

# **West Virginia Offices of the Insurance Commissioner**

**2011 Annual Report**

STATE OF WEST VIRGINIA  
Offices of the Insurance Commissioner

---

**EARL RAY TOMBLIN**  
Governor

**MICHAEL D. RILEY**  
Insurance Commissioner

November 1, 2012

The Honorable Earl Ray Tomblin  
Governor of the State of West Virginia  
State Capitol  
Charleston, WV 25305

Dear Governor Tomblin:

The Annual Report of the Insurance Commissioner of the State of West Virginia for the calendar year 2011 is hereby submitted in accordance with Chapter 33, Article 2, Section 15, of the Code of West Virginia. An Executive Summary immediately follows this memorandum.

The information contained in this report reflects the economic importance and current financial condition of the insurance industry in our State. The included insurance entity statistics are compiled from the December 31, 2011 annual statements filed with this agency by the insurance companies licensed in this State.

Respectfully submitted,

Michael D. Riley  
Insurance Commissioner

## Executive Summary

This report to the Governor of West Virginia provides detail about the structure and activities of the *West Virginia Offices of the Insurance Commissioner* for the preceding year. The report is divided into three major sections. Each section is detailed below.

**Section 1** of this report highlights the organization of our office and provides detail for its \$194.6M in total revenue collected from the previous year. It includes an interdepartmental organizational chart, historical list of insurance commissioners, and then proceeds to identify the individual revenue streams managed by this agency.

**Section 2** of this report further identifies the functional divisions of this office, and enumerates each division's individual activities during the past year. A summarization of those activities follows:

- **Access WV**-(*West Virginia Health Insurance Plan.*), the state high-risk health insurance pool, increased their policyholders from 884 to 976 during 2011 while providing insurance to 1,431 individuals; they ended the year with a cash balance of \$12.98 million.
- The **Agents Licensing and Education Division** presides over processing and maintaining records on individual producers licensed to transact insurance business in WV, and issued 17,877 new licenses in 2011, while handling over 181,000 company appointments and appointment cancellations.
- The **Board of Review** (Workers' Compensation) handles appeals of Workers' Compensation claims and during 2011 they maintained their goal of operating without a backlog. They received an average of 106 new appeals per month and issued an average of 106 dispositions per month.
- The **Claims Services Division** (Workers' Compensation) which oversees management of the workers' compensation "Old Fund", successfully transitioned 47,961 active workers' compensation claims from BrickStreet Mutual to three independent Third Party Administrators. Since that time, approximately 61.42% of the active caseload has now been closed. In addition, the liability of the old fund continues to decline resulting in \$16.1 million less in claim payments during FY 2012 than FY 2011.
- The **Office of Consumer Advocacy** assisted consumers in 56 complaints during 2011 and also participated in the review of 41 Certificate of Need applications and 28 Hospital Rate Review Applications.
- The **Consumer Service Division** assists our insurance consumers with questions and complaints. The division received a total of 2,014 written complaints from insurance consumers in 2011. Over the course of the year, the Division responded to an average of 117 consumer inquiries per day.
- The **Employer Coverage Unit** (Workers' Compensation) reviews and grants requests for exemptions from statutory Workers' Compensation Coverage as well as serving as the contact point for employee claimants of uninsured employers. The Unit reviewed 2,765 applications for exemption during 2011, and approved 2,323 of the same.

- The **Financial Accounting Unit** is responsible for the preparation of audited financial statements, monthly financial reports, and the budget. In 2011, the unit received a sixth consecutive “clean” opinion on the Audited Financial Statements.
- The **Financial Conditions Division** monitors insurance company financial stability and collects premium taxes and surcharges. They oversaw a total of 2,396 separate insurance entities transacting business in West Virginia during 2011 (*up from 2,275 in 2010*).
- The **Receivership Division** (Office of the Receiver) is responsible for the administration of insurance companies which are in a liquidation status in West Virginia. As of 2011, there were no companies in a liquidation status in West Virginia.
- The **Self-Insurance Unit** (Workers’ Compensation) is responsible for regulating the 89 employers that currently self insure their workers’ compensation coverage in West Virginia and the approximately 100 employers who no longer self insure but continue to administer claims incurred during their period of self insurance. Two new companies were approved for self insured status in calendar year 2011.
- The **Fraud Unit** (Office of the Inspector General) is responsible for facilitating a cooperative approach in the detection, investigation, and prosecution of insurance fraud. They received a total of 794 referrals in 2011 leading to 34 arrests and resulting in 26 convictions.
- The **Legal Division** provides legal counsel to the Insurance Commissioner and staff, drafts and promulgates statutes, investigates code/rule violations, responds to litigation, hearings and coordinates receivership activities. During 2010, the Division was involved with 23 new statutes or regulations directly impacting insurance; 381 matters of litigation, Administrative, or Circuit Court Hearings; and 1,045 investigations by the regulatory compliance unit.
- The **Market Conduct Unit** undertakes examinations of insurance companies doing business in West Virginia in order to determine statutory compliance. In 2011, the unit conducted 94 level one and 22 level two analyses on licensed companies concerning compliance. Seven Agreed Orders were entered by the Insurance Commissioner with penalties totaling \$43,000.00 being assessed as a result of violations discovered during examinations. Additionally, West Virginians received \$67,255.05 in restitution as a result of market conduct examinations.
- The **Revenue Recovery Unit** (Workers’ Compensation) is responsible for the collection of all monies due to the Uninsured Employers’ Fund and to the Old Fund, as well as the collection of fines imposed upon employers where workers’ compensation coverage has been cancelled. During 2011, the unit collected nearly \$1.4M from businesses in default and placed 1,397 liens on businesses who had failed to work to cure default obligations.
- The **Medical Rates and Plans Unit** (Workers’ Compensation) calculates workers’ compensation maximum medical reimbursement rates and evaluates workers’ compensation managed health care plans. In 2011 the division continued to maintain the fee schedules (*comprised of thousands of codes and fees*), as well as evaluating 75 requests for modifications to workers’ compensation managed health care plans.

- The **Office of Judges** (Workers' Compensation) provides the first level of judicial review in workers' compensation litigation by processing appeals from initial workers' compensation claim management decisions. During 2011, this unit made continued improvements in the time standard compliance measures required by 93 CSR 2, and notably ruled upon 10,831 written motions and rendered 3,388 decisions.
- The **Rates and Forms Division** reviews and approves or disapproves proposed insurance rates and forms for all regulated lines of insurance in West Virginia. During 2011, the division received a total of 6,334 filings, 98.6% of which were ultimately approved.

**Section 3** of this report provides enhanced detail from each regulated line of insurance. This section separates the state's insurance market into Property and Casualty insurance companies and Life and Health insurance companies and proceeds to specify the amount of earned premiums, the percent of the market that each company serves, and further identifies their admitted assets, liabilities, stock holdings, and capital and surplus calculations.

# *AccessWV*

## **West Virginia Health Insurance Plan**

### **Introduction**

*AccessWV*, the state's high risk insurance pool, guarantees that all West Virginians who qualify can purchase health insurance through the Plan, regardless of their current and past health circumstances. Coverage through *AccessWV* is also available to persons with portability rights through the federal Health Insurance Portability and Accountability Act (HIPAA) and to persons eligible for the Health Coverage Tax Credit (HCTC). The program is authorized by the "Model Health Plan for Uninsurable Individuals Act", which is Article 48 of Chapter 33 of the State Code. The program operates through the Offices of the Insurance Commissioner.

*AccessWV* is governed by a seven-member Board of Directors. Six members are appointed by the Governor. The Insurance Commissioner is an *ex officio* member and the Chair. An Executive Director oversees the day-to-day operations of the Plan, provides policy direction and ongoing program development, and works closely with the Plan Administrator, the Public Employees Insurance Agency (PEIA), and its subcontractors. PEIA coordinates the various administrative services needed by the Plan, including eligibility determination, premium billing, customer service and medical and pharmaceutical claims processing.

*AccessWV* was launched in July 2005 and had completed its sixth full year of operation by December 2011.

### **Program Fundamentals**

#### **Eligibility for Coverage**

To qualify for *AccessWV* coverage, an applicant must document eligibility under one or more of the following criteria:

Applicant has portability rights through the federal Health Insurance Portability and Accountability Act (HIPAA); or

Applicant is eligible for the Health Coverage Tax Credit (HCTC) Program; or

Applicant was rejected for health insurance during the last six months by a carrier selling health insurance in West Virginia; or

Applicant was offered coverage during the last six months by a carrier doing business in West Virginia but the quoted rate was higher than *AccessWV* for substantially similar coverage or there was a restrictive waiver that excluded coverage for a medical condition; or

Applicant has one or more of the presumptive health conditions identified by the Board of Directors as qualifying a person for coverage in the high risk plan, regardless of whether an application was made to another carrier. Forty-seven conditions qualify as presumptive health conditions.

An applicant must have been a resident of West Virginia for at least 30 days, with the exception of those HIPAA- and HCTC-eligible, for whom there is no minimum residency requirement. Dependents of eligible persons are also eligible for *AccessWV* coverage.

The following persons are not eligible for coverage through *AccessWV*:

Those eligible to receive employment-related group insurance coverage through their own employment, or that of a spouse or a parent;

Those eligible for medical coverage under a federal or state program including Medicare, Medicaid and the West Virginia Children's Health Insurance Program; and

Residents of a public institution (i.e., federal or state correctional facility or a Veteran's home) unless there is HIPAA eligibility.

## **Coverage Plans**

*Access WV* offers four plans — A, B, C, and D. All plans cover the same broad array of services but differ in their premiums, deductibles and out-of-pocket maximums. Annual medical deductibles range from \$400 to \$4,000 for individual coverage and \$800 to \$8,000 for family coverage for in-network services. The medical deductibles are double for out-of-network services. A separate deductible, ranging from \$200 to \$2,000 for individual coverage and \$400 to \$4,000 for family coverage, applies to prescription drugs. The annual medical benefit maximum is \$1 million for all plans and the annual pharmacy benefit maximum is \$25,000. A combined lifetime maximum of \$1,000,000 for medical and pharmaceutical benefits applies to all plans.

Covered services include hospital, physician services, outpatient services, home care, prescription drugs, maternity, rehabilitation, outpatient therapies and other medical services. The benefit package incorporates cost containment measures including precertification of specified inpatient admissions and outpatient services, prior authorization of out-of-state services, medical case management, disease management, and pharmacy benefit management, including prior authorization, quantity limits and step therapy.

## **Premiums**

The enabling legislation provides that *AccessWV* premiums be set at 125-150 percent of the standard risk rate as determined by considering the premium rates charged by other insurers offering coverage in the individual market in West Virginia. Premium levels are set by the Board of Directors and vary based on geographic region, age band, gender and tier (single or family). 2011 rates were found to be 132% of the standard market rates.

Premiums were decreased by board action, as standard market rates also fell. Commercial market insurers made rate adjustments in preparation for Minimum Loss Ratio requirements and potential rebates in 2012. New premiums for geographic area, region, and tier were made effective April 1, 2011.

## **Enrollment Procedures**

Interested persons may call toll free 1-866-445-8491 to request application materials. Materials may also be downloaded from the website [www.accesswv.org](http://www.accesswv.org). Requests for information are fulfilled by the *AccessWV* Program Office. The completed application and first month's premium are returned to the Third Party Administrator. The TPA determines eligibility and answers eligibility and benefit questions. Since November 1, 2007, the Plan Administrator has subcontracted these functions to Wells Fargo Third Party Administrators (TPA), now called HealthSmart Benefit Solutions.

## Highlights of 2011

### **2011 Enrollment**

**Enrollment Growth.** *AccessWV* continued to grow steadily throughout 2011. The plan began January 2011 with 884 policies and ended the year with 976, a 10 percent increase. Total membership, including dependents of policyholders, went from 1010 to 1152, a 14 percent increase. Monthly enrollment is as follows.

	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec
# Policies	888	904	904	913	919	924	923	926	941	948	961	976
# Members	1017	1040	1047	1065	1079	1074	1067	1077	1106	1129	1140	1152

**Total Served During Year.** While enrollment grew to 976 policyholders and 1152 members, the end-of-year membership understates the impact of the program, as some members leave and others take their places. During 2011, *AccessWV* enrolled 1,201 new policyholders and provided insurance coverage to 1,431 individuals at some time during the year.

**Legislative Rules.** In 2010, legislation was enacted that permitted a subsidy program, and also would allow other classes of individuals to enter the Plan without a waiting period for the pre-existing conditions. The Rulemaking process concluded in 2010 with legislative approval of 113 CSR 01 and 113 CSR 02.

**Lapsed Coverages.** During 2011, 280 policyholders ended their coverage in *AccessWV*. Cancellations were either at the member's request, including for reasons of eligibility for other coverage, including Medicare, Medicaid or employer-sponsored coverage, or for nonpayment of premiums, which accounted for 39% of cancellations.

**Plans.** *Access WV* offers four products -- Plan A, Plan B, Plan C, and Plan D. As of December 2011, the plurality of policyholders - 39 percent - were enrolled in Plan C, the option with the second highest deductibles and the second lowest premiums.

**County.** As of December 2011, membership was held by residents of all but one West Virginia county, Calhoun. Counties with the largest number of policies were Kanawha (143), Cabell (69), Monongalia (61), Wood (50), and Berkeley (52).

**Gender.** Females accounted for 56 percent of policies and males, 44 percent.

**Age.** More than two-thirds – 65% - of policyholders were age 50 and over at the end of 2011, a slight increase from the 62 percent who met that criterion a year earlier.

**Tier.** Nearly all policies were Individual at the end of Calendar Year 2011: 93% of all policies were individual and seven percent Family. A minimum of 93% of *AccessWV*'s policies have been Individual since the program's inception.

**Eligibility Category.** Most policyholders join *AccessWV* as Medically-eligible, as had 56% at 2011 year end. (Medically-eligible applicants are those unable to purchase coverage in the regular market or with a qualifying health condition.) Forty-three percent of policyholders as of December had joined as "federally defined eligible individuals" (HIPAA), and one percent were HCTC eligible.

## Major Activities in 2011

The Plan's focus in 2011 was on expanding access to the high risk pool through implementation of the subsidy program authorized by 2011 legislative amendment and subsequent Rules effective July 1, 2011, that extended subsidies to those up to 400% of the Federal Poverty Level.

Plan activities included:

- Subsidy application forms and policy revision
- Outreach activities to promote AccessWV and inform of subsidy availability
- New premiums developed and operationalized
- Premiums and plan design for Plan Year 2012 (beginning 7-1-2011)
- Annual residency survey
- Open enrollment period for members
- Updating the Plan's Operational Protocols
- Financial audit of State Fiscal Year 2012 statements

### **Program Outreach and Related Activities**

During 2011, *AccessWV* continued to work through those most likely to be in contact with the eligible population, including insurance agents, carriers, providers, disease organizations and other service entities. Public appearances by the Executive Director, the Insurance Commissioner and staff from the Offices of the Insurance Commissioner also contributed to the outreach effort.

*AccessWV* was represented and provided information at the Mountain State Arts & Crafts Festival, Friends of Coal Auto Fair, WV State Fair, Forest Festival, Pumpkin Festival, National Associations of Health Underwriters, and Growing Healthy Children Conference. The Consumer Services Division of the Offices of the Insurance Commissioner offered information on AccessWV at additional events throughout the state. *AccessWV* continued to provide promotional materials to numerous stakeholders for distribution and/or display at their locations.

While many agents inform their clients about *Access WV* on a goodwill basis, 65 agents received rebate checks through the referral incentive enacted by the Board in 2008. The incentive serves as an opportunity for agent involvement in *AccessWV*.

*Access WV* maintains a toll-free number (1-866-445-8491) as well as a local number (304-558-8264) to receive calls from prospective applicants. When callers decline additional information citing unaffordable premiums, they are referred to safety net providers or other organizations that may be of assistance. More than 1,500 calls were received and addressed in 2011.

### **Audited Financial Results: State Fiscal Year 2011**

*Access WV* was included as an enterprise fund in the financial audit of the Offices of the Insurance Commissioner for State Fiscal Year 2011, ending June 30, 2011. No issues were identified for *AccessWV*. Total net assets were reported as \$12.520 million. Net premium revenues of \$5.336 million for the fiscal year were less than operating expenses of \$6.714 million. The audit was performed by Suttle and Stalnaker, CPAs, of Charleston.

**Financial Results: Calendar Year 2011**

Unaudited financial results for Calendar Year 2011 are reported here. An audit of AccessWV Financial Statements for State Fiscal Year 2012 for the period July 1, 2011, through June 30, 2012, will be undertaken during 2012.

*AccessWV* ended CY2011 with a cash balance of \$12.98 million and a year-over-year loss of \$1.57 million. The year ended with an operating loss (expenses over premiums) of \$1.5 million.

Calendar Year 2011 revenues were reported as \$5.54 million on a cash basis. These revenues came from hospital assessments, premiums and interest. The “Uninsurable Individuals Act” provides for hospital assessments as the interim source of financing for the high risk pool, at a maximum of an additional one quarter of one percent of the assessment by the state Health Care Authority. By Board action, the additional assessment was declined in 2011. No federal funding was received in 2011.

Calendar Year expenditures on a cash basis were \$7.11 million, with \$6.77 million of that amount going to pay medical and pharmacy claims. Administrative expense was \$340,877, for an administrative expense ratio of 4.8%. This ratio has declined as Plan enrollment has increased.

## **Agents Licensing and Education Division**

Agents Licensing & Education is responsible for processing and maintaining records on individual producers licensed to transact business in West Virginia. Licensees include residents who must complete educational and testing requirements to obtain a license. Residents of other states who have completed similar requirements in their states of domicile may apply for a West Virginia non-resident license by submitting the appropriate application and documentation for review. In addition to licensing of individual producers, the division oversees the licensing of Adjusters, Surplus Lines Licensees, Business Entities (Agencies), Viatical Settlement Brokers and Viatical Settlement Business Entities.

Producers must be appointed to represent each insurance company the producers are transacting business for in West Virginia. Insurance companies are responsible for submitting appointment information and fees to Agents Licensing & Education for processing.

Monies generated through licensing and appointment fees, letters of certification and letters of clearance are deposited into the Offices of the Insurance Commissioner's Special Revenue account.

Resident producers must periodically complete continuing education to maintain their licenses. The continuing education program is governed by a six-member board appointed by the Insurance Commissioner. The representatives (all of whom are WV resident insurance producers) of this Board represent various areas of the insurance industry as prescribed by law.

Administrative functions for the continuing education program are handled by Prometric. Prometric reviews provider and course applications under guidelines established by the Board of Insurance Agent Education. Additionally, Prometric banks the continuing education credits to the producers' records and, at compliance time, provides the Insurance Commissioner with data on compliant and noncompliant producers.

The following are current statistics on the various aspects of Agents Licensing and Education Division.

## *Licensing Activity*

<b>NEW LICENSES ISSUED</b>	<b><u>2010</u></b>	<b><u>2011</u></b>
Resident Agent	1,020	945
Non-Resident Agent	12,742	13,408

## **Board of Review (Workers' Compensation)**

Pursuant to West Virginia Code §23-5-11(b), the primary responsibility of the Board of Review is to review appeals from final orders issued by the Office of Judges. Our goal is to resolve these appeals in a fair, efficient, and timely manner. At the conclusion of the appeal process, the Board issues a written decision, which may be appealed to the Supreme Court of Appeals as set forth in West Virginia Code §23-5-15.

In the course of considering workers' compensation appeals, the Board of Review rules on motions for stay submitted pursuant to West Virginia Code §23-5-9 and 85 CSR 1 §18. Also, the Board reviews and issues rulings on any other motions submitted while the appeal is pending. Before issuing a written decision on the appeal, the Board provides the parties with an opportunity to present oral argument to the Board in accordance with West Virginia Code §23-5-12(b).

The Board of Review is governed by procedural rules found in 102 CSR 1, Rules of Practice and Procedure. Currently, the Board is in the process of revising the Rules to better serve the parties in the privatized workers' compensation system.

A statistical report is provided to the Workers' Compensation Industrial Council every month. This report includes information regarding incoming appeals, such as the issues being appealed and the parties filing the appeals. Additionally, the report provides data regarding the Board's decisions.

We participate in workshops, legal seminars and provide training as requested. One of the Board's employees serves as a member of the Workers' Compensation Committee of the West Virginia State Bar and provides the Committee with updates on recent initiatives at the Board and other information related to practicing before the Board. Also, a Board member and a staff member serve on the Supreme Court's Access to Justice Commission – Worker's Compensation Committee.

The Board and staff are committed to adapting the appeal process to meet the goals of improving our work product and continuing to provide quality service to the litigants. The Board's monthly hearings are held at the Board's offices in Charleston; however, the Board holds hearings in another area of the state one time each year in order to accommodate attorneys and parties. The hearings have been held in Shepherdstown, Wheeling, Beckley, Berkeley Springs, and for the past two years in the central part of the state at Stonewall Jackson Conference Center. Hearings are often conducted by telephone for the convenience of the parties

## Claims Services Division (Workers' Compensation)

### *Introduction*

The Claims Services Division is comprised of twelve workers' compensation claims specialists whose primary duty is to assure proper management of the legacy claims of the former Workers' Compensation Commission, also known as the "Old Fund." The Old Fund consists of claims with a date of injury or date of last exposure prior to July 1, 2005. Furthermore, oversight is provided in regards to the West Virginia Uninsured Employers' Fund (UEF), which came into existence on January 1, 2006. In part, oversight is provided by conducting Best Claims Practices Reviews relative to quality claims processing and compliance with statutory and regulatory provisions. There are multiple other internal controls for which this Division is responsible to assure proper management of these claims; for example, the aforementioned bi-annual claims Best Claims Practices Reviews that are conducted on-site, on-going quality assurance reviews, large loss review staffing with each TPA, indemnity payment approval threshold of \$25,000.00 or greater, and the settlement initiative.

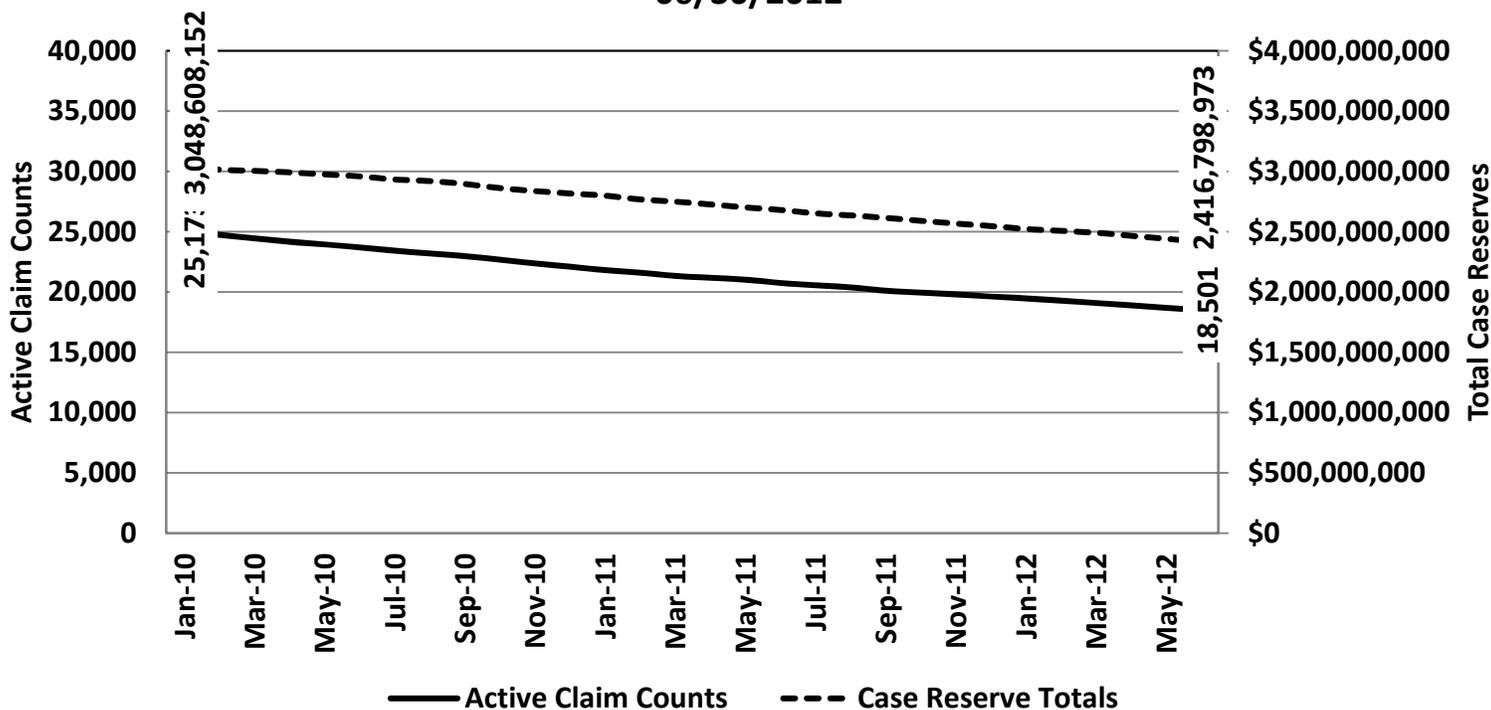

During FY 2012, the Claims Services Division continued to monitor the program for the best claims practices; ensuring that injured workers received medical and indemnity compensation in regards to their compensable injury in a timely and efficient manner by the three TPAs, on behalf of the Offices of the Insurance Commissioner (OIC). The old fund claims continue to be administered by three independent Third Party Administrators (TPAs): Sedgwick Claims Management Services, Wells Fargo Disability Management, and American Mining Claims Services. The last contract renewal for each of the TPA's will commence on December 1, 2012 and expire on November 30, 2013.

### *Claims Statistics*

To provide some statistics, on December 1, 2007, the OIC officially began managing 47,961 active old fund claims. Since that time, through proper claims handling utilizing industry accepted standards and a focused settlement initiative, approximately 61.42% of the active caseload has been closed. Active old fund claim counts for the TPAs as of June 30, 2012, are as follows:

<b>Counts</b>	<b>Sedgwick</b>	<b>Wells Fargo</b>	<b>American Mining</b>	<b>Totals</b>	
1/31/2008	39,227	4,750	3,984	47,961	
6/30/2008	25,484	3,455	3,792	32,731	31.75%
6/30/2009	22,425	2,894	3,237	28,556	40.46%
6/30/2010	19,837	2,373	2,814	25,024	47.82%
6/30/2011	17,346	2,188	2,381	21,915	54.31%
<b>6/30/2012</b>	<b>15,451</b>	<b>1,871</b>	<b>1,179</b>	<b>18,501</b>	<b>61.42%</b>

**Old Fund  
Active Claim Counts and Case Reserves  
06/30/2012**

*Old Fund Workers' Compensation Total Active Claims (Excludes FBL claims)*

**Occupational Disease Claims**

It should be noted there are new occupational disease claims; such as occupational pneumoconiosis (OP) and Hearing Loss (HL), that are submitted to Claims Services for entry and establishment of a new claim then assigned to a TPA for administration; these applications have a date of last exposure prior to July 1, 2005. The State OP claims are part of the Old Fund liability. We have two other separate and distinct funds in which we receive new claim filings. The Uninsured Employer Fund (UEF), as previously indicated commenced as of January 1, 2006; we enter and establish those claim and assign to a TPA for administration. In addition, new claims are filed for Federal Black Lung (FBL), the date of last exposure for these claims, must be prior to January 1, 2006. The FBL claims are paid out of the Coal Workers' Pneumoconiosis Fund (CWPF). Under the enactment of 1556, Health Care Bill, we saw a significant increase in the filing of FBL claims, in the last fiscal year we've experienced a decline. Overall, new claim filings (State OP, HL/OD, Uninsured and FBL) are trending downward.

<b>New Claim Filings</b>	<b>FY2010</b>	<b>FY2011</b>	<b>FY2012</b>
State OP	63	81	<b>70</b>
HL & OD	12	17	<b>10</b>
Uninsured Fund	36	23	<b>16</b>
FBL	462	625	<b>316</b>

***Settlement Initiative***

In order to provide substantial reduction in the old fund liability a settlement program was initiated in 2009. This initiative was particularly stressed for Sedgwick, as they possess the largest book of the old fund claims. The focused settlement initiative has considerably contributed to the increase in claim closures. This has produced significant savings and overall reduction in the reserves. During FY2012, Sedgwick settled with 843 claimants, for a total count of 3,489 settled claims.

***Regulatory Boards***

In addition, this Division performs a number of regulatory duties. The Occupational Pneumoconiosis (OP) Board and the Permanent Total Disability Review Board (PTDRB) dockets are maintained in this Division. We have one full-time designated occupational pneumoconiosis (OP) employee that handles the OP applications. This individual prepares the files and maintains the docket for the OP Board and prepares the files for hearings before the Office of Judges. In FY 2012, there were 519 examinations scheduled before the Occupational Pneumoconiosis Board, and 128 fatal reviews. The PTDRB docket has been overseen in this Division since October 2008. In FY 2012, the PTDRB reviewed a total of 76 applications; including initial, remands and final reviews. In addition, the board reviewed 14 for employability standards as set out in Senate Bill 2013. Applications are received for the old fund, new carriers and self-insured employees.

<b>Regulatory Boards</b>	<b>FY 2009</b>	<b>FY 2010</b>	<b>FY 2011</b>	<b>FY 2012</b>
OP Board Examinations	602	561	495	<b>519</b>
OP Board Fatal Reviews	124	180	113	<b>128</b>
PTDRB Reviews	123	138	212	<b>76</b>
PTDRB Vocational Reviews	48	39	39	<b>14</b>

***Claims Index***

Also, the Division reviews applications for access to the Workers' Compensation Claims Index. The Claims Index is legislatively mandated uniform system of gathering workers' compensation claim information in order to make it available to the workers' compensation industry. The index contains basic demographic data to assist insurers in obtaining information from other insurers regarding previously filed workers' compensation claims by a particular claimant. Applications are approved or denied by a WC System Specialist II within this Division.

### ***New Programs***

During this fiscal year, the Claims Services Division was assigned a role with two additional programs. The OIC is responsible for the oversight of the WV State Agencies Workers' Compensation (SAWC) program. The SAWC program began on October 1, 2011. The Claims Services Division conducts ongoing quality assurance reviews, coordinates and participates with large loss claims staffing and travels to Pittsburgh, PA to conduct on-site bi-annual claims Best Claims Practices Reviews to ensure compliance and claims handling efficiency. The other program in which Claims Services is now involved is the Electronic Data Interchange (EDI). We are in the process of developing an EDI monitoring program. We will be monitoring all of the workers' compensation carriers to ensure regulatory compliance. In addition, we will be analyzing the data to identify trends that will be used in educating the carriers on the process and applicable policies. Lastly, we will consider the implementation of a penalty system for repeat offenders.

### ***Claims Services Commitment***

During the next year, we will continue to actively monitor the old fund; as well as the other programs assigned to this Division. We look forward to ensuring compliance within our programs and that quality customer service is provided in each claim. We know the importance of assuring that injured workers receive their medical treatment and compensation in relation to their compensable injury in an accurate and timely manner. I am confident that we will continue to take our responsibility of assuring internal controls are in place for statutory compliance, quality claims processing and cost efficient management in each program. We are in the process of adding another supervisor to this Division and reorganizing our resources to make sure that Claims Services continues to operate on a highly functional level. We are pleased with the last fiscal year's progress and look forward to what we will be able to achieve during the upcoming year.

## **Consumer Advocate**

In 2011, the Office of Consumer Advocate served the interests of the West Virginia insurance consumer and fulfilled the expanded duties conferred upon the Office in the tort reform measures passed in 2005 in Senate Bill 418. A large portion of the Office of the Consumer Advocate's time and resources was devoted to first and third party administrative hearings.

The efforts of the Office of the Consumer Advocate on behalf of West Virginia insurance consumers yielded financial awards totaling \$150,622.32 as well as a number of other important settlements and regulatory orders directly benefiting the West Virginia insurance consumer.

Also in the health care arena, the Office of the Consumer Advocate reviewed forty-one (41) Certificate of Need Applications and twenty-eight (28) Rate Review Applications before the West Virginia Health Care Authority. Furthermore, the Office of the Consumer Advocate continues to investigate matters related to the cost of health insurance, including the practice of hospital discount rate contracts and other methods to foster competition among health insurance companies to facilitate a reduction in costs for consumers.

The Office of the Consumer Advocate attended many State conferences and State festivals as a means of interacting with and disseminating information to West Virginia insurance consumers. State festivals attended in 2011 include the West Virginia State Fair, the West Virginia Forest Festival, the Friends of Coal Auto Show, the Arts and Crafts Fair and the Black Walnut Festival. Further, the Office of the Consumer Advocate participated in several telephonic conferences with numerous state insurance consumer advocates from across the nation in an effort to network and gather information that can be used to provide better representation to West Virginia insurance consumers. In addition, the Office of the Consumer Advocate, along with other members of the West Virginia Insurance Commission, participated in numerous telephonic conferences with other states and federal officials regarding national health care reform.

The Office of the Consumer Advocate participated in mandatory continuing legal education with a focus on insurance and consumer related education. In the past, the Attorney II for the Office of the Consumer Advocate attended the very prestigious National Trial Advocacy College on the campus of the University Virginia in Charlottesville, Virginia. As stated earlier, the Attorney II position is now vacant and the Director hopes that it is filled soon and hopes to be able to send the newly hired Attorney II to this fine program in the future.

The Office of the Consumer Advocate kept abreast of any legislation that would affect West Virginia Consumers. Representatives from the Office of the Consumer Advocate reviewed legislation and attended legislative hearings in both the House of Representatives and the Senate.

The Office of the Consumer Advocate also kept abreast of any cases before the West Virginia Supreme Court of Appeals regarding insurance law issues. The Consumer Advocate read any pertinent findings and attended oral arguments at the Supreme Court chambers when insurance related cases were on the Court's docket.

Finally, the Office of the Consumer Advocate maintains a long term goal of consumer outreach and education. Said goal will be achieved by media outreach to consumers and by setting up information booths across the state at fairs and festivals such as: The West Virginia State Fair, the Friends of Coal Auto Fair in Beckley, the Forest Festival, the Black Walnut Festival, the Arts and Crafts Fair in Ripley and the Pumpkin Festival in Milton.

### **Representing Consumers in First and Third Party Administrative Hearings**

In 2011, the Office of the Consumer Advocate assisted insurance consumers in fifty-six (56) consumer complaints before the West Virginia Insurance Commission.<sup>1</sup> Thirty-four (34) of these complaints were third party complaints and the remaining twenty-two (22) complaints were first party complaints. First party complaints are complaints filed by a consumer against their own insurer, while third party complaints are complaints filed by a consumer against another person's insurer.

Whenever a case is received by the Office of the Consumer Advocate, it is evaluated carefully. Various things can occur at this time including, but not limited to,: the consumer can opt to not request representation; a consumer can request representation, but after careful review of the case the Office of the Consumer Advocate can decline to represent; the consumer can request representation and the Office of the Consumer Advocate can accept; or the Office of the Consumer Advocate can assist the consumer in finding and obtaining private counsel because the damages in the matter merit a civil lawsuit.

The Office of the Consumer Advocate is proud of the representation that it has provided to consumers. Further, the Office of the Consumer Advocate is also proud of the countless man hours that have been spent assisting consumers in evaluating their claims and assisting them in finding private counsel when it is in their best interests. This assistance has directly benefited hundreds of consumers every year and in many cases has resolved the consumer's insurance issuers or queries without requiring the filing of an actual consumer complaint.

#### **Third Party Complaints**

A total of Forty-Seven Thousand, Three Hundred Twenty-One Dollars, Eighty-Two Cents (\$47,321.82) was awarded directly to West Virginians in the form of settlements in twelve (12) of the thirty-four (34) third party complaints that the Office of the Consumer Advocate worked on in 2011.

Market conduct exams and UTPA violations have occurred in cases that went to hearing. Consumer's failed to contact and request representation of Office of the Consumer Advocate in five (5) separate cases. One (1) case was settled between the insurance company and consumer after our involvement was made known. Eleven (11) consumers obtained private counsel. Seven (7) consumer complaint cases are pending and are either awaiting hearing or are awaiting final order.

#### **First Party Complaints**

A total of One Hundred Three Thousand, Three Hundred Dollars and Fifty Cents (\$103,300.50) was awarded directly to West Virginia consumers in the form of settlements in eight (8) of the twenty-two (22) first party complaints that the Office of the Consumer Advocate worked on in 2011.

---

*1 It should be noted that the Consumer Advocate's office has assisted and advised hundreds of West Virginia Consumers throughout the year from telephone inquiries and email inquiries that have been directed to the Office. This assistance has directly benefited those consumers and has in many cases resolved the consumer's insurance issues or queries without requiring the filing of an actual consumer complaint.*

Five (5) consumers withdrew their consumer complaint, retained private counsel and pursued their claims in circuit court. The Office of the Consumer Advocate directly assisted the consumers in finding private counsel and evaluating their cases. One (1) consumer had their non-monetary demands met by the insurance company. One (1) first party case was fully investigated and declined by the Office of the Consumer Advocate due to lack of merit. Consumer's failed to contact and request representation of Office of the Consumer Advocate in two (2) separate cases. Four (4) consumers opted to withdrawal their complaints after their cases were fully investigated by the Office of the Consumer Advocate and it was determined that the cases had no Unfair Trade Practices violations. Four (4) consumer complaint cases are either awaiting hearing or a final order. The Consumer Advocate has a pending appeal in Circuit Court in one (1) case.

### Certificate of Need Review

The Office of the Consumer Advocate participated in the review of Certificate of Need (CON) applications before the Health Care Authority. All health care providers must obtain a CON from the West Virginia Health Care Authority to develop, add, or acquire new health care facilities and equipment. The Office of the Consumer Advocate reviews all CON applications and may intervene for the interests of West Virginia residents in the Health Care Authority's CON review process. The Office of the Consumer Advocate carefully reviewed and considered the following forty-one (41) CON applications: (total capital expenditure \$673,188,684.00).

#### CERTIFICATE OF NEED - January 2011

FACILITY	CON NO.	REQUEST	CAPITOL EXPENDITURE
Marlington Associates	11-4-9342-A	Acquisition of Pocahontas Center	\$5,000,000.00

#### CERTIFICATE OF NEED – February 2011

FACILITY	CON NO.	REQUEST	CAPITOL EXPENDITURE
Transformations	10-3-9298-X/A	Acquisition of Transformations Weight Loss & Skin Clinic	\$150,000.00
Monongalia General Hospital	11-6-9361-H	Cardiac Cath Lab Renovation/Replacement	\$150,000.00
Oak Hill Clinic Corp	11-1-9366-P	Ambulatory Care Center	\$85,437.00

#### CERTIFICATE OF NEED – March 2011

FACILITY	CON NO.	REQUEST	CAPITOL EXPENDITURE
Three Rivers Medical Clinic	11-2-9370-P	Medical Clinic	\$20,500.00
The Greenbrier Clinic	11-4-9369-A	Acquisition of the Greenbrier Clinic	\$2,600,000.00
Loved Ones In Home Care	11-1/2/3/4/5/6/7-9353-P	In Home Personal Care Services	\$0.00
HealthSouth Mountain View Regional Rehab Hospital	11-6-9391-B	Relocation of rehab beds to Bridgeport	\$950,000.00

Williamson Memorial Hospital	5.75%
Logan Regional Medical Center	4.75%
Ohio Valley Medical Center, Inc	19%

## **Consumer Service Division**

### **Purpose**

The Consumer Service Division is responsible for the review of facts surrounding complaints received against insurance companies, adjusters and agents. It is the division's aim to evaluate the facts of each complaint received to ensure compliance with the West Virginia Insurance Laws and contract in question. We try to facilitate a fair resolution to each complaint and a better understanding among the parties of their rights and responsibilities.

The division also educates the public regarding insurance topics through presentations at schools and civic organizations. The division staff identifies problem areas and trends by collecting information gathered from complaints. It performs research and surveys about areas that need special attention. The division is thus uniquely able to inform the Insurance Commissioner, lawmakers and other public policymakers about the impact decisions may have on insurance consumers.

### **Organization and Activities**

The Consumer Service Division comprises nine Insurance Complaint Specialists, three Insurance Complaint Specialist Supervisors who serve as liaison personnel between the insurance industry and insured citizens, four Clerical Staff, and a Director.

We receive consumer inquiries by mail, telephone, and walk-in visits from the public. A complaint file is set up for each written inquiry. A total of 2,014 written inquiries were received by the division in 2011. In addition, we received 151 walk-in clients and 26,827 telephone calls of which the clerical staff handled 13,826. On average, the division handles 117 consumer inquiries per day. In 2011, complaint files were concluded in an average of 40 days.

The Consumer Service Division handled 241 third party liability complaints during 2011, 140 were not resolved during the cure period resulting in those files being referred to our Legal Division for a determination of merit.

Our division participated in the Insurance Commissioner's Public Outreach Initiative by attending 18 fairs, festivals, presentations and other events reaching more than 276 thousand consumers.

## **Employer Coverage Unit (Workers' Compensation)**

The Employer Coverage Unit consists of a team of six. This unit works with WV employers to insure that they are compliant with current workers' compensation laws as they relate to requirements for coverage.

The unit has three primary functions. The first function focuses on compliance. The unit verifies coverage for other agencies and governmental bodies. They also try to insure that all employers required to carry workers' compensation comply with the law. This is done by extracting expired policy data provided by the National Council on Compensation Insurance (NCCI) and comparing to other agency information to determine if coverage is needed. If an employer is found to be non-compliant, the unit sets up a rogue account to assess the employer a fine. In 2011, the unit was responsible for setting up 1,116 of these accounts. These fines are related to WV Code 23-2C-8(d)(3) Workers' Compensation Uninsured Employers Fund.

The unit also has the task of carrier compliance with the Proof of Coverage (POC) system. Carriers that fail to report timely as required by the POC guidelines are maintained and reported to Regulatory Compliance for further review.

The second primary function relates directly to the Uninsured Employers' Fund. The unit serves as the entry point of contact for the processing of workers' compensation claims filed by employees of WV employers who are uninsured. These claims are governed by Title 85 Series 8, The Workers' Compensation Uninsured Employers' Fund. This fund was established in order to provide a safety net for workers who are injured while working for an illegally operating employer. Once a claim is accepted into the Fund, the employer is responsible for reimbursement to the fund for all monies paid on their behalf.

The third function is to review requests for exemptions from coverage from employers and make appropriate determination of exemption.

State law does not require that exempt employers file an exemption but many do because of local governments, individuals or contractors requiring proof that an employer has coverage or meets the criteria for being exempt before they begin a job. In these cases, the Employer Coverage unit issues letters of opinion to employers to present verifying they are not required to carry workers' compensation insurance under current law. This function relates directly to Title 85, Series 8 Workers' Compensation Policies, Coverage Issues and Related Topics.

In 2011, the Unit processed 2,765 exemption applications of which there were 2,323 exemptions granted. These exemptions were entered into the West Virginia Offices of the Insurance Commissioner's Proof of Coverage (POC) system in order to include these employers for automated compliance purposes. In addition to being the public's contact for coverage verification, the Unit is responsible for maintaining the POC system which is widely used for statutory coverage verification.

The unit works hand in hand with the Revenue Recovery Unit and Regulatory Compliance to recognize and fine employers that are not carrying the mandatory coverage.

## **Financial Accounting Unit**

The Financial Accounting Unit is responsible for the management and administration of federal funds for the agency including preparation of required reports and the drawing down of funds on the federal payment management system, as well as the preparation of annual audited financial statements for the OIC. This Financial Accounting Unit works closely with consulting actuaries in order to assist with the annual reserve study of the OIC's claims liabilities. Work performed includes the preparation and coordination of data and the preliminary review and analysis of actuarial indications. The Financial Accounting Unit coordinates the information for the independent auditors and provides all supporting documentation for financial statement numbers.

The OIC Financial Accounting Unit also prepares and distributes monthly financial reports of OIC Funds to Executive Management. The OIC funds reported on a monthly basis consist of the Operating Fund, the Access WV Fund, the Coal Worker's Pneumoconiosis Fund, the Old Fund, the Self-Insured Guaranty Fund, the Self-Insured Security Fund and the Uninsured Employer's Fund. These reports are used for internal analysis and external use at the legislative interim meetings.

The Financial Accounting Unit also prepares and submits the OIC annual budget and budget narrative, as well as the appropriation and expenditure schedules as required by the State of WV for all OIC Funds. The Accounting Department prepares and monitors budgets for twelve separate OIC Funds. An analysis of budget to actual expenditures is also performed.

Daily operations of the Financial Accounting Unit include accounts payable processing through the state's accounting system, the Financial Information Management System (FIMS.) The Financial Accounting Department is also responsible for handling and processing all agency cash receipts processing for all units of the OIC through FIMS and for depositing any non-lockbox checks with the Treasurer's Office.

The Financial Accounting Unit performs all daily cash management and investing activities of the OIC, and serves as the liaison with the Treasure's Office, the Auditor's Office, the WV Investment Management Board and the Board of Treasury Investments. The Financial Accounting Unit monitors investment performance and performs monthly investment analysis for all invested assets held by the OIC.

The Financial Accounting Unit coordinates with the OIC's contracted Third Party Administrators to disburse the claims payments to beneficiaries of the insurance programs administered by the OIC, including the 5 worker's compensation related Funds and Access WV, which is a high risk health insurance plan.

The Financial Accounting Unit calculates the claims liabilities of all self-insured employers of the State of WV in order to provide the OIC's Self-Insurance Unit with a reasonable estimate of the magnitude of worker's compensation risk exposure.

**Financial Accounting Unit**  
**Accomplishments for 2011**

Received a sixth consecutive “clean” opinion on the OIC’s Audited Financial Statements.

Performed year end work on an interim basis when possible to do so and thereby greatly reduced the amount of time necessary for the completion of the annual financial statement preparation.

Prepared and distributed monthly financial reports for all OIC funds on a timely basis.

Prepared the annual budget and all related documents on a timely basis.

Achieved all formal staff training goals and objectives.

## **Financial Conditions Division**

The primary responsibility of the Financial Conditions Division (“Division”) is to monitor the financial stability and solvency of insurance companies admitted to do business in West Virginia. This includes but not limited to traditional Life & Health and Property & Casualty companies as well as health care corporations such as Blue Cross/Blue Shield Plans and Health Maintenance Organizations. The Division is also responsible for registering, licensing and/or monitoring Risk Retention Groups, Risk Purchasing Groups, Managing General Agents, Third Party Administrators, Reinsurance Intermediaries, Viatical Settlement Providers, Discount Medical Plans, Professional Employer Organizations, Charitable Gift Annuities and Surplus Lines Insurers planning to do business in the State of West Virginia. The Division has the responsibility to financially monitor employers who chose to self-insure their workers compensation risks in West Virginia.

Prior to being admitted, companies must file an application with the West Virginia Offices of the Insurance Commissioner. These applications, either foreign or domestic, are reviewed by the Division to ensure that the appropriate statutes have been satisfied in regard to the companies’ general corporate organization and financial strength. Recommendations are then made to the Commissioner and/or the Deputy Commissioner as to the admissibility of these applicant companies.

Companies admitted by the West Virginia Offices of the Insurance Commissioner are then monitored by the Division to ensure that they maintain their financial stability and solvency necessary for the protection of West Virginia policyholders. Monitoring of the insurance industry is effectuated through complex analysis and financial examinations performed by financial analysts and certified financial examiners.

This Division is responsible for ensuring that insurance companies operating in this State report and pay the appropriate taxes levied by West Virginia statutes. This process involves the reconciliation of companies’ quarterly reports and payments to their year-end tax returns. This function also includes the tracking and collection of taxes generated by the excess lines market. Excess lines or surplus lines refer to business placed with companies that are not admitted in West Virginia. This occurs when certain lines of insurance are not readily available with companies licensed in West Virginia. Coverage is written with these surplus lines insurers by licensed insurance agents that have obtained an excess lines broker’s license from the Agents Licensing and Education Division. The surplus lines licensee must provide reports to the tax audit section of the Division on individual policies written and remit the appropriate tax payment as detailed by the West Virginia Code.

The tabular information contained in this Report is a condensed statement of the annual reports filed by insurers doing business in West Virginia and an indication of their financial condition as compiled by the Financial Conditions Division.

## **Self-Insurance (Workers' Compensation)**

The Workers' Compensation Self-Insurance Unit is responsible for regulating the 89 employers that currently self insure their workers' compensation coverage in West Virginia and the approximately 100 employers who no longer self insure but continue to administer claims incurred during their period of self insurance. Two companies were approved for self insured status in calendar year 2011.

Self-insured employers in West Virginia self-administer their claims. Ordinarily, the employer hires a third party administrator (TPA) to manage and process claims although a small number of employers truly self-administer through an internal claim management department or a subsidiary company. Self-administration provides the self-insured employer with a greater degree of control over the claim management process than participation in guaranty cost or deductible programs.

Regulation of the self insured employers focuses primarily on two areas: maintenance of the risk pools and annual financial condition reviews.

W. Va. Code St. R. § 85-19-1 et seq. establishes two risk pools in which the self-insured employers participate: the Security Risk Pool that covers claims with dates of injury, last exposure or death prior to July 1, 2004 (the date self-administration began) and the Guaranty Risk Pool that covers claims with dates of injury, last exposure or death on or after July 1, 2004. Active and inactive self-insured employers participate in the pools dependant upon each employer's exposure base since self-insured employers are joint and severally liable for defaults of other self-insured employers. The purpose of the risk pools is to provide the means to pay claims for defaulted self-insured employers without placing the burden on the taxpayers of West Virginia.

Annual financial condition reviews require the employer to submit three years of audited financial statements which are then analyzed to determine if the employer's financial condition has declined over the past year. W. Va. Code St. R. § 85-18-1 et seq. identifies the benchmarks against which the financial statements are measured and defines deteriorating financial condition. Employers who do not pass the annual review and are deemed to be in a deteriorating financial condition are required to provide additional security to cover the claims that would be paid out of the Guaranty Risk Pool in the case of a default.

## **Fraud Unit (Office of the Inspector General)**

The Fraud Unit was created under legislation passed by the WV Legislature during its 2004 regular session. The Fraud Unit is responsible for facilitating a cooperative approach in the detection, investigation, and prosecution of insurance fraud, as well as making the public aware of insurance fraud and providing a way to report instances of suspected insurance fraud. Further, the Fraud Unit is tasked with investigating persons suspected of engaging in insurance fraud and referring cases with merit to the appropriate authorities for criminal prosecution.

The Fraud Unit currently consists of twenty-five (25) allocated investigative positions and seventeen (17) allocated support and administrative positions. Field Investigators now occupy field offices in the following cities:

- Beckley
- Charleston
- Fairmont
- Huntington
- Logan
- Martinsburg
- Parkersburg
- Wheeling

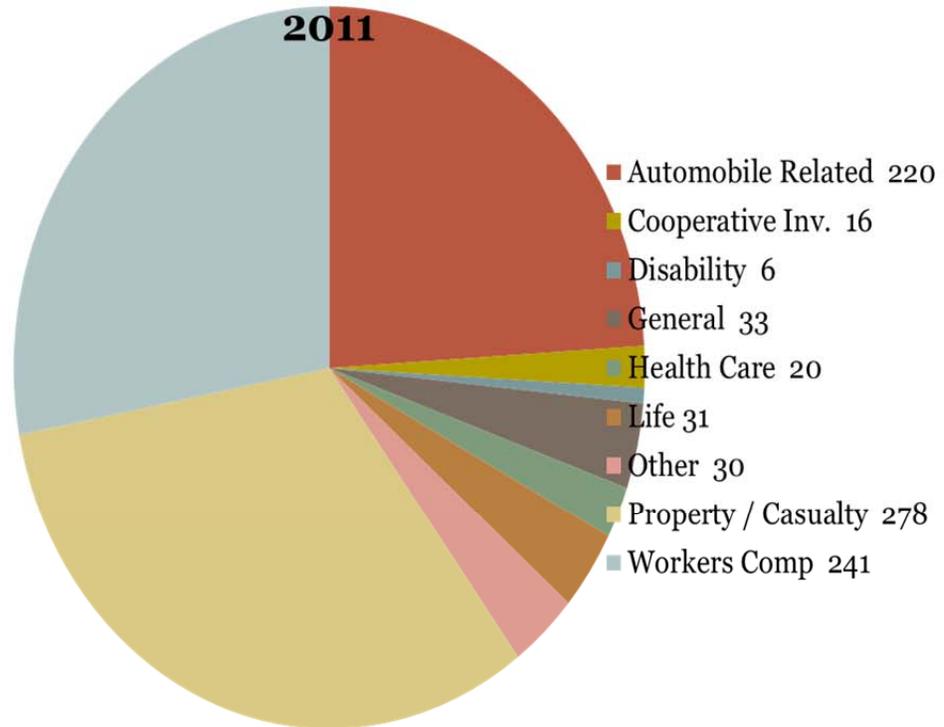

The geographic locations of these field offices allow investigators to respond quickly to reports of alleged insurance fraud. It also allows investigators to foster relationships with local law enforcement and prosecutors that the Fraud Unit relies on and works with to bring about successful prosecutions. Three (3) WV State Troopers are currently assigned to work full time with the Fraud Unit.

There are three ways in which the public and the insurance industry can report suspected insurance fraud to the Fraud Unit; by calling toll free @ 1-800-779-6853; online reporting @ [www.wvinsurance.gov](http://www.wvinsurance.gov); and by correspondence at P.O. Box 2901, Charleston, WV, 25301-2901. The Fraud Unit's case management and reporting application has been recognized as one of the premier systems in the nation for its ability to manage cases, detect trends in fraud, and create investigative reports suitable for immediate presentation to prosecutors for review. It has also been designed to receive referrals directly from the online reporting function and is integrated with the National Association of Insurance Commissioners (NAIC) online reporting tool.

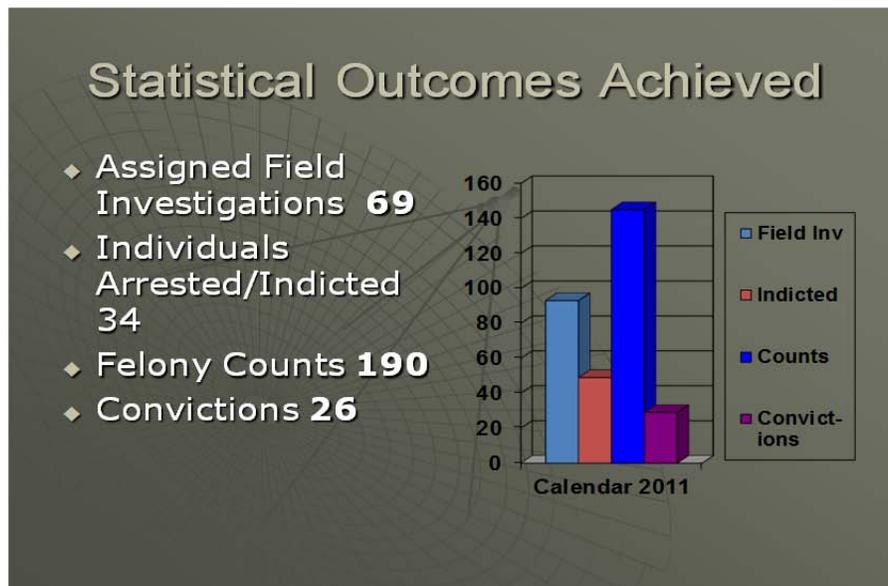

The Fraud Unit has been proactive in its approach to educate the public on what constitutes insurance fraud as well as the costs associated with insurance fraud. A brochure explaining the types of fraud, what the penalties are and what happens when someone reports suspected fraud was developed and is given out at fairs and festivals across the state as well as distributed to each WV State Police Detachment. Additionally, representatives from the Unit appeared at various functions, events, and meetings statewide taking the message to the general public that insurance fraud is not a victimless crime, but one that victimizes everyone in the form of higher costs for goods and services.

The Inspector General and or his designee have appeared on "Inside Insurance", a television show airing statewide on PBS, with the programming airing twenty-two (22) times, for a total air time of over eleven (11) hours of programming dedicated to the issue of insurance fraud and how to report such to the OIC's Fraud Unit. Numerous presentations have been given to a wide range of groups and organizations on what is being done to combat insurance fraud in the state and what they can do to assist in those efforts. Statistics for activities conducted by the Fraud Unit during calendar year 2011 are depicted in the following chart:

## OIC Fraud Unit Referral Totals

Successful investigations resulting in prosecutions were conducted in numerous counties through out the state. Prosecutions involved such activity as workers compensation fraud; conventional insurance claimant fraud; staged motor vehicle crashes; fraudulent “slip, trip, and fall” claims against businesses; insurance fraud by means of arson; and embezzlement of policy holder premium funds by insurance industry personnel. Such successful prosecutions were the result of working in cooperation with local and state law enforcement agencies and locally elected prosecutors as well as the two (2) U.S. Attorney Offices. As a result of thorough investigations and well prepared reports, along with efficient case management of referrals, successful prosecutions were realized. The following chart depicts statistical data relevant to investigations, prosecutions and convictions in calendar year 2010:

### Training

In 2011, the Fraud Unit obtained specialized training for multiple employees from a variety of sources:  
Virginia School of Polygraph: Licensed Polygraph Examiner Training  
Basic Fraud Investigations Hot Topics Webinar  
14th Annual Fraud Director's Conference  
2011 Anatomy and Terminology: Essentials from an ICD10 – CM/PCS Perspective Training  
NADDI (National Association of Drug Diversion Investigators) WV Chapter Training Conference  
CPT Changes 2011 eLearning Workshop  
I2 America's User Conference  
3rd Generation Pistol Armorer  
Deception Detecting Techniques  
Hot Topics and Trends in Insurance Fraud Investigation  
IASIU (International Association of Special Investigation Units) WV Chapter Annual Conference.

In 2011 there were many cases involving a broad spectrum of criminal activity when it came to investigations and prosecutions of insurance fraud. The following cases are offered as examples of the types of cases the Fraud Unit completed in calendar year 2011:

### 2011 Case Highlights

There were additional subjects and cases not listed here due to the fact that some cases have multiple subjects involved and there are times that some subjects will enter a plea while others involved in the same case are still litigating their defense. Therefore, in an effort to not jeopardize any pending prosecution, those individuals and cases were not detailed in this report.

**Benjamin S. Hall** – age 38, from Beckley, was indicted on one (1) felony count of “Wrongfully seeking Workers’ Compensation”, plead guilty on November 14, 2011 to receiving Temporary Total Disability benefits from Brickstreet Insurance Company while he continued to work privately and receiving monetary payments for the demolition of a residential structure in Mabscott, West Virginia. Mr. Hall was sentenced to one (1) year probation and ordered to pay restitution to Brickstreet.

**Edsel & Kimberly Muncy** – a husband and wife of Dawsonville Georgia, plead guilty via an information to one (1) felony count each to “Workers’ Compensation Fraud” after an investigation proved that they continued to receive financial benefits from the State of West Virginia, Workers' Compensation Old Fund, that were intended for the care of Edsel Muncys' mother Jurusha Muncy who had passed away twelve (12) months earlier. Both Mr. and Mrs. Muncy were sentenced to two (2) years of probation and ordered to pay restitution in the amount of \$12,081.50.

**Christopher L. Simpson** – age 43, from Christiansburg Virginia, was indicted on thirty-five (35) felony counts related to “Workers’ Compensation Fraud” on June 8, 2011, for receiving, forging and uttering thirty four (34) checks issued by the State of West Virginia, which were made payable to Joseph J. Simpson, the accused's deceased father, from June 2007 through March 2010. Christopher L. Simpson was also accused of forging his deceased father's signature on three (3) "Continuation of Benefits Forms" dated between June 21, 2007, and June 23, 2009. Thirty-two (32) counts were dismissed in exchange for Mr. Simpson's plea to three (3) felony counts related to the insurance fraud and was sentenced to five (5) years of probation; ordered to pay restitution in the amount of \$37,063.62; and perform one-hundred fifty (150) hours community service.

**James A. Vannatter** – age 41, from Beckley was indicted on July 28<sup>th</sup>, 2010 on one (1) felony count of “Wrongfully seeking Workers’ Compensation Benefits” claiming a Workers' Compensation injury for which he was receiving TTD for a period of 577 days from April 1, 2005 through October 29, 2006. During this time frame Mr. Vannatter was working and receiving wages for remodeling a law office and 4 residential apartments in Beckley. Mr. Vannatter plead guilty in November of 2011 and was sentenced to one (1) year of probation and ordered to pay restitution in the amount of \$1,000.00.

**Thomas B. Dale** – age 45, from Mount Storm was indicted on a total of nine (9) felony counts (Four (4) counts of Failure to Subscribe to WC Insurance, Four (4) Counts of Failure to file premium tax report (WC) and one (1) count of failure to pay. The investigation established that Thomas Dale, who had been in business from 1985, through 2009, and operated his business under a variety of names. On numerous occasions, Mr. Dale would obtain a Workers' Compensation policy for his business and then fail to pay the premiums. The policies would subsequently be cancelled for non-payment. In the last eleven (11) years, Mr. Dale had seven (7) different workers compensation policies and had consistently failed to pay the premiums when due. Mr. Dale plead guilty to one (1) felony count of failure to subscribe to Workers’ Compensation and was ordered to serve a one-to-ten year prison sentence, which was then suspended and was given probation for a period of five years. Mr. Dale was also ordered to pay restitution in the amount of \$35,460.81 plus interest.

**Scott D. Tennant** – age 45, of Maidsville, was indicted on a total of two (2) felony counts consisting of one (1) felony count of failure to pay WC insurance and one (1) felony count of failure to pay unemployment insurance. The investigation revealed that Mr. Tennant illegally operated a general contracting business with employees from 1998 through 2009. During this time frame Mr. Tennant operated his business under three (3) different names. Over those years Mr. Tennant had paid his employees in cash or by personal check and failed to subscribe to Workers’ Compensation Insurance and failed to make the required payments into Employment Security, also known as Unemployment. Mr. Tennant had received numerous mailings regarding these violations which he continued to ignore. Mr. Tennant plead guilty to both counts of the indictment and was ordered to pay restitution in the amount of \$193,963.46.

**James O. Woods Jr.** – age 39, of Craigs ville was indicted on August 16<sup>th</sup>, 2011, on one (1) felony count of “failure to subscribe to Workers’ Compensation insurance” for continuing to operate Green Mountain Resources/Woods Construction Company after being enjoined from conducting business in this state by order of the Kanawha County Circuit Court in 2002 for failure to maintain workers’ compensation coverage. This company at that time had incurred a liability to the WV Workers’ Compensation Commission in the amount of \$25, 048.14. Mr. Woods Jr., and other members of the original company went on to create a total of three (3) more companies in order to avoid paying WC insurance. Mr. Woods Jr. was sentenced to five (5) years of probation and was ordered to pay \$60,000.00 restitution.

**Larry A. Leach Jr.** – age 43, of Lost Creek was arrested by the WV State Police following an investigation by the OIC Fraud Unit on three (3) felony counts, which include one (1) felony count each “fraudulent claims to an insurance company, obtaining money under false pretenses, and acquiring a controlled substance by fraud. All three (3) charges stemmed from a staged motor vehicle collision on December 5<sup>th</sup> in 2005. Mr. Leach Jr. has plead guilty to the three (3) charges and is awaiting sentencing at the conclusion of his co-conspirator’s prosecution.

**Michael P. McDonald** – age 37, of Inwood was indicted on one (1) felony count of “filing a fraudulent claim to an insurance company” on May 11, 2011. The investigation revealed that Michael Paul McDonald reported an alleged burglary to the Berkeley County Sheriff’s Office on April 24, 2009. Shortly thereafter, Michael Paul McDonald filed an insurance claim for property damage and content losses due to the alleged burglary. Statements from witnesses showed that the alleged burglary never occurred and that Michael Paul McDonald had submitted a fraudulent homeowner’s insurance claim. Mr. McDonald subsequently plead guilty to the charge in December of 2011 and was given a suspended prison sentence and five (5) years of supervised probation and was ordered to pay restitution in the amount of \$16,446.31 to the victim (insurance company).

**Denfert D. Blankenship** – age 31, of Bradshaw, **Ricky Kennedy** and **Patricia Kennedy** (ages unknown) were indicted by the McDowell County Grand Jury in February 2011 on a total of eight (8) felonies for their parts in a conspiracy to file a fraudulent insurance claim from a staged injury. Mr. Blankenship contended that a driver in the parking lot of a local convenience store ran over his foot after being transported by Ricky Kennedy and Patricia Kennedy to the location to perpetrate the fraud. Mr. Blankenship ultimately plead guilty to one (1) felony count of “insurance fraud” and one (1) misdemeanor count of “destruction of property” and was sentenced to jail for a period of (1) year and given credit for time served and ordered to pay restitution in the amount of \$723.09. After the plea deal with Mr. Blankenship the charges against the Kennedy’s were dismissed by the Prosecutor and not pursued.

**Lois J Cadle** – age 55, of Cross Lanes was indicted by a Kanawha County Grand Jury on two (2) felony counts; one (1) felony count of obtaining money under false pretenses, and one (1) felony count of financial exploitation of an elderly person. Ms. Cadle was indicted for her role as an agent for an insurance company in convincing an elderly lady to cash in her annuities and deposit the money into a checking account because Ms. Cadle advised her that a checking account would pay her a bigger return on her money. Once at the bank, Ms. Cadle tricked the elderly lady into depositing \$15,000.00 into Ms. Cadle’s personal checking account.

**Ladonna M. Goehler** – age 66, of Moorefield was indicted by a Hardy County Grand Jury in February of 2010 on two (2) felony counts; one (1) felony count of “obtaining money, property, or services by false pretenses and one (1) felony count of “filing a false claim to an insurance company”. On December 22, 2006 Ms. Goehler obtained homeowners insurance for a home that she told the insurance company she owned, which was not true. She failed to tell the insurance company that she had not fully purchased the home as of the date that a fire had occurred in the home prior to the closing of the property by final sale. Ms. Goehler filed an insurance claim and collected a total of \$230,814.76 for her claims. In January of 2011 she plead guilty to one (1) felony count of filing a false claim to an insurance company and was sentenced to one (1) to ten (10) years in a penitentiary, which was then suspended and she was placed on five (5) years of supervised probation; ordered to pay all court costs, and ordered to pay restitution in the amount of \$230,814.76 payable in monthly payments to the victim (insurance company).

**James E. Hill** – age 25, of Spanishburg, was indicted by a Mercer County Grand Jury on February 15<sup>th</sup> on one (1) felony count of “filing a fraudulent claim with an insurance company”. In August 2008, Mr. Hill and two other passengers were involved in an automobile crash in which Mr. Hill coerced one of the passengers to claim they were driving as he had a suspended license and was not eligible to be driving any motor vehicle. Mr. Hill plead guilty to the felony count for which he was indicted and agreed to pay restitution for the wrongfully obtained benefits gained from his perpetrated fraud.

**Kimberly Quinn Lynch** – age unknown, of Elkview, was indicted by a Kanawha County Grand Jury in January of 2011 on a total of three (3) felony counts that included one (1) felony count of “forgery” of an insurance certificate and two (2) felony counts of the “uttering” of an insurance certificate. Mrs. Lynch had forged two (2) insurance certificates, placing one in the car of their daughter who was subsequently involved in a motor vehicle accident in which a forged insurance certificate was presented to the responding officer as a true document. This resulted in the insurance company of the other driver involved in the crash paying for the damage to the car under the “uninsured” portion of their policy. Mrs. Lynch plead guilty to one (1) felony count of forgery and sentenced to one (1) year of supervised probation, and ordered to pay restitution in the amount of \$4,200.00 and associated court costs.

**Christopher J. Thrain** – age 43, of Ellamore, was indicted by a Federal Grand Jury in late 2010 on one (1) felony count of “aiding and abetting mail fraud”. Mr. Thrain plead guilty in May of 2011 to the charge for his participation in a staged auto crash ring. Since these “staged” crashes occurred in multiple counties and Mr. Thrain utilized the US Postal Service to perpetrate these insurance frauds, he was prosecuted at the federal level. Mr. Thrain is still awaiting sentencing as the prosecutions of his co-conspirators are pending.

**Angela M. Meadows** – age 30, along with her husband **Kevin Meadows**, both of Princeton, were each indicted by a Mercer County Grand Jury in June of 2010, on two (2) felony counts each that included one (1) felony count of filing a “fraudulent claim to an insurance company” and one (1) felony count of “conspiracy to submit a fraudulent claim to an insurance company”. The Meadows were charged with conspiring with each other to report Mr. Meadow’s four wheeler as stolen and collect the applicable insured value. As part of a plea agreement, Angela Meadows plead guilty in June of 2011, to one (1) felony count of “attempt to commit a felony” and was sentenced to one (1) year of supervised probation and ordered to pay all associated court costs associated with their prosecution. Charges against Mr. Meadows were dismissed by the Prosecutor as part of the plea agreement.

## **Legal Division**

The Legal Division of the Offices of the West Virginia Insurance Commissioner (OIC) performs many functions including providing legal counsel to the Insurance Commissioner and other agency staff members, drafting and implementing legislation, administrative rules and informational letters, investigating agents and companies pursuant to complaints of alleged fraud or other code/rule violations, responding to general legal questions and Freedom of Information Act requests, litigation, hearings and coordination of receivership activities.

As of January 1, 2006, a host of new regulatory duties were transferred to the OIC from the former Workers' Compensation Commission, and the Legal Division performs several functions relative to those duties including recovery of pre December 1, 2005 workers' compensation premium taxes and fines, collection of fines assessed against uninsured employers and injunction cases filed against uninsured employers. In addition, the OIC is responsible for the administration of several funds associated with the workers' compensation system, including the Uninsured Employers' Fund ("UEF" - for claims filed after 1-1-06 against uninsured employers) and the Workers' Compensation Old Fund (all claims with dates of injury or dates of last exposure before 7-1-05). Legal Division staff advises and works directly with the third party administrators of the UEF and the Old Fund on the proper administration, litigation and settlement of these claims.

Some of the major activities of the Legal Division are discussed in more depth below.

### **LEGISLATION**

The following is a brief synopsis of the significant legislation enacted during the 2011 regular session of the West Virginia Legislature. This information is not to be construed as inclusive of all legislation which may affect the insurance industry or insurance consumer, nor should it be construed as a comprehensive explanation of the bills addressed. Rather, the information provided is intended to highlight the bills significantly affecting the insurance community at large.

### **BILLS**

***Senate Bill 253 - Amending insurance code with respect to holding companies. (Effective July 1, 2012) (OIC bill)***

This bill amends the "West Virginia Insurance Holding Company Systems Act," W. Va. Code §33-27-1 *et seq.* As part of comprehensive reforms being undertaken in reaction to concerns about systemic risk to financial markets, the National Association of Insurance Commissioners ("NAIC") recently amended its model law (#440) to strengthen regulatory control over holding companies seeking to acquire or divest themselves of affiliates. The bill adopts these changes, including the concept of "enterprise risk" as "any activity, circumstance, event or series of events involving one or more affiliates of an insurer that, if not remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the insurer or its insurance holding company system as a whole." The bill also provides for enhanced coordination of regulatory efforts by state and international insurance regulators' participation in "supervisory colleges" in which they will be able to share information about and conduct joint examinations of holding company systems involving insurance entities.

The bill is effective July 1, 2012, in order to allow other states to enact similar legislation over the next year. Corresponding rules based on an NAIC model are expected to go into effect at the same time.

***Senate Bill 356 - Making captive insurance company organized as risk retention group subject to certain insurance code provisions. (Effective July 1, 2011) (OIC bill)***

This bill amends several provisions of the insurance code regulating captive risk retention groups with respect to financial examinations, reinsurance requirements and the filing of annual audited financial reports. The changes are necessary to meet new requirements of the NAIC accreditation program for state insurance regulators.

***Senate Bill 408 - Creating WV Health Benefit Exchange Act. (Effective June 10, 2011) (OIC bill)***

This bill establishes a West Virginia Health Benefit Exchange. Under the federal Patient Protection and Affordable Care Act (“ACA”), each state is given the option of establishing its own exchange for the sale and purchase of qualified health insurance plans in the individual market that will be eligible for federal premium subsidies and to provide for the establishment of a Small Business Health Options Program (“SHOP” Exchange) to assist qualified small employers in facilitating the enrollment of their employees in qualified health plans. The exchange must be approved by the federal Department of Health and Human Services by 2013 in order to be able to begin operations by January 1, 2014.

The bill creates a ten-member governing Board composed of four state agency heads (OIC, Health Care Authority, Medicaid and CHIP); four gubernatorial appointees (subject to advice and consent of the Senate) to represent individual consumers, small employers, labor and producers; and two selected by advisory committees to represent providers and payers. The six non-agency members will serve 4-year terms and may only be removed by the Governor for cause. The Board must “promulgate rules necessary to obtain federal recognition of the exchange as a certified exchange under the ACA.”

The bill also provides that if the ACA or any portion of it is invalidated by Congress or the courts, the Board will issue a bulletin on the effect of such invalidation on the state’s Exchange law and will make recommendations to the Legislature.

***Senate Bill 435 - Amending insurance code with respect to surplus lines insurance. (Effective July 1, 2011) (OIC bill)***

This bill amends “The Nonadmitted Insurance Act” (W. Va. Code §33-12C-1 *et seq.*) to implement provisions of the federal Nonadmitted and Reinsurance Reform Act of 2010 (“NRRA”, added as an amendment to the Dodd-Frank Wall Street Reform & Consumer Protection Act). NRRA streamlines the regulation of surplus lines insurance covering risks in multiple states; limits regulation and taxation of nonadmitted insurance to the insured’s “home state”; implements nationwide eligibility requirements in conformance with the NAIC model act pertaining to surplus lines insurance; and preempts inconsistent state laws.

With respect to taxes on policies covering risks in multiple states, the bill authorizes the Insurance Commissioner to enter into tax-allocation agreements with other states, including the use of a clearinghouse established as part of the Nonadmitted Insurance Multi-state Agreement (“NIMA”) developed by the NAIC.

***Senate Bill 472 - Relating to portable electronics insurance. (Effective June 10, 2011)***

This bill exempts vendors of “portable electronics” products – computers, cameras, TVs, etc. -- and their employees from producer licensing requirements with regard to the sale and solicitation of “portable electronics insurance,” which is defined as “insurance providing coverage for the repair or replacement of portable electronics which may cover portable electronics against any one or more of the following causes of loss: loss, theft, mechanical failure, malfunction, damage or other applicable perils.” The definition expressly excludes service contracts, extended warranties, manufacturer warranties or coverage under a homeowner's, renter's, auto, commercial multi-peril or similar policy. This exemption is dependent on the vendor's compliance with certain new requirements such as the maintaining a list of all locations in the state at which it offers portable electronics coverage; making written disclosures about the insurance available to prospective customers; appointing a licensed insurer or insurance producer to oversee the administration of the insurance program and a training program for employees; not compensating employees based primarily on the number of customers enrolled for the insurance; and abiding by the statutory policy termination requirements. The Insurance Commissioner may impose fines on vendors for violations (\$500 per violation, \$5000 aggregate) and suspend the vendor's privilege of transacting such insurance at specific business locations where violations have occurred. An insurer or producer appointed by the vendor to oversee the program is subject to administrative sanctions in W. Va. Code §33-12-24.

***House Bill 2517 - Workers' Compensation - Allowing corrections industries to directly purchase workers' compensation coverage for inmates. (Effective June 9, 2011) (WV Division of Corrections bill).***

This bill implements the federal Prison Industry Enhancement Certification Program by providing that individuals confined in a state correctional facility or juvenile services facility are eligible to receive workers' compensation benefits for injuries incurred while working in a program authorized by W. Va. Code §25-7-14 or §25-7-16. It also authorizes the purchase of workers' compensation insurance -- by the Commissioner of the Division of Corrections for prison inmates and the Director of Juvenile Services for persons under his or her supervision -- who are participating in the certification program, provided that reimbursement is made by a private person or entity to the agency for all costs of the workers' compensation insurance or equivalent coverage as a condition of an agreement entered to establish a program for inmates or residents to manufacture articles and products.

***House Bill 2693 - Requiring insurance coverage for autism spectrum disorders. (Effective July 1, 2011)***

This bill mandates coverage after January 1, 2012 – under group insurance policies (more than 25 employees), HMOs, PEIA, CHIP and Medicaid – for the diagnosis and treatment of “autism spectrum disorders” for children. To be eligible, a child must be diagnosed with autism spectrum disorder before age 8; treatments must be medically necessary and prescribed by a physician or licensed psychologist in accordance with a treatment plan, subject to review by the agency or health plan every 6 months; and progress in the child's condition must be shown for coverage to continue. The annual maximum benefit is capped at \$30,000 a year for the first three years of treatment and thereafter at \$2,000 a month until the child turns 18. To the extent that the coverage causes an increase of at least 1% of actual total costs of coverage for the plan year, the agency or health insurance plan may apply additional cost containment measures. After 2013, mandated benefits that exceed the yet-to-be specified essential health benefits under the ACA will no longer be required. The state agencies are required to file annual reports with the Joint Committee on Government and Finance.

***House Bill 2745 - Providing that certain information provided by insurance companies to the Insurance Commissioner is confidential and creating all-payer claims database. (Effective June 10, 2011) (OIC bill)***

The bill amends §33-4-14 to deem actuarial reports, work papers and actuarial opinion summaries submitted by insurers in connection with their annual financial statements as confidential and privileged information. Such information would be exempt from any type of disclosure requirement (FOIA request, subpoena, discovery) by the Insurance Commissioner. The documents, however, may be obtained directly from the insurer by a litigant as permitted by the West Virginia Rules of Civil Procedure. The bill further precludes the Insurance Commissioner or her representatives from being subpoenaed to testify about such information. The exemption is an NAIC accreditation requirement for OIC financial examinations to be accepted by other states.

The bill also adds a new article, W. Va. Code §33-4A-1 *et seq.*, that authorizes the Insurance Commissioner (OIC), Secretary of the Department of Health and Human Resources (“DHHR”) and the Chair of the Health Care Authority (“HCA”) to enter into a Memorandum of Understanding (“MOU”) to develop a health insurance paid-claims database (“all-payer claims database” or “APCD”). The bill sets forth the minimum provisions of the MOU and requires a plan for financial stability of the APCD. OIC would be responsible for collecting the data from insurers, DHHR for maintaining it, and HCA for disseminating it to other agencies, researchers, etc. for study of health care utilization, expenditures and performance. The data collected is subject to confidentiality provisions and applicable state and federal privacy laws. The agencies must report annually to the Governor and Joint Commission on Government and Finance.

***House Bill 2876 - Expanding eligibility for subsidies to enrollees in the model health plan. (Effective June 7, 2011 ) (AccessWV bill)***

The bill expands eligibility for subsidies to enrollees of the West Virginia Health Insurance Plan (“AccessWV”), the state’s insurance plan for individuals who are unable to obtain affordable insurance due to a pre-existing condition. The bill raises the threshold income level from an annual household income of at or below 200% of the federal poverty level to 400% and authorizes AccessWV’s board of directors to adopt emergency rules setting forth eligibility criteria.

***House Bill 3163 - Relating to workers’ compensation programs of state government entities. (Effective March 12, 2011) (OIC bill)***

This bill, which adds a new section to the Insurance Code (W. Va. Code §33-2-21a), mandates that the Insurance Commissioner manage the worker’s compensation programs of state agencies, including the coverage of agencies. “Executive agencies” (those under a super-secretary, except Parkways Authority and State Police) would be required to participate in the program. Other state entities (designated “discretionary participants”) such as the members of the Board of Public Works, State Supreme Court, Legislature, Parkways Authority, State Police and any other spending unit required to provide a detailed expenditure schedule to the Secretary of Revenue, would be permitted, but not required, to participate; no county or municipality or their instrumentalities may participate in the program. The bill provides an exemption for OIC from the state purchasing rules as long as contracts are competitively bid, and the Commissioner may promulgate emergency rules. The Commissioner is required to submit monthly reports concerning the status and progress of the program to the Joint Committee on Government and Finance.

***House Bill 3271 - Relating to distribution of state funds to volunteer fire companies and departments. (Effective June 10, 2011)***

This bill provides that volunteer fire departments (“VFDs”) that experience increases in workers’ compensation premiums after July 1, 2011 can receive money to cover the increases under a program to be administered by the State Auditor with funds appropriated by the Legislature. OIC is responsible for determining the total amount of premium due for the total base-year premium and annually for fiscal years after July 1, 2011. The Auditor may promulgate emergency rules and must submit a report to the Joint Committee on Government and Finance by February 1, 2015.

**RULES**

The following Title 114 (Insurance Commissioner) insurance related legislative rules (authorized for promulgation by Senate Bill 177) became effective in 2011:

***114 CSR 6 - Credit Life Insurance, Credit Accident and Sickness Insurance, and Credit Unemployment Insurance (amended rule, effective July 1, 2011)***

The amendments to this rule, which are based on NAIC’s “Consumer Credit Insurance Model Regulation” (Model #370), add requirements that an insurer must follow when transacting credit unemployment insurance (e.g. minimum benefit period of six months) and lists the permissible grounds for excluding coverage (e.g. illegal walk out). The amendments also provide for loss ratio standards to be reviewed by the Insurance Commissioner every three years. The filings required by the amendments to subsections 6.6 & 6.7 (loss ratios) and §7 (credit unemployment insurance rates, forms and rules) must be made by August 31, 2011; insurers are advised to contact OIC’s Rates & Forms Division for additional guidance (304-558-2094).

***114 CSR 11B - Suitability in Annuity Transactions (amended rule, effective July 1, 2011)***

These amendments bring this rule into compliance with NAIC Model #275, which was recently updated to strengthen the provisions regarding inappropriate and abusive marketing practices and to better ensure that consumers are adequately advised with respect to the suitability of a proposed sale in light of his or her particular circumstances. The amendments include clarification that the insurer is responsible for compliance with model requirements even if the insurer contracts with a third party; a requirement of company review of all annuity transactions; establishment of general and product-specific training requirements for producers; and company recordkeeping requirements.

***114 CSR 25 - Insurance Adjusters (amended rule, effective July 1, 2011)***

In response to increased federal oversight of the federally-underwritten crop insurance program, the state adjuster statutes (W. Va. Code §33-12B-1 *et seq.*) were amended in 2010 to create a separate crop adjuster license. This amendment to the corresponding rule includes a requirement of proficiency testing and certification by a federally-approved vendor. The amendment also revises or adds sections dealing with emergency adjusters, recordkeeping, standards of conduct, contracts between public adjusters and insureds, fees charged by public adjusters, escrow or trust accounts held by public adjusters, renewal of lapsed licenses, and the Commissioner’s authority to nonrenew, suspend or revoke a license.

***114 CSR 32 - Long-Term Care Insurance (amended rule, effective July 1, 2011)***

These amendments bring the rule into compliance with 2009 amendments to NAIC Model #641. The amendments add an external review process for any long-term care insurance claim denial based on a company determination that the “benefit trigger” has not been met. It also adds “prompt pay” provisions that define a “clean claim,” provides an interest penalty on unpaid claims and clarifies that flagrant violations are subject to the Unfair Trade Practices Act, W. Va. Code §33-11-1 *et seq.*

***114 CSR 41 - Actuarial Opinion and Memorandum Rule (amended rule, effective July 1, 2011)***

The amendments to this rule bring it into compliance with NAIC Model #822, as amended in 2009, by allowing an appointed actuary to comment on the impact of an insufficiency of assets on a company during one or more interim periods. This change is required under NAIC’s financial accreditation program.

***114 CSR 41A - Property and Casualty Actuarial Opinion (new rule, effective June 10, 2011)***

This new rule, which sets forth standards for Property and Casualty insurers’ and reinsurers’ actuarial opinions and actuarial opinion summaries filed with OIC, is based on NAIC Model 745, “Property and Casualty Actuarial Opinion Model Law.” The actuarial opinion and actuarial opinion summary required by this rule are filing requirements under the NAIC’s annual statement instructions.

***114 CSR 61 - Credit Personal Property (amended rule, effective July 1, 2011)***

This rule amends the current rule, first adopted in 2003, to bring it into compliance with recent updates to NAIC Model #365. The amendment makes approved rates effective for three years.

***114 CSR 65 - Self-Insurance Risk Pools for Political Subdivisions (amended rule, effective April 19, 2011)***

This rule amendment sets forth the criteria for establishing and maintaining self-insurance programs and pools for “political subdivisions” (e.g. counties and municipalities) to self-insure their workers’ compensation risks. The amendments mandate that members of the pool be jointly and severally responsible for liabilities of the pool under the Workers’ Compensation Code; sets requirements regarding the withdrawal or termination of members from a pool; and provides for various filing requirements with OIC. The rule expressly excludes such pools from participation in the self-insured guaranty risk pool or self-insured security risk pool. Such pools are not required to obtain approval of the Industrial Council.

***114 CSR 68 - Valuation of Life Insurance Policies (amended rule, effective July 1, 2011)***

This rule amendment brings the rule into compliance with NAIC model #830, amended in 2009. The model provides tables of select mortality factors and rules for use; rules concerning minimum standards for the valuations of plans with non-level premiums or benefits; and rules concerning minimum standards for the valuations of plans with secondary guarantees. The amendments change the general calculation requirements for premium deficiency reserves.

***114 CSR 69A – Recognition of Preferred Mortality Tables for Use in Determining Minimum Reserve Liabilities (amended rule, effective July 1, 2011)***

This rule amendment brings the rule into compliance with NAIC model #815, amended in 2009. The amendments change the conditions under which the 2001 CSO Preferred Class Structure Table is permitted in a statutory financial statement.

**114 CSR 85 - Professional Employer Organizations (amended rule, effective May 10, 2011)**

A 2010 amendment to the PEO statute provided that OIC could enforce compliance by *unlicensed* PEO through the use of the same enforcement tools available against persons violating the Unauthorized Insurers Act (W. Va. Code §33-44-1 *et seq.*). These amendments of the PEO rule incorporate these enforcement provisions, e.g. administrative penalties.

**114 CSR 91 - Health Maintenance Organization Point of Service Option (new rule, effective July 1, 2011)**

The new rule, authorized by legislation enacted in 2010, sets forth requirements to be followed by an HMO that offers a point of service (“POS”) option to its enrollees. A POS option gives an enrollee the choice of going outside the HMO’s panel of health care providers, but the extent of such out-of-network coverage is usually significantly less than that of in-network coverage and may require a deductible and co-payment. The rule sets parameters for the option and provides the Insurance Commissioner with substantial oversight in how such options are carried out in practice.

**EMERGENCY ORDERS**

Four (4) emergency orders and one (1) amended emergency order were issued by the Insurance Commissioner in 2011.

11-EO-01 - Emergency Order entered on March 25, 2011 - Re: Isolated Severe Storm on March 23, 2011 containing heavy rainfall, strong winds and hail causing considerable damage to private and public property located throughout the State of West Virginia. Normal time frames for claim handling and settlement set forth in West Virginia Code of State Rules Title 114, Series 14, Section 5 and subsections 6.2., 6.3., 6.7., 7.3.c., and 7.5. were suspended in the State of West Virginia for claims arising out of the severe storm which began on March 23, 2011.

11-EO-01A - Amended Emergency Order entered on April 25, 2011 to extend the April 25, 2011 claims reporting deadline contained in Emergency Order 11-EO-01 entered on March 25, 2011.

11-EO-02 - Emergency Adjuster Order entered on March 25, 2011 - Re: Isolated Severe Storm on March 23, 2011 containing heavy rainfall, strong winds and hail causing considerable damage to private and public property located throughout the State of West Virginia. The Commissioner authorized the licensing of sufficient emergency adjusters to meet the demands of the public in the State of West Virginia during the emergency situation.

11-EO-03 - Emergency Adjuster Order entered May 31, 2011 - Re: Multiple severe thunderstorms on May 26 and 27, 2011 containing high winds and significant hail causing considerable damage to private and public property located in Greenbrier, Mineral and Monroe counties in West Virginia. The Commissioner authorized the licensing of sufficient emergency adjusters to meet the demands of the public in these counties during the emergency situation.

11-EO-04 - Emergency Order entered May 31, 2011 - Re: Multiple severe thunderstorms on May 26 and 27, 2011 containing high winds and significant hail causing considerable damage to private and public property located in Greenbrier, Mineral and Monroe counties in West Virginia. Normal time frames for claim handling and settlement set forth in West Virginia Code of State Rules Title 114, Series 14, Section 5 and subsections 6.2., 6.3., 6.7., 7.3.c., and 7.5. were suspended in the State of West Virginia for claims arising out of the May 26 and 27, 2011 severe thunderstorms.

## LITIGATION

The Insurance Commissioner was a party to or involved in the following civil actions in the year 2011:

State of WV ex rel. Offices of WV Insurance Commissioner v. Timmie L. Thomas et al. Civil Action No. 11-C-7

State of WV ex rel. Offices of WV Insurance Commissioner v. James Yost et al. Civil Action No. 11-C-420

State of WV ex rel. Offices of WV Insurance Commissioner v. Otis R. Mann Jr. et al. Civil Action No. 11-C-773

### POSTINGS

Three hundred and forty-three (343) posting requests with regard to employers that failed to maintain mandatory workers' compensation coverage were referred to the Regulatory Compliance Unit of the Legal Division in 2011. Two hundred thirteen (213) non-compliant employers were posted and/or handled by the Regulatory Compliance Unit. Ninety-eight (98) postings were attempted but could not be completed due to various reasons, e.g. employer was no longer in business, employer was no longer at the address on file, etc. The remainder were employers that were brought into compliance or whose accounts were otherwise resolved.

### ORDERS & COLLABORATIVE ACTIONS

A total of one hundred four (104) orders were prepared by the Regulatory Compliance Unit (RCU) of the Legal Division in 2011 and zero (0) collaborative actions were entered into as a result of market conduct actions concerning issues with multistate insurers in 2011. Below is a breakdown of the types of orders prepared by the RCU, collaborative actions and fine and restitution amounts for 2011.

TYPE OF CASE	FINAL ORDERS PREPARED BY RCU	COLLABORATIVE ACTIONS	FINE AMOUNT	RESTITUTION AMOUNT
Company	0		\$0.00	\$0.00
Company - Rates & Forms	0		\$0.00	
Company - Fincon	11		\$210,103.80

## DISCIPLINARY ACTIONS

### **Individual Insurance Producers**

During the year 2011, Forty Thousand Five Hundred Eighty Four Dollars and Thirty-Two Cents (\$40,584.32) in penalties were assessed as a result of disciplinary actions taken against individual insurance producers for violation of W. Va. Code §33-12-18(a), Acting as an agent of an insurer without being an appointed agent of that insurer; §33-12-24(b)(2), Violating any insurance laws, or violating any regulation, subpoena or order of the insurance commissioner or of another state's insurance commissioner; §33-12-24(b)(7), Having been convicted of or pleaded nolo contendere to a misdemeanor in connection with his or her activities as an agent, solicitor, or excess line broker; under the provisions of §33-12-24(e), In addition to the revocation of a license, a person may, after hearing, be subject to a civil penalty in a sum not to exceed five thousand dollars; and §33-43-7 for failure to timely file tax returns as required by W. Va. Code §33-43-6 and failure to timely file surplus lines reports as required by W. Va. Code §33-12C-17.

The licenses of thirteen (13) individual insurance producers were revoked in 2011 for violation of W. Va. Code §33-12-12(a)(1), The person is currently licensed as a resident and in good standing in his or her home state; §33-12-12(e), If the insurance department of the nonresident insurance producer's resident state suspends, terminates, or revokes the producer's insurance license in that state, the nonresident insurance producer shall notify the commissioner and shall return the West Virginia nonresident license; §33-12-24(b)(1), Providing incorrect, misleading, incomplete or materially untrue information in the license application; §33-12-24(b)(2), Violating any insurance laws, or violating any regulation, subpoena or order of the Insurance Commissioner or of another state's Insurance Commissioner; §33-12-24(b)(3), Obtaining or attempting to obtain a license through misrepresentation or fraud; §33-12-24(b)(4), Improperly withholding, misappropriating or converting any moneys or properties received in the course of doing business; §33-12-24(b)(6), Having been convicted of or pleaded nolo contendere to any felony; §33-12-24(b)(9), Using fraudulent, coercive or dishonest practices or demonstrating incompetence, untrustworthiness or financial irresponsibility in the conduct of business in this state or elsewhere; §33-12-24(b)(10), Having an insurance producer license, solicitor license, excess line broker license or its equivalent, denied, suspended or revoked in any other state, province district or territory; and §33-12-24(b)(11), Forging another's name to an application for insurance or to any document related to an insurance transaction or fraudulently procured a forged signature to an insurance application or any other document, knowing the signature to be forged.

The licenses of four (4) individual insurance producers were suspended in 2011 for violation of W. Va. Code §33-12-24(b)(2), Violating any insurance laws, or violating any regulation, subpoena or order of the Insurance Commissioner or of another state’s Insurance Commissioner; §33-12-24(b)(4), Improperly withholding, misappropriating or converting any moneys or properties received in the course of doing business; §33-12-24(b)(7), Having been convicted of or pleaded nolo contendere to a misdemeanor in connection with his or her activities as an agent, solicitor, or excess line broker; and §33-12-24(b)(11), Forging another’s name to an application for insurance or to any document related to an insurance transaction or fraudulently procured a forged signature to an insurance application or any other document, knowing the signature to be forged; for failure to timely file tax returns as required by W. Va. Code §33-43-6; failure to timely file surplus lines reports as required by W. Va. Code §33-12C-17; and for failure to pay interest and penalties assessed in accordance with W. Va. Code §33-43-7.

**Insurers**

During the year 2011, Two Hundred Fifty Four Thousand, One Hundred Three Dollars and Eighty Cents (\$254,103.80) in penalties were assessed as a result of disciplinary actions taken against insurers for violation of W. Va. Code §33-12C-7, Surplus Lines Tax and as a result of market conduct examinations conducted in accordance with Chapters Twenty-Three and Thirty-Three of the West Virginia Code.

During the year 2011, Sixty-seven Thousand Two Hundred Fifty-five Dollars and Five Cents (\$67,255.05) in restitution was received by insureds as a result of market conduct examinations conducted in accordance with W. Va. Code §33-29-9.

The certificate of authority of one (1) insurer was suspended in 2011 under the provisions of W. Va. Code §33-3-10 for no longer meeting the requirements for the license originally granted, because of deficiency of assets or otherwise; §33-3-11(a)(4), Found by the Commissioner to be in a financial condition such as to render the further transaction of insurance business hazardous to its policyholders or the people of West Virginia; and §33-34-3a, Failure of either singularly or a combination of two or more hazardous financial conditions.

The certificates of authority of two (2) insurers were revoked in 2011 under the provisions of W. Va. Code §33-3-11(a)(2), Failure to comply with any lawful rule, regulation or order of the commissioner; §33-3-11(a)(4), Found by the Commissioner to be in a financial condition such as to render the further transaction of insurance business hazardous to its policyholders or the people of West Virginia; and §33-34-3a, Failure of either singularly or a combination of two or more hazardous financial conditions.

**APPEALS OPENED**

A total of five (5) appeal cases were opened by the Regulatory Compliance Unit of the Legal Division in 2011. Below is a breakdown of the different type of appeals with the number opened for 2011.

<b>APPEALS</b>	<b>NUMBER OF APPEALS</b>
Third Party	5
	<hr style="width: 50%; margin: auto;"/>
	5

## **Market Conduct**

Seven (7) “Agreed Orders Adopting Reports of Market Conduct Examination, Directing Corrective Action and Assessing Penalties” were entered by the Insurance Commissioner in 2011 as a result of market conduct examinations conducted in accordance with W. Va. Code §33-2-9. West Virginians received \$67,255.05 in restitution. Penalties totaling \$43,000.00 were assessed as a result of violations discovered during these market conduct examinations.

The unit conducted ninety four (94) level one and twenty-two (22) level two analyses on licensed companies concerning compliance with the West Virginia Code and the West Virginia Code of State Rules.

The OIC received a total of 450 market conduct annual statements per National Association of Insurance Commissioners’ (“NAIC”) guidelines, further broken down by the following lines of business: Private Passenger Auto, 81 filings; Homeowners, 63 filings; Life, 193 filings and Annuity, 113 filings.

The Market Conduct Unit completed seven (7) comprehensive compliance audits on employers which are self-insured for workers’ compensation resulting in penalties totaling \$1,000.00.

The following professional designations were earned by Market Conduct Personnel in 2011:

- One (1) Associate, Insurance Regulatory Compliance (AIRC)
- One (1) Market Conduct Management (MCM)
- One (1) Associate Professional in Insurance Regulation (APIR)

## Revenue Recovery Division

Revenue Recovery is responsible for the collection of all monies due to the Uninsured Employers' Fund and the Old Fund, as well as collecting fines imposed on employers when the workers' compensation coverage has been cancelled. The unit contacts employers who have defaulted on their workers' compensation premium payments, and takes action against employers who do not pay. Those actions include placement of employers on the Employer Violator System (EVS) and the filing of liens against companies, owners and officers. The Division will seek injunctions to close the business of an employer who fails to maintain workers' compensation insurance, as well as make determinations on whether an employer was out of business or did not have employees when the workers' compensation coverage was cancelled. They work with other state agencies to revoke any business license that the non-paying employer may have. This Division works closely with the Insurance Commission's Regulatory Compliance Division and with the Employer Coverage Division to verify employers who are operating without workers' compensation insurance coverage. Some of the major activities of the Revenue Recovery Division are listed in depth below.

### Cash Receipts

This includes collections from the Workers' Compensation Old Fund and the Uninsured Employers' Fund.

January	\$114,763.22
February	\$68,937.17
March	\$108,248.36
April	\$132,325.79
May	\$92,891.00
June	\$154,819.34
July	\$120,773.11
August	\$112,154.02
September	\$144,753.30
October	\$76,267.09
November	\$109,369.01
December	\$130,150.17
<b>Total 2011</b>	<b>\$1,365,451.58</b>

### **Default Notifications and Employer Contact**

The Division sends letters of notification to all employers that are reported as being in default by not maintaining the mandatory workers' compensation insurance. In 2011, more than 2,600 letter notices were sent to employers that were reported to be uninsured. There were 21,930 contacts both by telephone and in-person between Revenue Recovery and the uninsured employer.

### **Employer Violator System (EVS)**

The Division reviews all employers reported to not have the mandatory workers' compensation insurance and places the employer and the officers of the business on the listing. This electronic report allows other state agencies to search for and identify an employer that may apply for other state licensure or permits. If the employer is on EVS, other agencies may not grant licensure or permits until the default is cured and the business is appropriately insured. In 2011, there were 36,528 accounts listed on EVS.

### **Liens, Injunctions, and Regulatory Compliance**

The Division prepared and mailed 1,397 liens to the county clerk of West Virginia Counties in 2011. The liens were placed on the business as well as the officers or the members of the business as listed on the West Virginia Secretary of State website. During the same timeframe, 568 lien releases were prepared and mailed to the county clerk offices. The liens would be placed due to the employer not working with the Division to cure the default and the lien releases were performed at the time the default was cured.

There were 173 investigation and/or posting requests prepared and forwarded to Regulatory Compliance and the Office of Inspector General during 2011.

## **Medical Rates and Plans (Workers' Compensation)**

The Medical Rates and Plans Division is a unit of Financial Services created on January 1, 2006 with the integration of workers' compensation into the Offices of the Insurance Commissioner (OIC). The primary functions of the Medical Rates and Plans Division are based on requirements set forth in WV Code §23-4-3. These functions are to calculate the workers' compensation maximum medical reimbursement rates and evaluate managed health care plans. Secondary responsibilities range from preparation, analysis and reconciliation of reports to responding to internal and external stakeholder requests for assistance and education on medical and compensation related issues. To make informed decisions and recommendations the staff researches various federal, state and local laws including compensation rules and regulations, medical fee schedules, national standards, and the latest news and trends of various health insurance carriers and Medicare/Medicaid. These functions contribute to workers' compensation insurance cost containment.

### **Medical Rates:**

In accordance with WV Code the workers' compensation maximum medical fee schedules are set by the OIC. These fee schedules and reimbursement rates determine the maximum a carrier/payor can pay a provider for covered goods and/ or services on behalf of an injured worker outside of a managed health care plan. The schedules are comprised of thousands of national standard medical codes and each code has a calculated reimbursement value based on methodology. The Medical Rates and Plans area of the OIC website allows internal and external customers to view the current OIC maximum fee schedule methodology.

During the reporting period, in-depth analysis was performed to determine the effects of using existing WV workers' compensation maximum fee schedule methodology and the impact of any proposed revisions on associated medical costs. These complex econometric models were analyzed to enable informed decisions regarding the need for any formula changes. The existing fee schedule methodology that follows a more standardized national insurance approach was reviewed, along with those adopted by various states including those that surround WV. A comparative analysis of a national workers' compensation bill review survey was also performed. This division looks for opportunities for West Virginia to benchmark in a national arena. Staff members attended a Centers for Medicare and Medicaid training opportunity, as well as several webinar trainings to enhance understanding of national billing, coding, and reimbursement trends.

Based on research, workers' compensation maximum medical fee schedule methodologies were developed for nine separate fee schedules. These schedules comprised thousands of codes and fees. It was determined that the current methodology should be updated for the coming period. These new schedules were published July 1, 2011 and are effective for dates of service from July 1, 2011 through June 30, 2012. The Medical Rates and Plans Division continues to focus on customer education with every contact opportunity.

National codes change frequently throughout the course of every year, and fee schedules require regular review to ensure insurance market and billing relevance along with impact analysis. The reference library that supports the medical rate analysis system is updated as needed to assure the most current information is available for regulatory analysis and stakeholder requests. The Insurance Commissioner annually provides the legislature a copy of the schedules.

**Managed Health Care Plans:**

The West Virginia Legislature in an attempt to ensure effective, high quality, and cost effective care to injured workers determined that all workers’ compensation managed health care plans operating in WV be reviewed and approved bi-annually by the Offices of the Insurance Commissioner. The Medical Rates and Plans Division develops and maintains, the applications and approval processes for Managed Health Care Plans (MHCP) for workers’ compensation. A managed health care renewal application was developed and is used to facilitate review of plans that have been approved for two years or more.

These managed health care plans are normally fiduciary or non-fiduciary in nature and their comprehensive applications, approval, and renewal processes reflect those differences. The applications are based on national standards and are regularly reviewed and receive enhancements as necessary. Continued alignment with national standards and proven strategies for quality assurance and improvement requires regular review. This division provides individual assistance to stakeholders during the application process to smooth any difficulties they may encounter. During the 2011 calendar year this division recommended to the Commissioner an additional two (2) new workers’ compensation managed health care plans for approval in WV, and four (4) managed health care plans for renewal. A previously approved, yet inactive managed health care plan expired and decided not to renew.

Managed health care plans are not static and fluctuate in their business needs after their applications have been approved. This division continues to work with approved plans and assists them in the various plan and provider network changes that any health care organization experiences on a frequent basis. The regulatory review and approval systems were developed to facilitate the needs of the stakeholders. The Medical Rates and Plans Division processed 75 requests from the approved plans for amendments or modifications during this period.

<b>Year</b>	<b>Total Requests Processed</b>	<b>Requests for Amendments</b>	<b>Requests for Modifications</b>	<b>Requests Approved</b>	<b>Requests Denied</b>
2011	75	5	70	74	1

By the end of calendar year 2011, a total of fifteen (15) workers’ compensation managed health care plans were approved to operate in WV. Many providers participate in more than one network and have multiple service locations. Some networks participate in more than one MHCP.

Based on the requirements of Series 85, Rule 21 managed health care plans must report semiannually. A system was developed to standardize the plan reporting process. In addition to the medical cost data, these reports include information on the number of grievances filed with each managed health care plan and a summary of the action taken. The data collected in this system is an aggregate of the claims managed by each health care plan and experienced by multiple employers and/or carriers. The reported data is sorted by a set of disease and injury numbers called the International Classification of Disease (ICD) codes. The type of information collected includes the: number of employees and injuries treated by each code; total medical costs sorted by physician, hospital, drug and others costs; average costs per injured employee and average cost per code; along with the number of days employees were absent from work. Due to approval dates of the plans, only eleven (11) were required to report for both periods during the 2011 calendar year. The following is an aggregate of some of the reported data:

<b>Aggregate Health Plans Reporting Period</b>	<b># of Employees Treated by ICD-9 Code During the 6 month Period</b>	<b>Total Medical Cost</b>	<b># of Days Absent from Work</b>	<b>Grievances Reported</b>
January 1-June 30, 2011	30,263	\$46,489,523.56	755,253	494
July 1–December 31, 2011	27,817	\$37,794,352.49	578,349	378

A grievance reporting tool is included in the semi-annual reports that allows the approved plans to state the results of their grievance process. Each plan may determine whether their grievance process is mandatory or optional. These terms are further defined to mean: Mandatory MHCP grievance process (intent of MHCP is to have a grievance process that must be exhausted before litigation); Optional MHCP grievance process (intent of MHCP is to have a grievance process that may be exhausted before litigation). During 2011, all but one (1) of the approved MHCP's, reported mandatory grievance processes.

A Client Reporting process was developed to assist the plans in communicating client participation in the MHCP. Client reporting represents carriers, third party administrators, and self-insured employers. Regular subscriber employers are not included in this data. Aggregate participation was reported as: 80 clients and 110 sub-clients.

**Other:**

The Medical Rates and Plans Division maintains a website that encompasses their regulatory functions. This website enables stakeholders to easily access information, forms, applications and directions for their use. When appropriate, telephone callers to the division, are directed to this web site so they may have instant access to the information. This website includes a direct email inquiry for customer use. More than 100 inquiries were processed just from this source alone. In addition to answering specific managed care and medical fee schedule questions, the Medical Rates and Plans direct email inquiry address provided valuable feedback concerning the stakeholder community's satisfaction, perceptions, and opinions about the services provided by this division and assists in its oversight and process improvement initiatives. Based on this and other information, the website is reviewed and revised on a regular basis as information and responsibilities change and to improve service.

Complex data bases and spreadsheets are continually utilized to track and support various functions of this division and are reviewed and revised on a regular basis to enhance lessons learned and improve division benchmarking opportunities and functionality. The information garnered from these information systems also allows Medical Rates and Plans to provide support to other divisions within the OIC and other agencies, such as: Administrative, Legal, Medical Director, Customer Services, Claims Services, Self-Insurance, WV uniform credentialing initiative, and the Governor's Office of Health Enhancement and Lifestyle Planning.

## Office of Judges (Workers' Compensation)

The primary responsibility of the Office of Judges is to process protests from initial workers' compensation claim management decisions made by insurers or their agents. Jurisdiction of the Office of Judges commenced on July 1, 1991. Early in the history of the office, the sole responsibility was to perform judicial review of actions of the Administrative Agency, the Workers' Compensation Division. Since privatization of the workers' compensation market in 2005, the Office of Judges reviews claim management decisions from private insurance carriers, self-insured employers, as well as claim management decisions from the third party administrators, which administer the legacy claims of the former

Workers' Compensation Commission. Our goal is to resolve these protests in a fair, efficient, and timely manner.

The Office of Judges currently employs fifty-seven employees, including fourteen Administrative Law Judges. The operation is housed in two primary locations including Charleston and Beckley.<sup>2</sup> Additionally, evidentiary hearings are conducted in seven venues across the State, including Charleston, Beckley, Fairmont, Parkersburg, Wheeling, Elkins and Martinsburg.

The issues in litigation traditionally arise under Chapter 23 of the West Virginia Code, as well as Workers' Compensation Rules found in Title 85 of the Code of State Regulations. The Office of Judges is governed by procedural rules found in 93 CSR 1, Litigation of Protests, and 93 CSR 2, Time Standard Rules. Pursuant to rule, the Office of Judges establishes a deadline for the filing of evidence by the parties. The Office of Judges conducts hearings, receives and weighs evidence, as well as receives argument by the parties. At the end of the evidentiary time frame, a written decision is issued by an Administrative Law Judge.

In addition to traditional workers' compensation appeals, the Office of Judges also conducts hearings or review of other legal matters, including the following:

*Failure to Timely Act or Rule on a Claim Request:* W.Va. Code § 23-4-1c(a)(3) provides a process by which claimants may seek review by the Office of Judges when a self-insured employer, or any private insurance carrier, fails to timely rule or act upon any request or motion in a workers' compensation claim.

*Award of Attorney Fees for Unreasonable Denial of Benefits by the Insurance Carrier:*

W.Va. Code §23-2C-21(c) provides that the Office of Judges may order a self-insured employer, or any private insurance carrier, to pay reasonable attorney fees and expenses to claimants when the Office of Judges determines that the original denial of a claim or treatment request was unreasonable.

*Unconscionable Settlement Review:* In accordance with the provisions of W.Va. Code §23-5-7, the Insurance Commissioner may review any workers' compensation settlement entered into between an unrepresented claimant and their responsible insurance carrier and may declare any such settlement void if the Insurance Commissioner determines the settlement to be unconscionable pursuant to criteria set forth in 85 CSR 12. The Office of Judges has been designated as the entity to review requests for settlement review by the OIC.

---

<sup>2</sup> Due a decline in litigation, the Office of Judges closed a field office located in Fairmont, West Virginia resulting in substantial cost savings to the State.

*Workers' Compensation Default List:* An employer in default of payment of workers' compensation premiums may be liable to the Offices of the Insurance Commissioner ("OIC") for all medical and indemnity payments, administrative expenses, attorney fees and interest. The employer will remain on the default list until all payments are current and can be fined up to \$10,000.00. The Office of Judges has been designated as the entity to review final decisions by the OIC regarding placement of an Employer on the Workers' Compensation Default List. Review by the Office of Judges must be conducted in accordance with the West Virginia Administrative Procedures Act.

*Non-Workers' Compensation Matters:*

*Third Party Claims Arising under the Unfair Trade Practices Act:* Pursuant to W.Va. Code §§33-11-4a(h) and §33-2-10, the OIC receives complaints arising from alleged unfair methods of competition or unfair or deceptive acts or practices of insurance policies and insurance contracts, except workers' compensation insurance. The Office of Judges has been designated as at least one responsible entity to conduct hearings, receive evidence, briefs, memoranda or motions and issue a recommendation to the Insurance Commissioner. The Commissioner will enter a final order following the hearing. The hearing will be conducted in accordance with the West Virginia Administrative Procedures Act.

*WV Health Care Authority:*

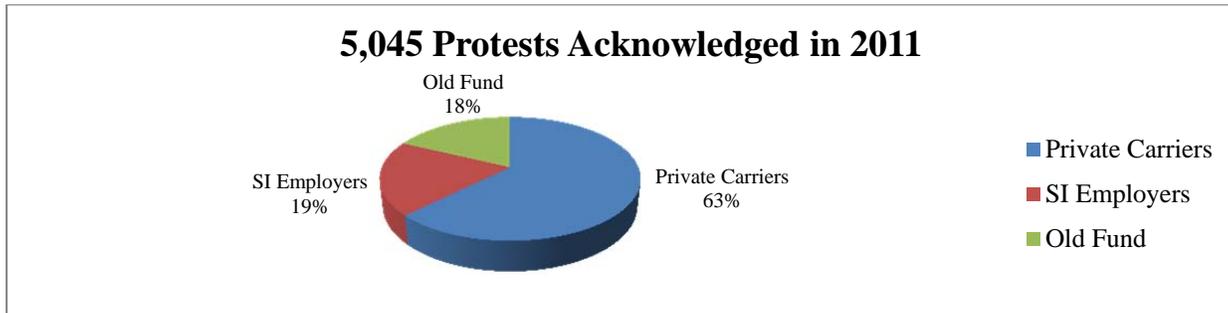

Pursuant to Executive Order No. 3-99, the Office of Judges is designated as the entity to review final decisions of the West Virginia Health Care Authority with regard to their final written decisions on matters related to certificates of need for new institutional health services and to rate setting of hospitals pursuant to West Virginia Code §16-2D-1, et seq. and §16-29B-1, et. seq. The review is conducted in accordance with the West Virginia Administrative Procedures Act.

In the wake of the statutory reforms enacted in 2003, and the onset of privatization in 2005, the volume of litigation before the Office of Judges substantially decreased over the last few years. While the volume of litigation varies at any given time, the decline in litigation appears to have reached a plateau. Recent initiatives at the Office of Judges have been aimed at adapting the operation to better serve West Virginia's newly privatized workers' compensation market, including continued improvements to our work product with regard to quality and efficiency.

The OOJ continues to work in the area of public outreach and provides a statistical report to the Workers' Compensation Industrial Council on a monthly basis, as well as provides a monthly update on litigation trends to the Workers' Compensation Committee of the West Virginia State Bar. Also in FY 2011, the Office of Judges held legal workshops in Charleston and Morgantown. These workshops are designed to provide the workers' compensation practitioner with pertinent information related to practicing before the Office of Judges, including litigation statistics, updates on the law and procedural practice pointers.

### Protests Acknowledged

In calendar year 2011, the Office of Judges acknowledged 5,045 protests. The breakdown of protests is as follows: 3,158 protests from private carrier market, 984 protests from the self-insured market and 903 protests arising from the Old Fund.

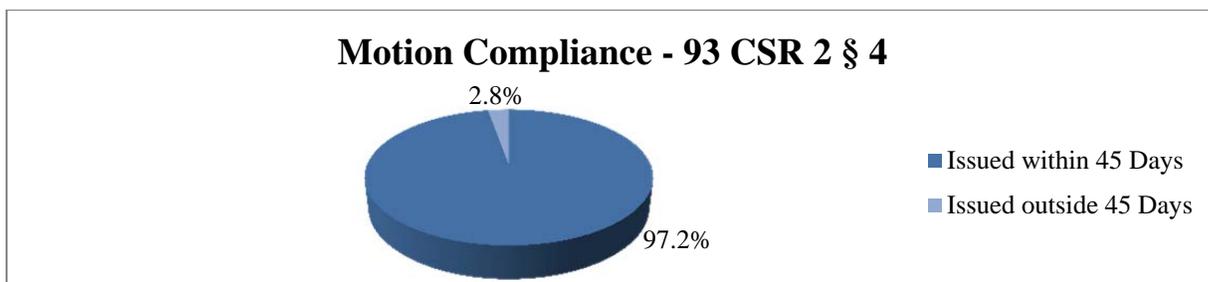

### Time Standard Compliance

Pursuant to regulation, the Office of Judges is required to process protests in a timely manner in Order that the parties to litigation may receive decisions without unreasonable delay. Additionally, on an annual basis, the Office of Judges is required to report on “the degree of compliance” with the time limitations set forth in the Rule. The following statistical analysis reflects the performance of the Office of Judge for calendar year 2011.

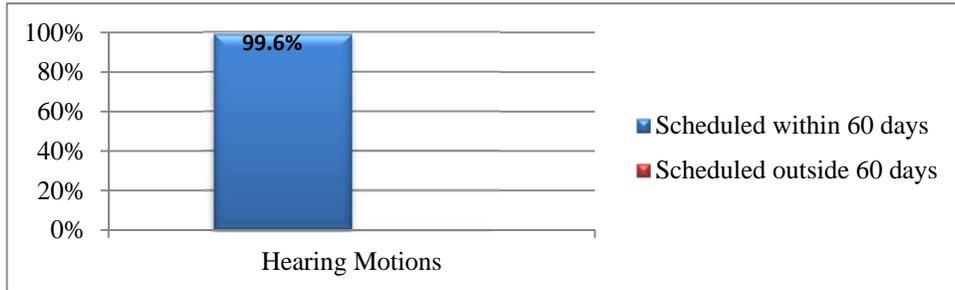

#### A. 93 CSR 2 § 4 Motions

The Rule requires the Office of Judges to act upon a motion “within 45 days of the date of submission” of the motion or on the date of the final decision, whichever is earlier. Of the 10,831 written motions ruled upon in the 2011 calendar year, **97.2%** were issued in compliance with the time standard.

### B. 93 CSR 2 § 5 Hearings

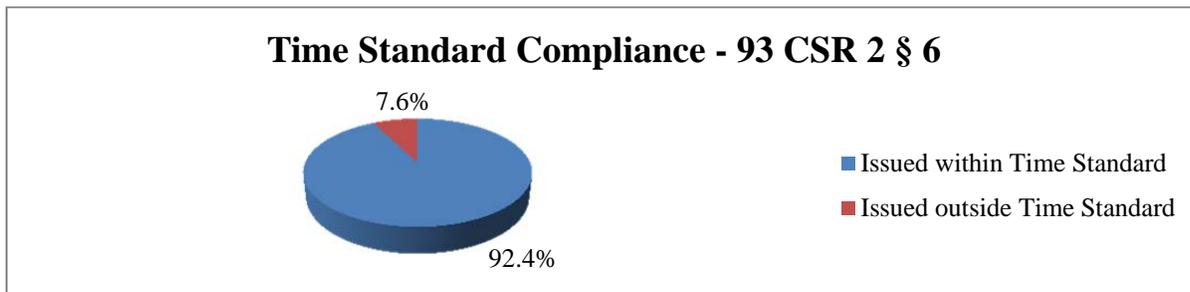

The Rule requires the Office of Judges to schedule a hearing “within 60 days from the receipt of the request for hearing.” Of the **853\*** hearings scheduled in the past calendar year, **99.6%** were scheduled in compliance with the time standard.

*\*The Office of Judges held a total of 1228 hearings in calendar year 2011 including 364 OP Board and 28 PTD hearings which are automatically set at expiration of the parties’ time frames.*

### C. 93 CSR 2 § 6 Time Standards

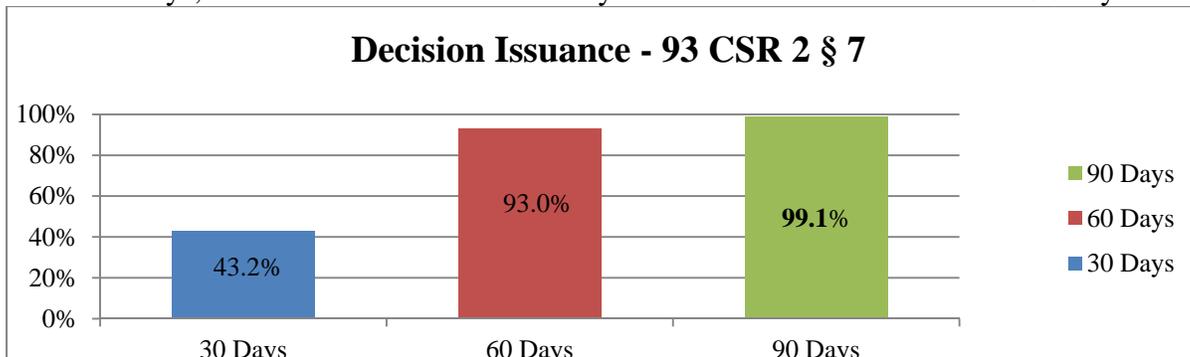

The Rule requires the Office of Judges to issue a final decision within various time limits depending upon the issue involved (measuring time from the date of receipt of the protest to issuance of the decision). Pursuant to 93 CSR 2 § 3.1 the percentage of final decisions that must be at or under the applicable time standards as provided in 93 CSR 2 § 6 is 80%. The Office of Judges issued **92.4%** of its decisions within the time standard.

*Rule requires 80% of decisions to be issued within time standard.*

### D. 93 CSR 2 § 7 Issuance of Decisions

The Rule requires the Office of Judges to issue 60% of its decisions within 30 days of the Order to Submit; 80% of its decisions within 60 days of the Order to Submit; and 100% of its decisions with 90 days of the Order to Submit. Of the 3,388 decisions issued in the past calendar year, **43.2%** were issued within 30 days, **93%** were issued within 60 days and **99.1%** were issued within 90 days of the Order to Submit.

## Rates and Forms Division

The Rates and Forms Division reviews rate, rule, form and advertising filings (proposals) submitted by the licensed insurance companies for use in our insurance markets. All personal lines, property and casualty product filings (such as for auto, workers' compensation and homeowners insurance) as well as all accident and sickness products (such as health insurance and long term care) must receive proper approval from the division before using the newly proposed forms or rates in our State. Similarly, all commercial lines, property and casualty product filings (such as commercial auto or business owners policies) and all accident sickness group association filings are also reviewed by the division within 30 days of the receipt of their filing and can be and are disapproved by the division, although those products do not require approval prior to use in our marketplace.
