands or waters of this state
as a license issued pursuant to section four, article seven, chapter

the requirements of 18 U. S. C. §922(t)(3). A NICS check must
be performed prior to purchase of a firearm from a federally
licensed firearm dealer.”

(i) The Superintendent of the West Virginia State Police, in
coordination with the West Virginia Sheriffs’ Bureau of
Professional Standards, shall prepare uniform applications for
provisional licenses and license cards showing that the license
has been granted and shall perform any other act required to
protect the state and to enforce of section.

(j) If an application is denied, the specific reasons for the
denial shall be stated by the sheriff denying the application. Any
person denied a provisional license may file, in the circuit court
of the county in which the application was made, a petition
seeking review of the denial. The petition shall be filed within
thirty days of the denial. The court shall then determine whether
the applicant is entitled to the issuance of a provisional license
under the criteria set forth in this section. The applicant may be
represented by counsel, but in no case is the court required to
appoint counsel for an applicant. The final order of the court
shall include the court’s findings of fact and conclusions of law.
If the final order upholds the denial, the applicant may file an
appeal in accordance with the Rules of Appellate Procedure of
the Supreme Court of Appeals. If the findings of fact and
conclusions of law of the court fail to uphold the denial, the
applicant may be entitled to reasonable costs and attorney’s fees, payable by the sheriff’s office which issued the denial.

(k) If a provisional license is lost or destroyed, the person to whom the license was issued may obtain a duplicate or substitute license for a fee of $5 by filing a notarized statement with the sheriff indicating that the license has been lost or destroyed.

(l) Whenever any person after applying for and receiving a provisional concealed weapon license moves from the address named in the application to another county within the state, the license remains valid until the licensee turns twenty-one years of age unless the sheriff of the new county has determined that the person is no longer eligible for a provisional concealed weapon license under this article, and the sheriff shall issue a new provisional license bearing the person’s new address and the original expiration date for a fee not to exceed $5: Provided, That the licensee within twenty days thereafter notifies the sheriff in the new county of residence in writing of the old and new addresses.

(m) The sheriff shall, immediately after the provisional license is granted, furnish the Superintendent of the West Virginia State Police a certified copy of the approved application. The sheriff shall furnish to the Superintendent of the West Virginia State Police, at any time so requested, a certified list of all provisional licenses issued in the county. The Superintendent of the West Virginia State Police shall maintain a registry of all persons who have been issued provisional concealed weapon licenses.

(n) The sheriff shall deny any application or revoke any existing provisional license upon determination that any of the licensing application requirements established in this section have been violated by the licensee.
(o) A person who is engaged in the receipt, review or in the issuance or revocation of a concealed weapon provisional license does not incur any civil liability as the result of the lawful performance of his or her duties under this article.

A person who violates this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $50 or more than $200 for each offense.

(q) Except as restricted or prohibited by the provisions of this article or as otherwise prohibited by law, the issuance of a provisional concealed weapon license issued in accordance with the provisions of this section authorizes the holder of the license to carry a concealed pistol or revolver on the lands or waters of this state.

(d) In addition to the methods of disposition provided by
article five, chapter forty-nine of this code, a court which
adjudicates a person who is fourteen years of age or older as
delinquent for a violation of subsection (b) of this section may
order the Division of Motor Vehicles to suspend a driver’s
license or instruction permit issued to the person for a period of
time as the court considers appropriate, not to extend beyond the
person’s nineteenth birthday. If the person has not been issued
a driver’s license or instruction permit by this state, a court may
order the Division of Motor Vehicles to deny the person’s
application for a license or permit for a period of time as the
court considers appropriate, not to extend beyond the person’s
nineteenth birthday. A suspension ordered by the court pursuant
to this subsection is effective upon the date of entry of the order.
Where the court orders the suspension of a driver’s license or

confiscate any driver’s license or instruction permit in the
adjudicated person’s possession and forward to the Division of

If the conviction is the judgment of a circuit court, the circuit clerk shall forward a transcript of the judgment of conviction when the person convicted has not filed a notice of intent to file a petition for appeal or writ of error within thirty days after the judgment was entered.

(3) If, upon examination of the transcript of the judgment of conviction, the commissioner determines that the person was convicted as described in subdivision (1) of this subsection, the commissioner shall make and enter an order revoking the person's license or privilege to operate a motor vehicle in this state for a period of one year or, in the event the person is a student enrolled in a secondary school, for a period of one year or until the person's twentieth birthday, whichever is the greater period. The order shall contain the reasons for the revocation and the revocation period. The order of suspension shall advise the person that because of the receipt of the court’s transcript, a presumption exists that the person named in the order of suspension is the same person named in the transcript. The commissioner may grant an administrative hearing which substantially complies with the requirements of the provisions of section two, article five-a, chapter seventeen-c of this code upon
128 a preliminary showing that a possibility exists that the person
129 named in the notice of conviction is not the same person whose
130 license is being suspended. The request for hearing shall be
131 made within ten days after receipt of a copy of the order of
132 suspension. The sole purpose of this hearing is for the person
133 requesting the hearing to present evidence that he or she is not
134 the person named in the notice. If the commissioner grants an
135 administrative hearing, the commissioner shall stay the license
136 suspension pending the commissioner’s order resulting from the
137 hearing.

        (4) For the purposes of this subsection, a person is convicted
138 when he or she enters a plea of guilty or is found guilty by a
139 court or jury.

140 person less than eighteen years of age who knows that the person
141 is in violation of subsection (b) of this section or has reasonable
142 cause to believe that the person’s violation of subsection (b) is
143 imminent, to fail to immediately report his or her knowledge or
144 belief to the appropriate school or law-enforcement officials.

        (2) A person violating this subsection is guilty of a
145 misdemeanor and, upon conviction thereof, shall be fined not
146 more than $1,000, or shall be confined in jail not more than one
147 year, or both fined and confined.

        (g)(1) It is unlawful for a person to possess a firearm or other
148 deadly weapon on the premises of a court of law, including
149 family courts.

        (2) This subsection does not apply to:

             (A) A law-enforcement officer acting in his or her official
155 capacity; and
(B) A person exempted from the provisions of this subsection by order of record entered by a court with jurisdiction over the premises or offices.

(3) A person violating this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $1,000, or shall be confined in jail not more than one year, or both fined and confined.

its costs attributable to the taxes imposed by this section upon:
Coal and natural gas severed in this state and utilized in the
production of electricity generated or produced in this state and
sold to customers in this state; coal and natural gas severed in
this state and utilized in the production of electricity not

this state; and natural gas severed in this state that is sold to

(1) Subject to the provisions of subdivision (2) of this subsection, the net amount of all moneys received by the Tax Commissioner from collection of the taxes imposed by this section, including any interest, additions to tax, or penalties collected with respect to these taxes pursuant to article ten, chapter eleven of this code, shall be deposited in the Workers’ Compensation Debt Reduction Fund created in article two-d, chapter twenty-three of this code. As used in this section, “net amount of all taxes received by the Tax Commissioner” means the gross amount received by the Tax Commissioner less the amount of any refunds paid for overpayment of the taxes imposed by this article, including the amount of any interest on the overpayment amount due the taxpayer under the provisions of section fourteen, article ten of this chapter.

(2) If the budget shortfall, as determined by the state Budget Office as of December 1, 2015, is greater than $100 million, then the Governor may, by Executive Order, redirect deposits of revenues derived from taxes imposed under this article, for any period commencing after February 29, 2016 and ending before July 1, 2016, to the General Revenue Fund, instead of to the funds otherwise mandated in this article, in article two-d, chapter twenty-three of this code or in any other provision of this code.

Retiree Health Benefit Trust Fund, as created in section two,
article sixteen-d, chapter five of this code, has been provided for
in its entirety or July 1, 2037, whichever date is later.

CHAPTER 23. WORKERS’ COMPENSATION.

ARTICLE 2C. EMPLOYERS’ MUTUAL INSURANCE
COMPANY.

§23-2C-3. Creation of employer mutual as successor organization
of the West Virginia Workers’ Compensation
Commission.

(a) (1) On or before July 1, 2005, the executive director may
take such actions as are necessary to establish an employers’
mutable insurance company as a domestic, private, nonstock,
corporation to:

(A) Insure employers against liability for injuries and
occupational diseases for which their employees may be entitled
to receive compensation pursuant to this chapter and federal
Longshore and Harbor Workers’ Compensation Act, 33 U.S.C.
§901, et seq.;

(B) Provide employer’s liability insurance incidental to and
provided in connection with the insurance specified in paragraph
(A) of this subdivision, including coal workers’ pneumoconiosis
coverage and employer excess liability coverage as provided in
this chapter; and
(C) Transact other kinds of property and casualty insurance for which the company is otherwise qualified under the provisions of this code.

(2) The company may not sell, assign or transfer substantial assets or ownership of the company.

(b) If the executive director establishes a domestic mutual insurance company pursuant to subsection (a) of this section:

(1) As soon as practical, the company established pursuant to the provisions of this article shall, through a vote of a majority of its provisional board, file its corporate charter and bylaws with the Insurance Commissioner and apply for a license with the Insurance Commissioner to transact insurance in this state. Notwithstanding any other provision of this code, the Insurance Commissioner shall act on the documents within fifteen days of the filing by the company.

(2) In recognition of the workers’ compensation insurance liability insurance crisis in this state at the time of enactment of this article and the critical need to expedite the initial operation of the company, the Legislature authorizes the Insurance Commissioner to review the documentation submitted by the company and to determine the initial capital and surplus requirements of the company, notwithstanding the provisions of section five-b, article three, chapter thirty-three of this code. The company shall furnish the Insurance Commissioner with all information and cooperate in all respects necessary for the Insurance Commissioner to perform the duties set forth in this section and in other provisions of this chapter and chapter thirty-three of this code. The Insurance Commissioner shall monitor the economic viability of the company during its initial operation on not less than a monthly basis, until the commissioner, in his or her discretion, determines that monthly reporting is not necessary. In all other respects the company shall
comply with the applicable provisions of chapter thirty-three of this code.

(3) Subject to the provisions of subdivision (4) of this subsection, the Insurance Commissioner may waive other requirements imposed on mutual insurance companies by the provisions of chapter thirty-three of this code the Insurance Commissioner determines are necessary to enable the company to begin insuring employers in this state at the earliest possible date.

(4) Within forty months of the date of the issuance of its license to transact insurance, the company shall comply with the capital and surplus requirements set forth in subsection (a), section five-b, article three, chapter thirty-three of this code in effect on the effective date of this enactment, unless the deadline is extended by the Insurance Commissioner.

(c) For the duration of its existence, the company is not a department, unit, agency or instrumentality of the state for any purpose. All debts, claims, obligations and liabilities of the company, whenever incurred, are the debts, claims, obligations and liabilities of the company only and not of the state or of any department, unit, agency, instrumentality, officer or employee of the state.

(d) The moneys of the company are not part of the General Revenue Fund of the state. The debts, claims, obligations and liabilities of the company are not a debt of the state or a pledge of the credit of the state.

(e) The company is not subject to provisions of article nine-a, chapter six of this code; the provisions of article two, chapter six-c of this code; the provisions of chapter twenty-nine-b of this code; the provisions of article three, chapter five-a of this code; the provisions of article six, chapter
twenty-nine of this code; or the provisions of chapter twelve of this code.

(f) If the commission has been terminated, effective upon the termination, private carriers, including the company, are not subject to payment of premium taxes, surcharges and credits contained in article three, chapter thirty-three of this code on premiums received for coverage under this chapter. In lieu thereof, the workers’ compensation insurance market is subject to the following:

(1) (A) Each fiscal year, the Insurance Commissioner shall calculate a percentage surcharge to be collected by each private carrier from its policyholders. The surcharge percentage shall be calculated by dividing the previous fiscal year’s total premiums collected plus deductible payments by all employers into the portion of the Insurance Commissioner’s budget amount attributable to regulation of the private carrier market. This resulting percentage shall be applied to each policyholder’s premium payment and deductible payments as a surcharge and remitted to the Insurance Commissioner. Said surcharge shall be remitted within ninety days of receipt of premium payments;

(B) With respect to fiscal years beginning on and after July 1, 2008, in lieu of the surcharge set forth in the preceding paragraph, each private carrier shall collect a surcharge in the amount of five and five-tenths percent of the premium collected plus the total of all premium discounts based on deductible provisions that were applied: Provided, That prior to June 30, 2013, and every five years thereafter, the commissioner shall review the percentage surcharge and determine a new percentage as he or she deems necessary.

(C) The amounts required to be collected under paragraph (B) of this subdivision shall be remitted to the Insurance Commissioner on or before the twenty-fifth day of the month
succeeding the end of the quarter in which they are collected, except for the fourth quarter for which the surcharge shall be remitted on or before March 1 of the succeeding year.

(2) Each fiscal year, the Insurance Commissioner shall calculate a percentage surcharge to be remitted on a quarterly basis by self-insured employers and said percentage shall be calculated by dividing previous year’s self-insured payroll in the state into the portion of the Insurance Commissioner’s budget amount attributable to regulation of the self-insured employer market. This resulting percentage shall be applied to each self-insured employer’s payroll and the resulting amount shall be remitted as a regulatory surcharge by each self-insured employer. The Industrial Council may promulgate a rule for implementation of this section. The company, all other private carriers and all self-insured employers shall furnish the Insurance Commissioner with all required information and cooperate in all respects necessary for the Insurance Commissioner to perform the duties set forth in this section and in other provisions of this chapter and chapter thirty-three of this code. The surcharge shall be calculated so as to only defray the costs associated with the administration of this chapter and the funds raised shall not be used for any other purpose except as set forth in subdivision (4) of this subsection;

(3) (A) Each private carrier shall collect a premiums surcharge from its policyholders as annually determined, by May 1 of each year, by the Insurance Commissioner to produce $45 million annually, of each policyholder’s periodic premium amount for workers’ compensation insurance: Provided, That the surcharge rate on policies issued or renewed on or after July 1, 2008, shall be nine percent of the premium collected plus the total of all premium discounts based on deductible provisions that were applied.

(B) By May 1 each year, the self-insured employer community shall be assessed a cumulative total of $9 million.
The methodology for the assessment shall be fair and equitable and determined by exempt legislative rule issued by the Industrial Council. The amount collected pursuant to this subdivision shall be remitted to the Insurance Commissioner for deposit in the Workers’ Compensation Debt Reduction Fund created in section five, article two-d of this chapter: Provided, That notwithstanding any provision of this subdivision or any other provision of this code to the contrary, if the budget shortfall, as determined by the state Budget Office as of December 1, 2015, is greater than $100 million, then the Governor may, by Executive Order, redirect deposits of the amount collected pursuant to this subdivision, for any period commencing after February 29, 2016 and ending before July 1, 2016, to the General Revenue Fund, instead of to the fund otherwise mandated in this subdivision, in article two-d, chapter twenty-three of this code or in any other provision of this code: Provided, however, That notwithstanding any provision of this subdivision or any other provision of this code to the contrary, the Governor may, by Executive Order, redirect one-half of the deposits of the amount collected pursuant to this subdivision, for any period commencing after June 30, 2016, and ending before July 1, 2017, to the General Revenue Fund, instead of to the funds otherwise mandated in this subdivision, in article two-d, chapter twenty-three of this code or in any other provision of this code, until certification of the Governor to the Legislature that an independent actuary has determined that the unfunded liability of the Old Fund, as defined in chapter twenty-three of this code, has been paid or provided for in its entirety.

(4) On or before July 1, 2009, the Insurance Commissioner shall make a one-time lump sum transfer of $40 million generated from the surcharges assessed pursuant to paragraph (B), subdivision (1) of this subsection and subdivision (2) of this subsection to the Bureau of Employment Programs’ Commissioner for deposit with the Secretary of the Treasury of
the United States as a credit of this state in the Unemployment
Trust Fund Account maintained pursuant to section four, article
eight, chapter twenty-one-a of this code.

(g) The new premiums surcharge imposed by paragraphs (A)
and (B), subdivision (3), subsection (f) of this section sunset and
are not collectible with respect to workers’ compensation
insurance premiums paid when the policy is renewed on or after
the first day of the month following the month in which the
Governor certifies to the Legislature that the revenue bonds
issued pursuant to article two-d of this chapter have been retired
and that the unfunded liability of the Old Fund has been paid or
has been provided for in its entirety, whichever occurs last.

of their employees and in that case are subject to all
requirements of this chapter and all rules and regulations
prescribed by the commission with reference to rates,
classifications and premium payments and shall afford to them
the protection of this chapter, including section six of this article,
but the failure of the employers to choose to subscribe to and to
pay premiums into the fund shall not impose any liability upon
them other than any liability that would exist notwithstanding the
provisions of this chapter.

(e) Any foreign corporation employer whose employment in
this state is to be for a definite or limited period which could not
be considered “regularly employing” within the meaning of this
section may choose to pay into the Workers’ Compensation

of making application to the Workers’ Compensation
Commission, the employer shall furnish a statement under oath
showing the probable length of time the employment will

employees of the political subdivision;

(2) If an employer is a partnership, sole proprietorship,
association or corporation, the employer may elect not to include
as an “employee” within this chapter, any member of the

(A) He or she is engaged in a dual capacity of having the duties and responsibilities for work ordinarily performed by an officer and also having duties and work ordinarily performed by a worker, administrator or employee who is not an officer;

(B) He or she is engaged ordinarily in performing the duties of a worker, an administrator or an employee who is not an officer and receives pay for performing the duties in the capacity of an employee; or
(C) He or she is engaged in an employment palpably separate and distinct from his or her official duties as an officer of the association or corporation;

(3) If an employer is a limited liability company, the employer may elect not to include as an “employee” within this chapter a total of no more than four persons, each of whom are acting in the capacity of manager, officer or member of the company.

(h) In the event of election under subsection (g) of this section, the employer shall serve upon the commission written notice naming the positions not to be covered and shall not include the “employee’s” remuneration for premium purposes in all future payroll reports, and the partner, proprietor or corporate or executive officer is not considered an employee within the meaning of this chapter after the notice has been served. Notwithstanding the provisions of subsection (g), section five of this article, if an employer is delinquent or in default or has not subscribed to the Fund even though it is obligated to do so under the provisions of this article, any partner, proprietor or corporate or executive officer shall not be covered and shall not receive the benefits of this chapter.

(i) “Regularly employing” or “regular employment” means employment by an employer which is not a casual employer under this section.

(d) The changes set forth to this section and enacted in 2016 shall be effective on and after July 1, 2016.

§11-17-4b. Levy of tax on e-cigarette liquid; definitions; rate; invoice; report; payment; authority of the Tax Commissioner to inspect and examine witnesses; presumption; bond.

(a) Definitions. — When used in this section, words, terms and phrases defined in this subsection, and any variations thereof required by the context, have the meaning ascribed to them in this subsection, except where the context indicates a different meaning is intended.

(1) “E-cigarette” means an electrical or electronic device that provides a smoke, vapor, fog, mist, gas or aerosol suspension of nicotine or another substance that, when used or inhaled, simulates the activity of smoking. The term e-cigarette includes, but is not limited to, a device that is composed of a heating element, battery or electrical or electronic circuit, or a combination of heating element, battery and electrical or electronic circuit, which works in combination with e-liquid to produce an inhalable product. The term e-cigarette includes, but is not limited to, any so designed, or similarly designed, product that is manufactured, distributed, marketed or sold as an e-cigarette, e-cigar, e-pipe or under any other name or descriptor. The term “simulates the activity of smoking”, in the context of this definition, means replicating, mimicking or reproducing an experience similar to inhaling, or otherwise drawing into the mouth or nose, or exhaling the smoke or combustion product of burning tobacco or any other product or material that can be used in a similar fashion.

(2) “E-cigarette liquid” means any of the liquids or liquid mixtures used in e-cigarettes and is also known as e-juice, e-fluid, e-liquid or e-liquid product. E-cigarette liquid includes
e-cigarette liquid mixing kits and e-cigarette liquid mixing kit components. When used in, or with, an e-cigarette, e-cigarette liquid is vaporized or otherwise converted into an inhalable product. E-cigarette liquid may or may not include, without limitation, propylene glycol, vegetable glycerin, nicotine from any source or flavorings.

(b) *Levy of tax; rate.* —

(1) On and after July 1, 2016, an excise tax is levied and imposed on sales of e-cigarette liquid at the rate of 7.5 cents per milliliter or fraction thereof, or if not sold, then at the same rate upon the use by the wholesaler or dealer. For purposes of this article, any distributor, dealer, subjobber, subjobber dealer, retailer or any other person that imports or transports e-cigarette liquids into this state, or that causes e-cigarette liquids to be imported or transported into this state, is hereby deemed to be a wholesaler for purposes of this section and is liable for the tax imposed under this article. No wholesaler or other person may purchase e-cigarette liquids from any seller not approved by the Tax Commissioner. E-cigarette liquid mixing kits and e-cigarette liquid mixing kit components shall be taxed in accordance with the amount of e-cigarette liquid, in milliliters, that can be produced by or from the kit or components thereof, as determined by the Tax Commissioner.

(2) Only one sale of e-cigarette liquid shall be used in computing the amount of tax due under this section.

(c) *How tax paid; invoice required; reports required; due date; records to be kept.* —

(1) The tax imposed in this section on e-cigarette liquid shall be paid using an invoice method prescribed by the Tax Commissioner.
(2) The tax will be paid on any and all e-cigarette liquid coming into the state for the purpose of sale or use in this state on and after July 1, 2016.

(3) Contents of delivery ticket or invoice. — Unless otherwise permitted in writing by the Tax Commissioner, each delivery ticket or invoice for each purchase or sale of e-cigarette liquid must be recorded upon a serially numbered invoice showing:

(A) The name and address of the seller and the purchaser;

(B) The point of delivery;

(C) The date;

(D) (i) The number of e-cigarette cartridges, apparatus, containers or other devices; (ii) the quantity in milliliters of each cartridge, apparatus, container or other device; (iii) the wholesale price of each e-cigarette cartridge, apparatus, container or other device delivered in this state; or (iv) if sold outside of a cartridge or other device or container, the total quantity in milliliters of e-cigarette liquid not in cartridges, apparatus or other device or container delivered in this state and the wholesale price of the e-cigarette liquid;

(E) The invoice must either set out the amount of tax imposed by this article separately on the invoice or the invoice may instead indicate that the tax imposed under this article is included in the total price; and

(F) Any other information required by the Tax Commissioner.

(4) Reports and payments due date. — On or before the fifteenth day of each month, manufacturers, importers, every place of business as defined in this article, retail dealers,
subjobbers, vending machine operators and wholesale dealers and their agents, shall file a report covering the business transacted in the previous month providing any information the Tax Commissioner determines necessary for the ascertainment or assessment of the taxes imposed by this article. Reports shall be signed under penalty of perjury and be in a form as prescribed by the Tax Commissioner. The amount of tax shown to be due on the monthly report, if any, shall be remitted on or before the due date of the monthly report. The first report due for e-liquid sales is August 15, 2016, for the sales completed in July 2016.

(5) Reports required. — The reports prescribed in this article are required, although a tax may not be due or no business transacted, for the period covered by the report. In the case of any failure to file a report on the date prescribed for filing when no tax is due, unless it is shown that the failure was due to reasonable cause, there is hereby imposed a penalty of $25 for each month or fraction of a month that such report is delinquent, until the report is filed, in addition to any penalties imposed under section nineteen-a of this article.

(6) Records. — Each person required to file a report shall make and keep the records necessary to substantiate the accuracy of the reports required by this section including, but not limited to, records of inventories, receipts, disbursements and sales. Records shall be retained for a period of time not less than three years from the time the report is due or the time when the report is filed, whichever is later.

(d) Inspection of records and stocks; examination of witnesses; registration of e-cigarette sellers; presumption of nontax paid. —

(1) The Tax Commissioner has the authority to inspect or examine the records, books and papers, and any equipment or e-cigarette apparatus, and any stock of e-cigarette liquid kept in
or upon the premises of persons who sell, possess or store e-cigarette liquid, for the purpose of determining the quantity and value of e-cigarette liquid acquired, on hand or disbursed, to verify the truth and accuracy of any statement, return, form or report and to ascertain whether the tax imposed by this article has been properly paid.

(2) In addition to the Tax Commissioner’s powers set forth in article ten of this chapter, the Tax Commissioner or the Tax Commissioner’s agent may examine witnesses under oath in order to ascertain the amount of taxes and reports due under this article. If a witness or person fails or refuses to testify or grant access to records, books, papers, equipment or e-cigarette apparatus, or any stock of e-cigarette liquid, necessary or useful to ascertain the amount of taxes and reports due under this article, the Tax Commissioner shall certify the facts and names to the circuit court of the county having jurisdiction of the party and the court shall issue a summons to the party to appear before the Tax Commissioner at a place designated within the jurisdiction of the court, on a day fixed, to be continued as the occasion may require for good cause shown, to testify and give evidence and to produce for inspection any books, records and papers that may be required and to grant access to records, books, papers, equipment or e-cigarette apparatus, or any stock of e-cigarette liquid, for the purpose of ascertaining the amount of tax and reports due, if any.

(3) Each wholesale dealer of e-cigarette liquid must register with the Tax Commissioner and maintain a business registration certificate, showing the wholesale dealer of e-cigarette liquid to be registered as a seller of tobacco products or seller of both cigarettes and tobacco products prior to the sale or delivery of e-cigarette liquid to any retail dealer or subjobber in this state. A wholesale dealer may sell tax-paid e-cigarette liquid only to another wholesaler or a retail dealer or subjobber in this state.
No person may purchase nontaxed e-cigarette liquid from any seller not approved by the Tax Commissioner.

(4) Whenever e-cigarette liquid is found in the place of business of any retail dealer, without evidence that the tax imposed by this section has been paid, it shall be presumed that the e-cigarette liquid is kept on the premises in violation of this article.

(e) **Bond.** — The Tax Commissioner may require wholesalers, subjobbers or retail dealers to file a continuous surety bond in an amount to be fixed by the Tax Commissioner but no less than $1,000. The bond shall be conditioned upon faithfully complying with the provisions of this article including the filing of the returns and payment of all taxes prescribed by this article.

(f) **Administration and enforcement.** — The provisions of this article and articles nine and ten of this chapter apply to administration and enforcement of the excise tax on e-cigarette liquid in the same manner and to the same extent as they apply to administration and enforcement of the excise tax on tobacco products, as imposed under this article.

(g) **Criminal sanctions.** — The criminal sanctions imposed in section nineteen-a of this article are hereby imposed with equal force and application with relation to actions, transactions and responsibilities prescribed under this section and under this article. For the purpose of applying and interpreting the provisions of section nineteen-a of this article, the words “container of tobacco products” shall be interpreted to mean and include the words “container of tobacco products or e-cigarette liquid”.

AN ACT to amend and reenact §17C-5-2b of the Code of West Virginia, 1931, as amended, relating to participation in Motor Vehicle Alcohol Test and Lock Program; and clarifying offenses for which individuals are eligible to participate in the program.

Be it enacted by the Legislature of West Virginia:

That §17C-5-2b of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 5. SERIOUS TRAFFIC OFFENSES.

§17C-5-2b. Deferral of further proceedings for certain first offenses upon condition of participation in Motor Vehicle Alcohol Test and Lock Program; procedure on charge of violation of conditions.

(a) Except as provided in subsection (g) of this section, whenever any person who has not previously been convicted of any offense under this article or under any statute of the United States or of any state relating to driving under the influence of alcohol, any controlled substance or any other drug:

(1) Notifies the court within thirty days of his or her arrest of his or her intention to participate in a deferral pursuant to this section; and
(2) Pleads guilty to or is found guilty of driving under the influence of alcohol under subsection (e), section two of this article, the court, without entering a judgment of guilt and with the consent of the accused, shall defer further proceedings and, notwithstanding any provisions of this code to the contrary, place him or her on probation, which conditions shall include that he or she successfully completes the Motor Vehicle Alcohol Test and Lock Program as provided in section three-a, article five-a of this chapter. Participation therein shall be for a period of at least one hundred sixty-five days after he or she has served the fifteen days of license suspension imposed pursuant to section two, article five-a of this chapter.

(b) A defendant’s election to participate in deferral under this section shall constitute a waiver of his or her right to an administrative hearing as provided in section two, article five-a of this chapter.

(c) (1) If the prosecuting attorney files a motion alleging that the defendant during the period of the Motor Vehicle Alcohol Test and Lock Program has been removed therefrom by the Division of Motor Vehicles, or has failed to successfully complete the program before making a motion for dismissal pursuant to subsection (d) of this section, the court may issue such process as is necessary to bring the defendant before the court.

(2) A motion alleging such violation filed pursuant to subdivision (1) of this subsection must be filed during the period of the Motor Vehicle Alcohol Test and Lock Program or, if filed thereafter, must be filed within a reasonable time after the alleged violation was committed.

(3) When the defendant is brought before the court, the court shall afford the defendant an opportunity to be heard. If the court finds that the defendant has been rightfully removed from the
Motor Vehicle Alcohol Test and Lock Program by the Division of Motor Vehicles, the court may order, when appropriate, that the deferral be terminated, and thereupon enter an adjudication of guilt and proceed as otherwise provided.

(4) Should the defendant fail to complete or be removed from the Motor Vehicle Alcohol Test and Lock Program, the defendant waives the appropriate statute of limitations and the defendant’s right to a speedy trial under any applicable federal or state constitutional provisions, statutes or rules of court during the period of enrollment in the program.

(d) When the defendant shall have completed satisfactorily the Motor Vehicle Alcohol Test and Lock Program and complied with its conditions, the defendant may move the court for an order dismissing the charges. This motion shall be supported by affidavit of the defendant and by certification of the Division of Motor Vehicles that the defendant has successfully completed the Motor Vehicle Alcohol Test and Lock Program. A copy of the motion shall be served on the prosecuting attorney who shall within thirty days after service advise the judge of any objections to the motion, serving a copy of such objections on the defendant or the defendant’s attorney. If there are no objections filed within the thirty-day period, the court shall thereafter dismiss the charges against the defendant. If there are objections filed with regard to the dismissal of charges, the court shall proceed as set forth in subsection (c) of this section.

(e) Except as provided herein, unless a defendant adjudicated pursuant to this subsection be convicted of a subsequent violation of this article, discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime except for those provided in article five-a of this chapter. Except as provided in subsections (l), (m) and (n), section two of this article regarding
subsequent offenses, the effect of the dismissal and discharge shall be to restore the person in contemplation of law to the status he or she occupied prior to arrest and trial. No person as to whom a dismissal and discharge have been effected shall be thereafter held to be guilty of perjury, false swearing or otherwise giving a false statement by reason of his or her failure to disclose or acknowledge his or her arrest or trial in response to any inquiry made of him or her for any purpose other than any inquiry made in connection with any subsequent offense as that term is defined in subsection (n), section two of this article.

(f) There may be only one discharge and dismissal under this section with respect to any person.

(g) No person shall be eligible for dismissal and discharge under this section: (1) In any prosecution in which any violation of any other provision of this article has been charged; (2) if the person holds a commercial driver’s license or operates commercial motor vehicle(s); (3) if the person has previously had his or her driver’s license revoked under section two-a of this article or under any statute of the United States or of any state relating to driving under the influence of alcohol, any controlled substance or any other drug; or (4) if the person refused the secondary chemical test pursuant to section seven of this article.

(h) (1) After a period of not less than one year which shall begin to run immediately upon the expiration of a term of probation imposed upon any person under this section, the person may apply to the court for an order to expunge from all official records all recordations of his or her arrest, trial and conviction, pursuant to this section except for those maintained by the Division of Motor Vehicles: Provided, That any person who has previously been convicted of a felony may not make a motion for expungement pursuant to this section.

(2) If the prosecuting attorney objects to the expungement, the objections shall be filed with the court within thirty days
107 after service of a motion for expungement and copies of the
108 objections shall be served on the defendant or the defendant’s
109 attorney.
110
111 (3) If the objections are filed, the court shall hold a hearing
112 on the objections, affording all parties an opportunity to be
113 heard. If the court determines after a hearing that the person
114 during the period of his or her probation and during the period of
115 time prior to his or her application to the court under this
116 subsection has not been guilty of any serious or repeated
117 violation of the conditions of his or her probation, it shall order
118 the expungement.

119 (i) Notwithstanding any provision of this code to the
120 contrary, any person prosecuted for a violation of subsection (e),
121 section two, article five of this chapter whose case is disposed of
122 pursuant to the provisions of this section shall be liable for any
123 court costs assessable against a person convicted of a violation
124 of subsection (j), section two, article five of this chapter.
125 Payment of such costs may be made a condition of probation.
126 The costs assessed pursuant to this subsection, whether as a term
127 of probation or not, shall be distributed as other court costs in
128 accordance with section two, article three, chapter fifty; section
129 four, article two-a, chapter fourteen; section four, article
130 twenty-nine, chapter thirty; and sections two, seven and ten,
131 article five, chapter sixty-two of this code.

Be it enacted by the Legislature of West Virginia:

That §33-3-33a of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

year shall not expire, but shall be expended for those purposes in
ensuing fiscal years pursuant to appropriation of the Legislature.

(b) Beginning July 1, 2013, and in each fiscal year thereafter
until June 30, 2017, the excess of the aggregate of amounts
collected by the commissioner that are otherwise required under

(d) The State Fire Marshal, in consultation with the Insurance Commissioner, the State Auditor, the Secretary of Revenue and the Legislative Auditor, shall conduct a review of the needs of each volunteer or part volunteer fire company or volunteer fire department serving in the various counties of the state. On or before December 31, 2015, the State Fire Marshal shall submit to the Joint Committee on Government and Finance a comprehensive report of the review and the State Fire Marshal's recommendations, substantiated by the findings of the review, of steps that may be taken to meet the needs of and sustain the volunteer and part volunteer fire companies and volunteer fire departments of this state, including, but not limited to, the following:

(8) An assessment of the sustainability of the current model of providing fire and other protections to the citizens of rural communities through volunteer fire companies and departments and an assessment of alternative models for providing those protections; and
(9) Other assessments and recommendations which the State Fire Marshal deems appropriate in the circumstances.

(e) Upon the conclusion of the fiscal year ending June 30, 2017, the provisions of this section and section fourteen-a, article four, chapter twelve of this code shall expire and be of no further force and effect and the Volunteer Fire Department Workers' Compensation Premium Subsidy Fund shall be closed. Upon closure of the fund, from any balances therein remaining, the State Auditor shall first, to the extent available, transfer to the Fire Protection Fund an amount equal to the aggregate of funds deposited into the Volunteer Fire Department Workers' Compensation Premium Subsidy Fund during the fiscal years ending June 30, 2014, 2015, 2016 and 2017 pursuant to subsection (b) of this section that would otherwise have been required to be deposited into the Fire Protection Fund, and any balances thereafter remaining in the Volunteer Fire Department Workers' Compensation Premium Subsidy Fund shall expire to the General Revenue Fund of the state.
