(a) The county boards of education shall exercise the control, supervision, and regulation of all interscholastic and youth sport league athletic events, and other extracurricular activities of the students in public secondary schools, and of those schools of their respective counties, and all other youths under 18 years of age regardless of student status. The county board of education may delegate control, supervision, and regulation of interscholastic athletic events and band activities to the West Virginia Secondary School Activities Commission.

(b) The West Virginia Secondary School Activities Commission is composed of the principals, or their representatives, of those secondary schools whose county boards of education, and youth sport leagues have certified in writing to the State Superintendent of Schools that they have elected to delegate the control, supervision, and regulation of their interscholastic and youth sport league athletic events and band activities of the students in the public secondary schools in their respective counties and youth league athletic events to the commission. The West Virginia Secondary School Activities Commission may exercise the control, supervision, and regulation of interscholastic and youth sport league athletic events and band activities of
secondary schools, delegated to it pursuant to this section. The rules of the West Virginia
Secondary School Activities Commission shall contain a provision for a proper review procedure

Activities Commission, and all moneys paid to the commission, as well as moneys derived from
any contest or other event sponsored by the commission, are quasi-public funds as defined in
§18-5-1 et seq. of this code, and the funds of the commission are subject to an annual audit by
the State Tax Commissioner.

(c) The West Virginia Secondary School Activities Commission shall promulgate
reasonable rules providing for the control, supervision, and regulation of the interscholastic
athletic events and other extracurricular activities of private and parochial secondary schools as
and athletic events in youth sport leagues and elect to delegate to the commission control,
supervision, and regulation, upon the same terms and conditions, subject to the same rules and
requirements and upon the payment of the same fees and charges as those provided for public
secondary schools. Any such private or parochial secondary school shall receive any monetary
or other benefits in the same manner and in the same proportion as any public secondary school.

(d) Notwithstanding any other provision of this section, or the commission’s rules, the
commission shall consider eligible for participation in interscholastic athletic events and other
extracurricular activities of secondary schools a student who is receiving home instruction
pursuant to §18-8-1(c) of this code and who:

compliance with the provisions of that subsection: Provided, That the student’s average

Reasonable fees may be charged to the student to cover the costs of participation in interscholastic athletic events and other extracurricular activities.

Such recognition does not entitle the preparatory athletic program to compete against a member school during the regular season or in any commission state championship events. The commission may promulgate an emergency rule pursuant to subsection (b) of this section, if necessary, to carry out the intent of this subsection.
(f) Pursuant to subsection (c) of this section the West Virginia Secondary School Activities Commission shall specifically address in those rules the following:

§18-2-25a. Management of concussions and head injuries in athletics at West Virginia Secondary School Activities Commission member high school or middle school and youth sport leagues.

(a) The Legislature makes the following findings:

(1) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3.9 million sports-related and recreation-related concussions occur in the United States each year;
(2) A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed;

(3) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally functions;

(4) Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other or with obstacles;

(5) Concussions occur with or without loss of consciousness, but the vast majority occur without loss of consciousness;

(6) The interscholastic or youth sport league athlete who continues to play or practice with a concussion or symptoms of head injury is especially vulnerable to greater injury and even death;

and

(7) Even with generally recognized return-to-play-and-practice standards for concussion and head injury, some affected interscholastic and youth sport league athletes are prematurely returned to play or practice resulting in increased risk of physical injury or death to the athletes in the state of West Virginia.

(b) For the purposes of this section, “interscholastic athlete” and “youth sport league athlete” means any athlete who is participating in interscholastic athletics at a high school, or middle school or youth sport league that is a member of the West Virginia Secondary School Activities Commission. “Licensed health care professional” means a health care provider whose licensed scope of practice includes the ability to diagnose and treat an injury or disease.

(c) The West Virginia Secondary School Activities Commission shall promulgate rules pursuant to §18-2-25 of this code that address concussions and head injuries in interscholastic and youth sport league athletes: Provided, That prior to state board approval and notwithstanding the exemption provided in §29A-1-3 of this code, the state board shall submit the rule to the
Legislative Oversight Commission on Education Accountability pursuant to §29A-3B-9 of this code.

(d) The rules required by this section shall include, but are not limited to, the following:

1. Guidelines and other pertinent information to inform and educate appropriate school administrators, coaches, interscholastic athletes, youth sport league administrators, coaches and athletes, and their parents or guardians of the nature and risk of concussion and head injury including the risks of continuing to play or practice after a concussion or head injury;

2. A concussion and head injury information sheet that shall be signed and returned by the interscholastic or youth sport league athlete and the athlete’s parent or guardian on an annual basis before the interscholastic or youth sport league athlete begins practice or competition;

3. A requirement that each head coach of an interscholastic sport at a high school or middle school, or head coach in a youth sport league who is a member of the West Virginia Secondary School Activities Commission complete a commission-approved concussion and head injury recognition and return-to-play protocol course annually;

4. A requirement that an interscholastic or youth sport league athlete who is suspected by a licensed health care professional or by his or her head coach or licensed or registered athletic trainer of having sustained a concussion or head injury in a practice or game shall be removed from competition at that time;

5. A requirement that an interscholastic or youth sport league athlete who has been removed from play or practice may not return to play or practice until the athlete is evaluated by a licensed health care professional trained in the evaluation and management of concussions and receives written clearance to return to play and practice from the licensed health care professional;

6. A list of the respective categories of licensed health care professionals including, but not limited to, licensed physical therapists and licensed or registered athletic trainers who, if
properly trained in the evaluation and management of concussions, are authorized to provide
written clearance for the interscholastic or youth sport league athlete to return to play; and

(7) A requirement that all member schools and youth sport leagues must shall submit a
report to the West Virginia Secondary School Activities Commission within 30 days of an
interscholastic or youth sport league athlete suffering or being suspected of suffering a
concussion or head injury in a practice or game. The report must shall state whether an evaluation
by a licensed health care professional verified that a concussion or head injury was actually
suffered, whether the athlete received written clearance to return to play or practice and, if written
clearance was given, the number of days between the incident and the actual return to play or
practice. If written clearance to return to play is given after 30 days of the incident, a report update
shall be submitted. The West Virginia Secondary School Activities Commission shall compile and
submit the reports to the appropriate state and national organization, youth sport league, or
agencies to analyze and make determinations on whether the rule required by this section needs
to be amended or if equipment worn by interscholastic and youth sport league athletes needs to
be changed accordingly. The West Virginia School Activities Commission also shall submit the
reports to the Legislative Oversight Commission on Health and Human Resources Accountability.

(e) Any member school or youth sport league not complying with the requirements of this
section, and rules promulgated thereof, shall be subject to the disciplinary actions or fines ordered
by the West Virginia Secondary School Activities Commission: Provided, That the West Virginia
Secondary School Activities Commission shall promulgate rules to establish guidelines for
noncompliance and related disciplinary actions and fines: Provided, however, That prior to state
board approval and notwithstanding the exemption provided in §29A-1-3 of this code, the state
board shall submit the rule to the Legislative Oversight Commission on Education Accountability
pursuant to §29A-3B-9 of this code.

NOTE: The purpose of this bill is to grant jurisdiction to supervise youth sport league
athletic events to county boards of education and the West Virginia Secondary School Activities Commission. The bill requires schools and youth sport leagues to implement certain safety measures during athletic events. The bill authorizes fines and requires rulemaking.
