MATHEMATICS/SCIENCE PARTNERSHIP GRANT:
PROJECT TEIR (TEACHERS ENGAGED IN RESEARCH)

PROGRAM PURPOSE:

The purpose of the RESA 2 Project TEIR grant is to increase student mathematics achievement by: (1) expanding teacher content knowledge and improvement of the instructional pedagogy of elementary mathematics teachers assigned to teach grades 3-5; (2) modeling the utilization of engaging mathematics instructional materials and technology sources; (4) supporting administrators in the professional growth of teacher instructional leaders in mathematics; and (5) promoting positive relationships and a sustained partnership between higher education faculty, RESA 2 and K-12 teachers in school districts in Cabell, Lincoln, Logan, Mason and Mingo counties located in southwestern West Virginia.

FUNDING SOURCE:

Math Science Partnership Grant (West Virginia Department of Education)

PROGRAM CONTACT:

Karen Davies
(304) 529-6205 ext 24
kdavies@access.k12.wv.us

MAJOR ACCOMPLISHMENTS:

Project TEIR (Teachers Engaged in Research) provides elementary mathematics teachers in grades 3-5 the opportunity for sustained, research-based professional development designed to improve both mathematics content knowledge and instructional practice. This three-year initiative offers participating teachers a variety of professional development experiences including participation in four mini-institutes held on Saturdays per each grant year, monthly on-line professional learning communities and a two-week summer mathematics institute. All sessions focus on modeling the utilization of providing quality and research-based mathematics instruction using engaging, high quality instructional materials to address alignment with common core/Next Generation standards; balanced assessments that support student learning and integration of technology using 21st century instructional materials. Marshall University professors representing both the College of Science and College of Education were heavily involved in researching the alignment of the common core/Next Generation standards to the content included in the three elementary adopted mathematics textbooks (i.e., Everyday Math, Investigations and Math Expressions) to promote teacher knowledge of the application of mathematics with real world experiences.

SUMMARY OF STRATEGIC PLAN RESULTS:

Year one (SY 2011-2012) focused on fractional development and common assessments that support student learning. Years two (SY 2012-2013) and three (SY 2013-2014) will focus on elementary algebraic and geometric measurement strands including a continuation of the balanced assessment philosophy.

PROGRAM PERSONNEL:

RESA 2 Program Development Director; Project Director; MU College of Education Professor; MU College of Science Professor; MU Research Designer/Evaluator

TITLE: TEACHING AMERICAN HISTORY GRANT IN THE 21ST CENTURY GRANT

PROGRAM PURPOSE: This project provides sustained professional development opportunities designed to increase the knowledge of history teachers in American history and to assist teachers in improving the quality of classroom instruction designed to increase student learning of American history.

FUNDING SOURCE: United States Department of Education Grant

PROGRAM CONTACT: Karen Davies
(304) 529-6205 ext. 24
kdavies@access.k12.wv.us

PROGRAM ACCOMPLISHMENTS:

- Collaborated with 29 elementary teachers in monthly professional learning communities within individual counties
- Held roundtable discussions on the book, *Free Thinkers*, by Susan Jacoby focusing on the separation of church and state
- Taught teachers to effectively integrate technology into American history content using web-lessons and ways to create and teach document based questioning
- Created 4 traveling trunks filled with teaching materials focusing on the following content: The Coal Industry - Past, Present and Future; The Ohio River; Children and the Civil War; and Presidents Washington, Adams, Jefferson and Franklin
- Traveled to NYC to tour historical landmarks (e.g., the Statue of Liberty, site of the World Trade Center, Wall Street) and PA to offer teachers firsthand American history experiences
- Offered college credit to teachers attending the summer institutes at Ashland University in Ashland, Ohio and received training from expert historians and lecturers to deepen teacher content knowledge
- Offered 123 hours of professional development opportunities to initial participants and an additional 26 teachers of grades 5-8 joining the grant in year three

SUMMARY OF STRATEGIC PLAN RESULTS:

This project has provided sustained professional development opportunities in 21st century teaching and learning techniques in the content area of American history. In addition, teachers were provided student awareness resources that build character and citizenship.

PROGRAM PERSONNEL: RESA 2 Program Development Director; Project Director; Project Evaluator; and Project Instructors

MAJOR ACCOMPLISHMENTS:

- Implement a comprehensive energy conservation and management program
- School walkthroughs to determine opportunities to save energy
- Eliminate energy inefficiencies
- Ensure that students and staff are able to work and learn in a comfortable environment
- Energy Management includes natural gas, electricity, water, sewer, HVAC systems, and mechanical systems.
- High rates of cost avoidance for participating counties.
- Host cooperative meetings
- Pre-approve brands
- Testing of all foods - appearance, flavor, texture, sodium/fat grams and supplies
- Consolidation of bid quantities
- Pre-bid meetings with vendors
- Place bids – award by counties to get cooperative market order once bid is awarded (food, juice, supplies, dishwasher detergent, etc.)
- Review products to meet standards and guidelines
- Planning and cost analysis
- Work with consultant on bidding process
- Problem solve with vendors
- Testing each year with other cooperatives (food service)
- Mail bids to counties
- Mail county approved bids to vendors
- Receive sealed bids / tabulate all bids
- Facilitate Cooperative Purchasing Committee meeting to open / award bids

SUMMARY OF STRATEGIC PLAN RESULTS:

Strategic accomplishments include providing regional co-ops as a cost savings measure for participating counties in the area of instructional and custodial supplies, as well as food and supplies; a focus on energy conservations and management ongoing.

PROGRAM PERSONNEL:

PROGRAM TITLE:

THE EMPOWERMENT PROJECT: RESA 2 SCHOOLS
TARGETED FOR IMPROVEMENT

PROGRAM PURPOSE:

To provide sustained support and technical assistance for schools identified as having low student achievement.

FUNDING SOURCE:

County Funds

PROGRAM CONTACT:

Dr. Dee Cockrille
(304) 529-6205 ext. 26
dcockril@access.k12.wv.us

MAJOR ACCOMPLISHMENTS:

As we embark on transforming our schools and systems into 21st century teaching and learning environments, Region 2 is working diligently to create schools and classrooms with high expectations and achievement for *all* students in every school. Data from the National Assessment of Educational Progress show that the academic performance of students in our nation's highest-poverty schools is often several grade levels behind that of students in low-poverty schools. Furthermore, schools with academic challenges are required to make strategic decisions about instructional practices, the engagement of students, and the alignment of every aspect of school operations in order to support and sustain efforts to improve student achievement.

By setting high academic standards, holding all schools accountable for performance, and identifying schools that do not meet standards, counties are taking important steps to raise expectations for all students. For schools that do not meet expectations, RESA 2 can do much to provide the support necessary to improve teaching and learning. In schools where student achievement remains persistently low, we must actively intervene with resources and technical assistance to further the school improvement process. The RESA 2 Technical Assistance Project focuses upon the following:

- Identifying Essential Learnings
- Concentrating resources and efforts on providing students with challenging curriculum and high-quality instruction.
- Creating a professional development program aligned with the content of curriculum and focused on improving instruction.
- Building School Capacity: Systemic Support for the Process of Change
- Ensuring strong leadership at the school including viable teacher leadership.
- Promoting policies that encourage teacher commitment to change and capacity building.
- Helping schools use performance data to drive learning and support comprehensive student development.
- Promoting high student engagement.
- Promoting Rigor, Relevance and Relationship Paradigm through the International Center for Education.

SUMMARY OF STRATEGIC PLAN RESULTS:

Strategic goals were met.

PROGRAM PERSONNEL:

Instructional/Principal Coaches, Special Education Director,
Program Development Director, Technology Services Director,
SPL Specialist

TITLE: RESA 2 AND MARSHALL UNIVERSITY LEADERSHIP STUDIES COHORTS

PROGRAM PURPOSE: Two leadership studies programs are offered to provide students a cohort experience to acquire: 1) a principal's certificate (18 hour/one year program); or 2) a master's degree in educational administration (36 hour/two year program) at a significantly reduced tuition rate.

FUNDING SOURCE: Private Student Pay

PROGRAM CONTACT: Karen Davies
(304) 529-6205 ext. 24
kdavies@access.k12.wv.us

PROGRAM ACCOMPLISHMENTS:

- Students currently participating in the 18 hour/one year program to acquire a principal's certificate will complete the cohort program in December 2012
- Students currently participating in the 36 hour/two year program to obtain a master's in educational administration will complete the cohort program in December 2013
- High demand has resulted in the formation of a second 18 hour/one year program to acquire a principal's certificate beginning in January 2013 through December 2013
- High demand has resulted in the formation of a second 36 hour/two year program to obtain a master's in educational administration beginning in January 2014 through December 2016

SUMMARY OF STRATEGIC PLAN RESULTS:

This project has provided participating teachers with a master's degree in an educational field to complete the 18 hours necessary to acquire a principal's certificate or the opportunity to obtain a master's degree in educational administration through a one or two year program respectively. A benefit to counties is addressing the critical shortage of both highly qualified and effective principals at both the elementary and secondary levels.

PROGRAM PERSONNEL: RESA 2 Program Development Director; MU Program Director; MU Course Instructor

TITLE: RESA 2 / MARSHALL UNIVERSITY ENGLISH COHORT AND
RESA 2 / FAIRMONT STATE UNIVERSITY PHYSICS COHORT

PROGRAM PURPOSE: English and Physics programs of studies are offered to both provide practicing teachers with a cohort experience to acquire English or Physics certification at a significantly reduced tuition rate and to address the critical shortage of both highly qualified and effective English and Physics teachers.

FUNDING SOURCE: Private Student Pay

PROGRAM CONTACT: Karen Davies
(304) 529-6205 ext. 24
kdavies@access.k12.wv.us

PROGRAM ACCOMPLISHMENTS:

- Students are currently participating in the 18 hour program to acquire English or Physics certification which are areas of critical need.

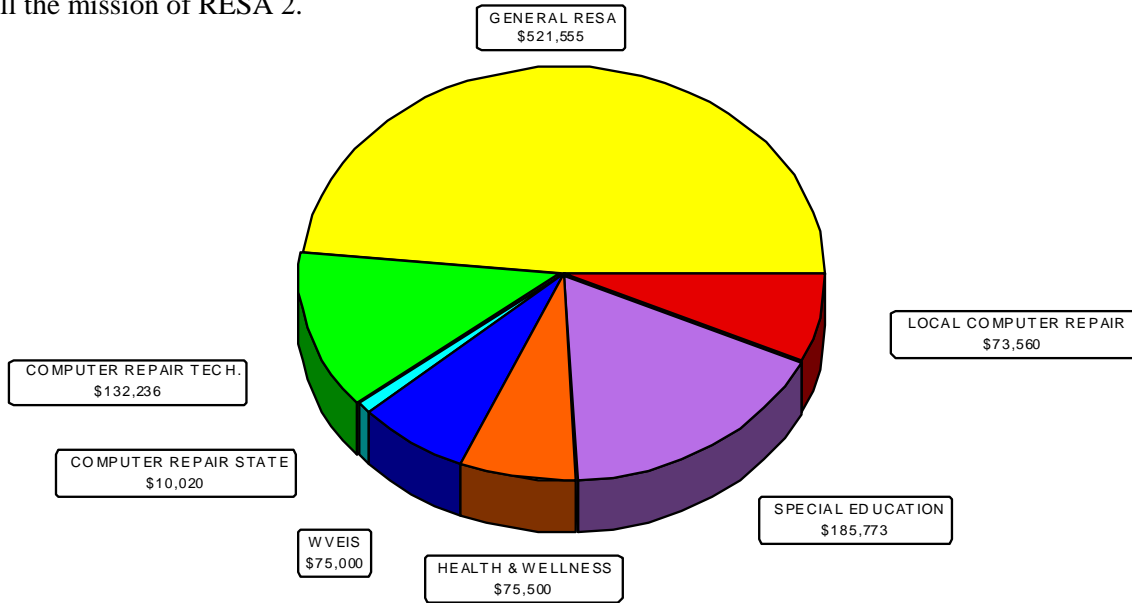

SUMMARY OF STRATEGIC PLAN RESULTS:

This project has provided practicing teachers with the opportunity to obtain English or Physics certification and has benefitted counties by addressing the critical shortage of both highly qualified and effective English or Physics teachers.

PROGRAM PERSONNEL: RESA 2 Program Development Director; MU / Fairmont Program Director; MU / Fairmont Course Instructor

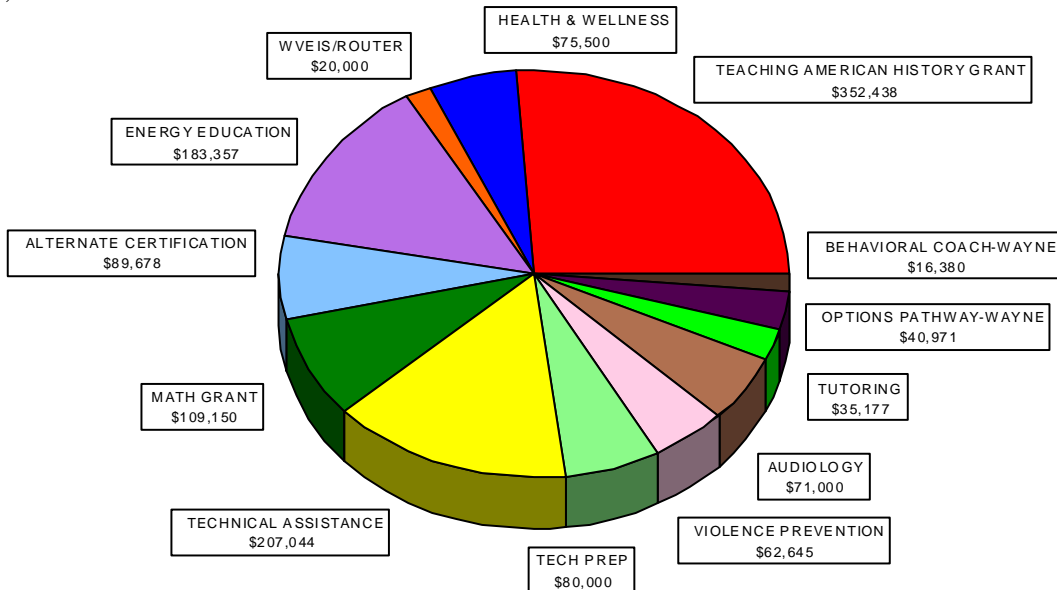

RESA 2 PROGRAM ALLOCATIONS

Program Allocations represent the basic funding received from federal, state and local resources. These funds were utilized to deliver programs and services effectively and efficiently in FY 2012 in order to fulfill the mission of RESA 2.

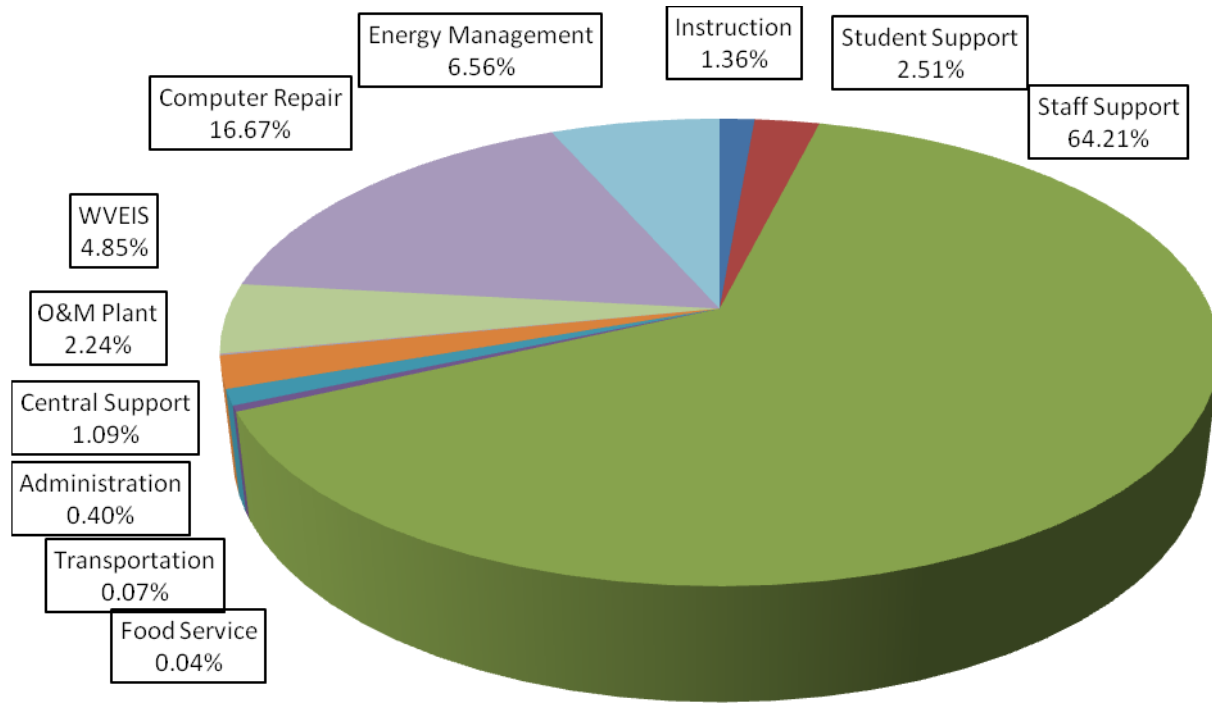

RESA 2 SUPPLEMENTARY GRANT FUNDS

Supplementary Grant Funds represent federal and state revenue sources acquired through the initiation, submission and subsequent approval of grant proposals. The supplementary funding acquired totaled \$1,343,340.00.

A powerful engine for education

WV Board of Education Policy 3233

“Each RESA shall submit . . . an evaluation of the services provided within each respective region and their effectiveness. The evaluation is to be completed by schools, school systems, and others using the RESA’s services/programs and must include 1) an overall evaluation of the RESA’s services/programs; 2) suggestions on methods to improve the utilization of existing services/programs; 3) suggestions on how existing services/programs may be enhanced; and 4) what new services/programs would be of benefit to schools and school systems.”

OVERALL PROGRAMS/SERVICES EVALUATION

Place an “x” on the scale below to indicate your overall evaluation of RESA services/programs.

PROGRAM / SERVICES SUGGESTIONS

1. How can the utilization of RESA services / programs be improved?

2. How can existing RESA services / programs be enhanced?

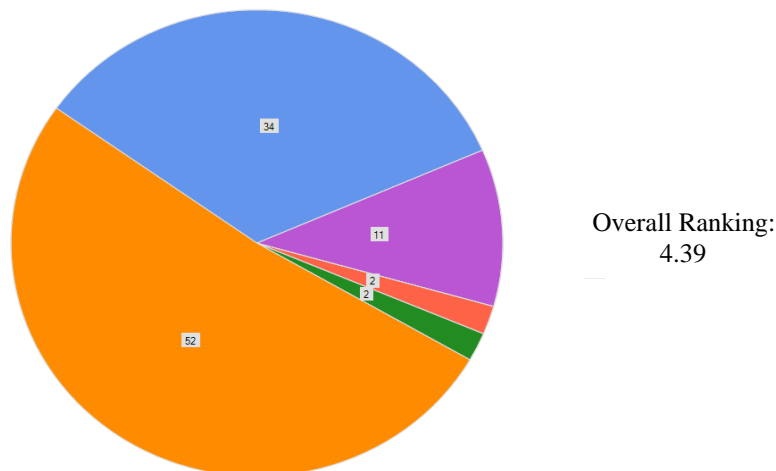

3. What new RESA services / programs would be of benefit to your school / organization?

RESA 2 EVALUATION 2011 - 2012

Total Number of Sessions Offered: 970

Mean of Survey Responses: 4.39

1. Program Evaluation: On a scale of 1-5, with 5 being very useful and 1 being not useful, how would you evaluate RESA services to you and your school?

2. Program Suggestions: Give suggestions for improvement of programming.

- As a new principal, I would like more guidance on developing our 5 Year Strategic Plan. Even next year, which will be my second year doing it, I think it would be helpful to have guidance.
- I would like to see more workshops for Social Studies.
- I feel RESA supports our counties in any areas we need help. We have excellent relationship with RESA.
- The legislature should increase funding so RESA's services can be expanded.
- Common Core workshops for a representative from each grade level from each school
- Advertise more
- Anytime RESA can take the lead in providing quality and timely PD for state initiatives, such as Common Core, Support for Personalized Learning, teacher evaluation components (writing student-focused goals), etc. it certainly appreciated.
- More hands on training.
- I have no suggestions for improvement.
- Haven't participated during current year in any RESA 2 facilitated workshops.
- Continue to keep us updated on policy changes and new implementations.
- A variety of professional development
- Principal support on state department initiatives
- more lab science materials
- TAH - Rather than trips and technology, I'd like to have resources to use in my classroom. I'd rather have money spent on that, personally.

- Great program!! Keep doing what we are doing!!!
- Training in technology
- Doing a fine job
- Think it's great as is
- The WVEIS program is up and running earlier this year and Chat. Thanks,
- Have some programs at the school level as it is hard to get subs.
- Data analysis and application support.
- Keep the WVEIS green screen.
- We, as a county and region, need tools that increase our Math performance.
- Training for WVEIS green screen for new administrators.
- Improved delivery of event notices--maybe send out on Chat line.
- The program I attended was informative but I think it would be more beneficial for teachers who are interested in becoming administrators.
- Involvement with NXT Gen for resources etc.
- I like the thought of RESA coming to my school periodically to observe classrooms
- More hands on support to improve testing
- It was a wonderful professional development session. It needs no improvement.

3. Enhancement of Existing Programs: What suggestions do you have?

- Additional staff development especially in the area of mathematics
- I would like to see funding to be able to continue the Teaching American History program.
- WVEIS support needs improving.
- Additional Common Core workshops for the study group from last year
- Advertise more
- Provide participants of trainings with certificates for portfolio
- Please continue the support for the NBPTS candidates.
- More training on common core.
- I have no suggestions for enhancing the existing programs.
- Availability to more staff, many times the training is limited seating
- More financialmore money
- I could use some more training on WVEIS both green screen and WOW.
- Continue with programs that were in place prior to July 1. The Common Core Study Cadre that was in place during the 2011-2012 was very beneficial to helping learn the common core shifts. This program needed to continue this year, especially with the roll out of grades 1, 4 , 5 and 9.
- I would love for the TAH program to stay around. It has been so helpful and Brenda Stevenson is a Godsend!!!
- Expand Special Education Programming
- continue math research workshops
- Allow teachers to come in and show how things they have learned are being utilized in their personal classrooms.
- possibly more follow-up or follow-through

- Extend the Teach American history grant.
- Just more of the same. Brenda Stevenson has a way of presenting the new "Core Standards" which makes them more easily understood. So many interesting techniques have been presented in our class. I have enjoyed all the guest speakers Brenda has had at the Saturday workshops etc.
- Keep up the good work
- Think it's great as is
- What to do with PLC's
- Just keeping up informed with new ideas for improving quality education for our students
- Training on WVEIS WOW - sustained
- Less pull out and more modeling of effective strategies in the classrooms with the kids or during team meetings (IE, data analysis).
- WVEIS teacher training
- All the programs seem to be working fine. Easy access and friendly to use.
- Everything has been really great. I do not know how it could be improved.
- better prioritizing of needs I like the wellness, emphasis
- Our biggest help from RESA is tech support. Having a person assigned to a school on a given day would be very helpful.
- Data support
- Additional training/information regarding new procedures for teaching RLA for Principals and teachers

4. Development of New RESA 2 Programs: What new programs would you like to see developed?

- Training in Rigor and Relevance and SPL
- I would like to see some programs which focus on the teaching of West Virginia studies,.
- Need to meet to see what the counties are doing on the implementation of the Common Core.
- Expand programs targeting principal leadership.
- programs for the NextGen
- Additional certificate cohorts: supervisor, director, technology certificates.
- It would be helpful to renew the administrator drive-in sessions that used to be held each Spring following the legislative session. At these meetings, principals and Central Office staff received updates on all of the education-related legislation and heard from the WVDE staff regarding their focus for the coming year.
- More training on digital learners and keeping them engaged
- Common core training.
- Continue to provide the programs that are currently in place.
- Digital modules for Nxt Gen/ more support for principals
- Math
- Teacher Leadership Support for Common Core

- Continue to keep us updated on policy changes and new implementations
- I would like to see Reading/LA program of some sort geared toward Common Core
- Craft digital models of Common Core
- social studies enrichment science enrichment
- Classroom management techniques for new teachers. Workshops that provide time to actually create what we are being taught.
- Middle School Math program
- More programs for common core.
- I love the History trucks. The training provided through the TAH grant classes has been extremely useful.
- CPI, Common Core Standards
- Frankly, I am so overwhelmed with what we have to do, I can't think of anything we could get done to ensure student success.
- Best practices modeling in the classrooms. Using data to shape instruction. Differentiation - IE, how to keep a classroom from being chaos when you have four different groups working and must float. This is a big question from my staff.
- Something proven to increase Math performance
- A program that helps with interviews for administration jobs. That the jobs be based on experience and work ethic.
- Differentiated Teaching Strategies for Secondary school
- More modeling, during school, teaching strategies workshops
- I would like to see technology training for staff. This would include how to trouble shoot basic things as well as deeper understanding of intelli and smartboards.
- Additional data training to have instruction needs match assessment needs
- Common Core and its relationship for Principals as the Instructional Leader
- More Common Core staff development More Administrative staff development
- Please provide OEPA training/overview for principals of what OEPA looks for/questions asked--- maybe have principals who have gone through the audit to assist in the training.

5. Additional Comments:

- Additional training for new instructional coaches
- Thanks for the assistance on Spanish. Logan County appreciates your help.
- RESA 2 is a wonderful support to our county. Thank you!
- RESA helps Logan County with any areas we ask. Our working relationship is excellent.
- RESA computer services are invaluable to our school
- It would be helpful if RESA 2 staff would be continually looking ahead at what is needed in our districts. For example, the new teacher evaluation system will require teachers to know how to create student-focused goals. This training could be provided by RESA 2 as a trainer-of trainer model.

- I love this class and would like to participate in more classes in the future.
- RESA 2 provides many services that our school district would be unable to provide on its own.
- Technical Assistance support is excellent
- Monthly meetings of the RESA 2 Counties curriculum leadership reps was extremely helpful in collaborating and sharing resources. It is almost November and have yet to have a group meeting.
- Thank you for comprehensive support.
- RESA 2 does an exceptional job for us. We appreciate everything you do for us!
- There needs to be better communication between RESA and the schools. I feel like there are many things I do not know are happening until the week of and I do not have time to plan accordingly to be able to come.
- I feel I have become a more interesting teacher this year thanks to Brenda Stevenson and the TAH grant classes. I wish I could give back something to the people who have provided such enrichment to my teaching experience.
- Leave things alone, they are fine!
- Love RESA, great resource
- RESA 2 team is great, they make you feel like they really want to help and do not make the staff feel uncomfortable when they are in our building. Thanks for the help.
- Staff helpful when I am having connection or password problems with WVEIS. Occasionally attend a WVDE workshop.
- Leadership program which places experience and work ethics as an importance.
- Everyone does a great job
