1 A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new
2 section, designated §18B-1-1f; to amend and reenact §18B-1-2 of said code; and
3 to amend and reenact §18B-1B-6 of said code; all relating to public higher
4 education governance by establishing matrix necessary for an institution of higher
5 education to become exempt from the Higher Education Policy Commission, and

7 University as exempted schools based on the matrix criteria.

Be it enacted by the Legislature of West Virginia:

ARTICLE 1. GOVERNANCE.

§18B-1-1F. Exempted Schools.

1 (a) The Legislature finds that exempted status has been an effective means of achieving
2 enhanced successes at Marshall University, West Virginia University and at the West Virginia
3 School of Osteopathic Medicine. The Legislature further finds that desired benefits of efficiencies
4 and incentivizing of needed entrepreneurialism can similarly be achieved, enhancing the
5 effectiveness of governing boards in fulfilling the state goals of this chapter, through the
6 accountability and autonomy associated with exempted status for one or more of the state
7 colleges and universities, if certain criteria are met.

8 (b) The Legislature finds that leading higher education authorities in the nation identify
9 common, key performance indicators as an important measure of institutional effectiveness,
10 including, but not limited to, enrollment benchmarks, fiscal benchmarks, and student success
11 benchmarks.

12 (c) The following definitions apply to terms, used in §18B-1-1f of this code, which are not
13 otherwise defined in Chapter 18B of this code:

14 (1) "Days of cash reserved" means the audited end-of-fiscal-year cash balance, multiplied
15 by three hundred sixty-five days (365), and then divided by the audited total expenses less

16 depreciation, and less OPEB and pension liability expenses.

17 (2) "Full time equivalent enrollment" means the total number of student credit hours in the
18 fall term, as of the official date of measurement established by the commission, divided by fifteen
19 (15) for undergraduate students and divided by twelve (12) for graduate students.

20 (3) "Graduation rates" means the proportion of first time in college students who obtain a
21 bachelor's degree within six years, as further defined by and reported to the US Department of
22 Education.

24 (5) "Retention rates" means the proportion of first-time, fall term, full-time freshmen
25 students who are in continuing enrollment in the fall term of the next succeeding year.

26 (d) The establishment of exempted status or the removal from exempted status of a state
27 institution of higher education is solely the province of the Legislature, by legislative action. The
28 Legislature will draw guidance as to exempted status for institutions consistent with the provisions
29 of §18B-1-1f of this code.

30 (e) As a foundation for eligibility to be considered for exempted status by the Legislature,
31 the following conditions apply:

32 (1) Community and technical colleges are not eligible for exempted status;

33 (2) The West Virginia School of Osteopathic Medicine is an institution of unique
34 characteristics and its continuing inclusion of exempted status is not subject to the data
35 benchmarking or eligibility criteria provided for in §18B-1-1f of this code;

36 (3) A university with total full time equivalent enrollment exceeding ten thousand (10,000)
37 is eligible for exempted status, notwithstanding the provisions of §18B-1-1f(f) of this code;

38 (f) Eligibility for inclusion by the Legislature in exempted status is indicated by achievement
39 and maintenance of no less than four of the following data benchmarks:

40 (1) Total full time equivalent enrollment: a three year average of not less than two thousand
41 (2,000) FTE;

42 (2) Days of cash reserved: a three year average of not less than 50 days, for an institution

50 (g) The Legislature finds that the following are indicated for exempted schools status and
51 shall be exempted schools as of the effective date of this section: Fairmont State University;
52 Marshall University; Shepherd University; West Liberty University; the West Virginia School of
53 Osteopathy; and West Virginia University, including West Virginia University Potomac State
54 College, and West Virginia University Institute of Technology.

56 shall submit a report to the legislative oversight commission on education accountability relating
57 to the exempted schools eligibility criteria established by §18B-1-f(f) of this code, providing the
58 data for each of the three preceding years, as available, and the three year average thereof, for
59 each of the exempted schools and for each of the state colleges and universities. The commission
60 will share the report contemporaneously with the institutions.

61 (i) Any failure of an exempted school to maintain three year averages in no less than four
62 of the listed criteria above the indicated levels in any two consecutive years from the date of
