**2010 ANNUAL REPORT OVERVIEW**

The West Virginia Board of Pharmacy had a very successful 2010 annual year. It continued its success of inspecting all pharmacies on a semi-annual basis, and made every effort to comply with its other mandated responsibilities. In addition, as the Board has seen a significant increase in the number of disciplinary cases filed each year since 2007 (averaging about 45 cases a year before 2007, and averaging almost 80 per year from 2007-2009, and currently over 90 cases in 2010, the Board made significant strides to close a large number of board-generated and complaint-generated disciplinary cases. Additionally, the Board has continued to handle an increased volume of license, registration, and permit applications/renewals, while modifying some practices with testing schedules to accommodate the timelines for out-of-state residents starting residency programs and establishing special test dates for applicants that fall in between regular testing cycles.

Financially, the Board remains on solid footing. While the balance of funds on-hand appears to have dipped, it is credited to the fact that the Board was successful in its search for a permanent Board location, acquiring a building on Kanawha Boulevard, Charleston, West Virginia, closer to the Capitol, to house the Board's offices. The Board is currently going through the process to undertake remodeling and renovations to the building and to create on-site parking. When completed, even offsetting costs in future budgets for maintenance and such, it will alleviate the annual burden of significant rental expenses for office space and parking which the Board currently incurs, freeing up some room going forward in the annual budget, all the while being balanced out by the real property asset held by the Board.

Perhaps most importantly, the Board continued to be active in assisting the Legislature with legislation involving the problem of drug diversion in this and the surrounding States, and has promulgated rules revisions now pending before the Legislature to further the legislation passed during the 2009 Regular Session to attack certain aspects of the problem. These include enhancements to the Controlled Substances Monitoring Program database and working towards creating an Official Prescription Paper Program for the State, styled after the successful program implemented by the State of New York.

The Board has been very active in its mission to protect the public health, safety, and welfare, and looks forward to another busy year in 2011.

## MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

### MORGANTOWN, WEST VIRGINIA JUNE 14-15, 2009

The Board convened at the Marriott Residence Inn in Morgantown, West Virginia, at 5:00 P.M. on Sunday, June 14, 2009, with President George Karos presiding.

Present with Mr. Karos were the following Board members: Mrs. Lydia Main, Vice-President, Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Jr., Mr. Martin Castleberry, and Mr. Sam Kapourales. Board member Rebekah Hoti Cookman was unable to be present for this meeting.

Also present were David E. Potters, Executive Director and General Counsel; the Board Inspectors: Irvin VanMieter, Thomas Dave Gerkin, Arlie Winters, and Charles "Buck" Selby; and Board Investigator Fred Wagoner. Assistant Executive Director, Betty Jo Payne was unable to be present for the meeting.

President George Karos stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also made available through the Office.

Mrs. Lydia Main made the motion to approve the March 8-9, 2009, Board minutes. Mr. Jody Hedrick seconded. Motion carried.

Motion was made by Mr. Carl Hedrick to go into Executive Session to receive the Complaint Committee report and discuss the individual cases, and to discuss employee matters including wages and staffing. Motion was seconded by Mr. Martin Castleberry. Motion carried. NOTE: The Board Inspectors and the Investigator were left the room during the discussion of employee issues.

Following discussion of the Complaint Committee report and employee issues, Mr. Karos declared the Board out of Executive Session with no official action taken.

The Complaint Committee report addressed nineteen separate cases. Lydia Main made a motion to accept the Complaint Committee report and the recommendations of the Committee with regard to propose discipline and disposition of the cases as presented. The motion was seconded by Jody Hedrick. Motion carried.

Discussion was then held concerning issues which frequently appear through the Complaint Committee regarding thefts of controlled substances and other abused drugs by pharmacy staff, with much of it focused on pharmacy technicians and pharmacy technician trainees, as reported to the Board through DEA-106 Reports. Mr. Karos lead discussion regarding the following:

1. Perusing the consolation of data regarding penalties which have been handed down to PT and PTT's in the past, and to examine the penalties and whether the penalties have been effective, including whether or not fines and costs need to be added or increased;
2. Conducting a meeting with the State Police to discuss these issues surrounding PT and PTT thefts and their prosecution;
3. Perusing changes to regulations to specifically require perpetual inventories of specific controlled substances outside of scheduled two which seemed to be targets by individuals diverting controlled drugs from the pharmacy, such as hydrocodone, to increase the level of required actions to prevent diversion.

Motion was made by Lydia Main to move forward with all three points as related directly above, including pursuing the update of PT penalties, pursuing meeting with the State Police, and pursuing changes in the regulations for the requirements of perpetual inventories. Motion was seconded by Jody Hedrick. Motion carried.

Next, discussion was held regarding the employee issues taken up in Executive Session. With regard to employee wages, the Board recognizes the Governor's desire to freeze salaries during these difficult economic times. Therefore, although the Board has authority to provide raises to its staff as a chapter 30 Board, the Board will respect the Governor's wishes and hold salaries at their present level. Next, the Board has authorized Mr. Potters to explore creating a fifth Inspector position due to the increase in number of pharmacies in certain territories. If a fifth inspector is hired, that will allow redistricting the territories for the inspectors, to even out the distances traveled and the number pharmacies and other facilities they inspect.

Finally, Mr. Potters reported that the two part time staff that had been hired for the renewal season during the summer, Emily Carpenter and Cortney Stenger, have been great assets to the Board, and Mr. Potters wished to recognize them directly before the Board for their efforts thus far over the course of the summer.

Mrs. Lydia Main made the Motion to **continue** the Board meeting, until 8:30 A.M. at West Virginia University School of Pharmacy Monday, June 15, 2009, in the Dean's Conference Room, as

noticed. Charles Woolcock seconded. Motion carried.

The Board Meeting **continued** on Monday June 15, 2009 at 8:30 A.M. at the West Virginia University School of Pharmacy in the Dean's Conference Room with President George Karos presiding.

Present with Mr. Karos were the following Board members: Mrs. Lydia Main, Vice-President, Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Jr., Mr. Martin Castleberry, and Mr. Sam Kapourales. Board member Rebekah Hott Cookman attended a portion of the meeting via telephone.

Also present were David E. Potters, Executive Director and General Counsel; the Board Inspectors: Irvin VanMeter, Thomas Dave Gerkin, Arlie Winters, and Charles "Buck" Selby; and Board Investigator Fred Wagoner. Assistant Executive Director, Betty Jo Payne was unable to be present for the meeting.

Mr. Potters addressed the Board regarding the request from Lynnette Bunyan, RPh, of the Medicine Shoppe, Huntington, West Virginia, to extend the two year time period for PTT Cody Hanley to complete the 2,080 hour training requirement for becoming a Registered Pharmacy Technician. The Medicine Shoppe detailed that Mr. Hanley began as a full time high school student doing clinical rotation in 2007, but then became a full time student at Marshall University in August 2007. During the course of his training thus far Mr. Hanley has worked a total of 908.75 hours. Then between August and September, 2008, he had a medical condition with complications which required him to be hospitalized. Therefore they are requesting that he be allowed additional time to complete his training hours. The Board has granted exceptions in the past due to unforeseen health conditions or other health related recognized leave. Motion was made by Lydia Main to grant an extension until August, 2010, for Mr. Hanley to complete his required hours. This would reflect a 1 year extension from the date he entered school as a student at Marshall University. Motion seconded by Jody Hedrick. Motion carried.

Next, Mr. Potters addressed the Board regarding a request from Tammy Davison, RPh, of Reed's Pharmacy, in Berkley Springs, West Virginia seeking an extension for PTT Samantha Zahnow to complete the 2,080 training requirement for her to become a Registered Technician. The request indicates that Ms. Zahnow began working the pharmacy as a high school student in 2006 and is currently a WVU student seeking a career in a health profession yet to be decided. However, the Board records indicate her start date as a PTT was November 1, 2005. Therefore, it has been more than 3 ½ years since she began as a PTT. Further, the request indicates that she has only worked on some weekends and some holidays, as well as part time during the summers. Due to the excessive amount of time she has spent as a PTT (more than 1 ½ beyond the 2 year period), a motion was made by Sam Kapourales to deny the request. Seconded by Charles Woolcock. Motion carried.

Next, Mr. Potters address the request by Linda Williams of Rite Aid Pharmacy No. 972 seeking an extension of the time period for PTT Ashley Cunningham to complete her 2,080 training

requirement to become a registered Pharmacy Technician. As detailed in the request, Ms. Cunningham has worked a total of 39 weeks and currently has 912 hours completed. However, she has been off work due to a medical condition for 24 weeks. The copy of the doctor excuse was provided detailing Ms. Cunningham's inability to work for the period. Therefore, they are seeking a 24 week extension until September, 2010 for Ms. Cunningham to complete the hours requirement. Given the health care condition, motion was made by Lydia Main to grant the 24 week extension. Seconded by Jody Hedrick. Motion carried.

Mr. Potters then addressed the Board regarding a letter received from David Edwards, DDS, President of the West Virginia Board of Dental Examiners, requesting that the Board of Pharmacy enter into an informal partnership with the Dental Board to explore issues of drug diversion, including "overprescribing, mis-prescribing, and drug diversion of every type", including any strategies the Boards may take together to address the issue with our licensees. Mr. Potters indicated that he would contact the Board of Dental Examiners to engage in any work that the Boards can do together, and would move forward with those discussions.

Mr. Potters then addressed the Board regarding a request received from ScriptPro seeking the Boards approval of its use of "ScriptPro's ST Central Telepharmacy", including its "SP Central Workflow" which is a component of their system. In essence, ScriptPro is seeking to allow pharmacists to "remotely supervise" pharmacy services at remote locations, do remote inspection and verifications of prescriptions, and use audio/video connections to counsel/educate patients. Currently the Board regulations permit remote processing of orders (which amounts to work-flow balancing), so long as the pharmacists involved are properly licensed West Virginia pharmacists, and the prescription is actually filled, checked, and dispensed at the pharmacy at which the prescription is received. The Board does not permit central fill or remote dispensing, however. In addition, counseling must be offered at the site where the prescription is filled and must be done by the pharmacist on duty. Therefore, ScriptPro will be permitted to do the remote processing of the order, but will not be permitted to do "remote supervision" or counseling via audio/video conferencing at this time. With regard to this issue, motion was made by Jody Hedrick to direct Mr. Potters to gather information regarding remote processing, audio/video counseling of patients, and other related issues for the Board to determine whether to take up drafting or revising its rules in this area. Motion was seconded by Lydia Main. Motion carried.

Mr. Potters then addressed the Board regarding a letter request received from a Nancy A. Bukar, J.D., of MedImmune requesting the Board to renew its exemption from requirements of rule 15-1-14.7.5 on dispensing for its specialty drug, Synagis (palivizumab). Since 2005, the Board has granted waivers for MedImmune to dispense Synagis through an approved Synagis Distribution Network at approved pharmacies who are certified by Synagis in the complex handling requirements of this product. Given that the special handling requirements for Synagis have not changed since the Board began granting the exemption, motion was made by Sam Kapourales to continue the waiver for a period of 1 year. Motion was seconded by Charles Woolcock. Motion carried. As an aside, Mr. Potters indicated that MedImmune is working on improvements to the drug which may require new handling requirements in the future, and MedImmune has pledged to keep the Board informed in the progress as any advancement is made.

Next, Mr. Potters presented the Board with information regarding several upcoming meetings and conferences which provide opportunities for Board members and staff to attend, to receive further training and education, and to participate with creation and implementation of policy at the national level. Motion was made by Lydia Main, and seconded by Jody Hedrick to authorize Rehakah Hott Cookman and David Potters to attend the NACDS Pharmacy and Technology Conference held in Boston, Massachusetts on August 8-11, 2009. Motion carried. Next, motion was made by Charles Woolcock, seconded by Lydia Main, to send George Karos, Jody Hedrick, Lydia Main, Charles Woolcock, David Potters, and Arlie Winters to attend the NABP-AACP district 1 and 2 meetings to be held in Providence, Rhode Island, on September 24-26, 2009. Motion carried. Next, motion was made by Lydia Main, seconded by Martin Castleberry, to permit David Potters to attend the SARB Attorney Seminar in Regulatory Law to be held in Colorado on October 2-4, 2009, time permitting. Motion carried. Finally, motion was made by Lydia Main, seconded by Charles Woolcock, to permit two inspectors to attend the NASCSA Educational Conference to be held in San Diego, California on October 20-23, 2009, to obtain education on state controlled substance authorities. Irvin VanMeter and Roger Shallis would be permitted to attend, with other inspectors available to take their place should their schedules not be conducive. Motion carried

Mr. Potters then addressed the Board regarding correspondence received from the West Virginia State Police, and specifically Erin E. Feazell, Forensic Chemist/Technical Leader, Drug Identification, in the West Virginia State Police Laboratory, regarding the drug Burprenorphine. Currently the drug is scheduled in West Virginia as a Scheduled V controlled drug. However, the federal law through the DEA has the drug scheduled as a Scheduled III. Ms. Feazell indicates that they prosecute a number of cases through the State Police and other law enforcement agencies in the state of West Virginia, but find that the State scheduling results in lesser ability to fully prosecute in State Court. Therefore, Colonel Pack and the West Virginia State Police are requesting the Board to consider seeking increase of the schedule of Burprenorphine in West Virginia to a Schedule III drug. Motion was made by Sam Kapourales to approach the Legislature with the State Police to request that Burprenorphine be listed as a Schedule III drug in West Virginia Code. Seconded by Lydia Main. Motion Carried.

Next, Mr. Woolcock addressed the Board regarding a presentation which he attended at the NABP Annual Meeting regarding hand held computers being used in the state of Kentucky for its inspectors to carry out inspections, along with an accompanying database program which Kentucky has underway. Mr. Woolcock indicated that he was very impressed by the presentation which described the benefits of this technology and carrying out more efficient inspections and more efficient control of the inspection reports and other data collection. Input was received from the inspectors indicating that, costs and technology permitting, this sounds like a good area to explore. Motion was made by Charles Woolcock to study this technology, including setting a meeting with the Kentucky Board of Pharmacy to view the technology and database which they are using to determine feasibility for use in the State of West Virginia. Second by Jody Hedrick. Motion carried.

Next, Mr. Potters and Mr. Woolcock addressed the Board concerning a Controlled Substance Monitoring Program Data Sharing "Hub" which is being developed between Kentucky and Ohio

which would allow for their Controlled Substance Monitoring Program to essentially share data through common passwords for individuals obtaining access to that data to be able to search information in both states given that patients often cross the borders for both prescribing and dispensing of prescriptions. Motion was made by Charles Woolcock to further study and consider participation, with costs of programming development potentially covered by federal grants which have been received by the Board to explore this type of data sharing and improvements to the West Virginia CSMP. Seconded by Sam Kapourales. Motion carried.

Mr. Karos and Mr. Potters then addressed the Board to recognize and congratulate Lydia Main for being honored as the NABP 2009 Honorary President. Mr. Karos made particular note of Mrs. Main's contributions to the practice of pharmacy in this State, as well her contributions through serving on numerous task forces and committees at NABP in developing and implementing pharmacy law and regulations which have included NABP's Model Code, and other efforts on the national stage. The Board is very proud of Mrs. Main and the recognition she has brought to this State in its work to protect the health, safety, and welfare of the public in the practice of pharmacy.

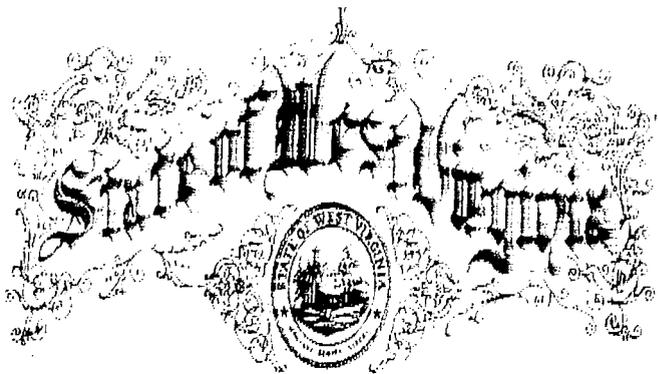

Finally, Mr. Potters discussed a request from a representative of the Federal Consumer Product Safety Commission asking the Board to contract with it for its instructors to perform child safety cap inspections in pharmacies around the state. The CPSC is willing to pay \$150.00 per inspection. However, the inspectors indicate that they have spent full days doing such inspections in the past, and that occasionally the inspections at a busy pharmacy will be so in depth that it will require them to go beyond a normal eight hour work day or require an additional inspector to assist them in the inspection. Given that our per diem reimbursement rate for inspectors is nearly twice the amount pledged by CPSC per inspection and our limited manpower, motion was made by Sam Kapourales to decline the invitation to participate at this time due to economic infusibility, and lack of enough man power at this time. Motion seconded by Jody Hedrick. Motion carried.

The next regularly scheduled Board Meeting will be held on August 30, 2009 at 5:00 P.M. at the Holiday Inn Conference Room, in Martinsburg, West Virginia, and be continued on August 31, 2009, at 8:00 A.M. at the Holiday Inn Conference Room. Further, the Complaint Committee was scheduled for August 24, 2009, to begin at 8:00 A.M. in Charleston, West Virginia.

Motion was made by Lydia Main to adjourn. Seconded by Sam Kapourales. Motion carried.

Adjourn.

The Board had a lengthy discussion on Pharmacy Technician Certification Board (PTCB) and NABP's initiative to ask the states to revise the requirements for being a pharmacy technician

through PTCB certification as a pre-requisite. After the lengthy discussion the Board directed Dave Potters to collect information on a second testing company, ICPT.

Present were the following Board members: Mr. George Karos, President, Mrs. Lydia Main, Vice-President, Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Jr., Mr. Martin Castleberry, Mr. Sam Kapourales, and Mrs. Rebekah Hott.

Also present were David E. Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors: Arlie Winters (Compliance Coordinator), Irvin VanMeter, Arlie Winters, Charles A "Buck" Selby, Thomas Dave Gerkin, and Roger Shallis; and Board Investigator Fred Wagoner.

Dean Michelle Easton of the University Of Charleston School Of Pharmacy appeared before the Board to give an update on the status of the School of Pharmacy in Charleston. They anticipate receiving accreditation and graduating their first class of students within the year. Dean Easton extended an invitation for a representative of the Board to act as an observing member of the accreditation team.

Mr. Potters presented to the Governor's Comprehensive Strategic Plan to Address Substance Abuse in West Virginia prepared by the West Virginia Partnership for Community Well-Being. The Board permits Mr. Potters to serve on the Partnership at the appointment of the Governor. As such, the Board of Pharmacy has direct input into the strategies to combat substance abuse in the State. The plan includes specific strategies, including an upcoming media campaign, to address the specific area of drug diversion which is of specific concern to the Board.

Mr. Potters addressed the Board regarding a request of two separate requests of pharmacists in two separate and unrelated pharmacies for an extension of time to serve as the respective Interim PIC's due to maternity leave of the regular PIC's. Motion was made by Lydia Main and seconded by Rebekah Hott to approve these requests. Motion carried.

Mr. Potters addressed the Board on a request from pharmacist Fred Alvaro asking for his license to be reinstated without having to take the reinstatement test. Mr. Alvaro's license had lapsed while he has been living out-of-state. Motion was made by Charles Woolcock to deny this request. Seconded by Lydia Main. Motion carried.

Mr. Potters addressed the Board on the Access Health Pharmacies' Routing Policies dealing with refill requests from outside pharmacies to prescribers who work within their clinics, with such refill requests being processed by Access Health's in-house pharmacies on behalf of the prescriber. After a lengthy discussion the Board directed Mr. Potters to draft a letter to be reviewed by Sam Kapourales, George Karos, Charles Woolcock, and Charles Selby discussing the routing practices, to insure that the patient's free choice of pharmacy and right to timely processing of refill requests be protected.

Mr. Potters addressed to the Board with regard to issues identified by Ed Thornhill, RPh, concerning the practice of doctors allegedly writing extreme amounts of prescriptions of scheduled drugs and/or pharmacies processing early refills. Motion was made by Charles Woolcock for the staff to undertake drafting an amendment to the Board's Rules to limit refills to no more than three days early, similar to Medicaid's rule, except in certain circumstances under the discretion of the pharmacist, such as when a patient is leaving for a vacation and needs an early refill. Seconded by Mrs. Lydia Main. Motion carried.

Mr. Potters updated the Board on Pharmacy-Based Immunization Training Course from Findlay University. It is currently under review by pharmacist-representative of West Virginia University School of Pharmacy, University of Charleston School of Pharmacy, the West Virginia Pharmacists Association, and the West Virginia Hospital Pharmacists Association, in compliance with the Board's request for feedback as to whether to approve this course for training in this State. The Board will revisit the report of the ad hoc work group at its next Board meeting.

Mr. Potters addressed the Board on a request from Peggy King, Medicaid Office asking for a new rule for dispensing waivers for the specialty drugs, such as Synagis, which must be delivered/dispensed in accordance with strict manufacturer guidelines through specialty pharmacies, and to the site of administration, rather than under the strict confines of Rule 15-1-14.7.5. The Board did not take any action at this time, as it makes decisions on such waivers on a case-by-case basis.

Mr. Potters gave the Board an update on finding a building for the Board to purchase. The search had narrowed to a single location, but remains open as the sellers are two partners, one of whom may not be eager to sell. Given the posture of the sellers, the work group assigned to investigate possible locations has not formally approached the Real Estate Division to undertake any further steps towards making a purchase. Mr. Potters continues to search for other possible locations.

The Board set the next regularly scheduled Board to be held on March 7-8, 2010, at the West Virginia School of Pharmacy, Morgantown, West Virginia.

Motion was made by Charles Woolcock to adjourn. Seconded by Rebekah Hott. Motion carried.

### MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

#### MORGANTOWN, WEST VIRGINIA MARCH 7-8, 2010

The Board convened at the Marriott Residence Inn main conference room in Morgantown, West Virginia, at 5:00 P.M. on Sunday March 7, 2010, with Vice President Lydia Main presiding.

Present with Mrs. Main were the following Board members: Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Mr. Sam Kapourales, Mr. Martin Castleberry and Ms. Rebekah Hott. President George Karos was unable to attend. Also present were David E. Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors, Arlie Winters, Irvin VanMeter, Thomas Dave Gerkin, Charles "Buck" Selby and Roger Shallis; and Investigator, Fred Wagoner.

Vice President Lydia Main stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office.

Mr. Carl Hedrick made the motion to approve the December 13-14, 2009 Board minutes. Mr. Sam Kapourales seconded. Motion carried.

Motion was made by Mr. Charles Woolcock and seconded by Mr. Carl Hedrick to go into Executive Session to receive the Complaint Committee report and to discuss the Board's real Estate, including the lease and potential property purchase. After review of the report, Vice President Lydia Main declared the Meeting by into public session with no official action taken.

Motion was made by Carl Hedrick to accept the Complaint Committee report and the recommendations for discipline outlined therein. Seconded by Charles Woolcock. Motion carried. Further discussion was had about statistical analysis of DEA 106 Reports of Theft or Loss of controlled substances. Staff has attempted to break down the reports of theft/loss by pharmacy chain.

Analysis of trends is made difficult given that some stores may be doing a better job of reporting than others. Nonetheless, it has been a very valuable tool in attempting to locate and discipline diversion by pharmacists, technicians and technician trainees.

Mr. Charles Woolcock gave the Board finances update. The Board remains in good financial condition. Expenses are currently exceeding revenue, but reimbursements from outlays related to the State Police Drug Diversion Unit and the Purdue Parma Asset Forfeiture Grant as well as the cyclical licensing fees to be received in the final quarter should bring things in line.

The Board has located a building in Charleston, West Virginia to target for purchase. It has entered into a purchase agreement subject to typical conditions (inspection, appraisal, etc) and to the approval of the Real Estate Division. This was done in accordance with prior votes of the Board to locate and purchase a building for a permanent location for the Board. The identified site is within the parameters of size and price laid out by the Board.

Mr. Carl Hedrick made the Motion to continue the Meeting until Monday March 8, 2010 at 8:00 A.M. as noticed. Seconded by Ms. Rebekah Hott to continue at the West Virginia University School of Pharmacy, West Virginia Room. Motion carried.

The Board Meeting continued on Monday March 8, 2010 at 8:00 A.M. at the West Virginia University School of Pharmacy in the West Virginia Room with Vice President Lydia Main presiding.

Present with Mrs. Main were the following Board members: Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Mr. Sam Kapourales, Mr. Martin Castleberry and Ms. Rebekah Hott. President George Karos was unable to attend. Also present were David E. Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors, Arlie Winters, Irvin VanMeter, Thomas Dave Gerkin, Charles "Buck" Selby and Roger Shallis; and Investigator, Fred Wagoner.

Vice President Lydia Main stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office.

Mr. Potters addressed the Board on a letter from Judge Richard A. Facemire concerning potential requested use for Controlled Substance Monitoring Program Database (the "CSMP"). The Board continues to try to find ways to combat the diversion of controlled substances in the State, and pledged to continue to work toward solutions for the problem, including further upgrades to the CSMP.

Mr. Potters gave a Legislative Update, including discussion of newly passed laws requiring a state approved prescription pad/paper system for all hand-written prescriptions in the state, and discussion of the requirement that all pharmacies have access to the CSMP.

Mr. Potters gave a report on Pharmacy Practice Act Revision/Rewrite. This included discussion of the statutory structure of the Board. Board members voted to continue with language on the current structure, including two public members, no term limits, and the ability to be reappointed in accordance with current statutory provisions. The staff will continue to work on revisions to code using the NABP Model Code as the foundation, and will present further proposed revisions to the Board. The product will then be presented to the Legislature as a proposed bill to revise the practice act.

Mr. Potters gave an update regarding Immunization Training Courses and current permits issued. No complaints were received about any immunizations given thus far by pharmacists. The University of Findlay College of Pharmacy has submitted its training course for approval. Professors Ginger Scott and Betsy Elswick of WVU School of Pharmacy, and Kristy Lucas of the University of Charleston School of Pharmacy reviewed the course and have recommended its approval as an immunizing pharmacist training course for this State along with the previously-approved APHA training course. Mr. Carl Hedrick made a motion to approve the Findlay course. Seconded by Rebekah Hott. Motion carried.

Mr. Potters addressed the Board on questions regarding Steering of Patients to CVS-related Pharmacies by CVS Caremark (TPBM). Board President George Karos provided a copy of a letter to a patient from CVS Caremark which seems to indicate that the patient must get all prescriptions filled at CVS's mail order pharmacy or through CVS retail locations, or they will not pay for the prescription. This raises questions about whether the patient's free choice in pharmacy is being abridged by an agreement entered into by a pharmacy in violation of WV Code Section 30-5-7(a)(8). The Board will investigate this matter further.

Motion was made by Mr. Carl Hedrick and seconded by Mr. Charles Woolcock to send Inspectors Irvin VanMeter and Charles "Buck" Selby to the NABP Exam Writing Workshop. Motion carried.

Motion was made by Mr. Sam Kapourales and seconded by Mr. Carl Hedrick for all Board Members and the Executive Director wishing to go to the NABP 106<sup>th</sup> Annual Meeting on May 22-25, 2010, to be sent by the Board. Board Members wishing to go are to make arrangements through the Board Office. Motion carried.

Mr. Potters provided information concerning the upcoming training/seminar for the National Association of Chain Drug Stores 2010 Pharmacy and Technology Conference August 28-31, 2010. The Board has traditionally sent the Executive Director and Board Members to this NACDS Conference to obtain updates on advances in technology and other continuing education. Next, Mr. Potters requested the Board to consider sending him to the American Society for Pharmacy Law Development in Pharmacy Law Seminar XXI November 18-21, 2010, time permitting. The Board will revisit these issues at its next meeting.

Mr. Potters gave an update on the licensing database. The Office of Technology continues to review potential new databases. The Board staff has seen demos on two systems, and awaits a decision from OT.

The next regularly scheduled Board Meeting will be held in Charleston, West Virginia on Sunday June 13, 2010 at 5:00 P.M. and Monday June 14, 2010 at 8:00 A.M. at the West Virginia Board of Pharmacy Office in Charleston, West Virginia.

Motion was made by Carl Hedrick to adjourn. Seconded by Charles Woolcock. Motion carried.

The Board discussed a letter for public comment from Dr. R. Thomas Boden, Charleston

Internal Medicine, Inc. on his Public Comment on 15-CSR 1 Board of Pharmacy Rules regarding licensure and Practice of Pharmacy. After a lengthy discussion the Board directed Mr. Potters to address a letter to Dr. Boden stating that DEA does not yet approve electronic signature unless the systems meet their requirements and obtain a certification of an outside auditor or agency designated by the DEA, and that the Board will study this issue.

Next, after discussing all of the public comments and noting the Board's consensus for individual responses to each, Jody Hedrick made motion to provide the following responses to the comments, Seconded by Lydia Main; motion carried:

1. The Board received a comment from the West Virginia State Medical Association ("WVSMA"), identifying a single issue with the proposed language of Section 15-8-2.2.9. They ask that the Board directly track the language of West Virginia Code Section 60A-9-5 and require that all practitioners "who prescribe or dispense Schedule II, III, or IV controlled substances" have electronic access to the West Virginia Controlled Substances Monitoring Program database. The Board accepts their comment and will add that language to Section 15-8-2.2.9 as requested to clarify the rule and make it directly in line with the statute. This was an unintentional oversight in drafting the rule, and the Board appreciates the WVSMA bringing it to the Board's attention.
2. The Board received a comment from the National Association of Chain Drug Stores ("NACDS") raising several points of concern with proposed rule.
  - A. First, NACDS states that the proposed amendments to Section 15-8-3 would add a new requirement for pharmacies to report the middle initial of the patients in the data reported to the Controlled Substances Monitoring Program (CSMP). The language added to 15-8-3 was directly copied from the West Virginia Code, but the middle initial added due to problems the Board has recognized over the years with individuals sharing the same first and last name, and even sharing the same date of birth, such that their records get merged in the CSMP. The facility in the system to provide the middle initial was added some time ago, and some pharmacies already provide it. It is possible that much of this information is already in place in the pharmacies patient profiles for use in submitting claims for third-party payment and other issues. Patients routinely provide this information to receive medical services, and should not be resistant to providing it when they already provide medical cards, insurance cards, photo identification, and other such personal information to receive prescriptions. Given that most medical providers track full names, this does not seem to be an unreasonable request in the Board's view. Nonetheless, given the assertion by NACDS that the pharmacy computer systems would be burdened by this change, the Board will seek input on the national guidelines for Prescription Monitoring Program reporting formats. In speaking with one national corporation who reports into the CSMP, they reported to the Board's Executive Director, David Potters, that they simply needed enough lead-time to modify their reporting program, and had already undertaken to make the necessary changes to comply. Thus, at this time, the Board has determined that it will not make any changes based upon this comment at this time, and will proceed forward with this rule change as proposed.

E. NACDS next comments on the proposed changes to Section 15-8-5. By way of background, the Board has experienced situations where certain patient or prescriber records are not correct in the CSMP because the pharmacy reported dispensing information inaccurately. In order to correct the information in the database, the pharmacy needs to notify the Board of the inaccuracy. The Board always requests that they do so in writing so that the Board has verification of the issue and documentation of why it went into the CSMP and made a change to what was reported. The Board does not make any such changes without such verification. While NACDS does not take issue with having to report the inaccuracies so that they can be corrected, they request that more time be given to report them, up to 14 days from discovery. The Board accepts this comment and has changed the language to strike the word "immediately" and add "as soon as possible, but in no event longer than fourteen (14) days after the discovery of the inaccurate reporting". Next, NACDS asks that "inconsequential inaccuracies such as misspellings or typos for nonessential information" not need to be reported. However, all of the information reported to the CSMP has been deemed by the Legislature in West Virginia Code Section 60A-9-4 to be essential, and is not inconsequential. The system searches by name and date of birth, or by prescriber, depending on the type of search. If the name is not spelled correctly, or the prescriber's DEA number is not entered accurately, the system will not recognize it, will not filter it properly, and it will not show up in a search run by that name or DEA number. Likewise, if the national drug code is not entered accurately to identify the name and strength of the controlled substance dispensed, then the system will not recognize it, and it will not appear on the patient's or prescriber's profile. Even the patient's address is not "inconsequential" as that is used to further identify the patient to make sure it is the correct individual being investigated or reviewed. Thus, the Board will not make any changes to the proposed rule based upon this portion of the comment at this time.

C. NACDS next comments on Section 15-8-7.3. It asks that that the Board insure that members of a drug task force who are given access to the CSMP by West Virginia Code Section 60A-9-5 be limited to "authorized agents of local law enforcement agencies as a member of a drug task force." The Board believes this proposed change is directly in line with the language of West Virginia Code Section 60A-9-5, and will modify Section 15-8-7.3 by striking the words "a member" at the beginning of the affected clause, and inserting the words "an authorized agent". In addition, NACDS asks the Board to have some sort of criteria or procedure for assuring that all investigations done by such drug task force agents are done only on a specific patient or individual or entity under investigation as required by West Virginia Code Section 60A-9-5. The Board notes that the statute and Rule Section 15-8-7.4 already limit the searches as stated in the comment, and the Code provides criminal penalties under 60A-9-7 for inappropriate access to or sharing of the information obtained. This would open the agent up to potential civil suit as well. Further, if an individual learns that the information was not accessed appropriately in a criminal case, then the evidence obtained as a result would be subject to a motion to suppress which would jeopardize any criminal prosecution. The Board does not have the staff or funding to audit each and every transaction into the CSMP, and must rely on these systems in place. Further, the system itself tracks what

searches were done under any given password so that the information could be available for an audit or use in an administrative or court proceeding. That said, the Board notes that the West Virginia State Police Drug Diversion Unit investigators voluntarily make and keep a log of their searches, including their reasonable articulable suspicion for running a search in the CSMP, to track and justify their investigations. The Board proposes that the Legislature consider whether such logs should be kept by all law enforcement, including drug task forces, who access the CSMP, including how long the logs should be kept. The Board notes that the CSMP requires at least five (5) years of data to be stored in the CSMP, and that any such logs could be required to be kept for that same time period. Such logs could then be available for audits or court proceedings.

Next, Mr. Potters addressed the Board on written Public Comments to be considered to Proposed Legislative Rule, Series 1 (Senate Bill 81 Prescription Paper rules). After discussing all of the public comments and noting the Board's consensus for individual responses to each, Lydia Main made motion to provide the following responses to the comments, Seconded by Sam Kapourales; motion carried:

3. The Board received a written comment from Dr. R. Thomas Bowden of Charleston Internal Medicine Inc referencing Section 15-1-9.1.2, and specifically discussing the requirements for physician's signatures on prescriptions. He asks that the Board consider amending the rule to allow for electronic signatures on written prescriptions issued by practitioners that are taken to the pharmacy by patients. He references that the electronic prescribing software and electronic medical or health records used in many practices today are highly secure, and allow him to generate prescriptions with his electronic signature. He indicates his belief that a faxed prescription may have an electronic signature; however this is incorrect, as any written prescription, including a faxed prescription, must have a wet signature under current law (in the instances that a physician faxes a prescription and fails to sign it, the pharmacy may, if it chooses, decide to treat the prescription as an oral prescription, call the prescriber's office to verify it, and fill it). The Board voted to reject this recommendation at this time. First, federal law on controlled substances does not allow for any electronic signature on any written or faxed prescriptions. While Dr. Bowden in oral discussions with Mr. Potters (prior to submitting the written comment) focused his comments on non-controlled prescriptions, the federal law is instructive, as they view it as a security and potential identity theft/forgery issue. A pharmacy must be sure on any kind of prescription that it was actually issued by a properly authorized prescriber in the ordinary course of practice and for a legitimate medical purpose. A physician's actual signature on a written prescription is very important for that verification. The DEA's position on controlled substances does permit electronic signatures on electronic prescriptions, but, even then, they have very stringent standards requiring both the sending electronic prescription software, any third party data intermediary, and the receiving pharmacy's software to be officially certified through a federally approved third-party audit or certification for verification of the identity of the sender of the prescription. In no instance is it authorized for prescriptions actually handed to the patient. The opportunity for abuse, including forgery, is too great given the nature of electronic documents and the

ease of reproduction. As such, the Board will not make any modifications or amendments on this point at this time.

4. The Board received one comment from Mark Polen of The Arnold Agency. He, in essence, asks that Section 15-1-21.1 be amended to add language setting forth many requirements for electronic prescribing software and electronic health records, requiring that they provide prescribers with certain information or refrain from suggesting certain alternative therapies or drugs during the electronic prescribing process. This proposal is about electronic health records and e-prescribing, and is not relevant to the issue at hand, which is the creation of official prescription paper for written prescriptions in this State. Further, the Board has no jurisdiction to require that electronic prescribing systems or electronic health records provide or not provide certain information to the prescribers. As such, the Board will not make any modifications or amendments on this point at this time. However, this comment does touch on the project being conducted by the West Virginia Health Information Network which is funded by the West Virginia Department of Health and Human Resources. The Board notes this as it supports its position to potentially refer this Official Prescription Program to the WVDHHR which is set forth below.
5. The Board received a comment from the West Virginia State Medical Association ("WVSMA") supporting this effort to prevent drug diversion through fraudulently obtained and/or altered written prescriptions. However, WVSMA also raises several points of concern with the proposed rules implementing Senate Bill 81:
  - a) WVSMA points out that SB 81 was modeled after the similar program and statute in place in the State of New York, and indicates that the New York program runs out of equivalent to this State's Department of Health and Human Resources. New York's Medicaid program, also under its DHHR, has used its significant savings from avoiding reimbursing for fraudulent prescriptions to pay for all of the costs associated with their program. However, the Board of Pharmacy here does not have any ability to provide such funding, so that it anticipates passing along all of the costs to the prescribers and vendor. Because the Board of Pharmacy does not have the funding or staff to create and operate a single database created to house the information for verification by providers and payers of the prescription paper presented for dispensing, WVSMA correctly anticipates the Board's likely approach of selecting a single vendor who would be required as part of the bid and contract process to both provide the paper and create and maintain the database that would be needed. In that case, WVSMA does not support a monopoly. Additionally, because of the added expense to the ultimate vendor for the database, WVSMA is concerned about the price that prescribers will have to pay for the prescription paper, which, to this point, is fully unknown. In evaluating these comments, the Board agrees that it cannot implement this program in a comprehensive nature such as is in place in New York. Further, because of the unknown nature of the database which would be necessary, and the unknown cost of the prescription paper which must be borne by the prescribers, the Board concluded that it needs further study of this issue, and

encourages the Legislature to consider placing the program under the WVDHHR which will directly recognize any cost savings to its budget from the program and will be best positioned to fund and staff it. As such, the Board voted to withdraw all rules changes it proposed pertaining to SB 81 at this time to allow for further investigation and study. Therefore, the Board deleted the proposed changes to Sections 15-1-21.1.2, and 21.1.3, and deleted all of newly proposed Section 15-1-27. Thus, the only changes remaining to the rule are in Sections 15-1-21.1 and 15-1-21.4 (now renumbered as 21.3), to which no public comments were received.

- b) In its comment to Section 15-1-27.6.a. of the proposed rule, WVSMA points out that it requires prescribers to take certain safety measures to prevent loss, destruction, theft, or unauthorized use of the prescription paper that would be issued to them. While supportive of the concept, WVSMA points out that it requires the prescribers to maintain certain records, and believes this would place an undue burden on the prescribers' work flow and practices. Chief among that concern is the language that would require maintenance "of a record of the disposition of all forms, including but not limited to use as a prescription, cancellation, return, loss, destruction, unauthorized use, and non-receipt." Further, the Board has no jurisdiction for enforcement over any of the prescribers for this or any other issue which arises under this new program. Therefore, the Board recognizes that these concern as valid, and believes it needs further study. If it were going forward with the rules at this time, the Board would amend the language to strike the words "use as a prescription" and go forward with the remainder of this clause. However, as stated above, the Board voted to withdraw all rules changes it proposed pertaining to SB 81 at this time to allow for further investigation and study.
- c) In its comment to Section 15-1-27.6.c. of the proposed rule, WVSMA requests the Board to amend the requirement that a prescriber who has retired, or the next of kin to a prescriber that has died, be required to return to the vendor any unused prescription paper. They suggest that the prescriber or the responsible party on behalf of the estate be allowed to simply destroy any unused prescription paper, and notify the Board of the destruction as allowed in subsection 27.6.b. The Board voted to accept this recommendation, and would modify the rule accordingly. However, as stated above, the Board voted to withdraw all rules changes it proposed pertaining to SB 81 at this time to allow for further investigation and study.
- d) In its comment to Section 15-1-27.6.d. of the proposed rule, WVSMA points out that the language requires the selected vendor to provide audits of the prescription paper it issues and has on-hand. WVSMA is concerned that this would require intrusive audits into the prescribers' offices. Although that is not what was contemplated by the Board, the language, which it borrowed from New York's program, is very broad, and would appear to allow for this. Obviously, for the program to be successful, the State would need to have some control over the paper supply, which necessitates the ability to have meaningful audits. However, as stated above, the Board voted to

withdraw all rules changes it proposed pertaining to SB 81 at this time to allow for further investigation and study, including into how New York handles this issue.

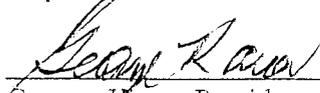

6. The Board received a comment from the National Association of Chain Drug Stores ("NACDS") raising several points of concern with newly proposed Section 15-1-27. Part of the comment, regarding Subsection 15-1-27.5 is well-taken, and, if the Board were moving forward with the proposed rule, would be accepted. However, as stated above, the Board voted to withdraw all rules changes it proposed pertaining to SB 81 at this time to allow for further investigation and study. In so stating, it is important for the Board to note that NACDS' comments pertaining to Subsection 15-1-27.2 about how the paper would be required to be capable of supporting automated validation through the use of pharmacy claims processing systems and the official control numbers that would be required for each blank dovetail directly with WVSMSA's concerns about how the database required for such a process would work. As NACDS notes, the Board is not yet clear as to how that database will be constructed or how the information required will be reported into it. The Board needs further study into this issue, specifically into how New York operates its database and claims verification process to get appropriate information about the issued prescriptions, and to avoid reimbursing for fraudulent written prescriptions in its program.

In conclusion, while the Board accepted certain comments and agreed to make modifications to the proposed rules as outlined above, and rejected certain other comments, based upon the further concerns raised by the WVSMA and NACDS, and based upon other issues apparent to the Board, it voted to withdraw the rules as they pertain to SB 81 at this time. The other changes to 15-1-21 are pertinent changes as a result of changes to Series 8 which are currently pending, however, and the Board wishes to go forward with those changes. Therefore, it deleted the proposed changes to Sections 15-1-21.1.2, and 21.1.3, and deleted all of newly proposed Section 15-1-27, leaving only the changes in Sections 15-1-21.1 and 15-1-21.4 (now renumbered as 21.3), to which no public comments were received. Thus, the Board has stripped any changes related to SB 81, and desires to go forward with the minor modifications to the rules which remain.

The Board discussed the NABP Meeting scheduled for September 22-23, 2010. Carl "Jody" Hedrick or Rebekah Hott may attend this meeting.

Mr. David Potters gave an update on the Board Building. Motion was made by Jody Hedrick to adjourn. Seconded by Rebekah Hott.

### MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY MORGANTOWN, WEST VIRGINIA SEPTEMBER 12 AND 13, 2010

The Board convened in the Marriott Residence Inn main conference room in Morgantown, West Virginia, at 5:00 P.M. on Sunday September 12, 2010, with President George Karos presiding.

Present with Mr. George Karos were the following Board members: Mrs. Lydia Main, Vice President, Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Mr. Sam Kapourales, and Ms. Rebekah Hott. Board member Martin Castleberry was unable to attend. Also present were David E. Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors, Arlie Winters, Irvin VanMeter, Thomas Dave Gerkin, and Charles "Buck" Selby; and Investigator, Fred Wagoner. Inspector Roger Shallis was unable to attend.

President George Karos stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office.

Mrs. Lydia Main made the motion to approve the July 21, 2010 Board minutes. Rebekah Hott seconded. All in favor, motion carried.

President George Karos declared to add a number 5 for the Agenda for September 12, 2010, to add election of officers as this was the first meeting held during the new fiscal year. Motion was made by Lydia Main and seconded by Sam Kapourales to go into Executive Session to receive the Complaint Committee report. After review of the Complaint Committee report, President George Karos declared the Board back into public session with no official action taken. Lydia Main made a motion to accept the Complaint Committee report and recommendations as presented; seconded by Jody Hedrick. All in favor, motion carried. Complaint Committee members abstained.

Executive Director and General Counsel David Potters gave an update on the building renovations. Responses to the Expressions of Interest for an Architect were received from three

firms. and the Building Workgroup (Sam Kapourales, Charles Woolcock and Martin Castleberry) will make a decision on which one to select.

Mr. Potters reminded the Board of the upcoming NABP District I and II Meeting scheduled October 29-31, 2010 in Cooper's Town, New York.

Motion was made by Sam Kapourales to re-elect the current officers and committees: George Karos as President, Lydia Main as Vice President, and Charles Woolcock as Treasurer; and Sam Kapourales and Charles Woolcock serving on the Complaint Committee. Jody Hedrick seconded. All in favor, motion carried.

Motion was made by Sam Kapourales to continue the meeting at 8:00 A.M. on Monday Morning September 13, 2010 in the conference room at the West Virginia University School of Pharmacy. Lydia Main seconded. All in favor; motion carried.

The Board Meeting continued on September 13, 2010 at 8:00 A.M. in the conference room at the West Virginia University School of Pharmacy in Morgantown, West Virginia with President George Karos presiding.

Present with Mr. George Karos were the following Board members: Mrs. Lydia Main, Vice President, Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Mr. Sam Kapourales, and Ms. Rebekah Hott. Board member Martin Castleberry was unable to attend. Also present were David E. Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors, Arlie Winters, Irvin VanMeter, Thomas Dave Gerkin, Charles "Buck" Selby and Roger Shallis; and Investigator, Fred Wagoner.

The following public individuals were present: David Flynn, Chris Lockard, Terry Schwingthammer, Betsy Elswick, Michelle Easton, Dan Luce, Rich Palombo, Erik Woehrmann, Bridget Lambert, Pat Chase, Nick Casey, Amanda Smith, and Dan Bucher.

Dean Michelle Easton, of University of Charleston School of Pharmacy gave an update on the School. Among other things, she reported that the School is now fully accredited by ACPE, and that they had a very successful passage rate for the licensing examinations for their first graduating class.

Amanda J. Smith, RPh, Director of Pharmacy for Health Facility Inc., Health Center Pharmacy, and Dan Bucher, Special Projects Coordinator for Davis Health System, presented concerning their request for a waiver to allow their pharmacies to practice remote telepharmacy. They indicated that Valley View Pharmacy in Davis, West Virginia only had a volume of about 60 prescriptions per day, and closed, with no other pharmacy located there. They wish to provide pharmacy services there to be remotely reviewed and supervised by an off-site pharmacist through remote telepharmacy, noting that they would not have controlled substances at the site. After some discussion, President Karos stated the Board would take the matter under advisement and tabled the discussion for future action.

Next, the Board addressed the request of Lisa Mercer to extend her deadline to obtain her required Continuing Education credits for renewal of her license to practice pharmacy due to long-term disability. A motion was made by Jody Hedrick to approve the extension of one (1) year to get the CE's and renew her license, but that she cannot renew until they are obtained. Sam Kapourales seconded. All in favor, motion carried.

The Board then took-up a request by Esperanza de Joya Baisas to extend the CE deadline for renewal of his license due to a death and an illness in the family. Motion was made by Jody Hedrick to approve the extension of one (1) year to get the CE's and renew his license, but that he cannot renew until they are obtained. Seconded by Lydia Main. Motion carried.

The Board addressed a request by Nadine Zeitler to accept intern hours she had achieved but not reported from another state. Based upon the facts presented, motion was made by Jody Hedrick and seconded by Sam Kapourales to accept the certified hours. All in favor, motion carried.

A request was made by Omnicare Care in Morgantown, West Virginia, Chris Lockhart, Pharmacist, for waiver of the Errors & Omissions Examination for non-resident pharmacist licensure at its Clinical Intervention center. While they are not dispensing, they are practicing pharmacy. Motion by Mrs. Lydia Main and seconded by Charles Woolcock to deny the request. Motion carried.

Drug Store News and The Collaborative Education Institute requested to approve Immunization Training Program for Pharmacist. Motion was made by Sam Kapourales for Mr. Potters to give the request to professors at West Virginia University School of Pharmacy and University of Charleston School of Pharmacy for review and recommendations. Second by Jody Hedrick. All in favor, motion carried.

The Board discussed an update on the weights and balances (scales) issue from the Division of Labor. The Board's rule does not require anything more than that they be available. The DOL will no longer certify them as they state they are not a commercial measurement device. Motion by Jody Hedrick and seconded by Rebekah Hott to leave the rule requiring weights and balances to be available in the pharmacy as is, noting that it would be up to each pharmacy to determine how they would maintain their accuracy. Majority in favor; Mr. George Karos, Mr. Sam Kapourales and Charles Woolcock opposed; motion carried.

Mr. Potters gave an update on new software available through NADDI and its contractor, Apriss, for a new Pseudoephedrine database paid for by the manufacturers of ephedrine and pseudoephedrine products. Because the participating manufacturers pay for the costs of developing and deploying the product, and because it is supplied through NADDI, they require certain statutory changes to supply it for free to the states. Motion was made by Jody Hedrick and seconded by Lydia Main to go forward with the necessary steps to obtain this product for the State of West Virginia. All in favor, motion carried.

Mr. Potters addressed the Board on suggested legislation received from Dr. Linda Eakle, D.O., (forwarded to the Board by Delegate Don Perdue, RPh). Dr. Eakle's e-mail to Senator Evan Jenkins and Delegate Purdue expresses concerns about the ongoing problem with narcotics and controlled substance diversion in West Virginia. Dr. Eakle makes three suggestions for changes to the laws of this state concerning their delivery/dispensing: (1) "the state of WV ban the postal delivery of all controlled substances"; (2) "requiring ALL pharmacies to take an on the spot picture of ALL people getting these meds filled"; and (3) "No controlled medicine should be filled before the prescribed date of renewal". Discussion of each item was held. Requiring photos of each individual picking up a prescription was not deemed feasible for pharmacies as they may handle 200 or 300 prescriptions per day. With regard to early refills, the Medicaid rule of three days early has been adopted by the Board in the past as a general measure in discipline cases as an acceptable industry practice which accommodates patients' needs to get their medications before they run out (allowing additional exceptions for vacations and other circumstances requiring earlier refills as well). A bright line rule of no early refills would inconvenience all of the honest patients because of the few bad ones. As such, the Board discussed exploring rule-drafting in the future concerning parameters for early refills in line with Medicaid's 3-day rule. Finally, concerning the first suggestion, motion was made by Sam Kapourales to support legislation banning the postal delivery of all controlled substances within and into the State, seconded by Lydia Main. All in favor, motion carried.

Mr. Potters addressed the Board on the Pharmacy Practice Act drafting update. Mr. Potters and the Inspectors have been working on this Practice Act for the last six (6) months. There were also open discussion on the drafting of the Pharmacy Practice Act. Rick Palombo, Dean Chase, Dean Eastman, Betty Elswick, Dan Bucher and Nick Casey gave their input. Among the comments were suggestions to: lower the pharmacist immunizations age to 9 or 12 years of age and older and expand the classes of immunizations pharmacists may administer; allow interns to give immunizations; match e-prescribing requirements to the DEA's rules; allow a pharmacist in charge to act as a PIC at second pharmacy temporarily when a new store opens; specifically allow pharmacists to administer epinephrine with epi-pens in an emergency (as allowed in California and other states); delete the generic substitution law or portions of it regarding pricing which is the subject of current litigation by the Attorney General's Office; allow pharmacists licensed in other states to obtain a volunteer pharmacist's license in this State without going through the reciprocity/license transfer process; and other suggestions.

Mr. Potters gave an update on Senate Bill #81 Rules for implementing official State Prescription Paper. Because it is a Legislative mandate, Mr. Kapourales, Mr. Woolcock, and Mr. Potters met with Senator Evan Jenkins, the main sponsor of the legislation, who indicated that the Board should do what it can to move forward to get the prescription paper created and out to the prescribers. As such, discussions centered on merely getting the paper created through a competitive bid process and leaving the creation of any database to the vendor. Any checks of such a database, and other "bells and whistles" which are present in schemes such as that in the state of New York, the model state for the legislation, will be left for later development, if any. Thus, the Board expects Senator Jenkins to move to amend the Board's proposed rules modifications to Title 15 Series 1 of the rules to re-insert the language from the original filing for the official prescription paper program.

with modifications based upon public comment and the board's responses thereto, as well as other potential agreed-to modifications to streamline the program for its initial implementation.

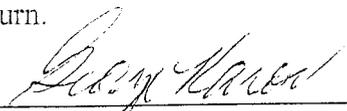

Next, because of discussion during the previous topics of the revisions to the Practice Act and on rules which interested visitors at the meeting inquired about expansion of pharmacist immunizations, the Board took the matter up for further discussion. Betsey Elswick and others commented that pharmacists would like to, and are trained to, do more than just flu and pneumonia. Mr. Potters indicated that expansion under the current code would require joint rulemaking with the Board's of Medicine and Osteopathy. Motion was made by Charles Woolcock and seconded by Lydia Main for Mr. Potters to move forward with discussions with the Boards of Medicine Osteopathy for expansion through joint rulemaking.

Motion was made by Charles Woolcock and moved by Sam Kapourales to appoint Lydia Main to be Delegate for District I and II Meeting in Cooper's Creek, New York. All in favor, motion carried.

The next regularly scheduled Board Meeting will be held in Charleston, West Virginia on Sunday December 12, 2010 at 6:30 P.M. in the conference room at the Marriott, in Charleston, West Virginia for Board issues and Complaint Committee revisions the Board Meeting will continue on Monday December 13, 2010 at 8:30 A.M. at the West Virginia Board of Pharmacy Office in Charleston, West Virginia.

Motion was made by Lydia Main to adjourn. Seconded by Rebekah Hott. All in favor, motion carried.

Woolcock and Mr. Sam Kapourales as members of the Complaint Committee did not vote. Because they were personally familiar with the respondents to the respective complaints, Rebekah Hott recused herself from voting on Case No. 2010-01-01; Mr. George Karos recused himself from voting on Case No. 2010-08-68; and Mr. Jody Hedrick recused himself from voting on Case No. 2010-08-71. Motion carried.

Motion was made by Charles Woolcock to continue the meeting at 8:30 A.M. on Monday morning, December 13, 2010, in the conference room at the West Virginia Board of Pharmacy 232 Capitol Street, Charleston, West Virginia. Mr. Sam Kapourales seconded. Motion carried.

The Board meeting continued December 13, 2010, at 8:30 A.M., in the conference room at the West Virginia Board of Pharmacy at 232 Capitol Street, Charleston, West Virginia, with President George Karos presiding.

Present were the following Board members: Mr. George Karos, President, Mrs. Lydia Main, Vice-President, Mr. Charles Woolcock, Secretary, Mr. Carl Hedrick, Jr., Mr. Martin Castleberry, Mr. Sam Kapourales, and Mrs. Rebekah Hott.

Also present were David E. Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors: Thomas Dave Gerkin, Charles V. "Buck" Selby, Roger Shallis; and Board Investigator Fred Wagoner. Inspector Mr. Irvin VanMeter and Inspector Arlie Winters (Compliance Coordinator) were unable to attend. Guests were in attendance, including Richard Stevens of the West Virginia Pharmacists Association, and Bridgette Lambert of the West Virginia Retailers Association.

President George Karos stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office.

President George Karos requested to change the order of the Agenda to move item #4 down to item #10, and move #10 up to item #4, to accommodate the schedule of Dr. Michael O'Neil. Motion was made by Lydia Main and seconded by Charles Woolcock to do so. Motion carried.

Dr. Elizabeth J. Scharman, Pharm.D., DABAT, BCPS, FAACT, Director, WV Poison Center, Professor, WVU School of Pharmacy; Clinical Pharmacy, appeared before the Board to give a presentation regarding the condition of Bluestone Dam and repair efforts under way on it in its location in Hinton, West Virginia, the potential impact on pharmacies and the Board if the dam were to fail, and other issues pertaining to disaster preparedness. Federal Law requires the State to plan for the possible failure of the dam. While Hinton, West Virginia would be immediately impacted by the dam failure, the direct impact would quickly spread Mason, Putnam, Kanawha, Fayette, Raleigh and Summers countries, with flooding in Charleston, West Virginia, up to 20 feet deep, affecting not only the population, but services and infrastructure such as power plants, chemical plants, barge traffic, etc. They estimate that we would have about (24) hours notice before a failure to evacuate

Charleston, with only seven (7) hours once the dam actually fails. Peak in levels of flooding should be reached at approximately 24 hours after the failure, and the water should recede in 72-96 hours. Board functions and pharmacies would be out for at least 2-3 weeks. The Board should have plans in place for a temporary relocation of operations, as well as records and systems back-ups and redundancies in place. It should also inform pharmacies of the situation so that they could plan for alternative means of operating to serve their patients.

Next, Dr. Michael O'Neil, Executive Director of the West Virginia Pharmacy Recovery Network (PRN), appeared before the Board to deliver the PRN Operative Report for 2010.

1. **Report of Activities:** Seven (7) years ago this month, PRN was put into place. Since then, they have conducted (86) Investigations for Alcohol, Chemical Dependence, and/or Psychological Issues. There were (53) Pharmacist cases over the seven (7) years. Of those, 84% have maintained sobriety/recovery thru the program, 87% for all PRN clients (R.Ph, Intern, and PT). This is a tremendous figure for success, as the national average at one (1) year in the general population is less than 10%. There have been only seven (7) relapses, and, thus far, four (4) have lost their license/permit, while the other three either continue under the PRN, or are awaiting Board action.
2. **Budget:** The PRN needs to add an Administrative Assistant to help with monitoring and other tasks. They estimate about (10) hours per week work @ \$15.00 per hour. The Board presently receives approximately \$60,000 per year for designated PRN fees from licensing fees. PRN requesting an increase in its contract remuneration from \$45,000 year to \$56,000 per year, plus a continuation of the \$1,500 per year grant for attendance at training/conferences. Motion was made by Jody Hedrick and seconded by Lydia Main to grant the increase. All in favor, Motion carried.

Motion was made by Jody Hedrick to have a letter issued to the PRN expressing the Board's appreciation for its work over the last seven years. Martin Castleberry seconded. All in favor Motion carried.

Mr. Potters gave an update on the status of the Board's instruction to the staff to approach the Board of Medicine and Osteopathy about joint rule making progress to expand pharmacist immunizations. A response was provided by the Board of Medicine's Executive Director, Robert Knittle, that he would present it to that Board. Mr. Potters will follow-up with the Board of Osteopathy.

Request from MedImmune (Julie M. Garner, Government Affairs manager) to continue the waiver from Rule 15-1-14-7.5 for Synagis distribution/dispensing directly to physician offices from specialty pharmacies for administration. Motion was made by Jody Hedrick to approve. Seconded by Charles Woolcock. Motion carried.

The Board then revisited the request from Drug Store News and The Collaborative Education

DRAFT: Not yet approved by the Board. Subject to Amendment and Correction.

DRAFT: Not yet approved by the Board. Subject to Amendment and Correction. Institute to approve their Immunization Training Program for Pharmacists which it had taken under advisement at its last Board meeting. Motion was made by Jody Hedrick to deny this request as it does not meet the requirements for live instruction set forth in the Rules. Seconded by Rebekah Hott. All in favor, Motion carried.

The Board then revisited the request by Amanda J. Smith, R.Ph, Pharmacy Director, Health Facilities, Inc., concerning remote its request to approve a pilot project for Remote Telepharmacy Services which it had taken under advisement at its last Board meeting. Motion was made by Sam Kapourales to deny based on current rules past Board policy. Seconded by Jody Hedrick. All in favor Motion carried.

Mr. Potters gave an update on the building renovation. The Work Group made up of Charles Woolcock, Martin Castleberry and Sam Kapourales selected Preston Associates, (Bill Preston, Architect), as the Architect to assist the Board with the project. He has visited the site several times and is working on specifications to bid out the work.

Mr. Potters gave an update on drafting the revised Practice Act. The Board was provided a copy of the current draft received from Charles Roskovensky, Attorney for House Government Organization Committee. Mr. Potters then gave a brief overview of the Stakeholders Meeting hosted by Mr. Roskovensky on behalf of Government Org. which was held at the House Government Organization Committee Room on Friday, December 10, 2010. After the discussion Motion was made by Sam Kapourales to request that West Virginia Code subsection 30-5-12b(g) be removed from the code as it is outdated due to third-party payor contracts for reimbursement of prescriptions.. Seconded by Charles Woolcock and to remove § 30-5-12b (g). All in favor, Motion carried.

Finally, the Board addressed the Board of Optometry request to review its proposed Rules drafting/revisions to Title 14, Series 2, 9, and 11, and provide a letter supporting the rules or indicating that the Board of Pharmacy did not object to them. Following discussion, Mr. Stevens of the WVPA noted that any provisions for the retailing/selling of pharmaceuticals by an optometrist may be a conflict with the Pharmacy Practice Act and the Supreme Court decision in Ye Olde Apothecary v. McClellan, 163 W.Va. 19 (1979). Mr. Potters indicated that the provision Mr. Stevens was referring to is in 30-5-21(b) where it states: "Nothing in this article shall be construed to interfere with any legally qualified practitioner of medicine, dentistry or veterinary medicine . . . from supplying to his or her patients such medicines as he or she may deem proper, if such supply is not made as a sale." Because of the McClellan decision interpreting that statute, and the fact that the statute does not list optometrists specifically, the Board declined to provide a letter to the Board of Optometry indicating that it was in agreement with the proposed rules. Mr. Potters communicate this to the Board of Optometry by calling their representative.

The Board set the next regularly scheduled Board Meeting to be held on Sunday, March 6, 2011, at the West Virginia Board of Pharmacy, 232 Capital Street, Charleston, West Virginia at 5:00 P.M. and continue on Monday morning at 8:30 A.M. March 7, 2011 at the West Virginia Board of Pharmacy, 232 Capital Street, Charleston, West Virginia. The Board is open to having the meeting

Motion was made by Lydia Main to adjourn. Seconded by Rebekah Hott. All in favor  
Motion carried.
