42 (e) Following the close of each calendar year, the plan
43 administrator shall determine net written and earned
44 premiums, the expense of administration and the paid and
45 incurred losses for the year and report this information to
46 the board and the commission on a form prescribed by the
47 commissioner.

48 (f) Notwithstanding any other provision in this section to
49 the contrary, the board may elect to designate the public
50 employees insurance agency as the plan administrator. If
51 so designated, the public employees insurance agency shall
52 provide the services set forth in subsection (c) of this
53 section and shall be subject to the reporting requirements
54 of subsections (d) and (e) of this section. The plan shall, if
55 the public employees insurance agency is designated by
56 the board as the plan administrator, reimburse health care
57 providers at the same health care reimbursement rates
58 then in effect for the West Virginia public employees
59 insurance agency.

§33-47-7. Funding of the plan.

1 (a) *Premiums.* –

2 (1) The plan shall establish premium rates for plan
3 coverage as provided in subdivision (2) of this subsection.
4 Separate schedules of premium rates based on age, sex and
5 geographical location may apply for individual risks.
6 Premium rates and schedules shall be submitted to the
7 commissioner for approval prior to use.

8 (2) The plan, with the assistance of the commissioner,
9 shall determine a standard risk rate by considering the
10 premium rates charged by other insurers offering health
11 insurance coverage to individuals. The standard risk rate
12 shall be established using reasonable actuarial techniques,
13 and shall reflect anticipated experience and expenses for
14 such coverage. Initial rates for plan coverage shall not be
15 less than one hundred twenty-five percent of rates estab-
16 lished as applicable for individual standard risks. Subject
17 to the limits provided in this subdivision, subsequent rates
18 shall be established to provide fully for the expected costs
19 of claims including recovery of prior losses, expenses of
20 operation, investment income of claim reserves, and any
21 other cost factors subject to the limitations described
22 herein. In no event shall plan rates exceed one hundred
23 fifty percent of rates applicable to individual standard
24 risks.

25 (b) *Sources of additional revenue.* –

26 (1) The plan may be additionally funded by an assess-
27 ment on hospitals. Notwithstanding the provisions of
28 subsection (c), section eight, article twenty-nine-b, chapter
29 sixteen of this code and not to be construed as in conflict
30 therewith, the health care authority is authorized to
31 increase the assessment obligation of hospitals. The
32 increase shall not exceed a maximum of twenty-five
33 percent above the one tenth of one percent specified in
34 this section. The entire assessment, including the in-

35 crease, shall be collected as specified in subsection (c),
36 section eight, article twenty-nine-b, chapters sixteen of this
37 code. Upon receipt of the assessment fees, the health care
38 authority shall transfer all proceeds generated from the
39 new fee collected to a special revenue account established
40 in the state treasury by the commissioner and designated
41 the "West Virginia Health Insurance Plan Account" for the
42 sole purpose of providing additional funding for the plan.

§33-47-8. Benefits.

1 (a) The plan shall offer health care coverage consistent
2 with comprehensive coverage to every eligible person who
3 is not eligible for medicare. The coverage to be issued by
4 the plan, its schedule of benefits, exclusions and other
5 limitations shall be established by the board and subject
6 to the approval of the commissioner.

7 (b) In establishing the plan coverage, the board shall
8 take into consideration the levels of health insurance
9 coverage provided in the state and medical economic
10 factors as may be deemed appropriate; and promulgate
11 benefit levels, deductibles, coinsurance factors, exclusions
12 and limitations determined to be generally reflective of
13 and commensurate with health insurance coverage pro-
14 vided through a representative number of large employers
15 in the state.

16 (c) The board may adjust any deductibles and
17 coinsurance factors annually according to the medical
18 component of the consumer price index.

19 (d) *Preexisting conditions.* –

20 (1) Plan coverage shall exclude charges or expenses
21 incurred during the first six months following the effective
22 date of coverage as to any condition for which medical
23 advice, care or treatment was recommended or received as
24 to such conditions during the six-month period immedi-
25 ately preceding the effective date of coverage, except that

26 no preexisting condition exclusion shall be applied to a
27 federally defined eligible individual.

28 (2) Subject to subdivision (1) of this subsection, the
29 preexisting condition exclusions shall be waived to the
30 extent that similar exclusions, if any, have been satisfied
31 under any prior health insurance coverage which was
32 involuntarily terminated; provided, that:

33 (A) Application for pool coverage is made not later than
34 sixty-three days following such involuntary termination
35 and, in such case, coverage in the plan shall be effective
36 from the date on which such prior coverage was termi-
37 nated; and

38 (B) The applicant is not eligible for continuation or
39 conversion rights that would provide coverage substan-
40 tially similar to plan coverage.

41 (e) *Nonduplication of benefits.* –

42 (1) The plan shall be payer of last resort of benefits
43 whenever any other benefit or source of third-party
44 payment is available. Benefits otherwise payable under
45 plan coverage shall be reduced by all amounts paid or
46 payable through any other health insurance coverage and
47 by all hospital and medical expense benefits paid or
48 payable under any workers' compensation coverage,
49 automobile medical payment or liability insurance,
50 whether provided on the basis of fault or nonfault, and by
51 any hospital or medical benefits paid or payable under or
52 provided pursuant to any state or federal law or program.

53 (2) The plan shall have a cause of action against an
54 eligible person for the recovery of the amount of benefits
55 paid that are not for covered expenses. Benefits due from
56 the plan may be reduced or refused as a set-off against any
57 amount recoverable under this subdivision.

§33-47-9. Collective action.

1 Neither the participation in the plan as participating
2 insurers, the establishment of rates, forms or procedures

3 nor any other joint or collective action required by this
4 article shall be the basis of any legal action, criminal or
5 civil liability or penalty against the plan or any participat-
6 ing insurer.

§33-47-10. Taxation.

1 The plan established pursuant to this article shall be
2 exempt from the premium taxes assessed under sections
