## INDEPENDENT AUDITOR'S REPORT

June 27, 2016

Richie County Integrated Family Services, Inc.  
PO Box 195  
Harrisville, West Virginia 26362

To the Board of Directors:

### *Report on the Financial Statements*

We have audited the accompanying financial statements of **Ritchie County Integrated Family Services, Inc.**, (a non-profit organization) which comprise the statement of financial position as of September 30, 2015, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting

policies used and the reasonableness of significant accounting estimates, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Basis for Qualified Opinion***

Ritchie County Integrated Family Services, Inc. expenses the cost of long-lived property and equipment acquired by purchase, donation or capital lease. Accounting principles generally accepted in the United States of America require long-lived property and equipment to be capitalized and depreciated over their estimated useful lives. It was not practical to determine the effects of the unrecorded long-lived property and equipment and related capital lease debt on the financial statement.

#### ***Qualified Opinion***

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Ritchie County Integrated Family Services, Inc. as of September 30, 2015 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Other Matters***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 11-17 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated June 27, 2015, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreement and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control over financial reporting and compliance.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2015**

**NOTE 1- NATURE OF ACTIVITIES**

The purpose of the Ritchie County Integrated Family Services, Inc. (the Organization) is to study the social needs of Ritchie County, West Virginia and its contiguous counties and to take such action as are necessary to in meeting those needs.

**NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Basis of Accounting**

The Organization prepares its financial statements in accordance with generally accepted accounting principles with the exception that the Organization does not capitalize and depreciate the cost of capital assets.

The financial Accounting Standards Board issued Financial Accounting Standards Codification (FASB ASC) 958-205. Under FASB ASC No. 958-205, defined nonprofits are required to report information regarding financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

**B. Cash and Cash Equivalents**

For the purpose of the Statement of Cash Flows, cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

**C. Accounts Receivable**

The organization chooses to use the direct write-off method for accounts receivable. This is not consistent with generally accepted accounting principles; however, any variance between the direct write-off method and the allowance method is believed to be immaterial.

**D. Revenue Recognition**

Contributions are recognized as revenue when they are received or unconditionally pledged.

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The organization reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must acquire long-lived assets are reported as restricted support.

Absent explicit donor stipulations about how these long-lived assets must be maintained, the Organization reports the expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

If a restriction is fulfilled in the same fiscal year in which the contribution is received, the contribution is reported as unrestricted.

Contributions of services shall be recognized if the services received (a) create or enhance nonfinancial assets, (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

#### **E. Capital Assets**

All acquisitions of capital assets and all expenditures for repairs, maintenance, renewals and betterments are expensed during the year of purchase. This policy is not in accordance with accounting principles generally accepted in the United States of America which requires that all acquisitions of capital assets be capitalized and depreciated over the estimated useful life of the assets.

#### **F. Expense Allocation**

The costs of providing various programs and other activities have been reported in the Statement of Functional Expenses and summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### **G. Tax Status**

The Organization is a not-for-profit organization and is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue code.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken an uncertain position that is more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). Management has analyzed the tax positions taken by the Organization, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Organization's Federal Return of Organization Exempt Income Tax (federal Form 990) for fiscal years ending in 2011, 2012, and 2013 are subject to examination by the IRS, generally for three years after they were filed.

#### **H. Fair Value Measurements**

As defined in FASB ASC no. 825-10 fair value is based on the price that would be received to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, FASB ASC No.825-10 establishes a fair value hierarchy that prioritized observable and unobservable inputs used to measure fair value into three levels. The Organization had no assets or liabilities requiring fair value disclosure during the year ended June 30, 2015.

#### **I. Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from these estimates.

#### **J. Donates Services**

No amounts have been reflected in the financial statements for donated services. The Organization generally receives services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Organization with specific programs, fundraising activities, and various committee assignments.

**NOTE 3- ACCOUNTS AND GRANTS RECEIVABLE**

The Organization operates in the Harrisville, West Virginia area and receives support from various sources, substantially all of whom are local individuals or government agencies.

Accounts and grants receivable are those for which the Organization has performed a service or for which the requirements of a grant have been met and the Organization is awaiting reimbursement.

**NOTE 4- COMPENSATED ABSENCES**

The Organization provides compensated absences to certain employees in the form of paid time off. The balance accrued vacation at September 30, 2015 was \$2,785.

**NOTE 5- CONCENTRATION OF RISK**

The Organization is economically dependent on grants from various federal, state and local governments for the operation of their programs. The Organization's ability to receive these grants is somewhat dependent on the national, state and local economy.

**NOTE 6- RISK MANAGEMENT**

The Organization is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The organization manages these risks of loss through the purchase of various insurance policies.

**NOTE 7- CONTINGENCIES**

The Organization's programs are generally funded from federal, state, and local sources. Federal and state grants received for specific purposes are subject to audit and review by grantor agencies. Such audits and reviews can result in requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. The amount, if any, or expenditures which may be disallowed by grantor agencies cannot be determined at this time, although management believes such amounts, if any, to be immaterial.

**NOTE 8- SUBSEQUENT EVENTS**

Management has evaluated events subsequent to the date of the statement of financial position through June 27, 2016, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through June 27, 2016 that would require adjustment or disclosure in the financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH AUDITING  
GOVERNMENT STANDARDS.**

June 27, 2016  
Ritchie County Integrated Family Services, Inc.  
P.O. Box 195  
Harrisville, West Virginia 26362

To the Board of Directors:

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standard, issued by the Comptroller General of the United States, the financial statements of Ritchie

County Integrated Family Services, Inc., which comprise the statement of financial position as of September 30, 2015, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated June 27, 2016, which was qualified for not capitalizing the costs of long-lived property and equipment.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Ritchie County Integrated Family Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ritchie County Integrated Family Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Ritchie County Integrated Family Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the introductory paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Ritchie County Integrated Family Services, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ritchie County Integrated Family Services, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Ritchie County Integrated Family Services, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
