Honorable Members of the Board
Public Defender Corporation
For the Eighth Judicial Circuit
P.O. Box 1002

Welch, WV 24801-1002

Attention: Floyd A. Anderson, Chief Defender

This letter is to explain our understanding of the arrangements for the services we are to perform for Public Defender Corporation for the Eighth Judicial Circuit for the year ended June 30, 2010. We ask that you either confirm or amend this understanding.

Audit Services

We will perform an audit of Public Defender Corporation for the Eighth Judicial Circuit's financial statements as of and for the year ended June 30, 2010. We understand that the financial statements will be prepared in accordance with accounting principles generally accepted in the United States of America. The objective of an audit of financial statements is to express an opinion on those statements.

We will conduct the audit in accordance with auditing standards generally accepted in the United States of America; *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement whether caused by error or fraud. Accordingly, a material misstatement may remain undetected. Also, an audit is not designed to detect errors or fraud that are immaterial to the financial statements. The determination of abuse is subjective; therefore, *Government Auditing Standards* do not expect us to provide reasonable assurance of detecting abuse.

An audit of financial statements also includes obtaining an understanding of the entity and its environment, including its internal control, sufficient to assess the risks of material misstatement of the financial statements, and to design the nature, timing, and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, we will communicate to management and the governing board any significant deficiencies or material weaknesses that become known to us during the course of the audit.

We will also communicate to the governing board (a) any fraud involving senior management and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements, (b) any fraud, illegal acts, violations of provisions of contracts or grant agreements and abuse that come to our attention (unless they are clearly inconsequential), (c) any disagreements with management and other serious difficulties encountered in performing the audit, and (d) various matters related to the entity's accounting policies and financial statements.

Our report(s) on internal control will include any significant deficiencies and material weaknesses in controls of which we become aware as a result of obtaining an understanding of internal control and performing tests of internal control consistent with requirements of the standards and circulars identified above. Our report(s) on compliance will address material errors, fraud, abuse, violations of compliance requirements, and other responsibilities imposed by state and federal statutes and regulations and assumed by contracts; and any state or federal grant, entitlement of loan program questioned costs of which we become aware, consistent with requirements of the standards and circulars identified above.

Public Defender Corporation for the Eighth Judicial Circuit's Responsibilities

Management is responsible for the financial statements, including the selection and application of accounting policies, adjusting the financial statements to correct material misstatements, and for making all financial records and related information available to us. Management is responsible for providing us with a written management representation letter confirming certain representations made during the course of our audit of the financial statements and affirming to us that it believes the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole and to the opinion units of the financial statements.

Management is responsible for establishing and maintaining effective internal control over financial reporting and for informing us of all significant deficiencies and material weaknesses in the design or operation of such controls of which it has knowledge.

Management is responsible for identifying and ensuring that the entity complies with the laws and regulations applicable to its activities, and for informing us about all known material violations of such laws or regulations. In addition, management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the entity involving management employees who have significant roles in internal control and others where the fraud could have a material effect on the financial statements. Management is also responsible for informing us of its knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, analysts, regulators, short sellers, or others.

Management is also responsible for 1) making us aware of significant vendor relationships where the vendor is responsible for program compliance, 2) following up and taking corrective action on audit findings, including the preparation of a summary schedule of prior audit findings, and a corrective action plan, and 3) report distribution including submitting the reporting package(s).

The governing board is responsible for informing us of its views about the risks of fraud within the entity, and its knowledge of any fraud or suspected fraud affecting the entity.

Public Defender Corporation for the Eighth Judicial Circuit agrees that our report on the financial statements will not to be included in an official statement or other document involved with the sale of debt instruments without our prior consent. Additionally, if Public Defender Corporation for the Eighth Judicial Circuit intends to publish or otherwise reproduce the financial statements and/or make reference to us or our audit, Public Defender Corporation for the Eighth Judicial Circuit agrees to provide us with printer's proofs or a masters for our review and consent before reproduction and/or release occurs. You also agree to provide us with a copy of the final reproduced material for our consent before it is distributed or released. Our fees for any additional services that may be required under our quality assurance system as a result of the above will be established with you at the time such services are determined to be necessary. In the event our auditor/client relationship has been terminated when the Organization seeks such consent, we will be under no obligation to grant such consent or approval.

Our professional standards require that we perform certain additional procedures, on current and previous years' engagements, whenever a partner or professional employee leaves the firm and is subsequently employed by or associated with a client. Accordingly, Public Defender Corporation for the Eighth Judicial Circuit agrees it will compensate Suttle & Stalnaker, PLLC for any additional costs incurred as a result of the employment of a partner or professional employee of Suttle & Stalnaker, PLLC.

During the course of our engagement, we may accumulate records containing data which should be reflected in your books and records. You will determine that all such data, if necessary, will be so reflected. Accordingly, you will not expect us to maintain copies of such records in our possession.

The assistance to be supplied by organization personnel, including the preparation of schedules and analyses of accounts, will be discussed at a later date. The timely and accurate completion of this work is an essential condition to our completion of the audit and issuance of our audit report.

Other Terms of our Engagement

Because Suttle & Stalnaker, PLLC will rely on the Public Defender Corporation for the Eighth Judicial Circuit and its management and audit committee to discharge the forgoing responsibilities, the Public Defender Corporation for the Eighth Judicial Circuit holds harmless and releases Suttle & Stalnaker, PLLC, its partners, and employees from all claims, liabilities, losses, and costs arising in circumstances where there has been a knowing misrepresentation by a member of the Public Defender Corporation for the Eighth Judicial Circuit's management which has caused, in any respect, Suttle & Stalnaker, PLLC breach of contract or negligence. This provision shall survive the termination of this arrangement for services.

The working papers for this engagement are the property of Suttle & Stalnaker, PLLC. However, you acknowledge and grant your assent that representatives of the cognizant or oversight agency or their designee, other government audit staffs, and the U.S. Government Accountability Office shall have access to the audit working papers upon their request; and that we shall maintain the working papers for a period of at least three years after the date of the report, or for a longer period if we are requested to do so by the cognizant or oversight agency. Access to requested working papers will be provided under the supervision of Suttle & Stalnaker, PLLC audit personnel and at a location designated by our Firm.

In the event we are requested or authorized by Public Defender Corporation for the Eighth Judicial Circuit or are required by government regulation, subpoena, or other legal process to produce our documents or our personnel as witnesses with respect to our engagements for Public Defender Corporation for the Eighth Judicial Circuit, Public Defender Corporation for the Eighth Judicial Circuit will, so long as we are not a party to the proceeding in which the information is sought, reimburse us for our professional time and expenses, as well as the fees and expenses of our counsel, incurred in responding to such requests.

From time to time and depending upon the circumstances, we may use third-party service providers to assist us in providing professional services to you. In such circumstances, it may be necessary for us to disclose confidential client information to them. We enter into confidentiality agreements with all third-party service providers and we are satisfied that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others.

If circumstances arise relating to the conditions of your records, the availability of appropriate audit evidence, or indications of a significant risk of material misstatement of the financial statements because of error, fraudulent financial reporting, misappropriation of assets, or noncompliance which in our professional judgment prevent us from completing the audit or forming an opinion, we retain the unilateral right to take any course of action permitted by professional standards, including declining to express an opinion or issue a report, or withdrawal from the engagement.

Any claim arising out of services rendered pursuant to this agreement shall be resolved in accordance with the laws of West Virginia. It is agreed by Public Defender Corporation for the Eighth Judicial Circuit and Suttle & Stalnaker, PLLC or any successors in interest that no claim arising out of services rendered pursuant to this agreement by or on behalf of Public Defender Corporation for the Eighth Judicial Circuit shall be asserted more than two years after the date of the last audit report issued by Suttle & Stalnaker, PLLC.

If any dispute arises among the parties hereto, the parties agree first to try in good faith to settle the dispute by mediation administered by the American Arbitration Association or other association under Rules for Professional Accounting and Related Services Disputes before resorting to litigation. Costs of any mediation proceeding shall be shared equally by all parties.

We will assist in drafting the Organization's financial statements and propose adjustments to the trial balance and update depreciation schedules which will be reviewed and approved by management. The draft and the adjustments and the depreciation schedules are the responsibility of management.

The two overarching principles of the independence standards of the *Government Auditing Standards* issued by the Comptroller General of the United States provide that management is responsible for the substantive outcomes of the work and, therefore, has a responsibility and is able to make any informed judgment on the results of the services described above. Accordingly, Public Defender Corporation for the Eighth Judicial Circuit agrees to the following:

1. Floyd A. Anderson, Chief Defender, will be accountable and responsible for overseeing the draft of the financial statements and trial balance adjustments (and updates to the fixed assets software).

4. Public Defender Corporation for the Eighth Judicial Circuit will evaluate the adequacy of services performed and any findings that result.

In accordance with *Government Auditing Standards*, a copy of our most recent peer review report is attached.

To the Members
Suttle & Stalnaker, PLLC

We have reviewed the system of quality control for the accounting and auditing practice of Suttle & Stalnaker, PLLC (the firm) in effect for the year ended May 31, 2008. A system of quality control encompasses the firm's organizational structure, the policies adopted and the procedures established to provide it with reasonable assurance of conforming with professional standards. The elements of quality control are described in the Statements on Quality Control Standards issued by the American Institute of CPAs (AICPA). The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of conforming with professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance with its system of quality control based on our review.

Our review was conducted in accordance with standards established by the Peer Review Board of the AICPA. During our review, we read required representations from the firm, interviewed firm personnel and obtained an understanding of the nature of the firm's accounting and auditing practice, and the design of the firm's system of quality control sufficient to assess the risks implicit in its practice. Based on our assessments, we selected engagements and administrative files to test for conformity with professional standards and compliance with the firm's system of quality control. The engagements selected represented a reasonable cross-section of the firm's accounting and auditing practice with emphasis on higher-risk engagements. The engagements selected included among others, audits of Employee Benefit Plans and engagements performed under *Government Auditing Standards*. Prior to concluding the review, we reassessed the adequacy of the scope of the peer review procedures and met with firm management to discuss the results of our review. We believe that the procedures we performed provide a reasonable basis for our opinion.

In performing our review, we obtained an understanding of the system of quality control for the firm's accounting and auditing practice. In addition, we tested compliance with the firm's quality control policies and procedures to the extent we considered appropriate. These tests covered the application of the firm's policies and procedures on selected engagements. Our review was based on selected tests; therefore it would not necessarily detect all weaknesses in the system of quality control or all instances of noncompliance with it. There are inherent limitations in the effectiveness of any system of quality

control and therefore noncompliance with the system of quality control may occur and not be detected. Projection of any evaluation of a system of quality control may become inadequate because of changes in conditions, or because the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the system of quality control for the accounting and auditing practice of Suttle & Stalnaker, PLLC in effect for the year ended May 31, 2008, has been designed to meet the requirements of the quality control standards for an accounting and auditing practice established by the AICPA and was complied with during the year then ended to provide the firm with reasonable assurance of conforming with professional standards.

INTERNAL CONTROL LETTER

September 1, 2010

Honorable Members of the Board
Public Defender Corporation for the Eighth Judicial Circuit
Welch, West Virginia

In planning and performing with our audit of the financial statements of the Public Defender Corporation for the Eighth Judicial Circuit (the Corporation) as of and for the year ended June 30, 2010, in accordance with auditing standards generally accepted in the United States of America, and *Government Auditing Standards* issued by the Comptroller General of the United States, we considered the Corporation's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

The following are other comments and recommendations, determined not to be a material weakness, significant deficiency or a control deficiency, but are considered a comment worthy of reporting to management.

Budgets

During our comparison of actual expenses to budgeted amounts established by the West Virginia Public Defender Services, we noted the following exceeded their budgeted amounts:

<u>Account</u>	<u>Budget</u>	<u>Actual</u>	<u>Over Budget</u>
Legal Services	\$ 7,500	\$ 10,810	\$ 3,310
Continuing legal ed	2,000	2,062	62

We recommend that if the Corporation finds it necessary to spend more than budgeted in any line item, that the correct procedures be used to obtain a line item transfer from the West Virginia Public Defender Services.
