November 18, 2011

The Honorable Earl Ray Tomblin
Governor, State of West Virginia
State Capitol Building
1900 Kanawha Boulevard, East
Charleston, WV 25305

Dear Governor Tomblin:

On behalf of the West Virginia State Board of Registration for Professional Engineers, we congratulate you as you begin your tenure as Chief Executive of this great state. We are pleased to provide you with our agencies' Annual Report for FY 2011. This report is hereby submitted in compliance with mandates of the statutory requirements of W.Va. Code §30-1-12(b).

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is declared to be subject to regulation in the public interest. The PE Board is charged with the administration and enforcement of the provisions of W.Va. Code §30-13 governing the practice of professional engineering. Contained within is a certified Board report covering fiscal years 2010-2011, including required documentation of agendas, minutes, receipts, disbursements, rosters and a listing of filed complaints. As always, most of the information contained within this report, as well as other relevant applicant and examinee information, is readily accessible 24 hours a day, 7 days a week, via our website at www.wvpebd.org.

In closing, please recognize that the WV State Board of Registration for Professional Engineers continues to strive to provide superior service to the engineering students, the engineering professionals, and the citizens of our great state! Should you have any comments or questions, please do not hesitate to contact our office.

Sincerely,

Lesley L. Rosier-Tabor, P.E.
Executive Director

cc: Jeffrey V. Kessler, President of the Senate
Richard Thompson, Speaker of the House of Delegates
Darrell Holmes, Clerk of the Senate
Gregory M. Gray, Clerk of the House of Delegates
Natalie E. Tennant, Secretary of State
DeAnnia Spelock, Resources Manager of Legislative Library
Joe Gieger, Interim Director of Archives and History
Lanette Anderson, Secretary of the WV Licensing Board Association

REGISTRATION SUMMARY

REGISTRATION REPORTING SUMMARY

July 1, 2009 – June 30, 2010

Individuals *

New Professional Engineer Registrations Granted (by exam or comity) = 469
Active Professional Engineers (new by exam or comity + renewals) = 7041
Retired Professional Engineers = 278

Companies *

Certificates of Authorizations Granted to Companies (by application or renewal) = 2465

July 1, 2010 – June 30, 2011

Individuals **

New Professional Engineer Registrations Granted (by exam or comity) = 519
Active Professional Engineers (new by exam or comity + renewals) = 7291
Retired Professional Engineers = 299

Companies **

Certificates of Authorizations Granted to Companies (by application or renewal) = 2622

* *Active, Retired, and COA numbers reported reflect Roster values after the end of the FY 2010 renewal (per query 10/18/2010). New PE Registrations granted calculated through July 1, 2010.*

** *Active, Retired, and COA numbers reported reflect Roster values after the end of the FY 2011 renewal (per query 10/26/2011). New PE Registrations granted calculated through July 1, 2011.*

RECEIPTS & DISBURSEMENTS

All revenue utilized by the WV State Board of Registration for Professional Engineers is generated in the Fee Table outlined below:

Fundamentals of Engineering Exam (FE or Engineering Intern Exam)		
Application Fee	($25.00)	
Examination Fee	($55.00) As charged by NCEES	
TOTAL COST to sit for 1st time FE Exam or to file full new application package if last was over 2 years old (one check to be included in application package)		$80.00
Re-application Fee	($20.00)	
Re-examination Fee	($55.00) As charged by NCEES	
TOTAL COST to sit for repeat FE Exam if last full new application package was received less than 2 years ago (one check to be included in application package)		$75.00
Professional Engineer Exam (PE Exam)		
Application Fee	($80.00)	
Examination Fee	($165.00) As charged by NCEES	
Structural Specialty Exams	As charged by NCEES (CALL FOR DETAILS)	
TOTAL COST to sit for 1st time PE Exam or to file full new application package if last was over 2 years old (one check to be included in application package)		$245.00
Re-application Fee	($40.00)	
Re-examination Fee	($165.00) As charged by NCEES	
TOTAL COST to sit for repeat PE Exam if last full new application package was received less than 2 years ago (one check to be included in application package)		$205.00
Comity / Reciprocity – Professional Engineer		
Comity/Reciprocity Application Fee		$150.00
Reinstatement - Professional Engineer		
Reinstatement Application Fee		$125.00
Annual Renewal Fee* **		
Professional Engineer		$40.00
Professional Engineer - Retired		$25.00
COA for Sole Proprietor with no employees		$0.00
COA for Firm with three or fewer Professional Engineers*		$50.00

COA for Firm with four or more Professional Engineers*	$300.00

Certificate of Authorization – Company COA

FIRST APPLICATION	
COA Application Fee for Sole Proprietor with no employees	$0.00
COA Application Fee for Firm with three or fewer Professional Engineers*	$100.00
COA Application Fee for Firm with four or more Professional Engineers*	$150.00
REINSTATEMENT APPLICATION	
COA Reinstatement Application Fee for Sole Proprietor with no employees	$0.00
COA Reinstatement Application Fee for Firm with three or fewer Professional Engineers*	$200.00
COA Reinstatement Application Fee for Firm with four or more Professional Engineers*	$600.00

Miscellaneous

PE or COA Roster**	$25.00
Seal Registration Fee	$25.00
Replacement Certificates	$25.00
Return Check Fee	$25.00

** Regardless of the P.E.'s state of registration or licensure.*
*** Available for free download on the Board web site.*
**** Late Fees - A renewal fee (PE, Retired or COA) postmarked after July 1 is considered late, and the Board shall assess the registrant a penalty in the amount of twenty-five percent (25%) of the fee per month of delay for up to 90 days. A renewal postmarked after October 1 will be rejected and returned, and the registration or COA will be void without hearing.*

COMPLAINTS FILED

Complaints Filed in FY 2010

July 1, 2009 through June 30, 2010

Case Number: C2010-01
Jennifer Fox
Ripley, WV
Allegation: Engaged in unprofessional conduct likely to defraud or harm the public. [§30-13-21(a)(11)]
Resolution: Hearing held and Final Order issued dismissing complaint. Case closed 3/24/10.

Case Number: C2010-02
Robert L. Reed
Innovative Technology Group, Inc.
Vienna, WV
Violation: Offering to practice engineering in West Virginia without a Certificate of Authorization. [§30-13-17(a)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 10/20/09.

Case Number: C2010-03
Kleinschmidt Associates
Pittsfield, ME
Violation: Offering to practice engineering in West Virginia without a Certificate of Authorization. [§30-13-17(a)]
Resolution: Consent Order signed. Civil penalty of $250 and administrative cost of $228.25 paid. Case closed 1/19/10.

Case Number: C2010-04
Corian W. Johnston
Johnston Design, Inc.
Clarkston, MI.
Violation: Offering to practice engineering in West Virginia without an engineering license and Certificate of Authorization. [§30-13-2 and §30-13-17(a)]
Resolution: Consent Order signed. Civil penalties of $500 paid. Case closed 11/3/09.

Case Number: C2010-05
John K. Ward
Bush and Burchett, Inc.
Allen, KY
Violation: Offering to practice engineering in West Virginia on an expired engineering license and no valid Certificate of Authorization. [§30-13-21(a)(9) and §30-13-17(a)]
Resolution: Consent Order signed. Civil penalties of $500 and administrative cost of $233.75 paid. Case closed 11/20/09.

Case Number: C2010-06
Harry D. McKenzie
Summersville, WV
Allegation: Misuse of seal. [W. Va. Code R.7-1-12.3(b)]
Resolution: Complaint dismissed. Case closed 4/28/10.

Case Number: C2010-07
Carl V. Deicas
Monessen, Pa.
Violation: Eight counts of offering to practice engineering in West Virginia on an expired engineering license, engaging in conduct likely to deceive or defraud the public and misuse of seal. [§30-13-21(a)(9), §30-13-21(a)(11) and W. Va. R. 7-1-12.3(b)]
Resolution: Consent Order signed. Civil penalties of $5000 and administrative cost of $866.25 paid. Reinstatement of license stayed for 1 year. Case closed 7/17/10.

Case Number: C2010-08
Paul Berardelli
Berardelli Design Associates
Bridgeville, PA
Allegation: Eight counts of misuse of seal and engaging in conduct likely to deceive or defraud the public. [W. Va. R. 7-1-12.3(b) and §30-13-21(a)(11)]
Resolution: Complaint dismissed. Case closed 1/12/10.

Case Number: C2010-09
Hurd & Obenchain, Inc.
Roanoke, VA
Violation: Offering to practice engineering in West Virginia without a Certificate of Authorization. [§30-13-17(a)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 11/20/09.

Case Number: C2010-10
Frank S. Rivnyak
Peter J. Pycela
Innovative Engineering Services, LLC
East Haven, NJ
Violation: Two instances of offering to practice engineering in West Virginia without a license and offering to practice engineering in West Virginia without a Certificate of Authorization. [§30-13-2 and §30-13-17(a)]
Resolution: Consent Order signed. Civil penalties of $750 paid. Case closed 1/26/10.

Case Number: C2010-11
James B. Hildreth
Boyd and Hildreth
Spencer, WV
Allegation: Violating rules of professional responsibility. [§30-13-21(a)(11), W. Va. R. 7-1-12.2(c & d) and 7-1-12.4 (d, e, & f)]
Resolution: Pending as of date of report.

Case Number: C2010-12
James Jones
Jones & Jordan Engineering, Inc.
Beckley, WV
Allegation: Violating rules of professional responsibility. [§30-13-21(a)(2), §30-13-21(a)(11), W. Va. R. 7-1-12.2(d), 7-1-12.3(d) and 7-1-12.4(f)]
Resolution: Pending as of date of report.

Case Number: C2010-13
Jason C. Merritt
Lesage, WV
Allegation: Conduct likely to deceive, defraud or harm the public. [§30-13-21(a)(11)]
Resolution: Complaint dismissed. Case closed 11/10/10.

BOARD MEETING AGENDAS AND MINUTES

As requested for the electronic version of this report, all approved Board Meeting Minutes and Agendas can be accessed electronically by visiting our website at the following location http://www.wvpebd.org/Home/GeneralInformation/BoardAgendasMinutes/tabid/792/Default.aspx.

This access is possible due to the continuation of a highly successful *eGovernment* pilot project between the West Virginia State Board of Registration for Professional Engineers and the West Virginia State Treasurer's Office.

STATE BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS OF WEST VIRGINIA
BOARD MEETING

Tuesday, July 20, 2010

AGENDA

- **9:00am** Call to Order – **General Session**
- Welcome
- Approval of Minutes.....1
  - May 28, 2010 Board Meeting
- Budget Review and Expenditure Approval.....2
  - May – June 2010
  - FY 2010 Year-End Budget Summary and Multi-Year Comparison
- Executive Director's Report.....3
- Motion to enter into **Executive Session**
  - Board Investigator's Report.....4
  - Review / Closure of Pending Cases (see attached list)
  - Personnel Matters
  - Review of Special Cases For Files and/or Applications.....5
- Motion to enter into **General Session**
- Discussion Items:

NCEES Issues.....6
- Board of Directors – National and Zone Update.....a
  - Committee Appointments
- 2010 NCEES Annual Meeting Plans, Denver, CO – August 18-21, 2010
  - Review of Schedule of Events / Timms Presidential Inauguration.....b
  - Summary of Motions.....c
  - Exam Information / NCEES Exam Administration Services (ELSES) Updates
    - Publication Update: Using the FE as an Outcomes Assessment Tool.....d
    - Military Proctoring.....e
    - Examinee Management System.....f
    - April 2010 Performance Review.....g

WV State Specific Issues.....7
- Legislative Issues - WV Laws Rules, Regs (Update of Practice Act/Chapter 30).....a
  - Interpretive Rule – Filing Update.....b
  - Secretary of State Meeting – Status Update.....c
  - Industrial Exemption Issue.....d
- Revised Estimate for Continuance of PE and COA Document Imaging Project.....e
- 2010-2011 PE and COA Renewal Update.....f
- Other / Miscellaneous.....g

Next Board Meeting – **UPDATE** -Tuesday, September 28, 2010……front of notebook

- Adjourn

General Session Minutes
State Board of Registration for Professional Engineers
July 20, 2010

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, July 20, 2010. Those present for all or part of the meeting were:

Edward L. Robinson	President
William E. Pierson	Vice-President
Bhajan S. Saluja	Secretary
Leonard J. Timms	Member
Richard E. Plymale	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Nicole A. Cofer	Legal Counsel

The meeting was called to order at 9:05 a.m. There were no additions to the agenda.

The Board meeting minutes for May 28, 2010 were reviewed. A motion to approve the minutes was made by Mr. Timms, seconded by Mr. Pierson. Motion carried.

The Board budget summaries for May and June were received and reviewed. The detailed purchasing card expenditures were also received and reviewed. Receipt and expenditure summary tables for the last 7-10 years were discussed. A motion to approve the current expenditures, budget and purchasing card transactions was made by Mr. Plymale, seconded by Mr. Saluja. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting. She also reviewed the office's schedule of upcoming activities. A motion was made by Mr. Timms, seconded by Mr. Pierson, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2010 calendar of events.

On-line renewal usage continues to prove highly successful. A record $56k in on-line renewals was received on June 30th, the last day of the regular renewal season. The percentage of PE registrants and company COAs renewing early is at an all time high. To date there has only been a two-three hour window of downtime on the WV State Treasurer's Office computer system this renewal season. We continue to receive excellent service from the WVSTO staff and appreciate their diligence and expediency in solving the minor problems that do occur. Second notices of renewals have been mailed and courtesy email reminders are being sent this week.

Pass rates on the April exam were 52.5% (57.9% for first time examinees) for the FE exam and 47.9% (50% for first time examinees) on the PE exam. Overall results and exam statistics, including comparisons of pass/fail rates for those repeat takers submitting Plans of Study, will be reviewed in more detail at the September meeting.

Mr. Timms reported on his recent activities as the President-Elect for NCEES. National NCEES Committee assignments have been made and include the following for our WV PE Board: Mr. Pierson is on the NCEES EPE Committee, Ms. Rosier is on the Computer Based Testing Taskforce and Mr. Johnson is on the Law Enforcement Committee. Preliminary committee charges have been announced.

Mr. Timms discussed the possibilities of the industrial exemption language being removed from the Model Law and Rules. In addition, in light of recent events, the Louisiana Board has issued a letter to their governor offering to provide input on how requiring engineering licensure can reduce the possibility of another Deepwater Horizon event occurring. There are already recommendations from the Federal government that will require PE's be involved in the future on deep wells in the Gulf. It is Mr. Timms' understanding that ASCE has a committee that is studying the industrial exemption, in addition to WVSPE. There was discussion on issuing a letter similar to Louisiana to the West Virginia governor addressing a variety of industrial exemption matters, including the recent mining tragedies and the need for required PE involvement.

Plans for the upcoming NCEES Annual Meeting in Denver were discussed, including schedules for Board members and staff, in particular our incoming NCEES National President, Mr. Timms.

The motions that will be addressed at the NCEES Annual Meeting were sent to each participant for review prior to the meeting. Board members discussed several items of the 28-page motion summary and were encouraged to review in detail prior to the meeting.

The NCEES has issued a publication on "Using the Fundamentals of Engineering Examination as an Outcomes Assessment Tool". Ms. Rosier has obtained 60 copies for the Board's use. Ms. Rosier was requested to develop a letter to all of the WV engineering deans and department chairs discussing the use of the FE exams in assessing their programs. The letter will be reviewed for approval at the September Board meeting.

Per a recent request by NCEES, the Board reviewed and re-affirmed their policy and commitment on offering to proctor the engineering exams to out-of-state military personnel as requested and applications for such military accommodations will continue to be reviewed on a case-by-case basis.

The NCEES Examinee Management System is now operational and Ms. Rosier and Sue Rubenstein, Board Administrator, participated in an NCEES training webinar last week. Ms. Rosier presented a brief demonstration of the system's capability to the Board. All exam applicants will have a unique number assigned to them so that the Board can approve examinees on-line and enter their exam results, as well as monitor and track the candidates over time.

Mr. Plymale moved to enter into Executive Session at 10:15 am, seconded by Mr. Timms. Motion carried.

At the conclusion of the Executive Session, Mr. Timms moved to enter into General Session with a second by Mr. Plymale. Motion carried and the Board took the following actions:

1. Additional information was received after the May Board meeting regarding complaint C2010-13. As a result Mr. Timms made a motion, seconded by Mr. Plymale, to reconsider the Board's action on complaint C2010-13. Motion carried. Staff was directed to contact the respondent to get him to address the new information.

2. The complainant on complaint C2010-20 sent a letter to the Board requesting that the complaint be withdrawn. Mr. Timms made a motion, seconded by Mr. Saluja, to accept the correspondence to withdraw the complaint. Motion carried.

3. The Board directed Counsel to amend complaint C2010-21 to add the additional charge of misuse of seal. A motion was then made by Mr. Timms, seconded by Mr. Saluja, to amend the complaint and set for hearing. Motion carried.

4. The attorney for the respondent on complaint C2010-22 notified the Board that the engineer named in the complaint was incorrect. Another engineer working for the same company was named by the attorney as the engineer in responsible charge. Mr. Timms made a motion, seconded by Mr. Saluja, to amend the complaint. Motion carried.

5. A motion was made by Mr. Timms, seconded by Mr. Pierson, to schedule complaint C2010-23 for hearing at the September Board meeting if unable to reach a settlement. Motion carried.

6. Mr. Timms moved that inquiry I2010-24 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.

Based on a motion by Mr. Saluja, seconded by Mr. Pierson, the Board took the following actions on Special Cases for Board Action:

1. James R. Basinger's request for comity was denied for one year for failure to report previous disciplinary actions on his application.
2. John K. Hagopian's request for comity was approved.
3. Nickola J. Prodanov's request for comity was approved.
4. Brast A. Thomas' request for waiver of 3.5 PDH's for his 2010 renewal was denied.

It was reported to the Board that counsel continues to work on the proposed revisions to the WV engineering code. A draft of the proposed code will be available for review by the Board prior to the next regular session of the Legislature in January 2011.

The interpretative rule was filed with the WV Secretary of State's Office (WV SOS). No comments were received in the required 30-day comment period. Necessary documentation is being prepared for final filing of the rule to the WV SOS.

Ms. Rosier reported on a meeting that was held with the WV SOS's Office regarding the use of the protected "engineering" terms in a company's name or description of services being offered. Ms. Rosier, Ms. Hamilton and Mr. Johnson attended the meeting in addition to WV SOS staff and counsel responsible for company registration in their office. It was agreed that when the WV SOS office is approached for business licenses/certificates of authority by companies with engineering in their name or description of services, they will contact our office or refer the company representative to our agency to obtain the necessary documentation of their engineering COA. If the company informs the WV SOS that even though they have engineering in their name (or description of services) they will not be offering or practicing engineering in WV, the WV SOS will contact this office and we will respond within 72 hours on whether or not it is appropriate to D/B/A (doing business as) registration without engineering in the name. A draft legal affidavit has been prepared by the AG's office for use when this occurs. Once this office confirms that a D/B/A situation is acceptable and WV Engineering Law is not circumvented, our agency will have the company complete the affidavit in lieu of a COA application, stating that

they will not be practicing or offering to practice engineering in WV. This affidavit must be attached to the D/B/A application before the WV SOS can register them.

Ms. Rosier presented an updated estimate from Precision Services regarding the microfilm imaging project. The estimate more accurately reflects the number of scanned images required now that the microfilm has been examined by their staff, increasing the cost of the full imaging conversion. A motion was made by Mr. Pierson to approve the expenditure up to $65,000. The motion was seconded by Mr. Saluja and carried.

The next Board meeting has been rescheduled from Tuesday, September 20th to Tuesday September 28, 2010 due to a variety of conflicts. Ms. Rosier will update the public meeting notice with the WV SOS office. The meeting will take place in their offices at 300 Capitol Street in Charleston, WV.

Upon motion by Mr. Timms, seconded by Mr. Plymale, the meeting adjourned at 2:20 p.m. The Board members will be compensated one day per diem plus travel expenses.

Edward L. Robinson, P.E.
Board President

General Session Minutes
State Board of Registration for Professional Engineers
September 28, 2010

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, September 28, 2010. Those present for all or part of the meeting were:

Edward L. Robinson	President
William E. Pierson	Vice-President
Bhajan S. Saluja	Secretary
Leonard J. Timms	Member
Richard E. Plymale	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Nicole A. Cofer	Legal Counsel
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:05 a.m. There were no additions to the agenda.

The Board meeting minutes for July 20, 2010 were reviewed. A motion to approve the minutes was made by Mr. Timms, seconded by Mr. Pierson. Motion carried.

The Board budget summaries for July and August were received and reviewed. The detailed purchasing card expenditures were also received and reviewed. A motion to approve the current expenditures and purchasing card transactions was made by Mr. Timms, seconded by Mr. Plymale. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her to various groups since the last Board meeting. She also reviewed the office's schedule of upcoming activities. A motion was made by Mr. Plymale, seconded by Mr. Pierson, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2010 calendar of events.

On-line renewal usage continues to prove highly successful. As of September 23, 2010 there are 212 PE's, 28 Retirees and 96 COA's that have yet to renew. The 2010 renewal period ends at midnight on September 30, 2010. Continuing education audit notices and certified letters for problematic COAs will be mailed on or about October 12, 2010.

Two Educational Plans of Study for the upcoming October 2010 PE exam were reviewed by the Board, with no interviews required. Sixteen Educational Plans of Study for the FE exam were also reviewed.. Two interviews were required and conducted in August 2010. Both candidates were approved to sit for the exam. Copies of all submissions were provided to the Board for their review and comment.

The number of candidates accepted for both the October 2010 FE and PE exam administrations are down from the same period last year. Eighty PE candidates were accepted for the October 2009 exam vs. sixty-five for this upcoming exam. One hundred sixty-five FE candidates were accepted for the October 2009 exam vs. one hundred forty-three for the upcoming FE exam.

The Board recessed the meeting for the purpose of holding an informal conference on Inquiry I2011-2.

Mr. Pierson moved to enter into Executive Session at 9:45 am, seconded by Mr. Timms. Motion carried.

At the conclusion of the Executive Session, Mr. Pierson moved to enter into General Session with a second by Mr. Plymale. Motion carried and the Board took the following actions:

1. A motion was made by Mr. Pierson, seconded by Mr. Timms, to dismiss complaint C2010-13. Motion carried. The Board then directed Counsel to draft a dismissal letter on complaint C2010-13. The letter is to provide a directive that future inspections performed by the respondent must comply with HUD requirements or the report must specifically state which elements of the HUD requirements that the residence does not meet.

2. A motion was made by Mr. Timms, seconded by Mr. Pierson to schedule complaint C2010-18 for hearing at the November Board meeting if unable to timely reach a settlement. Motion carried.

3. A motion was made by Mr. Timms, seconded by Mr. Saluja to schedule complaint C2010-19 for hearing at the November Board meeting if unable to timely reach a settlement. Motion carried.

4. A motion was made by Mr. Pierson, seconded by Mr. Timms, to dismiss complaint C2010-21. Motion carried. The Board directed Counsel to draft a dismissal letter on complaint C2010-21. The letter is to address the importance of maintaining full control of your personal seal(s) at all times, as well as use of out-of-state seals on presentation materials.

5. A motion was made by Mr. Pierson, seconded by Mr. Plymale, to dismiss complaint C2011-01. Motion carried. The Board directed Counsel to draft a dismissal letter on complaint C2011-01.

6. A motion was made by Mr. Timms, seconded by Mr. Pierson to schedule complaint C2011-02 for hearing at the November Board meeting if unable to timely reach a settlement. Motion carried.

7. Board member Robinson recused himself and exited the room during deliberations on Complaint C2011-05. A motion was made by Mr. Timms, seconded by Mr. Saluja, to dismiss complaint C2011-05. Motion carried. The Board directed Counsel to draft a dismissal letter on the complaint. The letter is to address the best practice on issuing drawing revisions.

8. The Board directed Counsel to draft a letter to the City of Huntington addressing the performance of engineering by non-licensed city personnel.

Based on a motion by Mr. Pierson, seconded by Mr. Saluja, the Board took the following actions on Special Cases for Board Action:

1. James R. Basinger's request for comity was approved.

2. Robert W. Gedies request for comity was held in abeyance pending the outcome of the October PE exam.
3. Apostolos Vranis's request for comity was approved.

The "General Engineering Contractor" designation used by the Contractor's Board was discussed. The use of this designation was raised as part of a defense during investigation of a complaint. The Board recommended that staff prepare a letter to the WV Contractors Licensing Board documenting the two Boards' understanding of the work that can be performed by a General Engineering Contractor (construction only) vs. the type of work that requires a licensed professional engineer (all design and drawings, including revisions).

Mr. Timms reported on his recent activities as the NCEES President. ASCE and NSPE, along with NCEES, are looking into eliminating the industrial exemption. NSPE is surveying all state licensing Boards to determine which states have an industrial exemption and how their code language is worded. In addition, Mr. Timms provided brief updates on the following:

1. Mr. Timms reported that the Credential Evaluation function has been relocated to Clemson, SC.
2. The NCEES Board Orientation training for new Board members is scheduled for October.
3. Restricting the number of references that PE candidates can take into the exam room was discussed. This will likely be addressed as part of the preparation for Computed Based Testing (CBT).

Mr. Pierson reported on his NCEES activities. He will be joining Ms. Rosier in attending the Computer Based Task Force meeting as a representative of the Examinations for Professional Engineers (EPE) Committee. EPE is looking at ways to improve the exam content, delivery, and assessment as part of the evolution to the CBT process.

Ms. Rosier discussed the NCEES Awards Program. Nominations are needed by the end of January 2011. The Northeast Zone "Enny" Awards application will be ready in late October and will be due no later than March 30, 2011.

Ms. Rosier discussed the new 16-hour Structural Exam. Final details are being worked out for the April 2011 examination implementation.

The Board office received correspondence from the Governor earlier this month announcing reappointments for the expired terms of the three Board members. The appointments include Board members Timms through 2015, Robinson through 2014 and Pierson through 2013. These appointments are awaiting Senate confirmation.

Mr. Saluja reported on his recent participation as the Board observer in the ABET Accreditation Visit for several of the 4-year Technology Programs at Bluefield State College. Mr. Saluja reported that his attendance of the three days of accreditation review meetings was a rewarding experience and the WV PE Board participation was well-received.

Mr. Pierson reported that Marshall University has received their official notification of their successful ABET accreditation of its undergraduate Engineering program. Ms. Rosier reported that all Marshall BS Engineering graduates who successfully passed the FE exam were now permitted to apply for their Engineer Intern certification.

A letter to the Deans and Department Chairs for all ABET engineering and engineering technology programs in WV has been drafted addressing the use of the NCEES publication "Using the Fundamentals of Engineering Examination as an Outcomes Assessment Tool". Once reviewed by the Board, the letters will be disseminated to the schools including an offer by the Board to conduct campus visits to discuss the examinations with students, faculty and administrators.

The Board directed staff and counsel to monitor any interim legislative activity that may affect professional licensing boards. Counsel hopes to have a draft of the PE Board's proposed code and rule changes for review at the November 2010 Board meeting.

The next Board meeting has been rescheduled from Tuesday, November 16, 2010 to Monday November 15, 2010 due to a variety of scheduling conflicts. Ms. Rosier will update the public meeting notice with the WV SOS office and then work with Fairmont State faculty and administration to arrange for the meeting to take place in the Falcon Center Board Room on the Fairmont State University Campus located at 1201 Locust Avenue, Fairmont WV.

Upon motion by Mr. Timms, seconded by Mr. Pierson, the meeting adjourned at 2:50 p.m. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
November 15, 2010

The State Board of Registration for Professional Engineers met in the Falcon Center Board Room on the campus of Fairmont State University at 1201 Locust Avenue in Fairmont, WV on Monday, November 15, 2010. Those present for all or part of the general session were:

Edward L. Robinson	President
Bhajan S. Saluja	Secretary
Leonard J. Timms	Member
Richard E. Plymale	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:05 a.m. There were no additions to the agenda.

The Board meeting minutes for September 28, 2010 were reviewed. A motion to approve the minutes was made by Mr. Timms, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for September and October were received and reviewed. The detailed purchasing card expenditures were also received and reviewed. A motion to approve the current expenditures and purchasing card transactions was made by Mr. Timms, seconded by Mr. Saluja. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting. She also reviewed the office's schedule of upcoming activities. The annual WV Licensing Board Seminar hosted by the State Auditor's Office is scheduled for December 1st. Board members were encouraged to attend. A motion was made by Mr. Timms, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2010-2011 calendar of events.

The October 2010 exam administrations were discussed. The Board observers reported that both days went smoothly with no problems reported. There were 3 PE absences and 23 FE absences. The results will not be released by NCEES until late December.

Ms. Rosier presented a summary of the 2010 renewal season, reporting the on-line renewal was the most successful renewal to date. In 2010, renewal notices were mailed to 7034 PE renewals, 2410 COA renewals and 263 retiree renewals. Lapsed notices were sent to 147 PEs, 25 Retireds and 78 COAs. Currently 14 COAs have been contacted regarding possible invalidation due to EIRC issues. The continuing professional competency PDH audit is in progress. A total of 401 registrants are being audited including staff and Board members. The audit activities should conclude in early December.

Ms. Rosier discussed her participation in recent NCEES CBT Taskforce meetings and their ongoing progress. NCEES President Timms reported that Mr. Pierson has been added to the

Taskforce as an EPE representative. Ms. Rosier indicated he provided valuable insight into the process at the recent meeting.

Mr. Timms moved to enter into Executive Session at 9:45 am, seconded by Mr. Plymale. Motion carried.

At the conclusion of the Executive Session, Mr. Timms moved to enter into General Session with a second by Mr. Plymale. Motion carried and the Board then took the following actions:

- A motion was made by Mr. Timms, seconded by Mr. Plymale, to schedule complaint C2009-11 for hearing at the January Board meeting if unable to timely reach a settlement. Motion carried.

- The Board instructed counsel to invite the respondent in complaint C2010-19 to the January Board meeting for an informal conference.

- The Board instructed counsel to invite the respondent in complaint C2011-02 to the January Board meeting for an informal conference.

- Mr. Timms moved that complaint C2011-04 be dismissed and letter be sent to respondent, copied to her employer at both their address of record and the address where she is employed. The Board also directed staff to copy the dismissal letter in C2011-05 to Respondent's Ohio address. (Mr. Robinson recused himself and absented himself during all discussion, deliberation and decision-making).

- Mr. Timms moved that Inquiry I2010-23 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Saluja and carried. Mr. Robinson abstained from the vote and advised the Board he will be recusing himself.

- Mr. Plymale moved to approve a $1500 merit increase for all Board staff effective immediately. Mr. Timms seconded and the motion carried.

There were no Special Applications for Board consideration.

Mr. Timms moved that the Executive Director have discretion regarding the dissemination of mail addressed to Board members and received at the Board's offices. This discretion includes the decision to dispose of the mail, to forward on to Board members, to hold the mail until the next meeting of the Board, or to ask the President how to handle the received items. If the latter, the President in turn has the discretion to direct staff regarding whether and how to disseminate the received items.

The Board met over lunch with leadership from Fairmont State University, including representatives from the Provosts Office, engineering technology faculty and administrators. Dr. Anthony Gilberti, Dean of the College of Science and Technology, also joined the Board to discuss issues of interests to both groups. After lunch, Ms. Rosier and the Board made a presentation on licensure and the examination process to a group of engineering technology students and faculty, followed by a question and answer session.

The Board meeting resumed at 1:40pm, immediately following the presentation.

A draft letter addressing the “General Engineering Contractor” designation used by the Contractor’s Board was reviewed. A motion was made by Mr. Plymale and seconded by Timms

to finalize the correspondence and send to the Department of Labor memorializing this Board's understanding of the designation. Motion carried.

Personnel Matters – Ms. Rosier reported that Tiffany Davis has been hired to fill the Administrative Assistant vacancy in the office. Ms. Davis had previously worked for the Board as a summer intern for two years while completing her degree at Marshall University. She will begin work on November 22, 2010.

Mr. Timms reported on his recent activities as the NCEES President:

- ASCE and NSPE, along with NCEES continue to look into eliminating the industrial exemption.
- Mr. Timms reported that the Credential Evaluation function has been relocated to Clemson, SC. A new director has been appointed.
- The ASCE certification for "Sustainable Infrastructure" was discussed. It appears to be another certificate program which could cloud the PE designation.

Ms. Rosier discussed the Northeast Zone "Enny" Awards. One application has been received to date. Nominations are due no later than March 30, 2011.

The new NCEES Education Standard was discussed. The non-EAC/ABET accredited degree evaluation program (coupled with a MS or PhD) poses some questions that need to be researched before the Board determines whether or not they will be utilizing that portion of the added service. The Board requested staff to review the program and report back. It was also suggested that previously reviewed Board files be sent to NCEES for their evaluation to see how the two independent findings compare.

A letter was sent by President Robinson to all Deans and Department Chairs for all ABET engineering and engineering technology programs in WV addressing the use of the NCEES publication "Using the Fundamentals of Engineering Examination as an Outcomes Assessment Tool". Copies of the publication were included in each mailing, with the exception of WVU officials, who reported they had already requested the publications from NCEES and disseminated them to their faculty and ABET representatives.

Ms. Rosier presented a report from NCEES IT staff regarding the success of the NCEES Examinee Management System during its first few months in operation. WV examinees and staff reported the system was very user-friendly, expedited the registration process and made information more readily available to the examinees and the Board office.

The Board directed staff and counsel to monitor any interim legislative activity that may affect professional licensing boards. Counsel hopes to have a draft of the PE Board's proposed code changes for review at the January 2011 Board meeting.

The Board discussed the tentative plans for participation in the 2011 WV EXPO. The Board plans to continue to have an exhibitor booth, to place a one-page ad in the EXPO program to serve the engineering community's need for a professional development hour reporting form, and to conduct a 1-2 hour seminar on engineering licensure. The WV Board tentatively plans to participate in a joint session with the WV Society of Professional Engineers honoring our successful 2010 WV PE examinees. A motion was made by Mr. Timms, seconded by Mr. Plymale to approve the expenditures for EXPO, including a new exhibit booth and necessary informational materials. Motion carried.

Ms. Rosier requested that articles for the 2011 WV PE Board newsletter be completed and submitted by December 15th. The WV PE Board Annual Report will also be submitted to the appropriate authorities no later than December 31st.

Ms. Rosier presented a 2011 Board Calendar for review. The Board discussed the number of hearings and conferences scheduled for the January 2011 Board meeting and elected to modify the tentative schedule to hold the Board meeting in Charleston instead of the WVU campus in Morgantown. Ms. Rosier will contact WVU officials with the update.

The next Board meeting is scheduled for Tuesday, January 18, 2011. The meeting will take place in the Board offices at 300 Capitol Street in Charleston, WV.

Upon motion by Mr. Plymale, seconded by Mr. Timms, the meeting adjourned at 3:10 p.m. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
January 18, 2011

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, January 18, 2011. Those present for all or part of the meeting were:

Edward L. Robinson	President
William E. Pierson	Vice-President
Bhajan S. Saluja	Secretary
Leonard J. Timms	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:10 AM. The Board was informed that, upon written motion by counsel for Respondent, the presiding officer (Mr. Robinson) continued the hearing on complaint C2009-11, and the agenda was adjusted accordingly.

The Board meeting minutes for November 15, 2010 (both executive and general session) were reviewed. A motion to approve the minutes was made by Mr. Timms, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for November and December were received and reviewed. The detailed purchasing card expenditures were also received and reviewed. A motion to approve the current expenditures and purchasing card transactions was made by Mr. Saluja, seconded by Mr. Pierson. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her to various groups since the last Board meeting. She also reviewed the office's schedule of upcoming activities. A motion was made by Mr. Timms, seconded by Mr. Pierson, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2011 calendar of events.

The October 2010 exam results were discussed. First time pass rates improved for both FE and PE candidates, with FE pass rates approaching the national average. First time pass rates for PE candidates was 60.5% and 33.3% for repeat takers. First time pass rates for FE candidates was 67.1% and 26.3% for repeat takers. Detailed exam statistics have not been received from NCEES, but Ms. Rosier anticipates they will be available for the March Board meeting.

The deadline to register for the April 2011 exam was January 8, 2011. Sixty candidates have applied and been approved to sit for the upcoming PE exam. The FE exam applicant approvals are still being conducted. A number of Educational Plans of Study were required to be submitted by FE and PE exam candidates in order to sit for the April 2011 exams. Only five (5) FE examinees required interviews prior to obtaining Board approval to sit for the April exam. These interviews were completed during an afternoon recess of this Board meeting.

The continuing professional competency PDH audit was completed in early December. A total of 401 registrants were audited including staff and Board members. A total of seventeen PE licenses were invalidated as a result of the audit. Details regarding the 2010-2011 Renewal season and Audit outcome will be included in the 2011 edition of the Board newsletter to be printed later this month.

Mr. Timms moved to enter into Executive Session at 9:45 AM, seconded by Mr. Pierson. Motion carried.

The Board recessed the meeting in Executive Session at 11:00AM for an informal conference on complaint C2010-19 requested by the respondent.

After completion of the informal conference, the Board reconvened the meeting in Executive Session at 1:00 PM.

At the conclusion of the Executive Session, Mr. Timms moved to enter into General Session with a second by Mr. Saluja. Motion carried and the Board then took the following actions:

1. The Board directed counsel to re-notice the hearing for complaint C2009-11 for the March Board meeting if a settlement agreement is not signed by mid-February.

2. A motion was made by Mr. Saluja, seconded by Mr. Timms, to revoke the license of the respondent in complaint C2009-12 for non-compliance with the Consent Order, which motion will be affirmed and take effect immediately at the March Board meeting. Motion carried. Counsel was directed to prepare correspondence to the respondent of this Board action.

3. A motion was made by Mr. Saluja, seconded by Mr. Timms, to dismiss complaint C2011-03. Motion carried.

4. Mr. Timms moved that inquiry I2011-05 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.

Based on a motion by Mr. Pierson, seconded by Mr. Timms, the Board took the following actions on Special Cases for Board Action:

1. Isabel C. Cardona request for EI certification was denied at this time, awaiting additional explanation from WVU administrators regarding her Master's degree or an acceptable foreign degree evaluation of her undergraduate degree.
2. Michael G. Bashikhes' request for comity was approved.
3. Larry D. Caswell's request for comity was approved.
4. Timothy K. France's request for comity was approved.
5. James R. Hutton's request for comity was approved.
6. Nazar A. Sabti's request for comity was approved.
7. Michael Spurlock's request for comity was approved.

The Board recessed the meeting at 2:00PM, in General Session, to conduct Educational Plans of Study interviews of five (5) FE exam candidates.

After completion of the interviews, the Board reconvened the meeting, in General Session at 3:45PM.

Mr. Timms reported on his recent activities as the NCEES President:

1. His heavy travel schedule as NCEES President is underway including the upcoming Board President's Assembly, NCEES Board of Directors meetings, NCEES committee meetings and Zone meetings.
2. Requests for 2011-2012 committee interests are being sought. Interested Board members or staff need to complete the online survey and also contact NCEES to indicate your interest in continuing a currently committee assignment.

Ms. Rosier discussed the Northeast Zone "Enny" Awards. To date, three (3) applications have been received. Nominations are due no later than March 30, 2011.

The WV Board has two funded delegate slots for the May 2011 Northeast Zone meeting in Annapolis, Maryland. Mr. Pierson made a motion for Ms. Rosier and Mr. Johnson to utilize the funded delegate slots to attend the meeting. Motion was seconded by Mr. Saluja and carried.

The new NCEES Education Standard was discussed. The current educational path of a non-ABET accredited degree coupled with a MS or PhD in Engineering from a school whose undergraduate program in that area is ABET-accredited raises some concerns with some Board members. The Board would like staff to begin researching the pros and cons of requiring individuals in this situation to utilize the NCEES Educational Evaluation Service to determine if their educational background is satisfactory and found to be of a high quality essentially equal to those curricula which are accredited by ABET. The Board requested staff and counsel to draft a policy for their review which would require applicants with non-EAC/ABET degrees to be evaluated by NCEES before approval by this Board.

The Board directed staff and counsel to keep them apprised of rule-making changes and legislation during the current legislative session that might be of interest to the Board. Ms. Cofer prepared a template on how the legislature wants to see future code revisions. To date, limited work has been done on drafting the code revisions to conform with the new format.

The Board discussed the tentative plans for participation in the 2011 WV EXPO. The Board is registered as an EXPO exhibitor and once again has a one-page ad in the EXPO program to serve the engineering community need for a continuing education (professional development hour) reporting form. Preparations are underway to conduct a two (2) hour seminar on engineering licensure which will include a joint session with the WV Society of Professional Engineers honoring our successful 2010 WV FE and PE examinees.

Ms. Rosier requested that all changes to the draft newsletter be submitted as soon as possible. The newsletter is due to be printed by the end of January and disseminated in early February. Ms. Rosier also reported that the WV PE Board Annual Report was submitted to the appropriate authorities on schedule.

The WV Division of Personnel has requested that all state employees complete a Job Content Questionnaire (JCQ) as part of the PLANS project. Based on the feedback received during the 2010 required Licensing Board Training and follow-up WV Licensing Board Association Meeting conducted on December 1, 2010, the majority of Boards are not participating per the AG opinion which stated the policy only applies to civil service employees, not exempt employees who staff most Board offices. The Board recommended staff to complete the questionnaires at their convenience but hold them unless formally requested of all Boards by the WV Division of Personnel.

The next Board meeting is scheduled for Tuesday, March 22, 2011. The meeting will take place in the Board offices at 300 Capitol Street in Charleston, WV.

Upon motion by Mr. Pierson, seconded by Mr. Timms, the meeting adjourned at 4:30 p.m. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
March 22, 2011

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, March 22, 2011. Those present for all or part of the meeting were:

Edward L. Robinson	President
William E. Pierson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale, Jr.	Member
Leonard J. Timms	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:00 AM. The Board meeting minutes for January 18, 2011 (both executive and general session) were reviewed. A motion to approve the minutes was made by Mr. Timms, seconded by Mr. Pierson. Motion carried.

The Board budget summaries for January and February 2011 were received and reviewed. The detailed purchasing card expenditures were also received and reviewed. A motion to approve the current expenditures and purchasing card transactions was made by Mr. Pierson, seconded by Mr. Plymale. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her to various groups since the last Board meeting. She also reviewed the office's schedule of upcoming activities. A motion was made by Mr. Timms, seconded by Mr. Plymale, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2011 calendar of events, in addition to approval for our new staff member, Tiffany Davis, to attend the next available NCEES exam proctor training.

The upcoming April examination was discussed. NCEES had denied registration of four FE examinee candidates at the Morgantown facility because the room was at capacity. After discussion, NCEES made arrangements to accommodate the additional examinees. The Board discussed a request to start offering the PE exam in Morgantown. A motion to offer the PE exam twice a year in Morgantown beginning in October 2011 was made by Mr. Timms, seconded by Mr. Pierson. Motion carried. Ms. Rosier will contact NCEES to request they make the necessary arrangements for the PE exam to be administered in the Morgantown area.

The effectiveness of the policy requiring Educational Plans of Study and required examinee interviews with the Board for candidates who had failed an exam more than three times was discussed. Ms. Rosier will prepare a summary of results from the last 4 exam administrations and report on the findings at the next Board meeting.

A number of states are beginning to require that a comity applicant must have a NCEES Record to be able to apply for comity in those states. The Board discussed the issue and concluded they were not in favor of requiring a NCEES Record for comity applicants.

Mr. Pierson moved to enter into Executive Session at 11:40 AM, seconded by Mr. Timms. Motion carried.

The Board recessed the meeting in Executive Session at 1:00 PM for an informal conference on complaint C2009-11.

After completion of the informal conference, the Board reconvened the meeting in Executive Session at 2:00 PM.

At the conclusion of the Executive Session, Mr. Timms moved to enter into General Session with a second by Mr. Saluja. Motion carried and the Board then took the following actions:

1. A motion was made by Mr. Timms to rescind the January 18, 2011 Board action regarding license revocation on complaint C2009-12 based on evidence of compliance provided by the respondent. Motion was seconded by Mr. Plymale and carried.

2. Mr. Timms moved that inquiry I2011-08 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.

3. Mr. Pierson moved that inquiry I2011-11 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Plymale and carried.

4. Mr. Plymale moved that inquiry I2011-13 be received and filed as a Board-initiated complaint. Motion was seconded by Mr. Pierson and carried.

Based on a motion by Mr. Pierson, seconded by Mr. Saluja, the Board took the following actions on Special Cases for Board Action:

1. Isabel C. Cardona's request for EI certification was denied at this time, awaiting additional explanation from WVU administrators regarding her Master's degree or an acceptable NCEES foreign degree evaluation of her undergraduate degree.
2. Raymond L. Beaufait's request for comity was approved.
3. Richard B. Garlitz, Jr.'s request for comity was denied.
4. Richard J. Lombardi's request for comity was approved.

Mr. Timms reported on his recent activities as the NCEES President:

1. His heavy travel schedule as NCEES President is underway including NCEES Board of Directors meetings, NCEES committee meetings, upcoming Zone meetings and upcoming international trip to Turkey to discuss offering the NCEES exams there.
2. Due to the current crisis situations in both Egypt and Japan, the April 2011 NCEES exam administrations were cancelled in these countries.
3. The NCEES Board of Directors received and approved the recommendations of the CBT Task Force to enter into negotiations with Pearson VUE to serve as NCEES' CBT vendor for the FE and FS exams and, as a part of the negotiations, to consider options that allow for a reduction in the length of the exams.

The Board discussed a number of changes from NCEES that will require a change in the WV Engineering Law and Rules. The items requiring immediate attention are Computer Based Testing (CBT) of the FE exam and the 2-day structural examination. CBT is expected to be in place in the next 2-3 years and the 2-day structural exam is already in use. There are also potential changes to the Industrial Exemption language and the educational requirements for

licensure (requiring a Masters degree or Equivalent). After considerable discussion, the Board decided to pursue an update of the Engineering Practice Act in 2012. The staff and Board attorney were directed to begin work on changes to the statute for submission to the legislature in January 2012. Members of the Board will be required to be involved in the process. A status report will be provided by staff and counsel at each future Board meeting of 2011.

Ms. Hamilton reported that proposed changes to Section 30 of the WV Code, which affects this Board, failed to pass in the recent legislative session.

Ms. Rosier updated the Board on the status of the CBT Taskforce. As reported by Mr. Timms earlier, a vendor has been selected to implement the conversion and work is in progress.

The Northeast Zone meeting is scheduled for May 19-21 in Annapolis, Maryland. Board members attending will be Mr. Timms, Mr. Pierson and Mr. Saluja along with staff members Ms. Rosier and Mr. Johnson. Ms. Rosier and Mr. Johnson will attend as the NCEES and Zone funded delegates.

The new NCEES Examinee Management System was discussed. Our exam candidates have commented on how user friendly the system is and our staff agrees.

NCEES has been notified on who the exam observers are for the upcoming April exams. Mr. Timms will be the observer in Morgantown. Ms. Rosier, Ms. Sue Rubenstein and Ms. Davis will be the observers in Charleston.

Ms. Rubenstein attended the FARB Conference in New Orleans in January 2011 and provided a detailed report on the relevant issues that were discussed at the conference.

The 2011 renewal notice draft was reviewed by the Board. There were no changes and staff will send out the RFQ within the next month in order to prepare for the mid-May mailing.

The Board discussed the plans for the upcoming 2011 WV EXPO. The Board is again registered as an EXPO exhibitor and will conduct a two-hour seminar on engineering licensure which will include a joint session with the WV Society of Professional Engineers honoring our successful 2010 WV FE and PE examinees.

Mr. Timms requested we revisit the faculty licensure issue, specifically with respect to WV Engineering Law and teaching of advanced engineering courses. Mr. Robinson agreed to advance discussions with relevant university administrators regarding compliance.

The Board requested that Ms. Rosier revise a previously discussed agenda and budget for possibly hosting a 2011-2012 WV Engineering Education Summit. It is anticipated that this two-day event would be organized and hosted by our agency in an effort to bring together WV engineering deans and department chairs, engineering faculty, ABET coordinators and other relevant administrators to discuss important state licensure issues. Once the agenda and preliminary budget are approved by the Board at an upcoming meeting, it is the desire of the Board to seek pre-approval from Purchasing and the Attorney General's office to fund travel, lodging, meals and incidentals for all attendees that are invited to participate.

The next Board meeting is scheduled for Tuesday, May 17, 2011. The meeting will take place in the Board offices at 300 Capitol Street in Charleston, WV.

Upon motion by Mr. Pierson, seconded by Mr. Timms, the meeting adjourned at 4:00 p.m. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
May 17, 2011

The State Board of Registration for Professional Engineers met in their offices at 300 Capitol Street in Charleston, WV on Tuesday, May 17, 2011. Those present for all or part of the meeting were:

Edward L. Robinson	President
William E. Pierson	Vice-President
Bhajan S. Saluja	Secretary
Richard E. Plymale, Jr.	Member
Leonard J. Timms	Member
Lesley L. Rosier-Tabor	Executive Director
Don W. Johnson	Board Investigator
Debra L. Hamilton	Legal Counsel (via phone)

The meeting was called to order at 9:00 AM. The Board meeting minutes for March 22, 2011 (both executive and general session) were reviewed. A motion to approve the minutes as amended was made by Mr. Timms, seconded by Mr. Pierson. Motion carried.

The Board budget summaries for March and April 2011 were received and reviewed. The detailed purchasing card expenditures were also received and reviewed. Ms. Rosier also reported that the document imaging project, previously approved by the Board, was now complete and totaled nearly $65,000. A motion to approve the current expenditures and purchasing card transactions was made by Mr. Plymale, seconded by Mr. Timms. Motion carried.

The projected FY 2012 Budget and Expenditure Schedule were received and reviewed. A motion to approve the FY 2012 Budget and Expenditure Schedule as submitted was made by Mr. Plymale, seconded by Mr. Timms. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments. Ms. Rosier discussed her participation in recent events and presentations made by her and Mr. Johnson to various groups since the last Board meeting. She also reviewed the office's schedule of upcoming activities. A motion was made by Mr. Plymale, seconded by Mr. Pierson, to approve attendance and travel for staff activities outlined in the Executive Director's report and updated 2011 calendar of events, including the addition of Ms. Rubenstein's and Mr. Johnson's attendance both at the CLEAR Conference and NCEES Annual Meeting. Motion carried.

The results from the April FE exam were received last week, nearly one month earlier than usual. The overall pass rate was 53.6% (134 pass, 116 fail). First time pass rate was 56.9%. PE exam results have not been received. Statistical results and institutional summaries will be reviewed in more detail at the July Board meeting.

The effectiveness of the policy requiring the Educational Plans of Study for the 4 time or more repeat examinees was discussed. Ms. Rosier reported that 2 of the 5 individuals who were interviewed by the Board passed the exam, one failed and the additional two were absent.

Ms. Rosier reported that she will be completing her positions as the Northeast Zone MBA representative and NE Zone Awards Committee chair at the end of her term in August 2012. It is her intent to find willing and able replacements this weekend during the upcoming NCEES NE Zone meeting in Annapolis.

The 2012 renewal preparation is underway. Renewal notices will be mailed on May 23rd and the on-line registration system will be turned on no later than May 25th.

Mr. Pierson moved to enter into Executive Session at 9:40 AM, seconded by Mr. Plymale. Motion carried.

At the conclusion of the Executive Session, Mr. Plymale moved to enter into General Session with a second by Mr. Pierson. Motion carried and the Board then took the following actions:

1. A motion was made by Mr. Timms, seconded by Mr. Plymale, to schedule complaint C2009-11 for hearing at the July Board meeting if unable to reach a settlement. Motion carried.

2. The Board approved the ethics presentation outline prepared pursuant to the Consent Order in C2010-19. The presentations will be used as a teaching aid for students. Ms. Rosier will provide the respondent with a list of available dates for those presentations. Staff members will participate in the presentations.

3. A motion was made by Mr. Timms, seconded by Mr. Pierson, to schedule complaint C2010-25 for hearing at the July Board meeting if unable to reach a settlement. Motion carried.

4. The Board directed Ms. Hamilton to seek an Attorney General's opinion on the effect of federal exemption or immunity, if any, on W. Va. Code Section 30-13-20 which requires all government agencies, authorities, officials and employees to meet the provisions of Article 13.

5. Mr. Timms moved that complaint C2011-09 be scheduled for hearing at the July meeting. Motion was seconded by Mr. Plymale and carried.

6. Mr. Robinson recused himself and exited the room during the discussion of inquiry I2011-14. No action was taken on the inquiry.

Based on a motion by Mr. Timms, seconded by Mr. Pierson, the Board took the following actions on Special Cases for Board Action:

1. Bhadresh A. Prajajati's request to sit for the FE exam was approved.
2. James D. Kegley's request for comity was approved.
3. Michael A. Stein's request for comity was approved.

The Board met with Amelia McClure (WV PE #15342) in general session at her request for Board assistance regarding the State Fire Marshal's Office not allowing PEs to be able to do sprinkler layout work now being done by NICET III technicians (or higher certification). Ms. McClure maintains that PEs in many other states are permitted to perform this work. The Board agreed to investigate the situation further and determine if any action by the Board is warranted.

Ms. Rosier discussed a request that the Board received from a registrant. He is requesting the release of the module name of the exam he took when he sat for his PE exam. The WV PE Board is not provided this information by NCEES. However, NCEES will release the afternoon module name with Board approval to do so. After discussion, Mr. Timms made a motion to approve the release of the information. Motion was seconded by Mr. Saluja and carried.

Mr. Timms reported on his recent activities as the NCEES President:

1. He discussed his trip to Turkey to visit the Istanbul University. The university is requesting that they be approved to offer the NCEES FE exam. They are still waiting the results of their ABET evaluation of 22 different disciplines. The university has more than 26,000 engineering students with approximately 35% female students and 45% of female faculty members. Engineering is taught both in English and Turkish. The FE exam is only given in English.

2. The United Arab Emirates are also requesting they be approved to offer the FE examination.

3. Outside of the US, it is his understanding ABET is promoting the use of the FE exam as an assessment tool.

4. Virginia has requested that they be allowed to move from the Northeast Zone to the Southern Zone of NCEES. The Southern Zone voted to accept VA as a member at the Southern Zone Meeting. The NCEES NE Zone will consider the request at their upcoming meeting. If accepted, the motion will come before the Council in August 2011.

5. ASME and other professional societies continue to lobby against the Masters or Equivalent Program.

6. NCEES is proposing the addition of a standing committee on education to address all of the pending items such as the Masters or Equivalent, CBT, etc.

7. The Alternate Pathways to Licensure Task Force has come up with a 6-year program that includes structured learning and an approved mentoring process. The system will require a clearinghouse to oversee the program. The Task Force will present their recommendations for Council consideration in August.

8. Computer Based Training is moving forward. Pearson VUE has been selected as the testing vendor. Contract negotiations between NCEES and VUE are currently in progress.

The NCEES Annual Meeting is scheduled for August 24-27 in Providence, Rhode Island. Currently, Board members expressing an interest in attending include Mr. Robinson, Mr. Saluja, Mr. Timms and Mr. Plymale along with staff members Ms. Rosier, Ms. Rubenstein and Mr. Johnson.

The Board discussed a recent newspaper article addressing the reduction in hours required to graduate from college in West Virginia. Shepherd University recently reduced the number of hours required to graduate from 128 to 120 hours. The Board is concerned about this trend given the already low pass rates for West Virginia examinees.

The NCEES credentials evaluation service was discussed. The operation has been successfully relocated to Clemson, SC. This Council service is projected to lose nearly $600k this year due to relocation cost and personnel issues and then continued losses (at a much lower magnitude) for the foreseeable future. However, the service is considered a value for the Member Boards and foreign degree applicants and will be continued.

Renewal of the ELSES contract for exam administration was discussed. The AG's office has reviewed the contract and noted changes are to be forwarded to NCEES in the upcoming weeks. No problems are anticipated. Beginning in October, the PE exam will be offered in Morgantown as well as Charleston. Cost effectiveness of the two PE exam sites will be reviewed after two exam administrations.

Methods by which exam candidates are notified about exam results was discussed. Currently formal paper correspondence is sent by the WV PE Board office to each examinee informing them of the results. The new NCEES Examinee Management System now has the capability to report the results to the candidates and some Boards have elected to utilize this method. It was decided that for the foreseeable future this Board will stay with the letter notification.

The new 16-hour structural exam and anticipated score reporting format was discussed. One WV exam candidate sat for both days of the exam during this April 2011 exam administration. Exam results are not yet known.

The re-write of the Engineering Practice Act for submission to the legislature in 2012 was discussed. Staff and AG counsel will work to have a draft re-write ready for review at the September Board meeting.

The Board received an e-mail from the WV Division of Personnel asking if the Board would support adding the non-ABET accredited Architectural Engineering Technology degree from Fairmont State to the Technical Analyst classification series. After discussion, the Board decided not to support the change and asked that Ms. Rosier follow-up confirming her original email response.

The proposed 2011-2012 WV Engineering Education Summit was discussed. The one and a half day event is estimated to cost $20,000 - $25,000. The event is an effort to bring together WV engineering deans and department chairs, engineering faculty, ABET coordinators and other relevant administrators to discuss important state and national licensure issues. The Board supports the idea of the Engineering Education Summit and requests Ms. Rosier to continue to work out the details regarding speakers, agenda items, timing of the activity relative to the college year, etc.

The Board received a question from Triad Engineering asking about the use of the word "engineering" in internal company titles. Triad was informed that the Board does not attempt to control internal company titles and would not have a problem with their proposed practice. However Triad was cautioned that some states restrict the use of the word "engineering" or any derivative of the word and it was suggested that they check with the other states where they offer to practice before proceeding with these title changes.

Due to scheduling conflicts the September Board meeting was changed to September 19, 2011.

The next Board meeting is scheduled for Tuesday, July 19, 2011. The meeting will take place in the Board offices at 300 Capitol Street in Charleston, WV.

Upon motion by Mr. Pierson, seconded by Mr. Plymale, the meeting adjourned at 2:25 p.m. The Board members will be compensated one day per diem plus travel expenses.

Message from the Executive Director

Lesley L. Rosier-Tabor, PE

Founded during the gold rush of 1858, Denver is one boomtown that continues to thrive. A vibrant city with awe-inspiring scenery, Colorado's capital created a spectacular backdrop for the 89th NCEES Annual Meeting. From August 18–21, 2010, NCEES member boards came together in Denver to address key issues affecting the future of engineering and surveying licensure, including a historical vote to move to computer-based testing and further debate on refining the future of additional engineering education requirements.

The Annual Meeting kicked off with a "Go for the Gold Mining Event" celebrating Denver's heritage. The discovery of just a few flakes in 1858 was enough to create the Pikes Peak Gold Rush and this new boomtown. Participants tried their luck at panning for gold, testing their Wild West skills at a quick draw shoot-out, and even experienced a little calf roping.

Many valuable workshops and forums were offered to discuss a range of professional issues and task force updates, as well as the annual meeting business sessions. Workshops for engineers, surveyors, board administrators, and enforcement staff were great opportunities for our PE Board members and staff to earn their required professional development.

But most notably, for those of us from WV at least, this Annual Meeting was one like no other. The WV State Board of Registration for Professional Engineers was well represented by Board members and staff as a little piece of our own history was made when Leonard "Joe" Timms, Jr., one of our current WV PE Board members, accepted the nomination to serve as NCEES President for the 2010-2011 term. President Timms, joined by his proud family traveling from Bridgeport, WV, Chicago and New York, were all surprised as the inaugural celebration was kicked off with one of John Denver's most popular and world-wide beloved songs, "Take Me Home, Country Roads". As you might imagine, the playing of this song received an enthusiastic response from all West Virginians present.

Almost heaven, West Virginia,
Blue Ridge Mountains
Shenandoah River.
Life is old there,
Older than the trees,
Younger than the mountains
Growin' like a breeze.

Country roads, take me home
To the place where I belong:
West Virginia, mountain momma,
Take me home, country roads.

President Timms wrapped up a very productive week as he presented his inaugural speech during the farewell banquet held August 21 at the Annual Meeting. (Much of his inaugural speech is published within this newsletter).

The next morning, as we drove away from the conference hotel in the wee morning hours, my husband and I were anxious to hop on the airplane and head back to see our daughter who had been in the care of her Gram and Pap for the last five days. As native West Virginians, we began singing those clever lyrics that are played at every WVU home football game, as well as many wedding receptions and even funerals (including the recent passing of the longest-serving US Senator, Robert C. Byrd).

Country roads, take me home
To the place where I belong:
West Virginia, mountain momma,
Take me home, country roads.

As we drove up to the airport luggage drop, we couldn't help but realize that nestled against the foothills of the majestic Rocky Mountains, Denver is a wonderful city that obviously takes pride in its blue skies, bountiful good weather, and welcoming spirit. While I believe there is no place like this great state of West Virginia to be born and raised, we truly enjoyed the NCEES activities in Denver's beautiful Mile High City which may just run a close second to being "Almost Heaven" (literally)!

Board Updates

Board Member Appointment Updates

On September 1, 2010, Governor Joe Manchin III, made the following reappointments to the WV State Board of Registration for Professional Engineers:

- **Mr. Leonard J. Timms, Jr.**
  New term expires June 30, 2015
- **Mr. Edward Robinson**
  New term expires June 30, 2014
- **Dr. William E. Pierson**
  New term expires June 30, 2013

In addition, the existing Board member terms are as follows:

- **Mr. Richard E. Plymale, Jr.**
  Term expires June 30, 2012
- **Mr. Bhajan S. Saluja**
  Term expires June 30, 2011

(LEFT TO RIGHT) Leonard Timms, Jr., Edward Robinson, Bhajan Saluja, Richard Plymale and William Pierson

Board Member Election Results

- **Mr. Edward Robinson,** Board President
- **Dr. William E. Pierson,** Board Vice-President
- **Mr. Bhajan S. Saluja,** Board Secretary

New Staff Member Joins Our Team

On November 22, 2010, the WV PE Board officially welcomed a new staff member, Ms. Tiffany Davis. Tiffany serves as an Administrative Assistant for our agency and has been hard at work since her first day on the job. She is a December 2006 graduate of Marshall University with a degree in Health Information Management and was previously employed by Charleston Area Medical Center as well as a private health care-related firm.

For many of you who have visited our office during annual renewal seasons over the years, Tiffany will be a familiar face. She was employed by our agency as a summer intern assisting in various PE and COA license renewal functions during the busy 2006 and 2007 renewal seasons. Executive Director Rosier-Tabor stated "We feel privileged to have Tiffany back with us. It is not too often that an organization such as ours has the opportunity to hire someone who is intimately familiar with your processes and ready to hit the ground running from day one. Witnessing her work ethic and professionalism as a summer intern a number of years ago, the Board leadership was confident in making this hiring decision."

Exemptions, Exceptions, Etc.

Debra L. Hamilton, *Board Counsel and Deputy Attorney General*

The WV PE licensure staff and Board members have a wealth of knowledge in their own right. Much more, though, is at their fingertips – via a computer keyboard and listserves that enable them to access the knowledge of several national organizations and the many state licensing boards that actively participate on these listserves.

The listserves are a means to gather information on a variety of topics of interest to the engineering community. As the WV PE Board's counsel for several years, I have asked that a listserve be queried to broaden my knowledge regarding how West Virginia engineering law, policy or practice compares to that of other jurisdictions. For instance, I asked the Executive Director to poll other states prior to the article I wrote for this newsletter a few years ago on whether an engineer testifying as an expert witness in their state had to be licensed in that state. (see the 2007 inter*change* - Vol 4)

A recent topic of a comparative study conducted by the National Society of Professional Engineers (NSPE) concerned the states' various laws regarding industrial and manufacturing exemptions. This topic was of special interest to me as the Board's attorney not only because the Board has discussed possible legislative changes in this regard, but because many complaints involve issues of exemption or do not become active complaints because of an applicable exemption.

Basically, West Virginia has an industrial exemption somewhat buried in W. Va. Code 30-13-24 (c). It provides a rather large hole through which many energy extraction enterprises, chemical companies and other industries in West Virginia can employ unlicensed engineers who can perform engineering services if they are "solely and exclusively" for their employer on the employer's property.

Other exemptions which have been relevant to disciplinary actions considered or taken by this Board are the manufacturing exemption and the federal exemption. Since West Virginia engineering law does not specifically set forth either of these exemptions, the Board has consistently required a license for any manufacture of a product that has engineering work customized or sealed for a West Virginia customer. The only federal exemption recognized by the Board is for federal employees doing engineering, although this is an area where the Board has requested further research.

The only federal exemption recognized by the Board is for federal employees doing engineering, although this is an area where the Board has requested further research.

When I heard the word "exemption" in an engineering context, these were the three areas that came to mind. For that reason, I read with interest a chart compiled for NSPE by Arthur Schwartz, its Deputy Executive Director and General Counsel. There are several other exemptions found in other states' engineering laws. For instance:

- Defense, Space or Aerospace Companies
- Public Service Corporations / Public Utilities / Power Plants
- Laboratory / Scientific Research & Development
- Telecommunications
- Transportation, including Common Carriers, Railroads & Stationary Marine Operations

According to the chart, neither Kentucky nor Virginia require an employee in a business entity engaged in interstate commerce to be licensed, but this appears to be such a broad exemption that it raises several questions not answered in the NSPE study. Not surprisingly, Texas is listed as exempting the computer and oil & gas industries.

Some of the states with exemptions still require at least one person to be licensed and in responsible charge (D.C., Washington). Other states are listed as having no exemptions from engineering licensure. According to the NSPE chart, these include Arkansas, Hawaii, Louisiana, Minnesota, New Hampshire, Ohio, Oklahoma and South Dakota

While the language is not always the same, many states like West Virginia have an industrial exemption for an officer or employee practicing engineering internal to the operation of that business. However, some states have big exceptions to that exemption. For instance, the industrial exemption **does not apply** to buildings or structures built primarily for public use (Alaska, Massachusetts, Wisconsin) or when the practice involves public safety or public health (Georgia, New Jersey, North Dakota).

The purpose of the West Virginia State Board of Registration for Professional Engineers is to safeguard life, health and property and to promote the public welfare. The industrial exemption thwarts that purpose, creating a large gap in the Board's ability to protect the public. Perhaps the West Virginia Legislature will address this when considering amendments to Article 13 of Chapter 30.

Investigator's Corner

Don Johnson, PE, *Board Investigator*

It was a dark and stormy night when the slump shouldered bespectacled investigator armed only with a marking pen and a checklist waded fearlessly into the mountains of paper lurking in the dark recesses of his dimly lit office ... I thought I would be like Snoopy and add a little humor to get your attention.

My workload has not changed significantly over the past year. Our number of registrants increased by only a few hundred from the previous year, now topping out at nearly 7100 professional engineers registered in West Virginia. We also have about 2500 engineering companies that hold Certificates of Authorizations (COAs) to provide, or even offer to provide, engineering services in our state. Over 75% of these PEs and COAs are out-of-state registrants. Our largest number of complaints continues to be practicing or offering to practice engineering without a license and/or a Certificate of Authorization (COA).

The Annual Continuing Education Audit:

One of the things we have started looking at over the last couple of years on the audit is registrants reporting they have completed a large number of Professional Development Hours (PDHs) in one day. Many of you tell me after the audit is underway that you order the online courses, go through and study them over several days or even weeks and then complete all of the exams in one day. That is certainly acceptable but with respect to the start and end dates required on the renewal form, you need to report the actual date that you started studying and end with the day of the exam. Following this simple principle will likely keep you from receiving an audit notice requiring you to provide details of ALL of your activities, including the online coursework.

Regarding online continuing education providers, unfortunately there appears to be some who offer courses that can be completed in a lot less time than the credit the provider reports. It is your professional responsibility to only claim the actual hours you spent on the activity up to the maximum of what the provider states for the activity.

If you find an online PDH provider, or any provider for that matter, who you believe is not providing a quality product in your professional opinion, please let us know. If we get multiple comments about an individual provider, we contact them as a Board and discuss their offerings.

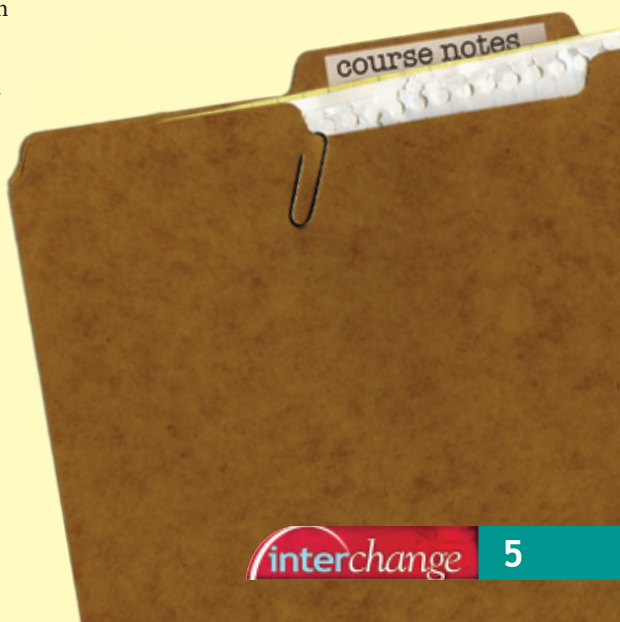
Another item commonly found is those who claim PDH activities scheduled after the renewal date. For example, you renew your license on July 1, 2010 and report on the renewal that you are going to a seminar on August 1, 2010. While this activity is in the renewal window, reporting of future PDHs is not permitted. Besides, sometimes things happen and you are unable to attend the planned activity. Should you find yourself in this situation, you need to report that you didn't attend the seminar and provide replacement PDHs. Needless to say, if during the end of renewal season review we find references to anticipated seminar dates sometime in the future after the date of your renewal completion, you will be audited. It is important to note that the last item on the paper renewal or the last checkbox on the online submission states that you are certifying the PDH information and it accurately reflects all PDHs earned (not *to be* earned) since your last renewal submission to present and that the hours have not been claimed in a previous year.

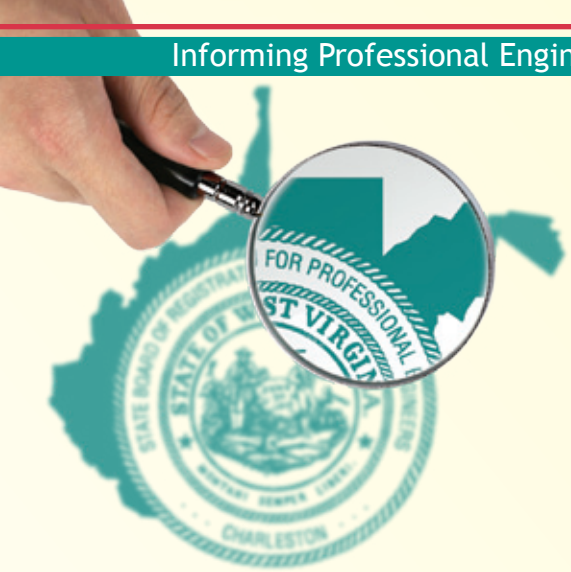
Our largest number of complaints continues to be practicing or offering to practice engineering without a license and/or a Certificate of Authorization (COA).

Certificate of Authorization reporting was again a problem during this audit review. Many had questions with respect to the wording of the question regarding PERSONALLY offering engineering services. The question was meant to find out if you were offering engineering that was not covered by a COA or an exemption. Many people answered the question YES when they weren't offering engineering outside their employer's COA which resulted in them receiving an audit notice.

If you are audited, you will need to provide a detailed log of the activities claimed AND verification of completion or attendance at the listed activities. Several sent only the log in response to the audit, not the certificates, and had to be contacted to provide the additional information. We prefer certificates or documents from the provider but will accept other records if necessary. (Please do not send me the course text, the entire technical paper, etc.) We encourage you to create a file in your desk at home or work and drop the certificate in the front of the file. Save your course notes to document your participation if there is no certificate. Then the audit isn't such a drag. The chronological file also is a huge time saver when you are preparing to fill out the renewal form on an annual basis.

Of course avoiding the audit is still best. You can do this by completely and accurately filling out the form and answering all of the questions. If you have questions about your renewal or don't understand something, give us a call prior to submitting your renewal. This will make it easier on both of us!





Investigator's Corner

(continued from page 5)

Certificates of Authorizations (COAs):

Continuing with the COA items, there are three things that will get you audited. First, if you check the box "YES" for personally offering engineering in WV and you do not have a COA. Second, if you list yourself as self-employed and you do not have a COA. Third, you list your employer as John Doe, PE and don't have a COA then most likely you will be audited to explain your COA (or lack thereof) as well as the continuing education claim. Some registrants don't want to report that they are unemployed and list themselves as self employed instead which results in an audit. If you fall into one of these categories and you do not require a COA, please feel free to provide additional documentation to this office prior to the end of each renewal cycle.

We continue to have PEs who practice engineering on a part-time basis and do not carry the required active COA. Remember, if you are offering engineering services in WV, either directly or indirectly through an engineered product for a specific end use or a product requiring an engineer's seal to sell it, then you need to be licensed as a WV professional engineer and you or your company needs to have a COA.

COAs for sole proprietors raise questions from time to time especially regarding state registrants. The WV PE Board defines a sole proprietor as having NO employees (no technicians, no designers, no clerical staff). It is not the same as the tax accounting definition for a sole proprietor.

Electronic Seals and Signatures:

We receive calls asking about the use of electronic seals and signatures. WV code allows for the use of electronic seals and signatures but you are still responsible if the seal gets copied and applied to documents not approved by you. Technology exists to protect your seal. We encourage its use. Should you let someone else keep your seal or have an electronic copy of your seal and it gets applied to documents, even without your knowledge, you are still responsible.

Proper labeling of engineering documents and approvals of those documents can be a problem. If documents are still in draft form or submitted for review only, they need to state that on the document. Otherwise, final plans need to be approved and/or stamped by an engineer licensed in the state where the project is located.

We had a situation where a former licensee, meaning he was not licensed in WV, offered an opposing engineering opinion on a proposed WV project. His defense was that he was not paid for the work so it wasn't a violation of our code. The practice of engineering is not defined by whether or not you are paid.

Things worth repeating:

As we have said in the past, keeping your Board record up to date is important. If your address changes without our knowledge, obviously you will not receive the necessary official correspondence such as renewal notices and audit notices. Failure to respond to either of these can result in your license being invalidated. Reinstatement involves an additional fee and can be a hassle. This could potentially lead to a case of unlicensed practice if the person does not realize his license has been invalidated and he continues to practice or offer to practice engineering in WV.

Failure to report a change in employers can also be problematic, especially if you are the Engineer in Responsible Charge (EIRC) for the company. First, since you are listed as the EIRC, you could wind up explaining your previous employer's actions should a problem arise. Second, and of more concern, you could ultimately be responsible for an unqualified company offering engineering to the public. A PE, as well as a company, has 30 days to notify the Board should a change of EIRC occur.

Remember, if you are offering engineering services in WV, either directly or indirectly through an engineered product, for a specific end use or a product requiring an engineer's seal to sell it, then you need to be licensed as a WV professional engineer and you or your company needs to have a COA.

WV does not treat invalidation as a disciplinary action. It does not get reported to NCEES and does not affect Model Law Status for those registered with NCEES but the license invalidation DOES appear in the Board's newsletter. As a cautionary note, this is not true of all states. Failure to respond to an audit or responding late to an audit can result in disciplinary actions in other states.

Remember:

When in doubt, give a shout! Our goal is to be proactive, not reactive, and we are here to help answer your questions before they develop into issues that must be brought to the attention of the Board.

Board Disciplinary Actions

In meeting its mission of safeguarding life, health and property, and to promote the public welfare, the WV Board actively enforces the statutes and rules that fall within its jurisdiction. Below is a summary of formal complaints that resulted in disciplinary action since the 2009 newsletter. Numerous other investigations were conducted, some resulting in formal complaints which are still pending; some closed because the charges were unsubstantiated or considered trivial; and some closed after informal corrective action or warning.

The actions below were either a result of a formal hearing resulting in a Board Order or an informal settlement resulting in a Consent Order. These orders are public records. If you are interested in knowing more about the nature of the complaint, you may request a copy of any order pursuant to the State's Freedom of Information Act. All Final Orders are also posted on the Board website.

All civil penalties are made payable to the State of West Virginia and are deposited in the state's general fund. Administrative costs are made payable to the WV PE Board and are retained by the Board to offset costs incurred in the investigation and complaint resolution efforts. Administrative costs may be waived if the complaint is resolved with a minimum of expense, including staff time.

CASE NUMBER: C2010-07
Carl V. Deicas, Monessen, PA

VIOLATION: Eight counts of offering to practice engineering in West Virginia on an expired engineering license, engaging in conduct likely to deceive or defraud the public and misuse of seal. [§30-13-21(a)(9), §30-13-21(a)(11) and W. Va. R. 7-1-12.3(b)]

RESOLUTION: Consent Order signed. Civil penalties of $5000 and administrative cost of $866.25 paid. Reinstatement of license stayed for 1 year. Case closed 7/17/10.

CASE NUMBER: C2010-14
Hayman Engineering, Columbia, MS

VIOLATION: Offering to practice engineering in West Virginia without a Certificate of Authorization. [§30-13-17(a)]

RESOLUTION: Consent Order signed. Civil penalty of $250 paid. Case closed 4/26/10.

CASE NUMBER: C2010-18
J. Michael Harnett, Electrical Systems, Inc., Clarksburg, WV

VIOLATION: Conduct likely to deceive, defraud or harm the public, offering to practice engineering in West Virginia without an engineering license and Certificate of Authorization. [§30-13-21(a)(11), §30-13-2 and §30-13-17(a)]

RESOLUTION: Consent Order signed. Civil penalties of $500 paid. Case closed 11/12/10.

CASE NUMBER: C2010-22
Thomas Russell, Thomas Russell Company, Tulsa, OK

VIOLATION: Offering to practice engineering in West Virginia without an engineering license and Certificate of Authorization. [§30-13-2 and §30-13-17(a)]

RESOLUTION: Consent Order signed. Civil penalty of $500 paid. Case closed 12/2/10.

CASE NUMBER: C2010-23
Balzer & Associates, Augusta, VA

VIOLATION: Offering to practice engineering in West Virginia without a Certificate of Authorization. [§30-13-17(a)]

RESOLUTION: Consent Order signed. Civil penalty of $250 paid. Case closed 8/25/10.

CASE NUMBER: C2010-24
Michael B. Kopplin, Saulsbury Engineering and Construction, Inc., Odessa, TX

VIOLATION: Offering to practice engineering in West Virginia without an engineering license and Certificate of Authorization. [§30-13-2 and §30-13-17(a)]

RESOLUTION: Consent Order signed. Civil penalties of $500 paid. Case closed 10/13/10.

Disclaimer: Every effort has been made to ensure that the enforcement information is correct; however this information should not be relied upon without verification from the Board office or website. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Should you have any specific questions regarding the disciplinary actions noted above, please contact the Board office.

NCEES
advancing licensure for engineers and surveyors

The following pages contain an overview of recent news releases received from the National Council of Examiners for Engineering and Surveying (NCEES), as well as NCEES Licensure Exchange, concerning items that may be of interest to our engineering community. Some of these articles may have been adapted to fit the space allocated. For more information on any of these updates, or to review the full news releases, simply visit the NCEES website at www.ncees.org.

About NCEES

NCEES is a national nonprofit organization composed of engineering and surveying licensing boards representing all US states, the District of Columbia, Guam, Puerto Rico and the U.S. Virgin Islands. An accredited standards developer with the American National Standards Institute, NCEES develops, scores, and administers the examinations used for engineering and surveying licensure throughout the United States. NCEES also provides services facilitating professional mobility for licensed engineers and surveyors. Its headquarters is located in Clemson, SC.

NCEES approves new standard for engineering education credentials evaluations

On January 1, 2011, NCEES began using a new standard for its education credentials evaluations for engineering licensure candidates. NCEES will use this standard to evaluate

- **Engineering degree programs outside the United States**
- **U.S.-based degree programs in engineering, engineering technology, related science, or mathematics that are not accredited by the Engineering Accreditation Commission of ABET, when coupled with a master's degree or doctorate from a program that is EAC/ABET-accredited at the undergraduate or graduate level**

Candidates in the above categories are typically referred to NCEES Credentials Evaluations by the state board where they are applying for licensure.

The NCEES Engineering Education Standard was developed by an advisory group of state licensing board members and administrators along with NCEES staff. The group worked in consultation with state licensing boards to determine the minimal education requirements necessary to be considered for entry into the engineering profession. The standard will replace the existing practice of comparing a candidate's educational history against ABET accreditation criteria.

"The big advantage of using the new standard is that NCEES will evaluate graduate-level coursework in addition to work at the bachelor's level," Executive Director Jerry Carter said. "Now, we can give licensing boards an assessment of an applicant's whole educational experience."

The new standard applies to applications completed on or after January 1, 2011. Applications are considered completed when all requested documents have been submitted to NCEES.

For more information on NCEES Credentials Evaluations or to download the NCEES Engineering Education Standard, visit ncees.org.

Exam Day Security Improvements

NCEES now prints the afternoon modules for several exams in separate books: the FE exam, the PE Civil exam, and the PE Mechanical exam. For NCEES, the move means improved exam security. But what does it mean for examinees?

Examinees will choose their afternoon book when they register for the exam (if their exam has a choice of modules). On exam day, they will receive their assigned book and will not be able to change to a different one. Examinees will be scored only on the exam book they registered for.

FE exam afternoon books

- Chemical
- Civil
- Electrical
- Environmental
- Industrial
- Mechanical
- Other Disciplines

PE Civil exam afternoon books

- Construction
- Geotechnical
- Structural
- Transportation
- Water Resources and Environmental

PE Mechanical exam afternoon books

- HVAC and Refrigeration
- Mechanical Systems and Materials
- Thermal and Fluids Systems

2011 Changes to NCEES Exams and Exam Registration

Prior to April 2011 and October 2011 exam administrations, NCEES will implement a number of changes to examinations.

April 2011 Administration

Beginning with the April 2011 exam administration, NCEES will implement changes to the following Principles and Practice of Engineering (PE) exams. The new exam specifications, design standards, and Sample Questions and Solutions are available online at ncees.org.

PE Chemical Exam

The PE Chemical exam will have revised specifications. The new specifications were posted on the NCEES website after the October 2010 administration. A new edition of the NCEES Chemical Sample Questions and Solutions will be available through NCEES and will reflect the new specifications.

PE Civil Exam—Design Standards

The design standards for the Construction, Transportation, and Structural modules of the PE Civil exam have been revised. The new standards were posted on the NCEES website after the October 2010 administration.

PE Environmental Exam

The PE Environmental exam will have revised specifications. The new specifications were posted on the NCEES website after the October 2010 administration. A new edition of the NCEES Environmental Sample Questions and Solutions will be available through NCEES and will reflect the new specifications.

PE Structural Exam

The 16-hour Structural exam will be offered for the first time during the April 2011 administration. The Structural Engineering exam is a two-component exam with the Vertical Forces component offered on Friday and the Lateral Forces component offered on Saturday. Examinees may take either or both components in any exam administration. They must obtain acceptable results on both components before passing the exam.

NCEES will use the Examinee Management System to track the attempts each examinee makes on a component and report results to the boards. Once an examinee receives acceptable results on both components, NCEES will send an exam pass notice to the board to indicate the candidate has passed the Structural Engineering exam.

Examinees will be required to select either or both components of the Structural Engineering exam in the Examinee Management System when they register with NCEES. They will also be required to select Buildings or Bridges for the PM module of each component. Examinees will not be allowed to change components or modules on exam day.

The specifications for the new Structural exam are posted on the NCEES website and a new edition of the NCEES Structural Sample Questions and Solutions will be available through NCEES and will reflect the new specifications.

The design standards for the PE Structural examination are effective with the April 2011 administration. The standards are included on the last page of the new PE Structural exam specifications as posted on the NCEES website.

October 2011 Administration

In the October 2011 exam administration, NCEES will implement changes to the following Principles and Practice of Engineering (PE) exams.

PE Control Systems

The PE Control Systems exam has revised specifications. The new exam specifications are posted online at ncees.org.

PE Civil Geotechnical

The PE Civil Geotechnical afternoon module has revised specifications. Several topic areas have been reorganized. No knowledge areas were added or deleted; they were simply reorganized to provide clarity during item development. The specification will be posted online six months before the October 2011 exam.

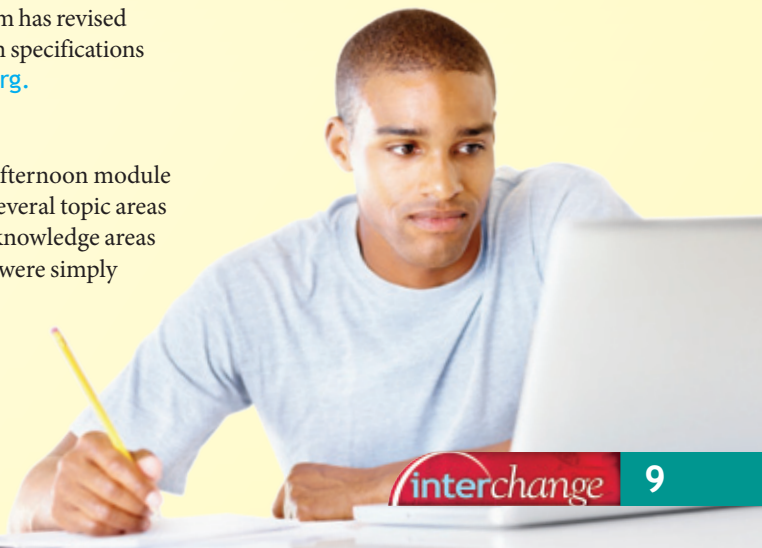
NCEES Examinee Management System

NCEES will continue to use the Examinee Management System to register all NCEES examinees. All examinees who intend to sit for an exam in WV must first apply to the WV PE Board for approval of their application before they can officially register for an exam via the NCEES website.

Once the exam applicant receives approval notice from the WV PE Board, they must follow the instructions within the correspondence regarding how to log into the NCEES website, obtain a unique ID number, and register for the exam they intend to take. For the PE Civil, PE Mechanical, Structural Engineering, and Fundamentals of Engineering exams, examinees must also select an afternoon module when they register.

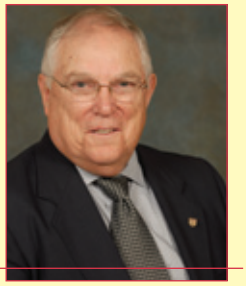
Once the examinee successfully registers with NCEES, they will receive a confirmation email to review for accuracy regarding their exam selection, all necessary site information and afternoon module details.

NCEES will email exam candidates two–three weeks before the exam with a link to download and print their exam authorization notice. All examinees will be required to present this document along with a valid, government-issued photo ID upon arrival at the exam site.



NCEES
advancing licensure for engineers and surveyors

Timms Accepts NCEES Presidency



Leonard Joseph Timms, PE, accepted the position of NCEES President during the farewell banquet at the organization's 89th Annual Meeting, held August 18–21, 2010 in Denver. Having completed a one-year term as President-Elect, he will now serve as President for 2010–11.

A resident of Bridgeport, West Virginia, Timms has been a member of the West Virginia State Board of Registration for Professional Engineers since 1998. He is a past president of the state board as well as a former NCEES Northeast Zone Vice President.

Timms has more than 50 years of experience in civil engineering, management, and energy consultancy. He retired as president and CEO of Consolidated Natural Gas (now Dominion Transmission Corporation). Currently, he is chairman emeritus of the Davis and Elkins College board of trustees and a member of the board of directors for BSI International and Bi-Con Services. He is also a member of the visiting committee for the college of petroleum engineering at West Virginia University. Timms holds a bachelor's degree in civil engineering from Massachusetts Institute of Technology and a bachelor's degree in business and economics from Salem International University.

Looking to the year ahead, Timms said, "NCEES will address some important issues, including beginning to convert the Fundamentals of Engineering and Fundamentals of Surveying exams to computer-based testing. I'm looking forward to working with the Council members to meet the challenges ahead of us."

The following is from Leonard Joseph Timms' inaugural speech.

I accept this office with a lot of mixed emotions that I will not try to describe. I do want to thank the West Virginia PE board for their support and especially Lesley Rosier for gently pushing me to become more involved in NCEES.

I once heard a fellow delegate say that he enjoyed working with NCEES because you had a chance to work with so many smart people. That is my feeling also. I will try to do my best to move the organization forward as we take seriously our charge to protect the public's health, safety, and welfare.

Usually, the incoming president talks about the charges for the year. I would like to put that in a different context tonight and talk about change and how we as an organization and the engineering and surveying professions are responding to that change.

One of the things I wanted to do after I retired from the oil and gas business was to teach at the college level. I was fortunate for about five years to teach strategic management at a small liberal arts college in our area. A subject I enjoyed in that context was talking about change and how individuals and organizations react to change.

Our professions have gone through a lot of change over the years. Some has been glacial, while more recently other change has moved rapidly. But, it has mostly been glacial change as a result of the conservative nature of engineers and surveyors. ("What, only a safety factor of two?")

I would like to talk about four changes—change in the profession, change in the education of the profession, change in the exemption for licensure, and change in the examinations. I would also like to mention something that looks like change but is only a change in awareness.

The evolving profession

Back in the 1930s, my father was studying to be a mining engineer. Between his sophomore and junior years, he and many other engineering students were required to spend six weeks in surveying camp. Twenty-plus years later as a civil engineering student at MIT, I had one class in surveying, and most of that was in the classroom and not in the field.

Fifty years later, surveying has either disappeared from the civil engineering curriculum or is not offered at all.

In the meantime, surveyors have gone from an experience-based licensing system to the Model Law requiring a four-year college degree.

Is this a good thing? If I were still involved with design and construction, I would want my engineers to know a bit about surveying. But there are a couple of conclusions that are evident to me: First, technology has broadened the field of surveying, and the surveyor now needs more formal education to meet the requirements of the profession. Second, I predict that we will see fewer engineers who will also have a license in surveying.

But if you think of it, this is only one of the many changes that we have seen in our industry.

Changes in engineering education

We as members of NCEES have been talking about education—the first leg of the three-legged stool—for a long time. (Testing and experience represent the other two legs.) Over the last 50 years, engineering education has changed. Many of us white hairs can remember the 140 to 150 credit hours required to graduate. And we have had numerous conversations about the decrease in that number to the 120s, which is similar to the liberal arts degree. At the same time the course hours were being cut or combined with other courses, the slide rule was being replaced with the personal computer, and the body of knowledge was exploding.

When I was a freshman in college, my first semester was a disaster. I was one of those people who never carried a book home in high school, so I didn't know how to study properly. My father came to Boston one weekend to help me, and when he left he said I was taking courses as a freshman that he had as a senior. I have experienced the same thing in helping my granddaughter with homework. She is being introduced to topics in science as a high school freshman that I wasn't exposed to until my college freshman year.

We have argued about the master's degree requirement for licensure, but one thing that I think that we can all agree on is that the body of knowledge is increasing and increasing rapidly.

We have in the Model Law and Model Rules what appears to be the Council's best response. The "or equivalent" still needs work, but the advanced education is in place and waiting for the first state to adopt it.

We have been reacting to this change in specialization for some time now. Our Fundamentals of Engineering exam now has seven afternoon depth modules. Additionally, we now have 17 different discipline options for the Principles and Practice of Engineering exam and are in the process of developing another in software engineering. Three of these PE exams—Civil, Mechanical, and Electrical—feature multiple options for depth modules.

What does this mean? Obviously, it means that we are becoming more specialized, just as the doctors have become. We still need engineers as project managers in private practice, industrial practice, research, and governmental practice who can meld all these specialties together into a team. Looking for those people will be a challenge for the future. I contend that the increasing body of knowledge requires more formal and informal education, including continuing education. More than ever, education is a lifelong challenge for the professional.

Strengthening public protection

Before discussing the industrial exemption, let me say that as someone who spent most of his career in industry I have observed that there are a number of excellent engineers in industry. There are also some who can't meet the standard of minimum competence. I would also say that every year there are licensed engineers who lose their license primarily because of ethics violations or working outside their area of expertise.

The public today is quite upset with the oil and gas industry, the mining industry, and the automotive industry. Have you noticed ads by BP and Toyota where the company's "chief engineer" talks about safety? I see no PE after their names, and, as far as I know, a search through the states shows no PE license.

But the public has a short memory, and they need to be repeatedly told about the industrial exemption and the fact that only about 20 percent of engineering graduates ever get licensed. With the industrial exemption, many engineering graduates don't need to be licensed to "practice."

So while we drive on highways and bridges and land on runways that are designed by professional engineers, the car and truck and airplane are not. And the drilling rig or the roof and ventilation system in an underground mine may or may not have been designed by a professional engineer.

The lawyers say that the company holds the liability, but that is not our issue; that is for the courts to decide. Our issue is the protection of the public by having individuals who have demonstrated competence and follow an ethical standard.

Unfortunately, it is taking a disaster to require a PE to sign off on a design or installation. This happened with the Sago, West Virginia, mine accident, and the government is requiring professional engineers to sign off on air seal breakers. I can only hope that the latest mine accident will require ventilation systems to be properly designed.

As a result of the Gulf oil spill, the federal government is proposing rules to have a PE sign off on well casing designs.

We need to keep the issue of licensure before industry, academia, and—most importantly—our legislators and the general public.

Transition to computer-based testing

The move toward computer-based testing is going to dramatically change the operation of NCEES. It is going to take a lot of imagination, knowledge, and just plain hard work to get this system off the ground. In my cynical view of this type of project, I always say, "double the expected development cost and half the benefits." However, having been on the task force that preceded this one, we have come a long way to having a feasible project with the main result being better exam security. We have had, and will continue to have, a lot of knowledgeable people working on this project. We as a Council will need to have patience as this project progresses.

Ethics, an enduring concern

Finally, one aspect of our profession that seems to be getting a lot of attention is ethics. It seems that every professional magazine has at least one article on the subject. While this may appear as change, the issue of ethics has always been a large part of our practice. But are we at the latest thinking on ethics? I have asked the Law Enforcement Committee to take a look at our position papers and model documents to see if we are doing all we can to keep the public's trust. For example—and I am not proposing this without study—do we need to incorporate by reference the latest edition of NSPE's Code of Conduct? Are we covered with our current system, or does it need to be tweaked?

So we have before us a very challenging year. In the musical Jekyll & Hyde there is a song that says "the only thing constant is change." I continue to be impressed with all the smart and hard-working volunteers and the NCEES staff that make up this organization, and I am confident that we will wisely manage this change.

NCEES
advancing licensure for engineers and surveyors

Exam Day Tidbit

ACCEPTABLE IDs are current, government-issued identification that include name, date of birth, signature, a recent and recognizable photo, and an expiration date. An ID with no expiration date cannot be used.

Did you know?

EXAMINEES who are dismissed by a proctor from the morning session of the exam for improper conduct or possession of inappropriate materials/calculators cannot be admitted to the afternoon session.

Computer Based FE and FS Exams on the Horizon

The state licensing boards that compose NCEES, the organization that develops and administers the exams used for engineering and surveying licensure throughout the United States, have voted to begin converting the FE and FS exams to a computer-based format.

The decision was made during the NCEES Annual Meeting in Denver. It followed a prolonged study by a special task force convened to consider the issue and share its findings with the organization.

The transition toward computer-based exam delivery will not take place overnight, said NCEES Executive Director Jerry Carter.

"The language approved by the Council includes the phrase 'at the earliest feasible date,' which means that NCEES exam writers and staff will be involved in a process that includes adapting exam item banks, selecting vendors, and communicating with licensing boards and examinees before we can begin offering the exams via computer," said Carter.

"We anticipate it will be at least two years before FE and FS candidates begin taking the exams at computer-testing centers."

Among the reasons given by the NCEES Computer-Based Testing Task Force for its recommendation to convert the exams to a computer-based format include greater scheduling flexibility for candidates, more uniformity in testing conditions, and enhanced security for exam content. The vote to move toward computer-based testing for the FE and FS exams was unanimous.

The FE exam is designed for college engineering seniors who intend to pursue a PE license. Nearly 50,000 examinees took the FE exam during the 2009–10 academic year, which included October and April administrations. The FS exam is a similar exam designed for those beginning the process toward professional surveying licensure. The PE and PS exams, which engineering and surveying candidates are also required to take after completing work experience requirements, will continue to be paper-and-pencil exams for the foreseeable future.

The FE as an Outcomes Assessment Tool

The volume of FE exam candidates has grown by 34 percent over the last 10 years. One factor in this growth is the use of the FE exam as an outcomes assessment tool.

To ensure that academic programs know how to best use the data in the FE exam reports, NCEES provides a white paper titled *Using the Fundamentals of Engineering (FE) Exam as an Outcomes Assessment Tool.* To keep this guidance relevant to today's exam, NCEES has recently revised the white paper. The new version includes updated figures and timelines and streamlined sample subject matter reports. It also incorporates the results of the 2010 survey of institutions with EAC/ABET-accredited programs on how they use the FE exam for assessment.

The WV PE Board recently disseminated copies of this publication to every faculty member teaching undergraduate engineering classes at WV colleges and universities that have 4-year ABET programs. The white paper and the accompanying frequently asked questions can be downloaded from www.ncees.org/Licensure/Educator_resources, a section of the NCEES website tailored for engineering and surveying educators. There's also a link on this page to request hard copies of the white paper, sample reports, or more information on the FE exam.

Congratulations to Our Successful 2010 PE Examinees

The following is a list of examinees who successfully passed the NCEES Principles and Practice of Engineering Exam in West Virginia during the April and October 2010 exam administrations. The WV PE Board salutes these individuals on their professional accomplishments to date and wishes them continued success in their professional engineering careers.

APRIL 2010 PASS

Christopher M. Bowers
James M. Bright
Jacob M. Bumgarner
Gary G. Dameron
Edward J. Fink
Leon E. Jeziorski III
Roy F. Kees
Yoon-Si Lee
Joel C. Lloyd
Shaun M. Long

Address Changes or Employment Updates

It is the responsibility of the licensee or certificate holder to notify the Board of any change in information previously submitted to the Board, such as name change, change of address or phone numbers, change of employer, or change of PE in responsible charge for a firm. This information should be provided within 30 days of when the change occurs to ensure proper delivery of licensure correspondence and uninterrupted Board service.

Please visit the Board's website at www.wvpebd.org to submit your personal changes with a click of your mouse by using the online "Change of Address" form or simply email the new information to info@wvpebd.org.

WV EXPO 2011

The 32nd Annual WV Construction & Design Exposition
Charleston Civic Center, Charleston, WV
Wednesday, March 23, 2010 - Thursday, March 24, 2010

SEMINAR/MEETING TITLE:
PE Licensure and Successful Exam Candidate Recognition

DATE OF SEMINAR:
Wednesday, March 23, 2011

LENGTH OF SEMINAR:
2.0 hours

CONTINUING EDUCATION UNITS:
2 PDHs

Join us for an interactive discussion where attendees have the opportunity to discuss current WV PE Board activities and initiatives with the PE Board members and staff. Participants will also have the opportunity to meet the new National NCEES President, Leonard J. Timms, Jr., a WV native and current PE Board member, who will provide updates on his presidential initiatives as a key leader in the licensure arena worldwide. Anticipated topics include discussion on the value of the PE license, ethical dilemmas, complaint resolutions, current NCEES issues as well as future exam changes.

In addition, the WV PE Board and staff will again join forces with the WV Society of Professional Engineers to honor those students and professionals who successfully passed the 2010 NCEES Principles and Practice of Engineering Exam or the Fundamentals of Engineering Exam in West Virginia. If you are among this elite group, a formal invitation will be mailed to your primary address of record in February 2011.

2010 WV Licensee Status Report and Audit Outcome

The following is a numerical summary of registered individuals and firms as of January 1, 2011. The results take into account all new licensees as well as those participating in the annual renewal process.

- Active PEs - 7116
- Retired PEs - 279
- Active COAs - 2515

Lapsed Status Summary for 2010 Renewal Season

- PEs who failed to renew 147
- Retired PEs who failed to renew ... 25
- COAs which failed to renew 78

To view or download a complete roster of the Active PE licenses, Company Certificates of Authorizations (COAs), and Retired PEs, simply visit our website. You may also access the online verification search to determine if a particular individual and/or company is authorized to practice or offer to provide engineering services in West Virginia. However, as noted in the site disclaimer, users should be cautioned that the current search mechanism is only updated every 60-90 days. All submitted address changes, new licensees, as well as any recent action by the Board changing the status of a licensee, will not appear immediately.

For specific questions regarding information found (or not found) in your search, contact the Board office for the most up-to-date information maintained in our secure, in-house database.

Lapsed PE Licenses – The following individuals did not respond to the 2010 Active PE renewal; therefore their licenses lapsed as of September 30, 2010.

Former registrants whose PE licenses or COAs have lapsed, those which were made inactive at the request of the PE or firm, or those invalidated for reasons noted must be reinstated prior to practicing or offering to provide engineering services in WV. To be reinstated, PEs or firms must supply a complete reinstatement application package to the Board along with payment of appropriate reinstatement fees. For complete details, please visit our website and review the Checklist and Statement of Understanding at www.wvpebd.org/reinstatement.htm for individuals or www.wvpebd.org/companies.htm for companies. All relevant fees can be found at www.wvpebd.org/fees.htm.

Note: Individuals or companies listed may have already begun or completed the reinstatement process to bring a lapsed, inactive or invalidated license into good standing. Again, visit our website for details or contact the Board office for the most current information or with any specific questions.

Invalidated COA Licenses – As of December 2010, the following companies' Certificates of Authorizations were invalidated for failure to name an Active WV PE in responsible charge as required by WV Code or for failure to name another Active WV PE in responsible charge after their named WV PE failed to respond or submit acceptable PDH documentation for the required continuing education audit.

WV COA #	Name
C00800-00	Burdette, Koehler, Murphy & Associates, Inc.

PLEASE Review the Details of Personalized Status Reports

All recipients who are reading this newsletter after receiving it via a direct mailing from the WV PE Board office will find a copy of their Personalized Status Report enclosed. This Report contains the latest information of record for the recipient (individual or company). Our agency requests your immediate review and cooperation in updating any incorrect or outdated information. Please remember it is the responsibility of the licensee or certificate holder to notify the Board of any change in information previously submitted to the Board, such as name change, change of address or phone numbers, change of employer, or change of PE in responsible charge for a firm. This information should be provided within 30 days of when the change occurs to ensure proper delivery of licensure correspondence and uninterrupted Board service. Please visit the Board's website at www.wvpebd.org to submit your personal changes with a click of your mouse by using the online "Change of Address" form or simply email the new information to info@wvpebd.org.

Online Renewal Success - USE RECORDS BROKEN AGAIN!

The WV State Board of Registration for Professional Engineers experienced another record-breaking online renewal season thanks to the continued cooperation of the WV State Treasurer's Office (WVSTO). Our agency once again salutes the WVSTO IT professionals James Doughty, Matt Ellison, and Eric Tolbert for their impeccable work and immediate response to our requests regarding our website content and online renewal system. Our overall online renewal revenue collected via the WVSTO e-government System was nearly $551,000 (in just over 8570 transactions) between the kick-off of the 2010-2011 renewal season in late May 2010 and the end of the grace period on September 30, 2010. In fact, the majority of the revenue (over $502,000 in 7992 transactions) was received before the end of regular renewal season on June 30th, which allowed the majority of licensees and COA holders to avoid the late fees imposed during the 90-day grace period.

Calendar of Events - 2011

January	8	FE & PE Application Deadline for April 2011 Exam Administrations
	18	Board Meeting - WV PE Board Office, Charleston, WV, FE/PE Exam Candidate Interviews
February	11-12	NCEES Board Presidents Assembly, Atlanta, GA
	20-26	National Engineers E-Week - various Board activities and speaking engagements
March	22	Board Meeting - WV PE Board Office, Charleston, WV
	23-24	32nd Annual WV EXPO and Continuing Education Seminars, Charleston, WV
April	8	PE Exam, Charleston, WV
	9	FE Exam, Charleston and Morgantown, WV
May	17	Board Meeting - WV PE Board Office, Charleston, WV
	19-21	NCEES Joint Southern/Northeast Zone Meeting, Annapolis, MD
July	19	Board Meeting - WV PE Board Office, Charleston, WV
	30	FE & PE Application Deadline for October 2011 Exam Administrations
August	16	FE/PE Exam Candidate Interviews, Morgantown, WV (tentative)
	18	FE/PE Exam Candidate Interviews, Charleston, WV
	24-27	NCEES Annual Meeting, Providence, RI

RED FLAGS

Watch out for these issues:

- Architectural sheets sealed by an engineer
- Engineering sheets sealed by an architect
- Plans sealed by an unlicensed architect or engineer
- Plans sealed by an engineer of an unauthorized firm (one without a COA)
- Incomplete documents sealed without a disclaimer
- Plans that have not been sealed, signed (dated) by the licensee(s)
- Prototypical, standard plans that do not bear the seal of the WV licensee and disclaimer
- Seals that appear to be cut and pasted
- Contact person is not the licensee or it is difficult to contact the licensee
- Plans, details, letters, reports, etc. do not appear to apply to the project
- Plans have numerous or serious code violations
- Non-dated revisions
- Revisions or changes missing seal, signature (date)
- Plans which do not list the name of the architect or engineer involved and the name of his/her firm

What to do?

- Question the professional as to circumstances and qualifications
- Get the issue corrected
- Reject the documents
- Contact the appropriate licensing board
- File a complaint with the appropriate licensing board

Engineering Addendum:

Are the services of a registered professional engineer required for single family residential structures?

Single family residences do not normally require the design services of professional (structural) engineers except for some large custom-designed homes where the owner requests the services or the spans are too large for typical code-specified framing to work. Generally the only times a structural engineer will become involved in a single family residence are as follows:

- Where there is a problem with the foundation or framing of the house, such as storm damage, soil movements, or unusual deflections and damages in the architectural finishes.
- When an existing house is being sold and the mortgage company is looking for someone to identify and describe the various structural movements and damages that have occurred in the structure, as well as provide some recommendations of what should be done to eliminate the problems.
- When the design of the house involves a structural system which is outside of the typical structural framing and foundation systems specified in the residential building code or when the building code requires engineering services.

Whom may I contact?

West Virginia Board of Architects
P.O. Box 9125, Huntington, WV 25704-0125
(304) 528-5825 *www.wvbrdarch.org*

www.wvpebd.org

the professional use of seals

Requirements regarding the practice of architecture and engineering in West Virginia

Which type of licensee must prepare and seal plans?

Can architects prepare and seal engineering plans?

Although incidental engineering is allowed, architects generally should not seal electrical, mechanical, plumbing, civil or structural engineering drawings.

Can engineers prepare and seal architectural plans?

Although incidental architecture is allowed engineers should not represent their work as architecture and should not seal drawings identified as architectural.

Are companies employing these licensed professionals required to be registered by their respective Boards prior to providing, or even offering, professional services on projects in WV?

No.

Yes, a valid Certificate of Authorization (COA) must be obtained from the PE Board.

How can one verify that an architect, engineer, or engineering company is currently licensed and eligible to offer professional services in WV?

Both Boards have a website which allows online licensure verification. West Virginia engineers are not licensed by discipline but as professional engineers. Seals shall not reference an engineer's branch or discipline.

Visit www.wvbrdarch.org or call 304-528-5825

Visit www.wvpebd.org or call 304-558-3554

Are there special requirements regarding the seals?

Can a licensee use an electronic seal?

Electronic seals are permitted, but electronic signatures are not permitted. The signature must be an original, handwritten signature.

Electronic seals and signatures are allowed. Facsimile signatures are not allowed.

Can a licensee seal another licensed designer's standard (prototypical) plans?

No, they must be sealed by a West Virginia licensed architect or engineer who is in responsible charge of the preparation of the documents.

Can an individual licensed in another jurisdiction engage in temporary practice before obtaining a license here?

No

Security of seal – can someone else use an individual's seal?

No.

Must professional corporations use corporate seals on plans?

No.

Must the licensee seal, sign and date each sheet of original drawings issued for bidding, permitting or construction?

They must sign and seal the index page. The date is not required.

They must sign, seal and date the first sheet or title sheet of the appropriate sections.

Must the licensee seal, sign and date the index page identifying each set of specifications or technical submissions?

The architect is required to sign and seal all technical work prepared by him/her. No date is required.

The engineer is required to sign, seal and date all technical work prepared by him/her.

What structures may be exempt in the licensing laws from the architect's and engineer's requirements and/or may be prepared by others?

There are limited exemptions in the architect's law to permit a person who is not registered as an architect to design and supervise the erection or alteration of the following:

1. *A detached single family dwelling and any incidental sheds, storage buildings and garages;*
2. *A multifamily residential structure not in excess of three stories excluding any basement area;*
3. *Farm buildings, including barns, silos, sheds or housing for farm equipment and machinery, livestock, poultry or storage, if such structures are designed to be occupied by no more than ten persons;*
4. *Any alteration, renovation or remodeling of a building, if such alteration, renovation or remodeling does not affect the structural or other safety features of the building or if the work contemplated by the design does not require the issuance of a permit under any applicable code;*
5. *Pre-engineered buildings, including mobile classrooms purchased by county school boards, and;*
6. *A commercial structure which contains not more than 7,600 square feet and is only one story, excluding any basement area.*

There are no provisions in West Virginia law for professional engineers to exempt any work.

Plans for oneself?

Not exempt except for aforementioned limitations.

Not exempt.

Plans for changes to previously exempt structures?

Exempt, if finished structure would still qualify for its original exemption.

Not exempt.

Plans for changes to nonexempt structures?

Exempt if changes:

- Do not alter or affect the structural system.
- Do not change access or exit patterns.
- Do not change live or dead loads.

Not exempt.

Plans for alterations or up-fitting of a shell or unfinished structure?

Not exempt.

Shop drawings?

Exempt.

Not exempt.

Are church plans exempt?

No.

What types of documents require a seal?

Must a licensee seal all plans prepared for bidding, permitting or construction?

Yes.

Are specifications required to be sealed?

Yes.

Must a licensee seal plans prepared for exempt projects?

Yes.

Yes. *(There are no exemptions in the engineering law.)*

Are change orders, technical submissions or drawings accompanying or related to change orders required to be sealed?

Yes, if the changes, technical submissions or drawings were of a type that must be prepared by a licensee.

Are addenda and field changes required to be sealed?

Yes, if the documents, technical submissions or drawings can only be lawfully prepared by a licensee.

Are "record drawings (as builts)" required to be sealed?

Yes, when prepared by the architect or engineer.

What kinds of documents do not require a seal?

Must licensees seal presentation documents (renderings used to communicate conceptual information only) not a part of a set of drawings?

Not required to be sealed or signed.

Can a licensee seal sheets or pages prepared by licensed professional consultants?

Yes, in certain cases where portions of the work were prepared by licensed professionals under the direct supervision of the architect. The architect may also sign or seal those portions of professional work if the architect has reviewed them and coordinated their preparation.

No.

Under what circumstances are licensees limited from sealing certain documents?

Can a licensee seal a professional opinion letter or report concerning whether plans that he/she did not prepare comply with the building code?

Yes.

Can a licensee seal a document that was not prepared by the licensee or under his/her direct control?

No.

Proper seals

Architect and engineer seals properly signed, sealed and dated:

Architect

Engineer

Acceptable disclaimers include:

- *Preliminary – Do Not Use for Construction*
- *Progress Drawings – Do Not Use for Construction*
- *Final Drawing – For Review Purposes Only*

Engineer's Creed

As a professional engineer, I dedicate my professional knowledge and skill to the advancement and betterment of human welfare. I pledge to give the utmost of performance, to participate in none but honest enterprise, to live and work according to the laws of man and the highest standards of professional conduct, to place service before profit, honor and understanding of the profession before personal advantage, and the public welfare above all other considerations. In humility and with need for divine guidance, I make this pledge.

Members of the Board

Edward L. Robinson, PE, PS
Board President
Cross Lanes, Kanawha County
Term expires June 30, 2014

William E. Pierson, PhD, PE
Board Vice President
Scott Depot, Putnam County
Term expires June 30, 2013

Bhajan S. Saluja, PE
Board Secretary
Charleston, Kanawha County
Term expires June 30, 2011

Richard E. Plymale, Jr., PE, PS
Charleston, Kanawha County
Term expires June 30, 2012

Leonard J. Timms, Jr., PE
Bridgeport, Harrison County
Term expires June 30, 2015

Introduction

Laws which prescribe licensure and regulate the practice of professions are enacted under the police powers of this State and are primarily for the protection of the public, which naturally includes the protection of fellow employees whether on public or private property. The Laws, Rules, and Regulations concerning the practice of the profession of engineering, as published herein, are intended for the guidance of public officials whose responsibility affects engineering; for persons who seek licensure to practice professional engineering and for all others that they may be made fully acquainted with the meaning and intent of the Laws, Rules, and Regulations for Professional Engineers.

It is hoped that the information contained herein will be helpful in understanding the substantive and procedural aspects of the Statutory Law and the Rules and Regulations under which the Board endeavors to carry out its responsibilities.

STATUTE AS ENACTED IN 1992,
AS AMENDED BY THE WV STATE LEGISLATURE IN 2004
CHAPTER 30, ARTICLE 13, OF THE WEST VIRGINIA CODE

§30-13-1. Legislative findings; intent.

The Legislature hereby determines the need to regulate the practice of engineering; to provide for the registration of qualified persons as professional engineers and the certification of engineer interns; to define the terms "engineer", "professional engineer", "engineer intern" and "practice of engineering"; to create a state board of registration for professional engineers and provide for the appointment and compensation of its members; to fix the term of members of the board and define its powers and duties; to set forth the minimum qualifications and other requirements for registration as an engineer and certification as an engineer intern; to establish registration fees with expiration and renewal requirements; to impose certain duties upon the state and political subdivisions thereof in connection with public works; and to provide for the enforcement of this article and penalties for its violation.

§30-13-2. General provisions.

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is hereby declared to be subject to regulation in the public interest. It is unlawful for any person to practice or to offer to practice engineering in this state, as defined in the provisions of this article, or to use in connection with his or her name or otherwise assume or advertise any title or description tending to convey the impression that he or she is a registered or licensed engineer, unless the person has been duly registered or exempted under the provisions of this article. Engineering is hereby declared a learned profession and its practitioners are held accountable to the state and the public by professional standards in keeping with the ethics and practice of other learned professions in this state. The practice of engineering is a privilege granted by the state.

§30-13-3. Definitions.

Unless the context in which used clearly requires a different meaning as used in this article:

(a) "Board" means the West Virginia state board of registration for professional engineers as provided for in this article.

(b) "Consulting engineer" means a professional engineer whose principal occupation is the independent practice of engineering; whose livelihood is obtained by offering engineering services to the public; who serves clients as an independent fiduciary; who is devoid of public, commercial and product affiliation that might tend to infer a conflict of interest; and who is cognizant of their public and legal responsibilities and is capable of discharging them.

(c) "Engineer" means a person who is qualified to practice engineering by reason of special knowledge and use of the mathematical, physical and engineering sciences and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience.

(d) "Engineer intern" means a person who has qualified for, taken and has passed an examination in the fundamental engineering subjects, as provided in this article.

(e) "Practice of engineering" means any service or creative work, the adequate performance of which requires engineering education, training and experience in the application of special knowledge of the mathematical, physical and engineering sciences to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems; planning the use of land and water; teaching of advanced engineering subjects, engineering surveys and studies; and the review of construction for the purpose of assuring compliance with drawings and specifications any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of a mechanical, electrical, hydraulic, pneumatic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services. Engineering surveys include all survey activities required to support the sound conception, planning, design, construction, maintenance and operation of engineered projects.

Any person who practices any branch of the profession of engineering or who, by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer, or by using another title implies that he or she is a professional engineer or that he or she is registered under this article or who holds himself or herself out as able to perform, or who performs any engineering service or work or any other service designated by the practitioner which is recognized as engineering, is considered to practice or offer to practice engineering within the meaning and intent of this article.

(f) "Professional engineer" means a person who has been duly registered or licensed as a professional engineer by the board. The board may designate a professional engineer, on the basis of education, experience and examination, as being licensed in a specific discipline or branch of engineering signifying the area in which the engineer has demonstrated competence.

(g) "Responsible charge" means direct control and personal supervision of engineering work.

(h) "Rules of professional responsibility for professional engineers" means those rules, if any, promulgated by the West Virginia state board of registration for professional engineers as authorized by this article.

§30-13-4. Board of registration for professional engineers; appointment and term.

There is hereby created the board of registration for professional engineers which shall hereafter be referred to as the board. The board shall be composed

of five members appointed by the governor, by and with the consent of the Senate, preferably from a list of names submitted by the West Virginia society of professional engineers. The members of the board shall be qualified and shall meet the requirements of section five of this article. The governor shall present each board member with a certificate of appointment. Each board member shall make and file an oath or affirmation with the secretary of state to faithfully execute the duties of a member of the board. Members of the board shall serve a term of five years. Of the members first appointed, one shall serve a term of one year, one shall serve a term of two years, one shall serve a term of three years, one shall serve a term of four years and one shall serve a term of five years. Members are eligible for reappointment but no member may be appointed for more than three full consecutive terms. Each member shall hold office until the expiration of the term for which appointed or until a successor has been duly appointed and has qualified. In the event of a vacancy on the board due to resignation, death or for any cause resulting in an unexpired term and if not filled within three months by the governor, the board may appoint a member to serve in the vacancy until the governor makes the appointment. Members of the former board whose terms have not expired shall fill the term on this board which corresponds with the length of the unexpired term of that member.

§30-13-5. Board qualifications.

Each member of the board must be a citizen of the United States and a resident of this state. Each member shall have been engaged in the lawful practice of engineering as a professional engineer for at least twelve years; shall have been in responsible charge of engineering projects for at least five years; and shall be a registered professional engineer in this state.

§30-13-6. Compensation and expenses.

Members of the board shall be compensated not to exceed fifty dollars per diem for time spent in actually performing the duties of the board and shall be reimbursed for reasonable and necessary expenses actually incurred in the performance of board related duties.

§30-13-7. Removal of members and vacancies.

The governor may remove any member of the board for misconduct, incompetency, neglect of duty or for any reason prescribed by law for removal of state officials. Vacancies in the membership of the board shall be filled for the unexpired term.

§30-13-8. Organization and meetings.

The board shall hold at least one regular meeting each year. Special meetings may be held as the bylaws of the board provide. Each year the board shall elect the following officers: a president, a vice president and a secretary, who shall serve at the will and pleasure of the board. A quorum of the board shall consist of not less than three professional engineer members.

§30-13-9. Board powers.

(a) The board may adopt and amend bylaws not inconsistent with the constitution and laws of this state. The board may promulgate and shall adopt "rules of professional responsibility for professional engineers". These rules are binding to any person registered with the board under the provisions of this article. These rules are also applicable to firms holding a certificate of authorization as provided in section seventeen of this article.

(b) The board may subpoena witnesses and compel their attendance and it may also subpoena books, papers, documents or other pertinent data in any disciplinary matters or in any case involving an allegation of a violation of the provisions of this article. The board may apply to the circuit court of Kanawha county to enforce compliance with any subpoena it issues.

(c) The board may seek an injunction in circuit court to enforce the provisions of this article or to restrain a person or entity from violating a provision of this article. In pursuing injunctive relief under this section, the board shall not be required to prove that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation. The members of the board may not be personally liable for any decisions made in good faith in pursuing injunctive relief.

(d) The board may require all applicants for registration to take and successfully pass an examination of their fitness and qualifications to become registered.

(e) The board may require that a registered professional engineer demonstrate continuing professional competency in engineering as a condition of renewal or reregistration.

(f) Board members are exempt from civil liability for any decision made or any act done in good faith in the performance of any duty or the exercise of any power granted under this article.

§30-13-10. Receipt of fees, fund established, disbursements.

There is hereby established within the state treasury a "board of professional engineers fund". The board shall deposit all fees and other moneys received by the board into the fund. The moneys in the fund shall be used for expenses of the board and shall be requisitioned on the signatures of the president and secretary of the board. The secretary of the board shall annually furnish an accounting of all funds received and expended by the board to the governor and to each house of the Legislature. The board may use the moneys in the fund to employ necessary staff, pay for membership fees to the national council of examiners for engineering and surveying and for any other necessary and reasonable expense of the board: **Provided,** that the board may not issue warrants in excess of moneys in the fund.

§30-13-11. Records and reports.

(a) The board shall keep a record of its proceedings and of all applications for registration. The record shall show: (1) The name, age and last known address of each applicant; (2) the date of application; (3) place of business of such applicant; (4) education, experience and other qualifications; (5) type of examination required; (6) whether or not the applicant was rejected; (7) whether or not a certificate of registration was granted; (8) the date of the action by the board; and (9) such information as may be deemed necessary by the board.

(b) The record of the board is prima facie evidence of the proceedings of the board and a transcript duly certified by the secretary shall be admissible as evidence with the same force and effect as if the original were produced.

(c) On the first day of July of each year, the board shall submit to the governor a report of its transactions of the preceding year and shall transmit to the governor a complete statement of the receipts and expenditures of the board, attested to by affidavits of its chairman and secretary.

(d) Board records and papers of the following class are of a confidential nature and are not public records: Examination material for examinations not yet given, file records of examination problem solutions, letters of inquiry and reference concerning applicants, board inquiry forms concerning applicants, investigation files where any investigation is still pending and all other materials of like confidential nature.

§30-13-12. Roster.

A complete roster with the names and the last known addresses of all registered professional engineers shall be published by the secretary of the board at intervals established by the board. Copies of this roster may be mailed to each person registered and shall be placed on file with the secretary of state and may be distributed or sold to county and city officials and to the public.

§30-13-13. General requirements for registration.

To be eligible for admission to examination for professional engineer or engineer intern, an applicant must be of good character and reputation and he or she shall submit five references along with the application for registration as a professional engineer. Three references shall be from professional engineers having personal knowledge of the engineering experience of the applicant or in the case of an application for certification as an engineer intern. The references shall be from three persons knowledgeable of the applicant's character.

(a) The minimum requirements for qualification for registration as a professional engineer are:

(1) **Registration by comity or endorsement.** — A person holding a certificate of registration to engage in the practice of engineering, issued

by a proper authority of a state or possession of the United States, the District of Columbia or any foreign country, based on requirements that do not conflict with the provisions of this article and were of a standard not lower than that specified in the applicable registration article in effect in this state at the time such certificate was issued, may, upon application, be registered without further examination.

A person holding an active council record with the national council of examiners for engineering and surveying whose qualifications, as evidenced by the council record, meet the requirements of this article may, upon application, be registered without further examination;

(2) **Graduation, experience and examination.** — A graduate of an engineering curriculum of four years or more approved by the board as being of satisfactory standing and with a specific record of an additional four years or more of progressive experience on engineering projects of a grade and a character which indicates to the board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the fundamentals of engineering and, if passed, then shall be admitted to an eight-hour written examination in the principles and practice of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in West Virginia, provided the applicant is otherwise qualified; and

(3) Engineering teaching. Engineering teaching of advanced subjects and the design of engineering research and projects in a college or university offering an approved engineering curriculum of four years or more may be considered as engineering experience.

(b) The minimum requirements for registration as an engineer intern are:

(1) Graduation from an engineering curriculum of four years or more approved by the board as being of satisfactory standing; and

(2) Satisfactorily passing a written exam, eight hours in duration, covering the fundamentals of engineering.

§30-13-14. Application and registration fee.

Every person seeking to become registered as a professional engineer or seeking to become certified as an engineer intern shall file an application on forms provided by the board. The application shall be made under oath and shall include:

(a) The level of education of the applicant;

(b) A summary of the applicant's technical experience; and

(c) The names and complete mailing addresses of any references. Applicants may not use the names of board members as references.

In lieu of information required on the board's application forms, the board may accept the verified information contained in a valid council record issued by the national council of examiners for engineering and surveying for professional engineer applicants.

The board shall set fees for all applicants for registration and certification by promulgating legislative rules under the provisions of article three, chapter twenty-nine-a of this code.

Fees of unsuccessful applicants and the fees of applicants who have been refused registration or certification for any purpose shall be retained by the board to cover administrative costs.

§30-13-15. Examinations.

(a) The board shall establish examination criteria including the acceptable passing grade.

(b) Written examinations shall be given in two sections and may be taken only after the applicant has met the other minimum requirements and has been approved by the board for admission to the examinations which are as follows:

(1) Engineering fundamentals. — The examination consists of an eight-hour test period on the fundamentals of engineering. Passing this examination qualifies the examinee for an engineer intern certificate, provided the examinee has met all other requirements for certification required by this article; and

(2) Principles and practice of engineering. — The examination consists of an eight-hour test period on applied engineering. Passing this examination qualifies the examinee for registration as a professional engineer, provided the examinee has met the other requirements.

(c) A candidate failing one examination may apply for reexamination, which may be granted upon payment of a fee established by the board. In the event of a second failure, the examinee may be required to appear before the board to present evidence of having pursued further instruction in deficit areas.

(d) The board shall publish in brochure form and shall make available to any person interested in being registered the requirements and specifications of the written examination.

§30-13-16. Certificates and seals.

(a) The board shall issue a certificate of registration to any applicant who, in the opinion of the board, has met the requirements of this article. The certificate of registration shall carry the designation "professional engineer". It shall give the full name of the registrant with their registration number and shall be signed by the chairman and the secretary under the seal of the board. The certificate of registration grants the recipient authority to practice in this state.

(b) An unexpired and unrevoked certificate is prima facie evidence that the person named on it is entitled to all rights, privileges and responsibilities of a professional engineer.

(c) Every registrant shall obtain a seal for use in identifying his or her official professional work. The design of the seal shall be determined by the board and shall bear the registrant's name, registrant's registration number, the legend "registered professional engineer, state of West Virginia" and such other words or figures as the board may prescribe. The seal may be a rubber stamp. Whenever the seal is applied, the registrant's written signature shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature is not acceptable. Whenever presented to a client or any public or governmental agency, the seal, signature and date shall be placed on all specifications, reports, drawings, plans, design information and calculations in accordance with rules promulgated by the board. The seal and signature shall be used by registrants only when the work being stamped was under the registrant's complete direction and control.

In the case of a registrant of another state using a temporary permit issued by this state, the registrant shall use the state of permanent registration seal and shall affix his or her signature and temporary permit number to all work. In the case of a registrant checking the work of an out-of-state registrant, the state registrant shall completely check and have complete dominion and control of the design. The complete dominion and control includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

(d) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this article, an enrollment card as engineer intern, which indicates that his or her name has been recorded in the board office. The engineer intern enrollment card does not authorize the holder to practice as a professional engineer. It is unlawful for a registrant to affix or to permit his or her seal and signature to be affixed to any document after the expiration of his or her certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provisions of this article.

§30-13-17. Authorization certificates.

(a) The practice of or offer to practice engineering by consulting engineers registered under this article, through a firm, corporation, copartnership, joint stock association or private practitioner employing others, referred to hereinafter as a firm, is permitted: **Provided,** that the person in direct control or having personal supervision of the practice and all personnel who act in behalf of the firm in professional matters are registered under this article: **Provided, however,** that the firm has been issued a certificate of authorization by the board.

(b) A firm desiring a certificate of authorization must file with the board an application using a form provided by the board and the firm shall provide all the information required by the board. A form as provided by the board is to be filed with the board with the renewal fee and within thirty days of the time any information contained on the form is changed or differs for any reason. If the

information contained on the form warrants action, the board, in its judgment, may issue a certificate of authorization for the firm to practice engineering and to contract and collect fees for furnishing this service.

(c) No firm shall be relieved of responsibility for the conduct or acts of its agents, employees, officers or partners by reason of its compliance with the provisions of this article. No individual practicing engineering under the provisions of this article shall be relieved of responsibility for engineering services performed by reason of his or her employment or other relationship with a firm holding an authorization certificate.

(d) An engineer who renders occasional, part-time or consulting engineering services to or for a firm may not, for the purposes of this article, be designated as being responsible for the professional activities of the firm unless that engineer is an owner or principal of the firm.

(e) Effective one year from the effective date of this article, the secretary of state shall stop issuing a certificate of incorporation to an applicant or a registrant as a foreign firm to a firm which includes, among the objectives for which it is established, the words engineer, engineering or any modification or derivation thereof unless the board of registration for this profession has issued to the applicant or registrant a certificate of authorization or a letter indicating eligibility to receive the certificate. The certificate or letter from the board shall be filed with the firm's application for incorporation or registration.

(f) Effective one year after the effective date of this article, the secretary of state shall decline to register any trade name or service mark which includes the words engineer, engineering or modifications or derivatives thereof in its firm name or logotype except those firms holding authorization certificates issued under the provisions of this article.

(g) The certificate of authorization may be renewed.

§30-13-18. Expirations and renewals.

Certificates of registration and certificates of authorization for firms expire on the last day of the month of June following issuance and are invalid after that date unless renewed. The secretary of the board shall notify every person registered and every firm holding a certification of authorization under this article of the pending expiration of a certificate of registration or certificate of authorization issued to that person or firm including notice of the fee required to renew the registration or certificate. The notice shall be mailed to the registrant or firm at their last known address at least one month in advance of the date of the expiration. An expired certificate may be renewed under rules promulgated by the board and may require reexamination and the payment of penalty fees.

§30-13-19. Reissuance of certificates.

A new certificate of registration or certificate of authorization to replace any certificate lost, destroyed or mutilated may be issued subject to the

rules of the board. A charge established by rule shall be made for each new certificate.

§30-13-20. Public works.

Government agencies, authorities, officials and employees may not engage in the practice of engineering involving either public or private property unless the provisions of this article are met.

§30-13-21. Disciplinary action—Revocation, suspension, refusal to issue, restore or renew, probation, fine, reprimand.

(a) The board may suspend or revoke or refuse to issue, restore or renew a certificate of registration of, or place on probation, impose a civil penalty or reprimand any professional engineer who has:

(1) Perpetrated any fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certificate of authorization;

(2) Been negligent, incompetent or committed an act of misconduct in the practice of engineering;

(3) Been convicted of or has entered a plea of nolo contendere to any crime under the laws of the United States or any state or territory thereof, which is a felony whether related to practice or not; and conviction of or entry of a plea of nolo contendere to any crime, whether a felony, misdemeanor or otherwise, an essential element of which is dishonesty, or which is directly related to the practice of engineering;

(4) Failed to comply with any of the provisions of this article or any of the rules promulgated under it;

(5) Been disciplined by another state, territory, the District of Columbia, foreign country, the United States government or any other governmental agency, if at least one of the grounds for discipline is the same or substantially equivalent to those grounds for discipline contained in this article;

(6) Failed within thirty days to provide information requested by the board as a result of a formal or informal complaint to the board which would indicate a violation of this article;

(7) Knowingly made false statements or signed false statements, certificates or affidavits to induce payment;

(8) Aided or assisted another person in violating any provision of this article or the rules promulgated;

(9) Violated any terms of probation imposed by the board or using a seal or practicing engineering while the professional engineer's license is suspended, revoked, nonrenewed or inactive;

(10) Signed or affixed the professional engineer's seal or permitted the professional engineer's seal or signature to be affixed to any specifications, reports, drawings, plans, design information, construction documents or calculations or revisions which have not been prepared or completely checked by the professional engineer or under the professional engineer's direct supervision or control;

(11) Engaged in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public;

(12) Provided false testimony or information to the board; and

(13) Been habitually intoxicated or addicted to or by the use of drugs or alcohol.

(b) In addition to any other penalty provided in this article, the board may assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.

(c) The board shall prepare and shall adopt "rules of professional responsibility for professional engineers". The board may revise and amend these "rules of professional responsibility for professional engineers" from time to time and shall notify each registrant in writing of any revisions or amendments.

(d) The board may:

(1) Revoke a certificate of authorization;

(2) Suspend a certificate of authorization of any firm for a period of time not exceeding two years where one or more of its officers or directors of the firm have been found guilty of any conduct which would authorize a revocation or suspension of his or her certificate of registration under the provisions of this article;

(3) Place the person or firm on probation for a period of time and make the person or firm subject to conditions as the board may specify;

(4) Assess a civil penalty and related costs for each count or separate offense in an amount set by the board.

§30-13-22. Disciplinary action — Procedures.

(a) Any person may file a complaint with the board that a person or firm subject to the provisions of this article has committed a fraud, been deceitful, been grossly negligent, incompetent, guilty of misconduct or has violated the "rules of professional responsibility for professional engineers".

(b) All complaints, unless dismissed by the board as unfounded, trivial or unless settled informally, shall be heard by the board within six months after the date each complaint was received by the board.

(c) The board shall fix the time and place for hearings on complaints and a copy of all charges, together with a notice of the time and place of hearing on the complaint the person or firm complained against or mailed to the last known address of the person or firm at least thirty days prior to the hearing. At the hearing, the person or firm shall have the right to appear in person or by counsel, or both, to cross-examine witnesses and to produce evidence and witnesses in his, her or its defense. If the accused person or firm fails or refuses to appear, the board may proceed to hear the complaint and determine the validity of the charges.

(d) If after the hearing a majority of the board votes in favor of sustaining the charges, the board shall reprimand or assess a civil penalty against the person or firm complained against. The board may also suspend, revoke, refuse to issue or refuse to restore or renew an individual's certificate of registration or a firm's certificate of authorization. In addition, the board may place a registrant on probation.

(e) Any person or firm aggrieved by any action of the board in assessing a civil penalty, denying, suspending, refusing to issue, refusing to restore or renew or revoking a certificate of registration or a certificate of authorization, may appeal the board's decision to the circuit court.

(f) Any civil penalty assessed as a result of a hearing shall be paid within fifty days after the decision becomes final.

(g) The board may, upon petition of an individual registrant or firm holding a certificate of authorization, reissue a certificate of registration or authorization, provided that a majority of the members of the board votes in favor of such issuance.

§30-13-23. Criminal offenses.

Any person who practices or offers to practice engineering in this state without being registered in accordance with the provisions of this article, or any person, firm, partnership, organization, association, corporation or other entity using or employing the words engineer, engineering or any modification or derivative thereof in its name or form of business activity except as authorized in this article, or any person presenting or attempting to use the certificate of registration or the seal of another, or any person who gives any false or forged evidence of any kind to the board or to any member thereof in obtaining or attempting to obtain a certificate of registration, or any person who falsely impersonates any other registrant of like or different name, or any person who attempts to use an expired, suspended or revoked or nonexistent certificate of registration, or who practices or offers to practice when not qualified, or any person who falsely claims that he or she is registered or authorized under this article, or any person who violates any of the provisions of this article is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months, or both fined and imprisoned.

Any person who commits a second or subsequent offense under this section is guilty of a felony, and, upon conviction thereof, shall be imprisoned in the penitentiary not less than ten nor more than twenty years.

The attorney general may act as legal adviser to the board and render any legal assistance as may be necessary in carrying out the provisions of this article. The board may employ counsel and necessary assistance to aid in the enforcement of this article and the compensation and expenses of the council shall be paid from the funds of the board.

§30-13-24. Exemptions.

This article may not be construed to prevent the practice by:

(a) **Other professions.** — The practice of any other legally recognized profession;

(b) **Temporary permits.** — The practice or offer to practice engineering by a person not a resident of or having no established place of business in this state, provided the person is legally qualified by registration to practice engineering, as defined in this article, in their own state or country. The person shall make application to the board in writing and after payment of a fee established by the board may be granted a written permit for a definite period of time not to exceed one year to do a specific job: **Provided,** that no right to practice engineering shall accrue to the applicant with respect to any other works not set forth in the permit; and

(c) **Employees and subordinates.** — The work of an employee or a subordinate of a person holding a certificate of registration under this article, or an employee of a person practicing lawfully: **Provided,** that the work does not include final engineering designs or decisions and is done under the direct supervision of and verified by a person holding a certificate of registration under this article or a person practicing lawfully. Any regular full-time employee of a person, partnership, corporation or other business entity who is engaged solely and exclusively in performing services for such person, partnership, corporation or other business entity, who is not required by any provision of the law other than this article to be a registered professional engineer and whose services are performed on, or in connection with, property owned or leased by such person, partnership, corporation or other business entity, or in which such person, partnership, corporation or other business entity has an interest, estate or possessory right, and are not offered or made available to the public. This exemption includes the use of job title and personal classification by such person, but no name, title or words may be used which tend to convey the impression that an unlicensed person is offering professional engineering services to the public.

TITLE 7
SERIES 1
RULES GOVERNING THE WEST VIRGINIA BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS

§7-1-1. General.

1.1. Scope. - This rule sets forth standards for the regulation and conduct of members, records, applications and examinations. This rule is binding upon persons applying and registered under W.Va. Code §§30-13-1 et seq. and is applicable to individuals or organizations providing engineering services and holding a certificate of authorization.

Main table of contents

1.2. Authority. — W.Va. Code §§30-13-9(a), 14, 18, 19, 21.

1.3. Filing Date. — April 19, 2004.

1.4. Effective Date. — July 1, 2004.

1.5. Repeal of Former Rules. — This legislative rule repeals and replaces West Virginia 7CSR1 "Regulations governing The West Virginia Board of Registration for Professional Engineers" filed and effective July 1, 2001.

§7-1-2. Definitions.

2.1. "ABET" means ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

2.2. "ABET/TAC" means the Technology Accreditation Commission of ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

2.3. "Board" means the West Virginia State Board of Registration for Professional Engineers.

2.4. "COA" means Certificate of Authorization, which is a document required and issued in accordance with §7-1-11 of these rules.

2.5. "College/Unit Semester/Quarter Hour" means the credit given for courses in an ABET approved program or other Board-approved courses approved in accordance with §7-1-10 of these rules.

2.6. "Comity Applicant" means a person who is applying to become a registered PE in WV and is currently in possession of a PE registration or certificate of licensure issued by a proper authority of a jurisdiction other than WV.

2.7. "EI" means a certified Engineer Intern, who is a person who has passed the FE examination.

2.8. "Expired" or "expired status" means a registration that was not renewed in a timely manner, and shall include lapsed and inactive status. Lapsed status means expiration without notice to the Board and inactive status means the registrant notified the Board of an intention not to renew.

2.9. "FE" means the Fundamentals of Engineering Examination.

2.10. "Foreign Degree Applicant" means a person applying for certification or registration who received a Baccalaureate degree in Engineering from a foreign institution outside of the United States.

2.11. "Firm" means a firm, corporation, partnership, joint stock association, private practitioner employing others, or sole proprietor employing no one but himself/herself which practices or offers to practice engineering.

2.12. "Fiscal year" means the WV fiscal year, which operates July 1 of the current year through June 30 of the following year.

2.13. "NCEES" means the National Council of Examiners for Engineering and Surveying.

2.14. "PDH" means a Professional Development Hour, which is one contact hour of instruction or presentation designed to keep a professional engineer current in his or her branch/discipline.

2.15. "PE" means a registrant or registered Professional Engineer, who is a person who has passed the PE exam and is an acronym used after an engineer's name to indicate he or she is a registered engineer with the Board.

2.16. "PE exam" means the Principles and Practice of Engineering Examination.

2.17. "Registrant" means a PE.

§7-1-3. EI and PE Applications.

3.1. Types of Applications.

(a) A person applying to the Board for examination and registration as a Professional Engineer shall submit to the Board a completed application on forms prescribed by the Board.

(b) A person applying to the Board for examination and certification as an Engineer Intern shall submit to the Board a completed application on forms prescribed by the Board.

(c) A person applying to the Board for comity or reinstatement as a Professional Engineer shall submit to the Board a completed application on forms prescribed by the Board.

3.2. Criteria for Applications.

(a) The Board shall only consider applications completed in accordance with §7-1-3.4 of these rules.

(b) The Board shall accept applications for EI certification from persons who meet all of the requirements of W.Va. Code §30-13-13. A senior student in a four-year program leading to a baccalaureate degree from a Board-approved curriculum may apply for certification as an EI and may take the FE during his or her senior year.

3.3.Applications Generally.

(a) Form of Applications. Applications shall be completely filled out on forms prescribed and provided by the Board. It is the responsibility of

the applicant to submit to the Board a completed application package as set forth in this section.

(b) Time of Submission. In order to allow sufficient time for processing and for securing examinations, all applicants who may require an examination shall file their application with this Board at times specified by the Board. PE applications must be submitted at least 90 days prior to the desired PE exam date. EI applications must be submitted at least 60 days prior to the desired FE exam date. Exam dates will be made available pursuant to §7-1-5.3(a).

(c) Translations. All foreign language documentation shall be accompanied by translations certified to be accurate by a competent authority recognized by the Board.

(d) Submission under Oath. All applications made to this Board shall be subscribed and sworn to before a Notary Public or other persons qualified to administer oaths on the forms used by the applicant.

(e) Staff Review of Applications. The Board staff shall review the submitted application package and shall notify the applicant if the package is not complete as set forth in §7-1-3.4 below. The Board shall not act upon an application until the applicant has submitted a completed application package. Upon such submission, the Board shall act in accordance with §7-1-4.

(f) Confidentiality of Applications. References and transcripts received in accordance with §7-1-3 of these rules shall be kept confidential, and the Board shall place all such confidential records regarding the qualifications of an applicant in files that are considered non-public records. The Board shall not divulge the source and character of the information except in special cases when required by law.

(g) Retention of Applications. The Board shall make copies of all approved applications which show the name, date of birth, the date of application, education, experience and other qualifications of the applicant, the examination required of the applicant, and the Board granted registration or certification notice. The Board shall store the duplicate copies of these records and one copy shall be stored in fireproof and secure facilities.

3.4. Completed Application Package.

(a) Definition. A completed application package shall include the following:

(1) The requisite education as set forth in §7-1-3.5 of these rules, which education shall be obtained prior to the time of submitting the application, with the exception of EI applicants who may apply for the FE exam during their senior year of college.

(2) The requisite work experience as set forth in §7-1-3.6 of these rules, which experience shall be obtained prior to the time of submitting the application;

(3) The references required in §7-1-3.7 of these rules;

(4) One (1) passport-size photo taken within six (6) months of the date of application;

(5) Such fee(s) as are required in §7-1-13.4 of these rules, including the non-refundable application fee.

(b) The Board shall accept an application for PE registration that includes the documented NCEES Record properly executed and issued with verification by the NCEES in lieu of that portion of the application form prescribed by the Board.

(c) Specific application requirements.

(1) Comity Applicant. In addition to the requirements set forth in this section, comity applicants shall also meet the following requirements:

(A) passage of the FE and PE exam; and

(B) verification of current registration in a jurisdiction where they currently live and/or work.

(2) Foreign Degree Applicants. In addition to the requirements set forth in this section, applicants with degrees from foreign schools shall also meet the requirements set forth in paragraph (c) of subsection 5 of this section.

3.5.Education.

(a) Board-approved curricula. The term "a graduate of a curriculum of four years or more approved by the Board as being of satisfactory standing" used in W.Va. Code §30-13-13(a)(2) is interpreted by this Board to mean a person who has:

(1) a Baccalaureate degree in Engineering from a school whose curricula are accredited by ABET at the time of the awarding of the degree;

(2) a Baccalaureate degree in Engineering Technology from a school whose curricula is accredited by ABET/TAC at the time of the awarding of the degree; or

(3) a Baccalaureate degree in Engineering from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET.

(4) a Baccalaureate degree from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master's and/or Ph.D. in Engineering from a school whose under graduate program in that engineering area is accredited by ABET.

(b) Transcripts.

(1) Upon graduation, the applicant shall have transcripts of all college grades mailed directly from the school or college to the Board with the signature of the proper school officer and the embossed seal of the school.

(2) If the degree has been earned prior to application submission, obtaining the official transcript is the responsibility of the applicant and shall be submitted within the completed application package.

(c) Degrees from Foreign Institutions. All applicants with an under graduate degree from a foreign institution shall comply with one of the following:

(1) If an applicant receives only a Baccalaureate degree in Engineering from a foreign institution, he or she shall submit a foreign degree evaluation. An applicant who is required to submit a foreign degree evaluation shall use the Engineering Credentials Evaluation International (ECEI) of ABET or such other evaluation service as may be approved by the Board.

(2) If an applicant receives a Baccalaureate degree in Engineering or related curricula from a foreign institution, and Master's Engineering degree from an institution whose undergraduate program is ABET accredited, the Board may review the applicant's transcripts and waive the need to submit a foreign degree evaluation.

(3) If an applicant receives a Baccalaureate degree from a foreign institution whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master's and/or Ph.D. in Engineering from a school whose undergraduate program in that engineering area is accredited by ABET, the Board will not require the applicant to submit a foreign degree evaluation.

3.6. Employment; work experience. Employment and work experience verifications are the responsibility of the applicant and shall be submitted on forms supplied by the Board as part of the completed application package.

(a) Requirements.

(1) Number of Years. A PE applicant who has earned the degree described in §7-1-3.5(a)(1) or §7-1-3.5(a)(3) shall demonstrate that he or she has obtained a minimum of four (4) years of experience satisfactory to the Board. A PE applicant who has earned the degree described in §7-1-3.5(a)(2) shall demonstrate that he or she has obtained a minimum of six(6) years of experience satisfactory to the Board.

(b) Satisfactory Experience.

(1) The applicant's experience on engineering projects shall be broad in scope in his or her branch/discipline and progressive in that it was of increasing quality and required greater responsibility.

(2) The experience shall be under the supervision of a registered Professional Engineer. If not, the applicant shall explain why the Board should consider the experience acceptable.

(3) Upon review of the completed application package, the Board may credit experience based on the following:

(A) Armed Services. Experience gained in the Armed Services shall be of a character equivalent to that which would have been gained in the civilian sector doing similar work. A good indicator of equivalence is that the applicant while in the Armed Services served in an engineering or engineering-related group.

(B) Sales or supervision. For sales experience or construction supervision experience to be satisfactory, the applicant shall prove that engineering principles were required and used while gaining this experience.

(C) Teaching. The Board may classify the teaching of courses in ABET-approved programs as satisfactory experience.

(D) Research. The Board may credit experience gained in the performing of engineering research or projects if the applicant at the time was a member of an engineering faculty or higher at an institution with a Board-approved curricula as defined in §7-1-3.5(a).

(E) Graduate Studies. The Board may credit an applicant who has followed Board-approved curricula as defined in §7-1-3.5(a) with a Master's degree in engineering with one year's experience. If such applicant follows the Master's degree in engineering with a Doctor of Philosophy degree in engineering, the Board may credit the applicant with an additional year of experience. If the Doctor of Philosophy degree is obtained without the Master's degree, the applicant may be credited with two years of experience.

(c) Verifications. The verifications shall include the following:

(1) Time Period. The Board shall consider only the experience an applicant obtains after he or she graduates from a Board-approved curriculum.

(2) Documentation. An applicant shall provide a detailed description of the nature of the work and duties he or she has performed on forms supplied by the Board. The applicant shall account for all employment or work experience for the period of time that has elapsed since graduation from the Board-approved curriculum. If the applicant was not employed or was employed in other kinds of work, he or she should indicate this in the experience record.

3.7. References.

(a) It is the responsibility of the applicant to supply all references on forms supplied by the Board. A PE applicant shall submit references from five individuals, three of whom shall be professional engineers having personal knowledge of the applicant's engineering experience and ability. Also, the applicant should preferably include in the references individuals familiar with the applicant's experience noted in the employment section of the application. An EI applicant shall submit at least three character references.

(b) An applicant may not use a relative or a current Board member as a reference.

(c) An applicant shall provide each individual being used as a reference with the Board-approved reference form. The reference form shall be returned to the applicant in a signed, sealed envelope to be included in the applicant's completed application package.

§7-1-4. Board Actions on Applications.

4.1. This rule sets forth the procedures for the Board actions on applications.

(a) The application must be complete as set forth in §7-1-3.4 of these rules before the Board considers the application.

(b) The Board may approve, defer, or deny an application.

(1) When an application is approved by the Board, it indicates that the applicant has met all the requirements for registration or certification required by the statutes of this state, and the Board shall grant the applicant a registration or certification. The Board shall notify the applicant of the approval.

(2) When an application is deferred by the Board, it indicates that the applicant must take further steps to meet the requirements for registration or certification required by the statutes of this state, and the Board shall retain the deferred application until the applicant submits the additional information required by the Board. The Board shall notify the applicant of the deficiencies.

(3) When an application is denied by the Board, it indicates that the applicant has not met the requirements for registration or certification required by the statutes of this state, and the Board shall retain the denied application for one year and then may dispose of it. The Board shall notify the applicant of the denial.

(4) The Board may refuse to register an applicant who has withheld information, provided statements that are untrue or misrepresented the facts.

(5) Reconsideration of Applications. An applicant may request that the Board reconsider an application that has been denied when the request is based on additional information and/or evidence that could affect the original decision. An applicant shall make the request for reconsideration within one year after the decision was made to deny the original application.

§7-1-5. Examinations.

5.1. Classification of Examinations. The Board shall administer or direct the administration of the following written examinations, prepared and furnished by the NCEES:

(a) The "FE" examination; and

(b) The "PE" examination. The Board shall offer examinations only in those branches/disciplines of engineering in which examinations are prepared by the NCEES. Examinations in all engineering branches/disciplines may not be available at both the spring and fall examinations. The Board shall announce the schedule of available examinations.

(c) The Board shall register a successful applicant as a professional engineer without reference to engineering branch/discipline in either his or her certificate or seal.

5.2. Eligibility of Applicant for an Examination.

(a) A PE applicant may not sit for the PE examination until he or she has passed the FE examination.

(b) An applicant may not sit for the eight (8) hour FE or the eight (8) hour PE examination until the Board has established that the applicant is eligible for the examinations.

(c) An EI applicant is eligible to sit for the FE during his or her senior year in college before obtaining a Baccalaureate degree in a program that has been approved by the Board as noted in §7-1-3.5 of this rule.

(d) An EI applicant enrolled in a four year engineering technology program accredited by the TAC/ABET may sit for the FE examination during his or her senior year and may only be certified as an EI after the applicant has presented evidence of 2 years of work experience in accordance with §7-1-3.6 of this rule.

(e) An applicant who fails to pass an examination or is absent from an exam may sit for further offerings of the examination upon notification and payment of the appropriate fees. Any applicant whose application is less than 2 years old may elect to simply re-apply using the shortened form supplied by the Board. Any applicant whose application is greater than 2 years old shall submit a new, completed application packet as outlined in §7-1-3.4 of this rule.

5.3. Examination Dates and Locations.

(a) Written examinations are offered on dates set by the NCEES. Normally the examinations are offered in April and October of each year. The examination dates are available from the Board or NCEES. Applications shall be submitted pursuant to §7-1-3.3(b).

(b) Locations at which the examinations are given are designated by the Board and are available from the Board Office.

5.4. Language of the Examination. The language used in the examination is English.

5.5. Study Information.

(a) The Board shall not distribute copies of questions used on prior examinations.

(b) The Board will make available NCEES-published specifications for written examinations.

5.6 Instruction for Examinees. Instructions provided prior to each examination shall declare an examination to be open or closed book. Materials permitted in the examination room shall be listed in the instruction information provided to each applicant by the Board upon confirmation of their approval to sit for an exam.

5.7. Fees. Application and examination fees are listed in §7-1-13.4 of this rule. All fees are non-refundable. The Board in accordance with Board policy may waive fees.

5.8. Failure to Attend an Examination.

(a) An applicant who fails to attend an examination for which he or she has been scheduled and the Board has ordered the examination forfeits all fees paid and shall not be eligible for any future fee reduction or waiver.

(b) An applicant who fails to attend an examination for which he or she has been scheduled to attend is not considered by the Board to have failed the examination.

5.8. Examination Offerings.

(a) An applicant for an examination shall be notified by the Board of approval to sit for the examination at least 30 days before the examination date.

5.9.Examination Results.

(a) The Board shall provide written notification to an applicant that he or she passed or failed the examination.

5.10. Examinations in Additional Branches/Disciplines.

(a) Upon payment of the prescribed fees listed in §7-1-13.4 of this rule, a PE currently registered by this Board may sit for examinations in additional branches/disciplines of the PE examination offered by NCEES. The Board shall record the passing of the examination.

(b) If an applicant fails to pass the examination in an additional branch/discipline, he or she retains his or her current registration status.

§7-1-6. Engineering Registration and Certification.

6.1. Classifications of Registration. The Board shall register or certify a qualified applicant under one of the following classifications:

(a) Professional Engineer;

(b) Engineer Intern; or

(c) Professional Engineer-Retired, as defined in §7-1-9.2(e).

6.2.Professional Engineer.

(a) PE Registration Numbers. The Board shall assign each registrant a registration number at the time registration is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted registration. The Board shall advise the registrant of his or her number.

(b) The Board shall grant an applicant who has met all the requirements of the W.Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE and PE examinations, a certificate of registration to practice engineering in West Virginia.

(c) Certificates of Registration. The Board shall issue a certificate of registration and similar wallet card to an applicant who has met the requirements of this state and who has paid the certificate fee prescribed in §7-1-13.4. The certificate signed by the Board members shall show the registrant's registration number and seal of the Board.

(d) Replacement of Certificate. The registrant shall notify the Board when a certificate of registration is lost, destroyed or mutilated, and, if the registrant is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.3.Engineer Intern.

(a) EI Certification Numbers. The Board shall assign each EI a certification number at the time certification is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted certification. The Board shall advise the EI of his or her number.

(b) The Board shall grant an applicant who has met all the requirements of the W.Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE examination, a certificate of certification to serve as an EI in West Virginia.

(c) Certificates of Certification. The Board shall issue a certificate of certification and similar wallet card to an applicant who has met the requirements of this state and who has paid all fees. The certificate signed by the Board members shall show the EI's certification number and seal of the Board.

(d) Replacement of Certificate. The EI shall notify the Board when a certificate of certification is lost, destroyed or mutilated, and, if the EI is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.4.Professional Engineer-Retired.

(a) Registration Numbers. The Board shall reserve the original assigned registration number for any PE who elects to convert to Professional Engineer-Retired status. This number will remain on file in the event that the retired engineer should chose to reinstate his or her PE registration in accordance with §7-1-10.10.

(b) Documentation of Retired Status. The Board shall issue an appropriate wallet card to an applicant who has met the require-

ments of this state and who has paid appropriate fees.

(c) Registrants who elects PE-Retired status must retire their seal and certify that they are no longer receiving remuneration from providing professional engineering services.

6.5. Updated Information. It is the EI's or PE's responsibility to notify the Board of any change in information previously submitted to the Board, such as name change, change of address, change of employer, or similar matter requiring current information.

§7-1-7. Seals.

7.1. Seal of the Board. The seal of the Board shall be affixed to each certificate of registration.

7.2. Seal of Registrant. When an applicant is granted registration he or she shall obtain an official seal of the size and design prescribed by the Board. The seal shall contain the following information:

(a) The words "State of West Virginia";

(b) The registrant's name;

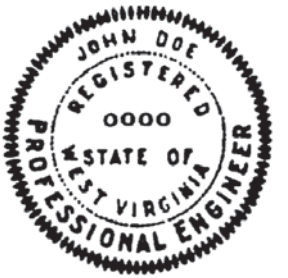
(c) The registrant's registration number; and

(d) The words "Registered Professional Engineer".

(e) The seal may be a rubber stamp, or one that embosses.

(f) The seal shall not reference any engineering branch/discipline.

The following is a sample of the suggested format:



OFFICIAL SEAL SAMPLE

7.3. Seal on Documents.

(a) A registrant's seal and signature shall appear on the first or title page of all final and/or record documents of specifications, reports, drawings, plans, design information and calculations presented to a client or any public or government agency to certify that the work was done by the registrant or under the control of the registrant.

(b) The registrant signing and sealing the first or title page of documents shall be the firm's PE in responsible charge as designated on the firm's COA application or the project engineer.

(c) Revisions shall be numbered, dated, initialed, and sealed by the registrant responsible for the revision.

(d) When copies are to be made, the registrant's seal and signature on all originals, tracings or other documents shall be reproducible.

(e) Each registrant is solely responsible for the use of his or her seal.

(f) When an engineer registered in another state has a temporary permit to practice in this state, that engineer shall use his or her seal and affix his or her signature along with a copy of the temporary permit to documents submitted for engineering services performed in this state.

(g) When a registrant of this state examines and verifies the work of an out-of-state registrant, the registrant of this state has complete dominion and control of the design which includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

(h) The Board authorizes the electronic reproduction of a seal when the resulting facsimile meets the specifications of 7-2. The registrant is responsible for the improper use of the seal on work not prepared either by the registrant or under his or her direct supervision.

(i) It is the responsibility of each registrant to report the loss or theft of his or her seal to the Board as soon as practical after the loss or theft.

§7-1-8. Temporary Permits.

8.1. Requirements.

(a) The Board may grant a temporary permit to a person who desires to practice or offer to practice engineering in this state who is not a resident of this state or who has no established place of business in this state, provided that person is legally qualified by registra-

tion in his or her home state or any foreign country and that his or her qualifications for obtaining the permit meet those required for registration under W.Va. Code §30-13-1 et seq.

(b) To obtain a temporary permit, an applicant shall make application to the Board on forms provided by it and pay the fee prescribed in §7-1-13.4 of this rule.

8.2. Length and Scope of Permit. The Board shall grant the permit for a definite length of time not to exceed one year to allow the permittee to do a specific job. Under the permit, the permittee may not practice engineering with respect to any other work not set forth in the permit.

§7-1-9. Expirations, renewals and reinstatements.

9.1. Expiration. PE registrations expire on June 30th of each year and are void without hearing after that date unless renewed in accordance with Subsection 2 below.

9.2. Renewals.

(a) The Board shall annually, during the month of May, mail a renewal notice to the last known address of every person currently registered by the Board. The notice shall indicate the expiration date of the PE registration and the amount of the renewal fee established by the Board.

(b) The renewal form, which shall be completed and include documentation in compliance with Subsections 10 and 12 of this rule, and applicable fee shall be received by the Board on or before June 30th of each year.

(c) Renewals received from July 1st through September 30th shall render the PE registration valid upon payment of the late fees set forth in §7-1-13.5 of these rules.

(d) Any renewal fee postmarked on or after October 1 will be rejected and returned, and the registration will be void without hearing.

(e) A registered professional engineer who has retired from practicing professional engineering may apply for the status of professional engineer-retired, and upon payment of the fee prescribed in §7-1-13.4 of this rule, he or she shall be registered as professional engineer-retired.

9.3. Reinstatement. A former PE desiring to reinstate his or her registration shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

§7-1-10. Continuing Professional Competency.

10.1. As a condition of registration renewal, every registrant shall show evidence that he or she obtained fifteen (15) professional development hours (PDH's) during the previous year.

10.2. Requirements. A registrant may earn PDH's by:

(a) Successfully completing college courses;

(b) Evidence of completion of continuing education courses;

(c) Successfully completing correspondence, televised, videotaped, and other short courses or tutorials;

(d) Actively participating in seminars, in-house courses, workshops, technical committees of professional engineering organizations, and professional conventions;

(e) Teaching or instructing in the activities set forth in subdivision (a) through (d) of this subsection if such teaching or instruction is outside of the registrant's regular employment duties or if the registrant can document such teaching activity or instruction was newly developed and presented for the first time; or

(f) Authoring published papers, articles, or books.

10.3. If a registrant exceeds the annual requirement in any year, he or she may carry a maximum of eight (8) PDH's forward into the subsequent year.

10.4. Units. The conversion of other units of credit to PDH units is as follows:

1 College or unit semester hour	15 PDH's
1 College or unit quarter hour	10 PDH's
1 Continuing Education Unit (CEU)	10 PDH's
1 Hour of professional development in course work, seminars, professional conventions, workshops, technical committee work	1 PDH
1 Hour of teaching professional development in course work, seminars, professional conventions, workshops	2 PDH's
Each published paper or article on engineering subjects	10 PDH's

10.5. Determination of Credit. The Board has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit. No pre-approval of offerings will be issued. The Board may deny or revoke any renewal upon a determination insufficient or unsatisfactory continuing education.

10.6. Forms. All renewal applications require the completion of a continuing education form specified by the Board outlining PDH credit claimed. The registrant shall supply sufficient detail on the form to permit review for approval, shall certify and sign the continuing education form, and shall submit the form with the renewal form and fee.

10.7. Recordkeeping. Each registrant is responsible for his or her own professional development activities. The registrant shall maintain the records to be used to support credits claimed for professional development activities. Records required include, but are not limited to: 1) a log showing the type of activity claimed, the sponsoring organization, the activity's location and duration, the instructor's or speaker's name, and the PDH credits earned; and 2) attendance verification records in the form of completion certificates, paid receipts or other documents supporting evidence of attendance. These records shall be maintained for three renewal periods. Copies of these records and supporting documentation may be requested by the Board for approval and verification purposes.

10.8. Annual Continuing Education Verification.

(a) Any registrant may be audited, including Board members and staff.

(b) Three to five percent (3-5%) of renewals will be selected at random and contacted by the Board to verify compliance with continuing education claims.

(c) Any renewal forms submitted with questionable continuing education shall be added to those selected at random for verification.

(d) All verification submissions will be analyzed by the Board who may recommend continued registration, deny or revoke based on the renewal or take such enforcement action as may be appropriate.

(e) Those who are denied renewal will be provided a thirty (30) day probationary period in which to acquire the necessary continuing education and submit documentation to the Board. If the registrant fails to submit satisfactory documentation in the given time period, the Board will revoke the PE registration without hearing.

(f) A registrant may bring a registration revoked for insufficient continuing education to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

10.9. Exemptions. A registrant may be exempt from the professional development educational requirements for one of the following reasons:

(a) A new registrant by way of examination or reciprocity is exempt for his or her first renewal period;

(b) A registrant serving on active duty in the armed forces of the United States for a period of time exceeding one hundred twenty (120) consecutive days in a calendar year is exempt from obtaining the professional development hours required during that year;

(c) A registrant experiencing physical disability, illness, or other extenuating circumstances may be exempt subject to review and approval by the Board; the registrant shall furnish supporting documentation to the Board;

(d) Registrants who list their occupation as "Retired" on the Board-approved renewal form and who further certify that they are no longer receiving any remuneration from providing professional engineering ervices are exempt from the required professional development hours. In the event a retired engineer elects to return to the active practice as a professional engineer, he or she shall comply with the requirements of §7-1-10.11 before returning to active practice.

10.10. Expired Status. A registrant may bring an expired or inactive registration to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

10.11. Retired Status. A registrant may bring a retired registration to active status by obtaining the required PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

§7-1-11. Certificates of Authorization.

11.1. COA certificates required; issuance. A COA is required to practice or offer to practice engineering in WV. The Board shall issue a COA to firms who have met all the requirements of the W.Va. Code §30-13-17 and these rules promulgated under the Code to practice or offer to practice engineering in West Virginia. The certificate signed by the Board President shall show the firm's COA number and seal of the Board.

11.2. Classifications of Authorization. The Board shall certify a qualified firm under one of the following classifications:

(a) Sole Proprietor with no employees who practices or offers to practice engineering for compensation or other tangible benefit or remuneration;

(b) Firm with three or fewer Professional Engineers (regardless of PE's state of registration or licensure); or

(c) Firm with four or more Professional Engineers (regardless of the PE's state of registration or licensure).

11.3. Application and Fees. A firm desiring to obtain a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules. Each application, including renewal and reinstatement, requires a sworn statement from the PE in responsible charge as set forth in §30-13-17.

11.4. Expiration, Renewal and Reinstatement.

(a) Expiration. COA certificates expire on June 30th of each year and are voided without hearing after that date unless renewed in accordance with Subsection (b) below.

(b) Renewals.

(1) The Board shall annually, during the month of May, mail a renewal notice to the last known address of every firm currently holding a COA by the Board. The notice shall indicate the expiration date of the COA certification and the amount of the renewal fee established by the Board.

(2) The completed renewal form and applicable fees shall be received by the Board on or before June 30th of each year.

(c) Renewals received from July 1st through September 30th shall render the COA certification valid upon payment of the late fees set forth in §7-1-13.5 of these rules.

(d) Any renewal fee postmarked on or after October 1 will be rejected and returned, and the registration will be void without hearing.

(e) A firm who is no longer doing business in this state may request inactive status. A firm on inactive status is prohibited from practicing or offering to practice engineering in this state until the COA is reinstated.

11.6. Reinstatement. A firm desiring to reinstate a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

11.7. COA Certificate Number. The Board shall assign each firm a certificate number at the time a COA is granted by the Board. Numbers

are issued consecutively in the order in which a firm is granted a COA. The Board shall advise the firm of this number.

11.8. Replacement of Certificate. The firm shall notify the Board when a COA is lost, destroyed or mutilated, and, if the firm is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4

11.9. Updated Information. It is the firm's responsibility to notify the Board of any change in information previously submitted to the Board, such as name change, change of address, change of PE in responsible charge, or similar matter requiring current information.

11.10. Limited Liability Firms. The PE in responsible charge on the COA is responsible for compliance with W.Va. Code §30-13-1 et seq. and this rule notwithstanding any limitations of liability provided by W.Va. Code §§47B-3-6 and 31B-13-1305.

§7-1-12. Professional Responsibility.

12.1. Knowledge of Rules. All registrants are charged with having knowledge of the Rules of Professional Responsibility. The Board shall notify every registrant and applicant for registration in writing of amendments to the rules. The Rules as amended shall also be also published in the roster and on the Board website provided for in W.Va. Code §30-13-12.

12.2. Rules of Professional Responsibility. To comply with the Board's responsibilities, which are to safeguard life, health and property, to promote the public welfare, and to maintain a high standard of integrity and practice, the Board has developed the following Rules of Professional Responsibility set forth in this section. These rules supplement the provisions for professional responsibility prescribed in W.Va. Code §30-13-21 and are binding on every registrant.

(a) All persons registered in West Virginia are required to be familiar with the W.Va. Code §30-13-1 et seq., this rule, and all applicable laws relating to the practice of engineering. The Rules of Professional Responsibility delineate specific obligations the registrant shall meet. In addition, each registrant is charged with the responsibility of adhering to standards of highest ethical and moral conduct in all aspects of the practice of engineering.

(b) The practice of engineering is a privilege, as opposed to a right. All registrants shall exercise this privilege by performing services only in the areas of their competence according to current standards of technical competence.

(c) Registrants shall recognize their responsibility to the public and shall represent themselves before the public only in an objective and truthful manner.

(d) Registrants shall avoid conflicts of interest and faithfully serve the legitimate interests of their employers, clients, and customers within the limits defined by this rule. Their professional reputation shall be built on the merit of their services, and they shall not compete unfairly with others.

12.3. Registrant's Obligation to Society.

(a) Registrants, in the performance of their services for clients, employers and customers, shall be cognizant that their first and foremost responsibility is to the public welfare.

(b) Registrants shall approve and seal only those design documents and surveys that conform to accepted engineering standards and safeguard the life, health, property and welfare of the public.

(c) Registrants shall notify their employer or client and other appropriate authority when their professional judgment is overruled under circumstances where the life, health, property, welfare of the public is endangered.

(d) Registrants shall be objective and truthful in professional reports, statements or testimony. They shall include all relevant and pertinent information in the reports, statements or testimony.

(e) Registrants shall express a professional opinion publicly only when it is founded upon an adequate knowledge of the facts and a competent evaluation of the subject matter.

(f) Registrants shall issue no statements, criticisms or arguments on technical matters which are inspired or paid for by interested parties, unless they explicitly identify the interested parties on whose behalf they are speaking, and reveal any interest they have in the matters.

(g) Registrants shall not permit the use of their name or firm name, nor associate in business ventures with, any person or firm which is engaging in fraudulent or dishonest business or professional practices.

(h) Registrants having knowledge of possible violations of any of the Rules of Professional Responsibility shall provide the Board with information and assistance necessary to the final determination of the violation.

12.4. Registrant's Obligation to Employer and Clients.

(a) Registrants shall undertake assignments only when qualified by education or experience in the specific technical fields of engineering involved.

(b) Registrants shall not affix their signatures or seals to any plans or documents except in accordance with 30-13-1 et seq. and these rules.

(c) Registrants shall not reveal facts, data or information obtained in a professional capacity without the prior consent of the client or employer except as authorized or required by law.

(d) Registrants shall not solicit or accept financial or other valuable consideration, directly or indirectly, from contractors, their agents, suppliers, manufacturers, or other parties in connection with work for employers or clients.

(e) Registrants shall make full prior disclosures to their employers or clients of potential conflicts of interest or other circumstances which could influence or appear to influence their judgment or the quality of their service.

(f) Registrants shall not accept compensation, financial or otherwise, from more than one party, for services pertaining to the same project, unless the circumstances are fully disclosed and agreed to by all interested parties.

(g) Registrants shall not solicit or accept a professional contract from a governmental body on which a principal or officer of their organization serves as a member. Conversely, registrants serving as members, advisors, or employees of a governmental body or department, who are the principles or employees of a private concern, shall not participate in decisions with respect to professional services offered or provided by the private concern to the governmental body which they serve unless their participation is approved by the West Virginia Ethics Commission.

12.5. Registrant's Obligation to Other Registrants.

(a) Registrants shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications. They shall not misrepresent or exaggerate their degree of responsibility in prior assignments or the complexity of the assignments. Presentations incident to the solicitation of employment or business shall not misrepresent pertinent facts concerning employers, employees, associates, joint ventures or past accomplishments.

(b) Registrants shall not offer, give, solicit or receive, either directly or indirectly, any commission, or gift, or other valuable consideration in order to secure work, and shall not make any political contribution with the intent to influence the award of a contract by a public authority.

(c) Registrants shall not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of other registrants, nor indiscriminately criticize other registrants' work.

12.6. Actions brought against applicants.

(a) A registered PE who has been fined, received a reprimand, or had his or her registration revoked, suspended or denied in another jurisdiction for reasons or causes which this Board finds would constitute a violation of the law governing the practice of engineering in this state or any rule promulgated by this Board, is sufficient cause for the Board to levy a fine, reprimand, or deny, revoke or suspend a registration to practice engineering by the registrant in this state. Any such actions by other jurisdictions shall be reported on the annual renewal form. For purposes of this section, "another jurisdiction" means any other governing entity, including a licensing board for another profession.

§7-1-13. Fees.

13.1. The fees are listed in §7-1-13.4 and are payable to the West Virginia State Board of Registration for Professional Engineers. Fees based upon NCEES charges may be obtained from the Board or its website. Fees shall be paid by check or money order and are non-refundable. The Board shall return an application received without the proper fee to the applicant.

13.2. Timing of Submission of Fees. Any PE registration or COA application fee received prior to May 1 will entitle the approved PE or COA to be placed in good standing through June 30 of the current fiscal year. Registration or COA fees received after May 1 through June 30 shall be effective through the following fiscal year.

13.3. Renewal Fee.

(a) The Board shall notify each registrant by the thirty-first (31st) day of May of each year of the amount of the renewal fee.

(b) A registrant shall pay renewal fees before the thirtieth (30) day of June of each year.

(c) A renewal postmarked after June 30 is considered late, and the Board shall assess the registrant a late fee penalty as described in Subsection 13 paragraph 4 below.

(d) Any renewal fee postmarked on or after October 1 will be rejected and returned, and the registration will be void without hearing.

13.4. Fees. The fees for various services provided by the Board are:

Engineering Intern	
Application Fee	$ 25.00
Examination Fee	As charged by NCEES
Re-application Fee	$ 20.00
Re-examination Fee	As charged by NCEES
Professional Engineer	
Application Fee	$ 80.00
Examination Fee	As charged by NCEES
Re-application Fee	$ 40.00
Re-examination Fee	As charged by NCEES
Certificate Fee	$ 25.00
Comity Application Fee	$ 150.00
Temporary Permit	$ 200.00
Certificate of Authorization	
Application Fee for Sole Proprietor with no employees	$ 0.00
Application Fee for Firm with three or fewer Professional Engineers*	$ 100.00
Application Fee for Firm with four or more Professional Engineers*	$ 150.00
Annual Renewal Fee	
Professional Engineer	$ 40.00
Professional Engineer-Retired	$ 25.00
COA for Sole Proprietor with no employees	$ 0.00
COA for Firm with three or fewer Professional Engineers*	$ 50.00
COA for Firm with four or more Professional Engineers*	$ 300.00
Reinstatement Applications	
Professional Engineer	$ 125.00
COA for Sole Proprietor with no employees	$ 0.00
COA for Firm with three or fewer Professional Engineers*	$ 200.00
COA for Firm with four or more Professional Engineers*	$ 600.00
PE or COA Roster**	$ 25.00
Replacement Certificates	$ 25.00
Returned Checks	$ 25.00

** Regardless of the P.E.'s state of registration or licensure*

*** Available for free download on the Board web site*

13.5. Late Fees.

(a) A renewal fee postmarked after July 1 is considered late, and the Board shall assess the registrant a penalty in the amount of twenty-five percent (25%) of the fee per month of delay for up to 90 days.

(b) A renewal postmarked after October 1 will be rejected and returned, and the registration or COA will be void without hearing.

(c) The Board shall void any PE registration of any registrant or COA certification of any firm whose renewal fee is not postmarked before October 1. In order to continue to practice or offer to provide engineering services, the former registrant or firm shall submit a reinstatementt application to the Board in accordance with §7-1-3 or §7-1-11 of these rules.

13.6. Fees set forth in this section may be waived in accordance with Board policy.

§7-1-14. Board Enforcement, Investigations, Disciplinary Actions and Costs.

14.1. Enforcement. Any person or entity who violates any of the provisions of W.Va. Code §30-13-1 et seq. or these rules is subject to the provisions of W.Va. Code §30-13-21 through 23, as well as the penalties outlined in §7-1-15 of these rules. The Board may take disciplinary action against any person or firm subject to the provisions of W.Va. Code §30-13-1 et seq. and these rules for any non-compliance with or violation of same in accordance with the procedures set forth in W. Va. Code §30-13-22 and the procedural rules adopted by the Board and on file with the Secretary of State.

14.2. Investigations. The Board shall have the power to investigate any complaint filed with the Board and any other matter brought to the attention of the Board regarding noncompliance with the provisions of W.Va. Code §30-13-1 et seq. and these rules.

14.3. Disciplinary Action. Upon Board decision that disciplinary action is warranted, the Board may take such action as is provided for in W.Va. Code §30-13-21 through 23, these rules, and any Board policies not inconsistent with such applicable law, including the imposition of civil penalties as set forth in §7-1-15 below.

14.4. The Board may assess administrative costs incurred in the performance of its enforcement or investigatory activities against any person or entity who violates the provisions referenced in subsection 14.1 of this rule, which shall be paid to the West Virginia State Board of Registration for Professional Engineers by check or money order within a period of thirty (30) days from the date of the final order entered by the Board.

§7-1-15. Civil Penalties.

15.1. The Board may enter an order assessing the appropriate civil penalties against any person or firm found guilty by the Board including, but not limited to the following for each offense:

Action	Penalty Up To
Practicing w/o a license, including expired license	$ 5000
Practicing w/o a COA, including expired COA	$ 5000
Misuse of seal	$ 5000
Illegal advertising of engineering services	$ 5000
Fraud, deceit, misrepresentation, or misinformation to the Board	$15,000
Violation of condition of probation	$ 5000
Misfeasance or malfeasance	$ 1000
Professional misconduct, negligence or incompetence	$ 1000
Action which is likely to deceive or defraud the public	$15,000
Action which threatens the public health, safety and welfare	$15,000
Failure to timely provide information to Board	$ 1000
Non-compliance with Board request or order	$ 1000
General (violation of applicable statute & rules, including W.Va. Code §30-13-21 or the Rules of Professional Responsibility set forth in these rules)	$ 5000

15.2. The penalty for aiding and assisting any of the above violations shall be no more than the maximum penalty defined above.

15.3. Each day of continued violation may constitute a separate offense.

15.4 In determining the amount of civil penalty to be assessed pursuant to this section, the Board may consider such factors as the following.

(a) Whether the amount imposed will be a substantial economic deterrent to the violation;

(b) The circumstances leading to the violation;

(c) The nature and severity of the violation and the risk of harm to the public;

(d) The history of previous violations;

(e) The extent to which the cited person or firm has cooperated with the Board and the Board's investigation;

(f) The economic benefits gained by the violator as a result of noncompliance;

(g) The interest of the public;

(h) Other matters as may be appropriate.

15.5. Civil penalties imposed by the Board shall be paid to the West Virginia State Treasurer's Office by check or money order within a period of thirty (30) days from the date of the final order entered by the Board.

§7-1-16. Board Policies.

16.1. The Board is authorized to establish policies and procedures not inconsistent with W.Va. Code §30-13-1 et. seq. and these rules.

§7-1-17. Severability.

17.1. If this Rule, or any part of this rule is found by the courts to be invalid for any reason, the remainder of the Rule continues in full force and effect and each and every part of the Rule is severable.

§7-2-2. Complaints.

§7-2-3. Hearing Panel.

§7-2-4. Procedural Rules for Hearings.

§7-2-5. Disposition of Complaints.

TITLE 7
SERIES 2
ADMINISTRATIVE HEARING PROCEDURES

§7-2-1. General.

1.1. Scope. — This rule specifies the procedure for Resolution of complaints relating to the practice of engineering in this State pursuant to the authority granted to the West Virginia State Board of Registration for Professional Engineers by W. Va. Code ''30-13-1 et seq.

1.2. Authority. — W. Va. Code ''30-13-1 et seq. and 30-1-1 et seq.

1.3. Filing Date. — June 22, 2004.

1.4. Effective Date. — July 23, 2004.

§7-2-2. Complaints.

2.1. Submission.

(a) Form. The form of complaints shall be determined by the Board. All complaints shall be in writing and verified by the complainant before a notary public.

(b) Who may submit. A complaint may be submitted by any natural person or legal entity, any registered engineer, or any firm holding a certificate of authorization. A complaint may be submitted by the Board, a member of the Board staff, with or without direction from the Board, or a member of the Board. Charges may be based upon information received solely through investigative activities undertaken by the Board.

2.2. Filing.

(a) The applicable statute provides for disposition of a complaint if

trivial, unfounded, or settled informally. Unless in the opinion of at least one member of the Board the alleged situation which is the subject of a complaint presents an imminent danger to health or safety, a complaint will be deemed received and filed only upon the majority vote of the Board members present and meeting in general session. Until such action, the complaint will be on the agenda for each meeting until resolved informally or filed. During the period before a complaint is deemed filed, the Board may take appropriate action, upon motion and consistent with the applicable statutes, to investigate and settle the complaint informally.

(b) A complaint will not be considered by the Board until an original is delivered to and logged in and numbered by the Board Administrator at Charleston during normal business hours. Facsimile and other electronic transmission of complaints will be accepted for filing, provided originals are delivered to the Board Administrator within fourteen (14) days thereafter.

2.3. Notice to Respondent. The Board Administrator shall give notice of the filing of a complaint to any and all respondents named in the complaint. Such notice shall be by certified mail, return receipt requested, to the respondent at his, her, or its last known address or in a manner consistent with the rules for service of process under the West Virginia Rules of Civil Procedure. A return of service shall be completed by the person effecting service and filed with the Board.

2.4. Response to Complaints. The respondent may file, within thirty days after service of the complaint, a responsive pleading which shall state with particularity every defense in law or fact to the allegations in the complaint. Every responsive pleading shall be verified by the respondent.

2.5. Failure to File Response. The failure to file a response to the complaint shall be deemed an admission of the factual allegations contained therein. The failure to file a response shall not be grounds for delaying hearing or other action upon the complaint.

2.6. More Definite Statement. The Board or a respondent may request a clarification or more definite statement of the allegations in the complaint. A respondent's request for a more definite statement shall be filed with the Board not less than fifteen days before the hearing date. The Board's request may be issued to a complainant at any time, and the complainant shall respond within seven days of service of the request by the Board. Failure of a complainant to respond timely to such request may be grounds for dismissal of the complaint.

§7-2-3. Hearing Panel.

3.1. Hearing Panel.

(a) Complaints regarding persons licensed by the Board and complaints regarding unlawful practice of engineering in this State or a

request for hearing regarding licensure or issuance of a certificate of authorization shall be heard and decided by the Board as a whole sitting as a Hearing Panel, except that any member of the Board who has a conflict of interest with regard to a particular complaint may decline to participate in such proceedings. Recusal is mandatory in any proceeding in which a judge, similarly situated, would be required to exercise recusal. The filing of a complaint by a Board member will not automatically be grounds for recusal. Recusal shall not prevent a Board member from testifying as a witness.

(b) If recusals result in there being less than a quorum, the remaining unrecused members of the Board shall appoint a registered professional engineer who is not a member of the Board for each recused member to serve solely for the purposes of hearing and deciding such complaint.

(c) The Hearing Panel shall conduct hearings, make findings of fact and conclusions of law, and issue administrative decisions and orders to enforce the provisions of W. Va. Code §30-13-1 et seq.

3.2. Location of Hearing Proceedings. Unless otherwise ordered by a majority vote of the Board, all hearings shall be heard at Charleston.

3.3. Quorum. A quorum shall consist of not less than three members of the Hearing Panel.

3.4. Presiding at Hearings.

(a) The President of the Board shall serve as the presiding officer at hearings. In the event of the President's recusal, the Hearing Panel shall elect a presiding officer from among themselves who will preside for hearings on that complaint.

(b) The presiding officer shall have the power to (1) administer oaths and affirmations, (2) rule upon offers of proof and receive relevant evidence, (3) regulate the course of the hearing, (4) hold conferences for the settlement or simplification of the issues by consent of the parties, and (5) dispose of procedural requests or similar matters.

3.5. Privilege and Immunity. All information provided, including documents and testimony given with respect to any complaint, investigation or proceeding under these rules, shall be privileged in any action for defamation or the like. All members of the Board, its counsel, and their employees shall be absolutely immune from civil suit in the same manner as members of the judiciary in the State for any conduct in the course of their official duties.

§7-2-4. Procedural Rules for Hearings.

4.1. Notice of Hearings.

(a) Within sixty (60) days of filing complaint, the presiding officer shall set a hearing date and time. Notice of the hearing date and time shall be

served on respondent and counsel for respondent, if any, by first class mail addressed to the last known mailing address of such person. Such notices shall be mailed not less than thirty (30) days before the hearing date. All complaints, unless dismissed by the Board as unfounded, trivial or settled informally, shall be heard within six months after the date each complaint was received and filed.

(b) Hearings may be rescheduled by the presiding officer and, once begun, continued from time to time, for cause shown as the interests of justice may require.

4.2. Prehearing Matters. The presiding officer, with or without the request of a party, may schedule a prehearing conference to narrow the issues to be heard, to estimate the time which will be required for the hearing, rule upon prehearing motions, and, when appropriate, negotiate informal disposition of the complaint.

4.3. Hearings Generally.

(a) Conduct and Order of Hearing.

(1) Upon calling on for hearing any complaint, the presiding officer may cause the complaint to be read and shall offer the respondent the opportunity to reply. The Hearing Panel may receive evidence from its investigator or staff. Respondent, directly or by counsel, may present evidence in defense against the complaint. All testimony given shall be subject to cross-examination by the opposing party. The Board may receive rebuttal evidence after respondent's presentation. Any member of the Hearing Panel may inquire to any witness at any time.

(2) After the receipt of all evidence, respondent and Board staff, directly or by counsel, may be allowed to make closing arguments.

(3) If the respondent is not a natural person, the respondent shall be represented by counsel. The Board or its staff may be represented by counsel.

(4) Failure of the respondent to appear, without cause, shall not result in delay or postponement of the hearing.

(b) The Record. The record of a hearing shall consist of the testimony and documentary and physical evidence admitted into evidence by the Hearing Panel, all judicially cognizable facts so noticed, and the administrative decision or order ruling upon the complaint. All hearing proceedings on the record shall be recorded by stenographic means. Any party may obtain a transcript of the proceedings at the party's expense.

(c) Testimony. Witnesses shall testify under oath or affirmation.

(d) Evidence.

(1) The West Virginia Rules of Evidence shall apply. Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Panel shall be bound by the rules of privilege recognized by law. Objections to evidentiary offers and the ruling thereupon shall be noted in the record. Any party to any such hearing may vouch the record as to any excluded testimony or other evidence.

(2) Only the evidence admitted into the record and judicially cognizable facts so noticed shall be considered in the determination of the complaint.

(3) Depositions may be taken and read or otherwise received as evidence in accordance with Rules 30 and 32 of the West Virginia Rules of Civil Procedure.

(e) Conformance. Upon motion of any member of the Hearing Panel or any party assigning error or omission in any part of any transcript, the presiding officer shall settle all differences arising as to whether such transcript truly discloses what occurred at the hearing and shall direct that the transcript be corrected as appropriate so as to make it conform to the truth.

(f) Deliberations. Hearing Panels may deliberate and issue decisions in person, by telephone conference, or by written correspondence, including electronic communications.

(g) Open Meetings and Executive Sessions. Pursuant to W.Va. Code §6-9A-1, the Board may by majority vote hold hearings under these rules in executive session unless the respondent requests an open meeting. In any event, the vote upon the final decision of the Hearing Panel shall be in open session.

4.4. Standard of Proof. To impose any sanction or penalty, the findings of the Hearing Panel in support thereof must be proved by a reponderance of the evidence.

4.5. Subpoena and Contempt Power. The Hearing Panel shall have power to issue subpoenas or any other lawful process through the presiding officer at the request of any party. Subpoenas may be issued for attendance of witnesses or the production of documentary evidence. Subpoenas and other process may be served in accordance with the West Virginia Rules of Civil Procedure. All witnesses shall be entitled to such witness fees and expenses as in any civil proceeding in this State. The Hearing Panel may apply to any circuit court for an order requiring any person to comply with the presiding officer's directions in maintaining order at a hearing or to compel compliance with subpoenas.

4.6. Criminal Convictions.

(a) An engineer who has been convicted of a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, or of any felony, shall, within thirty days of entry of the order or judgment of conviction, forward a copy of the order or judgment to the Board's Administrator. A plea or verdict of guilty or a conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this rule. Any other person may file a copy of the order or judgment with the Board.

(b) Upon receipt of the order or judgment, which shall be conclusive evidence of the guilt of the crime or crimes of which the engineer has been convicted, the Board Administrator shall treat the order or judgment as a complaint for misconduct and violation of professional responsibility.

(c) A respondent may present evidence and argument in support of mitigation based on, but not limited to, the nature of respondent's misconduct, surrounding facts and circumstances, previous ethical violations, the willfulness of the conduct, and the adequacy of respondent's previous opportunity to present evidence.

4.7. Reciprocal Discipline.

(a) A final adjudication in another jurisdiction, whether state or federal, of misconduct constituting grounds for discipline of a registered professional engineer in that jurisdiction or a voluntary surrender of a license to practice engineering in connection with a disciplinary proceeding in that jurisdiction shall, for the purposes of proceedings under these rules, conclusively establish such conduct.

(b) A registrant in this State against whom any form of public discipline has been imposed by the authorities of another jurisdiction, whether state or federal, or who voluntarily surrenders his or an aggravating factor in any subsequent disciplinary proceeding. Any other person may notify the Board of such action by submitting a complaint.

(c) If the registrant intends to challenge the validity of the disciplinary order entered in the foreign jurisdiction or the voluntary surrender of his or her license to practice engineering in connection with a disciplinary proceeding, the registrant must request a formal hearing and file with the Board a full copy of the record of the disciplinary proceedings which resulted in imposition of the disciplinary order or the voluntary surrender of a license to practice engineering.

§7-2-5. Disposition of Complaints.

5.1. Administrative Decisions and Orders.

(a) Any party may submit proposed findings of fact and conclusions of law as permitted in the discretion of the presiding officer.

(b) After a hearing upon a complaint is completed, including an instance in which the respondent defaults, the Hearing Panel may make findings of fact and conclusions of law and shall issue the appropriate administrative decision or order.

(c) The Hearing Panel may make findings of fact and conclusions of law in connection with the hearing and in conformity with applicable law notwithstanding the failure of the complaint to allege the grounds therefor.

(d) Informal disposition may also be made of any complaint by stipulation, agreed settlement, or consent order provided, however, that a hearing upon any pending complaint set pursuant to Rule 4.0 shall not be cancelled other than by a respondent's acceptance of such proposed informal disposition.

(e) All dispositions of complaints shall be signed by the presiding officer. A copy shall be maintained in the permanent records of the Board.

(f) The official determination of the Hearing Board shall be made by majority vote of the Hearing Panel. The presiding officer shall vote in every matter but shall reserve his vote to the last. Any minority of the Hearing Panel may preserve its opinion in written form submitted at or not less than ten days after the entry of the majority's administrative decision or order.

(g) A copy of the administrative decision or order shall be served upon each party and his counsel in person or by registered or certified mail within five days after entry by the presiding officer.

5.2. Unlawful Practice. In addition to disciplinary actions authorized by W. Va. Code §30-13-21, if the administrative decision or order finds that the respondent is engaging in the practice of engineering in this state without being registered, the Board may request the prosecutor of any county to prosecute the respondent pursuant to W. Va. Code §31-13-23 or the Board may file a complaint seeking an injunction to enforce the provisions of W. Va. Code§ 31-13-1 et seq. Nothing in these rules shall prohibit the Board from requesting prosecution or seeking an injunction without prior notice and opportunity for hearing to the person who is believed to be in violation.

Other Relevant Codes

§5G-1 et seq. – Procurement of Architect-Engineer services by state and its subdivisions.

Applicable to the WV state departments, agencies, authorities, quasi-public, corporations and all political subdivisions, including cities, counties, boards of education and public service districts. This legislative policy declares procurement of architectural of engineering services or both on the basis of demonstrated competence and qualification for the type of professional service required.

§21A et seq. – Unemployment Compensation.

In particular, §21A-2-6(17) – Regarding granting, issuing or renewing a license or certificate or other authority for those in default.

§23-1-1B et seq. – Workers' Compensation.

In particular, §23-1-1B(16) – Regarding granting, issuing or renewing a license or certificate or other authority for those in default.

§29A-3-1 et seq. - State Administrative Procedures Act.

Applicable to all WV agencies, boards or commissions of the executive branch of government.

§30-1-1a et seq. – General provisions applicable to all state boards of examination or registration referred to in chapter.

Applicable to every WV board of examination or registration.

§48-15 et seq. – Enforcement of Support Order Through Action Against License.

In particular, §48-15-303 - License applicant to certify information regarding child support obligation.
