

**WEST VIRGINIA ALCOHOL BEVERAGE CONTROL
ADMINISTRATION**

ANNUAL REPORT

FY 2014

HISTORY & OPERATIONS

The West Virginia Legislature created the West Virginia Alcohol Beverage Control Administration ("**WVABCA**") in 1935 (See W.Va. Const. Art. IV §46 and W.Va. Code §60-1-1 et seq.) The WVABCA was organized to give effect to the mandate of the people expressed in the repeal of the state prohibition amendment, and to assure the greatest degree of personal freedom that is consistent with the health, safety, and good morals of the people of West Virginia. During the WVABCA's first 56 years of existence, the WVABCA functioned as the exclusive wholesaler and retailer of liquor in West Virginia; non-fortified wines were "privatized" in 1981.

On February 27, 1990, Senate Bill 337 discontinued the retail sale of alcoholic beverages by the State. This legislation created the Retail Liquor Licensing Board ("**RLLB**" or "**Board**") to establish market zones and bid retail liquor outlets throughout West Virginia. Currently, the RLLB is comprised of the Chairman of the Board who is the Secretary of Revenue, the Secretary of the Board who is the WVABCA Commissioner and three gubernatorial board appointees. No member of the board may hold a retail license or have any financial interest, directly or indirectly, in any retail licensee.

During fiscal year 1991, public bids were held in August 1990, January 1991, and May 1991. This resulted in the sale of retail liquor store licenses in all 98 zones offered and the possibility of 214 privately owned liquor stores being opened in West Virginia.

In 2000, the RLLB's license bid process utilized minimum bids which were calculated based on demographics, population and other factors. The bidding generated revenue from all issued licenses which was deposited into the State's General Revenue Fund based on the minimum bids and the Governor's official revenue estimate. The licenses were issued for a ten-year (10) period and expired June 30, 2010.

During the 2000 bid process, a few licenses were never issued and some licenses have been abandoned. In 2006, the RLLB approved an Interim Bid and splitting of certain licenses. The licenses were rebid on a pro-rated minimum bid basis and two licenses were awarded in 2007 for the remainder of the ten-year period or until June 30, 2010.

With the passage of House Bill No. 105 ("**HB 105**") during the First Special Session of 2009, effective from passage, the RLLB and WVABCA were authorized to initiate the 2010 Purchase Option and License Bid Process (See HB 105 and West Virginia §60-3A- 1, et seq., as amended in 2009).

In 2010, HB 105 created fundamental changes to the Retail Liquor License Bid process by creating Class A retail licenses or freestanding liquor retail outlets and Class B retail licenses or mixed retail liquor outlets (See also the WV Code of State Rules at 175 CSR 1 and 175 CSR 5).

HISTORY & OPERATIONS

In 2011, HB 3100 was passed and made effective on June 10, 2011 which permitted Election Day sales of liquor.

In 2012, HB 3174 was passed and permitted Class A retail licensees to conduct responsible nonintoxicating beer and liquor sampling events with certain requirements on any day but Sunday. The bill requires that the events be pre-approved by the WVABCA Commissioner. The bill also established standards, limitations and prohibitions to be applied for the conduct of such events.

HB 4376 was also passed in 2012 and allows licensed wine sales at certain professional baseball stadiums. The Appalachian Power Park located in Charleston, West Virginia took advantage of this special license and received the wine license in early 2012.

In 2013, HB 2956 was passed and amended the sections of the Code relating to resident brewers and brewpubs. It defined who can hold a distributor's license.

HB 3145 was passed and removed the maximum limit retailers of beer can sell for off premise consumption. It also removes the limit of beer that can be sold to an individual.

SB 172 was passed and allows trusts and limited liability companies to be beer distributors.

SB 470 was also passed and permits farm wineries and licensed wineries to sell wine and wine samples during fairs or festivals and on Sunday mornings of those events. The samples cannot exceed three ounces. Consumption would be allowed on the premise of these fairs and festivals except from 2 a.m. to 10 a.m. on Sundays.

In 2014, SB450 was passed and allows for the restricted sale of alcoholic liquors in specific outdoor dining areas. It allows outside areas that are adjoining an establishment with a liquor license to allow consumption outside. This bill also allows the ABCA Commissioner to issue a special license to allow for the sale of wine at NCAA Division I college and university sports stadiums at a cost of \$250 per license. The bill provides that the wine sales area must be closed to free and unrestricted entry by the general public.
