allowances, cash or noncash fringe benefits or both, deferred compensation, and welfare benefits.

The same hours of service may not be credited both under this subdivision and subdivision (1) or (2) of this subsection. If the member dies before the sum of the payments he or she receives equals his or her accumulated contributions on the annuity starting date, the named beneficiary or beneficiaries shall receive in one lump sum the difference between the accumulated contributions at the annuity starting date and the total of the retirement income payments made to the member.

(z) (aa) “Normal retirement age” means the first to occur of the following: (1) Attainment of age 55 years and the completion of 15 or more years of service; (2) while still in covered employment, attainment of at least age 55 years, and when the sum of current age plus years of service equals or exceeds 70 years; or (3) attainment of at least age 62 years, and completion of 10 years of service: Provided, That any member shall in qualifying for retirement pursuant to this article have 10 or more years of service, all of which years shall be actual, contributory ones.

(aa) (bb) “Partially disabled” means a member’s inability to engage in the duties of a Natural Resources Police Officer by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than 12 months. A member may be determined partially disabled for the purposes of this article and maintain the ability to engage in other gainful employment which exists within the state but which ability would not enable him or her to earn an amount at least equal to two thirds of the average annual compensation earned by all active members of this plan during the plan year ending as of the most recent June 30, as of which plan data has been assembled and used for the actuarial valuation of the plan.

(bb) (cc) “Plan” means the West Virginia Natural Resources Police Officers Retirement System established by this article.

“Public Employees Retirement System” means the West Virginia Public Employees Retirement System created by §5-10-1 et seq. of this code.

“Qualified public safety employee” means any employee of the division who provides police protection, fire-fighting services, or emergency medical services for any area within the jurisdiction of the state or political subdivision, or such other meaning given to the term by Section 72(t)(10)(B) of the Internal Revenue Code or by Treasury Regulation §1.401(a)-1(b)(2)(v) as they may be amended from time to time.

“Regular interest” means the rate or rates of interest per annum, compounded annually, as the board adopts in accordance with the provisions of this article.

For purposes of this subdivision:

1. A member is totally disabled only if his or her physical or mental impairment or impairments are so severe that he or she is not only unable to perform his or her previous work as a Natural Resources Police Officer but also cannot, considering his or her age, education, and work experience, engage in any other kind of substantial gainful employment which exists in the state regardless of whether: (A) The work exists in the immediate area in which the member lives; (B) a specific job vacancy exists; or (C) the member would be hired if he or she applied for work.

2. “Physical or mental impairment” is an impairment that results from an anatomical, physiological, or psychological abnormality that is demonstrated by medically accepted clinical and laboratory diagnostic techniques. A member’s receipt of Social Security disability benefits creates a rebuttable presumption that the member is totally disabled for purposes of this plan. Substantial gainful employment rebuts the presumption of total disability.

(εε) (ππ) “Year of service.” A member shall, except in his or her first and last years of covered employment, or within the plan year of the effective date, be credited with year of service credit, based upon the hours of service performed as covered employment and credited to the member during the plan year based upon the following schedule:

<table>
<thead>
<tr>
<th>Hours of Service</th>

</tr>
</thead>
<tbody>
<tr>
<td>Less than 500</td>
<td>0</td>
</tr>
<tr>
<td>500 to 999</td>
<td>1/3</td>
</tr>
<tr>
<td>1,000 to 1,499</td>

</table>

During a member’s first and last years of covered employment or within the plan year of
the effective date, the member shall be credited with 1/12 of a year of service for each month during the plan year in which the member is credited with an hour of service. A member is not entitled to credit for years of service for any time period during which he or she received disability payments under §20-18-21 or §20-18-22 of this code. Except as specifically excluded, years of service include covered employment prior to the effective date. Years of service which are credited to a member prior to his or her receipt of accumulated contributions upon termination of employment pursuant to §20-18-20 or §5-10-30 of this code, shall be disregarded for all purposes under this plan unless the member repays the accumulated contributions with interest pursuant to §20-18-20 of this code or had prior to the effective date made the repayment pursuant to §5-10-18 of this code.

§20-18-8. Members’ contributions; employer contributions.

(a) There shall be deducted from the monthly salary of each member and paid into the fund an amount equal to nine and one-half percent of his or her monthly salary.

(b) An additional 12 percent of the monthly salary of each member shall be paid to the fund by the employer.

(c) If the board finds that the benefits provided by this article can be actuarially funded with a lesser contribution, then the board shall reduce the required member or employer contributions or both. The sums withheld each pay date shall be paid to the fund no later than 15 days following the end of the pay date.

(d) Any active member who has concurrent employment in an additional job or jobs and the additional employment requires the Natural Resources Police Officer to be a member of another retirement system which is administered by the Consolidated Public Retirement Board pursuant to §5-10D-1 et seq. of this code shall make an additional contribution to the fund of nine and one-half percent of his or her monthly salary earned from any additional employment which requires the Natural Resources Police Officer to be a member of another retirement system which is administered by the Consolidated Public Retirement Board pursuant to §5-10D-1 et seq.
of this code. An additional employer contribution shall be paid to the fund by the concurrent
employer for which the member is employed in an amount equal to 12 percent of his or her
monthly salary. If the board finds that the benefits provided by this article can be funded with a
lesser contribution, then the board shall reduce the required member, or employer contributions
or both. The sums withheld each calendar month shall be paid to the fund no later than 15 days
following the end of the calendar month.

§20-18-20. Refunds to certain members upon discharge or resignation; deferred retirement; preretirement death; forfeitures.

(a) Any member who terminates covered employment and is not eligible to receive
disability or retirement income benefits under this article is, by written request filed with the board,
entitled to receive from the fund the member’s accumulated contributions. Except as provided in
subsection (b) of this section, upon withdrawal the member shall forfeit his or her accrued benefit
and cease to be a member.

(b) Any member of this plan who ceases employment in covered employment and active
participation in this plan, and who thereafter becomes reemployed in covered employment may
not receive any credited service for any prior withdrawn accumulated contributions from either
this plan or the Public Employees Retirement System relating to the prior covered employment
unless following his or her return to covered employment and active participation in this plan, the
member redeposits in this plan the amount of the withdrawn accumulated contributions submitted
on salary earned while a Natural Resources Police Officer, together with interest on the
accumulated contributions at the rate determined by the board from the date of withdrawal to the
date of redeposit. Upon repayment he or she shall receive the same credit on account of his or
her former service in covered employment as if no refund had been made. The repayment
authorized by this subsection shall be made in a lump sum within 60 months of the Natural
Resources Police Officer’s reemployment in covered employment or if later, within 60 months of
the effective date of this article.
(c) A member of this plan who has elected to transfer from the Public Employees Retirement System into this plan pursuant to §20-18-6(b) of this code may not, after having transferred into and become an active member of this plan, reinstate to his or her credit in this plan any service credit relating to periods of non-Natural Resources Police Officer service which were withdrawn from the Public Employees Retirement System plan prior to his or her elective transfer into this plan.

(d) Any member of this plan who: (1) Was employed as a Natural Resource Police Officer prior to the effective date of this article; and (2) was not employed as a Natural Resource Police Officer on the effective date of this article; and (3) thereafter becomes reemployed in covered employment, may not receive any credited service for any previously withdrawn accumulated contributions from either this plan or the Public Employees Retirement System relating to the prior covered employment unless, following his or her return to covered employment and active participation in this plan, the member redeposits in this plan the amount of the withdrawn accumulated contributions submitted on salary earned while a Natural Resources Police Officer, together with interest on the accumulated contributions at the rate determined by the board from the date of withdrawal to the date of redeposit. Upon repayment he or she shall receive the same credit for his or her former service in covered employment as if no refund had been made. The repayment required by this subsection shall be made in a lump sum within 60 months of the Natural Resource Police Officers reemployment in covered employment.

(e) In the event a member dies from any cause other than those specified in section twenty-five of this article and does not have ten or more years of credited service, the member’s accumulated contributions may be paid to a named beneficiary or beneficiaries. If no beneficiary is named, then the accumulated contributions shall be paid to the estate of the deceased member.

(f) Every member who completes 120 months of covered employment is eligible, upon cessation of covered employment, to either withdraw his or her accumulated contributions in accordance with subsection (a) of this section, or to choose not to withdraw his or her accumulated
contribution and to receive retirement income payments upon attaining normal retirement age.

(4) (g) Notwithstanding any other provision of this article, forfeitures under the plan may not be applied to increase the benefits any member would otherwise receive under the plan.

(a) The board may require any member who has applied for or any retirant who is receiving disability benefits under this article to submit to a physical examination, mental examination or both, by a physician or physicians selected or approved by the board and may cause all costs incident to the examination and approved by the board to be paid from the fund. The costs may include hospital, laboratory, X ray, medical, and physicians' fees. A report of the findings of any physician shall be submitted in writing to the board for its consideration. If, from the report, independent information, or from the report and any hearing on the report, the board is of the opinion and finds that: (1) The member has become reemployed as a law-enforcement officer; (2) two physicians who have examined the member have found that considering the opportunities for law enforcement in West Virginia, the member could be so employed as a Natural Resources Police Officer; or (3) other facts exist to demonstrate that the member is no longer totally disabled or partially disabled as the case may be, then the disability benefits shall cease. If the member was totally disabled and is found to have recovered, the board shall determine whether the member continues to be partially disabled. If the board finds that the member is no longer totally disabled but is partially disabled, then the member shall continue to receive partial disability benefits in accordance with this article. Benefits shall cease once the member has been found to be no longer either totally or partially disabled: Provided, That the board shall require recertification for each partial or total disability at regular intervals.

(b) If from the report, or from the report and hearing on the report, the board is of the opinion and finds that the disabled retirant has recovered from the disability to the extent that he or she is able to perform adequately the duties of a law-enforcement officer, the board shall within
five working days provide written notice of the finding to the Director of the Division of Natural Resources, who shall reinstate the retirant to active duty as a member of the department at his or her rank or classification and assigned to his or her area of assignment prior to the disability retirement within 45 days of the finding, unless the retirant declines to be reinstated.

(c) A disability retirant who is returned to active duty as a Natural Resources Police Officer for the West Virginia Division of Natural Resources shall again become a member of the retirement system in which he or she was enrolled and the retirant’s credited service in force at the time of retirement shall be restored.

(d) If a retirant refuses to submit to a medical examination or submit a statement by his or her physician certifying continued disability in any period, his or her disability annuity may be discontinued by the board until the retirant complies. If the refusal continues for one year, all the retirant’s rights in and to the annuity may be revoked by the board.

(a) In addition to the spouse death benefits in §20-18-25 and §20-18-26 of this code, the surviving spouse is entitled to receive and there shall be paid to the spouse $100 monthly for each dependent child.

(b) If the surviving spouse dies while receiving death benefits provided in §20-18-25 or §20-18-26 of this code, or if there is no surviving spouse, the fund shall pay monthly to each dependent child a sum equal to one fourth of the surviving spouse’s entitlement under either §20-7-25 §20-18-25 or §20-18-26 of this code. If there is neither a surviving spouse nor a dependent child, the fund shall pay in equal monthly installments to the dependent parents of the deceased member during their joint lifetimes a sum equal to the amount which a surviving spouse, without children, would have received: Provided, That when there is only one dependent parent surviving, that parent is entitled to receive during his or her lifetime one-half the amount which both parents, if living, would have been entitled to receive: Provided, however, That if there is no surviving spouse, dependent child nor dependent parent of the deceased member the accumulated
contributions shall be paid to a named beneficiary or beneficiaries: *Provided further*, That if there is no surviving spouse, dependent child, nor dependent parent of the deceased member, nor any named beneficiary or beneficiaries then the accumulated contributions shall be paid to the estate of the deceased member.

(c) Any person qualifying as a dependent child under this section, in addition to any other benefits due under this or other sections of this article, is entitled to receive a scholarship to be applied to the career development education of that person. This sum, up to but not exceeding $7,500 per year, shall be paid from the fund to any higher education institution in this state, career-technical education provider in this state, or other entity in this state approved by the board, to offset the expenses of tuition, room and board, books, fees or other costs incurred in a course of study at any of these institutions so long as the recipient makes application to the board on an approved form and under such rules as the board may provide, and maintains scholastic eligibility as defined by the institution or the board. The board may propose legislative rules for promulgation in accordance with §29A-3-1 *et seq.* of this code which define age requirements, physical and mental requirements, scholastic eligibility, disbursement methods, institutional qualifications and other requirements as necessary and not inconsistent with this section. Scholarship benefits awarded pursuant to this subsection are not subject to division or payable to an alternate payee by any Qualified Domestic Relations Order.

If any part of this article is declared unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of this article, or the article in its entirety.

NOTE: The purpose of this bill is to add a definition for “beneficiary” to the Natural Police Officers Retirement System; clarify the concurrent employment employer contribution rate; clarify preretirement death benefits; remove and amend conflicting statutory provisions; and add a severability clause.
