10	A BILL to amend and reenact $\$7-7-1$, $\$7-7-3$, $\$7-7-4$, $\$7-7-4a$ and
11	§7-7-6b of the Code of West Virginia, 1931, as amended,
12	relating to counties; reclassifying counties from ten classes
13	to five classes; increasing the salaries of county
14	commissioners and elected county officials; authorizing an
15	automatic salary increase every two years; clarifying that the
16	automatic salary increases only take effect with the new term
17	of office; clarifying prosecuting attorneys' full-time and
18	part-time compensation; and clarifying assessors' additional
19	compensation classifications.
20	Be it enacted by the Legislature of West Virginia:
21	That §7-7-1, §7-7-3, §7-7-4, §7-7-4a and §7-7-6b of the Code
22	of West Virginia, 1931, as amended, be amended and reenacted, all
23	to read as follows:

24 ARTICLE 7. COMPENSATION OF ELECTED COUNTY OFFICIALS.

1 §7-7-1. Legislative findings and purpose.

2 (a) The Legislature finds that it has, since January 1, 2003 3 2007, consistently and annually imposed upon the county 4 commissioners, sheriffs, county and circuit clerks, assessors and 5 prosecuting attorneys in each county board, new and additional 6 duties by the enactment of new provisions and amendments to this 7 code. The new and additional duties imposed upon the aforesaid 8 <u>these</u> county officials by these enactments are such that they would 9 justify the increases in compensation as provided in section four 10 of this article, without violating the provisions of section 11 thirty-eight, article VI of the Constitution of West Virginia.

12 (b) The Legislature further finds that there are, from time to 13 time, additional duties imposed upon all county officials through 14 the acts of the Congress of the United States and that such these 15 acts constitute new and additional duties for county officials and 16 as such, justify the increases in compensation as provided by 17 section four of this article, without violating the provisions of 18 section thirty-eight, article VI of the Constitution of West 19 Virginia.

20 (c) The Legislature further finds that there is a direct 21 correlation between the total assessed property valuations of a 22 county on which the salary levels of the county commissioners, 23 sheriffs, county and circuit clerks, assessors and prosecuting 24 attorneys are based, and the new and additional duties that each of

1 these officials is required to perform as they serve the best 2 interests of their respective counties. Inasmuch as To the extent 3 that the reappraisal of the property valuations in each county has 4 now been accomplished, the Legislature finds that a change in 5 classification of counties by virtue of increased property 6 valuations will occur on an infrequent basis. However, it is the 7 further finding of the Legislature that when such a change in 8 classification of counties does occur, that new and additional 9 programs, economic developments, requirements of public safety and 10 the need for new services provided by county officials all 11 increase, that the same constitute new and additional duties for 12 county officials as their respective counties reach greater heights 13 of economic development, as exemplified by the substantial 14 increases in property valuations and, as such, justify the 15 increases in compensation provided in section four of this article, 16 without violating the provisions of section thirty-eight, article 17 VI of the Constitution of West Virginia.

18 (d) The Legislature further finds and declares that the 19 amendments enacted to this article are intended to modify the 20 provisions of this article so as to cause the same to be in full 21 compliance with the provisions of the Constitution of West Virginia 22 and to be in full compliance with the decisions of the Supreme 23 Court of Appeals of West Virginia.

24 §7-7-3. Classification of counties for purpose of determining
