Be it enacted by the Legislature of West Virginia:

ARTICLE 8. COMPULSORY SCHOOL ATTENDANCE.

§18-8-1. Compulsory school attendance; exemptions.

(a) Exemption from the requirements of compulsory public school attendance established in §18-8-1a of this code shall be made on behalf of any child for the causes or conditions set forth in this section. Each cause or condition set forth in this section is subject to confirmation by the attendance authority of the county. A child who is exempt from compulsory school attendance under this section is not subject to prosecution under §18-8-2 of this code, nor is such a child a status offender as defined by §49-1-202 of this code.

(b) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to instruction in a private, parochial
or other approved school, are met. The instruction shall be in a school approved by the county
board and for a time equal to the instructional term set forth in §18-5-45 of this code. In all private,
parochial or other schools approved pursuant to this subsection, it is the duty of the principal or
other person in control, upon the request of the county superintendent, to furnish to the county
board such information and records as may be required with respect to attendance, instruction
and progress of students enrolled.

(c) A child is exempt from the compulsory school attendance requirement set forth in §18-
8-1a of this code if the requirements of either subdivision (1) or subdivision (2) of this subsection,
both relating to home instruction, are met.

(1) The instruction shall be in the home of the child or children or at some other place
approved by the county board and for a time equal to the instructional term set forth in §18-5-
45 of this code. If the request for home instruction is denied by the county board, good and
reasonable justification for the denial shall be furnished in writing to the applicant by the county
board. The instruction shall be conducted by a person or persons who, in the judgment of the
county superintendent and county board, are qualified to give instruction in subjects required to
be taught in public elementary schools in the state. The person or persons providing the
instruction, upon request of the county superintendent, shall furnish to the county board
information and records as may be required periodically with respect to attendance, instruction
and progress of students receiving the instruction. The state board shall develop guidelines for
the home schooling of special education students including alternative assessment measures to
assure that satisfactory academic progress is achieved.

(2) The child meets the requirements set forth in this subdivision: Provided, That the
county superintendent may, after a showing of probable cause, seek from the circuit court of the
county an order denying home instruction of the child. The order may be granted upon a showing
of clear and convincing evidence that the child will suffer neglect in his or her education or that
there are other compelling reasons to deny home instruction.
(A) Upon commencing home instruction under this section the parent of a child receiving home instruction shall present to the county superintendent or county board a notice of intent to provide home instruction that includes the name, address, and age of any child of compulsory school age to be instructed and assurance that the child shall receive instruction in reading, language, mathematics, science and social studies and that the child shall be assessed annually in accordance with this subdivision. The person providing home instruction shall notify the county superintendent upon termination of home instruction for a child who is of compulsory attendance age. Upon establishing residence in a new county, the person providing home instruction shall notify the previous county superintendent and submit a new notice of intent to the superintendent of the new county of residence: Provided, That if a child is enrolled in a public school, notice of intent to provide home instruction shall be given on or before the date home instruction is to begin.

(B) The person or persons providing home instruction shall submit satisfactory evidence of a high school diploma or equivalent, or a post-secondary degree or certificate from a regionally accredited institution or from an institution of higher education that has been authorized to confer a post-secondary degree or certificate in West Virginia by the West Virginia Council for Community and Technical College Education or by the West Virginia Higher Education Policy Commission.

(C) Annually, the person or persons providing home instruction shall obtain an academic assessment of the child for the previous school year in one of the following ways:

(i) The child receiving home instruction takes a nationally normed standardized achievement test published or normed not more than 10 years from the date of administration and administered under the conditions as set forth by the published instructions of the selected test and by a person qualified in accordance with the test's published guidelines in the subjects of reading, language, mathematics, science and social studies. The child is considered to have made acceptable progress when the mean of the child's test results in the required subject areas
for any single year is within or above the fourth stanine or, if below the fourth stanine, shows improvement from the previous year’s results;

(ii) The child participates in the testing program currently in use in the state’s public schools. The test shall be administered to the child at a public school in the county of residence. Determination of acceptable progress shall be based on current guidelines of the state testing program;

(iii) A portfolio of samples of the child’s work is reviewed by a certified teacher who determines whether the child’s academic progress for the year is in accordance with the child’s abilities. The teacher shall provide a written narrative about the child’s progress in the areas of reading, language, mathematics, science and social studies and shall note any areas which, in the professional opinion of the reviewer, show need for improvement or remediation. If the narrative indicates that the child’s academic progress for the year is in accordance with the child’s abilities, the child is considered to have made acceptable progress; or

(iv) The child completes an alternative academic assessment of proficiency that is mutually agreed upon by the parent or legal guardian and the county superintendent.

(D) A parent or legal guardian shall maintain copies of each student’s Academic Assessment for three years. When the annual assessment fails to show acceptable progress, the person or persons providing home instruction shall initiate a remedial program to foster acceptable progress. The county board upon request shall notify the parents or legal guardian of the child, in writing, of the services available to assist in the assessment of the child’s eligibility for special education services. Identification of a disability does not preclude the continuation of home schooling. In the event that the child does not achieve acceptable progress for a second consecutive year, the person or persons providing instruction shall submit to the county superintendent additional evidence that appropriate instruction is being provided.
(E) The parent or legal guardian shall submit to the county superintendent the results of the academic assessment of the child at grade levels three, five, eight and 11, as applicable, by June 30 of the year in which the assessment was administered.

(3) This subdivision applies to both home instruction exemptions set forth in subdivisions (1) and (2) of this subsection. The county superintendent or a designee shall offer such assistance, including textbooks, other teaching materials and available resources, all subject to availability, as may assist the person or persons providing home instruction. Any child receiving home instruction may upon approval of the county board exercise the option to attend any class offered by the county board as the person or persons providing home instruction may consider appropriate subject to normal registration and attendance requirements.

(d) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to physical or mental incapacity, are met. Physical or mental incapacity consists of incapacity for school attendance and the performance of school work. In all cases of prolonged absence from school due to incapacity of the child to attend, the written statement of a licensed physician or authorized school nurse is required. Incapacity shall be narrowly defined and in any case the provisions of this article may not allow for the exclusion of the mentally, physically, emotionally or behaviorally handicapped child otherwise entitled to a free appropriate education.

(e) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if conditions rendering school attendance impossible or hazardous to the life, health or safety of the child exist.

(f) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code upon regular graduation from a standard senior high school or alternate secondary program completion as determined by the state board.

(g) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the child is granted a work permit pursuant to the subsection. After due
investigation the county superintendent may grant work permits to youths under the termination age designated in §18-8-1a of this code, subject to state and federal labor laws and regulations. A work permit may not be granted on behalf of any youth who has not completed the eighth grade of school.

(h) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if a serious illness or death in the immediate family of the child has occurred. It is expected that the county attendance director will ascertain the facts in all cases of such absences about which information is inadequate and report the facts to the county superintendent.

(i) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to destitution in the home, are met. Exemption based on a condition of extreme destitution in the home may be granted only upon the written recommendation of the county attendance director to the county superintendent following careful investigation of the case. A copy of the report confirming the condition and school exemption shall be placed with the county director of public assistance. This enactment contemplates every reasonable effort that may properly be taken on the part of both school and public assistance authorities for the relief of home conditions officially recognized as being so destitute as to deprive children of the privilege of school attendance. Exemption for this cause is not allowed when the destitution is relieved through public or private means.

(j) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to church ordinances and observances of regular church ordinances, are met. The county board may approve exemption for religious instruction upon written request of the person having legal or actual charge of a child or children. This exemption is subject to the rules prescribed by the county superintendent and approved by the county board.

(k) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to alternative private, parochial,
church or religious school instruction, are met. Exemption shall be made for any child attending any private school, parochial school, church school, school operated by a religious order or other nonpublic school which elects to comply with the provisions of §18-28-1 et seq. of this code.

(l) Completion of the eighth grade does not exempt any child under the termination age designated in §18-8-1a of this code from the compulsory attendance provision of this article.

(m) A child is exempt from the compulsory school attendance requirements set forth in §18-8-1a of this code if the child is an eligible recipient participating in the Hope Scholarship Program, as provided for in §18-31-1 et seq. of this code and provides a notice of intent to participate in the Hope Scholarship Program to the county superintendent. The county superintendent shall enter the following into the West Virginia Education Information System (WVEIS):

(1) The filing of the notice of intent pursuant to this subsection;

(2) In the case of a Hope Scholarship recipient who chooses an individualized instructional program, annually, the child’s test results or determination that a student is making academic progress commensurate with his or her age and ability, as applicable, pursuant to §18-31-8(a)(4) of this code; and

(3) In the case of an eligible recipient enrolling in a participating school, annually, the filing of a notice of enrollment pursuant to §18-31-11(a)(6) of this code.

§18-8-1a. Commencement and termination of compulsory school attendance; public school entrance requirements; exceptions.

(a) Notwithstanding the provisions of section one of this article, compulsory school attendance begins with the school year in which the sixth birthday is reached prior to September 1 of such year or upon enrolling in a publicly supported kindergarten program and, subject to subdivision (3) of this subsection, continues to the sixteenth birthday or for as long as the student continues to be enrolled in a school system after the sixteenth birthday.
(1) A child may be removed from such kindergarten program when the principal, teacher and parent or guardian concur that the best interest of the child would not be served by requiring further attendance: Provided, That the principal shall make the final determination with regard to compulsory school attendance in a publicly supported kindergarten program.

(2) The compulsory school attendance provision of this article shall be enforced against a person eighteen years of age or older for as long as the person continues to be enrolled in a school system and may not be enforced against the parent, guardian or custodian of the person.

(3) Notwithstanding the provisions of section one of this article, compulsory school attendance begins with the school year in which the sixth birthday is reached prior to September 1 of such year or upon enrolling in a publicly supported kindergarten program and continues to the seventeenth birthday or for as long as the student continues to be enrolled in a school system after the seventeenth birthday: Provided, That beginning in the school year 2019-2020, compulsory school attendance begins with the school year in which the sixth birthday is reached prior to July 1 of such year or upon enrolling in a publicly supported kindergarten program.

(b) A parent, as defined in §18-31-2 of this code, shall have the option, prior to enrolling in a publicly supported kindergarten program, to apply for a Hope Scholarship on behalf of his or her child as set forth in §18-31-1 et seq. of this code. Every year thereafter, a parent shall have the option to renew his or her child’s enrollment in the Hope Scholarship Program pursuant to §18-31-8 of this code.

(b) (c) Attendance at a state-approved or Montessori kindergarten, as provided in section eighteen, article five of this chapter, is deemed school attendance for purposes of this section. Prior to entrance into the first grade in accordance with section five, article two of this chapter, each child must have either:

(1) Successfully completed such publicly or privately supported, state-approved kindergarten program or Montessori kindergarten program; or
(2) Successfully completed an entrance test of basic readiness skills approved by the county in which the school is located. The test may be administered in lieu of kindergarten attendance only under extraordinary circumstances to be determined by the county board.

(c)(d) Notwithstanding the provisions of this section, section five, article two of this chapter and section eighteen, article five of this chapter, a county board may provide for advanced entrance or placement under policies adopted by said board for any child who has demonstrated sufficient mental and physical competency for such entrance or placement.

(d)(e) This section does not prevent a student from another state from enrolling in the same grade in a public school in West Virginia as the student was enrolled at the school from which the student transferred.

ARTICLE 9A. PUBLIC SCHOOL SUPPORT.

§18-9A-25. Funding for Hope Scholarship Program.

(a) Notwithstanding any other provision of this article to the contrary, for fiscal year 2023 and each fiscal year thereafter, in addition to all other amounts required by this article, the Department of Education shall include in its budget request, and the Governor shall include in each budget bill submitted to the Legislature, an appropriation to the Department of Education for the greater of an amount not less than two percent of net public school enrollment adjusted for state aid purposes or the total number of eligible Hope Scholarship applications received by the Treasurer, if available, multiplied by the prior year’s statewide average net state aid allotted per pupil. §18-31-8. Renewal of Hope Scholarship Accounts; participation in public school system.

(a) A parent must renew an eligible recipient’s Hope Scholarship on an annual basis. Notwithstanding any changes in eligibility, a Hope Scholarship student who has previously qualified for a Hope Scholarship account remains eligible to apply for renewal until one of the conditions set forth in §18-31-6(f) occurs: Provided, That the board shall verify with the Department of Education the following information by July 1 of every year:

(1) A list of all active Hope Scholarship Accounts;

(2) The resident school district of each Hope Scholarship student;

(3) For a Hope Scholarship student who chooses to attend a participating school, annual confirmation of his or her continued attendance at a nonpublic school that complies with all requirements that other nonpublic school students must comply with; and

(4) For a Hope Scholarship student who chooses an individualized instructional program:

(A) (i) He or she has annually taken a nationally normed standardized achievement test of academic achievement;
(ii) The mean of the child’s test results in the subject areas of reading, language, mathematics, science and social studies for any single year is within or above the fourth stanine or, if below the fourth stanine, show improvement from the previous year’s results; and

(iii) The child’s test results are reported to the county superintendent; or

(B) (i) A certified teacher conducts a review of the student’s academic work annually;

(ii) The certified teacher determines that the student is making academic progress commensurate with his or her age and ability; and

(iii) The certified teacher’s determination is reported to the county superintendent.

(b) Each county superintendent shall submit the test results and determinations reported to him or her pursuant to subsection (a) of this section to the Department of Education each year on or before June 15.

(c) If a parent fails to renew an eligible recipient’s Hope Scholarship, the board shall notify the parent that the eligible recipient’s account will be closed in 45 calendar days. If a parent chooses not to renew or does not respond within 30 calendar days of receipt of notice, the board shall close the account and any remaining moneys shall be returned to the state.

(d) If an eligible recipient decides to return to the Hope Scholarship Program after failing to renew, they must reapply.

(e) The board, in consultation with the Department of Education, may adopt rules and policies to provide the least disruptive process for Hope Scholarship students who desire to stop receiving Hope Scholarship payments and return full-time to a public school.

(f) The board, in consultation with the Department of Education, may adopt rules and policies for Hope Scholarship students who want to continue to receive services provided by a public school or district, including individual classes and extracurricular programs, in combination with an individualized instructional program. The board, in consultation with the Department of Education, shall ensure that any public school or school district providing such services receives the appropriate pro rata share of a student’s Hope Scholarship funds based on the percentage of
total instruction provided to the student by the public school or school district. County boards shall charge tuition to Hope Scholarship students who enroll for services in a public school within the county. Hope Scholarship students who enroll for services part-time in public school shall not be included in net enrollment for state aid funding purposes under §18-9A-2 of this code. Nothing in this subsection prohibits a Hope Scholarship student from using the funds deposited in his or her account on both services provided by a public school or district and other qualifying expenses as provided for in §18-31-7 of this code.

In addition to the duties, obligations, and authority stated in other parts of this article, the board has the following duties, obligations, and authority with respect to the administration of Hope Scholarship accounts:

1. To maintain an updated list of participating schools and shall ensure that the list is publicly available through various sources, including the internet.

2. To provide parents with a written explanation of the allowable uses of Hope Scholarship funds, the responsibilities of parents, the duties of the Treasurer and the board and the role of any private financial management firms or other private organizations that the board may contract with to administer the Hope Scholarship Program or any aspect of the program.

3. To ensure that parents of students with a disability receive notice that participation in the Hope Scholarship Program is a parental placement under 20 U.S.C. §1412 of the Individuals with Disabilities Education Act (IDEA) along with an explanation of the rights that parentally placed students possess under (IDEA) and any applicable state laws and regulations.

4. The board may contract with private organizations to administer the Hope Scholarship Program. This includes, but is not limited to, private financial management firms to manage Hope Scholarship accounts.

5. The board shall implement, or contract with a private organization to implement, a commercially viable, cost effective, and parent-friendly system for payment for services from Hope
Scholarship accounts to participating schools or education service providers, including, but not limited to, the use of debit cards or other electronic or online fund transfers: Provided, That a Hope Scholarship account may not be reduced for debit card or electronic payment fees.

(6) The board shall also seek to implement a commercially viable, cost-effective, and parent-friendly system for publicly rating, reviewing, and sharing information about participating schools and education service providers, ideally as part of the same system that facilitates the electronic or online funds transfers so as to create a one-stop-shop for parents and Hope Scholarship students.

(7) If an education service provider requires partial payment of tuition or fees prior to the start of the academic year to reserve space for a Hope Scholarship student admitted to the education service provider, such partial payment may be paid prior to the start of the school year in which the Hope Scholarship is awarded, and deducted in an equitable manner from subsequent Hope Scholarship deposits to ensure adequate funds remain available throughout the school year; but if a Hope Scholarship student decides not to use the education service provider, the partial reservation payment must be returned to the Treasurer by such education service provider and credited to the student’s Hope Scholarship account.

(8) The Treasurer may accept gifts and grants from any source to cover administrative costs, to inform the public about the Hope Scholarship Program, or to provide additional funding for Hope Scholarship Accounts.

(9) The board may propose legislative rules for legislative approval pursuant to §29A-3-1 et seq. of this code, including emergency rules, if necessary, to meet timelines set forth in this article, that are not inconsistent with this article and that are necessary for the administration of this article, including:

(A) Establishing or contracting for the establishment of a fraud reporting system;

(B) Policies that require a surety bond for education service providers receiving more than $100,000 in Hope Scholarship funds;
(C) Procedures for refunding payments from education service providers back to Hope Scholarship accounts; and

(D) Procedures for entering into reciprocal agreements with other state education savings account agencies or entities, whether public or private, to recognize and allow education service providers approved in other states to receive payments from Hope Scholarship accounts under this article.

(10) Any rules or policies adopted by the board should avoid excessive bureaucracy and overly prescriptive mandates and instead focus on easing parental involvement and encouraging education service providers to provide parents and Hope Scholarship students with a broad array of educational options.

§18-31-10. Auditing of Hope Scholarship Program; suspension of accounts and providers.

(a) The board may propose legislative rules for legislative approval pursuant to §29A-3-1 et seq. of this code for the auditing of individual Hope Scholarship accounts and shall conduct or contract for the random auditing of individual Hope Scholarship accounts as needed to ensure compliance with the requirements of this article and rules promulgated pursuant to this article.

(b) As part of the auditing process, the board may remove a parent or eligible recipient from the Hope Scholarship program and close a Hope Scholarship account for failure to comply with the terms of the parental agreement required by §18-31-5 of this code, failure to comply with the applicable laws, failure of the student to remain eligible, or intentional and fraudulent misuse of Hope Scholarship funds: Provided, That the board shall create procedures to ensure that a fair process exists to determine the removal of a parent or eligible recipient from the Hope Scholarship program and a parent or Hope Scholarship student may appeal the decision to make the student ineligible for funds to the board.

(c) The board may conduct or contract for the audit of education service providers accepting payments from Hope Scholarship accounts if it determines that the education service provider has:
(1) Intentionally and substantially misrepresented information or failed to refund any
overpayments in a timely manner; or

(2) Routinely failed to provide students with promised educational goods or services.

(d) If the board determines that an education service provider has intentionally and
substantially misused Hope Scholarship funds, the board may bar the education service provider
from continuing to receive payments. The board shall create procedures to ensure that a fair
process exists to determine whether an education service provider may be barred from receiving
payment from Hope Scholarship accounts and an education service provider may appeal a
decision to bar it from receiving payments to the board. If the board bars an education service
provider from receiving payments from Hope Scholarship accounts, it shall notify parents and
students of its decision as quickly as possible.

(e) If the board obtains evidence of potential fraudulent use of Hope Scholarship funds, it
may refer suspected cases to the State Auditor for purposes of investigation, collection and
potential criminal investigation.

§ 18-31-11. Requirements for and rights of education service providers.

(a) To be eligible to accept payments from a Hope Scholarship account, an education
service provider shall:

(1) Submit notice to the Treasurer that they wish to participate in the Hope Scholarship
Program;

(2) Provide participating parents with a receipt for all qualifying educational expenses for
the Hope Scholarship student;

(3) Agree not to refund, rebate, or share Hope Scholarship funds with parents or students
in any manner, except that funds may be remitted or refunded to a Hope Scholarship account in
accordance with §18-31-7(c) of this code;

(4) Certify that it will not discriminate on any basis prohibited by 42 U.S.C. §1981;
(5) Agree to submit any employee who will have contact with Hope Scholarship students to a criminal background check; and

(6) In the case of a participating school, provide notice of enrollment annually to the county superintendent of any student for which a student’s tuition is being paid through the Hope Scholarship Program.

(b) This article does not limit the independence or autonomy of an education service provider or make the actions of an education service provider the actions of the state government.

c) Education service providers shall be given maximum freedom to provide for the educational needs of Hope Scholarship students without governmental control.

d) A participating school or education service provider is not required to alter its creed, practices, admission policy, hiring policy or curriculum in order to accept eligible recipients whose parents pay tuition or fees from a Hope Scholarship account pursuant to this article.

e) This article does not expand the regulatory authority of the state, its officers, or any school district to impose any additional regulation of education service providers beyond those necessary to enforce the requirements of the program.

§18-31-12. Responsibilities of resident school districts.

The resident school district or school district in which a Hope Scholarship student was last enrolled, as applicable, shall provide an education service provider that has enrolled the student with a complete copy of the student’s school records, while complying with the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. §1232 g).

§18-31-13. Legal proceedings; severability.

(a) In any legal proceeding challenging the application of this article to a participating education service provider, the state bears the burden of establishing that the challenged action, rule, or requirement is necessary and does not impose any undue burden on education service providers.
(b) No liability arises on the part of the board or the state or of any county school district based on the award or use of a Hope Scholarship awarded pursuant to this article.

(c) If any part of this article is challenged in a state court as violating either the state or federal constitutions, parents of eligible Hope Scholarship students are permitted to intervene in the lawsuit for the purposes of defending the article’s constitutionality. However, for the purposes of judicial administration, a court may limit the number of parents permitted to intervene or require that all parents file a joint brief, so long as they are not required to join any brief filed on behalf of any named state defendant.

(d) If any provision of this article or the application of any such provision of this article to any person or circumstance is held invalid by a court of competent jurisdiction, the remainder of this article or the application of its provisions to persons or circumstances other than those to which it is held invalid is not affected thereby.
