# Foreword

Once again I wish to sincerely thank all those who were so helpful in compiling this Volume 45, Blue Book of West Virginia for 1961. County Clerks, Heads of the various Departments and many other employees of the State, Federal and County Divisions have been particularly helpful. The splendid West Virginia Road Map attached to this Book is through the courtesy of the State Road Commission.

It will be noted that the section formerly devoted to the Military has been deleted this year so that more space may be provided for the Departmental and Statistical Section. Over all we hope that the alterations made in this edition will make for a better balanced source of information.

Very sincerely,

J. HOWARD MYERS

November 1, 1961.

*Salary of Director: \$9,000.00 per year. Appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor.*

*Advisory Council: \$25 per day for each day actually served in discharge of duties, also necessary expenses. Six members appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor. Two members represent employer interests, two employee interests and two the interest of the general public. *Board of Review: \$7,000.00 per year each. Three members appointed by Governor, with advice and consent of Senate. Term: Six years. Nonpartisan. Governor designates chairman.*

Purpose is to promote social and economic security by reducing, as far as possible, the hazards of unemployment. Through compulsory system of unemployment reserves, it provides measures of security to families of unemployed persons and guards against menace to health, morals and welfare arising from unemployment. To fulfill these purposes the Department pays weekly unemployment benefits to workers who are unemployed due to lack of work and who are in the labor market. The funds for payment of benefits are derived from a payroll tax paid by West Virginia employers under the terms of the Social Security Act.

Council serves as advisory body to Director. Board of Review hears and determines disputed claims, appoints examiners, organizes appeal tribunals and exercises such additional powers as may be necessary for the proper conduct of a system of administrative review of disputed claims.

**THE WEST VIRGINIA STATE BAR (Integrated)****Offices: State Capitol—Telephone DI 6-8414**

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is now \$15.00 for members who have been admitted to practice for more than five years, and \$10.00 for members who have been admitted to practice for not more than five years.

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to improve the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal profession; and to encourage cordial relations among its members. It is its declared purpose to give effect to pertinent rules of the Supreme Court of Appeals, and to perform the functions expressed in its Constitution and By-Laws. A principal duty of the State Bar is to uphold the standards of professional ethics and to diligently and vigilantly investigate and prosecute violations of these standards.

The State Bar is governed by a Board of Governors, consisting of all officers, except the secretary-treasurer, as *ex officio* members, and sixteen Governors, one Governor being elected by the members of the Bar by a secret mail ballot in each of the sixteen State Bar Districts. Officers are a president, chairman of the board, first vice president, second vice president and secretary-treasurer.

## ARTICLE I

### Relations to the Government of the United States

1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

### Internal Government and Police

2. The Government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved by the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

### Continuity of Constitutional Operation

3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

### **Representatives to Congress**

4. For the election of representatives to congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

## **ARTICLE II**

### **The State**

1. The territory of the following counties, formerly parts of the Commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[All of the territory of West Virginia was taken from the Commonwealth of Virginia and in the first constitution forty-four of the above named counties were designated as forming the State of West Virginia, and in addition the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should the constitution be adopted by a vote of the people of the districts comprising the counties. The districts adopted the constitution and these six counties became a part of the State.

As a consequential amendment the term of office of members of the Legislature was made to begin on the first day of December instead of the first day of November, as in the original article.]

### **Further Provisions Regarding State's Officers and Agents**

## **ARTICLE VI**

### **Legislature**

1. The legislative power shall be vested in a Senate and House of Delegates. The style of their Acts shall be, "Be it enacted by the Legislature of West Virginia."

2. The Senate shall be composed of twenty-four, and the House of Delegates of sixty-five members subject to be increased according to the provisions hereinafter contained.

[The Senate is now composed of thirty-two, and the House of Delegates of one hundred members.]

### **Senators and Delegates—Term of Office**

3. Senators shall be elected for the term of four years, and Delegates for the term of two years. The Senators first elected, shall divide themselves into two classes, one Senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years and the second for four years, so that after the first election, one half of the Senators shall be elected biennially.

### **Division of State Into Senatorial Districts**

4. For the election of Senators, the State shall be divided into twelve Senatorial districts, which number shall not be diminished, but may be increased as hereinafter provided. Every district shall elect two Senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The district shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the Senatorial Districts, so far as may be necessary to make them conform to the foregoing provision.

[There are now sixteen senatorial districts, as provided by Acts of 1937, ch. 128.]

### **Senatorial Districts Designated**

5. Until the Senatorial Districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first Senatorial District; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

[By the provisions of the reapportionment act of 1937, (Acts 1937, ch. 128) the number of Senatorial Districts was increased to sixteen, the number of Senators to thirty-two, and the counties rearranged in the various districts.]

### **Provisions for Delegate Representation**

6. For the election of Delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall at each apportionment, be attached to some contiguous county or counties, to form a delegate District.

[By the provisions of the Acts of 1901, ch. 10, the House of Delegates consisted of eighty-six members, each county having at least one member. From 1916 to 1952, the House of Delegates consisted of ninety-four members. The House of Delegates now consists of one hundred members. See ch. 166, p. 666, Acts of the Legislature, 1951, Regular Session.]

### **After Census, Delegate Apportionment**

7. After every census the Delegates shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the House is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate District, and of every county not in-

cluded in a Delegate District, by the ratio thus ascertained, there shall be assigned to each a number of Delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional Delegates necessary to make up the number of which the House is to consist, shall then be assigned to those Delegate Districts, and counties not included in a Delegate District, which would otherwise have the largest fractions unrepresented; but every Delegate District and county not included in a Delegate District, shall be entitled to at least one Delegate.

### **Designation of Delegate Districts**

8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first Delegate District, and elect three Delegates; Ritchie and Calhoun, the second, and elect two Delegates; Barbour, Harrison and Taylor the third, and elect one Delegate; Randolph and Tucker, the fourth, and elect one Delegate; Nicholas, Clay and Webster, the fifth, and elect one Delegate; McDowell and Wyoming, the sixth, and elect one Delegate.

[There are now no Delegate Districts, each county having at least one member.]

### **Further Apportionments**

9. Until a new apportionment shall be declared, the apportionment of Delegates to the counties not included in Delegate Districts, and to Barbour, Harrison and Taylor counties, embraced in such district, shall be as follows:

To Barbour, Boone, Braxton, Brooke, Cabell, Doddridge, Fayette, Hampshire, Hancock, Jackson, Lewis, Logan, Greenbrier, Monroe, Mercer, Mineral, Morgan, Grant, Hardy, Lincoln, Pendleton, Putnam, Roane, Gilmer, Taylor, Tyler, Upshur, Wayne, Wetzel, Wirt, Pocahontas, Summers and Raleigh counties one Delegate each.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has eleven delegates. For the present apportionment, see chapter 166, Acts of the Legislature, 1951, Regular Session.]

### **Arrangement of Senatorial and Delegate Districts**

10. The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such Districts shall be altered, and Delegates apportioned, under the succeeding census.

### **Additional Territory May Be Admitted Into State**

11. Additional territory may be admitted into, and become part of this State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

### **Senators and Delegates Required to be Residents of District**

Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

#### **Oath of Senators and Delegates**

Members of the Legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability"; and they shall also take this further oath, to wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person for any vote or influence I may give or withhold, as Senator (or Delegate), on any bill, resolution, or appropriation, or for any act I may do or perform as Senator (or Delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

#### **Members of Legislature Privileged from Civil Arrest**

The Senate shall choose, from its own body, a President; and the House of Delegates, from its own body, a Speaker. Each house shall appoint its own officers, and remove them at pleasure. The oldest Delegate present shall call the House to order at the opening of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and has taken his seat. ### **Provisions for Undisturbed Transaction of Business**

26. Each house shall have power to provide for its own safety and the undisturbed transaction of its business, and may punish, by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its proceedings, or any of its officers in the discharge of his duties, or for any assault, threat or abuse of a member, for words spoken in debate. But such imprisonment shall not extend beyond the termination of the session, and shall not prevent the punishment of any offense, by the ordinary course of law.

And no act of the Legislature, except such as may be passed at the first session under the Constitution, shall take

Accompanying each budget shall be a statement showing: (1) The revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the board of public works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

*Second:* Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) For the Legislature as certified to the board of public works in the manner hereinafter provided; (2) for the executive department; (3) for the judiciary department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

*Third:* The second part shall be designated "General Appropriations", and shall include all other estimates of appropriations.

The board of public works shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The board of public works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officer of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the Governor.

Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

### **Sub-Section D—General Provisions**

*First:* If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

*Second:* The board of public works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. After such public hearings it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

*Third:* The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

*Fourth:* In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, except amendments thereto heretofore made and ratified by the people, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the Governor

[This section—added to Article VI—was authorized to be submitted by Senate Joint Resolution No. 1, adopted May 23, 1917 (Acts 1917, p. 69 ex. sess.) and was ratified by a vote of the people at the general election held on the fifth day of November, 1918, as an amendment to the Constitution known as "The Budget Amendment." But any tax measured by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

## WEST VIRGINIA CHILDREN'S HOME

### Elkins

*Superintendent: Glenn W. Gainer. Financial Secretary: Martha H. Gainer. Children: 53.*

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an additional unit was built to the two-story brick structure located on the 20-acre tract of land, located on Heavner Avenue. The purpose of the Home is to provide for orphan and neglected children, between the ages of 6 to 14 years, although they can remain here until they are 21 years of age. Children are admitted to the Home either by a Court order or the Department of Public Assistance to be kept, maintained, educated and trained until they can return to their former homes or placed in foster homes. In addition to the 20 acres of the Home campus, the institution owns 10 acres of farm land located on Leading Creek and 117 acres, known as the Darby Memorial Farm, situated at the head of Woolwine Hollow. This acreage furnishes vegetables and grazing for beef cattle and grain for hogs. There are 26 head of cattle and 27 head of hogs, on the Home's Farm. At the present time a two-room school is operated on the Home Campus by the Board of Education where the children attend until they complete the 7th grade, after which they complete their education in the Junior and Senior High Schools in the city of Elkins. The Home provides all school supplies and other educational aids in keeping with the best educational standards. Religious training is provided by the local churches, and the children attend Church and Sunday School of their choice. The Home provides a group singing once a week for all the children and four of the children are taking voice lessons. They also take part in the various Youth activities provided by the local churches. The boys and girls belong to the Girl Scouts, Boy Scouts and Cub Scouts, which provides many activities the year around. The Home Campus is provided with modern playground equipment, including an open air swimming pool.

## WEST VIRGINIA TRAINING SCHOOL

### St. Marys

*Superintendent: Colin A. Anderson, M.D. Resident Children: 400.*

The West Virginia Training School is situated four miles north of St. Marys, at Spring Run on State Route 2, in Pleasants County. It was established in 1921 by an act of the Legislature. The property consists of 694 acres, part of which is under cultivation. The School is operated for the purpose of providing complete care for mentally deficient and retarded children. The aims of the School are to promote happiness, self-reliance, socialization, vocational training, and to attempt to equip those children who are able to return to community life.

Medical and psychiatric care is offered along with classes of an educational and vocational nature. A Home Economics unit has recently been opened for the purpose of giving the girls instruction in running a normal house with modern kitchen appliances. Occupational therapy classes are planned to develop potential skills, and are graded and diversified in an endeavor to reveal any latent abilities.

The School works in close cooperation with the State Division of Vocational Rehabilitation, through whom direct job placements are made, or courses of special training at the Vocational Rehabilitation Center at Dunbar are arranged.

It is recognized that some children are unable to benefit from a training program, and for these custodial care is provided, always with a view to increasing their comfort and safety, as well as promoting some degree of self care and independence.

A large recreation hall has recently been opened, providing facilities for indoor games, and with ample staging for concerts and programs by the children themselves. Three school buses are available, and the children are taken to outside community activities and to local Churches. A school choir and a rhythm band are in training. In 1961 a Charter was granted for a Boy Scouts Troop. Supervised outdoor playground activities are also available, and there is a picnic area with tables and other facilities on the hillside above the school.

Located on the School grounds are: an Administration Building including school rooms, other class rooms, and a large visitors' room; a children's Cottage Ward; one large Dormitory Building housing also a Dispensary and small Infirmary; a Staff Apartment building of twenty-seven rooms; a new Laundry Building with the most up-to-date equipment.

The School has a staff of 160.

### WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS

#### Grafton

*Superintendent: William T. Flanagan. Assistant Superintendent: Samuel T. Humphreys. Business Manager: James Facemire. Enrollment: 277.*

The West Virginia Industrial School for Boys is located at Pruntytown, three miles west of Grafton on U. S. Route 50. It was established by an Act of the Legislature in 1889 and formally opened July 21, 1891. In addition to the principal buildings, which are located on the main campus consisting of approximately 55 acres, the school owns and operates a farm of approximately 1,900 acres on which are located a considerable number of farm buildings. The boys work on the farm during the farming season at which time emphasis is placed on the training value of such a program, directed toward improving work habits and maintaining discipline standards. For use at the School a dairy herd of registered cows is maintained on the farm and the milk is pasteurized in the modern pasteurization plant of the institution.

The school now has a vocational rehabilitation training program consisting of four certified vocational instructors for full time vocational instruction in the fields of industrial arts, simple mechanics, welding and electricity. As funds become available, this highly important phase of the program is to be expanded. In addition to this, there are training units in shoe repairing and baking. The school also maintains the following units in which the boys receive a certain amount of training: Painting, plumbing, printing, laundering, woodwork, canning, auto mechanics and carpentry. The academic school is operated on approved state standards and contains grades one through ten. In compliance with the state law, those under sixteen years of age are required to attend academic school for a term of nine months each year. A well planned recreation and physical education program operates under the supervision of competent men. Football, basketball (indoor and outdoor), baseball, softball, volleyball and horseshoe pitching form the backbone of this program.

A Social Service Department classifies each boy upon his reception, presents him for parole and/or discharge at the proper time and maintains liaison between County and State Authorities. In most instances, the boys are placed in cottages according to their age or size or both. An Honor System has been established as a stimulant to good behavior and achievement for the boys and it is working well. There is a 4-H Club and arrangements have made it possible for the forming of a Boy Scout Troop. A Drum and Bugle Corps, consisting of approximately 40 boys, is in operation and appears at many parades and festivals throughout the year. A full-time Chaplain, especially trained for this work, offers classes in religious education in the academic school and holds weekly religious services for the boys, and carries on a program of counseling and guidance.

The Medium Security Prison is located on a farm near Huttonsville and is 18 miles south of Elkins on U. S. Routes 219 and 250. It was established by an act of the Legislature in 1937 and was designed to relieve over-crowding at the West Virginia Penitentiary and at the same time aid in the rehabilitation of prisoners. ## BERKELEY SPRINGS SANITARIUM

### Berkeley Springs

*Superintendent: Gracen B. Heare.*

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736, and prior to that, American Indians, who were subject to rheumatism knew of its medical qualities and called it the "healing waters." It was the first health and pleasure resort in the colonies. The temperature of the spring water is 74.3 degrees and is invariable, and is helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool with modern dressing facilities and sunbathing, and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel and boarding house facilities.

At no time in the more than two hundred and twenty-five years of resort history, which included patronage of George Washington and Lord Fairfax, were the famous springs so well equipped to treat patients or accommodate the vacationist, as they are today.

**HUNTINGTON STATE HOSPITAL**  
**(Mental)**  
**Huntington**

*Superintendent: E. B. J. Whitmore, Jr., M.D. Business Manager: Julius C. Fry. Total number of patients: 1,300.*

Huntington State Hospital, located in the City of Huntington, was established in 1897 by an act of the Legislature as a Home for Incurables. The name of the institution was changed in 1901 to the West Virginia Asylum and in 1916 to Huntington State Hospital.

The Hospital is devoted to the treatment of mental illness. The Hospital receives both voluntary and legally committed patients, and the prevailing types of treatment are administered. Individuals are also evaluated for the Courts.

The physical plant includes six ward buildings for patients, two of these being original buildings, an administration building; two buildings used for quarters for employees (one of these being the original administration building), residence for the superintendent; three residences for physicians a short distance from the hospital grounds; power house; laundry; building for occupational therapy and recreation; main kitchen; shops for maintenance in the basement of one ward building. Medical-surgical services for the Hospital were recently transferred to one of the new ward buildings as part of a general move to house all bed and non-ambulatory patients in fire-resistant buildings. Plans are being made to start the first psychiatric affiliated program for student nurses in West Virginia.

The U. S. Public Health Service, in cooperation with the hospital, opened a three-chair dental service in 1958 to give patients complete dental care. This is a research project, pre-dominantly financed by federal funds, to ascertain the needs, cost, and results of dental care in the chronically ill.

A Hospital Farm, consisting of 698 acres plus other leased lands, is located on the Guyandotte River a mile southeast of Barboursville, and is served by State Route 10. The farm is devoted to providing poultry, eggs, pork and milk to the hospital. A registered herd of Holstein milk cows is maintained.

**LAKIN STATE HOSPITAL**  
**(Mental)**  
**Lakin**

*Superintendent: Kathryn A. Rainbow, M.D. Business Manager: Lenzy G. Austin. Number of patients: 502.*

Lakin State Hospital was founded by an act of the Legislature in 1919 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders; however, the staff and patient population have been integrated since 1954. Presently, the institution is the district hospital for Mason, Jackson, Wood, and Putnam counties.

The physical lay-out of Lakin State Hospital on the immediate grounds consists of the following: two main buildings of three stories each, one housing male and the other female patients. Other fireproof structures include a two-story office building, a cannery, two recently constructed modern employee dormitories, a heating plant, a duplex for physicians and a Medical Center which is presently being used for private voluntary admissions, short term in-hospital study, diagnosis and treatment and for out-patient services. Also recently constructed is a new building which houses the kitchen, dining areas for both patients and em-

ployees, offices for ancillary personnel, library, canteen, class room, etc. In addition, there are, on the immediate hospital grounds, five frame reconditioned structures in which certain allied functions of the hospital such as laundry, recreation, and work shops are conducted.

In 1957 the former Boys' Industrial School was acquired by Lakin State Hospital. The main building and dwelling houses have been converted into apartments for employees, and the gymnasium is used for patient and employee recreational activities.

The Lakin, West Virginia, Post Office is also still located on these grounds.

The barns and shops are used by the farm personnel.

The hospital is a member of the Mental Hospital Institute of the American Psychiatric Association and in 1952 received the Hospital of the Year Award, a national recognition by the American Psychiatric Association. For the past ten years, a Psychiatric Aide of the Year has been cited for excellency in the care of mentally ill patients. This, too, is a national recognition by the American Psychiatric Association.

Most of the accepted methods of treatment including electro-convulsive therapy, insulin coma therapy, occupational therapy, Music therapy, recreational therapy, Psychotherapy, Educational therapy, and Vocational Rehabilitation, in addition to full utilization of the tranquilizing drugs, are employed to advantage in an effort to make the institution a treatment hospital rather than an institution of custodial care. The type of treatment the patient receives is determined on an individual basis.

Persistent attempts have been made and are still being made to secure and maintain community understanding, support, and interest. Out-patient services, mental hygiene clinic services, hospital auxiliaries, and participation in community civic activities have proved most effective in morale-building and have tended to enhance more wholesome hospital-community relations.

## SPENCER STATE HOSPITAL

(Mental)

**Spencer**

*Superintendent: E. A. Litsinger, M.D. Business Manager: Victor N. Goldberg.*

The Spencer State Hospital is located in the city of Spencer, Roane County. It was authorized by an act of the Legislature in May 1887 and formally opened in 1893.

The hospital proper is located on a tract of land comprised of 180 acres, a portion of which is devoted to a large dairy farm which provides a constant supply of fresh milk for the hospital. The farm also supports a large number of hogs which supplies pork and pork products for the use of the institution. An additional 295 acres is located about two miles from the hospital in an area known

as Trotter Lake and it serves as a recreation area for the patients as well as a water shed for a dam that impounds approximately 25,000,000 gallons of water.

The hospital's bed capacity is 1,030 and the population averages around 1,000 patients. The hospital staff is composed of seven physicians, all of whom have had at least five years experience and special training courses in psychiatry. There is a very active and well trained social service department and an active nursing staff which includes six registered nurses and two practical nurses. The hospital also provides dental treatment and has a modern high speed dental unit. The physically ill are treated in a separate medical department with the newest methods available. Electrocardiogram, laboratory and modern X-ray unit helps in the treatment and diagnoses of these patients.

The Spencer State Hospital adopted the open door policy and at the present time 76% of our patients reside on open wards. There are no mechanical restraints employed at the hospital. All forms of psychiatric treatment, such as psychotherapy, electro-convulsive therapy, chemotherapy and an active occupational and recreational therapies are utilized at the hospital. A new program, a class in remotivation for patients, has been in effect for a year which has added a great deal to the hospital's therapeutic success.

The hospital serves eight counties (Pleasants, Wirt, Calhoun, Roane, Clay, Kanawha, Fayette and Boone) which have a total population of approximately 400,000. In addition to the legally committed patients, the hospital also admits persons who make a voluntary application for admission.

The hospital is indebted to volunteer groups made up of citizens from Roane County and the City of Spencer, who have greatly assisted in the expansion of the Occupational Therapy and Recreation Programs.

## WESTON STATE HOSPITAL

(Mental)

Weston

*Superintendent: (Vacancy). Business Manager: John H. Cranford, Jr. Patients: 2,300.*

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864. The hospital has grown from an initial capacity of 35 patients to 2,325.

The hospital is maintained and equipped to provide adequate treatment for all types of mental and nervous illness, both voluntarily and court committed; in addition, all mentally ill tubercular patients in the entire state are cared for in a specially constructed building. A surgical section has been added whereby all types of tubercular surgery are provided. In addition, a modern specially constructed building has been erected to take care of all criminally insane in the State. A 107-bed neuropsychiatric clinic building is in operation and the hospital is equipped to provide various types of treatment, including psychotherapy, occupational and recreational therapies and electro-shock therapy. The facilities consist of laboratory, X-ray, social services and psychology departments. A personnel building has been constructed and two other buildings constructed to house patients which replace old buildings which have outlived their usefulness. The staff includes a chiropodist, beautician and barber. On May 20, 1955, a section of the male wards was designated as the West Virginia Soldiers' Home and is administered by the medical hospital staff, all war veterans being admitted here for treatment.

A registered herd of Holstein cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in a modern pasteurized plant fully approved by the State Board of Health.

The building and outlying farms occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide excellent recreational facilities for the patients.

**ALDERSON-BROADDUS COLLEGE****Philippi**

Alderson-Broaddus College is an institution of Christian higher education established in 1871 as Broaddus College, and in 1932 Alderson Junior College was merged with it. Sponsored by the West Virginia Baptist Convention, and affiliated with the American Baptist Convention, it is fully accredited by the North Central Association of Colleges and Secondary Schools, and the West Virginia State Department of Education, as a four-year co-educational liberal arts college. It is a member of the Association of American Colleges, the American Association of Schools of Religious Education, and the American Baptist Education Association.

The instructional program is organized under four divisions: Humanities, Social Sciences, Natural Sciences, and Vocational and Professional Studies. A student selects a field of concentration within one of these divisions, after completing an initial general education program. In addition to offerings in the Liberal Arts, there is a professional program of study in business administration, Christian education, elementary education, medical technology, music education, nursing, physical education, radiologic technology, secondary education and secretarial studies. The pre-professional programs include dentistry, engineering, law, medicine, ministry and social work. These curricula lead to the Bachelor of Arts and Bachelor of Science degrees. The academic year begins in the second week of September and is divided into two semesters. There is a summer session.

Completing five major building units in the past four years, the campus development program, in anticipation of the College centennial, is moving toward a resident student body of approximately 800. The present enrollment is 550, and the total student costs are \$1,350 per year. Ample scholarships and unique work opportunities are available to worthy students.

**U. S. ARMY ENGINEER DISTRICT, HUNTINGTON****CORPS OF ENGINEERS****502 Eighth Street, Huntington 1, West Virginia**

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the eastern Panhandle, which is in the Potomac River Basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River Basin in West Virginia downstream from Capatina in Marshall County. The Pittsburgh District encompasses the upstream remainder of the Ohio River Basin including the Basin of the Monongahela River. The Potomac River Basin is included in the Washington District of the North Atlantic Division.

Responsibility for military construction in the State of West Virginia rests with the U. S. Army Engineer District, Louisville, Kentucky, Corps of Engineers.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and four navigation structures

on the Monongahela River. Operation of the navigation structures on Little Kanawha and Big Sandy Rivers for commercial navigation has been discontinued. Navigation is not a feature of the Potomac River located in West Virginia.

Improvement of the navigation facilities includes construction of modern high lift structures to replace existing obsolete dams. On the Ohio River two of these structures are essentially complete. Greenup Locks and Dam, Greenup, Kentucky replaced Locks and Dams 27, 28, 29 and 30. New Cumberland Locks and Dam, New Cumberland, West Virginia, replaced obsolete Locks and Dams 7, 8 and 9. Other navigation structures now under construction on the Ohio River are: Pike Island Locks and Dam, Wheeling, West Virginia, which will replace existing Locks and Dams 10 and 11; Captain Anthony Meldahl Locks and Dam, Chilo, Ohio, which will replace existing Locks and Dams 31, 32, 33 and 34; Markland Locks and Dam, Markland, Indiana, which will replace existing Locks and Dams 35, 36, 37, 38 and 39. Partial reconstruction and additional improvements of McAlpine Locks and Dam, Louisville, Kentucky, has been completed. West Virginia will benefit from the construction of these modern navigation improvements on the Ohio River.

Modernization of the obsolescent Monongahela River navigation structures in the upper reaches of the waterway is also currently in progress. Hildebrand Lock and Dam and modification of Dam 8 have been completed. Those navigation structures now under construction on the Monongahela River are: Opekiska Lock and Dam, which will replace existing Locks and Dams 14 and 15 and Maxwell Locks and Dam, which, when integrated with reconstruction of Dam 4, will replace Locks and Dams 5 and 6.

Flood control reservoirs within the State constructed by the Corps of Engineers are Bluestone Reservoir on New River, near Hinton; Sutton Reservoir on Elk River near Sutton; and Tygart Reservoir on Tygart River near Grafton. Summersville Dam and Reservoir on Gauley River in under construction.

Floodwalls completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W. Va.-Cumberland, Md. (one project) and Elkins. A channel improvement project has been completed on Brush Creek at Princeton, West Virginia, and a similar project is under construction on Meadow River at East Rainelle. Construction work has been initiated on a local protection project at Williamson, West Virginia. Several completed snagging and clearing channel improvement projects have reduced or alleviated flood damage along the smaller tributaries of the main rivers within the State.

**UNITED STATES MARINE CORPS**

United States Marine Corps activities in West Virginia include five organized reserve companies with a total authorized strength of 582 officers and men, and a regular Marine Corps recruiting station in South Charleston with sub-Offices located in eight major West Virginia cities.

All of the state's present Marine reserve units were organized during and after the Korean conflict. There were two Marine Reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June 1950.

Each reserve unit has a staff of regular Marine officers and enlisted men to instruct, support, and advise. This staff is called the Inspector-Instructor staff.

Marine reserve units are an active part in any community. They are always ready for parades, color guards, funeral details, and other civic functions where military personnel can be of service.

The annual "Toys for Tots" campaign is one of the proudest achievements of each Reserve unit. The Marine reserves collect, repair and distribute toys to thousands of children in West Virginia, and the total for the nation last year was in excess of 5,000,000 toys.

**FEDERAL REFORMATORY FOR WOMEN**

**Alderson**

*Warden:* Nina Kinsella

*Associate Warden:* Eleanor H. Holleran

*Business Manager:* William H. McGinnis

*Superintendent of Industries:* Virginia W. McLaughlin

The Federal Reformatory for Women is situated in the foothills of the Allegheny Mountains in Summers and Monroe Counties. It was established by Act of Congress June 7, 1924, and the buildings and grounds have a value in excess of \$2,000,000. It was designed to take care of all women Federal sentenced prisoners in the United States and the insular possessions and has a capacity of 600. There are fifteen buildings housing inmates, a hospital, administration building, a garment factory, laundry, vocational shops building, school building and auditorium, home economics department, cannery, storehouse, shops and an extensive farm with modern dairy and truck gardens. The Enabling Act specified that each inmate should be given training that would fit her to be self-supporting on her return to society, and the entire program of the institution is based upon this plan for rehabilitation. An intelligent and sincere attempt is made to supplant the old-time theory of punishment with a program of cleanliness, industry and education in citizenship. Classification and casework are highly developed to provide for adequate training within the institution and proper placement in jobs after release.

**GOVERNOR'S COMMITTEE**

**On Employment of the Physically Handicapped**

**Office of Executive Secretary, Room 615, State Office Building**

**112 California Avenue, Charleston 5**

The Governor's Committee is affiliated with the President's Committee on Employment of the Physically Handicapped, and promotes programs in the interest of handicapped persons seeking employment opportunities within the state.

Federal, State and private agencies, whose activities are coordinated in serving handicapped persons and disabled veterans, cooperate fully in effecting programs such as “National Employ the Physically Handicapped Week,” High School Essay Contests (pertaining to the handicapped); Award of Merit and Outstanding Service; Physicians' awards; Handicapped Employer Awards; high school poster contests; and community planning for handicapped groups.

Participating actively are the following agencies: Veterans Administration, Department of Veterans Affairs, organized labor, Division Vocational Rehabilitation, Department Employment Security, State Executive Department, veterans organizations, and the Veterans Employment Service.

The Committee Chairman serves at the will and pleasure of the Governor, Individual members recommended by local community committees are either reappointed or newly appointed each year by the Chief Executive.

West Virginia has one of the largest state committees in the nation and its members are representative of Federal, State and municipal government, industry, labor, civic, veterans, fraternal, medical, ministerial, women, and other groups throughout the state.

The committee is a non-dues paying organization and at times when finances are necessary for contest prizes the required amounts are secured from generous employers who have been responsible for so many successful programs.

Congress has determined that the first full week in each October shall be observed as "National Employ the Physically Handicapped Week" throughout the Nation. This week's observance is intended to be a reminder to those employers who remain reluctant in employing handicapped workers. National state and local media of press, radio and television have carried the message of the handicapped in an excellent coverage of the various programs.

### BERKELEY

Second oldest county in West Virginia. Created in 1772 from the northern third of Frederick County (Virginia), and named for Norborne Berkeley (Baron de Botetourt), Colonial Governor of Virginia from 1768 to 1770.

At Bunker Hill, in this county, in 1726, Morgan Morgan founded the first

permanent settlement of record in Western Virginia. In commemoration of this event, the State of West Virginia has erected a monument in Bunker Hill State Park, and has placed a marker at the grave of Morgan Morgan which is in a cemetery near the park.

**Salem—Harrison County**  
 (Magisterial District: Tenmile).

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway route No. 23 pass through it. It is the birthplace of United States Senator Jennings Randolph and the great writer, Granville Davison Hall, author of *Daughter of the Elm*, *The Rending of Virginia*, and many other historical books.

## **THE AMERICAN FLAG**

### **DESCRIPTION OF THE FLAG**

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

---

### **PLEDGE OF ALLEGIANCE**

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

---

### **STATE FLAG**

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

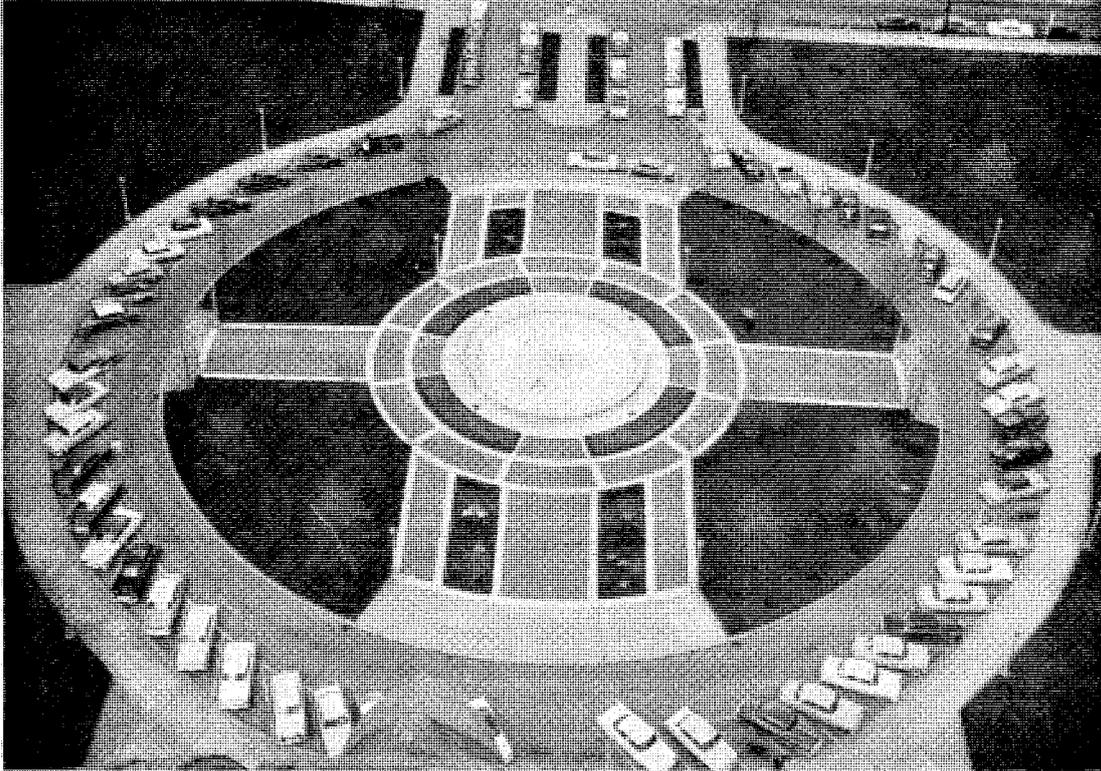

---

### **GREAT SEAL OF WEST VIRGINIA**

The Great Seal of West Virginia, which also is the Coat of Arms, symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunter's rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

Fountain and Parking Area, Washington Street Entrance.

## STATE CAPITOL

West Virginia's Capitol Building, one of the world's beautiful examples of Italian Renaissance architecture, stands on the north bank of the historic Great Kanawha River in the capital city of Charleston. Its golden dome, rising 300 feet, is a landmark visible both day and night from a number of distant points in the city.

Completed in 1932 at a cost of nearly \$10,000,000, the building was designed by Cass Gilbert, an architect of international prominence.

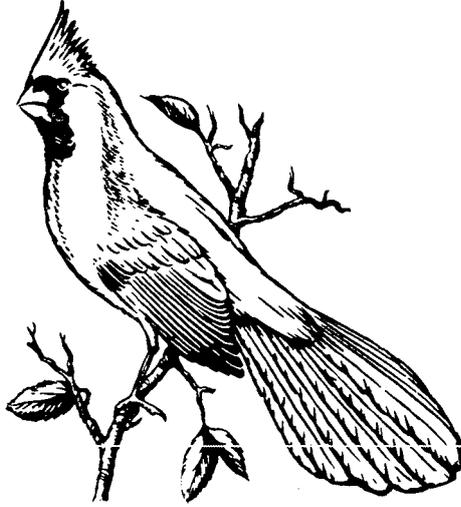

The huge U-shaped structure consists of a main unit and two wings which are situated on 16 acres of ground. There are 333 rooms and a total floor space of 535,000 square feet. Unlike the exterior of Indiana buff limestone, the interior is laid with Imperial Danby Vermont marble.

In the rotunda is a two-ton crystal chandelier which has 15,000 candle power. It is suspended 180 feet above the floor by a gold chain 54 feet long. Sparkling chandeliers in the House and Senate chambers are made of 10,000 separate pieces of rock crystal.

A specially-prepared paint, "Governor's Blue," covers the walls of the outer reception room of the governor's suite, the show room of the Capitol. A tan rug, 26x60 feet and weighing 1,800 pounds, carpets the floor and it is said to be the third largest seamless rug in the world.

Directly beneath the executive suite is the State Museum containing numerous exhibits to illustrate the history, science and social conditions of early West Virginia.

## STATE BIRD

Resplendent in his plumage of scarlet, the Cardinal was made West Virginia's official bird by concurrent resolution of the 1949 legislature. The male of the species is a rich scarlet with a mask and shading of black, while the young and female are somewhat less brilliant. The cardinal measures approximately eight inches in length and ranges from New York State to the Gulf States and as far West as Oklahoma. His scientific name is *Richmondia cardinalis cardinalis*.

## STATE FLOWER

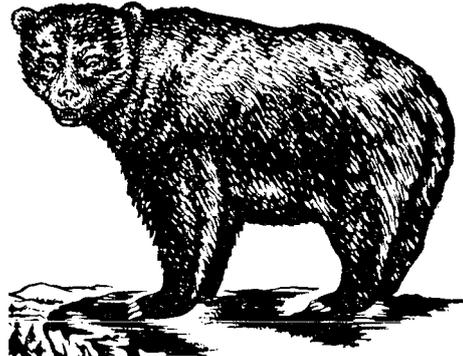

The *Rhododendron maximum*, or "big laurel," was designated the official floral emblem of the Mountain State at the suggestion of Governor Albert Blakeslee White on January 23, 1903. It is a shrub of the heath family, and is distinctive for its large evergreen leaves and delicately impressive pale pink or white bloom, mottled with either red or yellow flecks. The big laurel is a mountaineer through and through, preferring as it does the upland climate of the Appalachian and Allegheny ranges.

## STATE TREE

The Sugar Maple, or *Acer saccharum* as it is known scientifically, abounds in West Virginia. It produces an excellent wood for furniture construction, lighter and stronger than oak. West Virginia Sugar Maples also produce much of the maple syrup for which Vermont is famous. A single tree is 70-120 feet high and produces two to three pounds of sugar when "sugared off." It has a five-lobed leaf and produces a small wing-shaped seed pod.

## STATE ANIMAL

The Black Bear . . . *Euarctos americanus* actually, he is strongly tinted with brown. His habitat in West Virginia has been reduced to approximately 12 counties in the Eastern Mountain Region, though he still roams freely through 36 states and Canada. Either one or two cubs (rarely three) are born at a time, weighing about eight ounces each. The adult reaches an average maximum weight of 250 pounds, though they have been known to attain 650 pounds.

## OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA IN 1960

### ABSTRACT

By R. C. Tucker, Assistant State Geologist, Morgantown

The total number of wells drilled in West Virginia in 1960, reported to February 22, 1961 was 1,216, an increase of 311, or 34%. Permits to drill or deepen issued by the Oil and Gas Division of the W. Va. Department of Mines totaled 1,349, an increase of 342, or 34%. 79 permits to drill were cancelled during the year.

Abandoned during the year were 200 gas wells and 212 oil wells, or a total of 412 wells. These abandonments are all wells drilled before permits were required (May 1929). No information as to the exact number of abandonments of wells drilled since May 1929 is available as these wells are abandoned under original drilling permit numbers. Wells completed were: gas, 794; oil 49; oil and gas wells, 182; storage, water-injection, brine, rock salt, and pressure wells, 49; dry holes 142; total 1,216. Compared with 1959, gas wells increased 203, or 34%; oil wells increased 12, or 32%; oil and gas wells increased 87, or 91%; storage and other wells decreased 10, or 20% with some being drilled for gas storage; dry holes increased 19, or 15%, the percentage of dry holes to total completions being slightly over 11%. Depth of wells ranged from 370 to 13,121 feet, compared with 206 to 8,635 in 1959. Total footage drilled was 2,908,817 feet, an increase of 687,343 feet, or 29% over 1959 (2,321,474 feet). The average depth of wells (2,392 feet) decreased 173 feet under the 1959 average (2,565 feet) or 7½%. The total initial daily open flow of the gas wells was 983,422 M. cu. ft., an increase of 295,301 M. cu. ft., or 43% over the 1959 total (688,121 M. cu. ft.). The size of the gas wells ranged from 10 to 28,400 M. cu. ft. compared with 4 to 39,680 M. cu. ft. in 1959. The total daily initial oil was 4,117½ barrels, an increase of 709 barrels over 1959 (3,408½ barrels) or 28%. The size of the oil wells ranged from ½ to 300 barrels, compared with ½ to 220 barrels in 1959. The number of wells drilling or unreported if completed at the end of the year was 529, 82 more than in 1959, or an increase of 18%.

Since we receive drilling and scout reports from several major companies the status of practically every drilling well was known and no letters were sent to the operators regarding their uncompleted wells. It is believed the total completions will be greater than herein reported as also the production since many wells were reported as testing after fracture. The total initial gas production after fracture is generally several times the production before fracture. Several hundred wells were fractured during the year. The West Virginia University collects information concerning fracturing of wells and issues an annual report showing details for each of the wells fractured.

The average size of gas wells was 1,111 M. cu. ft. compared with 1,003 M. cu. ft. in 1959, an increase of 108 M. cu. ft. or 11%. In calculating this average the number of gas wells was increased by one-half of the number of oil and gas wells (91) or 885 wells. The average size of the oil wells was 29 barrels compared with 40 barrels in 1959, a decrease of 11 barrels, or 27½%. One-half the oil and gas wells (91) was added to the 49 oil wells in calculating this average.

Preliminary estimates of production for 1960; gas, 207,000,000 M. cu. ft., compared with 205,000,000 M. cu. ft. in 1959; an increase of 2,000,000 M. cu. ft. or approximately 1%; oil, 2,300,000 bbls., an increase of 116,000 barrels over the 1959 estimate (2,184,000 barrels) or 5 1/3%. The estimated number of producing wells at the end of 1960; gas, 16,485; oil, 12,669. The table of operations gives statistics by Counties.

The table of oil and gas operations in West Virginia by Counties in 1960 gives the pertinent facts regarding results. Comparison totals for the preceding four years are also shown in the bottom four lines of the table.

Permits to drill or deepen issued by the State Department of Mines totaled 1,349, or 342 more than in 1959, an increase of 34%. There were 79 cancellations of drilling permits during the year, (by Counties): Braxton 2, Cabell 1, Calhoun 3, Clay 3, Doddridge 5, Gilmer 2, Kanawha 2, Lewis 1, Logan 10, McDowell 1, Marion 3, Mason 1, Mingo 5, Morgan 1, Pleasants 1, Raleigh 1, Ritchie 14, Roane 13, Tucker 1, Upshur 2, Wayne 5, Wyoming 1.

Abandonments of gas wells during the year (wells drilled before May 1929) (by counties): Boone 17, Brooke 1, Cabell 5, Calhoun 5, Doddridge 7, Gilmer 8, Harrison 30, Kanawha 10, Lewis 27, Lincoln 6, Logan 2, Marion 16, Marshall 17, Monongalia 1, Nicholas 4, Ritchie 15, Roane 9, Tucker 1, Tyler 2, Wayne 2, Wetzel 5, Total 200, compared with 242 in 1959.

Abandonments of oil wells during the year (wells drilled prior to May 1929) (by counties): Boone 11, Doddridge 4, Gilmer 2, Harrison 9, Kanawha 7, Marion 9, Monongalia 7, Pleasants 128, Ritchie 7, Roane 2, Tyler 5, Wetzel 8, Wood 13, total 212, compared with 147 in 1959.

203 more gas wells, 12 more oil wells, 87 more oil and gas wells, 10 less storage et al. wells, and 19 more dry holes were completed in 1960, than in 1959.

In 1960, the percentages were: gas wells, 65%; oil wells, 4%; oil and gas wells, 15%; storage et al. wells, 4%; and dry holes 12%. If the storage et al. wells are left out of the total completions (1,216 minus 49 = 1,167 wells) the percentages would be: gas wells 68%; oil wells, 4.2%; oil and gas wells, 15.6%; and dry holes, 12.2%.

Total completions were 1,216 as against 905 in 1959, an increase of 311, or 34%. Lewis County, with 179 completions, topped the list of completions by Counties, followed by Doddridge, 159, Ritchie 133, Wayne 100, and Gilmer 64. These five counties accounted for 635 completions, or 52% of the total completions.

200 gas wells (those drilled before May 1929) were abandoned during the year, while 212 oil wells were abandoned in 1960. The number by Counties has been listed previously. No information as to exact number of abandonments of wells drilled since May 1929 is available as these wells are abandoned under the original drilling permit numbers. Of the wells uncompleted or unreported if completed at the end of the year, 263, or 50%, were from five Counties (Ritchie, Doddridge, Lewis, Marshall, and Gilmer).

Drilling depths ranged from 370 to 13,121 feet, as against 206 to 8,635 feet in 1959.

The total footage drilled (2,908,817 feet) increased 687,343 feet over the 1959 total (2,321,474 feet), or 29%. The total footage drilled does not include any footage for wells tabulated as drilling. The actual footage drilled would be slightly less than given if the original depths of wells deepened were known and subtracted from the total given. For comparative purposes, footage for deeper drilling would likely be nearly the same from year to year. The average depth (2,392 feet) is 173 feet less than in 1959 (2,565 feet), or 7½%.

The total initial daily open flow of the gas wells was 983,422 M. cu. ft. an increase of 295,301 M. cu. ft. over the 1959 total, or 43% over the 1959 total (688,121 M. cu. ft.)

The range in size of the gas wells was 10 to 28,400 M. cu. ft. compared with 4 to 39,680 M. cu. ft. in 1959.

The average size of the gas wells was 1,111 M. cu. ft. compared with 1,003 M. cu. ft. in 1959, an increase of 108 M. cu. ft. or 11%.

The daily initial oil was 4,117½ barrels, an increase of 709 barrels over 1959 (3,408½ barrels), or 28%.

The range in size of the oil wells was 0½ to 300 barrels daily, compared with 0½ to 220 barrels in 1959.

The average size of the oil wells was 29 barrels compared with 40 barrels in 1959, a decrease of 11 barrels or 27½%.

In calculating the average size of the wells, half of the total number of oil and gas wells (½ of 182 = 91) (fifth column in table) was added to the total gas wells and total oil wells as given in the third and fourth columns of the table.

At the end of the year, 529 wells were drilling or unreported if completed. This was 82 more than in 1959, an increase of 16%.

Four counties (Lewis, Doddridge, Wyoming and Kanawha) had a daily open flow of 551,776 M. cu. ft. or approximately 56% of the total for the State.

Five counties (Doddridge, Calhoun, Wetzel, Clay, and Lewis) had daily initial oil of 3,217 barrels, or approximately 78% of the total for the State.

Preliminary estimates of production for 1960: gas, 207,000,000 M. cu. ft.; compared with 205,000,000 M. cu. ft. in 1959, an increase of 2,000,000 M. cu. ft. or approximately 1%; oil, 2,300,000 bbls., an increase of 116,000 bbls. over the 1959 estimate (2,184,000 bbls.), or 5 1/3%.

The estimated number of producing wells at the end of 1960: gas 16,485; oil, 12,669. The number might be reduced somewhat if the number of wells abandoned under drilling permit numbers (drilling since May 1929) were known.

Several wells drilling are to be storage wells, in Marshall, Putnam, Roane, and Tucker Counties.

Forty-two wells were drilled to the Oriskany Sand or deeper horizons in 1960 with a few still drilling.

Several Devonian Shale gas wells were drilled in the southwestern part of the State.

Many new wells and several old ones were fractured with generally favorable results. Studies are now being made by the West Virginia University on declines in production after fracturing.

Secondary recovery operations for oil are continuing in the State.

Several Benson Sand gas wells were completed in 1960 in Barbour, Lewis, and Upshur Counties.

In deepening a Big Lime well in Nicholas County in addition to gas a 10-barrel oil well was completed, the first oil well in that County.

Many major companies are taking an active interest in West Virginia.

**U. S. DEPARTMENT OF AGRICULTURE**

**Forest Service**

**Monongahela National Forest**

**Headquarters: Elkins**

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of about 150 national forests and the only national forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,641,981 acres of which 805,668 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are six ranger districts, each in charge of a district ranger.

Counties in the National Forest, and their current acreage in National Forest ownership are:

Grant .....	14,126	Pocahontas .....	276,840
Greenbrier .....	98,843	Preston .....	3,891
Nicholas .....	23,434	Randolph .....	170,263
Pendleton .....	60,170	Tucker .....	93,702
Webster .....			64,697

The public forest is administered in cooperation with several conservation agencies, including the West Virginia Department of Natural Resources. Twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for schools (80%) and roads (20%).

At Parsons is one of the largest forest tree nurseries east of the Mississippi River. It is used by the West Virginia Department of Natural Resources.

## FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish. Fishing in any of these streams does not necessarily indicate that the Conservation Commission promises the limit of fish to each fisherman. This is intended merely as a guide.

# ANALYSIS OF RECEIPTS AND EXPENDITURES

DENZIL L. GAINER, STATE AUDITOR

## Section I—Summary

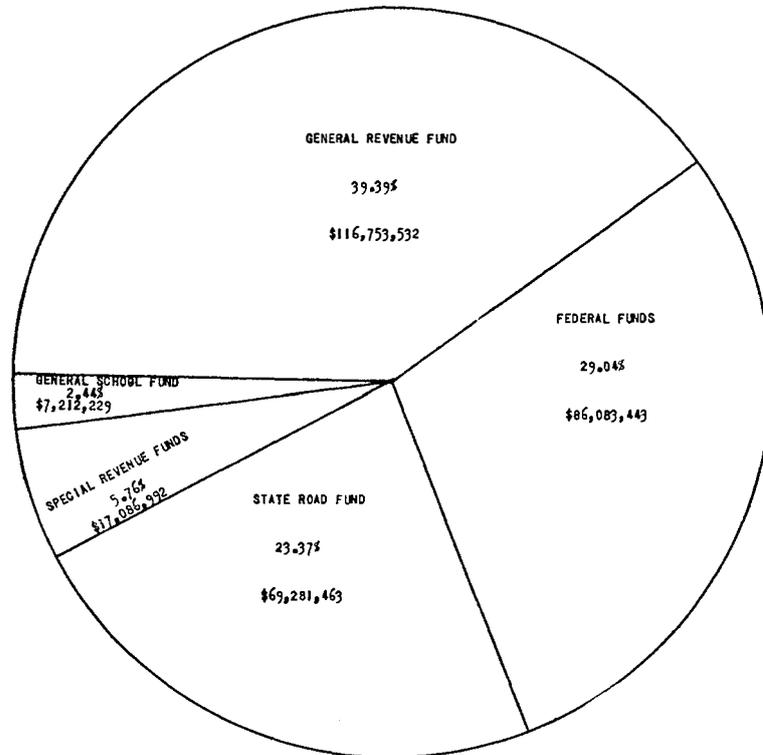

Revenues collected for the operation of state government are deposited into various funds as provided by statute and the constitution. Many of these funds are dedicated for specific purposes and are carried in separate accounts and expended only for the purposes authorized by law. These include the General School Fund, State Road Fund, Federal Funds, and various others designated as Special Revenue Funds. Approximately 60 per cent of all revenues collected during the 1960-61 fiscal year are within this group of dedicated funds. All revenues not dedicated for specific purposes are deposited into the General Revenue Fund from which the Legislature makes appropriations for the operation of the various departments, schools, and institutions.

Total revenues collected for the fiscal year ended June 30, 1961, amounted to 296.4 million dollars as compared to 293.8 million for the previous fiscal year, an increase of some 2.6 million dollars. This increase is composed of:

Increase in Federal Funds.....	5.0 million dollars
Increase in General Revenue.....	.7 million dollars
Increase in Special Revenue.....	1.6 million dollars
Decrease in State Road Funds.....	4.4 million dollars
Decrease in General School Funds.....	.3 million dollars

For details of increases and decreases within the various funds, see statement of "Comparison of Net Receipts."

## COLLECTION OF REVENUE, BUSINESS AND OCCUPATION TAX AND TRANSPORTATION PRIVILEGE TAX

West Virginia has imposed since 1921 a Business and Occupation Tax in some form. This tax has been known erroneously as the "Gross Sales Tax," a designation which has included the privilege tax imposed on certain carrier corporations by the terms of Article 12-A, Chapter XI of the Code of West Virginia, as well as the Business and Occupation Tax imposed by the terms of Article 13 of said Chapter XI. Collections by virtue of these two tax laws are deposited to the credit of the general revenue fund of the State, and constitute the largest single source of the State's general revenue raised by so-called "indirect" taxation.

These taxes are license taxes imposed for the privilege of engaging in business in West Virginia. The amount of tax to be paid is usually measured by the amount of gross income received before the deduction of any expense whatsoever. Under the production and manufacturing classifications of the Business and Occupation Tax Law the measure of the tax is the value of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided, the proceeds of sale are indicative of the true value of the article. Every person in business is subject to the tax and if more than one person engages in a single activity or transaction, as in the case of the contractor and subcontractor, each must pay the tax measured by his entire income regardless of the tax paid by the other.

Business activities under Article 13 are classed and taxed as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal .....	On each \$100.00 value, \$1.35
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag .....	On each 100.00 value, 3.95
Natural gas (exemptions include deduction of \$5,000 annually) .....	On each 100.00 value, 7.85
Limestone or sandstone quarried or mined; and timber .....	On each 100.00 value, 2.00
Other natural resource products .....	On each 100.00 value, 2.60

B. Manufacturing. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 40 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property, Other Than at Wholesale. The rate, 50 cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating or other expenses, or losses.

C. (2) Business of Selling Tangible Property at Wholesale. The rate, 25 cents on each \$100.00 value, applies against the gross income of the business, without any deduction on account of the cost of the goods sold, operating, or other expenses, or losses.

D. Public Service or Utility Business. The rates set out below apply against the gross income of the business without deduction of cost of operation, expenses or losses of any kind.

Street Interurban and Electric Railways .....	On each \$100.00 value, \$1.30
---	--------------------------------

Electric Light and Power Companies (sales and demand charges, domestic purposes and commercial lighting).....	On each 100.00 value,	5.20
Water Companies.....	On each 100.00 value,	4.00
Electric Light and Power Companies (all other sales and demand charges):.....	On each 100.00 value,	3.90
Natural Gas Companies: Toll Bridges.....	On each 100.00 value,	3.90
Other Public Utilities—(Except telegraph and telephone companies, railways and other transportation companies).....	On each 100.00 value,	2.60

E. Contracting Business. The rate, \$2.60 on each \$100.00 value, applies against the gross income of the business. The term "gross income" is defined as meaning total receipts of the business without deduction for the cost of labor or material, operating, or other expenses, or losses.

G. Amusement Business. The rate, 65 cents on each \$100.00 value, applies against the gross income of the business, "gross income" being defined as including the total receipts without any deduction on account of the cost of operation, or other expenses, or losses.

H. Service Business or Calling Not Otherwise Specifically Taxed. The rate, \$1.05 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

I. Business of Furnishing Property for Hire. The rate, \$1.05 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost or operation, taxes, losses or other expenses.

J. Small Loan Business. The rate, \$1.05 on each \$100.00 value, applies against the entire gross income of the business, with no deduction on account of cost of operation, taxes, losses or other expenses.

Business activities under Article 12-A are classed and taxed as follows:

A. Motor Vehicle Carriers, Railroad Car Corporations, Express Corporations or Companies. \$1.50 on each \$100.00 of gross intra-state income, and \$1.50 on each \$100.00 or pro-rated (to determine part derived from West Virginia business) net income from all business.

C. Pipe Line Corporations. \$1.50 on each \$100.00 of gross intra-state income (effective July 1, 1953—prior to that date \$3.50) and \$3.50 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

D. Persons or Corporations, Operating Airlines, Steamboats or Other Floating Property, \$3.00 on each \$100.00 of gross intra-state income and \$3.00 on each \$100.00 prorated (to determine part derived from West Virginia business) net income from all business.

E. Railroad Corporations, 50 cents on each \$100.00 of assessed value of all property within the State of West Virginia, and \$4.00 on each \$100.00 of pro-rated (to determine part derived from West Virginia business) net income from all business.

To the normal rates imposed by Article 12-A there is added, in all cases, a surtax of 30 percent of the normal tax.

Annual exemption of \$50.00 of the tax due is provided under both the Business and Occupation and Transportation Privilege Tax Statutes.

Authorized agents of municipalities having a Gross Sales Tax Ordinance are permitted to inspect and make copies of returns filed with the State Tax Commissioner upon the written request of the Mayors of such municipalities.
