1 (a) The purpose of this section is to provide for the reallocation and dedication of the tax
2 attributable to the severance of natural gas and oil imposed by §11-13A-3a of this code for the
3 use and benefit of the secondary roads in the various counties in which the natural gas and oil
4 was located at the time it was produced.

5 (b) Effective July 1, 2019, the tax attributable to the severance of natural gas and oil
6 imposed by §11-13A-3a of this code shall be transferred to the line item accounts in the Division

10 time to time, into a special fund known as the Natural Gas and Oil Division of Highways
11 Reallocated Severance Tax Fund, which is hereby established in the State Treasury, as the
12 proceeds are received by the State Tax Commissioner.

13 (d) The net proceeds of the deposits made into the Natural Gas and Oil Division of
14 Highways Reallocated Severance Tax Fund shall be allocated among and distributed quarterly to

25 Highway's General Fund. Each district receiving a distribution under this section shall establish a

29 shall be allocated to the district's local offices and expended by those local offices solely for
30 secondary road projects in their respective counties. The amount available for secondary road
31 projects within a county shall be its production pro rata share of the natural gas and oil produced
32 in each county of a district on a yearly basis.

33 (g) On or before December 31, 2020, and December 1 of each year thereafter, each
34 Division of Highways district receiving a distribution of funds under this section shall deliver to the
