INTRODUCED H.B. 2017R2154A

WEST VIRGINIA LEGISLATURE 2017 REGULAR SESSION

Introduced

House Bill 2772

By Delegates Brewer, Storch, Diserio, Ferro,
Miller, R., Lovejoy, Moye, Caputo, Eldridge,
Maynard and Robinson

[Introduced March 1, 2017; referred to the Committee on Industry and Labor then Government Organization.]

INTRODUCED H.B. 2017R2154A

1 A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, 2 designated §30-41-1 and §30-41-2, all relating to requiring welders working in the State 3 of West Virginia to meet certain certification requirements and to conform to national 4 welding standards. Be it enacted by the Legislature of West Virginia: 1 That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new 2 article, designated §30-41-1 and §30-41-2, all to read as follows: **ARTICLE 41. WELDERS** §30-41-1. Definitions. 1 As used in this article, unless the context otherwise requires: 2 (1) "AWS" means the American Welding Society; (2) "ASME" means the American Society of Mechanical Engineers; 3 4 (3) "Accredited testing facility" means a facility that tests and certifies welders and welding 5 inspectors, and the facility has been accredited by the AWS; 6 (4) "Certified welding inspector" means a person who has been certified by the AWS to 7 inspect structural steel welding projects; 8 (5) "D1.1" means Structural Welding Code - Steel, approved American National Standard 9 from the AWS; 10 (6) "D1.5" means Bridge Welding Code, approved American National Standard, from the 11 AWS jointly with the American Association of State Highway and Transportation Officials; 12 (7) "Structural steel welding" means structural welds, weld repair, the structural system, 13 and the welding of all primary steel members of a structure per D1.1 and D1.5; except where 14 ASME work is required it shall be done by ASME certified welders; and 15 (8) "Welding standards" means the specifications, guidelines, tests, and other methods 16 used to develop a system of quality control to ensure that welding is conducted in such a manner 17 that all welds must meet, at a minimum, D1.1, D1.5, standards established by the AWS and the

18 West Virginia Building Code.

§30-41-2. Licensing and Standards

1 To ensure the safety, quality, and integrity of structural steel welding and that all welding 2 standards are met, the requirements of this section shall be mandated by general contractors, 3 project managers, contractors, and subcontractors in all projects involving structural steel welding: 4 (1) Welders performing structural steel welding on a project in the field shall have been 5 tested and certified by an accredited testing facility; 6 (2) Structural steel welding performed on a project in the field shall meet welding 7 standards; and (3) Structural steel welding performed on a project in the field shall be inspected by a 8 9 certified welding inspector per job specifications.

NOTE: The purpose of this bill is to require welders working in the State of West Virginia to meet certain certification requirements and to conform to national welding standards.

Strike-throughs indicate language that would be stricken from a heading or the present law and underscoring indicates new language that would be added.
