CHAPTER 7. COUNTY COMMISSIONS AND OFFICERS.

ARTICLE 3. COUNTY PROPERTY.

§7-3-9. Form and payment of bonds; use of proceeds of bonds.

Any county commission issuing revenue bonds under the provisions of this article shall thereafter, so long as any such bonds remain outstanding, operate and maintain said courthouse, hospital, other public buildings, jail or regional correctional center, to provide revenues sufficient to pay all operating costs, provide a sinking fund for, and to retire such bonds and pay the interest thereon as the same may become due. The amounts, as and when so set apart by said county commission, shall be remitted to the West Virginia Municipal Bond Commission at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this article and with the order pursuant to which the bonds have been issued. The West Virginia Municipal Bond Commission is hereby authorized to act as fiscal agent for the administration of such sinking fund under any order passed pursuant to the provisions of this article, and shall invest all sinking funds, as provided by general law.

Notwithstanding the foregoing, payments of principal and interest on any bonds owned by the United States or any governmental agency or department thereof may be made by the county commission directly thereto. Revenue bonds issued under the provisions of this article are hereby declared to be and to have all the qualities of negotiable instruments. Such bonds shall bear interest at the rate or rates set by the county commission, not to exceed twelve percent per annum, payable semiannually, and shall mature at any time fixed by the county commission, in not more than thirty years from their date. Such bonds shall be sold at a price not lower than a price which, when computed upon standard tables of bond values, will show a net return of not more than thirteen percent per annum to the purchaser upon the amount paid therefor. Such bonds may be made redeemable at the option of the county commission at such price and under terms and conditions as said county commission may fix, by its order, prior to the issuance of such bonds. Revenue bonds issued hereunder shall be payable at the office of the State Treasurer, or a designated bank or trust company within or without the State of West Virginia.

In case any of the officers whose signatures appear on such bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes the same as if they had remained in office until such delivery. The county commission shall by order entered prior to the issuance of said bonds, fix the denominations, times and places of payment of such bonds, the principal and interest of which shall be payable in lawful money of the United States of America. The proceeds of such bonds shall be used solely for the payment of the cost of land, buildings, furniture and equipment thereon, and shall be checked out by the county commission under such restrictions as are contained in the order providing for the issuance of said bonds. If the proceeds of such bonds issued for any courthouse, hospital, other public buildings, jail or regional correctional center, shall exceed the cost thereof, the surplus shall be paid into the fund herein provided for the payment of principal and interest upon such bonds. Such fund may be used for the purchase or redemption of any of the outstanding bonds payable from such fund at the market price, but at not exceeding

the price at which any of such bonds shall in the same year be redeemable, as fixed by the commission in its said order, and all bonds redeemed or purchased shall forthwith be canceled, and shall not again be issued.

Prior to the preparation of definitive bonds, the county commission may, under like restrictions, issue temporary bonds, or interim certificates, with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. Such bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions and things which are specified and required by this article.

CHAPTER 8. MUNICIPAL CORPORATIONS.

ARTICLE 16. MUNICIPAL PUBLIC WORKS; REVENUE BOND FINANCING.

§8-16-17. Sinking fund; sinking fund commission; transfer of funds; purchase of outstanding bonds.

Before the issuance of any such bonds, the governing body or bodies shall, by ordinance or ordinances, provide for a sinking fund for the payment of the bonds and the interest thereon, and the payment of the charges of banking institutions or trust companies for making payment of such bonds and interest, out of the net revenues of said works, and shall set aside and pledge a sufficient amount of the net revenues of the works hereby defined to mean the revenues of the works remaining after the payment of the reasonable expenses of repair (including replacements), maintenance and operation, such amount to be paid by the board into the sinking fund at intervals, to be determined by ordinance or ordinances adopted prior to the issuance of the bonds, for: (a) The interest upon such bonds as such interest shall fall due; (b) the necessary fiscal agency charges for paying bonds and interest; (c) the payment of the bonds as they fall due, or if all bonds mature at one time, the proper maintenance of a sinking fund sufficient for the payment thereof at such time; and (d) a margin for safety and for the payment of premium upon bonds retired by call or purchase as herein provided, which margin, together with unused surplus of such margin

All amounts for the sinking fund and interest, as and when set apart for the payment of same, shall be remitted to the state sinking fund commission at such periods as shall be designated in the ordinance or ordinances, but in any event at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this article and the ordinance or ordinances pursuant to which such bonds have been issued. The state sinking fund commission is hereby authorized to act as fiscal agent for the administration of such sinking fund under any ordinance or ordinances passed or adopted pursuant to the provisions of this article and shall invest all sinking funds as provided

ARTICLE 17. TOLL BRIDGES.

§17-17-22. Tolls to be charged for bond payment; intrastate and interstate bridges included in one issue; purchase of existing bridges; disposition of tolls.

Tolls shall be fixed, charged and collected for transit over such bridges and shall be so fixed and adjusted, in respect of the aggregate of tolls from the bridge or bridges for which a single issue of bonds is issued, as to provide a fund sufficient to pay the principal and interest of such issue of bonds and to provide an additional fund to pay the cost of maintaining, repairing and operating such bridge or bridges, subject, however, to any applicable law or regulation of the United States of America now in force or hereafter to be enacted or made. Two or more bridges may be included in one issue of bonds, and intrastate and interstate bridges may be grouped in the same issue: Provided, That no existing bridge or bridges shall be acquired by purchase, eminent domain, or otherwise, unless the state road commissioner shall have determined that the income therefrom, based upon the toll receipts for the next preceding fiscal or calendar year, will be sufficient to pay all expenses of operating and maintaining such bridge, in addition to the interest and sinking fund requirements of any bonds to be issued to pay the purchase price thereof, or, if such existing bridge or bridges are to be combined with any other bridge or bridges. either then existing or thereafter to be constructed or acquired by purchase, eminent domain, or otherwise, as provided in section twenty-three-b following, unless the state road commissioner shall have determined that the income from such combined bridges, based upon the toll receipts for the next preceding fiscal or calendar year in the case of any existing bridge or bridges and upon estimates of future toll receipts in the case of any bridge or bridges to be constructed, will be sufficient to pay all expenses of operating and maintaining such combined bridges, in addition to the interest and sinking fund requirements of any bonds issued to pay the purchase price of such existing bridge or bridges and the interest and sinking fund requirements of any bonds issued

to pay the cost of construction, acquiring, modernizing, repairing, reconstructing or improving any bridge or bridges and approaches thereto, with which such existing bridge or bridges are to be so combined. The tolls from the bridge or bridges for which a single issue of bonds is issued, except such part thereof, as may be necessary to pay such cost of maintaining, repairing and operating during any period in which such cost is not otherwise provided for (during which period the tolls may be reduced accordingly), shall be transmitted each month to the state sinking fund commission and by it placed in a special fund which is hereby pledged to and charged with the payment of the principal of such bonds and the interest thereon, and to the redemption or repurchase of such bonds, such special fund to be a fund for all such bonds without distinction or priority of one over another. The moneys in such special fund, less a reserve for payment of interest, if not used by the sinking fund commission within a reasonable time for the purchase of bonds for cancellation at a price not exceeding the market price and not exceeding the redemption price, shall be applied to the redemption of bonds by lot at the redemption price then applicable. If there be in the funds of the state sinking fund commission an amount insufficient to pay the interest and sinking fund on any bonds issued for the purpose of constructing or acquiring by purchase, eminent domain, or otherwise, or reconstructing, repairing or improving, such bridge or bridges, the state road commissioner is authorized and

directed to allocate to said commission, from the state road fund, an amount sufficient to pay the interest on said bonds and/or the principal thereof, as either may become due and payable.

§17-17-34. Same -- Retiring bonds; remittance to sinking fund.

Every municipality or county court issuing bonds, or other evidences of indebtedness, under the provisions of this act, shall thereafter, so long as any such bonds or other evidences of indebtedness remain outstanding, operate and maintain its bridge so as to provide, charge, collect and account for revenues therefrom as will be sufficient to pay all operating costs, provide a depreciation fund, retire the bonds or other evidences of indebtedness, and pay the interest requirements as the same may become due. The ordinance or order pursuant to which any such bonds or other evidences of indebtedness are issued shall pledge the revenues derived from the bridge to the purposes aforesaid, and shall definitely fix and determine the amount of revenues which shall be necessary and set apart in a special fund for the bond requirements. The amounts, as and when so set apart into said special fund for the bond requirements, shall be remitted to the state sinking fund commission at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this act and the ordinance or order pursuant to which such bonds or other evidences of indebtedness have been issued.
