BENWOOD
Marshall County
ZIP Code 26031

Magisterial District: Union

In the course of time, early settlers began to occupy the vast, fertile lands along the mighty Ohio River. Small towns began to form. There were no settlers in this part of the valley prior to the coming of the Ebenezer Zane family in 1769.

Sometime in 1771, Captain William McMechen and his wife, Sidney Johnson McMechen, came and settled upon a vast tract of land along the Ohio River where Benwood and McMechen now stand. It was due to their son, Benjamin, that the town is named. Benjamin inherited several hundred acres of his father’s estate and it was upon this land, “Ben’s Woods,” that he built his homestead and farm.

Reference books indicate that this land was once occupied by Shawnee and Delaware tribes and the Mingo branch of the Iroquois Indians.

Throughout the beginning of the industrial boom, many manufacturing companies and rail services began to spring up at an alarming rate. The beginning of midwestern railroad development reached Benwood in 1852 when the Baltimore and Ohio Railroad finally decided to bridge the Ohio at Benwood. Shortly after 1882, Benwood began to experience a remarkable change. Industrial development had brought in the largest steel mills. Thousands of workers and their families came to live within this great industrial town of its time.

Originally chartered on February 28, 1853, and incorporated on March 2, 1853, by Acts of the General Assembly of the Commonwealth of Virginia. Trustees of the town were William McMechen, George Blake, David B. McMechen, Dr. Smith
Holloway, William H. Powell, Samuel H. Norton and A. Wilson Kelley. The assembly authorized these gentlemen to hold office until successors would be appointed by the first election that was to be held on the first Monday in April 1853. The city was again incorporated on February 25, 1882, with the final incorporation being February 22, 1895, by Acts of the West Virginia Legislature.

Thriving businesses of the day were Benwood Manufacturing, 1853; B & O Railroad, 1852; Benwood and McMechen Electric Light, Heat and Power Company, 1897; Benwood Iron Works, 1887; Benwood Southern Street Railway Company, 1893; Benwood Water Company, 1897; Moundsville, Benwood and Wheeling Railway Company, 1894; Wheeling Steel & Iron Company, 1892; and Wheeling Steel Works, 1885.

CEREDO
Wayne County
ZIP Code 25507

Magisterial District: Ceredo

Ceredo was founded in 1857 and incorporated in 1866 by an Act of the Legislature. It was named by Eli Thayer, then a member of Congress from Massachusetts, after Ceres, the Greek goddess of grain and harvest, because of the agricultural opportunities apparently existing here at the time.

One of Ceredo’s first settlers was Z.D. Ramsdell who built a two-story brick residence in 1857. The house has been restored by the Ceredo Historical Landmarks Commission and has become a center of Civil War Era activities. Several other buildings of the Civil War period still exist in the town, some in excellent condition. An example is the
former residence of Dr. J.T. Wharton, a Civil War surgeon and one of Ceredo’s first physicians, located on First Street East.

The town boasts one of the oldest official beautification commissions in the state. Partly due to the efforts of this commission, Ceredo was selected as the winner of the first Governor’s Award in 1979 as “Outstanding All-West Virginia City” and has recently been honored as “Tree City U.S.A.” In rapid succession, a new garage, a beautiful historical museum, and a magnificent city hall have been built since 1992. Incorporated September 8, 1978. Settled in the early 1800s and known as Kincaid’s Ferry prior to 1822, the present name of the town was derived from the wooden-covered toll bridge built in that year as part of the James River and Kanawha Turnpike.

GRANT TOWN
Marion County
ZIP Code 26574

Magisterial District: Paw Paw

The original settlers of the area that is now Grant Town were the McCoy, Ballah, Toothman and Hibbs families.

The town was established in 1901 by the Federal Coal and Coke Company and was named Grant Town for Robert Grant who was at that time vice president of the coal company.

The town was incorporated on November 12, 1946, by an order of the circuit court. Carl Gedel was the first mayor, and the members of the first town council were Hobert Dodd, Fred Pitman, John Basile, Lawrence Clair, and E.G. Dennison. The first recorder was Adam Savich.

The town’s city building was completed in 1949 and houses the mayor’s office and water department offices. Construction of a large, modern building was completed in April 1979, housing a fire department consisting of three modern trucks, a new equipment truck, and two emergency cars.

Construction was completed in May 1985 for a new, modern community building to be available for all community activities.

The town completed construction of a new City Park in May 1987, containing basketball and tennis courts, a jogging track, playground equipment, horseshoe pits, and a picnic pavilion.

In October 1992, an 80-milliwatt American Bituminous Power project’s construction was completed on the edge of Grant Town. In March 1993, it completed commercial operation performance testing and entered commercial operations the following month. This project will gradually purge its site of over 20 million tons of bituminous coal waste, or gob, left by local coal mining operations. As the project consumes the gob, approximately 1,200 pounds per day of acidic coal refuse, which used to be runoff, will diminish until it is no longer discharged. After combustion, the gob is converted to a harmless ash, which is returned to the abandoned underground mine or used as a building material.

Construction was complete in May of 1996 of improvements and enhancements to the Grant Town Water Distribution System which serves the Baxter-Grant Town area. Under a grant obtained from the Small Cities Block Grant Program, Grant Town obtained $450,000 which replaced a major portion of the main water line serving the communities of Grant Town and Baxter.

HEDGESVILLE  

Berkeley County  
ZIP Code 25427  

Magisterial District: Norborne  

Hedgesville, as a political entity, is older than the state of West Virginia, being incorporated under the laws of Virginia in 1854. It was platted in 1830 from land owned by Josiah Hedges and Mary Claycomb, these plots coming from the Lord Fairfax and Westenhaver grants.  

The town grew from a trading village in the gap of North Mountain for settlers moving west. In the 1880s through 1920 it was a summer resort town with a large Victorian hotel, Mt. Clifton, and a smaller Summit House, providing summer lodging for guests from Washington, D.C., and Baltimore, Maryland.  

The town was designated as a 1976 “All West Virginia City” by the state Chamber of Commerce, a federal bicentennial community and has been designated by listing on the National Register, U. S. Department of Interior, as the Hedgesville Historic District.  

The town is a part of the Hedgesville Area Public Service District. Water was made available to the public in February 1978. Consolidation of the county’s three water districts formed the Berkeley County Public Service Water District in 2001. Berkeley County Public Service Sewer District began providing sewer service in August 1988.  

Zoning was implemented in 1995. The town council meets on the first Wednesday of each month. The planning commission meets on the 3rd Wednesday of each month immediately following the council meeting.

PRATT
Kanawha County
ZIP Code 25162

Magisterial District: District I

Pratt’s recorded history dates to 1792 when John Jones, a Revolutionary War veteran, took out a patent for acreage that included the site of the present town. Many Indian relics have been unearthed in and around the town, indicating that in an earlier age Indians roamed the land bordering Paint Creek and the south bank of the Great Kanawha River.

In the 1840s, Dickinson Morris, grandson of Kanawha Valley pioneer William Morris, purchased the land from Jones. Morris later divided his property into lots and streets so a town could be established. He designated one lot to be used as a public square as long as it benefitted the townspeople. The property continues to be used for town activities which are held in Pratt’s historic Old Town Hall, built on the town square in 1875.

Originally called Clifton, then Dego, the town adopted the surname of Charles K. Pratt at the turn of the century. Pratt’s New York company owned timber and mineral rights in the area and maintained offices in the town. On June 4, 1905, Pratt was incorporated.

Gracious old homes are scattered throughout the town, each contributing significantly to Pratt’s rich heritage. The town’s only church, Old Kanawha Baptist, celebrated the 200th anniversary of its founding in 1993. In the hillside cemetery, weathered stones mark graves that date as far back as 1835. Many of today’s residents can trace their ancestry to the town’s pre-Civil War settlers.

During the mine war of 1912-13, the little town was thrust into national prominence when Mary Harris ("Mother") Jones, fiery labor organizer, was imprisoned in Pratt. Tents of the state militia sent to enforce martial law dotted the open fields near the boardinghouse where Mother Jones was kept. When the plight of the well-known agitator was telegraphed around the country, the United States Congress was forced to take action.

Focusing on the town’s role in the history of unionization, the Pratt Old Town Hall Association commissioned a play to be written about Mother Jones during her confinement in the town. The play is presented annually during the Pratt Fall Festival.
Because of its historic importance, a part of the town was designated a historic district in 1984 and placed on the National Register of Historic Places.

SALEM
Harrison County
ZIP Code 26426

Magisterial District: Tenmile

Incorporated in 1794. Originally named New Salem because the settlers who established the town came in a body from Salem, New Jersey, arriving in the spring of 1792.

The land now occupied by the city of Salem was a hunter's camp established in 1785 by Nicholas Carpenter, who used it for a hunting and trapping center. He also used it as a crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta, which was the nearest market. Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridge, Pennsylvania. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem International University, founded in 1888, and the Salem Correctional Center, formerly called the Industrial Home for Youth, established in 1898. Glass has been a major industry. It is the birthplace of United States Senator Jennings Randolph and writer Granville Davison Hall, author of *Daughter of the Elm, The Rending of Virginia*, and many other historical books.

WHEELING

Ohio and Marshall counties
ZIP Code 26003

Magisterial Districts: Washington-Clay-Union-Madison, Center-Webster-Ritchie

County seat. Settled in 1769 by Ebenezer Zane and followers. Name derived from Indian word “Wheeling,” used for years prior to the Zane settlement to designate the creek that bisects the city. In 1793 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called “Fort Henry.” Here was fought, in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

Wheeling was the state’s capital until 1870 and again from 1875 to 1880 when the government was moved back to Charleston.
