Foreword

In the preparation of this 30th volume of the West Virginia Blue Book, I have endeavored to provide information that will be of the most value to its users.

In addition to the usual material included in the Blue Book, there will be found a list of the casualties in World War II for the entire State of West Virginia. It is believed that this will be the only permanent record of this information published for general distribution in the State.

My sincere thanks to those who have contributed their time and cooperation toward making this book a useful source of information.

J. HOWARD MYERS.

EXTRAORDINARY SESSION, 1946

March 18 to 23, inclusive

GOVERNOR'S PROCLAMATION

STATE OF WEST VIRGINIA
EXECUTIVE DEPARTMENT
CHARLESTON

A PROCLAMATION BY THE GOVERNOR

By virtue of the authority vested in me by section seven, article seven of the Constitution of the State, I, Clarence W. Meadows, Governor of West Virginia, do hereby call the Legislature to convene in extraordinary session at eleven o'clock in the morning of the eighteenth day of March, one thousand nine hundred forty-six, for the following purposes:

First: To propose, for submission to the voters at the next general election, a constitutional amendment establishing the State Board of Education and the Board of Governors of West Virginia University as constitutional bodies, prescribing the authority of each board in respect to the supervision and administration of the institutions of higher learning and the free schools of the State, providing for the appointment of the State Superintendent of Free Schools by the State Board of Education, and defining the status of State and County Superintendents of Schools.

Second: To authorize the making of such additional study as may be necessary to provide accurate information concerning the true value of taxable property in each county of the State and the relation of that value to assessed value, so that the Legislature may be in a position to deal intelligently with the recommendations made by Dr. Strayer and his staff in respect to taxation and a more equitable distribution of State aid for the support of public schools.

Third: To take, on the recommendation of the Interim Committee created by Senate Concurrent Resolution Number Six, such action as may be deemed advisable in respect to the release and expenditure of appropriations heretofore made for the educational institutions of the State.

Fourth: To provide, by appropriation or otherwise, such additional funds for the university and the State colleges as may be required to furnish necessary facilities and personnel for the accommodation and instruction of returning veterans and others, whose present or future enrollment at these institutions has made or will make existing appropriations wholly inadequate.

Fifth: To enact legislation providing for State supervision and regulation of hospital service plans and medical service plans.

Sixth: To make appropriations sufficient for the accomplishment of the above purposes and to defray the expenses of this extraordinary session.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State to be affixed.

[SEAL] Done at the Capitol in the City of Charleston, West Virginia, this the twenty-seventh day of February in the Year of our Lord One Thousand Nine Hundred Forty-six and in the Eighty-third Year of the State.

CLARENCE W. MEADOWS,
Governor.

By the Governor:
(signed) WM. S. O'BRIEN,

Division of the Question

50. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order

to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

51. In filling blanks, the largest sum and the longest time shall be first put.

Previous Question

52. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

55. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question on agreeing to the bill or joint resolution, as amended, shall be again voted on by yeas and nays in the Senate, and the result entered upon its Journal. In all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 6, sec. 31.)

56. In all elections of officers which may take place in the Senate the vote of a majority of all the members elected to the Senate shall be necessary.

57. In all elections of officers which may take place in the Senate the vote shall be *viva voce*, and be entered upon the Journal.—(Const., art. 6, sec. 44.)

When an executive session of the Senate has been

dissolved, the result of its action upon any executive nomination considered therein shall be forthwith certified to the Governor in a formal communication signed by the President and attested by the Clerk.

61. All information and remarks touching the character or qualification of any person nominated by the Governor to office, shall be kept secret. The legislative proceedings and the executive proceedings of the Senate shall be kept and recorded in separate books.

62. When an amendment to be proposed to the Constitution is under consideration, the concurrence of two-thirds of the members elected to the Senate shall not be requisite to decide any question for amendments, or extending to the merits, being short of the final question.

Adjournment

A motion to excuse a member from voting must be made before the House divides, or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason therefor.

Members Shall Be in Places When Voting

26. While the yeas and nays are being taken every member shall be in his seat, and during the session of the House no person other than a member shall occupy the chair of a member.

Quorum

27. A majority of all the members elected to the House shall be necessary to proceed to business; seven members may adjourn, and ten members may order a call of the House, send for absentees, and make any order for their censure or discharge. On a call of the House, the doors shall not be closed against any member until his name shall have been called twice.

When Less Than Quorum Present

28. In case a number less than a quorum of the House shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for nonattendance shall be made as the House, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund of the House. This rule shall apply to the first meeting of the House, at the legal time of meeting, as well as to each day of the session after the hour has arrived to which the House stood adjourned.

Taking Members Into Custody

29. No member of the House shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections and Privileges, and reported to the House of Delegates, unless by order of the Speaker of the House of Delegates.

Punishment of Members

30. The House of Delegates may punish its own members for disorderly behavior, and, with the concurrence of two-thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., art. 6, sec. 25.)

Providing for Undisturbed Transaction of Business

31. The House of Delegates may punish, by imprisonment, any person not a member, for disrespectful behavior in its presence, for obstructing any of its proceedings, or any of its officers in the discharge of his duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., art. 6, sec. 25.)

ORDER AND DECORUM IN DEBATE

Recognition and Decorum

32. When a member is about to speak in debate or deliver any matter to the House, he shall rise in his place and respectfully address the presiding officer as "MR. SPEAKER," and, upon being recognized, shall proceed, confining himself to the question under debate, avoiding all personalities and indecorous or disrespectful language.

When a member arises and addresses the Chair, the Speaker may recognize him by name; but no member in debate shall designate another by name.

Recognition by the Chair

33. When two or more members shall rise at the same time, the Speaker shall name the one who is to speak first, and his decision shall be final and not open to debate or appeal. However, in all other cases the member who shall rise first and address the Chair shall be first recognized.

Mover of Question to Have Preference in Debate

34. No question shall be debated until it has been propounded by the Speaker, and then the mover of the question shall have the right to open and close the debate thereon.

Member Out of Order

35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

Calling to Order for Words Spoken in Debate

36. If a member be called to order for words spoken in debate, the person calling him to order shall repeat the words excepted to and they shall be taken down at the Clerk's table. And no member shall be held to answer, or be subjected to the censure of the House, for words spoken in debate, if any other member has spoken or other business has intervened after the words were spoken and before the exception to them was taken.

Decorum During Debate

37. While the Speaker is putting a question, ascertaining the result, or addressing the House, no one shall walk out of or across the House; and when a member is speaking, no one shall engage in conversation or pass between him and the Speaker.

Limitation on Debate

38. No member shall speak except in his place, and not more than twice on a question, except by leave of the House. And if a question be pending at the time of an adjournment and is renewed on the succeeding day, no member who shall have spoken twice on the preceding day shall be permitted again to speak without leave of the House. The House by majority vote may limit debate on any question.

Members Not to be Disturbed While Speaking

39. No one shall disturb or interrupt a member who is speaking, without his permission, except to call to order if he be transgressing the rules.

Speaking Before Negative is Put

40. When the Speaker is putting the question, any member who has not spoken before to the matter may speak to the question before the negative is put.

PUTTING QUESTIONS AND VOTING

Putting Question; Division

41. All questions shall be put distinctly in this form, to-wit: "*As many as are in favor* [as the question may be] *say 'Aye'*," and after the affirmative vote is expressed, "*As many as are opposed say 'No'*." If the Speaker be in doubt as to the result, or if a division is called for by any member, the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterwards those in the negative. The count may be made by the Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by not less than nine members of the House prior to the announcement of the decision by the Speaker.

Yeas and Nays

42. On the passage of every bill and joint resolution, and when the yeas and nays on any question are called for by one-tenth of those present, the Speaker shall direct the roll to be called, and every member present shall answer "Aye" or "No" when his name is called, unless excused. Before the result is announced the Clerk shall read to the House the names of those who voted in the affirmative, and then those who voted in the negative, at which time any member may correct a mistake committed in taking down his vote. The result shall then be announced, and the yeas and nays entered on the Journal, but if the House so orders, the announcement of the result and the entry of the yeas and nays upon the Journal may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced. The Journal shall also show those absent and not voting.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the Speaker shall be called last.

Pairs

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

Division of Question

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

Calling of Yeas and Nays

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

Tie Vote Loses Question

46. In all cases when the House is equally divided, the question shall be lost

Verification of Vote

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

Explanation of Vote

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

When Members Not to Vote

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

Voting by Machine

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, insofar as applicable, shall apply to taking votes by means of the voting machine.

MOTIONS

Stating the Question

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

Form of Motion

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:

1. To adjourn.
2. To lay on the table.
3. For the previous question.
4. To postpone to a day certain.
5. To go into a Committee of the Whole on the pending question immediately.
6. To commit to a Committee of the Whole.
7. To commit to a Standing Committee.
8. To commit to a Select Committee.
9. To amend.
10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

Motion to Adjourn

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

Motions Not Debatable

55. The following motions shall be decided without debate, and shall not be amended:

1. To adjourn.
2. To fix the time to which the House shall adjourn.
3. To lay on the table.
4. For the previous question.
5. To suspend the constitutional rule requiring bills to be read on three several days.
6. To recess.

Motions Not in Order

56. No motion directing the appropriation or payment of money shall be in order.

Effect of Indefinite Postponement

57. When a question is postponed indefinitely, it shall not be again acted on during the session.

Motion to Reconsider

58. A motion to reconsider any question may be made by any member who voted with the majority, or in case of a tie vote, by any member. This motion shall be made on the same or next succeeding legislative day of the House. Such a motion, if seconded, shall take precedence of all other questions, except the consideration of a conference report or a motion to adjourn, and unless by motion postponed until some future time shall be acted upon at once. A motion to reconsider shall not be withdrawn without leave of the House, and if the House decides to reconsider, any member may thereafter call the subject up for consideration. A motion to reconsider a question, having been put and lost, shall not be renewed.

Debate on Motions to Reconsider

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

Reconsideration of Question Requiring More Than Majority Vote

60. When a majority of members present vote in the affirmative on any question, but the question be lost because it is one in which the concurrence of a greater number than a majority of a quorum is necessary to an affirmative decision, any member may move for a reconsideration.

Effect of Motion to Table

61. A motion to lay on the table shall only have the effect of disposing of the matter temporarily, and may be taken from the table at any time after the eighth order of business has been passed.

Motion Must Be Germane

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

Previous Question

63. When any question is before the House, any member being in order and having the floor may move the previous question, but such motion to be put must be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "*Is the motion sustained?*" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "*Shall the main question be now put?*" If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

MEETING OF THE HOUSE

Time of Meeting

Amending and Engrossing Bills

105. On the second reading of a bill on the demand of any two members, it shall be read section by section for amendment, and when the amendments as may be moved are disposed of, the question, unless the House otherwise orders, shall be, if a House bill, "*Shall the bill be engrossed and ordered to the third reading?*" If a House bill shall be ordered to its engrossment and third reading, and amendments have been made thereto, the type from which the bill was originally printed shall be changed to conform with the amendments. The bill shall then be reprinted and shall be the engrossed bill, and shall be designated as such. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amend-

ment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed on as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

Time Bills to Go Into Effect

106. In the passage of a bill by the House, a motion may be made that it take effect from its passage, or at some time other than ninety days after its passage; and if said motion be adopted by a vote of two-thirds of all the members elected to the House, taken by yeas and nays, the Clerk shall communicate that fact to the Senate along with the bill.—(See Const., art. 6, sec. 30.)

Senate Bills

107. Senate bills passed by the Senate and reported to the House shall be referred to the appropriate committee unless the House otherwise directs. After this they shall be treated in the same manner as House bills.

RESOLUTIONS

108. Resolutions shall be of three classes, as follows:

(1) *Joint Resolutions*: All proposed amendments to the Constitution shall take the form of a joint resolution, which shall be subject to the rules which govern the proceedings on bills, except that it shall be read on three several days, and, to be adopted, must on its third reading be agreed to by a two-thirds vote of the members elected to the House.—(Const., art. 14, sec. 2.) When a proposed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[NOTE: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committees, for raising a joint assembly and other inferior and incidental purposes of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in triplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

Action on Resolutions

110. All joint resolutions shall be referred to the appropriate committee, and when any other resolution is presented, containing no reference of the subject thereof to a committee, it shall lie over for one day, to come up under the ninth order of business unless a majority of the House orders otherwise.

PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

AMENDMENTS

Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

Must Be Germane

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

Time For Offering

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

Reading and Stating

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

By Striking Out Enacting Clause

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

Amendment to an Amendment

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

Amendment to Have Precedence Over Substitute

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

Motion to Amend to Have Precedence Over One to Strike Out

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

Filling Blanks

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

No Amendment by Way of Rider

121. No amendment by way of rider shall be received to any bill after engrossment.

Agreeing to Senate Amendments

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary.—(Const., art. 7, sec. 31.)

Amendment by Section

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

Amending Titles

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

Amendments to Senate Bills

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate amendment?*" But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

Amendments to Be Printed in Journal

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

Speaking on Amendments

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

JOURNAL

Clerk to Keep

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

Approval and Correction

129. When the Journal has been read to the end that any mistake made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection be made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

Printing Official Copies

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6 x 9 heavy-weight bond paper, with a certificate at the end thereof, certifying that the same is the official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

Inserting Motions in Journal

132. Every written motion made to the House shall be inserted in the Journal with the name of the member making it, unless it be withdrawn on the same day it is submitted.

CHANGE OR SUSPENSION OF RULES

Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[NOTE: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two-thirds of the members present. Unless there be a unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[NOTE: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit. *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[NOTE: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice-President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

(a) Any person accorded the privilege of a newspaper correspondent must be the telegraphic correspondent of a daily newspaper, or of a recognized press association, who is not engaged in any department of the state government, or in any other business, or must be the official reporter of a Charleston daily newspaper; and no more than one representative of each newspaper shall be admitted to the press tables or press gallery at one time.

Lounging Prohibited in the Hall of the House

139. It shall be the duty of the Sergeant-at-Arms to prevent all persons not connected with the Legislature from assembling in the halls at any time when the House is not in session for the purpose of lounging or loafing. For the purpose of enforcing this rule, the Sergeant-at-Arms or his assistants shall be in attendance at all times, and the persistent neglect or disregard of this rule shall be cause for dismissal by the Speaker, or removal.

140. No person shall be permitted to hawk, peddle or offer for sale any article of traffic at any time within the halls of the House; and it shall be the duty of the Sergeant-at-Arms to strictly enforce this rule.

141. The Speaker shall have power to regulate the use of the halls and stairways of the part of the Capitol building used by the House for refreshments and like purposes when the Legislature is in session.

142. The Speaker or Clerk shall have authority to administer any oaths required by the business of the House.

143. The janitors appointed for or assigned to the House shall, under direction of the Speaker, have care of the House chamber, committee rooms and halls of the House and keep the same in a neat and proper condition at all times.

1. Whenever there shall be a joint assembly of the two houses, a brief account of the proceedings shall be entered upon the Journal of each House, except in the joint assembly for counting votes for state officers.

[NOTE: It is the custom to hold joint assemblies in the House Chamber and they are presided over by the Speaker. In such sessions the Clerk of the House acts as Clerk, assisted by the Clerk of the Senate. The President of the Senate is given a seat to the right of the Speaker and seats are arranged for the members of the Senate.]

Joint Assembly to Open and Publish Election Returns

2. As soon as the Senate, being organized, is informed that the House of Delegates is ready to proceed, as provided by section three of article seven of the Constitution, to open and publish the returns of the elections for state officers, the Senate, preceded by its President and other officers, shall repair in a body to the hall of the House of Delegates. Upon their arrival the Sergeant-at-Arms of the House of Delegates shall announce the presence of the Senate. The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate have assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for State officers, held on the _____ day of _____. The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon his right, and the other members of the Senate and officers thereof to take seats assigned them, and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House; and when completed and estimated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall; and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

Disagreement and Conference

3. Whenever a measure of one house is amended in the other and the house in which it originated shall refuse to concur in the amendment, the house amending the measure may either insist or recede therefrom. But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary consequential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the Clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

Messages Between the Houses

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the Clerk of one house may communicate a message to the Clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

Introduction of Bills

5. No bill, other than an appropriation bill, shall be introduced in either house after the fiftieth day of the session unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill, and adopted by a two-thirds vote of all the members of each house present and voting.

One House to Notify Other of Rejection of Bill

6. When a bill or resolution passed in one house is rejected in the other, notice thereof shall be sent to the house in which the same shall have been passed.

Record of Bills

7. The Clerks of the two houses shall keep separate records or registers, in which shall be recorded every action taken by the Senate and House on each bill and resolution.

Clerks to Endorse Bills

8. The Clerks of the two houses shall endorse on each bill a statement of any action taken by their respective bodies.

Notice to Be in Writing

9. Notice to either house of the action of the other shall be in writing, signed by the Clerk of the house giving such notice.

Each House to Have Control of Own Printing

10. Each house may order the printing of bills, resolutions, reports, and other documents without the consent of the other.

Joint Committees

11. Joint standing committees of the Senate and House shall be appointed as follows:

(1) *Joint Committee on Enrolled Bills*—To consist of five members from each house.

(2) *Committee on Joint Rules*—To consist of the presiding officers and two members of each house, to be appointed by the presiding officers.

(3) *Such other joint committees* as may be provided for by concurrent resolutions. A bill or resolution referred to a joint committee may be recalled from such committee by the house in which it originated.

Engrossed Bills to Be Filed with Clerk of House

12. All engrossed bills passed by, and joint and concurrent resolutions adopted by, both houses shall be filed with the Clerk of the House to be kept with the rolls of the Legislature and to be used by him in printing and publishing the acts of the Legislature.

Joint Committee on Enrolled Bills

13. The Joint Committee on Enrolled Bills shall consist of five members of the Senate and five members of the House of Delegates, to be appointed by the presiding officer of each house, whose duty it shall be to compare carefully all bills and joint resolutions passed by both houses, with the enrollment thereof, and to correct any errors or omissions they may discover and to make reports to their respective houses from time to time, of the correctly enrolled bills or joint resolutions. It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

Printing Enrolled Bills

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, two hundred copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve of these copies shall be on seven and one-fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. From these copies all judges shall be furnished enrolled bills as provided for in section fourteen, article one, chapter four of the code.

Authentication of Enrolled Bills

15. Enrolled Bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead, and they shall require all bills and joint resolutions before such authentication to be free from interlineations or erasures and destroy any previous enrollment containing any interlineations or erasures. A certificate, showing in which house the bill originated and when it takes effect, signed by the Clerks of the two houses, shall be endorsed on the bill. After enrolled bills and joint resolutions are authenticated as aforesaid, they shall be signed by the Speaker of the House and by the President of the Senate.

Presenting Bills to Governor

16. After a bill shall have thus been signed in each house, it shall be presented by the said committee to the Governor, for his approval. The said committee shall report the day of presentation to the Governor, which time shall be entered on the Journal of each house.

Record of Enrolled Bills

17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

Action of Governor on Bills

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become law without his approval," and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the reconsideration and passage of said bill, and sign the same.

Joint Meetings of Committees

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the Chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

What Shall Be Printed in the Journal

20. The following shall always be printed in the Journal of each house:

(a) Messages from the Governor and messages from the other house, the titles of all bills and the title and text of all resolutions.

(b) Every vote taken by yeas and nays in each house, and a brief statement of the contents of each petition, memorial, or paper presented to each house.

(c) A true and accurate account of the proceedings of each house.

Manner of Printing the Journal and Bills

21. In printing the daily Journal of the proceedings of each house there shall be printed at the top of each page, except the first, the date of the Journal and on the last page of each day's Journal shall be printed the calendar for the next day.

At the top of the first page of each bill, preceding the title and number thereof, there shall be printed the name of the person by whom, or the committee by which, it was introduced and the date of introduction; and at the top of each page, except the first shall be printed the number of the bill.

Use of Legislative Halls and Offices

22. Permission to use, other than for statutory purposes, either Legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House as the case may be. During legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purpose whatsoever.

Resolutions

23. Resolutions requiring concurrent action may originate in either house, and shall be of two kinds, namely:

Joint Resolutions: These resolutions shall be used for proposing amendments to the State Constitution and for ratifying amendments to the Federal Constitution. Joint resolutions shall be adopted as provided in section two, article fourteen of the Constitution.

Concurrent Resolutions: Such resolutions shall be used for all purposes not covered by joint resolutions as defined above.

Suspension of Joint Rules

24. No Joint Rule shall be suspended, except by a two-thirds vote of each house, and unless there be unanimous consent, such vote shall be taken by yeas and nays.

Section Four

CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident: that all men are created equal, that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every state of these oppressions we have petitioned for redress in the most humble terms: our repeated petitions have been answered only by repeated injuries. A prince, whose character is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and holds them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are, and of right ought to be, free and independent States; that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be, totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

Every district shall elect two Senators, but where the district is composed of more than one county, both shall not be chosen from the same county. After every such census, the Legislature shall alter the Senatorial Districts, so far as may be necessary to make them conform to the foregoing provision.

[There are now sixteen senatorial districts, as provided by Acts of 1937, Ch. 128.]

Senatorial Districts Designated

7. After every census the Delegates shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the House is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every Delegate District, and of every county not included in a Delegate District, by the ratio thus ascertained, there shall be assigned to each a number of Delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional Delegates necessary to make up the number of which the House is to consist, shall then be assigned to those Delegate Districts, and counties not included in a Delegate District, which would otherwise have the largest fractions unrepresented; but every Delegate District and county not included in a Delegate District shall be entitled to at least one Delegate.

Designation of Delegate Districts

8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first Delegate District, and elect three Delegates; Ritchie and Calhoun the second, and elect two Delegates; Barbour, Harrison and Taylor the third, and elect one Delegate; Randolph and Tucker the fourth, and elect one Delegate; Nicholas, Clay and Webster the fifth, and elect one Delegate; McDowell and Wyoming the sixth, and elect one Delegate.

[There are now no delegate districts, each county having at least one member.]

9. Until a new apportionment shall be declared, the apportionment of Delegates to the counties not included in Delegate Districts, and to Barbour, Harrison and Taylor counties, embraced in such districts, shall be as follows:

To Barbour, Boone, Braxton, Brooke, Cabell, Doddridge, Fayette, Hampshire, Hancock, Jackson, Lewis, Logan, Greenbrier, Monroe, Mercer, Mineral, Morgan,

Grant, Hardy, Lincoln, Pendleton, Putnam, Roane, Gilmer, Taylor, Tyler, Upshur, Wayne, Wetzel, Wirt, Pocahontas, Summers and Raleigh counties, one Delegate each.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has eight Delegates.]

Arrangement of Senatorial and Delegate Districts

10. The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such Districts shall be altered, and Delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State

11. Additional territory may be admitted into, and become part of this State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

No person who may have collected or been entrusted with public money, whether State, county, township, district, or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in this State, until he shall have duly accounted for and paid over such money according to law.

Senators and Delegates Not to Hold Civil Office of Profit

15. No Senator or Delegate, during the term for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Oath of Senators and Delegates

16. Members of the Legislature before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability;" and they shall also take this further oath, to-wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person for any vote or influence I may give or withhold, as Senator (or Delegate), on any bill, resolution, or appropriation, or for any act I may do or perform as Senator (or Delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

Members of Legislature Privileged from Civil Arrest

17. Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place.

Under the provisions of Senate Joint Resolution No. 3, adopted February 12, 1919, and ratified at the general election in 1920, the section was amended to read as follows: "All sessions of the Legislature other than extraordinary sessions, shall continue in session for a period not exceeding fifteen days, from date of convening, during which time no bill shall be passed or rejected, unless the same shall be necessary to provide for a public emergency, shall be specially recommended by the Governor and passed by a vote of four-fifths of the members elected to each house; whereupon, a recess of both houses must be taken until the Wednesday after the second Monday of March following. On reassembling of the Legislature, no bills shall be introduced in either house without a vote of three-fourths of all the members elected to each house taken by yeas and nays. The regular session shall not continue longer than forty-five days after reconvening, without the concurrence of two-thirds of the members elected to each house." The Senate shall choose, from its own body, a President; and the House of Delegates, from its own body, a Speaker. Each House shall appoint its own officers, and remove them at pleasure. The oldest delegate present shall call the House to order at the opening of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and have taken his seat. Vote on the amendment: For ratification, 51,405; against ratification, 26,651; majority, 24,754.

estimate of the appropriations: (1) for the Legislature as certified to the Board of Public Works in the manner hereinafter provided; (2) for the Executive Department; (3) for the judicial department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of the public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

Third: The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The Board of Public Works shall deliver to the presiding officer of each House the budgets and a bill for all proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Board of Public Works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officers of both Houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

Sub-Section C—Supplementary Appropriation Bills

Neither House shall consider other appropriations until the budget bill has been finally acted upon by both Houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each House by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Sub-Section D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The Board of Public Works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The estimates for the legislative department, certified by the presiding officer of each House, of the judiciary, as provided by law, certified by the Auditor, and for the public schools, as provided by law, shall be transmitted to the Board of Public Works, in such form and at such times as it shall direct, and shall be included in the budget.

The Board of Public Works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings, it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, except amendments thereto heretofore made and ratified by the people, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

The effect of the amendment was to strike out the following at the end of the original section: "The Secretary of State shall be appointed by the Governor, by and with the advice and consent of the Senate, and shall continue in office, unless sooner removed, until the expiration of the official term of the Governor by whom he shall have been appointed." For the vote on the adoption of the amendment, see note following section 2.]

[The amendment of this section was proposed by House Joint Resolution of February 15, 1901 (Acts 1901, p. 460) and ratified at the general election in 1902. 6. The Governor shall at the commencement of each session, give to the Legislature information by message, of the condition of the State, and shall recommend such measures as he shall deem expedient. He shall accompany his message with a statement of all money received and paid out by him from any funds, subject to his order, with vouchers therefor; and at the commencement of each regular session, present estimates of the amount of money required by taxation for all purposes.

Extraordinary Legislative Sessions

7. The Governor may on extraordinary occasions convene, at his own instance, the Legislature; but when so convened it shall enter upon no business except that stated in the proclamation by which it was called together.

8. The Governor shall nominate, and by and with the advice and consent of the Senate, (a majority of all the Senators elected concurring by yeas and nays) appoint all officers whose offices are established by this Constitution, or shall be created by law, and whose appointment or election is not otherwise provided for, and no such officer shall be appointed or elected by the Legislature.

9. In case of a vacancy, during the recess of the Senate, in any office which is not elective, the Governor shall, by appointment, fill such vacancy, until the next meeting of the Senate, when he shall make a nomination for such office, and the person so nominated, when confirmed by the Senate (a majority of all the Senators elected concurring by yeas and nays) shall hold his office during the remainder of the term, and until his successor shall be appointed and qualified. No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall such person be appointed to the same office during the recess of the Senate.

How Bills Become Laws

14. Every bill passed by the Legislature shall, before it becomes a law, be presented to the Governor. If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the

House in which it originated, which House shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such reconsideration, a majority of the members elected to that House agree to pass the bill, it shall be sent, together with the objections to the other House, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that House, it shall become a law, notwithstanding the objections of the Governor. But in all such cases, the vote of each House shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State within five days after such adjournment, or become a law.

Respecting Appropriations of Monies

Every bill passed by the Legislature making appropriations of money, embracing distinct items, shall before it becomes a law, be presented to the Governor; if he disapproves the bill, or any item or appropriation therein contained, he shall communicate such disapproval with his reasons therefor to the House in which the bill originated; but all items not disapproved shall have the force and effect of law according to the original provisions of the bill. Any item or items so disapproved shall be void, unless re-passed by a majority of each House according to the rules and limitations prescribed in the preceding section in reference to other bills.

Whenever a vacancy shall occur in the office of Governor before the first three years of the term shall have expired, a new election for Governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

17. If the office of Secretary of State, Auditor, Treasurer, State Superintendent of Free Schools, or Attorney General, shall become vacant by death, resignation, or otherwise, it shall be the duty of the Governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be prescribed by law. [The amendment of this section was proposed by House Joint Resolution of February 15, 1901 (Acts 1901, p. 460) and ratified at the general election in 1902. The only change in the original section was the insertion of the words "Secretary of State" in the first line and by substitution of the words "prescribed" for the word "provided." For the vote on the adoption of the amendment, see note following section 2 of this article.]

18. The subordinate officers of the Executive Department and the officers of all the public institutions of the State, shall, at least ten days preceding each regular session of the Legislature, severally report to the Governor, who shall:

transmit such report to the Legislature; and the Governor may at any time require information in writing, under oath, from the officers of his department, and all officers and managers of State institutions, upon any subject relating to the condition, management and expenses of their respective offices.

Land Entry Prohibited

2. No entry by warrant on land in this State shall hereafter be made.

Forfeited Lands

3. All title to lands in this State heretofore forfeited, or treated as forfeited, waste and unappropriated, or escheated to the State of Virginia, or this State, or purchased by either of said States at sales made for the non-payment of taxes and become irredeemable, or hereafter forfeited, or treated as forfeited, or escheated to this State, or purchased by it and become irredeemable, not redeemed, released or otherwise disposed of, vested and remaining in this State, shall be, and is hereby transferred to, and vested in any person (other than those for whose default the same may have been forfeited or returned delinquent, their heirs or devisees), for so much thereof as such person has, or shall have had, actual continuous possession of, under color or claim of title for ten years, and who, or those under whom he claims, shall have paid the State taxes thereon for any five years during such possession; or if there be no such person, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have title or claim to, regularly derived, mediately or immediately from, or under a grant from the Commonwealth of Virginia, or this State, not forfeited, which but for the title forfeited would be valid, and who, or those under whom he claims has, or shall have paid all State taxes charged or chargeable thereon for five successive years, after the year 1865, or from the date of the grant, if it shall have issued since that year; or if there be no such person, as aforesaid, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have had claim to and actual continuous possession of, under color of title for any five successive years after the year 1865; and have paid all State taxes charged or chargeable thereon for said period.

And any owner of land so forfeited, or of any interest therein, at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest, charged on such land books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein, for the year one thousand eight hundred sixty-three, and every year thereafter, with interest at the rate of ten per centum per annum, and pay all taxes and interest thereon for such years, and thereby redeem the land or interest therein: *Provided*, That such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited.

[This section, prior to its amendment, read as follows: "It shall be the duty of every owner of land to have it entered on the land books of the county in which it, or a part of it, is situated, and to cause himself to be charged with the taxes thereon, and pay the same. When for any five successive years after the year 1869, the owner of any tract of land containing one thousand acres or more, shall not have been charged on such books with State tax on said land, then by operation hereof, the land shall be forfeited and the title thereto vested in the State. But if, for any one or more of such five years, the owner shall have been charged with State tax on any part of the land, such part thereof shall not be forfeited for such cause. And any owner of land so forfeited, or of any interest therein at the time of the forfeiture thereof, who shall then be an infant, married woman, or insane person, may, until the expiration of three years after the removal of such disability, have the land, or such interest charged on such books, with all State and other taxes that shall be, and but for the forfeiture would be, chargeable on the land, or interest therein for the year 1863, and every year thereafter with interest at the rate of ten per centum per annum; and pay all taxes and interest thereon for all such years and thereby redeem the land or interest therein: *Provided*, Such right to redeem shall in no case extend beyond twenty years from the time such land was forfeited."

WEST VIRGINIA CHILDREN'S HOME

Elkins

Superintendent: Dee B. Gainer. Financial Secretary: Myrtle C. Gainer. In-mates: 76.

The West Virginia Children's Home is located in Elkins. It was established by an act of the Legislature in 1899, and formally opened in 1911, to serve as a Home for orphan and neglected boys and girls. In 1935 an appropriation was allotted for an additional unit. The site upon which the two-story brick building is located, contains a 20-acre tract of ground facing Heavner Avenue. In addition to the ground site for the Home, there is a 127-acre farm used for grazing. A modern dairy barn and chicken houses are located on the Home site and a two-room school building with two teachers, one of whom is the principal, is operated on the County Unit plan. The purpose of the Home is to keep, train, educate and maintain the children between the ages of six to fourteen years, until they can be placed in foster homes. Religious training is provided, and every boy and girl who can do anything is given some job in the Home or on the farm. The sanitary conditions of the Home are excellent and the health of the children is very good. All meats, milk, poultry products and our summer vegetables are raised on the Home site and farm.

WEST VIRGINIA COLORED CHILDREN'S HOME

Huntington

Superintendent: C. Shelby Martin. Inmates: 45.

West Virginia Colored Children's Home, located in the City of Huntington, was incorporated in 1900 as West Virginia Normal and Industrial School for Colored Orphans. Purchased by the State in 1911 at which time name was changed to West Virginia Colored Orphan's Home. For some years the institution was supported by private contributions raised by the general manager and friends and by income from the boarding hall and farm. In 1903 the Legislature made a yearly appropriation of \$1,500 and in 1910 this was raised to \$3,000. The purpose of this institution is to provide for Negro orphans and neglected children under the age of 16 and such other children of like age that may be surrendered by their parents in case the latter be invalid, to be kept, maintained, educated and trained until they can be placed in foster homes. The operating program of this institution provides for the total development of the total child to effective citizenship. Provisions have been made for pupils in the institution completing high school work to attend West Virginia State College or Bluefield State College.

The West Virginia Home for Aged and Infirm Colored Men and Women, now located at McKendree in Fayette County, three and a half miles north of Prince, and 15 miles north of Beckley, on the Cheseapeake and Ohio Railroad, was established by an act of the Legislature in 1923. The institution was established in Charleston, and in December 1928 was moved to Huntington. Over-crowded conditions and other reasons made it necessary to move the institution again, and on September 13, 1941, it was moved to McKendree, and is now occupying the buildings and grounds of what formerly was McKendree Emergency Hospital. There is sufficient accommodation for 100 inmates. Purpose is to furnish home and comfort for the aged, feeble, infirm and impaired physical condition, as the case may be, of those without means to support themselves, and who have no relatives, friends or organization upon whom, or which, to depend for care and support. Religious and social programs are provided and those physically able are given odd jobs in and around the institution. The home is maintained by the State, with each County or Department of Public Assistance paying a monthly fee for each person it sends to the home.

WEST VIRGINIA TRAINING SCHOOL

St. Marys

Acting Superintendent: Glenn T. Miller. Inmates: 120.

West Virginia Training School, located three miles north of St. Marys on State Route 2, was established in 1921 by an act of the Legislature. The farm contains 694 acres and is an ideal location for the institution. The purpose of the institution is the treatment, training and readjustment of mentally defective children. Because of the limited capacity of the institution, admissions are restricted to boys between the ages of 7 to 14, inclusive.

In the last year, 40 female inmates from the West Virginia Children's Home have been moved to this institution. In order to take care of the additional inmates it was necessary to completely remodel the large mansion house on the grounds into a 40-bed dormitory complete. The institution is now divided into a male and female unit. The boys and girls are completely separated from each other.

The temperature of the spring water is 74.3 degrees and is invariable, and is said to be helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The hospital is devoted to the care and treatment of nervous and mental diseases, and has received provisional recognition by the American College of Surgeons for its care of the insane, the epileptic, and the mental defective persons in West Virginia.

The plant is comprised of seven buildings for patients, an office building, quarters for employees, residence for the superintendent, main kitchen, shops, power house, laundry and a recreational building, totaling 14 main structures. The prevailing methods of treatment are regularly employed. The grounds, 35 acres in extent, are well shaded by several hundred virgin trees with numerous shrubs and recent plantings.

The Barboursville Unit is termed an institution for custodial care of mental defectives.

LAKIN STATE HOSPITAL

(Negro Mental)

Lakin

Superintendent: Dr. E. L. Youngue.

During the past several years institutions for the mentally ill have been evolving from so-called "insane asylums" to mental hospitals. Lakin State Hospital is proud to have kept pace with progressive movement and as a result, is one of the few mental institutions with active membership in the American Hospital Association. No longer are all patients here considered as hopeless incurables, but early diagnosis and early treatment enable the staff to discharge between 25 and 40 percent of the patients as either improved or recovered.

Complete physical and laboratory examinations are made on each patient on admission to the hospital so that any existing physical condition can be recognized and treated immediately. As soon as the patient becomes adjusted to the institutional routine, a psychiatric examination is made and treatment for the mental condition started. This latter treatment varies greatly with the different types of mental illness and it is necessary to individualize each case. One group of patients may receive a course of the various types of baths in the hydrotherapy department; a second group may receive shock treatment with insulin, metrazol or electricity; a third group may be given medication for some of the physical diseases which produce mental symptoms; and a fourth group may be given no treatment except occupational therapy or interviews with the psychiatrist several times a week.

NATIONAL SELECTIVE SERVICE

WEST VIRGINIA STATE HEADQUARTERS CHARLESTON

(Corrected to September 1, 1946)

Purpose of Selective Service System is to procure men for the armed forces, a task that must be accomplished with maximum efficiency, economy and equity, and a minimum of disturbance to the social, economic, industrial and agricultural life of the Nation. The processes are registration, classification and selection, and delivery for induction. The Governor of the State is responsible for the administration of the Selective Service law, and performs the functions through the "State Headquarters for Selective Service."

History of Selective Service

The Selective Service System was created by Act of Congress, approved by the President September 16, 1940.

The head of the System in each State is the Governor and, under the Law and Regulations, one local board is created for each thirty thousand population and one appeal board for each seventy thousand population. Under the Law and Regulations, the Governor administers the System through members of the National Guard of the United States and of the State assigned to the State Staff and State Detachment.

At the organization, the then Governor, Honorable Homer A. Holt, appointed members for the required number of local boards throughout the State and the appeal boards, local board Appeal Agents, Medical Examiners, Medical and Registrants' Advisory Boards.

On approval of the Act, the following officers and enlisted men of the State Staff and the State Detachment were ordered to active duty with the Army of the United States:

| | |
|---|---|
| Brigadier General William L. Horner | <i>State Director</i> |
| Lieut. Colonel Carleton C. Pierce | <i>Executive Officer</i> |
| Lieut. Colonel Harley M. Kilgore | <i>Legal Adviser</i> |
| Major Fred O. Mitchell | <i>Statistics</i> |
| Major Harley H. Thompson | <i>Inspector</i> |
| Major Luther R. Lambert | <i>Medical Officer</i> |
| Major O. C. Damewood | <i>State Procurement Officer</i> |
| Captain Henry C. Cox | <i>Public Relations Officer</i> |
| Captain Charles A. Wood, Jr. | <i>Ass't Procurement and Disbursing Officer</i> |

In addition to the above officers, the following enlisted men were called to active service and assigned to Selective Service State Headquarters for various duties:

| | |
|------------------------------|-----------------------------|
| Master Sgt. Herbert B. Slack | Sgt. William L. Norman |
| Tech. Sgt. Forrest A. Bare | Corporal Kenneth C. Paisley |
| Tech. Sgt. Sheridan Ball | Corporal Andrew J. White |
| Sgt. Oscar L. Dame | Corporal John C. White |
| Sgt. George W. Heater | |

All of the above enlisted men, except Master Sgt. Slack and Tech. Sgt. Ball, have either been discharged or transferred to other branches.

On the expiration of the term of General Horner as Adjutant General, he was relieved as State Director and assigned to the Regimental Staff of the 150th Infantry, which on January 17, 1941, was called to active service.

Lieut. Colonel Carleton C. Pierce was designated as Acting State Director and Acting Adjutant General and served as such until he was retired by age on October 19, 1941. He was then appointed State Director of Selective Service in a civilian capacity and continued to serve as Acting Adjutant General, having been called back to active National Guard duty in the grade of Brigadier General formerly held.

The Headquarters was opened in the Office of the Adjutant General and the System began to function in a smooth and orderly manner.

The first call came in November, 1940, and regular Calls have been met each month since that time varying in size from the one hundred fifty-five sent on the first Call to as much as sixty-five hundred in some months and, up to the time of this writing, seventy-one Calls have been met for white registrants and seventy-one Calls for colored registrants.

A PICTORIAL SECTION

Babcock State Park streams afford excellent trout fishing.

Glass-sided fish restocking trucks, equipped with motors for aerating water allow long-distance hauls of fish from hatcheries to streams and permit easy inspection of the living cargo.

The state maintains and mans, during fire season, 56 forest fire observation towers — units of equipment in the constant fight to combat the worst enemy of West Virginia timberlands.

State trapper-instructors show vocational agriculture classes, like that above, and other groups of older boys, sportsmen and farmers trapping methods to control foxes and bobcats. General fur trapping also is taught.

Outstanding boys and girls, future leaders of conservation activities in West Virginia, annually gather under competent leaders at the state conservation camp in Webster county. The group above is attending a campfire program at the 1946 camp.

Pens at the state quail breeding farm at Huttonsville hold 8,500 birds ready for stocking in the spring of 1947. The farm is being built to its production capacity of 10,000 birds annually.

One thousand raccoons a year is the goal at the French Creek game farm where more than 450 breeding adults now are maintained.

FEDERAL REFORMATORY FOR WOMEN

Alderson

Warden: Miss Helen Hironimus
Associate Warden: Miss Margaret C. Jones
Chief Clerk: Helen Williams

The Federal Reformatory for Women is situated amidst the foothills of the Allegheny Mountains in Summers, Monroe and Greenbrier Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal prisoners in the United States and the insular possessions, and has a capacity of 500. There are fifteen buildings housing inmates, a Hospital, Administration Building, Laundry, School Building and Auditorium, Storehouse, Shops and an extensive farm with modern dairy, piggery and truck gardens. The Enabling Act specified that each inmate should be given training that would fit her to be self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program of cleanliness, industry and education in citizenship. Classification and casework is highly developed to provide for adequate training within the institution and proper placement in jobs after release.

CIVILIAN PRODUCTION ADMINISTRATION**Regional Office: 450 Union Commerce Building, Cleveland, Ohio**

The Civilian Production Administration was created to assist in overcoming the critical deficit of homes, which was the resultant situation of war-time measures.

The organization is cooperating with the Housing Program in three ways. First, and most important for housing in the long run, is to increase the output of construction materials. We have been pushing this ever since the war ended, and we are getting greater production of many materials. But the increase is not yet great enough to satisfy all the housing needs and the commercial and farm building needs which accumulated during the war.

Under the provisions of Regulation PR-33, the veterans of World War II and builders willing to construct housing for veterans within a maximum sales ceiling, are given preference in obtaining critically short building materials. This regulation, coupled with CPA's effective measure controlling and limiting all commercial and industrial building to non-deferrable, essential projects, is contributing greatly to the veterans' housing goal.

In reality, the CPA is a continuation of the War Production Board, with the additional function of an active Construction Division. The District Office, which embraces the entire State of West Virginia, passes on all commercial and industrial building; and keeps the public informed relative to allocation of materials and priority regulations.

Closely affiliated with the CPA, is the Compliance Division, whose function is to investigate and correct violations of Government Orders.

In order to administer the construction program properly, the District Manager has created various committees to advise relative to essentiality of building projects, not by law, but from realistic standpoint.

By giving the authority to handle applications to do work otherwise prohibited under Veteran's Housing Program to the Government Agency which is most familiar with the need—housing to Federal Housing Administration, farm jobs to the county agriculture committees, and industrial, commercial and other construction to the Construction Division, we expect to get the greatest good from the available quantity of building materials.

OFFICE OF PRICE ADMINISTRATION

Headquarters: Charleston

June 30, 1946

The Office of Price Administration was established on January 30, 1942, by the Emergency Price Control Act. Touching every business which buys or sells, it was charged with three basic duties: First, the prevention of inflationary increases

in the prices of commodities, and in rents in defense rental areas; second, the rationing of commodities for civilian consumption; and third, the protection of consumer interests.

OPA came into existence at a time when war production demands had caused the prices of basic raw materials to rise 66 per cent in the period which intervened following outbreak of war in Europe in September 1939; in the same period, wholesale prices had increased 31 per cent; and retail prices of clothing, house furnishings, and foods were up 25 per cent.

Immediately coordinating War Price and Rationing Boards in the 55 counties of the State, OPA moved on April 28, 1942, to freeze the retail, wholesale, and manufacturer's prices of almost every commodity at highest March 1942 levels. The charge for services connected with commodities was also fixed and rentals stabilized in defense rental areas.

As time passed, numerous necessary amendments and new regulations were placed in effect to control living costs. In 1943, to obtain better compliance with food pricing regulations and to simplify the pricing structure, OPA introduced "dollar-and-cents" Community Prices, which are fixed by district offices using established pricing formulae. Community Pricing has now been extended throughout West Virginia. In this way, every housewife now can know the maximum price on a "dollar-and-cents" basis.

In August, 1943, OPA acted to freeze restaurant prices in this State, setting maximum restaurant prices at the highest level in the period April 4-10, 1943.

When the program began in West Virginia in 1942, sixty-nine Local Boards were set up throughout the State. Through increased efficiency, consolidations reduced this number to fifty-nine by V-J Day. By the elimination of rationing after the end of hostilities in 1945, the number of Price Control Boards was reduced to 33 by June 30, 1946.

The end of the war brought many new problems for OPA. Consequently, the organization began establishing prices for civilian goods which had been out of production during the war. A comprehensive program was also put into effect for pricing the huge quantities of surplus war goods and placing stricter controls on building materials.

The price control and rationing programs are administered by the Price Control Boards which are divided into price panels. The boards are responsible to the district office in Charleston, which in turn answers to the regional OPA office in Cleveland. The Charleston office was opened in May 1942.

UNITED STATES SAVINGS BONDS DIVISION FOR WEST VIRGINIA

UNITED STATES TREASURY DEPARTMENT

Office of State Director: 105 Federal Building

Telephone Capitol 37-677, Charleston 1

State Administrative Staff

State Director: Bernard S. Payne Charleston
Deputy State Director: John N. Cackley, Jr. Charleston
Secretary-Office Manager: Lena Kinzel Charleston
Clerk-Typist: Mary Leahy Charleston

The United States Savings Bonds Division for West Virginia, successor to the Treasury Department's wartime financing organizations in the state—West Virginia War Savings Staff and West Virginia War Finance Committee—came into being on January 1, 1946, following the successful termination of the Victory Loan drive, in which the state's army of Bond volunteers achieved an all-time high sales performance of 233 per cent of assigned quota.

Establishment of the Treasury's peacetime Savings Bonds organization was mainly one of consolidating the wartime gains made in the habits of thrift by insuring availability of Savings Bonds and Stamps at as many outlets as possible, and encouraging their purchase by the continuance of the methods so successfully employed during the war.

The United States Savings Bonds Division is a part of the office of the Secretary of the Treasury. National Director is Vernon L. Clark, of Des Moines, Iowa. State organizations are headed by state directors. Director for West Virginia is Bernard S. Payne, of Charleston, who became identified with the War Savings Staff as Deputy Manager in May, 1942, later being named executive manager of the West Virginia War Finance Committee. Prior to his affiliation with the Bond program, he was engaged in newspaper work in Columbus, Ohio, Welch and Williamson.

Following the retirement from the "firing line" of the hundreds of patriotic West Virginians who gave unstintingly of their time and talents to the war financing effort, a State Advisory Committee was formulated in February, 1946, "to provide every volunteer who so desired a further opportunity for public service." The Committee is composed of approximately one hundred prominent citizens representing business, banking, industry, the church, education, labor, the press, radio, professions, and civic and social organizations. At the request of the Honorable Fred M. Vinson, then Secretary of the Treasury, A. C. Spurr, President of the Monongahela Power Company, of Fairmont, who served as State Chairman of the West Virginia War Finance Committee, accepted the state chairmanship of the advisory committee.

Primary objective of the Savings Bonds Division is to induce as many people as possible to buy Bonds regularly to some extent of their income or means, to help combat inflation, maintain thrift habits, spread the public debt, provide future education, and build reserve spending power.

Sales of Series E, F and G United States Savings Bonds for the first six months of 1946 in West Virginia exceeded \$37,000,000 (thirty-seven million dollars) giving credence to the statement by Treasury officials that "the people of West Virginia have given their unqualified endorsement to the peacetime Savings Bonds program, and that they are investing not only a part of their income but a portion of their savings as well in U. S. Savings Bonds."

GENERAL INFORMATION

AERONAUTICS

By HUBERT H. STARK

The National Airport Bill has been passed by the Congress. The total state apportionment over a seven-year period is \$3,998,144.00, which is a net state percentage of 1.122286%. CAA will prepare the necessary forms and regulations for submission of applications. CAA engineers will confer with local authorities to determine their needs in light of developments since 1944. The planning will be decentralized as much as possible into the nine CAA regions (West Virginia will be under Region 1, New York) and, in addition, there will be one district office for each State. The location of the West Virginia District office will be in Charleston. These district and regional offices are the focal point for airport action. Delegations to Washington pressing for action on specific projects will serve only to slow down progress.

Local groups are urged to move full speed ahead with airport planning and promotion. The more local planning that is done, the lighter will be the CAA task and the faster actual construction can begin. At best, very little construction work can get under way before next spring. If you make sure that your community has all necessary legislative authority to participate in the program, if you get your site selection and design details well under way, and if you make all possible preparations for the necessary financing, then you can be assured that your project will move forward rapidly.

Unless prohibited by state law, any public agency such as a city, county, or several such units acting jointly, can apply to the CAA for financial aid on a prospect called for in the National Plan, giving all information necessary to determine whether it is in accordance with CAA standards. When CAA approves a proposed small airport—that is, Class 1, 2, or 3—the Act specifies that it shall pay 50% of the allowable cost. In the case of Class 4, or larger airports, the CAA may pay any portion of the allowable cost it sees fit, up to 50%. The allowable cost includes: 1st, The expense of plans and surveys which may be incurred after the passage of the law, but either before or after the CAA approves a grant; 2nd, Reasonable cost of construction work on the field itself and on administration buildings, but not on hangars; and 3rd, A part of land costs. The U. S. share of the land cost is to be 25%, except that on larger airports this is a maximum, to be paid at CAA discretion.

Don't apply for Six Months. Funds become available July 1, 1946, but CAA says it will not be able to approve any expenditures for about six months after passage of the Act. It will take that long to develop specifications and procedures and draw up the new program. CAA officials have emphasized that they will not even be able to consider applications for airports until their national study is complete. For this preliminary planning, Congress has given them a special \$3,000,000.00 fund.

It makes no difference if work already has started on an airport. Communities which have gone ahead on their own and financed airport projects are equally as eligible for Federal Aid as those which are starting from scratch. While Federal funds can be spent only on construction scheduled for completion under the new CAA National plan, communities may find that with CAA help they can add improvements to their airports.

WEST VIRGINIA NONINTOXICATING BEER COMMISSIONER

In pursuance of a joint resolution of the legislature in 1911, submitting a constitutional amendment, duly ratified by the voters on November 5, 1912, the sale of alcoholic liquors and beer was prohibited as of July 1, 1914, and beer was not again sold in West Virginia until the enactment of laws relating thereto in 1933. The first bill relating to the sale of beer was Chapter 24 of the Acts of the Regular Session of the Legislature of 1933, passed March 11, 1933, and effective ninety days from passage. This Act never actually became effective, since Chapter 20 of the Acts of the First Extraordinary Session of 1933 was passed on March 12, 1933, effective from passage, and repealed the former enactment of the Regular Session. Under this Act, the sale of nonintoxicating beer of an alcoholic content of 3.2% by weight was authorized in this state, and the licensing of package dealers, dispensers, distributors and brewers was authorized; a barrel tax of \$1.00 per barrel of thirty-one gallons was levied, and the authority for the enforcement of the law, the collection of license fees and barrel tax was placed in the Tax Commissioner, and the Act was a part of the General License Law of the state (Chapter 11, Article 12). By Chapter 61 of the Acts of the Second Extraordinary Session of 1933, some amendatory provisions were had to this law. By Chapter 6, Acts of the Regular Session of 1935, some minor amendments were had, and the package dealer's license was dropped from the law. Some rather severe restrictions were placed on brewers and distributors, prohibiting them from giving, loaning, or otherwise placing in the hands of retail dealers, signs, cooling equipment, and other equipment designed to control or persuade retail dealers to deal exclusively in particular brands of beer. By Chapter 12, Acts of the Regular Session of 1937, the Acts of 1935 and prior Acts were repealed, and the Beer Law was lifted entirely out of the general license provisions of our law, and was set up in a separate article (Article 15, Chapter 11). These amendments gave the Tax Commissioner very much broader authority, provided for an assistant with all of the authority of the Tax Commissioner, increased the alcoholic content from 3.2% to 5% by weight, increased the barrel tax from \$1.00 to \$1.37½ per barrel of thirty-one gallons, and authorized the employment of undercover enforcement personnel (no enforcement employees had been provided for theretofore and such enforcement as was had was paid for out of other appropriations of the Tax Commissioner), and the Act further provided a surety bond of all licensees as a condition precedent to obtaining a license.

By Chapter 15, Acts of the Regular Session of 1945, the Beer Law was again amended, but remained substantially the same as the enactment of 1937, with the following primary changes: (1) The creation of a separate department, an independent administrator, to be known as the "West Virginia Nonintoxicating Beer Commissioner," and authorizing the appointment of a deputy and other employees; (2) giving the courts of records of this state concurrent jurisdiction with the Commissioner in the revocation of retail licenses, and setting up procedure for hearing such matters; (3) reducing the alcoholic content of beer from 5% to 3.2% by weight; (4) requiring a \$5,000.00 bond, conditioned to comply with the laws of this state, of nonresident brewers shipping to distributors within West Virginia; and (5) the licensing of package dealers was again inserted in the law.

The new law regulating the manufacture, distribution and sale of beer gives the Beer Commissioner ample authority and discretion in the issuance and revocation of licenses, and provides funds for investigation and enforcement purposes. It is believed that the Act is a very great improvement over the former Beer

Law, and that commendable results are being and will be obtained under it. This belief is justified by reports received from the department's investigators, law enforcement officers, and public-spirited citizens.

The majority of the brewers, distributors and retail dealers are cooperating with the department to build up the industry upon a proper business basis within the state. It is believed the great majority of licensees are conscientious in an effort to cooperate and honestly and sincerely obey the law in spirit as well as in letter. There are others, however, as there are in other businesses, who are not disposed to comply, and these are being slowly eliminated from the industry.

As a statistical matter, licenses were issued for the fiscal year 1945-46 to one brewer, 142 distributors, 3,626 retail dealers, 268 package dealers, 116 railway cars, and 287 clubs. During the course of the fiscal year, there have been 94 licenses revoked, 111 licenses suspended, and 71 were surrendered for one reason and another.

As a financial proposition, there was received from licenses during the fiscal year, \$389,190.00, and from barrel tax first eleven months of fiscal year, \$1,040,971.67. Bond forfeiture or licenses revoked, \$13,400.00, or a total of \$1,443,561.67.

It would appear that within a reasonable time, and with the cooperation of those engaged in the industry, we can place this industry on a business basis, and that enforcement will amount to supervision of a group of citizens honestly endeavoring to operate a profitable and legitimate industry in the state.

THE STATE TEACHERS RETIREMENT SYSTEM

By RICHARD E. HYDE, Executive Secretary

In 1941 the Legislature of West Virginia made educational history by passage of a modern teacher retirement law, which was broadened by amendments in 1945.

The general administration and responsibility for the operation of the State Teachers Retirement System and for making effective the provisions of the retirement act of 1941 are vested in the Teachers Retirement Board composed of seven members; the governor, who is chairman *ex officio*, the state superintendent of free schools, the state treasurer, the state insurance commissioner, and three teacher-members elected for three-year terms by members of the retirement system. The manner and mode of such election is determined by the retirement board. Vacancies occurring in terms of elected members are filled for unexpired periods by the governor upon the recommendation of the state superintendent of schools. Members of the board serve without salary, receiving, however, salaries from their employers and reimbursements for expenses while performing board duties. The attorney general of the state is the legal adviser of the board.

The board employs an executive secretary and the technical and administrative employees necessary to carry out the provisions of the act. Individual accounts are kept, showing each member's contributions and accrued interest at three percent compounded annually. At least once within the first three years of the operation of the law and each quinquennial period thereafter, the board is required to employ a competent actuary to make an evaluation of the system. Annual reports showing the condition of the various funds are made.

Members of the state teachers' retirement system are eligible for an annuity after thirty-five years of service as a teacher in West Virginia, or after attaining the age of sixty years with at least five years service. Upon attaining age sixty-five, the member must retire, unless his employer requests his retention in writing to the retirement board, and the retirement board approves such request.

A member is eligible for a disability annuity, if he satisfies the conditions specified in both (a) and (b) as follows: (a) service as a teacher in West Virginia must total at least ten years, and such service must have been terminated because of disability; (b) an examination by a physician or physicians selected by the retirement board must show that the member is mentally or physically incapacitated for service as a teacher, that for such service the disability is total and likely to be permanent and that he should be retired in consequence thereof.

Members of the retirement system contribute four percent of their monthly salaries to individual accounts in the Teachers Accumulation Fund. At the retirement of the contributor, the state pays three percent per annum interest on the member's contributions, and matches the contributions and interest thereon. This money is applied to an annuity table for computation of annuity due.

Upon written application a member may borrow from his accumulated contributions, subject to these restrictions: (a) Loans are made in multiples of fifty dollars, and may not exceed either twice the member's monthly salary or one-half of his accumulated contributions; (b) members who are within five years of qualifying for age or service retirement are not eligible for loans; (c) interest charge is six percent per annum; (d) if a refund or benefit is payable to the borrower before he pays the loan with interest, the balance due is deducted from such refund or benefit; (e) the member repays the loan through monthly deductions from his salary.

When members withdraw from service for causes other than death or retirement, upon request they are paid their own accumulated contributions with interest; at death such payments are made to the member's estate or to a person nominated by the member by written notice filed with the retirement board. Ten years after a teacher ceases to be a member of the system, if he does not claim his contributions and the board cannot locate him, such contributions are forfeited to the retirement system. A teacher with twenty years service, upon withdrawal from membership, may elect to receive at retirement age an annuity which is the actuarial equivalent of his accumulated contributions with interest plus the employer's contributions with interest.

In 1945-46 the total net receipts of the Teachers Retirement Board were \$3,070,147.33, and the total net disbursements were \$2,840,236.88, the cash balance being \$229,910.45 on June 30, 1946.

Sources of the receipts were the appropriations to the different funds, interest on investments, contributions and deposits of members, loan collections, interest on loans, bond redemption, and balance on hand.

Purchases of bonds totalled \$2,145,000. In making such purchases, it was necessary to pay \$4,136.10 for accrued interest. This sum will be repaid in the form of interest earnings in the future. Refunds to withdrawn members totalled \$114,761.84, being \$47,192.74 in excess of those for 1944-45. Death refunds decreased slightly, the amount being \$7,114.87 in 1945-46 and \$7,394.57 in 1944-45. Benefits paid were \$532,002.45, an increase of \$95,221.15 over those of 1944-45.

WEST VIRGINIA'S TRADE AND INDUSTRIAL POSITION TODAY

(Prepared by the Research Staff, West Virginia Chamber of Commerce)

Geographical Advantages

West Virginia is located within a 500-mile radius of more than 50% of the population of the United States, and within this radius is also located 60% of the Nation's effective buying power.

The State lies principally in the Appalachian Mountain Range, and its topography is as irregular as its border, elevations ranging from 240 feet above sea-level at its lowest point at Harpers Ferry to 4,860 feet above sea-level on Spruce Knob in Pendleton County. Its mean elevation of 1,500 feet is the highest of any state east of the Rockies. Although the physical characteristics of West Virginia cause the climate to be varied, it is nevertheless comfortable, with the temperature averaging 53.2 degrees and with an ample and well-distributed annual rainfall averaging 45.05 inches.

Because of the topography, avenues of communication and commerce in West Virginia naturally more or less follow the streams and valleys, so that the State is widely divided in its economic relations, not only within its own borders but with other states. The northern part of the State has interests in common with Ohio and Pennsylvania, Pittsburgh being the metropolitan center for that section of the State. The eastern part is relatively close to the Atlantic coast where Washington and Baltimore are the trading centers. The western part finds its outlet to markets through the Ohio Valley and centers its trade relations in Cincinnati; while the southern counties have much in common with Virginia. Most of the State is embraced in the Fifth Federal Reserve District, centering at Richmond, Virginia.

While West Virginia's terrain is mountainous, it is not excessively rugged, and its beautiful valleys and mountain streams are increasingly attractive to tourists. Economic development of the State as a vacation spot holds tremendous possibilities once its reputation as a tourist center is established.

The State is 39th in size and its land area is 15 million acres, approximately two-thirds of which is more suitable for forests and pasture than for urban development or cultivation.

Population and Income

While West Virginia contributed proportionately more than its share of young people to the armed forces during the war years, it was not a victim of migratory movements of its population to war industry centers such as was experienced in a number of states. Estimated population on July 1, 1945 of 1,724,677 reflects the absence of about 200,000 of its people in the armed forces or at out-of-state war plants, but it is believed that subsequent estimates of the State's population will confirm the upward trend of the past 35 years. In the last official census of 1940, the State ranked 27th among all the states in population. However, West Virginia has 72 persons per square mile compared with the Nation's average of 41, while 93.8% of her people are white and 97.7% of this number are native born. Almost 85% of her citizens were born within the borders of the State.

There are no large metropolitan areas within the State, but three cities have populations ranging from 60,000 to 100,000; five have populations of over 25,000; and 12 exceed 10,000.

The income of West Virginia's people in 1945 reached almost a billion and a half dollars, which is almost precisely double that of twenty years ago. On a per capita basis this would mean \$845 for every man, woman and child in the State, representing a 6% increase over per capita income for 1944, an increase which places the State eighth in the Nation in 1945 percentage increase over 1944.

Natural Resources

Although West Virginia is the 39th State in area, it ranks fourth in the Nation in the total value of mineral production, the figure being \$612,366,000 for 1944. In proportion to size, West Virginia has the largest mineral output of any state, with a value of mineral products of some \$25,000 for each square mile of area in 1944. Only a few of the sparsely populated western states have a greater mineral production per capita than has West Virginia.

The State's natural resources were originally developed primarily to support industries in other States, and capital of necessity came from without the State and from many directions. Nevertheless, many local enterprises have existed within the State, some of them dating almost from the time of the first settlement in the State. The history of these local developments reveals many interesting examples of pioneering enterprise.

Coal Mining

Mining of bituminous coal is West Virginia's largest industry and since 1931 it has led all other states in its production. More than one-fourth of the Nation's bituminous coal comes from this State and in 1945 the production figure was 152,000,000 tons which compares with the record figure of 1944 amounting to 165,000,000—a truly remarkable record for that period of the war when so many miners were absent in the service of the country. While some 100,000 miners were employed in the production of coal in the fiscal year ending June 30, 1946, receiving \$284,000,000 in wages, coal's contribution to the purchasing power of the State must also be considered in relation to the dependent industries which pay wages annually aggregating the contribution to the economy made directly by the coal industry.

Every kind of bituminous coal is found in West Virginia and one of its numerous seams is considered the most valuable single mineral deposit known anywhere in the world. Recoverable reserves of coal, after the 1945 production year, are conservatively estimated at 60 billion tons, whereas the total recorded production since 1883 has been only 4½ billion tons, this despite the State's virtually unchallenged leadership of the past 15 years.

Natural Gas and Oil Production

West Virginia produces more natural gas than any other state east of the Mississippi and ranks fifth among all the states. However, production continued to decline during 1945 from its 1943 peak and at an even greater rate than was experienced in 1944, a decline which was not wholly due to the exhaustion of the State's proven reserves, but was at least partially attributable to labor and drilling equipment shortages. Furthermore, toward the close of 1945, new developments in the east-central part of the State, and in Wyoming County, were so productive as to kindle hopes for a reversal of the declining trend in output. At the present time, gas is imported in great quantities from the southwest and redistributed through West Virginia's pipeline system, constituting a major threat to West Virginia's coal market, as well as to the State's gas producing industry. Production in West Virginia in 1945 is estimated at 192,000,000,000 cubic feet as compared to 213,000,000,000 cubic feet in 1944. It is estimated that nearly 9,000 gas and oil workers received \$18,866,000 in wages in 1945. Natural gasoline valued at more than three million dollars and liquified petroleum gases valued at more than one million dollars are obtained annually from natural gas in West Virginia.

West Virginia's present petroleum production is largely incidental to that of natural gas, and the 1945 production of 2,879,000 barrels was the smallest volume recorded since production began over 50 years ago. The quality of West Virginia crude oil, however, is of "Pennsylvania Grade" which is the best quality produced in the United States.

Stone, Sand and Gravel

A mineral of vast chemical possibilities is limestone which is found in great quantity and of wide variety in the Eastern counties of the State. The Bessemer

process of steel manufacture makes West Virginia limestone in great demand, and millions of tons have been quarried and shipped to Pittsburgh and other steel centers. Of the total United States tonnage, 3% is secured in the State. Considerable tonnage of limestone is used in the manufacture of Portland cement, also in concrete aggregate, railroad ballast, rock dusting of coal mines, in road construction and for agricultural lime. In 1945 the value of stone produced in West Virginia was nearly four million dollars.

Sand and gravel for building and molding is available in numerous localities throughout the State but the sand of most importance is glass sand, extensive deposits of which run as high as 99.89% in pure silica. In 1945 the sand and gravel produced in the State was valued at \$3,323,000.

Salt and Brines

The necessity of drilling deep holes to reach the West Virginia salt brines caused the early invention of drilling practices upon which the petroleum industry of the world was founded. Salt production, West Virginia's oldest industry, is now a million dollar enterprise and has played a significant role in the spectacular development of the State's chemical industry. Although the salt industry in the Kanawha Valley has finally yielded to outside competition to meet the demand, West Virginia's newly developed solid salt beds, extending along the Ohio River from above Wheeling, on the north, to Point Pleasant, on the south, have opened up a new field for the development of another great chemical center.

Lumber

There are 10 million acres of forest land in West Virginia, which is approximately 65% of the total land area of the State. West Virginia's forests are predominantly hardwood, and in the first three months of 1946, the State ranked first in the Nation in the production of hardwood lumber. In the face of unprecedented demands in 1945, however, lumber production of all kinds fell 153 million b.m. ft. to 478 million b.m. ft., a continuing labor shortage and OPA restrictions being largely responsible for the decline. This 1945 production compares with a high during war-time of 655 million b.m. ft., and indicates that the capacity of West Virginia's mills and forests is by no means being fully utilized. For the fiscal year ending June 30, 1946, according to reports of the Workmen's Compensation Fund, nearly 10,000 workers were paid fourteen and a half million dollars in wages in the Lumber industry.

Electric Power

Keeping pace with the development of the electric power industry throughout the country, West Virginia now has within its borders, a generating capacity slightly in excess of 1,000,000 K.W., most of which is in steam plants utilizing coal produced in West Virginia. Electrical energy output in the State has been stabilized at a point just short of 6 billion KWH for the past three years. U. S. steam electric plants used 72 million tons of bituminous coal in 1945, yet only 3 million of West Virginia's 152 million tons of coal output was used for this purpose, which shows the repressive effect upon the expansion of West Virginia steam power plants of competition from governmentally subsidized hydro plants.

Manufacturing

The value of manufacturing output in West Virginia has multiplied more than five times in the past 35 years and in terms of 1926 dollars (which discounts inflationary and deflationary trends), the value for 1945 is estimated at 1 billion 385 million dollars; and yet the value of our manufactured products is still far out of balance with the State's production of bituminous coal and gas, natural resources which are immensely important in many manufacturing processes and which the State produces in large volume. With 135 million tons of raw coal or about 90% of the total produced annually, and 125 billion cubic feet of natural

gas, or 65% of the total annual production, being shipped out of the State in 1945, it can readily be seen that the State is exporting an extraordinarily large part of its potential wealth.

The abundant supplies of high quality glass sand and natural gas have made the State an important glass-making center and its now ranks third among all the states in output of flat, blown or pressed glass and glass containers. In the manufacture of pottery and enamelware, West Virginia leads all other states. According to the reports of the Workmen's Compensation Fund, the glass, pottery and brick and tile industries employed 25,283 workers in the fiscal year ending June 30, 1946 at a total annual wage of \$52,647,000.

The value of the 1945 output of the three principal manufacturing industries in the State is estimated as follows: Metals, including machinery, tools, and alloys, \$500,000,000; Chemicals, textiles and allied products, \$325,000,000; and glass, pottery and ceramics, \$175,000,000.

Construction

Construction contracts, depressed in volume by war-time controls throughout most of 1945, rose to 1925 levels in the first half of 1946, and a new record for West Virginia building is confidently predicted for the current year. The value of contracts awarded in 1945 was \$30,844,000, a figure to be compared to \$62,698,000 of such awards during the first eight months of 1946.

Two chemical plants costing in excess of five million dollars each are now in the process of construction along the Ohio River—one near St. Marys and one south of Parkersburg—and it is anticipated that other companies will take advantage of the natural resources to be found in this section of the State.

Transportation

The excellent facilities of West Virginia's railroads are an important factor in the State's progress industrially and commercially. With four railroads running east and west and with three connecting lines running in a north-south direction across a large part of the State, West Virginia is well served by rail transportation. The six largest of these railroads maintain 6,552 miles of a total trackage of 7,243 miles.

West Virginia's highway system of 33,129 miles, including approximately 4,837 miles of primary and 28,292 miles of secondary roads, is also most important economically. Principal federal arteries link the State with its neighbors in every direction, and the State's capital city of Charleston is only overnight from both New York and Chicago.

The following streams within and along the borders of the State have been made navigable in whole or in part for river transportation, the total mileage being approximately 500 miles; Ohio, Monongahela, Kanawha, Little Kanawha and Big Sandy. On the State's navigable rivers, the commercial channels vary from a depth of 4 feet on the Little Kanawha to 11 feet on part of the Monongahela from near the West Virginia border to Pittsburgh.

The construction of facilities for commercial air transportation in West Virginia has practically all been undertaken during the past fifteen years. At the present time, there are more than thirty-five airports which may be considered of sufficient size and in condition to accommodate commercial transportation in some measure. A number of east-west transcontinental airlines cross the State and the larger commercial planes and heavier traffic are now using, or soon can use, large ports at Wheeling, Parkersburg's \$4,000,000 enlarged airport, and Charleston's new \$6,000,000 port.

Agriculture

Of West Virginia's total area, 58% is classified as farm land, and the U. S. Census Bureau shows the State as having 99,068 farms in 1945, with more than half a million persons of all ages shown in the farm population. Cash farm income, representing cash sales plus value of farm products consumed on the farm is estimated at \$132,752,000 in 1945 of which nearly half was from livestock

and livestock products. The State ranks second among the states east of the Mississippi in the number of purebred Hereford herds and third in the number of animals in purebred Hereford herds.

The gross per capita income of West Virginia's farm population was \$250 in 1945, as compared to a per capita income of \$1,100 for the balance of her people, from which it is quite evident that increased production on West Virginia's farms remains a major economic problem, but one to which the solution is made relatively easy because of the great demand for all kinds of farm products on the part of a rapidly increasing industrial population which now imports a large proportion of its food requirements. Gross income from milk, eggs and baby chicks production, however, has risen tremendously in the past ten years. Highly organized also is West Virginia's commercial apple industry which showed a \$7,759,000 cash income in 1945, with the State regularly ranking among the top apple producing states of the Nation.

Wholesale and Retail Trade

Preliminary estimates of wholesale and retail sales in West Virginia during 1945 of 525 million dollars and 776 million dollars respectively indicate that such sales almost doubled their dollar volume of 10 years ago. Increases over the 1944 dollar volume were \$62 million at wholesale and \$92 million at retail. Despite these increased expenditures for goods, however, the figures must be viewed in the light of a combination of higher prices and lower quality of merchandise which serves to depress the living standards of the people.

It is estimated that \$395 in surplus income was left in the hands of each West Virginian after all purchases at retail were made in 1945, and a large portion of this was invested in life insurance. Ordinary life insurance sales in the State in 1945 were greater in volume than those of any year since 1930 and reached a total of nearly \$84 million, a 22% increase over similar sales in 1944. Total bank deposits as of June 30, 1946, in the State's 179 State and National Banks were \$887 million, a figure \$85 million greater than on June 30, 1945.

Taxation

West Virginia's system of taxation has somewhat awkwardly developed in such manner as to cause all segments of the population to make reasonably equitable contributions to the support of Government. When viewed separately some parts of the tax structure appear to bear disproportionately on the affected groups, an example being the so-called Gross Sales, or "Business and Occupation Privilege" tax, which is regarded by many manufacturers and extractive industries as unduly burdening their products, but it must be borne in mind that West Virginia imposes neither a net corporate income tax nor a personal income tax, and furthermore that assessment ratios, both against real estate and manufacturing facilities, are generally made on non-utility corporations at rates as low as 10% to 40% of "true and actual" value. The sales tax principle, as applied to producer as well as to consumer, is responsible for nearly 50% of the total tax income at the state and local level in West Virginia, this State being one of the leaders in the application of this increasingly popular principle.

Conclusion

In reviewing the West Virginia industrial picture today, it is well to keep in mind the present-day trend to eliminate unnecessary transportation costs in the assembly, manufacture and marketing of manufactured articles. West Virginia is in a very favorable strategic position for future development because it is the source of many raw products needed in industry; it has an abundance of power obtained from coal, gas and water; it is within a day's journey by rail or highway to more than half the nation's population; its transportation facilities are well developed; its climate is moderate, its rainfall abundant and its climatic conditions and elevation offer ideal living conditions for its working force. The future economic welfare of the State depends in a large measure upon how these potential resources are developed in the years to come.

STATE DEPARTMENT OF HEALTH

PUBLIC HEALTH

The department is attempting to fill vacancies in the various local health departments with well qualified people, and, in addition, to try and create new units. The finding of physicians and nurses qualified for this specialized field has been extremely hard, because of the acute shortages in this field and the low salaries paid. In the sanitary field the department has met with somewhat greater success though we are still understaffed.

However, we are continuing to offer scholarships in various fields in public health in cooperation with the Children's Bureau and the United States Public Health Service. These scholarships are for a full school year at a recognized school of public health. In addition, each sanitarian is sent through our own training school at Morgantown for a period of eight weeks. It is hoped that we will be able to send all newcomers to public health in West Virginia through the training center at Morgantown in the very near future. These would include physicians, nurses, and clerks in addition to the present sanitarians.

The post-war expansion program is slowly getting under way. The greatest expansion has been in the sanitation field, due largely to the increase in the building program of private and public buildings requiring properly approved sewerage disposal systems. The Water Commission has become active again with the return of personnel who were in the armed service and they have already accomplished a good deal in the way of correcting stream pollution. Industrial Hygiene has been able to get work done in correcting smoke conditions, particularly through the Kanawha Valley, though there is much yet to do. By and large the major companies are cooperating wholeheartedly in trying to correct stream and air pollution as material becomes available.

The final outcome of many new bills in Congress will determine whether the department will have to create some new bureaus or divisions. Many of these bills will be of great help to West Virginians, such as the Hospital Construction, Mental Hygiene, and dental bills. If new sections are created, new office space will be needed, since we are over-crowded at present and have no knowledge as to how much future expansion must be made for increased health service.

In addition, there will probably be some surplus property acquired that will have to be stored or housed as the case may be, such as linens, portable X-ray equipment for use in counties to determine tuberculosis, new sterilizers for immunization clinics, etc.

The load on the State Hygienic Laboratory has further increased since so many physicians have returned to the State from the armed services, and due to the passage of the pre-natal law that has increased the work by 45,000 blood tests annually. There can be no question as to the needs for adequate building space to house the laboratory. Working conditions are deplorable, and it is becoming much more difficult to perform good and careful work in a field that is so highly specialized.

The ten leading causes of death in West Virginia for 1945 were:

| | | | |
|----------------------------|-------|-------------------------------|-----|
| Heart disease | 3,881 | Pneumonia and Influenza | 982 |
| Cancer | 1,720 | Tuberculosis | 720 |
| Intercranial lesions | 1,546 | Premature births | 515 |
| Accidents | 1,440 | Diarrhea and Enteritis | 370 |
| Nephritis | 1,004 | Diabetes melitus | 354 |

It is the department's aim to further cut down the incidence of disease through every preventive measure known and in cooperation with the practicing physicians of the State.

It is our belief that the greatest percent of the people of West Virginia would like to have public health expanded to not only cover those sections of the State not now covered, but to add such additional personnel that will insure at least a minimum of public health throughout the State. This will, of course, require larger expenditures both locally and by State appropriations.

DEPARTMENT OF PUBLIC SAFETY

West Virginia is justly proud of its fine state police department, whose familiar green-clad troopers bear a heavy share of the responsibility for protection of the citizen, the investigation of serious crime, apprehension of dangerous criminals and patrol of the highways. In rural areas and unincorporated towns they are the first line of defense against crime.

Created in 1919 to cope with conditions after the first World War, the West Virginia State Police were pioneers, helping to set the pattern and traditions of state law enforcement which over a period of years has been adopted by other states of the nation.

In its 27-year history the West Virginia State Police have become a highly trained body of professional policemen. Operating a fleet of well-equipped patrol cars, with a modern network of radio communications, their effectiveness lies in the speed with which they can mobilize quickly to apprehend dangerous criminals or reach the scene of disaster or riot when their services are needed to protect life and property. In Charleston the department maintains an Identification Bureau and Technical Laboratory for scientific examination of evidence, whose facilities are extremely helpful to state police scattered throughout the 55 counties, and to city, county and national law enforcement officers.

The success and the prestige of the state police derives from years of the most rigid selection of the recruits who enter the service to take up the career of the professional policeman. Entrance requirements are high, calling for applicants to be between the ages of 21 and 30, high school graduates, at least 5 feet 10 inches tall and weighing 160 pounds, in good physical condition, and of good moral character. Of hundreds meeting these requirements, the best qualified are selected for enlistment by a series of adaptability, intelligence and physical tests.

Nor does the process of selection cease with enlistment. Recruits are immediately entered into a training school for two months, learning military drill, self-defense, criminal law, first aid, investigation, care and use of firearms, identification and other subjects useful to their new duties. The recruits are then teamed with experienced members to begin acquiring the professional experience which will turn them into valuable officers of the law. Throughout his whole first year of school and service the recruit is on probation, and is dismissed if he fails to measure up to the caliber of men whose work involves long hours, arduous duty, physical hardship and at times courage to battle armed criminals.

The new trooper is not eligible for promotion for a period of two years. After that his advancement is dependent upon merit as demonstrated by performance of duty, adherence to discipline, the respect which he commands, and his achievements in the apprehension of criminals and the investigation and prevention of crime and motor vehicle accidents, protection of life and property, and his qualities of leadership. The posts of higher responsibilities in the West Virginia State Police are held by veteran officers who have come up through the ranks through years of aggressive and faithful service of the highest order.

Besides their broad functions of law enforcement, the state police perform a host of minor services to benefit the citizens. They are a powerful force for crime prevention as they escort payrolls, attend large public gatherings, and mobilize at the scene of floods, fires or other disasters to discourage looting. The trooper on highway patrol is a powerful deterrent against the automobile thief, the criminal who transports his loot by automobile, and the irresponsible drunken and reckless drivers. The troopers examine all applicants for driver's license and school bus driver's license, inspect school buses and carry on a number of activities related to greater safety on the highway. The state police assist and cooperate with all agencies of government, working with city and county officers, game wardens, Federal Bureau of Investigation agents and others in the interest of law and order.

UNEMPLOYMENT COMPENSATION

PERSONNEL

The personnel of the Department is governed by the Merit System. The Merit System provides rules for recruitment, terminations, classifications, salary range, salary increases, annual leave, sick leave, etc.

Due to the decrease in unemployment in the State and to employees entering into the military service and private industry, personnel decreased during the fiscal year, July 1, 1942-June 30, 1943, 30%. As of June 30, 1942, the Department had 215 employees and in June 1943, had 150 employees, a decrease of 65 individuals. In 1944 personnel was reduced to approximately 100 and was retained at or near this figure until the defeat of Japan. Since then, due to the rapid demobilization of veterans and increased civilian unemployment, it was necessary to expand personnel very rapidly and one June 30, 1946, the Department had a total of 420 employees.

READJUSTMENT ALLOWANCE BENEFITS FOR VETERANS

Title V of the Servicemen's Readjustment Allowance Act which allows unemployment compensation benefits (readjustment allowance benefits) to veterans of World War II, became effective September 4, 1944. As provided in the Act, the Veterans' Administrator and the Unemployment Compensation Director entered into an agreement whereby this State takes claims and writes checks for readjustment allowances. Funds for payment of readjustment allowances are furnished by the Veterans' Administration through the Federal Treasury. The procedure is similar to that developed for state unemployment compensation claims and benefits. As of June 30, 1946, the Department had written 1,206,879 checks amounting to \$24,095,888.00 for unemployed veterans of World War II. Title V has similar requirements to the State Unemployment Compensation Law in that a veteran must be able to work, available for work, and must not refuse to accept suitable work. Money for administration of Title V and readjustment allowances paid under Title V is furnished by the Veterans' Administration.
