Monthly Report on Lottery Operations

Month Ending November 30, 2014

DATE:

December 15, 2014

This report of the Lottery operations is provided pursuant to the State Lottery Act.

Financial statements of the Lottery for the month ending November 30, 2014 are attached. Lottery revenue, which includes on-line, instant, video lottery sales, table games, and historic resort, was \$90,455,231 for the month of November.

Transfers of lottery revenue totaling \$38,810,142 made for the month of November to the designated state agencies per Senate Bill 160, Veterans Instant Ticket Fund, Racetrack Video Lottery Act (§29-22A-10), and the Racetrack Table Games Act(§29-22C-27). The amount transferred to each agency is shown in Note 10 on pages 19 and 20 of the attached financial statements.

The number of traditional and limited retailers active as of November 30, 2014 was 1,537 and 1,415 respectively.

A listing of the names and amounts of prize winners has been provided to the Clerk of the Senate, the Clerk of the House and Legislative Services.

If any member of the Committee has questions concerning the Lottery, please call me. Also if any members of the Legislature wish to visit the Lottery offices, I would be pleased to show them our facilities and discuss the Lottery with them.

NOTE 1 - LEGISLATIVE ENACTMENT

The West Virginia Lottery (Lottery) was established by the State Lottery Act (Act) passed April 13, 1985, which created a special fund in the State Treasury designated as the "State Lottery Fund." The purpose of the Act was to establish and implement a state-operated lottery under the supervision of a state lottery commission (Commission) and a director. The Commission, consisting of seven members and the Director are appointed by the Governor. Under the Act, the Commission has certain powers and the duty to establish rules for conducting games, to select the type and number of gaming systems or games and to enter into contracts and agreements, and to do all acts necessary or incidental to the performance of its duties and exercise of its power and duty to operate the Lottery in a highly efficient manner. The Act provides that a minimum annual average of 45% of the gross amount received from each lottery shall be allocated for prizes and also provides for certain limitations on expenses necessary for operation and administration of the Lottery. To the extent available, remaining net profits are to be distributed to the State of West Virginia. As the State is able to impose its will over the Lottery, the Lottery is considered a component unit of the State and its financial statements are presented in the comprehensive annual financial report of the State as a blended proprietary fund component unit.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies of the Lottery is presented below.

BASIS OF PRESENTATION – The West Virginia Lottery is a component unit of the State of West Virginia, and is accounted for as a proprietary fund special purpose government engaged in business type activities. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments," and with accounting principles generally accepted in the United States of America, the financial statements are prepared on the accrual basis of accounting which requires recognition of revenue when earned and expenses when incurred. As permitted by Governmental Accounting Standards Board (GASB) Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," the Lottery has elected not to adopt Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989 unless the GASB specifically adopts such FASB statements or interpretations.

The Lottery is included in the State's basic financial statements as a proprietary fund and business type activity using the accrual basis of accounting. Because of the Lottery's presentation in these financial statements as a special purpose government engaged in business type activities, there may be differences in presentation of amounts reported in these financial statements and the basic financial statements of the State as a result of major fund determination.

USE OF ESTIMATES – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and develop assumptions that affect the amounts reported in the financial statements and related notes to financial statements. Actual results could differ from management's estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

LOTTERY GAME OPERATIONS – The West Virginia Lottery derives its revenues from four basic types of lottery games: instant, on-line, video type games, and table games. The Lottery develops multiple game themes and prize structures to comply with its enabling legislation, including aggregate annual minimum prize provisions. All bonded retailers and agents comprised principally of grocery and convenience stores serve as the primary distribution channel for instant and on-line lottery sales to the general public.

The Lottery has contracted with a private vendor to manufacture, distribute, and provide data processing support for instant and on-line games. Under the terms of the agreements, the Lottery pays a percentage of gross revenues or gross profits for the processing and manufacture of the games.

Revenue from instant games is recognized when game tickets are sold to the retailers, and the related prize expense is recorded based on the specific game prize structure. Instant ticket sales and related prizes do not include the value of free plays issued for the purpose of increasing the odds of winning a prize.

Sales of on-line lottery tickets are made by licensed agents to the public with the use of computerized terminals. On-line games include POWERBALL®, a multi-state "jackpot" game; HOT LOTTO®, a multi-state "lotto" game; Mega Millions®, a multi-state "jackpot" game; Cash25 "lotto" game; Daily 3 and 4 "numbers" games; and Travel, a daily "keno" game. Revenue is recognized when the agent sells the tickets to the public. Prize expense is recognized on the basis of actual drawing results.

Commissions are paid to instant game retailers and on-line agents at the rate of seven percent of gross sales. A portion of the commission not to exceed one and one quarter percent of gross sales may be paid from unclaimed prize moneys. The amount paid from unclaimed prize moneys is credited against prize costs. In addition, retailers and agents are paid limited bonus incentives that include prize shares on winning tickets they sold and a ticket cashing bonus on winning tickets they cash. On a weekly basis, retailers and agents must remit amounts due to the Lottery. Retailers may not be able to order additional instant tickets if payment has not been made for the previous billing period, while an agent's on-line terminal may be rendered inactive if payment is not received each week. No one retailer or agent accounts for a significant amount of the Lottery's sales or accounts receivable. Historically credit losses have been nominal and no allowance for doubtful accounts receivable is considered necessary.

Video lottery is a self-activated video version of lottery games which is operated by an authorized licensee. The board-operated games allow a player to place bets for the chance to be awarded credits which can either be redeemed for cash or be replayed as additional bets. The coin operated games allow a player to use coins, currency, or tokens to place bets for the chance to receive coin or token awards which may be redeemed for cash or used for replay in the coin operated games. The video lottery games' prize structures are designed to award prizes, or credits, at a stipulated rate of total bets played, and prize expense is netted against total video credits played. The Lottery recognizes as video lottery revenue "gross terminal income" equivalent to all wagers, net of related prizes. Amounts required by statute to be paid to the private and local government entities are reported as commissions. WV Lottery statutes have established specific requirements for video lottery and imposed certain restrictions limiting the licensing for operation of video lottery games to horse and dog racetracks in West Virginia (subject to local county elections permitting the same), limited licensed retailer areas restricted for adult amusement, and licensed historic resort hotels as defined by WV Code.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The legislation further stipulates the distribution of revenues from video lottery games, and requires any video lottery licensee to be responsible for acquiring the necessary equipment and bearing the risk associated with the costs of operating and marketing the games.

Table games are lotteries as each game involves consideration, the possibility of a prize, and their outcome is determined predominantly by chance, which the common law of West Virginia has long held are the three essential elements of a lottery. Table games are the exclusive intangible intellectual property of the state of West Virginia. Table games legislation has established specific requirements for table games and imposed certain restrictions limiting the licensing for operation of table games to horse and dog racetracks in West Virginia (subject to local county elections permitting the same), and licensed historic resort hotels as defined by WV Code. Each licensee as an agent of the Lottery Commission to operate West Virginia table games shall have written rules of play for each table game it operates which must be approved by the Commission. All wagers and pay-offs of winning wagers shall be made according to those rules of play. For the privilege of holding a table games license, there is levied a privilege tax of thirty-five percent of each licensee's adjusted gross receipts for the operation of West Virginia Lottery table games. Amounts required by statute to be paid to private and local government entities are reported as commissions. The legislation further stipulates the distribution of revenues from West Virginia table games, and requires any licensee to be responsible for acquiring the necessary equipment and bearing the risk associated with the costs of operating and marketing the games.

CASH AND CASH EQUIVALENTS – Cash and cash equivalents primarily consist of interest-earning deposits in an external investment pool maintained by the West Virginia Board of Treasury Investments (BTI). The BTI pool is a 2a-7 like pool carried at amortized cost which approximates fair value of the underlying securities.

INVENTORY – Inventory consists of instant game tickets available for sale to approved Lottery retailers and is carried at cost as determined by the specific identification method.

OTHER ASSETS – Other assets consist of deposits restricted for payment of certain Multi-State Lottery Association activities and prepaid expenses.

CAPITAL ASSETS – The Lottery has adopted a policy of capitalizing assets with individual amounts exceeding \$25,000. These assets include leasehold improvements and purchased equipment, comprised principally of technology property, office furnishings and equipment necessary to administer lottery games, are carried at cost. Depreciation is computed by the straight-line method using three to ten year lives.

ADVERTISING AND PROMOTIONS – The Lottery expenses the costs of advertising and promotions as they are incurred.

COMPENSATED ABSENCES – The Lottery has accrued \$573,313 and \$555,325 of at June 30, 2014 and 2013, respectively, for estimated obligations that may arise in connection with compensated absences for vacation at the current rate of employee pay. Employees fully vest in all earned but unused vacation. To the extent that accumulated sick leave is expected to be converted to benefits on termination or retirement, the Lottery participates in another postemployment benefits plan (see Note 16).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NET POSITION – Net position is presented as restricted, unrestricted and net investment in capital assets which represent the net book value of all property and equipment of the Lottery. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, restricted resources are applied first.

OPERATING REVENUES AND EXPENSES — Operating revenues and expenses for proprietary funds such as the Lottery are revenues and expenses that result from providing services and producing and delivering goods and/or services. Operating revenues for the Lottery are derived from providing various types of lottery games. Operating expenses include commissions, prize costs, other direct costs of providing lottery games, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTE 3 - CASH AND CASH EQUIVALENTS

At November 30, 2014 the carrying amounts of deposits (overdraft) with financial institutions were \$477 thousand with a bank balance (overdraft) of \$498 thousand. Of this balance \$250 thousand was covered by federal depository insurance with the remaining balance collateralized with securities held by the State of West Virginia's agent in the State's name.

A summary of the amount on deposit with the West Virginia Board of Treasury Investments (BTI) is as follows (in thousands):

	November 30,		_		June 30, 2014										
Deposits with financial institutions	\$	477		\$	473										
Cash on hand at the Treasurer's Office		18,317			21,310										
Investments with BTI reported as cash equivalents	124,258		124,258		124,258		124,258		124,258		124,258				129,326
	\$	143,052		\$	151,109										

The deposits with the BTI are part of the State of West Virginia's consolidated investment cash liquidity pool. Investment income is pro-rated to the Lottery at rates specified by the BTI based on the balance of the deposits maintained in relation to the total deposits of all state agencies participating in the pool. Such funds are available to the Lottery with overnight notice.

NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY

The Lottery is a member of the Multi-State Lottery (MUSL), which operates the semi-weekly POWERBALL® jackpot lotto game, the HOT LOTTO® game, and the MEGA MILLIONS® jackpot game on behalf of participating state lotteries. MUSL is currently comprised of 33 member state lotteries, including the District of Columbia and the United States Virgin Islands. MUSL is managed by a Board of Directors, which is comprised of the lottery directors or their designee from each of the party states. The Board of Directors' responsibilities to administer the Multi-State Lottery Powerball, Hot Lotto, and Mega Millions games are performed by advisory committees or panels staffed by officers and independent contractors appointed by the board. These officers and consultants serve at the pleasure of the board and the board prescribes their powers, duties and qualifications. The Executive Committee carries out the budgeting and financing of MUSL, while the board contracts the annual independent audit. A copy of the audit may be obtained by writing to the Multi-State Lottery Association, 1701-48th Street, Suite 210, West Des Moines, Iowa 50266-6723.

Each MUSL member sells game tickets through its agents and makes weekly wire transfers to the MUSL in an amount equivalent to the total prize pool less the amount of prizes won in each state. Lesser prizes are paid directly to the winners by each member lottery. The prize pool for POWERBALL®, HOT LOTTO® and MEGA MILLIONS® is 50% of each drawing period's sales, with minimum jackpot levels. The Lottery's revenues and expenses from MUSL games participation for the month ended November 30, 2014 and fiscal year-to-date is as follows:

NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY (continued)

Revenues	 Month	 Y-T-D
Powerball	\$ 2,691,456	\$ 13,035,494
Hot Lotto	402,054	2,404,530
Mega Millions	 1,080,426	 5,775,328
Total	\$ 4,173,936	\$ 21,215,352
Expenses (Prizes)	 Month	 Y-T-D
Powerball	\$ 1,345,863	\$ 6,518,145
Hot Lotto	201,039	1,202,298
Mega Millions	 540,257	 2,887,754
Total	\$ 2,087,159	\$ 10,608,197

MUSL places a percentage of game sales from each game in separate prize reserve funds that serve as a contingency reserve to protect the respective MUSL Product Groups from unforeseen prize liabilities. These funds can only be used at the discretion of the respective MUSL Product Group. Once the prize reserve funds exceed the designated limit, the excess becomes part of that particular prize pool. Prize reserve fund monies are refundable to MUSL Product Group members if the MUSL disbands or, after one year, if a member leaves the MUSL. The applicable sales percentage contribution as well as the reserve fund limit for the MUSL games is as follows:

	PowerBall	Hot Lotto	Mega Millions
Required Contribution (% of sales)	2%	3%	1%
Reserve Fund Cap	\$125,000,000	\$9,000,000	\$45,000,000

At November 30, 2014, the Lotteries share of the prize reserve fund balances were as follows:

Game	Total Prize Reserve	Lottery Share
Powerball	\$ 108,186,512	\$ 1,887,126
Hot Lotto	7,609,004	547,805
Mega Millions	35,730,596	561,458
Total	\$ 151,526,112	\$ 2,996,389

Lottery prize reserves held by the MUSL are invested according to a Trust agreement the Lottery has with MUSL outlining investment policies. The policies restrict investments to direct obligations of the United States Government, perfected repurchase agreements, and obligations issued or guaranteed as to payment of principal and interest by agencies or instrumentalities of the United States Government, and mutual funds of approved investments. The average portfolio maturity is never more than one year, except that up to one third

NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY (continued)

of the portfolio may have an average maturity of up to two years. The maximum maturity for any one security does not exceed five years.

The interest earned on prize reserve fund monies is used to pay MUSL operating expenses and any amounts over and above that are credited to an unreserved fund. The Lottery records this as interest when earned. This fund had a balance of \$15,551,276 at November 30, 2014, of which the Lottery's share was \$1,593,130.

NOTE 6 - RACETRACK VIDEO LOTTERY

The Racetrack Video Lottery legislation stipulates the distribution of racetrack video lottery revenues. This legislation has been amended since inception to restate revenue distribution based on revenue benchmarks and has been amended again by HB 101 as passed during the first extraordinary session of 2014. For a complete summary of the impacts of HB 101, see Note 11 titled "Summary Impact of Recent Legislation." Initially, four percent (4%) of gross terminal revenue is allocated for lottery administrative costs. For fiscal year 2014, sixty-six percent (66%) and for fiscal year 2015, fifty-seven percent (57%) of net terminal revenue (gross less 4%) is allocated in lieu of commissions as follows:

	FY 2014	FY 2015
Racetracks	46.5%	46.5%
Other private entities associated with the racing industry	17.5%	8.7%
Local county and municipal governments	2%	2%

The remaining revenues (34% for fiscal year 2014 and 42.8% for fiscal year 2015) of net terminal revenue is allocated for distribution to State as specified in the Racetrack Video Lottery Act or subsequent State budget, as described in the Note 10 titled "Nonoperating Distributions to the State of West Virginia."

The first benchmark occurs when the current year net terminal revenue meets the fiscal year 1999 net terminal revenue. The counties and incorporated municipalities split 50/50 the two percent (2%) net terminal revenue.

The second benchmark occurs when the current year gross terminal revenue meets the fiscal year 2001 gross terminal revenue. The four percent (4%) is no longer allocated for lottery administrative costs; instead the State receives this for distribution as specified by legislation or the State budget.

The final benchmark occurs when the current year net terminal revenue meets the fiscal year 2001 net terminal revenue. At this point a 10% surcharge is applied to net terminal revenue, with 58% of the surcharge allocated for distribution to the State as specified by legislation or the State budget, and 42% of the surcharge allocated to separate capital reinvestment funds for each licensed racetrack.

After deduction of the surcharge, for fiscal year 2014 and 2015 respectively, 55% and 49% of net terminal revenue is allocated in lieu of commissions as follows:

	FY 2014	FY 2015
Racetracks	42%	42%
Other private entities associated with the racing industry	11%	5%
Local county and municipal governments	2%	2%

NOTE 6 - RACETRACK VIDEO LOTTERY (continued)

The remaining net terminal revenue (45% for fiscal year 2014 and 51% for fiscal year 2015) is allocated for distribution to the State as specified in the Racetrack Video Lottery Act or subsequent State budget, as described in Note 10.

Amounts from the capital reinvestment fund may be distributed to each racetrack if qualifying expenditures are made within the statutory timeframe; otherwise amounts accumulated in the fund revert to the state excess lottery revenue fund.

The WV Lottery, along with the Ohio, Rhode Island, and Delaware lotteries, participate in Multi-Jurisdictional Wide Area Progressive (MWAP) video games. This allows each of the lotteries to offer a higher progressive jackpot than they could generate alone. MUSL manages the progressive games and charges each participant a MWAP contribution fee of .74% of the amount wagered. A summary of racetrack video lottery revenues for the month ended November 30, 2014 and fiscal year-to-date follows (in thousands):

	Current Month					Year-to	o-Date	
		2015		2014		2015		2014

Racetrack video lottery revenues	\$	18,217	\$	15,964	\$	98,659	\$	93,892

A summary of video lottery revenues paid or accrued for certain state funds to conform with the legislation follows (in thousands):

	November 30, 2014	Year-to-Date		
State Lottery Fund	\$ 12,754	\$	69,073	
State Excess Lottery Revenue Fund	5,463		29,586	
Capital Reinvestment Fund	<u> </u>			
Total nonoperating distributions	\$ 18,217	\$	98,659	

NOTE 7 - LIMITED VIDEO LOTTERY

Limited video lottery legislation passed in 2001 has established specific requirements imposing certain restrictions limiting the licensing for the operation of limited video lottery games to 9,000 terminals placed in licensed retailers. These licensed retailers must hold a qualifying permit for the sale and consumption on premises of alcohol or non-intoxicating beer. The Lottery has been charged with the administration, monitoring and regulation of these machines. The legislation further stipulates the distribution of revenues from the limited video lottery games, and requires any licensees to comply with all related rules and regulations of the Lottery in order to continue its retailer status. The Limited Video Lottery legislation

NOTE 7 - LIMITED VIDEO LOTTERY (continued)

stipulates that 2% of gross terminal income be deposited into the state lottery fund for administrative costs. Then, the state share percentage of gross profit is to be transferred to the State Excess Lottery Revenue Fund. Such percentage is between 30 and 50 percent and is subject to change on a quarterly basis. Two percent is distributed to counties and incorporated municipalities in the manner prescribed by the statute. The remaining amount of gross profit is paid to retailers and/or operators as prescribed in the Act, and is recorded as limited video lottery commissions in the financial statements. Municipal and county distributions are accounted for as nonoperating expenses.

A summary of limited video lottery revenues for the month ended November 30, 2014 and fiscal year-to-date follows (in thousands):

	Current Month			Year-to-Date				
		2015		2014		2015		2014

NOTE 8 – TABLE GAMES

Table Games legislation passed in 2007 per House Bill 2718. Table games include blackjack, roulette, craps, and various types of poker. Each racetrack licensee is subject to a privilege tax of thirty five percent (35%) of adjusted gross receipts which will be deposited weekly into the Racetrack Table Games Fund.

From the gross amounts deposited into the Racetrack Table Games Fund, the Commission, on a monthly basis shall:

Retain 3% of the adjusted gross receipts for administrative expenses of which at least \$100,000 and not more than \$500,000 annually will be transferred to the Compulsive Gambling Treatment Fund. Transfer two percent of the adjusted gross receipts from each licensed racetrack to the county commissions of the counties where racetracks with West Virginia Lottery table games are located. Transfer three percent of the adjusted gross receipts from each licensed racetrack to the governing bodies of municipalities within counties where racetracks with West Virginia Lottery table games are located as prescribed by statute. And transfer one-half of one percent of the adjusted gross receipts to the governing bodies of municipalities in which a racetrack table games licensee is located to be divided equally among the municipalities. For fiscal year 2014 and fiscal year 2015 make transfers as follows:

The Commission will distribute the remaining amounts, hereinafter referred to as the net amounts in the Racetrack Table Games Funds as follows:

- 1) Transfer four percent into a special fund to be established by the Racing Commission to be used for payment into the pension plan for all employees of each licensed racing association;
- 2) Transfer ten percent, to be divided and paid in equal shares, to each county commission in the state where table games are not located;
- 3) Transfer ten percent, to be divided and paid in equal shares, to the governing bodies of each municipality in the state where table games are not located; and
- 4) Transfer seventy-six percent to the State Debt Reduction Fund for fiscal year 2014 and to the State Excess Lottery Revenue Fund for fiscal year 2015.

The cash transferred to the State Excess Lottery Revenue Fund in the current month is included in Note 10-Nonoperating Distributions to the State of West Virginia. The table games adjusted gross receipts for the month and year ended November 30, 2014 were \$10,749,364 and \$55,965,051, respectively. The following table shows the month and year totals of the privilege tax and the accrued distributions (in thousands) to be transferred in the subsequent month:

NOTE 9 – HISTORIC RESORT HOTEL

In 2009, the Legislature passed Senate Bill 575 which permits video lottery and table games at a licensed historic resort hotel which is defined as "a resort hotel registered with the United States Department of the Interior as a national historic landmark in its National Registry of Historic Places having not fewer than five hundred guest rooms under common ownership and having substantial recreational guest amenities in addition to the gaming facility."

Historic Resort Video Lottery

According to Senate Bill 575, thirty six percent (36%) of gross terminal income is allocated to Historic Resort Hotel Fund and seventeen percent (17%) of gross terminal income is allocated to the Human Resource Benefit Fund. The remaining forty-seven percent (47%) of gross terminal income is then subject to a ten percent (10%) surcharge which is allocated to separate capital reinvestment funds for each licensed historic resort hotel. The remaining forty-two and three-tenths percent (42.3%) of gross terminal income is retained by the historic resort hotel.

The WV Lottery, along with the Ohio, Rhode Island, and Delaware lotteries, participate in Multi-Jurisdictional Wide Area Progressive (MWAP) video games. This allows each of the lotteries to offer a higher progressive jackpot than they could generate alone. MUSL manages the progressive games and charges each participant a MWAP contribution fee of .75% of the amount wagered. A summary of historic resort hotel video lottery revenues for the month ended November 30, 2014 and fiscal year-to-date follows (in thousands):

NOTE 10- NONOPERATING DISTRIBUTIONS TO THE STATE OF WEST VIRGINIA

The Lottery periodically distributes surplus funds, exclusive of amounts incurred and derived from limited video lottery and a portion of racetrack video lottery funds, to the State of West Virginia in accordance with the legislation. For the year ending June 30, 2015 the State Legislature budgeted \$136,411,350 of estimated profits of the Lottery for distributions to designated special revenue accounts of the State of West Virginia. With regard to the State Lottery Fund, legislation stipulates that debt service payments be given a priority over all other transfers in instances where estimated profits are not sufficient to provide for payment of all appropriated distributions. Debt service payments of \$1,800,000, \$1,000,000, and \$500,000 per month for the first ten months of each fiscal year currently have such priority. Transfers made pursuant to the State Excess Lottery Revenue Fund have similar requirements; currently payments are \$5,300,000 per month for the first ten months of each fiscal year. In addition, Legislation provides that, if in any month, there is a shortage of funds in the State Excess Lottery Revenue Fund to make debt service payments, the necessary amount shall be transferred from the State Lottery Fund to cover such shortfall, after the State Lottery Fund debt service payments have been made. Repayments to the State Lottery Fund are required to be made in subsequent months as funds become available. For the month ended November 30, 2014 the Lottery has accrued additional distributions of \$115,126,149. The Lottery is a non-appropriated state agency and therefore does not have a budget adopted by the Legislature.

A summary of the cash distributions made to certain state agencies to conform to the legislation follows (in thousands):

NOTE 11 – SUMMARY IMPACT OF RECENT LEGISLATION

The West Virginia Legislature enacted House Bill 101 during the First Extraordinary Session of 2014 which affected the State Excess Lottery Revenue Fund. House Bill 101 created a mechanism by which revenues that were previously transferred pursuant to statutory direction and distributed to certain entities prior to being deposited to either the State Lottery Fund or the State Excess Lottery Revenue Fund will now be deposited directly to the State Excess Lottery Revenue Fund. This new deposit of funds represents additional deposits of: (i) certain video lottery net terminal income (see Note 6) and table games adjusted gross receipts (Note 8) from the four racetrack casinos; and (ii) certain gross terminal income and certain net income from the Greenbrier Casino (Note 9). The impact of House Bill 101 has the effect of reducing commissions as defined in Note 2 and increasing nonoperating income (expense) Distributions to the State of West Virginia.

The impact (in thousands) for the month ended November 30, 2014 to the Statement of Revenues, Expenses, and Changes in Fund Net Positions is summarized as follows:

	Pre HB 101	As Stated	Difference

NOTE 12 – LEASES

The Lottery leases, under a cancelable operating lease, its office and warehouse facilities. The Lottery also leases various office equipment under agreements considered to be cancelable operating leases. Rental expense for the fiscal year-to-date ended November 30, 2014 and November 30, 2013 approximated \$119,117 and \$122,307 respectively.

The Lottery leases office space under the terms of a non-cancellable operating lease to various tenants. Rental revenues for the fiscal year-to-date ended November 30, 2014 and November 30, 2013 approximated \$431,489 and \$583,112 respectively.

NOTE 13 – RESTRICTED NET POSITION

On June 14, 2006, House Bill 106 was enacted by the West Virginia State Legislature to set aside unexpended administrative expenses of the Lottery up to the limits for such expenses established by the enabling legislation of traditional, racetrack video lottery, and limited video lottery games in an amount not to exceed \$20,000,000 beginning in fiscal year 2006 and each year through fiscal year 2012. These assets are to be set aside for the design and construction of a building for the use of the Lottery and certain other State of West Virginia governmental entities. Contributions to the fund for fiscal years ending June 30, 2014 and June 30, 2013 were as follows:

	June 30, 2014		June 30, 2013		
Beginning balance Additions	\$	1,640	\$	1,690	
Legislative Appropriations					
Deductions					
Asset acquistion		(243)		(50)	
Surplus of excess funds					
Ending balance	\$	1,397	\$	1,640	

NOTE 14 – COMMITMENTS

For the years ended June 30, 2014 and 2013 the Lottery Commission has not designated any unexpended administrative funds for the acquisition of capital assets. As of June 30, 2014 and 2013, \$7,653,177 and \$2,003,028, respectively, are included in unrestricted net position and net investment in capital assets for this purpose.

NOTE 15 - RETIREMENT BENEFITS

All full-time Lottery employees are eligible to participate in the State of West Virginia Public Employees' Retirement System (PERS), a cost-sharing multiple-employer defined benefit public employee retirement system. The PERS is one of several plans administered by the West Virginia Consolidated Public Retirement (CPRB) under the direction of its Board of Trustees, which consists of the Governor, State Auditor, State Treasurer, Secretary of the Department of Administration, and nine members appointed by the Governor. CPRB prepares separately issued financial statements covering all retirement systems it administers, which can be obtained from Consolidated Public Retirement Board, 4101 MacCorkle Ave. S.E., Charleston, West Virginia 25304-1636.

Employees who retire at or after age sixty with five or more years of contributory service or who retire at or after age fifty-five and have completed twenty-five years of credited service with age and credited service equal to eighty or greater are eligible for retirement benefits as established by State statute. Retirement

NOTE 15 - RETIREMENT BENEFITS (continued)

benefits are payable monthly for life, in the form of a straight-line annuity equal to two percent of the employee's average annual salary from the highest 36 consecutive months within the last 10 years of employment, multiplied by the number of years of the employee's credited service at the time of retirement.

Covered employees are required to contribute 4.5% of their salary to the PERS. The Lottery is required to contribute 14.5% of covered employees' salaries to the PERS. The required employee and employer contribution percentages have been established and changed from time to time by action of the State Legislature. The required contributions are not actuarially determined; however, actuarial valuations are performed to assist the Legislature in determining appropriate contributions. The Lottery and employee contributions, for the month ending November 30, 2014 and fiscal year-to-date are as follows (in thousands):

	November 30, 2014		Year-to-Date		
Lottery contributions	\$	87	\$	453	
Employee contributions		28		144	
Total contributions	\$	115	\$	597	

NOTE 16 - RISK MANAGEMENT

The Lottery is exposed to various risks of loss related to torts; theft of, or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Lottery participates in several risk management programs administered by the State of West Virginia. Each of these risk pools has issued separate audited financial reports on their operations. Those reports include the required supplementary information concerning the reconciliation of claims liabilities by type of contract and ten-year claim development information. Complete financial statements of the individual insurance enterprise funds can be obtained directly from their respective administrative offices.

WORKERS' COMPENSATION INSURANCE

The Lottery carries workers compensation insurance coverage through a commercial insurance carrier. The commercial insurance carrier is paid a monthly rated premium to provide compensation for injuries sustained in the course of employment.

PUBLIC EMPLOYEES' INSURANCE AGENCY (PEIA)

The Lottery participates in the Public Employees' Insurance Agency which provides an employee benefit insurance program to employees. PEIA was established by the State of West Virginia for State agencies, institutions of higher education, Boards of Education and component units of the State. In addition, local governmental entities and certain charitable and public service organizations may request to be covered by PEIA. PEIA provides a base employee benefit insurance program which includes hospital, surgical, major medical, prescription drug and basic life and accidental death. Underwriting and rate setting policies are established by PEIA. The cost of all coverage as determined by PEIA shall be paid by the participants. Premiums are established by PEIA and are paid monthly, and are dependent upon, among other things, coverage required, number of dependents, state vs. non state employees and active employees vs. retired employees and level of compensation. Coverage under these programs is limited to \$1 million lifetime for health and \$10,000 of life insurance coverage.

NOTE 16 - RISK MANAGEMENT (continued)

The PEIA risk pool retains all risks for the health and prescription features of its indemnity plan. PEIA has fully transferred the risks of coverage to the Managed Care Organization (MCO) Plan to the plan provider, and has transferred the risks of the life insurance coverage to a third party insurer. PEIA presently charges equivalent premiums for participants in either the indemnity plan or the MCO Plan. Altogether, PEIA insures approximately 205,000 individuals, including participants and dependents.

BOARD OF RISK AND INSURANCE MANAGEMENT (BRIM)

The Lottery participates in the West Virginia Board of Risk and Insurance Management (BRIM), a common risk pool currently operating as a common risk management and insurance program for all State agencies, component units, and other local governmental agencies who wish to participate. The Lottery pays an annual premium to BRIM for its general insurance coverage. Fund underwriting and rate setting policies are established by BRIM. The cost of all coverage as determined by BRIM shall be paid by the participants. The BRIM risk pool retains the risk of the first \$1 million per property event and purchases excess insurance on losses above that level. Excess coverage, through an outside insurer under this program is limited to \$200 million per event, subject to limits on certain property. BRIM has \$1 million per occurrence coverage maximum on all third-party liability claims.

NOTE 17- OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The Lottery participates in the West Virginia Other Postemployment Benefits Plan (OPEB Plan) of the West Virginia Retiree Health Benefit Trust Fund (Trust), a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the West Virginia Public Employee Insurance Agency (WVPEIA). The OPEB Plan provides retiree post-employment health care benefits for participating state and local government employers. The provisions of the Code of West Virginia, 1931, as amended (the Code), assigns the authority to establish and amend benefit provisions to the WVPEIA board of trustees. The WVPEIA issues a publicly available financial report that includes financial statements and required supplementary information for the OPEB Plan. That report may be obtained by writing to Public Employees Insurance Agency, 601 57th Street, South East, Suite 2, Charleston, West Virginia, or by calling 1-888-680-7342.

Funding Policy

The Code requires the OPEB Plan bill the participating employers 100% of the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. State of West Virginia plan employers are billed per active health policy per month.

The ARC rate is \$270 and \$257 per employee per month for the years ending June 30, 2014 and 2013 respectively. Through June 30, 2014 and 2013, the Lottery has paid premiums of \$291,750 and \$332,615. As of June 30, 2014 and 2013, the Lottery has recorded a liability of \$4,318,481 and \$4,188,445 on its balance sheet for OPEB.
